PRICE 5 CENTS.

## FORCE ALL RIGHT AT POST OFFICE

### New Men Are Getting Onto the Respective Ropes.

### DISTRIBUTING MAN WAS BROUGHT FROM HILO

### W. I. Madeira Tells How the Public May Assist the Postal Force by Writing Definite Ad- dresses.

W. I. Madeira, assistant postmaster, said to a Bulletin reporter this morning: "The troubles in the post office on account of the walk out of six of the clerks and distributors a few days ago, have practically passed away. We have W. F. Hill at the men's window and Mr. Davis at the women's window. They are both good men and will be all right. We brought Bartel from Hilo to take Orme's place as distributor of outgoing mail. Bartel has extensive experience in the post office at Sioux City, Ia., and is a 'cracker-jack.' We have also secured good men in Messrs. Henderson and Hodson.

"The new men are taking hold of the work with energy and application and everything is running smoothly. I think the force will be in good trim to handle the next big mail that arrives, satisfactorily to all. We have decided to have no more one position specialists. We will shift the boys from one position to another and in the near future we will have a force of all-around men. Each clerk will be able to fill any position in the office. This will prevent any of them from feeling that they are the whole thing.

"The greatest trouble in getting mail through this office quickly and without error is on account of the failure of the people to put the box numbers on their letters. We have only 1,000 boxes and in some of them, fifty persons get their mail. It would expedite matters greatly if people would use the box numbers in addressing local mail.

"Another vexation to us and to patrons was recently caused by the mailing of a lot of dividends to stockholders whose addresses were unknown to the officers of the company. The letters were left with us without addresses. We did not distribute them because we wanted to make sure that the right parties received the valuable mail.

"Hence, we laid these letters to one side and handed them out as called for. This caused delay, but the people received their dividend money. I cite this merely to show how a good address on a letter facilitates its journey to the person to whom it is directed."

### Ambulance for Wailuku.

A strong and neatly printed ambulance will go forward by the steamer Claudine when she sails, for use at the Wailuku hospital. Heretofore, the hospital has had to trust to most any kind of a conveyance when emergencies arose but now, all this is over with.

### Gospel Temperance Club.

The first entertainment of the Gospel Temperance Club will be held next Friday evening at Camp McKinley under the management of the soldier members of the society. A fine program of music has already been arranged for. Mrs. Watkins, who lives at Kapiolani park, is assisting the soldiers in their

arrangements for the event. A large number of guests have already been invited and conveyances have been engaged to meet them at the terminus of the tramcar line to transport them to the camp. A lunch will be served, after the program of the evening has been completed.

### Didn't Climb the Pole.

F. Williams, an employee of the department of Public Works, was directed this morning to put a new rope on the eighty foot flag pole in front of the court house. He secured the rope and proceeded to the foot of the shaft. He cast his eyes aloft and saw the bronze ball on top, gyrating gracefully in a stiff wind from the sea. He looked a second time and decided the pole was wormy and rotten and not calculated to sustain the weight of a full sized man.

### Valuable Government Employee

William H. Moyer of Washington, examiner for the Department of Justice, has been through the accounts of the United States Marshal's office and has put in the regular system of book-keeping and record. The system is most complete and reflects credit upon the author of the plan, who is Mr. Moyer, himself. He is acknowledged to be without a peer in the matter of designing systems of accounts in government offices.

## ISLAND STEAMERS COULD NOT SAIL

On account of the exceptionally rough weather and high winds, none of the island steamers will sail today.

The sailing time of the Kinau, Claudine and Lehua has been postponed until 8 a. m. tomorrow.

The Inter-Island Co.'s steamers are also being held and it is not probable that any of them will sail until tomorrow.

The reason for holding the steamers which are all laden heavily with freight for ports on their routes, is because of the great danger there would be in trying to land it.

The Mauna Loa, which arrived from Maui this morning, got out of Lahaina just in time and, from the way the wind increased on the way home, it was concluded that at Maalaea Bay and Lahaina it would be impossible to have communication with the shore.

At the Kinau wharf this morning, there was the usual crush of drays with freight and hacks with intending passengers and their baggage.

The passengers piled aboard the Hilo liner and the mail was brought down. Between 11 o'clock and the time set for sailing, the wind had increased to a living gale and the bay was full of white caps. The vessels moored in naval row, pulled and strained at their fastenings and, for a time, it looked as if some of them would go adrift. The wind subsided, however, before any of the vessels pulled loose but the sea was left in a greatly disturbed condition.

The heavy downpour of rain which accompanied the wind, put a stop to the loading of the big steamer Californian at the railroad wharf and, just in the midst of the heavy squall the old coal derrick which had been moved to a position makal of the new war-houses was blown over with a crash that was heard for a great distance. Luckily, nothing was damaged by the fall of the tall structure but itself.

The bark Kalulani which was to have sailed for San Francisco today will not go out as she is deep in the water and, with the heavy swell running, there would be danger of the vessel touching off the entrance to the harbor.

Captain Cutler of the barkentine Kilikita, with the aid of the tug Fearless, got to sea early this morning during a lull in the wind and the tug and sailing vessel went through some wonderful contortions on the way over the bar. The Kilikita being in ballast, there was but little danger in her leaving when she did.

## DAMAGE TO WATER MAINS

The storm last night did some havoc with the water mains. An uprooted tree at Waikiki brought the water main out with it. The surf undermined the main, beyond Diamond Head. These places were fixed up by workmen this forenoon and nobody was deprived of water longer than two hours.

Up on Liliha street the heavy pressure burst the main. This also happened in a few other places. The reservoirs up Nuuanu valley are full to the top and the side gates are opened to give relief.

Albert R. Cunha was issued a license today to practice law in the District Courts of all judicial circuits of the Territory. For the present he will have his office with Kinney, Ballou & McClanahan.

## LIFE LINKED WITH AMERICAN HISTORY

### Romance in the Life of Peter Genet of Wailuku.

### SCION OF "CITIZEN" WHO STIRRED YOUNG NATION

### Ran Away from Home When a Boy --Given Up as Lost to be Found Again at Home in Hawaii.

Peter Genet, who died in the Malouin hospital at Wailuku, Maui, January 30, 1901, at the reputed age of 103 years was one of the at-one-time well known characters of Central Maui.

He was born in a town near Albany, N. Y., near the close of the eighteenth century. His father was "Citizen" Edmund Charles Genet, the first Minister from the new Republic of France to the United States during the stormy times of the French revolution. "Citizen" Genet was enthusiastically received by the common people of the United States from whom he sought to enlist something more tangible than sympathy to the aid of his embattled countrymen. Nothing but the prudence, firmness and great personal prestige of Washington prevented the young Republic of the West from plunging into a bloody war in aid of the struggling French republic.

With the failure of Citizen Genet's schemes he was recalled but he wisely concluded to remain in the United States, away from his friends who were then beginning to use the guillotine quite freely on "citizens" as well as on members of the old nobility of France. He married a daughter of Governor Clinton of the State of New York and Peter was one, if not the eldest, of his sons.

Peter, like many another boy, ran away from home at the early age of nine and went to sea. After searching and waiting for the span of a generation for the return of their wayward and long lost boy, with the death of his mother the family ceased to hope for his return and mourned for him as for the dead.

Peter Genet never was communicated to his family or personal affairs. For distinction he cared naught. Happening to fall in with some Mormon converts from New Zealand, with whom he readily exchanged a few Maori words, he explained that he had lived quite a number of years among the Maoris before he came to these islands some time in the early fifties.

In the early seventies when the caricatures of Thomas Nast in the Harper's Weekly were attracting universal attention and condemnation to the doings of the famous "Tweed Ring" of New York City, Peter, for obvious reasons, never joined the general condemnation of the "Ring" and had often doubted the veracity of the newspaper charges--in fact he was the one odd person who stood up for the ring and at last explained his position by drily remarking to his astonished neighbors that Henry Genet, one of the big men in the ring, was his brother.

The feeling for one's kin awakened, he wrote home for the first time after an absence covering an interval of two generations. Letters from home with family pictures came in reply to assure the skeptical that Peter was indeed a scion of an historic house. A well written account of the receipt of the first letter from the long lost member of the Genet family circle appeared in one of the great New York papers of the day.

The writer still remembers with what boyish wonder he read of the marvelous account of how the boy Peter, aged nine, ran away from his home by the banks of the historic Hudson, to reappear once more an aged man. On that bright summer morning Peter started for school and for over sixty years the Genet family numbered him as one of their dead; the extensive search made for the runaway, and the pitiful belief of the mother to her dying day that her boy--still her boy--would yet return. Although he disappeared from home before the war of 1812--which the writer was then reading like so much ancient history--it was quite story like though true.

In 1882 Genet returned to the home of his boyhood intending to remain but life in New York was not to his liking and he came to Hawaii.

Henry Genet, the brother who was involved in the "Tweed ring," fled from New York for awhile but finally returned and like "Boss" Tweed and others was sentenced to jail for misappropriation of public funds. Genet's share in the "Tweed ring spoils" was reputed to be \$4,000,000, and of this the city

recovered about \$1,000,000. If memory serves aright Henry Genet was sent to jail for ten years, but of this sentence he served but a few years, for in 1882 he was out of jail.

It is a strange comment on the uncertainties of human life, that a widely known character, with such historic connections, linking the eighteenth with the twentieth century, who was a grown man when Queen Victoria was born, and had outlived her, should die apparently unknown to a new generation that had grown up around him. Once more he has taken the notion to go home, to be recognized and admitted by his namesake at the gate. Re-quietus in pace.

CHARLES WILCOX.

### Prisoner From Kona.

Pohaku, a native, was brought from Kona, South Kona, by a police officer in the Mauna Loa this morning. He was recently committed for trial from the District Court of South Kona on the charge of rape and has been brought to Honolulu for safe keeping until the time of trial.

### Was Not Harry Klemme.

In the Police Court notes of yesterday appeared the name of Harry Klemme, charged with disturbing the quiet of the night. The name should have been Heinrich Klemm.

## CIRCUIT COURT IS DOWN TO BUSINESS

The second day of the February term of the Circuit Court opened at 10 o'clock this morning. Judge Humphreys presiding. C. W. Macfarlane, for whom a bench warrant was issued yesterday for defaulting as a grand juror, appeared before the court this morning.

He showed a physicians certificate that set forth his unfitness, physically, to serve. His indisposition detained him at home yesterday morning but he made an effort to reach the court room and, on his way, was met by the officer with the warrant.

On this showing, Judge Humphreys discharged him, remitting all costs and excused him from jury service. The following trial jurors were excused for the term: A. E. Harris, C. J. Falk, J. O. Lutted, S. Nott, W. W. Chamberlain, B. K. Kane, and A. St. C. Punaia. The trial jurors were excused until Monday.

The following cases were continued for the term: H. J. Harrison vs. A. M. Brown, replevin; A. R. Titlow vs. Albert White et al., assumpsit; H. M. Levy vs. W. K. Azbill, assumpsit; Republic of Hawaii vs. Oahu Railway & Land Co., debt; same parties, assumpsit.

The Court announced that it would hear divorce cases usually on Saturday or any date when parties are ready. The divorce case of J. Newa Kanaloa vs. Lucy K. Kanaloa, Lorrin Andrews for plaintiff, was set for hearing tomorrow morning. The divorce case of Bertha St. Clair vs. John St. Clair, S. K. Kane for plaintiff was also set for tomorrow morning.

Appeal bond of \$50 was filed today by plaintiffs in the case of Keauloa (K) and Kapela (W) vs. Namakueono Ewaliko.

Record of judgment was filed today with the clerk of the Supreme Court for the plaintiff in Antonio De Costa vs. W. C. Cummings, by Attorney J. M. Vivian.

## Inspectors Lehnert and Whitney Return

Inspectors Lehnert and Whitney who made the trip to Hilo on the Kinau last week returned in the Mauna Loa this morning, having joined the Kad liner at Honolulu.

On the way to Hawaii the trip was very pleasant and the inspectors were given an opportunity to see how the island trade is carried on under favorable circumstances.

Returning in the Mauna Loa, they had a fair sample of the way things are done in stormy weather. They were both very much impressed with what they saw and no doubt learned a great deal of the real difficulties that at times make the lives of island steamboat men anything but enviable existences.

The inspectors are now ready to begin the examinations of masters and mates for papers.

In a couple of weeks they will make a trip to Kaula in the W. G. Hall and, returning here will resume their labors and will probably finish in time to return to the Coast by the middle of March.

It is understood that a quiet investigation is being made by the local United States military chief relative to the actions of the police in an affray which happened in a saloon here last November and during which several soldiers are said to have been clubbed.

## LUCKY JOHN WHEN HAWAIIAN BORN

### Chinese May Sit on Juries and Go Where They Please.

### FEDERAL ATTORNEY BAIRD ON STATUS OF CHINESE

### Correspondence on the Subject Between the Hawaii and Washington Covering the Whole Matter.

United States Attorney Baird was seen by a Bulletin reporter this morning with reference to the opinion of U. S. Attorney General Griggs on the question of the citizenship of the Hawaiian born Chinese. He said:

"Last November John K. Richards, the solicitor for the Treasury, decided that a Chinese person born in Hawaii but afterwards removing to China, was not by virtue of his Hawaiian birth, entitled to come in again. Recognizing that this was a far reaching ruling and very important in Hawaii, I wrote the following letter to the Attorney General:

"On September 17th, 1900, the Acting Commissioner General of Immigration in his letter of that date (R. O. D. No. 1932-C) ruled 'that Chinese persons acquiring citizenship under the laws of Hawaii cannot be considered citizens of the United States.'

"We have had many habeas corpus cases here where Chinese persons have been held for deportation, although they claimed to be of Hawaiian birth. So far the government has prevailed in every case because the claimants failed to establish the fact of their birth in the Hawaiian Islands.

"I respectfully request instructions as to my course in case a person returns from China who can really establish the fact of his birth here.

"Sec. 4 of the Act of April 30, 1900, reads as follows: 'That all persons who were citizens of the Republic of Hawaii on August 12th, 1898, are hereby declared to be citizens of the United States and citizens of the Territory of Hawaii.'

"Sec. 1, Article 17 of the Constitution of the Republic of Hawaii, was as follows: 'Sec. 1. All persons born or naturalized in the Hawaiian Islands, and subject to the jurisdiction of the Republic, are citizens thereof.'

"In reply to my letter I received the following from Attorney General Griggs:

"In reply to your letter of November 17, 1900, I have to inform you that I have rendered an opinion to the Secretary of the Treasury, dated January 16, 1901, holding that a Chinese person, born or naturalized in the Hawaiian Islands, who was in fact a citizen of the Republic of Hawaii, under the constitution and laws thereof, on August 12, 1898, and has not since that date abandoned or lost his rights as such, is a citizen of the United States as well as of the Territory of Hawaii. You will be guided accordingly."

"This opinion will be the guide in these matters until it is overruled by the courts. When otherwise qualified, the Chinese, born in Hawaii, will be competent to serve on juries and perform all the duties devolving upon an American citizen. A striking anomaly is presented in the fact that thousands of Chinese born in California have not the rights of citizenship, while at least hundreds born in Hawaii, when it was a foreign country, possess the rights in full.

"Under this ruling it seems that the provision of the Organic Act prohibiting Chinese laborers from entering the United States must be construed as meaning Chinese laborers who are not citizens. Freedom of travel in all parts of the United States, arises from the constitution, which is above statutory enactment. It gives the Chinese born in Hawaii, rights and privileges far above those possessed by his countryman born on the Mainland of the United States."

### No Charter Meeting.

The Independent Charter Commission adjourned last night on account of no quorum. The commission will meet again tomorrow night and will most likely reduce the number making a quorum.

### WILKINSON TO MAKAWELL.

Dr. Wilkinson who, for several months past has been assisting Dr. Watt at Lihue, Kauai, and who has made a splendid record for himself, has been given the position of physician at Makaweli plantation recently made vacant by the resignation of Dr.

King. This is an excellent position and will undoubtedly pay the doctor well. What time he will have to spare from Makaweli will be put in at Eleale. Dr. Wilkinson hails from that good old Irish city, Dublin, where in the days of his boyhood he went to school with Judge W. L. Stanley.

### Disturbed Religious Worship.

J. P. Muller was arrested last night by Officer Lambert on the charge of disturbing religious worship. While in a state of intoxication which had come about by continuous drinking of strong liquor during the day, Muller went into the Salvation Army hall while the services were going on. He created a disturbance and had to be taken from the hall by the officer mentioned.

In the Police Court this forenoon, the defendant pleaded guilty to the charge, said he was drunk when he went into the hall and was fined \$5 and costs.

The latest style of straw hats will be exhibited in our store, Iwakami, Hotel street.

## MANY PLUMBERS IDLE

President J. H. Connor of the Journeymen Plumbers' Association said this morning to a Bulletin reporter: "The plumbers at their meeting last night did not decide to go on a strike. However, about seventy-five per cent of our men are not working today. The rain accounts for some of them, but others on their individual responsibility have quit until they can have a conference with the master plumbers. Some of the boys are sore against working with these four men from Seattle and have decided to act individually.

"The men, McCoy, Judd, O'Brien and one other, claim to have union cards. I can positively state that three of them cannot produce union cards. There is no feeling against these men, personally. If they were in good standing, as they know, we could not prevent them from the privileges of union men. The fee to join the Honolulu Union is \$50; it is the same in Seattle.

"We are not boycotting these men as a Union and do not care whether they work or not.

"I think, when the boys who are sore have a talk with the bosses, the little trouble will blow over. As to these men now paying the \$50 fee and becoming members of the Union, that is a question I cannot answer. They might get in and they might not. It would require a majority vote to keep them out."

United States District Attorney Baird says that he is aware of the nature of the trouble among the plumbers and that anything like a boycott against laboring men will come within his jurisdiction as an officer of the United States Court.

Boycotting is also a common law offense and it is the duty of Territorial officials to take the initiative in case of infractions of the law. Col. Baird will, therefore, take no steps, believing fully in non-interference with local self government.

A warrant was issued this afternoon for the arrest of Lonokapu, a native boy, on the charge of a little girl whose name is Mary Smith. Lonokapu shot at the girl with one of the air guns that, of late, have kept the police busy. The leaden pellet struck Mary in the ear and the only wonder is that it did not enter and puncture the drum.

THE WATERMAN IDEAL FOUNTAIN PEN. All sizes, all shapes, H. F. WICHMAN.

They are located on high ground at an elevation of from 200 to 500 feet, affording unsurpassed scenic and marine views.

### Electric Railway and Lighting.

The Electric Railway makes access most easy, and power for lights may be had at most reasonable rates.

**BRUCE WARING & CO., Progress Block, Fort Street.**

### Water.

Water will be supplied at the rate of \$15 per year for each lot, from our Pacific Heights Water System. This is less than city rates.

### Special Inducement to Builders.

To all who will begin the erection of houses within 60 days, we will make special inducements in the matter of transportation of building material over our railway.

### Low Prices, Good Terms.

Prices of lots range from \$400 to \$750 each, according to size and location. One-fourth cash only is asked. Balance in installments at terms to suit purchasers.

### Healthful and Cool.

The air is always cool and bracing. We can recommend this property as being especially desirable and attractive to persons seeking a choice location for a home at a moderate cost.

**GET READY FOR THE  
MYSTIC SHRINERS**

Their Coming in March  
Will be Big  
Event.

OVER 250 FROM  
THE MIDDLE WEST

Joined by Others on Arrival at the  
Coast--Local Shrine Will be In-  
stituted This Time--Many  
Representative Men.

From present indications it is evident that the second pilgrimage of the Mystic Shrine to the hospitable shores of the Hawaiian Islands will be one long remembered by the wearers of the fez and crescent.

Members of the brotherhood to the number of 250 will leave Grand Rapids, Mich., on February 25, the party consisting of men prominent in business and financial circles together with their families.

They will have a special train of Pullman cars, and will stop at several points while en route to the Pacific coast, for the purpose of visiting the various temples. At San Francisco the party will be joined by a large number of representative Shriners from various parts of the Coast, and together they will make the pilgrimage to the land of the tropical sun.

The present itinerary is for the Shriners to leave San Francisco on March 6 and arrive in the capital of the Islands on or about March 12.

The arrival of such a body of prominent men from the leading financial centers of the United States, should appeal to every business man in the city of Honolulu, who should see to it that they be accorded a reception commensurate with their condition and station in life.

Many of them are gentlemen who represent practically unlimited capital, and any courtesies extended to them will result in substantial recognition to this city. It is understood that the entire party will consist exclusively of members of the order and their families.

First of all there is to be a temple of Mystic Shriner instituted here, and the Imperial Potentate has consented to come here in person for the purpose of instituting the temple. There are quite a number of Masons here who have taken the degrees with the intention of becoming Shriners. During the stay of three weeks the Shriner will make Honolulu their headquarters, from which point they will radiate to the different points of interest on the Islands.

The program of entertainment will be arranged later on, by the members of the order, who will act upon any suggestions made by the business men in general who do not happen to be members.

**FAREWELL TO THE GIRLS.**

Hilo, Jan. 31.—The reception to Mr. and Mrs. James Gibb by the congregation of the First Foreign church on Tuesday night was a success unprecedented in the history of the organization.

The arrangements were in the hands of Mrs. Terry and Mrs. J. L. Richardson and great credit is due them for the capital manner in which the details were carried out. As was to be expected the auditorium and lecture room were crowded with friends of the honored guest of the night and with the exception of the musical numbers interspersed the evening was spent in conversation and by the extension of hearty congratulations to Mr. Gibb on his advancement, coupled with expressions of regret at the departure of himself and wife from the district. This opinion was particularly emphasized by Rev. J. A. Cruzan in a few well chosen remarks. The words evidently impressed Mr. Gibb for in responding he remarked that he was "leaving in his shoes and not in his coffin as might be inferred from the eloquent remarks just made." And he seemed just a bit thankful that not only was he departing in his shoes but that he would stop within walking distance of Hilo.

—Herald.

**Incandescent Light on the Eyes.**  
Consul Hughes of Coburg, informs the State Department that the medical faculty of the University of Heidelberg has made a very interesting report on the effect of incandescent light (gas or electricity) on the eyes. After having carefully weighed all the pros and cons of the question, the verdict is that the incandescent light is not harmful. For lighting large halls or places of amusement, electricity is especially recommended from hygienic points of view.

**MAUI PROBATE MATTERS**

ONE ESTATE IS SETTLED  
14 YEARS AFTER DEATH

Late David Eldredge Leaves Small  
Property--David Rough Estate  
and That of Makahio Late  
of Kipahulu.

Wailuku, Feb. 2.—The following estates were probated this week in the Second Circuit Court before Judge Kahua:

Estate of David P. Eldredge, late of Kula, Maui, deceased. Geo. Hons for petitioner. Estate of deceased consists of homestead property at Kula valued at \$1500 and life insurance policy for \$1,000 in the Germania Life Insurance Co. Sam Kalama was appointed administrator under \$1500 bond.

Estate of Sam K. Mahalo, late of Kipahulu, Maui. The estate consists of a deposit of about \$200 in Bishop & Co.'s Savings Bank. Geo. Hons was attorney for the widow. Sam Kellinai was appointed administrator under \$300 bond.

Estate of David Rough, late of Pala, Maui. Estate consists of a certificate for \$1,000 in the Oakland Realty Syndicate, and the heirs are brothers and sisters of deceased who are all residents of Scotland. Geo. Hons was attorney for petitioner. David C. Lundsay, manager Pala plantation, was appointed administrator under \$1,000 bond.

Estate of Makahio, late of Kipahulu, Maui. Deceased died some fourteen years ago leaving property consisting of 57 acres of hui land at Kipahulu known as Kukuila, and valued at present market price at about \$1,000. The widow testified on the stand that they had ten children, all having died except the youngest, John Makahio, luna at the Kahului landing. The heirs are John Makahio and children of his deceased brothers and sisters. A. N. Kepelkai appeared for all the parties. The court declined to appoint an administrator of the estate for the deceased died fourteen years ago. The court, however, ordered that the property be sold at public auction for the benefit of the heirs and the one-third dower of the widow, and Judge A. N. Kepelkai was appointed commissioner to sell the said property subject to the confirmation of the court.

**WAILUKU SOCIETY BRISK.**

Wailuku, Feb. 2.—Two more very enjoyable socials in Wailuku have come and gone. Last Saturday evening, Jan. 26, a reception was given at the home of Mr. and Mrs. J. W. L. Marshall in honor of Rev. and Mrs. Wm. Ault. The house was brilliantly lit up with Chinese and Japanese lanterns. The reception commenced at 8 o'clock sharp at which hour the Wailuku members were introduced to Mrs. Ault, after which the ladies repaired into the parlor where music both vocal and instrumental was furnished by the following ladies and gentlemen: Misses Hons and Nape, Mrs. T. B. Lyons, and Messrs. Rev. Ault, Sam Kellinai and Chas. E. King. Light refreshments were served during intervals.

Last evening another brilliant affair was given at the home of Judge and Mrs. McKay. It was also attended by the elite of Wailuku, and music and mirth abounded. With the frequency of these events, Wailuku is more and more coming to be a sociable little town, and its past record of being the dullest outside of Honolulu is beginning to be wiped out. The tastes of the society people, however, are more musical than literary.

**DEATH OF CHARLEY LONG.**

Wailuku, Feb. 2.—Charley Long, a resident of Maui for over ten years, died at Kihel yesterday afternoon of pneumonia. The funeral services were held in the Anglican church in Wailuku this afternoon. Rev. Wm. Ault officiating.

The deceased is a half brother of Henry Long of Pala. During the eighties he was both head luna and bookkeeper of the Princeville plantation, Hanalei, Kauai, and later was tax collector of that district. Some ten years ago Long moved over to Wailuku his first appointment being clerk to Sheriff Treadway and was afterwards promoted to be deputy sheriff of Wailuku under Sheriff S. F. Chillingworth. Mr. Long also practiced law in the inferior courts on Maui. For a time he was bookkeeper for Haleakala ranch under Manager Pogue, but when the latter was selected manager of Kihel, Charley Long went with him and has been bookkeeper of that plantation up to the time of his death. Charley Long was about 54 years of age and leaves a host of friends.

Cheap labor means cheap work. The Bulletin Publishing Co. employs men of experience and artistic skill in the job department. That's why we are turning out the best job work in town.

**The Light That Never Fails**

**The Angle Lamp**  
ALSO CARRY A GOOD STOCK OF HANGING,  
STAND AND HAND LAMPS

Another Large Shipment  
of Angle Lamps.

**"THE ANGLE LAMP"**

THE LIGHT THAT NEVER FAILS.  
It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the Islands people are flocking away to it and lamps and replacing them with this lamp, not merely because it costs about one-half as much to maintain (it is no object to some people) but, beside, being infinitely cheaper, it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and a simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the best light in every respect. We carry these lamps from \$1.50 up.

**WITH THE MILITARY.**  
Company B will hold their annual meeting and high links this evening at their headquarters in the drill shed. The reception and company rooms have been neatly decorated with the National and Hawaiian colors. Interpersed here and there with palms and evergreens which lend a happy appearance to the rooms.

After the regular routine of business has been concluded the boys of Co. B will entertain their friends. A musical program has been prepared and refreshments will be served, while matters connected with the recent shooting match between two teams of the company will be discussed, such as the use of dum dum bullets and smokeless powder.

W. F. Ordway who is a charter member of the company, was guide boy in the old California Guards of San Francisco which military organization, as far back as 1871, was the crack company of California.

Nearly all the cases in the Police Court this morning were continued until later in the week as the attorneys wanted to be present at the Circuit Court when the cases were being read.

# WIND PLAYS HAVOC

WITH TREES AND ELECTRIC LIGHT COMPANY'S WIRES

On Plains at Waikiki and Other Parts of Honolulu--W. H. Cornwell Narrowly Escapes Death.

The high wind yesterday was the cause of a good deal of damage not reported until today.

Out on the Plains and at Waikiki several trees were blown down which greatly interfered with the Electric Light Company's lines. As a result many people at Punahou and at the beach had other light than the incandescent last evening.

At the race track a large tree near the stables was uprooted completely wrecking several stalls. Col. W. H. Cornwell had a narrow escape from being killed in the afternoon. He had tied his rig near the entrance to the track and went to see some of his horses. When returning for the rig he found to his alarm that the tree to which he had tied his horse was about to fall. It was slowly toppling over. Hastily untieing the horse he drove out of danger just as the tree crashed to the ground.

At the sewer outfall considerably more damage was done than at first reported. The wind and high surf together helped to demolish the plant of dived for when the sea moderates sufficiently laying the pipe line. The donkey engine and platform which supported it and the pile driver were carried away. The donkey engine and heavy hammer of the pile driver were hurled into the sea where the piles supporting them gave way and they will have to be dived for when the sea moderates sufficiently for the work of raising them to be carried on. At the time of the smashup there were luckily no workmen at the place or someone would have been hurt. Superintendent Agassiz and Foreman Burkhardt of Cotton Bros. had been inspecting the machinery and had left the spot but about ten minutes before the whole structure gave way.

Part of the roof of the Aala warehouse was blown off yesterday morning during the height of the storm. The building is being used as a school at the present time and as a result of the storm's work several of the classes had to be dismissed.

# New Resolutions On Arizona Plan

The Jerome (Ariz.) Reporter presents these New Year resolutions for the guidance of the community:

Another year is fairly launched, and many resolutions were made by Jerome people; some will be kept, and others will be broken. The following are the resolutions; good resolutions, too; and we hope they will be true to their vows.

"Realizing that my past life has not been all that my religious friends would have liked it to have been, and knowing that the importance of my present position, as Justice of the Peace, brings me daily under the glare of the eye of the public, I, John Burkes, with a good appetite for eat and drink, a hereditary propensity for coloring the truth, resolve; That from the first stroke of the clock on the verge of the new year and new century, I will forever cease my bad habits and will live no more. I will go to church each Sunday regularly, and will contribute faithfully and liberally to the support of the preacher. In my mining deals I will in the future, adhere to the fact; and will not mix the formation of the earth in my reports so that it mixes the information that I may give to mined men seeking investment. I will do my duty as a servant of the public, and will never convict any printer, no matter how direct and clear the evidence may be. I will live a pure and happy life, undefiled in the sight of God. All of these resolutions will I keep; and I will even do more. I will be so straight that my drinks must be likewise."

W. S. Adams—"I will, from the first of this year, allow nothing but truthful sentences to go into my influential Mining News. I will enter into politics no more, and will never run for the legislature again, for I am aware of the baleful influences that surrounded a man serving in that body, and he among my fellowmen."

John Kerwagen—"I will live the life of an Irish nobleman, and will let honesty be my motto. I will sell no more frost-bitten cabbage to the Chinese restaurants and will sell no more wild gourd for eastern pomegranates."

Bob McDonald—"Promised his wife that he would not sell her aged parents Tonto Basin stock, that all relatives of the fourth blood and under five years should be immune, reserving for his own, only the unsuspecting public. That his apologies hereafter would be in good faith. That he would see that Donna Merrill would return to him the medal he wears, Charley Clark and John Burkes to the contrary notwithstanding."

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25 cents.

# ROSITA CHALLENGE CUP

HORSEMAN WANT TO KNOW WHERE THE CUP HAS GONE

Case of "Button, Button, Who's Got the Button"--Prince David Kawanakoa Hasn't Seen It.

This is what is worrying several of the well known horsemen of this town. The trophy which had been held for many years by Hon. John Cummins on the performance of his mare Angie A., is nowhere to be found.

At the last annual meeting of the Hawaiian Jockey Club, Prince David's Victoria captured the cup but the trophy was never turned over to him and for this reason the horsemen are racking their brains to try and remember where the cup was last sent.

John Cummins has not got it. Prince David won it but it was lost before it got to him.

Some say the cup was last in the hands of a silversmith in town to be engraved with the name of the last winner. The silversmith says the cup was turned over to someone else.

Others say that the cup was last seen in the window of a big establishment down town where it was for exhibition purposes. The man who always knows about such things says he never had it. Nobody doubts anybody's word about the cup but there is an apparent mistake somewhere and who made the mistake remains to be seen.

Other than the associations surrounding the trophy it is of no real value. It was put up many years ago by Colonel Z. I. Spalding and named the Rosita Challenge Cup after a splendid mare of the name owned by him. The mare was brought here by Harry Agnew at the same time that Col. W. H. Cornwell's May D. was imported. About twelve years ago Angie A., John Cummins' mare in a mile run in 1:45 won the cup, beating W. H. Cornwell's Hancock. Each succeeding year the cup has been run for at the Jockey Club's meeting but never won until Prince David's Victoria captured it in 1:45. Now there is a still hunt going on so that the cup if found can be presented to its rightful owner.

# MEMORIAL SERVICES

The committee appointed to arrange for a memorial service on the death of Queen Victoria, met yesterday afternoon in the private office of W. G. Irwin and decided that all things taken into consideration, Kawaiahao church would be the most suitable place for the services.

The main factor which caused this decision to be made by the committee was, of course, the size of the audience that would undoubtedly be in attendance. St. Andrew's Cathedral was mentioned as the most fitting place for the ceremonies but this fact had to be waived in the consideration of a place on account of the limited space in the cathedral for the accommodation of the people.

The place having been decided on, it was resolved that Friday at 2 p. m. be the time for the service and that Bishop Willis be requested to formulate and arrange any form of services he should see fit and to officiate at these himself.

# AT LUNALILO HOME.

Thursday was memorial day at Lunaliilo Home. As Mrs. Forbes, the matron of the home was ill, the celebration of the event was carried on in a very quiet manner. However, three long tables were set for a luncheon to be indulged in by the old folks of the home and a number of their friends. The decorations, the food and everything else about the feast was done in Hawaiian style. A large portrait of Lunaliilo was prominently displayed.

# Pacific Club Elects Officers.

At the annual meeting of the members of the Pacific Club last night the following officers for the coming year were elected: A. S. Cleghorn, president; Samuel Parker, vice president; James Gordon Sprague, treasurer; Edgar Halsted, secretary; William F. Allen, auditor. The board of managers consists of Dr. C. B. Cooper, W. L. Stanley and George R. Carter.

Every Day Affords New Proofs of the peculiar effects of FAIN-KILLER. In cases where a disordered condition of the stomach, liver and bowels is combined with great debility, nervous weakness, and intense melancholy, its effects are most beneficial and wonderful. It should be kept by every family. Avoid substitutes, there is but one Fain-Killer, Perry Davis'. Price 25c and 50c.

# Corporation Notices.

NOTICE.

HO YEE CHO.  
January 28, 1901. 1751-1W

# HOME RULERS ASK MANY QUESTIONS

Of Dr. Raymond, President of Board of Health.

INQUIRE PARTICULARLY ABOUT IWILEI CORRAL

Find That No Hawaiian Women Are Registered—Something About Government Dispensary, Insane Asylum, Etc.

The successful candidates of the Independent Home Rule party now in caucus in the city, called on President Raymond at his office yesterday afternoon to ask a number of questions which they wanted answered in order to be fully prepared when it came to the matter of appropriations for the Board of Health.

The questions were asked in Hawaiian and then translated by Wm. Mossman. Dr. Raymond answered with readiness everything that was asked him by the Independents.

The following is a list of the more important questions asked with their answers:

"Are you the president of the Board of Health, Dr. Raymond?" "Yes."

"How many physicians are there serving under the Board of Health?" "Twenty-six."

"What are the salaries of these physicians?" "They range from \$40 to \$200. The physician at the leper settlement gets \$150 per month."

"Who are the agents of the Board of Health on the various islands?" "They are the sheriffs and deputy sheriffs, who serve without pay."

"Is medicine being distributed on the various islands?" "Yes."

"Are poor people charged for the services of these government physicians?" "If they are poor they are not charged anything but if they are earning comfortable wages, then a fee is charged."

Dr. Raymond went on to explain the whole system and stated that the government physicians on the islands had the same instructions as those on the mainland.

"How many cases of bubonic plague were there during the recent epidemic?" "There were 71 cases with 61 deaths."

Dr. Raymond stated that, as he was not connected with the Board of Health during the plague, he could not give many particulars.

"How much money was spent during the plague epidemic?" "That I cannot tell. The figures are in the possession of Dr. Wood and Attorney General Dole."

"How many licensed prostitutes are there at Iwilei?" Dr. Raymond replied that he did not know as this came directly under the Police Department. The Board of Health had nothing to do with the licensing of prostitutes.

"Then why is it that the Board of Health has appointed a physician to examine the prostitutes at certain stated times during the week?" "Because the Act to Mitigate distinctly makes provision for this state of affairs."

"How many women, by nationalities, are there in the Iwilei corral?" "There are 191 in all. Of these, ten are French and 1 American. The remainder are Japanese."

"Then are there no Hawaiian women in the corral?" "No." At this answer, the natives seemed very much delighted.

"What is the salary of the meat inspector?" "Dr. Monsarrat gets \$200. Formerly, Dr. Shaw worked with Dr. Monsarrat. These two offices have now been merged into one."

"What did the former city physician get for his services?" "Dr. Howard was paid \$175 per month."

"How many physicians are now doing the work at the dispensary?" "Two."

"Why are two necessary?" "Because there is so much outside work to be done that one man is kept busy paying visits while the other must remain in the office."

"What salary are these men getting?" "A hundred dollars apiece a month."

"How many lepers are there at the Kalaupapa settlement at Molokai?" "There are 980 and 60 'kokua'."

Just here Senator Kalanokalani asked if the people at the settlement had had all they wanted to eat during the last few months. President Raymond replied that there had been some trouble with the poi contract a short time ago and that, on this account, there had been a shortage in the supply for a little while. However, everything was now in good shape again.

"Do you think it will be necessary to increase the next bi-ennial appropriation for the Board of Health?" President Raymond replied that he had sent in his report to Governor Dole with his estimates for the next two years. He had lessened the sum appropriated for the present period by a great deal but Governor Dole had seen fit to add on \$30,000 as he was of the opinion the expenses would be heavy.

"Who is the physician at the insane asylum and what is the number of the inmates of the institution?" "Dr. Herbert is the physician and there are 126 inmates."

Senator Kalanokalani asked that he be given a copy of the report of the president of the Board of Health in order that the Independent members of the Legislature might have something to work on immediately in their preparation of the appropriations for the Board of Health. So much time would be consumed during the session with various reports and bills that the Independents were getting into shape a lot of work before the sitting of the Legislature on the 20th inst.

Dr. Raymond replied that it would be an act of discourtesy to the Governor to whom he had handed his report but a short time ago. It had not, as yet, become public property. He would have to confer with Mr. Dole before allowing a copy of the report to pass out of his hands.

The meeting of the Independents with Dr. Raymond lasted for about two hours. When it was finally over, Senator Kalanokalani, on behalf of the Independents, thanked Dr. Raymond most heartily for his kindness and promised that they would do all in their power toward caring for the health of the people and that they would appropriate all the money they considered would be necessary for the running expenses of the Board of Health.

The Independents will visit the insane asylum this afternoon. The start from town will be made at 2 o'clock.

## MARDI GRAS NOTES.

The 1477 tickets for the Mardi Gras carnival have already been printed and after a careful numbering of each, Mrs. Graham has handed them over to Mr. Damon, the head of the finance committee. Mrs. Hawes has taken 500 to distribute to the members of her committee. Today, the bill posters and tickets will be placed in the leading drug, music and book stores for sale. The tickets are very elaborate, having been gotten up in a most artistic manner by Wall, Nichols & Co., as the contribution of that company to the Mardi Gras carnival.

## BY AUTHORITY

### EXECUTIVE NOTICE.

The Governor directs that notice be given that, in view of the Memorial Service to be held in Honolulu on Friday afternoon, the 8th inst., by the British residents, in memory of Her late Majesty Victoria, Queen of the United Kingdom of Great Britain and Ireland and Empress of India, government offices will be closed at twelve o'clock noon of that day.

HENRY E. COOPER,

Secretary of the Territory

Capitol, Honolulu, Feb. 5th, 1901.

## SEALED TENDERS.

Sealed tenders will be received at the office of the Commissioner of Agriculture and Forestry until Thursday February 7, at 12 o'clock noon, for the printing and binding of the Annual Report of the Commissioner for the period ending December 31, 1900.

All information can be obtained from the Commissioner, who does not bind himself to accept the lowest or any bid.

WRAY TAYLOR,

Commissioner of Agriculture and Forestry.

Mauna Loa's Report.

Honolulu has 3500 bags sugar and Kulihaele 6000. H. A. Co. and A. H. cleaned out. Very rough weather along Hamakua coast and lots of rain. H. A. Co. started grinding on Jan. 30th. Fine weather along Kau coast throughout trip with plenty of rain.

Blowing hard with plenty of rain on Kona coast. Very rough weather and blowing a gale with heavy seas and high swell coming home.

Two officers have been out all day after C. Lamba, the driver for the Star Dairy, who is wanted in the case of A. B. Doak, charged with selling adulterated milk. It will be remembered that the police ran up against this same kind of thing when they were looking for Doak himself.

Mr. Melvin, who has charge of the photograph department at KING BROS., is authorized by Miss Haskins to fill any duplicate orders which may be called for during her absence.

Five Job Printing at the Bulletin Office.
