Loss of Petropawlosk Was Togo Strategy

[Associated Press Special Cable.] TOKIO, Japan, April 16.—Admiral Togo reports that the Japanese-sunk mines off Port Arthur and then withdrew their squadron fifteen miles as if retreating from the attack. The Petropawlosk, coming out of the harbor evidently in pursuit, struck one of these mines and was sent to the bottom with all on board.

DELEGATES ARRIVE

HONOLULU DISTRICT CAUCUSES TONIGHT MEN FROM HONOLULU AND OTHER ISLANDS FOR DELEGATES TO THE CHICAGO CONVENTION.

The arrival of outside delegates today and the caucusing of the two Oahu precincts tonight gives pre-convention politics a rapid rise in temperature.

There is talk of an effort to combine the outside delegates and force Oahu to come to their terms. But outside proxies are already held by delegates from Honolulu which stifles any such scheme even if such a thing as a man-jury could be considered possible. The states that are making and unmaking today carry the names of Governor Carter, Prince Kuhio, A. G. M. Robertson, Breckons, Hoogs, J. C. Cohen and Senator McCandless. The delegates from the Fifth District will hold a caucus this evening and those from the Fourth will also meet if they can be gotten together.

It is said now wants to be the Big Island delegate, but he can count only on his own vote from his home precinct and possibly the Puna and one Olan delegate. Other men on the Hilo delegation say that Stephen L. Dewha is the real man they want and that as soon as they can acquit themselves of semi-instructions the delegates of East Hawaii will go for him solidly.

NEXT TO LAST DAY OF HOUSE

Legislation Ready To Quit By Next Monday.

IMPORTANT CHANGE IN BOND SELLING LAW

ALL TERRITORIAL WARRANTS WILL BE WORTH THEIR FACE VALUE AFTER TODAY.

The Legislature would have finished its work today had the Supreme Court's decision in the appropriation test case not made it necessary to reconsider the principal bills of the session. As it is, a short session Monday morning will wind up the business of the session. There remains for action in the House the third reading of Senate Bill No. 17, which changes the system for the sale of Territorial bonds. The final reports of the work of the House and a casting up of accounts will be made Monday morning.

The House received a notice this morning from Secretary Atkinson stating that Governor Carter had signed Act 5. The bill places deputy assessors on a salary basis.

The report of the Finance Committee on Senate Bill No. 17 was made verbally by Representative Harris. Mr. Harris said the bill was a good one. Its main feature is to change the law requiring Territorial bonds to be sold through advertisements to be placed by the Governor and Treasurer at private sale. Mr. Harris stated that had this provision been in the law last year, the bonds sold by Governor Carter, then Secretary, would have brought 104 or 105 instead of 102. He believed the amendment proposed would save the Territory \$20,000 to \$30,000 on the next issue of bonds. The bill passed second reading.

Senate Bills 12 and 13, repealing the P. G. law relating to payment of accounts from June 30 to December 31 each year, and authorizing the Treasurer to open accounts with the banks and overdraw not to exceed \$500,000, passed third reading in the House and are ready for the Governor's signature. If this Act is signed today and banks are willing to advance credit to the Territory under the law, there will be money available at once to take up all outstanding warrants against the Territory.

From the nine names put up for election in the Fourth Precinct, Hilo, selected as delegates. The result of the vote is as follows: Beers, 147; Smith, 146; Todd, 141; Akau, 139; Santos, 68; Gouvea, 123; Ridgway, 80; Deane, 68; Ritchey, 38. Apparently the full vote of the Republicans was not cast, as much larger returns were expected. In the Third Precinct (Waialae) something of a tangle appeared when the votes were counted. Prouty and Afonso having a tie vote of 40 each, which on a recount and acceptance of ballots previously thrown for slight technicality, Prouty was decided as the officially elected delegate. The vote stood: Kalhenul, 63; Bonnenburg, 44; Prouty, 40; and Afonso, 39.

CHINA SAILS TODAY

Hackfeld & Co., the local agents for the Pacific Mail Steamship Company, this noon received a cablegram from Yokohama stating that the steamship China left that port for Honolulu today. She had on board 400 tons of freight for this port and will have accommodations for 35 cabin passengers from Honolulu to San Francisco. Hackfeld & Co. also received a cablegram from San Francisco stating that the steamship Korea left that port for Honolulu at 1 o'clock this afternoon.

FOR COAL-STEALING.

Captain Flint of the waterfront police, this noon arrested six Hawaiians for stealing coal from the Wilder Steamship Company's pile. Some of the men were busy putting coal into bags while others packed it away. Two made good their escape. The defendants are nearly all of them elderly men. They were brought to the police station and locked up under charges of investigation. Their names are: Nahuina, Lia, Moku, Kalama, Kahulla and Maiola.

BIG ISLAND CAUCUS.

The delegates of the Island of Hawaii will hold a caucus this afternoon.

J. L. Coke, the Waikuku attorney, is ill at the Young Hotel with appendicitis. Dr. Wood is attending him.

TO PICK MAKERS OF COUNTY ACT

Three Members Named To Choose For Senate.

SYSTEM OF ACCOUNTS RESOLUTION ADOPTED

FINANCE COMMITTEE REPORTS ON UNPAID BILLS MEASURE. EAMES ITEM IS TOO HIGH.

In Senate this morning Senator Achi, seconded by Senator Woods, moved that Senators Paris, Dickey and Kalanokalani be appointed a committee to select and submit names of men to serve on the County Act Commission. Motion carried.

Finance Committee was authorized to ascertain how many days the clerk should be allowed to complete work on the Senate Journal.

Communication, dated yesterday, from Secretary A. L. C. Atkinson, informed the Senate that the Governor had signed Act 5, an Act to amend Act 51 of the Laws of 1896, entitled "An Act Relating to Internal Taxes and to Repeal Chapter 61 of the Session Laws of 1892 Relative Thereto by Amending Section 45 thereof". The following resolution was re- (Continued on Page 4.)

SMITH WING FLIES

Hilo, April 15.—Aside from a little flurry caused by the sudden rise to power of the Young Men's Republican Club, there was little interest shown in the Republican primaries held last Saturday. It is difficult at any time to arouse sufficient interest in the stay-at-home voter to attend and vote at primaries and outside of Hilo where there was an attempt to create a rivalry in Republican leadership, there was not even the appearance of a contest. The Young Men's Republican Club was perfectly organized and every member stood by the "slate" agreed upon at the caucus the night before. The result demonstrated the effectiveness of unified organization and the Smith wing of the party rode into power on the tide of the younger Hawaiian vote.

From the nine names put up for election in the Fourth Precinct, Hilo, selected as delegates. The result of the vote is as follows: Beers, 147; Smith, 146; Todd, 141; Akau, 139; Santos, 68; Gouvea, 123; Ridgway, 80; Deane, 68; Ritchey, 38. Apparently the full vote of the Republicans was not cast, as much larger returns were expected. In the Third Precinct (Waialae) something of a tangle appeared when the votes were counted. Prouty and Afonso having a tie vote of 40 each, which on a recount and acceptance of ballots previously thrown for slight technicality, Prouty was decided as the officially elected delegate. The vote stood: Kalhenul, 63; Bonnenburg, 44; Prouty, 40; and Afonso, 39.

The result of the primaries throughout the Island and the delegates who will represent the Big Island in the Territorial Convention are as follows: First Representative District—Puna: W. H. C. Campbell; Olan: S. G. Walker; Waialae: George Kalhenul, John Bonnenburg, C. N. Prouty; Hilo: Chas. Akau, Wm. H. Beers, S. L. Dewha, M. J. Gouvea, Carl S. Smith, Wm. A. Todd; Paikou: John T. Moir; Honoumuli: W. K. Andrews; Laysan: James Mattoon; Paaula: Albert Horner; Honokaa: J. W. Moanauli; Kukuhaele: Chas. Williams. Second Representative District—Waimea: A. W. Carter; North Kohala: H. L. Holstein, Geo. P. Tulloch, E. A. Fraser; North Kona: John Maguire, J. K. Elemakule, J. M. Koomoa; South Kona: J. D. Paris, E. P. Kamaucha, J. K. Nahale; Kau: Geo. C. Kinney, Geo. C. Hewitt, Dr. W. A. Schwallie.

Two more Japanese men were this morning arrested by the Federal authorities, charged with conspiring to encourage adultery, the charge on which it is probable that a large number of Japanese will be prosecuted as detailed in yesterday's Bulletin. The prisoners are supposed to have respectively sold and bought a Japanese woman into involuntary servitude.

TESTA DENIES GIULT.

F. J. Testa pleaded not guilty under indictment alleging mailing obscene matter, in Federal Court this morning, on all counts. A. G. M. Robertson appears for defendant. Hearing is set for the 25th.

Judge Robinson on Monday will call even numbered civil cases from No. 252 to No. 340, both inclusive. J. T. Moir, manager of the Onomea Sugar Co., arrived in the city by the Kinaiu today.

WATER RIGHTS DECISION GOOD

Supreme Affirmation In The Palolo Land Controversy.

PLAINTIFF TO PAY THIRD OF ALL COSTS TO DATE

APPEAL FROM COMMISSIONER OF PRIVATE WAYS AND WATER RIGHTS DECIDED UNANIMOUSLY.

Supreme Court this afternoon rendered a unanimous decision, written by Justice Perry, in the water rights controversy between the Palolo Land & Improvement Company and numerous interests in the Palolo district, the decision of the Commissioner of Private Ways and Water Rights being affirmed for the most part.

The following extracts from the Court's opinion are self-explanatory: This is a proceeding brought in 1902 before the Commissioner for the settlement of water rights in Palolo valley, Oahu. It involves the rights of all the wet lands in that valley. The Commissioner filed his decision on November 20, 1902, and a supplement thereto on December 6, 1902. From that decision certain of the defendants appealed to this court.

The Commissioner seems to have met with much difficulty in ascertaining what the ancient rights were and how far they had been modified by adverse user in later years and in finding a method for the enforcement of these rights, and finally concluded that "the matter is left entirely in the hands of the Commissioner to make a distribution in as equitable a manner as possible, with a due regard to undoubted ancient rights wherever proved, and also with a view of protecting capital invested in industries tending to the welfare and prosperity of the community." If by this was meant that the distribution was to be in conformity with vested rights and otherwise just and equitable, the rule laid down was correct.

Water may be diverted by the owner from land entitled thereto to other land of his, provided no injury is thereby done to others. But where the overflow from certain taro land from which such diversion is sought to be made belongs by prescriptive to lower lands adjoining, only as much water may be diverted as is consumed on the servient land itself in the cultivation of taro.

Upon all of the evidence, bearing in mind the relative areas to be watered and the other circumstances, we think that the rights of the parties will be best preserved and justice effected by awarding to the Humu one-eighth of the quantity of water in the Puaoa stream just before it reaches Mahoe dam, all the surplus needed elsewhere in the valley by any of the wet lands to pass either by way of seepage or overflow, from the lands watered by the Humu either directly or indirectly into the Pukele (and partly into the Waioamao stream if the natural lay of the land so requires) or to lower lands entitled to water, but not to be diverted by the reservoir except as already provided above. Thus will be left to the main stream and dams below Waialupe dam the remaining one-eighth and all seepage and overflow returned to the Pukele above Waialupe Dam and the seepage and overflow entering the Pukele above Piliwai from Kauliua and upper Kulaeana. The seepage and

ALEXIEFF'S FLAGSHIP REPORT AS LOST

[Associated Press Special Cable.] ST. PETERSBURG, Russia, April 16.—Admiral Alexieff has taken command of the Russian fleet at Port Arthur and raised his flag over the battleship Sevastopol. A later rumor states that the battleship Sevastopol has been lost in an engagement with the Japanese.

overflow from Kahamao to these lands just mentioned must take the same course. The great preponderance, if not all, of the kamaaina testimony in this and in previous cases shows that the award made in 1884 of one-fourth each to the Mahoe, Kahamao and Waialupe aulais is correct and should be sustained together with the accompanying orders that the new ditch in the Mahoe kulaeana be closed and that the head of Waialupe ditch be opened, and also that relating to the overflow from Mahoe's patches, whether, we now add, the latter be cultivated or not cultivated. Except as in this opinion is otherwise directed, the Commissioner's decision as to what lands are to be watered by each aulai is affirmed. On some lesser points involved in the controversy no decision was rendered by the Commissioner, as, for instance, as to the division of the water from each aulai among the lands dependent upon it. The Commissioner reserved ruling upon these matters until the next dry season when this portion of the work can be more successfully done. A decree will be entered in conformity with the foregoing without prejudice as to any of the matters left undetermined. Costs to date to be paid, one-third by the plaintiff, one-third by Loo Chit Sam, one-sixth by the Wong You Kee Company and one-sixth by the lessors of the latter other than Kulaeana holders and the Territory of Hawaii. T. McCants Stewart and L. Andrews for petitioner; Kinney, McClanahan & Bigelow and C. S. Dole for respondents appellants.

THE HONOLULU ENGINEERING ASSOCIATION

will hold a meeting Monday evening, April 18, at 8 o'clock, in the Assembly Hall over the offices of Castle & Cooke.

The subjects for discussion will be "The Torpedo Boat and the Automobile Torpedo," by B. D. Bend, U. S. Navy, and "City Sanitation," by E. G. Keen.

B. F. Ehlers & Co. begin an opportunity sale in table linen and towels that will probably never be duplicated as many of the goods cannot again be procured.

A reduction sale in linens at this time when the price of linen is steadily advancing is of great importance to Honolulu ladies and it will be found genuinely an opportunity sale.

The following officers were elected at the annual meeting of St. Clement's church: Warden, James Wakefield and H. W. M. Mist; vestrymen, Col. McClellan, Captain George McK. Williamson, G. E. Smithies, Charles L. Rhodes, W. B. Maling, J. A. M. Johnson and H. M. Harrison; secretary, John Guild; treasurer, William Thompson.

Judge Gear will have the following trial jurors before him Monday morning at 10 o'clock: Southard Hoffmann, Jr., Elam P. Chapin, A. N. Campbell, Arthur W. Rice, Philip Kaunaea, Joseph Kapa, Obed Kikala, Archibald A. Young, H. F. Davison, Henry Birkmyre, John R. Moniz, Douglas Kaona, Emil A. Berndt, Edwin Harbottle, E. G. BISHOP MOORE COMING

The Rev. Bishop David H. Moore, D.D., LL.D., is expected to arrive in the city today by the America Maru. In case the steamer remains in port during the hour of the morning or the evening worship, tomorrow the Bishop will preach at the Methodist Episcopal church, corner Beretani and Miller streets. The Rev. Tahel Takahashi will be ordained an Elder in the Methodist Ministry.

FOOTBALL SMOKER.

Association Footballers have put their footballs on the shelf for a few months and, as they are now out of training, they intend to "whoop it up" this evening at their "Smoker" in the Elks' Hall. Mr. Robert Catton is to present the Challenge Cup to the victorious Malle Himmis and Mr. Waldron, who referred the games so ably, will respond to the toast of the Association Football League. A fine program has been arranged and the committee hopes that everyone interested in the promotion of this splendid game will be present. The usual refreshments, solid and "not so solid" will be provided. Tickets can be had from members of the Committee.

DEATH OF MRS. FITCH.

Mrs. Thomas Fitch died at Los Angeles, Cal., Friday, April 15. The news of the death of Mrs. Fitch caused deep regret in Honolulu where during their residence here Mr. and Mrs. Thomas Fitch made many friends. They had planned to return to Honolulu this spring but the illness which proved fatal prevented. Mrs. Fitch was a talented lady and was prominent in the early days of California and Nevada. Col. and Mrs. Fitch came to Honolulu four years ago, returning to the Coast about a year ago.

For Protection of Homes

HIGHEST AWARDS AT THE PAN-AMERICAN AND NATIONAL EXPORT EXPOSITIONS.
TWENTIETH CENTURY PATTERN.

HOMES are left in most cases, entirely unprotected, while Factories, Hotels, Hospitals, etc., are usually equipped with Fire Extinguishers, Automatic Sprinklers, Standpipes, Hoses, Fire Alarms, and other Fire Appliances.

And yet nearly every one would rather save their homes and the many things in them that have become precious by association, than all else.

Nearly all fires can be put out in the early stages if the proper appliance for quick work is at hand. The Knight & Thomas' Underwriters Fire Extinguisher is such an appliance. It is perfect in mechanical construction, in principle and in action. It acts instantaneously, placing a stream 45 to 50 feet, and has many times the extinguishing power of water. It is of the utmost simplicity, and can be operated at once by anyone, without previous experience and approved by

Chas. Thurston,

Chief Engineer of the Fire Department and Board of Underwriters. For further information and descriptive circulars inquire of

THE ADVANTAGES

CEMENT ROOFING

POSSESSES OVER TIN, IRON AND STEEL ROOFING IT CANNOT RUST

Gases, fumes, moisture, coal soot and smoke cannot injure or affect CEMENT ROOFING. It is better adapted for application over uneven surfaces, such as old shingles or metal roofs, obviating the expense of removing the same. It will not rattle from wind and storm, nor create any noise from rain falling upon it. The materials used in cement roofing are the best non-conductors of heat and cold known; therefore it will keep the building warmer in winter and cooler in summer than a metal roof. Samples and full particulars mailed on request.

Iroquois Arrives From Midway Isle

The U. S. S. Iroquois arrived from Midway Island at 1:15 o'clock this morning. On the trip out a couple of days nasty weather was encountered during which plants and gardening implements were washed overboard. The cable colony was found to be thriving but was in need of food supplies. Captain Niblack gives the following report of the voyage:

Sailed Monday, April 14th, at 2 p. m. Visited Bird and Necker Islands but found no one. On night of April 15th encountered heavy squalls and rough sea with the N. E. trades. Lost port lower boom overboard and sustained minor damages. Arrived Midway 8 a. m. Saturday, the 9th, and by 3 p. m. had all stores discharged. Took on board Mr. Morse of the Coast Survey and Mr. Reid of the Cable Company, and sailed for Honolulu Sunday, April 10th, at 3:30 p. m. Anchored at Laysan Island next day and found seventy Japanese in camp on the island. Anchored at Laysan Island April 12th and found everything quiet. There are six Japanese from Honolulu there as workmen for the Pacific Guano and Fertilizer Co. They have just completed their preparations for the season's work, have launched their steam launch and lighters and have a store house full of guano ready for shipment. They expect a schooner in a few weeks. They say this is the last season.

Visited French Frigate Shoals on April 13th, and found all quiet. Saw the wreck of the French ship Connetable de Richmond. Her hull seems intact and there is one mast standing. Encountered strong E. N. E. trades rest of voyage. Made the trip out in four days eighteen hours, and back in five days ten hours. All well. NIBLACK.

His Highness Was Diplomatic

When His Highness the Imperial Chinese Prince Pu Lun was in the city, he was talking with a congenial spirit and the conversation turned on the subject of Drinking. The Prince had noted on the voyage to Hawaii that his fellow passengers were not modest in the quantity and frequency of their potations. He was occasionally asked to take a drink himself. "Finally," said His Highness, "I saved myself by saying that in the Empire of China we hang two men who do all the drinking. One is a Chinaman, the other an American; we are not able to say now which one will outlast the other, but the odds are in favor of the American."

FIELD DAY ATHLETIC

This afternoon at the "Boys Field," Palama way, there will be great sport for those interested in athletics and those who share the enthusiasm of Honolulu amateurs of the cinder track, and other means of testing physical skill. The program of events is well filled by eager contestants. A grand stand will accommodate hundreds of spectators. The field is reached by the Liliha line of street cars. The band will attend the sports.

The program of the afternoon will be in charge of the following committee: Allan Dunn, chairman; Stanley Livingston, secretary, and Messrs. Babbitt, Anderson, Young and Lieut. Newton. The latter gentleman is also clerk of the course, Mr. Babbitt acting as starter. The sports commence at 2:30, an admission fee of 25 cents being charged. In the hands of Messrs. Newton and Babbitt the events will be started promptly on schedule time.

Cut This Out and Know How To Get Well

That is all. Send no money. Simply sign above. Tell me the book you need. I will arrange with a druggist near you for six bottles of

DR. SHOOP'S RESTORATIVE

Take it a month at my risk. If it succeeds the cost to you is \$5.50. If it fails the druggist will bill the cost to me. And I leave the decision to you.

Don't Wait Until You Are Worse.

When in the suffering of this little one would have been relieved. Her mother writes me:
"Two years ago my little girl was sick continuously for six months. We tried many doctors, and they failed, yet it took only two bottles of your Restorative to cure her, and she has remained cured. You can tell others of this cure if you so desire."
Mrs. C. H. Avery, Rockdale, N.Y.

"It is a pity she did not first write me before the case was dangerous."

The wife of Omer Andrus of Bayou Chicot, La., had been sick for six years. For 5 years could do practically no work. He writes:

"When she first started taking the Restorative she barely weighed 90 pounds; now she weighs 135, and is able easily to do all her household work."

Twenty "dark" years might have been "bright" ones.

J. G. Billingsley of Thomsville, Ga., for three years has been crippled with disease. Now he is well. He writes:

"I spent \$2000 for other medicines, and the \$100 I have spent with you have done me more good than all the rest."

Both money and suffering might have been saved. And these are only three from over 5,000 similar cases. These letters—dozens of them—come every day to me.

How much serious illness the Restorative has prevented I have no means of knowing, for the slightly ill and the one who gets a bottle or two of your Restorative are cured, and I never hear from them.

But of 6,000 sick ones—seriously sick, mind you—who asked for my guarantee 30 out of 30 have paid. Paid because they got well.

If I can succeed in cases like these—fall but not one time in an innumerable number of cases—can I not certainly cure the slightly ill?

Why the Restorative Succeeds.

You may oil and rub, adjust and repair a weak engine. It will never be stronger nor do its work without steam. More power—more steam is necessary.

And so with the vital organs. Doctor them as you will. That's mere repairing. Permanent cures never could have through treating the nerves that operate those organs.

And that my Restorative does.

After almost a lifetime of labor—of study at bedside and research in hospital—I made this discovery. I found a way to treat, not the organs themselves but the nerves—the inside nerves—that operate these organs and give them power and strength and health. That discovery has shown me the way to cure.

It makes my offer possible.

I know the remedy. I never can forget the study, all the research, the trial and tests that perfected it. I have watched its action year after year in cases difficult, discouraging. Time after time I have seen it bring back health to these poor ones whom hope had almost deserted. I know what it will do.

My only problem is to convince you.

And so I make my offer. And the bare fact that I make such an offer ought of itself to convince you that I know how to cure. Please read it again. It means exactly what I say. No catch—no misleading phrases in it. Simply this—you take the medicine and I will take the risk.

And you—don't I—decide if you are to pay.

All You Need To Do.

Simply sign the above—that is all. Ask for the book you need. The offer I make is broad—is liberal. The way is easy—is simple. The Restorative is certain.

But do not misunderstand me. This is not a free treatment, with nothing to pay. Such an offer would be misleading—would belittle the physician who made it. But I believe in a sick one's honesty—his gratitude.

That when he is cured he will pay the cost of the treatment—and gladly. I make this offer so that those who might doubt may learn at my risk.

Tell of it, please, to a friend who is sick. Or send me his name. That's but a trifle to ask—a minute's time—a postal. He is your friend. You can help him. My way may be his only way to get well.

I, a stranger, offer to do all this Won't you his friend, his neighbor, simply write?

He will learn from my book a way to get well. Perhaps, as I say, the only way to get well for him. His case may be serious—hopeless almost. Other physicians—other specialists may have failed. The matter is urgent, then.

Write me a postal or sign above today.

Address, Dr. Shoop, Box 7331 Racine, Wis.

THE ELKS HIGH JINKS

The Elks High Jinks last night in honor of the Nawns and Pete Baker of the Nawn Vaudeville Company was a characteristic success. The guests of honor contributed their share to the fund of wit and music from which all present drew to the fullest extent during the evening. The hours sped merrily until 2 o'clock this morning, with Frank Thompson, Past Exalted Ruler, at the desk. Harry Murray was appointed Chief of Police and had as assistants Danie Hartman and L. M. Whitehouse.

Music was contributed by the Chillingworth-Kopke quartette, E. A. Dou-thitt, Bob Scott, John Ellis, Mr. Beard-lee, Captain Berger and the Musical Johnsons. A fine lunch was served.

CHINESE THUGS GUILTY.

Lee Jim, Chew Hoy and Lee Yok were yesterday afternoon found guilty of robbery in the first degree by a jury in Judge Robinson's court. A nolle prosequi for Loy Yin was entered at the commencement of the case. Defendants were charged with having entered the house of Takayama Senzo at Waipahu in September last, assaulting the Japanese and robbing him of money.

Another indictment is pending against the same defendants. In the evening of the day of the Waipahu robbery they are charged with entering the house of another Japanese, robbing him at the pistol's mouth. Other outrages are supposed to have been committed in the Ewa district by the same gang. A Japanese was murdered on the Ewa road during the period of these crimes.

Reasons why you should join the BURIAL LEAGUE OF THE UNITED STATES

In preference to all others.

1. BECAUSE—You have only one fixed payment every year—no more, no less—and you get a \$100.00 funeral in event of death.
2. BECAUSE—You can move whenever you please and whenever you please without forfeiting your Burial League rights.
3. BECAUSE—If you wish to draw out after paying five assessments your money will be returned to you.
4. BECAUSE—In case of an epidemic the expense of all funerals is borne by the entire League all over the United States and your annual assessment remains the same.
5. BECAUSE—Rates are charged according to age, thus making the League fair to all.
6. BECAUSE—The contract is backed by a strong Stock Company with \$50,000 paid-up capital.
7. BECAUSE—If you should live to be 103 years old you could not pay into the League an amount equal the cost of your funeral.

All persons from 3 to 55 years of age in good health are eligible for membership.

VICTORY FOR AMERICAN PRINCIPLE.

The work for which the special session of the Legislature was called is practically completed. The session of Monday will put on the few remaining touches and the much heralded legislators of the Territory of Hawaii will return to their homes within two weeks from the day they came to Honolulu.

The financial measures presented by the Governor have been passed. The expense of the Territory has been brought within the limits of its income and some remedial legislation has been passed to strengthen the income.

The Legislature has kept its promise to the people and the Governor. Expenses have not been made burdensome because of an unnecessarily prolonged session. The business has been done in a business-like manner. The crisis has been met.

Finally this session of the Legislature has proved that it pays to conduct the affairs of this Territory as the law under which the Territory was organized contemplates it should be conducted. This session has proved that there is no "peculiar condition" in this Territory, in the electorate or its transition from oligarchical rule, that justifies desertion by the Executive of the plain principles of American government—the government under which Hawaii has been supposed to exist but which never prevailed while Carter's predecessor and his little ring of dictators held control.

It is with feelings of most complacent amusement that the people can now contemplate the dire forebodings with which some of the good—at least those who claim all the goodness—citizens endeavored to frighten Governor Carter from his plain duty as an American Executive in the Territorial crisis. P. C. Jones said the Territory had had enough of the Legislature "to do us for some time."

Thurston put in bold type at the head of his editorial column: "The Governor cannot afford to bet thousands of dollars of the taxpayers' money that a Legislature which went back on all its pledges to which will keep its promises to him."

In fact the old guard shouted with one accord "Can any good come out of the legislative Nazareth?"

Solid citizens of this Territory, those who would live and let live with but regard for integrity of citizenship and popular American government, view with greatest satisfaction the results of this special session and the lessons properly drawn from its success. Enemies of popular government have been put to rout. Those who have labored in season and out to render Hawaii an incubator of self-government, who have done their utmost to arouse a spirit of bitterness leading to legislative indiscretions, are completely overthrown. They must seek other means to accomplish their nefarious ends. They have discovered that Governor Carter has a higher regard for his duty to the people than to become a pliable tool in their hands. Confidence in the representatives of the people was misplaced.

This special legislative session has shown conclusively that difficulties of the past as claimed by the Bulletin have been the direct result of a lack of cooperation between the Executive and Legislative authority. Whether the fault was entirely of the Executive may be a subject on which all will not agree but the record shows that one Governor who was forever assuming legislative authority failed. The Governor who placed confidence in the people and their representatives has made a grand success. The later record is quite sufficient for those having the best interests of this Territory at heart. A amendable precedent has been established. It means more than "is represented in the few bills passed at this session. It sets a mark for the future. It confirms the wisdom of Congress in granting these islands an American Territorial form of government and demonstrates that there is no honest reason why this Territory should not speedily take up with the broader scheme of decentralization as represented in county and municipal government.

The "difficulties of the Hawaiian situation" are not found in the failure of the electorate to realize the responsibilities of popular government. They have existed rather in the refusal of other graduates of the old Hawaiian oligarchical school to admit American laws on the American plan.

Governor Carter, on the other hand, has adopted American principle as the basis of his action and while he holds to this principle he cannot fail. Placing confidence in the people, refusing to assume arbitrary authority, he has inspired confidence of the people in him. The result is cooperation which makes for the advancement of Hawaii. Bitter battles of the past are replaced by thoughtfulness for the upbuilding, the promotion of the good name of this Territory and its people, whether they be American born, Hawaiian-Americans, Americans by birth, annexation or adoption.

While this spirit prevails the day is

MAKERS OF COUNTY ACT

(Continued from Page 1.)

ceived from the House and accepted by the Senate: "Be it Resolved, by the House of Representatives, the Senate concurring, That the Governor be authorized to appoint a commission of three men to serve without pay to investigate and report at the next regular session of the Legislature a plan for the reorganization of our system of accounts, by establishing funds for each Island or District, so that the residents in each may be able to see what each District contributes to the support of the whole, and how much has been expended for improvements and the maintenance of public institutions in each."

This resolution was adopted by the House yesterday.

Finance Committee, to whom was referred House Bill No. 6, unpaid bills measure, reported:

"Your committee find the Government is in possession of vouchers of all of these items and although some are of long standing we believe to be just claims against the Government which should be paid.

"We would, however, recommend that the item 'A. W. Eames, damages, \$429,' should be reduced to \$379.

"Your committee find that \$300 of this amount is for the loss of two horses, which we think is excessive.

"With this amendment your committee would recommend that the bill pass.

On motion of Senator Kalanokalani, Woods seconding, the report was received to be considered with the bill.

House returned Senate Bill No. 6, Act to amend Section 13, Act 56, Territorial Act, which had passed third reading in the House, with the following amendment: "Strike out the words 'expenses of the court' after the words 'out of the' in line 5 of second paragraph, and insert in lieu thereof the words 'appropriation for expenses Court of Land Registration'."

Another communication from the House notified the Senate that the House had receded from its action taken in the passage of Senate Bill No. 6.

Senate concurred in House amendments to Senate Bill No. 6, passing it on third reading as amended.

The House informed the Senate that the amendments made by the Senate to House Joint Resolution No. 1 had been concurred in by the House.

House also informed the Senate that the amendments made by the Senate to House Bill No. 1 had been concurred in by the House.

Senate Bills 12 and 13 were returned by the House, having passed third reading there. No. 12 repeals Act 79 of the Provisional Government, which was designed to increase Treasury facilities; No. 13 amends Section 1 of Act 49, relating to current accounts.

Report of committee was adopted as to House Bill No. 6, which will come up for third reading on Monday.

Senator J. T. Brown was on the point of introducing a resolution to name the Hilo park, Moehau Park, but withdrew his motion after brief discussion.

At 10:55 Senate adjourned until 1:30 p. m. Monday.

WALUKU CITIZENS PROTEST AGAINST DIVERSION OF FUNDS

Waluku, April 15.—The Waluku Improvement Association met at the courthouse last night, and, after hearing the report of Judge Robertson for the committee who was sent to interview the Governor and Superintendent of Public Works on the program of new public improvements for Maui, registered a vigorous protest against Senator McCandless' bill to divert the \$50,000 appropriation in the Loan Fund Bill for Kahului wharf from Maui and appropriating same for the benefit of Honolulu road sewers and Honolulu real estate dealers.

The Association was unanimously of the opinion that if this sum is not to be expended on Kahului wharf Maui's pro rata of the loan funds must be maintained by expending same on other new public improvements on Maui, against the proposition of expending it for the benefit of rich and wealthy Honolulu. There are those, however, who take into consideration the merit of the substitutes offered by Senator McCandless and are willing to acquiesce in having part of the funds go to the benefit of the normal school, providing the balance are expended on Maui public improvements. The move made by Senator McCandless is considered a return to the old policy of enriching and benefitting and improving Honolulu at the expense of the outer districts.

A wireless was ordered to be sent to Representative Kellinot and Senator Dickey protesting against the McCandless amendment to be followed later in the mail by copies of the resolutions as adopted.

A most urgently needed improvement in the traveling public is the erection of the bridge provided for in the Loan Fund Appropriation over the Kapukakai stream on the road from Puhehe to Kihui, where Mr. Smith lost his life some years ago. The bottom of this stream is a dangerous quick sand and can only be crossed with safety over a ledge of limestone rocks along the sea shore a hundred yards away from the road itself. The stream is a mild little affair which is very apt to tempt the stranger by its apparent smoothness and shallowness to ride in to his death in the quick sand.

LIKELIKE SATISFACTORY. The steamer Likelike arrived from Maui ports and Kahoolawe this morning at 5 o'clock after the first run in island waters. She showed herself to be in every respect a very satisfactory boat. She is run at an average speed of 9 1/2 miles per hour. The Likelike made the run from Oluwaiu to off this port in seven hours.

HEALTHY WOMEN

Praise Pe-ru-na as a Cure for Colds and a Preventive of Catarrh.

MRS. M. J. BRINK

FIRST STAGE OF CATARRH.

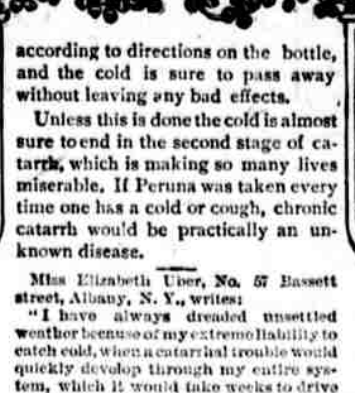

A Serious Mistake Which Thousands Are Making.

The first stage of catarrh is what is commonly known as "catching cold." It may be in the head, nose, throat or lungs. Its beginning is sometimes so severe as to cause a chill and considerable fever, or it may be so slight as to not hinder a person from his usual business. In perhaps a majority of cases little or no attention is paid to the first stage of catarrh, and hence it is that nearly one-half of the people have chronic catarrh in some form.

To neglect a cold is to invite chronic catarrh. As soon as any one discovers the first symptoms of catching cold he should at once begin the use of Peruna.

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars.

Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A. Benson, Smith & Co. will supply the retail drug trade in Honolulu.

MISS SARA MCGAHAN.

according to directions on the bottle, and the cold is sure to pass away without leaving any bad effects.

Unless this is done the cold is almost sure to end in the second stage of catarrh, which is making so many lives miserable. If Peruna was taken every time one has a cold or cough, chronic catarrh would be practically an unknown disease.

Miss Elizabeth Ueber, No. 57 Bassett street, Albany, N. Y., writes: "I have always dreaded unsettled weather because of my extreme liability to catch cold, when a catarrhal trouble would quickly develop through my entire system, which it would take weeks to drive away. I am thankful to say that since I have taken PERUNA I do not have any reason to dread this anymore. If I have been at all exposed to the wet and cold weather, I take a dose or two of PERUNA, and it throws out any hint of sickness from my system."—Miss Elizabeth Ueber.

Mrs. M. J. Brink, No. 833 Michigan avenue, St. Joseph, Mo., writes: "This past winter during the wet and cold weather I caught a sudden and severe cold, which developed a catarrhal condition through my entire system, and so affected my general health that I was completely broken down, and became nervous and hysterical and unfit to supervise my home. My physician prescribed for me, but somehow his medicine did me no good. Reading of PERUNA I decided to try it. After I had taken but three bottles I found myself in fine health."—Mrs. M. J. Brink.

Sibyl A. Hatley, 23 Main street, Huntington, Ind., writes: "Last winter after getting my feet wet I began to cough, which gradually grew worse until my throat was sore and raw. Ordinary remedies did not

MISS SARA MCGAHAN.

help me and such remedies nauseated me. Reading an advertisement of what PERUNA could do, I decided to try a bottle, and you can imagine how glad I felt when it began to relieve me in a very short time. In less than two weeks I was completely cured."—Sibyl A. Hatley.

Miss Sara McGahan, No. 173 1/2 street, Albany, N. Y., writes: "A few months ago I suffered with a severe attack of influenza, which nothing seemed to relieve. My hearing became bad, my eyes became irritated and feverish. Nothing seemed right and nothing I ate tasted good. I took PERUNA and within two weeks I was perfectly well."—Sara McGahan.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be glad to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

THE BULLETIN, 75c per month

\$50,000 GIVEN AWAY

The Board of Directors of the Louisiana Purchase Souvenir Coin Company will set aside an appropriation of \$50,000, which will be presented, in its entirety, to the person who sends us a correct estimate of the EXACT number of paid admissions to the Louisiana Purchase Exposition, which opens at St. Louis, April 30th, and closes December 31st, 1904. Should no one succeed in estimating the exact number, the money will be presented to the one who sends us the nearest correct estimate. This Golden opportunity to secure a magnificent fortune costs NOTHING. Our object in making this unprecedented offer is to advertise and promote the sale of our Souvenir Coins of Admission to the World's Fair. These Souvenir Coins of Admission are of artistic and appropriate design, are invaluable as mementos of this greatest of all Expositions and are similar to the Columbian Half Dollar, aside from their intrinsic value, we will accept them in exchange for regular tickets of admission to the World's Fair, and for this purpose will maintain a ticket office at the main entrance to the Fair Grounds, which will be open every day during the World's Fair period. Everybody wants one of these Souvenirs, but only a limited number will be offered for sale. Price 50 cents. With every Souvenir Coin of Admission purchased we allow one estimate to be made and filed of the total admissions to the Fair. No one has any advantage in this contest. YOU are just as likely to get the \$50,000 in Gold as anyone. It is all pure luck. Should there be more than one correct estimate the \$50,000 will be divided equally between the persons making the exact or nearest correct estimates. There may be ties or dividing of this money; the enormous sum of \$50,000 may be received by one person. WHY NOT YOU? The Lucky Winner will be notified the instant the official announcement of the total number of paid admissions is made by the Louisiana Purchase Exposition Company. We will also pay all of your expenses to St. Louis and will deliver the \$50,000 IN ONE GREAT BAG OF GOLD as soon as you reach this city. The total paid admissions to Chicago World's Fair were 21,480,141; Paris, France, Exposition, 16,795,167; Pan-American Exposition, 5,360,859

Social Side of Life

An amusing story is going the rounds about our Honolulu "Worth," Harry Davidson. It seems a fair dandy, pretty and smart, who hails from the State of Kentucky, and in Harry's dressing establishment the other day and asked him to make her a frock. Harry looked her up and down and said, "But, Madam, you do not wear the correct corset and do you know how to put them on?" All this without a breath, the young woman fairly gasping with astonishment. "You should compress yourself here," illustrating by most realistic movements—"and draw yourself in there"—more movements—"and then, Madam, I might make you a frock, but—"

Here the young woman managed to make herself heard, her voice fairly choking with indignation: "But! I do not think there can be any 'but' in this case. I wish you to understand that I have my corsets made to order by the best woman in Paris, and they pay less than twenty-five dollars; and, as for lacing them correctly, I should rather think I did, having lived in Paris for several years." Here she paused for breath, and Harry, with a crest-fallen air, meekly said: "Tomorrow at eleven, please."

The reception and garden fete given in honor of Prince Pu Lani on Sunday evening at the Chinese Consulate was a most delightful affair. Of course the guest of honor was the observed of the observed, and he bore himself every inch a prince of the royal blood. Japanese lanterns strung over the spacious grounds brilliantly illuminated the festive scene, and the marquee on the lawn with little tables underneath for the refreshment of the guests made a cool and charming resting place.

Secretary Atkinson made the introductions to His Highness, who received each and all with a cordial handshake and a pleasant smile. After the reception was over the Prince was conducted to a table set apart on the lawn and Judge Dole and Prince David Kawanao were his companions. The crowds surged about the Prince always at a respectful distance, and it was very interesting to watch the faces. The Prince bore the rigid scrutiny with perfect composure, and, through his interpreter, Vice Commissioner Wong Kai Kan, chatted most pleasantly on general subjects. The two aide-de-camps to His Highness, Mr. Hamilton and Mr. Cummins, were on duty every minute of the royal visit, and on the night of the reception did not arrive at the hotel until after three, for the Prince insisted upon entertaining not only his aide-de-camps, but all those who escorted him to the Gaelle, and a very pleasant supper was enjoyed on board the steamship. It was a very novel sight to see so many Chinese ladies, and their picturesque dress added much to the brilliancy of the scene. Many of the dresses worn by the Chinese ladies were wedding garments of many years ago—and they are supposed to be worn only on that occasion—but in honor of the arrival of the royal Prince were worn again in his honor, and Honolulu had an opportunity of seeing magnificent embroideries and old brocades stiff with cloth of gold and cunning silver threads. Charming Chinese children were toddling about in their national costume. It was a perfectly managed reception.

The luau and dance given at Haleiwa was most enjoyable, and many strangers took advantage of the opportunity of visiting the famous hotel. Manager Church does everything possible for the comfort of his guests, and has added golf links and tennis court to the other attractions to be found there.

On Sunday afternoon the golf links were thronged with players—and very good games were in progress. Mrs. George Carter has been at Haleiwa for two weeks and expects to remain longer. Governor Carter could not participate in the festivities, for he was occupied in receiving the royal Prince. The dance in the evening was particularly pleasing to the ladies appearing in stunning frocks, and none looked more charming than Mrs. George Bliss, who was certainly the most beautiful woman there. Mrs. Hays, Miss Terry and Miss Russman made a trio of pretty women and were much admired. Miss Terry was chaperoned by Mrs. Hays. Miss Russman was a bridesmaid at Mr. Alexander Isenberg's wedding and is a very attractive young woman of the brunette type. The Russmans have been stopping at the Alexander Young Hotel. Manager Church makes his guests so comfortable that it is more like a country-house visit than

the usual hotel life. Miss Ethelinda Schaefer's play, "Alcibiades," met with great success on Tuesday evening. It was a very ambitious attempt for a girl of seventeen, but, in the hands of this clever young woman, the play proved charming in every detail. The parts were taken with a good conception of the Greek characters and the scenery was most realistic. No one can appreciate how hard this young girl must have worked to bring the different characters into harmony, and the greatest praise must be bestowed upon Miss Ethelinda Schaefer for her smooth interpretation of a classed play. We shall expect great things of her in the future, from this beginning, she has the temperament and imagination, and an attractive personality, which will do much to pave the way to fame. She acted her part well and seemed to enter into the spirit of the old Greek atmosphere. All the parts were very well carried out and showed faithful study.

We hope Miss Ethelinda will give us another play, for she has proven without doubt her ability to fill the Opera House to overflowing with an enthusiastic audience, and that in itself is a great success, for Honolulu has not had the following clergies: Archdeacon Tiffany of New York, Rev. E. L. Simpson of Portland, the Rev. Mr. Osborne, Rev. Mr. Fitz, Rev. Mr. Yet, Canon Mackintosh, Canon Ault, and Canon Weymouth.

The youngest child of Mr. and Mrs. Lange was christened at St. Andrew's Cathedral at 3 o'clock on Wednesday. After the christening the guests were invited to the Lange home and a delightful little tea was served. Mrs. Church was in town yesterday. She spent the night at the Hawaiian Hotel. Mr. and Mrs. B. Baird entertained at dinner on Tuesday in honor of Miss Lillian Bacon and Lieutenant Hamilton. The invitations are being sent out for the Bacon-Hamilton wedding, which occurs on the 28th of this month. Mrs. G. M. Whitney is being entertained previous to her departure for the Coast. Last week Mrs. J. A. McCandless gave a lunch in her honor and Friday Mrs. Whitney and invited friends were entertained at lunch by Mrs. A. H. Otis.

Mr. and Mrs. H. A. Isenberg have gone to Kauai to be absent about a month. They were pleased at the unveiling of the monument to the late Honorable Paul Isenberg. Senator Isenberg performed the ceremony of unveiling. Mrs. Dora Isenberg gave a luau for two thousand guests, which took place in the afternoon. A concert was given in the evening, and a dance ended the day's festivities. All the employees of the Lhuau Plantation were given a holiday in honor of the event. Among the immediate relatives present were Mr. and Mrs. H. A. Isenberg, Senator Isenberg, Mrs. Dora Isenberg, Mr. R. Isenberg and the Rice family.

Coaching parties are becoming quite popular, and the Alexander Young Hotel of course leads the fashion. A number of guests of that delightful hostelry were treated to a drive last week, and the milk-white steeds made a fine show. Many of the foot-travelers thought another royal Prince must be in town—but it was only the coaching party from the Young Hotel. Nothing is too good for them.

The "Pirates" are hard at work and the flashing touches of the bright little opera are being given. The frocks of the chorus girls are said to be

CURED WHEN OTHERS FAILED

1056 Winneama Avenue, CHICAGO, ILL., Oct. 25, 1902.

Wine of Cardui can always be relied upon to cure when everything else fails. It is a certain cure for female diseases in their worst forms. I suffered for years with ulceration. Intense pains in the womb and ovaries and dreadful headaches afflicted me for my work. Finally I grew so ill that I had to keep to my bed. The pains were so intense at times as to cause spasms and a disagreeable discharge drained my life forces. In my extremity after all else had failed, I tried Wine of Cardui. After using it for two weeks to improve so rapidly that I felt encouraged to keep up the treatment, which I did for eighteen weeks, but at the end of that time I was entirely cured. What a relief was mine and how new and beautiful life looked to me when my health was restored. Only those who have passed through such a siege of sickness as I have will understand how much I value Wine of Cardui. It is indeed a boon to sick women.

Frances Mitchell
Secretary, North Chicago Frauen Verein.

Every weak woman needs Wine of Cardui. Wine of Cardui cures disordered and painful menstruation, periodical headaches, falling of the womb and leucorrhoea. It cures extreme cases of those troubles. It strengthens girls approaching womanhood, helps bring children to barren homes, makes pregnancy and childbirth easier, prevents miscarriages and is the best medicine ever made for use during the change of life. Why permit the good women in your home to suffer another day? Every druggist has \$1.00 bottles of Wine of Cardui.

MORTGAGEE'S NOTICE OF INTENTION TO FORECLOSE AND OF SALE.

In pursuance of the power of sale contained in that certain mortgage from Charles S. Desky to C. W. Booth, dated September 22nd, 1900, recorded in the Register Office, Oahu, in Book 217, pages 9 to 11, notice is hereby given that the mortgagee intends to foreclose said mortgage for condition broken, to-wit: the non-payment of principal and interest when due, and will, on Monday, the 28th day of March, 1904, at 12 o'clock noon of said day, expose for sale and sell at the auction rooms of Will E. Fisher, No. 180 Merchant Street, Honolulu, the lands and property described in said mortgage, not before this time released from the operation thereof. The lands and property to be so sold, as also the portions released, are described in the schedule hereto attached, to which reference is hereby made.

The terms of the sale are cash in United States Gold Coin. Deeds are to be at the expense of purchasers. For further particulars and for the inspection of Maps showing the location of said property as subdivided in lots, apply to J. Alfred Magoon, office corner Merchant and Alakea Streets, Magoon Building, Honolulu, or to Will E. Fisher, auctioneer.

C. W. BOOTH, Mortgagee.

Dated Honolulu, February 24th, 1904.

The property to be sold is as follows: All those tracts or parcels of land situate between Pauoa Valley and Nuuanu Valley in the District of Honolulu, Island of Oahu, Territory of Hawaii, as follows:

FIRST: All of Apana One of Land Commission Award No. 10,605 to Kamakee Pihok, containing an area of eight acres and 9.39 square chains, as recorded in the Record of Awards in the Public Land Office in said Honolulu in Volume 10 of said Awards at page 69.

SECOND: All of Apana One of Land Commission Award No. 273 to Joseph Booth, of record in the Public Land Office in Honolulu in Volume 1 of Awards at page 457, upon which Royal Patent No. 392 was issued May 24, 1851, as appears by Volume One of Royal Patents at page 302; containing an area of 208.3 acres.

THIRD: All of that portion of Grant No. 524 to Joseph Booth, of record in Volume 5 of Royal Patent Grants at page 524, lying on the Ewa side of the Waikiki border of the base of the stone wall on the Waikiki border of Kalaupani Avenue; being the main driveway from Pauoa Valley road to the upper table lands known as "Palahe Heights".

FOURTH: All that narrow strip of land bounded on the North by the Waikiki border of Apana 1, Land Commission Award No. 373, Royal Patent No. 702, on the East or mauka side by the land of the Estate of B. P. Bishop, deceased, on the South by the Government Road on the Ewa side of Pauoa Valley, and on the West or makai side by the land of Lalka; excepting a strip of land belonging to Hoolani.

FIFTH: All that portion of Land Commission Award No. 1661, Royal Patent No. 634, to Walwalelo, known as the Punaunalo Spring Lot, more particularly described as follows: Beginning at the North corner of this Lot, from which point the Main Valve, below the Masonry Dam, on Pipeline bears: S. 53° 05' W. distant 46.2 feet, and running by true Meridian:

- 1. S. 26° 55' E. 33.0 feet to stake;
- 2. S. 65° 50' W. 49.5 feet to stake;
- 3. N. 23° 30' W. 36.8 feet to stake;
- 4. N. 71° 05' E. 47.5 feet to the initial point, and containing an area of 1680 square feet, a little more or less. And also, the right, title and interest of said mortgagor in the spring of water on said portion of L. C. A. 1661, R. P. 5634, known as the Punaunalo Spring, and in the water flowing therefrom.

SIXTH: A permanent right of way over all land belonging to C. S. Desky along the course of the present pipe line for an access to a line of piping for the conveyance of water from the spring described in paragraph five hereof to the lands hereinabove described.

The lands and premises described in paragraphs one to four both inclusive being that certain tract known as "Palahe Heights".

A portion of the above described lands has been surveyed and platted into lots, of which there are 98 Lots
