FERN WILL NOT TRY A HOLD UP M'QUAID ON WITNESS STAND THIS MORNING

MAYOR FERN WILL SIGN NEW APPROPRIATION BILL

Mayor Fern will probably sign the city and county appropriation bill, finally passed by the Supervisors last night, almost immediately on receiving it, after giving the necessary time for an examination of the official copy submitted to him by County Clerk Kalanokalani. It was stated this morning that the mayor had examined the provisions of the bill during the interval since its first and last readings before the board of supervisors, and was prepared to approve it in full.

"I do not know what will be done with the bill," said Rivenburgh, secretary to the mayor, this morning, "but I think that Mayor Fern will sign it as soon as he can."

This sets at rest rumors that the mayor intended, by way of retaliating upon the board of supervisors for refusal to approve certain appointments,

to hold up the appropriations. Under the law if the mayor should take his time and decline to sign the bill, it would be February 11 before the board could pass it over his veto, and there would be no pay day for laborers or any other employes of the county until that date. The last pay day was missed and some hardship resulted.

If the mayor signs the appropriation bill and there is no further difficulty over it, it is planned to have a pay day on the last day of this month, making two pay days in one for January. After that, with the new appropriation bill in effect, the system of two pay days a month will be resumed.

The story that the mayor intends to hold up the finances of the county because of the board's refusal to approve some of his appointments is denied. The mayor is expected to sign the appropriation bill tomorrow.

M'QUAID'S STORY, A PAINFUL ONE, GIVEN TO JURY

Very sensational were the scenes this morning in the trial of McQuaid for assault on Driver. Attorney E. A. Douthitt outlined the case for the defense, claiming that he would prove to the jury a long story of domestic difficulty which drove McQuaid to a condition of insanity at the time when he shot at Driver. McQuaid took the stand as first witness for the defense. His testimony was several times interrupted by emotional breakdowns, and it was necessary for the court to take a recess at one time to allow him to recover.

The trial of William M. McQuaid on a charge of having shot at Volney C. Driver with intent to commit murder was resumed this morning in Judge Cooper's court.

Motorman Ed. Markie testified that he was on a Nuuanu street car when the shooting took place. Just as he was slowing up at the junction of Hotel and Fort streets, he heard revolver shots. There was also a street car in Hotel street. Witness heard about three shots, but as he thought that they were explosives placed on the lines by boys, he did not pay much attention to the matter. The conductor told him that there had been some shooting, and witness then saw a man running towards the Baltimore Dairy. The man who was running was about six feet from the door of the shop. Witness could only see the back of the man's head, so he was unable to say who it was. One of the bullets was imbedded in the stanchion of the car, and another had struck an iron upright. The scale of a bullet was on the upright; that was how witness knew the upright had been struck.

By the Court—The shots followed each other so rapidly that witness thought they were torpedoes placed on the rails by boys.

W. C. Johnson of Benson, Smith & Co., said that when the shooting occurred he was waiting on a customer in the store. He heard the shots, but he saw none of the actual shooting. In addition to hearing the shots he heard a crash as the front window of the

store was penetrated. The bullet made a round hole, with a slight crack in the glass. There was a mark of the bullet on the wall, but the pellet was never located. Another bullet hit the clock. Witness took it that this bullet found its way through the front entrance.

By Attorney Douthitt—The bullet that struck the clock just grazed the top woodwork of the front doorway.

By the Court—Witness thought that the first shot went through the window.

D. J. Ginaux another employe of Benson, Smith & Co., found a bullet in the store. It was flattened. There were no questions by the defense.

Henry Espinda, who had been subpoenaed to be present at half-past eight, did not answer his name when called.

Miss Virginia Barboza an employe of the Baltimore Dairy, said that she knew a man named Volney C. Driver. On the morning of the shooting, Driver had his breakfast in the Baltimore Dairy. He left hurriedly to catch the Nuuanu street car. Immediately after Driver left the Dairy, the shooting began. Witness did not see the actual shooting.

Detective H. Lake said that he made measurements as to where the bullets struck the Nuuanu street car. The mark of the bullet that hit the stanchion was about three feet from the deck of the car; the mark on seat

(Continued on Page Eight.)

AIRSHIP FLIES TO A WARSHIP AND BACK AGAIN

(Associated Press Cable to The Star.)

SAN FRANCISCO, January 18.—Aviator Ely today flew out to the cruiser Philadelphia and alighted easily on a platform built on her deck. After a short stay on board the vessel, he succeeded in ascending and returned to the aviation field from which he had started. He had made a new record, starting from a field ashore and flying to a warship at anchor, landing on the warship, and leaving her without assistance.

Ely used a biplane. He was wildly cheered at the conclusion of his trip.

SENATOR LODGE CHOSEN AGAIN

BOSTON, Mass., January 18.—Henry Cabot Lodge was re-elected United States senator by the state legislature this morning. His present term expires on March 3 and there was some contest over his re-election.

DEATH SENTENCE ON 24 CONSPIRATORS AGAINST EMPEROR

TOKIO, January 18.—Twenty-four persons, including the conspirator Denjiro Kotoku and wife, have been sentenced to death for conspiracy against the Emperor and throne and against the life of the crown prince and other members of the royal family. In addition, two conspirators were sentenced to life imprisonment.

The conspiracy against the Japanese ruler was unearthed several months ago and the trial was held in October. After its conclusion a number of Americans, principally socialists, including Jack London, sent a protest to Japan against the proposed execution of the conspirators.

SAN FRANCISCO, January 18.—Opium valued at \$20,000 was seized on board the steamer Korea, which arrived today from the Orient via Honolulu. The customs officials made a vigorous search of the big liner and are now trying to find out who were the importers of the consignment, which is the biggest captured for many years.

EXPERT BEAUTIFYER.

Mr. A. M. Morganthaler is now giving an exhibition of fine wall papers and decorations in the store of Lewers & Cooke. The public generally is invited to see these goods.

1051 Fort.

SIERRA TO BE IN PORT EARLY

At her usual hour on Friday morning the Oceanic liner Sierra will tie up at the company's wharf. A wireless message was received last night from the vessel at eight o'clock at which time she was 904 miles from Honolulu. The weather was then cloudy, and strong south winds and long westerly swell prevailed. The barometer stood at 30.02 and the thermometer at 65. The Sierra has 2569 tons of cargo on board, as well as 69 sacks of mail, ten automobiles and Wells Fargo Express. She has 128 cabin passengers and 20 in the steerage.

A FOLLOWER OF INFLUENZA.

An attack of influenza is often followed by a persistent cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after other well known remedies have failed. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

TWO LIVES LOST.

KIEL, January 17.—Two lieutenants who remained aboard the damaged submarine which sank yesterday and was raised, were suffocated.

SENATORIAL ELECTIONS

(Special Cable to The Star.)

PROVIDENCE, R. I., January 18.—Henry F. Lippitt, a wealthy cotton manufacturer, has been elected as United States senator to succeed Nelson W. Aldrich, the standpat tariff leader, who had declined to offer himself for re-election.

SALT LAKE, January 18.—Senator George Sutherland has been re-elected as senator for Utah, his first term expiring on March 3 next.

... GUILTY OF FORGERY. ...

Jutaro Fujikawa pleaded guilty in the Federal Court this morning to a charge of having forged the name of W. F. Drake, the Collector of Internal Revenue, to a check for \$47. The case was continued until Friday next. The defendant had been a clerk in the Revenue Department.

CHILDREN IN PARADE.

A meeting of principals of all the private and public schools has been called for tomorrow afternoon, to discuss the matter of pupils of the leading schools of the city taking part in the forthcoming Floral Parade. The meeting will be held in Superintendent Pope's office, and will begin at two o'clock.

FREAR VERY BUSY.

Governor Frear today stated that in future until the Legislature meets on February 15, he will not receive callers at his office after twelve o'clock, midday. He explained that he was very busy just now, and it had become imperative that he devote a certain amount of consecutive time to his work of preparing for the Legislature. All visitors will, therefore, make their calls in the morning before the noon hours.

THE FLORAL PARADE.

There will be a meeting of the Auto Committee of the 1911 Floral Parade, at 10:30 o'clock tomorrow at Promotion Committee rooms.

LANG LOSES.

LONDON, January 18.—Bill Lang, the Australian heavy-weight, was disqualified in the first round of his fight with Curran, the English heavy-weight.

CHOLERA IN MADEIRA

Latest mail news from Madeira, of about the 17th or 18th of December, is that there had been eight hundred cases of cholera there. Two hundred of them were fatal, or 25 per cent of those attacked.

The authorities were finding extreme difficulty in dealing with the rural population, it being almost impossible to induce them to conform to the precautionary regulations.

An English paper has been received here with practically the same information.

A. J. Campbell, the Hawaiian immigration agent, and his assistant, Mr. Silva, left Madeira for Liverpool on December 7 in the steamer Aquilla.

BORN WITH TOOTH GROWN

The wife of Willie Wong Wa gave birth to a baby boy on Sunday last

COMMODORE PICKER WEDS

Cards announcing the marriage of "Commodore" Harry E. Picker, formerly of Honolulu, were received from San Francisco in the last mail. He was married in San Francisco a couple of weeks ago, his bride being a San Francisco young lady. Picker is associated with Clinton J. Hutchins, also a former Honolulu, in the insurance business in San Francisco, and is reported to be very successful.

and already the little fellow has grown a tooth. Yesterday the ivory showed through the lower gum and this morning another appeared through the upper gum. This is a surprising fact, but the happy father is delighted with the precocity of his son.

NEW RICE MILL.

The K. Yamamoto Rice Mill is the largest as well as the finest in the islands. All machinery is of the very latest pattern. The famous Tengu Rice is cleaned at this mill. With the large cleaning capacity they are able to handle considerable outside particular work which they guarantee.

TIDES, SUN AND MOON.

Last quarter of the moon Jan. 21st.

Time	High Tide	Low Tide	High Tide	Low Tide
10	3:00	2:1	5:17	10:20
17	3:08	2:0	5:19	11:10
18	3:10	1:8	7:14	—
19	3:45	1:5	8:23	1:53
20	7:22	1:3	9:30	2:28
21	10:44	1:2	7:54	3:00
22	11:50	1:0	8:20	3:36

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 39 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 mins. The time whistle blows at 1:30 p.m., which is the same as Greenwich 9 hours 9 minutes. The sun and moon are for local time for the whole group.

SHIPPING NEWS

The Mauna Loa will sail on Friday at five o'clock on her usual run to Maui and Hawaii ports, including Mahukona, McGregor's and Kawahae. The following passengers are booked already: Miss A. Paris, Mrs. Alapai, Miss M. Heuer, Mrs. Smith, Miss Emma Liffce, Mrs. Molokana, J. Wakefield, Mrs. Kamala Akana, Miss Mary Akana, T. C. White, W. H. G. Arne-mann, J. P. Curtis, Edgar Henriques, Mr. and Mrs. P. Hind, and C. Meinecke.

In order to accommodate any passengers on the Sierra who may wish to go to Kaula ports the W. G. Hall will wait over until Friday afternoon, instead of leaving tomorrow as is usual. F. Crawford and C. W. Spitz are the only passengers booked as yet.

J. P. Cooke and H. P. Baldwin, who were booked to leave on the W. G. Hall tomorrow, will not leave until Tuesday when they will travel by the Kinau.

By the next trip of the Mauna Kea on Tuesday the American Circus will proceed to McGregor's there to play for a short season.

HIS BODY TURNED TO STONE, MAN DIES.

CHESTER, Pa., Jan. 2.—William W. Fearheller formerly a newspaper man in Philadelphia, whose body was apparently turning to stone, died in the Crozer Hospital yesterday. His unusual disease is known as scleroderma, which is a gradual ossification of the body. Fearheller had been unable to move for months and only the flesh of his head was of normal softness, yet he could eat without much difficulty and could also amble. Fearheller was thrown from a trolley car three years ago and sustained serious injuries. He had apparently recovered when he suddenly began to lose the power of locomotion, and ossification gradually set in. The disease extended over the whole body by degrees, and two years ago the man was taken from his home to the hospital. At that time he wrote to friends in this city, telling them that there was no hope of saving his life. Fearheller was a cheerful patient, the physicians say, and he talked continually. That and smoking were his chief pleasures. He received frequent visits from his wife and two children. The end came suddenly, Fearheller was given nourishment, when he collapsed, and died within a few moments. He was about 48 years old. The physicians say that the street car accident might have been a contributory cause in Fearheller's death but that this was chiefly due to scleroderma. The disease which caused Mr. Fearheller's death is popularly known as ossification. It is a rigidity of the body due to calcareous deposits in the joints and in the muscular tissues. When ossification commences the membranes become more opaque and exhibit a decided fibrous character. The fibres become more distinct and granular from impregnation with lime salts and are converted into incipient bone. Ossification is an extremely slow process, and a person suffering from the disease may live many years and have little or no pain.

PROPHECIES OF DISASTERS FOR WORLD IN 1911.

PARIS, Dec. 23, 1910.—Mme. de Thebes publishes her annual prophecies and the events she foretells for 1911 are full of tragedy.

France is to suffer from fire, blood, cyclones and possibly volcanic eruptions in the Pyrenees. Great bankers are to be ruined in a commercial catastrophe. Two stage beauties will die under tragic circumstances. The prophetic foresees revolt in India and the death of crowned heads in Germany and Austria. The fate of Russia is to be so terrible that, rather than say what she has read in the book of destiny, Mme. Thebes prefers to hope that she has been mistaken.

Vienna is to become greater, and so is Rome. Rome's aggrandizement will be at the expense of France. In spite of this, preparations went forward, both in Paris and the provinces, to welcome the New Year with gayety.

TRANSPORT BODY OF MINISTER.

WASHINGTON, January 18.—The U. S. S. Delaware is en route to Hampton Roads from Guantanamo, Cuba, under orders to transport the body of the late Senor on Anibal Cruz, the Chilean minister to the United States, to Valparaiso.

You cannot find the man who regrets the day he opened a savings account. The bank of Hawaii pays 4 1-2 per cent. interest on all savings, compounded twice annually.

SUPERVISORS WAIT FOR MAYOR

Last night's meeting of the board of supervisors was a short one, like the last, and there were no fireworks. The mayor didn't submit any new appointments to take the place of those not confirmed, nor did he nominate additional health officers, as asked for by the board two meetings ago.

Towards the close of the meeting Supervisor Murray asked regarding these appointments. Mayor Fern replied that he desired further time for consideration.

The appropriation bill passed third reading and went to the mayor for signature.

The committee on police department presented recommendations regarding the acceptance of the proposals put in by different firms for furnishing the Honolulu jail for the month of January, February and March. The recommendations were accepted by the board and for the three months named the following firms will supply the jail:

Meat, Metropolitan Meat Market; potatoes and onions, C. Q. Yee Hop & Co.; salted pork, roasted coffee, flour and soap, Henry May & Co.; salted salmon and brown sugar, H. Hackfeld & Co.; white beans, rice and tea, Theo. H. Davies and Company, Ltd.; fresh bread, Love's Bakery; medium bread, Farm Corn; palm, M. C. Amama & Co.; pickled coal, I. S. N. Co.

The mayor made a recommendation that something should be done for the Wai'alae road. This matter had been brought under the notice of the last board and was now again before them through the agency of the Wai'alae, Kaimuki and Palolo Improvement Club by its vice president, H. G. Davis.

McClellan pointed out that there was not much money available just at the present time for road work, but he hoped that the road committee might be able to spare enough to make temporary repairs until such time as they could do the job thoroughly. Murray seconded this and it carried. A petition signed by six taxpayers living on Judd street, east of Nuuanu, was also placed before the board and left in the hands of the road committee to deal with.

A motion was carried directing the city and county attorney to draw up an ordinance containing a provision that all sub-divisions which open up new streets or alleys shall be submitted to the mayor and board for approval of street and alley widths, alignments and grades.

The city attorney brought in his opinion on the request of the Auto Sight-seeing Company to stand their automobile in King street at a place which was not an authorized stand. He gave it as his opinion that as there was a direct ordinance bearing upon this matter, which stated that vehicles for hire could only stand at the authorized places, the request could not be granted. This opinion was agreed to by the board.

Eben Low announced that he would like the city attorney to draw up an ordinance to the effect that all taxpayers within three miles of the postoffice should be made to attend to their sidewalks. By this he meant that they should keep them free from weeds and grass and also see that they were properly curbed.

Fine Job Printing, Star Office.

TAFT WANTS SHIP SUBSIDY

WASHINGTON, D. C., Jan. 18.—President Taft returned to his desk today after the Christmas holidays, determined to work vigorously from now until March 4 on legislation he desires from congress. As soon as the leaders return from their holiday vacation he will consult them with a view to getting as much general legislation through at the short session as possible. The chief concern of the president is legislation which will authorize a permanent tariff commission.

Senator Knute Nelson of Minnesota talked with the president today about a bill which he is preparing for the leasing of coal lands in Alaska. The bill will carry out the recommendations in the president's message on this subject. The president also wants to see ship subsidy legislation, provisions made for the fortification of the Panama canal, an anti-injunction bill and a parcels post bill. This is regarded as an ambitious program to be put through in less than seven weeks, during which time appropriation bills, the Lorimer contest and the Ballinger-Pinchot reports must be considered. The president, however, has high hopes of accomplishing something.

ASK THE GROCER.

Paternalism with a vengeance is practiced in certain Philadelphia groceries. It is benevolent paternalism, though.

"Ma wants two pounds of sugar," said a child to a patriarch in the trade.

He consulted a calendar on the wall.

"I guess you'd better take only a pound today," he said, "and go kind of slow on that. The week is only half gone, but you have eaten up three-fourths of your allowance. Tell your mother so."

The child promised to deliver the report on financial depression.

"That is the only way on earth to keep those people from running into debt," said the grocer. "The system is common in this neighborhood. I do it at the customers' request. Every pay day women with spendthrift husbands and an extravagant disposition of their own deposit enough money with the grocer and butcher to see the family through the week. They instruct us to let no one overdraw the amount and except in cases of actual need we stick to our end of the bargain."

ALL IN.

The minister of a negro church in Richmond gave out a funeral notice one Sunday as follows:

"I have to announce to you, bredren and sisters, dat de funeral of de only survivin' son of de late Thomas Pinkers an' his widow, Martha Jane Pinkers, both deceased, will take place an' come to occurrence on Tuesday next at twelve m. noon precisely.

"An' I have to say, bredren and sisters, dat contributions for carryin' out dat funeral will be in order an' acceptations, or else de funeral can't take place, exceptin' and save only as a plain funeral; fo' Samuel Pinkers has got jes' money enough to bury hisself without any obsequious ceremonies, sich as he deserves."

TWO MILLIONS FOR WORK HERE

WASHINGTON, January 18.—The house committee on naval affairs, in session yesterday on the naval appropriation bill, agreed on items for Pearl Harbor work aggregating two million dollars.

Included in the items is one appropriating three hundred thousand dollars for an immense naval hospital, to be built on the Pearl Harbor naval reservation, of which amount seventy-five thousand dollars is to become immediately available.

The bill carries an item of one hundred and twenty-five thousand dollars for the purchase and operation of aeroplanes in connection with the work of the signal corps.

Seven hundred thousand dollars is voted for the purchase of field artillery for the militia throughout the various States and Territories.

During a debate on the floor of the house yesterday concerning preparedness for war on the part of the United States, Congressman Hull and Tawney denounced the ones among the military who had criticized their opposition to the immense appropriations asked for for the Army and Navy, stating that the war and navy departments and the officers in both branches of the service expected altogether too much from the general public in the way of money for useless expenditures.

Tawney declared that the government, during the past ten years, had expended already in preparation for war the enormous sum of \$2,192,036,580, more than it would cost to build five Panama Canals.

PLAGUE BEYOND CONTROL NOW IN MANCHURIA.

MUKDEN, Manchuria, January 18.—Bubonic plague continues to make terrible ravages among the residents of this city and the surrounding district. The pest has got beyond control of the local health authorities and the ignorance of the populace is making the situation impossible to handle with the means at hand.

Already the number of known deaths here from plague amounts to one thousand seven hundred and fifty-two, with hundreds of new cases appearing daily and the disease spreading rapidly throughout the country districts. The people are terror stricken and are fleeing in every direction to escape the contagion, by which means they are carrying the plague germs into regions heretofore free. No attention is paid to quarantine restrictions, nor can the elementary rules regarding sanitation be enforced.

Legation Endangered.

PEKING, China, January 18.—All the legations here, the inmates fearing that they might become involved in the spread of the bubonic plague, are preparing to sever communication with all the plague infested spots. Provisions are being hastily secured and stored, as though for a siege, and preparations are under way to close the legation gates and sever communication with the outside if such be necessary.

SIDEWALK REGULATION NEEDED.

It is a good move that has been made in the board of supervisors to have sidewalks regulated by ordinance. A mandate to the same effect to the committee on roads and the attorney's department was given by the late board but for some never explained reason was disregarded. Perhaps the municipal law department was unable to find time to draft the measure. If the same cause remains the local improvement organizations might have the thing done as they did in the case of the tenement house ordinance. The existing legislation on sidewalks, enacted long before county government, is quite obsolete and utterly inapplicable to present urban and suburban conditions. There is provision for a sidewalk commission the jurisdiction of which extends scarcely beyond the fireproof building limits. Owners of property outside the prescribed bounds of the commission's authority are without any legal guidance in the construction of sidewalks, and they can only make and maintain such at the risk of being compelled, when regulation of law is provided, to change the grade, width and material of their sidewalks at their own expense.

AN ANCIENT EVIL.

Attorney General McVeagh says nothing new when he deprecates the prevalent disregard of the commandment against stealing where the property of the government is concerned. It is a weakness of humanity as old as government and as universal as the habitable parts of earth. But the honest people are making as availing a fight against practices in that line as ever before, so that they probably never have been more unsafe than now in this country. Things are done on a bigger scale these times than formerly, and schemes for robbing the government and the people under its protection are no exception. Also the increased publicity that is a leading factor in suppressing grab and graft games is at the same time making people think that the sway of the rascals is gaining instead of losing. Yet the prison doors are probably opening more frequently for villains of distinction these days than at any former period. The category of prosecutions initiated by the various national departments indicate, moreover, that the government is done with being the goat for rascality.

Congressman Tawney points out that more than two billions of dollars, or what would build five Panama canals, has been expended on war preparations in ten years. A French statistician calls attention to the billions of expenditure and of increased debt to which Europe is being subjected for military purposes. What one nation is doing in this colossal draft upon resources another must do, until civilization shall have exerted its common sense far enough to realize that justice between nations can be secured without violence just the same as between man and man in every country ruled by law. The warlike pose of the powers today is the last attitude that expiring barbarism will take excepting that of everlasting prostration.

One who writes letters with nasty things in them about the place that gives him a living, and the persons who assist him in earning it, ought to have sense enough to tell his correspondents that the missives are loaded and will not bear handling without due care that they do not go off. Otherwise what may have been intended only as chaff may come back to its maker as dynamite fitted with an automatic detonator and blow whatever fair personal repute he has into smithereens. It is a good old rule of gentlemen never to put on paper anything concerning others that they would not speak to their faces.

The creation of a scare over the steamer Mongolia, because of an alleged report that Manila had a rumor that she had been sunk, is about the limit in irresponsible and unconsidered newspaper faking. When the alleged report from Manila came, the Mongolia was less than forty hours' steaming from Honolulu. It was therefore a physical impossibility for any news about her to have reached Manila except by cable from Honolulu. The story was just as reasonable as if a cable should come from London giving a rumor that the Mauna-Kea was ashore at Hilo—entitled to just as much notice.

Governor and Mrs. Fort, of New Jersey, are going to visit Honolulu in March, after the governor's retirement from office. The few mosquitoes Charlock can't kill by then should be caged and trained to sing "Home, Sweet Home" in compliment to the visitors.

Hilo evidently believes in its own future, when a lot in the business section brings more than double the upset price at auction. A 50,000 club to fill up by Panama Canal year ought to be about Hilo's size of expectation.

Such news as is coming of plague in the Orient should give fresh impetus to the rat-killing campaign here.

A MIDWAY AT THE FISHMARKET

When the Columbian Exposition was held at Chicago in 1893, the Midway Pleasance proved to be one of the chief attractions and drew bigger crowds than any other feature of the big show.

But the attraction along the Midway had to be imported. Villages of the natives of distant and little known countries were brought to Chicago for the edification of the crowds that traveled to that city. Representatives of peoples who were little more than names to most of the visitors at the exposition were gathered together along the pleasance to satisfy the curiosity of those who had never

traveled outside of their own country. If the exposition had been held in Honolulu, though, it would not have been necessary to go to foreign countries to collect together specimens of the many different races. They could have been found right here. For there are more nationalities living together in peace and amity in Honolulu than in any other city under the flag on the United States.

This fact is to be taken advantage of at the Mid-Pacific Kirmess that is to be held at the Old Fishmarket on Saturday, February 18, for the benefit of the Palama Mission Settlement. The Kirmess is to have a Midway Pleasance of its own.

A statement to this effect was made yesterday afternoon by Mrs. Walter Dillingham. "We are going to have a street of the nations," she said. "The main entrance to the Kirmess will be at the mauka end of the Old Fishmarket, and running down the long hall from this entrance to the makai end will be a street both

Uncle Walt

The Poet Philosopher

Oh, yes, I am a joyous jay! I chortle all the livelong day, I side-step grief and sorrow; on yesterday I was as gay and frolicsome as I'm today, and I'll be gay tomorrow. It's just a habit, and a MATTER OF HABIT no more; some men may practice being sore, and looking round for evil; for them each rose is mostly thorn, they see the cob and not the corn, their wheat is full of weevil. They can't enjoy a sunny day; they'll paw around and snort and say: "A storm will soon be ripping; 'twill knock the steeple off the church, and blow the rooster from his perch, and paralyze the shipping." If they are healthy, sound as wax, they'll search dogdasted almanacs to read of fell diseases; and when some pages they unfold they'll swear they have a frightful cold, and fill the air with sneezes. All that's a habit, friend of mine; it's just a habit to repine, and deal in gloomy phrases, to say that things are out of whack, that all the wheels have jumped the track, all bound for merry blazes. It's just a habit to believe that it is waste of time to grieve in these dim wordly regions; but such a habit makes you strong, and helps you as you prance along, and brings you friends in legions.

Copyright, 1910, by Geo. Matthew Adams

WALT MASON.

PRELIMINARY HEARING AND A JURY TRIAL

The point raised by Attorney Claudius McBride with regard to the rights of defendants in the police court has been sustained by Judge W. B. Lymer. It will be recalled that McBride, who is appearing for Antonio Richards (charged with the larceny of certain milk) demanded a jury trial and a preliminary examination in the police court, an application which was objected to by Attorney Frank Andrade and the City and County Attorney's office.

Judge Lymer at first inclined to the belief that McBride was right, but put the matter over until today in order to give the prosecution an opportunity to go into the matter. Upon consideration, however, the City and County Attorney's office decided that Richards was entitled to the preliminary examination as well as to a jury trial, and nothing further was done in the matter. Judge Lymer's tentative ruling that McBride was right being allowed to stand.

The case was called on this morning and during the preliminary hearing there were several acrimonious discussions between Andrade and McBride, the former wishing to hurry the hearing along and McBride endeavoring to keep to the beaten track. On an application by Andrade to amend one of the charges from stealing twelve quarts of milk to stealing one and a half quarts of milk, McBride made a vehement protest, declaring that he would have to have time to meet the new case if the amendment were granted. Judge Lymer stated that he could not see how Richards would be prejudiced but as it was possible that he might be granted a continuance until Friday in that particular case.

Evidence was then proceeded with in the other two cases against Richards, and on McBride objecting to the line of examination pursued by Andrade, Judge Lymer remarked that the Court was in a sorry position in the case, as it was only a preliminary

examination and the case had to go before a jury.

McBride pointed out that the defendant should be discharged if the court were not satisfied that there was probably reason of his guilt and to this the court assented, ruling, however, that Andrade could continue his examination as he chose as far as its order went.

AMERICAN METHODS BEST.

American railway methods have revolutionized the management of the government railways of the state of Victoria, Australia, and have put them upon a profitable basis. A report to the State Department, Washington, from Consul John J. Jewell, stationed at Melbourne, says that an American railway man in seven years has secured substantial profits to the state, in place of the deficits that previously existed.

Expenses were reduced, economies effected in many ways, transportation conditions were made uniform, and freight and passenger traffic increased. When an American took hold in 1903, as chairman of the railway commission for the state of Victoria, there was a deficit of \$9,304,982. During the succeeding seven years a surplus of \$4,558,577 was piled up.

SAFRA GOT IT.

Thomas Safra was before Judge Cooper this morning on a charge of having assaulted his wife. Attorney McBride, who appeared for the defendant, explained that his client was not hitting at his wife, but she intercepted the blow meant for another. However, defendant had decided to plead guilty.

There was no Spanish interpreter about, and McBride tried his Spanish on the defendant, who intimated that he had not understood a word of what had been said. McBride sheepishly told Judge Cooper that his Spanish was a little rusty. However, the defendant knew exactly what the proceedings were about, for he had had the whole matter explained to him yesterday. Counsel took the responsibility of pleading guilty.

A sentence of not more than two years, or less than one year, was imposed. The defendant had already been in prison for about three months.

The Daughters of Hawaii will meet tomorrow morning at ten o'clock at the home of Mrs. Coney, Richards street.

ELECTION OF OFFICERS.

At the annual meeting of the Sociedade Lusitana Beneficente de Hawaii, held December 17, 1910, the following officers were elected to serve for the ensuing term:

CASH PRIZE.

We will give a Cash Prize of TEN DOLLARS to the person sending us the best original article on the subject of

KAIMUKI'S RESIDENTIAL VALUE.

The article must explain why KAIMUKI is the best place to build a home in. This is all there is to it. If you know anything at all about beautiful KAIMUKI you can certainly write a splendid little composition about it and win the TEN DOLLARS. Try it!

Your article must contain not less than 200 words nor more than 500. Send your name and address plainly written on your manuscript. It is not necessary for you to have it typewritten—just your own handwriting will do.

Sunday, or any day, you can take a car ride to KAIMUKI. Get off at our Branch Office at the end of the Waialae line. Take a ramble around. Look at the mountains, the land and the sea. Notice the magnificent lay of the ground, the delightful slopes of the Palolo Hills, the pretty homes, the fine road and street improvements and the feeling of comfort and happiness everywhere. Don't forget old Diamond Head, Koko Head and the rainbows. Then it will not take you long to tell the world something about

KAIMUKI'S RESIDENTIAL VALUE.

Send us your composition on or before January 31, 1911.

We will award the prize money on February 5, 1911.

Financial and Commercial News

By L. D. TIMMONS

BUSINESS STATUS IN FARTHER EAST

BOSTON, Dec. 31.—Many satisfactory and in some respects highly encouraging developments have taken place in the world's business during the year just closed. If one should address himself to these as well as to the unfavorable conditions that have arisen during the latter part of the period it would be seen that the former outweigh the latter many times. In other words, taken as a whole the year 1910 has witnessed great progress in manufacturing and industrial lines, an enormous addition to the world's wealth from farm and mineral products, and many corporations will be able to show the largest earnings in their history. The slackening in commercial and industrial activity in evidence during the latter part of the period has been marked; but it is a natural reaction and will be of great benefit to future industrial expansion and world-wide prosperity.

Thirty-three important railway and industrial companies of the United States during the past year have increased dividend disbursements on their common stocks over \$46,000,000. Most of the railways earned larger balances for their stock for the fiscal year ended June 30 last than for the

MACFARLANE, attorney in fact for WILLIAM RENNY WATSON; MARY RENNY WATSON; MRS. MARY SHELBY; MARY MARGARET WATSON; SPENCER SHELBY; and CLARA KILAUEA, ELISA HILO, MARION MAKENA, DAVID PULOA, ALBERT PUNAHOU, ROBERT WAHIAWA, ALEXANDER LANAI, GEORGE KEVALO, HENRY KAMALO, WALTER HAWEA and PHILIP LAHAINA, unknown owners and claimants.

You are hereby directed to appear and answer the Petition in an action entitled as above, brought against you in the District Court of the United States, in and for the Territory of Hawaii, within twenty days from and after service upon you of a certified copy of Plaintiff's Petition herein, together with a certified copy of this Summons.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment of condemnation of the lands described in the Petition herein and for any other relief demanded in the Petition.

WITNESS THE HONORABLE SANFORD B. DOLE and THE HONORABLE A. G. M. ROBERTSON, Judges of said District Court, this 5th day of January, in the year of our Lord one thousand nine hundred and eleven and of the Independence of the United States the one hundred and thirty-fifth.

(Seal)
(Sgd.) A. E. MURPHY
Clerk.

(Endorsed)
"No. 71. DISTRICT COURT OF THE U. S. for the Territory of Hawaii. THE UNITED STATES OF AMERICA vs. HAWAIIAN SUGAR COMPANY, et al. SUMMONS. ROBT. W. BRECKONS, and WILLIAM T. RAWLINS, Attorneys for Plaintiff.

UNITED STATES OF AMERICA, DISTRICT OF HAWAII: ss.

I, A. E. MURPHY, Clerk of the District Court of the United States of America, in and for the Territory and District of Hawaii, do hereby certify the foregoing to be a full, true and correct copy of the original Summons in the case of THE UNITED STATES OF AMERICA vs. HAWAIIAN SUGAR COMPANY, et al., as the same remains of record and on file in the office of the Clerk of said Court.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said District Court this 17th day of January, A. D. 1911.

A. E. MURPHY,
Clerk of United States District Court, Territory of Hawaii.
By F. L. DAVIS,
Deputy Clerk.

ANTICS OF SUGAR.

Sugar, which swooped down to 3.51 on Monday, edged upward a little late yesterday, selling in New York at 3.515. Today the market for raws was even better, sales being made at New York on a basis of 3.52. Beets today are 8s, 11 1-4d.

C.-A. S. S. LINE.

The Canadian-Australian Line is to be the subject of negotiations next month between Sir James Mills, manager of the line, and the Australian government with regard to the new mail contract. If the arrangements are satisfactory, orders will be given for the construction of two steamers of 12,000 tons capacity, provided with the best of modern passenger accommodation, superior to the steamer Makura. Plans for the liners have been made.—Shipping Illustrated.

COMING TOMORROW.

The T. K. K. steamer Hongkong Maru en route from the Orient to South American ports, is expected to reach Honolulu tomorrow, but so far nothing has been heard from her by the local agents of the Japanese company.

preceding twelve months, notwithstanding increased operating costs. No railway company of prominence passed its dividend, and in a few cases dividends were initiated or resumed. As a general thing the non-dividend-paying stocks showed considerably larger earnings. There has been a falling off recently in revenues, but as a whole railway traffic continues satisfactory.

Foreign commerce for the year 1910 has reached almost, if not quite beyond, the limit or any previous year. This, in view of the falling off in our cereal exports, is a gratifying showing. Manufacturers are widening their field of activity by introducing their products into foreign lands, thus benefiting themselves and their new customers besides helping to increase the American trade balance. The imports are the largest of any previous year. The recent shrinkage in the volume of goods shipped into this country is attributed to the spirit of economy which lately has been manifesting itself in individual and commercial life.

A feature of the year's activities has been the tendency to over-produce. The consumptive demand has not kept pace with the output in iron and steel, copper, textile and other industries. At the same time stocks in hands of manufacturers are generally reported low. The policy of hand-to-mouth purchasing has been followed for the greater part of the year in the hope that lower commodity prices may be established. Curtailment is now in order in many directions—an emergency resorted to in most cases in order to maintain prices. But prices need to come down. A lower range of commodity values is almost certain to be reached, and the sooner the better for industrial progress. In the meantime a restoration of confidence would go far toward keeping the wheels of commerce moving. There is nothing of an alarming character in the situation. On the contrary, the future is pregnant with hope. Prosperity occasionally halts, but never will the people cease to enjoy it if they act with common sense and patience.

HAWAII PLANS REDISTRICTING

HILO, Jan. 16.—Among the suggestions which have been made recently and which may be brought before the Legislature in the coming session, is a plan which contemplates the division of the county into supervisory districts, corresponding to the present representative districts. This idea is to attempt to get rid of the present activity in which each supervisor represents but a small section of the island, and to make the members of the Board responsible to a greater number of voters.

It is proposed to have East Hawaii elect four supervisors and West Hawaii three, then to pro rata the money for the two districts and practically work on the two county system, though saving the extra salaries that would be needed if that plan went into actual effect. It is very likely that such a bill will be introduced in the House by one of the members from this island, and it will stand a good chance of passage.

One of the faults of the present system is the fact that in the past some of the members have looked on their position as one of responsibility only to their own district, instead of being supervisors for the entire county and working for the good of the county. It is thought that by dividing the county into two supervisory

BUSINESS OF YEAR IN STATE OF CALIFORNIA

The monthly bulletin of the California Development Board, dated December 31, contained the following interesting data:

Results of the year from orchard, farm and garden have been good and market returns very satisfactory. Acreage is being largely extended of apple, fig, walnut and orange trees, etc., in adaptable localities; 500,000 of the latter in one county alone, Fern, whose opportunities have not heretofore been fully recognized. Vineyard acreage is also being enlarged, especially for raisins and late table grapes.

Shipments of citrus fruits from Northern and Central California have passed their maximum, and those from Southern California are large and active.

Shipments of celery, cauliflower and other winter vegetables continue active.

Dairy and poultry industries are ex-

CZARNIKOW ON THE SUGAR MARKET

Our last report was dated 23rd December.

Owing to the holidays there have been only three days since our last issue and transactions in raw sugar have been on a very moderate scale, buyers being inclined to wait till the new year before entering into extensive contracts. The business reported amounts to about 10,000 tons and includes 2,000 Porto Rico for clearance not later than 7th January at last week's price of 3.86c. c. f. i. f. The balance of the sales were of Cubas at 2.38c. c. f. to 2.44c. c. f. for first half January, 2.31c. c. f. for all January and 2.12c. c. f. for first half February shipment prices which show a somewhat easier tendency.

European Beet markets have been inactive owing to the holidays. Business was resumed on 28th at unchanged prices, but the following day showed an advance of 1 1-2d., which, however, has been only partially maintained. Today's f.o.b. quotations are: December, 8s. 11 1-4d.; January, 8s. 11 1-4d.; January-March, 9s.; May, 9s. 2d.; August, 9s. 4d.

The receipts for the week at the three Atlantic ports were 23,175 tons, made up as follows:

Tons.	
Cuba	10,579
Porto Rico	—
Other W. I.	1,950
Brazil	—
Hawaiian Islands	—

Java	—
Other Foreign	10,646

GERMANY SOURS ON BEER.

Berlin, Dec. 23.—The consumption of beer in Germany according to official statistics, published today, is rapidly decreasing. During 1909 the consumption diminished approximately 65,000,000 gallons, or one gallon per head of the population. During the preceding year there had been a diminution of nearly 70,000,000, while during the last decade there has been a decrease of three gallons per head per annum.

The decline in the brewing trade is also revealed by the diminishing number of breweries in Germany. In 1906 there were 6,035, in 1907, 5,792; in 1908, 5,590; and last year, 4,769. During 1909 alone there was thus a decrease of 822 breweries. The decrease in the consumption of malt has been considerably greater than is indicated by the diminution in the consumption of beer, thus showing that the beer drunk in Germany becomes lighter and lighter each year.

ENGINEER HEUER'S DEATH IN EXPLOSION.

KAU, Hawaii, Jan. 15.—On Tuesday an accident happened in the Honuapo mill when a steam pipe burst and so scalded the chief engineer, A. F. Heuer, that he died the next day. Two mill hands who were standing near were also badly scalded. The

piping and the numbers of live stock are increasing.

Many new mining developments are taking place. Oil industry is somewhat unsettled on account of department rulings, but new developments are going on.

Natural gas is being piped to San Joaquin Valley towns.

New and extensive industrial enterprises are many.

Public and private building and railroad construction are active.

The number of new registrations of motor vehicles for November, reported by the Secretary of State, was 1,117.

The bank clearings as reported to the California Development Board from eight clearing house cities show an increase for December of 6.6 per cent over December, 1909.

The following shows the bank clearings and building permits from November 29th to December 28th, inclusive:

Tons.

AN OPTIMISTIC OPINION OF SUGAR

In their stock pamphlet for the month of January, Wakefield, Guthrie & Co. of San Francisco, advance a decidedly encouraging opinion concerning the sugar market. They are not alarmed at all over reports of excessive crops and seem to think that four cents sugar, or better, may be expected for the year 1911. It must be remembered, however, that a part of their report in regard to the damage done to the Cuban crop by the recent hurricane has been nullified by more recent statements from the affected district. However, the pamphlet says:

Without attempting to suggest limits to the variation of market prices, it seems safe to conclude from such estimation of the effect of the general market conditions as can be made in advance, that:

1. The average New York market price of raw sugar during 1911 will not be less than 3.70 cents per pound;
2. Beginning in 1912 the average market price for several years will be more than 4 cents per pound.

In a general way it appears as if the six years 1910-1915, would develop substantially the same order of changes in average annual market prices for raw sugar as the six years, 1905-1910, have had, with the prospect that the average market price for the period 1910-1915 will exceed 4.008 cents per pound, the average market price for the period 1905-1910.

It is from the basis of these conclusions as to the probable course of the New York market price of raw sugar during the period 1910-1915 that the Hawaiian sugar producing companies' stocks appear as high class investment securities.

In a supplement to the pamphlet referred to Messrs. Wakefield, Guthrie & Co. make the important prediction that in place of being 100,000 tons ahead the Cuban crop this year will actually be 300,000 short of last year, this 400,000 tons shortage offsetting in a large measure the beet samples and

pipe was leaking, and the men were endeavoring to rectify it when the accident happened.

Mr. Heuer has been for many years in the employ of the Hutchinson Sugar Plantation company as chief engineer of the Honuapo mill, and was much respected by all who knew him. His wife and family reside in Germany, with the exception of one daughter who lives in Honolulu.

The social study section of the Men's League will meet at the parish house on Thursday evening. Papers will be read on "European Emigration," by Jos. Emerson, with discussion by Doctor Emerson and W. C. Parke, and on "Asiatic Emigration," by Benj. Marx, with discussion by Doctor Scudder and F. Damon.

Rev. W. B. Oleson, secretary of the executive committee of the general committee which is arranging to place a Hawaii exhibit in the Missionary Exposition to be held in Boston this spring, has been selected to take charge of the installation of the exhibit from the Islands. Much of the exhibit gathered here will be forwarded to New York via the American-Hawaiian Steamship Company.

NOTICE.

To whom it may concern: We beg to state that Mr. H. B. Odell has severed his connection with us.

QUIET SESSION OF STOCK EXCHANGE

The session of the Stock Exchange this morning was almost without special incident, there being few sales and prices ranged about as they did yesterday. There were inquiries for bonds, and the season seems to be close at hand when, owing to the unfavorable state of the sugar market, the more conservative investors will seek out good bonds as their financial malady. Wherever known, Hawaiian bonds are regarded as gilt-edged, and the rate of interest is not bad.

Since yesterday's session \$7,000 Hawaiian Irrigation sixes have changed hands at \$101.50, as against a last previous sale at \$102.

Two blocks of Waiailua stock—69 and 25 shares—sold at \$90, after which the same was bid for more.

On the board this morning 100 McBryde sold at \$4, after which the same was bid for more and \$4.25 asked. This stock is in demand.

A block of 10 Honokaa sold at \$11.125, after which \$11 was bid and \$11.25 asked.

Interesting quotations without sales were: Ewa, \$27.25 bid and \$27.50 asked; Hawaiian Commercial, \$33 bid and \$33.75 asked; Oahu, \$26.25 bid and \$26.50 asked; Oiaa, \$3.875 bid and \$4.125 asked; Pioneer, \$179 bid and \$185 asked.

AN OPTIMISTIC OPINION OF SUGAR

In their stock pamphlet for the month of January, Wakefield, Guthrie & Co. of San Francisco, advance a decidedly encouraging opinion concerning the sugar market. They are not alarmed at all over reports of excessive crops and seem to think that four cents sugar, or better, may be expected for the year 1911. It must be remembered, however, that a part of their report in regard to the damage done to the Cuban crop by the recent hurricane has been nullified by more recent statements from the affected district. However, the pamphlet says:

Without attempting to suggest limits to the variation of market prices, it seems safe to conclude from such estimation of the effect of the general market conditions as can be made in advance, that:

1. The average New York market price of raw sugar during 1911 will not be less than 3.70 cents per pound;
2. Beginning in 1912 the average market price for several years will be more than 4 cents per pound.

In a general way it appears as if the six years 1910-1915, would develop substantially the same order of changes in average annual market prices for raw sugar as the six years, 1905-1910, have had, with the prospect that the average market price for the period 1910-1915 will exceed 4.008 cents per pound, the average market price for the period 1905-1910.

FLORAL PARADE COMMITTEE'S APPEAL.

The Finance Committee of the Floral Parade yesterday sent out a thousand letters to citizens of the community, together with subscription blanks to be filled out with whatever amount the recipient may care to give toward the Parade.

The committee is this year carrying out the same plan adopted last year, that of raising the necessary fund for carrying on the Parade by means of a popular subscription, rather than by securing the money from a few individuals and firms. The plan worked well last year except that it involved a great deal of hard work on the part of the Finance Committee.

In the letter sent out it was stated that three thousand (\$3,000) dollars is the sum to be raised. This is the same amount that was asked for last year. Chairman W. A. Bowen of the committee has already received a number of responses to his letter, and feels very much encouraged over the outlook.

The committee is composed of W. A. Bowen, chairman, Edwin H. Paris and John Waterhouse.

The Union-Pacific Transfer is now under entirely different management—that of Jacobson and Raven. These two hustlers are prepared to give you the very best service in baggage, shipping and storage. Phone 1875.

GOVERNOR FORT TO STAY HERE FOR ONE WEEK

TRENTON, Jan. 2.—Governor Fort, soon after he retires from office January 17, will start with Mrs. Fort on a tour around the world. They will sail from San Francisco about February 23. They will stay one week in Honolulu and then proceed to Japan, touching at Nagasaki and other points in the island empire before going to Tokio, where they expect to arrive about April 1, in time to see the famous cherry trees of the islands in blossom. Governor Fort intends to be back in this country in time to attend the meeting of the Governors at Spring Lake on September 4.

The reception that Governor and Mrs. Fort will give to Governor-elect and Mrs. Wilson in East Orange on Wednesday will not be the public affair that some were led to believe. "Just a few of our friends and neighbors are being asked to step around to the Women's Club," said the Governor. "to meet the new Executive and give Mrs. Fort and myself an opportunity to see our friends before we go away."

COOL EVENING.

The change in the temperature suggests open fire places or oil stoves to some and a visit to Haleiwa to those who wish to get out of life the best there is in it. Travel in the direction of Haleiwa, both by motor and train, is increasing daily. Tourists are learning that a change from city life is a great help in learning all that is good of the islands. Haleiwa is two hours run by train from Honolulu and is reached by the O. R. and L. Co. trains. The house is one of the best in the territory, from any point of view, and the cuisine and service superior. It is an ideal place for a rest where rains are rare and the mercury generally show a downward tendency.

WOMAN HEALED AT THE ALTAR

MILFORD, Del., Jan. 2.—Hobbling to the altar during a revival meeting conducted by the Rev. L. E. Bennett, Mrs. Florence Still, who was paralyzed in one leg and unable to walk, was suddenly healed through the power of prayer. She can now walk about, and is as well as she ever was. Her sudden recovery is vouched for by hundreds who were at the meeting.

For several months revival meetings have been going on here, and Mrs. Still became interested in the reports of the meetings. She had been sick for some time, and during her illness a leg was paralyzed. The limb became shorter than the other, and an extension sole of two and a half inches was required. Her physician told her she would never be able to walk again without crutches.

She became impressed with the idea that she should go to the meetings and seek religion. After hearing the sermon of the evening, she insisted upon being helped to the altar, and several men carried her forward, where she began praying in a loud voice for salvation. Suddenly as she was praying the congregation was astonished to see the lame woman arise to her feet and walk about without any assistance.

Her crutches have been thrown away and so far as she or any of her friends can see, Mrs. Still is suffering no result from her former illness.

The curing of Mrs. Still has brought many persons to the meetings, seeking to be healed, but no other cures have been reported.

Several ministers and prominent members of the Methodist Protestant Conference, in which church Mrs. Still was cured, have come here and personally investigated the matter. They obtained satisfactory proofs of the unusual case.

JAPANESE SPIES IN PHILIPPINES

WASHINGTON, January 2.—The Philippine Islands and their fortifications have been investigated by Japanese spies during the last few months, according to a statement made today by Ignacio Villamor attorney general for the Philippines, and by Ponciano Reyes, prosecuting attorney for the bureau of justice in the islands, who are in Washington to testify in the congressional inquiry into the sale of the friar lands in the Philippines.

Mr. Villamor said that two Japanese spies were arrested in Manila last September and that in their possession were found maps of the islands and of the fortifications and harbor of Manila.

Washington Receives Notice. "The officials in Washington were notified of the arrest of these men," said Mr. Villamor, "but because they were civilians there was no law under the United States government of the Philippines by which they might be held. So they were released."

"The Japanese consul at Manila was notified of the arrest and in a formal manner took the matter up with his government. Had the Spanish laws been in force still in the islands, the spies could have been held."

"There is no doubt that the Japanese government is familiar with the Philippines and the fortifications and harbor of Manila and Corregidor. The recent arrest of Japanese spies in Manila alleged to be in the employ of the Japanese government came after I had left for the United States, and I do not know the details of their capture. But several months ago nearly all of the stationery stores in Manila obtained supplies of maps of the islands and Manila. Within a week or two nearly all of them had been purchased by the Japanese."

Japanese Officers' Boast.

"On my way to this country I stopped in Japan, and while there talked with a number of Japanese army officers. One of them told me he had no doubt that Japan could take the Philippines at any time. He added however, that in a war with the United States Japan would come off worst in the long run, because Japan was already heavily in debt and the resources of the United States were so vast."

Mr. Villamor said the Philippines had made great progress under American rule, and that they had much respect for the American government. They hope, however, that independence will be given them ultimately. President Taft is very popular with the Filipinos, he said.

Mr. Villamor and Mr. Reyes will have a conference with the President at the White House within the next few days.

WAR'S COST APPALLING.

PARIS, Jan. 2.—Edmond Thery, the French economist, figures that the maintenance of Europe's armed peace footing in the last 25 years cost 145,000,000,000 francs, approximately \$29,000,000,000, involving an increase in the public debt of the European States of from 105,000,000,000 to 151,000,000,000 francs, and constantly excluded from productive industry 195,000 officers and 3,800,000 men.

It's a joke when some people take themselves seriously.

The trouble with the dead beat is that he refuses to give up. Fine Job Printing, Star Office.

IN THE DISTRICT COURT OF THE UNITED STATES IN AND FOR THE TERRITORY AND DISTRICT OF HAWAII

THE UNITED STATES OF AMERICA, Plaintiff, vs. KOHALA SUGAR COMPANY, et al., Defendants.
Action brought in said District Court, and the Petition filed in the office of the Clerk of said District Court, in Honolulu.

THE PRESIDENT OF THE UNITED STATES, GREETING:

KOHALA SUGAR COMPANY, a corporation organized and existing under and by virtue of the laws of the Territory of Hawaii; SAMUEL M. KANAKANUI; ANNIE KANAKANUI, wife of Samuel M. Kanakanui; S. M. W. KAWELO, Jr., whose full and true name is unknown; HANA KAHANAIRI (w); MABEL WALALUA, EDITH MAKUA, CHARLOTTE MAKAHA, ALBERT WAIANAE, CHARLES NANAKULI and ALFRED WAIPIO, unknown heirs at law of KAAIHINAHINA, deceased; DOROTHY WAIKELE, ANNIE WAIALU, MARTHA PUULOA, ALEXANDER MOANALUA, JAMES PALAMA and SAMUEL KALIHU, unknown heirs at law of NAPAIPAI, deceased; ISABELLA HULU, DAISY MAKIKI, MARGARET ANAPUNT, HARRY HAKALAU, WILLIAM KAI and CURTIS NALU, unknown heirs at law of LIHI, deceased; KU; KAUI; LULAWALE (w); MU; KANAKANUI; and REBECCA HANAIEI, FANNY KILAUEA, CLARA KAWAIHAU, ELIZABETH KOLOA, CORA MAKAWELI, MORRIS WAIMEA, ERIC KEKAHA, OLIN LIHUE, ALLAN KUALOA and FRANK MALULANI, unknown owners and claimants

You are hereby directed to appear, and answer the Petition in an action entitled as above, brought against you in the District Court of the United States, in and for the Territory of Hawaii, within twenty days from and after service upon you of a certified copy of Plaintiff's Petition herein, together with a certified copy of this Summons.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment of condemnation of the lands described in the Petition herein and for any other relief demanded in the Petition.

WITNESS THE HONORABLE SANFORD B. DOLE and THE HONORABLE A. G. M. ROBERTSON, Judges of said District Court, this 10th day of December, in the year of our Lord one thousand nine hundred and ten and of the Independence of the United States the one hundred and thirty-fifth.

No. 68. DISTRICT COURT OF THE U. S. for the Territory of Hawaii. THE UNITED STATES OF AMERICA vs. KOHALA SUGAR COMPANY, et al. SUMMONS. ROBERT W. BRECKONS and WILLIAM T. RAWLINS, Attorneys for Plaintiff.

UNITED STATES OF AMERICA, District of Hawaii,—ss.

I, A. E. MURPHY, Clerk of the District Court of the United States of America, in and for the Territory and District of Hawaii, do hereby certify the foregoing to be a full, true and correct copy of the original Summons in the case of THE UNITED STATES OF AMERICA vs. KOHALA SUGAR COMPANY, et al., as the same remains of record and on file in the office of the Clerk of said Court.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said District Court this 20th day of December, A. D. 1910.

A. E. MURPHY,
Clerk of United States District Court, Territory of Hawaii.

Exclusive Features of Our REGAL OXFORDS

- Heel Hug—Regal Oxfords fit snugly at the heel—never chafe or cut—because they are made on special Oxford lasts.
- Ankle Fit—Regal Oxfords fit smoothly and evenly around the ankle, whereas ordinary low-cuts, made on high-shoe lasts, sag and gape at the ankle.
- Custom Instep—The patented, two-part REGALFORM Lasts, on which Regal Shoes are made, are removed from the finished Regal Shoes in sections. This permits the instep or "waist" of the shoes to be made small and snug.
- Quarter-sizes—In addition to the usual half and full sizes, Regals come in one-quarter and three-quarter sizes in between. This double number of fittings insures an exact fit for every foot.
- Custom Styles—Regal Oxfords reproduce the latest, correct custom styles, not found in other ready-to-wear shoes until the following season.

And yet our Regals cost you no more than ordinary shoes!

AT THE THEATERS

Business has been good at all the theaters during the week, due entirely to the excellent programs that are being put on at all of them. So far there is nothing definite to report in regard to the proposed combine. No satisfactory agreement has been come to between the managers and proprietors of the various houses, although the majority of them are in favor of the project. A meeting was held yesterday afternoon at which the matter was discussed in all its phases, but nothing could be decided upon. It is expected, however, that soon something definite will be arranged. In the meantime the managers and those interested are thinking the matter over.

The Bijou.

The Bijou will change its strong bill tonight, and strengthen it still further by the inclusion of two new acts, namely, Tote and Tate, a pair of clowns, and Madame Charini, a wonderful trapeze performer. These people will make their first appearance at the Bijou tonight, when there will be changes of program by the other members of the company Jones and Greiner, Diaz and Fisher, the Weldon family, Valle Trio, Ben Beno and Ed Quigley. There will also be shown some new pictures. Today, the first matinee will be held, when the performance will start at half-past two, and the prices of admission will be ten and fifteen cents. Another matinee will be held on Saturday, and there will be another entire change of program on Friday evening. The management has some further acts coming forward on the Sierra on Friday, and the new people come with headline reputations. They are said to be good, and will open at the Bijou shortly after their arrival.

The Park.

As usual, Barnes and West are going strong. Their new comedy turn has caught on, and Barnes is proving just as funny in this as he did in his previous act. Miss West comes out in a beautiful, black dress, and her excellent dancing is still a feature of the performance. Barnes appears in a new role, for he explains some excellent lantern slides that Manager Congdon has had executed, giving views of various parts of the world. Barnes has travelled many miles in the course of his professional career, and at most of the points that he has touched at he has had photographs taken. These he briefly explains as the pictures are flashed upon the screen, and the travelog proves extremely interesting, especially to those who have seen the places depicted. The Melnotte sisters are still in the bill, and are going as strong as ever. There is an interesting selection of pictures.

The Novelty.

The Novelty bill has been strengthened by the inclusion of Charles Archer. Archer is an excellent comedian and pianist, and he has enhanced the reputation that he has made at other houses of entertainment in Honolulu. His performance at the Novelty is indeed an excellent one, and a little above the ordinary. The Van Barkleys are still in the bill, and are going just as well as ever. Little Jimmy and Margaret Lowell are also appearing with success. The selection of films is a good one, and embraces a wide variety of subjects. The Novelty has always been noted for its film service and the present bill is no exception to this rule.

The Art.

At the matinee today, the Bartelli Brothers will make their first appearance. These boys are excellent musicians, for they play quite a number of instruments, and they should prove an acquisition to the Art program. They also have an excellent comedy act that they can put on as a change. The Bartellis should prove successful in their engagement at the Art.

Empire's Matinee.

This is the afternoon of the big mid-week matinee at the Empire theater, designed especially for the convenience of ladies and children. As at the night entertainments just now, the leading feature will be the playing of the Musical Bentleys on their great xylophone. They will put on some of their classiest pieces, and also some Mexican and Hawaiian selections. The pretty Gladstone sisters will reappear in an attractive series of acrobatic stunts and dances, while Crawford and Meeker will be there with the run and Edna Randall will sing in her usual fetching manner. The program as a whole is an exceptionally fine one.

Amateurs At Savoy.

The feature at the Savoy last even-

LIVELY BIDS FOR HAWAII LAND

HILLO, January 15.—There was a good deal of interest taken in the sale of government land which took place in this city last Saturday. The feature of the day came in the price which the lot of land on Richardson street, upon which an upset price of \$1,574 was placed and which brought considerably over double this sum. It was bid in by A. M. Cabrinha, acting as trustee for the Young Men's Saving Association, for the sum of \$3,300. P. C. Beamer and W. S. Wise were two other bidders who kept things going, but Cabrinha made raise after raise of \$100 each and took away the prize. The area of the lot is 12,825 square feet.

Another interesting fight came over the purchase of a remnant of a quarter of an acre of the Kaumana tract, planted with a ratoon crop of cane. L. C. Lyman started with a bid of \$1 over the upset price of \$30, which was immediately raised \$5 by Cabrinha. The same proceedings followed till \$55 was reached when Cabrinha quit and left the land for Lyman. The school lot in Puueo, against the sale of which the last board of supervisors protested, went to Miss Josephine Deyo, for \$830.

METHODIST MEETING.

The sixth annual meeting of the Hawaiian Mission of the Methodist Episcopal Church began yesterday. Bishop Hughes was in the chair and there was a large attendance. Rev. G. Motokawa of the King street Japanese church reported the purchase of new property and the raising of \$3000 towards the erection of a new building. Doctor Wadman submitted a very full account of the last ten month's doings to the convention.

CENTRAL UNION CHURCH ANNUAL FEAST TONIGHT

This evening at six o'clock the annual supper given by the Central Union Church will take place. The Women's Society has charge of the catering department and there will be accommodation for about two hundred more than before.

During the course of the evening the male quartet will be on hand to sing and the story of 1910 will be told in short speeches.

ing was the program advanced by the amateurs, it being entered into with spirit and much enjoyed by all present. Snook escaped from the paper bag without breaking it, as promised; the Laredos repeated in fine style their program of the evening before, and the Malan-Magrath team kept the crowd in fine humor. Tonight these same big features (barring the amateur program, of course) will be repeated, and tomorrow night there will be a complete change of program.

Concert At Aala.

The Royal Hawaiian band will render the following program at Aala park this evening at 7:30:

- March—Aala.....Berger
- Selection—Count Luxemburg.....Lehar
- March—Lo Kamalii.....Berger
- Selection—Madame Sherry.....Hoschna
- Vocal—Hawaiian songs, ar. by Berger
- Selection—Bright Eyes.....Hoschna
- Ballad—Kapiolani.....Scott-Niau
- Finale—Chantecler.....Thurban
- Star Spangled Banner.

Fine Job Printing Star Office.

TAFT'S NEW YEAR MESSAGE: HE WANTS PEACE, BUT MALEFACTORS MUST REFORM

(By Oscar King Davis in Philadelphia Public Ledger.)

WASHINGTON, January 2.—There is a New Year greeting from President Taft and the members of his administration to all whom it may concern: The President is much concerned that nothing shall be done by the government which will unnecessarily disturb business, but—the law is going to be enforced as it is found on the statute books, and business, as well as all other persons and interests, must obey it, even if they do not respect the law.

It is not the intention in writing this dispatch to indicate that there is going to be anything like a crusade against this or that form of business during 1911, or to create a "scare" about a general opening up of prosecution right and left. Anything like this, so far as the Public Ledger correspondent can ascertain from conversation with different administration officials, is farthest from the purpose and desire of the President and his Cabinet.

But there are certain feelings on the part of the President and the responsible heads of government departments working with him which are worthy of careful consideration at this particular season by all concerned. To bring about respect for the law on the part of the public generally has long been one of the greatest desires of President Taft. He had not been long in the White House when he began to talk to callers about his earnest wish that people would "wake up to the fact that the law means them as well as the men around the corner." He has expressed his concern about the matter in public speeches since he has been President as he did frequently during his campaign for election. It may be said now that the only change in his views since he has been President has been by way of accentuation.

"Clinging" the Roosevelt Policies. It will be recalled that Mr. Taft often spoke, in his campaign speeches, of the necessity of "clinging" to the work of the Roosevelt administration. One part of what he meant by that term is now shown in the results of the activities of several of the governmental departments, especially those of Justice, the Treasury and the Post-office. It is now necessary to give the long list of prosecutions and convictions in these three departments alone in order to make clear the application. This form of "clinging" the Roosevelt policies was not concerned with securing more legislation, but with the enforcement of the laws already enacted.

So far as introducing new legislation is concerned, the President declared in his message to Congress of a few weeks ago that the time had come when attention should be turned rather to carrying out existing laws than in seeking others. He is for a period of quiet and rest, which he couples with those two desirable things, respect for and obedience to the law.

Just offhand, it will probably strike most persons as rather amusing than anything else that the president of the United States or anybody else should be exercised over a general failure to respect and obey the law, but it does not so strike the officials of the various governmental departments who have to deal with law-breaking. It is not an amusing matter, for instance,

to the Commissioner of Internal Revenue, with his little matter of 4000 indictments a year against men who have endeavored to evade or beat the internal revenue law. Nor is it a joke to the Attorney General, with his long and growing list of prosecutions for violation of all sorts of Federal statutes, from the anti-trust laws down. It is no laughing matter with the secretary of the Treasury, with the immense and constant frauds against the customs to be followed up and punished.

Moreover, he regards as the best agent in obtaining such general recognition the steady and quiet enforcement of the laws. The work of the

law officers of the Taft administration has not been conducted thus far to the accompaniment of heaping tom-toms and there has been no pronounced disposition to try cases in the newspapers. In fact, as Washington newspaper men know, there has been rather a pronounced disposition to keep just as much "dark" about government cases as possible. But an unusually large percentage of prosecutions have been successful, and unusual speed in handling cases has been shown.

This will go on. The same steady and quiet but persistent efforts to enforce the law all around will mark the Taft administration in 1911. The President is anxious that no interest, business or other, shall be disturbed unnecessarily, and that no one shall be summoned into court for any other purpose than for the due and proper enforcement of the law, but the law is going to be enforced, and business as well as everybody else might as well understand it at the start of the new year.

PEST TO KEEP OUT OF HAWAII

WASHINGTON, Jan. 2.—Trapping ants is a new method of elimination of insect pests that Department of Agriculture experts are watching. In Louisiana and California the Argentine ant, the most persistent ever known by the biologists of the government, has been damaging horticulture by carrying scale insects from infested to uninfested trees and in other ways, and all anti-ant campaigns have so far failed as to this species.

According to the department, the ant probably was introduced into this country during the New Orleans cotton exposition in 1884. The ants spread through the city, proved to be a great nuisance to the stores and houses, and at once swarmed into the houses to such an extent, according to the department, "that it was dangerous to let babies go to sleep in their cradles because the ants would get into their eyes and travel all over them, and at Baton Rouge they were particularly dangerous and troublesome."

California authorities who are collaborating with the department have considered a trapping process that they think favorably of and in Louisiana flooding may control.

WHERE DEATH SHIED.

NEW YORK, Jan. 3.—A New York hospital ambulance containing a patient, two surgeons and a policeman, was struck by a cross-town car in the Bronx early today. The policeman and both doctors were seriously hurt, but the patient, who had just made a nearly successful attempt at suicide with a revolver, was not injured.

DANGER FROM CROUP.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house and at the first indication of croup give the child a dose. Pleasant to take and always cures.—For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

NEWS IN A NUTSHELL

Paragraphs That Give Condensed News of the Day.

Large airy furnished rooms with hot and cold bath. Hotel Arlington.

Have your eyes tested by S. E. Lucas the Parisian optician in the Masdnic Temple.

Some good citizens are helping the FLORAL PARADE by lending vehicles for others to decorate. Ask about this at FLORAL PARADE HEAD-QUARTERS, 1065 Young Hotel Building.

Cultured people are particular about their linen. Abadie's French Laundry is the only one in the city that gives perfect service and turns out spotless snow white linen. Office 777 King street, Phone 1491.

We have some copies of last year's Souvenir Album to give those who may want ideas for the FLORAL PARADE. Ask for them at FLORAL PARADE HEADQUARTERS, 1065 Young Hotel Building.

W. R. Hughes, leader of the Bijou Orchestra was not prosecuted at the police court this morning on the charge of assault which was sworn to by chauffeur C. Machado. Deputy City and County Attorney Brown stated that upon investigation of the matter he had come to the conclusion that Hughes had acted rightly in ejecting Machado from the theater, though he might have used a little unnecessary force. Judge Lymer concurred and the charge against Hughes was stricken from the calendar.

The appeal to the Supreme Court in the case of *Muston Campbell Superintendent of Public Work vs. James Steiner, et al.*, was argued and submitted this morning.

See that you get your green stamps when you are buying at the stores. And call at the show rooms, and see the many valuable articles you get for them.

The case of Henry St. John Nahalelua et al. vs. H. A. Heen, exceptions from Circuit Court, will be submitted to the Supreme Court tomorrow morning, and in the afternoon the case of the Territory vs. Taniuchi Kawano, will be submitted.

Hanzo Tsurushima was arraigned in the Federal Court this morning on a charge of having placed non-mailable matter in the United States post office. The matter complained of was contained in the "Hawaiian Japanese Daily Chronicle." The case was continued until Saturday.

The Pacific Mail steamer Mongolia about which there were various reports as to her sinking current last evening, is safe and sound, according to wireless advices which were received by the local agents last night. At eight o'clock the Mongolia was reported well. The vessel had been in some rough weather but nothing had occurred to justify in the slightest measure the reports which were circulated around town.

Preparations for the monster benefit now being arranged for the mother of the late Antone Ornellas are well ahead and tickets are on sale at the Orpheum Theater. Nigel Jackson will also have them on sale in the streets, so that all who wish to help in this movement will have no difficulty in getting the necessary tickets. The benefit program is a lengthy one and all artists are giving their services free.

The cornerstone of the new Y. M. C. A. building will be laid on February 1. The box which was set in the keeping of the secretary, will be placed in the new receptacle, together with a box containing up-to-date records. H. Dillingham, chairman, W. Love and Secretary Paul Super are a committee to make arrangements for the cornerstone-laying.

MARU TONIGHT

Messrs. Hackfeld and Company have received advices from the America Maru stating that it is expected to reach port from the Coast at seven o'clock this evening. The America Maru has no passengers for Honolulu, except lay-overs, and no freight, and she will leave for the Orient at ten o'clock tomorrow morning.

M'QUAID'S STORY

(Continued from Page One.)

was about eighteen inches and the mark on the iron railing about thirty-four inches high.

By Douthitt—The distance between the deck of the car and the ground was eight inches. None of the bullets hit as high as seven feet from the ground. The bullet in the stanchion was about five feet from the ground.

Henry Espinda said that he was a hackman. He found a bullet near the Fort street car track near the scene of the shooting. The bullet was flattened.

Captain Sanders' name was then called but he did not answer. He had not been subpoenaed, but had promised to be present.

Attorney Cathcart said that he expected to prove the condition of the defendant while shooting by Captain Sanders.

The court took five-minute recess in order to permit Captain Sanders to attend. As he had not appeared, the prosecution rested its case.

Attorney Douthitt in opening the case for the defense said that he expected to show that the defendant had been a resident of the territory for many years. During that time McQuaid had occupied many trusted positions in various parts of the islands. He was a married man with two children. McQuaid first met Volney C. Driver in December, 1906, when the latter applied for employment. Driver was given employment by McQuaid, who was then the manager of the Kona Development Co. McQuaid extended the hospitality of his home to Driver. On a number of occasions Driver while ill stayed all night at McQuaid's home. McQuaid did all that he possibly could to make Driver's condition pleasant. In October, 1909, McQuaid, who had been suffering for many years from a severe internal complaint and from the effects of overwork, came to Honolulu for medical treatment. McQuaid had been afflicted with sleeplessness, and at times had been without sleep as long as thirty-six hours. In January, 1910, McQuaid made a business trip to Kula. He returned by the Claudine which came in a day ahead of schedule time—that was at about 4 a. m. on January 12. McQuaid proceeded to his home, but was delayed somewhat in obtaining admission. At that time, McQuaid was in a bad physical and mental condition by reason of lack of sleep. After he got into the house and saw Driver there, McQuaid was so stupefied and dumfounded with amazement that he did not know what to do, and he could not credit the evidence of his senses. McQuaid stood there hardly daring to credit his eyes, and eventually when his wife invited him to go to bed, automatically he went. He stayed there for a minute or two, and then the whole matter came to him. He got out of bed and walked on the veranda and smoked there for the remainder of the morning.

Driver had been living at McQuaid's house at Waikiki, but it was not considered proper that Driver should remain there during his absence. On the morning that McQuaid left for Kula, Driver went down and waited until the steamer had left the wharf.

In the morning of his return, after having seen Driver passing through his children's room, McQuaid found the breakfast set for one extra person, and later on Driver came in and took his place at the table.

The children made certain remarks at the time, but McQuaid was in a stupid condition from what he had seen the previous night. McQuaid left the house shortly afterward and went to town, returning under the influence of liquor. When he next saw Driver a violent altercation took place. Driver was the more powerful, and threw McQuaid to the ground and choked him. Eventually Mrs. McQuaid gave a signal and Driver let McQuaid up. McQuaid went to the Queen's Hospital for treatment in January, 1910. During the time he was in the hospital, he was sleepless on account of his brooding over the domestic calamity. He remained in the hospital for about sixteen days and during that time he was frequently informed of the intimacy between his wife and Driver. In February, 1910, McQuaid discovered his wife and Driver with their arms around each other's necks. McQuaid asked Driver, if he had any respect for his mother or his sister, to go away and leave his wife alone, and not drag the names of his children in the mud. Driver then left and Mrs. McQuaid went home. McQuaid continued to brood and in July, 1910, he was found to be suffering from a nervous breakdown. Since January, 1910, McQuaid had been a changed man. In September, 1910, in Kona, McQuaid was noticed to be a changed man; he had a forced hilarity; he seemed always to be out of place. He could not be brought back to a realization of what was taking place around him. There was a peculiar look out of his eyes. He learnt in Kona that his

wife's intimacy with Driver had been going on since 1906. It was common talk in Kona that McQuaid had a deep and affectionate regard for his wife and children. He was practically a physical wreck. On November 1 last he underwent treatment by Dr. Murray.

On the morning of the alleged shooting he went down town, and after remembering certain things that did transpire, his mind became a blank. The next thing he remembered was coming to himself on the floor of the Baltimore Dairy, wounded. He had no recollection of the shooting that took place. But he remembered being taken to the hospital, thinking that it was about twelve o'clock.

Counsel would endeavor to prove that from sickness, bodily and mental, at the time McQuaid fired at Driver he was absolutely irresponsible for his actions. In other words counsel would introduce medical evidence that at the time the alleged shooting took place he was suffering from monomania, and was not accountable for what he did. That was not the only occasion on which he had such a lapse. McQuaid was acting as though he were in a trance. Many people had noticed a fixed and vacant look in McQuaid's eyes. Frequently, McQuaid had recourse to liquor.

"If we bring these facts to your attention and show to you that the defendant was absolutely irresponsible, we ask for an acquittal," concluded Attorney Douthitt.

McQuaid was called as a witness. He said that he had resided over fifteen years in the Territory. During that time he had worked for Brewer & Co., the Dillingham Co., and the Kona Development Co. When asked if he had any family, he broke down and could only answer by holding up two fingers. He said in a broken voice that he had been married for twelve years. He then told how he came to know Volney C. Driver. Driver, he said, was recommended to him, and he employed him as a bookkeeper in the Kona Development Co. The most friendly relations existed between Driver and himself. The surroundings were not pleasant, so witness took Driver to his own home, until better accommodations were provided. When Driver was ill, witness took him to his home and did all that he possibly could for him.

At one time McQuaid's grief was so keen that Judge Cooper considerably suggested a ten minute recess. When he told of the children having informed him that their mother had tried to persuade them to say that he had struck her, he broke down completely. At other times he became hysterical.

When he told of having seen Driver passing through the children's room, the scene was heartrending.

SCHOOL PLANS ARE DISCUSSED

A meeting of Supervising Principals of Honolulu was held yesterday afternoon at the Education Department's offices. The matter under discussion was the grading of pupils and their promotion. The following schemes were discussed:

1. Promotions at any time during the year, as teachers find that a pupil can profitably pursue the work of the next grade. Possible in small classes where there is much individual teaching.
 2. The other extreme is promotions only once a year, at the close of the summer term.
 3. Quarterly promotions, possible only in large schools with four teachers for each intermediate grade.
 4. To divide the pupils of each grade into three groups according to their capacities. Each group to proceed at a different rate through the course, and in this way a part of the grade may be promoted each term. Sometimes called the Cambridge plan. When there are three divisions of a grade in one room a pupil may be easily transferred from one group to another—higher or lower.
 5. To divide the grade into as many sections as desirable in some subjects in the course, which are deemed essential and other studies pursued by the whole grade together. For instance, number, reading, proper use of language and geography might be called the essential subjects of the course, that is, the subjects on which promotions should be based. If it be decided what the essential subjects shall be then the class may be divided into groups in those studies and taught as a whole in the additional subjects.
- Tests for promotions—Daily record of work, written examinations, teacher's judgment of capacity of child corroborated by principal, with some written tests. All three combined.

After today, all unpaid sewer and water rates for the year will be delinquent.

Remnants -- Remnants

Thousands of short-lengths have accumulated during this sale and on Tuesday and Wednesday,

JANUARY 17TH AND 18TH

Will be put on sale at

HALF PRICE

Every remnant will be marked at its regular value but will only cost you ONE HALF, considerably less than they cost us, this extraordinary offer on

TUESDAY AND WEDNESDAY

Sachs Dry Goods Co.,

Corner Fort and Beretania Streets.
