WRIGHT IS LATE AND MADE LATER

Speaker Beckley Suspends The Member From The Second District For Being an Hour Late in Attendance.

Representative Wright was suspended for twenty minutes this morning by Speaker Beckley, for being an hour late in attendance at the House without excuse. "I had occasion to go to the District Court as a witness," said Wright, "and couldn't very well get away."

Wright took his medicine gracefully. He looked at his watch and retired, leaving his seat vacant for twenty minutes. When he returned Wright wanted to know if he could be considered a member of the House again and the Speaker informed him that his time was up and he was again a Representative.

BURGLARS GET NOTHING

SECURE ENTRANCE TO RICHARDSON & HOLLOWAY OFFICES BUT FIND VALUABLES LOCKED UP. FEDERAL COURT

THE APRIL TERM OF THE UNITED STATES DISTRICT COURT BEGAN THIS MORNING.

The regular April term of the United States District Court opened this morning. As not enough grand jurors were accepted to constitute a jury court took recess to 2 o'clock this afternoon at which time Judge Esteve will deliver his charge. If enough jurors are then secured, Marshal Hendry was instructed to summon ten more citizens.

KANIHO STOPS THE WHEELS

INTRODUCES A RESOLUTION IN THE HOUSE STOPPING BOARD OF HEALTH PLANS FOR TODAY.

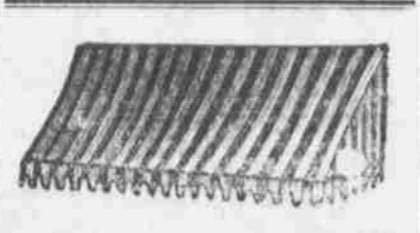

A resolution introduced by Kaniho in the House this morning and adopted without discussion instructs the Board of Health to desist from sending lepers to Molokai, according to plans, by the Lehua this afternoon, until after the report of the Health Committee on "their investigation of the lepers confined at the Kailih Receiving Station." The Board of Health had made all arrangements to send them today.

Government physicians in several of the districts have been asking every month for a long time for the removal of lepers they had in charge, but the Board was not able to get transportation facilities and the lepers remained. The large party which was to have been sent today therefore represents an accumulation of some time and not an unusual spreading of the disease.

MONTGOMERY DECLINES

THE CALIFORNIA ARCHBISHOP DOES NOT WANT THE ARCHBISHOPRIC OF MANILA WHICH WAS RECENTLY OFFERED TO HIM BY THE POPE AND WILL PROBABLY STAY IN SAN FRANCISCO.

SAN FRANCISCO, April 13.—The Rt. Rev. George Montgomery has declined the position of Archbishop of Manila, and will not go to the Philippines. It is expected that he will remain coadjutor of Archbishop Riordan of this city.

ANTI-REFORMER NAMED

PRINCE CHING, BROTHER OF THE EMPEROR OF CHINA, SUCCEEDS THE LATE YUNG LU IN THE IMPERIAL CABINET—WAS SELECTED TO PRESENT CHINA'S APOLOGIES AT COURT OF BERLIN.

PEKING, April 13.—Prince Ching has succeeded the late Yung Lu in the Imperial cabinet. He is a brother of the Emperor and a member of the Imperial, Anti-Reform party. Prince Ching was the man selected to go to Germany recently, rendering the apologies of the Chinese Empire on account of the murder of the German Ambassador during the Boxer troubles. Ching was said to have been in sympathy with the Boxers, and his advancement to the post of confidence and power held by Yung Lu is a significant step.

RAISED MANY SKELETONS

SPANISH CRUISER REINA CHRISTINA RAISED AT MANILA TODAY—EIGHTY SKELETONS OF VICTIMS OF NAVAL BATTLE WERE FOUND IN HULL OF VESSEL—MOST MET DEATH FROM AMERICAN SHELLS.

MANILA, P. I., April 13.—The Spanish cruiser Reina Christina which was sunk by the American fleet in the battle of Manila Bay, was raised today. Eighty skeletons were found in her hull. These skeletons were those of members of her crew who were either killed by the American shells or else drowned when the vessel was sunk.

SIERRA BEAT HONG KONG MARU

OCEANIC BOAT BEAT JAPANESE LINER BY TWELVE HOURS RECENT TRIP FROM HONOLULU TO SAN FRANCISCO—SIERRA LEFT EIGHT HOURS BEHIND AND ARRIVED FOUR HOURS AHEAD OF HER.

SAN FRANCISCO, April 13.—The S. S. Sierra of the Oceanic line and the Hongkong Maru of the Toyo Kisen Kaisha arrived today from Honolulu. The Sierra beat the time of the Japanese vessel by twelve hours.

This dispatch does not mean that the Sierra arrived twelve hours ahead of the Hongkong, but that the Oceanic boat made the run in twelve hours less time than her rival. The Hongkong Maru sailed from Honolulu at 10 a. m. last Tuesday, while the Sierra sailed about 6 p. m. of the same day, 8 hours behind the former. The Sierra evidently arrived four hours ahead of the Japanese boat.

REPEALS STAMP TAXATION

EMPRESS DOWAGER OF CHINA ISSUES DECREE REPEALING STAMP TAXATION SCHEME—NEWS OF IMPORTANT ACTION ARRIVES BY CABLE FROM ASSOCIATED PRESS.

PEKING, April 13.—The Dowager Empress has issued a decree repealing the stamp taxation scheme put into effect by the Governor of the province of Chi-li.

BEAT LOCAL OPTION.
Unsuccessful Effort Made to Have Senate Reconsider It.
Senator Dickey made an attempt to have the Local Option Bill reconsidered by the Senate this morning. His efforts were defeated by the vote of 6 to 5. Senator C. Brown gave notice of intention to introduce amendments to the beer license bill, in order to have the measure conform with the suggestions of the Governor made in the latter's communication when the measure was vetoed.

THE COUNTY BILL REPORT

CONFERENCE COMMITTEE'S REPORT WILL BE MADE IN BOTH HOUSES TOMORROW.

The report of the legislative conference committee on the county government act is to be presented in both houses tomorrow morning. According to present plans the report will go in under suspension of rules early in the proceedings, in order that action may be taken at once. Cecil Brown will present it in the Senate, and John Gandall in the House. Both Gandall and Brown had their reports ready for this morning, but as the type-writing of the changed bill was not complete, it was deemed best to wait a day. When the report is adopted tomorrow the bill will be ready to go to the governor, in amended form.

LIQUOR FINES TO BE HIGHER

WARNING SERVED ON LIQUOR SELLING VIOLATORS TODAY IN POLICE COURT—DUTIFUL SON.

Warning was served this morning by Judge Wilcox that as soon as the new liquor license law goes into effect, the fines for selling liquor without a license will probably be raised. At the present time the assessment levied against offenders is \$100 and costs. The occasion for serving this notice, unofficially, was the trial of Harano, the proprietor of a Japanese joint in the Aala district. The Jap pleaded guilty to selling beer without a license. The court fined the defendant \$100 and costs and added "When this new liquor license law goes into effect, there will probably be a change in the amount of the fines. There will not be so much excuse then for selling liquor without a license." The court did not name the exact amount to which the fine would be raised however.

Mrs. Maria de Souza an old withered Portuguese woman, was arraigned to answer to a charge of selling liquor without a license. She ran the joint in the vicinity of Camp McKinley where Deputy High Sheriff Chillingworth and men made a raid Saturday night. Mrs. Souza was very aged and feeble, and a son had to support her as she walked to face the court. The old woman admitted her guilt. She said that she was forced to sell a little beer once in a while, to support herself, as she was in destitute circumstances. Judge Wilcox said that if he were not acquainted with the circumstances of the case he might be disposed to look with leniency on her but he had been informed that the son who is a soldier at Camp McKinley was the proprietor of the place and had the woman selling the liquor in violation of the law. The court would, continued Judge Wilcox, let the young man show what a dutiful son he was, by paying a \$100 fine that would be inflicted on the defendant. The fine was paid and the woman left the court room. A large quantity of liquor was seized by the officers.

CHINA IS EXPECTED. The S. S. China is expected today from the Orient. She will have about 1,000 tons of freight to discharge at this port. The China may be delayed however on account of the heavy weather that has been prevailing during the last three days. She will probably sail tomorrow about noon for San Francisco.

ARMY OFFICER FOR THE N. G. H.

Governor Dole Has Requested The President to Detail An Army Officer Under a Late Act of Congress.

Governor Dole has written to the President and the Secretary of War asking that an officer of the regular army be detailed to instruct and build up the National Guard of Hawaii, in accordance with the terms of an act of congress passed at the last session and approved by President Roosevelt January 21 of this year.

The act entirely recasts the laws relating to the militia of the several states and territories. It provides that all male citizens of the United States between the ages of eighteen and forty-five shall constitute the militia of the United States. The National Guard of the several states shall constitute the organized body of the militia. The president may order any part of the militia of any state or territory to any other state or territory or outside of the United States.

Four million dollars are appropriated for arms and materials. Competitive marksmanship contests are to be held and the expenses of those who take part in it are to be paid by the war department, together with the pay for the range of the contestant.

With a regular army officer detailed here, he would give the local militia instruction in all the departments which a soldier of the United States should know. The signal corps, especially would receive a great deal of attention. Col. J. W. Jones, commanding the first regiment, N. G. H., has given a great deal of thought to this new act of congress, and is very much interested in securing an Army officer to be detailed here to help carry out the spirit of the act so far as the National Guard of Hawaii is concerned.

CAPTURED "COL" LAKE'S "ARMY"

POLICE BAG "SUFFERING-BORER" LAKE AND ALL HIS AMAZONS—"ARMY" HAD CANTEN.

"Colonel Suffering-Borer" Lake was in familiar surroundings this morning. He occupied a seat in the prisoner's dock in the police court. He was charged with violating two of the Territorial laws.

But disagreeable as was his situation in one respect, it had its compensations. The hitherto regimentless colonel had at last found an army and his army was at his back. Deputy High Sheriff Chillingworth was the opposing commander that had effected a coup and captured the entire "army" of the Colonel. They were fully as fine and

YACHTSMEN OUT AGAIN. Hawaii Yacht Club's First Cruise of the Present Season.

The first cruise of the season of the Hawaii Yacht club took place on Saturday afternoon and yesterday, the usual course to Pearl Harbor and back being taken. The Dewey, Skip, Myrtle and Abbie M., left on Saturday afternoon and made the run down in about an hour, with a good breeze. The Maria and La Paloma were already at anchor at Paoua. There was a chowder on shore at Paoua. On Sunday the Gladys, La Paloma, Helene, Abbie M., and Maria started for a race around Ford Island. The Abbie M., met with an accident and turned back. The Helene finished first, followed by the La Paloma, Gladys and Maria. There will be another cruise next Saturday.

SEAMEN SUE FOR DAMAGES

LIBELS FOR \$10,000 AND \$15,000 ARE FILED IN THE UNITED STATES DISTRICT COURT.

Two libels against the Paauhau Sugar Company, one of them being also against the Wilder Steamship Company, were filed Saturday morning in the United States District Court, by seamen who were injured at Paauhau last March, while the steamer Helene was unloading. One of them demands \$15,000 damages and the other \$10,000. S. Palapala sues the Paauhau Sugar Company for \$10,000. He claims to have been injured through the negligence of the company, on March 19. He alleges that a sling load of sugar was dropped too soon, and his hand was crushed, causing him great bodily pain and loss of his position. The other libellant is Nawaieha, who sues both the Wilder Steamship Company and Paauhau Sugar Company. His complaint recites that his collar bone was broken, in a manner much similar to that in which Palapala received his injuries, and damages in the sum of \$15,000 are asked. J. J. Dunne is attorney for both the libellants.

BROKE RECORDS. Last week, Punamea Mill broke the world's record, its output of sugar for the week being 1,500 tons, or a daily average output of 251 tons.—Maui News

Pain Balm heals bruises, burns and scalds in less time than any other treatment. It is "antiseptic" that is, it prevents putrefaction, and by so doing generally prevents an unsightly scar remaining after the injury is healed for lame back, lumbago and neuralgia. Pain Balm has no equal. It has the quality of "getting to the right spot." No sufferer from these distressing affections should defer a trial of this remedy. One application gives relief. Try it. All dealers, Benson, Smith & Company General Agents, sell it.

Important Reasons

Why Herring-Hall-Marvin Safe Co.'s Safes and Locks are the Best?

The concrete filling makes these safes absolutely Fire-Proof and positively Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent Bolt Work is superior to any in use and does not require the constant oiling, cleaning, and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, THERE IS NOT A SINGLE INSTANCE ON RECORD WHEREIN ONE OF THEM EVER FAILED TO PRESERVE ITS CONTENTS PERFECTLY. They make safes for county treasurers, county recorders, county clerks, jewelers, Hotels, residences, churches and corporations. We have a large assortment of safes on hand and will be pleased to show same.

RACE MEETING ON MAUI ISLE

THE MAUI RACING ASSOCIATION WILL OFFER \$1500 IN PURSES ON THE FOURTH OF JULY.

WAILUKU, Maui, April 11.—The Maui Racing Association at its annual meeting last Tuesday decided the following officers:
G. H. Robertson, president; J. J. Walsh, vice-president; D. L. Meyer, secretary; W. T. Robinson, treasurer; J. Kirkland, James N. K. Keola and George Keeney, executive committee.

It was decided to retain the former day for the great races of the year on Maui, July 4, that date having been abandoned last year for August 12. The Association decided to offer the sum of \$1,500 in purses, which will be increased to \$1,599 if necessary, and the executive committee were instructed to prepare a liberal program at once for publication, which will of course be subject to final action at the next meeting of the Association in May. There will be several new Maui horses to compete for honors at the meet, among which Col. W. H. Cornwell, President of the Honolulu Jockey Club, promises to add a string.

CURRIER VS. WALDORF

EDITOR STAR:—Miss Janet Waldorf did not, as she states, sever the business connections which have existed between us. It was I who took this step, the first intimation of which I made in Shanghai recently. In reply Miss Waldorf wrote me the letter, a copy of which I now enclose as follows: "Dear Mrs. Currier:—I beg to acknowledge receipt of your letter dated 1st February, 1932, in which you notify me of your decision to withdraw from the above organization—Janet Waldorf Co.—at the close of the present Shanghai season. Thanking you for your kind wishes, I remain, "Yours sincerely, "JANET WALDORF."
You may be sure I took this step for good and sufficient reasons and it was only owing to sickness and death which deprived the company of two of its members that I consented to remain. Miss Waldorf complains of the want of chances of professional advancement and compels me to reply that I left America for the Orient with her because she was a financial failure as a "star" attraction in the states and I either had to make a move in that direction or give up hopes of her. The organization made money from the start of this tour until Honolulu despite heavy expenses, sickness and death. I regret that Miss Waldorf has by her own acts courted this disagreeable publicity. However this ends the matter for me. Thanking you kindly for space, I am, yours truly,
A. DOW-CURRIER.

LAHAINA NOTES.

LAHAINA, April 11.—Major S. Nowlein and family of Honolulu are visiting relatives in Lahaina.
Miss N. Holden, principal of the Kindergarten, is entertaining two teachers from Wailuku.
Good Friday services were held at three of the churches.
Easter Sunday will be appropriately observed at all the churches.
A large store has been opened on the corner of Main and Mill streets.
Miss Ellis of Los Angeles has returned from a pleasant excursion to Haleakala.
The epidemic of dengue fever has not entirely disappeared.

HILO-KOHALA RAILROAD.

Ground will be Broken on the Fourth of July.
HILO, April 10.—P. Peck returned Wednesday by the Kinohiwa from Honolulu. In Honolulu he was in conference with various people in the interest of the Hilo-Kohala railroad. Mr. Peck said to a Tribune representative: "Our matters are now in good shape and unless unforeseen obstacles arise in the form of unfriendly legislation by the legislature, we shall be able to break ground on July 4th. We hope to be able to give the celebration of Independence Day an extraordinary meaning for the people of Hilo."
"The Electric bill in the Legislature disarranged our plans to some extent and delayed the consummation of a portion of our plans. But this difficulty has now disappeared and with the expenditure of a few extra weeks we figure that all will end for the good of Hilo.—Hilo Tribune.

KAILUA COURT.

HILO, April 10.—The Grand Jury at Kailua reported "no bills" in the case of P. K. Bipe, charged with killing cattle and J. Johnson, charged with assault and battery with a dangerous weapon.
Indictments were found against Fred Gouvea of South Kona, charged with larceny in the second degree; Nishomora charged with assault and battery with a deadly weapon; Motara and Tanagushi charged with kidnapping.
J. W. Kailua Malo and two others charged with larceny in the second degree pleaded guilty and were sentenced to one year imprisonment.

RELIGION AND BASEBALL.

The Maui News of Saturday, April 11 announces that:
"Special trains will run from Paia, Puunene and Kihel tomorrow, to enable out-of-town people to attend church services in the morning, and stay to enjoy the baseball game in the afternoon."

ROAD CLOSED.

The road from Waimea into Kona has been closed by the contractors on account of the traffic interfering with the work.—Hawaii Herald.

Chamberlain's Pain Balm is a liniment, and while adapted to all the ordinary uses of a liniment, has qualities which distinguish it from other remedies of this class. Pain Balm is especially beneficial for rheumatism. Thousands of cases can be cited in which this remedy has effected a cure when the sufferer had previously tried the best medical service without securing relief. Pain Balm is positively guaranteed to give relief in the most severe cases of chronic or acute rheumatism. All dealers, Benson, Smith & Co., general agents, sell it.

THE INSURANCE LAW.

The threat of the insurance companies to withdraw if the insurance bill becomes law may be an empty one as some people claim, but on the other hand it may not be an empty threat and should they withdraw very serious results might follow. To actually refuse to do any business here would lead to something very like a financial panic. Many loans upon property and goods depend entirely upon insurance. Take away the insurance and the loans would be called in. This would cripple business in all directions and would injure every class in the community. Goods sold on commission would be hard to obtain and under certain circumstances impossible to obtain.

But the total cessation of insurance business need not take place. Insurance could be made at the coast. This would avoid the provisions of the law here, but would cause very great trouble to the citizens here. It would be very inconvenient if agencies were withdrawn to be unable to cover a risk suddenly as people often do now. It would necessitate sending premiums to the coast personally instead of paying to an agent here.

Another objection raised is that the sum required to be invested here is really no guarantee. A mere \$20,000 investment is a small amount to levy on, is practically insufficient for the purpose it is meant to serve. Many insurances are far above this amount, and the good standing of old companies is the true guarantee of the financial soundness of the company.

On the other hand the supporters of the measure maintain that the insurance companies form a sort of a trust and that their rates are too high. They claim that there is not proper discrimination upon risks, that all house property for instance is insured at an even rate, no matter whether the house has a brick chimney or not, no matter whether it stands isolated or is contiguous to other property which might be inflammable and so forth.

These people claim in their argument that if the present insurance companies, doing business here, should retire other insurance companies would come in, and they even suggest that the Territory should form a territorial insurance company. The latter course is of doubtful wisdom. To have an insurance company of a purely local nature, without outside business is to count financial disaster, since this has been proved many times over.

The insurance battle will be fought out, and having good advocates on both sides, may furnish some pretty fighting before it is over.

The police made things hot for the illicit liquor sellers Saturday night, and made quite a big haul of booze. Incidentally they turned up some moral plague spots, and there is more to follow.

The end of the legislature is in sight, though there is always the chance of an extra session for financial purposes. There seems no reason why there should not be a quick close and the territory be allowed to look after its material prosperity.

The London Times has now a regular wireless service. The despatches are headed "by Marconigraph." The Times claims that long distance Marconigraph only costs the same rate as from London to Paris. In Southern California there is a small paper published, the contents of which is entirely formed by news by wireless to one of the outlying Islands. The time may come when all the world will use Marconigraphs, but the cable companies do not act as if they thought that time was very near at hand.

The development of Fiji has been seriously hindered by the land laws. This is a complaint of long standing. Fiji has large areas of fertile land and is remarkably well watered. The two large Islands have considerable rivers utterly unlike any thing that we possess or any of the Islands of our own group. With the Australian and New Zealand market so near, the sugar industry ought to be very much more advanced than it is. Fiji is what is known as a Crown colony, and Crown colonies are noted for their somnolence rather than their progress. Of all the groups in the Pacific the Territory of Hawaii is a long way in the lead.

The Kingdom of Queen Wilhelmina is by no means quiet, though it was reported on Saturday that the strike was broken. It takes a long time to arouse the plegmatic Dutchman, but once aroused he can be very stubborn indeed. History has shown this many times over. One has only to go back to the time of Alva and the Spanish occupation to know how dogged the Dutch could be. It was the descendants of those same Dutch which carried on the Boer war in South Africa. The Dutch government has its hands full in spite of its anti-strike act, notwithstanding the late cables.

The telephone company has had a very adverse report presented to the Chamber of Commerce and Merchants' Association. The short comings of the management are very forcibly presented by the experts who were called upon to look into the matter. According to the experts it seems a wonder, not that we have a very poor service, but that we have any service. If another company starts, however, the franchise should be very carefully scrutinized, and it should be made impossible that such poor service should be rendered by the company to the public without risk of forfeiture of franchise. We must have radical reform or a new company, that is plain, but we must not have the mistake of the past repeated.

As the legislature has had a full day's rest, it may get at its work with increased fervor next week. It has certainly shown the desire to push legislation through rapidly.

Honolulu is a hoodoo for the Waldorf combination. The first company went to pieces here four years ago, some of it returning to the coast some of it remaining, and the rest making a feeble flight to the fabled east. It has at last returned and has come to final wreck. A lesson might be learned, but theatrical people never will learn lessons.

The mouths of the populace fairly watered when the boxes of gold, really yellow United States gold coin followed Commissioner McLennan up the street yesterday. But the distribution will be the firm. Some of the contingent fees were considerably over ten per cent and many of the claims have been shaved. However with the yellow metal in sight, it is not likely that either the lawyers or the shavers will come out at the wrong end of the horn. If they do there will be wailing in Israel and among those who have accepted the Israelitish methods.

The official statement of the domestic exports of the United States in February, 1903, makes a favorable showing. The total value of the breadstuffs, cattle and hogs, meat and dairy products, cotton and mineral oils shipped in that month was \$75,266,672, an increase of \$20,266,966, as compared with February, 1902. Of this marked gain \$12,654,565 represents the increase in the cotton exports and 5,885,256 the increase in breadstuffs, chiefly corn. For the eight months of the fiscal year ending with February, 1903, however, the combined exports of the five leading products show a decrease of \$18,172,470 as compared with a corresponding period in the preceding year.

The communication was laid on the table to be considered with any bills that may be introduced on the subject.

In the matter of the Standard Telephone Company franchise, Senator Achi introduced a resolution granting that company a franchise. Senator Brown objected to the suspension of the rules by which the resolution was being introduced. His objection was voted down and the resolution passed first reading.

The Pauoa Springs purchase was referred back to the committee as it is desired by the committee to offer some amendments.

A BUSY DAY IN THE SENATE

PETITIONS AND MEMORIALS RECEIVED FROM MANY CITIZENS. MILITIA BILL PASSES.

In the Senate this morning the resolutions of the Chamber of Commerce were received. They were laid on the table. An attempt was made by Senator Achi to have the standard Telephone Company considered but the matter was laid on the table.

A petition from various citizens asking for amendments to the tax exemption law was read.

Some petitions asking for the adoption of the local option laws were presented by Senator Dickey. They will be considered with a bill introduced on behalf of Chinese and Japanese merchants by L. Aho requested that \$4500 be allocated to have been illegally collected in merchandise licenses, be refunded.

Senate Bill No. 176 providing for the completion of the Supreme court reports, was favorably reported by the Judiciary committee. The report was adopted. Similar report was also made on the bill amending the general railroad law. An amendment offered by the committee provides for a jury to fix the value of land taken by condemnation, instead of a commission. The report will be considered with the bill. The House bill providing for right of action for damages, was favorably reported by the committee on miscellaneous petitions. The health committee reported favorably on the bill that amends the law relating to building permits. This report was adopted.

The bill appropriating \$2,337.85 for reimbursement of road boards to whom Wilcox had failed to send the money passed third reading. On motion of Senator Baldwin the bill to purchase the Pauoa Springs was referred to the committee, as more amendments are to be made.

Senate Bill No. 59 to provide a high school for Hilo passed third reading.

The Senate bill to regulate the practice of surgery and medicine was passed. By the adoption of the committee's report the militia bill passed second reading.

NOTICE OF FORECLOSURE AND SALE.

Samuel C. Allen v. Nettie L. Scott et al.

Notice is hereby given that pursuant to a decree of foreclosure and sale made by the Honorable W. S. Edinger, Judge of the Circuit Court of the Third Judicial Circuit, made on the 9th day of April A. D. 1903, in the above cause whereby the premises covered by that certain mortgage of Nettie L. Scott and M. F. Scott, of the District of Kona, Island of Hawaii, Territory of Hawaii, Mortgagees dated June 1st, 1900 and recorded in the Register office in said Honolulu in Liber 207 at pages 210, 211 and 212 were duly ordered sold to satisfy the said mortgage, I shall on the 29th day of April A. D. 1903 at the Court House at Kailua, Island of Hawaii, Territory of Hawaii, offer for sale and sell at public auction to the highest bidder all the right, title and interest of Nettie L. Scott and M. F. Scott, the Kona Sugar Co., Ltd., and E. L. Dorch as Receiver of the said Kona Sugar Co., Ltd., in and to the said premises, which are as follows:

"All that tract of one thousand acres of land situated in Holoalua, 1 and 2 North Kona, Hawaii, Territory of Hawaii, said land being in one block and bounded on the West by the upper Government road, North Kona, Hawaii and on the north and south by the North and South boundaries respectively of Holoalua, 1 and 2, and on the east by a line drawn to include said amount of 1000 acres; the said land being part of the premises described in Apana 43 of Land Commission Award to Victoria Kamamalu the said land being also described in a lease from M. D. 1891).

"Also all growing crops on the said lands."

J. K. NAHALE, Deputy Sheriff, District of North Kona, Island and Territory of Hawaii.

and reading, as did the bill exempting the Pacific Heights railway from the payment of taxes.

The bill suppressing gambling passed third reading. An amendment by Senator C. Brown required that the officer have a search warrant before searching premises.

Action on the liquid explosive bill was deferred until Wednesday as it is claimed that the proposed law in its present shape, will shock hardships on various people, including the Oahu Plantation.

Senator Paris presented a communication from the Superintendent of Public Works, asking that a number of unpaid bills be inserted in the appropriation measure covering this subject. There was a big roar at once. The Senate held that it was not right to tie up the bill at the very last stage of the passage. President Crabbe declared that if the items should be passed, the Superintendent could take them to the House. They were not inserted.

The item of \$12.50 for the Waialua Soda Works cut out last week, was inserted however, as it was learned that this money was due the company for supplying the school with fresh water, the regular water source having been cut off.

ELLEFORDS EN ROUTE.

Popular Company to Arrive Today Week.

The annual migration of the Elleford Company takes place this month, the company, like swallows flying south, arriving here on Monday next, April 20, with a brand new repertoire of plays, lots of new songs and specialties. They are heralded by the indefatigable Tom Hines and a previous reputation which will be fully lived up to.

Prices will suit the times ranging from twenty-five to seventy-five cents, the seat sale opening on Saturday next at the box office. The company plays at their regular house the Orpheum.

Plays will be changed every other night. The week opens Monday with the romantic drama of "The Lion's Mouth" and includes "In Mizoura" and "Man's Enemy." Special scenery is carried for the productions.

MADE OBSERVATIONS OF THE NEW STAR

MOUNT HAMILTON ASTRONOMERS REPORT ON THE DISCOVERY MADE BY TURNER.

SAN JOSE, April.—W. W. Campbell, director of the Lick Observatory says: Our first opportunity to catch a glimpse of the new star discovered by Turner at Oxford, England, in the constellation Gemini, occurred Wednesday night at the close of a long spell of stormy weather. Excellent observations of it were secured on Thursday night by Messrs. Perrine, Aitken, Rees and Curtis.

Like previous objects of the same class, this new star is very interesting, its visual magnitude is about eight and one-half, though photographically it is fully a magnitude brighter than this, on account of the richness of the star in photographic rays. Its spectrum contains numerous bright bands, the most conspicuous being those due to hydrogen.

The theory of new stars held by most astronomers is that they are in nearly every case the result of a violent collision between two dark and invisible stars, or between a dark star and a nebula. It can readily be shown that the energy of motion of two such bodies, approaching each other and colliding at enormous speed, would be converted into heat in sufficient quantities to transform the dark bodies into glowing gases.

The history of previous new stars leads us to expect that the nature of this object will change in the course of a few weeks or months, and it will become a nebula. In fact, our study of the spectrum of the present star leaves little doubt that the transformations have carried it along nearly to the nebula state. The position of the star is R. A. 6 hours, 35 minutes, 48 seconds; and North declination 30.3.

The crop he found ready to harvest yielded 1700 tons of sugar, under his careful and energetic administration the crop increased in four years to 10,000 tons, this with increased areas, mill improvements, railroad building, perfecting the water supply and fluming system, called for energy and ability of no mediocre type.—Hilo Tribune.

HOW CHAMBER COMMERCE STANDS

SENDS COMMUNICATION TO SENATE TODAY URGING ACTION ON CERTAIN MEASURES.

The Senate heard from the Chamber of Commerce this morning on a number of interesting matters now pending before the Legislature. The Chamber communicated its views of matters, in the form of various resolutions adopted at the meeting last Saturday. The communication which was addressed to President Crabbe was as follows: "Resolved, that the Chamber of Commerce, address Senate and House of Representatives now in session, urging the passage of the bill granting a franchise to the Standard Telephone Company.

"Resolved, that the Chamber of Commerce is opposed to any legislation looking toward exemption from taxation, of private concerns or public corporations, and is of opinion that no such legislation should have the favorable consideration of either Senate or House of Representatives.

"Resolved, that it is the sense of this Chamber, that the payment of salaries to the president and members of the Board of Health is more undesirable, as in the opinion of the Chamber, those officials should be unpaid, as in the city of San Francisco.

"Resolved, that the Chamber of Commerce does not approve the passage by the Legislature, of bills providing for acquiring water works at Kaimuki, or springs in Pauoa, believing that the present laws provide a perfectly just and reasonable plan for obtaining any available water needed for the city of Honolulu.

"Resolved, that the Chamber of Commerce indorse a bill which shall provide for the establishment of the city and county of Honolulu, which shall comprise the island of Oahu; rather than a bill which shall provide for the establishment of the city of Honolulu in the county of Oahu.

"Trusting that the foregoing will receive the consideration of your honorable body, I remain,

Your obedient servant,
"JAMES GORDON SPENCER,
"Secretary Honolulu Chamber of Commerce."

TO GET OUR LONGITUDE

COAST AND GEODETIC SURVEY TO BEGIN TESTS SOON ON NAVAL RESERVATION IN HONOLULU.

Within a short time, the correct longitude of Honolulu will be known. Edwin Smith of the Coast and Geodetic Survey Department, arrived by the S. S. Ventura and is now superintending the construction of a cement pier on which the testing will be done. He will have very delicate instruments consisting of transit, chronographs and chronometers in the work. The testing is done by taking the time of the stars.

The stars travel around the earth in a little less than 24 hours and it is easier and more accurate to take the observations by them. Mr. Morse of the same survey has a similar observation station at the Procidio, San Francisco. As soon as the two gentlemen are ready, the observations will be taken at night. Telegraph wires will be run from either end of the cable to the two observatories so that they can be in instant communication and the result of the observations can be sent immediately by wire.

The pier is located on the naval reservation as it is desired to have this permanent observatory. The observations will last about five nights. The latitude has already been determined. The longitude is determined by comparing the observations of the two gentlemen, the difference being the longitude of Honolulu. After completing his work here, Mr. Smith will go to San Francisco and Mr. Morse come to Honolulu when the final tests will be made.

MCKINNEY THE OUTLAW

Associated Press, Morning Service. BAKERSFIELD, Cal., April 11.—After killing two men in Arizona a week ago Jim McKinney, the Tulara outlaw, who now has several murders to his credit, again entered California today closely pursued by a Sheriff's posse. A pitched battle was engaged in between the posse and the outlaw, and although the latter escaped capture, it is believed that he has been wounded.

A USEFUL OFFICIAL RESIGNS

Associated Press, Morning Service. WASHINGTON, D. C., April 12.—James M. Beck, First Assistant Attorney General of the United States, has resigned that position and will resume his private law practice.

Beck is regarded as one of the foremost criminal lawyers in the United States. It was through his efforts in San Francisco, a few days ago, that Walter N. Dimmick, the defaulting cashier of the mint, was convicted. He has previously been prominent in big criminal cases, including the conviction of the notorious gang or revenue stamp counterfeiters in Pennsylvania about two years ago.

WAS A ROW IN SENATE

PUBLIC EXPENDITURE COMMITTEE REPORTED AGAINST PAYING \$5,000 TO HAWAII MILL CO.

There was a very lively discussion in the Senate Saturday over an item of \$5,000 in the Unpaid Bills measure. The Hawaii Mill Co. of the Hilo district was on the list for this amount, due them for constructing a road. The Committee on Public Expenditures of which Senator Paris was chairman, and Senator McCandless and Nakapuuani members, had reported adversely on the item.

Senator Isenberg opposed this part of the report. He said it was very peculiar that the president of the Hilo road board had first signed the voucher for this claim and then had gone back on this action and expressed himself as opposed to the item. The speaker declared that the claim was fair and just.

Senator Paris replying for the committee said that the committee had reported adversely on the claim. Mr. Scott of Waialua plantation had said that under his name had been brought to force him to sign the voucher. The road was not a public road at all, but a private road so it had been sent to Senator Paris. It was over the property of the plantation.

Senator Isenberg contradicted the claim that the road was not a public one and stated that formerly where there was only a trail running, there were now about fifty settlers along the road. His father had been in Hilo at the time that this matter was brought up, and after it had been agreed by the road board that the claim should be paid, the Hackfeld people had gone ahead and built the road.

Senator McCandless said that Mr. Scott had appeared before the committee and informed them that it was not any public road but was for the benefit of the plantation. Scott had not approved it, but undue pressure had been brought to bear by Former Superintendent Boyd to have the voucher signed. The road was used principally by the plantation but the plantation allowed people from Hilo to hold picnics back on the plantation ground and those people used the road.

"Well, why was it," demanded Senator Isenberg, "that the committee questioned only Mr. Scott and did not question Mr. Van Gravelmeyer or Mr. Rodiek of H. Hackfeld and Company on this matter? Those gentlemen should have been called too, so that both sides of the matter might have been learned. It is the word of those two gentlemen against the word of Mr. Scott."

"It is an astonishing thing," declared Senator C. Brown, "that any president of a road board allows himself to be influenced into signing a voucher of which he does not approve. If there is such an official, the sooner he is kicked out of his job the better it will be."

Senator J. T. Brown declared that the road in question, was a government road, as he had built 1,700 feet of it. Senator Aehl said that if the deal was wrong Sheriff Andrews might be put out of office as Andrews had signed the voucher. On motion of Aehl, the item was passed over the report of the committee, by a vote of 12 to 2.

"A fine send off you give your committee," observed McCandless, as the chair was counting his vote and the vote of Senator Paris against the motion.

The other items were discussed. The item of \$752.25 for interest due the various Hamakua plantations and others on their claims for lighting the forest fires, was stricken out.

The Senate took a recess shortly after the noon hour, as the bill had not been concluded.

DIVORCED ROYALTIES

Associated Press, Morning Service. BERLIN, April 12.—It is reported here in official circles that the Princess Louise of Saxony, who has been in close retirement near Dresden since her separation from M. Gron, will remarry the Crown Prince for the sake of her children. Her grief at her separation from the family is threatening her mind and her children mourn bitterly for her. The King is strongly in favor of reconciliation.

REBELLION QUICKLY ENDED

Associated Press, Morning Service. PANAMA, April 12.—The rebellion which broke out shortly after the signing of the Panama Canal treaty by Colombia has been ended through the recapture by government troops of the mountain town of San Carlos.

San Carlos is a small town near the Magdalena river and about one hundred miles north of Bogota, the capital of Colombia. The revolutionists had hoped to secure the aid of people in all the territory lying near the isthmus in fighting against the government on the grounds that Colombia had not received a large enough sum for her rights at Panama but this aid did not materialize as the people around the isthmus are well satisfied with the provisions of the treaty.

MARTIAL LAW

Associated Press, Morning Service. THE HAGUE, Holland, April 11.—Queen Wilhelmina has sanctioned the anti-strike bill framed by the government to meet the present crisis. Although yesterday it was thought that the strike was practically broken none of the strikers have yet returned to work and although few labor unions are now going out in sympathy with strikers already out, the latter are making such noisy demonstrations and keeping the country in such a state of turmoil that it is likely that martial law will be proclaimed throughout the Netherlands. The troops cannot maintain order without some means of arresting the strikers and that can best be accomplished under martial law.

CAPTURED LAKE

(Continued from Page 1.)

monged a looking lot as Captain's command, for the Colonel's corps was composed of eight Hawaiian women charged with being common prostitutes and thirteen men charged with disturbing the peace and quiet of the night. As for the "commander of the Faisiathian outfit, a charge of being liquor without a license and maintaining a disorderly house were the two charges that had been lodged against him.

The "army" was captured Saturday night in the old Queen Emma Hall at the corner of Nuanu Beretania streets, where some wild Bohemian review of a Hawaiian tendency were in progress. The "Colonel" it appears had his "army" in two divisions, the Amazons and the males. This army under the leadership of the "Colonel" was supposed to storm the citizens of beer and gin, liberal quantities of which were in stock. The "Colonel" evidently believed in the Army Canteen, for from what the police officers say, he had had in enough liquor to accommodate a thirty regiment of returning Philippine soldiers. It is charged that in addition to operating a saloon without a license, the Colonel also had rooms attached to his place, where the female members of the "army" lived. "A questionable resort" is the courtesy term that is usually applied to such places, although there was never the slightest "question" in the minds of the police, as to the sort of joint that Lake was to be charged with operating.

This morning the cases against Lake were continued. The women pleaded guilty and sentence was suspended for six months in the case of the two females, Louise and Lily Kihuna, Lucy Keitwai, Julia Halekana, Annie Nahoolewa, Mrs. Green, Mary Kowalehoo, Emily Peter and Mrs. Rebecca Nalpu.

Nearly all of the male defendants were sailors. Their cases were continued until tomorrow as they pleaded not guilty.

Lake has long been quite a familiar figure about Honolulu. He first gained prominence by some wild eyed scheme of labor federation; then he jobbed the public with some alleged picnic at Kailua in the aid of the suffering Boer families and finally branched into the real estate business and was sentenced to serve one year for gross cheat. The "Colonel" was only a high private in the gang however during this stage of his local career. He did not become a real commander until he raised the corps of Amazons and established his "army" canteen.

ARE AGAINST THE ALIENS

SENATE RECEIVES COMMUNICATION TODAY ASKING THAT CITIZENS BE GIVEN THE PREFERENCE OVER ALIENS.

The anti-alien issue was brought up in the Senate this morning by a communication from the Hawaiian Protective Association. This communication was as follows:

"It appearing that from time to time, on measures pending before the legislature, the question of limiting privileges under the law to citizens of the United States has arisen, and that the same question will in all probability come before the legislature in different forms before the adjournment of that body; and it

"Further appearing that both political parties represented in the legislature were pledged, either by expressions in their platforms, or by public promises of candidates, to give due recognition to the rights of American citizens, and to protect such citizens from the encroachments of aliens, in so far as the same could legally be done;

"And it further appearing that it is for the best interest of the people of the Territory of Hawaii that, wherever permissible, the issuance of licenses for the various kinds of occupations be restricted to American citizens, and that such a course will tend to induce the immigration of more American citizens, or more aliens qualified for American citizenship, and that, as many occupations, the legislature has power to fix this limitation.

"Therefore, be it resolved that we hereby petition the legislature of the Territory of Hawaii that in all cases where licenses are required by law to carry on a business or occupation, and the legislature has power to do so, it be provided by law that the person or persons to whom such licenses issue, be citizens of the United States."

The communication bore the endorsement of the Honolulu Trades and Labor Council. The matter was tabled, to be considered with any bills that may be introduced, covering any of the points involved.

Along similar lines was a communication from the City Hackmen's Union asking that the House bill covering the hackdriver's license be passed. This communication said that it was not asked that those having licenses now should be deprived of them by the bill, but that as soon as those licenses had expired, the holders should be required to take examinations in either Hawaiian or English. The communication will be considered with the bill. Action on the bill was deferred until Wednesday, at the request of Mr. Aylott of the House.

CIVIL SERVICE.

A. B. Ingalls, Secretary of the Civil Service Commission Examining Board for this Territory, has just received from Washington announcement of an important change in the ratings of various subjects in the examinations for clerk and carrier in the postal service. Heretofore United States Geography, and reading addresses, each counted 25 in a scale of 100. By the new regulations, they each count 10, so that doubtless many who failed in previous examinations could not pass. The examination will be held May 2. Applications must be received not later than April 20.

To all readers of Good Books

Having had our attention called to the fact that "Book Lovers" in our city find it hard to secure good reading at a moderate price we have decided to give our attention to the establishment of an up-to-date Circulating Library dealing principally with fiction, and on April 15th will open our new Economy Circulating Library to the reading public of Honolulu. We make a moderate fee for membership (\$5.00) which insures our safety in case books are lost and does not necessitate your having some third party assume your liability for like occurrence. Our charges for use of books are as low as is consistent.
