World Press Party 175 Strong Reach Maui In Morning

Committee Will Welcome Visitors Aboard Ship, Public Asked to be at Wharf; Elaborate Entertainment Plans.

Ther are about 175 in the Press Congress party which will reach Maui tomorrow morning.. William Walsh, chairman of the sub-committee on arrangements, received a wireless from Worth O. Aiken this morning in which the Maui representative on the trip said there are that number on the Matsonia and "Maui must wake up to equal the Hilo showing."

From Europe, Asia, North and South America and from Australia and New Zealand will come visitors to Maui tomorrow, the World's Press Congress party, chiefly from the United States, naturally. The first day of their visit will be devoted chiefly to gathering information relative to the resources of the Islands from the exhibits at the Fourth Maui County Fair but the second will be a busy one for visitors and hosts alike with its long automobile rides, luau and swimming meet.

Welcome is to be extended to the visitors on their arrival tomorrow morning by a committee which should be at Claudine wharf not later than 8:30 to board the steamer when it is moored in the harbor. The committee is composed of H. B. Penhallow, president of the Maui Chamber of Commerce; chairman Senator Harry A. Baldwin; D. C. Lindsay, director of the fair; Chairman S. E. Kalama of the board of supervisors; William Walsh, Worth O. Aiken, Judge L. L. Burr, C. D. Lufkin, J. P. Foster, M. R. Pereira, V. A. Vetlesen, F. P. Rosecrans, C. C. Campbell, W. A. Baldwin, E. R. Bevins, D. H. Case, Dr. W. D. Baldwin, Ralph Wilson, Senator A. F. Tavares, Representative P. J. Goodness, Representative L. Ben Kaumeheiwa, N. K. Otsuka, Dr. J. Y. Ting, Rev. Augustine Jones, Rev. George H. DeKay, Rev. J. C. Villiers, Supervisor D. T. Fleming, George L. Keeney, Rev. K. C. Kondo, Alexander Valentine, Joseph H. Gray, chairman of the Maui Press Congress committee, J. Garcia, Mrs. David Wadsworth, Mrs. C. C. Campbell, Mrs. Caleb Burns, Mrs. E. F. Deinert and Mrs. W. A. Baldwin.

There will be a brief address of welcome and the visitors will come ashore to take autos to the Fair.

Sunday morning at 9 o'clock volunteer drivers with their cars will be at Claudine wharf prepared to start

Hilo Cordial Host To Press Congress

(ASSOCIATED PRESS)

HILO, Oct. 14.—After a scenic trip along the Island's coast visitors from the world's press congress were entertained at luncheon which was also attended by leading citizens of Hawaii and then departed for the Volcano where they spent last night. They will return about noon today. There was a big banquet in their honor at the Volcano House last night.

Visitors are marveling at the spectacles that have met their eyes, the day was perfect, the night glorious with a full moon adding to the charm. The party did not retire until a late hour despite a busy and exciting day. Another busy day is outlined for today with a banquet followed by a program arranged by the Japanese tonight.

Liberty House Wins Customers With Its Display at Grand

Women of Maui who have called at the Grand Hotel to see the display of the Liberty House there are hearty in their praise of the offerings that Mrs. Marion Drake, of the mail order department of the house brought to Maui. Mrs. Drake is equally pleased with the business she has done for her firm. She will close her store and leave for home tomorrow evening.

There is much to attract in the display that is presented and not least of the attraction is the prices for which the goods are offered. It is refreshing to find Island concerns that have receeded far below war time prices. The goods are all new, fresh from the shelves of the home store, not shop worn articles. There are charming little evening and afternoon dresses, waists, sweaters, lingerie and other articles that delight the fair sex and the bargain prices in silk hosiery have been a pleasing surprise.

When Mrs. Drake is not able to fill demands on the spot, she takes orders for the wants of patrons and gives her especial attention to the filling of such orders.

Danger of General Railroad Strike Is Made More Serious

(ASSOCIATED PRESS)

CHICAGO, Oct. 14.—Authorization has been given by the railroad labor board to the railroads to open negotiations with the unions for the restoration of "piece work' which was barred to the shop crafts under the national agreement entered into by the late rail administration.

This decision is said to have renderd the railroad situation more acute. Railroad executives are jubilant and union leaders fear the effect upon their men of whom more than 80 per cent have already voted to strike rather than accept further wage reductions or the institution of rules which they oppose.

Railroad executives meeting here are confronting a railroad strike that may be precipitated by wage reductions on the one hand and shippers' demands for lower rates on the other. They declare that transportation charges can be reduced only in proportion to further wage reductions and say that the wage reduction of 12 percent ordered by the board in July served only to stave off bankruptcy.

Warren Stone, grand chief of the brotherhood of locomotive engineers, has requested a conference with the railroad executives on behalf of the six big railroad unions which have voted to strike and the executives are considering the proposal.

Mrs. Southard Wins Important Point in Case by Court Rule

(ASSOCIATED PRESS)

TWIN FALLS, Oct. 13.—Mrs. Southard's defense won an important victory today in the murder trial in progress here when the court temporarily rejected evidence offerd by the prosecution on facts and circumstances surrounding the deaths of three of the former husbands of the defendant other than Meyers for whose death she is now on trial. The victory may be only a temporary one, however, for the court will allow the question of admissability of such evidence to be raised later. Unless such evidence is finally admitted the prosecution will probably rest its case next Thursday. If admitted, it will probably continue on for a week longer.

The defense will call several physicians to whom will be propounded hypothetical questions for expert testimony.

Decline of Mark Is Climax of Greatest Speculative Wave

(ASSOCIATED PRESS)

NEW YORK, Oct. 13—Speculation in the German mark in the United States since the armistice has reached an unprecedented point, according to international bankers here.

Thousands of persons in all walks of life, hoping to get rich quick, it was stated, have invested heavily in the German currency, which recently collapsed to a point below one cent for the first time in financial history.

The buying first started in the midsummer of 1919, when the mark whose pre-war value was 23.8 cents was selling at 7 3-4 to 8 cents apiece. New York appeared to be the distributing center. Banks and foreign exchange houses were flooded with orders from small investors. Small foreign exchange houses sprang up on prominent corners, cigar stores and other business houses began to do a flourishing business in the mark.

While the wave of mark buying was at its height, peddlers hawked the German paper on the streets and one distributer is known to have made a house to house canvas.

Bankers said this buying continued as the value of the mark declined, when the German industrial recovery failed to materialize as quickly as the "get rich quick" investors had expected. Some weeks ago when the German paper began to hit new low levels, many of the small investors as well as others began to "cash in" and they are believed to have taken hundreds of thousands of dollars in losses.

Many of the speculators, however, bankers assert are holding their marks for a new rise and are buying the currency at the new low rates and equalizing their losses. But the wave of buying has been greatly checked, they declared.

While bankers are reluctant to discuss the probable outcome of these speculations, they declare, however, only a readjustment of reparations payments, improvement in Germany's economic situation, or the extension of commercial credits to German manufacturers for raw materials, will bring above an improvement in the value of marks.

Wage Reduction Found Necessary

Sugar Planters Announce Cut In Basic Pay of Unskilled Workers and Explain Crisis Demands It.

(ASSOCIATED PRESS)

HONOLULU, Oct. 14.—Reduction of the basic wage for the lowest grade of unskilled field labor is announced by the Hawaiian Sugar Planters' Association.

The new basis is $26 instead of $30 monthly with the elimination of the present five percent bonus. To offset the decreased pay and the bonus cut the turnout required is made 26 days and the planters say with the bonus for such turnout it is possible for the unskilled worker to make his wage $1.10 a day with the same perquisites as to house, water, hospital and medical attendance as heretofore.

The profit sharing bonus is contingent on the price of centrifugal sugar as heretofore, also.

It is proposed that the basic wage for women workers of the same class shall be $19.50 with their share in the bonus contingent on 15 days work in the month.

Explaining the cut the Planters' Association declares that the sugar industry is facing a crisis and that all plantations are operating under heavy losses but that the cane fields will not be abandoned in the face of such losses because of the heavy cost and the time that would be necssary for their reestablishment later.

HOUSE REAPPEARS

(ASSOCIATED PRESS)

WASHINGTON, Oct. 14.—Col. E. M. House, one time "personal representative" of former President Wilson, who, so far as known had not seen Wilson since their reported differences at the Paris peace conference, called at the Wilson residence yesterday and left cards.

Recommendations on Upper Silesia Made

PARIS, Oct. 13.—Recommendations of the council of the league of nations for the settlement of the Upper Silesian question have been received by Briand and will be transmitted to the allies and also, as a matter of courtesy, to the United States. The recommendations will not be made public until views upon them have been exchanged.

BERLIN, Oct. 13.—Resignation of the German cabinet is believed to be impending if press reports of the decision of the council of the league of nations recommendaitons on the Upper Silesian question as confirmed by the official text which its was expected would arrive this afternoon.

The cabinet would face a crisis if German towns were separated from the country by the league of nations.

Miss Muriel Duncan Is Fairtime Bride

One of the prettiest weddings of the season was that of Miss Muriel Duncan to Lieutenant Linton Herndon, which took place at the home of the bride's parents at Kahului, Maui, on October 12th. The ceremony was performed by the Rev. E. E. Pleasant and the bride was given into her husband's keeping by her father, Mr. Harry K. Duncan.

The bride wore an exquisite white brocade satin gown entrain. The long tulle bridal veil was fastened to her hair with a wreathe of orange blossoms and she carried a shower bouquet of white roses.

The bride's only attendant was Miss Winifred Weddick, who was gowned in a pale pink organide and carried a shower bouquet of pink roses.

The groom was attended by Lieutenant William Forrestel.

The house was tastefully decorated in pastel-colored flowers, which carried out the color scheme of the bride's attendant.

Following the ceremony a reception was held. After congratulations were received by the bridal party refreshments were served and dancing was a feature of the evening.

The bride and groom proceeded to Honolulu where they took a steamer to the Orient to spend their honeymoon touring the Far East. After their return from the Orient, Lieutenant and Mrs. Herndon will make their home in the Capital City.

The bride indulged in the old fashioned habit of throwing her bouquet, which was caught by Miss Whillden Kinney.

The groom is a graduate of Annapolis and the son of Mr. and Mrs. P. L. Herndon of Washington, D. C.

A feature of the wedding worthy of mention is that some guests arrived by army planes, some by sea planes, some by submarines and some on Eagle boats.

Maui News Scores Hit with Paper Printed at Fair

World news of the day and evening printed on a press in the Fair grounds and distributed free to Fair visitors in the Commercial Building and in the grand stand was the achievement of Maui Publishing Company and Maui News yesterday.. Two editions were run off in the Maui Publishing Company's booth, telling of the results of the last two games in the world's series, the death of Senator Knox, the meeting of America's delegation to the conference on limitation of armaments, the Southard trial, Secretary Brown of the Territory taking office, Ku Klux Klan investigations and more than a dozen other "news stories" the Associated Press of Wednesday night and yesterday.

Tomorrow there will again be two editions of the little paper, printed in the Fair Grounds, one in the afternoon and one in the evening, distributed free. The Associated Press reports of Friday night and of Saturday will be printed in those editions. All that is necessary to get up to the minute news of the world is to call at the Maui Publishing Company booth and ask for one, if one be not handed to you in the grandstand.

FASTEST FISHING BOAT

(ASSOCIATED PRESS)

GLOUCESTER, Mass., Oct. 14—The schooner Elsie of Goucester won the title of fastest New England fishing boat today by defeating four other contenders over a forty mile course. Her time was 5 hours, 14 minutes, 32 seconds and she qualified as the American contender in the international match against a Canadian representative which will be sailed off Halifax October 22.

Means Are Suggested To Relieve Idleness

(ASSOCIATED PRESS)

WASHINGTON, Oct. 14.—Adjournment of the conference on unemployment came yesterday after its adoption for the present of temporary and permanent workers emergency measures which include the establishment of community employment agencies with general coordinating agencies, suggestions for the institution of systems of part time work, increased clean up work, expedition in the filling of orders and the prompt passage of railroad funding legislation.

WASHINGTON, Oct. 13.—The manufacturers committee of the unemployment conference has presented a report which contains divergent views on the subject of economical readjustment. The majority of the committee is in favor of several measures of wide-sweeping importance including the repeal of the Adamson eight hour law and its report denounced any group seeking in its own interests "economical adjustments." The minority group, led by Gompers, emphasized that "No policy of wage reductions must be advocated."

FIGHT PROHIBITED

(ASSOCIATED PRESS)

WICHITA, Kas., Oct. 14—The attorney general has issued orders prohibiting the 15 rounds bout between Mike O'Dowd and Mike Gibbons that was scheduled to be fought next Tuesday.

Both fighters have been training here.

BRITISH UNEMPLOYMENT

(ASSOCIATED PRESS)

LONDON, Oct. 13—Thousands of England's unemployed today escorted their delegates to the house of Premier Lloyd George to demand "work or maintenance at union wages and uniform calls for relief." The premier received the deputation.

CONVICTED OF MURDER

(ASSOCIATED PRESS)

REDWOOD CITY, Oct. 14.—William Hightower was found guilty by the jury which reported this morning of murder in the first degree for the killing of Rev. Fr. Patrick Heslin, a Catholic priest of Colma, California. The jury recommends a sentence of life imprisonment.

TOWN DESTROYED

(ASSOCIATED PRESS)

FORT WORTH, Texas, Oct. 13—Advices from South Bend say that fire practically wiped out the oil town of Eliville in Young County and that only four or five buildings in its business district were not destroyed.

Speaker Holstein Out To Succeed Kuhio as Delegate to Congress

Speaker Henry Lincoln Holstein of the Territorial Legislature who is here from Kohala with Mrs. Holstein attending the County Fair and the house guest of Mr. and Mrs. S. E. Kalama, is much talked of candidate on the republican ticket for delegate to congress next election.

Prince Kuhio as everyone knows will not be a candidate, the delegate having served 20 years, about as long as a time as Speaker Holstein served in the Hawaii legislature is looking forward for retirement and a well earned rest.

If the speaker is selected it would be only a transfer from one branch of the people's forum to another, he says, and it would be adding another leaf to Maui's history as he was reared and educated in Maui when Ulupalakua as a sugar plantation in the early 70's employed his father as forester and chemist.

IRISH CONFERENCE

(ASSOCIATED PRESS)

LONDON, Oct. 14.—The conference between British government and Irish representatives reconvened this morning disposing of the reports that were in circulation after yesterday's session that the Irish delegates were going home and would not return.

Today's session lasted for two and a half hours and an adjournment was taken until next Monday.

Navy Wireless May Be Used to Broadcast News of Conference

(ASSOCIATED PRESS)

WASHINGTON, Oct. 14—The navy wireless may be used to disseminate the news from the conference on limitation of arms which will open on Armistice day if recommendations of some of the high administration officials are accepted.

Details for the transmission of the news overseas are still to be worked out by the state department but suggestions for the use of the navy to supplement that of the commercial wireless and cable systems will probably receive serious consideration.

Another suggestion that the conference shall send broadcast a daily official resume through the naval radio system will also probably have consideration.

(ASSOCIATED PRESS)

SAN FRANCISCO, Oct. 14—A Peking despatch to the New World, a local Chinese publication, says that Foreign Minister Yen is as yet undecided whether or not he will attend the Washington conference because he is busy with Japan in negotiations for the return of Shantung which question may be settled before the conference.

Prohibition Officers Would Stop Making of Home Brew

(ASSOCIATED PRESS)

WASHINGTON, Oct. 14.—Prohibition Commissioner Haynes announces that prohibition agents will be directed to use every possible effort to check the manufacture of beer in homes and in that direction to check the sale of the ingredients and apparatus required for home brewing.

Prohibition enforcement officers last night raided stores in Washington where were sold malt, hops, fruit sugars and bottling apparatus.

Electricity Plant Draws Attention As It Works at Fair

Hundreds of visitors in the Commercial Building at the Fair yesterday paused for a moment at the Hurd-Pohlmann booth and then linger ed there, thoroughly interested in the fine exhibit which the progressive Honolulu house has installed. Things that work electrically are always interesting and when the electricity is generated right on the spot still greater interest is added.

One of the chief features of the Hurd Pohlmann exhibit is the Kohler Automatic power and light outfit, one of the most inexpensive and cheaply operated outfits that has ever been seen on Maui and one that can be profitably introduced into many a shop and on many a ranch. It is operating a number of J. D. Wallace bench machines including a band saw circular saw and a 'jointer" (steel plainer.)

Another interesting article on display and in operation is the Hobart Kitchen Aid Mixer. It mixes dough and other things, chops meats and is almost human in its usefulness in the kitchen. Other Hobart utensils are the meat chopper and coffee grinder.

Hurd-Pohlmann are agents for the Toledo Scales which are also includ-

First Day of Maui County Fair Shows Success Achieved

All Departments Praised by Visitors as Excelling Anything of the kind Heretofore Achieved on Maui.

Maui's Fourth County Fair opened to visitors yesterday morning with every exhibits department improved over the splendid showing of last year which means that in respect the Fair is the best that has ever been attempted on Maui. When the gates swung open every exhibit, practically was in place, it was not long before the judges got busy and in most build ings awards were pretty well distributed early in the afternoon.

In the Agronomy building there is a remarkable display of luscious fruits and splendid vegetables, more than twice the space of last year being devoted to such exhibits. The alligator pears, papayas, mangoes and other Island fruits are especially choice and wakened general admiration.

In the floral exhibits building the displays of ferns and potted plants was a choice one while the cut blossoms easily surpassed those of any previous year. There are new displays of cut blooms each day which multiplies the interest in that department. Today there is a competition of leis which will bring out large numbers of entries and tomorrow will be hibiscus day. Hundreds upon hundreds of different varities of Hawaii's typical flower will be shown. One of the features of the building is a Silver Sword planted in a large calibash, brought down from the summit of Haleakala especially for display at the Fair.

The Hawaiian exhibit in the Territorial Building is large, comprehensive and well arranged. The display of calibashes, ancient stone utensils and other relics would do credit to a museum. There is a small grass house and the lauhala work and tapis a worthwhile showing.

In the poultry department there is a larger and classier lot of birds than has ever been brought together in any of the Islands in any show. Splendid improvement in breeds is shown and there have been some very choice importations recently.

Livestock, the Maui News has not yet looked over.

A night the Fair Grounds with the new lighting system becomes a veritable Fairyland and the buildings light up with a remarkable beauty. In some ways the evening is the more attractive time to view the fair and last evening the crowd which had been growing steadily through the day reached its largest proportions.

Last night's entertainment, "A Night in Jazzland" made a hit with the crowd and the boxing matches that were a free show after the program were well contested and furnished the best sport of the kind ever seen in the Valley Isle.

Items of the day's sports program appear elsewhere in this issue.

Two States Find Number Of Involuntary Idle Less

(ASSOCIATED PRESS)

CHICAGO, Oct. 14—Unemployment in this state is on the decrease, a survey of the various cities of Illinois shows. Construction work is declared to be back in full swing, railroads are reported as increasing their forces and extensive municipal improvements are being made.

Associated Press reports from Milwaukee received this morning said that the survey of unemployment conditions in Wisconsin showed that the number of involuntary idle had decreased in the past few weeks from 50,000 to 40,000.

Bolshevik Russia Offers Its Services as Mediator

PEKING, Oct. 14.—In a statement issued by the Official Soviet Rosta, new agency, Bolshevik Russia offers to mediate between China and the Mongolian republic. The agency made public a note from Moscow to the Mongolian revolutionary government, controling outer Mongolia under the military auspices of Moscow, saying that the Soviet commercial delegation en route to Peking will act as mediator.

It is believed that Peking is not disposed to accept the offer.

Swimming Meet to Rival Oahu's Best

Club Makes Plans to Accommodate Last Minute Applicants by Installing Seats for Two Hundred More.

More bleacher seats have been put up at the Puunene tank to meet the demand for seating capacity at the swimming meet which will be held by the Maui Athletic Club under sanction of the Amateur Athletic Union on Monday and Tuesday nights of next week. This will give accommodations for about 200 more spectators than could be cared for at the June meet. It was deemed necessary to put them in from the demand for seats shown at the advance sale which is now in progress in the Maui Sporting Goods store.

Medals which are to be awarded the winners and seconds in the various events are unique in shape and in design. They are rectangular in shape and on their face is a map of Maui with lettering telling of the meet at which the prizes were won. A handsome trophy has been added, it is announced by the management. This is a cup presented by Dawkins & Benny of Honolulu, a handsome and desirable prize and the committee decided it should be awarded to the woman swimmer scoring the most points in open events, which really puts it up as the prize in the challenge races between the young Hilo star and Honolulu's foremost mermaids.

The officials for the meet are George "Dad" Center, referee; Clair Tait, starter; William McGerrow, scorer; R. O. Humphrey, clerk; Dan T. Carey, J. T. Moir, Jr., J. T. Fantom, Ben Williams and A. S. Spencer, timers; J. Garcia, L. Fullard Leo, Ed. Walsh and R. B. Rietow, judges at the finish; J. Garcia, L. Fullard Leo, R. E. Hughes and W. W. Harris Jr., judges of diving.

Each night there are probabilities of new world's tank records being established by the holders of world's open water records for such distances among those trying for records being Duke Kahanamoku, Pua and Warren Kealoha, Mariechen Wehselau, Helen Moses, Estelle Cassidy, Ruth Scudder and Kuualoha Kellipio as well as the Honolulu girls' relay team.

Strong Race Program Adds Interest and Zest at Maui's Fair

Lovers of good horse flesh had a happy afternoon of it yesterday in the grandstand of the Fair grounds at Kahului. The card was a good one and some splendidly run out races were the food upon which the race fans fed.

Results of the first day's racing follow:

First race, half mile, Hawaiian bred—First, Asa Baldwin's, Irish Guard; second, J. B. Fernandez's, Gold Bryan; third, Grove Ranch's, Edwin. Time 50 second. Purse, $150 to winner, $25 to second.

Second race, half mile Japanese race—First, G. Uchimura's, Slow Go; second, Goya's, Pep. Time 52 2-5 sec. Purse, $75 to winner, $25 to second.

Third race, half mile cowboy race—First, Grove Ranch's Edwin; second, H. W. Rice's, Bally-Bins Bear. Time 54 2-5 seconds. Purse, $50 to winner, $15 to second.

Fourth race, half mile mule race—First, Haleakala Ranch's, Aina Nui Palahalaha; second, Haleakala Ranch Jeannette. Purse, $50 to winner, $15 to second.

Fifth race, one mile free-for-all—First, J. B. Fernandez's, Mary Jay; second, Asa Baldwin's, Irish Guard; third, R. W. Shingle's Castenny. Time 1 min. 45 sec. Purse $400 to winner, $75 to second.

Today's program shows a half mile free-for-all with eight strong entries as the first number. Castenny, Irish Guard, Copra, Bridgeplayer, Bailey-Bear, Mary Jay, Kapiolani and Figuration are among those entered. The half mile for two year olds has five entries, there is a half mile "shell back race" post entries, mile for Hawaiian bred and half mile cowboys.

Saturday's card includes a half mile for Japanese owned horses, half mile maiden, trotting race between Denervo and Welcome Boy, half mile for Portuguese owned horses, mile and a half novelty race, eight entries, gentlemen's riding race with C. D. Lufkin, D. C. Lindsay, J. J. Walsh, F. P. Rosecrans, J. S. B. MacKenzie, George Angus, S. S. Paxson, Walter Beal, Dick Bodge and Samuel Taylor as riders and a consolation race.

Giants Take Game and Championship

Pitchers' Battle Lost By Single Error in First and Saved by Giants by Double in Ninth.

NEW YORK, Oct. 14—Following the Giants' 1-0 victory over the Yankees yesterday and their capture of the World's Championship, John McGraw, the veteran manager of the victors said: "We've the greatest baseball team in the world and undoubtedly the gamest." Hugh Huggins, manager of the defeated Yankees, said: "We lost and we have no alibi to offer. It was a great series but the Yankees simply could not hit successfully."

Artie Nehf, who pitched the Giants to their final victory, as he removed his uniform remarked that he was glad he could go home now. Tears streamed down the boyish face of Waite Hoyt who twice defeated the Giants and on whose shoulders fell the responsibility of stopping the Giants' rush yesterday. He stopped the rush but his comrades failed at the critical moment.

Peckenpaughs only error of the game in the first inning was fatal. With two down Peckenpaugh allowed Kelly's grounder to go through and Bancroft scored from second. However, Nehf's pitching was the underlying cause of the National's winning, he allowed only four singles, three of them coming after two men were out in different innings. Hoyt's performance was hardly less creditable for the youngster was in trouble in several innings but after the fatal first he worked brilliantly, especially in pinches and was going stronger toward the end, retiring the Giants in order in the eighth and ninth.

Won in the first, the game was probably saved by a dazzling double play in the ninth. Ward walked and Baker slammed the ball in the direction of rightfield where second baseman Rawlings caught it on the ground by a long dive and while still lying on the ground threw to Kelly at first, catching Baker and Kelly's lightning throw caught Ward at third.

Giants Take Lead

With a record crowd filling the seats with "Old Sol" in full attendance, McGraw's Giants defeated the Yankees in the seventh game of the world's series by the score of 2 to 1, with Mays and Schang officiating for the Yanks and Douglas and Snyder for Giants.

Hilo Chinese Capture Game From Makees

In the first game between out of town teams at the Fair the Hilo Chinese returned victors over the Makee's of Kauai. Though outbatting the Hilo boys the Garden Isle champs slipped up on blunders making a total of 11, for which Bun Hee and Soong were responsible for 7. Ching's stickwork was the feature of the day he getting a double and two singles in four trips to bat.

The game by innings as follows will tell its own story.

Hilo Chinese Fall Victims to All-Maui In First of Series

The Big Isle's baseball aggregation ran against a stone wall in Foster Robinson's delivery, in the first game of the Inter-Island series. The old "war horse' was in beautiful form, cutting the corners and if needed grooving the plate at will. That, coupled with the really good support given him by his team mates resulted in a 5 to 1 victory for the Mauiites.

After the second frame the game was never in doubt, Maui's tallying twice in that canto, a lead which the Chinese were never able to head.

The first run came over in the first when Silva was safe on Baptiste's error, stole second, was advanced to third by Curtis' sacrifice and scored when Wassaman balked. The second saw Hilo's dreams shattered. Bal out pitcher to first, Foster walked. Cummings singled, Foster going to third and Cummings safe at second by fielders choice. Phillip out pitcher to first Foster scoring, here the Hilo second baseman erred grieviously and Cockett was safe with Cummings sitting on the pan.

Maui registered again in the fourth Bal singled and took third a moment later on Robinson's sacrifice and tallied on Cummings' out. In the eighth Lai Hip pulled another boner when after Chartrand had walked and stole second, Souza rolled out a slow grounder that should have been an easy out but the second baseman with lots of time threw wild to first, Chartrand scoring.

The Chinese only run was scored in the fifth when Wassaman was safe on an error by Curtis took second when Foster walked Aki, and scored when Ching singled.

Molokai Notes

A resolution introduced by Dr. Goodhue and seconded by H. R. Hitchcock approving of the admittance of a limited number of Chinese laborers into Hawaii, was passed at the Civic Association, September 24.

Bob Ingersoll and Jim Crane are hauling freight. Mr. Ingersoll came here from from Honolulu.

Mr. Dansforth, surveyor, who has been living with his family at Kaluaaha for some months, expects to leave shortly.

The Kona storm on Molokai left the roads pretty badly washed out.

C. M. Kephart and family of Honolulu have moved into a cottage at Ohia on the road to Kamalo.

Mr. and Mrs. Burrelle of New York who were here for a few days last month, returned to Honolulu.

Dr. Hazeltine and Dr. Dean were visitors on Molokai last week. They came here from Kalaupapa where they stayed a few days.

At a regular meeting of the Civic Improvement Association of Molokai held last month, it was decided to appoint a committee to attend to an exhibit of Molokai fruits at the coming Maui Fair.

PUUNENE TANK NEXT MONDAY AND TUESDAY EVENINGS

With Maui's Girl Scouts

Sweet Pea Troop.

On Sunday the Scouts of the Sweet Pea Troop, their captain and Scout Evelyn of the Morning Glory troop went on a hike up to Piiholo Hill. We started from the school house at 9 o'clock and got home by half past two. On our way up we helped ourselves to guavas and they were sure sweet. Then came the hardest part of all, climbing the steep hill. We had a very hard time climbing it and some of the scouts had to rest. But at last we all got to a place which wasn't so steep and we all had a good rest and were having a fine time when Dorothy said that she lost the matches so she went down the hill to find them and then came back with the matches. When we had rested long enough we started to hike again and we went to the top. Scout Violet Tam Wong and Scout Melinda Pacheco got to the top first and they thought they were great.

Next we went on the other side of the hill in search for water and the grass was so thick and tall that some of the girls rolled down the hill. Elizabeth Paiva rolled so fast that she went right over Wilhelmina Ornellas. After that we had to go up a hill and down again when we saw two boys and asked them where we could find water and they showed us a place where the pipe was broken and we had a good drink. Next we had lunch which consisted of muffins, salad, sandwiches, cookies and pie.

After that we gathered wood for a fire and I'll tell the world we used about nineteen matches before we got it lighted. While it was burning to coals Wilhelmina, Elizabeth, Violet, Evelyn and the two boys went and picked ginger flowers and ferns to make leis and the others stayed back back and roasted sweet potatoes. When they got back to the rest we were surprised to see them all decked with leis and all exclaimed how beautiful.

After every one had gathered ferns enough to make a lei, we put out our fire and started home.

On our way home Marie Maciel fell down on some rocks but did not get hurt so there was no need for first aid.

We had a nice hike home, singing all the way.

Everyone had a good time, and we were glad that Evelyn of the Morning Glory troop was with us and we are hoping another hike will soon be at hand.

Razzle, dazzle, Razzle dazzle,
Frazzle, dazzle, too!
The Sweet Peas! The Sweet Peas!
The Pink and the Green.

This is "Fair" week. What are the Girl Scouts going to do to help make it a success? Following is their schedule:

For Mrs. Lougher—

Thursday — Bougainvilla Scouts, Paia—ask Captain Rosecrans for your hours.

Friday—Star of Bethlehem and Wild Rose Troops, Lahaina and Calla Lilly Troop (from (Kula.)

Saturday—Carnation Troop (Spreckelsville) under Captain Johnston.

For the Cafeteria—

Thursday—Roselani Trop (Kahului and Morning Glory troop (Hamakuapoko.)

Friday—Bird of Paradise (Paia).

Saturday—Sweet Pea Troop (Makawao.)

On Friday all of the Scouts will probably be at the Fair Grounds. Your exhibit, girls, is in the agricultural building at the Alexander House Settlement booth. Your pictures and crests are on display. Be on the look-out for your sister scouts and do not be afraid to salute when you meet them.

This is a fine time to put into use your motto and slogan. Show Maui, girls, that "Girl Scouts" really have a community spirit and want always to help.

If any scout is in trouble, please notify Miss Seibert at the Alexander House Booth immediately.

Haiku

Another troop nas been formed this week at Haiku. There are twenty-seven girls and Miss Parker and Miss Johnson have agreed to be their captain and lieutenant. We will tell you more about them next week.

Lahaina

Eight girls—four from each troop have entered the Girl Scout relay for the swimming meet at Puunene tank.

These are the only troops entering. We must get busy, scouts, and learn to really swim, not just play in the water.

Maui Women's Club

The Study Department met on Saturday last and made plans for the coming year. The day and hour of meeting being inconvenient for so many, it was decided to change it to the third Wednesday of each month, at the Territorial Building from 3 p. m., to 5. The next meeting will be the November 1, the third Wednesday of that month, when it is hoped a full attendance may be had.

The Humane Department will hold its meeting next Monday the 17th, at the Kahului Community House, since the Territorial Building will not be ready for use by that time. This department has plans for important work for the next few months which will be discussed at this meeting.

PRESS CONGRESS VISITORS.

Keen satisfaction that the delegates to the World's Press Congress are to be on Maui Saturday and Sunday cannot but be mingled with sincere regret that their stay is so limited, that they will be unable to see all of the Scenic Wonders and beauties the Valley Isle has to offer, to tarry long enough to become thoroughly familiar with her resouces, her problems, her hopes and her needs. Mauiites would like to take all of them to the summit of Haleakala, "The Beloved Mountain", to escort every member over the Ditch Trail, around West Maui via Kahakuloa, up Iao and Waihee valleys, to make inspections of its sugar mills and plantation camps, to look over the modern labor camps provided for the cane field and pine company workers.

On the eve of the coming of the writers and publishers of the world ,this paper takes the opportunity to extend to them, one and all, the old time Hawaiian greeting, Aloha, on behalf of All Maui and her people, Aloha, with all the welcoming significance the word implied in the old days and has carried down with it to present times.

It may seem to Maui's guests that they have arrived at a busy, perhaps an inopportune time, while the county fair is in progress, but that fair war deliberately staged to be simultaneous with their visit. Maui recognizes that the first instinct of the newspaper man or magazine writer is "to want to know" and so the Fair was put on that the visitors would have the opportunity to know at first hand what are the resourees of Maui and Hawaii. It could not have been done more comprehensively nor more quickly than thus in a single day. Hence to the visitors Maui's Fair is more than an ordinary County Fair, o rat least it is so intended.

On Sunday Maui's welcome guests will be taken on a sightseeing trip. Rare scenic beauties will be presented to their eyes as will also points of interest, it is the day when Mauiites will seek to extend hospitality, and to form acquaintances which would certainly ripen into warm friendships did time permit and will at least sow the seeds of such friendship.

The mind of the newspaper man and publicist is trained to get to "the bottom of things", to find the underlying reasons and so it would be idle to say that Maui's welcome to the Press Congress of the World is a spontaneous outspringing of disinterestedness, it would deceive no one. Maui hopes for returns from the entertainment it shows its guests, but Maui is not looking for columns upon columns of free advertising of its beauties and attractions to tourists . Her people seek to set this part of the Territory with all other parts of the Territory right with the world, to make both understood through the first hand information the publicists will gather as to conditions here and Island problems. Misinformation is often as costly as deliberate falsification and Maui's hopes of returns lie in the fund of information secured and the use to which it is put by her Press Congress visitors. They can do much for this island and her sisters of the group, if they will, and Maui News is sure that the wil lis there, and at the same time they will be carrying out the greatest privilege that comes to the journalistic profession, they will aid in the progress of the world and of humanity.

The Territory of Hawaii has a self reliant population, one ever ready to help itself and equally ready to hold out the helping hand to others but the sterling citizenry of the Islands will welcome the more gladly the helping hands that may be extended to it in its struggle.

HAWAII'S LABOR NEEDS.

This editorial is especially directed to the delegates to the Press Congress of the World who will come to Maui tomorrow and be her guests until Sunday night. Maui folk generally are aware of the conditions that will be birefly set forth even if not thoroughly familiar with them.

Maui with the rest of the Territory of Hawaii has come to a crisis in her life. Industrial failure, loss of resources, acute governmental poverty faces the Territory and each of the four counties that compose it. Halting, yes actual recession socially and educationally is inevitable unless legislative relief is secured. These are facts that this paper seeks to present squarely to the press of the world. The influence of the press can, if it will, save Hawaii.

Sugar growing and making is the chief resource of the Islands and pineapple growing and canning is the second. From those industries in preponderating proportion Hawaii and its counties are dependent for support, for the tax monies which enable the governments to operate, the schools to remain open, sanitaria and hospitals to be maintained and the indigent fed. For neither of those industries is there an adequate supply of labor and from only one sure source can such a supply be secured. During the coming year every county wil lhave to exercise an economy so rigid that in comparison with the past it will seem like parsimony.

Figures of sugar production this year do not reflect clearly the loss that has already been occasioned by the labor shortage. Production thus far this year in comparison with other years though much smaller does not indicate the loss already sustained. Unlike mainland crops, sugar cane and pineapples do not mature in a single season or in a year. With sugar cane one crop is being harvested, the next is growing and a third is being planted all at the same time. This year there has not been sufficient labor to harvest the crop of 1921 on time and it has lost in sucrose content in consequence but worse still there has not been the labor to cultivate and weed the growing crop that is to be harvested next year nor to plant the crop that will ripen and be ground into sugar in 1923, planting being from three to five months behind. Next year's crop will be much smaller than the one now being ground and the area to be planted for the 1923 crop is to be reduced one-eighth because of the acute labor shortage. No need to plant if it cannot be cultivated and harvested. Better to harvest from seven-eighths of the area properly cultivated than from a larger area given over to weeds, partially unirrigated and inadequately cultivated. Similarly but to a less extent the pineapple ndustry is being affected.

Unemployment on the mainland does not alter the situation here in the least and the bringing of unskilled agricultural labor here is no factor in the unemployment problem in the United States. It is farm labor that i s wanted here and the class of labor that is idle on the mainland would not take farm labor jobs there to any great extent, much less so here.

Negro labor was tried here two decades ago with unsatisfactory results to all concerned. To speak of bringing European labor all the way to Hawaii is equally beside the question. The only source of supply that can save Hawaii is the Orient, whence has been drawn the supply for many, many years past. The press of the United States can disabuse the minds of its readers of reports that there is peonage in these Islands and can set forth clearly the true facts that conditions here will not offer any relief to the idle in the mainland under any circumstances.

There also exists a more or less widespread belief on the mainland that Hawaii is an Island possession, its territorial status is not known or recognized and at this very time there is a proposal to put the Islands under the jurisdiction of the department of state instead of the interior department, to make the Islands a mere insular possession. This needs combatting. Hawaii needs your help in this.

Hawaii pays taxes to the Federal Government, large income taxes and corporation taxes. Its imports contribute to the federal revenues, it shares with the states in supporting the government. Yet Hawaii is left out of the Smith-Towner bill for federal support of education and Americanization though no section of the Union needs such support more. Hawaii builds good roads but the federal good roads bills omit Hawaii from their benefits. There once more the press can aid.

Hawaii is self reliant but it has no senators, no representatives with votes in congress, only a delegate who can merely speak, not act. Self-reliant as is Hawaii she needs all the strengthening support and assistance she can secure, especially on behalf of the emergency labor legislation she is seeking.

Maui County Fair became an actuality yesterday, is in full swing today and will reach a splendid climax tomorrow night. Beyond advising every Mauiite who can do so to attend and to spend as much time as available there, further editorial comment is withheld till later. Time cannot be more profitably and enjoyable employed than at Maui's Fourth County Fair.

Maui News in daily form appeared at the Fair yesterday. Two editions were issued yesterday and there will be two editions tomorrow. This is a taste of what Maui can expect. Maui News Daily Bulletin will soon issue regularly early each afternoon.

The board of supervisors is holding its regular session and the spirit of economy is more strongly in evidence than last month, even.

Tho editions of a daily newspaper printed at a fair is something of an innovation in Hawaii. Maui's first paper is still first.

If you have not yet volunteered your car and services to the Press Congress Committee, do it now.

Welcome Press Congress Delegates.

Meet me at the Fair.

Agents of Department Of Justice Are Sent To School Once More

(ASSOCIATED PRESS)

NEW YORK, Sept. 25—(Associated Press Mail)—Department of Justice agents are going to school to read books and learn how to be detectives.

The curriculum of the school, just started by the Bureau of Investigation, includes study of such technicalities as the laws of search and arrest, rudiments of evidence, rights of citizens and preparation of cases for prosecution.

William J. Burns, chief of the bureau, explained that establishment of the school was the first step to do away with hit-or-miss methods.

"We are going to teach our men to get results," he said. "Slipshod investigation, making discoveries only by chance, is going to stop. And men who cannot be taught to be effective will be dropped.

"Federal investigators are going to learn right away that they are not to flash their shields for their own amusement; and they are going to learn that the real object of this bureau is to protect citizens and to prevent crime, not just to arrest crooks. We are not going to set the world afire, but we are going to give this country a detective service of which its citizens can be as proud as the English are of Scotland Yard."

Edward J. Brenan, division superintendent of the bureau, asserted that, to permit department officials to get a line on their men, recruits would put in a month of study before being placed on active duty.

"Otherwise he would be helpless when he started out," he continued. "If without training he were sent out to investigate a bank robbery, he would not even know where to begin He would not know how to proceed with a search without getting into legal difficulties. He would not know where the state and Federal jurisdictions overlapped.

"That last is one of the most complicated points of all. For example, a robbery on Park Row is a matter for the state authorities, but a robbery 20 feet away in the post-office is up to us. Ordinarily, safe-breaking in a national bank is a state offence but if there is collusion between the actual thief and one of the bank employees the Departmnet of Justice takes up the case.

"Our men have to be ready for any kind of investigation. One day they work in overalls on the docks, the next in a white collar in a bank. And the work is so complicated that mere experience is not enough, though it will always be the biggest factor. The man on the street cannot make a bigger mistake than to say that there is nothing about a detective's trade that can be learned out of books."

Sunday Anniversary Great Chicago Fire

NEW YORK, Sept. 19—(A. P. Mail)—October 9 will be the fiftieth anniversary of the date Mrs. O'Leary's cow kicked over the lantern causing the great Chicago fire, and the National Fire Protective Association has designated that day as International Fire Prevention day.

Since 1871 annual fire losses have been increasing until there is now an average annual monetary loss of $350,000,000 and an estimated loss of 15,000 lives yearly, according to the association.

The association is arranging for a nation-wide observance of the day to bring to the attention of the people that the fire loss is everybody's loss and everybody's responsibility and that the great majority of fires are preventable through the exercise of ordinary carefulness.

ENGLAND NEEDS HENS

LONDON, Sept. 9 — (Associated Press Mail)—England needs 8,500,000 more hens in order to get back to the estimates on the recent census figure 120 eggs per person, asserts Edward Brown, secretary of the National Poultry Council.

Mr. Brown says that in the United States and Canada it is stated the average consumption is nearly 200 eggs per unit annually. Basing his estimates son the recent census figures for Great Britain, he computes that each person in England last year ate 93 eggs.

Epidemics of Yellow Fever Made Unlikely

LIMA, Aug. 26—(A. P. Mail)—Epidemics of the yellow fever on the west coast of South America are not likely to recur owing to the rigorous campaigns that have been directed against the fever during the past year in northern Peru and Ecuador, says Dr. J. H. White, Assistant Surgeon General of the United States Public Health Service who has arrived here. He is special yellow fever commissioner for the International Health Board, Rockefeller Foundation, and has been inspecting the results of the sanitation campaigns in both countries.

Dr White believes that the campaign directed by Dr. Henry Hanson, American physician, and the Peruvian government, have bee nso successful that the fever in epidemic form in Peru is a thing of the past. No cases have been reported in Ecuador for more than a year, it is said ,and no new cases have appeared for more than two months in the northern department of this republic where nearly 1,000 deaths occurred in an epidemic early this year.

The sanitary campaigns, designed among other things to wipe out breeding places of the stegomyia mosquito, the fever carrier, will be continued in both countries for a year as a measure of precaution. The anti-yellow fever organizations then will be dispersed.

Hungarian Hangman Rises to Defense

BUDAPEST, Sept. 1—(A. P. Mail)—The hangman of Hungary has risen to indignant defense of his calling and denounced those who cast slurs upon it. He was prompted by sneering references made in the Hungarian National Assembly. Friends of Former Emporer Charles and the anti-Hapsburgs are always quarreling there and in some cases have shouted at one another, "the hangman is your frined."

Michael Bali, the official hangman, has resented such slurs.

"My vocation," he writes, to the President of the National Assembly, "is as honorable and useful as that of judges, lawyers, ministers or kings. Why should the old superstition hold in modern times that the hangman's profession is disgraceful, abominable and loathsome? My friends are all perfect gentlemen and any member of Parliament can consider it only flattery when he is called my friend."

Report From Mexico Denied at Washington

(ASSOCIATED PRESS)

MEXICO CITY, Oct. 5—The newspaper Excelsior quotes high Mexico sources for the report which it publishes that Elmer Dover of Tacoma, Washington has been named the personal representative of President Harding of the United States in Mexico. It says that overtures have been made from the state department at Washington which are expected to pave the way for a speedy recognition of the Obregon government and that such overtures are being brought to Mexico by Dover.

(ASSOCIATED PRESS)

WASHINGTON, Oct. 5—President Harding's secretary on behalf of the President made public announcement today that the President had made no appointment of a personal representative to any nation. This announcement followed the receipt of published reports in Mexico that Elmer Dover was personal representative of Harding in negotiations with Mexico.

Want Law to Protect Servant from Employer

BUENOS AIRES, Aug. 26—(A. P. Mail)—The justices of peace of the Argentine capital have appealed to Congress to enact laws protecting servants from employers who neglect to pay them or who borrow from their cooks to pay for the elaborate dinners they give in order to maintain their social positions.

The justices allege that many who live surrounded by servants in uniform and who give great dinners and whose names are prominent in the social register are compelled to resort to these methods in order to keep up their appearance as social leaders.

The justices attribute this habit of the social climber of running in debt to "a depressing show of folly and pretense, an overpowering desire to dress well and to prodigality and too many drinks."

PRESS CONGRESS ENTERTAINMENT PROGRAM DURING VISIT TO MAUI

Saturday, October 15

7:00 A. M.—

Steamer should be off the port of Hana, most Easterly Maui port, where the Kaeleku Sugar Company plantation. Back of Hana rises the extinct volcano, Haleakala, the crater of which is the largest in the world. The mountain occupies the greater part of East Maui, its highest point, on the westerly side, being 10,032 feet.

From off Hana the Matsonia will proceed along the windward coast of Maui passing Nahiku and Keanae landings. After passing the latter the course of the famouss Koolau or Ditch Trail can be distinguished from time to time, a distance up the lower slope of the great Mountain. Next Huelo landing is passed and from thence on can be seen the green cane fields of the Maui Agricultural and Hawaiian Commercial and Sugar Companies after passing the pineapple growing area.

9:00 A. M.—

Arrive in Kahului Harbor where reception committee will board steamer and welcome party through J. H. Gray, chairman of the Maui committee.

9:30 A. M.—

Autos marked with yellow and black sign on wind shields "Press Congress Car," will take party to grounds of the Maui County Fair & Racing Association, the only grounds of the kind in Hawaii. Here there will be held in the floral building an Hibiscus Show, the bloom that is most typical of the Islands and which is found in more than 2000 varieties. What a chrysanthemum show is to the mainland that is an hibiscus show in the Islands. The resources of the Islands, agricultural, horticultural, commercial and in livestock will be found in the exhibits buildings and in the Territorial Building a schools exhibit will show what the Islands are doing in educating the conglomerate population it holds.

Haleakala Trip

Arrangements will be made for those who have registered to take the trip to the Crater of Haleakala, such party to lunch in the Fair's cafeteria at 11 o'clock. After luncheon they will take autos for Olinda, 4000 feet elevation, where horses will await them at the end of the auto road. The rest of the journey, from Olinda to the Rest House must be made on horseback or afoot. The party will see the sunset at the summit, spend the night at the Rest House, see the sunrise, and, after breakfast return to Kahului stopping for lunch at Olinda. Warm clothing and wraps or sweaters should be taken on the mountain trip for it will be found cold at that high elevation.

12 M. TO 1 P. M.—

Luncheon at Cafeteria in Fair Grounds.

12:30 P. M.—

Livestock parade.

1:00 P. M.—

Horse races.

2:45 P. M.—

Track Athletic events.

3:30 P. M.—

Baseball game in Inter-Island Championship series

Before leaving the steamer party will be furnished with tickets admitting them to Fair Grounds and to grand stand both afternoon and evening. In the Hawaiian exhibit in the grounds in the morning there will be Hawaiian made souvenirs for each member of the party.

5:00 P. M.—

Autos to steamer. Automobiles marked with the yellow and black Press Congress sign will be at the disposal of the party throughout the day to take them back to the wharf and there will be free launch service between wharf and steamer.

7:00 P. M.—

Autos await members of party to take them to Fair Grounds.

7:00 P. M. TO 8:00 P. M.—

Band concert by marine and military bands.

8:00 P. M. TO 9:30 P. M.—

"A Night in Hawaii" will give an idea of old Hawaiian life and customs before the coming of the missionaries a little more than a century ago. Some of the dances and songs that will be rendered have not been showed in a public exhibition for many years.

9:30 P. M.—

Boxing exhibitions by men of the Army and Navy service of the Nation.

10:00 P. M.—

Autos to wharf and launches to steamer.

Sunday, October 16

9:00 A. M.—

Residents of Maui wearing red "Transportation Committee" badges will be at the wharf with their cars to take the party on a sightseeing trip. The route is from Kahului to Paia and thence up to Makawao, passing much of the way through the cane fields of the Hawaiian Commercial & Sugar Company and the Maui Agricultural Company. At Paia, at the sugar factory of the Maui Agricultural Company, is a fuel alcohol distilling plant. From waste molasses the company manufactures all the motor fuel for its motor and tractor equipment and for domestic fuel for its employes. The company also has a cement making plant.

On the return trip the cars will pass the Maui Polo field and Hawaiian Commercial and Sugar Company Mill at Puunene. This company is the largest sugar producer in the Islands and its mill was until recently the largest in the world. What is being done for labor in community houses and in housing will be seen in this plantation.

Returning to Kahului, the cars will proceed inland to Wailuku, the county seat of the Island. Here is the Wailuku Sugar Company's mill and for some distance the road to and out of Wailuku leads between its fields. Wailuku is situated on the West Maui foothills, peaks rising back of it to a height of more than 5000 feet. It is at the mouth of Iao Valley, one of the most picturesque sights of the Islands.

Proceeding out from Wailuku, Waikapu is passed and soon Maalaea Bay appears ahead, a crescent sheet of water one horn lying under the mountains of West Maui, the other under the shadow of Haleakala.

Soon after leaving Maalaea the road ascends and clings to the pali (cliff) into which it is cut. It is a drive of rare scenic beauty with new vistas opening at each and every of its many turns and twists. At points the road is several hundred feet above the ocean on the steep precipice. The larger of the Islands seen from here is Kahoolawe and the smaller is Molokini.

After passing the pali, Olowalu Plantation, one of Maui's smallest but one of its most prosperous plantations is reached and passed and the cars proceed on to Lahaina, the one time capital of Maui before the Islands were united into a kingdom by Kamehameha I. Here, also, the missionaries stopped before going to Honolulu where most of them located.

At Lahaina is the mill of Pioneer Mill Company one of the largest and best equipped in Maui.

The town is one of the most attractive and tropical in verdure and vegetation of any in the Territory. On the mountain side above it is Lahainaluna School, designed for the vocational training of students of Hawaiian blood. Looking out from Lahaina the Island of Lanai is the nearest, looking West and to the Northwest the heights of Molokai rise.

12 NOON—

Luau or Native feast served at National Guard Armory.

3:00 P. M. TO 3:30 P. M.—

Leave for return trip.

5 P. M.—

Launch at Kahului to steamer for dinner.

7 P. M.—

Residents of Maui with cars at wharf to take party to Puunene tank to swimming exhibition. This tank was put in by Hawaiian Commercial & Sugar Company for its employes by whom it is maintained.

The swimming exhibit will consist of the following numbers:

"If Only Jim"

Those who like a love story pepped up with fast action and touches of humor will appreciate "If Only Jim" starring Harry Carey. "If Only Jim" was filmed from the appealing novel "Bruvvers Jim's Baby" by Phillip V. Mighels and directed for the screen by Jacques Jaccard. Harry Carey plays the part of Jim Golden, the laziest man in the west, who is finally driven by hunger after his credit is stoped at the store, to go on a rabbit hunt. Instead of rabbits Jim finds a baby which has been deserted by the Indians. The idea of Jim raising the baby is too much for the community and the post mistress, who was the only one who's scorn had any effect upon Jim, tries to take the boy away. Her action precipitates a riot in which the whole town joins and Jim's fight for the boy brings on a novel and appealing climax to a most fascinating story.

"Twins of Suffering Creek"

William Russell is the star who's work in "Twins of Suffering Creek" is considered as the finest acting seen for sometime by this ever popular actor. It is a tale of love and bandits in the west, written for Mr. Russell by Ridgwell Cullum, and directed by Scott Dunlap, one of the greatest western directors. It is a story full of action, and exciting scenes the setting of which are taken in some of the most beautiful locations of which Mr. Dunlap is so well noted.

"A Private Scandal"

"A Private Scandal" which is being shown this week is a picture that appeals to those who enjoy a plot taken from everyday life, without the exaggeration that so often spoils so many screen dramas of today. It is a story of just two people, a man and a girl, silhouetted against the sinking sun, but in the stern cold face of the lover and the pleading, upturned face of the girl was to be seen a drama of human hearts, poignant, gripping. Real!. May McAvoy is seen in one of her best parts in "A Private Scandal."

"White and Unmarried"

Jesse L. Lasky presents Thomas Meighan in "White and Unmarried". This is a photoplay which we could write much of, but here are a few reports of the reviewers.

Thomas Meighans most delightful photoplay.

The best thing Thomas Meighan has done since "The Miracle Man." "White and Unmarried." It's a fine story and the production is immense Thomas Meighan supported by Jacquelin Logan in "White and Unmarried" is a greater picture than "The City of Silent Men.

With "White and Unmarried" and "Outside the Law" on this week's program we have the best weeks entertainment offered in our theaters this season.

Commercial Building Filled to Capacity with Fine Displays

The Commercial Building is filled to overflowing this year with an unusual amount of exhibits and the booths are of substantial construction.

Scattered among the various sections are not only to be found automobiles and accessories but electrical equipment of every description, agricultural implements, stove fixtures, builders hardware, mill supplies, household utilities from stoves to bathroom fixtures, wall papers, furniture, groceries and provisions as well as piano and musical instruments.

There is also to be found athletic goods and a jewelry display as well as a financial institution, and last, but not least, is a publication of a daily paper which is demonstrated before the public.

The list of exhibitors is as follows, also their representatives:

Hawaiian Pineapple Packers' Association, Mr. W. A. Baldwin.

Art Shop, Mrs. Rietow and Mrs. Humphrey.

Pertinent Paragraphs

Honolulu Delegation—Arrivals from Honolulu for the Fair already exceed in number those of last year and probably any previous Maui Fair. The number will be further augmented by others from the capital city who are with the Press Congress party due in Kahului tomorrow.

Will Attend Shrine—The next session of Aloha Temple of the Ancient Arabic Order, Nobles of the Mystic Shrine will be held at Honolulu on Saturday, November 26, 1921 and no doubt many of the Maui members will journey to the Capital City to be present at the ceremonial as it is understood several local citizens are to cross the hot sands.

Maui's Health Good—Reports from the board of health show Maui health conditions were excellent in September. On this Island there were only 12 cases of communicable diseases compared with 168 on Oahu, 34 on Hawaii and 21 on Kauai. Of Maui cases, eight were of tuberculosis, one of tetanus, one of trachoma, one of influenza and one of enteric typhoid fever.

Supervisors Meet—The Board of Supervisprs met Wednesday and received and read a number of communications and official reports and adjourned to yesterday morning when a second session was held and considerable business transacted though questions relating to important ependitures went over until today owing to the absence of Supervisor Fleming.

Sale and Entertainment — There will be a sale of miscellaneous articles, musical entertainment and dance at Kahului Community House a week from tomorrow night given under the auspices of the Paia Junior Christian Endeavor Society. The management says it will be a splendid time to make some early selections of Christmas gifts, especially of Hawaiian lauhala articles.

Will Dine Chinese—The Chinese delegates to the Press Congress will be guests at dinner on Saturday evening of the Chinese committee of the Maui Press Congress Committee. A few invitations to officials of the main committee have been issued. It will be held at the rooms of the Chinese Society at 6 o'clock. Chock Chong, J. Y. Ting and A. K. Ting are the Chinese committee.

There are still good seats for the Swimming Meet but they won't last forever.

Farmers Will Burn Corn And Save on Coal Bills

(ASSOCIATED PRESS)

OMAHA, Neb., Oct. 13.—Farmers of the country will be burning corn the coming winter instead of marketing it, is the prediction made today by W. F. Hubbard, Iowa county agricultural agent.

Hubbard says that with corn selling at $5.40 a ton and coal at $11 there is little reason for the farmers to sell their produce and they figure they will save money by using it for fuel. Reports from throughout the corn belt, he says, indicate that corn burning will become general.

Coming Events

MOVE TO END STRIKE

(ASSOCIATED PRESS)

PITTSBURGH, Kas., Oct. 13—John L. Lewis, international president of the United Mine Workers announced the suspension of the Kansas district from that organization, that he has removed the president of that district the president of the Iowa district and other officers and has appointed C. L. Peck as acting president of the provsional district that has been created.

Peck announced that the miners must be required to work. This affects about 15,000 workers in the Pittsburg district.

WOMAN CONVICTED

(ASSOCIATED PRESS)

NEW YORK, Oct. 14.—Mrs. William Burkett was this morning convicted of forging the name of the late Theodore Roosevelt to a note for $69,900. The jury recommended clemency.

KEEP BUSY BUT KEEP COOL

It's true there's lots to be done before the Fair
BUT

It is the foolish person who pours down a glass of ice water or other cool drink and rushes out, for he will soon be warmer than ever.

The sensible way is to seat one-self comfortably and slowly sip the cooling drink or eat a refreshing plate of ice cream or a sundae and rest a few moments. Then one goes forth comfortable once more, invigorated and energized. Our soda fountain service enables and assists our patrons to do this. That's why we go to so much pains to maintain it.

TRUST SERVICE

A trust company is, in its last analysis, a service organization. Experts in business administration are gathered under one roof to give other people in the community the benefit of their specialized knowledge. The cost of this service is moderate because of the volume of business transacted.

The Trent Trust company is prepared to act as executor of wills, administrator on estates, as trustee or guardian, as agent in real estate, rentals, insurance of life and property, investments, and purchase or sale of stocks and bonds. Valuables are accepted for safekeeping in the firse and burglar proof vaults.

Penny Wise and Pound Foolish

Some concerns think it economy to send orders to Honolulu or to the mainland when they could be filled as well or better at home. They figure they save a few cents on the dollar by doing so and grasp at the nickel in sight.

BUT

Every dollar spent with Maui concerns passes from hand to hand, in wages, to the store, to the bank and out again into circulation, back to the concern that sent it out, again to be sent forth on its rounds. The profits accruing from the dollar kept in home circulation are many times larger than the small saving in the dollar sent away.
