

# NO NEWS OF BIG BATTLE YET

## "Misrepresentation By The High Sheriff"

MINORITY OF THE HOUSE COMMITTEE DESIRES "TO GO ON RECORD AS DISAPPROVING THE METHODS OF MISREPRESENTATION MADE BY THE HIGH SHERIFF TO THE AUDITOR AS TO THE IDENTITY OF PAUL SMITH."

The minority report of the Police Committee in the case of Paul Smith was submitted to the House of Representatives this afternoon. It was signed by Representatives Cox and Mahikoa who fully agreed with the findings of the committee as to what Smith had done in collecting pay under an assumed name but thought that the High

Sheriff was deserving of more severe castigation. The report runs thus in addition to that of the majority report:

We feel however that the methods adopted by the High Sheriff in misrepresenting the identity of Paul Smith

(Continued on page 5.)

## PLANTERS WILL REFINE

E. D. TENNEY OF THE SUGAR FACTORS' COMPANY RETURNED THIS MORNING FROM THE COAST—HE SAYS THE CONTRACT WITH THE WESTERN REFINERY COMPANY HAS NOT BEEN RENEWED—THE REOPENING OF THE CROCKETT REFINERY.

The Sugar Factors' Company will in all probability begin the refining of next year's crop of sugar at the Crockett Refinery.

E. D. Tenney, president of the Sugar Factors' Company returned by the Sonoma today, after an absence in San Francisco of some weeks. One part of his business there was to negotiate a renewal of the contract of the sugar planters with the Western Refining Company for the sale of the 150,000 tons of island sugar, which under the contract with the American Sugar Refining Company, may be shipped to San Francisco.

"There has been no renewal of that contract," said Mr. Tenney this morning, when asked about the matter. "Does that mean that there will not be any, or merely that there has not been any up to the present time?" was asked.

"It means that the negotiations are entirely off, because they have not been successful. We were unable to secure such terms as we considered we ought to have in such a contract.

"This probably means the re-opening of the Crockett Refinery and the refining of our sugar in our own refinery. It is up to the Sugar Factors to decide on that."

Mr. Tenney says there is no truth in the report some time ago that the owners of the sugar cargo of the Nebraskan refused to accept the New York quotation of the day of arrival as the basis of price.

Among the sugar factors and plantation owners, the feeling prevails that there is little or no doubt that the

Crockett Refinery will be reopened, and refining of island sugar by Island growers will commence. It is said that the conditions under which refining will be undertaken now are very much better than they were formerly. Practically all the island plantations are now united in the Sugar Factors' Company, while formerly they were not united, some selling to the trust and some to the Crockett refinery. Then it was necessary to go into the best industry to keep up a supply of raw sugar. Now it will not be necessary.

The San Francisco Chronicle of April 6 says: The big sugar refinery at Crockett, Contra Costa county, is now being remodeled and improved so that when the next sugar season opens in November, the refining of Hawaiian sugar will begin on the shores of San Francisco bay under the management of the growers. This move has been advocated by some of the largest planters of the islands for some years past, the argument being that San Francisco is the natural trade outlet of the Hawaiian Islands rather than New York or other eastern ports.

The next crop of the Hawaiian Islands, as far as can be judged by present indications, will be in the neighborhood of 400,000 tons, and all the plantations will derive incalculable benefit from the new business arrangement while at the same time freeing themselves from the oppressions imposed by the trust. It will also make San Francisco a great distributing port for sugar and materially increase the volume of the yearly commerce of this port.

## Chamberlain And Japanese Alliance

(Associated Press Cable to The Star.)

LONDON, April 12.—Joseph Chamberlain strongly supports the Anglo-Japanese alliance.

## RUSSIA HAS NO NEWS

ST. PETERSBURG, April 12.—No news of the reported naval battle has been received here.

### FRENCH WARSHIPS NEAR SAIGON.

SAIGON, April 12.—A French cruiser and five torpedo destroyers are cruising near here.

### HURRICANE IN TAHITI.

PAPEETE, Tahiti, April 12.—A hurricane swept over this region doing much damage.

### ROJESTVENSKY'S FLEET INTACT.

LONDON, April 12.—All of the Russian battleships passed Singapore. None of Rojstvensky's vessels are missing.

### RUSSIANS CONCENTRATING IN MANCHURIA.

TOKIO, April 12.—The Russians continue to concentrate troops in Manchuria.

### JAPANESE CRUISING NEAR COCHIN-CHINA.

SAIGON, April 12.—The Japanese warships are cruising off the coast of Cochin-China.

## ANDREWS ON RAPID TRANSIT

FREE RIDING PRIVILEGES STOPPED AFTER PROCEEDINGS BEGAN.

"It is puerile," said Attorney General Andrews this morning, "to suggest that this whole department would start to tie up the Rapid Transit and inconvenience the public because some of my subordinates are denied passes. We have never had passes, but as special police, some of the subordinates have ridden on the cars on police badges. The fact is that this privilege was not stopped before the present proceedings began. The Rapid Transit Company stopped the use of this department's badges after, and not before, the proceedings to enforce the law had begun.

"The whole case originated with the Superintendent of Public Works, as he this morning stated to me his willingness to inform the Senate committee. When the company failed to comply with the law, he turned over to me his evidence of violations and asked that I undertake proceedings, and I could do nothing else if I had wanted to. I secured further evidence and began the present proceeding.

"I do not see why the car system should be confused. As I suggested to Mr. Ballentyne when he called on me, I do not see why, if the cars met at transfer points before, they should not do so now. If the reduction of speed is uniform throughout, the cars will all be just so much slower, and will therefore meet one another just the same as before. There is no need to jumble up the system at all."

### SHERIDAN SAILS ON FRIDAY.

The transport Sheridan will sail tomorrow afternoon for San Francisco. She is discharging 1,100 tons of Japanese coal at this place. The vessel has as passengers the 14th Infantry under command of Major J. S. Park. The regiment has been on duty in the island of Samar.

### HELENE HAD SUGAR CARGO.

The schooner Helene sailing yesterday for San Francisco had a cargo of 27,555 bags of sugar.

Star Want Ads pay 25 cents.

## TENNEY PECK AND THE SPEED LIMITS

PRESIDENT OF THE RAPID TRANSIT SAYS HE WANTS A JUDICIAL DETERMINATION OF TERMS.

L. Tenney Peck said that the suit against the Rapid Transit Company for running faster than its franchise permitted, would come up before Judge Whitney tomorrow and he wanted a trial on the merits of the case. The company wants a legal construction of the terms used in its franchise. He said that it was a curious fact that the limit of eight miles an hour in the franchise was word for word and letter for letter the same as in the Tramways Company's franchise, which he thought was remarkable. The Tramways company's franchise was granted at a time when electric roads were practically unknown and when eight miles an hour was the limit of possible speed. Faster than that would mean cruelty to animals. At the same time he recalled that just before and just after the inauguration of Rapid Transit service on King street the Tramways company continuously violated its franchise by galloping its horses, and making faster time than eight miles an hour on King street.

In regard to the list of fatalities given by the Attorney General, Mr. Peck said that in every case the coroner's jury had found that the cars were not going faster than they were allowed by law. Hence these fatalities had nothing whatever to do with the matter of exceeding speed limit.

As to the figures given out in one of the legislative committee's reports, he said that the figures which were certified to by A. W. T. Bottomley were correct, as he had had access to the books of the company. But there were a large number of other tabulations which might, by the careless reader, be supposed to be Mr. Bottomley's figures, which were not. He did not know where these figures came from, but they were grossly incorrect.

### NEBRASKAN MAY SAIL TODAY.

The S. S. Nebraskan may sail tonight from Kahului for San Francisco. She is being dispatched several days ahead of her regular sailing date on account of the S. S. Oregonian being required as soon as possible at Kahului to load sugar.

## BALLOU IS QUALIFIED

LIGHTFOOT ROASTS THE SPECIAL DEPUTY ATTORNEY GENERAL IN THE SUPREME COURT THIS MORNING, BUT THE COURT QUICKLY DECIDES THAT THERE IS NO REASON WHY BALLOU IS DISQUALIFIED.

Magoon's plea against Ballou as deputy attorney general in the matter of the charges against Magoon was very unceremoniously thrown out by the Supreme Court this morning, after argument in support of it by Lightfoot, for Magoon. The court said that argument on the other side was not necessary and said it could see nothing in the document filed or in the argument in support of it, which would indicate disqualification of Ballou, as claimed, or require that he be cited to show cause.

"The plea, motion or whatever it is, is denied," said Chief Justice Fraser after some comment on the "special appearance and plea in bar," as the document filed was endorsed. Magoon thereupon asked and was allowed until Saturday to file a return and filed a motion for a continuance (till May 15, with an affidavit which sets forth a good deal of the proposed defense to the charges against him. Ballou did not appear in court, the attorney general appearing in defense of his action in appointing Ballou to handle the case.

When court convened Lightfoot read Magoon's plea against Ballou with considerable eloquent effect. Attorney General Andrews suggested that it had nothing to do with the case of Magoon, and that if there was anything against Ballou that was another case. If personal feeling were to prevent attorneys from appearing in se-

tion, it would be difficult to have cases tried.

The court announced that it wanted to hear from the other side, and Lightfoot proceeded with an eloquent argument, in which he roasted Ballou to the best of his ability. In the course of his argument Lightfoot said that the history of the inception of the prosecution of Magoon had not yet been revealed. "Our lips are sealed by confidential communications, but the day may come when the hideous persecution will stand out in all its bitterness." Lightfoot declared that Ballou was personally embittered and prejudiced against Magoon, and therefore disqualified to represent the attorney general's department against him. In an eloquent passage he recalled the Biblical scene where Christ invited him who is without guilt to cast the first stone, and he said that if Ballou had been present Ballou would have risen stone in hand and shouted that he, the perfect one, was present to do some throwing. He quoted numerous authorities to the effect that criminal prosecutions could not be undertaken by interested parties and referred to the Carter litigation, Magoon's charges against Ballou and Magoon's libel suit against Ballou to show that Ballou was interested.

In an interruption Andrews suggested the production of authorities to

(Continued on page 5.)

## WHO PAID PAUL SMITH?

THE HOUSE COMMITTEE FOUND THAT THE HIGH SHERIFF CERTIFIED TO A FALSE NAME ON THE PAY ROLL AND THAT SMITH DREW HIS PAY UNDER THE ALIAS OF "WM. JOHNSON" UNDER INSTRUCTIONS FROM THE HIGH SHERIFF.

The report of the Police Committee of the House of Representatives on the resolution introduced by Coelho asking for an investigation into the article in the Star headed "Who Paid Smith?" was presented in the House this morning.

As a mere glance at it will show, it is highly condemnatory of High Sheriff Henry but even as it was it did not go

far enough for two members of the committee. The report was signed by Holsteb, Kalno and Quinn. The other two members of the committee Cox and Mahikoa signed the report but, before it was read, withdrew their names on the understanding that they would submit a minority report. Cox stated that

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

U. S. Department of Agriculture, Weather Bureau.

The following data, covering a period of 30 years have been compiled from the Weather Bureau and McKibbin records at Honolulu, T. H. They are issued to show the conditions that have prevailed during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month April for 30 years. Mean or normal temperature, 73. The warmest month was that of 1893 with an average of 75. The coldest month was that of 1895, with an average of 71. The highest temperature was 86 on April 25th, 1892. The lowest temperature was 59 on April 21st, 1899. Precipitation (rain 1877-1894 incl.) Average for the month, 2.55 inches. Average number of days with .01 of an inch or more 13. The greatest monthly precipitation was 7.95 inches in 1890. The least monthly precipitation was 0.75 inches in 1882. Clouds and Weather (1883-1904, incl.) Average number of clear days, 11; partly cloudy days 13; cloudy days, 6. Wind. (1875-1904, incl.) The prevailing winds have been from the northeast. Station: Honolulu, T. H. Date of issue: March 30th, 1905. ALEX. McC. ASHLEY, Section Director, Weather Bureau.

### When "Worn Out."

For years we have daily received hundreds of testimonials from patients, in which they describe their previous conditions as "worn out." Probably this term describes the feeling of sick nerves as completely as any other.

But one is never really "worn out" until too late.

The truth is the nerves are tired. Tired, sick nerves cause that "worn out," "run down," "used up" feeling. The nerves stop doing their work properly—they protest against neglect, in a general way or in some particular way, just exactly as they protest if you put your fingers on a hot stove.

The protest of tired, neglected nerves is as distinct to medical science as a burr.

Paine's Celery Compound is a tonic for protesting nerves. It soothes them and feeds them back to their full strength.

That is why Paine's Celery Compound has for 17 years been the standard nerve vitalizer and tonic.

For 17 years Paine's Celery Compound has been the one great accepted tonic for the nerves, and the most universally used tonic in the world.

Miss Barrett neglected her nerves—they protested by making her feel "worn out" and nervous. She answered their protest.

Wells & Richardson Co., Burlington, Vt. Gentlemen:—I moved this spring and the extra amount of labor with irregular meals caused me to feel in a worn-out, nervous condition. I had headaches every day and felt unable to attend to my regular work. One of my neighbors advised me to try Paine's Celery Compound and I am pleased to say that it afforded me immediate relief, rejuvenating my entire system. I have not been without it in my home since, and feel very grateful for the results obtained from its use." Yours very truly, Anna A. Barrett, 1299 Sheridan Road, Chicago, Ill.

No medicine, no prescription, no treatment has ever been discovered that has the marvelous, positive and direct power of cure that Paine's Celery Compound has for nervous results or nervous diseases. It has stood the test of 17 years' time. Its formula has been sent to every registered physician in the United States, it is constantly prescribed by them. They know that it is the prescription of one of the most famous physicians known in the annals of American medicine—Prof. E. E. Phelps, of Dartmouth University. Paine's Celery Compound stands alone. All reputable druggists sell and recommend Paine's Celery Compound.

WELLS, RICHARDSON & CO.  
BURLINGTON, VERMONT.

# YESTERDAY'S SESSION Y. M. C. A. OFFICERS

At the afternoon session, the order of the day was the second reading of the seamy bill, but they were deferred, Senator Lane not being present. And then House bill 168, which is the liquor license bill, was taken up by the whole house. Aclt claiming that he had not meant by his motion of the morning to take up the bill in committee of the whole. The bill, in its essential particulars, is the administration bill. It was read section by section, and the first words came on the proposition to give distillers a license for fifteen instead of ten years as provided in the bill. The fifteen year term passed. Dickey then moved to amend the section by making the license fee for distillers \$5 a year for the first five years and \$100 per annum for the balance of the term of fifteen years. This was lost and then the license for distillers was placed at \$5 per year.

The license fee for wine makers was put at \$5 per year, and the period of the license was fixed at one year.

It was provided that wine should not be drunk on the premises where made. The wholesale liquor license was fixed at \$250 annually.

The detail liquor license was fixed at \$500 annually.

And at this point Lane made a motion that the bill be referred to a special committee, to give the people interested in the liquor bill a chance to be heard.

Paris, Aclt and Bishop opposed this, and the Lane motion was lost.

The license to sell liquor in original containers of less than five gallons in bulk was placed at \$100 annually.

It was provided that no man should be given a license to sell liquor who has twice been convicted of drunkenness.

A Pure, Wholesome tonic has been prescribed by your Doctor. Order a case of Rainier Beer. After the first case it will not be necessary for your Doctor to prescribe.

Want ads in the Star bring quick returns. Three lines three times for 25 cents.

Four new directors were elected at the annual meeting of the Y. M. C. A. last evening. They are George S. Waterhouse, William L. Whitney, W. Garvie Hall and John Guild. These, together with C. J. Day, C. H. Atherton, C. H. Tracy, Edgar Wood and Jess Duto comprise the Board of Directors. The trustees are F. J. Lowrey, C. H. Cooke and P. C. Jones. At the members' meeting held before last the old officers re-elected C. J. Day, president; and C. H. Atherton, treasurer. The new officers are George S. Waterhouse, vice president and Judge Whitney recording secretary. The public anniversary, the 26th may be postponed to May 6th, to await the arrival of Fred B. Smith of New York, representing the International Committee.

**HIS BICYCLE WAS BROKEN.**  
Charles Corney has filed a suit against the Hawaiian Stock Yards Company Ltd., alleging that they owe him \$6 and costs. He says that on April 4 a rig belonging to the stables and driven by R. Lillis damaged defendant's bicycle in the alleyway back of the Young Hotel.

**A LIQUOR CASE.**  
It is a Japanese, was placed on trial yesterday in Judge De Bolt's court for selling liquor without a license. A. M. Brown is defending the case and E. C. Peters defending.

**THE CAUSE.**  
The first causes of indigestion, Biliousness, Loss of Appetite, Headache, Dizziness, etc., is constipation. Don't take cathartics, as they irritate the lining of the bowels, and are only a temporary relief. Dr. Miles' Nerve and Liver Pills permanently cure by strengthening the nerves of the stomach and liver. They effect a mild, natural movement.

There are no "blues" in Rainier Beer. It is all golden brown, the golden brown of the ripened grain.

## For the Invalid

Half the cure for any long illness is light. Put a sick person in a sunshiny room. Give her sunlight as long as there is a ray of it and then when twilight comes, turn on the electric lights.

Twilight hours are bad for ill people. They think sad things in a gray light, and sad things are bad for the health, the circulation flags when the mind is depressed.

Have the electric button placed where the sick hand can easily reach it, and the patient will prove to you how much she craves the light.

Electric light is valuable in a sick room because it is hygienic, cheerful, easy to procure, without odor or deposit; because it does not selfishly exact its portion of oxygen, and because it is at hand any moment at a second's notice.

Electric light in a house is invested capital, the interest from which is amiability, health and a popular fireside.

Hawaiian Electric Co., Ltd. 223-227 King Street

**The Usual Appeal For a Subsidy**

The Wireless Telegraph Company is making its usual appeal for a subsidy. There is a bill in the House now, House Bill No. 177, providing for a subsidy of \$1,000 a month. It has been stated that this is not a bill for a subsidy, but merely to authorize the Superintendent of Public Works to enter into a contract with the company for the transmission of public messages. The bill, however is for a subsidy, pure and simple. There is no need of a bill to authorize public messages to be sent by wireless, whenever there is any call for sending such messages. The bill provides for the payment of \$1,000 a month out of the public treasury to the wireless. Of course it provides that the company shall transmit government messages. But it would do this anyway, that is, if it is able to keep going without a government subsidy.

Governor Carter in an interview published in the Star some time ago, gave abundant reasons why this subsidy should be lopped off. What he said was based on his experience with the company and its subsidy in the past. Two years is long enough to experiment with in this sort of thing, and the governor has told the results of that experimenting. Representative Holstein in the House has very strongly stated the reasons for opposing the bill. Twenty-four thousand dollars is pretty big gratuity for an institution which since its very inception has been unsatisfactory in its operation, and a constant applicant for subsidies in some form or other, either in extensions of time from its creditors, or guarantees of regular grants from the planters, or of subsidies from the government.

Twenty-four thousand dollars of the money received from taxation is a pretty big sum to be paid out in this way. It would be better for all concerned to let the wireless stand on its own merits. Perhaps an effective management would put it above the need of asking for subsidies.

**The High Sheriff And Fake Payrolls**

Not long ago the legislature of Hawaii passed a law to prohibit government employes from drawing more than one salary from the government, provided that one salary amounted to as much as \$100. It has remained for the Police Department, of all agencies, to discover and put in operation a means of evading this law. The revelations in the case of the Iwilei policeman have shown the extraordinary spectacle of the High Sheriff giving a title to a fake name, in order that a government employe might draw salary under an assumed name. Month after month, the High Sheriff has certified to a payroll giving "Wm. Johnson," the title of special police officer which title belonged to Paul Smith, and allowing Paul Smith to go and draw money and sign for it as "Wm. Johnson." Here is respect for the law from the Department supposed to enforce the laws! Here is a head of a Territorial Department showing how to defeat the plain letter and spirit of an important law! Why not let one man draw half a dozen salaries under aliases,—if a dishonest head of a department happens to come into office and try it? The legislature had better enact a law making it a penal offense to do what has been done in this case—if there is no law covering the matter now.

What shall be said of a public official, the head of the police department, who certifies to a pay-roll false as to at least one name it contains, and false as to at least one official title that it gives, that "I hereby certify that the above services have been faithfully performed?" Who knows how many more fake names there may be on the police payroll? A search for stuffed pay-rolls would now seem to be imperatively in order.

**Progress Through Alliteration**

Penny Postage, which has been one of the alliterative fetiches which has helped the progress of the world, has taken another stride. Penny postage throughout the British Empire is now the form of the catch phrase which the postal reformers use. There is already penny postage between the United Kingdom, and Canada, and New Zealand, but the efforts to extend it to Australia have so far proven a failure. The reason is that Australia has never felt that it could stand the financial proposition of reducing postage to that extent, and that the reduction would not itself so increase postal matter as to make up the deficit.

But the Postmaster General of Great Britain has lately made an offer to the Commonwealth authorities which the latter have accepted, which will bring Empire penny postage measurably nearer. This offer is that letter postage from Great Britain to the Commonwealth shall be one penny, provided the Commonwealth authorities will reduce the letter postage from Australia to Great Britain from the two and a half penny rate, which it has been, to a two penny rate. This is the domestic rate within the Commonwealth, and it is hardly to be expected that the foreign rate should be less than the domestic rate. But this reduction makes the next step much easier and probably only a question of a short time, when the rate of letter postage throughout the British Empire shall be one penny, which is the practical equivalent of our own domestic rate.

Penny postage, which was first introduced in Great Britain by Rowland Hill, and which has become for him a more imperishable monument than any other that will ever be erected in his honor, has been the theme of volumes of eulogy on the benefits of cheap and speedy methods of communication, and there can be no doubt that it has been a very great factor in the general diffusion of intelligence and advancement of the people of civilized lands. It would be interesting to know, and in default of the possibility of exact knowledge, it is interesting to speculate, how much of this influence has been due to the pleasing alliteration of the term and how much to the inherent excellence of the system. There is probably no doubt that the alliteration has challenged attention and given the subject a hearing that it never would have gotten otherwise, and in this way, and in this sense, has been as influential as the inherent merits of the system.

"From Cape to Cairo" is another alliterative phrase which has been able to make most wonderful headway. When Sir Cecil Rhodes first announced his scheme of a railway from the Cape of Good Hope to Cairo in Egypt, it was greeted with an incredulous smile. But the phrase "From Cape to Cairo," was one that challenged attention and haunted memory, and now after the lapse of only a few years, the project is in large measure completed—the dream is coming true.

**THE RAPID TRANSIT CRISIS.**

Senator Bishop's resolution opens the way for an investigation that may bring out all the facts and make clear just why the street railway system is now being operated at so great inconvenience to the people. If there is any truth in the charge that is made that the company is now operating so as to create the greatest inconvenience possible to the public, for the purpose of creating a feeling antagonistic to the officials of the government, it ought to be found out.

Surely it is possible for the street car system to be run so as to serve the public and at the same time be run in safety to the public. No right-minded citizen wishes to harass the Rapid Transit Company simply because it is apparently prosperous, nor because it has a liberal franchise. The company is carrying on a great public utility. It has shown that it can carry it on efficiently. It has given good service. Why should it not do it now?

On the other hand, no right-minded citizen is willing that because the company has great power it shall make arrogant use of it. Its power was given, to enable it to perform public service, while making money for those who have invested their capital in it. Its power is for use, not for abuse.

Let there be a full, complete, unimpeded investigation of the whole matter by the senate or the legislature. In the meanwhile, it is up to the company to give the best service it can under the restrictions of its franchise, and the physical arrangement of its system, and if it is not able to give a good service because of the physical arrangement of its tracks, switches, or other parts of its system, let these be rearranged so that it can. If this is undertaken in a spirit of openness and candor, it will no doubt be met in the same spirit by the public.

They have a four-foot shark out at the Aquarium. That's good. Now if they can only catch a number of the two-foot sharks round town and put them in the Aquarium tank as well, everybody will be happy.

There is a lively demand at all times in the states for cabinet and interior finishing woods that will take a handsome polish. So there ought to be no difficulty in finding a market for all the koa wood that can be cut in these Islands.

A Paris dispatch says that the harbor of Saigon is too shallow for Russian dockage. If this is true Russia's ally is probably thanking heaven Saigon was not deceived.

High Sheriff Henry doesn't need to beat about the bush. The cablegram about the strychnine in the bi-carbonate of soda is on file in the cable office. The cable company will produce it at any time on written authority from the

White silk shirt-waist suits, fully tailored, very handsome, at \$12.50.

Pongee shirt-waist suits, very nobly, fully tailored, \$10.50.

Batiste shirt-waist suits, solid colors, nicely trimmed, \$4.50.

White lawn shirt-waist suits, lace trimmed, \$6.

Etamine shirt-waist suits, washable, dressy and stylish, \$5.00.

Handsome white etamine and Mohair Coats of the very latest styles.

Stylish Opera Coats. Very handsome in white and champagne.

Also a new line of Etamine silk lined skirts.

Easter Parasols, Etc.

**N. S. SACHS' DRY GOODS CO. LTD.,** Cor. Fort and Beretania Sts.

## WHO PAID PAUL SMITH?

(Continued from page one.)

he had signed the report under the belief that the evidence on which it was based would also be read.

The report is as follows:

**HOUSE OF REPRESENTATIVES.**  
Honolulu, T. H., April 12, 1905.

Hon. E. A. Knudsen, Speaker of the House of Representatives.

Sir: Your Police Committee, to whom was referred Resolution No. 240, entitled "Who Paid Smith?" introduced by Representative Coelho, respectfully submit their report on the investigation made after examination of certain witnesses brought before them.

In the examination of the vouchers submitted by Auditor Fisher, which were pay-rolls for the months of December, January and February (the March pay-roll being still in the possession of the High Sheriff), we find that there appears the name of "William Johnson" as an officer drawing the sum of \$70 per month as salary. The question arose as to who was "William Johnson," and while the Auditor said that the writing was familiar, your committee to make their suspicions doubly certain, required the attendance of Captain Paul Smith.

Last evening, Captain Paul Smith appeared before the committee, and during the examination admitted that he is Paul Smith has been signing the pay-roll as "William Johnson," which was done by and through the advice of High Sheriff Henry, who advised that step for the purpose of keeping secret his connection with Detective Hatter, who was doing ferreting work in the city of Honolulu.

As such police officer he was ordered to perform certain duties, namely: To see that any women doing business held a doctor's certificate; to see that they did not run round the streets; that they kept no liquor on the premises, and that no boys or minors were running about the place.

Your Committee feels like congratulating itself on performing this delicate detective work in discovering "Who Paid Smith," and for answer say that the government has paid Smith (whose alias was "William Johnson") for the purpose of drawing the salary.

Furthermore, your committee appends the statements made by the different witnesses before them, for the benefit of the House.

Respectfully submitted,  
W. L. HOLSTEIN,  
Chairman, Police Committee.  
JOHN KALINO,  
E. W. QUINN.

Testimony had before the Committee on Police, on Tuesday evening April 11, 1905.

The subject matter is Resolution No. 240, introduced by Representative Coelho (which was taken up at the last meeting of the committee, when the statement of Auditor Fisher was taken).

Present: All the members of the committee. A subpoena being issued by the Speaker for the attendance of Paul Smith, he now appeared before the committee.

Mr. Holstein reads the resolution to Mr. Smith, the same containing an extract from the Hawaiian Star entitled "Who Paid Smith?"

Mr. Holstein.

Q. Mr. Smith, you are cited to appear before the committee to give testimony on the subject of this resolution as to whether you received pay from the government for services while acting as an officer at Iwilei. I do not know whether you have testified before the Senate Committee, but that has nothing to do with the House.

Mr. Cox.

Q. It is claimed that you have served in that capacity for four months, from December to March, and had an appointment from High Sheriff Henry?

A. Yes, sir.

Q. During that time you have been acting as police officer? A. Yes, sir.

Q. In whose name was the commission made out? A. I had a badge.

Q. You had no written commission? A. No, sir.

Q. How do you sign your name to the pay-roll? A. Sign as William Johnson.

Q. Then you acted as a police officer under the direction of the High Sheriff? A. Yes, sir.

Q. Without any commission? A. I was told that it was unnecessary; that a badge was sufficient.

Q. Then you understood that because High Sheriff Henry gave you a badge you are a police officer? A. Yes, sir.

Q. Did he give you any instructions that you had the right to make any arrests? Do you know the law in regard to police officers? A. I do.

Q. What is your understanding as to making arrests without a commission? A. I was given to understand that the badge was sufficient; that I did not need any commission.

Q. Who gave you that commission? A. I was told so in the office; the clerk said my commission was not necessary.

Q. What was your intention in signing the name of "Wm. Johnson" to the pay-roll? A. I was told to do so by the Sheriff. I have been connected with the Board of Health two years, principally in the District of Iwilei, and know that district well. He did not want the people to know that I was working for the Police Department.

Q. While you were at Iwilei, did you display your badge there? A. Yes, sir.

Mr. Holstein.

Q. Then the secrecy of being a secret police is done away with? A. That secrecy was not in regard to Iwilei. It was outside work done with Detective Hatter and the Sheriff round Kioh street in regard to gambling joints, and so on.

Mr. Cox.

Q. You publicly displayed your badge while you were at Iwilei. A. Yes, sir.

Q. Under direction of High Sheriff

Henry you signed the pay-roll as "Wm. Johnson"? A. Yes, sir.

Q. You knowing at the time your name was Paul Smith? A. I do, sir.

Q. Did High Sheriff Henry at any time state to you the reason why he wanted you to sign as William Johnson? A. It was because of the secret work I was doing for him at the time.

Q. Where did you receive your pay? A. At the Sheriff's office.

Q. Where did you sign the roll? A. In the presence of the Sheriff.

Q. Then the government paid you as William Johnson? A. Yes, my warrant called for that.

Q. Do you know any person here by the name of William Johnson? A. None that I know of.

Q. If there is one, you do not know him? A. No.

Mr. Holstein.

Q. So you had been doing outside work in connection with Detective Hatter? A. Yes, sir.

Q. Did Detective Hatter have any "bodyelse" A. No, sir. I was acquainted with all the gambling joints, etc., through my being an agent of the Board of Health and inspecting all these houses.

Q. So Hatter had no other assistance than yourself in any of the work? A. I was told to act with him and to show him certain places and to give any assistance I could.

Q. So that the seventy dollars that was given you was not for the work that was done at Iwilei? A. I was given to understand I had to do anything when I was called upon by the Police Department.

Q. What was the secrecy, or the reason of the secrecy, of not having your own name on the warrants? A. I could not tell. When I went first at the end of the month to receive my pay the Sheriff cautioned me not to tell any Tom, Dick and Harry that I was doing this kind of work; but as far as Iwilei was concerned it did not matter. The Sheriff asked me to sign my name opposite the name of William Johnson, which I did. I have lived seventeen years in this country and I could not take this warrant and get it passed as everybody knows me. He told me to take the warrant and he would endorse it.

Q. The idea was to keep from letting people know you were associated with Detective Hatter? A. Knowing that I am a sanitary officer, it was easy for me to get into various houses.

Q. Well, was it done with any intention of evading debts in case of garnishment? A. No, sir.

Mr. Cox.

Q. Then by your actions from the time you were employed from December to March you were under the High Sheriff? A. Any reports I made, I made direct to him.

Q. And during that time at Iwilei, were you an agent of the Board of Health? A. I was at that time.

Q. And practically you held three offices; one as a police officer; one as agent of the Board of Health and one as clerk of Doctor Cooper? A. Yes, sir.

Mr. Oulan.

Q. As agent of the Board of Health, is any salary attached to that? A. No, sir.

Mr. Holstein.

Q. Then what was your principal work at Iwilei then, in what respect? A. Everything pertaining to the place; but principally to see that women had doctor's certificates and that they were not running round town.

Mr. Cox.

Q. What were you ordered to do in regard to Iwilei? A. To see that any women doing business held a doctor's certificate to see that they would not run round the streets; that they kept no liquor on the premises; and that no boys or minors were running about the place.

Q. So long as they were in Iwilei? A. Yes, sir. There was an order to move them to another section; but this was countermanded.

Q. And during all this time you were acting as a police officer you received no commission? A. No, just a badge. I have today a police commission, but it is made out for the Board of Health.

Q. Serving without pay? A. Yes, sir.

Q. You received no regular commission? A. None; except the badge. I asked the clerk a few days after I started to work, and the answer I got was that it was not necessary.

Mr. Holstein.

I do not think the Committee has any more questions to ask. We will excuse you, Mr. Smith, and thank you for appearing before the committee.

Coelho, on the reading of the report moved that as a minority report was to be presented, the report could better be considered in the light of what the minority report might disclose. He said further that he was in sympathy with the views expressed.

The report was tabled to be considered with the minority view.

## SONOMA HAS A BIG CARGO

With six days later mail and a large list of passengers both for Honolulu and through ports, the S. S. Sonoma arrived off port early this morning from San Francisco. The vessel left San Francisco April 6. She had good weather throughout. Nothing of special interest occurred during the trip.

Among the passengers for Honolulu was J. G. Woolley, the temperance lecturer. He is en route to Sydney but stopped over at this place. He is accompanied by his wife.

H. L. Ward is a prominent business man of California who stops at Honolulu.

Miss A. Dias returned from an extended trip to California.

J. J. Sullivan was an arriving passenger.

The vessel brought 750 tons of freight for Honolulu and has about 1,000 tons of through freight. The vessel is loading 500 tons of coal at this place. She is scheduled to sail for Pago Pago, Auckland and Sydney at 9 o'clock tonight. Several passengers will depart on her from Honolulu.

## BALLOU IS QUALIFIED

(Continued from page one.)

show that the debarment proceedings is criminal. Lightfoot replied that the time had not come for production of such authorities. In the midst of Lightfoot's argument he was interrupted by the court informing him that his time allowance was up. He was allowed until eleven o'clock and spent the time in quoting further authorities. At the close of Lightfoot's argument the court stated that it did not care to hear from the other side, and announced a decision. Frear speaking for the court, "The motion is denied," said Frear. "The court can see nothing in the statutes of Hawaii, the authorities cited, the statements in the motion or the argument of counsel to indicate that Mr. Ballou is disqualified or to require an order from him to show why he is not disqualified."

Frear then inquired as to the nature of the pleading. He said it was not a plea. "Speaking for myself I cannot see how the words special appearance apply," the chief justice said. "It is not a special appearance. The plea, or motion, or whatever it is, is denied."

Magoon's affidavit in support of the motion for a continuance contains the following:

"Now comes J. Alfred Magoon and being first duly sworn on oath deposes and says that L. H. Dee is a material witness in respondent's behalf in the above entitled matter, and that said Dee departed from the Territory of Hawaii, as deponent is informed and believes, and upon such information and belief alleges and avers on or about the 5th day of April 1905, on the steamship Alameda bound for San Francisco. That prior to the departure of said Dee as aforesaid, deponent had no intimation of any description that said Dee intended so to depart, or that he had any intention whatever of leaving the Territory of Hawaii, and when deponent was informed after that said Dee had sailed as aforesaid that he had left the Territory deponent was taken wholly by surprise. That deponent is informed and believes and upon such information and belief alleges that said Dee left the Territory of Hawaii on account of his health. That he has been a very sick man for a long time and was advised by his physician that an immediate trip was absolutely necessary for the preservation of his health; that said Dee intends to return to the Territory of Hawaii on the 12th day of May, 1905."

The affidavit says that Dee will testify that he had charge of the Kamalo litigation against Frank Hustace and instructed Magoon; that Dee wanted Magoon to do what he could to recover from Egan and Foster the balance of the Kamalo judgment and that Frank Hustace would pay all the expenses in the matter; that Hustace's object was not to escape liability but to induce the company to get as much as possible out of Egan and Foster before calling further on Hustace.

Dee will testify, it is set forth, that Magoon informed Hustace that he was powerless to take steps while Hustace had executorial property and that the only way to proceed against Egan and Foster was for Hustace to transfer his property so that judgment against him would be returned unsatisfied, and that Hustace must first give a bond to Magoon that he would pay if the proceeding against Egan and Foster did not produce the amount required. The Smith deed and deed to Charles Hustace were made without the consent or knowledge of said Dee and deponent and in bad faith on the part of said Hustace, and not in pursuance of any plan, advice or suggestion given by said Magoon," says the affidavit.

The directors of the Kamalo Sugar Company were aware of and approved the proceedings, says the affidavit. After making the deed Hustace left the Territory and Dee instructed Magoon to investigate Hustace's property upon which Magoon found out about the transfers and then Dee told him to proceed with the lien under the Kamalo execution.

An affidavit by Dr. Wood, as to Dee's illness, was also filed.

sumed name and thereby defraud his creditors there is nothing to hinder every man on the police force from doing the same.

We desire therefore to go on record as disapproving the methods of misrepresentation made by the High Sheriff to the auditor as to the identity of Paul Smith, finding no facts to justify any such action on his part.

Respectfully submitted,  
OSCAR P. COX,  
G. W. MAHIROA.

## Getting Ahead

of \$400 a year amount to, against the protection of these islands from the spread of leprosy.

After Paris and Dickey had further argued against the House proposal Aehl related some cases many years old of mistakes that were made in commitments of persons to the Molokai Settlement.

Dickey's amendment to have five examiners instead of three carried, the words, capable of spreading the disease were stricken out. The time persons may be kept at the examining hospital was limited to one year. The bill then passed second reading.

**BOOMING PINE APPLES.**

C. A. Brown has received a letter from Henry C. Lyons of the Raymond and Whitcomb Company at Boston thanking him for a box of fine pine apples sent from Honolulu. Two of the pines are being displayed in the window of the company and two others were sent to the S. S. Pierce Company. A letter from the latter concern to Brown expressed satisfaction over securing the two large pine apples and adds that the company is making a display of the "Taka" brand of pine apples. The 100 cases which were ordered last year are practically all gone and the customers speak highly of the brand. The new order for the present season is for 200 cases of Hawaiian pine apples.

**COUNTY BILL.**

Governor Carter had consultations with a number of heads of departments this morning, regarding the County bill.

## IN THE HOUSE

Once more this morning the vexed question of translation absorbed the attention of the House for valuable minutes. It was over Senator Dickey's osteopathy bill which was up for third reading. The bill provided for the licensing of osteopaths as such, and not as physicians.

The intelligent translators of the bill made the word "osteopathy" in English "Lomilomi" in Hawaiian. To those in the House who understand only Hawaiian the idea that "lomilomi" could only be performed by licensed practitioners was naturally preposterous and Kalino voiced this sentiment in an unceremonious manner.

Greenwell, Broad and Speaker Knudsen joined in explaining that "lomilomi" means "massage" instead of osteopathy.

The bill passed with only Broad dissenting.

The military committee reported on the petition from Hilo asking for a sum for the aid, support and maintenance of the Hilo band. It recommended the consideration of the petition with the appropriation bill.

The military committee reported on the statement made in an evening paper to the effect that the money appropriated by the Territory for the military department had been spent for "booze and high jinks."

The report stated that "no government money has been available for military purposes since June 30, 1904 and although beer has been bought, the money for this has been contributed from various outside sources other than governmental."

The committee on public education reported, in answer to Coelho, that an appropriation of \$2000 was needed for a school and teachers' cottage at Kihel; that the department had no intention of closing the present school at Kihel and that the committee would not interfere with the duties of the instruction board in the matter of the removal, appointment, retention or suspension of teachers.

The committee on public lands and internal improvements reported on Broad's resolution that the rates on small freights had been increased since the agreement between Wells, Fargo and the Oahu Railway had been put in force. The finding was that the rates on small freights had not altogether been abolished, they being still in force on the slow freights. The railroad claims moreover that on the higher rates the patrons were more than compensated by the saving in expressage from the station. It was concluded that the railroad had not broken any law and recommended the tabling of the resolution.

## IN THE SENATE

The House by letters announced its passage on third reading of the following House bills:

No. 96, relating to attachments; No. 165, relating to trial jurors; No. 188, authorizing the issuance of certificates of Hawaiian birth, and No. 183, relating to wills.

All of which were read by title and passed first reading.

The House also notified the Senate that it had passed House Bill No. 7, notwithstanding the veto of the Governor. The message was laid on the table to be considered with the bill.

The House also notified the Senate, the message being placed on file, that it had concurred in the Senate Bill No. 3.

### AUTOMOBILE ACT.

Dickey gave notice of a bill, which was read a first time by title, to repeal Sec. 57, Penal Code of 1893, and to protect the public from danger from automobiles and other motor vehicles.

### SECRECY VEIL REMOVED.

Paris moved the following resolution, which was seconded by Dickey and carried.

"Be it resolved, that the seal of secrecy required of the members of the Senate as to the proceedings of the executive session of the Senate held April 8, 1905, regarding the nominations of the Governor is hereby removed."

The mover and seconder had stated that there was an occasion for secrecy, Dickey saying the reasons for rejecting certain appointments were not in any-wise personal.

### LEPROSY BILL.

The second reading of Senate Bill 68 was called, with it to be considered House Bill 176.

Dickey moved to strike out all the sections of the House bill after the enacting clause and the sections of the Senate bill be considered instead.

Aehl defended the House bill. All along he had heard the cry "No money, no money"—and here was a bill to reduce the number of medical examiners from five to three, which would save \$20 for every examination of suspects at Kihel.

Dickey argued that money should not count in such a matter, showing from the official report that but 16 persons were examined in six months. Call it 20 and there would be only slightly in biennial period. What should a saving

## MISREPRESENTATION

(Continued from page one.)

on the pay roll are to say the least questionable.

If the employment of Paul Smith was for a legitimate purpose there was no reason for concealment.

His duties at Iwilei were such as did not require his identity being kept secret.

He was seen and known at Iwilei as a police officer and although without any authority so to do not being a duly commissioned police officer exhibited a badge as such.

The public have a right to examine the records and pay rolls of the Auditors' office and if Paul Smith was in the employ of the government and drawing a monthly salary the public were entitled to know it.

By working and being paid under an assumed name, any creditors Paul Smith may have had, were being defrauded out of their rights under the law as regards any garnishee process such creditors might desire to bring against him.

If Paul Smith could receive money from the government under an as-

J. F. DENNISON Supt. J. C. SMITH, G. P. A. T. A.

You go to your barber, week after week, hoping the shampoo will cure your dandruff. But the dandruff continues to form as badly as ever. The trouble is you do not get it in the right way. The scalp is diseased, and you must cure it before your dandruff will ever disappear. Simple washing will never bring this about.

Ayer's Hair Vigor

This splendid hair preparation cures dandruff because it cures the disease of the scalp, and then the dandruff soon disappears for good. Ayer's Hair Vigor will prevent dandruff, and at the same time it will keep your hair soft and glossy.

THE LAW AND THE RAPID TRANSIT

ATTORNEY GENERAL ANDREWS SAYS THE COMPANY HAS DELIBERATELY OPERATED ITS LINES IN DEFIANCE OF THE PROVISIONS OF ITS FRANCHISE—SENATOR BISHOP'S RESOLUTION ABOUT ATTORNEY GENERAL'S DEPARTMENT PASSES.

The Rapid Transit system continued to be in some confusion yesterday, owing to failures to make connections at switches, under the slower speed orders. As a result of rumors current in Honolulu Senator Bishop introduced the following resolution, which was adopted by the Senate:

"Resolved, That the Attorney-General be asked to reply to the following questions:

"1. Do you hold, or have you held within ninety days past, a free pass from the Honolulu Rapid Transit and Land Company permitting you to ride free on the cars of said Company?"

"2. Do you hold such a pass from any company or railroad which gives you the privilege of free transportation?"

"3. Do any of your deputies or assistants, meaning thereby, Deputy or Assistant Attorney-General hold, or have they held within the past ninety days passes from or issued by the Honolulu Rapid Transit and Land Company?"

Attorney General Andrews made a statement explaining his attitude, as follows:

"The franchise granted the Rapid Transit Company is an extremely liberal one. In fact to use the slang of Legislative parlance it is a 'clinch' franchise, giving away the most valuable rights in Honolulu and granting enormous powers without a return of a cent to the Territory. To be sure, there is a provision under which the Territory is presumed to receive a portion of the net receipts, but the franchise is so cleverly worded that up to date the Territory has not received one cent of the immense revenues falling into the coffers of the corporation; nor, in my opinion, will they ever receive any revenue, except such as the corporation deems it politic to pay.

"The present trouble with the corporation is that it is evidently become drunk with the power given it under its franchise and intends to ride roughshod over the people of this community, unless it is allowed to violate its franchise whenever and wherever it pleases.

"Its actions in claiming that the attempt of the government to make it conform to its franchise will paralyze the road, so that it cannot give effective service, and its conduct in deliberately conducting such service since the bringing of the suit so that it will inconvenience the public as much as possible, shows that it either over-intended, from the time of the granting of the franchise, to live up to its terms, or else it has reached the state where its motto is 'the public be damned.'

"In this connection it must be remembered that the company is allowed by law to run its cars at the rate of 12 miles per hour west of Liliha street and east of Alapai.

"The remarkable statements that it compelled to run within the rates of speed prescribed by law, it cannot give the public an efficient and satisfactory service shows to what length it will go, and the power it believes it controls, to tie up the traffic and business of the city.

"If it has deliberately arranged its schedules and switches so that it cannot run enough cars to make proper connections and accommodate the public without violating its franchise, then it is time to see whether the franchise of the company cannot be taken from it, and the public be protected and given proper transportation for the grant of public utilities.

"While the people are long suffering, there is an end to patience when confronted with corporate disregard of their rights, and the managers of the Rapid Transit Company should remember the fate of the Hawaiian Tramway Company for its disregard of the public interests.

"The speed regulation in the franchise, requiring it to run its cars in the business portions of Honolulu at a rate of not more than 8 miles an hour and in other portions at a rate of not more than 12 miles an hour, is a regulation in the franchise for the safety of pedestrians and vehicles, and was known to the managers of the corporation when they arranged their schedules and put their cars in operation.

"The trouble has been that they prefer to reduce expenses and run a small number of cars, making these cars go at a dangerously high rate of speed in order to make connections. Since the installation of the system, the following persons have been killed:

Manuel Peters killed Nov. 14, 1901; Yuen Lam killed July 10, 1902; Masalo killed April 20, 1903; Kozai killed April 24, 1903; George Parker killed Sept. 22, 1903; Petalapa killed Sept. 29, 1903; W. H. Kalekutuwa killed May 29, 1904; Liwal Makamei killed Dec. 8, 1904; Ah Lan Tai (girl) killed March 8, 1905; Wong Chee killed March 27, 1905.

"This list does not include the large number of persons maimed and otherwise disabled, where the result was not fatal.

"The distressing spectacle of a horse being run into by a rapidly moving car in broad day light on one of the principal business streets, the horse upset and the body of the deceased thrown into the street before the gaze of relatives and friends is fresh in the public mind.

"These matters became so flagrant that the Superintendent of Public Works directed a letter to the company on March 23, 1905, which I quote:

March 23, 1905. "Honolulu Rapid Transit & Land Co., Limited, City.

"Gentlemen: I beg to call your attention to a report made by one of the engineers of this department relative to the speed at which cars are being operated in the city of Honolulu, and wish to refer to certain provisions made in your franchise under Section 542 of the Revised Laws of the Territory, in which a limit of speed of 8 miles per hour is established for certain districts of the city and a maximum speed of 12 miles per hour allowed.

"From the enclosed schedule of observations, you will note that in each case the legal speed limit was exceeded, and I would ask that you take immediate steps to conform to the laws of the Territory in regard to this matter.

"Will you kindly acknowledge receipt of this communication.

"Yours respectfully, "Superintendent of Public Works."

"To this letter was attached a memorandum which I hold in my hands showing twenty violations of the speed limit, where the cars were running from twenty-four miles an hour down to fourteen, all on the main streets of the town on March 20, between the hours of 11 a. m. and 3:30 p. m.

"The answer of the company was the killing of Wong Chee on Liliha street on the 27th day of March.

"The matter was then called to the attention of my department and the result was that in a very short space of time we obtained evidence of over fifty violations of the speed limit, the speed at times, running as high as twenty-eight or thirty miles an hour in places where twelve and eight miles are allowed by the statute.

"The plea that the cars were making up time is a specious one; if the company's managers have not sufficient ability to prepare a schedule and furnish cars which will give the public adequate service without 'making up time,' at this tremendous rate of speed in our principal streets, then I would suggest that more competent men be employed to handle the running of cars on the railroad.

"I see the Advertiser claims, in its editorial of yesterday, that the Rapid Transit has always been exonerated from the charge of contributory negligence. (It said 'by every coroner's jury.'—Ed. Adv.) If the Advertiser will go over the judgments of the Circuit Courts it will find that in practically every case in which suit has been brought against the corporation for negligence, large damages have been obtained and collected from said railroad, not to speak of the large number of cases settled out of court by the company. The whole editorial of the Advertiser, while presumably intended for a plea that the Government should allow the corporation to violate its franchise when and where it pleases, seems to me to show the utter incompetency of a system which admits that it cannot properly serve the public, unless it is allowed to violate its franchise, and the need of a better system or a new franchise."

CHURCH SEPARATION

PARIS, April 12.—The Chamber of Deputies has begun the church separation debate.

CANAL DIGGING BEGUN.

WASHINGTON, April 12.—Five thousand laborers are now at work on the Panama canal.

PRESIDENT CAPTURES WOLF.

FREDERICK, April 12.—President Roosevelt, who has been hunting wolves, personally captured one alive.

ISLAND VISITORS OFF BY VENTURA

QUITE A NUMBER OF PEOPLE GOING WHO HAVE MADE THEMSELVES POPULAR WHILE HERE.

RELIGIOUS SERVICES

The revival services today are at 10 this morning at the Methodist church; at 3:30 p. m. at the Christian church; and at 7:30 p. m. at Central Union church; and the noonday Lenten services. The Lenten services for men today were conducted by Bishop Restarick.

SHIPPING INTELLIGENCE

On the Ventura sailing yesterday were a number of people who have been visiting the islands for some time. Among them is a party consisting of Mrs. Cook and Miss Cook, members of the celebrated Thomas Cook & Sons family, the great tourist agents of the world. With them are Mrs. Beckord of San Francisco, and Miss Crane, daughter of the western representative of the Vanderbilt lines of railway. They have visited the volcano and other points of interest in the Islands, and have been guests of the Alexander Young Hotel.

Mrs. Shepherd and her daughter, Mrs. Webb, of Chicago, are also departing visitors. They too have been guests of the Alexander Young and have made extensive tours throughout the group.

Mr. and Mrs. F. C. Smith of Boston have been here about two weeks, guests of the Hawaiian Hotel. They spent the winter in Southern California, but intend to spend the next winter in Honolulu. During their stay here Mrs. Smith has made quite a striking collection of Chinese and jade jewelry.

Mr. and Mrs. E. B. Hill of Chicago also leave by the Ventura after a stay of some time at the Alexander Young Hotel. Mr. Hill is in extensive business in Chicago, and was especially inter-

ested in the agricultural and horticultural resources of the islands. He made a special trip to the Wahiawa colony to study the pineapple industry.

Only the chemistry of nature is employed in the manufacture of Rainier Beer. It is wholesome, invigorating and genuine.

FOREIGN NEWS BY CABLE

CASTRO'S REPLY IS DEFIANT.

CARACAS, April 12.—The Secretary of Foreign Affairs declared last night that President Castro had refused to withdraw the asphalt cases from the courts or to resubmit the Orinoco steamship case to arbitration and that he would hold his ground even if the North American army came.

CASTRO'S BAD BREAK.

WASHINGTON, April 12.—President Castro's reply to the demands of the United States has been received but it is not made public. It is reported from Caracas that the reply is undiplomatic and almost threatening.

INSULAS FRANCE ALSO.

WILLEMSTAD, April 12.—President Castro has reduced the interest on the Venezuelan debt held by French citizens, thus aggravating the present strained relations with France.

NAVAL BATTLE ON.

AMSTERDAM, April 13, 4:17 a. m.—A telegram from Batavia, Java, reports that a fight between the Japanese and Russian fleets is in progress off the Anambas Islands, east of the Malay Peninsula.

The Anambas Islands are in the China Sea, about 150 miles north-east of Singapore. A Dutch squadron was ordered there yesterday to preserve neutrality.

RUSSIA WANTS A CHINESE PORT.

LONDON, April 12.—Russia has requested China to permit her to use a port of that empire as a base for her warships and has been refused.

MILLION MEN BY FALL.

TOKIO, April 12.—It is estimated that Japan's field force next autumn will exceed one million men.

MOVEMENTS OF TROOPS.

GUNSHU PASS, April 12.—The ground is thawing and a fierce gale is drying up the moisture. General Nogi is moving with the aim of cutting communication with Vladivostok. It is believed the Japanese advance from the south has been halted.

WANTS MORE SHIPS.

JIBUTIL, April 12.—Admiral Nebogotoff's is cruising near Socotra, awaiting re-enforcements.

A BOLD CHALLENGE TO RUSSIAN AUTOCRAT.

ST. PETERSBURG, April 12.—The Congress of attorneys has reconvened and adopted a resolution calling for a removal of the autocratic regime and the framing of a democratic constitution.

THE CUBAN CROP OF SUGAR

Correspondence of the Louisiana Planter under date of Havana, March 17, contains the following:

In all the districts where the rain does not interfere with field labor the crop is being pushed as fast as allowed by the limited number of workmen, whose scarcity is as yet keenly felt in a small number of localities, and each day that passes imparts greater strength to the belief that a large reduction will result at the end, in the calculated total output of this year's crop, since it is now generally admitted that it has been over-estimated from the beginning and instead of 1,250,000 tons, as announced by Messrs. Willett and Gray of New York, or 1,200,000 tons, as expected here, taking into account that on the 28th ult more than half of the cane had already been ground and the manufactured sugars sent to shipping ports aggregated only 539,194 tons, it is likely that even if the weather were to allow planters to take to avail, in due time, the totality of the cane left in the fields, the total production would not considerably exceed 1,000,000 tons, which would show that the most expert calculators made an error that varies between 27 and 33 per cent. The case is mentioned of a grower who cut and sent to the mill last year six million arrobes (75,000 tons) of cane and obtained only four million arrobes (50,000 tons), this one, though he had increased his acreage of planted land by eight caballerias (26,665 acres).

In the province of Santa Clara, which is undoubtedly the greatest cane growing region in the island, the quantity of cane is inferior to that of the previous crop, in spite of the larger extension given to cane plantings and the enormous quantity of spring cane that remained uncut last year.

Sprouts have been this year a total failure and their development, that was detained in May and June by excessive moisture, did not recover as customary, in September and October, and on this account the greater part of the cane ground this year is slim, short and too leafy, for which reason its yield in sugar, though satisfactory, is rather small, as far as the average to the caballeria is concerned.

BAND CONCERT

The Hawaiian Government band will give a moonlight concert tonight at 7:30 at the Palama R. R. Station. The program will be as follows:

PART I. Overture—"The Armourer".....Lortzing; Gavotte—"Circus".....Fliege; Selection—"The Cracker Jack".....Mackie; Vocal—Hawaiian Song—arr. by Berger Mrs. N. Alatal.

### BUFORD CARRIES 19 REGIMENT

ARRIVED THIS MORNING FROM PORTLAND EN ROUTE TO THE PHILIPPINES.

The transport Buford arrived this morning from Portland en route to Manila. The vessel left Portland April 1. She experienced rough weather crossing the bay but after that time the weather was perfect.

The vessel is taking the 19th Infantry to the Philippines for service in the islands. Colonel J. F. Huston is the commander of the regiment. The regiment numbers 125 enlisted men and 42 officers. It has been on duty at Vancouver barracks. Families of the various officers are passengers on the vessel.

Among the officers is Captain A. E. Rowan, who, while a lieutenant at the outbreak of the Spanish war, gained fame by carrying to General Garcia, the Cuban general, from the President relative to military operations.

There are aboard the vessel 23 Filipinos and 8 Chinese who had been with the cable steamer Burnside and are now being returned to the Philippines on the Burnside is out of commission.

Two stowaways were caught on the vessel after she sailed. The most interesting one was a young girl about 20 years of age. Frankie, she was said, was her given name. She was in love with a soldier bold and she could not bear to be parted from him, so Frankie stowed herself away in the steam launch on the vessel and was not discovered until the Buford was far out to sea.

The Buford is loading 700 tons of coal at this place. She is to sail for Manila on Saturday.

### TERRITORY WINS A BIG CASE

NEED NOT CARRY OUT DREDGING WORK WHICH UNCLE SAM WILL UNDERTAKE.

The Territory won a \$60,000 decision this morning in the Supreme Court, in the matter of the Hawaiian Dredging Company vs. Superintendent Holloway. The object of the suit was to compel the Superintendent of Public Works to order the dredging company to proceed under a contract for dredging Honolulu harbor, a writ of mandamus being asked to compel the Superintendent to survey dredging work which was done under the contract, after Holloway had notified the company that he was not prepared to have the work proceed and that it was done at the company's risk. The court holds that a valid agreement was made when the contract was entered into, by which the time of performance of the work was postponed until Holloway should notify the contractors to begin it, or until there should be funds available for it.

Judge Robinson is sustained in denying the writ asked for by the dredging company. Kinney, McClannahan & Co., and S. T. Derby appeared for petitioner and J. W. Cathcart, respondent.

The Federal government has made an appropriation for the dredging work now, and the Territory will probably never carry out the contract it made with the dredging company. The latter, in fact, has done work for which it cannot collect, under the decision.

### REVERSAL OF JUDGE ESTEE

SUPREME COURT OF THE UNITED STATES DECIDES TEST CASE IN FAVOR OF HACKFELD.

WASHINGTON, April 11.—In an opinion by Justice Day the Supreme Court of the United States today reversed the opinion of the Circuit Court of Appeals for the Ninth Circuit in the case of H. Hackfeld & Co. vs. the United States. The case involved the construction of the law holding shipowners responsible for neglect to return immigrants when requested to do so.

In this case the immigrants were Japanese who escaped from a locked room on shipboard. The Government took the position that the statute requires the return of rejected immigrants under all circumstances, and the Circuit Court of Appeals took that view. The Supreme Court, however, took the view in today's opinion, that shipowners are required only to exercise due diligence in such cases, and failed to hold the shipowners responsible for the escape of the immigrants.

In the above decision the United States Supreme Court reverses a decision given by the late Judge Estee, which was sustained by the Circuit Court of Appeals. There are ten similar cases pending here now, involving fines of \$600 each, for allowing Japanese to escape from quarantine. In one case, involving \$600 for two Japanese, Hackfeld & Company paid the fine, and they are entitled to their money back if they can get an act through Congress. The firm of Kinney, Ballou & McClannahan appeared for Hackfeld & Company and H. W. Breckons for the United States. The decision will throw on the immigration officials more responsibility for guarding of immigrants on steamers.

ARGYLL SAILS TODAY.

The S. S. Argyll sails today for San Francisco towing the barkentine Fulleton.

### James F. Morgan,

AUCTIONEER AND BROKER.

217-217 Kiahomanu St. Tel. Main 77.  
P. O. Box 194.

Residence 155 Kewalo Street.

### ATTACKS ALL THE INDICTMENTS

HUMPHREYS OBJECTS TO THE WORDING USED BY GRAND JURIES HERE.

A motion which makes a general attack on all indictments found here was made this morning before Judge De Bolt by Ex-Judge Humphreys in the case of Ah Wong, charged with selling liquor without a license. The motion: attack, the wording used here in all indictments, stating that the "true name" of the accused "is to the Grand Jurors unknown." In the motion it is set forth that it is not alleged in the said pretended indictment and cannot be ascertained, therefore who is charged, with having committed the offense attempted to be charged in and by said pretended indictment.

The motion was argued by Humphreys and Deputy Attorney General Peters, and taken under advisement by Judge De Bolt.
