No. 2463.

### MAKAWAO LITERARY.

A Pleasant Evening With the Popular Modern Authors.

MAKAWAO, Maui, January 19.—The January meeting of the Makawao Literary Society was held on Tuesday evening last in the parlors of the Makawao Foreign church. The affair was very impromptu, having been gotten up within a week, but proved none the less enjoyable for that.

It was a "Book Social," each person representing a book in some way or another, and each person guessing what the books represented were, the one guessing the most securing a prize, and the one ferreting out the least getting a booby prize. Miss Clara Lowrie rendered two selections on the piano in a most pleasing manner, and Miss C. A. Schweizer delighted the audience with a reading. Between these events a series of five tableaux and pantomimes were given by the audience. They were "The Choir Invisible," being a quartette behind a curtain, "Following the Flag," "The Madonna of the Tubs," "The Sowers," and "Stepping Heavenward," the representations of which can be imagined.

## JAPS AWED BY BULLETS

FIND OUT THAT GUARDS ARE REALLY ARMED.

Progress of Work on the Biggest Detention Camp Yet a City in Itself. Race Characteristics.

The Japanese at the Kalihi detention camp continued the same display of ugliness and temper which showed itself in the attempt at riot Monday night. Those of them who make this display and show this temper seem to be led by one turbulent spirited fellow of burly frame. He gathers crowds around him several times a day and makes speeches to them. King street those who follow his lead continued their preparation of clubs and other weapons. Some of them came around to the National Guardmen on duty to find out whether they really had ammunition. In expectation of possible trouble ten rounds of ammunition were issued to each guard at 6 o'clock last night. When the Japanese learned of this there was no attempt at trouble. The heavy rain of last night also kept them pretty well under shelter so that there was no demonstration last night.

The Kalihi camp is now assuming shape and completeness, and will soon be able to displace all other detention camps. It is located on a big tract of land bordering on the sea right toward the sea from the Kamehameha schools and the Reform school. A short street starting from King street at the tram company's stables has been extended through the sea, and a new street running parallel to King street a considerable distance makal of the Oahu railroad has been cut through the opposite way. The main buildings of the camp are in the block between this new street and the sea, and Ewa of the new street running down from King street. A high board fence is being put up around this block. It is now completed on the Ewa side and on the side of the sea. In the center of this block are the wash houses. Around it at suitable distance are built and being built long cottages each divided into twenty rooms having a back and front entrance, but no communication of the rooms with each other. Water closets for each cottage are arranged at suitable places. As soon as can be arranged a cage wire fence will be built around each cottage, so that if a case of plague breaks out in one cottage none of the occupants of that cottage can mingle with those in any other cottage.

The Japanese are in the cottages nearest the sea. The Chinese and Hawaiians are in the cottages further mauka on the grounds. The building in which are to be detained white suspects is still further mauka and across the new street bounding the grounds on the mauka side. The administration building is just makal of the building for whites.

At present the kitchen facilities are not sufficient nor satisfactory. One person from each cottage is detailed to receive supplies and prepare the food for the occupants of that cottage. The cooking is done on open fires out of doors. It is believed that when better cooking facilities can be provided there will be more contentment and less trouble among the Japanese.

The demeanor of the different nationalities betrays their race characteristics. The Hawaiians are happy and buoyant, and the only trouble to be found with them is that they will keep up their singing and merriment till late hours at night. The Chinese take the situation philosophically and socially.

The policing of the grounds is done as far as possible by men selected from among those detained in the camp. The camp is under the direction of Jack McVeigh.

#### AT CAMP JONES.

Battalion at Kalihi Had Inspection This Morning.

Captain Schaefer of the First Regiment staff went out to Kalihi and inspected the battalion which is on duty there.

The three companies under Lt.-Col. McCarthy are now comfortably camped and have everything in good order. The camp has been named Camp Jones, in honor of the colonel of the regiment. The three companies are E, Captain Ludwig; C, Captain Costa; and A, Lieutenant Klemme. Lieutenant Boyen is battalion adjutant. There are about 150 men in the three companies besides the officers. When they first got out to Kalihi they got off the train in the dark. They slept that night, so far as they slept, without tents, and the commissary was pretty slim. But now they have tents which were very welcome during the heavy rain of last night. Their camp is established below King street and is well laid out. The commissary is in good shape, and all things considered the boys think they are doing very well.

## NO MORE PLAGUE CASES

CHINAMAN AT ROTH PLACE WAS THE LAST.

Chinaman Died This Morning of Plague—Was an Old Patient—Situation Very Hopeful.

A case of plague fully developed about 8 o'clock last night in the barn back of Mrs. Roth's residence in Kinau street. The victim's name is Ng Gee, Chinaman. He was sent to the pest hospital. Today his fever is slightly higher but he is not in a critical condition so far as can be told.

Dr. Raymond attended the case. There was a high fever Monday night, the man was kept in isolation. Yesterday afternoon Dr. Raymond discovered plague symptoms and sent for Dr. Wood. Both physicians came to the conclusion at 8 o'clock that the case was one of plague.

The house in which the man lived is far from the Roth house in the rear premises and there is not such connection between the two as to spread contagion. The Board of Health thought it necessary to quarantine the infected premises only.

There was one plague death today. Go Young Fook, alias Yen Fook, Chinaman, aged 35, died at the pest hospital near the Chinese hospital at an early hour. This man was found in Kamanuval on the 18th and removed to the hospital referred to.

Excepting the Roth case of yesterday evening there has not been a new manifestation of plague since 12:30 Monday morning, or nearly three days.

A Chinese boy named Ah Ott, aged 14 months died at the Kerosene warehouse camp last night of meningitis.

#### ANDREW'S MAUI FRIENDS.

Recall a Time When He Was Quarantined Himself.

KAHULUI, January 19.—Maui people see something amusing in the attitude of Sheriff Andrews of Hawaii, in this plague question. During cholera times in 1895, Sheriff Andrews, then of Maui, was one of the unfortunate passengers of the "Claudine," who were refused a landing at Kahului and was obliged to spend some days on Cocoanut Island, after a week on the steamer, before they could return home.

People remember in a good shape as they do at that time, how imprecations flew, and the air got blue, but of course the sheriff was on the wrong side of the line then. Perhaps the sheriff's memory of it, makes him all the harsher now. But the sheriff's Maui friends, of whom there are many, wish him well, and trust that he does not suffer for his zeal.

#### GOING TO MAINLAND.

KAHULUI, Maui, January 19.—Miss Clara Lowrie will leave for the Coast by the brig "Lurline" from Kahului to the course of two weeks.

#### ARRIVALS AT KAHULUI.

KAHULUI, Maui, January 19.—The Lurline reached port Tuesday, the 18th, 19 days from San Francisco, with a cargo of merchandise.

On the same day the famous steamship Cleveland, formerly known as the "Kahului" arrived, making the run in 11 days. She appears all right, and delivered her goods in a good shape as any. She brought a cargo of merchandise, and will take back sugar.

#### NEW SCHOOL HOUSE.

HAMAKUAPOKO, Maui, January 19.—The new one room school house for Kaupakalua is well under way, and will be completed in about one month. This is situated just back of the old school house, and is being built as an addition to the former school, the number of pupils having so largely increased.

#### KONA ON MAUI.

WAILUKU, Maui, January 19.—On Tuesday a hard Kona storm raged most of the day, and the welcome rain fell on all parts of the Island, varying from 1 to 2 inches in different localities.

#### NO SEASICK.

"No, sir," said a passenger on a steamship to the captain, "I am not seasick, but I am disgusted with the motion of the vessel."—Ohio State Journal.

#### AN EASIER WAY OUT.

Proprietor—"If you don't stop eating so much candy I'll have to let you go." Drug Clerk—"Oh, say now, you know I'm a valuable clerk; suppose you just keep candy."

#### SATISFYING Imitation.

"How did you photograph that fine, large meteor, professor?" "I spattered whitewash on my closest door."

#### CHICKENS RAISED THEM.

"Friend," "Do you raise vegetables?" Suburbanite (sighs), "No, only plant them my neighbor's chickens raise them."—Exchange.

#### IN BEAUTIFUL DESIGNS.

Dress goods in beautiful designs can be found at L. B. Kerr's, Queen street, and at prices that are remarkably low.

Going out of the business of importing harness and vehicles. Rare chance for bargains. W. W. Wright.

Clearing sale of harness and vehicles this week at W. W. Wright's.

#### HAS FEW EQUALS.

For light running, easy adjustments, and good work the Singer Sewing machine has few equals and no superiors.—B. Bergersen, agent, Bethel street.

#### HERE AT LAST.

"The Hawaiian Scenic Calendar" published only by The Golden Rule Bazaar, 312 Fort street, was received by the S. S. "Mariposa" and is the handsomest piece of work in this line ever offered the public. Secure one and send it to the folks at home—they will greatly appreciate it, and it only costs 50 cents.

Fine Job Printing, Star Office.

## A SUPPER'S WAREHOUSE

LOCAL FIRM WANTS ONE FOR ISLAND FREIGHT.

Asks Cabinet for Permission to Build Large, Wooden Affairs on Esplanade for Temporary Use.

At the Cabinet meeting this morning it was voted that the matter of the communication from Theo. H. Davies & Co. to be allowed to erect a frame building on lots 10 and 11, leased by them from the Government, to accommodate the additional storage that will be required at Hilo in the near future on account of the suspension of communication between Honolulu and Hilo, be referred to the Attorney-General.

Voted that the action of the President in removing Mr. Winston from the Board of Health and appointing Mr. Lowrey in his stead be confirmed.

The application of Theo. H. Davies & Co. has reference to an entirely new arrangement made necessary by the plague and quarantine. As the lots are within the fire limits action by the Executive Council will be necessary before such a structure as is indicated could be allowed. The warehouse will be used for storing goods pending shipping facilities.

When the action with the regard to Mr. Winston was taken yesterday there were only two Cabinet ministers present. The matter was approved today by the entire Council.

#### WHICH IS RIGHT?

A citizen desires the publication of the following: EDITOR STAR:—Please reprint the following extracts from the Pacific Commercial Advertiser.

January 23, 1900, page 8.—"One of the most interesting in strange districts was the Chinese Consul, who rendered valuable service during the panic on King street by calming the excited Chinese."

January 24, 1900, page 10.—"The attitude and actions of the Chinese Consul at this time were in strange contrast to those of his confrere. He did absolutely nothing to allay the fears of his countrymen as seen at several times engaged in heated conversation with Minister Mott-Smith entering protest after protest at each step taken by the Government and the Board of Health and cavilling at their methods and policy as opposed to Chinese interests and desires, etc."

Please say which in your opinion is the correct version of the Chinese Consul's action. CITIZEN.

#### POSTPONED.

PAIA, Maui, January 23.—A dance was to have been given last night on board the Weatherwax in Kahului harbor, but was put off owing to the roughness of the bay.

#### NOT HIS PROPERTY.

Judge Frear Does Not Own Objectionable Aala Block.

EDITOR STAR:—In your issue of yesterday you state that I am the owner of most of the block condemned at Aala and that back of the block is a stagnant pool which was condemned four years ago but was never filled up.

I am not the owner of any of that block. I own some property across the road from that block, which I filled up several years ago. I endeavored to persuade both the owners and the lessees of property adjoining mine to fill in at the same time, but they, with the exception of one person, who, by the way, was a Chinaman, refused to do so.

Respectfully, W. F. FREAR.

January 24, 1900.

#### AT THE DRILL SHED.

Dr. Myers and Dr. Hodgins have 1233 people in their charge at the National Guard armory. They have there as complete system for handling the destitute as is possible on short notice.

#### MOLOKAI'S EPIDEMIC.

The Mokoli returned this morning from Molokai, having on board another typhoid fever patient. The sick person is Mr. Linder, head luna at Kaunakakai. Dr. Mouritz remained on Molokai to treat the sick people of whom there are reported to be increasing numbers.

#### GOING TO EUROPE.

Henry Waterhouse, Jr. and wife will sell by the Australia this afternoon for a six months visit to the United States and Europe. Among other countries they will tour Italy and Switzerland, and will reach the Paris exposition in May. Returning to America they will visit various cities and points of interest.

#### KIHEI DUST.

MAKAWAO, Maui, January 19.—Kihei has been again largely in evidence the past few days, the high winds taking the red dust up most to the summit of Haleakala.

#### HE HAD CAUSE TO REJOICE.

"A young man came into our store yesterday suffering from a severe attack of cholera," writes B. P. Hess, miller and general merchant, Dickey's Mountain, Pa. "He had tried various home remedies without relief. As I had used Chamberlain's Colic, Cholera and Diarrhoea Remedy I gave him a dose and it soon brought him out alright. I never saw a fellow so rejoiced." Sold by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Islands.

#### EXQUISITE RUGS.

If you want to decorate your home buy one of those 14-4 rugs that are being sold at L. B. Kerr's for \$7. They are good value, exquisite patterns, charming colors, and must be seen to be appreciated. Do not fail to see them before they are all sold.

#### PASS THE TIME PLEASANTLY.

Steamer men in quarantine pass the time pleasantly by playing gramophones purchased from The Bergstrom Music Co. New improved gramophones sold on easy payments.

## THE AUSTRALIA

PASSENGERS SENT ON BOARD EARLY.

The Biggest List the Steamer Ever Had—No Farewells or Send-off on the Wharf.

The Australia is nearly ready for departure and will leave here this afternoon with the largest cabin passenger list she has ever carried. The size of the list is not due to the fact that people are making an exodus from Honolulu, but to the fact that all the other steamships which usually take passengers have been refusing them, and none have left here since the last trip of the Australia.

A few of those who are originally booked have been dropped from the list by Dr. Carmichael, either because he was not satisfied with their condition, or because they lived too near infected places. Others have changed their minds about going on hearing of the likelihood of quarantine at the other end, for the expenses which the company requires the passengers to pay.

The trip on the Australia should be a pleasant one this time, as the company on board will be all that could be wanted. It is safe to say that the popular captain and officers of the vessel will add to their reputations as good people to travel with. Captain Lawless, purser McComb and steward Seeley all have friends among the long list of passengers. The officers will be more than glad to get away from the monotony of lying at anchor in Honolulu harbor.

This morning the last of the fumigated baggage was sent on board and the passengers began to go on at half past one. None of them were allowed to carry any packages or even flowers. There were no leis, even the wharf itself was in quarantine, and all farewells were spoken before the passengers entered the gate of the wharf.

The chances of quarantine at San Francisco form the main topic of discussion among those on the Australia. It is thought that in view of the very encouraging situation here and the extreme care taken with the vessel, she will not be very severely treated.

The passengers were taken to the Australia this afternoon by a scow, from the Oceanic wharf. No one was allowed to go on the wharf except those who were going on the vessel. The scow was towed out to the steamer by the J. A. Cummings and all were aboard by about two o'clock. W. G. Irwin & Company announced that the vessel would leave promptly on time, keeping up the Australia's reputation for sticking to a time table.

Before going on board the vessel passengers were sprinkled with disinfectant. The people passed through the Oceanic warehouse, inside which several men stood ready to see that they were properly attended to. Consul-General Haywood was present and personally looked after work.

Small brooms were used for the sprinkling. Clothing was brushed down with these, after the brooms had been dipped in disinfectant, and every valise and package was opened and wet inside.

After the scow had left the dock the crew of people who were on hand to see friends and relatives off went to the Inter-Island wharf to watch them till the last moment.

#### DANCE AT SPRECKELSVILLE.

PAIA, Maui, January 23.—A most delightful dance was given at Spreckelsville hall on Saturday evening last under the auspices of the young men of Spreckelsville. A train was run from Wailuku, and though the affair was gotten up on rather short notice, about four days, the hall was full to overflowing with a very representative crowd. E. L. Vander Naillen officiated as floor manager, and the music was furnished by a native orchestra. Dancing was kept up till midnight, and everybody present enjoyed themselves thoroughly. Refreshments of sandwiches, coffee, cake and ice cream were served, with lemonade on tap. The young men talk of holding these social dances once every month, which would be something pleasant to look forward to.

## THE CORNER STONE LAID

CEREMONIES AT MAUNAOLU SEMINARY.

Friends of the Institution Gather in Large Numbers—Addresses by H. P. Baldwin and Others.

PAIA, Maui, January 19.—The corner stone of the new Maunaloa Seminary, at Sunnyside, Makawao, was laid on Saturday afternoon last, January 12, with public ceremonies, appropriate and elaborate. A large concourse of people was present to see the event, and give the Seminary a good start in life. The exercises, preceding the laying of the stone, were held in the carriage room of the new stable, which was crowded to the doors with spectators. The program was as follows:

Response—"Graciously, hark to my pleading," Maunaloa girls.  
Addressed, by H. P. Baldwin, Rev. E. G. Beckwith and Rev. J. Kalino.  
Chorus—"Anniversary song of praise" (adapted), Maunaloa girls.

Prayer—Rev. E. G. Beckwith.  
After the program, H. P. Baldwin, the builder, made a few remarks of appreciation and the company then adjourned to the building, where the corner stone was in readiness. The sealed box was placed within it, the stone raised to its place, and with a trowel of mortar Mrs. H. P. Baldwin gave it the requisite touches, and laid the stone with the words "I declare this stone to be well and beautifully laid."

The company then sang "Praise God From Whom All Blessings Flow," the men standing with bared heads, and the ceremony was over.

The stone was laid on the traditional north east corner, which will be the kitchen of the Seminary. On one side of the stone was the inscription "A. D. 1896," and on the end just, "1900." Within the stone were placed photographs of the trustees of George E. Beckwith, of Princess Katulani, of President Dole, and of the present school with the teachers and pupils.

The latest copy of the Friend, the last report of the Hawaiian Cousin's Society with an account of the Seminary fire therein, and some copies of the present were also enclosed. The stone was laid at just twenty minutes past three, in the afternoon.

Work on the new building is progressing very fast, the whole framework of the first story being up. It commands a view of almost every point of central Maui, and will be an imposing edifice.

The school hopes to occupy it before the end of June next.

## THE VELOCITY WRECKED

W. R. BROWN'S PURCHASE A TOTAL LOSS.

She Goes Ashore on the Coast of For-mosa—Captain Brenstein is Supposed to be Drowned.

The bark Velocity, which was recent-ly purchased by W. R. Brown, who re-turned here on the Doric's last trip, has been wrecked at Formosa. The cap-tain is missing and is thought to have been drowned. The Yokohama Adver-tiser has the following about the disas-ter:

"The rumor which had gained cred-ency in Shanghai that the sailing ves-sel Velocity was badly ashore near Tai-wan-fu, Formosa, proved on enquiry to be unfortunately correct, and what is more discouraging still, the information is given that the skipper was miss-ing. The Velocity was an old sailing ship of 401 tons burthen and was long known to residents in Shanghai as a coaster, plying from Shanghai to both northern and southern Chinese ports and occa-sionally to Japan and Formosa. She was commanded by Captain Bernstein, who was assisted by foreign first and second officers, with the remainder of the crew Chinese. She left Shanghai some time ago for Nagasaki, where she loaded bricks for Amoy. From thence she intended to proceed to Taiwan-fu and afterwards to Poochow, to load poles and then again to return to Tai-wan-fu. It was after leaving Amoy that she encountered terrible weather and was driven hard and fast aground on the Formosa coast, some short distance from her destination.

"Absolute particulars of the disaster are not yet to hand, but telegraphic advices to Messrs. Moller and Sons show that the crew, with the exception of the Master, are safe in Taiwan-fu. Captain Bernstein, who was a married man and resided in Boone Road, Hong-kong, it is feared has lost his life."

The Velocity was to have come here when through with the trip on which she was lost. She has been here many times and is a well known old bark.

**NEW TRANS-PACIFIC LINE.**  
YOKOHAMA, January 13.—The Fu-tayama Shokai of Kyobashi, Tokyo, has decided to open a steamship ser-vice to America, Hawaii, Shanghai and Hongkong, with several large steamers recently purchased for that purpose.

**THE HAWAIIAN BILL.**  
Judge Hartwell wired President Dole by the Hongkong Mail that the Haw-aiian bill would be taken up by the Senate immediately after the financial bill. This is more than satisfactory as the latter bill is now before the Senate and it is certain that the Hawaiian matter will be disposed of in the next few days.

**ENJOYING THE SCENERY.**  
"Did you have a pleasant trip to Cal-ifornia, Mrs. Skinner?"  
"Yes, indeed; we played euchre all the way out and all the way back."

A SANDWICH THROUGH A BABY
ATHLETIC AT EIGHT AND A HALF MONTHS.

What Physical Culture Has Done for the Child of Prof. Stagg of Chicago University.

Alonso A. Stagg, Jr., son of Professor A. A. Stagg, director of athletics at the University of Chicago, says a Chicago correspondent of the New York Sun, is a miniature Sandow. He is a baby eight and a half months old, and has had a course of physical training since he was four weeks old.

From that time the baby has been able to stand erect, balancing himself on his father's hand held at arm's length. He swings from a trapeze bar by his hands like an athlete. He can lie flat on his back and put his big toe in his mouth. He can lie flat on his back and rise to a sitting posture himself by his feet or elbows.

This is done entirely by using the abdominal muscles, and is beyond the power of nine men out of ten. The Stagg baby is probably the strongest child of his age in the world.

A. A. Stagg, Jr., is the only child of his parents, and he started in life with physical equipment a little below rather than above the ordinary.

"At four weeks old," says Professor Stagg, "the baby weighed just what he did when he was born. He hadn't grown a bit. He had had a spell of illness, and at the time we had a much idea that he would live through it. Well, when I saw the fight the little fellow was having, it occurred to me that perhaps I could help him. That is the way his athletic training began."

Today Alonso Jr. weighs twenty-one pounds, and at twelve months he will probably tip the scales at twenty-four pounds. Twenty-two pounds is the weight of the average baby at a year old.

To hear of this baby's thletic prowess is to imagine a pugnacious, oversized child, or at least a boy something out of the ordinary at first sight. Stepping into the nursery Professor Stagg came back with a small bundle of humanity hugged up in his arms. The baby was laughing and kicking and wore a white dress and pink wool socks.

"There now," said Professor Stagg, tossing the little fellow down unceremoniously on a leather couch. Instantly Alonso Jr. righted himself and looked around. His eyes are big and peculiarly bright; his head long from front to back. But the most striking thing about the little fellow is his alertness. His whole body is alert, and he holds himself with an air of confidence and self-reliance. He is not afraid of anything. Strange sights and sounds interest him. He appears to be a unit instead of a duality. For example a paper weight is shoved off the table with a bang. Instantly, with three times the mental or physical ability of a fencer, the child responds. He starts, he peers around curiously, he leans at the very moment the sound is made. Seizing a small stick his father held it up on a level with the baby's eyes. Alonso Jr. enjoys nothing so much as going through his gymnastic feats. He grasped the bar and held it in the grip of his chubby hands as much as to say, "All right, ready!" His father raised the rod and swung it back and forth vigorously. The baby drew up his feet a little, threw his head back and hung on without difficulty. Then the father picked the baby up and stood him on his hand, holding him out at arm's length. Professor Stagg tossed the boy up and down lightly, raising him nearly to the ceiling. Alonso Jr. balanced himself easily, standing erect on his sturdy, straight legs and laughing as if he enjoyed it thoroughly.

"Since he was four months old," said Professor Stagg, "he has gone through this performance six days in the week. He accomplished it successfully at the first trial, except that I held my hand close to me and watched carefully to save him from a fall."

"What was the first exercise you gave the youngster?" asked the visitor. "It was massage, properly speaking," answered Professor Stagg. "You see that, as a matter of fact, the ordinary baby gets very little exercise. He is handled with care, fed and put to sleep. I determined to give every muscle a little exercise daily (for as I said, the baby was not growing at all. I commenced by rubbing him all over. I kneaded his body, worked his arms and legs and accustomed him to a few knocks. See there now," and the professor gave the young athlete a succession of righthand punches in the abdomen, the baby standing erect on the couch and laughing as if he derived a great deal of fun from the punishment.

"I looked quite content. He worked his legs up and down precisely as I had been accustomed to exercising them for him."

Alonso Jr. is a first rate pedestrian now at eight and a half months, but is not allowed to walk oftener than twice a week.

A very noticeable result of Baby Stagg's physical training is his finely developed sense of touch and sight. He does not reach for things in the aimless and futile way of ordinary babyhood. He knows just which way to strike for a marble or a card held in front of him, and makes no attempt to get it when it is out of reach.

SALVATION ARMY.
Officers and Members Doing Relief and Sanitary Work.

The Salvation Army is doing its part in the general work of relief and sanitation. Captain Lottie Mathis, whose health last week, was assigned to duty at the Drill shed detention camp on Sunday. She, with Miss Bushfield of the Penit Mission are the only white women among the hundreds of Asiatics at this camp.

Major Wood and Captain Bessie Mills, in addition to their regular Salvation Army duties are acting as sub-inspectors for the Citizens' Sanitary Committee. Five Salvation Army men are members of the National Guard and have been on duty since the guard was called out.

ALONG THE ROAD.
Seek on, seek ever; let no rest.
Divert you from the hopeful quest.
Although you find not what you would.
You'll chance on something just as good.

THE WAR PREPARATIONS
MOVES MADE BY JAPAN AND RUSSIA.

Four Hundred Homes Burned in the Sunflower Kingdom—Hongkong Volunteers for South Africa.

Kobe, January 11.—The Japanese papers report that the Natal authorities propose to extend the manufacture of arms and ammunition. The factory at Kure is the only place in Japan where the manufacture of heavy arms is carried on. It having been decided to augment the manufacture of quick-firing guns of 15 c.m. and larger calibres, the number of factory hands, which is at present 3900, is shortly to be increased by some 4400 with a corresponding increase of engineers and experts. The staff of the Kure arsenal, which consists of 4500, is also to be increased to 7500.

SHANGHAI, January 6.—It is stated in the Odessa Press that 10,000 troops will shortly leave there in order to reinforce the Russian garrison in the Far East. The first detachment was to sail on December 2. The dispatch of convicts by the Volunteer Fleet will be abolished from January 1.

YOKOHAMA, January 13.—A fire broke out at midnight of the 24th ult. on Kodushime, a small island off Izu province, destroying 250 houses. The place is a small fishing village containing but 210 houses, originally. Great distress prevails there.

On the night of the 1st inst. forty-five houses were destroyed by fire at Shinjuku, a suburb of Tokyo. No loss of life is reported, the only casualty happening to a fireman, who was slightly injured.

At daylight on the morning of the 4th inst. a destructive fire broke out in the town of Kakegawa, Totomi, destroying one hundred and sixty-nine houses, including the Police Station, Hospital and many other large buildings. The Post Office and Courthouse were saved.

HONGKONG, January 11.—A Telegraph representative made enquiries this morning concerning the offer recently made by the Hongkong Volunteers to provide 50 men fully equipped for active service. He was informed that the men were still eager and willing to go to South Africa, but that at the present time it was impossible to obtain guns and ammunition, all the available stores in England being utilized by the Regulars.

IT DEPENDS.
"Don't you love an old fashioned snowstorm, Pauline?"
"Yes, if the man who takes me out has a new fashioned sleigh."

HOLIDAY CONFUSION.
"Was the shopping crowd great?"
"Great? I couldn't tell whether my pocket was being picked or whether I was picking somebody else's pocket."

BUSINESS MEN'S MEMO.
Wednesday, January 24.
Five per cent (\$1 per share) assessment is due and payable on the assessable stock of the Kibbey Sugar Co., Ltd. on August 15, 1899. Five per cent (\$1 per share) on October 1, 1899 and 5 per cent (\$1 per share) on January 1, 1900.

WE INVITE INSPECTION Pacific Heights

Residence lots on Pacific Heights are now offered for sale. No residence property having similar advantages and attractions, as far as healthfulness of location, having an elevation of from 170 to 800 feet, and affording the grandest marine and scenic views, as also its proximity to the business part of the city being less than a mile from the Progress Block, has ever before been presented to the people of Honolulu.

One of the main features of this property, and procured at great expense, is the abundant supply of pure spring water, pronounced by Dr. C. B. Wood as being the purest and best drinking water obtainable in the Island, which is now being conducted into storage reservoirs upon the property by an independent pipe line, and will be supplied to residents at Government rates.

OUR GUARANTEE.—We guarantee to all purchasers of lots on Pacific Heights that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road at the beginning of Kaiulani Drive.

TERMS.—One-third cash, 1/3 in one year, 1/3 in two years; interest, six per cent per annum on deferred payments. Our carriage will convey parties desiring to inspect the property to and from the same. For maps and full particulars, call at our office, rooms 7 and 8, Progress Block.

WEDNESDAY, JANUARY 24, 1900.

The departure of the Australia without the usual accompaniments of leis and band and a good send off reminds one forcibly of the Cholera times when vessels departed in the same cheerless way. Let us hope that by the time the Australia returns we may be an uninfected port, and be able to resume our cheery and laughter loving ways.

The laying of the corner stone of Maunaloa Seminary on Maui was an event in the annals of the Island. The seminary has done good work in the past and is a credit to its trustees. The girls are taught to cook, to sew, to wash and iron and so forth. Quite a large percentage of the pupils have made good wives.

The outbreak of typhoid fever on Molokai seems to be quite serious. The Board of Health will doubtless take means to reduce it, but the Board has its hands very full as it is. The outbreak is most probably due to the opening up of new soil, or it may be to bad water conditions. Where ever typhoid exists the cause of its presence should be investigated.

The dog catchers were round today and it is high time they were. There are many homeless and tagless curs prowling about and Dr. Wood stated on Sunday that dogs could catch and communicate plague. In Colombo, Ceylon, there is a campaign against dogs and rats. The city government has bought traps by the dozens and hired men to destroy the rodents. We might take a leaf out of the Cingalese book.

Apart from the danger of disease being carried by the scavengers, the little chaps develop some very queer notions upon meum and tuum, and do a considerable amount of petty pilfering which in time may develop into greater crime. From the point of view a police regulation might have the desired effect. It matters very little from what direction the regulation comes. It is very certain that the practice ought to be put an end to, especially at this time.

Many of the Chinese are convinced that the fire which swept Chinatown was intentional and not an unlooked for catastrophe. One may reason as much as possible, but they still remain unconvinced. The very fact that the townspeople so quickly organized for their assistance is used as an argument that the conflagration was premeditated, for they argue there would have been much more confusion had the citizens not been prepared. It is in such a spirit that the efforts of the citizens on their behalf are received by certain sections of Chinese and these by no means the ignorant ones.

The war against tuberculosis is being waged energetically on the mainland. At Oakland it is proposed that no consumptive teacher or pupil should be allowed to enter the schools. This may seem to be a harsh measure, but it is an eminently sensible one. Consumption claims more victims than any other disease. When we have done with the plague, we will find that consumption has a far greater death roll. We all now know that consumption is communicable, and yet we never seem to realize that we ought to fight as much against it as against some other diseases that are less serious but which we fear more. This action of the Oakland Board is a step in the right direction and might wisely be copied in many if not all cities.

**PLAGUE ELSEWHERE.**

The plague in Japan seems to be lessening in force, and the active measures employed against it by the Japanese authorities seem to have had the desired effect. This should give us renewed hope here. However hard it was fought in Japan, moreover, it has met with far more drastic measures here, and our success should be the quicker.

The plague is pushing its way upward on the American Continent, as well as wandering in Asia. It crossed the Atlantic to Buenos Ayres and has steadily advanced up the coast till it was last heard of at Rio de Janeiro. Among the insanitary cities of the Spanish republics the plague is liable to find a congenial home, and Spanish authorities whether Republican or Royalist are not famous for their energy in fighting for hygienic conditions.

Thus it may fairly be predicted that the plague will push its way from Brazil to Venezuela, Ecuador, the United States of Granada, through the Isthmus and the Central American States, Mex-

ico and up to the borders of the United States. It is there that the danger to the great Republic will come. This march of the destroyer may be slow, but history has shown us that on land its advance is almost irresistible unless the most approved methods are taken to check it.

Such energy on the part of the Spanish Republics as has been displayed in Japan and on these Islands cannot be looked for. It is not in the Spanish nature. Besides there is a large ignorant Indian population, and this cannot be expected to adopt measures such as enlightened nations use. The coming danger to the United States is therefore real enough, though it may seem far distant at present.

Of course at present the danger lies on the Atlantic seaboard, to which it may be taken by vessels from Brazil. But rigid quarantine regulations may effectually keep the disease from entering the seaports. But it will become a very different thing when it comes to cross a frontier many hundred miles in length. There is a menace on the Southern border of the United States.

**AN HONORABLE MAN.**

The appointment of F. J. Lowrey as member of the Board of Health has been received with satisfaction by the community. Mr. Lowrey is a cool headed, determined, clear thinking man, with a high ideal of duty. His advice on the Board will be conservative, but we can be quite sure that it will be firm. Mr. Lowrey is essentially fair minded in all his dealings, and his action in resigning his position as President of the Hawaiian Star Newspaper Association clearly emphasizes this phase of his character. Rather than that any one should think there was any hampering of criticism of the Board of Health, because he was a member, he took this step. Mr. Lowrey is to be honored for his independence. Following is his letter:—

"Honolulu, Jan. 24, 1900.

"To the Stockholders of the Hawaiian Star Newspaper Association, Ltd.  
I hereby tender my resignation as president of your company. In order that the action of the paper may not be hampered in any way in its criticism of the Board of Health, on account of my being a member of said Board. While it might be understood between ourselves that this appointment should not make any difference in the attitude of the paper, yet it might be the occasion of some comment by those who knew nothing of the circumstances.  
Yours very truly,  
"F. J. LOWREY."

**HOPEFUL.**

The clean Health record of yesterday up to the afternoon made every one breathe more freely. Of course we must have some cases cropping up for some time, and one case appeared shortly after The Star went to press. The case however was caught almost as soon as it developed and will not prove a center for further dissemination. This is a fair instance of the advantage of the destruction of Chinatown. As long as that plague breeding spot existed, so long was the Board fighting a losing battle. With all the force of quarantine guards it was impossible to prevent some people from eluding the cordon, and the people within were hourly exposed to an ever increasing army of microbes.

The burning of Chinatown destroyed the citadel of the plague at one blow. In the detention camps the cases, as they come along, and we must expect that they will come along, can be separated immediately from the rest of the detained. Each case closes with itself and has not time to infect others. There can be no evasion or concealment, and it is evident that the Board has the affair thoroughly in hand.

In almost equal degree the Board, with its system of house to house inspection, has all possible outlying cases in hand. Thus the case of Mrs. Roth's servant was watched carefully from its inception, and what is true of this case is true of any others that may crop up. The Board is now thoroughly armed and prepared, as it were, and can swoop down quickly upon any case of plague that may appear.

People are therefore quite justified in taking a hopeful view of the situation. But, as was stated yesterday, the fact that the situation is hopeful and that the Board of Health appears to have matters in hand, with a speedy prospect of putting an end to this dreaded outbreak, calls for redoubled watchfulness. Carelessness on the part of those whose duty it is to watch might prolong the fight most dangerously. We seem on the point of winning and must be unusually alert to see that our chance of victory is not turned into defeat. At such a time no ailment among those inspected should go unreported. The inspectors are not adepts at diagnosis but they can tell whether a person is well or ill, and no matter what they may think the ailment is, they should report it and then it is the duty of the Board to investigate through one of its physicians.

Providence or some power, as Dr. Wood remarked on Sunday, has aided us most wonderfully, and now we must see to it that we help ourselves. It is a case of the old fable of Hercules and the wagoner over again. If we do not succeed in stamping out the plague within thirty days or so, it will be our own fault.

**CAPTAIN DE GRAVES.**

Captain De Graves, who is still in the saluting battery camp at Kakaako, has the distinction of being one of the first volunteers at the outbreak of the plague for hrd service. His work at the camp has been of the very best. Captain De Graves has been there night and day since the camp was established.

## For Sale Cheap! ON EASY TERMS

### BUILDING LOTS AT PAWAA

This desirable property, bounded by Beretania, Punahou and King streets, on the town side of the McCully homestead, is now offered for sale. The extension of Young street passes through the land. An artesian well on the premises supplies the purest water. The breezes from Manoa valley render the locality extremely healthful. The property is on the line of cars, and the Rapid Transit cars will run through or by it.

There is no better or more refined neighborhood in Honolulu. For terms, etc., apply to F. WUNDENBERG, At J. A. Magoon's office, next to P. O. Or to J. LIGHTFOOT, on the adjoining premises.

## During Quarantine

The Harness Factory, and Office of C. R. COLLINS is situated in the "Lincoln Block" King St. near Alakea.

Any orders entrusted to me will receive prompt attention, orders already booked will be delivered from there.

**C. R. Collins,**  
Largest Manufacturer of Harness and Horse Goods in the Islands.

Telephone No. 502. P. O. Box No. 507

### BY AUTHORITY

Office of the Board of Health, Honolulu, H. I., Jan. 20, 1900.

The Board of Health orders that the Churches and places of public worship be closed, and the holding of indoor meetings prohibited, until further notice.

C. B. WOOD, President Board of Health.

FORT AND MERCHANT STS.

### Marshal's Sale.

IN THE CIRCUIT COURT OF THE FIRST CIRCUIT OF THE HAWAIIAN ISLANDS, ISLAND OF OAHU,—IN ADMIRALTY.

In the matter of a petition for the sale of the Barkentine "William Carson."

Petition for Sale.

To the Marshal of the Hawaiian Islands and his Deputy, Whomsoever, Greeting:

WHEREAS, the Judge of the Circuit Court of the First Circuit, of the Hawaiian Islands, Island of Oahu, in a certain business, civil and maritime, moved and prosecuted before him in said Court against the Barkentine "William Carson," whereof John Piltz is now master, now lying submerged and wrecked about two miles from the harbor of Honolulu, her tackle, apparel and furniture, and against all persons lawfully interfering for their interest therein, has decreed a warrant for issue for the sale of said ship (justice so requiring). You are therefore by these presents, charged and commanded, that you expose or cause to be exposed, the aforesaid Barkentine "William Carson," her tackle, apparel, furniture and other appurtenances to public sale, and that you sell or cause the same to be sold to the best bidder, and that you bring or cause to be brought the money arising from said sale into the registry of this Court immediately after said sale, for the use of the persons who shall be entitled thereby; that at the same time, you duly transmit the account of such sale subscribed by you to the aforesaid Judge of said Court, together with these presents.

WITNESS the Honorable W. L. Stanley, 2d Judge of the aforesaid Court at Honolulu, the 22nd day of January, A. D. 1900.

HENRY SMITH, Clerk Judiciary Department.

Order is hereby issued to the Marshal of the Republic of Hawaii directing him to sell at public auction at twelve o'clock noon Saturday, January 27th, A. D. 1900, at the Judiciary Building in Honolulu the Barkentine "William Carson," her tackle, apparel and furniture to the highest bidder, first giving notice of said sale by publication daily in the Pacific Commercial Advertiser.

By the Court, HENRY SMITH, Clerk Judiciary Department. Dated Honolulu, H. I. January 22, 1900.

### NOTICE.

In pursuance of the above writ, directed to the Marshal of the Republic of Hawaii or his Deputy, I will expose the barkentine "William Carson," her tackle, apparel, furniture and other appurtenances thereto said Court, at public sale, to the best bidder at 12 o'clock noon of Saturday, the 27th day of January, 1900, at the Judiciary Building, in Honolulu, Island of Oahu. CHAS. F. CHILLINGWORTH, Deputy Marshal Republic of Hawaii. Honolulu, Oahu, January 22, 1900.

## WORK OF FREIGHT AGENT

TRAFFIC THOUGH HAMPERED IS NOT STOPPED.

About One Hundred Shipping Permits a Day Are Issued—One Want That Cannot be Supplied—Beer.

Notwithstanding the embargo on traffic due to plague conditions, shipments of freight have not entirely ceased. The freight agent of the Board of Health is a busy man, answering questions about what freight can be shipped, investigating shipments offered and approving invoices and bills of lading.

Since George Carter has been engaged with caring for the people at Kawaiahae church the work of the freight agent has devolved on S. S. Paschal.

People on the other islands and on this island outside of Honolulu have not ceased to have wants and needs and they keep making those wants and needs known to the merchants here. There is constant pressure to get orders filled and to get permits to ship.

The articles which may be shipped under the regulations and the regulations regarding shipment are a subject of daily inquiry of the freight agent. They are here published for general information: Food and fodder materials only when same are trans-shipped from foreign vessels lying in the stream (without having touched the wharf) to inter island steamers; coin in bars (after boiling or disinfecting); lime; machinery; coal from vessels in harbor only; bricks; Portland cement; sugar bags (when same are disinfected by steam or other effective means to be approved by the Board); and such other articles as the board may deem equally unobjectionable. All island steamers to be loaded in the stream, at least 100 feet from the wharves, and that steamers lie outside the port at night; lumber and building materials, appurtenances to machinery, including lubricating oil, kerosene, gasoline and other fuel oils, medicines, drugs, and liquors of European or American manufacture, acid fertilizers in new bags. American tobacco in original packages.

There is a great demand for wines and beer outside of Honolulu, but wines and beer are on the tabu list. Liquor goes, but not wines and beer. There is an immense amount of lumber and building material, bricks and machinery being sent out. That so much goes under present conditions shows the big trade Honolulu must have under normal conditions.

In addition to freight the freight agent has charge of vessels that seek to comply with regulations so as to keep clean. These vessels are all designated while in the harbor with a red flag. A guard is kept aboard to see that nothing permitted goes aboard.

The work of the Board of Health freight agent is one of those important things in connection with the fight against the plague which does not make a big public showing but which is of great interest to a great many people. The average number of bills of lading approved for shipment is about a hundred.

THE UNLUCKY TRANSPORT. The Mananuseu at Anchor Outside the Harbor.

The army transport Mananuseu, about which one of the bitterest controversies of the many aroused by criticism of the transport service has raged, is anchored outside the harbor, having called here on her way from Manila to get coal. The Mananuseu is the vessel that is alleged to have been sent from San Francisco in a condition of gross unfitness for ocean travel, and a great tragedy was narrowly averted before she reached Manila. When she gets back to San Francisco the storm is likely to break out again, as her officers will be called upon to give testimony in an investigation.

GIVEN THREE MONTHS. John Sylva one of the number arrested in connection with the taking of goods from Yuen Chong's store during the fire last Saturday was given three months on the reef this morning by Judge Wilcox. Two and a half boxes of cigars and a half dozen pairs of socks were found with a search warrant in his house.

DEATH OF MISS KING. Miss Grace K. King, Hawaiian, aged 17, died at her home in Palama yesterday afternoon of consumption. She had been ill but a short time. The funeral took place at 10 o'clock this morning.

PROVIDENTIAL. Simpkins: "Funny that a woman can never throw anything straight." Jenkins: "Not funny, exactly, rather providential, isn't it?"—Boston Traveler.

CONSIDERATE. "Don't leave the table," said the landlady, as her new boarder rose from his scanty breakfast. "I must, madam; it's hard work and my teeth are not what they used to be."—Tit-Bits.

Note Heads, Bill Heads, Statements and Fine Commercial Printing at the Star Office.

GUARDS UNDER MARSHAL

POLICE SUPERVISION OF THEM IN FUTURE.

King and Nuuanu Streets to be Opened. High Board Fence Will Bound Both and Enclose Burned District.

Beginning with this afternoon Marshal Brown will have direct charge of the paid guards of the Board of Health and they will be handled precisely as are special police. Salaries, however, will be paid out of the Health appropriations and not the police. It has been thought best to have the guards under marshal rule than at present and to maintain a thorough supervision over them. This action was taken by the Board of Health at the meeting held yesterday afternoon.

King street between Nuuanu and Nuuanu street will be reopened just as soon as a board fence can be built around the sections of the burned district. From the corner of King and Nuuanu the fence will run down on both sides to the river. The street will then be treated to a solution of sulphuric acid and opened. Nuuanu street will be opened in the same way. All the excavators by today's coast steamer in place of four. This will give the department fourteen wagons which it is believed will be quite sufficient.

J. Wakefield, of Theo. H. Davies & Company, was appointed to separate perishable merchandise in quarantined warehouses. Complaint has been made that considerable stuff now stored is in danger of spoiling.

The Board of Health yesterday afternoon considered a petition from merchants in regard to shipping. It was the consensus of opinion that no change should yet be made and the matter went over.

CITIZENS' COMMITTEE. W. R. Castle has been appointed a general sanitary inspector on the Citizens' committee in place of Fred. J. Lowrey who has been made a member of the Board of Health.

It has been reported to the committee that the guard over Kailua pass in the mountains was not established any too soon as a full half dozen people have been held up there. The guards have been armed and instructed to arrest anyone trying to get through to Koolau.

HAWAIIAN LANDS.

WASHINGTON, January 21.—General A. S. Hartwell special agent of the Hawaiian Government, presented to President McKinley today a statement of the public land system of the islands from its inception to the present time. The statement was prepared by President Dole at the request of this Government to throw light on the contentions over land grants.

Attorney-General Griggs recently decided that under the Newlands resolution passed at the last session of Congress, Hawaiian officials have no authority to dispose of land. This decision will hold good until Congress shall pass some legislation on the subject. General Hartwell said today that the present land laws were designed to keep the public lands out of the hands of speculators and to encourage small settlers. The C. and H. lands, which are the result of the Hawaiian Commission's visit to the islands in 1899 have the same purpose.

OPIE REID ON THE STAGE. CHICAGO, January 15.—Opie Reid, the novelist, made his debut in vaudeville today, appearing in a fifteen-minute sketch at the Chicago Opera House. Mr. Reid recited a number of original sketches and dialect stories.

NO PLAGUE ON KAUI. The report that cases of plague have been discovered at Nawiliwili and Waimea, Kauai, is not confirmed by the officers of the last steamers to come from that island. The Iwailani was the last arrival. Purser Christian stated this morning that he had heard nothing of any plague at any of the ports on Kauai, and he did not think plague was there. Captain Thompson of the W. G. Hall, which also returned recently, makes the same report.

JIM DODD'S ESTATE. In the matter of the estate of the late James Dodd, a petition has been filed by Robert W. Cathcart, for the probate of the will which leaves all of the estate to the widow as to her dower, and to brothers, sisters and nieces who are abroad as to the rest. The property consists of real property in Honolulu and in San Francisco, value unknown and personal property consisting of merchandise, fixtures and money in Honolulu valued at not less than \$20,000. The date of hearing was set for February 12. Davidson for proponent.

LESS PLAGUE IN JAPAN. The plague situation in Japan was much improved when the Nippon Maru left. For nineteen days prior to her departure from Kobe there had not been a case there. Only one or two new cases are reported from Osaka and other places, so that the vigorous campaign carried on by the Japanese authorities appears to have had the right effect.

FARMER'S POINT OF VIEW. Mrs. Oatcake (reading newspaper): "There are fifteen thousand Poles in Philadelphia." Farmer Oatcake: "Gracious! What a place to raise beans!"—Philadelphia Record.

POLITICAL ORNITHOLOGY. Hodge (after spelling through paper): "What's an Afrigander, missus?" Missus: "Why, the 'usband of an Afrigoose, o' course." Hodge: "And what's an Afrigoose?" Missus: "Why, a hostrich, o' course!"—Punch.

OF COURSE. "How on earth did you get such a cold?" "I swallowed a germ."

A GOOD THING. There's one good thing when they feel dry. That business men cannot pass by. For far and wide it's fame you hear, They stop to drink of "Rainier" beer. On draught or in bottle at Criterion. Fine Book and Commercial Printing at the Star Office.

Lubricating Oils

Will be used very freely for the next 6 or 8 months so we wish again to call the attention of all Mill men and users of machinery to our TROPIC LUBRICATING OILS. For years this brand has been used on these Islands and each season the demand has increased so that this year we have had to build a special oil warehouse at Kakaako to hold the hundreds of barrels of oils we have to carry in stock. Tropic Cylinder, Engine, Machine, Dynamo and Carbox Oils are the ones you want if you want everything to run smoothly.

Benton Boiler Compound

This compound is entirely vegetable, contains no oil or acid, it being a natural preservative for iron or steel. It rots the scale in the boiler and gradually cleans same. After the boiler becomes clean, the compound, if used according to directions, will keep the scale forming properties of the water in the form of solution or pendent, and the boiler can be kept clean, and the scale forming properties of said water can be blown out in the form of mud. It is a great saver of fuel as it will clean and keep clean any boiler. Let us send you a barrel on trial, no pay if not satisfactory. Packings, Waste, Compounds, Engineers' tools and supplies of all kinds at

### PLAGUE IN THE ORIENT

ONLY A FEW CASES ARE REPORTED.

Ceylon Has Two Hundred and Forty Rat Traps at Work—Osaka's Latest Victims.

Kobe has been relieved of the plague and at other places in the Orient where it has been raging the trouble seems to be about over. Mail received here yesterday from Japan and China was taken to quarantine island, however for fumigation. The following extracts from Japanese papers show the situation there up to the 13th of this month: A campaign against rats is to be started at Colombo, The Times of Ceylon says: We learn that the Mayor of Colombo has decided upon the wholesale destruction of rats in the city, and with that object in view has ordered 240 rat-traps. Each Municipal Inspector will be supplied with 24 rat-traps, and these will be kept in the various rice godowns and other large buildings. The traps will be collected every morning and the animals will be drowned in the lake. The inspectors of the various wards have received instructions to see the destruction of rats carried out, and additional coolies for the purpose are to be engaged. After stray dogs and cats have been dealt with, it is probable that a crusade will be made against cats.

The Pest has not proved to be so much of a pest, after all. The number of fatal cases would make an insignificant showing on the death roll of diseases. At the same time, the scare it has occasioned has proved, in the universal scrubbing and cleansing which the Empire has undergone, a national blessing of the very highest order.

A doctor attached to the Osaka quarantine office has been attacked by plague a short time ago, died from the disease a day or two ago.

The total number of plague cases at Osaka, from the beginning, reaches 34, still another physician, Dr. Nakayama Tokuyue, President of Ryuhel Hospital, being now a sufferer from the disease. Another, though somewhat doubtful case, was added to the list yesterday.

The Yokohama Advertiser has the following regarding Tokyo's campaign against rats: Wanted—By the Tokyo's authorities: a "Pied Piper of Hamelin."

A refrain now sung in the Tokyo Kencho: Take them up tenderly, Lift them with care, They swarm with bacilli, They poison the air, Rats!

### LADIES AT WORK.

Committees of the Fair Sex Aid in Care of Destitute.

Ladies have come nobly to the fore in helping the poor people left homeless by the disastrous fire of Saturday. Each of the semi-open camps has its corps.

The Hawaiian camp at Honoukaha is in good hands. Theo. Richards is there in first charge and is assisted by J. P. Coe and Phillip Lansdale. Mrs. George Beckley Mrs. A. Cunha, Mrs. Irene H. Brown, Mrs. John F. Bowler, Mrs. Paul Neumann and Miss Lucy Peabody are at the head of the ladies' committee, ministering to the wants of the poor people there.

At the Kerosene oil warehouse, managed by A. L. C. Atkinson, are the following ladies: Mrs. Davidson, Miss Morse, Mrs. Bishop Willis, Mrs. Caroline Clark, Miss Carrie Castle, Miss Sexton and Mrs. Henry Wilcox. Miss Fahke and others are assisting at the Battery camp, which is in charge of Dr. A. E. Nichols.

### JAPANESE LADIES HELP.

Since last Saturday evening the Japanese Ladies' Society, which was organized earlier in the course of the epidemic to look after women and children in the detention camps, has been cutting and making children's and women's garments for the refugees. The members meet daily in the parlors of the Japanese church, Kukui and Nuuanu streets.

### TUBERCULOSIS BARS.

Oakland Schools Will Exclude Consumptive Teachers and Pupils.

OAKLAND, January 12.—In future all teachers and pupils in the Oakland public schools must be free from the taint of tuberculosis. The Board of Health adopted a resolution tonight requesting the Board of Education to pass regulations excluding from the schools of this city both teachers and pupils afflicted with the dread disease. The rule recommended for the approval of the Board of Education provides that any pupil in attendance upon any public school in this city suspected of being affected with tuberculosis shall withdraw from the school within one week after having been notified by the Superintendent or submit to a bacteriologist. The bacteriologist is to report to the Superintendent of Schools the result of his examinations of suspected pupils. Without a certificate setting forth the absence of the suspected disease the child will be denied.

The resolution was introduced several weeks ago by Health Officer Todd and referred to the Committee on Prevailing Diseases. It was reported tonight by the committee with the recommendation that it be passed. By a unanimous vote the resolution was adopted. It now rests with the Board of Education as to whether the sanitary measure recommended by the Health Board will be approved and made a part of the school regulations.

### TO THE PUBLIC.

I want to let the people who suffer from rheumatism and sciatica know that Chamberlain's Pain Balm relieved me after a number of other medicines and a doctor had failed. It is the best liniment I have ever known of—J. A. Dodgen, Alpharetta, Ga. Thousands have been cured of rheumatism by this remedy. One application relieves the pain. For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Islands.

Note Heads, Bill Heads, Statements and Fine Commercial Printing at the Star Office.

### POWER OF ATTORNEY.

During my absence from the Islands, Samuel Dwight will act for me in all business matters under full power of attorney. W. H. CUMMINGS, Honolulu, November 1, 1899.

### TORTURING DISFIGURING HUMOURS

ITCHING, BURNING, AND SCALY ERUPTIONS OF THE SKIN AND SCALP, WITH LOSS OF HAIR.

The agonizing itching and burning of the skin, as in Eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura remedies are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humour remedies of the civilized world.

Those who have suffered long and hopelessly and who have lost faith in doctors and medicines may make trial of these great curatives with the most gratifying success. The treatment is simple, direct, agreeable, and economical, and is adapted to the youngest infant as well as adults of every age. Bathe the affected parts with Hot Water and Cuticura Soap to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura ointment freely, to allay itching, irritation, and inflammation, and soothe and heal, and lastly take the Cuticura Resolvent to cool and cleanse the blood. This sweet and wholesome treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning, and scaly humours of the skin, scalp, and blood, and points to a speedy, permanent, and economical cure when all other remedies and even the best physicians fail. The SET, consisting of Soap, Ointment, and Resolvent, or each separately, may be had of all chemists and stores where medicines are sold throughout the world.

### MORE FIRE THIS MORNING

STABLES AT ROTH PLACE ARE BURNED.

Buildings in the Aala District to be Fired During the Afternoon—One Theater Will Go.

The barn on the Roth premises from the plague case which was taken was burned by the fire department this morning. All of the engines except the chemical were out. The house burned was a combination of barn and servants' quarters.

Near the Roth barn were two other structures, both of which also went up in smoke. One was the stable and barn of Mrs. Danford. The other was a part barn and part chicken house belonging to E. R. Hendry. All of the buildings were quite large for their kind.

This afternoon the department will burn the condemned houses in Aala. All the shacks on King street between the Aala roads will go. One of them will be the old Bay View hotel. Another structure to be burned will be the old Chinese theater on the west side of the Aala road. From there the blaze will spread to the row of houses between the road and lane, beyond the big, stagnant pond. By night it is expected that the whole district will be in ashes.

### NEWS IN A NUTSHELL.

**Bits of Paragraphs that Give Condensed Notes of the Day.**

No mail nor passengers were taken by the Nippon Maru.

Passengers for the Australia went aboard at 2 o'clock this afternoon.

Dr. Garvin has also been assigned to the Kaili detention camp to assist Dr. Howard.

Mrs. W. G. Irwin is going to Europe until her new home in San Francisco is completed.

Mr. Damon will care for 100 people from the burned district at his country home in Moanalua.

One Chinese merchant had over \$7,000 in his safe during Saturday's fire. It is believed to be all right.

The Arlington hotel has undergone a thorough cleaning and fumigating and is now ready for business.

The treasurer of Olau Sugar Company has an important notice in this issue regarding assessment.

Mr. and Mrs. Bass and children leave on the Australia this afternoon for the States for a two months stay.

John Freitas and Cavanaugh were each fined \$2 and costs this morning for drunkenness by Judge Wilcox.

The stock books of Pala Plantation Company will be closed to transfers from the 29th to 31st insts., inclusive.

Notice is given in this issue that the 5th assessment on Kihel assessable stock is subject to penalty on February 1st.

F. J. Lowrey was commissioned yesterday a member of the Board of Health and sat in the meeting in the afternoon.

The transport Grant, which passed through here without coaling, arrived at Yokohama on the 11th, and took coal there.

The stock books of Ewa Plantation Co. and Waimea Sugar Mill Co. will be closed to transfers from January 28th to 31st inclusive.

J. S. Bailey charged with assault and battery on Mrs. Belle Rhodes was found not guilty and discharged by Judge Wilcox this morning.

The second assessment of five per cent on the assessable stock of Nahiku Sugar Co. is now subject to penalty and will be delinquent January 31, 1900.

Mr. Bennett, who has been on the reporter staff of the Advertiser, leaves by the Australia this afternoon for San Francisco to join the staff of the Chronicle.

Saturday night the Japanese Benevolent Society prepared and cooked about 2000 pounds of rice for the refugees. Each 100 pounds made 300 bowls of cooked rice.

A draft for \$20.75 drawn by the Nahiku Sugar Co. in favor of Kula Store has been lost. Payment has been stopped and all persons are cautioned against negotiating for it.

In Circuit Court Monday Judge Stanley ordered Marshal Brown to take charge of the William Carson and to sell her to the highest bidder for the benefit of whom it may concern.

The barkentine W. H. Diamond, Captain Nilson, arrived this morning from San Francisco with 800 tons of merchandise and one passenger. She left on the ninth. The passenger is H. M. Freck.

For the first time in his career, probably the Australia took away people who were glad to leave the Islands. They were tourists and visitors who wanted to get away because they have found it so hard to do so.

A lady in a sub-district yesterday forbade the sanitary inspector the privilege of looking through the premises, saying that she was acting upon instructions of her husband. The matter has been reported to the central committee.

There was a meeting of Japanese merchants and others at Ozaki's store on Hotel street to consider what provision could be made for the 350 free Japanese laborers who were discharged from Quarantine Island Saturday night to wander homeless about the street. About 70 of them are being provided for at the Japanese school house on Nuuanu street. It is not known where the others are. They are all strangers in the Islands.

**UNPLEASANT REMINDER.**  
It will be a long time before Mr. McLean of Ohio will be able to look at his check stubs without perspiration.—The New York Press.

**CONSCIENTIOUS.**  
"He's a vegetarian, is he?" "Oh! the strictest kind. He won't even eat oyster plant."—Philadelphia Record.

To the veriest churl, what a picture of joy.

The chrysanthemum girl and the football boy.

### THE WEATHER.

Weather Bureau, Punahou, 1 p. m.  
Wind light northeast; weather cloudy; heavy shower last night; will probably be light showers in the valleys.

Morning minimum temperature, 64; midday maximum temperature, 75; barometer, 9 a. m., 30.92; steady (corrected for gravity); rainfall, 24 hours ending 9 a. m., .18; dew point, 9 a. m., 67; humidity, 9 a. m., 90 per cent.

CURTIS J. LYONS, Observer.

**HE WAS TOUCHED.**

"I suppose you were touched when your wife gave you that \$50 easy chair?" "Of course! How else do you imagine my wife could come by \$50?"—Detroit Journal.

**THE WHIRLING OF STYLE.**

"Isn't Arabella old-fashioned? She is wearing red mittens with a string around her neck?" "Old-fashioned? That is the latest craze."

**WHAT CAN THE POOR GIRL DO?**

"Don't look at the men and then you won't be annoyed by their trying to flirt with you."  
"If I don't look at them I can't tell whether or not they are looking at me."

**HOW THEY WORK IT.**

Weather Man—"It's going to be awfully foggy tonight."  
Astronomer—"Then I'll rush out an announcement of another brilliant meteoric shower."

**MECHANICAL GENIUS.**

"You needn't tell me that women have no inventive faculty."  
"What do you know about it?"  
"Whenever my wife can't find the gimlet she uses my silver corkscrew."
