How Not to Exterminate the Indians.

Let us not vigorously crowd the Indians to abandon tribal organization. If this is done before they are ready for it, they will surely lapse into degradation. Let them remain in compact bodies on reservations to help one another over the change and do not compel them to mingle and compete with the white race in a struggle in which they must be hopelessly doomed. Slowly by law and by instruction teach them the value of our property laws. Do not force citizenship upon them, but let them see for it. We should hold ourselves ever ready to grant it, but let them first discover its benefits. If such a policy is maintained for two generations more, the problem will be solved—the remnant of the Indians will be saved and absorbed in modern enlightenment.—Major J. W. Powell in Forum.

Dyspepsia

Mrs. Judge Peck Tells How She Was Cured
Sufferers from Dyspepsia should read the following letter from Mrs. H. M. Peck, wife of Judge Peck, a justice at Tracy, Cal., and a writer connected with the Associated Press:
"By a deep sense of gratitude for the great benefit I have received from the use of Hood's Sarsaparilla, I have been led to write the following statement for the benefit of sufferers who may be similarly afflicted. For 15 years I have been a great sufferer from dyspepsia and heart trouble.
Almost everything I ate would distress me. I tried different treatments and medicines, but failed to realize relief. Two years ago a friend revealed upon me the use of Hood's Sarsaparilla. The first bottle I had helped me, so I continued taking it. It did me so much good that my friends spoke of the improvement. I have received such great benefit from it that I now have an excellent appetite and nothing I eat or drink distresses me. It also keeps my bowels regular."

SQUAD 8 HAS ITS WAY.

NO MILITARY RULE FOR THE CITIZEN GUARD MEMBERS.
To Have a New Division in Palama and Kalia—Elect Their Own Lieutenant.

The officers of the Citizens' Guard met in the Police Court room at 7:30 Friday evening. The captain, division lieutenants and most of the squad officers were present. The protest of squad 8, fourth division, against "military regulations," and the decision of division 1 against the court martial clause were read. After considerable discussion the objectionable clause was struck out.
The communication from squad 8 embodied a suggestion that a new division, to be known as No. 5, be formed in that district. The locality, Lilihoi street and neighborhood, is considered a very important one, and contains ample material for a strong force. It was decided to grant squad 8 the privilege of forming a new division, provided they could send in a membership list of at least ninety men. This complied with their will have the privilege of electing their own officers as they see fit. The decision will be considered at a meeting of Squad 8 to be held early next week. A member said last night that a hundred men could easily be gotten to join in the new division.
Captain McStocker suggested that division lieutenants be made captains. In some respects they were now practically captains, but he thought it would be better to have them assume entire responsibility for their divisions, reporting only to him as the senior or commanding officer. Much of the hard work now devolving upon the lieutenants, though the advantages to be derived hardly worth the trouble of remodeling the rules, so the subject was dropped without action.
Several minor matters received discussion and adjournment was taken subject to the call of the captain.

Another Fire Company.

The Chinese fire company will have to vacate the engine house on Maunakea street. All correspondence relating to the matter was referred by the Councils to the Fire Commissioners for their decision, with the result that China No. 5 must go. As soon as material arrives from the coast a paid force will be located in the house in Chinatown. It will be required to turn out at every fire, unless ordered not to do so by the chief.

NATIONAL CANE SHREDDER.

Patented under the laws of the Hawaiian Republic.

One of these Shredders has recently been installed at the mill of the Paahau Plantation Company, Hamakua, Hawaii, and Mr. Andrew Moore, the manager, writes concerning it

PAHAU PLANTATION CO., HAMAKUA, JUNE 30, 1895.

WE G. IRWIN & CO., LTD., HONOLULU: GENTLEMEN—The mill has been running during the past two weeks, with the National Cane Shredder installed, giving the most satisfactory results.
Our mill consists of three sets of two rollers, 22 in. dia. by 72 in. long, the shredder discs being 2 1/2 in. long, driven by an automatic engine 11 in. dia. cylinder by 14 in. stroke.
The Hutton cane being milled is as hard as it is possible for cane to be, having been subjected to a severe drought during the whole period of its growth, and growing on land with a trade wind exposure. Our experience with the Shredder, particularly with above-cane, proves it to be just what our mill required, the shredder cane being better prepared to have its juice extracted than formerly after passing through the first mill. The first mill is now allowed to open to the most of 3/4, in as formerly, so that the trash now leaves the first mill, better ground, than it formerly did the second, and this without the old timed grinding, choking, and straining of the machinery.
Behind the first and second mills we apply hot water, the quantity for the last 12 days, on per statement attached, has averaged 30 per cent. on the total juice from the cane as per statement 30 per cent. of moisture and makes good fuel, the juice from the last mill stands 5 degrees Brix, so that the moisture in the trash is 5 per cent. sugar solution.
The rollers make steam much cooler than before, now care has to be taken to keep them from blowing off, whereas before great care was necessary to keep the steam from going too low when the fan was out.
By the use of the Shredder we have divided with six men, formerly necessary to distribute the cane on the carrier, feed the first mill, and throw back the long pieces.
The Shredder Machinery is so constructed, simple, and should cause little or no trouble, as it is subjected to but light strains, and will see that by applying the Shredder, our work in all departments has been very materially improved—obtaining an extraction at less expense than formerly. The great improvement in our steam, cause much satisfaction to those engaged in the Mill.
Yours Respectfully, A. MOORE.

Plans, specifications and prices of these Shredders may be had on application to

TWELVE KILLED. Terrible Powder Explosion at New Orleans.

NEW ORLEANS, April 5.—An explosion took place at 2:15 a. m. in a grocery and shipchandler store kept by Charles Salathe and was caused by powder kept in the magazine.

Next door to the chandlery was a saloon kept by Emile Boule. Half a dozen fishermen were drinking in the place, and they were all buried in the wreckage, that building being also destroyed.

It was at first reported that the explosion was caused by the Mafia, but this has not been confirmed.

A Boston Merchant.

Mr. George B. Jones, brother of Mr. P. C. Jones of Honolulu, arrived by the Arawa this morning. The visitor is a crockery merchant of Boston, and a prominent figure in the commercial life of that city.

OSCAR WILDE.

He Loses His Libel Case and is Then Arrested.

LONDON, April 5.—The career of Oscar Wilde ended today in the blackest infamy. All London is saying tonight that it is a pity the miserable creature had not sufficient pluck to blow out his brains before the police seized him and put him behind bolts and bars to await punishment for crimes of which he is already proved guilty.

This was done and then the fact was brought home to Wilde that although nominally prosecutor, it was he and not the Marquis of Queensberry who was really on trial.

Society Queen Dead.

NEW YORK, April 3.—Society's accepted godmother, Mrs. Paran Stevens, died this afternoon at 3:15 o'clock. This accomplished woman, who with Ward McAllister, and Mrs. William Astor, dominated the New York society world, had been seriously ill not more than a week. Her illness began with a severe cold.

A Good Appetite

Always accompanies good health, and an absence of appetite is an indication of something wrong. The universal testimony given by those who have used Hood's Sarsaparilla, as to its merits in restoring the appetite, and as a purifier of the blood, constitutes the strongest recommendation that can be urged for any medicine.

Hood's Pills cure all liver ills, biliousness, jaundice, indigestion, sick headache, etc.

The action of the Council in recommending the conditional pardon of V. V. Ashford is scarcely more than could have been expected would follow his conviction.

His case of all others was peculiar. Under the circumstances considering all the facts relating to the gentleman personally, his public career here and his trial by the military commission, the Government is doing a just thing in giving him his freedom. In the heat of battle and when every one was exercised over the events of January it was not to be expected that any other result than was experienced by the prisoners would follow, but now that matters have settled down in the old groove it is probable the council will reconsider quite a number of the cases and pursue the same course that taken in the case of V. V. Ashford. Among the masses on both sides of the political fence such action would be endorsed.

If there is any doubt in the minds of the people who use wire fence regarding the quality of the wire we sell; if there is any one who believes that American galvanized wire is superior in quality to the European article, the little story we tell here should convince them of their mistake. Our European wire has been tested at the iron works and shows a tensile strength of 2760 pounds—that is to say the wire was stretched by machinery and when the indicator showed 2760 the wire parted. Again it was tested by being rolled around an iron bar and pounded to ascertain whether the galvanizing would come off and whether the annealing was all right. Every test was satisfactory as the samples in our store will prove. But there were people then who wanted nothing that was made where the governments were of monarchical form, American-antics, if the term may be allowed, and who insisted upon their cattle scratching their backs upon American wire. We ordered a hundred coils and put it through the same tests exactly that had been given the European article. The wire broke at 760 pounds, the galvanizing cracked when it was hammered and the annealing was imperfect. The result is we have a hundred coils of beautiful looking wire on our hands that we would not sell at any price, because it would injure our wire trade for ever. Talk about cattle rubbing their backs against it, why, if a calf should fall against it, it would break in pieces.

For good, strong economical fencing the Jones Locked should be adopted and it should be made of the wire we sell. The stays cost six cents each and the washers necessary to fasten the wire to them about two cents. The stays may be used from six to thirty feet apart according to the character of the ground and the purpose for which the paddock is to be used. People who have tried the fence like it and recommend it to their friends. We have a large stock of wire, stays and washers, and we will be pleased to supply the material or any information concerning it to people who use fences.

We have lately received the cutest and best tea strainers imaginable, and we sell them for a quarter each. They are made with a spring fastening that fits around the spout and prevents the strainer from "wobbling." You should try one if you want a good thing.

Dietz Oil Stoves that are good bakers, broilers and general cookers can be had from us about the same price that you pay for a good wood stove. The

Dietz is absolutely free from unpleasant odors and without the slightest danger of explosion. Kerosene oil is cheaper than any other fuel and the result is that a meal cooked on one of them averages for fuel about three cents. In a warm climate there is nothing more convenient or better than a Dietz Stove.

If you shave yourself you know the difficulty of getting a good razor and afterwards keeping it in order. Our stock of razors is of the best English make and the Emerson razor strap stands without a rival. We have plenty of them and can supply dealers, barbers or individuals.

Our stock is complete with everything useful on the ranch or in the household.

A Superstitious Actress. Eleanor Duse is absurdly superstitious and in the most unexpected way. A stage carpenter at the Fifth Avenue theater relates this incident. Just before an evening performance he completed some bit of work and threw himself down to rest for a moment upon one of the stage properties, a conch mass of soap boxes and covered with a buffalo robe.

Immediately all of Duse's support flew at him, chattering in wild excitement and unintelligible Italian. Finally the stage manager sprang him and pounced upon him.

"You must get off from that," he said. "If Signora Duse saw you, she wouldn't let the curtain go up. She thinks it's a bad omen to have any one except herself rest upon that seat."—New York Times.

An Epitaph. A tombstone in a country churchyard bears the inscription, "She was so pleasant." After all, could it have been more fully or better said? The stranger as well as the intimate knows that the dead woman was one who brought cheer with her wherever she came and brightened the joyless day with her sunny presence. One may not sigh if fame, riches, attainments are missed if "so pleasant" is said of us by and by.—New York Times.

Like Light Tapers. A servant girl was once given some macaroni by her mistress to prepare for the table. Noticing the girl's surprise the lady asked: "Didn't you cook macaroni at your last place?" "Cook it? We used them things to light the fire with!"—Exchange.

Eating Oranges. In southern Europe the peasants always eat fruit in its natural shape and never think of treating it to doses of sugar, salt or other seasoning. Around Naples and in Malaga the people like a hole in the orange, suck out the juice and then throw the orange away. Small American people do the same, but of course the American must try his hand at improving nature, so he puts a lump of sugar in it. An orange planter thinks such a thing desecration.—Pittsburg Dispatch.

A Queen Lake. Near Chester town, Md., there is a small lake called Still pond, which has never been known to be ruffled even by the most violent storm. It never freezes, and while I do not know it to be a fact, I would give it as my opinion that it is highly impregnated with oil and bitumen like the Dead sea.—St. Louis Republic.

Don't feel well Why? Oh! I don't know. Worry I expect. Worrying about what? Well, you know the servants are a heap of trouble.

The children worry me a heap. I am broken down. In the morning I generally have a headache.

Along towards evening my back feels as if it would break. Every time the baby cries I nearly jump out of my skin, I am so nervous.

Your system needs toning up. Why not take Brown's Iron Bitters the best strengthening medicine made. It will give you a good appetite, make your blood rich and pure, give you strength, make life a pleasure. Not only take it yourself, but give it to the children. It is pleasant to take. Small dose. The only iron medicine that don't blacken the teeth. But get the genuine—it has crossed red lines on wrapper.

HE IS A DIPLOMAT, SURE.

REPLY OF MR. GRESHAM ON THE INCOME TAX QUESTION. Says That no One Could be Bound by His Decision, Even if He Made One. Some months ago Mr. P. C. Jones addressed a letter to Minister Willis inquiring if he, as a native of the United States in Hawaii, was liable to pay income tax as a citizen of the United States. The letter was referred to Secretary of State W. Q. Gresham, and Minister Willis today received the following beautifully indefinite reply: DEPARTMENT OF STATE, WASHINGTON, March 21, 1895. Albert S. Willis, Esq., Honolulu. Sir: Your No. 89 of the 23rd ultimo, has been received. It communicates the inquiry of Mr. Peter C. Jones, apparently a native of the United States, but resident in the Hawaiian Islands for 17 years past, whether, under the circumstances stated by him in his note, of which you forward copy, he is liable to pay income tax under the act of Congress of August 28, 1894, as a citizen of the United States. The case as stated raises no international question as between this Government and that of Hawaii, and an opinion of the Secretary of State on the point presented could bind neither Mr. Jones nor the Secretary of the Treasury, who is charged with the execution of the provision in question. I am, Sir, Your obedient servant, W. Q. GRESHAM. Baseball Today. The baseball match between the Unknowns and the Philadelphias will take place at 3:30 o'clock this afternoon. The baseball park is in place. J. A. Thompson will captain the Unknowns and O. White the Philadelphias. George Wood will again enter the box as pitcher for the unknowns. Aiwahi will catch and Chris Willis will hold down first.

HIS SONS AFTER HIM.

TWO OF THE SPRECKELS BOYS AGAINST THEIR FATHER. Pauhan Stock—Young Mr. "C. A." Claims to Have Been Slandered—The Case. Claus Spreckels is now defendant in separate suits brought by his sons Rudolph and C. A. Rudolph Spreckels, in the civil case declares that his father is trying to rob him of shares of Pauhan plantation. The Nevada bank was enjoined from sending the stock here by Claus' order for transfer. In moving to dissolve the restraining order it was intimated that Rudolph had incurred the enmity of this government and that if he retained the property it would be confiscated. In reply to this Rudolph says that he never at any time had anything to do with the uprising and that the charge is "trumped up and malicious." C. A. Spreckels wants nominal damages from his father for slander. He simply seeks a vindication. This statement from Spreckels is submitted as slanderous: "I gave that boy \$25,000 a year in Philadelphia and then he drew out \$250,000 of my money. I will tell the whole story one of these days. Then the public will see these sons in their true light." For a second cause of action the plaintiff recites the following language, used by Claus Spreckels in referring to the suit brought by his son against the Oceanic Steamship Company: "This is a case of blackmail. That is what it is. He and his younger brother are trying to beat me out of \$2,000,000." It is declared that by this language Claus Spreckels meant to have it understood that the plaintiff was seeking to extort \$2,000,000 from him by placing him in fear. Harden Jailed. Francis Leo G. Harden is in jail in San Francisco. He is held as a suspect in connection with several street robberies.

THE BISHOP CAPITAL.

THE \$800,000 HE HAS HERE WILL REMAIN. Is Assumed by S. M. Damon—The Latter Will Take Over the Bank on June 1st. The mission to the coast of S. M. Damon, Minister of Finance for the Republic and manager for Bishop & Co., bankers, is now fully known. The result will also now be made public, and cannot but please all interested in the islands. The trip was a private business affair made with speed, Mr. Damon returning this morning after an absence of less than a month. The \$800,000 of capital that Chas. R. Bishop has in the country is to remain here. Chas. R. Bishop retires from the banking house June 1. The business of Bishop & Co., including the \$800,000 will be in charge of S. M. Damon. Mr. Damon will not change the name. Neither the conduct of the institution nor its relations to any customers will be disturbed in the least. Mr. Damon assumes the capital on his own personal account. The transfer papers are now being prepared by F. M. Hatch and will be made of record next week. The bank of California, in San Francisco, of which Mr. Bishop is vice-president, will still be the coast correspondent of the bank here. All the present connections abroad will be continued and there are offers of alliances with still other banks on the Coast, in Chicago, New York, London, and on the continent. The most pleasing feature of all this to Mr. Damon is that the house of Bishop & Co., in its local affairs, will proceed precisely as it has done in the past. No change of policy, or methods or rules, small or important, except perhaps to facilitate business, will be made. THE STAR feels that the transaction has been accomplished in a manner which highly commends Messrs. Damon and Bishop, and affords cause for satisfaction to all.

TO PROTECT MISSIONS.

AMERICAN WAR VESSEL SENT TO THE SYRIAN COAST. Fears of an Uprising—A Massacre Would Follow—The Authorities Are Weak. NEW YORK, April 5.—The World's correspondent in Washington says: Secretary Herbert today cabled Admiral Kirkland, commanding the European squadron, to proceed at once with the San Francisco and Marblehead to the Syrian coast to protect American missionaries. Representatives of the American Board of Foreign Missions called at the State Department this morning and supplemented the official reports of the situation with letters from missionaries. The matter was presented at the cabinet meeting, and the action taken by Secretary Herbert was acted upon. The instructions sent by Secretary Herbert provide that Admiral Kirkland shall call at the several ports at which there are American Consuls and consular agents, and if it be found that there is grave danger of a massacre of Christians, the war vessels shall remain to afford protection. The missionaries complain that the authorities will be unable to cope with an uprising if it should take place, and fears of another massacre like that in Armenia have led them to call upon this Government to send war vessels to the menaced points. In Acknowledgment. Company A will remember certain of their lady friends who contributed to their comfort during the late rebellion. A resolution to that effect was passed at a meeting held Thursday evening. The ladies are: Mrs. S. B. Dole, Mrs. W. C. Wilder, Mrs. Forbes, Mrs. O. Fetter, Mrs. C. W. Zeigler, Mrs. F. ARRIVAL OF ARAWA AND DEPARTURE OF AUSTRALIA. The ss. Arawa sailed at noon for the Colonies via Samoa. The Kilaukea Hou sailed for Mani and Hawaii at 2 o'clock this afternoon. The bark Matilda, Svenson master, will sail in ballast this afternoon for port Townsend. The Kaala returned from Kauai this morning with 2062 bags sugar for Hackfeld & Company. The Australia will sail at 4 p. m. for San Francisco. She will take a large number of passengers. The Ke Au Hou arrived this morning with 3820 bags of sugar for Hackfeld. It will be taken by the J. C. Glade. Captain Stuart, of the ss. Arawa left his vessel at San Francisco and returned to England. First officer T. H. Prosser takes his place on the big liner. Four per cent. extra dividends have been ordered on the ship John Ena. The Ena is now taking 2,608,000 feet of lumber from the 2 South to Port Pirie. The W. G. Irwin arrived this morning 17 days from San Francisco. She brought a heavy cargo of general merchandise and nearly 400 tons of steel rails for the railroad. The Mikahala arrived from Kauai early this morning. She brought 5000 bags A sugar for Schaefer and Hackfeld, which will be taken by the Aloha and Andrew Welch. The ss. Arawa, Captain T. H. Prosser, left San Francisco on the 6th at 2:45 p. m., received pilot at Honolulu at 6 a. m. on 13th, and berthed at 7:15 a. m. Fine weather was met with throughout the passage. The American ship C. F. Sargent, well known in this port, was towed into San Francisco harbor a few days ago in a dismantled condition and with other evidences of having passed through a heavy stress of weather. She was seven days from Seattle. As she appeared inside the harbor her jib-boom was missing, and her main-top-gallant mast was gone, while a stump stuck up from the deck to show where her foremast had stood. Her ill-luck stayed by through several gales, and when she was within a hundred feet of Main street wharf she went aground in the mud, and there the tug left her. PASSENGERS. ARRIVED. HAS HAD NO NOTICE.

MINISTER THURSTON DOES NOT KNOW OF A RECALL. Has Been No Official Intimation—All in the Newspapers—About Annexation. L. A. Thurston, Hawaiian Minister to Washington, returned home by the Arawa this morning. He looks very well indeed and is in fine spirits. The object of his visit home is to consult with the Government on several state matters. He met the cabinet at 11 o'clock, though was disappointed to find that the President had not returned from Kauai. Mr. Thurston said today that he had received no intimation from the State department regarding a reported request for his recall. Before leaving America he made no effort to have the report confirmed or denied. He does not yet know how much truth there is in the newspaper accounts. With respect to annexation Mr. Thurston thinks the matter was never in better shape. He does not think it possible now, but regards it as a manifest early ultimate result. "The question has not been drawn into party politics," said he. "While Republicans are solid with us and consider annexation as distinctively their policy, Democrats do not view the matter in that light and some of our best friends are members of that party."

THE MONROE DOCTRINE.

IT DOES NOT SEEM TO BE A TANGIBLE REGULATION. A Dead Letter—Has No Utility—Never Recognized by Allen Powers—Cabinet Talk. WASHINGTON, April 5.—At today's meeting of the Cabinet the Venezuelan case and the Monroe doctrine came up for general discussion. Postmaster-General Wilcox was present at the meeting for the first time. During the past three weeks Sec. Gresham and Attorney-General Olney have made a painstaking investigation concerning the Monroe doctrine and the instances in which it has been applied with more or less significance in previous international complications. The somewhat discouraging discovery has been made that this doctrine is almost a dead letter in so far as acquiescence to it on the part of foreign governments is concerned. European powers in the past carefully avoided recognizing the force of this idea, and even when brought into conflict with its spirit have endeavored to adjust the difficulty without any direct reference to the famous doctrine. It has also been discovered that the American Congress has never given this principle its formal sanction. It is true that all of the Presidents of the United States since Monroe's day have indorsed the doctrine, and so have a number of Presidents of South American republics. But so far as the members of this Administration are able to discover, the famous doctrine is without force in the eyes of the European Governments. There is some difference of opinion in the Cabinet as to how far the Government should go in the present emergency in Venezuela in sustaining the principle enunciated by President Monroe.

BEGINS TO BE SERIOUS.

VENEZUELA SAYS SHE WILL BATTLE WITH BRITAIN. The Latter Declines to Accept the Offices of the United States as an Arbitrator. WASHINGTON, April 4.—It is stated by persons in a position to speak with authority that as soon as Venezuela is convinced that Great Britain has finally declined to arbitrate or settle the boundary dispute, as suggested by the United States through Ambassador Bayard, the Southern Republic will regretfully but resolutely adopt what she regards as her only course—a resort to force. It is understood that the position of Great Britain in declining the suggestion of the United States for the settlement of the trouble with Venezuela is substantially as follows: First—Great Britain takes the position that the question of arbitration was once before proposed by Venezuela. At that time the Foreign Office gave the subject most careful attention and submitted a reply embodying a proposition to arbitrate certain definite subjects of controversy. To this proposition Venezuela has never made a reply either accepting or rejecting the proposed basis of arbitration. Under the circumstances it is not desirable to proceed to a second proposal of arbitration when the first remains unanswered. Second—In any event there are certain portions of that territory to which Venezuela lays claim which under no circumstances will be made the subject of arbitration, as they are recognized portions of the British domain, and are not therefore subject to arbitration. Third—The subject matter is one between Great Britain and Venezuela, so that the good offices of the United States are not regarded as essential to a settlement, as it is not understood that the United States has assumed a protectorate over Venezuela or her interests other than that of a friendly Government.

TALKING FOR PEACE.

NEGOTIATIONS IN JAPAN HAVE BEEN RESUMED. What Will Be Required—Gold and Territory—Li Hung Chang is Well Again. WASHINGTON, April 3.—The Japanese Legation has received an official notice by cable that the negotiations of the peace envoys have been resumed. The renewal indicates that Li Hung Chang is progressing toward recovery. Walter G. Smith says from Tokyo in the San Francisco Chronicle. I have it from a foreign Minister, who usually keeps well informed, that, while Count Ito and Viscount Mutsu want to be generous to the Chinese, it is likely that the demand for an indemnity will not fall much short of 400,000,000 yen in gold and the cession of Formosa, Port Arthur and perhaps one or two more strategic points; also the recognition of the complete independence of Corea. There is a belief that Li Hung Chang will haggle for a good while over these terms, not merely for diplomatic or patriotic reasons, but to save his own head; yet if the victorious march of the Japanese continues he will concede everything in the long run. On the other hand some prominent diplomats say that, acting under Mr. Foster's shrewd advice, the Ambassador will not fight against fate but will sign almost any terms at once, so as to keep the Japanese from entering Peking. Six hot baths for \$1 at J. Ashworth's model barber shop, No. 80 King street. CIVIL TRIAL. WASHINGTON, April 5.—The Spanish Government has conceded the request of the United States, that the two American citizens, August Boleton and Gustav Richeleu, imprisoned at Santiago de Cuba, be given an opportunity to establish their innocence before a civil tribunal. REPUBLICAN. Business Democratic Makes the Voting Different. In all the "off year" elections in the United States the Republicans were victorious. In Chicago Geo. B. Swift was elected mayor by a plurality of 40,000. There were victories or great gains in Ohio, Wisconsin, Missouri, Arkansas, Colorado, Texas, Nebraska, Oklahoma and Kansas. Died in Agony. Some time ago THE STAR called attention to the case of a Chinese girl whose feet had been bandaged by her mother. The people live in Fowler's yard. The cries of the child for several days were simply frightful. Friday the child died of lock-jaw, resulting from the torture she has been in since attention was called to the matter by this paper. TO PROTECT MISSIONS.

AMERICAN WAR VESSEL SENT TO THE SYRIAN COAST. Fears of an Uprising—A Massacre Would Follow—The Authorities Are Weak. NEW YORK, April 5.—The World's correspondent in Washington says: Secretary Herbert today cabled Admiral Kirkland, commanding the European squadron, to proceed at once with the San Francisco and Marblehead to the Syrian coast to protect American missionaries. Representatives of the American Board of Foreign Missions called at the State Department this morning and supplemented the official reports of the situation with letters from missionaries. The matter was presented at the cabinet meeting, and the action taken by Secretary Herbert was acted upon. The instructions sent by Secretary Herbert provide that Admiral Kirkland shall call at the several ports at which there are American Consuls and consular agents, and if it be found that there is grave danger of a massacre of Christians, the war vessels shall remain to afford protection. The missionaries complain that the authorities will be unable to cope with an uprising if it should take place, and fears of another massacre like that in Armenia have led them to call upon this Government to send war vessels to the menaced points. In Acknowledgment. Company A will remember certain of their lady friends who contributed to their comfort during the late rebellion. A resolution to that effect was passed at a meeting held Thursday evening. The ladies are: Mrs. S. B. Dole, Mrs. W. C. Wilder, Mrs. Forbes, Mrs. O. Fetter, Mrs. C. W. Zeigler, Mrs. F. PHILADELPHIA Pa., April 2.

The Spreckels sugar refinery closed down today for an indefinite period. The refinery has a large stock of sugar on hand, and thought it advisable to shut down rather than work on half time. Two thousand men are thrown out of employment. The other refineries are running full time, and there is no talk of shut down. Quite a quantity of European sugar has been brought in and offered below the trust figures. A place to spend a few quiet hours in the Lanikai Baths. Waikiki cars pass the door.
