KEPOIKAI'S COUNTY CASE

Supreme Court Holds He Had Right to Bring Suit and Orders Counsel Paid.

The appeal from the Auditor's refusal of a fee of \$500 to Kinney, McClanahan & Cooper, for contesting the county act case as counsel for Treasurer Kepoikai was decided this morning by the Supreme Court. The appeal from the Auditor is sustained, and an order is issued directing the Auditor to pay the warrant. The opinion of the court is by Associate Justice Galbraith and states the view of the court in the syllabus as follows:

"The Treasurer of the Territory may under certain circumstances consult private counsel as to his official duties and employ them to institute a suit in his name to sustain his convictions of his official duties and obligations and pay reasonable compensation to such counsel out of the appropriation for 'incidental' expenses of his office."

Justice Perry writes a concurring opinion, with which Chief Justice Frear concurs, containing the following:

"The view that the Treasurer had not under the law sufficient interest or authority to enable him to bring and to maintain the suit against the Superintendent of Public Works, is, I am inclined to think, without so deciding definitely, correct, but, even if it is, it does not follow, as it seems to me, that the expenditure in question must be disallowed. If the Treasurer believed that he had the necessary authority and that the duty devolved upon him to bring the proceedings and thus protect the territorial revenues, he was justified in consulting those learned in the law as to the correctness of his views and, upon being advised that such views were correct and that it was his duty to bring the suit, to employ legal assistance to prosecute it. That the view of the Treasurer and of counsel was incorrect, if it was, does not affect the question now before us. It cannot be said that the law is so clearly to the contrary as to indicate that the Treasurer or his attorneys did not act or could not have acted in good faith."

Cholera Infantum—This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil as directed, with each bottle, and a cure is certain. Since this remedy has come into such general use, there are very few deaths from cholera infantum, and none whatever when it is given. AMERICAN FLEET DEPARTED TODAY

The American fleet departed this morning. The sailing of the Pacific Squadron will cause great regret for, aside from the good lively times that the presence of the men on shore leave made in the city, the officers and men of the fleet proved themselves to be a fine lot of men and were a credit to the service in which they are enlisted.

The departure of the fleet attracted a good sized crowd to the water front. The Territorial Band played at the flagship New York previous to the departure of the fleet and after that vessel was ready to back away from naval slip No. 3 the band left and boarded the U. S. S. Iroquois. Governor Atkinson and a number of others were aboard the vessel, the guests of Admiral Terry the commandant of the local Naval Station. Other government officials were aboard the Iroquois which escorted the fleet outside of the harbor.

The collier Nero was the first of the fleet to depart. She got under way about 9:30 a. m. and went outside of the harbor to await the departure of the other vessels. The New York was the first to leave. She backed out of the slip about 10:30 o'clock and went outside and laid to then followed the gunboat Bennington, cruiser Marchand and gunboat Concord. The fleet got under way a few minutes after 11 o'clock. The vessels are going straight up to Kiska the new coaling station on the western part of the Aleutian Islands.

The cruiser Buffalo went out of the harbor this morning early, laid to for a while and then sailed for Panama.

EARTHQUAKE TODAY

A sharp shock of earthquake was felt in Honolulu at 12:30 o'clock today.

KAMEHAMEHA DAY IS NEAR

Races at Kapiolani Track Next Saturday—Some New Horses From the Coast.

Next Saturday will be Kamehameha Day, and there is much preparation at the Kapiolani Park track for the annual races. The programmes will probably be out on Monday and include over 20 races, with some specially interesting events on the list. A lot of the favorites of former years will be on the track and with them some new blood, which will add interest to the occasion.

Among the new horses are six from California, recently arrived. Some of them reached Honolulu on the Kinav today. Their owners are willing to back them well, and some close finishes may be looked for.

Among the old horses of former years Cyclone will be on deck again. Cyclone was protested after last year's events, and there was considerable feeling developed in the hearing which followed. The protest was denied, however, it being held that the claim that Cyclone was a ringer had not been sustained, and he will race again.

One of the interesting new entries will be a filly owned by Senator Iseberg, who is an enthusiast in track affairs. It is claimed for her that in practice she is making a record that is a world beater, in proportion to the amount of work she has done. Those who know the business will watch her with interest.

The races will all be finished in one day this year. There will be a long programme beginning early and a recess will be taken for noon, after which the contests will be completed. As far as the sportsmen are concerned there is extra interest in the day this year, and it is expected that there will be a large crowd. Among the other well known horses to be entered are Racine Murphy, Billy Lemp, Weller, Carter Harrison and others.

TWO TRANSPORTS ARE IN PORT

The Logan and Buford Are En Route From the Philippines For an Francisco.

Two transports are in port today, one of them, the Logan, arrived off the harbor last night about 9 o'clock, while the other, the Buford, came off port this morning. Both of them are en route to San Francisco from Manila. They came by way of Nagasaki. The Buford left Manila May 12 and Nagasaki May 19, while the Logan left both of these ports two days later than the Buford. The Logan made better time however.

There is a marked contrast in the passenger lists of the two vessels. The Logan has a large crowd of passengers and a number of soldiers while the Buford has about 65 passengers and five stowaways. The Buford is to go to San Francisco and take the 3rd Infantry to Alaska. The Logan will probably be continued on the regular Philippines run. The Logan sails at 5 p. m. today for San Francisco and the Buford will sail at 10 tomorrow morning for the same place. They will both take mail.

DESPERADO LOPEZ IS RECAPTURED

Has Broken Jail Seven Times in Three Years—Sent to Oahu Prison.

Francisco Lopez, a Porto Rican, who has broken jail seven times in the past three years, and is considered one of the most desperate prisoners the big island has ever had, was brought on the Kinav today for incarceration in Oahu Jail, as being the only safe place for him.

On April 20th, Francisco Lopez escaped from the prison gang at work at the stone crusher on the Waialua river leaving behind as a souvenir, the ball and chain which had been attached to his leg. He

THE ADVANTAGES CEMENT ROOFING

POSSESSES OVER
Tin, Iron and Steel Roofing
IT CANNOT RUST.

Gases, fumes, moisture, coal soot and smoke cannot injure or effect cement roofing.

It is better adapted for application over uneven surfaces, such as old shingles or metal roofs, obviating the expense of removing the same. It will not rattle from wind and storm, nor create any noise from rain falling upon it. The materials used in cement roofing are the best non-conductors of heat and cold known, therefore it will keep the building warmer in winter and cooler in summer than a metal roof.

TERRITORY FOUR YEARS OLD

MANY COMMISSIONS WOULD EXPIRE NEXT WEEK IF CHANGES HAD NOT BEEN MADE IN THE OFFICIAL PERSONNEL SINCE THE ORGANIZATION OF THE TERRITORY FOUR YEARS AGO.

On June 10, next Friday, Hawaii will complete her fourth year as a Territory of the United States, and numerous federal and other officials' commissions would expire had all of the original ones served their terms. The term of the governor, secretary, judges of the circuit courts and justices of the supreme courts, as well as the Territorial appointees, are fixed by law as four-year terms.

The commissions of the three supreme justices expire, and of Circuit Judges Little, Hardy and Edings. All the other circuit judges have taken the bench since the original organization of the Territory, and their offices are therefore not so nearly ended. The same is true of other federal officials.

The term of United States Marshal Hendry is for six years and did not begin to run for some time after the organization of the Territory. Collector Chamberlain's term is also far from expiration and Collector Stackable has just been reappointed. Postmaster Oat's term is near expiration and several candidates are after the position. In addition to Oat, Assistant Postmaster Kenake are mentioned, and Clarence L. Crabbe.

All the Territorial heads of departments who hold four-year terms have new commissions, issued by Governor Carter at the beginning of his term and extending for four years after, so that none of them are near expiration.

Slow Response To Charity Appeal

Subscriptions For Care and Medicine For Indigent Sick Not Offered Largely Enough.

The appeal of the Board of Health and a number of local physicians for contributions to assist in sustaining the free dispensary has not yet been answered sufficiently to properly maintain the institution and more subscriptions are anxiously looked for. The appropriation for the dispensary was cut out by the legislature, and a number of physicians at once volunteered to give their services, while subscriptions were offered for maintenance.

"We ought to have \$100 per month," said President Pinkham of the Board of Health, "to keep up the institution running properly. So far we have only about \$45. Hackfeld & Company are giving \$20 and McCabe & Hamilton \$10 per month. Other lump subscriptions make the amount available per month about \$45 and we need \$55 more."

The physicians who have agreed to serve free and who will receive subscriptions are the following: W. H. Mays, M. D.; J. T. McDonald, M. D.; H. C. Sloggett, M. D.; W. L. Moore, M. D.; J. R. Judd, M. D.; C. B. Cooper, M. D.; A. N. Sinclair, M. D.; St. D. Gynlais Walters, M. D.; F. Howard Humphris, M. D.; G. Herbert, M. D.; H. V. Murray, M. D.

Subscriptions may also be given to the president of the Board of Health. Among the subscriptions already made is one of \$100 by President Pinkham.

\$10,000 GIFT TO THE EPISCOPAL MISSION.

St. Elizabeth's Mission the Chinese the Beneficiary of a Generous Donor.

It is no longer a secret that Mr. Proctor of the Proctor and Gamble Company, the soap firm which has gained an international reputation not only for the high quality of ivory soap, but also for the still nobler quality of its ideal treatment of its employees, has made the magnificent gift of \$10,000 to this Episcopal Mission for an equipment commensurate with modern ideas of social religious work. Plans are not yet made public we believe. We congratulate this enthusiastic institution upon its good fortune, and while we cannot help wishing its managers had chosen a site in connection with which no one could suggest the suspicion of competition, nevertheless its contribution to the question of the value of all around methods of church work will be watched with great interest. It is possible that this enterprise will convert the doubtful to the present day necessity for addressing the whole man with the religious appeal.—The Friend.

USED MILK TO PUT OUT FIRE.

His Highness Prince Pu Lun Witnessed Quite an Original Fire Brigade Save an Automobile.

—INDIANAPOLIS, Ind., May 24.—"Oh, do you put out your automobile fires with milk?" This came from Prince Pu Lun, heir apparent to the throne of China, today when William Fortune's automobile took fire and as a first resort a milk wagon, standing a block away, was hurriedly driven to the machine and several big cans of milk emptied into the burning racer.

Prince Pu Lun was just about to enter the motor carriage in which he with the royal party and Indianapolis manufacturers was to be driven to Lafayette, Ind., for an inspection of Purdue University. There was a sharp explosion, the Prince jumped back and the machine was ablaze. No other vessel being at hand, a boy was sent to summon the milk wagon. The wagon came at breakneck speed, one big can of milk was emptied into the fire. Then another and another.

Prince Pu Lun has seen American fire fighting apparatus in action, and he knows the big fires are put out with water, sometimes. But he seems really to believe that milk was the thing to use on a burning automobile.

The run to Lafayette was begun about 10 a. m. Prince Pu Lun rode on the seat with Russel Fortune and Mr. Wing and Mr. Fortune rode within.

The royal auto was preceded by the pilot car, driven by Carl Fisher. Mayor Holt Seaman's machine also preceded. Then followed a dozen or more machines. The party reached Lafayette in about three hours.

The machine which directly preceded the Prince's car was driven by Augustus Post, President of the American Automobile Association which is promoting the great run from New York to St. Louis. Mr. Post carried Mayor Holt Seaman.

PACIFIC MAIL ANNUAL MEETING.

NEW YORK, May 25.—The annual meeting of the Pacific Mail Steamship Company resulted in the re-election of the outgoing board of directors.

A preliminary statement for the year showed total receipts of \$3,601,666, of which \$3,439,112 was derived from the operation of steamers. The total expenditures were \$3,049,047, and there was charged off for depreciation and repairs \$114,823, leaving \$246,895 as the excess of receipts over expenses and charges. The receipts from operations increased \$761,199 as compared with the previous year, other receipts increased \$13,059, and there was an increase of \$535,644 in total expenses. The preliminary report sets forth that the money borrowed to meet payments on new steamers was reduced by \$501,244 during the year.

DESPERADO LOPEZ IS RECAPTURED

(Continued from page one.)

has been variously reported as being seen in different parts of the island, and only last week there was evidence of his presence at Ookala. While the police were making a careful search of the vicinity, the agile gentleman made his way through the foothills and appeared at a spot scores of miles removed from where he had last been seen. Just at dusk, Lopez made a friendly call for something to eat at the house of James Kainoa at "Squatterville," which is a settlement in the interior at 16 miles, Volcano road. A passing native by the name of "Bill" Kamai, having seen Lopez at the Hilo jail, recognized the Porto Rican. Lopez held a parley with Kamai offering to trade a gold watch which he had in his possession for a revolver, which the native claimed he at his place on the Volcano road. Lopez did not appear to see the ruse, and offered to wait until the native's return. In the meantime the Hawaiian telephoned to the police at Hilo and in company with three other natives returned to bag the game. The precaution was a safe one, for only after a desperate struggle with the four men was the wily Porto Rican overpowered, and tied to await the arrival of the police. From the numerous knives found on his person, Lopez was little less than a walking arsenal. An inventory of his possessions disclosed three knives, one cane knife, a small pocket knife and a tin life. A firearm was the only thing lacking, and the desire for this led to his downfall. Lopez at the time of his escape was serving three sentences, one for affray, one for escaping jail on a former occasion and one for carrying concealed weapons. The \$50 reward was promptly paid by Sheriff Andrews to his captors.

Lopez was first arrested and sentenced on July 30, 1901, three years ago, since which time, except for occasional breaks for liberty, he has been an inmate of the Hilo jail. Sheriff Andrews has determined that

Jailor Henry shall have an opportunity to try his hand with the slippery convict and shipped the gentleman to Honolulu.

CHINATOWN FIRE RETRIAL AGAIN

Supreme Court Decides in Favor of Manchester Assurance Company Setting Aside Instructed Verdict.

The Manchester Fire Insurance Company won a victory in a unanimous decision by the Supreme Court this morning in the matter of liability of the companies for losses sustained in the Chinatown plague fire. The case of Kee Kan et al vs. the Manchester Assurance Company is sent back for retrial. The Circuit Court directed a verdict for plaintiff.

In this case the property burned was set fire to by the fire department outside the area the Board of Health ordered burned. The syllabus of the decision, by Justice Perry, is as follows:

"The Board of Health ordered the Fire Department to destroy by fire, because of infection by bubonic plague, the buildings within a certain described area. The engineer of the department before burning the condemned buildings set fire to three buildings in close proximity to but outside of the area named, from which three buildings the fire accidentally spread until it reached and destroyed property insured by the defendant. The policy provided that the insurer should not be liable for loss caused directly or indirectly * * * by order of any civil authority." Held, that if the burning of the three buildings was necessary or was reasonably believed to be necessary to prevent the spread of the fire from the condemned block to the remainder of the city and if the fire was set for that purpose, the order of the Board of Health was the proximate cause of the loss of the insured property, within the meaning of the exception, and the insurer is not liable.

Chief Justice Frear is the author of a concurring opinion and Justice Galbraith writes another, the latter holding that there was sufficient evidence to support a verdict for defendant, "hence taking he case from the jury and directing a verdict for defendant plaintiff was error." Robertson & Wilder appeared for defendants and Hatch & Ballou for plaintiffs.

JUDGES ENDORSE DAVIS

A PETITION FOR ADMISSION TO PRACTICE FILED THIS MORNING IN THE SUPREME COURT—THE CERTIFICATE OF CHARACTER IS SIGNED BY CIRCUIT JUDGES DE BOLT, GEAR AND ROBINSON.

George A. Davis this morning filed a new petition for admission to practice as an attorney at law, in the Supreme Court. His petition has the endorsement of all three of the circuit judges. It sets forth the usual allegations as to his qualifications and adds that he "has the confidence and esteem of all reputable citizens of this Territory for whom he has transacted business and been engaged professionally to act." The endorsement by the circuit judges is as follows:

We, the undersigned, do hereby certify that we personally know George A. Davis and that he is an honorable man and of good moral character, and we endorse this petition and recommend that he may be admitted to the Bar of the Supreme Court and as prayed for, and that he may be licensed to practice his profession in all courts of the Territory.

The signature of T. McCants Stewart is also appended.

THE KONA CASE

The Supreme Court, Justice Galbraith dissenting, this morning denied the appeal in the case of M. W. McChesney & Sons vs. the Kona Sugar Company and the First American Savings and Trust Company. The sale of the Kona property under foreclosure is affirmed. The syllabus says:

"In an equity suit for the foreclosure of an equitable lien and for the appointment of a receiver, objections that the lien averred extended to a part only of the property sold, that the averment of insolvency was insufficient and that the decree of sale was, for these reasons and otherwise for want of equity in the complainants' case, beyond the jurisdiction of the court, will not avail when made for the first time in this court."

Cathcart & Milverton appeared for complainants and Hatch & Ballou for William W. Bierce, Ltd.

WAILUKU DECREE IS DENIED

SUPREME COURT'S LAST SESSION WITH ASSOCIATE JUSTICE GALBRAITH ON THE BENCH—THE COURT REFUSES TO SIGN A DECREE IN WAILUKU WATER RIGHT CASE AND LEAVES IT FOR NEW COURT.

The Supreme Court had its final session with Associate Justice Galbraith this morning. Galbraith leaves tomorrow for San Francisco, returning to his former home in Oklahoma. The last session was held to hear a motion for a decree in the case, just decided, of the Hawaiian Commercial and Sugar Company vs. the Wailuku Sugar Company. W. A. Kinney for defendants and A. S. Hartwell and W. O. Smith for plaintiffs, argued the matter.

The argument was quite a lively one, Kinney declaring that to sign a decree at this time would be "railroading" the case through without allowing him time to prepare a motion for a rehearing. The court finally denied the motion for a decree, adjourned to June 14 and gave defendants until then to perfect the proposed motion for a rehearing.

There was quite a large attendance of attorneys in court to attend Galbraith's last session. There were no ceremonies, however, and court made the usual formal adjournment.

All the cases argued have been decided except three. Two of these are Chinatown fire cases and the other is Walters vs. Redward. They will have to be decided, by stipulation, by the two remaining justices, or be heard again by the new court.

All Tired Out

Pale, Thin, Poor Blood, No Energy

These are the symptoms of impure blood, starved blood. Take out the impurities, feed the blood, and health quickly returns.

Mrs. George Mitchell, of Vuille St., Buninyong, Victoria, sends us her photograph with the following story: "I suffered terribly from debility. I had no energy. I was tired in the morning as at night. It did not seem possible for me to keep up. I was thin and pale, and my blood was very poor. I had no appetite. I gradually grew weaker and weaker. When almost completely exhausted I read about

AYER'S Sarsaparilla

I immediately tried it, and began to improve at once. A few bottles completely restored me to health."

There are many imitation Sarsaparillas. Be sure you get "Ayer's."

Ayer's Pills will greatly aid the action of the Sarsaparilla. They are all vegetable, mild, sugar-coated, and easy to take.

Prepared by Dr. J. C. Ayer Co., Lowell, Mass., U.S.A.

A Dangerous Disease—Every one knows that cholera morbus is one of the most painful and dangerous diseases known to humanity. The fact that it is so swift and so often fatal in its results makes it more to be feared than almost any other malady. It often terminates in death before a physician can be summoned or medicine procured. Attacks of cholera morbus come unexpectedly and every family should be prepared. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effective medicine and if given in time will prevent serious consequences. This remedy never fails and is pleasant to take. Every household should have a bottle at hand. Get it today. It may save a life. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

IN MEMORAIN

The Friend publishes the following sympathetic memorial of the late Mrs. W. D. Westervelt: Mrs. Louisa Cooper Westervelt passed from a life of suffering here, to the blessed life beyond, May 5, 1904.

Mrs. Westervelt was born in Essex, N. Y., August 24, 1850. She was brought up in Oberlin, Ohio, as the daughter of Rev. George Clark, a well known minister and evangelist. She studied in Oberlin College, and graduated from the Ladies' Literary Course in 1870. After graduation she made a special study of mathematics and Latin to prepare herself for a professorship in a St. Louis college to which she had been invited. It was a fatal mistake. Always of a delicate physique, the later years of college life had drawn upon her vitality, while the extra study and a severe fall upon the ice resulted in an attack of cerebral meningitis, from the effects of which she never fully recovered. Severe headaches, followed by great prostration ensued, which no physician and no change of surroundings could long alleviate.

May 15, 1873, Miss Clark was married to Rev. W. D. Westervelt of Oberlin, and for nearly thirty-one years she was the wise and helpful wife to a most sympathetic and loving husband. Their home for a time was in northern New York, but she could not endure the cold months and they moved to Colorado and for a number of years made their home in Manitou and Denver. Her nervous strength was after a time unable to endure the strain of the high altitudes of those places, and for two years they found a home in these islands. She entered with enthusiasm into the work of her husband for Hawaiians, mainly on Maui. In 1890 they removed to Chicago, where they remained nine years and returned to Honolulu in 1899.

During all these years she was never free from suffering. She passed through six surgical operations, hoping in vain to remove the cause of pain. Eleven different times she went so deep into the valley of the shadow of death, that she felt its cold waters rising about her. But she "feared no evil," and often said to her friends with a smile, "It's all right! Life is sweet, but I'm not afraid to die!" Her only fear seemed to be that she should be such a care to others as to hinder the work which was dearer to her than life. The last year and a half of her earthly life was a constant struggle with mortal agony and increasing weakness. But her courage never failed, and her beauty of spirit shone through her face with more than earthly loveliness. Her pastor testified that in his more than twenty-five years of pastoral visitation he had never met so patient and courageous a soul, while all her friends could say, "A sweeter woman ne'er drew breath!" When the frail body could no longer hold the brave spirit, it was the old disease, cerebral meningitis, which revived and quietly carried her life away.

One child, their dear little Alice, passed from their home many years ago, when shew as but two years old, and we can almost see the pain-freed mother and the 'fair maiden in her Father's mansion' passing together through the streets of the city where there shall be no more death, neither sorrow nor crying, neither shall there be any more pain.

ALKALI IKE, THE SCOUT, DEAD.

GRAND ENCAMPMENT, Wyo., May 24.—The original "Alkali Ike," the famous frontier scout and guide and friend of Bill Nye, died yesterday in his little cabin on the Platte river, near Fort Steele. "Alkali Ike" appeared on the frontier before the Union Pacific was constructed and for many years was a leading character of the West. His name was Daniel Bellows and he came from Independence, Mo. He was a friend of Bill Nye and it is said Nye profited by his droll wit. For the past ten years Ike has been a recluse, refusing to associate with any one and living in a small cabin in the wilds of the mountains.

GOLF CLUB ORGANIZED.

There was an enthusiastic meeting of golfers at the Alexander Young hotel last night, to organize the Maunaloa Golf Club. S. H. Derby and W. T. Rawlins, who were appointed at a previous meeting as a committee on constitution and by-laws, made a report which was adopted. F. C. Sheldon, D. W. Anderson and W. W. Thayer, the committee on greens, reported in favor of using a tract of land owned by Henry E. Cooper and occupied by the Island Realty Company. The following officers were elected: George R. Carter, president; W. M. Giffard, vice-president; Wade Warren Thayer, secretary; William T. Rawlins, treasurer; D. W. Anderson, captain.

The club starts with a membership of sixty-five. Ladies, by a provision in the by-laws, are to be allowed membership with special rights and privileges, they paying nominal fees.

Special provision is also made giving tourists and visitors a right to the use of the links under certain conditions.

It was voted at the meeting to lay out immediately a nine-hole course on the links, and if arrangements can be made with Cooper the club will erect a temporary club house.

It is expected that the links will be in condition to play thereon inside of two or three weeks. The land is generally in condition now so that it can be played upon.

BUDS AND FLOWERS OF HOME LIFE.

Paine's Celery Compound Makes and Keeps the Children Well and Strong.

Mothers Make It the Home Medicine For the Little Ones.

The children, God bless them, are the buds and flowers of our homes. Without their prattle and hearty laughter, our homes would be desolate. They should ever be carefully tended in childhood and youth, if we expect them to ripen into perfect men and women. In the home and at school, the children have their times of ill health and suffering. We often note the pallid and bloodless cheeks, heavy eyes, nervous movements, and twitchings of limbs and muscles. They complain of headache, drowsiness, weariness, dyspepsia, and indigestion. All such symptoms and ailments mean that the seeds of disease will have a fast and firm hold, unless proper measures are taken to restore a perfect condition of health.

Thousands of wise and prudent parents have made their children happy, healthy, and vigorous by giving them nature's medicine, Paine's Celery Compound. In many severe and complicated cases, Paine's Celery Compound has restored health when the little ones were given up by physicians.

If your dear ones are not as hearty, strong, and rugged as they should be, try the health giving virtues of Paine's Celery Compound. It makes and keeps the children well.

The reception and dance at the
 Moana Hotel last evening in farewell
 to the officers of the fleet was a very
 delightful affair. The band from the

slingship New York gave a concert
 early in the evening, and later played
 for the dancers. Admiral Glass was
 present for a time during the even-
 ing.

The Y. M. C. A. Juniors had a very
 merry time at the Y. M. C. A. hall
 last night. After the game of basket
 ball they went up stairs where Robert
 A. Churton interested them with some
 very clever sight-of-hand perfor-
 mances. Refreshments were served.
 Several of the juniors will go into
 summer camp at Wahiawa June 23.

Cyclone Kelley and David Barry will
 meet again in a fifteen round contest
 at the Orpheum on the evening of
 June 10. Modlin wants to get a
 match with Decker for the same even-
 ing to prove that he was entitled to
 the decision he got the other night.
 Another one of the preliminaries will
 be Bill Hulhai vs. Silva the Punahoa
 bowl Demon.

The lucky day idea, of E. W. Jordan
 & Co., Ltd., reduction sale, has been
 a success, the people have readily
 taken the opportunity to get some-
 thing for nothing, it is the first time
 in the business history of Honolulu,
 that such an offer has been made on
 Monday, June 6, 1904, we will an-
 nounce in the newspapers, the un-
 known day of this week. Be on the
 alert, you may be one of the lucky.
 Look at our window Monday morning
 for the day.

 the camp. They may arrive late for
