JACK HUH OVER ROW

EXPERIENCED NO CHANGE OF
HEART OVER NIGHT AND STILL
BELIEVES HE IS RIGHT.

Commissioner Lucas, of the Board of License Commissioners, was the center of a good deal of interest about town today on account of his connection with the row in the meeting last night. He was down to his office before eight o'clock, and shortly afterwards took a little circle up street as far as the postoffice and back. To a Star reporter who intercepted him on this round, he declared that he had experienced no change of heart over night, and that he would still decline to act with the Board on the cases in question, if the majority persisted in its decision not to allow the cross-examination of the witnesses for or against the applicants for liquor licenses.

"Your withdrawal from the meeting last night does not mean that you are quitting your position on the Board?" was put to him in the form of an interrogation.

"It means that I won't have anything to do with the case in question if the majority holds to its decision of last night," Lucas replied. Then to a question as to whether or not he will attend the adjourned meeting tonight, he reiterated:

"I'll not take a hand in the cases in question, if they refuse to allow witnesses to be questioned. I will attend the meeting of the Board this afternoon, and at that time find out what stand they intend to take."

Mr. Lucas' friends are generally urging him to stay in the game, regardless of how things go. W. O. Smith was one of the first persons he met on the street this morning, who took occasion to give him a little fatherly advice on the subject.

"Now Jack," he said, "You don't want to go getting mad and doing things you'll be sorry for. That's the kind of thing I am given to doing, but you don't want to do that."

"But tell me, wasn't I right?" demanded Lucas.

Smith assured him that he believed him right in so far as his right to file a protest was concerned, and that the majority had no right to refuse to hear it and take it into account. As to the question of allowing an unlimited cross questioning of witnesses, by lawyers, he was inclined to side with the majority of the Board.

Lucas couldn't see it that way, however, and went on down the street. A few rods further down the street Charlie Hustace held him up, and started a little quiet "kidding," but the ruffled Commissioner wouldn't stand for it, and hot footed for his office.

These were samples of his experiences all morning. It is generally believed that he will decide to continue to act with the Board regardless of the stand it takes.

FROM OFFICE BOY TO GENERAL MANAGER

BARRETT MITCHELL

On June 1, 1867, Barrett B. Mitchell, of Monroe County, N. Y., went to work as an office boy on the Vanderbilt Lines as a salary of \$2 a week. He has just been made General Traffic Manager of the system at a salary of \$25,000 a year.

This boy rose rapidly and steadily, holding various positions in the freight system of the lines until he at last arrived at the top rung of the ladder.

It is a great commentary on what pluck, energy and perseverance may gain for a boy brought up on a farm.

WILL BUY OR BUILD

AMERICAN-HAWAIIAN LINE WILL NOT CONVERT VIRGINIAN, BUT WILL LOOK AROUND FOR A SUITABLE VESSEL—IF NECESSARY, A STEAMSHIP WILL BE BUILT FOR HONOLULU TRADE.

As exclusively reported in The Star recently the A.-H.-S. Virginian is not to be converted to carry passengers, as originally planned, between San Francisco and Honolulu.

Experts have been figuring on the cost and have reported that it would take \$250,000 to bring the big Virginian up to the high standard which would be required by the American-Hawaiian Steamship Company in its first passenger boat in the Pacific. Therefore the remodeling of the Virginian has been abandoned and the American-Hawaiian people will put on a boat in her stead to run regularly between San Francisco and Honolulu.

The vessel to take this run intended for the Virginian has not been decided on and at the present writing it is not known whether one of the big American-Hawaiian freighters in this ocean will be converted into a passenger carrier, whether a vessel will be purchased or the company will build a new vessel especially for this run. But it is certain that by about the first of January of next year a splendid addition will be made to the Pacific fleet of liners by the company which now owns and controls two great fleets of freighters in the Atlantic and Pacific oceans.

It is considered that the quarter-million dollars which would be required to convert the Virginian would be better spent toward the purchase of suitable passenger vessel which would require but little alteration, or the building of a vessel practically for the Hawaiian run.

The new boat, whether she be converted freighter, purchased passenger or new vessel, will, it is assured, be ahead of anything in this ocean in the way of comfort and arrangement of cabins. In regard to the number of passengers she will be able to carry there is no definite information to hand, but it is positively asserted that the style of accommodations will be the finest, and luxurious comfort will characterize the goings to and fro of travelers between Honolulu and San Francisco.

According to present indications a purchased vessel seems to have the lead over a converted or newly constructed boat, for the reason that there is little time between now and the first of next year to complete a new boat and the same argument would apply to some extent in the matter of converting a freighter, besides the present freight fleet is well occupied and a boat could not be spared for freighters were converted another freighter would have to be built, even with the addition of the Virginian to the freighting fleet.

It would seem that the purchase of a passenger carrier, either an Atlantic vessel now on a regular run or a Pacific liner about to go off a regular run, is the most likely.

One thing is certain, as before stated, that the A.-H.-S. Co. will have a palatial passenger liner on this run by about January 1, 1908.

SPECULATING ON NEW DEPARTMENT HEADS

JUDGE FREAR, THE NEW GOVERNOR, IS READY TO RECEIVE SUGGESTIONS—NED ADAMS AND J. Q. WOOD POSSIBLE MEN TO TAKE ATKINSON'S PLACE—CARTER DID NOT KNOCK.

The announcement from Oyster Bay that Chief Justice Frear had been appointed governor of the Territory rather indicates that the Chief Justice might be called upon to assume the duties of his new office at once. In his cable of acceptance the Chief Justice stated that he desired to take hold about the middle of August. But as stated by the Chief Justice this morning, an appointment to one position presupposed his retirement from the other. It is possible that he will receive fuller cable advices on this score from the President. Such advices may be received during the afternoon.

At 3 o'clock this afternoon, Chief Justice Frear had not heard from the President, in regard to his appointment as governor.

"I decided late yesterday afternoon," said Chief Justice W. F. Frear, "that I would accept the appointment of Governor and I cabled that fact to the President. I have not this far, received any word from him relative to that cable. As it was sent last evening it could not, in all probability, have reached Washington before midnight and possibly not be delivered before this morning. The President may, moreover, not be at Washington, but may be at Oyster Bay.

"No, I have not tendered my resignation from the Supreme Court, and do not expect to do so, as the appointment to the one position presupposes the retirement from the other.

"I cabled to the President that I would be ready to take office about the middle of August. I learned yesterday that Governor Carter would return here about the first part of August. I thought that he would require some days in which to settle up affairs before his retirement, so I suggested that I take hold the middle of that month. The Supreme Court is well up to date with the various cases before it. Only a few cases remain to be brought before the court.

"I have not given the matter of the Secretaryship consideration nor have I considered the matter of the appointments of head of Territorial departments. There is no vacancy in the Secretaryship now and when there is, I presume that the President will settle that, as it is an office appointed by the President. I am rather ready to receive suggestions in the

COLONEL SAM NOT GUILTY SAYS COURT

EDITOR AYRES TELLS COURT ALL ABOUT THE ENCOUNTER WITH AN "INDIGNANT SUBSCRIBER."

When Judge Whitney in police court this afternoon found Sam Johnson not guilty of assault on Editor H. M. Ayres of The Referee there was a great noise in the courtroom where some four hundred men, including a very large number of prominent citizens, had gathered. Johnson was seized by the crowd, patted on the back and hustled down stairs amid cheering.

Johnson testified that three publications in The Referee had caused the assault. First Ayres had published his name in connection with an estimable lady of Punahou who was leaving for Japan, inquiring if the "officious Mr. Edmunds" had anything to do with her departure, and had then retracted against Johnson's wish, since he wanted the matter dropped and then had retracted the retraction, intimating that Johnson was a liar.

Ayres, testifying, said in effect: "I was asleep in my chair in my office when Sam Johnson entered and awoke me. I asked him what he wanted. He responded by hitting me on the temple, on the tip of the jaw and on the cheek. I went to the floor at the third blow. He kicked me a few parting blows for luck and called me vile names. He had some man with him. I think it was C. J. Bartlett. I heard after that it was Bartlett. A man named Santos came in about four minutes after I had been knocked down. Dunbar came in and Frank

Wilburton entered also. I do not know where Johnson was when I got up. I was stunned for several minutes.

Cross-examination by Frank Thompson: I am 34; not American citizen; newspaperman by profession; latterly in the sporting department of the Advertiser; weigh about 180 pounds; not too much of an athlete.

Frank Thompson referred to Johnson as a weak, puny little fellow and scoffed at the idea of an athlete like Ayres being put out by little, diminutive Sam Johnson.

Dunbar testified that he was not interested in The Referee. He had dropped in for a social call and had seen

MANDER WINSLOW ACCUSED OF SMUGGLING
MASTER OF THE CHARLESTON IS TAKEN IN CHARGE BY CUSTOMS OFFICER.
SAN DIEGO, June 16.—Commander Cameron McR. Winslow, one of the wealthiest officers in the navy, the personal friend of President Roosevelt and commander of the cruiser Charleston, who was arrested by customs officers, charged with smuggling in champagnes, cigars and other dutiable articles, was today released under special orders from the treasury department.
Commander Winslow, who for five years was the president's naval aid and commanded the Mayflower, the official yacht of the president, refused to make any statement and left for the east today. He is married to a daughter of the late Theodore Havemeyer, founder of the sugar trust and maintains a cottage at Newport.
Chief Customs Officer Barnes was suspicious when he saw the great cases coming ashore from the Charleston and asked Commander Winslow what the boxes contained. Winslow, according to Barnes, swore that the cases contained household goods, all consigned to Commander Winslow's cottage in Catherine street, Newport, R. I.
The cases were searched and found to contain wine, cigars, etc.

PHILADELPHIA, June 17.—One of the strangest stories reported to the Maritime Exchange in years was unfolded in a cable dispatch from London yesterday concerning the Norwegian bark Alexandra, which was deserted by her crew because the vessel was short of provisions.
The Alexandra arrived at Ancon, on the west coast of South America, on March 20, after a four months' voyage from Newcastle, N. S. W. After taking on a cargo for the Continent, the Alexandra sailed from Ancon in the early part of April and her whereabouts were shrouded in mystery until the first officer and part of the crew reached Guayaquil, a seaport on the west coast of South America, last week, exhausted for want of food.
When the bark was two weeks out from Ancon the food supply became so low that all on board were placed on half rations. Then when it was seen that the vessel could never reach her destination unless fresh supplies were secured, the officers and men, for some unaccountable reason, decided to abandon the vessel, notwithstanding that the bark was thoroughly seaworthy. With all masts set and with valuable cargo in the hold the Alexandra was left to her fate and the crew put off in the two small boats. When abandoned the bark was in latitude 1 south longitude 91 west. As only one of the boats reached Guayaquil, it is feared the captain and part of the crew in the second boat perished.

PHILADELPHIA, June 17.—The E. B. Sutton, another American slipper-built ship, has made its last voyage as a wind-jammer, and within a few weeks will take its place among the fleet of coal barges being operated by the Seely Towing and Transportation Company. The Sutton is now at New York after having discharged a cargo of matting at Baltimore, brought from Hongkong. Like her sister ship, the I. F. Chapman, she will be turned into a coal barge and all romance of the creaking yards and belying canvas of the clipper will have disappeared.

COMMANDER WINSLOW ACCUSED OF SMUGGLING
MASTER OF THE CHARLESTON IS TAKEN IN CHARGE BY CUSTOMS OFFICER.
SAN DIEGO, June 16.—Commander Cameron McR. Winslow, one of the wealthiest officers in the navy, the personal friend of President Roosevelt and commander of the cruiser Charleston, who was arrested by customs officers, charged with smuggling in champagnes, cigars and other dutiable articles, was today released under special orders from the treasury department.
Commander Winslow, who for five years was the president's naval aid and commanded the Mayflower, the official yacht of the president, refused to make any statement and left for the east today. He is married to a daughter of the late Theodore Havemeyer, founder of the sugar trust and maintains a cottage at Newport.

Winslow, according to Barnes, swore that the cases contained household goods, all consigned to Commander Winslow's cottage in Catherine street, Newport, R. I.

RELIEF FUNDS TO BE PAID OVER

SEVEN HUNDRED THOUSAND STILL AVAILABLE IN RED CROSS TREASURY.

WASHINGTON, June 11.—The officials of the National Red Cross today told Ex-Mayor Phelan that there is about \$700,000 of the San Francisco relief fund available. General Davis is now in San Francisco preparing a report on conditions there and the manner in which the fund has been used. On his verification of conditions there, the balance of the fund will be turned over for disbursement by the local committee. The Red Cross received in all \$3,100,000 for San Francisco, which was about one-third of the total contributions.

GIVEN LICENSE AGAINST PROTEST

ATTORNEY FOR MRS. MILLS CALLED A FALSIFIER BY SUPERVISOR MITCHELL.

OAKLAND, June 17.—"A falsifier and no gentleman," is what the chairman of the Board of Supervisors, John Mitchell, called Attorney Dudley Kinsell today when the application for a liquor license of W. W. Hopkins came up for consideration. Kinsell represented Mrs. Susan Mills of Mills College who objects strenuously to the opening of Hopkins' roadhouse in the vicinity of Mills College.

The attorney took occasion to say, in examining a witness who had signed a petition for the license and a protest against it, that "if the Board had arranged to grant the license—"

He got no farther, for Mitchell interrupted him, denied that any such arrangement had been made, refused to permit Kinsell to speak any further or to represent the protestants and declared a recess. Then he advanced on Kinsell and used the language referred to.

Mitchell then put the question of granting Hopkins a license. It was passed unanimously. The question of irregularity of reconvening the meeting having been raised, it was again put and carried unanimously by the votes of the five Supervisors.

Kinsell announced after the meeting that he had by no means given up his fight against the roadhouse which Hopkins proposes to conduct. Mrs. Mills will persist in her effort to have the place closed if it is opened and will invoke the aid of the courts.

Kinsell was not the only one who got into a discussion with Mitchell about the Hopkins license. F. F. Morley, who says that he recently purchased a tract of land in the vicinity costing him \$150,000, and that the tract was already depreciating in value because of the threatened invasion by a roadhouse, made a remark that Mitchell construed as reflecting on the honesty of the Board of Supervisors. Mitchell promptly called him to time and Morris quieted down.

Judge Frear, a Good Selection

In the selection of Chief Justice Walter F. Frear as governor of the Territory, a wise choice has been made. The new governor will bring to the administration of his high office, a calm judicial mind, a mind free from personal spite and prejudices and withal, a mind of sufficient breadth and depth of observation to ever have the best and ultimate interests of the Territory constantly before him.

In the relinquishment of the office of head of the Territorial judiciary, the Chief Justice will retire with the knowledge that he has the highest confidence and respect of the men of his own profession as well as of the community.

Worry, The Curse Of Human Kind

It has always been known that worry was harmful—"care killed a cat," says the old adage—but it has been reserved for modern men of science to find out just what worry does do in the process of injuring humankind.

too long for reproduction here, and it requires a thick duodecimo volume called "Worry, The Disease of the Age," to enable C. W. Saleeby, M. D., F. R. S., to tell what he has learned about it from long investigation and wise reading.

One long extract deserves to be made from his valuable and interesting book, because it contains a definition of health, briefly considering the importance of it, in fact, more succinct than any detailed definition that comes to mind.

"When the healthy man wakes in the morning he should have no recollection of any state of partial consciousness later than, say, half an hour after he went to bed the night before; that is to say, his sleep has been unbroken, continuous, complete; if he has had any dreams at all he has, at any rate, no recollection of them. This is the kind of sleep that refreshes a healthy animal, and that is possible for a healthy man.

"I will not dogmatize as to whether he should walk or play with his children, or read; but I am sure that healthy man has more energy to dispose of every day than he is compelled to dispose of. At some time or other during the day he indulges in work or play of his own choosing.

That is a plain, common-sense definition, by which anybody can test his state of physical being. There is another statement, almost as valuable, about the effect that worry has upon the face, especially upon the face of a worrying woman. During the book all sorts of worry from all sorts of causes are gone into in detail and there is an admirable chapter on "The Physical Cures of Worry" which contains

Tales Worth Telling

RACE SUICIDE REBUKED. An old southern "mammy" recently came North to visit the grandchildren of her one-time foster son. On a certain evening she was entertained by the young people with riddles.

HE GOT OFF EASY. An elderly darky in Georgia was charged with the theft of some chickens. The negro had the misfortune to be defended by a young and inexperienced attorney, although it is doubtful whether any one could have secured his acquittal, the commission of the crime having been proved beyond all doubt.

A GIVE-AWAY. Rear Admiral F. W. Dickins told in Philadelphia the other day a good story about a very rich and very economical financier.

"Try our celebrated champagne at \$1.25 a quart, as ordered by the eminent financier, Gobsa Golde, esq., for his forthcoming Christmas ball."

A DAY OF REST. He was a solemn Scotchman, with an equally solemn and somewhat downtrodden wife. The fact that they were receiving an excellent price for their "second pair front" from an American lodger did not blind them to her fallings.

Colonel Henry Watterson announces that he has a dark horse for the democratic nomination for the presidency. The colonel's man "does not live east of the Alleghenies, either, nor south of the Potomac and the Ohio."

all that a man needs to know in regard to making himself sleep, refraining from the use of drugs, and yet—if there is a real cause for worry, he must remember that it is natural to worry and set himself to removing the cause.

SENTENCE SERMONS. The empty head is never hungry. The love without branches is without roots.

BRIE AND BREEZY. What the packers want the public to understand is that, while they don't mind meeting the expense of proper guidance in their work, they do object to giving up good money for a hummer.

Richard Croker won the Derby and a snub from the British king, all in one day. That ought to be glory enough for any Irishman.—Baltimore Sun.

are willing to wear cotton-mixed clothes when they can get all wool; but it's more surprising that anybody is willing to pay all-wool prices for cotton.

You know that wool is very high priced; all-wool clothes cost more than part cotton; if you want all-wool clothes, you must pay the price. You understand that. But don't pay the price, and not get the stuff.

You want all-wool clothes and we're sure of it, they wear so much better, keep shape better and have so much more style than the cotton-adulterated goods, that you'll find them economical, even at their higher price.

ADVENT OF FUSHIMI

ELABORATE PROGRAM BEING ARRANGED FOR ENTERTAINING HIGHEST PRINCE OF NIPPON.

The news of the plans for Prince Fushimi to stop in Honolulu for two days on his way home to Japan from a state visit to England, which was received here yesterday, has set in motion elaborate plans for the entertainment of the distinguished representative of Japan's royal house, and the occasion of the visit will be one of the greatest affairs in Japanese circles especially, of anything which has occurred here for a long time.

At both the Japanese and British Consulates the matter is being considered, and a number of conferences between the representatives of the two governments, and Secretary Atkinson, representing the Territory, have already been held. There will probably be a large general reception held in some public place, and an elaborate banquet will probably be a part of the affair, as well as possibly a state ball. All of these plans are as yet only prospective but will assume form in few days.

The Prince is coming from Vancouver on board the British Cruiser Monmouth, as a guest of the British government, and is due to arrive here on the evening of July 1st or morning of the 2nd. As a guest of Great Britain, the British Consular department here is taking an especially prominent part in the plans for the Prince's entertainment, while the United States army and navy representatives will do their part in the arrangements. To the Japanese residents, of course, the matter is of the very first importance, and the most expensive arrangements are being made.

When Prince Fushimi stopped here in November 1904, on his way to Washington on a diplomatic visit, there was a most elaborate demonstration, and this one will be scarce if behind it in importance.

POSSIBLE CHANGES

(Continued from Page One.)

matter of the selection of heads of departments. There may be occasion to make new appointments in event of resignations or else the terms of the present officers expiring." While the Chief Justice has not as yet given the matter of his selection of his heads of departments much consideration, still a great deal of speculation relative to those positions, as well as to the office of Secretary, is being indulged in. Secretary Atkinson's appointment expires December 14 of this year. He declined to make any extended statement on this score other than the following: "I have not made up my mind in this connection. You can say furthermore that the report that the Governor is knocking or did knock me is incorrect. He never did. Mr. Carter and I understand each other perfectly."

It is highly probable that Atkinson will serve out his term of office, if he does not accept another appointment. Undoubtedly the wish of the new Governor in this regard would have considerable weight in the matter of the selection.

E. R. Adams, formerly one of the Supervisors, and a well known politician and connected with the firm of Alexander & Baldwin, has been mentioned as possible successor to Atkinson. The name of J. Q. Wood has also been mentioned in this connection.

It is stated that Attorney General Peters may be retained as long as he desires to hold the office. Auditor Escher and Treasurer Campbell may not be disturbed. Undoubtedly Governor Carter would highly recommend Land Commissioner Pratt for retention. Nor is it likely that W. E. Wall, the Surveyor General, will be disturbed in that position. President Pinkham of the Board of Health has made a splendid executive officer. No name has thus far been mentioned to any extent as a successor to Superintendent of Public Works Holloway. Superintendent Babbitt has a good record in the school department.

And last but not least is High Sheriff Henry. The name of S. M. Ballou is prominently mentioned for the Supreme Court, but the Chief Justice declined this morning to make any statement relative as to whether he had recommended anybody for this position.

Chief Justice Frear also stated that the offer from the President suggested that he take office as soon as possible after July 1.

The new governor was born in Grass Valley, California, October 29, 1863. He removed to the Islands when ten years of age. He graduated from Oahu College in 1881 and the same year entered Yale University, graduating as a Bachelor of Arts in 1885. He then passed a year in the Hastings Law School. Later he was an instructor in mathematics, Greek and political economy at Oahu College, serving for two years and a half. He entered the law office of the present Associate Justice Hartwell, and later went to

SCHOOL CHILDREN TO TAKE PART ON FOURTH

SCHOLARS FROM KAIULANI AND KAAHUMANU SCHOOLS TO GIVE FLAG SALUTE.

Children from the Kaiulani and Kaaumanu schools are desired to participate in the Fourth of July exercises. The committee decided that it would be a very pretty feature of the program if they could secure the attendance of some of the public school children to give the flag salute and to sing patriotic songs. They communicated with Superintendent of Public Instruction Babbitt.

He has notified the principals of those schools and they, in turn, will attend to notifying the various teachers and ask them to be present. Supt. Babbitt requests, through the press that the children from the following rooms take part from Kaiulani school rooms 8, 9, 10, 11, 12 and 13 and from Kaaumanu school, rooms 8, 9, 10, 11, 12, 13 and 14.

The children are requested to assemble at the Capitol building grounds at 9 o'clock Saturday morning, for a rehearsal. This will be the only rehearsal that will be possible before the Fourth. They are asked to get there as best they can. On the morning of the Fourth special street cars will pick up the children at the Kaiulani and Kaaumanu schools at 9:30 o'clock and take them to the exercises.

WANT MONEY FOR COUNTY BEACH USE

BOARD OF SUPERVISORS ASKED FOR \$150 TO SUPPLY SANITARY FACILITIES AT RESORT.

The matter of providing adequate sanitary arrangements at the County Beach property, which was called to the attention of the Park Commission a week or more ago, will be brought before the meeting of the County Board of Supervisors at their meeting this evening. A communication has been sent in by L. A. Thurston, secretary of the Commission, stating that the matter has been fully investigated and asking for the appropriation of \$150 for the purpose of providing the necessary plumbing for the toilets to be installed. The rest of the work of providing bath house facilities, will be done by prison labor.

The Commission expresses itself very strongly on the matter of improving the property, and state that it has in the last few months become a resort for hundreds of persons and either it must be shut up, or suitable toilet facilities provided.

WASHINGTON EDITOR ON ROOSEVELT

"Mr. Roosevelt has seemed somewhat slow in acknowledging his indebtedness to the press, but perhaps he will think of it some day when he is not too busy."

"His hasty approval of the brutal deeds of his subordinates at the white house when the knock-down and drag-out outrage was committed upon Mrs. Minor Morris, a refined, cultured, respectable Christian woman, was an act of cruel, heartless injustice."

"The press will reserve the right to criticize fearlessly and truthfully his acts when they are inconsiderate and unjust."

"Presidents may come and presidents may go, but the press, like Tennyson's brook, goes on forever."

"After all, Theodore Roosevelt is a good deal of a boy yet, as well as a most masterful president."

Yale and graduated from the law school in 1890 with the Degree of LL. B. He practiced law with L. A. Thurston for a short time and in 1893 was appointed second judge of the Circuit Court. On March 7 of the same year he was appointed associate justice of the Supreme Court and became chief justice in 1900. On August 1, 1898, he was married to Miss Mary Emma Dillingham, daughter of Mr. and Mrs. H. F. Dillingham of Honolulu.

JAPS MAY GO TO FEDERAL COURTS

IN SUCH CASE DEVLIN IS TOLD TO GIVE THEM WHAT HELP HE CAN.

SAN FRANCISCO, June 17.—United States District Attorney Robert T. Devlin yesterday received a letter from Attorney-General Charles Bonaparte in response to that which he sent containing a report on the riot through which the Japanese restaurant at 1213 Folsom street was damaged. Devlin refused yesterday to tell what instructions were given him by Attorney-General Bonaparte. It is reported, however, that he has been instructed to lend whatever assistance he can to the Japanese should either the Japanese Government or the owners of the restaurant begin suit against the city or the State on account of the damage done. In either case the suit would have to be brought in the Federal Court, as the plaintiffs would be aliens.

Devlin refused yesterday to state whether any such action is contemplated. He said he would not be at liberty to talk unless there were developments that would make the matter an affair of public record. From this it may be assumed that a civil suit is contemplated by the Japanese and that they have concluded a resort to the courts is a better way of settling the affair than by a call to arms.

JUDGE WHITNEY'S VACATION.
District Magistrate Whitney has been planning to take a vacation to begin about July 1 but it appears now that he will have to defer his rest until some attorney can be found to assume his duties. Attorney Hemenway, it is said, was to have relieved Judge Whitney for a breathing spell, but has unexpectedly other business to attend to.

The Territorial grand jury returned this morning ten indictments to Judge De Boit, which were placed on the secret file. The jury will make its final report on Friday.

THE TAX COMMISSION.
The tax commission is holding a meeting this afternoon at the office of Associate Justice Wilder. The commission has to complete its work and make its report to the Governor by July 1.

A reprieve for 90 days will be signed this afternoon by Acting Governor Atkinson, for Morita Kaizo. The latter's original reprieve expires tomorrow and the Jap who is under sentence of death for murder at Hilo, would have been executed on that date, if the attorney general's department had not been aware of the conditions and made application for an additional reprieve. The reason that the reprieve is asked is the fact that an appeal to save Kaizo's neck has been taken to the Supreme Court of the United States.

Henry Smith trustee has filed a commissioner's report relative to the matter of the recent sale of the Reyes property.

Judge Lindsay today continued the assumpsit case of F. K. Archer vs Punahou Muir to the September term. The trial of the suit brought by David Kahalena against Louis Pearson, was begun today before Judge Robinson. An old lady was examined as she desired to go to Kaula. MUST KEEP OUT OF BUSINESS.
A Warning Regarding Soliciting of Insurance Among Chinese.

SAN FRANCISCO, June 17.—Immigration Commissioner Hart North has received from Washington a circular letter to the effect that employees in the Immigration Bureau are forbidden to have business relations with Chinese, especially with regard to insurance business. The letter is not directed to the local Immigration Bureau alone, but is a copy of one sent to all bureaus in the United States. North stated yesterday that the letter was not inspired by any recent act on the part of any of the inspectors or interpreters. There was a time when some of them did a good business, especially in insurance, among the Chinese, who would patronize them in order to gain favors or to ward off discrimination against them. A former interpreter, Carlton Rickards, does a large amount of insurance underwriting in Chinatown.

JOHNSON NOT GUILTY

(Continued from Page One.)

that Ayres had been hurt, bruised, and was bleeding.

Sam Johnson testified, in brief: About two weeks ago, last Saturday an article appeared in The Referee in which my name was mentioned, insinuating a young lady and referring to the Edmunds Act. I never met the lady until very recently—Here was an interruption by hot argument between Prosecutor Andrade and Thompson, as to the admissibility of antecedent facts. E. A. Douthitt and W. T. Rawlins were associated with Frank Thompson. Judge Whitney allowed the evidence. On June 10 I met Ayres and told him he was misinformed. I was not desirous of a retraction, but he retracted and, supposing he was sincere in his retraction, I did not see him again. But in the next publication he made a retraction. I was in the barber shop when I saw him go up to his office last Saturday afternoon and I left the shop unshaved and followed him up. He was wide awake. I talked with him and asked if he meant in his retraction that I had lied. He said I could take it as I liked and reached for some weight on his desk. Thinking he was going to hit me I hit him first. I hit him several times with my left hand. I did not kick him when he was down. When he got up he reached for a chair and when I went for him he put his head in a corner and covered his face with his hands.

The S. S. Hilonian will be delayed 6 days in leaving San Francisco.

SPORTS

SOLDIER WRESTLER DEFEATS SPENCER

LOCAL AMATEUR LACKED THE STRENGTH OF TENTH REGIMENT MAN.

The wrestling match at the Orpheum last night between John Papas, a husky 10th Infantryman, and J. O. Spencer, a local amateur, was a very one-sided and uninteresting affair. It did not seem to have impressed the sporting fraternity very strongly as a possibility either, for the attendance was small. Spencer was no match for Papas, and took two downs in short order, Papas being much the stronger of the two, and throwing his opponent more by reason of this superiority than through skill.

The first fall was obtained in about twenty minutes, most of which time the two were on the mat, with Spencer on the defensive. He was finally tired out and went down. The second fall was in less than five minutes.

Two preliminary bouts took place, the first between Petry and Williams, two Tenth Regiment men. Petry got the first fall but Williams in some good work scored the next two.

The second match was also between soldiers. Snell and Perry were the names they wrestled under, and the latter was defeated in two straight falls.

Harry Cobb refereed the matches, and Larry Dee acted as time keeper.

MONSTER PACIFIC FLEET ADVOCATED AT CONVENTION OF THE UNITED IRISH SOCIETIES.

CHICAGO, June 16.—A Pacific squadron of 100 battleships to resent Japanese insolence and English treachery was advocated today at the annual convention of the United Irish Societies. Distrust of England and denunciation of the rejected Birrell home-rule bill were voiced by many speakers. That English traders were inspiring the belligerent attitude of Japan was the opinion of several.

"English merchants, fairly beaten in a commercial contest for Eastern trade by the United States, are stirring up the Japanese to their present attitude," asserted Mr. Finerty. "The loss of life or the fate of nations have never affected English traders. Their only vulnerable point is their purse. All else is as nothing to them."

BATTLING NELSON STARTS TRAINING

FIGHTING DANE WILL NOT WASTE ANY TIME IN GETTING DOWN TO EXERCISE.

SAN FRANCISCO, June 17.—Batling Nelson arrived yesterday and will go into training immediately for his coming twenty-round battle with Jimmy Britt. He will take up quarters at Lakeside. The Battler looks high in flesh, but says he does not expect any trouble in reducing from 146 pounds to 133 during the two and a half weeks intervening between now and July 8. The Dane took a stroll around town in the afternoon and wended his way to Dreamland pavilion in the evening, where he was called upon to make a speech. He told the fans that he was confident of winning from Britt with as much ease as he did at Colma and that the tearing off of thirteen pounds would not be weakening to him. Jimmy Britt sends over word that he is already within striking distance of the weight, and for the purpose of advertising the fight the Californian will be already within striking distance of this city, in order to allow the fans to keep tab on his condition.

Cutler, general manager of the Utah Sugar Company, the Idaho Sugar Company and the Western Idaho Sugar Company, announces that the Eastern stockholders in the three corporations have approved the plans for their consolidation. It is proposed to merge the companies under the title, Utah-Idaho Sugar Company, issue \$10,000,000 of preferred and \$3,000,000 of common stock, and exchange all old stock on the foreign basis; Utah Sugar preferred, \$10 a share; Idaho Sugar preferred, \$11 a share, and Western Idaho, \$12.50 a share.

After this distribution there will remain \$1,900,000 of the amalgamated stock, which will be put into the treasury for improvements. A part of it will be used to pay for a new factory at Payette, Idaho.

PREDICTS END OF WORLD.

Prophet Spangler Says Sleighting Will Be Popular This Summer.

YORK, Pa., June 2.—Leo L. Spangler, who has styled himself for a number of years as "the last of the

prophets," has issued another of his remarkable bulletins. This time he is more specific in his statements. He now asserts that the world will come to an end in 19 months. He warns all the people to beware and look out for the dissolution of the world.

He says there will be no more seasons, that summer and winter will be as one, and there will not be any way of telling one from the other. Snow in July need not be a surprise, and sleigh riding is likely to be one of the summer pastimes. He adds: "There will be more black spots to

occur on the sun's disk, and by the latter part of 1908 the sun will be entirely black. The earthquakes will shake all the principal cities of the nations. Great excursion wrecks will occur and there will be great distress in the land until the end shall come."

"There are two classes of men," said the close observer. "One knows nothing about woman, having spent years in studying her. The other knows everything, never having studied her." —Chicago Journal.

LIQUOR COMMISSION HAS ITS TROUBLES

CHAIRMAN BELIEVES IT NECESSARY TO HAVE POLICE TO MAINTAIN ORDER AT MEETINGS.

There was a big row at the session of the Liquor License Commission last night, ending in Chairman Ballentyne adjourning the meeting until tonight at 8 o'clock. He adjourned the meeting because, he said, that the spectators present would not maintain order, disturbing the session by applauding. But prior to this somewhat sensational termination of the meeting, Commissioners Lucas and Long withdrew from the meeting, declaring that they considered a certain line of policy that the commission proposed to adopt, to be unfair and outrageous.

There were some protests against the issuance of licenses to certain saloons to be considered so a good sized crowd of people was present. After the meeting had been called to order Chairman Ballentyne opening the proceedings by reading a resolution that had been adopted at the executive session of the commission establishing a rule of procedure for the hearing of applications for licenses against which protests had been lodged.

The rule provided that the applicant and his witnesses should first be heard, then the protestants and their witnesses, the applicant closing his case. In no case were the parties on either side nor their witnesses to be subjected to any cross-examination other than that put by the members of the board.

Commissioner Lucas then arose and sought to present a protest against any such rule. He started to read the protest, signed by himself and Commissioner Long, but Commissioner Campbell immediately called for "order." Chairman Ballentyne ruled that the "protest" was out of order and it would not be received.

Lucas and Long then arose and left the meeting, declaring that they considered the action of the commission absolutely wrong. The report that was as follows:

"We, the undersigned, a minority of the Board of Liquor License Commissioners of the County of Oahu, hereby protest against the action of a majority of the Board in ruling that 'no cross-examination of witnesses for or against any license shall be allowed by attorneys-at-law representing the applicant or protestant,' on the grounds that such action is arbitrary, unwarranted by law, and contrary to the practice in all hearings of a legal body or appointed Board. That we believe the best ends of justice and best ends of public service, can be maintained only by a full, fair and impartial investigation along the usual and tried lines of procedure. And on the further grounds, that the 'hearing' provided for by the Act is a hearing along legal lines in which the source and extent of the information claimed by a witness, should be sifted by the process of cross-examination recognized by all public tribunals, from the District Court of the Territory of Hawaii, to the meetings of Committees in the halls of Congress.

"For the reasons aforesaid we decline to take part in this 'hearing.'"
Respectfully submitted,
"C. A. LONG."
"J. LUCAS."

The matter of the protest against the Wigwam Saloon was then taken up by the remaining commissioners. Ballentyne, Gilman and Campbell. The applicant waived his right to the first hearing and Rev. G. D. Edwards read the following protest against the employment of attorneys:
Gentlemen of the Board of Liquor License Commissioners.
Before these cases begin tonight we feel it important that a certain matter of policy be determined on for the reason that that determination will affect very materially these and all other similar cases, in the method of their handling.

This Board is establishing precedents and needs to be very careful. They hear the first cases tonight where parties are arrayed against each other. It is important that these first cases establish such precedents as insure most beneficially to public welfare.

The question of policy relates to permitting paid agents to appear for saloons or in behalf of protestants where the two sides are before you to present their cases. We do not think, it good public policy, or just to the protestants to do so.

1.—As regards the protestant.
1. He comes before you in the interest of public welfare. He is not expecting to reap any financial reward by his action.

2.—As regards the necessity for paid risk of financial loss besides, especially if a business man. Many men who are opposed to saloons or particular saloons now, are silenced on this account.

3.—He risks the social odium of the liquor element in the community and their sympathizers.

4.—He undergoes the unpleasantness which is no small thing to a peace-loving man when he goes into a fight of this kind, and has to seem to be fighting some man or men of the community.

We submit that this is sufficient burden for him to carry in the inter-

est of the public without having to pay a lawyer fee in addition.

2.—As regards the necessity for paid advocates.

We should not object so strenuously to the additional lawyer fee if it seemed necessary in order to get at the facts. But it doesn't. In very truth it strikes us as doubtful whether paid advocates will not serve to befog and hide truth rather than bring it out into the open. The paid advocate is seeking to win the case for his client, not to arrive at the truth. What this board wishes is the truth. We submit that they are more likely to get it without paid advocates than with them.

Why should there be needed a paid advocate to cross-examine witnesses. There is one professional lawyer on this Board of Liquor License Commissioners. The other members of the Board know how to ask questions and draw conclusions. Why not let them hear the statements on either side and pry with such questions as seem necessary to obtain the facts which are of importance. They will be seeking truth, not simply to befog witnesses or to cover up truth.

3.—Finally, we submit that this is not a criminal court where the court procedure is necessary. These are simply public hearings. If lawyers are permitted for the saloons, then the protestants are forced to this additional expense of also employing a lawyer. It works no chance on them where they have no chance to benefit financially as does the saloonkeeper. It doesn't help this Board to get any nearer the truth than is possible without such paid advocates.

Judge Perry was present to represent A. O. Rosa and others who desired a license for the Wigwam. Perry entered a scathing rebuke against Rev. Edwards. Perry said:

"The orator who has just taken his seat ought to be heartily ashamed of himself for the slurs he has cast on what he is pleased to term the paid advocates of the applicants."

Immediately there was a loud clapping of hands in approval of the sentiments. Ballentyne rapped for order and threatened to adjourn the meeting if there were any more such unseemingly exhibitions.

Continuing Perry said "If the speaker (meaning Rev. Edwards) has not yet learned, he will earn, if he lives long enough, that the fact that a man takes a fee does not make him the less con-

scientious nor anxious to bring out the truth. He will some day regret the slurs he has seen fit to cast tonight against the members of a profession as honorable as his own."

Again the applause broke out and Ballentyne then declared the meeting adjourned until 8 o'clock tonight. Ballentyne is quoted as saying that the hearing of the protest against the Wigwam was off because of the disorder. He was also quoted as saying that he would have policemen present at the next meeting of the commission, to preserve order.

There was a session of the commission in the afternoon. Applications from the following were considered, Thomas McTigue, for a license on King street and Maunakea, Carl Buchgost, for the Germania saloon in Kakaako, Isaac Cockett in Kalihi; Albert Lucas, corner of Hotel and Bethel streets; William Lishman, representing the Seaside Annex; Chun Hing; the Seattle Brewing Company, wholesale; and P. A. Dias of Waipahu.

John Martin of the Anti-Saloon League spoke in favor of McTigue taking the position that while he, Martin was against saloons, he felt that if a license was to be issued in that neighborhood that McTigue should have one. Superintendent P. Ryder of the Kakaako Mission, wrote a letter favoring Carl Buchgost, whom he regarded as one of the fittest of the saloon men in the Kakaako neighborhood.

Prior to the opening of the session of the commission last night, the following decisions were announced:
Pang Lum Mow, King and Kekaulike, saloon license refused.
Pang Kang Chee, Fishmarket, saloon license refused.

Y. Muraoka, Waimanalo, saloon license approved.
John T. Silva, Pantheon saloon, license approved.

Moana Hotel license approved.
Isaac Cockett, King street and Kamemahaha road, saloon license approved.
M. Salki, Aiea, saloon license approved.

P. F. Johnson, Honolulu, saloon license approved.
Patrick Joseph Monaghan, Opera House Annex, saloon license refused.

GARDEN ISLAND IS KNOCKING PRATT

SAYS "EVER DWINDLING CROWD OF RESIDENTS ON KAUAI" LOOKING FOR HIS SUCCESSOR.

LIHUE, Kauai, June 24.—The Garden Island says:
"Land Commissioner Pratt has again found such weighty matters to deal with in Honolulu that the Kauai people who are anxious to see him and long for the honey dropping from his lips will have to clothe themselves in patience for another month."
"The Commissioner was booked for the Hall last Tuesday and really thought that he was going to make the trip that has been announced monthly for the last two years, but more important matters unexpectedly turned up, such as the fact that he will probably have to be present in order to receive a possible report on the appraisal of the Alawa land, and to attend to some advertising, inspect the site of the University Club, etc. It is therefore thought that it will be impossible for him to visit this island for another month."

"The ever dwindling crowd of residents on Kauai who wish to see the Commissioner will not break their heart over his not coming, but will patiently wait for his successor. They lost faith in Pratt and his promises long ago and when he saw the latest attempt at apportioning the Kapaa lands they gave him up as a bad job. It is hoped that the next Commissioner will be a man who has some knowledge of both of sugar cane culture and agriculture in general, so that the present Kapaa farce will be brought to an end at last."

WILCOX'S GIFT TO HOSPITAL

RICH KAUAI PLANTER GIVES \$50,000 IF EQUAL AMOUNT IS RAISED FOR ENDOWMENT.

Honolulu's need of a Children's Hospital is in a fair way of being remedied. Thanks to the generosity of a Kauai man, A. S. Wilcox, he and his family has been staying in town for some weeks and during the time learned of the difficulty experienced in finding accommodations at the hospitals.

In accordance with this offer he has donated \$50,000 to build a children's hospital in Honolulu on the condition that an equal amount be raised for the endowment of the institution. It goes without saying that the Honolulu people will get out and hustle in order to raise the amount, and it is said that Mr. Wilcox has hinted that he may aid in endowing as well as in the building of the hospital.—Garden Island.
