SCOVILLE TELLS STRONG STORY

Case Looks Black For Rioters-- Attempt By Lightfoot To Impugn Witness' Veracity--Says Mob "Howled Like Pack of Coyotes"

Up to the present time Eugene M. Scoville has been the only witness called in the riot case. He has graphically described the riot at Waipahu, the arrest of Jotaro Mikawa, the leader, his imprisonment with Officer Willis in the house by the crowd, the threats made by Mitsuichi and others to compel them to release the prisoner. Before he left the stand at noon Lightfoot attacked his veracity as to statements made relative to the stones and sticks thrown by the crowd, but the Court did not see sufficient reason to object to the manner in which Scoville told his story.

Mr. Scoville took the witness stand again this morning, when the riot trial proceeded before Judge Robinson. Attorney Lightfoot took the witness for the defense. His first question was:

"Are you sure you told us all that happened when you were in the office of the Higher Wage Association?"

Witness: "I think I did."

Lightfoot: "The Japanese in the inner office made no demonstration did they?"

Witness: "Well, they said if we turned the prisoner loose we could go. If we didn't, I understood we could not."

Lightfoot: "Who said this to you?"

Witness: "It was Mitsuichi."

Lightfoot: "He did not speak in a threatening manner, but simply told you on account of the crowd outside that was angry it would not be best for you to go out."

Witness: "Not at all. He acted cocky and said that if we did not let the prisoner go, there would be plik-ka."

Lightfoot: "What took place in the inner room?"

Witness: "They threatened and the prisoner got up at one time--to escape, I thought."

Lightfoot: "We don't care what you think. What actually happened?"

Witness: "Two or three Japanese began to talk to the prisoner and I told Officer Willis to ask them to stop as it looked as if they were hatching a plot to get away."

Lightfoot: "Are you sure you have told all that happened in this room?"

Witness: "Yes, I have."

Lightfoot: "Let's see. First we have your statement regarding the lighting of the lamps--"

Kinney protested: "There is no use going over all this again. It is part of the record."

Lightfoot: "Well the witness has made so many contradictory statements that I wanted to get at the matter right."

Kinney: "I don't think a witness ever went through a cross-examination or that you got less--or more out of."

"That is your opinion," retorted Lightfoot.

"Well you have expressed yours--I will give mine," replied Kinney.

Later Mr. Scoville testified that the crowd outside gave out yells of rage, and kept up a great roar.

"They sounded like a lot of coyotes," said Scoville.

Lightfoot: "You took your prisoner in an automobile."

Witness: "I did not, Officer Willis turned him over to the High Sheriff."

Lightfoot: "How many people were in the crowd?"

Witness: "I could not tell--it was dark."

Lightfoot: "There might have been 500 more or less."

Witness: "There might."

Lightfoot: "Mr. Kinney was there, and you told him everything."

Witness: "Not at that time."

DIPLOMATS ARE NOT INTERESTED

Strike Merely Complicates Work For Tariff Protection

A private letter from Washington states that there is very little interest in the Hawaii strike situation in official quarters of the capital, either among the officers of our own government or at the Japanese Legation.

Ambassador Takahira in a statement to the Associated Press even expresses the doubt that the local affair will even receive more than passing attention in diplomatic circles.

On the morning of the 17th Congressman Murock made a statement intended to influence the public against the protection given the sugar industry, but it did not meet with favor among the members of Congress who know the situation in the islands.

A cabinet officer made the statement that the Hawaiian situation had never been mentioned in the cabinet meetings. The local trouble is principally dangerous in the opinion of Washington friends because of the effect it may have on tariff legislation and enable the enemies of the islands to point to the fact that there are many Japanese here who are practically receiving industrial protection from the Federal government and sending the surplus home. The principal injury done by the agitation is to the Japanese laborers who would be the first to suffer if there is any mixup in the tariff legislation.

STRIKER THREATENS

Kamano Kono, a member of the Higher Wage Association, was arrested at Punahoa yesterday on a charge of threatening to kill two Japanese who expressed their determination to go back to work.

Kamano is reported to be a typical striker and is said to have used some very strong threats to the would-be workers. He was brought in to the city jail, and the witnesses in the case should arrive in town this afternoon some time.

DE LONGPRE ON HAWAII

"I love my beautiful home in Los Angeles, but if ever I am taken sick again I will dispose of the whole place and return to Honolulu, and there spend the rest of my life. For me the climate is perfect, and I am going there of ten anyway, if only to get a few more dips in that clear, warm water at Waikiki beach."--Paul de Longpre in San Francisco Call.

LORRIN ANDREWS HEMENWAY'S MAN

Former Politician Coming Back As Deputy Atty Gen'l

Lorrin Andrews will be Deputy Attorney General of Hawaii. While no formal announcement has been made by Attorney General Hemenway of the appointment, it was intimated by him that such action is being considered by his office. Mr. Andrews was formerly Attorney General. The San Francisco Call, in a dispatch from Reno, Nevada, mentions Andrews, who is defending a man in a murder case there, as the newly appointed Attorney General of Hawaii.

"I have not resigned yet," laughed Mr. Hemenway, when the matter was referred to him. "No such appointment has been made, but there might be something in the future on the matter." The Call article is as follows:

The Call of the 24th publishes the following interesting information: NEW ATTORNEY GENERAL DEFENDING EXORICIDE Andrews of Hawaii Appears at Reno For Petty.

Reno, Nev., June 23.--All the shocking and revolting details of the awful tragedy in which Mrs. Petty was literally shot to death by her depraved and brutal husband on March 9 last were related this morning by different witnesses for the prosecution, two of the witnesses having watched the awful crime from a spot near by.

Great progress was made with the trial today, a jury having been secured last night, and bit by bit the state's attorneys are weaving a net around the accused man. Petty sat quietly and with no show of emotion.

Lorrin Andrews, just appointed attorney general of Hawaii, is defending the murderer. The defense is insanity, known as sadism, and is the first case on record where such defense is interposed.

VESSEL SEARCHED FOR MURDERER

Manchuria Watched In San Francisco For Leon Sing

When the P. M. S. S. Manchuria sailed from San Francisco on the 25th of this month she was carefully searched for Leon Sing, the supposed murderer of Elsie Sigel in New York. Up to the last minute of her sailing for the Orient the San Francisco police, acting on information supplied them, took the utmost precautions that the suspected Chinaman might not escape justice by reaching the trackless society of China. As a result Sing is still supposed to be in San Francisco.

He was known to be in New Orleans and to have left there on the Southern Pacific, presumably for the coast city. He is said to be a member of the Hop Sing Tong and the Chinese freemasons, and is also supposed to be receiving powerful protection.

The San Francisco officers satisfied themselves that the murderer did not leave on the Manchuria, as she was given a most thorough straining. All vessels headed this way from that port will be carefully watched for him, to see Chinese cunning does not release him from the penalty of the law. He is a very much wanted man in New York and the entire police force of the country are making the greatest efforts that he does not get away.

RECEIVES LETTER FROM WOODRUFF

Governor Frear has just received a letter from Federal Judge-elect Woodruff, written just prior to confirmation of his new appointment. The letter did not state definitely when Mr. Woodruff would arrive, but from the fact he intended to attend a meeting of his alumni at Yale before he sailed, it is possible he will not be here until the middle of July.

English's Attorneys Withdraw

WASHINGTON, June 18.--Since the Supreme Court of the District set aside the judgment of Dr. English against the Queen, and the attorneys learned the exact state of affairs, they have withdrawn from the case.

An order has been made by the court that unless new counsel is secured and a replication made to the plea of the Queen's attorneys by July 20, the case will be dismissed. It is likely that the whole thing will be wound up by that time.

PRATT QUITS LAND OFFICE

Land Commissioner Pratt, after five and a half years' faithful service in the Territorial Department of Public Lands, today lays down the reins, to be taken up by Marston Campbell. Mr. Pratt will take over the business of the City Auction Company, in which he is principal owner, and will branch out into a general auction and real estate business.

"I have tried to do my best at all stages of the game," said Mr. Pratt today, "and I go out with a clean slate. My books have always been clean and open to inspection, and I have always used my best judgment in handling affairs of the office. I came into this office when things were in a bad tangle, and have established a system, and placed everything in good shape."

Mr. Pratt says there will be no great change made in the office force, according to the information he has received from Mr. Campbell. One of the clerks will probably be dispensed with, as under the new arrangement, there will be less money to carry on the department than formerly.

AMERICAN-HAWAIIAN

The American-Hawaiian Company is sending the following notices to patrons: "The next sailing from San Francisco to Honolulu will be the steamer Columbian on July 19th. The next sailing from Seattle for Honolulu will be the Pielaides on the 28th, followed by the Texan on July 22."

The following soccer players will make the trip to Hilo, leaving on the Mauna Kea on Saturday next: Fernandez, Greig, Dickinson (H. and R. Chillingworth, Scott, Zeigler, Dwight, Desha, Brown, McCauley and Norton. This combination should make the Hilo team look to their laurels.

The pursers of the Mancharia reiterated the statement of the purser of the Makura, who reported the statement of the purser of the Aorang, who plagiarized the opinion of the purser of the Siberia, who belied the statements of the pursers of the inter-island boats that the weather was splendid all the way over and I never saw such continuous smooth seas in my life. A DECK LOAD of 200,000 feet of lumber from the Puget Sound mills to Allen & Robinson was brought in this morning by the steamer Hyades, Irwin. The Mancharia trend on her heels all the way in the harbor. She also carries a good cargo of general merchandise, chiefly food stuffs, hay and grain—a large part of which will go to other inter-island ports. Good weather was reported all the way over. THE UNITED STATES cruiser St. Louis this morning left the Oceanic wharf and anchored beyond the reef. She has changed her plans insofar that she will not go to Hilo for the fourth as she intended but will sail Sunday direct for Suva and the Somas. BOATS NOW EXPECTED at the waterfront are the Marion Chilcott, tanker, from Gayota, the Ben Lee from Leih and several other windjamers. According to information received from Midway Island the U. S. S. Iris will be here tomorrow.

Imperial Marshal—Henry P. Neldringhaus, of St. Louis.
Imperial Captain of the Guard—Charles E. Overshire, of Minneapolis.
Imperial Outer Guard—Elias J. Jacoby, of Indianapolis, Ind.

The thirty-fifth session of the Imperial Council of the Ancient Arabic Order of Nobles of the Mystic Shrine came to an end at 1:10 o'clock yesterday afternoon in Scottish Rite Cathedral, Sixth and Walnut streets, after one of the most harmonious meetings in the history of the Playground of Masonry, says the Louisville Courier-Journal. Only two sessions of the Imperial Council were necessary in which to complete its business. The fact is, there was but little of importance to be transacted by the nobles, with the

exception of electing an outer guard, the selection of the next meeting place and having a good time.
New Orleans was unanimously chosen as the meeting place next year and the date of holding the session was fixed at April 7 and 8 in order that cooler weather conditions may prevail, other than the nobles came in contact with in Louisville during the month of June. Really there was no contest on the floor of the council for the next meeting place. Although Toledo did not withdraw from the race, yet it was seen when the time came for selecting a place that New Orleans had it by overwhelming odds. Toledo nobles took their defeat good-naturedly and joined in making the vote for New Orleans unanimous.
Won in a Walk.
Elias J. Jacoby, potentate of Murat Temple, Indianapolis, Ind., won the election as outer guard in a walk. The falling down of W. Freedom Kendrick, of Lu-Lu Temple, Philadelphia, Pa., was a great surprise to his friends. The first ballot was such a surprise to them that it was several minutes before they got their breath and when they did get it the Hoosier noble had captured the prize. The first ballot saw four candidates in the field for the office, E. L. Garrison, of A66 Temple, Tacoma, Wash.; Elias J. Jacoby, of Murat Temple Indianapolis, Ind.; William Van Sickle, of Moslem Temple, Detroit, Mich., and W. Freedom Kendrick, of Lu-Lu Temple, Philadelphia, Pa. The first ballot resulted in Mr. Jacoby leading by a big majority. Mr. Van Sickle and Mr. Garrison withdrew from the race and the second ballot resulted as follows: Jacoby, 259, and Kendrick, 108.

special committee be appointed so that in case the hotels of New Orleans do not keep their agreements in guaranteeing not to raise their prices above the prices for ordinary occasions, the committee, with the imperial potentate, may have the power to change the place of meeting. This was also satisfactory to the New Orleans nobles.

Fight For Our Pines

Washington, June 23.—In unexpectedly short order the Senate today took up and disposed of the lumber schedule and then, entering upon the discussion of pineapples, agreed upon the provision regulating the rates of duty on that article.

senting a pineapple producing State, and Smith and Rayner of Maryland, in whose State there are large pineapple canning establishments. Disavowing all championship of the canners, the Maryland Senators made a strenuous fight on general principles against the increase of the duty. Rayner charged the Republican party with bad faith in promising to lower tariff duties.
After a debate extending over about four hours' time, the Tallaferro amendment was adopted—34 to 29. This was a defeat for the finance committee, but the amendment was not strenuously resisted by the committee and several of its members voted for it.

In the case of Lewis & Cook, Ltd., against Mary H. Atcherley, Clerk Thompson of the Supreme Court has just received acknowledgment of receipt by the clerk of the U. S. Supreme Court of the records on file in the above case, and has been given number 497, set for October, 1909, term.
The plaintiffs in the case of Solomon Kauhaue et al. against William Lan have submitted a motion in the Supreme Court to dismiss the defendant's exceptions.
Van Norden's Magazine will have an article on Hawaii by A. H. Ford in its August issue.

NO CHANGE IN RULES.
An attempt was made to make a change in the rules as regards the fees in connection with shrimedon, but this was voted down by an overwhelming majority.
William Duley, of Koroin Temple, Rawlins, Wyo., made the report of the committee on time and place of meeting next year. Mr. Duley stated that the committee was unanimous in recommending that New Orleans be selected as the meeting place for the Shrine and that the date be changed to April 7 and 8 for the reason that cooler weather might be experienced in that latitude during April than May or June. The New Orleans nobles wanted the date fixed about the middle of May, but the committee decided on April. The New Orleans nobles said that the date would be satisfactory.
The recommendation of the committee also contained a proviso that a

Washington, June 23.—In unexpectedly short order the Senate today took up and disposed of the lumber schedule and then, entering upon the discussion of pineapples, agreed upon the provision regulating the rates of duty on that article.
The sailing was not smooth when it came to pineapples. The contention in this connection was for higher rates and came from Democratic sources. The objectors were Tallaferro and Fletcher of Florida. The house had fixed a duty of 8 cents per cubic foot on pineapples in barrels and of 8 per thousand, but the Senate Committee on Finance reduced this rate to 7 cents and \$7, respectively, thus restoring the provisions of the Dingley law.
Tallaferro presented an amendment restoring the House rate, but changing the other portions of the provisions so as to require the payment of half a cent a pound for pineapples in bulk.
The contention was for and against this increase and the fight was mainly between the Florida Senators, repre-

senting a pineapple producing State, and Smith and Rayner of Maryland, in whose State there are large pineapple canning establishments. Disavowing all championship of the canners, the Maryland Senators made a strenuous fight on general principles against the increase of the duty. Rayner charged the Republican party with bad faith in promising to lower tariff duties.

PETITION FOR DISTRIBUTION
M. P. Robinson, the surviving executor of the estate of the late James Robinson, has asked the Circuit Court in a petition filed today, for a final distribution of the property in accordance with the terms of the will left by Mr. Robinson. He sets forth that no petition has ever been filed asking for the approval of final accounts, and at present the titles are vested in him.
This is the case in which the six annual accounts were recently filed. On September 7, 1876, M. P. Robinson, the late C. P. Ward and the late S. C. Allen were appointed executors of the last will of the late James Robinson. The will was admitted to probate March 14, 1878. Ward died March 19, 1892 and Allen, May 13, 1903. The petitioner states that an annual accounting has been rendered up until the present time, and now asks for a final distribution of the property, which is said to be valued at \$100,000.

Superintendent of Public Works Marston Campbell this morning announced that he had concluded successful negotiation for the widening of Hotel street, between Alaheka and Richards streets. The acquisition of the necessary property to assure the widening of the street has been a subject of difficult work on the part of Mr. Campbell, and he received final word at noon that the proposition made by the Board of Public Works for the property had been accepted. It means a great deal to the city to have this street made wider, and has been agitated for a long time without results until now.
Although he protested strenuously, Attorney Douthett had to submit to the order made by Judge Robinson this morning in the Circuit Court to transfer the two cases against Yoshida, indicted by the Territorial Grand Jury for assault and battery and false imprisonment, to Judge Whitney's court. The transfer was made on account of the riot case which has begun before Judge Robinson, and the crowded condition of the calendar.
The annual meeting of the Women's Auxiliary and Guilds of the Episcopal Church in the Islands was held yesterday in the Memorial Parish House of St. Andrew's Cathedral. The financial report showed that twice as much money was raised a last year and a larger number of parishes had branches of the auxiliary.

Judgment was allowed plaintiff in the case of Cecil Brown and others against Emma Nawahl by Judge Robinson this morning, after listening to the arguments in the proceedings brought to foreclose a \$6,000 mortgage. The Hilo Sugar Company were first named in the action, but filed a disclaimer, having no interest in the property. The action to foreclose was brought on the grounds of failure to pay principal or interest, and failure to reply to the suit. M. T. Simonton, clerk of the Circuit Court, was appointed commissioner of the estate under bond of \$500.
For a consideration of \$1237 a deed was filed today conveying from Juan de Frias to William Laha, property at Patama, Honolulu.

WEDNESDAY JUNE 30, 1909

Necessity is the argument of tyrants; it is the creed of slaves. — William Pitt.

Louisa Andrews, Deputy Attorney General of Hawaii, is it to laugh? This will undoubtedly meet the approval of President Taft, whose cabinet member had a rounder face with Andrews when referred to as "Shorty."

ADMIRAL IJCHI

It Admiral Ijchi made a good impression on the occasion of his first visit to this city he has completely won the people of Honolulu during which he called his farewell speech here.

The Admiral has dropped in at this post at a time when his presence could be made the source of much sensational talk that would keep this community and perhaps the people of these countries not without interest.

There was the hope for great good in his visit, and the Admiral of the Imperial Japanese Navy has made good on all points. He has not only pleased the people of Honolulu, and he has taken sides in some of the national differences among the residents of the city in which he naturally has more than a passing interest. He has throughout his stay attended strictly to business and conducted himself as becomes an agent of good will.

The great influence exerted by Admiral Ijchi has been such as to win the highest respect from the Americans of Hawaii as well as the Japanese residents in the Territory. The personality of the Admiral evokes the admiration and respect of the commanders of navies. He has lots of blazes supplemented by common sense, that sometimes passes under the name of diplomacy. This paper believes that he has not uttered a word that might be interpreted as bearing on local affairs. The fact remains, however, that his reiteration of the cordial sentiments of friendship and respect that exist between the two countries whose people are so well met in these islands has not failed to make its impression on our population.

If the Bulletin were to pose an opinion, it would be that the representatives of the Japanese navy believe that the common good of all people is more material than petty differences that retard the prosperity of any country. This is plain common sense.

THE SUFFRAGETTE'S WAR.

At this distance the exhibition furnished by the Suffragettes and the Government in London is ridiculous. One hesitates to decide whether the women are more amusing in their public antics than the Government in trying to hold them down.

First thought on this side of the world is that the dear girls should be allowed to present all the petitions they please. There would be far less danger than the half-pulling raids started as a result of the refusal to accept the petition. Steam unrestrained is harmless; bottled up, it is dangerous.

It is possible, however, that we shall take a different view of the matter when the contagious enthusiasm of the cause strikes our own fair women and they go upon the war path.

A forecast of what may happen is contained in a statement made in New York early this month by Mrs. Anna Howard Shaw when appearing with Mrs. Corrie Chapman before the International Women's Suffrage Association.

"The time has come," said Mrs. Shaw, "to introduce some of these methods into our work in America, and when I go to Seattle to the National Convention next month, I am going to urge that we work for the men in public places who have worked for us. We must strike the man who has worked against us in his most delicate nerve—the ballot box. I want to see a distinct relation between the thing I do and the thing I seek, but, had as soon as I can see that good can come to the cause

in sensational methods, I shall be tooting a horn on a boat in the Hudson, fighting with policemen, and doing all the other things our English sisters have done."

Mrs. Catt, it seems, is not in such a warlike mood for the present, and covets much of her public addresses by the difference between the "Suffragettes" and the "Militant Suffragettes" of England.

The most significant feature of the whole episode is that the women have decided that the ballot box is man's most delicate nerve. The time was when women found they could do as they pleased with a man by giving him good things to eat. Can it be that man has changed or is it that the kitchen and the cook book are no longer attractive to womanhood?

JUVENILE THIEF CAUSES TROUBLE

Kupuna, a youthful sneak thief, is being Chief Levi a lot of trouble lately, and as it is against the law to hold the boy at the police station, the sleuth hardly knows what to do.

The boy has confessed to half a dozen robberies, and has dipped into everything from a church poor-box to a chicken roost. He has stolen no less than \$50 worth of goods since he started out at the game. He looks about eight years of age, and has a most precocious manner. His mother is half denuded, and on a previous visit to the police station caused some trouble when she got excited.

The youthful burglar was taken into custody on Monday afternoon, but could not be held overnight according to law. Levi allowed the lad to go home for the night, on promising to return this morning, but the youthful Sykes failed to turn up on time. If he is found before 120 today the boy will be taken before Whitney, but if discovered later in the day will have to be let go till tomorrow. The juvenile law is working out in a peculiar manner, and it is difficult to handle youthful offenders under it.

LANE BELIEVES CONKLING ALL RIGHT

Interest In Hawaiians Shown In Ways Practical

John C. Lane has words of praise for D. L. Conkling, the new Territorial Treasurer. Lane stated this morning that Conkling in a quiet way has been and is still spending a portion of his earnings for the education of the Hawaiian youths in whom he is interested. He believes that the new Treasurer will not only treat the Hawaiian boys under his jurisdiction fairly, but that he would give them promotion as they are deserving and opportunity presents itself.

Conkling, who was purser on the Mauna Loa for some time, has been very popular with the Hawaiians. He treated the poor and rich alike, and on this account the aged Hawaiians who traveled on the popular liner with Conkling as purser have remembered him with hookups, which usually come from their little tracts of land in Kona.

GET TICKETS TODAY FOR HILO EXCURSION

Tickets are in demand today for the big excursion to Hilo and the Volcano next Saturday. A long line of excursionists besieged the office of the Inter-Island Steamship Co. this morning to procure accommodations and many more are expected this afternoon. There are still plenty of good rooms and those who intend to take them up should do so at once as no booking will be reserved after today.

Rate to Hilo and return \$15; to the Volcano and return, including board and lodging at the Volcano House, \$25. Mauna Loa leaves Inter-Island dock at 3:30 Saturday afternoon.

STOLE STRIKE FUND

The Treasurer of the Higher Wage Association at Wailua is alleged to have been robbed of the sum of \$600, which he had on hand for the benefit of the strikers.

High Sheriff Henry, although skeptical of the truth of the report, sent his deputy, Chester Doyle, down to investigate the affair. It is a peculiar business altogether, and Doyle's return will probably clear the matter up.

TRIED HARD BUT FAILED TO DIE

Kauai Murderer Could Not Commit Suicide

Though he first drove a knife through his wind-pipe, followed that act by committing hari-kari, and ended up by jumping into the water, a Kauai Japanese was unsuccessful in his suicidal attempts and is now in a Kauai Hospital, waiting until he shall be well enough to stand trial for murder.

The Japanese in question, whose name is unknown to the Kauai man who brought the report of the tragedy, learning that his mistress was about to desert him for another man, assaulted her with a knife so viciously that she died within a few minutes. Fearing the consequences of his deed, the murderer then plunged the knife into his own throat, severing the wind-pipe. He then committed hari-kari, making a horrible gash in his abdomen. As death refused to follow, the man rushed out and plunged into a lake, determined to make a thorough job of it.

But a Portuguese happened along about then, and, seeing a man struggling in the water, plunged in and brought the would-be suicide ashore. The Japanese was hurried to the hospital, where the surgeons performed such operations as were necessary, and is now on the high road to recovery. It is prophesied that he will soon be well enough to stand trial for murder.

BOYS RUN AWAY; TRUSTY ALSO

Reform School Lads Desert Their Abode

There seems to be an epidemic of running away among the Reform School boys, and at present there are at least six of them missing. The last bunch to get away were accompanied by their guard, who is minus one leg.

It appears that the guard became overcome by the drowsy afternoon and laid down to sleep. Half a dozen boys took advantage of his napping and made a break for home. When the guard awakened there were no boys to be seen, so the vigilant amateur cop, who himself was a trusty, thought that the best way to avoid punishment was to do a duck for home also.

His welcome at home was not very warm, and his people only waited long enough to telephone the fact of his being there before hauling him back to the school.

The rest of the boys are being slowly gathered into the fold, and unless another trusty snoozes, the lads will probably remain within bounds for a while.

CHANGES AT STATE HOUSE

There are several changes going on today in the old Palace, now the State House of the Territory. By the consolidation of the Land Office with the Board of Public Works, the rooms now occupied by Road Supervisor John Wilson will be given over to the Land Department. Mr. Wilson and his force of men will seek other quarters down town.

High Sheriff Henry has completed moving over to his office at the Oahu Prison, and it will be turned over to License Inspector Pennell. Other changes relative to the executive offices and those of the Attorney General are under consideration.

SHERIFF JARRETT NAMES OFFICERS

Sheriff Jarrett has named Julius H. Asch as jailer at the Honolulu Jail, the institution which will come under the control of the City and County on July 1.

Mr. Asch is the father of Julius W. Asch, the well-known clerk in the Sheriff's office. He has for some time been acting as special officer at Pawa Junction and is a well-known resident of this city.

George Kala has also been named by the Sheriff as his deputy at the jail, and is considered a good man for the position. There are several other appointments to be made in connection with the jail, and the Sheriff will probably announce some of them today. Quite a number of the county deputies have been summoned to town, and the Sheriff is interviewing them today as to the suitable men in their districts who are available for the positions of jailers. Five are to be appointed, besides the turnkeys and six guards for the Honolulu jail.

CITING AN EXAMPLE.

"Hope," remarked the mere man, "is certainly a wonderful thing."
"It is," rejoined the wise woman, "Why, one little nibble will keep my husband fishing all day."

SCOVILLE TELLS

(Continued from Page 1)

Witness: "Yes, he was making speeches to the crowd."
Lightfoot: "You don't know what he said to them."
Witness: "No, sir."

After a cross-fire of arguments between Lightfoot and Kinney, Scoville finally reiterated his direct testimony that the crowd threw a shower of sticks and stones at the Splinters. Lightfoot declared that the witness contradicted himself, having once testified he saw but one or two sticks or stones and heard missiles hit the building.

IS APPROVED TRUSTEES REDUCED

By the new amendment to their charter, the application for which was approved by Governor Frear this morning, the number of trustees of Queen's Hospital will be reduced from twenty to seven members. The responsibility of the government trusteeship will also cease with the new articles of incorporation. The application was filed last week, but it has been under consideration by the Governor and Acting Treasurer Hemenway as to the legality of the application.

TWO JUDGES ATTEND TRIAL

United States District Judge S. B. Dole occupied the bench with Judge Robinson this morning, an interested spectator in the riot trial which is in progress there. Another notable personage who attended the trial was Hon. Thomas Fitch, the "Silver Tongued" orator from the Coast, who has just arrived in Hawaii for a visit.

HAS MANY INVITATIONS

Governor Frear has just received an invitation to attend the National Irrigation Congress to be held in Spokane August 9 to 14 of this year. Great interest is being aroused by the Promotion Committee, and large delegations are preparing to attend. It is understood New Mexico will have 500 people in attendance. Hawaii is urged to contribute a large number to the Congress.

The Governor is also invited to attend the Forty-Third National Encampment of the G. A. R. to be held at Salt Lake at the same time as the National Irrigation Congress meets. Special trains will run from Salt Lake to Spokane after the encampment. The Trans-Mississippi Commercial Congress meets at Denver in August and the First National Conservation Congress at Seattle August 26 to 28. Governor Frear is also urged to attend the last two if possible.

SCHOOL FUND COMMISSION

Board Named by Governor Frear Organizes—Will Labor for the Establishment of a Better School Distributing System.

PURPOSES OF THE COMMISSION.

1. To arrange an immediate plan for securing information relative to the work assigned to them.
2. To recommend an act in raising school funds that will be for the best educational and financial interests of the community.
3. To make a minute study of systems in vogue outside of the Hawaiian Islands, under which school funds are handled.

While the School Fund Commission, at its first meeting yesterday, did not numerically outline their purposes, the members went about it in a business-like manner, with one principal idea in view—of establishing the very best and most up to date system of secur-

ing and distributing public school funds.

One of the first propositions considered after organizing, was to secure from the States and other Territories the methods used for collecting and handling school funds. The best plan that can be adopted by a careful study of these various systems will be recommended for Hawaii. The Commissioners agreed that if they could as a result of their investigation and research, adopt a sound and practical plan that would relieve the tension of the past two years, and prove beneficial to the educational interests of the Islands, they will have accomplished what is expected of them.

Edgar Wood reported on a good supply of material available, such as digests of school laws of the United States, and he also volunteered to secure everything possible for the study of the members.

It was suggested that it would be well to extend a general invitation to people who are interested in educational work and have information on the subject, to communicate with the members with a view of allowing them the use of it.

The question of a specific tax levy was discussed, but after a comparison of views, it was decided that the Commission should not commit itself to this or any tax policy until a thorough examination is made of the subject. W. R. Farrington was named as chairman, and W. A. Bowen as secretary and treasurer. Edgar Wood has already secured much valuable information on the subjects that will come before the Commission.

SAYS BOARD ACTS ON LITTLE EVIDENCE

Attorney Peters Gains a Point in Saloon Hearing

Attorney Peters, acting for Ushijima before the Board of License Commissioners yesterday, as much as accused the Board of acting on too little evidence in giving its decisions.

Ushijima asked for a rehearing after being deprived of his license for alleged Sunday selling, and in the plea of his attorney for reinstatement, the source from which the board drew its evidence was hinted to be a case of private enmity against the Japanese saloon keeper.

Chairman Cooke of the committee gave Ushijima a full hearing and his case was taken under advisement. It came out in the evidence that a man named Baker had been refused a drink in the upstairs quarters of the Ushijima family on Sunday, and had finally been allowed a drink free of charge. Baker is the man upon whose accusation Inspector Pannel acted.

Attorney Clemmons asked for a rehearing in the case of Tanaka, stating that his client had \$3,000 in outstanding accounts and stood to lose the whole sum should he be forced out of business.

Clemmons asked that the evidence upon which Tanaka's license had been revoked be made public, but Mr. Cooke stated that the source from which the information had been derived was such that it could not be given publicity.

The case of S. O. Ozaki was also threshed out and resulted in his being granted a wholesale license. He had been accused of shipping goods under fictitious covers, but it developed that he had been the consignee in the case and not amenable to the law.

Al Thurlow had the restaurant license of the Royal Annex transferred to Peacock.

ACCIDENTAL DEATH

The coroner's jury which sat on the enquiry into the death of Mrs. Sylvester, who was killed while riding on a handcar, returned a verdict of accidental death.

From the testimony it appears that the party was on its way to a dance at Lale and another handcar which was going in the opposite direction came dashing down a grade towards the slower moving one. The men jumped from the car but the women failed to get clear, and Mrs. Sylvester was caught and killed. Another woman, a part Hawaiian, had her leg broken and several others were slightly injured.

LARGE IS THE PASSENGER LIST

Manchuria Has Little Cargo but Many Tourists

As a result of the arrival of the P. M. S. Manchuria, there are now 214 more people in Honolulu than there were yesterday, and when the same vessel tails this afternoon, there will still be 127 more in the city. Most of them are tourists, a very small proportion being home-comers to the islands.

This is the largest passenger list that has been presented to Honolulu by any incoming boat for a long time, and in return for her full cabins, the Manchuria was riding far out of the water as a result of her little cargo. She will unload but 175 tons of cargo at the Hackfield wharf and has but 2,000 more going through, most of which is consigned to Manila.

Among those returning home are Mr. and Mrs. C. A. Elston and their children, Hon. T. Fitch, Mrs. George H. Mead and her son, Henry Mead, and A. Gartley, who has been on the Coast inspecting the automatic telephone system for the company here. Gen. John McClellan, U. S. A., retired, and his wife and children are here to spend the summer.

The rumor that Capt. Saunders, who was suspended for his fiery temperament, would again command the Manchuria upon this trip, was not verified when the vessel reached the port, Capt. Dixon being lord of the bridge.

It was thought that Judge Woodruff, whose appointment to the Federal Court of the Territory of Hawaii was lately confirmed by the Senate, would be a passenger on the Manchuria, but he failed to arrive. Judge Dole was on the wharf, expecting to greet him.

P. H. McNellis is the only passenger booked on from Honolulu. The Manchuria will sail at 5 p. m.

IJICHI'S CRUISERS WILL SAIL TOMORROW

Tomorrow afternoon at 3 o'clock, Admiral Ijichi's ships, the Soya and Asa, will leave for Hakodate, Japan. They will remain there long enough to enable the Admiral to see the condition of affairs before returning to the Yokosuka Naval Station, near Yokohama.

Flag Lieutenant Shimomura stated this morning that the Admiral and the officers of the two ships are greatly pleased with Honolulu.

MRS. FRANK GOULD AND CHILDREN, WHO FIGURE ODDLY IN HER DIVORCE

Justice Gerard of New York City has signed an interlocutory decree of divorce in favor of Mrs. Helen Margaret Kelly Gould against Frank J. Gould. The custody of the two children, Helen Margaret and Dorothy, is divided between the father and mother. Mrs. Gould is to have them from December to April, inclusive, each year; Mr. Gould is to have them from May to November, inclusive. During the time each has the custody there is a provision made for visits. The justice devised an ingenious division of the custody of the children. He even divided the Christmas holidays. Next Christmas Mrs. Gould may have the children from 4 p. m. Christmas eve until noon Christmas day; Mr. Gould may have them from noon Christmas day until 10 o'clock the following morning. Christmas, 1910, the order is to be reversed, and so on. This picture of Mrs. Gould and the children was taken at the Lenox (Mass.) garden fete on the day the divorce was granted.

A Special Commission

appointed by the English Government to inquire into the merits or demerits of beer as a beverage has reported that the idea that beer is primarily an alcoholic drink is erroneous, and that beer, when well and properly made, is a beverage containing a very small amount of alcohol and a relatively large amount of nutritive material.

Says The Hospital [London], in part, in an editorial about the report: "It is time the erroneous view that beer has no nutritive value in itself, and merely consists of a beverage upon which a certain portion of the community intoxicates itself, should be exposed and discredited. The results of our Commission show that beer is par excellence the nutritive alcoholic beverage. All beverages because they contain alcohol should not be regarded in the same light. The spirit-nipper is committing quite a different act from the beer drinker. . . . When a man drinks good beer he drinks and eats at the same time, just as when he eats a bowl of soup. . . . Our Commissioners point out that a man might more properly be said to eat beer than to eat certain kinds of soup, or indeed watermelon."

The whole story is told in "The Literary Digest" of May 29th, and its chief importance lies in the fact that the conclusions arrived at by the Government Commission are becoming recognized by scientific people all over the world today.

Good beer is the ideal beverage for Honolulu. It will give you new strength and vigor; but, to get good beer you should order

AND BE IT FURTHER RESOLVED, that the Auditor of the City and County of Honolulu, is hereby authorized and directed to draw warrants on the City and County Treasurer for any of the sums named herein, or parts thereof, upon having filed with him schedules of salaries fixed by law and other salaries, of donations named herein, of payrolls and of accounts for material and supplies, accompanied by original vouchers and certified by the Clerk as having been duly passed, and allowed by the Board of Supervisors at any regular meeting, or any special meeting called for the purpose of considering expenditures.

AND BE IT FURTHER RESOLVED, that to make expenditures under this Resolution, it shall be necessary that all salary lists, items of donations, pay-rolls, items of material and supplies and accounts of general expenses shall before being presented to the Board of Supervisors be passed upon by a Committee or Committee and by such be reported to the Board of Supervisors with the recommendation of such Committee or Committees, and sums found to be lawfully due and payable may then be voted upon singly or collectively as convenient on a call of the ayes and noes. In the event of any such Committee failing or neglecting to so pass upon any such matters, or to make any recommendation in regard thereto, the Board may thereupon act.

AND BE IT FURTHER RESOLVED, that no payments under this Resolution shall be made, nor indebtedness of the City and County of Honolulu incurred, in any month in excess of the monthly pro rata sums herein authorized.

Introduced by Supervisor DANIEL LOGAN.
Dated June 28th, 1909.

The foregoing Resolution, making appropriations for the various services of the City and County of Honolulu, was, at a regular meeting of the Board of Supervisors of the City and County of Honolulu, held on Monday, June 28th A. D. 1909, passed to print on the following Aye and No vote of the said Board of Supervisors:

Ayes: Ahia, Aylett, Kane, Logan, McClellan, Quinn, Total: 6.
Noes: None.
Absent and not voting: Cox, Total: 1.
Board of Supervisors of the City and County of Honolulu,
D. KALAUOKALANI, JR.,
City and County Clerk.

WEST POINT CADETS DRILLING HARD IN PREPARATION FOR GRADUATION WEEK

West Point, June.—Relatives of the members of the graduating class at the Military Academy in large numbers attended the commencement exercises held on June 11. Secretary of War Dickinson was there and presented the diplomas to the graduates. While the cadets were working like beavers to be spick and span and ready for the event a few hundred young women in various parts of the United States, and particularly in Washington were spending the hours until the West Point graduation ball, which was grander than ever this year. Many of the girls who attended the Annapolis ball and danced with the midshipmen this year also honored the army cadets with their presence at the West Point ball. The drilling was largely an equestrian, and some of the riding stunts of the class were little short of phenomenal.

CHRONIC CATARRH RELIEVED BY PE-RU-NA.

MRS. F. CARR, Vineland, Ont., Can., writes:
"For several years I was afflicted with catarrh, which made life a burden. The coughing and hacking which accompanied the disease was terrible. The complaint finally extended to the stomach and I was in a wretched condition. I tried different remedies and the best professional treatment all in vain. Finally, as a last resort, I tried Peruna upon the recommendation of my sister in Hamilton. I could see steady improvement and after using four bottles of that precious medicine I was feeling well again, my old trouble being completely a thing of the past. To-day I would not take one thousand dollars for what this grand medicine has done for me." Peruna is a universally recognized catarrh remedy. It will relieve catarrh in its most obstinate form. The following wholesale druggist will supply the retail trade: Benson, Smith & Co., Honolulu, Hawaii. A Thought For You

No two men are just alike — no two suits should be just alike. You want perfect-fitting clothing, don't you? Only way is to have them made for you. Get us to make them for you, because we guarantee satisfaction. We find it easy to do this. Expensive? No, not when you get satisfaction. Our business suits made to your measure for Twenty-five Dollars are incomparable. Our evening clothes excel.

SCENES IN PHILADELPHIA CAR STRIKE; DRAYS USED AS PASSENGER VEHICLES

Nearly every dray and express wagon in Philadelphia was pressed into use as passenger vehicles when 4000 street car men went on strike in that city. All the street railways in the city except the Willow Grove line were closed up, and draymen reaped a harvest by bringing people to and from their homes and places of business. The strikers sold papers on the streets and in one instance pressed a hand organ into service and paraded near the company's headquarters, playing "Wait For the Wagon." Many of the trades unions passed resolutions advising a line of from \$1 to \$5 against any of their members caught riding in street cars. Riots marked the second day of the strike when the company made a serious effort to move cars. These photographs were taken near the American league ball grounds just after a game, when expressmen were soliciting passengers for a downtown trip.

FELL OFF CAR GOT HIS BUMPS

Verily one should carefully read the "Wait till the car stops before getting off," if the sign is there, or something to that effect, for the physical effect will be rather painful if the order is disregarded. So thinks Akatsuka, the Japanese leaseholder of Queen Liliuokalani's old place at Palama, for he is nursing a sore head and an otherwise bruised anatomy as the result of the bumps he received last night when alighting from a car on North King street.

As to whether Akatsuka failed to wait until the car came to a full stop, or got impatient and attempted a dismount before the juice was put and the brakes set, there is a dispute between the conductor and the plaintiff of the aforesaid bumps. At any rate, the Japanese got the all worth of his money. He went out of business immediately, fainted dead away. An ambulance was summoned and the injured man taken to Queen's Hospital. He was bandaged up and sent home this morning. He is said to have an antipathy for moving trains.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of my said (SEAL) District Court this 12th day of April, A. D. 1909.

A. E. MURPHY, Clerk.

DOCTORS' PRESCRIPTIONS

It has been proved over and over again that the doctors of this country freely prescribe proprietary medicines in Latin for their patients until they are advertised to the public, after which time they consider it a duty to immediately condemn the very same medicine, not because the preparation is any less valuable, but because it is not "ethical" to prescribe an advertised medicine. There are, however, many physicians of recognized standing, broad-minded and successful enough to continue to prescribe such standard remedies as Lydia E. Pinkham's Vegetable Compound, which they know to be good.

A STRENUOUS HINT.

"You seem to be a busy man," remarked the chronic bore.

"Yes," replied the man behind the desk. "I'm so busy I can't find time to meddle with things that don't concern me."

ROBERT BACON WILL BE AMBASSADOR TO FRANCE.
Paris, June 29.—Private advices from Washington state that Robert Bacon, former assistant secretary of state, has accepted the ambassadorship to France and that he will succeed Henry White at the end of the year.

NATION'L BANKS MAY INSURE THEIR ASSETS

Attorney General Wickersham Can See no Legal Reason Why They Should Not.
WASHINGTON.—Attorney General Wickersham today decided that a national bank has a legal right to insure its assets against loss. The opinion was rendered in response to a request from the Secretary of the Treasury, who sent to the Attorney General a form of policy to be issued "by an insurance company proposed to be organized." The Attorney General approved the plan of insurance, but suggested some changes in the form of policy.

The Democratic platform a year ago recommended a tax on national banks, and on such State banks as wished to come in, to raise a guaranty fund to insure the depositors of the banks. Mr. Taft opposed this plan in his campaign speeches, and when Oklahoma as a State put the plan into operation the then Attorney-General decided that it could not be applied to national banks.

Mr. Taft opposed it as a proposition "to tax the honest and prudent banker to make up for the dishonesty and imprudence of others," that "the chief, and in the end, probably the only benefit would accrue to the speculator, who would be delighted to enter the banking business when it was certain that he could enjoy any profit that would accrue, while the risk would have to be assumed by his honest and hard-working fellow."

The form of insurance proposed now is voluntary, but it is remarked that insurance by one bank will force all others in its territory to insure, making it in the end practically compulsory.

"I beg to say that as a general principle," says the Attorney-General, "I have no doubt that it is entirely within the powers of a national bank to contract for the insurance of its assets against loss."

He says, however, that the form of the proposed policy submitted is somewhat peculiar, the contract thereunder being in effect an agreement to pay to the banks any deficiency in its assets upon ultimate realization necessary to enable it to pay all of its liabilities of every kind; that one paragraph seems to be objectionable as committing the bank to a profit-sharing feature, which might be contended to entail a corresponding liability for losses. Mr. Wickersham advises that this paragraph be eliminated.

He says that he very much questions the legality of another provision in the policy which subjects the bank to a practical examination by the examiners of the insurance company, without notice and at such times as the company may elect, one of such examinations to be within each period of six months covered by the policy and all renewals thereof. He quotes a statute which, while not prohibiting the bank from permitting an examination of its books, does operate to prohibit it from obligating itself to permit such examination. He advised that the clause be re-framed so as to make it clear that the agreement to insure is not dependent upon the failure to permit the examination, although it might be stipulated that in case at any time the examiner of the company should not be allowed access to the books of the bank for making an examination the company should have the option, upon reasonable notice, to terminate the contract.

The opinion concludes: "In my opinion, therefore, it is a matter for the discretion of the directors and officers of a bank to determine whether or not they will enter into any such contract in any given instance, this discretion to be exercised in view of the solvency and general financial condition of the company making the insurance and the reasonableness of the rate of premium; and the form of the policy being modified to conform to the foregoing suggestions, I see no legal reason why a bank may not enter into it."

MEDICAL EXAMINATION IF YOU WISH TO WED.
Tacoma, June 8.—The new marriage law, providing that applicants must undergo medical examination, becomes effective tomorrow. Many couples are taking out licenses now, expecting to hold them for several weeks.
Today, however, the prosecuting attorney ruled that, if used at all, the licenses must be used at once.
The law provides that persons suffering from certain diseases shall not marry, and this, he says, must be observed by ministers and other officials. It is expected that a number of weddings will be hastened by his ruling.

University Club
Enter Polo
Ranks

There is a boom in polo for sure, and the latest development is that a team from the University Club will have a go at the Fifth Cavalry on the Moanalua field in the near future.

The match last Saturday was the cause of a lot of interest being excited in the great game, and steps were at once taken to have a team of players who did not take part in Saturday's struggle organized and ready to have a tussle with the Cavalry.

The team the University Club could turn out, although not being as strong as the one which played last week, would put up a remarkably fine game and could be relied upon to give the Fifth a hard go over the four periods.

There were several men standing down last Saturday who would give a good exhibition of the king of games, and at the same time provide a most interesting afternoon's sport. The Cavalry team are not dismayed over the result of their initial game, and are practicing hard every afternoon, and gradually are working up a combination team play that will make a great difference in their form the next time they meet a bunch of Oahu players.

Several new players are looking around for ponies, and as a likely one can now and again be picked up cheap, there is no doubt that quite a number of young fellows of average position in life will have a try at the game before long.

And there is nothing much to bother a man once he can ride a nag decently, for a man with a quick eye and strong wrist can easily pick up the game. Why, Krumbhaar, one of the best players who used to play for Maui, never rode a horse till he came to these islands, and yet to watch him at work one would think he had been raised on a Queensland cattle station where they never allude to acres—always hundreds of square miles.

C. C. Krumbhaar was a dandy all-round sport, and was just as much at home on a tennis court as on a polo pony. His departure from these islands is much regretted, and all who knew him wish him good luck back in his old stamping grounds around Louisiana.

No word has been received from Maui lately with reference to polo, but it is hoped that the usual inter-island match will come off later in the year.

Even without the services of Krumbhaar, the Maui team would be strong and should give the Oahu bunch a hard go before the match was pau. Frank Baldwin and his brother are dandy players, and are as keen about a good bit of horse flesh as anyone; their mounts are always the best that can be obtained, and without doubt they play the game for all it is worth.

Haleiwa Cruise
To Start on
Saturday

The yacht cruise to Haleiwa, which starts on Saturday evening at 6:30 o'clock, promises to be one of the most pleasant features of the season so far. Commodore Wilder has sent out the following notice with reference to the outing:

"The yacht Hawaii II will take part in the scheduled cruise to Haleiwa, starting at 6 o'clock next Saturday evening, July 3. All members of the Yacht Club who wish to take part in the cruise are welcome to go and to take their friends. If they will make known their wish in good time.

"All those going on the cruise will be expected to pay their pro rata share of the expenses for food, etc. It is expressly asked that those who intend to take part in this cruise will notify the commodore at their very earliest possible convenience.

"The yacht Hawaii II will be alongside the wharf at the foot of Fort street on Saturday afternoon and all those who are going on her are requested to be there with their baggage as soon after 5 o'clock as possible, so that there may be no delay with the start and the yachts can leave the harbor during day."

"The yachts will sail leisurely for Haleiwa so as to arrive off the Hale-

wa creek soon after daylight. They will then enter the bay and drop anchor off the hotel. There is deep water and a good anchorage well up to the shore.

"Immediately on dropping anchor all yachts will dress ship and wait to send boats ashore until after the flagship, Hawaii II, has sent a boat ashore.

"Sunday will be spent at Haleiwa and the return will be started early Monday morning."

All the yachts will take part in the cruise, and a most enjoyable time should be had by everyone. A large crowd of people will make the trip down by water and it is expected that quite a number will take the train to the Haleiwa Hotel on Sunday morning.

Athletic Park
Will Boom
Sport

The new Athletic Park is being got ready and will be formally opened on July 18, when the Oahu Baseball League will begin its series of games. Great preparations have been made for the opening day, and it is expected that the grandstand will be completed and the bleachers ready by that date.

The Park should fill a long-felt want, as, besides a baseball diamond, there will be a half-mile track for running foot and bicycle races. There is also talk of establishing a chute, and that in itself should be a thing of joy forever. More fun can be got out of a bunch of girls and fellows during a dive down a chute than anything else in the world of amusement.

The people behind the new park have formed a company known as the Hawaiian Athletic Association, and the following officers of the company have been elected: President, W. H. Harris; vice president, E. A. Douthitt; treasurer, C. Bartlett; secretary, A. V. Gear; auditor, Fred Harrison. Will Douthitt will be general manager of the company, and as he has had a lot of experience in that line of work should just about fill the bill to a T.

Douthitt is no stranger in Honolulu, having been here for half a dozen visits before; in fact he has almost earned the title of kamaaina now. He has managed for some big people in his time, and has covered a large amount of territory in his travels.

The amusement park idea is a good one, and one that should boom from the start. The grounds have been leased for a long time, and a lot of work has already been done to fit the park up in proper style. A nine-foot fence will surround the grounds, and the management intend leaving no steps untaken to make the resort the most popular in Honolulu.

There will be baseball games on Saturdays and Sundays, and other sports meetings will be brought off at intervals. Later on the grounds will be lit with electric lights and carnivals will be held there. Night bicycle races would draw well, and the motor cycle men would probably be glad to race for decent trophies.

PRINCIPALS IN BIG
FIGHT IN GOOD FORM.

Jack Cordell ran up a big colored policeman yesterday in the roped arena. Jack was not asked to "come quietly" to the police station, as this was another kind of meeting, in which the cop had to take all the stoush that was coming, without without drawing his club.

Cordell is in fine condition, and as the policeman was in excellent form, a real willing go was seen by the fans. Jack blocked in great style and used his right more than he has done for a long time. Now and again he would rip in a left that made the big man grunt and the spectators yell their approval.

Sullivan is just topping off his condition and yesterday took on a new man named Fulton, who certainly put in some fine work on the genial Richard. Although they only went two rounds, they were very willing ones, and the spar was watched with great interest by a big crowd of fans, who, as usual, had journeyed out to see the champion at work.

Joe Cohen has as good as arranged a scrap between Franklin and a sailor named Lachance, from the St. Louis. The meeting of the two men depends on whether Lachance can get shore liberty on Saturday night or not.

The sailor is said to be the real thing at the mitt game, and is reckoned to have a good chance against the Australian. However, Franklin is no mutt at the game, and can be relied upon to put up a great go if he steps into the ring with the

Rowing Races
Are to Be
Revived

The scheme mooted by Charlie Hartwell to boost rowing in this city deserves the support of all the athletes who have a drop of red blood in their veins. For rowing, which at one time was the premier sport in these islands has slowly but surely died out and now-a-days there is nothing doing in one of the cleanest and healthiest sports of modern times.

We have an ideal sheet of water at Pearl Harbor for rowing races and a good program of races should draw a big crowd to the peninsula. In 1906 the University Club and the Elks held a regatta at Pearl Harbor and the day was a great success. Since then there has been nothing doing in the shell game and the more is the pity for rowing should be indulged in all the year round here.

There is an abundance of good rowing material among our younger men and there are enough shells to make a start with any old time. The University Club can easily get a good crew together, and then it would be up to the Healanis and Myrtle clubs to put crews into boats and have a go at the "Varsity men."

Hartwell, Harold Dillingham and Tom King are very keen about the idea of a revival in rowing, and it behooves all who are interested in the fine old sport to get in touch with any of the above-named gentlemen, who will only be too glad to do all in their power to give the sport a boost.

Why every little town of a couple of thousand inhabitants in Australia has a boat club, and in some of the river towns the rowers have to fight against shortage of water in the streams and for months the outrigger remain idle, only to come out when the river rises sufficiently to float them. And some real good oarsmen those little villages have turned out. Read this list of rowers who got their first practice on inland streams in the back blocks of Australia: Bill Beach, Lycock, Searle, Stanbury, Kemp, Towns and Arnot, who at one time or another have been champions of the world—the last named is the present champion.

Who knows what we might turn out in the way of champions in Hawaii, where we labor under no disadvantages, and where the climate is simply ideal for training; and what sort of a boost would it be for our dear little group if one of our men turned out to be a world-beater. Now then you rowers and would-be oarsmen, get together and hold a meeting at which the whole question could be threshed out and an effort made to put rowing where it belongs.
