The prevention of "dull days" at the store is quite within the power of the merchant—but to recover from their effects is not so simple. You would have a dull day in your kitchen at home if there were not enough fuel to cook a meal with. PUBLICITY IS THE MOTIVE POWER OF STORES.

## THINK COUNTERFEITERS HAVE BEEN UNEARTHED

### FRIENDS SATISFIED That CARTER WILL STAY

ACTING GOVERNOR HAS A HUNCH

"Are you today as firm as yesterday in your opinion that Carter will return to Hawaii to continue as Governor?" was asked of Acting Governor L. C. Atkinson this afternoon. "Firm!" cried Atkinson as he hastened lunchward.

Governor Carter departed on the Alameda en route to Washington this morning leaving his most intimate friends very well satisfied that he will not finally resign the office of Governor. The impression is strong that the Governor will, by the time he reaches Washington, have made up his mind to withdraw his resignation. Those near to him believe that he is already reconsidering his hasty action and that he will return to Honolulu to resume the duties of the governorship.

This, of course, somewhat bubbles talk on the proposition of "the next governor," though, until the final word has been said, the movement toward the choice of a successor will not cease. The cause of the Governor's resignation is still the topic of speculative conversation. One ruminator this morning ventured the idea that Gen. R. Carter was a "disappointed" man; that his one ambition had been to be Hawaii's delegate to Congress; that the Secretaryship and Governorship were, in his eyes, merely stepping stones; that latterly he had discovered, through contact with members of the Legislature and other representatives of the people, that he would stand no show in a race for the Delegateship; that as a result of this realization seeing nothing beyond the governorship and caring little for that, he gave up in disgust.

Report had it yesterday afternoon that the Planters' Association would send a man to Washington to work for the President's refusal of the Governor's resignation should the latter refuse to reconsider, but E. D. Tenney stated, when asked, that no such proposition had been made.

August Dreier was giving a number of friends the benefit of some of his philosophy on the corner of the street the other day in connection with the Governorship. He was talking about the cablegrams that had been received by the Governor asking that he withdraw his resignation. Mr. Dreier noted in his own inimitable language that there was not an American citizen in the whole list of those making a specialty of sending in their regrets. It has also been a matter of general comment on the street that of the com-

mittee that called upon the Governor the other day three of the five were aliens.

W. R. Farrington is not now and never has been a candidate for the office of Secretary of the Territory.

### DISCRIMINATION AGAINST SHERIFF OF OAHU

County Attorney E. A. Douthitt stated this morning that he had looked into the question of the appointment of police officers and had come to the conclusion that under the law as it stands, the appointments of police officers of the County of Oahu must be approved by the Attorney General to be legal. Under the old law the appointments on Oahu were made by the High Sheriff subject to the approval of the Attorney General. The appointments on the other islands were made by the local Sheriffs and were subject to the approval of the High Sheriff. As the powers of the High Sheriff have now been vested in the County Sheriffs, those on the other islands have to seek the approval of no one. On the other hand, the Sheriff of Oahu has had to seek the approval of the Attorney General and that remains in force. The matter brings up an interesting question of discrimination between the Sheriff of Oahu and those of the other counties, which will undoubtedly some day have to be decided.

Attorney General Andrews said that he would undoubtedly have to approve of the officers appointed by the Sheriff of Oahu. He was, he said, not very anxious to exercise this power, but could not see how it could be otherwise.

### CONRADT RESIGNS

School Agent Christian Conradt has tendered his resignation to the Department of Public Instruction. He has taken this action on account of the small salary provided for the position by the last Legislature. It is reported that Mr. Cox, formerly a teacher at Kilauea, Kaula, will be appointed to the vacancy.

There will be initiation at the meeting of Honolulu Aerie 140, F. O. E., this evening.

### GOVERNOR ISSUES HIS PROCLAMATION

Molokai Lands Given To U. S. For Leprosy Station.

TERRITORY RESERVES ITS RIGHT OF WAY

FOUR DIFFERENT SITES SELECTED BY SURGEON GENERAL WYMAN ARE TURNED OVER.

One of the last official acts the Governor did this morning prior to his departure for the mainland was the signing of the proclamation by which the Territory cedes to the United States the lands selected by Surgeon General Wyman for a Federal leprosy station. The proclamation is as follows: "Reservation of land for the purpose of establishing and maintaining thereon a hospital station and laboratory of the Public Health and Marine Hospital Service of the United States for the study of the methods, cause and treatment of leprosy by the Governor of the Territory of Hawaii, a proclamation."

The proclamation opens by citing the Act of Congress whereby the station was established. If then goes on as follows: "Now, therefore, I, George R. Carter, Governor of the Territory of Hawaii, by virtue of the authority in me vested by law, do hereby declare and proclaim that the following described pieces of land (the Territory reserving the ownership of and right to remove such buildings as may be on the date hereof upon the granted premises), be and the same are hereby taken for the uses and purposes of the United States, saving and reserving therefrom a right-of-way forty feet in width along and over the line of the present road or trail over the granted premises, for the purposes of a road, for the exclusive and joint use of the Board of Health of the Territory of Hawaii, and its successors, and the United States authorities having the charge and control of said station and laboratory; and granting the United States a like exclusive right-of-way upon and over that part or portion of the public lands of the Territory of Hawaii lying between the parcels of land hereby separately granted, now used as a public road or trail, such rights of way as are hereby granted and reserved being indicated upon certain maps of the United States Leprosy Station sites, dated June, 1905."

This is followed by a technical description of the landing site at Waiolu, 18.9 acres in extent; the minka Waiolu site, 4.5 acres in extent; the Kalawao site, which is 114 acres in extent; and the Kalawao and Makana-lua site, which includes 502.6 acres. All these were selected by Surgeon General Wyman.

The proclamation was signed this morning by Governor Carter and Secretary Atkinson.

### Soldier Is Arrested By U. S. Marshal On Counterfeiting Charge

The United States Federal authorities are at present taking action in a counterfeiting case which they have been working on for some time. It has been found that counterfeiting has been going on in this city for some time. A soldier from Camp McKinley is suspected as being the guilty party. This afternoon he was arrested and brought to District Attorney Breckons' office by an armed guard. The case may be heard by Commissioner Maling this afternoon.

The Federal authorities are absolutely silent on the matter, refusing to give any information whatever. Not even the nature of the case of the charge to be preferred against the man. They would only say that the matter had been set for a preliminary hearing before the United States Commissioner at 3 o'clock this afternoon but might be continued.

A number of Camp McKinley soldiers arrived at the Judiciary Building this afternoon, attracted by the arrest of their comrade. They wanted to be present at the hearing. From them the meager information they possessed was gleaned, but the name of the man arrested they declined to divulge.

### WATERHOUSE SPEAKS OUT FOR COOPER

F. T. P. Waterhouse, who managed the Republican County campaign, stated this afternoon that, should Carter's resignation come to pass, H. E. Cooper would be the man for the governorship. "He would be favored by the people, find strong support and would be the man for the position," said Mr. Waterhouse.

Waterhouse stated today that he considered it likely that he would be able to reduce the police force and maintain a high standard of efficiency. He anticipates no trouble in the passing over of the department to the County. "It will be transferred without difficulty," he said.

### TO REDUCE POLICE

Waterhouse stated today that he considered it likely that he would be able to reduce the police force and maintain a high standard of efficiency. He anticipates no trouble in the passing over of the department to the County. "It will be transferred without difficulty," he said.

### Intends That County Should Be Properly Established

ATKINSON DECIDES ON HIS POLICY

"Well, I am here keeping the lid down," said Secretary Jack Atkinson this forenoon seated in the Governor's chair, which he will occupy as Acting Governor during Carter's absence. Governor Jack was asked what his policy would be in regard to the establishing of the County government.

"I have been thinking that matter over for some time," he answered, "and while I have decided on the general policy which I will pursue, I have not as yet worked out the details. I intend to confer with the various heads of departments about that."

"I am firmly decided to see that the Counties are properly launched," continued Atkinson. "I hope that the County officials will approach the matter in the same way as I do. A spirit of mutual willingness to give and take should prevail, and by that I do not mean that it should be all given on the part of one side and take on the part of the other. The situation is one which is without precedent in the history of the United States. In all other places where County government has been established it has been done practically de novo, from political virgin soil. One thing is sure, there will be no friction. It takes two to make a row."

"As a comparative side issue I might mention that the matter should be arranged with an eye to the future. I am certain that Honolulu is destined in the comparatively near future to become a municipality by itself. The present proposition should be so arranged that when this becomes a fact Counties should not clash with the municipality. It may seem foolish to say at this time that Honolulu will become a municipality, but I am sure that this will be its destiny. It is certainly the fairest thing both for Honolulu and the outside districts. Honolulu has half the votes of the islands and should properly be run by itself. This would also take a great burden from the hands of the Governor. Honolulu is well enough advanced and far enough developed to accept the burden of responsibility and govern itself."

One of the first callers to visit Atkinson and congratulate him on his new dignity as Acting Governor was Commissioner Sargent and his assistant, Mr. Lyon. The new Board of Immigration, of which Atkinson is the chairman, will meet this afternoon. Sargent will be present and will address the Board.

The Executive Committee of the Republican County Committee held a regular noon meeting today and considered applications for County positions. So far the following endorsements have been made:

S. L. Aylett, janitor for Emma Square.

Sol. Mahelona, Auditor's deputy.

A. H. Moors Auditor's deputy.

As thirty days have elapsed since the close of the sessions of the Legislature of 1905, may I have the privilege of receiving the necessary three copies of the journal of the House of Representatives, for transmission to Washington, in order that there be no infraction of Section 69 of the Organic Act?

Territorial Officers Suggest Technicalities To Bother Supervisors

The supervisors of Oahu County and the other officials met last night in the Capitol in order to get more information relating to the departments to be taken over by them.

The committee on buildings reported progress. Superintendent of Public Works C. S. Holloway stated that the disposition of certain territorial property, especially equipment belonging to the Road Department was an important question.

Lucas objected to taking over the poorer road animals. Holloway said the Counties did not have to take them over. Holloway said he had not made any plan of transfer.

that a man should be appointed in whom the Superintendent of Public Works had confidence, and who he would take proper care of the Territory's property which was turned over to the County.

The same facts applied, thought Holloway, to the electric light system. If this property was turned over to the County the same superintendent should be maintained.

Smith said that with regard to having the Road Supervisor of Honolulu act as road superintendent of the County of Oahu, it had been objected that no official could hold two Territorial offices at an aggregate salary of over \$100.

Holloway thought this did not matter as the county superintendent was not a Territorial employe. He thought Adams and Lucas advised caution about taking up the crematory. The County was getting too many dead horses. The garbage could be burned in the open and used for filling.

Holloway said the Territory kept the sewers and the water works. These were both revenue producing systems. The supervisors noted with some acerbity that the Territory kept the paying departments and gave the County those which entailed expense.

Archer wanted to know if the supervisors could get the bungalow for their quarters. Holloway said the bungalow was full of military supplies. Furthermore it was not in a suitable condition.

Treasurer Campbell was the next official to appear. The road board funds had been accumulating since May 26. He could not say if this money should be paid over in a sum or should be held as a special deposit payable on drafts by order of the supervisors on the Territorial Treasury.

The drawing of money from the treasury by the County was subject of some discussion. Campbell said the money should be paid from the estimated taxes. The taxes would have to be collected first before the treasury could pay it out as the amount collected might fall below the estimate.

Lucas wanted to know what the County should run on in the mean time—jawbone? Campbell said if the County spent no money it would not get into trouble. Lucas said a writ of mandamus could force the Treasurer to dig up. Campbell said that would be a good way. That would take the responsibility from him.

Holloway said he and Cleghorn had been appointed a committee of the Park Commission to meet the supervisors regarding what could be done for Kapiolani Park. The Territory had during the last year paid \$666 per month. He wanted to know if a meeting could be arranged during the week. This was arranged for Friday.

WEDNESDAY, JUNE 28, 1905.

Perhaps if the President will suggest as a successor someone the predecessor doesn't like, it will have the effect of assisting the Governor not to resign.

Panama Engineer Wallace said when he started in that the construction of the canal would be his life work. Now a \$60,000 position beckons and Wallace sees life differently.

One of the funniest things in life, public as well as private, is to see a poor, insignificant waif coming along after the work is all complete and trying to announce what it did.

Determination of France and Germany not to fight doesn't surprise any one. There is too much to lose in the Orient at the present time, through division of European forces.

If, as the Advertiser said during the Legislature, the Pacific Oil and Transportation Company was a Standard Oil combine, will it now explain why the Southern Pacific is now buying up the Matson properties?

Alexieff as Minister of Foreign Affairs ought to be able to finish Russia quicker than most anyone else. His record in the Orient makes him a capital candidate for the place, if it's a wreck that's needed.

Party traitors can't understand how party harmony is promoted by their forcible expulsion. Traitors can't be expected to understand. Honest men recognize that it is one thing to deal with a traitor and another to harmonize differences of opinion among men who have been loyal to principle.

It is a surprise that anyone should be surprised at the Territory holding all the revenue-producing departments. That was one of the concessions made in the County law to those who wanted a simple Act. The present law will work all right, however, provided there is an honest effort made to prevent unnecessary friction.

Cablegrams state that the anti-American sentiment in China is inspired by a desire for the coolies to be allowed entrance to the Philippines and Hawaii. It is hard to doubt the authenticity of the cable, but it is remarkable indeed for China to show such solicitude for her coolie population. It is so unusual as to increase the impression that the inspiration comes from mainland American centers.

One man said in his heart, "It doesn't do me any good to advertise."

That man was a wonder, to put it mildly.

The Irishman who sat on the limb he was sawing couldn't see that it hurt him any till he hit the toboggan side and bit the dust. The man who doesn't need to advertise has reached the point where he is standing stock still. He may keep comfortable for a while but it is a matter of a short time when a wide-awake, progressive competitor will get in, and, with the judicious and intelligent use of advertising, get the business.

TERRITORY AND COUNTY FRICTION

The predominance of sub-dub and fiddle faddle over common business sense in the discussions of the Territorial officers with the County Supervisors gives rise to the impression that perhaps the Territorial officers don't yet know that the people mean business in connection with the County law.

If it is fight the Territorial officers want, they can get it in large and liberal doses. The people of Hawaii have bowed over the senseless and un-American opposition to the County law once. They can do it again and repeat it just as often as the exponents of centralization want to poke up their heads to be hit.

The atmosphere of these preliminary meetings of the Supervisors with the Territorial officers is this: The Territorial representatives speak of their great readiness and deep interest in having the inauguration of the County system pass off with as little friction as possible and in the same breath they raise a long list of points for friction and claim that they cannot help it.

Superintendent Holloway's point that the Superintendent of Public Works should have the naming of the man in charge of the electric light station because the electric light station is still Territorial property, is the most preposterous proposition imaginable.

Another on the same order is that the County Supervisors shall keep an exact accounting of the mules and jackasses in the road department and return them or replace them. It suggests that the mules and jackasses are in great preponderance in the Territorial government if this is the spirit with which the Territorial officers intend to approach the County problem.

The Bulletin would suggest that the Supervisors propose to the Territorial officers that the Territory try to run these departments after the first of July—and see where they get off. What good is all this paraphernalia to do the Territorial officers when they have not the money to care for or operate it? And can't get it?

Let the Superintendent of Public Works name the electric light manager and also provide the funds to pay him. Let the Attorney General's department try to name the police officials and then let the Territorial department provide the funds for running this department. In other words, let the apparent policy of delay and friction be carried out to its natural result; and, as a consequence, the streets be without lights and unpoliced.

With all due respect to the gentlemen holding Territorial offices, the people, taxpayer and hol polio, have as much confidence in the Supervisors of the County of Oahu as they have in

the men appointed to Territorial offices. Certainly, any one of a majority of the Board of Supervisors is fully capable of administering the Territorial offices with which they are now brought in contact. It isn't personality, then, that figures in it. It is the old foolish opposition to letting loose of any little control or authority—the old issue of centralization against popular government.

What if the Secretary of the Interior should hold that, as the public lands of Hawaii are in fact Federal property and therefore held in trust by the Territory, he should have practically the appointment of the local officer in charge of the lands, the Territory merely to pay his salary? In the first place, the Secretary of the Interior would not think of such a thing, and, if he did, he would be bowled over so quickly that it would make his head swim. That is not the basis on which American government is conducted.

One of the best suggestions that has been made—best in theory though it may not be practical—is that the Counties deal direct with the Interior Department in the matter of taking control of property which is of course property of the United States, also property of the Territory of Hawaii, but primarily, first, last and always, the property of the people of these islands and theirs to do with as they please within the bounds of decency and common sense.

The United States government has never interfered with government by the people or with the people taking control of their own property when they have demonstrated their capacity for self-government. The officers of this Territory can take it for granted that they have not a leg to stand on either in the principles or practical operations of the American government or with the public sentiment in this Territory, they have not a single support for any policy which has for its object or ultimate end any hindrance of the free operation of local self-government.

The people of Hawaii have haggled and squabbled all they care to but they will jump into the contest again with their shirt sleeves rolled up to their elbows if it be found true that the votaries of centralized government have not yet learned their lesson and intend to play the treachery act when the community calls for fair dealing and liberal, common sense Americanism.

Imports and business men will be present and many of them will speak. Primarily the meeting is to be held to pass resolutions to support the fight of the merchants in the Flouery Kingdom are waging against American merchants. However, speeches and a general discussion, if nothing more strenuous, will be features. The Chinese Consul, Chang Tao Fan, will probably be present, but is not expected to take part in the discussion.

Flaming posters on the walls of Chinatown announce a meeting "to support the boycott of American goods." Local merchants are said to stand ready to contribute considerable money to carry on the fight. In fact, a sum may be raised by subscription tonight.

A Chinese gentleman prominent in business affairs here said today that the more intelligent of the Chinese here, especially those who were born or have lived a long time in Hawaii, are against the boycott, realizing that they will probably lose in the end and that the boycott is certainly going to hurt Chinese merchants in the Territory. One of the speakers billed for tonight is known to be ready to protest against the boycott, but it is doubtful if he will be allowed to proceed, as the meeting is designed in itself to feel against the American commercial invasion of the Orient.

PELVIC CATARRH CURED.

General Health Greatly Improved by Pe-ru-na.

Mrs. E. Von Stienau, 325 Fifth street, Milwaukee, Wis., writes: "I have been a sufferer for years with female trouble, causing backache and at times terrible headaches. I had also complications from indigestion and heart trouble, so that I often had to lie down. I took six bottles of Peruna. I was then in perfect health, was regular, had no more headaches, in fact, my health is now all that I could wish."—Mrs. E. Von Stienau.

Kidney Trouble Cured. Mrs. M. J. Danley, Treasurer of the Rebecca Lodge, I. O. O. F., writes from 221 First street, N., Minneapolis, Minn.: "I was afflicted for several years with kidney trouble which became quite serious and caused me considerable anxiety. I spent hundreds of dollars trying to be cured, but nothing gave me any permanent relief until I tried Peruna. It took less than three months and only ten bottles to effect a permanent cure."—Mrs. M. J. Danley.

EMIGRANT AGENTS

ARRESTED YESTERDAY

Charged with violating Act 59 of the 1905 Session Laws, prohibiting any person from inducing laborers to go beyond the seas by holding out to them promises of employment, three Japanese hotel keepers were arrested yesterday afternoon. The three men are Matsuda, Yamashiro and Komea, alias Komeya. They were released on \$1000 bail each, and appeared before Police Justice Whitney this morning. The case was remanded until July 5.

The trouble came to a head yesterday when the steamship Stanley Dollar arrived from Yokohama yesterday afternoon. The Dollar will carry probably 700 or 800 Japanese laborers to Victoria and Vancouver. For several weeks past, it is alleged these hotel keepers have been inducing laborers to go to the States. The hotel keepers did this without complying with section 1 of the law, which provides that the annual license fee for emigrant agents doing business shall be \$500, and another section defines an emigrant agent as one engaged in inducing laborers in the Territory to go beyond the limits of the Territory for the purposes of being employed.

There is said to be over a thousand laborers ready to go to the Coast. It is charged that the Honolulu hotel runners have been going out among the plantation laborers and assuring them of profitable employment on the Coast. J. W. Cathcart appeared for the defendants this morning, and Judge Whitney remanded the case until July 5.

A number of laborers who intended to leave on the Stanley Dollar tomorrow will be held here as witnesses. At present there is only one duly licensed emigrant agent in Honolulu. His name is Kikutake. It is said that Kikutake charges each emigrant \$12 for arranging for passports, and that the emigrant further signs a promissory note for \$20, a receipt being given him and this receipt turned over to another agent on the coast is good for transportation to the point where the emigrant will go to work. Kikutake is said to have grown wealthy in the business.

If it can be proved against the three hotel men arrested yesterday that they have been taking these promissory notes, etc., a good case will be made out against them.

The largest crowd that has seen the Alameda depart for months thronged the Oceanic wharf this morning. And the passengers that crowded the popular little vessel's decks bore almost without exception great masses of leis. Many prominent Honoluluans were among the departing passengers, and everybody else got away for a vacation or a business trip or merely a pleasure jaunt. This crowd today probably marks high tide in the outgoing passenger season. The Alameda carried 75 cabin passengers and 300 steerage, the majority of the latter, of course, being Orientals.

Today also is the last time the Alameda will be played off by the Territorial band. For years the little liner has swung out into the stream to the music of the band, and to departing kamaainas after this it will seem like a different boat, with no music, no Captain Berger, to bid them farewell at the Oceanic wharf.

Among the departing passengers is Governor Carter, accompanied by Mrs. Carter. The Governor is en route to Washington, D. C. H. Isenberg and Mrs. Isenberg left for the Coast.

L. B. Kerr, Mrs. Kerr, and two children, Mrs. O. P. Emerson, E. R. Gay, P. M. Hatch and D. J. Fleming were passengers for the Coast. A number of brothers from St. Louis College left on vacation trips. Among them were Brother Bertram, principal of the college; Brother Robert and Brother William.

William H. D. King also departed on a vacation trip. He will take in the exposition before returning.

Only seventeen local people were able to secure accommodations on the coast-bound Canadian-Australian liner Miewers, which arrived yesterday afternoon from the Colonies. Travel from colonial ports is very heavy this month, and the liner was crowded. Seven passengers on the Miewers were for this port. There was no cargo.

The Miewers had fine weather all the way from the Colonies. She was fifteen days from Sydney, and touched at the usual intermediate ports. The vessel sailed for Victoria and Vancouver at 12 o'clock today.

THE BORODINO'S FIGHT OFFICERS AND MEN MADE DESPERATE BATTLE TO DEATH

OFFICER ESCAPED TELLS OF EXPERIENCES ON BOARD ROJEST VENSKY'S FLAGSHIP. PICKED UP.

London, June 2.—The Tokio correspondent of the Daily Express sends a story of the battle told by an officer of the battleship Borodino, who is now at Sasebo. The officer says: "Admiral Rojevskensky came on board early in the battle and directed the fighting from the Borodino's flying bridge. At 3 o'clock the Japanese battleships Shikishima and Fujii opened every gun on us. A projectile struck the forward barrette, in which I had charge of a 12-inch gun, and this rendered us all insensible.

"I groped out of the smoke-filled barrette to the deck and found there a rain of projectiles. Dozens were lying dead or wounded at every turn. I returned to the barrette, but was only able to fire two rounds when two projectiles struck us simultaneously, wrecking the barrette, disabling both the 12-inch guns and killing eighteen officers and men."

The officer proceeds to describe how the Borodino, now became a veritable shambles, successive shells destroying the steering gear and ammunition hoists, so that shells had to be carried by hand. Admiral Rojevskensky was injured and transferred to a destroyer, and as the destroyer left she was assailed by a hail of small-arm ammunition.

"It was now 4 o'clock," the officer continued. "The Borodino had been repeatedly struck in the hull and was settling down with no hope of saving her. "The Japanese had broken our battle

**CHINESE IMMIGRATION IS VEXED PROBLEM**

Washington, May 26.—Negotiations between the United States and China for a treaty restricting the immigration of Chinese to this country practically have been abandoned. It has been found impossible by the representatives of the two governments to reach a common ground of agreement as to many of the terms of the proposed treaty. The whole subject, therefore, is being held in abeyance until W. W. Rockhill, the recently appointed Minister of the United States to China, shall be settled in Peking. It is expected that he will take up the matter directly.

When Wu Ting Fang was the Minister of China to this country he made an exhaustive study of the Chinese immigration question, ascertaining very precisely, among other things, the American point of view. He maintained consistently that unjust restrictions were thrown by this Government around the immigration of Chinese, but was unable to accomplish anything in the way of lowering the barriers during his sojourn here. In China he is now in a position to make it difficult, if not absolutely impossible, to negotiate a treaty unless the concessions shall have incorporated in it certain provisions for which the Chinese Government contends.

China is anxious to obtain in the proposed treaty liberal definitions of the terms "merchants," "travelers" and "students" in order to relieve such classes from embarrassment on their arrival in the United States. These classes now are admitted to the country, but the restrictions thrown around their entrance are severe. The immigration authorities urge the necessity for such restrictions because of the issuance by Chinese officials, in many instances, of fraudulent certificates indicating that coolies are "students" or "merchants," and, as such, entitled to admission. These certificates have to be passed upon by United States Consuls in China, but they necessarily have to take the word of the Chinese officials for the applicant's social standing, as they have neither the time nor the appropriation to make a personal investigation of each case. Sir Chen Tung Liang Cheng, the Chinese Minister at Washington, has been informed frankly that much of the trouble experienced by merchants and students arises from the action of the Chinese officials in issuing certificates that require investigation here.

When a tentative draft of the proposed treaty was prepared some time ago it was laid before the immigration officials of the Department of Commerce and Labor. Some parts of it did not meet with their approval. The suggestion they made did not suit Sir Chen Tung Liang Cheng, who declined to agree to some of the propositions made by them. That brought the negotiations practically to an end, and there probably they will remain until Minister Rockhill shall reopen them in China.

An intimation is given in official circles that the law, as it stands at present, may be open to attack. If the attack upon it should be made by some of the numerous organizations in this country interested in Chinese immigration and carried to the Su-

**Help for Mothers**  
Any woman who is suffering disordered menstruation, bearing down pains, nervousness, or whose life is made desolate by barrenness, can have the same relief Mrs. Vincent secured, by taking Wine of Cardui in the privacy of her home. No physician's treatment necessary. This pure Wine commends itself to every suffering woman.

Mrs. Vincent's Little child.

Will you go to your druggist today and secure the same relief Mrs. Vincent writes about? When the stomach, bowels or liver are affected, Thedford's Black-Draught should be used.

**WINE of CARDUI**  
No. 523 Mission St., SAN FRANCISCO, CAL., Dec. 9, 1903.  
I am happy and pleased to attest to the value of Wine of Cardui for prospective mothers. I took it for three months before my darling baby came and I suffered so little pain I felt I was an exception. The child is happy and healthy and the sunshine of my life. I had hardly any trouble after she was born, and after eleven days was up doing my entire housework and feeling better than I had felt for years. I am the envy of my neighbors because of the unusually healthy child I have and because I never had a sick day myself. I give the entire credit to Wine of Cardui, for I was sickly, pale and thin before I took it, but since I have used it I have been in perfect health, have gained fourteen pounds and enjoy life as never before.

# "SAVE-THE-HORSE"

It isn't words, it isn't type or page advertisements; it is the truths that ring out sound and clear and impressive—actual results like the following from business men whose standing and reliability can be readily ascertained, which have made "SAVE-THE-HORSE" such a success. Their cured horses are living advertisements, absolute certainties as to the desirability of the remedy for your own case, and with every bottle is a guarantee document as binding to protect you as the best legal talent can make it.

Charter Oak Park, Hartford, Conn., November 21, 1904.  
Troy Chemical Co., Binghamton, N. Y.  
Dear Sirs—I used "Save-the-Horse" on a very bad curb. It cured the lameness and removed a growth as large as a goose egg. The curb was sprung while training. I raced the horse all this fall, and it has never taken a lame step since I stopped the treatment with your remedy.  
J. C. MILLER, Babylon, Long Island, N. Y., November 25, 1904.

Marion, Ohio, November 23, 1904.  
Troy Chemical Co., Binghamton, N. Y.  
Dear Sirs—My horse was kicked on the spavin joint by a horse in next stall, which caused an enlargement of considerable size. I used one bottle of "Save-the-Horse" and the hock is cleaned up so perfectly that you could not tell it was ever injured.  
W. E. MOORE, Reading, Pa., November 29, 1904.

Haverstraw, N. Y., November 22, 1904.  
Troy Chemical Co., Binghamton, N. Y.  
Dear Sirs—My colt had two bone spavins. "Save-the-Horse" cured lameness and took off the buns. Used two bottles.  
DR. L. J. KIRKMAN, Secretary Haverstraw Driving Club, Tontine Stables, New York, November 1904.  
I had a nine-year-old stallion lame over a year. He was not worth \$10. I used your "Save-the-Horse" and he has gone sound ever since. I have driven him 25 miles in one day and would not now take \$250 for the animal.  
WILLIAM MILLER, \$5.00 per bottle. Written guarantee. Spavin, Ringbone (except low Ringbone), as the best legal talent could make it. # STANLEY DOLLAR TO TAKE EMIGRANTS

The steamship Stanley Dollar of the Dollar Steamship Company arrived in port yesterday from Yokohama, instead of from Seattle, as was erroneously stated. The vessel comes here, as stated yesterday, to carry Japanese laborers to the Coast. She has no freight for this port, her cargo being about 2000 tons of general merchandise, teas, and Chinese imports. She will sail at 3 o'clock tomorrow afternoon.

# NEW BILL TO-NIGHT DUE AT ORPHEUM

There will be a change of bill at the Orpheum tonight when many new features are promised. There will be new songs, new feats of juggling, new tricks and new pictures. The matinee next Saturday promises to be a record-breaker as those in attendance will have the opportunity of meeting a real live princess as Chingquilla will hold a reception on the stage immediately after the performance.
