NUMBER 2

Honolulu's Floral Parade

Programme was a Most Successful One.

The fourth annual floral parade in Honolulu was held on the anniversary of Washington's birthday.

Each parade in the past has eclipsed its predecessor and this one was not an exception but was by far the most beautiful parade that has ever been held in the Territory.

The judges who officiated were all strangers in the city except the judges of the Pa-u riders and were not swayed by prejudice or bias.

The prize winners were:

Automobiles: Best Auto Float—Mrs. Robert Lewers. Most Original and Beautiful Decorations—Miss Wilhelmina Tenney. Best Touring Car—Consul-General Uyeno. Best Runabout—Archie Young.

Carriages: First—Gus Schuman. Second—Misses Low and Magoon. Wagon Float: First—Kaai's Orchestra.

Pa-u Riders: Best Costume—Mrs. John Apio. Best Rider—Mrs. Herman Horn.

Bicycles: First—E. L. Hutchinson. Second—Ogata. Third—Yoshikawa.

The weather was perfect but for the momentary showers that drove across the reviewing grounds at Kapiolani park, and the discomfort from the few drops that fell was not at the actual rain but at the prospect that it might last. The arrangements at the Capitol were splendid, the parade being started without the slightest delay, but there was a wait at the reviewing end, consequent on the distance of this park from the center of the town. This delay was not sufficient to dampen the ardor of the immense crowd congregated at the park, however, and the slight patience necessary was fully paid for when the parade reunited at the park entrance and swept down the track to where the judges were waiting to award the well-earned prizes.

Last night the hard worked members of the 1909 Floral Parade committee slept peacefully, satisfied that their efforts had succeeded in upholding the reputation of the community.

The parade started on the minute and moved without a hitch along the appointed route, the presence of the boys of the Fifth Cavalry at the head of the parade adding greatly to the effect. Following them came the automobiles, not so many as had been hoped for but each one beautiful and the whole forming a magnificent showing. The carriages were splendid, the few there were of them, and the pa-u section of the parade was grand, this section of the parade was grand, this section impressing the hundreds of strangers who watched. The Island Princesses and their escorts brought forth round after round of applause as they rode through the streets, splendid riders all and mounted magnificently. The bicycles and other features of the parade were good.

The scene at Kapiolani was an inspiring one as automobiles to the number of over a hundred, carriages and hacks by the score and equestrians in large numbers grouped on the mauka side of the track, facing the crowd of several thousand, which stretched along the makai side the whole half mile length of the home stretch. The parade passed the judges stand between the

Celebration At Maunaolu

Fitting Exercises In Memory Of Washington.

On the afternoon of February 22nd, the faculty and pupils of Maunaolu Seminary held appropriate exercises in honor of Washington's birthday. All present wore badges of red, white and blue, and small paper natchets, on which a bunch of cherries was tastefully painted.

On the wall hung the pictures of Washington and Lincoln draped with the Stars and Stripes, while on the blackboards could be seen lines which portrayed the noble traits of character in each.

It was evident from the enthusiasm which was manifested through the exercises that Maunaolu Seminary was not lacking in the true spirit of patriotism.

Soon after the conclusion of the program a Tennis Tournament was in order. It was a contest between classes. The first set was between the fourth and sixth grades, the players being Charlotte Gibson and Young Kin Lam. Ho against Sarah Kalawala and Elsie Crowell, then played Mabel Naone and Rose Noah of the seventh grade, and were again the victorious ones.

The victors then played a set of singles, and after a hard fought battle the prize was awarded to Elsie Crowell, as the Champion of the school.

crowds, the cavalry forming behind the waiting vehicles and the decorated automobiles and carriages passing along the makai side, on each side of the stand.

There was much applause and cheers when the names of the various successful competitors for the trophy banners and prizes were announced.

Maui, represented by Miss Hannah Cummings, who wore a handsome red pa-u skirt with black cape and displayed bridal trimmings of red, was much in evidence. When the Maui Princess rode to her appointed place, she was greeted with three hearty cheers and a tiger from the Wailuku and Lahaina military companies. When the boys saw their Princess trotting up the walk, the first sergeant shouted to them to fall in. Miss Cummings was greatly pleased with this compliment. She rode "Kalakaua," Miss Madge McCandless fine black.

Mrs. Blackwell, who represented Molokai, riding Major Dunning's fine dapple gray, was the cynosure of all eyes. She wore a yellow skirt, and the Maui boys also saluted her, as Molokai is a part of Maui County. The tiny islets of Kahoolawe and Nihaue were represented by very youthful Princesses. Little Sister Holt upheld the reputation of Kahoolawe, wearing a pretty purple costume, and Nihaue was gracefully represented by little Inam Wodehouse. She wore a green pa-u, and about her head and neck were leis of the famous and delicately-tinted Nihaue shells.

When in line with their outriders, young boys and girls riding ponies and all dressed in white, the Island Princesses were at once picturesque and beautiful. Applause reached them from the balcony of the Capitol, on which were gathered a number of guests of the Governor, including Captain and Mrs. Rees of the Navy, Major and Mrs. Dunning of the Army, Mayor Fern, and many officials of the government.

Good Record For Militiamen

Maui Boys Rank High In Annual Encampment.

From the reports of those who have returned from the annual encampment of the National Guard of Hawaii it is evident that the encampment was most satisfactory.

In all of their work the boys from Maui ranked well, even to showing a bit of good sound sense and American spunk when ordered into the steerage quarters by a ships captain, an order which they refused to obey.

Company I is expected back today.

The following official communication and endorsements is self explanatory.

Camp S. M. Damon, H. I. February 22, 1909. (Through Military Channels)

R. H. Dinagar, Capt. Med. Corps, N. G. H.

Sir: I have the honor to express to you in this way my appreciation of your work during the encampment of the H. N. G. at Camp S. M. Damon. Your work and efforts have been characterized by enthusiasm and devotion to duty and have at all times been intelligently directed. The detachment of the H. C. which you command is well drilled, well disciplined, and well instructed and show the results of conscientious work. To your energy and constant attention to details is largely due the excellent sanitary condition which has prevailed during the encampment.

Very respectfully,

L. H. WADHAM, Major Medical Corps, Chief Sanitary Officer.

Endorsed by Captain Exton, U. S. A.; J. S. McLeod, 1st Lieutenant and Adjutant 20th Infantry; C. W. Ziegler, Colonel Commanding 1st Infantry N. G. H.; John W. Jones, Col. and Adj. General; Chas. B. Cooper, Surgeon General.

On Schools and School Age.

The proposition made by Senator W. O. Smith to set the age for beginning school attendance at eight years instead of six as at present sounds like a bid for more jail room and reformatory schools.

In this progressive age when the desirability of having kindergarten schools made a part of the public school system has been and is being discussed by world leaders in educational work, the proposition of Senator Smith sounds more like a suggestion to snuff the light in order to save the candle, and to try to read by firelight which is hard on the eyes, and is a losing and wearing proposition all around.

If the drain for school work is straining our slender financial resources near to the breaking point, why not relax the strict educational laws a little and permit Japanese and Chinese to send their children to private schools where Japanese and Chinese are taught, thereby relieve the public schools of some of its work? Why compel these aliens who prefer their own schools to send their children to the public schools? If they want to let them stay by their own language and customs, and why bar our children from public schools until eight years of age to make room for aliens who don't want to?

Around the Police Court

Matters of Interest Before the District Magistrate.

The charge of assault made by a Japanese woman against officer Kailani of Waikapu was dismissed by Judge McKay Wednesday morning. County Attorney Coke objected vigorously at the way the matter was being carried forward over his head through the employment of private counsel by complaining witness to prosecute defendant. Judge McKay stated he wanted to examine the evidence before granting the nolle prosequi asked by the County prosecutor and cut off further discussion by dismissing the charge. It is said the complaining witness intends to bring the matter before the grand jury next month.

Alfred Rodrigues of Waiehu is charged with larceny in the second degree. The complaint was made by the Wailuku Sugar Company. It is alleged the defendant had stolen various pieces of lumber belonging to the company, and the principal witness for the prosecution was the defendant's step-son, a boy about ten or more years of age. The defendant, Rodrigues, runs a small milk dairy business with his wife, formerly Mrs. Correa, and the stolen lumber formed part of a cow shed recently built by defendant near the beach at Waiehu. When brought before Judge McKay the defendant, represented by Correa and Vivas, Attorneys, asked for a trial by jury and was duly committed to the next grand jury term.

A hold up man, a Porto Rican named Salvador Lopez, was arrested on complaint of Owe, who accuses defendant of robbing him of \$31.50, at a place this side of Waihee where the cane flume crosses the public road. Lopez was accompanied by another Porto Rican who is willing to testify for the prosecution. The defendant indignantly declares he is no robber, and that he had merely touched the Japanese carpenter Owe for a loan as a friend. The case will be heard today.

Mr. Keawe of Kahakuloa complains that John Ereitas of Waihee had stolen his pig. The case will be tried Monday morning, the pig, a little scrawny thing of the razor back type, was found in possession of the defendant at Waihee, and is in the custody of the police to be presented as evidence in court, if not entirely eaten up by fleas before the hearing takes place.

Mr. A. Borja Jr. and Mr. Ferguson, care taker of Mr. Marshal's Makaliua homestead, are having some differences over boundary lines and fences. Recently Mr. Kanakani, the government surveyor, went over the ground and relocated the boundaries sustaining, so it is claimed, Mr. Borja's contention. It is said Mr. Ferguson has threatened to uphold his claim by force and keep Mr. Borja from removing the fencing objected to, and the latter has appealed to the County Sheriff to protect him in the exercise of what he claims to be his rights.

THE GEM THEATRE.

The program presented by this theatre during the past performances has been up to the high standard of excellence. Nothing out of the way is ever shown at the Gem and nothing that one need hesitate about taking his wife or daughter to see. There is always fun galore at the Gem and just enough of the sorrowful kind of pictures to act as a foil to the more hilarious subjects which are shown on the sheet.

Don't forget that the Gem is now located in the Aluli building, Market street, where they will perform every Saturday and Wednesday evenings. Tonight's program is well worthy of a visit. Admission: Adults, 25 cts; Children, 10 cts.

MAY RETIRE ALL SCHOOL INSPECTORS

Superintendent to be Required to do the Impossible—Atkinson Succeeds Breckons—Considers Three Desirable Measures.

(SPECIAL TO THE MAUI NEWS.)

Sugar 96 deg. test 3.7235 Beets 10s. 2 1/2d.

HONOLULU, February 26.—The Legislature may do away with school inspectors and put the work on to the Superintendent.

Jack Atkinson's appointment seems satisfactory to all people. Three important bills have been introduced in the Legislature. One for the amelioration of leprosy conditions, another for the redemption of foreclosed real estate and a third for the construction of public roads through public lands.

WASHINGTON, February 26.—During a debate Representative Hayes claimed the right of his state to exclude Asiatics. He said there were 22,000 whites out of employment while Japanese found employment. This was the cause for mob violence. He was supported by Representatives Clark and Harrison and opposed by Hepburn and Bayard.

FORTRESS MONROE, February 26.—Admiral Sperry has gone to Washington. It is believed Roosevelt will name his successor to command the Asiatic fleet.

WASHINGTON, February 26.—The House overwarmingly passed a bill limiting the work of the secret service to the Treasury Department.

NEW YORK, February 26.—Franklin McVeigh of Chicago has accepted the Treasury portfolio in the Taft cabinet.

HONOLULU, February 25, 11 a. m.—Jack Atkinson has been appointed United States District Attorney to succeed R. W. Breckons.

HONOLULU, February 25.—The steamer Alameda has been equipped with wireless service for this trip. She reports that she will arrive on time tomorrow.

The Atcherley case has begun. Dr. Holman has resigned as Government Physician.

WASHINGTON, February 25.—Liliuokalani has been sued by Doctor English for a fee of \$15,000.

ST. PETERSBURG, February 25.—It is believed that hostilities will break out between Austria and Serbia within a fortnight.

VIENNA, February 25.—It is reported that two Austrians, believed to be spies have been lynched in Cetinje.

SAN FRANCISCO, February 25.—Miss Crocker has been robbed of a \$50,000 pearl necklace at the St. Francis ball last night.

LONDON, February 25.—The lady suffragists again stormed parliament yesterday. Among those arrested were Lady Lytton, a daughter of a former viceroy of India.

SACRAMENTO, February 25.—The Japanese census bill has passed.

WASHINGTON, February 25.—Wayne McVeigh may be treasurer in Taft's cabinet.

The Government rested its case against the American Sugar Company.

CARSON, February 25.—The anti-gambling bill has passed both houses.

HONOLULU, February 24.—Brown introduced a resolution appropriating \$91,345 for schools and furniture for Hawaii County.

Frear sends a special message asking for a special appropriation for treating leprosy in Honolulu.

C. M. Cooke is improving.

The House may appropriate for a second Congressional party.

NEW YORK, February 24.—Roosevelt has approved the draft of Taft's inaugural speech.

Refined sugar has advanced ten cents per hundred.

WASHINGTON, February 24.—The House has rejected the bill to increase the President's salary. McLaghlin introduced a bill to provide a government line of steamers between Panama and California ports.

SACRAMENTO, February 24.—A joint resolution has been introduced in the legislature which provides for a petition to Congress for a revision of the constitution by prohibiting polygamy.

MEMPHIS, February 24.—A severe storm is raging from the South West. Many lives were lost in wrecked buildings.

WASHINGTON, February 24.—Hetch Hetchy bill has been postponed until next session.

HONOLULU, February 24.—Isoi pleads guilty to a charge of bringing women to America for immoral purposes. Rosenberg was acquitted.

Coelho calls for the resignation of Hemenway. He claims he is being persecuted by assassins and the Advertiser suggests that the fool killer may be on his track.

BELGRADE, February 24.—The Premier will not issue passports to persons of military age who desire to leave the county on account of acute situation with Austria.

WASHINGTON, February 24.—The appropriation bill carries an item of \$400,000 to purchase a site for a fort at San Pedro.

The Federal Supreme Court confirms the decision which fines the New York Central Railroad \$108,000 for rebating to American Sugar Refining Company.

SATURDAY, FEBRUARY 27, 1909

California General prosperity all over California is noted by Prosperity. the reports received from every section. The heavy rains of January, while doing some damage along the immediate vicinity of the Sacramento and San Joaquin rivers, have brought incalculable benefit to the agricultural interests of the State, and presage heavy crops of all kinds.

Reports from Eastern financial centers show increased interest in all California industrial and municipal securities, special interest being shown in the forthcoming sale of San Francisco bonds. A much better sentiment prevails regarding such securities than has been previously noted for many years.

Estimates on population throughout the State indicate a steady and healthy growth, especially in the agricultural districts, and reports from all centers whence immigration may be expected are to the effect that the coming summer will be noted for a steady stream of settlers into California. Increased inquiry for information regarding the State is noted, and there is an exceptionally strong demand for literature showing the advantages of different localities.

Special interest is now being taken in California by travelers for pleasure, who have come to know of the climatic advantages, and a large number of the inquiries received by The Committee is from people who desire to include the State in their tourist itinerary.

The following summary gives California conditions from December 29 to January 28, inclusive:

Table with 3 columns: City, Bank Clearings, Building Permits. Rows include San Francisco, Los Angeles, Oakland, Sacramento, Fresno, Stockton, San Jose, San Francisco Customs Receipts, San Francisco Real Estate Sales, San Francisco Building Permits Since the Fire.

The District The appointment of A. L. C. Atkinson as U. S. Attorney. District Attorney to succeed K. W. Breckons who recently resigned will doubtless meet with general satisfaction throughout the territory.

Mr. Atkinson is a native son of Hawaii and is thoroughly conversant with local conditions and is one of the most popular young men of the group. He has successfully performed the duties of secretary of the territory and is an able attorney.

Whether Mr. Atkinson's work as District Attorney is a success or otherwise will depend largely on whether he engages in private practice.

We are convinced that the salary paid is wholly inadequate for the duties that are expected to be performed by the District Attorney.

An able attorney can easily make more than three thousand dollars per annum, the amount of the salary now paid by the Federal government the District Attorney for this district.

It is a well known fact that there is a large number of persons in this territory who are violating federal laws and in order to gain favor with the prosecuting officer they seek to secure the services of the U. S. District Attorney. The services for which he renders may seem perfectly innocent, in some instances they are doubtless so, but when the ulterior motive is to gain personal favor and freedom from criminal prosecution the matter is then a very different one. Nor is it entirely individuals who seek favor with the District Attorney.

It is imperative that the District Attorney be paid a better salary in order to keep a competent officer and then he should be forbidden by law from accepting any private practice.

Sugar In Formosa From American Mill.

F. A. Richards, who was working at Olaa at the time of the construction of the big sugar mill there, has just returned from Formosa where he was engaged, for the Honolulu Iron Works, in assisting in the construction of a big sugar mill at Ako. Other mills being built there by English, Scotch and German firms. Mr. Richards has been a sufferer from malaria, brought on by the climate in Formosa, as also was Mr. James Scott whose wife and two children live in Shanghai. Speaking of affairs in Formosa, Mr. Richards said: "The cane there is grown mostly on what was formerly rice land, the soil is poor and the cane small, but 95 per cent of juice is extracted. There are over 5,000 acres of land available and 22,000 tons in sight for the mill at Ako. The island is capable of producing half a million tons of sugar, or as much as all these islands produced last year, if the land be fertilized. This has been tried to a small extent, but not scientifically as is done here. The mill on which I was working

was built for the Taiwan Seitō Kata company, and the Honolulu Iron Works is figuring on building two more mills for another company. The first mill was started before I left, then stopped to repair a few leaks and had been grinding cane for a few days. "The land on Formosa is divided into three agricultural sections. The northern part produces camphor which sells for a good price, in the center of the island is grown the tea crop of an excellent quality, and in the south are the rice and sugar lands. In the newly constructed American mill the Japanese are making an interesting experiment with one of their own evaporators, made in Tokio, side by side with a Lillie evaporator. The capital of Formosa is Taipei and it has one European hotel. The railroads are owned by the government, and on the island are 60,000 aboriginals, head hunters they are called, who are all armed. The climate is not quite so cool as that of Hilo in the winter time, but hotter than it is here in the summer. "Mr. Paul Bell, who was formerly at Olaa and at Kihai, is now working in the mill at Ako and the Japanese want him to remain there."

Engineer Reports

Work Done During The Biennial Period.

Report of the County Engineer concerning the survey, construction, improvement and maintenance of the public highways, bridges and other public improvements of the County of Maui for the two years ending December 31, 1908. To The Honorable,

The Board of Supervisors, of the County of Maui, Territory of Hawaii.

Gentlemen: Pursuant to your request, I take pleasure in submitting herewith a report for the biennial period just closed, on the various matters of road and bridge work and other improvements undertaken by the County of Maui.

Owing to the fact that the system of management of roads and bridges has been twice changed during the period. I am indebted to the Road Overseers of the various districts of the County for most of the information concerning the item of maintenance, up-keep of roads and bridges, and to some extent, especially in the outlying districts, for details of what can be classed as permanent improvements.

As each Supervisor has already been supplied with reports covering all details, it is considered best to confine this report to a summary, as concise as possible, of the various classes of work in each district.

MAKAWAO DISTRICT. Permanent Improvements.

- 1. Relocation and Reconstruction of 7 different sections of road to reduce steep grades to 5% and 6% (mostly 5%); total length regraded, 6 1/4 miles. 2. Reinforced Concrete Bridge at Waikua, 20 ft. span. 3. 5 ft. wooden truss bridge at Kakihi. 4. 300 lineal feet concrete pipe drains, 18 in. to 24 in. dia. 5. Wooden Trestle Bridge, Holawa, 3 20-ft. spans. 6. Improving "clay" roads with sand or gravel, 1 1/2 miles. 7. Fencing newly regraded roads, total length, 5 miles.

Total expenditure for Permanent Improvements, including prorata cost of animals (care and feed), superintendence, wear and tear of tools, implements, etc. \$27,705.00

Total cost of maintenance of approximately 200 miles of road 33,898.79

Total expenditure, roads, 2 years \$61,601.79 Maintenance cost per mile per year, approx. \$84.00.

HANA DISTRICT. Permanent Improvements.

- 1. Regrading from Kaeleku to Hana. 2. Regrading and building bridge at Waianu. 3. Cutting down various small, but steep hills in the district. Total length of grading, approx. 2 1/2 miles. 4. Replacing 16 old and rotten wooden bridges with new ones, length of bridges from 16 to 100 feet, in many cases erecting concrete piers in the middle to replace trusses. These can all be classed in whole or in part as permanent improvements.

Total cost of Permanent Improvements \$14,344.55

Total cost of maintenance, 2 years 14,844.94

Total expenditure, Roads and Bridges \$29,189.49

MOLOKAI DISTRICT. Permanent Improvements.

- 1. Regrading Kalae Section, Kawela Section, Honoulimaloo and at Kamalo, total length, approx. 5700 feet. 2. Building 3 new bridges.

Total cost of Permanent Improvements \$ 3,542.20

Total cost of maintenance, 2 years 8,088.80

Total expenditure for roads and bridges \$11,631.00 Approx. total mileage of roads, 52. Approx. cost of maintenance per mile per year \$77.77.

LAHAINA DISTRICT. Permanent Improvements.

- 1. Relocation and regrading, three sections of road, one to reduce steep grades to 5%, and two to get on higher ground to avoid damage from water, total length, 16,000 ft. 2. Macadamizing, 5000 feet. 3. Dressing with gravel, 27,920 feet. 4. Treating graveled road with crude oil, 1800 feet. 5. Making and laying concrete drain pipes, 18 in. to 24 in. in diameter, total length, 150 feet. 6. Five new bridges, 20 to 30 feet span. 7. One concrete culvert, (reinforced), and several small wooden ones.

Total cost of new work \$30,247.25 (Permanent Improvements)

Total cost of maintenance, 2 years 20,006.43

Total expenditure for roads and bridges \$50,253.68 No. of miles of road to maintain, approx. 60. Cost per mile per year to maintain them \$166.76.

WAILUKU DISTRICT. Permanent Improvements.

- 1. Macadamizing streets of Kahului and Wailuku, total length completed, average 20 feet wide, 13,010 feet. 2. Graveling Waikapu-Maalea road, length completed, 16,000 feet. 3. Two Concrete Bridges (Reinforced), Kahului. 4. Six Concrete Culverts. 5. Four new wooden bridges. 6. 300 running feet concrete pipe culvert. 7. New Iao road and survey Extension. 8. Purchase of Rock Crusher, Gas Engine, Gasoline Hoist, Dumping cars, Spreading Wagons, Road Grader, Traction Engine, Truck Equipment, etc. Housing for same, Platforms Bins, etc., etc. 9. Wooden Curbing for Wailuku Streets, 1 Mile.

Total Cost of Permanent Improvements \$ 36,788.47

Total Cost of Maintenance, 2 years 35,220.19

Total Expenditure, 2 years \$ 72,008.66

96 Miles of Road to maintain.

MILE POSTS.

This is, of course, entirely in the nature of a permanent improvement, and the cost of maintenance will be trivial. 350 miles were measured, along the principal roads, and an accurate record kept of the distance of every easily identified point along the roads, in addition to setting 282 mile posts on the most important roads, starting at zero at the Court Houses of Maui and Molokai. All of the posts are of reinforced concrete with the exception of 38, which were made of wood to

save difficulty in transportation over horse trails. Also 25, sign posts were set at practically every intersection or junction of the country roads. The cost was \$1767.44.

WAILUKU TOWN HALL.

As a result of negotiations had with the Superintendent of Public Works and this Department, the old Court House Building was turned over to the County of Maui, in consideration of the assistance rendered to the Territorial Government by the County in improving the grounds about the new Court House and the County Building. Also, a conference had with the Trustees of the Kaahumanu Church resulted in the execution by them of a lease to the County without rental, of the whole of the unoccupied lot across the street from the new Court House for a Park and Town Hall site, and the old Court House has been moved there and converted into a very suitable hall for public meetings, equipped with a fairly commodious stage, etc., etc., at a cost of \$2070.00.

SURVEY PROPOSED KULA PIPE LINE.

Owing to the lack of sufficient appropriation in the Territorial Department of Public Works, your County Engineer was given authorization by your Honorable Body to make the surveys necessary for acquiring data upon which to base an intelligent estimate of the scope and the cost of the project, to assist the Public Works Department in presenting the matter to the coming Legislature. The survey was duly made, and results forwarded to the Superintendent of Public Works as directed. The cost of the survey was \$1033.90. It is hoped that the appropriation, if secured, will carry with it the provision to refund this amount to the County of Maui.

ENGINEERING AND SURVEY WORK.

Nearly all of the relocations mentioned herein, excepting minor ones that were short and of obvious determination by intelligent foremen, were based upon surveys, plans and specifications made by this Department. There were 29 different relocations so surveyed and planned, aggregating a length of a little over 30 miles. All were constructed under the supervision of this Department with the exception of the so-called "Pineapple Road," and a portion of the Belt Road System that it was intended to build under the attempted Maui County Loan.

In addition, transit surveys were made for descriptions for exchange deeds for the old and new roads in 10 different cases, the execution of which deeds is still pending.

Street lines have been laid out, in Wailuku and Kahului, which have been approved by the Board and established.

Various surveys have been made by this Department for County Stable lots, plans made for stables and other buildings all of which have been presented to you and have been approved.

In conclusion, as an appointive officer of this Honorable Board, I wish to express my appreciation of

the uniform courtesy which you have extended me, and to congratulate you on the established fact that County Government is no longer in the experimental stage, but that it is, in this our County of "Maui no ka oi" at least, an unqualified success, and that the major portion of the credit for this is due to you.

Respectfully submitted, HUGH HOWELL, County Engineer, County of Maui, T. H.

HONOLULU, February 23.—Automobiles in the floral parade was a great success.

The militia from Maui and Hawaii had a good time in the street parade last night.

W. G. Selter has been appointed assistant post master of Honolulu. Advices from Washington are that Roosevelt will appoint U. S. District Attorney on Frear's recommendation before March 1st.

FORTRESS MONROE, February 23.—At a banquet to the officers last night, Roosevelt drank to the American Navy saying that not until the fleet returned victorious from war would there be such another home coming as this.

SACRAMENTO, February 23.—The Senate Committee on Foreign Relations has prepared a petition urging congress to maintain an exclusion policy and extend it to all Asiatics.

WASHINGTON, February 23.—In a second speech Rainey made a bitter attack on the Panama Canal. He reiterated former statements and was terribly arraigned by representative Burton.

DELMAR, Delaware, February 23.—Several persons were killed in a train collision here today.

HONOLULU, February 22.—The Senate has postponed the consideration of nominations made by Frear. Objections seem to be framing against the Treasurer, Land Commissioner, and Superintendent of Public Works.

Preparations for the grandest floral parade ever seen in Honolulu are complete.

The troops in camp were reviewed by the Senators and Representatives yesterday.

A new trades and labor society has been started by Hawaiians.

COLUMBUS, O., February 22.—J. M. Dickenson of Tennessee, Chas. Nagel of St. Louis and Ballenger of Seattle will be in Taft's cabinet.

WASHINGTON, February 22.—The sub-committee of the Senate investigating the merger of Tennessee Coal and Iron report that Roosevelt had no authority to permit the absorption.

The Diplomatic, Consular, Military Academy and Rivers and Harbors appropriations have passed the House.

SAN FRANCISCO, February 22.—Smith, the Mormon leader, is on board the steamer Alameda bound for Honolulu.

WASHINGTON, February 22.—Estimates show that the Panama Canal is one-third finished.

WORCESTER, February 22.—Carol D. Wright is dead.

WASHINGTON, February 22.—President-Roosevelt and party sail for Hampton Roads to meet the fleet which was sighted off Cape Henry yesterday morning.

SOUTH OMAHA, February 22.—Following the killing of a policeman in the Greek section a mob attacked the Greeks and wrecked thirty buildings and injured a score of men. The riot lasted three hours.

KANSAS CITY, February 22.—Fifty Greeks here were attacked yesterday by a mob of 600. Four Greeks were injured.

ST. PETERSBURG, February 22.—Ferdinand of Bulgaria is here on a visit to Czar Nicholas. This is supposed to have much political significance.

CAMBRIDGE, February 22.—Stuart Robinson, nephew of President Roosevelt, was killed by falling from a window in the sixth story.

SAN FRANCISCO, February 22.—The light house tender Kukul sailed yesterday for Honolulu.

ALCARTE, Spain, February 22.—Severe earthquake shocks injured twenty persons and created a panic.

HONOLULU, February 20.—Chas. M. Cooke was stricken with paralysis at Lihue, Kauai, yesterday.

The Honolulu forts will be named Brussey at Waikiki, Ruger at Diamond Head, Upton at Queen Emma point, Pearl Harbor.

WASHINGTON, February 20.—Secretary Newberry declines all bids for the dry dock as there is not enough money in the appropriation. He will call for bids for a smaller dock.

The House appropriated \$600,000 for the survey of rivers and harbors, including Kahului and Hanapepe harbors.

COPENHAGEN, February 20.—The Danish cruiser Heimdel collided with the British steamer Astrachan and arrived here in a sinking condition.

TOPEKA, February 20.—The Legislature has passed a law which forbids doctors prescribing liquor in cases of sickness.

WASHINGTON, February 20.—Congress has extended the time for the franchise of the Honolulu Automatic Telephone Co.

The President has signed the bill making a national reservation of the Calaveras big trees.

PEKING, February 20.—An imperial edict establishes a Navy Department with Prince Su at the head.

A MISTAKEN IRISHMAN.

It is said to be a peculiarity of the island of Montserrat that the negroes speak with a rich Irish brogue. This phenomenon is explained by the fact that in the seventeenth century the colony was peopled almost entirely by the Irish. In "The Cradle of the Deep" Sir Frederick Treves gives the following incident illustrative of the care with which this dialect has been preserved. It is quoted from Ober.

An Irishman fresh from Donegal arrives at Montserrat, and leaning over the steamer's rail, addresses himself in the following terms to a coalblack negro who has come alongside with provisions:

"Say, Cuffee, phwat's the chance for a lad ashore!"

"Good, yer honor, if ye're not afraid of wurruk. But me name's not Cuffee, an', plase ye, it's Pat Mulvaney."

"Mulvaney? And do ye mane to say ye're Oirish?"

"Oi do."

"The saints defend us! An' how long have yer been out here?"

"A matter of tin year or so."

"Tin year! An' yez black as me hat! Save me soul, I took yez for a naygur."

Locals and Personals

Wm. Calcutt is registered at the Maui Hotel.

F. Sommerfeld is in Honolulu this week.

James Kirkland returned from Honolulu Saturday.

A. Borja went to Honolulu this week by the Claudine.

Manager D. L. Meyer returned Tuesday from Honolulu.

Haleikalani was over from Lahaina Thursday with his auto.

Attorneys Coke, Vincent and Case were in attendance at Makawao Tuesday.

Supervisor W. P. Haha came over from Hana Wednesday by the Claudine.

Mr. K. Kahalohe was one of the passengers over from the ancient capitol.

Mouroua has received a fine Hope-Hartford automobile and is in the passenger service business.

Manager W. H. Field of the Maui Hotel made a flying trip to Honolulu this week. He is expected back today.

Stephen Souza, a driver for the Maui Steam Laundry was injured by a kick from a horse on Monday of this week.

New Singer machines sold on easy payments. Your old machine taken in as par. payment. See Ekberg, the Singer man.

Lexington Club Whiskey is the latest popular brand on the market. The Maui Wine & Liquor Co. has just received a large supply.

M. S. Medeiros of Spreckelsville died at his home Monday morning. The funeral services were conducted by Father Maximin.

The drawing of grand and trial jurors for the March term of the Second Circuit Court will take place this morning. February 27, at 10 a. m.

Carl Sommerfeld, head team luma of Wailuku was accidentally struck in both eyes by a whip lash on Friday morning and is in a serious condition.

The Woman's Aid Society of Union Church will meet with Mrs. R. B. Dodge at the parsonage on Tuesday, March 2nd, at three o'clock in the afternoon.

Heinz Goods are known and recognized the world over as the finest preserves, pickles, jellies, sweetmeats, and relishes made. Ask for Heinz Goods, and insist upon getting them.

Judge Kingsbury went to Honolulu last Friday and will return this morning accompanied by Mrs. Kingsbury. They will make their home in the Bailey residence on Vineyard Street.

Dr. R. H. Dinegar returned home Tuesday evening. He was in attendance at the annual encampment of the National Guard of Hawaii. He speaks highly of the showing made by all the Maui boys.

County Engineer Hugh Howell received the sad news of the death of his father. Mr. Howell Sr. was a newspaper editor for many years and was seventy-three years of age at the time of his death.

By request we call attention to the fact that the closed season for doves is from February 1st to July 1st and for pheasants from March 1st to September 15th. Those who hold hunting permits are es amenable to the law as those who do not.

Police officer Manuel Sequeira had his nerve taxed to the limit on the night of the 22nd instant when ten sailors, all more or less intoxicated, started a rough house and threw chairs at the officer. Sequeira was alone but finally succeeded in quieting the men and restoring order.

The Christian Japanese of Wailuku are endeavoring to raise sufficient funds with which to build a church on the grounds where the school in charge of Rev. C. Tanaka is situated. Geo. N. Wilcox of Kauai has donated eight hundred dollars to be used for the purpose, and twelve hundred more is necessary.

S. M. Kanakanui has completed his surveying of the exchanged lands near Haiku and returned Wednesday. There are twenty-nine government lots there of great value. They are from twelve to fifteen miles from Kahului and are near good roads. The area of the lots ranges from thirty-five to forty-five acres.

The pastor of the Kahului Union Church will give a series of sermons on the Beatitudes during lent. The first of the series will be delivered in the church Sunday morning at 11 o'clock, February 28. All are cordially invited. There will be no evening service, the hour having been changed permanently to eleven o'clock.

Mr. C. D. Lufkin of Wailuku, Maui, sells the Inner Player Piano, now so extensively advertised in the magazines. If you want a piano of any style or price it will be to your interest to consult him. When in the East last Spring Mr. Lufkin renewed business relations with piano manufacturers with whom he had done business before coming to these islands. It will be to your interest to ring up Mr. Lufkin if you contemplate purchasing a piano. The Inner Player can be seen in Wailuku by calling on Mr. Lufkin.

During Lent Rev. R. B. Dodge will preach a series of sermons at the Wailuku Union Church on Sunday evening at 7:30 upon the general theme: "The Church To-Day in Relation to Serious Social Problems." At the Kahanamann and Waihapa Churches Mr. Dodge will preach upon the general theme: "The Deeper Spiritual Life of the Church and Individual."

We have for sale several old machines, that have been taken in exchange and in order to make room will sell cheap for cash. One Seamstress, nearly new, \$15; one White \$18.00; one Domestic \$16.00; one mail order machine \$16.00; and others as cheap as \$7.50, all in good working order. Old hand machine from \$1.00 up. "Expert repairing". Phone to J. Ekberg, the "Singer man."

Supervisors In a Muddle Are Unable to Hold a Special Meeting.

The County Supervisors met Thursday morning of this week for the purpose of transacting much needed business but the legality of the calling of the meeting was attacked by supervisor Lyons and after some parley the County Attorney was sent for and his opinion was requested.

He held that a meeting that was not called by the action of the majority of the board was not a legally called meeting and that therefore any business transacted by the board at a meeting not legally called would be null and void.

He gave it as his opinion that the County Clerk or his duly authorized deputy must record the minutes of the board and that the board had no authority to allow Mr. Kelihoi to act in the absence of the clerk.

The County Attorney then drew up a resolution as follows, calling for a special meeting of the board which will be held today on the return of the County Clerk.

Know all men by these presents, that we, the undersigned members of the Board of Supervisors within and for the County of Maui, Territory of Hawaii, do hereby call a special meeting of said Board of Supervisors to be held at the office of the County Clerk of the County of Maui, at Wailuku, Maui, at the hour of 7 o'clock A. M. on Saturday February 27th, A. D. 1909, for the purpose of transacting any and all unfinished business pertaining to the department of Public Improvement of said County of Maui, and all other business pertaining to the affairs of said County of Maui and all of the departments thereof which may be legally brought before said meeting.

Dated at Wailuku, Maui, this 25th day of February A. D. 1909.
(Signed) Wm. F. POGUE, Supervisor within and for the District of Makawao, County of Maui, and Chairman of the Board of Supervisors.

W. P. HAHA, Supervisor within and for the District of Hana, County of Maui.

T. B. LYONS, Supervisor within and for the District of Wailuku, County of Maui.

GEO. KAUIHI, Supervisor within and for the District of Lahaina, County of Maui.

THEODORE MEYERS, Supervisor within and for the District of Molokai, County of Maui.

New Registration Law is Proposed.

Honolulu, February 23.—An Administration measure to create a Great Registrar of Voters, following out the plan outlined by the Governor in his message, was the most important bill introduced in the House this morning. Representative Huddy standing sponsor for the bill.

This bill provides that instead of its being necessary for all the voters

to register before they are eligible to vote at any election, there shall be kept a Great Register, similar to that in use in the States, and any elector having once been registered shall not be required to register again for any succeeding election, unless he shall have moved from the precinct from which he voted before.

The Board of Registration is still retained, but it is largely an ornamental article of Governmental furniture. Instead of traveling about the country as heretofore—at \$7 per day—and sitting at different places for a short time before each election to register the voters, it shall stay at home and sit. The real work of registration is by the terms of this bill delegated to the County Clerks of the various counties. At present it costs about \$6000 to register the voters of the Territory. The new plan, it is thought, will greatly reduce this figure. A Board of Registration for each district shall sit at Hilo, Keolu, Wailuku, Honolulu, and Lihue on the second Wednesday of October of each general election year to hear appeals, and shall continue their sittings until such appeals have all been heard.

Successful Weed Burner Made and Tried.

An economy of 95 percent in the cleaning weeds from the railroad track, is in the result that Manager Filler finds from the use of the Trotman patent weed burning apparatus, and the outcome should be the conferring of a great advantage not only upon that company, but also upon all the railroad and sugar companies in these islands that may adopt the machine for use on their lines. Added to the economy is the question of safety, for by this apparatus weed burning can be conducted without the slightest danger of fire spreading to the canefields.

An exhaustive trial has been conducted over about two miles of track, and careful notes have been taken of the cost and the results. The machine is loaded on a flat truck drawn by a locomotive which travels at about two miles an hour, distributing a stream of fire from crude oil burners, covering a width of twelve feet if necessary and effectively destroying all weeds between the rails and on either side. Within an hour the two miles of track were thoroughly cleaned at an expenditure for oil at the rate of sixty cents a mile. This was on a stretch where the weeds had been allowed to grow for four months and were of fresh and rank growth. It was found that, when not quite completely destroyed that they withered and dried, and in a few days were swept away by the suction of the train as it passed. Weeds of young growth are totally consumed.

A little calculation will show the enormous saving that will be effected by using this apparatus, as compared with the old method. By the new process, twenty miles of railroad track can be cleared of weeds for an outlay of \$12,000, whereas by the method formerly employed the cost was about \$300,000. There is thus a gain of \$288,000 on the single operation; and, as this has to be repeated three times a year, the annual saving will be no less than \$864,000.

The machines are constructed at the Hilo Railroad workshops, and it is the intention of Manager Filler to fill any orders sent by those plantations that may require them. They will be built to suit any gauge of line and to fit any description of truck.

One Needs a Tonic

In this climate; and the best tonic for one to take, and the pleasantest, is a glass of PRIMO BEER with lunch or dinner.

PRIMO BEER for HEALTH

PURITY

should be the first requirement in all foods. Preserves, jellies, relishes, sweetmeats, etc. are often put up with artificial flavorings, coloring, or preservatives. There's no need to tell an intelligent house-wife that these are harmful—dangerous, in fact.

HEINZ GOODS

are absolutely pure. That is a fact that is known and recognized the world over. And that is the main reason why they taste the best. Nothing is ever sold under a HEINZ label that is "off color" in the slightest.

ASK FOR HEINZ

Just Enough

Many people need nourishment and **Stout** is recommended by very prominent physicians. For this particular trade we have imported it in half-pints, just enough and no more. No waste. We have also just received a consignment of **Lexington Club Whiskey** in bulk and in bottles. There is none better.

Maui Wine & Liquor Co.

Seeing is Believing.

We have in exhibition in our show room a choice selection of nickel plated **BATHROOM ACCESSORIES**, such as

- Soap Dishes for the Bathtub.
- Shower Heads,
- French Plate Glass Mirrors.
- Soap Dishes for the Wall.
- Sponge Holders,
- Sponge Cups,
- Soap and Sponge Holders.
- Towel Bars in various sizes,
- Towel Racks, 2-3 and 4 fold,
- Comb and Brush Trays,
- Tooth and Brush Holders.
- Tumbler Holders,
- Bath Seats,
- Sprays,
- Robe Hooks, etc., etc.

To realize their beauty and usefulness they must be seen and used. Taken as a whole these fittings are the most artistic, practical, easily cleaned and therefore the **MOST SANITARY**.

Our prices bring them within the reach of all.
We invite your kind inspection.

Supervisors' Meeting

Minutes of Regular Monthly Session of Board.

(Continued from last issue.)

Lanai roads to get \$600.00 for repair work

Hana district has 82 miles of roads, and the available fund estimated at say \$4,420.00 to June 30. The Koolau Ditch Company pays two-thirds of the whole taxes paid in the Hana district and desire to see their taxes spent for good roads. This district has also the disadvantage of being the rainiest and most cut up with gulches and have more bridges than any other district.

Molokai District. There are about 44 miles of roads, and the net available funds estimated at \$1,030.00 to June 30.

The roads are in a fair shape and can be easily maintained for the above amount.

Belt Road for Hana. Assistant County Engineer Foss has run two lines between Naililihale and Punaluu, one of which will be decided on later.

Belt Road Molokai. County Engineers Howell has laid out the proposed improvement at Kawela, and at Honouliwai, and parapet wall along Halawa valley.

Average monthly allowance for each district would be:

Wailuku	\$2,535.00
Makawao	1,900.00
Lahaina	965.00
Lanai	100.00
Hana	735.00
Molokai	335.00
	\$6,570.00

General expense per month	5,730.00
Roads	6,570.00
Belt Roads	3,080.00
Total	\$15,380.00

The County Engineer and all Road Overseers should present the board every month an estimate of expenses for the following month. If this is done the board will be better able to control expenditures of the road department as a whole. Action deferred.

The reports of the Sanitary and Hack Inspector Lahaina, Fish and Food Inspector Lahaina, Sanitary Inspector W. F. McConkey of Makawao, Sanitary Inspector Hana, Deputy Sheriffs Wailuku, Lahaina, Makawao, Hana and Molokai were ordered placed on file.

Sanitary Inspector McConkey reported that he still carried on the fumigation of all houses which are possibly a source of infection. That it was difficult to get ignorant people to understand the danger of contamination. Many replied: "That's God province." "If He chooses to send us disease, you no can help!" This he considered to be the most serious obstacle.

Report No. 12 of W. F. Pogue in re claim K. R. R. Co. was read and the same was ordered placed on file.
