# THE MYRTLES WIN BOTH RACES

## ACCIDENT IN THE SENIOR

## Sensational Finish In The Junior Race

THE HEALANI SENIORS CAPSIZE AT THE THREE-QUARTER OF A MILE FLAG OWING TO NO. 2 SLIPPING HIS SEAT—IN THE JUNIOR RACE THE HEALANIS LEAD ALL THE WAY UNTIL ALMOST AT THE FINISH LINE.

It was a Myrtle day. The scarlet and white floats gaily in the sun-kissed breeze and the blue is trailed in the dust, for the Myrtles won both the senior and the junior four-oared races at Pearl Harbor this morning.

True, they won the senior race with no competitor at the end as the Healani capsized, but they had the race well in hand when the accident and, barring mishaps of their own, they figured to win on form at all events. Praise for the plucky win made by the junior Myrtles cannot be too loud. They had a stern chase for over a mile but stuck to it with a bulldog tenacity and at the very finish snatched a victory from the jaws of defeat. Only a man who has tugged at an oar for a mile that seems a league, with the back-wash hitting his boat at every stroke and the maddening knowledge that the men in the other boat can watch him out of the tail of their eyes without ever letting those eyes get out of the boat, can thoroughly appreciate the gallant work done this very morn by those Myrtle juniors. True it is that the Healani had the race in hand, true it is that they might almost have drifted across the line winners, but those facts only go to swell the sum of the Myrtles' triumph.

This record:  
Senior four-oars:  
1. Myrtles. Time 10:34 4-5.  
2. Healani did not finish.  
Junior four-oars:  
1. Myrtles. Time 10:40 flat.  
2. Healani. Time 10:40 1-5.  
The scene at the Peninsula this morning was all that experience would suggest or that imagination could pic-

ture. All Honolulu is familiar with the glorious scenery that the lochs at Pearl Harbor have to offer with its fringes of emerald sugar cane, the middle distance a marvelous blending of neutral tints and the peaks of the distant mountains lost in a purple haze.

All of this there was this glad day and there was the additional color lent by the bunting which faunted itself gaily from the dozens of craft of every known rig which scudded across the dimpling waters. As usual the major portion of the crowd went out on the 9 o'clock train. Such a train that was! It looked more like a procession for there were cars and cars and cars without end and every one of them was filled to the choking stage. The human freight quickly discharged itself and the visitors found that the two senior crews had already paddled away up to the end of the loch where Starter Harold Dillingham was in charge of affairs.

The judges, A. A. Wilder and C. L. Crabbe, were aboard the launch Waterwitch which had been kindly placed at the disposal by the Immigration office. Leslie Scott and George Crozier were the timekeepers and the regatta committee was composed of C. C. Rhodes, W. W. Harris and W. Soper. Others on the official launch were Acting Governor A. L. C. Atkinson, Prince David Kawananakoa, Col. Sam Parker, Jack Carter, A. G. M. Robertson, Robert Atkinson, E. D. Tenney and Senator J. M. Dowset.

The scene along the shore was a brilliant one for every one of the train lawns was covered with a gaily decor-

## DOLLAR GETS CLEARANCE

ORDERS COME FROM WASHINGTON WHICH HELPS THE STEAMER STANLEY DOLLAR OUT OF HER TROUBLE—A HUNDRED THOUSAND DOLLARS CABLED HERE TO KEEP HER OUT AND LET HER GET STARTED FOR VICTORIA.

The Federal government at Washington is said to have interested itself in the case of the British steamer Stanley Dollar to the extent of sending a cable practically ordering that she be given a license to carry passengers. This is an unusual proceeding, especially in view of the fact that the steamer is a Britisher, and it is said to be due to efforts of representatives of the Dollar Steamship Company, which is a very wealthy and powerful concern on the Mainland. At any rate a license was issued late yesterday, and the Dollar could have cleared and steamed away, but for a libel "plastered" on her by Attorney Frank E. Thompson, in behalf of a Japanese who claims to have been cheated by the sale of a ticket to Seattle and by the failure of the steamer to leave according to programme.

FRANK THOMPSON, ATTORNEY FOR A LARGE NUMBER OF THOSE THREATENING SUITS AGAINST THE S. S. STANLEY DOLLAR.

The owners of the Dollar immediately took the matter to Washington when their steamer was held up. The result is believed to be shown in the first cable from the Treasury department, giving instructions that a license to carry passengers, and clearance papers, be given to the steamer if she could pass a satisfactory examination. A later cable from the same source is stated to have put the matter more directly and hastened the issuance of a special license so that the steamer might leave.

Forty more libel suits are in preparation to be brought tomorrow, attaching the vessel, but the company is ready for them. It will have a hundred thousand dollars in cash at the disposal of the Pacific Surety Company, to give bonds in whatever sum the court may ask, and then the vessel will go to sea. It seems probable now that most of the Japs on board will go with her. Those who bring suits will of course come ashore. George A. Davis is attorney for a number who want to bring suits and Frank E. Thompson has a lot more to bring if he should deem it advisable. No matter how many suits are brought, it is stated, the vessel will leave tomorrow and court proceedings will have to be settled later.

The company will take all the cases to the United States Supreme court, it is stated. The suits are for \$500 each damages, and the Japs will evidently have a long fight ahead before they get anything, if ever.

Stanley Dollar, owner of the vessel and Captain Bruce, are both somewhat surprised at the trouble they stepped

into when they started to ship their load of passengers. The captain describes it as the hardest mix-up he ever got into. "Every time I show my head there is a criminal charge or a libel," he is said to have remarked. "I don't see any money or fun in the Japanese passenger business."

There appears to be a strong hoodoo on the business. Three steamers have been secured to try it. The Olympia came here and left after losing a big sum of money on a cargo of coal no one here would buy. Now the Dollar is out heavy expenses of delay and all sorts of legal expenses. The other vessel went north before starting here, and she was wrecked.

Collector Stackable went aboard the steamer yesterday afternoon accompanied by Captain Niblack of the Naval Station, and made an examination of the vessel for the purpose of ascertaining whether she complied with the regulations regarding the appliances and other details for the carrying of passengers. It was found that the law had been complied with, so the Collector announced that he was ready to grant the vessel clearance. The boat could not clear however for the libel suits held her in port. As soon as some disposition of those cases, will have been made, the vessel will clear and depart for Victoria.

# ANTI-GRIPPE TABLETS.

There is no guess work about this remarkable cold cure. They cure colds, grippe and dengue quicker than any other known remedy.

Another important thing to know about them is, they are safe to take; they will not cause ringing in the ears or nervousness.

During the siege of dengue there was an immense sale for them as far as we know no one had the dengue if they took Anti-Grippe Tablets at the first symptom. In one house where there were twenty-four people only one had dengue. He didn't take the tablets, the others did and broke the disease up at the very start. Anti-Grippe Tablets have a sale in many parts of the world. Read this

## IMMIGRATION STATION OPEN

NEW BUILDING AT KAKA'AO WAS FORMALLY INAUGURATED YESTERDAY.

The formal opening of the new immigration station at Kaka'ao took place yesterday afternoon when Commissioner General Frank P. Sargent d'ed the honors. Four o'clock was the time set for the opening and at that hour a large assemblage met at the magnificent building which represents all that is up to date in immigration stations. Acting Governor Atkinson and different of the heads of Territorial departments were among the callers as were the Chinese and Japanese consuls. The County band under Capt. Berger discoursed sweet music from the mauka lanai.

The force of the station was present in full uniform and every courtesy was shown the numerous visitors.

## THE TITLE TO FANNING'S ISLAND

PROCEEDINGS SOON TO BE HAD IN THE BRITISH HIGH COMMISSIONER'S COURT IN FIJI.

By the Aorangi on Saturday there departed for Suva George Greig one of the owners of Fanning's Island and Humphrey Berkeley, a barrister of Suva, who go to appear before the High Commissioner's Court in Suva in the matter of the unsettled will of Bicknell, one of the original owners of the island.

Mr. Berkeley came here by the Miowera earlier in the week for the purpose of consulting with James Bicknell the new County Auditor, who is one of the owners of Fanning's Island. George Greig came here by the Sonoma from Fanning's in order to take the Aorangi for Fiji.

Two or three years ago when there were negotiations between Bicknell and some parties in San Francisco for the sale of his interest in the island, the negotiations were broken off by reason of some provisions in the Bicknell will entailing the property. It is to straighten up all such matters and make the title salable that the present proceedings in the British High Commissioner's court are being had.

The Fourth Of July

A change has come over the spirit of Fourth of July oratory in the past few years. It is a change that has been brought about partly by the "expansion" that followed the war with Spain and by the events of the war itself. Some new subjects were placed at the disposal of the speaker and the writer, and twisting of the lion's tail has gone out of fashion.

There are new problems and prospects for the orators and the editors today. There is the optimistic picture so often drawn of a nation of communities all really American uniting the great continent of America, the Hawaiian Islands, a part of Samoa, little Guam and the Philippines with American institutions growing up also in Panama and possibly spreading their influences north from the isthmus and south from Texas, Arizona and New Mexico until old Mexico comes into the fold.

All these furnish subjects for discussion on this national holiday which are treated with really valuable results all over the land. If the Fourth of July brings with it a long train of accidents and in many places a harassing period of din, it also brings forward much intelligent discussion that arouses the thoughts of the masses and serves to educate all regarding the problems of the day.

To Bring In Citizens

Commissioner General of Immigration Sargent has attracted attention anew to the subject of increasing the population of the Islands with a class who are either citizens or capable of becoming citizens. Commissioner Sargent's judgment of the qualities and capabilities of different classes of immigrants is no doubt excellent.

But in the light of our present experience, and in view of what is being done by our nearest neighbor, the State of California, we ought not to allow ourselves to be diverted from a line of effort on which we have begun and which so far has yielded results fully equal to what we had any right to expect, and fully justifying the effort made and the money expended.

A large tide of travel directed to the Islands each year, of very necessity will create demands which will give opportunity for an increase of population. Each increase of population profitably employed, creates more demands which give opportunity for more people.

We have entered upon a tourist campaign. The success which it has met has been encouraging. If continued we will secure the results not alone of what we do each season, but the cumulative effects from what has been done in the past.

paying for itself, and the effort to promote it ought to be kept up with vigor and enthusiasm. It is bound to bring us additional population of the very best kind.

While, therefore, we ought not to neglect any opening or means, nor overlook any suggestion or information which will aid us in giving Hawaii an American population, immediate or prospective, set us not neglect the line of effort on which we have already started out with such success and which is bound to bring us a most desirable class of residents.

The Literary Digest says that only two of the past season's new plays have been successful. One of these is "The College Widow," by George Ade, and the other is "The Music Master," by Charles Klein.

The man who succeeds John Hay as Secretary of State may not have any great difficulty in filling the office. His difficulty will be in getting people to believe that he has the qualities worthily to succeed Hay.

The terminology of English politics is as puzzling to us as ours is to Englishmen, says the Boston Herald "Half Sheetings" is the latest addition to British nomenclature. What can it mean? It signifies those who are proposing a common platform large enough for the supporters of both Mr. Balfour and Mr. Chamberlain, and yet small enough to cover only a sheet of note paper.

It is the anti-Carter fraternity that doesn't know where it is at—Advertiser.

This places Carter and the anti-Carter fraternity in the same class. Carter was the first to announce that he didn't know where he was at. Since then it appears to have been proved, and the Advertiser's remark is quite correct about the anti's. In fact, in the matter of the resignation business no one knows where he is at.

Starting county government was not so difficult after all, when approached in a spirit of harmony.

Hawaii owes thanks to Commissioner of Immigration Frank P. Sargent for the efforts he successfully made to get a large new immigration station here. The new building is one of the ornaments of the water front of Honolulu.

The Advertiser does not like The Star's selection of pictures for publication. The Star has for some time thought that the Advertiser's boiler plate matter was not of the best quality possible, but when a paper is edited with a saw, selections of matter cannot always be made according to the wisest judgment.

It is hard to see what possible benefit could have come from finding that the Rapid Transit Co.'s charter was legally invalid. Such a finding would in fact have been a public calamity. Honolulu cannot afford to have all her street cars stopped, which would have been the legal consequences of such a discovery, if carried out to its logical conclusion. In common justice a new franchise would have had to be given to the company which has spent so much money in good faith under its franchise as given. Either the community would have had to allow the company to operate illegally, or to suspend it, do without any cars, call an extra session of the legislature to grant a new franchise and send some expert lobbyists to Washington to hurry up an approval.

It is to be hoped that expressions of sympathy have been exchanged between Senators Burton and Mitchell, even if they were not on very harmonious terms during their visit to Hawaii. Senator Foster had no idea of the company he was in.

This year seems to have been a bad year for statesmen. There are Kumales, Enoch Johnson, and Senators Mitchell and Burton who have experienced trouble.

## MYRTLES WIN BOTH RACES

(Continued from page one)

ated crowd, the scarlet of the Myrtles and the blue of the Healanis being about equally distributed. Round the yacht club's quarters the largest part of the assemblage seemed to congregate for there was shade to be found under the trees and verandahs there. There was a bit of a breeze too which was pleasant enough for the onlookers but which made more than one rowing man thoughtful.

In consonance with the permanent agreement, it was the Myrtle's turn for the inside course, but as conditions proved, there was no choice in the courses today.

Both senior crews looked fit as they paddled lazily down to the starting point. The Myrtles were the heavier, as the figures show, their aggregate weight being 656 pounds as against 612 of the Healanis. Then too the Myrtles had a coxswain weighing only 62, while the Healanis carried a passenger

weighing 125 pounds. This resulted in a Myrtle crew averaging 164 pulling a gross weight of 718 pounds while a Healanis crew of an average weight of 153 had 737 pounds to pull over the course.

Senior Fours. Myrtles. F. Beckert, 157... Stroke. John Clark, 137 N. Crabbe, 169... No. 3... E. K. Allen, 175 E. Kopke, 160... No. 2... McCroriston, 165 L. King, 190... Bow... W. Rycroft, 145 L. Hough, 62... Coxswain... F. Damon, 125 There was considerable delay at the start, the wind blowing the boats off their course several times but at eleven minutes past ten Starter Dillingham let them go.

The Healanis caught the water first and forged a mere trifle to the front, but the Myrtles soon got together and twenty yards from the start they were on even terms. The Myrtles were hitting it up at 36 and the Healanis, who were feathering unusually high, were hardly making it more than 32. Early in the race it was seen that Healanis' No. 2 was rowing badly. It may have been that his seat was bad but the fact was patent before the half mile was reached that he was rowing with his arms instead of with his back and legs, and his sliding was consequently

short. Still the Healanis kept it up though the Myrtles crept surely to the front. At the half mile the Myrtles had dropped to 30 and the Healanis, who were but a few feet in the rear, were making 32.

All eyes were on the waist of the blue boat for there the obvious weakness lay. Stroke Clark tried a spurt but the Myrtles met it and the first palpable sign of distress was observed as Healanis' No. 2 dropped one hand from his oar and appeared to be fixing his seat. The Myrtles drew away and at the three-quarter mile stake were leading by three-quarters of a length.

Still the scarlet went to the front, but the end came suddenly. It was some thirty yards from the mile stake when Healanis' No. 2 suddenly quit. His seat seemed to jam and there was a commotion in the boat for a second or so, then she careened over to port with two oars waving sadly in the breeze. The race was all over but the shouting.

The Myrtles did not stop their pace and they finished alone in 10:34 4-5. The shipwrecked Healanis were picked up by Starter Dillingham's launch. The junior crews were made up as follows:

Junior Fours: Myrtles. A. Ewart, 142... Stroke. W. Dickson, 160 R. Johnstone, 182... No. 3. Fernandez, 162 L. Underwood, 147... No. 2. Robinson, 154 R. Hughes, 137... Bow... Blackman, 147 L. Hough, 62... Coxswain... H. Steiner, 83 Healanis. R. Johnston, 182... No. 3. Fernandez, 162 L. Underwood, 147... No. 2. Robinson, 154 R. Hughes, 137... Bow... Blackman, 147 L. Hough, 62... Coxswain... H. Steiner, 83

The Myrtles aggregated 388 pounds, averaging 147 with 696 pounds to carry. The Healanis aggregated 611, an average of 153, with 69 pounds to tote along.

The crews got away on even terms, the Healanis hitting a noticeably faster stroke and the Myrtles seemed to drop behind within the first few yards. The Myrtles splashed badly, No. 3 catching the water ahead of his stroke. The Healanis were rowing beautifully together as the half mile stake was reached. They were in perfect time and the ripple on the water bothered them not at all. The Myrtles No. 3 was pulling a strong oar but he continued to catch out of time with the natural result that the scarlet crew's shell could not keep an even keel. The Healanis passed the half mile a good length to the good and for the next quarter of a mile they even bettered their advantage. The three-quarters saw the blue oars flashing a length and a quarter to the good and another quarter length was added by the time the mile was reached.

Then things began to happen. The Myrtles were in good hands and Stroke Ewart realized that something had to be done. He called on his men and quickened from 28 to 32. It was a grueling effort but it told and the gap closed up. Still the race was all the Healanis save that their bow began to slide a trifle short. The advantage was all with the blues, but still the Myrtles hung on. Grimly they stuck to their task and a quarter of a mile from the finish they had lapped their rival's boat by a quarter of a length. The Healanis were pulling easily in excellent form. They had kept an even pace throughout and should have been full of all sorts of reserve strength.

The yards between the boats and the finishing line decreased rapidly. It was plainly the Healanis' race when Ewart again gave the sign and the gallant Myrtles hit it up for a killing pace of 32 once more.

What really happened in the Healanis' boat can only be conjectured but to the outsider it looked like a bad case of the "rattles." The Myrtles closed up a yard or so and the Healanis' No. 2 missed a stroke. His oar blade pulled in under the oar of his stroke and he made a desperate attempt to recover it. The crew went to pieces, utterly and completely to pieces and this not ten yards from the line. The crowds ashore shouted threats, encouragement and objections but it was all over. The Myrtles put every pound they had into their last

and there a few fire-crackers, or an irrepressible American with a revolver and blank cartridges made some noise, but this was about all.

The mail steamers in port made a good deal of business necessary. The waterfront was almost as busy as usual. The doors of a good many places of business were ajar while proprietors and clerks looked over mail and attended to pressing correspondence. There was a bigger crowd than usual around the post office waiting for mail.

The courts and government offices were all closed. Business houses also were nearly all closed all day, employers and employes alike heading for Pearl Harbor to see the races. There was no procession in Honolulu, no celebration at all, except the flying of flags on public buildings. Everyone went to the Oahu Railway station early to catch the train for Pearl Harbor, leaving Honolulu silent and deserted. The afternoon is not as quiet as was the morning, and things will liven up a bit later on, when the returning crowds from the races begin to celebrate. Preparations are being made for the literary exercises at the Capitol. A stand is being put up, and chairs are being placed for the public. Henry E. Highton is expected to deliver an eloquent and interesting address.

## SUPERVISORS MET THIS MORNING

ADJOURN TO TOMORROW WHEN FURTHER ORGANIZATION MAY BE EFFECTED.

The Oahu county board of supervisors met this morning at half past eight, not for business but to comply with the requirement of the county act that the board shall meet on the first Tuesday of each month. An adjournment was taken to two o'clock tomorrow afternoon, when county business will be taken up.

An organization of the board, by appointment of committees will soon be effected. Committees on finance and on the various governmental departments will be appointed. An executive committee may also be named. Within the next few days a set of rules will be adopted for the conduct of the business of the board.

Time 10:40. And then the bulk of the crowd came home though many waited for the yacht races.

The officials were: Judges—A. A. Wilder, C. L. Crabbe, H. G. Dillingham. Timekeepers—Leslie Scott, F. B. Damon, George Crosier. Regatta Committee—C. C. Rhodes, W. Harris, William Soper.

## THE HAWAIIAN HOTEL IS THE PLACE TONIGHT

A special dinner and dance will be given at the Royal Hawaiian Hotel this evening in honor of the Nation's birthday that promises to be one of the most enjoyable events of the season. Manager Church has prepared a very unique and attractive souvenir menu, the contents of which appear below and speak for themselves. The famous Ellis Quintette Club will play and sing both during dinner and afterwards for the dance. The beautiful hotel will be profusely decorated with flags for the occasion.

The Royal Hawaiian can always be depended upon to be on top of the heap when it comes to the entertainment of its guests. The commanding and other officers of the Bennington and Restorer, the local army and navy officers, the town-folk and all officers and passengers on the Korea and Sierra are cordially invited to be present. Engage tables early and be sure of a good place on the cool breeze swept lanai.

MENU.

- Oysters a la Washington.
- Celery Sticks.
- Green Turtle a la Bunker Hill.
- Almonds, Salted Almonds, Olives, Pin Money Pickle.
- Canape Sayfette.

- Frog Saddles Confitiution.
- Eseargots a la Mount Vernon.
- Liberty Fritters.
- Punch Independence.
- Prime Ribs of Beef Franklin.
- Spring Chicken a la Rivier.
- Pomme Boston, Asparagus Tips.
- Egg Plant York Town.
- Salade Bull Run, Lettuce and Tomato.
- Pie a la Martha, Monroe Jelly.
- Pudding Delaware.
- Philadelphia Ice Cream Geatux Assortis.
- Fromage Cammarbert, Bents Biscuits, Cafe Noir.

## NEBRASKAN BROUGHT MAIL

FREIGHT VESSEL REACHED PORT TODAY WITH NINE DAYS' LATER MAIL FROM THE MAINLAND.

The S. S. Nebraskan arrived this morning from San Francisco with nine days' later mail, having left the Coast June 26. She had pleasant weather but on account of being foul could not make good speed. The vessel brought the usual assortment of freight for Honolulu and Kahului. She had considerable live stock including two Angora goats imported for breeding purposes. The vessel will probably depart for Kahului Thursday night to complete loading sugar for San Francisco.

NO KOREANS ARRIVED. No Koreans arrived on the Korea for this port. For the present there will probably be no more arrival of them as the steamship people understand that immigration of Koreans to Honolulu is to be suspended for several vessels. Only about 125 Japanese arrived.

SCHOONER SIGHTED TODAY. A four-masted schooner was sighted off Koko Head this morning.

HALEIWA.

The Haleiwa Hotel, Honolulu's famous country resort, on the line of the Oahu Railway, contains every modern improvement and affords its guests an opportunity to enjoy all amusements—golf, tennis, billiards, fresh and salt water bathing, shooting, fishing, riding and driving. Tickets, including railway fare and one full day's room and board, are sold at the Honolulu Station and Trent & Company for \$5. For departure of trains, consult time table.

On Sundays, the Haleiwa Limited, a two-hour train, leaves at 5:22 a. m.; returning, arrives in Honolulu at 10 p. m.

## THE 4TH THIS AFTERNOON

(Continued from page one)

at 4:30 p. m. with the playing of the National Anthem by the Oahu County band under Bandmaster Berger. The band will be stationed in the historic band stand in the Capitol grounds.

Then will follow this program:

- Opening prayer.
- Band, "Columbia the Gem of the Ocean."
- Reading of the Declaration of Independence by Hon. W. J. Coelbo.
- Solo, "My Own United States." W. S. Ellis.
- Address: Commander Lucien Young, U.S.N.
- Address, Judge Henry E. Highton.
- Musical Selections, "Uncle Sammy," "Hawaii Ponoi," "Star Spangled Banner."

The display of fire-works will be made from the Capitol grounds commencing at nightfall. A fine selection of pyrotechnical possibilities has been purchased and the show will undoubtedly be a good one.

Meanwhile there will be dances at both the Hawaiian and Young Hotels and the gaiety will be kept up until after midnight. The Ellis Bros Glee Club will supply the music.

At the dances E. M. Boyd will be master of ceremonies. He has selected the following four committees:

Royal Hawaiian Hotel—Frederick J. Church, A. G. Hawes, Jr., Byron K. Baird, Will Roth, M. S. Prosser, Lieut. Victor Blue, U.S.N., Arthur Mackintosh.

Alexander Young Hotel—Nobu W. Gray, W. D. Adams, Harry Cobb, C. H. High, Frank Armstrong, S. A. Walker, Paymaster Brown, U.S.N.

General Manager Ballentyne of the Rapid Transit Company has consented to run extra cars late at night, thereby giving merry-makers one hour more in which to enjoy the down-town entertainments.

Following the boat races at Pearl Harbor the Hawaii Yacht Club have two yacht races. They will keep open house at their club house. There will be dancing and music by a quintette club.

The following are the entries for the yacht races: First class: La Paloma, Spray, Kapolei, and for the third class, the Irish, Malolo, Myrtle, Princess and Maggie.

This afternoon at the Baseball Park the second series of the league games begins. The Elks and Malles will meet in the first game and the Kamehamehas and H. A. C.'s in the second.

ANOTHER STEAMSHIP RACE.

The S. S. Sierra will leave this place at 3 p. m. today for San Francisco and the Korea two hours later for San Francisco. There may be a "race" between the two vessel but there will be little choice in the time they will arrive, as both will get up Monday morning if the weather permit.

LATE LOCALS.

Today was one of the quietest Fourth of July Honolulu has experienced for many years.

This will be a Fourth of July to be remembered by the Post Office employees. There were no less than three hundred and thirty sacks of mail on the incoming steamers this morning and in the obvious necessity of disposing of it the whole staff was kept working. The force kept at work as on the ordinary days of business.

did for the invalid daughter of a grateful mother:

"My daughter had for a long time been troubled with violent headaches and sleeplessness. She was pale, had no appetite, and was losing flesh rapidly. She tried various remedies, but received no benefit until she commenced using Ayer's Sarsaparilla. After taking half a bottle she began to feel better. By a continued use of this medicine her appetite returned, her cheeks began to fill out and show color, she gained in strength, her headaches disappeared, she slept better, and now says she feels like a new person."

**THE FRICK REPORT**

The report of the Frick Committee on the management of the Equitable Life Assurance Society of the United States, is the key to an understanding of the most remarkable controversy that has ever raged within a financial institution of its character. No controversy within such an institution has ever received the widespread interest and discussion that this has. The keenest interest in it has been manifested in this community. The Star will therefore publish this report in full, in convenient instalments from day to day.

WEEKLY CROP BULLETIN

Honolulu, T. H., July 3, 1905. GENERAL SUMMARY. During the past week, high temperatures and light variable winds have prevailed throughout the group. In Hawaii, heavy rains have fallen in the Kona, but elsewhere, even along the windward coast, only light showers have occurred. Heavy rains fell early in the week in the Koolau district of Maui, but the water supply in that section decreased rapidly during the latter part of the week, while conditions continued steadily dry in all other sections of the island. Only light showers fell in Oahu, but conditions were much improved in Kaula by heavy showers in most sections. 1906 cane grew rapidly under the dry and warm weather conditions, which were also very favorable for planting and other field operations in the plantations. The dry weather has necessitated irrigation in the lower levels of North Kohala, Hawaii, and the resumption of pumping in central Maui. Pastures are in good condition in some localities, but, in general, have begun to show the effects of the dry weather, especially in North Kohala, Hawaii, the Kula and leeward sections of Maui, and portions of Oahu. Coffee is in good condition in all sections and has begun to ripen in the lower lands of leeward Hawaii; a good rain would be beneficial to the trees in windward Oahu. Pineapples are ripening rapidly and are being harvested in all sections. Sisal is being milled in leeward Oahu and an exceptionally fine grade of fiber is being secured. Young sisal plants in central Maui are growing nicely. The harvesting of first crop rice is proceeding rapidly in all sections, and in some localities plowing and preparation of land for the second crop have begun.

RAPID TRANSIT IS ALL RIGHT

ATTORNEY GENERAL'S DEPARTMENT GIVES AN OPINION ON THE VALIDITY OF ITS FRANCHISE AND THE LEGALITY OF ITS FINANCIAL OPERATIONS UNDER ITS CHARTER—WAS APPROVED BY PRESIDENT DOLE JUST TOO LATE.

The opinion of Deputy Attorney General Prosser in the Honolulu Rapid Transit and Land Company's charter matter concludes with the following: "It is the opinion of this department that while the Act granting the franchise to the Honolulu Rapid Transit & Land Company was voidable, at the option of the Federal Government, as an illegal exercise of power, that such invalidity has been cured by the subsequent Act of Congress and by the approval of the President of the United States under the authority in him vested by Section 7 of the Organic Act. I have the honor to be, yours very respectfully,

(Signed) M. F. PROSSER, Assistant Attorney General.

The matter was investigated in accordance with a concurrent resolution of the last legislature, directing the attorney general to investigate the "financial transactions of the Honolulu Rapid Transit and Land Company for the purpose of ascertaining if any of its charter obligations to the Territory have been broken, and further, as to the validity of its franchise." As to the financial operations, the deputy attorney general's opinion says:

Honolulu, T. H., June 30, 1905. Hon. A. L. C. Atkinson, Acting Governor of the Territory of Hawaii, Honolulu.

Dear Sir: In pursuance of the concurrent resolution of the Legislature of the Territory of Hawaii, passed by the Senate on the 22nd day of April, 1905, and by the House of Representatives on the 26th day of April, 1905, directing this department to investigate the financial transactions of the Honolulu Rapid Transit & Land Co., for the purpose of ascertaining if any of its charter obligations to the Territory have been broken.

"The Company has not, so far as we are able to ascertain, through such financial transactions violated any of its charter obligations, and, in the is-

suance of stock and payment of dividends thereon, up to this date, is within the rights granted to it, as set forth in Chapter 68 of the Revised Laws of Hawaii."

Discussing the legality of the franchise the opinion says: "The Act of the Legislature of the Republic of Hawaii, Act 69 of the Laws of 1895, which granted the franchise under discussion, was passed by both houses of the Legislature on the 6th day of July, 1895, but did not receive the approval of the President of the Republic of Hawaii until the afternoon of the 7th day of July, about 5 p. m. The joint resolution of Congress 'To Provide for Annexing the Hawaiian Islands to the United States' was duly passed by both houses of Congress and approved by the President of the United States, on the 7th day of July, 1898, and was in force the whole of the 7th day of July in the year 1898.

"By virtue of such joint resolution, the Hawaiian Government ceased to exist as a sovereign power. In other words, on the 7th day of July, 1898, there was no such thing in existence as the Republic of Hawaii, and the officials thereof only continued in office for the purpose of performing purely municipal functions from that date. The Republic of Hawaii, or the Hawaiian Government, could, on the date first mentioned and thereafter, exercise no valid act of sovereignty, and the granting of a franchise is, beyond question, and exercise of such right. "In pursuance of the power vested in him by Section 73 of the Organic Act, above referred to, the President of the United States approved the franchise granted to the Honolulu Rapid Transit & Land Co., upon a certificate signed by President Dole of the Republic of Hawaii, which bears date the 23rd day of May, A. D. 1900, such approval also bearing the initials of the Attorney General of the United States"

PETERS TO RETIRE

Deputy Attorney General E. C. Peters is contemplating a withdrawal from the Department, and it is likely that he will re-enter private practice before very long. The scale of salaries established in the department has made all the incumbents dissatisfied, in fact, and other withdrawals are not at all unlikely. Peters has been the chief deputy in the department for a long time, and has handled a lot of important litigation. His withdrawal, it is stated, is likely to take place in September.

FISHERIES CASES.

The fisheries cases of the John II estate against the Territory were being heard yesterday afternoon by Judge De Bolt. Magoon and Lightfoot appear for the estate and Attorney General Lorrin Andrews for the Territory.

Only the chemistry of nature is employed in the manufacture of Rainier Beer. It is wholesome, invigorating and genuine.

Japanese Consul General Miki Saito has been advised by cable of the date when Baron Komura will take his departure from Yokohama for Washington to represent Japan as a peace plenipotentiary at the approaching conference with Russian representatives in August.

The dispatch is as follows: Washington, July 4, 1905. Japanese Consul, Honolulu: Komura, peace plenipotentiary, is expected to leave Japan on the 8th inst. and Minister Takahira has been appointed peace plenipotentiary also. TAKAHIRA.

Although the dispatch does not so state, it is evident that the Peace Envoy is not to come by way of Honolulu. No vessel will leave Yokohama by this route on the date mentioned, so the Baron is evidently to take the Empress line by way of Victoria.

During the absence of Baron Komura from Japan, his position of Minister of Foreign Affairs will be filled by the Japanese Prime Minister Count Katsura. Count Katsura will hold the portfolio temporarily during the absence of the regular minister.

KOREA NEARLY SAW FIGHTING

PACIFIC MAIL LINER WAS WITHIN FEW MILES OF THE SAVAGE SEA BATTLE IN MAY.

After an uneventful homeward trip but an interesting outward trip, the S. S. Korea arrived off the port last night at 7:30 o'clock from the Orient, en route to San Francisco. This is the first time that she has been commanded by Captain Zeeder, who has relieved Captain Seabury for a couple of trips. The new master brought the vessel along faster than usual. But for a strong current she would have made the port by 5 o'clock. None of the big vessels of the Pacific Mail Company are permitted to enter this harbor after dark, so the Korea laid outside until this morning when she entered and docked at the Hackfeld wharf to discharge a cargo of 900 tons of freight.

The vessel has a good sized crowd of through passengers and brought some cabin passengers for this port. Among the through passengers are: Seth Cook Comstock, wife and daughter, of London. They have been on a visit to Japan and are returning to London. Col. C. M. Ducar, Major Leigh Tracy, are British army officers, en route to London.

William Frazer is a prominent manufacturer of Milwaukee who has been touring the Orient. Lieut.-Comdr. C. E. Rommel, U. S. N., and Lieut. H. G. Gates, U. S. N., are detached from the Asiatic squadron and are returning East.

Israel Putnam is owner of the Manila Cablenews, and is on a visit to the States. Col. Gustav Schau, of the Siamese Government service is on a visit to his home in Denmark.

Carl Gaumet, Albert Helms, Joseph Loag and Frederick Wandres are identified with commercial interests in the Far East, and are en route to Germany.

Thomas F. McGraw, for many years a merchant in Japan, is on a visit to New York.

Harold Porter of the British Consular service, accompanied by Mrs. Porter, is en route from Seoul to London. A. L. Young of San Francisco is returning from a business trip to the Orient.

C. D. Thomas, a leading engineer of Hong Kong is en route for a visit to London.

James Woolworth, a leading citizen of Sandusky, Ohio, with his family, has been on a tour of the Orient.

Messrs. Terano, Matsumoto, Nishihara and Yamanouchi of Tokyo, are on a business visit to the States.

H. P. Fletcher appointed to be first secretary of the legation at Lisbon, is en route from his former post at Peking.

The Korea nearly ran into the fighting zone when Togo smashed Rojstvenky's fleet to pieces the latter part of May. At Moji by the Inland Sea of Japan, the Korea was stopped by a Japanese vessel and warned to look out, that the Russian fleet was outside in the Tsubushima Straits and a battle was in progress. Captain Zeeder says that some of the passengers claim that they heard the noise of the fighting. At Wosung, the seaport of Shanghai eight Russian auxiliary cruisers were seen.

The Korea will sail at 5 p. m. today for San Francisco. She will take a good sized crowd of passengers from this port. The vessel is due in San Francisco Monday morning.

KAUAI CRIMINAL CALENDAR TURNED OVER TO COUNTY ATTORNEY—DIVISION OF WORK.

The Territorial Attorney General's Department stands ready to take up some of the work of criminal cases in the county of Oahu or other counties, if it appears that there is too much work for the county attorney, and Attorney General Andrews says that he expects such assistance will have to be given in Honolulu, as there is likely to be more work than one man can attend to. No deputy is being sent to Kauai, for the term of court which begins this week, the calendar being placed in the hands of County Attorney Willard, who is prepared to take it up.

SIERRA MADE PORT TODAY

STEAMER ARRIVED FROM THE COLONIES AFTER AN UNEVENTFUL TRIP.

The S. S. Sierra arrived on time this morning from the Colonies after an uneventful trip. She left Sydney June 19 and her time to this port was 15 days, 12 hours and 17 minutes. The vessel brought 30 tons of freight for this port and has about 900 tons of through cargo.

She brought a good sized crowd of passengers for Honolulu, sixteen people stopping over. Among the arrivals was Hugh B. Rice, the passenger agent who has had charge of excursions to the Hawaiian Islands for many years in Southern California. He has been making a tour of the Far East and Australia, accompanied by Mrs. Rice, George Kunkel, the actor, arrived from Sydney.

Among the through passengers is Major A. Blewett of the British Indian army.

F. W. Roper is a business man of Christchurch, N. Z. He is going to the mainland with his wife.

A good sized crowd of people will depart on the vessel today from Honolulu for San Francisco. She is scheduled to depart at 3 p. m., but there are not many stevedores working and it will mean a rush to get her away on time.

TRENT GETS COIN. County Treasurer R. H. Trent secured the sum of \$2,500 in gold coin from the Territorial treasury yesterday afternoon. It was the first money to be paid to the County of Oahu. The money is from road taxes, which the legislature provided should be paid to the counties. This part of the new system went into effect on April 26, the date of approval of the act, and the money was therefore turned over. There is a sum of money from the same source due to each of the other counties.

QUIET ALONG WATERFRONT. With the exception of the steamships Korea, Sierra and Nebraskan, nothing was doing along the waterfront. All of the vessels dressed ship out of honor to the day. Two island steamers will depart this afternoon at 5 o'clock.
