ROBBERS GET BOOTY.

UNDERWOOD, N. B., September 15.—The vaults of two banks here have been blown up by robbers, who secured ten thousand pounds.

Blasting About The Manchuria

Blasting about the S. S. Manchuria was resumed this morning. As the result of the hauling yesterday the vessel was moved sideways toward the deep water, but finally late in the afternoon she stopped short and no amount of pulling could budge her. An examination disclosed the fact that her port bilge by the stern was held fast against a bank of coral and sand, while the starboard bow was held by a similar obstruction.

Captain Metcalf decided to blast away the obstruction on the starboard or lee side as the diver could work on that side of the vessel. The result is that the diver has been at work this morning blasting about the starboard bow and midship section of the wrecked vessel. The idea of giving this obstruction removed is to give the bow a larger space to swing. Hauling will then be done on the starboard bow anchors with the hope of getting the stern to move over the port obstruction.

There has been no change in the position of the vessel since last night and the work thus far today has been of a preliminary character before a second attempt at hauling is made. There has, of course, been no relaxation of the strain on the various lines that are to hold the vessel fast and prevent her losing any of the ground gained yesterday.

The local agents were considerably disappointed over the stoppage of the work of salvaging the vessel, as it had even been hoped that she might be pulled off in time to enable her to reach this harbor by late yesterday or today.

It is likely that there may have to be a shifting of the anchors about the Manchuria. In any event there is now a delay in the hauling.

The Southern California editors were given a luau in Hilo on September 12.

YACHTS START

The first class yacht race started at 11:08 a. m. The yachts entered were the Kamehameha and Hawaii.

The yachts got a beautiful start and the last seen of them the Hawaii was leading with the Kamehameha second. The course is around the bell buoy at Pearl Harbor.

The second class yacht race started. Those entered were the Princess and Myrtle. The Princess led as they passed from sight.

BROKE ALL RECORDS

Hawaii won by 1 minute. Broke all records to Pearl Harbor and return. Total sailing time, 2 hours, 46 minutes. Kamehameha finished first in 2 hours and 39 minutes. Hawaii had 8 minutes handicap.

TRANSPORT DANCE AT SEASIDE TONIGHT.

A hoop will be given at the Seaside Hotel tonight in honor of the officers and ladies of the Transports Sheridan and Buford. Members of the Healan and Myrtle Boat Clubs as well as the Editorial Party will be especially welcome. The Myrtle benefit will be over by 10 o'clock, when all will wind their way to the Seaside for Regatta Day dance.

A GOOD FAMILY LINIMENT.

Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, scalds or similar injuries, which are of frequent occurrence in every household, there is nothing so good. It cools and soothes the wound and not only gives instant relief but brings out a speedy and permanent cure. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

HOW IT IS DONE.

By handling large quantities of goods and by selling these goods at a very small margin of profit we are able to make prices on Japanese articles that cannot be duplicated in Honolulu. K. Yamamoto, wholesale merchant, Hotel near Nuuanu.

MYRTLES BEGIN THE DAY WITH A VICTORY

SENIORS HAD A HARD CONTEST

MYRTLES WON BY GAINING CONSIDERABLE TIME IN THE TURNING.

After a beautiful race the Myrtles took the Senior six oared barge race from the Healanis by three boat lengths or 12 seconds in time.

The start was made in splendid style, both crews immediately going to work. The Healanis left the Myrtles with the first hundred yards by a boat length. By the time the lighthouse was reached the Healanis led by three lengths.

The Healanis continued to lead until the turn was reached. Here they lost heavily in turning and the Myrtles took the lead which they held until the finish.

There is considerable difference in the two barges. The Myrtle boat turns easier and much time is saved. It was on the turn that the Myrtles won. The Healanis pulled a wonderful race and had the race over a straight course they doubtless would have won. The Myrtles earned their victory. It was not the walkover they expected.

The course started from the railroad wharf and was out and around the outside bell buoy.

The time of the race was Myrtles 16:45 4-5 seconds, Healanis 16:57 3-5.

The race caused considerable surprise among the spectators for it was thought that the race was a gift to the Myrtles. They received it but it was not a gift by any means.

Both of the crews were enthusiastically cheered by their partisans ashore. Both crews were completely out when the finish line was crossed.

THE HEALANIS DISTANCED

MYRTLES CROSS THE LINE FIFTY SECONDS AHEAD IN THE SECOND INTER-CLUB RACE.

The Myrtles pulled to victory in the Freshman six oared barge. They distanced the Healanis and crossed the line 50 seconds ahead. It was a pretty race but on the return it could be easily seen that the blue and white would be distanced in spite of all they could do.

Again in this race the Myrtle boat helped them materially in winning for on the turn the boat was much the faster. It is over 8 feet shorter.

The Healanis boat reached the turn first but the Myrtles gained three lengths before the Healanis were rounded and started for home.

Captain Lansing of the Healanis and Philip Croyn at No. 4 pulled magnificent oars. The stroke of the Myrtles would be hard to better. It was a splendid exhibition of team work. They deserve victory.

The scene at the Myrtle boat house when the Myrtles passed on the return would be hard indeed to describe. The wearers of the red and white were mad with delight. Their taste of victory in the first event only madened them for more. One victory! They wanted them all!

The Healanis although badly distanced hung on determinedly until the end. They were completely out when the race was finished.

KONA CREW WINS CANOE RACE

BROWN'S ALABAMA BADLY DISTANCED—HANAKEOKI'S CLOSE SECOND.

Although the races between the local boat clubs were supposed to be the ones about which the interest of the day centered, still there was every bit as much excitement over the native canoe race as over what were supposed to be the main events.

The crew from Kona entered by Prince Cupid won the race. They distanced the Hanakeoki crew by one second. The Alabama entered by A. M. Brown was distanced in the contest.

From start to finish the race was close and the excitement was intense throughout. The course was from the railroad wharf to the lighthouse and return to the Judges boat.

All of the crews were gaily dressed, the Kona being in white, the Hanakeoki in light blue and the Brown in red.

After the race Prince Cupid exclaimed "Well for once we dumped Brown." Following this race the gun for noon was shot and the intermission taken. It was 1 o'clock when the gun sounded.

SAILING OF THE BUFORD.

The transport Buford is expected to sail at 10 o'clock Monday morning for San Francisco. The steamer Iwaland had not returned this morning from the wrecked Sheridan.

THE EVENTS AND THE WINNERS

THE RECORD OF RESULTS SO FAR AS THEY HAVE BEEN MADE TODAY.

The first race was started at 9:49 a. m. It was a six oared gig race with stationary seats. The entries were the Kanoelani by Prince Cupid and the Kapiolani by George Harris. It was won by the Kanoelani by about three boat lengths. The race was very close from the start to finish both crews being evenly matched. The time was 28 minutes 25 3-5 seconds.

Senior six-oared barge race, won by Myrtles. Time: Myrtles 16:45 4-5; Healanis 16:57 3-5.

The entries were:

Alf Rogers, entered by Myrtle Boat Club. Crew: Stroke, L. C. King; No. 5, W. H. Soper; No. 4, L. Underwood; No. 3, Sam Johnson; No. 2, A. Ewart; No. 1, K. Brown, coxswain, L. Hough. Healanis, entered by Healanis Boat Club. Crew: Stroke, Paul J. Jarret; No. 5, Geo. Freeth; No. 4, R. McCorrison; No. 3, H. L. Sullivan; No. 2, M. P. Robinson; No. 1, V. Fernandez; coxswain, H. Steiner.

Freshman six-oared sliding seat barge race. Myrtles won by fifty seconds, distanced the Healanis.

Five-oared whale boat race. Pilot boats No. 1 by Charles Olo and No. 2 by Pardy entries; won by No. 1.

SENIOR PAIR-OAR RACE. Healanis won by two lengths from Myrtle.

SECOND-CLASS YACHT RACE. Won by Princess by 8 minutes. Canoe race—Won by Kona crew by 1 second.

WHO'S WHO ON THE TICKET

It was about nine o'clock when balloting began in the Republican county convention last night, and considerably after midnight when the results were completed. Precinct by precinct, the delegates were called upon to enter the secret booths on the stage of the convention hall, and mark printed ballots, to signify their choices for the nominations. After marking ballots they deposited them with the clerks of the convention, who placed them in a ballot box and after all were cast a count was had.

The final result was the nomination of the following ticket:

FALL OF LANE AND FIFTH'S CAPTURE OF COMMITTEE

THE TWO FEATURES OF THE REPUBLICAN COUNTY CONVENTION—SUNDAY SCHOOL CLASS IS NOWHERE IN A TEST OF STRENGTH OVER THE EFFORT TO NOMINATE NAGARAN FERNANDEZ—FIFTH CONTROLS THE COMMITTEE.

The main talk of the "morning after" among politicians is the disastrous route of the John Lane forces. Fernandez was the only issue hard his strength combined with that of fought by Lane, and Dwight beat him. Nagaran Fernandez, mustered only 74 votes in the combined Fourth and Fifth District convention. With this showing, it is being said today, the meeting of the Sunday school class tomorrow is likely to be a very solemn prayer meeting. The nomination of Fernandez was the only issue hard nearly two to one.

District partisans of both districts had something to jubilate over. The

TUG AND DREDGER ARE LIBELED

United States Marshal Hendry last evening seized the tug Fearless which was being put in readiness for a trip to the coast and left for Waimanalo to serve papers also on the dredger Pacific, both vessel being libeled for \$15,000 in an action resulting from the grounding of the schooner Mary E. Foster in a reef in the harbor during last March.

The Fearless was seized last evening as she lay at the Oceanic dock with every thing in readiness for her departure for the coast. A man was placed on board by the Marshal.

The seizure of the two vessels will not interfere in any way with their work only they will not be allowed to leave the jurisdiction of the United States District Court of the Territory.

The libellants in the action are the corporations of Pope & Talbot, Renton, Holmes & Co., and Allen & Robinson, and Mary E. Foster, W. G. Irwin, H. J. Harrison and T. Thompson. The date for hearing the case is set for Friday next, September 21.

THE WORK OF THE CONVENTION

HOW THE GATHERING OF THE REPRESENTATIVES OF THE PARTY DID THEIR WORK.

The afternoon session of the Republican county convention yesterday did not begin until nearly four in the afternoon, owing to the lateness of the committee on rules, which took an extra couple of hours in handling its work, instead of appearing at two o'clock as was intended when the noon recess was taken. When it did appear it presented two reports. The part of the majority report regarding the secret ballot was as follows:

3. In making nominations for office and the voting shall in all cases where there is more than one nominee be by secret ballot and it shall be compulsory upon each delegate before casting a ballot to enter the booths provided for that purpose, and mark his ballot.

4. That there shall be four different ballots, to wit:

a. Ballot for nominations provided for in Rule 2, Section D, of white paper.

b. Ballot for name as provided in Section E shall be of green paper.

c. Ballots for Representatives in the Fourth Representative District shall be blue paper.

d. Ballots for the Representatives of the Fifth Representative District shall be of cherry paper.

No ballots shall be used except those authorized and furnished by the chairman of this convention.

5. That the balloting for candidates of this convention be as follows: On the call of the chairman commencing with the Fourth District, first precinct, and thereafter in regular numerical order. Taking the Fifth District in the same numerical order.

6. That the judges of the election, tellers and all other necessary officers in connection with the balloting be appointed by the chairman.

7. A majority of the membership of the convention shall constitute a quorum for the transaction of the business of the convention.

8. No member of the convention shall speak longer than five minutes on any subject coming before the convention.

9. These rules may be suspended by three-fourths vote of the delegates present.

The minority report was as follows: "We the undersigned, members of the Committee on Rules, here agree with the majority report of said committee with the exception known as Section H, relating to election of County Committee. In the interest of proper apportionment of said committee, we believe that in accordance with the voting power of the two districts as shown by the last election the apportionment should be as follows:

"The Representative District having cast the highest number of votes in the last general election for Delegate to Congress, sixteen and the Representative having cast the lower number of votes at such election fifteen. Such County Committees shall be appointed by the chairman of the County and District Convention on the nomination of the respective precinct delegations so that each precinct shall have at least one committeeman.

Be it further Resolved, That the County Committee shall have the right to make and alter rules (not inconsistent herewith nor inconsistent with the general rules of the Territorial Committee) for the government of the County Committee and all subordinate officers.

JAMES F. MORGAN, W. F. DRAKE, J. S. AEA, A. T. BROCK, H. J. JOHNSTON.

Harris ruled the minority report out of order, and about the liveliest fight of the convention resulted. The second of the Fourth led in an appeal from the chair and most of the Fourth district voted to sustain the appeal. The Fifth was solid for the chair, however, and enough of the Fourth went the same way to sustain Harris' ruling. On motion of Jones the vote was made unanimous and then the minority report was ordered referred to the Territorial Central Committee as the recommendation of the convention.

This was opposed by the Fifth, and an aye and no vote, then a rising vote, were taken. Harris decided that the aye had it. Another appeal and division were threatened, but Harris stayed off further trouble by asking unanimous consent that the matter be deferred for consideration under the head of "other business."

As it stands, the county committee consists of 12 members from the Fifth and 16 from the Fourth, the rules providing for one member from each precinct. The minority report, which goes to the Territorial Committee as a recommendation would give the Fourth 16 and the Fifth 15 members, as long as the Fourth's vote remains the larger.

The following permanent officers were quickly named without opposition: Kalelopu, vice chairman, after Clarence Crabbe had declined. W. E. Brown, treasurer, and R. W. Breckons sergeant-at-arms.

Adoption of the platform, published in The Star yesterday, followed. It went through without discussion, except that Henry Vida moved the addition of a formal endorsement of Delegate Kalaniana'ole, to which there was no objection.

The rest of the afternoon was devoted to nominations, and by six o'clock they were all closed and an adjournment was taken until 7:30 to allow time for the printing of the ballots. The nominating speeches were all brief. They began with the naming of C. F. Chillingworth for Senator by Col. Jones. Kallimal nominated Lilikalani, Oscar Cox nominated Mc-

Candless, the Boy Orator named W. O. Smith and Joe Kalana spoke for C. B. Maile, all for senators.

Jack Lucas nominated W. W. Harris for supervisor at large and immediately the nomination was made by acclamation. E. A. Douthitt was to have nominated A. M. Brown, but police officer Makalena was overcome by enthusiasm and did the nominating in his own way. J. M. Gorman nominated Kalelopu for clerk, and the nomination was made by acclamation. Harbottle spoke for Long for county attorney, Breckons named J. W. Cathcart and Ollie Sorenson named Frank Andrade.

Kalelopu named Waterhouse for treasurer and after a second by A. Garvie the vote of the convention was ordered cast for Waterhouse.

W. E. Brown put James Bicknell in nomination for auditor, Joe Pearce named H. M. Dow and Amana named Kuewa.

The convention took a recess at this time until 7:30 and the districts went into caucus to make their own nominations. At about eight o'clock convention work was resumed in a crowded hall.

Before the voting began, those who had been placed in nomination appeared on the platform and declared that they would abide by the result of the voting and support the Republican platform. The Senatorial nominees came first, then the nominees for county offices and the representatives. The pledges of W. T. Rawlins and Walter Dillingham who were absent, were stated by the chair to have been satisfactorily given.

Chillingworth led with the biggest vote of the convention. He had 245 W. O. Smith had 205 and L. L. McCandless 197. All three were therefore far ahead of the number needed to make a nomination, and were declared nominated.

The principal factional result of the day was the dumping of John Lane. Lane's greatest fight was for Nagaran Fernandez for supervisor. The Sam Johnson ticket all through the day was Dwight as against Fernandez, and Hustace and Dillingham from the Fourth, with A. V. Gear to get the support if Dillingham couldn't win. This was also the police ticket and it was the ticket which Brown men said early in the day would go through. After one ballot showing Dillingham's weakness, it went through by withdrawal of Dillingham's name. Dwight led the vote and Fernandez was next to the last. Dwight and Hustace had enough on the first ballot. Jim Quinn and Dillingham withdrew and then the nomination was given to Gear as the only candidate left. The ballot taken gave the following figures: Walter Dillingham, 89; Samuel C. Dwight, 135; Nagaran Fernandez, 74; A. V. Gear, 112; Charles Hustace, Jr., 120; J. C. Quinn, 66.

For deputy sheriff of Honolulu Vida got 127 votes and Jack Kalakela 97, making Vida the choice.

The vote on Fourth District representatives showed the following result: A. D. Castro, 78; A. G. Correa, 83; George K. Ewaliko, 14; John A. Hughes, 83; Duke Kahanamoku 77; W. H. Kallimal 20; James H. S. Kaleo, 123; John M. Keoloha, 29; Daniel Kikaha, 40; E. A. Long 102; S. Kenul Nakapahu, 24; E. W. Quinn 122; W. T. Rawlins 132.

This nominated Kaleo, Long, Quinn and Rawlins. Nakapahu withdrew. The next ballot nominated Hughes and Castro.

The outside deputy sheriffs and De Fries for supervisor from Ewa were nominated by motions that the secretary cast the conventions' ballots for them, there being no opposition.

Before adjournment, county committee members were named, by precincts, as follows:

Fourth District: 1, J. H. Boyd; 2, G. Mail; 3, C. H. Cooke; 4, C. W. Zeigler; 5, C. Coster; 6, Sam Johnson; 7, J. M. Gorman; 8, H. E. Murray; 9, C. W. Booth; 10, Mauloia.

Fifth District—1, John Bell; 2, L. K. Nainoa; 3, W. W. Goodale; 4, Fred Myers; 5, D. Douglas; 6, James A. Loy; 7, H. C. Vida; 8, James W. Lloyd; 9, N. Fernandez; 10, S. Kalelopu; 11, S. Pihanaia; 12, C. H. Clarke; 13, J. K. Kalelopu.

SCHOOL DAYS.

It's lonesome in the stable yard and where the chickens peep,
It's dull and stupid 'round the house,
The kitten's fast asleep;
Old Towser, nosin' everywhere and huntin' 'round the place,
Comes back to whine and paw my knee and look up in my face;
And Mother, in the kitchen there, amongst the pans and things,
Is busy, but I haven't heard the song she always sings;
There's somethin' missin', somethin' wrong, that spiles the work and play—
And don't I know it? Well, I guess! He's gone to school today.

He started out at half-past eight, all rigged up in his best,
And with his slate beneath his arm, the books and all the rest;
And Mother fixed his tie once more, and did her best to smile,
And I stood by and praised him up and laughed about his 'style.'
But when he marched off down the road and stopped to wave good-by,
'Twas kind of choky in my throat and misty in my eye.
Proud of him? Well, I rather guess! And happy, too—but say!
It's mighty lonesome 'round the place—he's gone to school today.

But 'tisn't the lonesomeness that alle us, don't you know;
It isn't just because he's gone till four o'clock or so;
It's like the little worsted socks that's in the bureau there—
It's like the little dresses, too, that once he used to wear.
The thought that something's past and gone, outgrown and put away—
That brings to Mother's heart and mine the bitter-sweet today;
It's just another forward step in Time's unchangin' rule—
Our baby's left us now for good; our boy has gone to school.

—Saturday Evening Post.

David Belasco, the great feminine analyst, says:

"An actress need not be beautiful. When a woman is very beautiful, so that one could call her features classic, I have found that she has never felt any great emotion. Even as a child she could have had no heart.

"Magnetism must be inherent in the candidate for stage honors; it cannot be made. It may betray itself in sweetness of voice, in the brightness of the eye, or the lurking smile. One who is endowed with this mysterious power is like a blood-red rose, pulsating with life, feeling, passion, and completely expressive of all that is inspirational in art.

"The successful actress must have a face that can depict emotion. I have seen women who showed the very depths of a feminine soul in a mere fleeting smile. As for a woman's figure, I prefer that she should be slender and lithe.

"The true artist possesses a native culture which has nothing to do with formal education, but is rather a product of honesty, humanity and gentleness.

"The one great essential for success on the stage lies in the qualities of the voice. A woman's voice must be in harmony with her face. The features and the tones must be one in dramatic influence, and together their power is invincible.

"Physical endurance is one of the things that an actress must possess. She must have the vitality of a greyhound; not always apparent on the outside, but storing its energies for the period of struggle."

The society of men and women—who look at all things in the pleasantest light, who never take unmeaning affronts, whose presence always is of help upon the troubled waters, or necessity must be agreeable. The French always have appreciated this, and have cultivated good humor as a positive accomplishment.

By other nations this has been deemed a token of insincerity. Not so. To be good-humored always simply is to ignore offenses whenever this is possible; to bear no grudge; to utter no harsh criticisms; to respect the pet foibles of one's associates; to tolerate all amiable expressions; to not see, or, seeing, to ignore, all the attempts of the rudely nurtured to slight or to snub those whom they care not to favor, and even to submit to any endurable amount of imposition rather than to disturb the general peace; in short, to think more of the common good will and happiness than one's own individual tastes, prejudices, desires, or even rights, that are not essential to one's own mental and physical well-being or that of other persons.

Embroidered collars and cuffs, always most attractive with morning frocks of linen, pique, chambray and woolen goods, are losing none of their popularity as the season advances. Of course, the desire of every feminine soul is for hand embroidery, and the woman who longs for it and doesn't try a little work of that kind on her own account is in the minority. Work on the very fine linen is sometimes hard on the eyes, but the simple embroidery, with heavy thread on the heavy linen, is not too exacting for the ordinary woman when done in a good light. Of course, all embroidery is hard on the person with unusually weak eyes.

The collars and cuffs are all exceedingly good style, both in cut and ornamentation. They are all of styles adaptable to old and young. Even the simplest of them when hand made and on good material is much prettier and more stylish than the most elaborate machine-made collars, especially such as are trimmed with cheap lace.

Poultry Bigelow relates in some reminiscences how he attempted on one occasion to interview Paul Kruger and how he met with the treatment experienced by many other interviewers who had endeavored to chat with the President of the Boers.

Mr. Bigelow found the old man in a very bad humor, and could only get monosyllables in reply to his questions. He employed every art of the interviewer, but to no avail. Finally, despairing of getting any information of use to him by straight questioning, he determined to be diplomatic and approached Mr. Kruger from his family side. So he said, very nonchalantly:

"Is your wife entertaining this season?"
"Short and sharp came the gruff answer: 'Not very.'"
"And the interview closed here."

A recent English bride who married a lieutenant in the royal navy had her wedding bouquet tied with a white ribbon with H. M. S. Antrim stamped in silver letters. The mauve sweet-pea bouquets of the attendants were tied with mauve ribbons also stamped with the name of the ship.

INFANT MORTALITY.

The attention of the Town Council at Johannesburg, Transvaal, was last year directed to the fact that out of eighty-four infants, who died in December, forty-four of them had died of dysentery. An investigation with a view of tracing the source of the disease was authorized. Under the best of conditions attacks of dysentery are very prevalent among children in warm weather, but in a large majority of cases the lives of the little ones can be saved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy always brings prompt relief, and has never been known to fail. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

WAIANAE LAND MAY BE OPENED

LAND IS WELL FITTED FOR THE RAISING OF SISAL OR DRY LAND COTTON.

Land Commissioner Pratt is thinking of opening some land at Waianae. The land is situated on the lower edge of Lanuilei and contains about 777 acres. It has an average depth of 2000 feet mauka from the railway, and runs from Nanaluki ridge to Kamalii-hi hill.

Mr. Pratt has stated that the method of opening this land had not yet been decided.

One man had informed him he would be willing to take up a quarter of the tract under a right of purchase lease. There might be others desirous of applying for similar allotments. Possibly the tract might be cut up into suitable homestead lots and put up at auction on the plan of time payments.

Mr. Pratt agreed with the opinion of others quoted to him that the land was probably well adapted to the cultivation of sisal. To thought sisal-raising might pay as well there as at the neighboring sisal plantation in Ewa.

Another product that has been suggested as feasible of raising there is dry land cotton. The land has upon it a fine forest of algaroba, which would assist in paying the expenses of clearing and planting. What might be left uncleared upon a 100 or 200 acre homestead would, it is said, sustain fifty or a hundred hives of bees, not to mention the value of the algaroba beans as fodder for dairy cattle. The land is also well adapted to the raising of poultry.

Building Commissioner Bartzon is somewhat vociferous in his methods, but he is right about the billboard monstrosity. The billboard is not only an eyesore but it is a menace to life and limb. It will have to go eventually, though its maintainers may delay the consummation by "testing" the law which calls for its extermination. The billboard nuisance is, of course, based upon property rights; otherwise it could not have persisted as long as it has. But property rights constitute the basis of most other nuisances, too, and other nuisances have been abated—some of them. The billboard, therefore, is not invulnerable.—Chicago Chronicle.

THE LEONARD IS BEST

Leonard Cleanable Refrigerators are built with eight walls, each wall as follows: Outside is wood, then dead air space, then a layer of parchment sheathing, then a layer of mineral wool then a waterproof sheathing and finally the inside zinc wall. Air cannot possibly pass through these barriers and the air within is dry and pure. The doors are airtight.

The ice is protected from outside heat and cannot melt rapidly. Take a match and leave it in the Leonard all night, then strike it. This is the test for dampness. Very few refrigerators can stand it. The Leonard is dry and keeps food pure and fresh.

The Leonard Cleanable Refrigerator is easiest in the world to clean. The inside parts are made to be removed and you can get into every corner. The circulation of air is founded on the latest scientific principles.

It is economical because it saves ice and is strongly constructed. We guarantee satisfaction in every one we sell.

Yesterday's Convention

The Republican convention yesterday avoided some bad nominations it might have made and which it was feared it would make. It nominated some excellent men. The ticket is not one to grow enthusiastic over, at least not on first

examination.

The convention very effectually turned down some leadership aspirations, and in the same wholesome way reduced the obnoxiousness of the secrecy program which had been forced on it, to perhaps as small limits as such a discreditable rule was capable of being reduced to.

It is probably more than anyone expects that the whole ticket will be elected, yet this will depend somewhat on what nominations are made by other parties.

On the whole there was a good deal in the convention that is encouraging, though there were evident many tendencies that will have to be altered before we can be wholly proud of our island politics.

Regatta Day And Its Meaning

This is Regatta Day. For the eleventh time this distinctively Hawaiian day of public aquatic sports will be celebrated. The day was set apart and made a public holiday by the legislature in recognition of the fact that from our environment and opportunities aquatic sports naturally have a large place in the thought and habits of our people, and that it was appropriate that public recognition of this fact should be made. There was perhaps also something in the fact that the overthrow of the monarchy had destroyed certain holidays, to which the public was accustomed, and putting this in its place, would fill a real want.

Though the day seems to be celebrated with undiminished interest, it is probably doubtful if a legislature now would set apart this day for this purpose, if it had not been done when it was. Hawaii is much less of a holiday country than it was a few years ago. The modern spirit of business has taken a stronger hold than it used to have. Business is more impatient of interruption than it used to be. The displacing of sailing vessels by steamships run on regular schedules, the presence of the cable, which connects us with the rest of the world throughout the whole twenty-four hours, and which never takes a holiday, have each had their influence in destroying the holiday spirit. In the old days when there was no cable, when a steamship had cast off and was out of the harbor the islands were cut off from the world, and shut in wholly to themselves. The islands could then easily take a holiday without disrupting or discommoding any business or business arrangements. But our relations with the rest of the world are now so intimate that every holiday, which is not a world-wide holiday, or at least an American holiday, has its decided disadvantages.

Still Regatta Day is so appropriate and in keeping with our tastes and environment, that it is a matter of congratulation that it is celebrated with so much enthusiasm, and it is to be hoped it will long survive as a well observed day.

The Autonomy Of Conventions

The platform adopted by the Republican County convention yesterday is in rather an unusual form. Instead of being in the form of a platform, enunciating the political principles of the Republican party of the County, it is

in the much more humble form of an obedient approval of the platform adopted at the Territorial convention, with some additions all in a very respectful tone. There is none of the outspoken, resonant, self-reliant declaration of the political convention, the kind the American ear is accustomed to hearing, and the kind that fits in with the self-reliant American spirit.

It is understood that the platform took the form it did as a means of averting a time-wasting debate in the convention. The committee, it is said, expected to prepare the platform in the usual form but were given to understand that it would be objected to in that form, on the ground that the Territorial convention having enunciated a platform, the County convention of Oahu could not adopt a platform that would be any different from it. Simply to avoid raising the issue and the waste of time that would be sure to follow, the course adopted was chosen.

That any such idea of limitation of the right of the convention to adopt a platform should have arisen, is only added evidence of the peculiar turn of thought in regard to political methods and customs that prevail in Hawaii. It arises from a wholly erroneous belief in regard to the relation of the political conventions of different parts of a state or territory to each other. From the national convention of a political party, down to the village or township convention, each is autonomous, and has the full right to declare whatever political principles it chooses. Thus in the United States at the present time Republican party conventions in some parts of the country are declaring for tariff revision, while others are declaring against it. In Iowa where the State convention, while controlled by the revisionists, adopted a non-committal plank on this subject, county and congressional district conventions have been declaring, some one way and some the other, and no one ever thought that they didn't have a right to. In 1896, the California State Republican convention declared for free silver at the ratio of 16 to 1, and instructed its delegates to the St. Louis convention to seek to secure its adoption there, while the St. Louis convention that nominated McKinley, declared for the gold standard.

Of course, as a matter of expediency, there ought not to be sharp contradictions between the platforms of the different conventions of the same party. But as a matter of right every convention, no matter how small a territory, or population, it represents, has complete and perfect autonomy, and has the right to frame whatever platform it chooses. The smallest village convention may make pronouncement, if it chooses, on tariff and foreign relations, imperialism or any other subject. It is not material, so far as the rights of conventions are concerned, whether it is in harmony with the pronouncements of the national convention of the party or not. Each convention simply declares the principles by which, in its judgment, the party within the governmental jurisdiction for which it speaks, ought to be guided.

As a matter of fact, it is from this perfect freedom and autonomy of the party conventions of minor jurisdictions, that the impetus and impulse in new directions comes to national conventions.

New conditions give rise to the necessity for new policies. Every township, city, village, county or state, has equal right to suggest the necessary policy. This it can do through its local platforms, and it is these, in general, which influence the state convention in its pronouncement, and it is the state conventions that in general influence

Breckons was the sergeant-at-arms, but by no means the big stick of the convention.

The Japanese Consul General has given added evidence in his proclamation that the proposal in the Daily Japanese Chronicle that Japan should send a war vessel here to secure more courteous treatment of the Japanese, has struck a responsive chord in the Japanese colony.

The Massachusetts Democrats are talking of nominating William L. Douglas for governor again. They claim his governorship was as good as shoes.

The candor of Consul General Saito in acknowledging the error of his views and the correctness of those who were opposed to him, and his cordial efforts to secure the changes asked in the regulations regarding emigration from Japan, is refreshing. The frankness with which his change is accepted and the restoration of cordial relations is creditable alike to both sides. It may be that the Japanese have something to teach the Anglo-Saxon in the matter of candid acknowledgement of a change of views.

HONEST MEN AND WOMEN ENDORSE PE-RU-NA

DR. J. W. JEFFEL

Neglected Catarrh Becomes Chronic.

THERE are some things which are as sure as fate, and can be relied on to occur to at least one-half of the human family unless means are taken to prevent.

First, colds not promptly cured are sure to cause catarrh.

Second, catarrh improperly treated is sure to make life short and miserable.

The Destructive Power of Catarrh. Catarrh spares no organ or function of the body.

It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and excretion.

It pervades every part of the human body, head, throat, stomach, bowels, bronchial tubes, lungs, liver, kidneys, bladder and other pelvic organs.

The Curative Power of Pe-ru-na.

There is no fact in popular medical science better established than that a tea-spoonful of Peruna before each meal will surely lessen the danger of catching cold.

Now, since this is true, and experience bears it out most forcefully, thousands of lives would be saved, and tens of thousands of cases of chronic catarrh prevented by this simple precaution within reach of every one.

Peruna is not simply a palliative to relieve some of the distressing symptoms. It brings permanent relief.

Gained Fifty Pounds in Weight.

Mr. John C. Russell, 810 County St., Portsmouth, Va., writes, regarding his wife's case, as follows:

"I thought I would be doing but justice to your great medicine to tell you what it has done for my wife.

"Two years ago the doctor called at our house on an average of three times a week in attendance upon my wife who was suffering from acute indigestion.

"While on a visit to some friends she had an attack and I prepared to go for the doctor when our friend proposed Peruna.

"I gave her a dose, repeating it in a half hour and her pains passed away. Since that time my wife has gained thirty pounds."

"We are never out of Peruna. When the children or I have a cold we take some of mamma's Peruna.

"I find that it has cut my doctor bills down to almost nothing."

Thousands of Testimonials.

We have on file thousands of testimonials like the ones given here.

We can give our readers only a slight glimpse of the vast array of unsolicited endorsements we are receiving every month.

Probably no other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

For free medical advice, address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

MISS DELLA STROEBE

MISS MARIE L. MEUNIER

PRINCE JONAH KALAMIANOALE

HON. C. C. BROOKS

Recommends Pe-ru-na Highly.

Miss Marie L. Meunier, 905 Ontario street, Montreal, P. Q., Can., writes: "I take pleasure in stating that I have been cured of catarrh by Peruna. This disease made my life miserable, especially in the morning, when I had to cough and spit and make every effort to clear my throat and air passages. This remedy cured me promptly and I recommend it most highly to persons afflicted with this terrible disease."

Health Restored By Pe-ru-na.

Miss Della Stroebe, 710 Richmond street, Appleton, Wis., writes: "For several years I was in a run-down condition, and I could find no relief from doctors and medicines. I could not enjoy my meals and could not sleep at night. I had heavy dark circles about the eyes. My friends were much alarmed. I was advised to give Peruna a trial and to my joy I began to improve with the first bottle. After taking six bottles I felt completely cured. I cannot say too much for Peruna as a medicine for women in a run-down condition."

Pe-ru-na For General Debility.

Mrs. M. W. Sefel, 212 Matagorda St., San Antonio, Tex., writes: "I have used Peruna for general debility and have found it very beneficial."

Mr. William H. Switzer, 325 E. 33d street, New York City, writes: "I was troubled with catarrh of the throat particularly and suffered considerably as a result thereof for a period of about five years, and my general health was affected. Three years ago I was forced to give up business, and took up my residence in the Western country, looking for relief in a change of climate as well as a change in the method of treatment for my ailment. I had known of Peruna before, but my belief seemed to lie in private treatment. After much expense, both here and in the West, I was induced by a friend in Chicago to try Peruna. I began the use of same whilst there and continued it for about five weeks, at the end of which time I returned to New York, both well and happy. A copy of which surrounds each bottle. Peruna is for sale by the

"I am now no longer taking Peruna, but, if the necessity should again arise, I shall remember its friendship. Furthermore, I shall always be pleased to speak a word in favor of this excellent remedy."

Recommends Pe-ru-na. Miss Theresa A. Lund, Sec'y Alpha Lodge, No. 1103, M. B. A., Marinette, Wis., writes: "I have used your Peruna for catarrh and have found it to be all that you claim for it. I cheerfully recommend Peruna to any one suffering from catarrh, as I believe that, as in my case, it will prove a sure cure."

Gives Pe-ru-na Credit. Mr. James D. King, Alamo Hotel, Colorado Springs, Col., member Youmans of America, writes: "I had to come here on account of lung trouble and found that my recovery was very slow. A friend suggested that I try Peruna and I did so. I began to improve very rapidly and I kept right on using it. In four months my lungs were all healed and my cough all gone. I feel that much of the credit is due to Peruna and I am pleased to endorse it."

For free medical advice, address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

Pe-ru-na Recommended For Coughs and Colds.

Prince Jonah Kalamianoale, 1522 K street, N. W., Washington, D. C., Delegate in Congress from Hawaii, writes: "I can cheerfully recommend your Peruna as a very effective remedy for coughs, colds and catarrhal trouble."

Hughes Will Leave The Civics

RESULT OF HIS REPUBLICAN CANDIDACY EXPECTED TO FORCE CIVIC WITHDRAWAL.

The nomination of John Hughes for the House, it is said, probably means his resignation from the Civic Federation. Hughes pledged himself to the Republicans last night, that he would support the platform and ticket, and that if any organization, of which he is a member shall oppose or work against the party or any of its nominees, he will resign from such organization.

The Civics are expected to oppose some of the Republican ticket, in which event Hughes, who is one of its executive committee, will, it is said, resign. It is said that some others will follow him.

the Fifth District majority will legislate itself into a minority.

The delegates of the second of the Fourth are congratulating themselves on having done a lot of victory-winning. The senatorial ticket to begin with was their choice, and they won on representatives. Early in the day they entered the fight for Cathcart and for an endorsement of Governor Carter, and both propositions carried. After the first ballot on supervisors, in which the precinct gave its 19 solid for Dillingham, the 19 went to Gear, before Dillingham's withdrawal was announced. The deputy sheriff's office was where the second met its defeat. It was 19 for Kialakiela, who was nowhere when the result was announced.

Both Sam Johnson and Brown are regarded as strengthened by the result. It is understood that the prospective new supervisors are friendly to both, though Johnson fought during most of the session for Dillingham as against Gear. The Brown forces are well satisfied with Gear and Hustace.

TOILED ALL NIGHT OVER THE BARGES

BARGES WERE SUBJECTED TO A MOST SEARCHING SCRUTINY FOR FLAWS.

All night long Peter Baron the father of the Henlans toiled over the barge in which the Healan Senior and freshman crews pulled today. It was not until four o'clock this morning that he left the boat in what he called a satisfactory condition.

The boat was scoured, scrubbed, and scraped until its bottom was as smooth as glass. Then work inside commenced and all the braces were reinforced and new ones substituted where it was thought that they were necessary. Foot rests were overhauled and every portion of the boat was gone over as if by a fine tooth comb in order to detect every conceivable flaw in the barge.

In the Myrtle boat club the same thing took place. Their boats were subjected to the same searching scrutiny and it was made sure that there was nothing that could be made better.

Both of the crews got to bed early last evening and a long night's rest was had according to the different members of the crews. The boys all looked in splendid shape this morning before the race.

The usual Salvation Army meetings will be held next week, with Adjutant and Mrs. Bamberg in charge.

LANE FALLS

(Continued from Page One). Fourth had its way considerably in the matter of nominations, but the Fifth captured the County committee and appears to have a fixed grip on it for the next two years, in spite of the fact that the Fourth has much the larger vote.

This was done by means of the change in precinct lines, which gives the Fifth thirteen precincts to the Fourth's eleven. The convention was persuaded, or jockeyed, by Fifth District delegates, into allowing the old rule to stand, that the County committee shall consist of one delegate to each precinct. Unless the committee itself changes the matter, this is the status for the next two years. The appeal to the Territorial Central committee will not be pressed, as it is held to be none of that committee's business.

Many Fourth District men have not given up the fight, and may try to have the County committee make rules which will bring about a change. But there is a question as to the legality of such action under the rules, and it is not regarded as likely anyhow that

WHAT DO THESE THINGS MEAN?

Sunday evening, at 7:30, in the tent on King street, east of Pihiki street, Elder Williams will continue the subject of the "Signs of the Second Coming of Christ or What Do These Things Mean?"

The continued call for peace conferences to disarm the nations; the demand of the nations for arbitration; the extensive preparations for war in time of peace; the wise men of the nations perplexed to know how to meet the crisis that are coming on the world.

Is the second coming of the Lord to finally settle all this strife and commotion?

C. D. M. WILLIAMS.

TOWN TALK

By The Man About Town.

With only six bona fide members of the party, I am at a loss to understand where the Democrats expect to secure enough candidates to nominate complete tickets this fall. Some cruel jester has accused the Republicans of voting the grave stones. What is to hinder the Democrats from enrolling the palm trees as members of their party? If they would make it Palm tree gin there would be such a wild scramble on the part of the natives to sign the rolls that Republican jobs would go begging.

R. Beverly Kidd, who is recognized by many as Mr. Hearst's personal political representative in this Territory, had an attack of the prevalent sickness which is caused by bacteria in the milk, the other day. He laid aside politics and other duties and went to bed. Someone, whom I shrewdly suspect is Chester Doyle, though I have no evidence of this, whatever, except the Honolulu Sherlock Holmes' own processes of deductions from the way it was done—someone I say—called up A. R. Rowatt, the veterinary surgeon and told him that Mr. Kidd wanted him and that it was a very urgent case. Kidd's dog Robbie, had been a patient of the doctor's which would have allayed any suspicions that the call was not made in good faith, if he had had any, and so off he started post haste. He woke Kidd out of a restful sleep to learn where the supposed animal patient was, and found out that it was all a practical joke. From what I hear the doctor took it in very good part indeed, considering that he was called away from a real case that he was attending, and of course Kidd would have demonstrated that he came within the veterinary class, if he hadn't taken it as a joke.

But I fear it may prove a very serious matter for Dr. Rowatt. One of the papers had a paragraph to the effect that Kidd was ill and that he was being attended by Dr. Rowatt, and now I hear that the Medical Society is thinking of having Dr. Rowatt prosecuted for practicing medicine without a license. At any rate the society has called a meeting for this very evening, at which the matter may come up.

Where is the Dickens who will tell the world of our wondrous politics? When did the immortal Pickwick club do anything really funnier than to indulge in a hot caucus fight for two hours and then discover that the caucus didn't bind anybody present anyhow? Who but some of the fantastic characters of the great novelist could earnestly make, during one debate, three speeches saying in essence no more than that the matter under discussion was an important one?

These questions are suggested by the Fourth district caucus of last Monday night, in which it was discovered after two hours of discussion that a decision didn't mean anything. The real heart of the discussion in question was a proposition full of significance as an indication of the kind of politics we have always with us. The whole controversy, if it might be dignified by that name, was a result of an effort to preserve for the delegates to the Republican convention, the utmost secrecy as to how they vote. That such a proposition could ever engage the attention of an entire district and break up its caucus in disorder, is a disgrace to our politics. Why should the vote of a convention delegate be secret at all?

DOUTHITT FILES A MOTION

WANTS TO STRIKE OUT THE MOTION TO STRIKE OUT HIS ANSWER.

E. A. Douthitt, guardian ad litem of the Holt minors, yesterday filed a motion in the Circuit Court to strike out from the files the motion by Smith & Lewis to strike Douthitt's answer in the Holt will case. Smith & Lewis' motion was on the ground that Douthitt's answer did not protect the minors.

LIKE ANOTHER PERSON

The Celebrated Nerve Vitalizer and Tonic Quickly Transformed This Run Down Woman—She "Can-not Say Too Much" for

PAIN'S CELERY COMPOUND

IT GIVES ALMOST INSTANT EFFECT

DENVER, Col.—"After a long season with the 'Silver Slipper' Company, I went to Galesburg to visit my brother and rest up for the coming season. A professional who is compelled to go through a hard season without any rest is totally run down before the season is over. This was my case exactly. My nerves were all unstrung and I was very much in need of a good nerve tonic. A friend suggested that I give Paine's Celery Compound a trial, and I did. The improvement was wonderful. When I received my call for rehearsal I left for New York feeling like another person. I cannot say too much for Paine's Celery Compound. It did me a world of good."—Miss Winnifred Gerard.

"Braced—Invigorated—Cured"—this is the tone of thousands of letters sent in by men and women of every calling and every station in life; grateful for the almost instant strength and health they get from Paine's Celery Compound. It feeds nature's own nerve-food—Celery—direct to the starving nerve centers, and in this way gives strength to every organ of the body.

Except that it preserves his right of opportunity to break his pledges, to sell his vote and to be an all round political scalawag, there is no reason. The man who goes to a convention and is afraid to have it known how he votes in such convention is unfit to be a delegate.

I was at the Republican Convention yesterday and enjoyed the scene immensely. There was one little program that did not program worth a hang, although it did not upset any particular boom. It had been planned that County Attorney E. A. Douthitt should nominate A. M. Brown for sheriff. So Douthitt, who has the historic instinct, together with considerable eloquence, had framed up a grand speech extolling Brown. But Douthitt was just a trifle too late, for the instant after Chairman Harris had announced that nominations for the sheriff were in order, a wild yelp was heard from the rear of the hall. Instinctively Harris and Douthitt and every other person in the hall turned to see the cause of the commotion. "Yoo-o-o-w" howled an excited native delegate clad in his shirt sleeves. It was the dog catcher of the police department, "Mister Chairman" he exclaimed "I place in nomination the name of Arthur Murgan Brown. Him all right, that fellows." And then came a dead silence from the first precinct with the center of silence in Douthitt's chair. If some body had not prodded the county attorney from temporary dreamland some other vigorous and enthusiastic admirer of the sheriff might have shut off Douthitt from seconding the nomination of Brown.

Do you know that there was one feature of the convention that I could hardly understand and that is how self respecting men can allow themselves to go before a convention and give a pledge of fealty to the party and the platform. I do not believe that such a gratuitous insult would be offered anywhere except to candidates in these islands. The trouble down here is that most every body seems to be suspicious of his neighbor and fears that the other fellow is trying to job him. A man who is nominated for an office is nominated because his supporters believe him to be honest and a man of right principle—this is speaking theoretically of course—and to force a man to pledge himself is a reflection upon the integrity of the man who is required to make it. But Hawaii easily walks off with the blue ribbon when it comes to doing funny kind of politics.

If you wish to know how to solve any problem and solve it by more different and opposing methods than any other place in the world could suggest just come to Honolulu. This is the place where the barber will stop cutting your hair to give you his theory of metaphysics; where the ship captain will tell you how to save souls; where the languorous native will tell you how to work, and where everybody will tell you how to hold office.

The crowd of advisers has been meeting on common ground recently, in discussing the best method of getting the Manchuria off the reef. And some of the schemes are fierce. Sometime I am going to set down a few of the methods, and they extend all the way from a magnet to draw her into deep water to taking her to pieces, and then fitting her up again on our own marine railway.

It's answer did not protect the minors. In his motion Douthitt sets forth the following:

1. That the moving party, namely, Helen E. Cushingham, has no legal right or authority to interpose said protests.
2. That the bill to construe the will herein does not and can not establish, fix or adjudicate any rights or interests of the minors herein represented by the undersigned or any of the rights, interests or estate of any other person interested in said state, and nothing contained in said answer could be construed to be prejudicial to the rights or interests of said minors.
3. That the motion and protests are impertinent and collateral.
4. That said motion and protests

CAUTIONS JAPS TO BE QUIET

CONSUL GENERAL OF JAPAN URGES HIS COUNTRYMEN TO RECEIVE WARSHIPS QUIETLY.

The following official notice has been sent out to the Japanese residents of the town in regard to the coming of a Japanese warship to these waters, by Consul General Salto:

"The Japanese training ship Anegawa, with over 100 lieutenants and sub-lieutenants, sailed from Japan on the 10th inst. for the purpose of nautical training in seamanship and navigation on the Pacific, and will arrive here, its destination, load coal and provisions and cruise around the islands. After that it will return to Japan, sailing on October 16.

"The coming of the vessel has no other object in view than the training of the lieutenants on board in nautical affairs, a very important matter to them.

"There is a rumor that on the receipt of the above intelligence there was a plan formed to give the ship and officers a grand reception. It is to be acknowledged that the Japanese residents should feel great joy at this event, but if, however, the mode of welcome be or quiet and seemingly and if there be inopportune behavior and excitement it is to be feared that the captain of the vessel would hesitate to accept the offer in spite of the good will of the residents. And I fear also that I could not recommend such a demonstrative welcome.

"The reason is that the vessel has important business in training the young officers in nautical matters on the Pacific ocean in a very brief time. We have no disposition to discuss the propriety of a welcome, only giving the suggestion of too great expense of valuable time. However, it is to be hoped that you will evince your goodwill in such a form and in such a way as to cause the least inconvenience to the ship's crew and to yourselves and that you offer every courtesy and convenience to them with due regard to your own business and time.

"It would be quite improper and unprofitable for persons working on the plantations to throng to Honolulu to give welcome, forgetting their own business, entailing unnecessary expense and wasting valuable time. Moreover it is believed that the crew of the Anegawa would be better pleased to see the daily life of the Japanese residents in these islands.

"In view of recent conditions of agriculture and commerce among the Japanese here, we must exercise a special caution as to soberness and good taste in welcoming the Anegawa and to avoid that which might be interpreted as vain.

"I may add as a suggestion about the mode of welcome that it seems proper enough to ask of the welfare of our far-coming and esteemed countrymen and guests by sending one or two representatives from all who wish to wel-

FALSE ALARM.
From the valley there came a cloud of dust and a distant rumble. The man of the stone age rushed up the mountain and perched himself on the highest peak.
"Shucks!" exclaimed the fugitive as he slipped down to the valley again. "It is only a poor dinosaur roaming about for his breakfast. From the noise I thought it must be an automobile."

And the man went back to his peaceful occupation of hewing an apartment house out of a solid cliff.

Where Fight Will Be Hot

GEAR AND VIDA TO RECEIVE THE ONSLAUGHTS OF DEMOCRATS AND CIVICS.

Local Democrats who have been lying low to see what the Republican ticket looked like and what they could do after the Republicans finished nominating are now getting active. They are looking for the alleged weak places in the Republican ticket, and planning to get a few places at least in the County election.

The question of whether to make active opposition to Brown for sheriff is a good deal in the air. Moore will be put up again, it is said, in the hope of retaining his supervisorship. Moore beat Quinn last time and his candidacy will concentrate opposition to A. V. Gear and give the latter a hard fight.

Vida is going to have the fight of the campaign. It is thought that the Civic Fed line of fighting will concentrate on him to a degree, using him to weaken Brown, and there is little doubt that he will have the time of his life during the campaign. Vida will probably be the center of the storm. Republicans of the Fourth are knocking him considerably.

A good deal depends on the attitude of the Home Rulers. Judge Edings may run as Democratic opponent of Cathcart for County attorney, if the Home Rulers will endorse him, but like other Democratic candidates, he is shy about entering a three-cornered fight.

A BAD SECOND

There were but two starters in the five-oared whale boat race, the Pilot Boats Numbers 1 and 2. The start was good but the crew of No. 2 must have taken some sleep medicine because when No. 1 poked its nose around the light house, No. 2 showed up far out on the horizon. To the oarsmen of No. 2 the pace must have assumed the aspect of a funeral procession. To the onlookers it certainly looked like a procession of celestial. The time of the winning boat was 22 minutes 30 seconds. The time of the second boat has not been taken yet.

OIL STEAMER ARRIVED.

The oil steamer Lansing arrived here this morning from Monterey, after an uneventful passage. She encountered no unusual currents. She brought 45,300 barrels of fuel oil for the Union Oil Company. She will discharge half of her cargo at this port and depart tomorrow forenoon for Kahului to discharge the remainder. The vessel will proceed to Port Harford from Kahului and thence to San Francisco.
