DEMOCRATIC MEETING CALLED FOR TONIGHT

THE DISTRICT COMMITTEES WILL HOLD JOINT SESSION AT WAVERLEY HALL.

There will be a joint conference of the Democratic district committees for this island at Waverley hall tonight at 7:30 o'clock. The conference has been called for the purpose of discussing the situation regarding the county election.

The advisability of calling the delegates to the former district conventions in session to the new convention or else the calling of new primaries for the election of delegates to the county convention will be considered. The time is very short for the campaign and the committees may decide that it will be wiser to hold the convention without delay and enable the candidates nominated to have a longer time in which to make their canvasses. While the committees have no authority on the score they may discuss the advisability of nominating a complete county ticket or else leaving some of the nominations open.

AT THE HEAD OF THE JUNKET

SECRETARY OF WAR TAFT.

Early in the Summer Secretary Taft will head one of the most remarkable junkets that has ever left our shores. The party will leave Washington June 1, and will travel 25,000 miles.

The junketers will cross the American continent from Washington, sail across the Pacific Ocean, make short stops at Chinese and Japanese ports, spend a week in Manila, and will make a tour of the Philippine Archipelago, visiting in Luzon, the Moro Province, the Sulu Archipelago, Mindanao and Cebu.

Business is the ostensible purpose of the junket, and while it is true that the members of the party will gather much important information which will enable Congress to legislate for the Filipinos, it is true, nevertheless that the trip is one of pleasure. This expensive and extraordinary junket will be taken at the instance of the Philippine Government, which is anxious that some American statesman shall have an opportunity to see for themselves what the islands are like, how the people live, what are their needs, and whether they will ever be qualified for self-government.

Jealous Jap Tried Murder Then Suicided

ATTACKED HIS WIFE WITH AN AX LAST NIGHT AT THE COOLEY PLACE AND THEN CLIMBED A MANGO TREE AND HANGED HIMSELF—BODY WAS DISCOVERED THIS MORNING—WOMAN MAY RECOVER.

After making a desperate attempt to murder his wife, U. Kato, a Japanese about 40 years of age, climbed a mango tree on the Hoffman premises on Wylie street some time early this morning and committed suicide by hanging himself. Yoshi, the victim of his murderous assault, is at the Queen's Hospital with a broken jaw and some ugly cuts about her face and back.

Kato was the woman's second husband. He went to San Francisco some time ago and wrote to her to come there. She was working at the house of A. E. Cooley on Wylie street and did not care to go to California. The husband came here by the S. S. Ventura last Wednesday to try and induce

ASKS \$24,000 FOR TRUANT OFFICERS

COMMUNICATION TO THE HOUSE FROM THE SUPERINTENDENT OF PUBLIC INSTRUCTION.

"Truant officers," wrote Supt. Davis of the Department of Public Instruction to the House of Representatives today. "Truant officers are useful, not only in enforcing school attendance but also in assisting the school agents in various ways such as gathering in the teacher's salary receipts and the like."

So he asked an appropriation of \$24,000 for truant officers. The letter was filed.

Smith submitted a resolution asking for an appropriation of \$96.65 for an unpaid bill in favor of the Hilo Railroad Company. The matter was referred to the Public Expenditures Committee.

The House went into Committee of the Whole on Senate Bill No. 5, making additional appropriations for the departmental use of the Territory. Kaloipu was called to the chair.

PASSENGERS. Arriving. Per steamer Helene, May 5, from Hawaii ports: E. J. Walker, A. C. Lovell, A. W. Bottomley, George Ewart, L. A. Thurston, Francis Gay, Mrs. Francis Gay, Miss Lucy, Mrs. Nelson and 4 deck.

WELCH MADE VERY FAST ROUND TRIP

SUGAR VESSEL WAS 38 DAYS ON TRIP FROM SAN FRANCISCO TO ISLANDS AND RETURN.

The bark Andrew Welch arrived at San Francisco yesterday from Honolulu with a full cargo of sugar. The vessel finished one of the fastest round trip voyages of any of the sugar fleet between San Francisco and Honolulu. She made the run to Honolulu from San Francisco in twelve days, she remained in this port seven days and went up in 19 days taking therefore, 38 days for the round trip.

LEGAL FOLLY

"As a piece of legal folly, this would be hard to beat," said Governor Carter today, referring to the provision just made in the House appropriation bill, in the effect that in case there is not enough money to meet all the appropriations made the money that is available shall be used proportionately in the various districts. "Such a provision cannot be carried out anyhow. Suppose we have appropriation for ten school houses at \$1,000 each and have only five thousand dollars on hand. Under this law it would be our duty to half build ten school houses and then wait for the next money. That is the proposition which the House has sent to the Senate."

SUGAR FACTORS AND TAX APPEAL

GOVERNOR CARTER HAS SUGGESTED THAT TREASURER CAMPBELL CONFER WITH THE SUGAR FACTORS WHO ARE CONSIDERING AN APPEAL IN THE AGENCY CONTRACT TAX CASE WITH A VIEW TO SHOWING THE USELESSNESS OF AN APPEAL.

Governor Carter has suggested that Treasurer Campbell have a conference with the local sugar factors who may appeal the recent tax case decision to Washington, with a view to showing them the uselessness of such an appeal. "The law under which they have been assessed in the manner against which they wish to appeal has been changed," said the governor, "so that no precedent of value will be established and nothing will be gained by knocking out the decision, as far as the establishment of principles are concerned."

I am inclined to think that these firms, if they are preparing to appeal, do not thoroughly understand the situation. They are public-spirited firms, which have done much for the community, and I think it likely that on a proper understanding of the situation, they would not appeal. The appeal will simply put the Territory to large expense, and if it wins will not be any advantage worth while to the appellants, for they are fighting under a law that has been amended and the fight would probably cost them as much as they are trying to save."

THURSTON RETURNS; WHAT OF OLAA?

L. A. THURSTON AND GEORGE HEWITT RETURN FROM A CAREFUL INSPECTION OF OLAA.

L. A. Thurston and George Ewart returned by the Helene this morning from Hawaii, where they have been making an exhaustive study of the condition of Olaa Plantation. With them have been E. A. Mott-Smith and A. W. Carter. Ewart only a short time ago spent some time in that region making a study of Puna Plantation and wrote quite an exhaustive and in many respects an encouraging account of that plantation, or at least of its possibilities.

Thurston is heavily interested in Olaa, or at least is popularly supposed to be, and his return from a mission which in a general way has been known, has recreated interest in the plantation and caused some buzz of discussion, and an expectancy of interest as to what may be the result of the inspection.

MAY DAY AT THOMAS SQUARE

MORE THAN A THOUSAND CHILDREN OF MANY NATIONALITIES TAKES PART IN FESTIVITIES.

There were a thousand children at the May Day festivities for the kindergartens at Thomas Square this morning. They came from every part of the city and belonged to every race that is represented in this cosmopolitan community.

There was no May Pole, or other set or formal program, but the children romped and played, and sang to the accompaniment of Captain Berger's band and they had a most enjoyable time. There were a great many adults at the Square to assist in looking after the children or to see the way the children enjoyed the festival.

The children came from the various regions where the schools are located in organized legions in charge of teachers and assistants.

Conductors and motormen on the cars lent helpful hand to take care of the youngsters. So far as known there were no mishaps other than the loss of hats and a few things like that.

Mothers of all nationalities were on hand to watch with maternal pride the joy of their offspring. It was a pleasing function, and one that is becoming more and more an annual event in Honolulu.

DEADLY BIBLE WIELDER FREE

FAMOUS KAHUNA OF PUNA COMPLETED HIS SENTENCE OF TWO YEARS TODAY.

There was released from Oahu Prison today at 11:00 one of the most interesting prisoners that has been in that place for many years. Makalo was his name and the interesting feature about him was the offence for which he had been imprisoned.

He is the kahuna who beat a man to death with a bible in Puna, Hawaii, two years ago. The patient was suffering from sort of wasting fever and Makalo, the kahuna, was called. Makalo in emulating that sentiment of Ben Johnson to "throw physic to the dogs," proceeded to dump the medicine out of the house and to give the patient a more vigorous sort of treatment. Makalo believed in the hard truths in the Bible, so he took up a copy of Holy Writ and proceeded to whack the patient on the head with the bible. The man was conscious when the bible fell upon him, but another whack on the side of the head put him out of business, and he never regained consciousness.

The story got round that Makalo had beaten his victim to death with the bible and the arrest of the kahuna followed. W. T. Rawlins, the present deputy high sheriff, prosecuted the case and Makalo was sentenced to two years imprisonment. His sentence was shortened by 72 days owing to good behavior, and he was released today. Makalo was a good prisoner and was always amenable to discipline. He will probably seek some employment in Honolulu. He is well versed in the bible, his memory for verses of the bible being astonishing.

THE BAND.

The band played at the rehearsal of the song festival last night. It played this morning at Thomas Square. It will play this evening at the Opera House and tomorrow afternoon at the song congress at the Boys' Field.

THE "FOREST CITY" ART PORTFOLIOS

Constitute a Complete and Artistic Pictorial and Descriptive History OF THE

GREAT ST. LOUIS WORLD'S FAIR

(Reduced Pen Sketch of Cover. Size of Page, 11x14 inches.)

SO THOROUGHLY does this Great Exposition represent the world's civilization that if all men's other works were, by some unspeakable catastrophe, blotted out, the record here established would afford a necessary standard for the re-establishment of our entire civilization. And, just as the Louisiana Purchase Exposition held within its gates an epitome of the civilization of to-day, so the Forest City Portfolios are a complete record and reflex of the great Exposition. This great World's Fair, one of the most remarkable undertakings in the history of American civilization and progress, will inspire many pens, but no history of the great event can compare with the one written on the grounds by Secretary Stevens and illustrated with 480 magnificent photographic reproductions, which transfer the Exposition to the printed page.

THE ELLEFORDS TONIGHT

The play selected by the Elleford Company for the opening of their engagement at the Orpheum tonight is from the pen of Oscar Toler and is a romance of the South entitled "Isa

Bele of Richmond." The first act takes place on the lawn of Col. Mason the third act shows the interior of the bank of Richmond and the last act tells the story of the Red Rose. The comedy is in a delightful vein and the story of the play is interestingly told. The dressing of the ladies will also be a feature. Specialties will be given by Miss Myrtle Selwyn.

AFTERNOON SESSION.
At the afternoon senate a petition was read from P. L. Weaver, Judge of the Court of Land Registration, asking for the appropriation of \$52 to pay for the trip of the Judge of the Land Court to the mainland, and some expenses incurred by the court before any appropriation had been made for its use. The petition was referred to the Paris committee on unpaid bills.

A short recess was taken at this point to await for the report of the loan committee, and when the Senate was called to order again Kalama at once moved to adjourn. It carried, six to three. "I question that vote, Mr. President," said McCandless. "We have a report to come in."
"If the Senator will not keep their seats," said Isenberg, "but keep running about and talking, what can I do. I object to having my counts questioned. You are out of order."
"We are all out of order," said Bishop, putting on his hat. "The Senate is adjourned. And for the benefit of the Senators who have adjourned, I want to say that I have been working like a negro on this report of the loan committee, and it is now ready."
And then he walked out of the chamber.

MUSIC FESTIVAL OPENS TONIGHT

PROGRAM OF HAIR MERIT ARRANGED FOR DELECTATION OF MUSIC LOVERS.

Tonight will see the opening of the musical festival at the Opera House and the event will be brought to a conclusion tomorrow afternoon with a competitive concert at the Bore Field on Liliu Street.

It is unfortunate that the concert tonight clashes with the opening of the Kliford season for so far the expenses of the festival have amounted to \$400 and even a crowded house would not leave a great deal of profit to be devoted to the beneficiaries of the festival, the Boys' Clubs of the city. The prospects are however that the theatre will be well filled tonight for the excellence of the program can hardly fail to attract all lovers of music to the Opera House.

The following is the program of the song festival at the Hawaiian Opera House tonight:

PART I.

Overture—
Territorial band under the direction of Captain Berger.
Chorus—"March of Our Nation".....Adam Gerbel
Full Chorus.
(a) "Praise Ye the Father".....Gounod
(b) "A Wife's Song".....Barnby
Oahu College Chorus.
Solo—"Cavatina from Queen of Sheba".....Gounod
Mme. Ida Gray Scott with Orchestra.
"Bridal of the Birds".....Richard Kamehameha Boys' Glee Club.
Chorus—"Awake, Awake the Flowers Unfold".....Liedle

PART II.

"Down in the Dewy Dell".....Henry Smart
Full Chorus of Ladies' voices.
(a) "Plantation Melody".....Noll
(b) "Kamehameha Medley".....Kamehameha Boys' Glee Club.
Solo—"A Group of Songs".....Mme. Ida Gray Scott accompanied by Mrs. Tenney Peck.
(a) "The Dance Invites Us".....Gounod
(b) "Sweet May".....Barnby
Normal School Chorus.
Chorus—"The Lord is Great".....Mendelssohn
Full Chorus.

The chorus will be three hundred strong and will be conducted by Mrs. Anna B. Tucker. One of the strongest features of the program is of course the singing of Madame Ida Gray Scott. It is but rarely that an artist of Mrs. Scott's calibre comes to Honolulu and visitors to the Opera House tonight will enjoy a musical treat the like of which they have seldom or never enjoyed before.

Another very attractive number will be that furnished by Fred Butler, the renowned basso. One of his songs tonight will be the Armorer's song from the pen of Oscar Toler and is accompanied by Mrs. Tenney Peck.

JACK'S SCHEME DID NOT WORK

SECRETARY WANTED CARTER'S INSTRUCTIONS ABOUT ELECTION BUT DID NOT GET ANY.

Before leaving for Washington Secretary Atkinson wrote a letter to the governor, asking what should be done in the matter of the election precincts which have been divided by the county act. The governor, however, did not give any advice. Secretary Jack's letter was an awful example of passing the buck, but Carter saw it coming, and returned it in the following letter: April 24, 1902.

Hon. A. L. C. Atkinson, Secretary of Hawaii, Honolulu.
Sir—In reply to your of April 22nd, requesting to be enlightened on the best method to adopt whereby every elector may exercise his right of franchise and be enabled to vote for all the candidates from the District in which he lives, I beg to say that the laws of the Territory very wisely place such matters entirely in your hands. My confidence in your sagacity and ability is such that I believe you will be able to find the proper solution of the seeming contradiction and impossibility.
Very sincerely yours,
(Signed) G. R. CARTER, Governor.

SALE OF STOCK.

Judge Lindsay confirmed the sale of 55 shares of stock of the Pioneer Mill Co., belonging to the estate of the late Ely Peck, for \$577.87. It is mentioned in the petition and the order that the shares were appraised on November 4, 1901, at a value of \$520. The increase in the value of Pioneer stock in eighteen months is thus shown to be nearly 57 1/2 per cent.

The Great National Game

Under the heading of "Play Ball," the Washington Star discusses its coming local baseball season in a manner applicable to the approaching season here.

This is a phenomenon which needs no explanation. It exists. It serves the wholesome purpose of stimulating a hearty amateur interest in an outdoor game which is without superior in its training of the body and its demand upon the resourcefulness of the player.

Washington's base ball fortunes have been so uniformly low for many years that the opening of the season always finds the great loyal crowd of the game's admirers in a state of dubious hope.

The team assembled for the wearing of the local uniform this year is young and ambitious. It cannot do worse than its predecessor. It may do better. It has shown signs of capacity to play an exceptionally strong defensive game, which is an important point in the situation, and its chief possible weakness, it would seem, is "at the bat," to use a phrase of the sport.

Evils Of The Spy System

There always comes a weakness to power when those who have power do not know how to use it. Power is a great thing on the earth. It can be used or misused.

The governing head of a state should guide those who are eager with him to do the best work that can be accomplished. This can be reached by giving entire confidence to those who are in charge.

After all it is a very old story. A weak man at the head of affairs feels that he, himself has no real power. He distrusts this man and that man, and then he thinks to arm himself with spies.

Every autocratic ruler has tried the spy system. No one who has studied or even read Roman history can be unaware of the crimes committed by the "Delators," as Gibbon names them, but who should be more properly named "Delatores."

But why should one go back so far in history. Spies and blackguards of that kind are always with us. We have the "Monchards" of France, the disreputable secret police of the Russian Empire, and it appears as if this vile system is spreading into our great Republic.

Accomplishments Of Sanitation

A most interesting comparison of mortality statistics has been made by the Health department of Chicago between the decades 1885-1894 and 1895-1904. The comparison shows careful study and is both interesting and instructive as showing the possibilities of sanitary science, and the tendencies of conditions in their effect on human life and health.

During the first ten years, 1885-1894, inclusive, there were recorded 201,704 deaths from all causes and at all ages. This total represents a yearly average of 20,170 deaths, in a yearly average population of 987,644, and a rate of 20.2 deaths in every thousand of the population.

sanitary administration of a community. Studied from this point of view it is seen that of the 96,034 fewer deaths during the last ten years, 45,183 were of infants under 1 year of age and 27,245 were of young children between the ages of 1 to 5 years.

Study of the detailed tables in the report shows that the greatest reductions of mortality are among the diseases over which sanitary administration and sanitary conditions have the greatest and most direct control.

Measles, scarlet fever and whooping cough, three of the worst enemies of child-life—for neither of which has there yet been found any specific, such as antitoxin is for diphtheria or vaccination for smallpox—must be conceded to owe their decrease to improved hygienic conditions, to better nutrition and care of the young, whereby their vital resistance against all disease is increased.

Whooping cough shows a decrease of 27.2 per cent—from 1568 deaths in the first decade—and a rate of 1.58, to a rate of 1.15 in the second decade. These three diseases show a constructive saving of 4884 lives.

Finally, consumption itself—until within the last few years and until superseded by pneumonia—the cause of the greatest number of deaths, shows a decrease of 13.7 per cent in the last decade, that is, from a rate of 17.6 per 10,000 of population to a rate of 15.2, and a constructive saving of 3915 lives.

TRIED TO BLOW UP CARLISLE

Japanese at Manila are said to have tried to blow up the British steamer Carlisle that was en route to Vladivostok with contraband of war. She had put into Manila on account of a lost propeller. The transport Sherman was lying near the Carlisle and might have been damaged had the Japanese been successful.

POLITICS VERY QUIET

DOUBT REGARDING THE ULTIMATE FATE OF THE COUNTY ACT MAKES SOME WOULD-BE CANDIDATES VERY BACKWARD—ADMINISTRATION FORCES PREPARING TO LINE UP AT THE PRIMARIES TO DEFEAT BROWN.

With the Republican primary nominations only one day off, there was little activity among local politicians this morning except in the case of the candidates for sheriff, in which fight a lively contest is being waged between A. M. Brown and Clarence Crabbe. Crabbe is the administration choice, but it is said that Quinn would be satisfactory. It is a case of anything to beat Brown.

The old complaint about government officials in politics is bobbing up again. It is said that the Public Works Department will send its cohorts forth to the primaries to rally round the administration choices for the various offices, and this constitutes a large enough vote to pretty nearly control a primary. The prospects are that the vote will not be very large, owing to the smallness of the number of candidates who are working, and the big gangs of men in the employ of the de-

partment constitute a force which any candidate will have great difficulty in battling against.

The chances that the county act will be knocked out, which are regarded by many as considerable, have had a dampening effect on the political issues. Even the men who are willing to take nominations and who want them, are slow about getting into a fight that will cost them some time and money, with a prospect of either never taking office or being suddenly turned out like the last lot of county officials.

The meetings tomorrow evening for the purpose of making nominations for delegates, the actual election to take place a week from tomorrow. Every Republican precinct club in the Territory is supposed to meet at 7:30 p. m. In many cases there is likely to be only one set of nominees, but in most of them there will be a Brown set and an anti-Brown set.

ACCUSES THE POLICE SPY

PORTUGUESE CHARGED WITH SELLING LIQUOR WITHOUT A LICENSE SAYS THE POLICE INFORMER WHO TESTIFIES AGAINST HIM BROUGHT THE LIQUOR WITH HIM INTO DEFENDANT'S STORE AND USED IT AS EVIDENCE.

The police spy dodge was worked on Manuel Souza Freitas, according to the story he told a jury in Judge De Bolt's court this morning during his trial for selling liquor without a license. Freitas was accused on the strength of a "squareface" of wine, which is alleged to have been purchased from him by Kalaheo. The bottle was introduced in evidence and identified by Deputy Sheriff Rawlins. Kalaheo took the stand and told of having entered Freitas' store and bought the squor.

Freitas testified that Kalaheo had brought the package containing the

liquor into his store with him. He had made two visits on the day of the arrest, the first time walking into the back room. Then he had come again, bringing the package and leaving with him. This package, it is claimed, contained the liquor Kalaheo testified to having bought from Freitas. Freitas was defended by A. G. M. Robertson, Peters prosecuting. The following are the jurors: C. G. Bartlett, Job Batchelor, F. M. Kiley, W. Green, F. J. Robello, E. Henriques, D. M. Ross, W. P. Roth, B. Guerrero, M. Parkhurst, H. B. Saylor, J. Steiner.

JEALOUS JAPANESE

(Continued from page one)

the woman to accompany him to the coast. He went to the Japanese theater that night and saw his wife talking with another Japanese man. The husband resented this display of friendship and a dispute occurred at the theater. The woman accompanied her daughter, who was employed at the residence of Alfred Carter, and passed the night at that place.

Subsequently Kato learned of his wife being employed at the Cooley place and last night he went to that place and attacked her. He had a new ax and a knife. He had evidently purchased the weapons for the purpose of murdering the woman if she refused to accompany him. She evidently refused to accompany him for about midnight he attacked her with the ax, striking her in the face, breaking her jaw. He also cut her in the back, shoulder and side of the face. The woman must have lain unconscious until this morning shortly before 6 o'clock when she was discovered and the police notified.

Suspicion was naturally directed toward Kato, but no trace of him was found until later in the morning. The driver of an army team going from the military hospital, happened to glance in the yard at the Hoffman place and there saw the body of a man hanging from a mango tree. The Japanese was dead and was Kato. Evidently after attacking his wife and leaving her as he supposed for dead, Kato went out of the house and climbing the mango tree, hanged himself with a piece of small rope. He was well dressed. Blood stains were found on the lower part of his trousers and legs. Underneath the tree was the ax with which he had evidently struck the woman. This ax was covered with blood stains. There was a bottle containing what was evidently whiskey. He had probably swallowed a drink from the bottle in order to nerve himself to commit suicide. A coroner's inquest will be held tomorrow night at 7:30 o'clock.

Owing to her condition the woman could not make a detailed statement to the police today. She stated that Kato had attacked her. Her condition is serious but there is an excellent chance of her recovery.

SOME FACTS RELATIVE TO A DENIAL OF FACTS

CAPT. COMBE OF CABLE STEAMER IS DESIROUS OF SHIPPING NEW CREW AT \$25.

Captain Combe master of the British cable steamer Restorer is quoted in an afternoon paper yesterday as having a "kick" regarding a story published in The Star relative to his shipping a new crew aboard his vessel in the place of the Lascars that were brought here on the vessel. In effect the master is quoted as having said that the report had little basis in fact. One of the principal reasons for his not liking the article was evidently because the statement was made that one of the reasons alleged to be given for his not wishing to ship a crew, was the fact that he would have to pay a higher scale of wages. He is further quoted as saying that he knew nothing about the Sailors' Union objecting to the crew of Lascars because of their being foreigners and further is quoted as saying that the statement that the Sailors' Union objects to the crew is foolish, as he is not at present flying the American flag. Captain Combe is also quoted as saying that he would eventually discharge his crew and ship Kanakas at the local rate of wage.

The article to which Captain Combe objected despite the statement of the gentlemen is based absolutely upon facts. It is of no consequence whether Captain Combe approved of the article or not, there was ample basis for the statements made in The Star and The Star published those statements which were news. F. Larsen the agent of the local branch of the Sailors' Union, states that he had two conversations with Captain Combe relative to the shipment of a new crew. Larsen says that he asked Captain Combe what rate he wished to pay and Combe said \$25 a month. Larsen said that this rate was too low. It now appears that Captain Combe has entered into negotiations with a well known Hawaiian on the water front to secure him about 35 natives as members of the crew. Combe also gave this Hawaiian to understand that he would secure Japanese in the fire room.

Captain Combe says he is ready to ship Kanakas at the prevailing wage in this port. The rate that the natives are paid on the island steamers as sailors is \$25 a month. To secure members of the Sailors' Union would cost a higher rate and evidently Combe does not propose to pay the Sailors' Union men any higher price than is paid to the natives. The article in The Star stated that one reason reported for Captain Combe not wishing to ship a new crew, was because of the higher rate that would have to be paid. This statement is borne out absolutely by his conduct in having no further dealings with the Sailors' Union and trying to secure natives at a rate cheaper than the union scale of wage. Captain Combe also says that he knows nothing about the Sailors' Union objecting to his present crew. Nevertheless the members of the Sailors' Union do object to that crew. It is a matter of no consequence whether the captain is aware of their opinion or not. They have the right to entertain that opinion just as he has the right to disregard their opinion.

It is a matter of indifference to The Star whether Captain Combe desires to ship members of the Sailors' Union at a rate of \$30 to \$35 a month or natives at \$25 a month. He seems to desire to get cheaper men, a right that rests entirely with him, and in doing so, he is merely following along lines laid down by other employers. The Star simply prints the news.

COURT CUTS VERDICT HEAVILY

SUPREME JUSTICES ALLOW LESS THAN A THIRD OF WHAT THE JURY FIXED.

The Supreme Court this morning heard and decided a motion to reform the judgment in the case of Harry Johnson vs. Lee Tomu in which a verdict for \$3,575 for services rendered as a customs broker, was given. The court set aside the verdict in a decision recently filed largely on the ground that it was excessive. Lorrin Andrews and W. S. Fleming representing Johnson, moved that they be allowed to amend the verdict, to conform to the court's view as to amount.

After consultation the court granted the motion, stating that it would affirm the verdict if it were reduced by \$2,500 and allowing plaintiff ten days in which to accept such a verdict or reject it. This will make the verdict \$1,075 instead of \$3,575 as decided upon by the jury.

BERTLEMAN CASE.

Judge Dale this morning renewed the effort to get a jury to try the case of Bertleman, charged with impersonating an internal revenue officer. Cathcart and Strauss for the defense and Dunne for the prosecution used up many challenges. The following eleven men had passed and remained in the box when court adjourned at noon: J. C. Carter, J. M. Riggs, E. R. Biven, W. W. Hall, W. L. Hardy, John D. Kennedy, C. F. Herriek, C. B. Wilson, A. C. Sliya, Henry Davis, J. J. McDonald.

SENATE WORKS ON UNPAID BILLS

THEN IT TAKES UP THE LOAN APPROPRIATIONS BUT WAITS TILL THEY ARE PRINTED.

At the opening of the session of the Senate this morning Dickey offered a resolution appropriating \$10,000 in the loan bill for the purchase of the Kaneohe wharf. Referred to the ways and means committee.

Dickey likewise introduced a resolution making appropriations to pay certain unpaid bills of the circuit courts, and \$500 to reimburse Judge Weaver of the Land Court. This went to the Paris special committee on unpaid bills.

From this same special committee Paris made a report recommending the passage of Senate bill 6, appropriating money for unpaid bills. Dickey signed a minority report, recommending that the bill pass but that certain other unpaid bills be included.

From the loan committee Bishop submitted the report that was ready yesterday when the Senate took its unexpected adjournment. The report was laid on the table to be considered with the bill.

The Senate then took up Senate bill No. 6, the appropriation for unpaid bills for second reading on motion of Senator W. C. Achi. There was no question of any claim until that of the Bishop Estate for \$1750, as per agreement, for land taken in 1895, when Achi said that the claim was outlawed and should not be paid.

"I move it be paid," said Dickey. "The government should not be so small as to seek to get behind its own statute of limitations."

The matter was discussed at some length, and the item was finally passed as in the bill. The reading of the bill was then concluded, and on motion of Achi a new section was added to make the bill operative.

From the special committee, Paris reported in favor of allowing the claim of Judge Weaver for \$383, and the item was inserted in the bill under the heading of the Department of Justice.

Paris likewise reported in favor of inserting \$167.90 for the payment of bills of circuit court, and the items were inserted. The bill then passed second reading, and will be read for the third time tomorrow.

The House notified the Senate of the passage of the Senate sessional appropriation bill. House bill No. 1, the House sessional appropriation bill, was at once taken up on third reading and passed without dissent.

Senate bill No. 3, the loan bill, was taken up on second reading with the report of the committee and the general amount appropriated raised from \$1,100,000 to \$1,200,000. The reading had barely started when Achi moved that the report of the committee be printed. This carried and the consideration of the bill was postponed until tomorrow.

There was a short recess and when the Senate was called to order McCandless moved to have the vote to have the report printed reconsidered. This carried, and the clerk was instructed to have copies typewritten and the Senate took a recess until 3 p. m.

Women in Our Hospitals

Appalling Increase in the Number of Operations Performed Each Year—How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations.

Why should this be the case? Simply because they have neglected themselves. Ovarian and womb troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of those patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhoea, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the penalty has to be paid by a dangerous operation.

When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or alteration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, lassitude, excitability, irritability, nervous-

ness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, they should remember there is one tried and true remedy.

The following letters cannot fail to bring hope to despairing women.

Mrs. Fred Seydel, 412 N. 54th Street, West Philadelphia, Pa., writes:

Dear Mrs. Pinkham:— "I was in a very serious condition when I wrote to you for advice. I had a serious womb and ovarian trouble and I could not carry a child to maturity, and I was advised that an operation was my only hope of recovery. I could not bear to think of going to the hospital, so wrote you for advice. I did as you instructed me and took Lydia E. Pinkham's Vegetable Compound; and I am not only a well woman to-day, but have a beautiful baby girl six months old. I advise all sick and suffering women to write you for advice, as you have done so much for me."

Miss Ruby Mushrush, of East Chicago, Ind., writes:

Dear Mrs. Pinkham:— "I have been a great sufferer with irregular menstruation and ovarian trouble, and about three months ago the doctor, after using the X-Ray on me, said I had an abscess on the ovaries and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but made me entirely well."

Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine for you need the best.

Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass. Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

JAPS COMING IN THROUGH HAWAII

AMERICAN FEDERATION OF LABOR TO ASK CONGRESS TO CHECK THE IMMIGRATION.

WASHINGTON, April 21.—John McGuire, a representative of the Trade and Labor Council of Honolulu, Hawaii, was in conference today with Secretary Morrison of the American Federation of Labor, relative to the immigration of Japanese coolies to the Hawaiian Islands. He told Morrison that the Japanese are coming in in large numbers, and that, as a rule, after remaining a short time they continue their journey to the United States. The plan they pursue, according to McGuire's statement, is to have as many come to this country from Hawaii as land there direct from Japan. By this means they keep down the number in the island, and also find opportunity to learn the English language and to get a little money ahead before reaching our shores.

THE COST OF THE MANCHESTER ALLIANCE

THE DUKE AND DUCHESS OF MANCHESTER.

If Eugene Zimmerman of Cincinnati shall at any time in the future write a book, or deliver a lecture, or even read a club paper on what he knows about aristocratic alliances, he will in all probability impart invaluable information to all other American fathers who are thinking of buying vicounts, earls, marquises, or dukes for their daughters.

The commercial proposition involved in such transactions is similar in many respects to that which confronts the man who has been presented with a white elephant. That is to say, aside from whatever it may have cost to wipe out the original obligation, there is always the fixed charge for maintenance. One is by no means relieved of responsibility when one buys a duke for one's daughter, for the duke is not something that can be laid aside when not in actual use and taken out only when the family feels like exhibiting him. Like a bankrupt railroad in the hands of a receiver, he has got to be "kept up" even at a loss. No family that has once entered into a dual alliance could afford to have the Duke and his Duchess riding around in second-class railroad coaches, stopping at second-class hotels, or wearing second-class clothes.

Nothing could be more humiliating, for example, than to have a neighbor drop in on an evening and say, "I met your Duke this morning and lent him half a dollar to get a shave and a cup of coffee;" or, "By the way, I have an old suit, not much worn, which I think would fit your Duke. It will be an improvement on the shabby duds I saw him in today;" or, "When can you let me have the \$10 I put up for the board of your Duke and Duchess? I wouldn't mention it only I need the money."

This sort of thing would not do at all. No man in moderate circumstances, Mr. Zimmerman would no doubt tell us, should buy a duke for his daughter. It is a good deal like buying an automobile—or owning a summer home. The Duke must be constantly kept in repair. He has got to be looked after as carefully as a race horse, and to look after him properly the father of the Duchess should be able to employ and pay a regular force of skilled attendants.

So far as the peace of mind of the visitor is concerned, the upkeep of a duke is as trying as the staving off of a mortgage. Both are alike in the sense that they are constantly coming due. The father of the Duchess says to his-

self, "Well, I have no payments to meet this month, thank my star!" and just then a telegram arrives which informs him that the Duke and the Duchess are being held for their hotel bill at some summer or winter resort.

It would be an act of kindness to his fellow millionaires if Mr. Zimmerman would make a clean breast of the whole thing and tell them just what it costs him to maintain the splendid Manchester alliance. We believe that he could show by figures that the first thing to be done by the father who thinks of buying a duke is to buy a steamship line, a trunk railroad or two, a fashionable hotel in every place of importance, equip a dry goods store, with branches, establish a belt line of pawn offices, invest in a few castles, and arrange his financial affairs so that all drafts from the Duke will be honored whether he is feeling blue or buoyant.

The father who takes these precautions will not be troubled with symptoms of heart failure every time the door bell rings, and he may now and then retire at night with the conviction that he will not have to leave his bed before morning in order to rescue the family duke from the clutches of a constable.—Chicago Inter-Ocean.

HOTEL SALE CONFIRMED.

Judge Robinson yesterday signed an order confirming the sale of the property of the Royal Hawaiian Hotel Co., Ltd., on the report of M. T. Simonton, administrator, David Dayton, in the estate of a good and sufficient deed to the purchaser, Hawaiian Trust Co., Ltd. The Fisher, Ables Co., Ltd., conducted the auction sale and the price was \$85,000. A deficiency judgment for \$85,191.15 against the defendant company was order to be entered. The commissioner was allowed a fee of \$1250. His proceedings in the matter were highly commended by the court and counsel on both sides.

HEIRS GET INSURANCE.

An order of final distribution, approving accounts and discharging administrator, David Dayton, in the matter of the estate of A. B. Scrimgeour, deceased, was made yesterday by Judge Robinson. It is decided that the sum of \$2955 collected from the Western Masons' Mutual Life Association constitutes no part of the estate of deceased, and ordered that the said sum be paid to Allan R. Scrimgeour and Harold A. Scrimgeour, the legal heirs and next of kin of deceased.

heard Christ's voice and looking up to his face cried out, 'My Lord and my God.' Then it was all right. He remembered the promise that He would rise again and lost his doubt and bitterness.

"I do not wish to be hard on those who have money, but if a man so wraps himself up on business that he has no time to attend to the welfare of his soul he has sold out too cheaply. If a young woman is interested in religious work and the welfare of her fellow beings and when she becomes prosperous, either through marriage or independently forgets her Master's work, she has sold out cheaply—too cheaply.

"I can find you tens of thousands of men who believe that God will take them to heaven when they die, but don't believe that he will give them bread while they live. They sing 'That will be Glory' in future but they haven't got faith in the ability of their God to take care of them here on earth.

"Through all our doubtings, through all our trials and troubles and disappointments through all our dangers, may we reach the place that Thomas reached when he was able to cry 'My Lord and my God.'"

MEHEULA IS FOUND NOT GUILTY

JURY ACQUITS HIM IN SECOND TRIAL AND HE IS DISCHARGED.

Solomon Meheula was found not guilty of gross cheat by the jury in Judge De Bolt's court yesterday afternoon. The jurors retired at about 7 o'clock and found a verdict in about two hours. The defendant was immediately discharged. C. W. Ashford defended the case and W. S. Fleming prosecuted.

Meheula was charged with having cheated the Territory out of \$450, the amount of a voucher and warrant drawn in the legislature of 1902, when Meheula was clerk of the House, for copies of the Hawaiian civil and penal laws, the copies never having been purchased by him, as was alleged. He was tried at the last term of court and the jury disagreed.
