

BISHOP LIBERT AND HIS JOURNEY

WELL KNOWN CLERGYMAN HAD AN INTERESTING CONVERSATION IN ROME WITH HIS HOLINESS THE POPE—HE ALSO MET PRESIDENT ROOSEVELT WHEN IN WASHINGTON—VISITS TO FRIENDS AND RELATIVES IN ANTWERP GAVE HIM PLEASURE.

"I am tired, very tired," said Bishop Libert this morning after the celebration of Pontifical High Mass on the occasion of his return from home "everybody is too kind and I must receive everybody as I think that is my duty."

The bishop was receiving members of his flock and the different of the local and visiting clergy were conversing with Father Valentin who accompanied His Lordship on his long journey.

"Of course the crowning point of our trip was our reception by His Holiness," said the bishop "I had in all about twenty minutes conversation with him. He expressed the greatest interest in the Hawaiian Islands and told me to give his blessing to his flock here. He is a singularly affable and unassuming man and I felt at ease in his presence at once. I was told that he suffers from dropsy but to me he appeared in excellent health. He is a well built man of medium height and of most alert manner. He does not speak English at all but his Secretary of State, Cardinal Merry del Val, speaks perfect English. His mother was an English woman, by the way, and the Cardinal, I think was educated in England. We had a long conversation on general topics.

"As to our itinerary, we left here on April 26 and went to San Francisco,

thence to Santa Barbara, Los Angeles, Dayton, Chicago, Syracuse, New York and Washington. I had there a most interesting talk with President Roosevelt who shows a most remarkable knowledge of conditions and affairs here in Hawaii. Returning to New York we proceeded to Antwerp where

OUR "JACK" SURPRISED THE PLANTERS

SECRETARY WAS NOT EXPECTED TO GET THE IMMIGRATION RULING FROM WASHINGTON—ROOSEVELT ENTHUSIASTIC OVER THE MOVEMENT HERE TO GET WHITE LABORERS SETTLED IN THE ISLANDS—NO PLANS MADE YET.

The news from Secretary Atkinson, that President Roosevelt and Labor Commissioner Sargent had made a ruling to the effect that the Territory of Hawaii could assist immigrants from foreign countries came as a surprise to members of the Planters' Association here. When Atkinson left for Washington, intending to try to get such a ruling, they had very little faith that he would be able to do so,—so little that they did not carry out his advice and lay plans to be able to proceed in case the ruling was obtained. They are consequently not ready now to go ahead under the permission granted. Atkinson is in Washington awaiting advice from here.

In answer to a question Governor Carter this morning said that he did not understand that the permission extended to Japanese or Koreans. "In any event," he said, "I think it would be very unwise to attempt to apply it to them. The ruling shows that the administration at Washington is ready to help us if we meet it half way. It now remains to be seen whether the people here who have been asking for such a ruling will show good faith. In any movement looking to the settlement of the islands with permanent residents and the bettering of conditions here, the administration at Wash-

HIND, ROPE & CO. TO BUILD STEAMERS

WILL REACH OUT FOR THE ORIENTAL TRADE AND ARE PREPARING TO HANDLE IT.

SAN FRANCISCO, November 24.—The popular firm of Hind, Rope & Co. will soon extend their shipping operations to Portland, and enter the steam field. Hitherto they have confined themselves to sailing ships, handled from this port. The new move does not mean a lessening of the firm's interests here, but, rather, a heavy increase. Donald Rope will go to Portland to open the new office this month.

"San Francisco is getting too active for a progressive company to try to handle with wind-jammers," said James Rope, Jr., of the firm today. "The future of this port is so plain and so full of promise that we feel justified in undertaking the immense expense of equipping our lines with steam vessels. They say that European merchants are surpassing ours in landing the Oriental trade, but that is only a temporary condition. When our merchants establish their new commercial museum over there and go after business with the same intelligence and hustle they show here there will be nothing to it, and all that business will be handled right out of this port. That is what we are getting ready for. The Portland branch will co-operate with us here, where our main interests will continue to be located. All that country is going ahead fast, but San Francisco has no cause for jealousy. This entire

CONFESSION AND DYING ACCUSATION

A DAY OF IMPORTANT TESTIMONY IN THE TAKADA MURDER TRIAL.

The prosecution is nearing the end of the long chain of evidence by which it expects to send Takada to the gallows for the murder of Fujita. Miki was placed on the stand this morning to testify to a deathbed statement, in which he deceased accused Takada, and this afternoon former deputy high sheriff W. T. Rawlins testified that Takada after being arrested, told him that he had cut a Japanese with a knife.

Dr. Peterson, who attended the deceased, was the next witness. He declared that the wound over the left breast was a mortal wound, which would have killed an ordinary man on the spot. It had penetrated the lung, and when Dr. Peterson was called, Fujita lay pulseless, with air bubbling with the blood through the wound.

United States Judge Dole was engaged this morning again with the efforts to get a jury to try Bertelman on the charge of impersonating a federal officer.

coast must go forward together. The more prosperous one community is the more prosperous the rest of the coast will be. The change from sailing to steam vessels on our lines will be gradual, beginning with the building and purchase of several steamers at once."

ATKINSON MAY RESIGN

REPORT THAT JACK ATKINSON WILL GIVE UP HIS JOB AS SECRETARY OF THE TERRITORY TO DEVOTE ALL HIS TIME TO THE CHAIRMANSHIP OF THE TERRITORIAL BOARD OF IMMIGRATION IS WAITING IN WASHINGTON.

It is reported that Secretary of the Territory A. L. C. Atkinson will resign as secretary and devote all his time to his work as chairman of the Territorial Board of Immigration. Before he left here there was a report that if the authorities in Washington were willing to allow the board to carry out its plans, the chairmanship would require all Atkinson's time, and that he would prefer to keep it up and resign the secretaryship.

Atkinson has had a lot to do with the movement which has just culminated in opening the door for assisted immigration of white laborers to Hawaii. The law creating a board of immigration was drafted by him, after a conference with Commissioner Sargent a couple of years ago. He has had several conferences with President Roosevelt and after the last one, during his term as acting governor, he took very emphatically the position

SECRETARY A. L. C. ATKINSON.

As matters now stand, the Board will probably want to send an agent to Europe to take advantage of its right to import laborers. Portuguese and Italians are the ones most discussed here, and it is probable that Atkinson will go after some at once. He is now in Washington, waiting to hear from Honolulu as to what is to be done.

that Hawaii must do something to carry out President Roosevelt's policy of development along "traditional American lines." It is understood that Roosevelt has shown a very deep interest in this matter and has indicated serious objections to "Japanization" of the Territory.

Football Reform Says Carter

CHANGES IN THE GAME AND ENFORCEMENT OF THE RULES ARE NEEDED.

Governor Carter was asked this morning what he thought of the movement to abolish football. The governor was a football man himself in his Yale days, being a player on the Varsity team, and has never lost his interest in athletics. He said he did not regard the absolute abolition of the game as likely, but he thought some changes might be made, which would improve the game. One of them is to have ten-yard downs, which would

PRATT REPLIES TO THE OSORIOS

COMES BACK IN A LETTER TO THE SETTLEMENT ASSOCIATION USING PLAIN TALK.

The Hawaii Herald says: Land Commissioner Pratt comes back at the Osorio Settlement Association but his blow lacks steam and he seems to dodge, or try to dodge the real issue by presenting some ridiculous hypothetical questions for the members to answer. And the commissioner still has the germ of ultra superiority working in his system. He is still it in the broadest sense, which is surprising in the light of past events. Perhaps after all it is the Governor with the commissioner's mask, or better still maybe the commissioner is merely acting in the capacity of amanuensis. But here goes:

Honolulu, Nov. 13, 1905.

G. F. Alfonso, Esq., Hilo, Hawaii.
Dear Sir:—Your Registered Letter of 30th October, was not received until November 6 and therefore I had not sufficient time to reply per last mail. In answering same I will first quote Section 329 R. L. H., it is as follows:

"In case six or more persons who are qualified to apply for Right of Purchase Leases and Cash Freeholds under this Chapter, shall form themselves into a Settlement Association, and apply for holdings in one block of land, the Commissioner may with the approval of the Governor cause to be surveyed lots in one block corresponding in number to the number of persons forming such Association in Agricultural or Pastoral Land or both, according to the provisions of the Chapter."
A careful reading of the above Section will convince you, I believe, that said Section was intentionally worded in such manner as would allow the Commissioner to use discretion regarding the advisability of opening land for Settlement Associations, otherwise, why the use of the word "may." Then again, the Commissioner having passed the application, comes the Governor who must use his discretion, otherwise, why should his "approval" be necessary.

Note the difference between the wording of the above Section 329 and Section 313, wherein the Commissioner "is hereby authorized and instructed to cause to be surveyed," etc.

Regarding objections to Settlement Associations (Part VIII, Land Act, 1895) I have this to say:

Under this part VIII, "Six or more" persons may get together, form a combination, (Settlement Association), apply for a certain piece of land and obtain same without legal and equitable competition from any other person or persons equally qualified under the law but simply lacking their (the Settle-

ment Association's) approval. The said "Association" may dictate who the person shall be who obtain portion of a certain land; or, they may prohibit any one other than their chosen members from obtaining a portion of that land.

They may arrange among themselves the ownership of the various lots and see that this plan or arrangement is carried out and each individual obtains the lot assigned to him by the Settlement Association, and that no individual need fear any competition from another, either out of, or in the Association.

The above situation, which you desire, is exactly the condition which I would like to avoid, by refusing to open these lands for any "Settlement Association," under R. P. Leases.

Now, as to Right of Purchase Leases there is this to say:

The law allows agricultural land to be leased for but five (5) years (Organic Act, Sec. 73) but also allows the individual to take out a Right of Purchase Lease for a term of twenty-one years.

Now what is there to prevent a Plantation Corporation from employing a body such as yours, consisting of 36 members, to take up (lease) one hundred acres each, of fine cane land, the plantation paying the rental (through the Settlement Association), and thereby obtaining the use of 3600 acres of fine land for a period of twenty-one years at a nominal rental and finally obtaining ownership at a nominal figure, for you cannot but admit that the appraised value of Settlement purposes (as against the actual cash value of these lands, on an open market) is merely nominal. This shows necessity of the discretion allowed the Commissioner of Public Lands and the Governor under Section 329.

As to the conditions mentioned in mine of 18th inst., I will take them up separately.
Condition 1:
"Applicants to submit satisfactory proof that the year ready and capable to maintain the present high state of cultivation and production of the land."

This is in the interest of the country as a whole; our financial condition is such that every safeguard must be taken to insure production from all land capable of producing. If you and your associates are capable of keeping up the production of the land you should be willing to show your means and proud to be able to do so.

If you are simply speculators who propose to take up the land and then farm it out to Orientals on shares until the time comes when you can get your patents and sell out to the corporations at a good profit, you will probably continue to object to Condition No. 1.

Condition 2:
"Lots to be small, area to be determined in each case separately."
It is my business to know and to decide what area a man, or a man and family, can handle, and also the area that is necessary to insure "an independent income" as you say.

Experience "will also teach you," that there are "50 acre lots" and "50 acres lots," and that it is not the area so much as the soil, contour, elevation, water, wind, roads, and general adaptability of the particular land for a particular, or for general purposes, that go to insure "an independent income."

Condition 3:
"Condition of holding to be those set forth in Part 7, Land Act 1905, especially appertaining to Cash Freeholds."

If you take the time to read carefully Part VII, you will readily understand that it does not mean "to purchase outright on a cash basis," therefore your objection to this "condition," falls flat.

"All persons eligible under this part of this Act to be allowed to bid on the land," and

Condition 5:
"Sale of lots at auction, upset price of the land to be as the law directs, viz: "A reasonable rate."

My stated objections to opening for settlement association will show reason for these conditions.

In re your criticism of "Objects 1, 2. To insure cultivation of the full area opened; no land being allowed to lapse to jungle while holder waits for patent and purchaser."

Covered in my answer under "Condition 2."

Object 3. To insure prompt building of roads.
Be kind enough to read Act 77, Session Laws 1905, and you will understand this "object."

"Object 4. To insure equal chance for all qualified citizens to obtain land."

It is just as you state, with this exception: I use the words "all qualified citizens," and you desire to benefit "some qualified citizens" when you ask that Hakalau lands be opened solely for the benefit of your "settlement association."

"Object 5. To insure a fair return and no favoritism."
You will be unable to "fail to see the application" if these lands are opened as Cash Freeholds, simply.

Respectfully submitted,
JAMES W. PRATT,
Commissioner of Public Lands.

College Football

The big universities are beginning to rebel against the brutalities of football, and the result is likely to be, if not the end of the game, such a reformation of it as will greatly improve it. Played as a more open game, with more attention to rules which call more for scientific playing than for the exercise of mere strength, football might revive as a popular game, but it is doubtful if it will ever maintain the popularity it has had, if the elements of danger and brutality are removed. At heart humanity has a love for brutal sports. The football men are made heroes of because they go recklessly into contests in which they risk life itself and play ahead with brutal courage in spite of crippling injuries,—the grandstands never howl louder than when some crippled hero stragglers agonizingly back into the "play."

Football is more nearly exclusively a game of brute strength than even prize-fighting. There have been many small prize-fighters at the very top of their "profession." They won by "science," as it is called. But a small football hero is an anomaly, though not unknown. The training of a season is devoted to showing the biggest men in each university how to knock over the biggest rivals. It is notorious that in many games where a star player is "on the line" plays are so arranged that he will be attacked time after time by three or four other men, until he is "laid out" and retired. The grand stand does not know this. It cannot see much of what is going on, and this is a proof that it is the danger element that makes the game popular. As a contest of science football is not worth watching for five minutes from a grand stand, for the closest watchers can hardly see the plays even from the field or sidelines. They see a lot of quick leaps, then possibly a pile of struggling humanity and find that the ball has advanced one way or the other, and that is all. There is no open showing of skill and alertness as in baseball, no chance to see just what the real playing has been. Hence if the brutality is reformed out of the present American football game it would be likely to die. Perhaps a change to the more open games, in which kicking is the rule instead of attempting to carry the ball or drive it by strength through an opposing line, might give a new popular football.

The Coming Congress

Congress meets next Monday. The beginning of a session of Congress is always important. From a sentimental point of view it appeals to every American. In Congress is reposed the supreme legislative power of the nation. All the legislative powers of the American people, not specifically reserved to themselves, or to the several states, is given to Congress. This makes it one of the greatest law making bodies in the world, perhaps the greatest. To every American, therefore, the opening of a session of Congress represents the beginning of the active exercise of the highest and most important delegation of power which can be bestowed by a free people upon its representatives. It is no wonder therefore, that the Protestant Episcopal church, revising its forms of worship at a time when the American Congress, as now constituted, was still young, when the importance of the delegation of power was still fresh in mind, should have provided a form of prayer for Congress to be used in all churches while Congress is in session.

Every session of Congress is potentially an important one. The coming session is likely to be an important one in the weight of matters coming before it, whatever it shall prove to be in the weight of matters accomplished.

Perhaps most important among the matters to come before it is the matter of the regulation of traffic rates on railroads, and by common carriers generally, for the revelations of traffic methods which the investigations of the trusts has made, show that the evils complained of cannot be reached without counting refrigerator car service, and steamship connections of railroads as part of the problem to be grappled with. The form in which the matter of traffic regulations is likely to come before Congress is the proposal to give the Inter-State Commerce Commission, not only the right to declare rates unjust or discriminating, but to establish rates which it shall deem just and proper, and to enforce them. This is the proposal which President Roosevelt favors. Whatever opinion is held of it, it must be admitted that it goes farther in the direction of governmental regulation of business than anything heretofore attempted in American legislation. It is radical. It is a material advance in a direction that many believe to be socialistic, though the epithet socialistic has lost many of the terrors it used to have.

Another matter of very great importance that will come before this session of Congress is the Panama Canal. Whatever conclusion the engineers may arrive at, the final determination of whether the canal to be built shall be a sea level canal or a lock canal rests with Congress. It is Congress that will vote the money to build it, and Congress is likely to have its say as to how the canal shall be built.

Insular possessions are likely to come before Congress in a good many forms. Hawaii has a few things it wants Congress to do, though anything we may want or bring forward is likely to be entirely overshadowed by the Philippine question, and any disposition that is made of us and of our requests is likely to be very much affected, indirectly and obliquely, probably, but none the less decisively, by the outcome of the discussions on the various phases of the Philippine problem.

Porto Rico and Cuba will each probably absorb a good deal of attention, and the disclosures relating to the management of life insurance companies are certain to have their echoes in Congress.

In many of these problems, there are strong contending interests—interests strongly materially and having much at stake. It is to be sincerely hoped that in the struggle of these interests, the real merits of the problems will not be overlooked or forgotten.

These are only a few of the problems to come before this session of Congress but they are sufficient to give more than ordinary importance to the session.

The Price Of Silver

The silver question, which everybody supposed was disposed of by the results of the elections of 1896 and 1900, still hobs up every once in a while. Lately a cablegram announced that the value of the new Peso, the silver coinage provided by the United States for the Philippines had begun to fluctuate by reason of the demand for the coins as bullion in Hong Kong. Eradstreet's, in its issue for November 18, says:

"Prices for silver bullion have been strengthening of late in a quiet way without attracting much attention, although the movement has naturally been attended by more or less speculation in the London market. The present week, however, brought with it increased activ-

ity in the metal and a further rise in the quotations, which reached 29 11-16d. per ounce in London and 64 1/2 cents in New York for commercial bars. These figures are notable, as they are the highest which have been recorded in the silver markets here or abroad since the year 1900, when the prices touched 30 3-16d. and 64 cents respectively. It would seem that the demand from the East has been large and steady to this cause, being, in fact, an entirely legitimate movement. An interesting question has also arisen as to whether the Mexican government will not take advantage of the situation to sell at least a part of its silver reserve carried against note circulation and thus provide a gold reserve."

All of which indicates that elections may not always settle economic questions.

The Advertiser should not be so sure that it is a gentleman who is sending it anonymous letters about the affairs of the Central Union Church. Perhaps it's a lady.

The Turk seems to be forcing the hand of the Powers.

If gold really has been found in any quantities near the Straits of Magellan, that region may look for a development within a few years which it would not have under ordinary circumstances in several hundred years.

Perhaps one way of securing reform in the administration of life insurance companies would be the education of the public up to a point that would make it unnecessary to employ high priced agents to persuade men to do what an ordinary sense of duty to those dependent on them ought to prompt them to do.

Bishop Libert and Father Valentine certainly received an enthusiastic welcome from their people.

LIFE INSURANCE.

There is no question that life insurance is a good thing; the difficulty lies in making it as good a thing for the policy-holder as for the director.—The Washington Star.

It looks to us as though the life-insurance agent were the innocent bystander in this investigation. Soliciting business at this time must be about as pleasant a job as carrying an elephant up sixteen flights of stairs.—The Chicago News.

Now that the Mutual Life has decided to investigate itself, we may soon have an impartial and disinterested showing as to what the facts really are instead of the one-sided and prejudiced findings of the State.—The Kansas City Journal.

Cunliff, the express robber, says it is difficult for a man to be honest on a salary of \$65 a month. The life-insurance investigations indicate that it is difficult for some men to be honest on a salary of \$65 an hour.—The Washington Post.

Now that President McCurdy has appointed a committee of three directors to investigate its affairs we may confidently expect to be surprised almost any day when we find out what a really good company the Mutual is.—The Detroit Free Press.

PRIZEFIGHTER IN POLICE TOILS

PRISONERS FROM THE COAST

BILL HUIHUI LOCKED UP ON SUSPICION BY POLICE—WIGWAM SALOON ROBBED LAST NIGHT.

Bill Huihui, the ex-prizefighter, is locked up in the police station for "Investigation." A saloon, some bottles of whiskey, some money, a dog and Bill are mixed up in rather a peculiar way and the police are going to make a careful inquiry into the circumstances.

The Wigwam Saloon in Kakaako was entered by some one about midnight last night and robbed of four bottles of whiskey and \$4 in cash. Bill Huihui was seen by some boys in Kakaako coming from the direction of the saloon. He had apparently some packages under his arms. Sometime later Bill reappeared and told the boys he had about 50 cents about his clothes and he would treat them. They said he could not for the saloon was closed. Bill went to W. Reuter, the mounted officer on the beat and informed Reuter that he, Bill, had gone to the Wigwam Saloon to get a dog that had been tied there and had discovered that the saloon had been robbed. Reuter took Huihui into custody.

MARSHAL SHINE BRINGS THREE MEN WHO WERE INDICTED IN HONOLULU.

United States Marshal Shine, of the district of Northern California, arrived here this morning on the S. S. China, bringing with him three prisoners who are wanted here on indictments charging them with attempting to pass counterfeit money. They are men who were on the transport Sherman when she passed through here at the time when District Attorney Breckons and Marshal Hendry took half a dozen men off on suspicion that they were concerned in making or passing counterfeit.

The three men brought from San Francisco are J. Duffy, J. Rooney and J. Shea. Investigations here after they had left for the coast indicated that they were concerned in the use of the bad money, and a cable was sent to have them arrested. The Grand Jury here indicted them for attempting to pass counterfeit money.

Deputy Marshal Winter went out to meet the steamer this morning and had the men placed in Oahu jail. They had preliminary hearings in San Francisco, and are here now for trial.

Captain Berger and the Hawaiian Band gave a concert on the U. S. S. Supply this morning and then went to the Russian cruiser Lena and played.

A STIRRING PLAY IS "PAUL REVERE"

PRESENTED TO AN ENTHUSIASTIC AUDIENCE AT ORPHEUM LAST NIGHT—EAGLES THERE.

The stirring story of Paul Revere's ride which Longfellow has told so inspiringly in verse, Richard Buhler and his company of players told last night most delightfully in stage picture and vigorous lines. It is a play that every patriot ought to see. It stirs the blood. It recalls heroic times and heroic acts done for a heroic cause.

It was Paul Revere's ride that in many respects aroused the patriotism of the colonists to the fighting pitch. It was Paul Revere's ride that made possible some of the early victories of the American Revolution.

The play was presented for the first time at the Orpheum last night. It had a crowded house and evoked much enthusiasm. The local Aerie of Eagles chose this play as the one to attend in a body. Nearly three hundred of them were there. They made a fine appearance. There was a holiday air and abandon in the audience, the play went with a swing and a vim, and altogether it was one of the most interesting theatrical occasions Honolulu has experienced for a long time.

The play "Paul Revere" tells the story of the Boston of Revolutionary time, of the signal light in the tower of the Old North Church, and of the ride to tell the people of the surrounding village, hamlets and farms of the movements of the British. The title role is just the kind to bring out the dash and vigor and swing of which Richard Buhler is so capable. He was splendidly supported by Thomas Lowell, Harry Earl, Mr. Gleason, Mr. Auerbach, Miss Fowler, Miss Orendorf and Miss Chandler.

The play will be presented again tonight and tomorrow night, and at the matinee on Saturday.

ABOUT OUR FIRE CHIEF.

The following appears in the Firemen's Standard, of Boston, November 16: "Boston is now being visited for the first time by Chief Charles H. Thurston of the Honolulu Fire Department, and he says that the city of culture has every other municipality that he has visited beaten in every respect. Though the streets are crooked, the residents are straight, Mr. Thurston declares, and he hopes that the friends he has made in this city will be his to the end."

FOOTBALL REFORM SAYS CARTER

(Continued from page one).

force more kicking and a more open game.

"These agitations against football are periodical," said the governor, "and undoubtedly they do much good. I remember such an agitation somewhere about 1880 and at that time statistics which were collected showed that yachting and baseball were more dangerous than football.

"The principal thing needed in football is an umpire of sufficient strength to enforce the rules. There should be a system whereby such umpires would always be secured. When twenty-two men are keenly contesting on a football field, they will ride all over a weak man in the position of umpire, and there is much violation of the rules. Great reform would be made by having officials who would strictly enforce rules.

"The danger in football is to men who are not fit to play, because not hard enough trained. Such men are often found on the small college teams and on the smaller teams in the big colleges. A well trained man can go through the scrimmages safe and sound as a rule, if real football is played.

"The great benefit of football is in reaching self-reliance and self-restraint and discipline under great stress of excitement. Where eleven men set upon one man, it is not football, and the umpire is at fault, not the game. In the same way, if a man in the field uses his opportunities to work out personal grievances and fights, he is not playing football."

OUR "JACK" SURPRISED THE PLANTERS

(Continued from page one).

Francisco this morning. Various members of the local Catholic clergy were present and as were representatives of the various Catholic organizations to greet His Lordship, the Bishop of Zeugma.

Marshal Fred W. Weed was naturally the busiest man there and he was very active in marshalling the various divisions under him. He acquitted himself very well. It looked for a time however, as if his plans would not be followed, for the St. Louis College band was late in arriving, as was the delegation from that institution. Weed had the college hurriedly notified by phone, of the approach of the vessel and by the time that His Lordship was ready to embark from the China the band was present to take its place at the head of the column.

The delegations who had gone to the water front to welcome the Bishop were permitted to wave greetings to the arriving clergy. Father James went aboard the vessel as soon as she had docked. Thomas McFigue met the Bishop off the harbor. His Lordship looked very well and his trip appeared to have benefited his health. Father Valentin also looked well. Accompanying them were Fathers Rodrigue, Frans, Servia Halinde and F. Engelbert Kwakman two of whom are priests and the other a lay brother. The strangers are to engage in work in the local mission.

The clergy did not leave the wharf until after the majority of the other passengers had left. Then Marshal Weed formed the various societies in the following order:

- St. Louis College Band.
- Boys of St. Louis College.
- College Faculty
- Girls of the Sacred Heart's Convent.
- Ladies' Aid Society
- Holy Ghost Society
- Ladies Auxillary, A. O. F.
- Ancient Order of Hibernians
- Sodality Society
- Y. M. I.
- Catholic Benevolent Union.
- Sacred Hearts Society.

Carriage with His Lordship the Bishop, Father Valentin and the Provincial Father James.

Carriages for the Clergy. The procession marched up Punchbowl street to King and thence Ewa to Fort to the Catholic Cathedral.

The procession arrived at the Cathedral to find that sacred fane already crowded to the doors and the organ pealed forth a welcome to the much loved Bishop as he entered.

Service commenced immediately after the Bishop's arrival, Pontifical High Mass being celebrated and the Papal blessing being given by the bishop, the congregation reverently kneeling. The devotional exercises were of the most impressive nature all of the local Catholic clergy taking active part. The Cathedral was beautifully decorated with flags, the pulpit in particular being draped with a huge Stars and Stripes.

CASES IN POLICE COURT.

There were a number of cases in the police court today. Seventeen Kakaako hoodlums who had been raising disturbances were fined \$10 and costs each or sent to jail for 30 days. NEW WAILUKU SUGAR MILL

RAPID PROGRESS IS BEING MADE IN CONSTRUCTION AND MANY CHANGES APPARENT IN OFFICE

WAILUKU, November 29.—Work on the site of the new Wailuku seems to be going on very rapidly under the supervision of Mr. Russell, and to the casual observer it will be noticed that there are quite a number of changes on the East side of the present mill. The old store building in front of the mill has been entirely changed to suit the purposes of an office and inside of a few weeks the Wailuku Sugar Co. will have an up-to-date office, in striking contrast to the dingy building which they occupied before this.

MANAGER BEWS AND HIS VIEWS

NEW CHIEF OF ROYAL HAWAIIAN HOTEL WILL NOT MAKE ANY RADICAL CHANGES NOW.

"I've been too long in the business to make any radical changes before I know my way about," remarked Manager Bews of the Royal Hawaiian Hotel this morning, "and I think that barring a change in placing the office across the hallway the hotel will remain as it is for the present at all events."

Manager Bews has already established himself in the good will of his guests and of the hotel staff which is a good deal in itself considering that he followed a manager who was also very popular. He is very much of a lodge man, being a member of the following organizations: Capitol Lodge, No. 3, F. & A. M., Omaha, Nebraska; Omaha Chapter, No. 1, R. A. M., Omaha, Nebraska; Dakota Commandery, No. 1, K. T., Deadwood, Dakota; El Kalah Temple, A. A. O. N. M. S., Salt Lake City, Utah, Southern Jurisdiction of the A. and A. Rite, 32°; Omaha, No. 2, I. O. O. F., Omaha, Nebraska; Hesperian Encampment, No. 2, I. O. O. F., Omaha, Nebraska; Castle No. 13, K. of P., Portland, Oregon; and Geo. H. Thomas Post, No. 2, Dept. of California, G. A. R.

"There is no reason in the world why Honolulu should not be sought by people anxious for relaxation," he said, when asked as to business prospects. "The islands are advertised now as they never were before and for people who do not fear a sea trip—though many do—I cannot conceive of a pleasanter place for a holiday."

THANKSGIVING DANCE.

WAILUKU, November 29.—A dance will be given tonight at the armory in Wailuku, which will be strictly invitational. Several of the young men of Wailuku have generously subscribed to defray the expenses of this ball. Mrs. Carnegie of the Maui Hotel will have entire charge of refreshments, and the Walhee sextette has been engaged for the evening. This is probably the only celebration of Thanksgiving day on Maui.

A LOSING CONTRACT.

WAILUKU, November 29.—Henry de Fries who erected the Wailuku Armory did the work in a very short time, in fact it was a surprise to many that the building was completed as fast as it was. Still it is said that De Fries lost nearly \$600 on this contract. This is accounted for from the fact that De Fries brought his own carpenters from Honolulu and naturally had to pay them high wages. Even though every piece of lumber was cut up in Honolulu and the work on the building rushed through as fast as possible, the low figure at which De Fries secured the contract did not permit of any profit.

APPRAISERS FOR RUSSIANS' LAND

Land Commissioner Pratt has appointed F. W. Macfarlane and John Emmeluth to act with Sub-Agent Deverill of the land department, as appraisers of the Kauai land which it is proposed to offer to the Molokai Russians. The three appraisers will probably visit the land next week and make investigations. The price which they fix on the value of the land will be the price at which it will be offered to the prospective settlers.

THE LAND COURT.

The Court of Land Registration which has an allowance of \$125 a month for incidentals, has turned \$127.49 of realizations into the treasury this month.

William R. Castle, as trustee for Theodore F. Lansing, has filed a petition in the Land Court for a registered title to land with the buildings thereon at Waiahole, Oahu, containing 35.13 acres.

George P. Castle, petitioner for a registered title to land on Pacific Heights has filed an election to proceed notwithstanding an adverse report by C. R. Hemenway, examiner, upon the title.

COL. LAUKEA'S CONTEST.

WASHINGTON, D. C., Nov. 18.—The Contestee's brief "of facts and authorities" in the election case of Curtis P. Laukea vs. Jonah K. Kalaniana'ole has been printed in pamphlet form and accordingly will be ready to place in the hands of the House Committee the moment it is organized in the course of a few weeks by Speaker Cannon. It makes 41 printed pages and sets forth forcibly the reason why Prince Kuhio should not be disturbed in his office of delegate. A. G. M. Robertson and Dudley & Michener appear as "attorneys for contestee."

***** The torpedo boat destroyers will not visit Honolulu this year.

WHERE LIONS STILL SWARM.

There are still plenty of lions to be met with in some parts of Rhodesia. A passage in the report for May last of the Assistant Native Commissioner for the Sebengwe-Mafungabusi district states that: "I found the Bume River much infested with lions, especially at the mouth, where one morning I saw as many as five, and was fortunate enough in bagging four and wounding the fifth, thus ridding the natives of a great pest to their stock." This is fairly lively work, judged even by the best old standards. There is perhaps hardly any means by which the goodwill of a population is attracted to the British officer; either in Africa or India, as by semi-divine interposition of this kind in protection of human life and stock.—London County Gentleman.

FOREIGN NEWS BY CABLE

FACULTIES DOWN ON FOOTBALL.

SAN FRANCISCO, November 30.—The faculties in several colleges throughout the United States have begun to denounce the National game of football and will not allow it in future. Columbia has already abolished the game and Professor Wheeler indicates that similar action will be taken at the University of California.

TROOPS AND REBELS.

SEBASTOPOL, November 30.—The troops have opened fire on the rebel cruiser Otchakoff, which replied by shelling the town and Fort Alexander. The Otchakoff is reported to have been riddled and to be on fire. Ten rebel vessels are said to have surrendered.

Mutinous sailors on shore used their machine guns with deadly effect against the regular infantry forces that were attacking them, but the mutineers finally surrendered.

Lieutenant Schmidt who was in command of the rebel fleet has been wounded and surrendered. The casualties during the engagement were large.

DE WITTE'S POSITION PRECARIOUS.

BERLIN, November 30.—De Witte's position is regarded here as being very insecure. There is a strong court party that is inimical to him and which is urging upon the Czar the enforcement of martial law.

RUSSIAN TELTGRAPH OPERATORS STRIKE.

ST. PETERSBURG, November 30.—All the telegraph operators in the city have gone on strike.

GOLDFIELD NEAR STRAITS OF MAGELLAN.

SANTIAGO, Chile, November 30.—Great excitement exists here owing to the discovery of rich goldfields in the territory bordering on the Straits of Magellan. From the outlook there is promise of a second Klondike.

SENATOR PATTERSON FINED.

DENVER, November 30.—Senator Patterson has been fined one thousand dollars for contempt of the Supreme Court in publishing cartoons. He has appealed from the decision.

POST OFFICE TO BE CLOSED.

ST. PETERSBURG, December 1.—The Workmen's Council has decreed the closing of the general post office. It is estimated that 100,000 workmen will be locked out.

The strike of telegraphers is paralyzing official commercial life. The government is ignorant of the situation in the interior. The cabinet has decided to declare martial law in Poland. A number of soldiers of the household guards at Tsarskooselo have been arrested for presenting a petition for reforms.

The defeat of the mutineers strengthens De Witte's position.

REBELS BADLY WORSTED.

SEBASTOPOL, December 1.—It is officially stated that one rebel torpedo boat has been sunk and two disabled.

The rebel cruiser Otchakoff is burning.

Lieutenant Schmidt, who was in command of the rebel fleet, was arrested un wounded. The majority of the mutineers are reservists.

SOME FOOTBALL SURPRISES.

SAN FRANCISCO, December 1.—Pennsylvania defeated Cornell, 6 to 5. Chicago won from Michigan, 2 to 0. Indiana went down before Ohio, 11 to 0.

THE BURDEN OF DISGRACE.

VANCOUVER, Wash., December 1.—Captain Alga Berry, recently dismissed from the U. S. army for improper conduct aboard a steamship, has committed suicide by shooting.

ENGLAND'S LIVE POLITICS.

LONDON, December 1.—It is understood that Premier Balfour and cabinet have decided to resign and that Sir Henry Campbell-Bannerman, C.G.B., will be premier.

THE SULTAN WAITS.

CONSTANTINOPLE, December 1.—It is believed that the Sultan will not act until further demonstrations have been made.

MAY ASSIST IMMIGRATION

PRESIDENT AND SARGENT BOTH APPROVE THE TERRITORIAL BOARD OF IMMIGRATION.

Secretary Atkinson on Wednesday cabled the Advertiser as follows: WASHINGTON, November 29.—To Advertiser, Honolulu: Hawaii will be Americanized. Let us give thanks. "ATKINSON."

This cablegram served to bring out the news that President Roosevelt and Commissioner General Sargent have both approved the law of the last legislature, creating a Board of Immigration here, and that the board will be allowed to proceed with its work as planned, and import laborers from foreign countries, except China and it may be Japan. The American laws against assisted American immigration will not be applied to such assistance given by the Territory.

It is understood that under this ruling the Planters' Association stands ready to advance funds for the importation of Portuguese or Italian laborers from Euro e.

A PROMINENT PUBLISHER ENDOUSES CHAMBERLAIN'S COUGH REMEDY.

Mr. Leon C. Streeter, proprietor of the Worcester, Cape Colony, Standard, says: "For the past seven years, or since we have been in South Africa, Chamberlain's Cough Remedy has always been kept in my household. My wife has found it to be invaluable with the children and croupy symptoms have disappeared with astonishing rapidity under its influence."

For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

It is said that the officers of the Russian cruiser Lena have spent several thousand dollars in Honolulu in the mere matter of personal expenditures. A large part of it went to the curio dealers.

SOMETHING OF GUAM ISLAND

THE LITTLE KNOWN POSSESSION OF THE UNITED STATES IN THE WESTERN PACIFIC OCEAN.

BY WILLIAM R. RHODES. Of the Civil Service in Guam. When Uncle Sam embarked in the profession of acquiring possessions by force of arms, in '98, one of the most picturesque of the islands thus secured was Guam.

Guam is southernmost of all the Ladrones, a group of about sixteen small islands discovered by Magellan in 1521. These have been in the Spanish possession from that time until the cruiser Charleston commanded by Captain Glass, steamed into the Port de Apra and with a shot or two put an end to the three hundred years of Spanish regime.

Since Governor Dyer came the roads have been extended all over the island as far as the funds at his disposition will allow. A public promenade leading to the sea (the Paseo de Susana) has been made and a pavilion is being erected there where the natives can gather for their wedding feasts and general amusement.

attended the public school and many are working and learning trades in the daytime and going to school at night.

The young generation of Guam have every inducement in the world to get an education as they can see that a respectable native can have any position that he is capable of filling.

The natives consider themselves very fortunate in falling into the hands of a paternal government and they are giving every assurance that they are being treated satisfactorily.

THANKSGIVING FOR NEWSBOYS

THE STAR'S YOUNGSTERS HAD TURKEY AND ALSO WENT TO THE FOOTBALL MATCH YESTERDAY.

Yesterday was a red letter day in the calendar of the Star's newsboys. They were the guests of the paper for Thanksgiving dinner and also at the football match.

To say that they enjoyed themselves would be to put it mildly. Although the hour set for the meal was 12:30 there were little curbstone merchants waiting outside the Star office by 7 o'clock and they kept their vigil until marshalled by General James Carey, they marched up Nuuanu street to Love's bakery.

After dinner the lads were marched back to the Star office where they were given horns and they then proceeded to the baseball grounds where they witnessed the football match and shouted themselves black in the face.

THANKSGIVING IN THE CHURCHES

SERVICE HELD YESTERDAY IN OBSERVANCE OF THE DAY BY CHURCH ORGANIZATIONS.

Union Thanksgiving Day services at Central Union church yesterday forenoon were well attended. The congregations of the Methodist and Christian churches united with that of Central Union.

At St. Andrew's Cathedral, there was a celebration of the Holy Communion at 7 o'clock, it being St. Andrew's Day. At the service in Hawaiian at 9 o'clock Rev. Frank Fitz preached.

Bishop Restarick preached at the 10:30 service at the cathedral, taking for his text "Every Good Gift, and Every Perfect Gift is From Above."

Rev. John Osborne preached at the services at St. Clement's church. There were services at St. Elizabeth's, and at St. Peter's. Rev. Potwine conducted services at Waiialua.

There was mass at 9 o'clock in the Catholic cathedral.

Mr. Frank G. Robson, Advance Manager of the Party, will call on the public with a subscription list during the next few days and a list will also be opened at WALL, NICHOLS CO., LTD., Republic Block.

TO WRITE NEW GEOGRAPHY

A. T. ATKINSON MAY TAKE UP WORK OF PREPARING A NEW EDITION.

The Board of Education held a meeting on Wednesday afternoon. A letter was received from Alatau T. Atkinson stating that he had an arrangement with the American Book Company for a new edition of his Geography of Hawaii.

The following standing committees of the Board were appointed: Teachers—Farrington, Mrs. Jordan and Mrs. Wilcox.

Land and Buildings—Wight and Farrington. Finance—Al and Von Holt. Girl's Industrial School—Al and Mrs. Wilcox.

Lace Work—Mrs. Wilcox. Lahalaaluna—Von Holt and Wight. Notices were received from the Sons of the American Revolution naming P. C. Jones, and from the Grand Army of the Republic naming George Dietz.

Superintendent Babbitt reported he has written to Delegate Kuhl, calling his attention to a joint resolution of the Legislature of 1903 asking Congress to appropriate \$250,000 a year for educational purposes in this Territory.

The following requested opinion from the Attorney General was received and filed:

"What is meant by the words 'Actually Begin Service' in the Revised Rules and Regulations of the Department of Public Instruction?"

"Hon. W. H. Babbitt, Superintendent of Public Instruction, Judiciary Building, City: 'Sir: Your valued communication of the 17th inst. in which you request the opinion of this department in the above entitled matter, has been duly considered, and desire to report and advise as follows:

"The regulation quoted in your communication clearly defines the relation between the teacher and the department of Public Instruction. It is not only provided therein that 'a teacher's name shall not appear on the payroll' unless said teacher has actually begun service," but it further provides that no teacher shall receive any compensation until he or she actually begins services."

"The language employed is plain; and I am of the opinion that, irrespective of the date of appointment, the regulation prohibits the payment or receipt of compensation until the services actually begin. It makes no difference what intervenes to postpone actual services. The Superintendent of the Department, as well as the teachers thereof, are bound by its duly passed and promulgated rules and regulations, and even the Superintendent himself has no power to go outside of those rules. The rule fixes the time when compensation shall begin, and prohibits any other understanding, but that of compensation when the service begins."

How to be Economical. "Be thoughtful. There are so many little ways of saving gas, and just as many ways to waste it. BROUGHT NUMBER OF WELL KNOWN PEOPLE FOR HONOLULU—SAIL TOMORROW.

It is rather an unusual occurrence when the S. S. China makes port from San Francisco before day break, not that she cannot do it for she has the speed to meet any demand made of her, but Captain Friele does not as a rule bring his vessel along much under six days time. But the present trip he did and to general surprise the China was reported off Koko Head just about 5 o'clock from San Francisco.

The vessel left San Francisco November 25, so brought three days later than usual for this place. The vessel encountered good weather. She sighted the Doric, Sonoma and Manchuria. The China had aboard His Lordship the Bishop of Zeugma accompanied by Father Valentin and three Catholic clergymen: Revs. Rodrigue Frans, Servat Halinde and E. Engelbert Kwakman.

Among the passengers for Honolulu were U. S. Marshal John Shine and Deputy Marshal E. Doyle who brought back the three men charged with having counterfeit bills in their possession on the transport Sherman on her last visit to this port from Manila.

Fred Angus returned by the China from a pleasure trip to California. J. M. Dowsett, wife, two children and maid were returning Honoluluans. They have been absent some months and passed three months in New York city.

Mrs. Milus Parkhurst accompanied by her sister Mrs. Emily Yoell Dunn, arrived from San Francisco.

Robert Levers arrived from a business trip to the mainland. J. P. C. Hagens of the Pacific Fertilizer Works returned from a business trip to the mainland.

Dr. E. C. Waterhouse arrived. He went on a business trip connected with the rubber industry of Maui.

Among the through passengers is George Lynch the war correspondent who is going to the Far East.

Mrs. Huntington Wilson the wife of the secretary of the American Legation at Tokio, is a passenger for Yokohama.

E. J. Roberts, Thomas McCombe and Dr. W. R. Manning are passengers for Yokohama. They are going to accept positions on the S. S. Nippon Maru which goes into commission this month.

Several naval people are going out to Manila for assignment. They are Commander George H. Peters, and Paymaster W. F. Gray. Captain J. K. Thompson of the American army is also bound for Manila.

The China sails at 8 a. m. tomorrow for the Orient and Manila, from the Channel wharf.

DISCUSSED IMMIGRATION

A meeting of the Territorial Board of Immigration was held at 2 this afternoon in the board's headquarters at 150 Merchant street, John Carden presided and those present were J. H. Craig, J. P. Cooke and Clarence Crabbe, secretary.

The only matter considered was the cablegram from Secretary Atkinson regarding immigration of whites. This was discussed at length in executive session.

CHRISTMAS ANNOUNCEMENT

This Christmas Season we excel. The beautiful assortment that awaits our many customers is the most marvelous display ever witnessed in this Territory. It is the result of the clear-sighted policy of catering to the public in an affable manner, thereby learning what is wanted and what is not wanted.

Special attention is called to our lines of Cut Glass, Sterling Silver and Clocks. In these three lines we now take a decided lead. Our values this year in Cut Glass cannot be equalled anywhere in the Territory, and the assortment are easily the largest and most attractive.

Clocks are in a class by themselves. To be appreciated they must be seen, and when viewed it means a purchase. This year, as in former years, we have always surpassed in the following lines, except that our stock on this occasion is much larger and just as enchanting.

The lines referred to are China from the famous China centers of Europe. Bohemian Glassware, Pottery, Bronzes, Electrical, Gas and Oil Lamps, Cutlery and the best the world offers can be obtained from us this year.

Sterling Silver Handsome Designs. Rare Assortment. Cheapness of Price. A desirable gift from this array can be had for a small amount. Articles from 50c. to \$25.00.

Libbey Cut Glass The admitted peer of the world's best cut-glass. We are now sole distributors. A complete line to choose from.

CLOCKS Always useful and valuable. One from our stock makes a gift that is always a lasting pleasure. All kinds to be had. The Cuckoo, Hall, Mission, Wind Mill, French Regulator, Mantle, Alarm, Etc., Etc.
