## PRINCE CUPID THE UNANIMOUS CHOICE

We believe in the equality of all men under just laws of their own making and we shall emphatically and uncompromisingly oppose any restriction or limitation to the suffrage which we now enjoy under the Organic Act.—Republican Platform.

### Republican Convention Closes Amid Scenes of Wild Enthusiasm— Prince Cupid Declares Himself and Is Nominated for Delegate— Premature Endorsement of Carter for National Committeeman Is Voted Down

We demand the passage of an Act by the next Legislature establishing county governments in Hawaii modeled after the most advanced and popular systems elsewhere; and we further demand the passage of a general municipal government act by which such municipalities as so desire may establish cities, towns and villages.—Republican Platform.

#### COURT CLERK COMMITS SUICIDE

Shoots Himself Through the Head on Sea Shore at Lihue

APPOINTED TO OFFICE ONLY A FEW WEEKS AGO

FORMERLY IN HONOLULU LAW OFFICE AND LATELY MADE THE ADMINISTRATOR OF TWO ESTATES.

F. T. Merry, who was appointed clerk of the Fifth Circuit Court, Kaula, a few days ago, has committed suicide by shooting himself through the head. He was recently in the law office of Atkinson & Judd, Honolulu, and only recently was appointed administrator of the estates of Clara Schneider and H. F. Gibbs, both deceased intestates on the petition of a firm of undertakers.

H. W. T. Purvis, former clerk of the Kaula circuit, writing from Lihue under date of yesterday, gives the following account of the tragedy: "Mr. Merry was missing from Friday afternoon to Saturday evening at 6 o'clock, when his dead body was found close to the seacoast, he having committed suicide by shooting himself through the head. The inquest was held at about 10 p. m. and the body was buried at about noon yesterday. I tell you this especially to point out how necessary it is for Mr. Thompson to come down for the term, as the circuit is temporarily without a clerk. I have told the judge that I will assist Mr. Thompson right through the term if necessary."

Mr. Thompson was all ready to go to Kaula before the urgent letter of Mr. Purvis was received, as Judge Hardy had requested his assistance to the new clerk for the term.

Merry had for some time previous to his death been complaining of being tired. He was much troubled with insomnia and tried all kinds of remedies for it, among them being the taking of long walks. He was not able to get any relief, however, and continued to complain. He had, as far as can be

ascertained, never mentioned any intention of ending his troubles by suicide. The remains of the unfortunate man were interred in the cemetery near Lihue courthouse on Sunday noon. Rev. Kaulliff officiating. A coroner's inquest had been held Sunday morning at which the jury returned a verdict that the deceased came to his death by a self-inflicted gunshot wound. A. L. C. Atkinson was shocked when told by a Bulletin reporter of the sad ending of his former clerk. He spoke very highly of the unfortunate man, who came here from Ann Arbor, Michigan. Mr. Merry had been married, but Mr. Atkinson was not acquainted further with his family affairs. The trouble with him in Honolulu was that he could not sleep, which caused his removal to Kaula for a change of air.

#### NATIVE CONVENTION

A meeting of the Home Rulers was held at Kailhi Camp at 12 o'clock noon, there being present some 200 people. Josse P. Makainai presided. The following were elected delegates to the convention of this island, which is to name the Home Rule candidates for the Legislature: William Renter, Samuel Kapaona, Henry Huka, Kahaletai, Kaunawa, Kekihi, William Kaa, George Kahaletai, Keliikahaale, Chas. Maika, Makakalani, Keliikahaale and J. W. Waipoua.

The Fourth Precinct of the Fifth District has named the following: S. K. Hui and J. K. Hohio Jr. The Tenth has named the following: W. K. Kalehaha, Moses Kamakoa, Wm. Pae and J. Naholowa.

#### CENTRAL COMMITTEE

Every member of the Republican Territorial Central Committee is expected to be present at a meeting of that body to be held in headquarters this afternoon at 2 o'clock for the purpose of organization. As immediate work is necessary in order to get everything in readiness for the fight, it is urged that there be present as full a representation as possible of the members who were yesterday chosen to be members of the controlling body of the party.

This is the birthday of Queen Liliuokalani and from 3 to 5 p. m. she will receive at her home, Washington Place, Beretania street. The Government band will be present. This morning, the Queen received the Hawaiians.

### Committeeman Cornwell Outlines His Position

National Committeeman W. H. Cornwell of the Democratic party called at the Bulletin office this morning to refute certain statements which the morning paper represents him as having made in connection with the fusion of the Democratic party with the Home Rulers. The reporter of the morning paper did not arrive at the meeting until some time after Mr. Cornwell had made his remarks. "My position is just this," said Mr. Cornwell, "I stand by my party. I believe my party is above any personality. "As far as standing by Wilcox is concerned, I stand with my party and if that party deems it best to endorse Mr. Wilcox I will stand with it. "Should Mr. Wilcox be elected he will not be solely the representative of the Home Rule party, but of the Democrats as well and by virtue of this position will have the assistance of Democratic leaders in the United States House of Representatives and Senate. "Had Prince Cupid been nominated by his own party and been endorsed by the Republicans we would likely have endorsed him for Delegate. This talk of Democratic fusion with the Republicans is foolish. Oil and water won't mix."

There was prolonged delay in opening the Republican Territorial Convention this morning. The cause was the awaiting of A. G. M. Robertson, who had important business in the Circuit Court. Mr. Robertson's presence was desired before the convention should proceed to nominate the candidate for Delegate to Congress. His backers for the nomination deemed it but fair play that Mr. Robertson should state his own feelings in regard to the matter, in view of the public information that Prince Cupid had consented to place himself under the banner of the Republican party. In the hands of the convention.

At about five minutes to 11 o'clock there was a roar of spontaneous applause from the delegates scattered over the floor of Progress hall. This demonstration was caused by the entrance of Prince Cupid under escort of Dr. George H. Huddy from the Fifth Representative District.

As all eyes caught the ardent of the prospective nominee, the delegates and spectators with one accord sprang to their feet and cheered vociferously. "There is only one party in Hawaii, the great Republican party," shouted R. T. Guard of the First and the course roared again.

Then the convention settled down to await for another while the arrival of the unannounced possibility.

Mr. Robertson arrived in company with Clarence L. Crabbe at 11:15 and was given three lusty cheers. Chairman Holstein immediately took the chair and ordered the roll called. There were seventy-nine present. Chairman Holstein stated that he had not the time to appoint the commission to draft a municipal incorporation bill. As it was a most important body he wished to have an opportunity of consulting with prominent men of business in town before making the appointments. He presumed there ought to be five members on the commission. When appointed their names would be announced in the local newspapers.

National Committeeman. Chairman Holstein suggested that the convention should elect a member of the Republican National Committee. L. L. McCandless objected that this was not within the powers of the convention. The National Committeeman for Hawaii was Samuel Parker, elected by the National Convention two years ago for four years.

The matter dropped. Chairman Holstein then announced as the next business in order the nomination of a candidate for Delegate to Congress. Charles Williams, when the First Representative District was called, said: "We waive our right of nominating in favor of the Third District."

Baldwin Names Cupid. H. P. Baldwin rose, at the call of the Third, and spoke as follows: "Mr. Chairman and gentlemen of the convention: It is my privilege and my pleasure to nominate, for candidate of the Republican party in Hawaii for Delegate to the Congress of the United States, Prince Jonah Kihio Kalaniana'ole, (Laud and prolonged applause.) Gentlemen, I have not come here before you with any set speech, but I would like to make a few remarks on this subject. I say that it is a great pleasure to me to be able to nominate as the Delegate one who is a prince of the royal family of Hawaii. I repeat that it is a great privilege to me and I have very great pleasure in offering the name of Prince Kalaniana'ole. I had my sixtieth birthday a few days ago."

Mr. Guard—"We hope you will have sixty more," (laughter and applause.) Mr. Baldwin—"As we know older we do not care to let people know our age as a rule. We do not celebrate our birthdays with the same gusto as when we were fifteen or sixteen years of age. I may say, though, that I spent the first fifty-one years of my life under the Hawaiian monarchy and the last nine years under other forms of government culminating in that of a Territory of the Republic of the United States. I cannot forget the pleasure of the years I lived under the monarchy, as

## Republicans Declare UNEQUIVOCALLY FOR Municipal Government

### Convention Adopts Clear Cut Platform

It was a quarter after 4 o'clock Monday afternoon when Chairman H. L. Holstein called the Republican Territorial Convention to order, pursuant to adjournment from 12:30 to 3 o'clock for the purpose of allowing the committees on rules and on platform to deliberate.

Lorrin Andrews read the following report of the committee on rules:

Rules of Convention. "To the chairman and members of the Republican Convention, "Gentlemen: "Your committee on rules begs leave to report as follows: "We recommend as the order of business of this convention the following: "1—Report of committee on rules. "2—Report of platform committee. "3—Election of a Territorial Central Committee. "4—Nomination of a Delegate to Congress.

"We recommend that this convention shall proceed to elect a Territorial Central committee which shall consist of thirty members chosen from their respective representative district upon the election of such district delegates sitting in this convention, each district to be entitled to as many members on such Central Committee as such district has representatives in the House of Representatives. This committee when elected shall hold office until the meeting of the next Territorial convention. The Territorial Central committee shall meet from time to time, elect such officers and promulgate such rules and regulations as it sees fit for the government of the Republican party in the Territory of Hawaii; shall call all conventions and primaries and shall conduct the general campaign of the Republican party within the Territory and have general supervision of the affairs of the party. "Your committee further recommends that except as hereinbefore provided the rules for parliamentary assemblies as laid down in Cushing's Manual shall be followed by this convention.

"Respectfully submitted, "LORRIN ANDREWS, Chairman. "C. P. LAUKEA, "EDGAR MORTON, "W. G. WALKER, "W. WERNER, "S. LAZARO."

H. P. Baldwin had not clearly heard the English as to the election of the Territorial Central Committee, and could not tell from the Hawaiian reading whether the mode of election of the Territorial Central Committee was in accordance with the regulations promulgated by that body.

Mr. Andrews could explain it in a moment. Not wishing to impose any controversy on the convention, which might have troubles enough later, they simply followed the lines of the regulations.

On motion of T. F. Lansing, seconded by C. B. Wilson, the report was considered section by section. There was no opposition to any portion and on motion of Mr. Baldwin, seconded by J. N. K. Keola, the report as a whole was adopted.

Mr. Baldwin suggested the election of the Territorial Central Committee while waiting for the report of the platform committee.

An objection was raised that this would not conform to the order of business.

Mr. Kauloukou moved a suspension of the rules to enable the election of committeemen to proceed. This was repeated in another form by Mr. Andrews after L. L. McCandless had moved for a recess of half an hour.

Mr. McCandless said the holding of the election then would be unfair while several delegates were absent on platform committee work.

"They are all here," said Mr. Baldwin. "The report will be here in a few minutes; it is being typewritten by the secretary."

On motion of Mr. Baldwin the district committees went into separate sessions to elect members of the Territorial Central Committee.

Fifth District—Geo. F. Renton, C. P. Laukea, W. G. Ashley, George R. Carter, Frank Paha, E. C. Winton.

Sixth District—John D. Willard, J. Kakinia, W. H. Rice Jr., J. H. Kapuni.

The Platform. George R. Carter read the report of the committee on platform. The document in full appears elsewhere in this paper. Every section was received with hearty applause, especially the reference to President Roosevelt, the declaration in support of municipal government, the proposed amelioration of the condition of the children of lepers and the pronouncement for continuance of the Hawaiian language in the Legislature.

Interpreter Coelho read the platform in Hawaiian. T. F. Lansing moved the adoption of the platform as a whole.

J. Lot Kauloukou seconded the motion, saying there was no room for discussion of such a platform.

laukea's Amendment. Curtis P. Laukea moved the following resolution in amendment to the municipal government platform: "Be it resolved, That the Republican party does hereby pledge itself to enact a law providing for municipal and county government in the Territory of Hawaii and that said law shall become effective within thirty days thereof."

John C. Lane seconded the amendment. Chas. Williams rose to speak, but was anticipated by the mover.

laukea's Remarks. Mr. Laukea said that it was reluctantly he proposed an amendment to the platform, yet without a clear-cut declaration on the matter the party would only court defeat. The proposal in the platform left a loophole that was calculated to defeat its object. To propose to leave municipal government for decision at a special election left it in the power of one whom he need not name to indefinitely postpone the consummation of the measure. If this question was left in a state where it might be deferred another 150 years the party invited certain defeat. He wanted to see the Republican party in control of every de-

territory, as a young man, as a man of business. My remembrance of all these days give me a heartfelt aloha for Hawaii and the Hawaiians. But it is idle to look backward. We are entering upon a new era, an era full of large possibilities to these islands. We are looking for a glorious outcome to the Hawaiian Islands as a branch of the great United States Government. Leader of Hawaiians. "Now I state that I nominate the Prince with a genuine aloha for himself and his native fellow-countrymen. As I said before, having lived fifty-one years under the monarchy, I consider it a great honor to nominate a member of the royal family of Hawaii to represent his country at Washington. This is the highest office in the gift of the people of Hawaii and we have the pleasure of nominating to it a young man who is a member of the formerly reigning family. The Republican party here should be proud that it is to have in its ranks a leader of the Hawaiians who has declared himself a Republican.

Against Race Prejudice. "I believe that the Prince himself should be proud that he has chosen to belong to that party, which is a party that stands for the good of the whole people, for the protection of all who are down-trodden. I have never until now had the pleasure of intimate acquaintance with the Prince. My attention was called to him first by his speeches through the country. He is doing all he can, and he will continue to do all he can to break down the race prejudice that some Home Rule leaders are doing all they can to encourage. It has been a cause of sorrow to me that some Hawaiians have been trying to build up walls of race prejudice. It is for the interests of the Hawaiians

### AN N. G. H. OUTING

The National Guard of Hawaii has decided on an outing for a week from Sunday. This will be in the nature of a good time for the boys and at the same time will give them a chance to have a little practice at "man" targets and to stretch their legs.

This was decided on but recently, and is being very enthusiastically received by the boys of the National Guard.

No particular place has been decided on yet, but it is reasonably certain that the maneuvers will take place in Manoa valley. The whole regiment will march up in the morning, indulge in practice at the targets and will then have a quiet good time all by themselves. They will return to the city the same day.

Secretary J. D. Avery before his election in the convention earned the thanks of the reporters by supplying the press table with stationery.

### CRIMINAL CASES WILL SOON BE TRIED

Judge Gear's Decision On the Pay of Trial Jurors.

JURY MUST SERVE WITHOUT USUAL PAY

IF THERE ARE NOT FUNDS IN THE TREASURY — OFFICERS CANNOT BIND LEGISLATURE TO PAY MONEY.

In a lengthy written decision this morning Judge Gear held that jurors in criminal cases would be compelled to sit without compensation until such time as the Legislature should pass an appropriation bill providing for their fee. The decision was read in the case of the Territory vs. Rodriguez, in which the Attorney General had asked for a continuance and is substantially as follows: "In this case the Territory has made an application for a continuance until the November term, 1902, of this court, because of the inability of the Territory to try the case now, owing to the fact that the appropriation from which the juries have been paid and known as 'Expenses of Supreme and Circuit Courts,' is now exhausted. The jury was summoned at the opening of the August term, and tried quite a number of criminal cases, but on account of the appropriation giving out, the jurors refused to serve longer and the court excused them. This case was not reached and the defendant insists upon a trial at this term, and objects to a continuance on the ground that, if granted, he will be denied the speedy trial granted to him by the Constitution.

"A number of questions are raised as a result of this application, one of the main ones being as to the power of the court to compel a juror to serve without pay where there is a statutory provision for such pay and the appropriation therefor has been exhausted.

"The statutes of this Territory provide that the pay of jurors shall be as follows: \$2 for each day's attendance, etc.—Civil Laws, section 1492. "Up to the present term of this court all of the jurors, not only for this circuit but for the other circuits, of the Territory, have been paid, at the rates provided for in this section of the civil laws.

"First, it is contended that the court has nothing to do with the payment of the jurors, and that the court should shut its eyes to the fact that there are no funds left to pay the jurors, as their payment is a matter for the Legislature to provide for, and that the

### BOB CARLIE'S COLD FEET.

Editor Evening Bulletin:—In the issue of Aug. 23 of the Maui News, they make the statement that Bob Carlisle of Lahaina must have got cold feet and refused to match Black Bess against Maui Rose. This is not true. Bob Carlisle the next day after the races met W. H. Cornwell Jr. at Waikapu and offered to put up \$200 a side for a race between Black Bess and Maui Rose. The offer was accepted and he told Bob Carlisle in presence of two witnesses that he was willing to race for three-eighths of a mile. But when Bob sent the money over to make the match, Mr. Cornwell backed out and said he had turned his horse out, and would not race Maui Rose against Black Bess under any consideration. Now then, Mr. Editor, where do my cold feet come in?

Experiments lately made by Professor Trowbridge have convinced him that lightning never strikes the surface of the ocean. He used in his experiments electric sparks six feet in length and of high electromotive force, resembling lightning as closely as possible, his object being to vitalize water for the purpose of obtaining a water-vapor spectrum. He found, however, that the sparks would never strike the surface of the water, but passed to the edge of the vessel containing it. He found it also extremely difficult to pass a spark from one stream of water to another. From all this he draws the interesting conclusion that lightning discharges can hardly be supposed to pass through regions of the air where there is, at the time, a heavy fall of rain.

## PROTEST NOT ALLOWED

Eugene Duvauchelle received recently the following letter from Maui relating to the protest which he entered against a certain decision in the recent Wailuku horse races:

At a recent meeting of the executive committee of the Maui Racing Association your protest, which you fully described and left with the secretary, was brought before the committee and argued at considerable length.

While the committee was in full sympathy with the owner of the horse, being satisfied that he (the owner) is honest, yet they could not go against the rules, one of which reads as follows:

Section 9. "No horse shall impede the progress of another horse in the race, under penalty of being set back to last position. The judges may also impose a fine not exceeding \$100 on the rider." You will observe that the judges acted in accordance with the rules, and the committee could only uphold the judges' decision, which they did.

Yours respectfully,  
D. L. MEYER.

### DISTRICT COURT LICENSE.

One of Judge Humphreys' last judicial acts was to grant a license to practice law in the district courts to James Bright of Waimea, Hawaii, who represented himself in his petition as Hawaiian born, of the age of 45 years, having studied law while deputy sheriff and being well versed in both Hawaiian and English. Further, he said "that the district of South Kohala, which contains a population of about 5000, has no attorney other than Samuel K. Pua, who cannot be claimed to be a permanent resident of said district." To his petition was attached a certificate of character signed by H. L. Holstein, Z. Paakiki and Wm. Ho-kuanui.

### REPUBLICANS DECLARE UNEQUIVOCALLY FOR MUNICIPAL GOVERNMENT

(Continued from Page 1.)

partment of government in this Territory. This was what was expected of them by the Republican party on the Mainland. In no other way could the Republican party successfully ask for the confidence of the Hawaiian people. He could say that the more intelligent of the Hawaiian people were allied with the Republican party. To his white brethren he appealed not to desert his fellow countrymen and himself, who were in the position of aliens in their own land but did not desire and would not submit to be so kept. He justified his reference to himself by saying he was the most abused of all his countrymen, because he joined those who had brought about annexation although only when he had deemed it inevitable. Mr. Laukaea was frequently applauded and repeated his speech in Hawaiian.

**Raymond Explains.**  
Dr. J. H. Raymond stated, as a member of the platform committee, that the gentleman from Waiakoa was laboring under a mistake. In proof he asked for the reading of the plank, which was done by Secretary Avery in English and Interpreter Coelho in Hawaiian.

"I wish to say," proceeded Dr. Raymond, "that in the session of the committee there was not a single expression contrary to the idea that the proposed measure should be one of the first acts of the Legislature. There was not a word to mean that county and municipal government should not be enacted at the earliest time practicable, or that when passed it should be delayed any unnecessary period in being put into effect." Dr. Raymond went on to express strong regret that the gentleman from Waiakoa should have thrown down the gauntlet in the face of this convention, raising a color line where all were equally American citizens. This was surprising after the sentiments they had heard from Senator Thurston.

**Robertson's Amendment.**  
A. G. M. Robertson agreed with a good deal of what Mr. Laukaea had said. The Republican party could not afford to be equivocal on the question of county and municipal government. It would be contrary to Republican party principles and it would be un-American. He believed with Mr. Laukaea that it would be suicidal. The platform might be amended so that all could agree upon it as a flat-footed proposition. He therefore proposed an amendment, striking out the passage, "and containing a clause that said act be submitted to the voters for ratification at a special election to be called for that purpose."

**Baldwin's Pledge.**  
Mr. Baldwin said there was no intention in the minds of the committee to

leave an opening for delay. "I am pledged to it and we are all pledged to it (applause), and I am quite prepared to see it passed at any time."

Mr. Laukaea interjected a remark that he did not regard the plank as it stood made the measure obligatory.

Mr. Baldwin, resuming, said he was not aware that the Governor was opposed to municipal incorporation. The speaker's idea was that county government should be established directly by the Legislature, while the towns should have it optional when to adopt the change.

**Laukaea and Governor.**  
Mr. Laukaea said the executive had expressed his views to him and they were opposed to having the affairs of the Territory turned over to the proposed municipalities all at once. The executive wanted the change to come about gradually, in the meantime leaving most of the business of the Territory in the hands of the central government. After further remarks in the line of his former speech, Mr. Laukaea said he was willing, in the interests of harmony, to withdraw his resolution and accept Mr. Robertson's amendment as satisfactory assurance of the party's good faith.

**Carter and Governor.**  
Geo. R. Carter considered Mr. Laukaea had committed an injustice upon the party and upon individuals. He was glad that the last speaker had retracted what he had said regarding the executive. Only two or three days ago the Governor informed him that he was in favor of municipal government as soon as the people voted for it. Mr. Carter was proceeding to denounce an alleged statement by Mr. Laukaea, to the effect that delay was being planned until white voters outnumbered Hawaiian voters.

Mr. Laukaea warmly denied having held such language. What he had said was that any action liable to delay the measure would be open to suspicion of being so intended until the white vote was supreme.

**Paris Waxes Warm.**  
Mr. Paris strongly deprecated the remarks of the gentleman from Waiakoa as unjust to members of the platform committee and to their author's own countrymen.

Mr. Kaulukou objected to railroading anything through which would leave the true intentions of the party open to doubt.

**Robertson's Idea Adopted.**  
A delegate from the Second District moved the previous question and on a show of hands the amendment of Mr. Robertson was adopted unanimously.

**Achi's Resolution.**  
W. C. Achi, on the main motion to adopt the platform as amended, expressed the view that the objection of Mr. Laukaea had not yet been adequately met. It would be impossible for the Legislature, within even sixty days after assembly, to perfect a measure of such importance. He therefore moved the following resolution:

"And be it further resolved that the

Territorial Convention should appoint a commission to proceed at once to draft a county and municipal government bill to be presented to the Legislature as a Republican measure, said committee to first report the draft of such bill, when prepared, to the Republican Territorial Central Committee, who shall refer the same to the several Republican District committees for ratification and suggestions, in order to make the law, when finally passed, most perfectly adjusted to the local conditions in the several districts."

Continuing, Mr. Achi said there was not a single candidate who could give the necessary time for drafting the measure prior to the session. There was indeed no individual in the Territory who could undertake the task. He thought the wealthy members of the party ought to provide means for paying the expenses of the proposed commission.

Asked by the chair if he desired the matter to pass as a separate resolution or an amendment to the platform, Mr. Achi said, "I want it passed right here, so that they can't get out of it." (Laughter.)

H. P. Baldwin thought it were better as a separate resolution, being in the nature of directions to the Central Committee. A commission would involve considerable expense and before it was undertaken the Central Committee would have to provide ways and means.

Mr. Achi insisted that the resolution should be incorporated in the platform, which was going to be translated and circulated broadcast. There should be no doubt left in the minds of the electorate.

Mr. Peck thought it had to overlook a platform, telling about a lodge of the A. O. A. W. which made one of the terms of eligibility that a member should be fifty years of age, with the rider that one was not fifty until his fifty-first birthday. Now, if they loaded this section with a commission and the commission failed to act there was a pretext furnished the Legislature for postponing the matter.

Mr. Baldwin considered the resolution would be out of place in a platform, which was a declaration of principles. This was not a principle, but a direction to the Territorial Central Committee.

Mr. Achi, under suspension of the rules, presented an amended form of his resolution.

Mr. Carter moved in amendment to the resolution that the commission be appointed by the chair, which was accepted by Mr. Achi and the resolution then carried without dissent.

Mr. Carter moved, seconded by H. P. Baldwin, at 6:35, that the convention adjourn till the following morning at 9:30 o'clock. Carried.

## THE RESEMBLANCE.

Toward the close of the college year a Yale senior famed for "bluffing" abilities that carried him through many an unprepared recitation, interviewed Professor William Lyon Phelps for the purpose of giving him a "jolly" over his standing. Now, Professor Phelps is a rather capable "joller" himself.

"I trust, professor," said the student, "that you find that I am doing strong work in your course."

"Strong" echoed Professor Phelps. Why, sir, your recitations have always reminded me of the Rock of Gibraltar.

As the senior moved away, grinning complacently, Professor Phelps said: "The resemblance that has struck me, however, between your recitations and the rock is not so great in point of strength as in the fact that both are windy bluffs."—New York Times.

TUESDAY, SEPTEMBER 2, 1902.

The fusion of the Home Rulers and Democrats need not cause any panic in the Republican ranks. Taken in the broadest political sense the more speedily the voters of this Territory divide on American party lines and make the fight on principle, the more quickly will the petty bickerings drop to no existence and prejudices cease to be a serious factor in our political development.

PRINCE CUPID, DELEGATE.

Prince Cupid's clear-cut declaration which places him in the Republican ranks and gave him the unanimous nomination for Delegate requires no further comment for this paper than the following quotation from our editorial of July 11:

Prince Cupid's firm stand for decency and justice has by no means relegated him to the stables of disabled politicians. He has lost no prestige with the voters of this Territory. He has strengthened the position he has hitherto held in the community of being a man of good judgment and strict integrity.

8. We demand more speedy improvement of our harbors, wharves and landing facilities throughout the Territory to meet the requirements of our rapidly increasing commerce and we shall strive to secure from the National Congress appropriations for the improvement of our harbors, the erection of public buildings and for other public needs.

9. We favor the employment on all public works of only qualified voters and citizens of the Territory and we declare that the lack of funds cannot be charged to any fault of the Legislature and cannot be used as an argument that the Legislature intended that jurors serving after the funds were exhausted should serve without pay.

CRIMINAL CASES WILL SOON BE TRIED

(Continued from Page 1)

court has nothing to do with that part of the law. This argument takes for granted that the law requires payment for jurors in all cases, and is based on the claim that the court must call a jury irrespective of whether it is paid or not.

A PROGRESSIVE PLATFORM

"That platform is one which everyone can support."

This remark made by a delegate on the floor of the Republican convention concisely sizes up the declaration of principles on which the Republican party appeals to the voters of this Territory. There is not an evasive line in the whole document. The pledge to progressive measures in the development of this Territory is clear cut in every detail.

On the issue of county and municipal government which is uppermost in the minds of the electorate, the Republicans have accepted the duty of the hour with a determination to meet popular demands honestly, vigorously. And whatever promise the Republican party makes it can be depended upon to fulfill.

It cannot be denied that there are party men who enter upon this new departure with a degree of doubt as to its advisability, but the pledge has been made, the step has been taken and the Bulletin believes these men will earnestly and honestly center their energies on the framing of such laws as will secure for every hamlet of this Territory the full measure of contentment which has signaled independent self-government throughout the length and breadth of the American Union.

Having accepted this responsibility not merely as a vote catcher, but as a legislative fact of the immediate future, the party should command the support of every intelligent voter, for the election of candidates capable of competently performing the serious task which the party has undertaken.

Local self-government is a success according to the full appreciation shown by each citizen of the obligations of citizenship. It means work, continuous, unrelenting work on the part of each and every individual citizen and householder. There is no easy road to success. The responsibility now becomes individual and must be so accepted.

The party declaration repudiating any and all efforts to alter the status of the franchise, the firm stand for the employment of citizens on public work, the demand for liberal appropriations in forwarding Federal operations in the Territory, all point to an honest desire to keep in touch with popular sentiment and a firm determination to move forward on progressive American lines.

Republican Platform

Platform of the Republican Party of the Territory of Hawaii:

The Republican party of the Territory of Hawaii, in convention assembled, hereby make the following declaration of principles, to the support of which we and our candidates are pledged:

National Platform.

1. We proclaim anew our adherence to the traditions and policies of the Republican party and announce our unwavering allegiance to the principles of that party as contained in its national platform adopted in Philadelphia in 1900.

President Roosevelt.

2. To President Roosevelt we accord our most cordial endorsement for his masterly administration of national affairs and the faithfulness with which he has carried out the principles of Republicanism and we are proud of his ability, his courage and his sturdy Americanism.

Hawaiian Franchise.

3. We believe in the equality of all men under just laws of their own making and we shall emphatically and uncompromisingly oppose any restriction or limitation of the suffrage which we now enjoy under the Organic Act.

County and Municipal Government.

4. We demand the passage of an act by the next Legislature establishing county governments in Hawaii modeled after the most advanced and popular systems elsewhere and we further demand the passage of a general municipal government act by which such municipalities as so desire may establish cities, towns and villages.

Fire Claims.

5. We urge Congress to appropriate such an amount as will pay the awards of the fire claims commission and pledge ourselves to use every effort to obtain such appropriation.

Afflicted Persons.

6. We urge continued liberal appropriations for the maintenance of our unfortunate fellow citizens segregated at Kalaupapa and Kalawao, Molokai and for the erection and maintenance of a suitable home for the non-leprous children of leprous parents.

Statehood.

7. We shall as speedily as possible endeavor to secure statehood for this Territory.

Federal Public Improvements.

8. We demand more speedy improvement of our harbors, wharves and landing facilities throughout the Territory to meet the requirements of our rapidly increasing commerce and we shall strive to secure from the National Congress appropriations for the improvement of our harbors, the erection of public buildings and for other public needs.

Citizen Labor on Public Works.

9. We favor the employment on all public works of only qualified voters and citizens of the Territory and we de-

clare that eight hours should constitute a day's work on all public works of the Territory or its political subdivisions.

Ex-Queen Liliuokalani.

10. We favor the continuation by the Legislature of a permanent settlement upon ex-Queen Liliuokalani.

Protection for Industries.

11. We recognize the importance of diversified industries and shall endeavor to secure from Congress the protection of the same from foreign competition.

Taxation Revision.

12. We demand the revision of the present system of taxation by the next Legislature with a view of adjusting the public burden so as to be least felt by the poor.

Liquor.

13. We do not favor legislation tending toward the conducting of the liquor business by the Territorial government.

Hawaiian Language.

14. We earnestly request the Congress of the United States to amend that portion of the Territorial Act which provides that the English language only shall be used in the legislative proceedings, so as to permit the use of the Hawaiian language.

Trusts.

15. We oppose all trusts and monopolies and all combinations tending to control supplies and prices.

Education.

16. We demand liberal appropriations for school buildings throughout the Territory, to provide ample accommodations for all children of school age.

Roads.

17. We urge liberal appropriations for the improvement and maintenance of the public highways throughout the Territory.

Organization and Unity.

18. The only manner in which the country can receive the benefit of Republican principles is through the election of Republican candidates. To succeed at the polls it is essential that the party be fully organized and thoroughly united. The best method of securing organization is through the institution and maintenance of Republican clubs covering every election precinct in the Territory. We deem it therefore the duty of every man who believes in the doctrines of the Republican party to become a member of the Republican club of his election precinct and the duty of every Republican club to heartily and unitedly support the nominees of the Republican party.

Relying upon the wisdom and support of the voters of the Territory of Hawaii and the guidance of Divine Providence, we shall earnestly strive to carry out the foregoing declarations and to do whatever else may be necessary to perpetuate upon our soil a government of the people, by the people and for the people.

Sooner would they support Wilcox. It was pointed out by one supporter of the Prince that the Hawaiians were not yet strict party men. They had not come to a point where everything was sacrificed for the party, and in this lay the hope of victory of the Republican party with the Prince as a nominee for Delegate to Washington.

MAN OF PEACE CARRIED A GUN. Ulysses S. Grant Snow, merchant sailor and prize fighter, appeared in the Police Court this morning charged with carrying a deadly weapon.

A CONVENTION CAUCUS. At a caucus of the members of the Territorial Convention last night, there were seventy-one present.

It was announced that the Prince would send a letter to the convention at about 9 o'clock and when that hour had gone by, the same men who saw the caucus man previous to the sitting of the caucus, went out again and soon returned, announcing that the Prince had declared himself to be a Republican.

In the meantime, the Prince, A. G. M. Robertson, Hon. Samuel Parker, Judge A. N. Kepoiki, Francis Gay and W. L. Wilcox had been placed in nomination. When it was announced that a vote would be taken to learn the sense of the caucus, all the nominees with the exception of the Prince and A. G. M. Robertson were withdrawn.

## PRINCE CUPID THE UNANIMOUS CHOICE

(Continued from Page 1)

to mingle with white men, as more foreigners are coming into the country, and work together for the common welfare of Hawaii. We are all sailing in the same boat and if there is discord between the captain and the sailors we will never reach port in safety. "I believe that the Republican party, in securing the acceptance of the Prince as its candidate, has a bright prospect of victory. People all over the islands are waverers. The methods that have been adopted by the Prince are the methods to win over the people. The Home Rules are disappointed. They are ready all over the islands to go into either party. Prince Jonah is able to increase the ranks of the Republican party, which I believe will be done. He will have the support of the entire Maui delegation and the voters behind them, as well as of the people of the islands generally—Republicans and others. As I said before I believe the wavering Home Rules will come into the Republican party.

"I do not wish to say anything about the other gentleman whose name has been mentioned. He is a friend of mine, but I would rather see the standard of the party carried on to victory than to defeat."

Mr. Baldwin was applauded at very point in his speech.

**Kaulukou Secedes.** John Lot Kaulukou took great pleasure in seconding the nomination of Prince Jonah Kalaniano'ole. A century ago Kamehameha the Great had united the people of all the Hawaiian Islands. Now he believed that the prince who had just been named, who was of the Kamehameha line, would unite the people once more for the best interests of their country. The speaker was fifty years of age and until lately never imagined he would have the joyful opportunity of supporting a member of Hawaii's royal family as a candidate for the Congress of the United States. From his survey of the country from Hawaii to Nihoa, he was confident of an overwhelming support to Prince Cupid at the polls.

**Paris for Cupid.** John D. Paris said the party to which Prince Kalaniano'ole was welcomed as leader was the party for Hawaii today. The Hawaiian people could look to him for protection of equal suffrage. President McKinley would be believed by the Hawaiian people for having given them this suffrage. Hawaii had tried the experiment of sending a man to Congress who was of no party. There were no princes in America, all men there being alike, but Hawaii had the privilege of furnishing a President, which was better than a prince.

Cecil Brown, when the Fourth District was called, answered: "The Fourth has no nomination to offer this convention. The intimation was received with a furor of applause, as Mr. Brown was expected to nominate Mr. Roosevelt."

W. H. Rice answered for the Sixth: "The Sixth upon thought accepts the nomination of Prince Cupid."

George R. Carter moved that the nominations be closed and wanted to say just a few words. It had been his belief for some time past, from observation of the royal family, that this young man would become famous and that his name would appear high on the roll of fame. The cry should be, "On to Washington and victory."

Mr. Baldwin said the Prince now knew how the convention felt. He thought the convention ought to hear a speech from the Prince. Loud applause followed the suggestion, as Prince Cupid advanced to the front.

Now we go forward to live for the party and not to die for it. Mr. Carter declared.

**Cupid's Plea.** Prince Kalaniano'ole did not wish to make an apology for having no speech to offer. "As I told you last night, he went on to say, 'I am a Republican from top to bottom. It only needs your cordial support to make the Republican party victorious. I preach unity to my people and I am now a Republican and I will try to prove to my people that we can do some good at Washington. When I left the Home Rules I had a following and I believe we will have their support because they are my followers now.' After speaking in Hawaiian the Prince, in answer to a question, said he had not read the convention's platform, but he had not come into this thing as a boy. 'I have studied the question out,' he concluded, 'and decided to become a Republican and as I said before a Republican from top to bottom.' Loud and long applause greeted the candidate's speech.

Mr. Kaulukou moved that the secretary cast the ballot of the convention for the Prince.

"That is a little too tame for me," Mr. Baldwin said. "I move that we nominate the Delegate by acclamation and by a rising vote."

As the nomination was put by the chair, the convention rose in mass and cheered the ratification.

W. C. Achi moved the following resolution, which was passed without debate:

"Resolved That it is the sense of this convention, that a free labor bureau for the benefit of Republican voters may be established by the Republican party, and the Republican Territorial Central Committee is hereby instructed to carry out the idea of this resolution."

J. N. Nabala presented a resolution that it was the sense of the convention that George R. Carter be elected as National Committeeman for Hawaii.

Mr. Williams raised the point of order that it was not in the province of the Territorial convention to take such action.

J. W. Jones supported the point of order, saying: "We have a National Committeeman, and I understand who holds it for two years."

Mr. McCandless thought the convention should nominate delegates to the National convention, which would act before the next Territorial convention was held.

The infant daughter of Ed Davanchello of Kaka'oa, died early this morning. The funeral will take place this afternoon.

The Morning Stars of Waikiki at a baseball game played Sunday, won from the Lahaina Athletic Club by a score of 9 to 1.

Among the passengers booked to depart this afternoon at 5 o'clock in the steamer Claudine are Senator and Mrs. Thurston, who are going to Hilo, and Senator Burton, who goes to Kama'akahi.

Mr. and Mrs. F. W. Smith of the Hawaiian hotel gave a dinner at the hotel last night in honor of Mr. and Mrs. H. W. W. After the dinner there was dancing on the lanai. Mr. and Mrs. Lake leave in the Alameda for San Francisco tomorrow.

J. J. Williams, the photographer, is certainly up to the times. A few minutes after the adjournment of the convention he had out on the streets a large number of buttons bearing an excellent picture of Prince Jonah Kalaniano'ole, the Republican nominee for Delegate to Congress.

Delegates to the Home Rule convention from the First Precinct of the Fourth District are: S. Umama, K. Kaulukou, J. N. Moopoo, J. K. Kaulukou, J. P. Mataloa. From the Fifth Precinct, Fifth District: H. N. Baker, D. Kaulukou, J. Kaul, E. W. Palau, M. Naitani and J. Napue'eha.

Deputy Sheriff Chillingworth gave a dinner at the Union Grill last night in honor of the H. A. C. and its friends by way of celebrating the victory of the Honolulu baseball team which now has the silver trophy clinched. John W. A. Marcellino, Sam Leslie and others proposed various toasts. Songs were indulged in and a general good time enjoyed.

The present outlook is that there will be a fine attendance at the Elks' hall this evening where there is to be held a reception to Bishop and Mrs. Restarick and Miss Restarick. Excellent arrangements have been made and the hall has been beautifully decorated. The best singers of the city will be present and the program of music is sure to be an excellent one.

Owing to the fact that two successive holidays prevented the inter-island vessels from port from loading, this morning was an unusually busy one. No less than seven steamers departed for all the large islands of the group and a number of schooners will also leave tonight. Owing to the delay in loading, the sailing time of the Claudine has been changed until 5 p. m.

There was a large attendance of Portuguese and others in San Antonio hall last night to listen to a lecture by Portuguese Consul A. de Souza Canavarro. The speaker held the floor for nearly an hour, confining himself almost exclusively to the history of Portugal. After the address came a reception of views of Madeira. After this was over, the floor was cleared and dancing indulged in.

In the Police Court, L. N. Beckley appeared this morning to answer a charge of having committed an assault and battery upon Robert Kaulukou. Beckley pleaded in extenuation that Kaulukou was a former schoolmate of his. He had also been looking at the time when it was plied. Kaulukou, touched by the ties of old friendship, refused to prosecute and Beckley was released with a reprimand.

Daxit Stewart, the mate of the barkentine Anahulu, had a rib broken this morning at about 7 o'clock while he was standing on the wharf busy superintending the discharging of the vessel's cargo. One of the heavy bags of salt-peter, with which the vessel is loaded, struck him, knocking him down and causing the injury mentioned. The injured man was taken in the patrol wagon to the Queen's Hospital, where his injury was attended to. He was then taken back on the vessel and returned to the Alameda.

Kakaha, D. Wilson (alias Norman), Kane and Kalo appeared before Judge Wilcox this morning charged with vagrancy. The young fellows have for some time past been a nuisance by hanging around the waterfront in the vicinity of the Heolani boat house. One night last week the gang was caught in the act of breaking into a Chinese stall in the Fishmarket, by Officer DeLain, who put an end to their days of untrammelled liberty. Two of the boys, being below the age of fifteen, were sentenced to three years in the Reform School, while the two older boys were sentenced to six months in jail.

C. L. Crabbe was of the same mind. Sam Parker said the National convention would not meet until a year from next May. "I am the National Committeeman."

On motion of Mr. Williams, at the suggestion of the chair, Mr. Nabala's resolution was laid on the table.

Mr. Iatke asked any present whom he might have offended to accept his sincere assurance that it was not intended. He pledged himself to give time and effort for aiding the Prince in the campaign.

Philip Peck, as the oldest Republican in the islands, welcomed the accession of the Prince to the party. The speaker had voted for President Lincoln at his second election, when the party was called the "Black Republicans."

On motion of Messrs. Rice and Baker the thanks of the convention were tendered to its officers. Chairman Holstein acknowledged the compliment and announced that the Territorial Central Committee would meet at 2 o'clock.

At 12:10 the Republican Territorial Convention of 1902 adjourned.

## SEATTLE'S PREPARATIONS TO ENTERTAIN GUESTS

Chicago, August 23.—Judge C. J. Garvin, chairman of the executive committee of the Trans-Mississippi Commercial Congress, in an interview here today, said:

"The next Congress, which will be held in Seattle in 1903, will be one of the most interesting sessions ever held by the Trans-Mississippi Congress. All matters will be eliminated from the discussion at the Congress except such matters as the Trans-Mississippi region is directly interested in."

"The Congress has accomplished much in the past in presenting and pushing legislation as far as that region is concerned, but the time is now ripe for the united and concerted action of all interested, that we may not only have such legislation as the region needs, but also that we may let the country at large know of our resources and possibilities."

"The people of Seattle have given the executive committee every assurance that the delegates to the Congress will be suitably entertained, even going so far as to tender the charter of a steamer to visit Alaskan points, and give them an opportunity of seeing for themselves the vast wealth of that Territory."

"The Congress from this time forth will take a still more active part in pushing the claims of the West for governmental action, and putting before the public advantages and resources of that vast region."

"One of the most important matters discussed and passed upon favorably by the Congress was the recommendation to the National Congress looking to the opening up of a waterway connecting the Great Lakes with the Gulf; the improvement of the Illinois and Mississippi rivers so that this can be accomplished. The benefit to the Mississippi valley and the Middle West of this project is beyond computation. The drainage canal is the initiative link in this connective chain, and to Chicago is due the credit of demonstrating that the undertaking is not only possible, but practicable."

### ONE ON MARK TWAIN.

The Missouri papers are telling the story of Mark Twain's recent visit to the State. A big crowd gathered at a railroad station to meet him. A little boy knew that somebody was coming, but he did not know Mark Twain from Bossie Francis. This kid perched himself on top of a freight car, where he could see what happened. The train rolled in, and as Mark stepped off the people became excited and shouted, "Here he is! Here he is!" The kid on the box car thought a great criminal had been caught and shouted, "Git a rope! Git a rope!" Mr. Clemens said it was the warmest reception he had ever had.

Dispepsia can be cured by the use of PAIN-KILLER. This is the most wonderful and valuable medicine ever known for this disease; its action upon the system is entirely different from any other preparation ever known. The patient while taking this medicine may eat anything the appetite craves. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

## John Wise's Open Letter To Ex-Senator Thurston

Editor Evening Bulletin.—Will you please allow me space in your valuable paper for the following open letter:

Dear Sir:—Deciding this the best way of answering two questions which you asked in your speech last Saturday evening, August 30, 1902, you were eloquent; first, you did not know of our local political affairs; and second, it seemed strange to you the Hawaiian people did not turn Republicans. I take the liberty to answer these questions for you from the standpoint of a Hawaiian in an open letter, that you may have the opportunity to find out for yourself whether the statements that I make be facts or not. The information invited by your first statement above quoted, together with the reason why the people here have not turned Republicans, can best be given you by a brief history of this Territory from January, 1893, to date.

"Two Weeks of Hawaiian History," written by a namesake of yours in February, 1893, together with the correspondence between the State Department of the United States and Minister Steven, its duly accredited Minister to Hawaii, will give you a correct view of local conditions at that time from the standpoint of the Annexationists.

I have criticism of the initiative thus taken to the report made by Commissioner Blount, an American citizen who was sent here to investigate these matters, which report is among the public documents at Washington; its contents can be verified by any Hawaiian you may seek to interview while among us.

In August, 1898, the Newlands Resolution of Annexation came into effect and on June 14, 1899, the Act of Congress creating out of these islands the Territory of Hawaii, went into effect, thus closing a period of wretchedness, misery and degradation for the Hawaiian nation, hard to beat in the experience of civilized communities.

When you made reference in your address to that immortal document, the Declaration of Independence, the recollection of how like unto the experiences of the forefathers of the Republic, our own experiences had been during the seven years of usurpation, on almost any day of which you might have written "Liberty—what crimes are committed in thy name," came to mind.

In order that you may fully understand the enormity and baseness of this conspiracy against an innocent and law-abiding people, I refer to the last election returns under the Monarchy, the election returns for the constitutional convention called to frame a constitution for the Republic of Hawaii, the elections during the succeeding years hereunder and again the first election under Territorial conditions, when our rights had been restored.

In studying the figures, remember that during the entire period of our disfranchisement the Islands were practically under military rule, that the scum of the universe, stranded here, were enlisted in the ranks of the Provisional Government and Republic abroad, and for this reason were given the right to vote upon taking the oath of allegiance.

The period covered by this intrusion was fraught with all manner of hardships.

for the Hawaiian people—taxation without representation, no employment on public works (all this being done by alliance or those who could be induced to sell their birthright for the means wherewith to subsist. Many arrests and detentions without warrant or trial were among the personal hardships.

During this time commercialism and industrial exploitation were rampant. Asiatic immigration steadily increased and touched high-water mark in the interval between the Newlands resolution and the going into effect of the Organic Act, the arrivals during these twenty-two months being close to thirty thousand souls, while of other nationalities the increase was not over 800 for the same time.

Locally, privileges in land and water rights were granted right and left, long leases of large areas for long terms being of record in the Government archives.

Such in brief are some of the conditions and experiences of what has come to be known as the "Transition Period."

The bond and front of this conspiracy, the man of all men detested and abhorred by the Hawaiian people for his attitude towards them during those days of burden and sorrow was Sanford B. Dole. One would imagine that with the experiences of those seven years behind him man would have had his spirit of race-prejudice, animosity, spleen or whatever else you may term it, but no.

After the Hawaiian Islands were annexed without the consent of the people—mind, Mr. Senator, without the consent of the people—a commission was asked to frame a sort of a constitution for these Islands, Sanford B. Dole and Judge Frear were picked out to represent the Hawaiian Islands. What points did they fight for, and if they didn't fight, what did they advocate? That a restriction to the franchise be made in the form of a property qualification. You will see, Mr. Senator, that Mr. Dole was not contented that the seven years, during which he denied us the right to have something to say in our governmental affairs, but wanted the right denied us for generations to come. But, fortunately for the Hawaiians, Congress saw fit to make intelligence the standard, and educational qualification was determined on, so that, Mr. Senator, we have no kick coming, because we can boast today that you can't find a single State in the Union whose rate of illiteracy is as low as that amongst the Hawaiian people. And let me say further that it was this sense of justice pervading the acts of Congress in relation to this Territory that waned us from our longing for the hereditary condition under which we had happily lived and to undertake the measure of individual responsibility contemplated by the Organic Act.

After annexation it turned out that with a few exceptions, Mr. Dole and his followers declared themselves Republicans. Of course, Mr. Senator, the Hawaiians have been watching and following, for, thank God, Dole and his followers could not rob the Hawaiians of these two things. They have been watching and thinking, I say, for the last seven years, and they saw that the Republicans were none else than the very people who not only robbed them of their identity but denied them the very rights that they now saw in

the hands of the Hawaiians given them not through any effort of Mr. Dole and his followers, but through United States Congress, for which we thank them from the bottom of our hearts. Up to our first election, then, we have these reasons for not being over-anxious to join the Republican party:

First—Those who robbed us of our country were Republicans.

Second—Those who took away our franchise for seven years were Republicans.

Third—Those who wished and still wish the conditions that existed here for seven years to continue indefinitely were and are Republicans.

To top the climax the Republican Administration appointed Mr. Dole Governor of these Islands. We have been abused by Mr. Dole and his followers long enough, and when he was again placed at the head of affairs here it seemed to us that the Republican Administration was rubbing it into us all right enough. Of course, we kicked and we showed that in the election we felt that if a Republican were sent to Congress, it meant the endorsement of Dole. We admit that we have better men amongst the Hawaiians than Wilcox, but the question was not one of men, but of principles.

You can't realize, Mr. Senator, the feelings implanted in the minds of the Hawaiians against Mr. Dole and his followers during the period that we were disfranchised. When he displayed himself Republican and had the audacity to accept the Governorship over a people he had so willingly misled and deceived, that was not natural that the Hawaiians should see the only means at their command to resist the further intrusion on their rights of this political mountebank.

Put yourself in our place, Mr. Senator, and I believe you will think before you advise the Hawaiians to join the Republican party each and every individual could be wiped out.

Seven years of practical dictatorship does not conduce to recognition of a people involving equal rights, and so it has come about that there have been clashes with the legislative branch and usurpation of its prerogative by the Executive in the administration of Territorial affairs. During its first session, Mr. Dole and his followers, seeing that they were not endorsed, tried to obstruct the work of the Legislature, and in the event of a failure of the enactment of anything for the country, blame the Hawaiians for not being capable of self-government. All you have to do, Mr. Senator, is to read the Advertiser, the mouthpiece of the Governor and you will find it out for yourself. How did the Executive branch here interfere with the Legislature? By having Secretary Cooper on the floor of the House taking the minutes of the House for his report to the President to back this up, he brought up the Organic Act. Of course the Legislature took their own interpretation of the Organic Act, and Cooper was petitioned to resign the floor of the House.

A few months after the adjournment of the Legislature, Governor Dole goes to Washington, and while there again started on a campaign to try and limit the franchise. The Hawaiians had to march to do in the raising of money in Hawaii. He started with the "I told you so" policy. What the American people in Congress are going to do after his misrepresentation of things, I can't say. On his return and before he was here twenty-four hours before he had time to get over the effects of the stomach trip—he interfered with the Judiciary and pardoned the editor of his newspaper, who was convicted of contempt. So, then, Mr. Senator, can you blame the Hawaiians for not supporting the Republican party with all these snuggles at Republicanism set before us? If the Republican party is the champion of good government, we have only to far beyond it, but have not seen yet with us seeking is believing. We know, Mr. Senator, that since annexation it has cost more to live here in Hawaii than ever before, while wages and work are low and scarce. Hundreds of mechanics are leaving here in quest of work, being crowded out by Asiatic competition. If you are seeking the truth of conditions here, go outside of your Republican friends. On the proposition that a house divided against itself is sure to fall.

In conclusion, allow me to assure you of our high appreciation of the noble sentiments expressed by you in referring to American history and institutions. The same lofty motives that have advanced America under the influence of impulse and quality will find their outlet in the Hawaiians, and you are assuredly inclined in some measure to sympathize cordially.

With thanks for your liberal ideas expressed in Congress for local disbursements, and assuring you of our high appreciation of efforts to ameliorate the financial distress that have overtaken our labor community, I subscribe myself, yours respectfully,

J. H. WISE.

### ONLY ONE.

Professor Hall, the noted psychologist and president of Clark University, tells the following story illustrative of the childlike faith and credulity of the negro.

It appears that Professor Hall, by invitation visited a negro church. The preacher was most earnest and impressive in his eulogies of the Baptist religion. He was bent on instilling in the minds of the members of his flock the idea that the Baptist religion was the only religion.

With the recital of each virtue of that denomination he waxed more eloquent. Finally, leaning forward and with hand beneath, he closed with this pathetic argument:

"Brother and sisters, I now tell you why do Baptist religion are do best. First, because it, am; second, because here ain't no other religion and third, and lastly with emphatic my gestures, it am do only religion, because it am entered according to de act of Congress!"

"This last assertion aroused and impressed his congregation completely. But it somewhat astonished Professor Hall, who found later upon inquiry that the minister justified his declaration by the fact that on a Baptist tract that had found its way into his hands were the customary words: 'Enacted according to the act of Congress.'—New York Times.

"Congressman Curtis of Kansas who may be the next Senator from that State, has Indian blood in his veins, is regarded by all red men as their champion in the House. His grandfather belonged to the Kansas or Kaw tribe and from her he learned the language of her people. She was married to a Frenchman named Pagan. Mr. Curtis pays regular visits to the Kaws at their reservation.
