Warm Debilitating Weather.

Many people, after a long spell of oppressive heat, suffer from lassitude, loss of spirits, and a general "run down" feeling. They need a course of Ayer's Sarsaparilla, a medicine which has revived and restored to active life and health thousands of such sufferers. A lady recently returned to England from South Africa writes concerning this

"Wonderful Medicine"

"While in Cape Town the past summer I suffered greatly from the long-continued heat. I was completely worn out; my blood seemed to become as thin as water, and I lost all energy and interest in life. My friends recommended Ayer's Sarsaparilla, and a course of this wonderful medicine restored my health and spirits. My husband suffered in the same way as I did, though not to such an extent, and he also was greatly benefited from the use of

POLICE OUTLAY REVIEWED

Report of Senate Judiciary Committee
Presented This Morning.

Detective Expenses Queried — Patrol Wagon
Approved — Hack Hire Excessive —
Big New School Item.

THE SENATE.

After the usual preliminaries in the Senate this morning Senator Wilcox of the Committee on Public Health and Education presented a report on the items of Subsidies in Senate Bill No. 4.

Senator Lyman of the Public Lands Committee reported on items in Senate Bill No. 5; also a report on Senate Bill No. 8.

Senator Schmidt from the Committee on Accounts reported bills to the amount of \$503.30 as audited and allowed and the report was adopted and the clerk authorized to draw warrants for the same.

Senator Brown from the Judiciary Committee presented the following report:

"The Judiciary Committee to whom were referred all items in the Department of the Attorney General in Senate Bill No. 4, beg leave to report, that they have had same under consideration.

The appropriation for the last biennial period for the support and maintenance of prisoners was \$85,000, and was spent as follows: on the Island of Hawaii \$22,033.23; on the Island of Maui \$8378.54; on the Island of Oahu \$49,530.37, and on the Island of Kauai \$3927.09, a total of \$83,969.23, leaving an unexpended balance of \$1130.77. The sum of \$80,000 is asked for the next biennial period and this Committee recommend that sum be appropriated.

The item Incidental Civil and Criminal Expenses \$30,000 is the same as last year, and if the Legislature votes the item "Assistant to Attorney General" there will be a saving in this item as also to the Government, as all extra help and clerk hire and assisting counsel engaged by the Attorney General were paid for out of this appropriation during the last biennial period. Out of this appropriation are also paid printing, informers' fees, supplies to police, such as uniforms, fire arms, badges, etc., horse and hack hire for Hawaii and Maui, when absolutely necessary, repairs to arms, and the general supplies necessary to Police Stations and Lockups on the different Islands, and numerous other items, among which was an item for hack hire of \$978.65 in Honolulu which the Committee thinks is altogether too much money to be spent in that manner. The Committee recommend this item pass and that in its expenditure the greatest care and economy be exercised. The item Coroners, inquests \$2000 is an increase of \$500; the Committee recommend that it pass. Witnesses criminal cases \$7000, this is an increase of \$2500, but is necessary as in most all criminal cases where the witnesses are poor and unable to pay their own expenses; the Government pays the cost of the passages and transportation, board and as well as for their lodging while attending at the different Circuit Courts. The item Detective Service \$16,000 is the same as last period and there was expended from it during that period the

sum of \$15,092.15, or an average of over \$60 a month. The first two or three months, the payments were at the rate of between 100 and 200 dollars, but after that the appropriation became a favorite one and was well patronized, but what good resulted to the community, this Committee is unable to say. We do not recommend the passage of this item at the sum asked, and suggest the sum of \$8000. The item Support of Citizens' Guard which also includes the Mounted Reserve we recommend pass at the figure asked \$8000. The last item Patrol Wagon and equipments \$1200 we recommend pass as it is needed in the city and will be a good saving of hack hire and like expenses, but this Committee think that in purchasing the same, the whole appropriation need not be expended.

Senate Bill No. 5 was then taken up with the reports.

The items under the head of Bureau of Survey passed.

The item of Military Payrolls passed at \$110,000.

Senate Bill No. 4, current account, was then taken up, with the reports.

The item of \$60,000, support of the military, passed.

The various items under the Attorney General's department passed as in the bill, except that of \$16,000 for detective service which was referred back to the committee.

Under the department of Public Instruction Senator McCandless moved to insert an item of \$75,000 for new schools and teachers' cottages which was carried and the item referred to the special committee on Education.

At the noon recess the Senate was engaged in a debate over the usefulness of Lahainaluna school, all the other items in the bill under this department having passed.

AFTERNOON HOUSE SESSION.

No More Police "O. K.'s" on District Court Warrants.

In the House late Monday the resolution giving it as the sense of the body that the Marshal, Deputy Marshal, sheriffs and deputy sheriffs desist from approving warrants, which the law provides shall be issued in the discretion of district magistrates, passed by a vote of 9 to 4. The spirit of this action is request that the law be complied with.

The vote on indefinite postponement of the resolution resulted as follows: Ayes—Achi, Kahaulio and Kao—3. Nays—Isenberg, Loebenstein, Paris, Richards, Wilder, Gear, Pogue, Robertson, Kaai, Atkinson and McCandless—11.

Motion to refer to the Cabinet: Ayes—Kahaulio, Achi, Kaai, Wilder and Kao—5. Nays—Isenberg, Loebenstein, Paris, Richards, Gear, Pogue, Robertson, McCandless and Kaai—10. Nays—Kahaulio, Achi, Wilder and Kao—4.

Mr. Loebenstein spoke at some length in support of his resolution to amend Article 101 of the Constitution by striking out the clause relating to the monarchy. Mr. Cooper replied at length, outlining the policy of the Government, which he stated to be against the amendment. Consideration went over to a week from tomorrow.

Another Hawaiian Pamphlet.

Through T. S. Southwick, a former resident who has returned to Honolulu from the Coast, the BULLETIN has received a pamphlet of general information on "Hawaii," by C. V. Sturdevant, lately of this city. In 51 pages it gives a lot of geographical, historical, industrial and political information about the islands.

REPUBLICANISM AFFIRMED

Defeat of Resolution to Delete Anti-Monarchy Clause from Oath.

Warm Debate Resumed on Reconsideration—
Vote Ten to Five—Citizenship of Government Employees Questioned.

THE HOUSE.

Minister Damon presented a long answer to Mr. Loebenstein respecting taxation. A motion of Mr. Loebenstein to have a part of it printed was lost.

Mr. Pogue asked for an appropriation for improving Kihai wharf and the road from Kula to Kihai.

Mr. McCandless introduced a petition from Manoa asking \$25,000 for a water reservoir. Also, a petition that Wiawa school be closed and removed to Pearl City.

Mr. Kao asked the Minister of Interior the following questions: "If the superintendent of the electric light station is a citizen or voter of this Republic?"

"If the engineer of the Government wash houses is a citizen or voter?"

"How many of the employees of the dredger are citizens or voters? And if not, why not?"

Following bills were introduced:

Mr. Achi, relating to poll tax.

Mr. Atkinson, relating to libel and slander.

Mr. Achi presented a report of the special committee on the bill relating to titles to land. Appended was a resolution providing for a committee of three to examine the systems in the land office.

Mr. Richards moved a reconsideration of the vote yesterday to postpone consideration of the Act to amend Article 101 of the Constitution. The reason for wishing to call it up was that he knew what the people of Hawaii will think of the matter. There could be no doubt on that point. Motion carried.

In moving to indefinitely postpone Mr. Atkinson said he spoke for the party, for the Government and all loyal citizens. The introduction of such a resolution was inspired by royalist tendencies, and was "a snake in the grass that has sneaked into this House," which the member and his party would stamp upon at every opportunity. Mr. Loebenstein, the introducer of the amendment, had yesterday afternoon on the floor insulted the President of this Republic, the Government, the American Minister present and House itself. He said he was "speaking to the American people." He must have been, for he was not speaking for the interest of the Hawaiian people. Next time he should hire a hall in San Francisco.

Mr. Loebenstein said that the House had solemnly obligated to postpone consideration of the amendment until Wednesday week, and to do otherwise would be bad faith. He would except to the terms that his policy was a "snake," or that he had "sneaked" into the House. He was elected by a large majority of his constituents

and not by the influence of the power and money of corporations and sugar planters, like some members he knew. That did not look like "sneaking into this House." He may have been indiscreet in his remarks of yesterday, but surely meant no insult to anyone and did not believe he had given any. He was sincere in his support of the amendment. Hawaiians objected to the monarchical clause in the oath. It was time that a reasonable policy of conciliation was begun, and this would be a great step in that direction. To postpone action now would be to see error and repent later. "You have kept the Hawaiians out of the nation's politics," asserted Mr. Loebenstein.

Mr. Atkinson objected, denying that "the House has kept Hawaiians out of politics."

Mr. Loebenstein explained that "you" was collective and was used, not to mean the House specifically but the party to which the members belonged. He went on to urge the defeat of the motion to postpone.

Mr. Paris gained the floor to endorse the position of Mr. Loebenstein. Hawaiians looked upon the clause as a slur upon their Aliis and a system of government which had always existed with them.

Mr. Gear said there was merit in the arguments of Messrs. Loebenstein and Paris, and he believed those gentlemen were sincere. However, the Government stood upon a foundation touched by this clause and the principle of annexation to the United States. To thrust at either would prove a policy no sensible man could, at this stage, endorse. It would be impossible to explain to the people of the United States the reasons for passing this amendment. It would create a tremendous sensation. Enterprising newspaper reporters would see in it a move in the direction of a return to the monarchy. This theory would be flashed from one side of the country to the other, to be published in all the great papers and to be read and believed by the people. To take such a step at this time would be absurd, and as dangerous as it would be foolish.

Mr. Achi favored the amendment. The clause was a stumbling block to the cause. It undoubtedly kept many Hawaiians out of politics.

Mr. Atkinson wished, on behalf of the party, to deny emphatically the statement of Mr. Loebenstein that it had kept Hawaiians from the polls. "Mr. Gibson alienated the native support," affirmed the speaker. He admired Gibson as a man of intelligence and ability, but though dead, he must say that to the ex-Premier's discredit. Mr. Loebenstein simply misstated facts when he said that the party had anything to do with it.

Mr. McCandless opposed the amendment. He did not believe it would add one vote. Besides, the clause was a fundamental principle of the Government and the party.

Mr. Pogue had lived 40 years in the country and had been a close student of the Hawaiian people 30 years. He could say in all sincerity that he did not believe that the amendment would add 100 votes to the present list. At first he did not realize the importance of this amendment. But the remarks of Mr. Loebenstein yesterday had thoroughly convinced him that the amendment should be postponed now and forever. It looked to him like a scheme to catch a certain class of votes.

Mr. Robertson reviewed at length the course of the Hawaiian vote in the past few years, and traits of native character. He said that if the amendment passed the Hawaiian would immediately jump at the conclusion that the Government was backing down and that restoration was the ultimate end to be arrived at. The policy would re-fire the impulses of a monarchical

THE MAUI RAILROAD WAR

New Aspect Given to Affairs by Bill for Injunction.

Interview with Mr. Vander Nalieu, Engineer of Spreckelsville Plantation—Sensational Reports are Denied.

A bill for an injunction filed late yesterday afternoon by the Hawaiian Commercial and Sugar Company against the Kahului Railroad Company gives a different aspect to the railroad war on Maui from any heretofore published.

It appears from the complaint and affidavits filed that the Hawaiian Commercial and Sugar Company has some sixty miles of railroad of its own upon its plantation, and for a number of years past has operated a line extending from Spreckelsville to Kahului. This line, however, stopped at the company's warehouse and did not extend to the water front. The affidavit of Vander Nalieu, the company's civil engineer, who has general supervision of its railway construction department, sets forth that he received an order from the executive officers of the company reading as follows:

"We desire that you proceed without delay to continue the railroad of the Hawaiian Commercial and Sugar Company from one convenient point near its present terminus at Kahului down to a point upon a wharf to be built under your direction in the harbor of Kahului, upon or beside the line of old piers belonging to the Hawaiian Commercial and Sugar Company. In crossing the railroad tracks of the Kahului Railroad Company you will please take especial care and see that no damage is done to said company's track and roadbed, and that the job is performed in a good and workmanlike manner, and that the construction is so adjusted that each of the roads can be operated with safety at such crossing. As the Kahului Railroad Company is occupying its tracks by day, it would be well, we think, that this crossing were made in the night time so as to interfere as little as possible with the business of said Company."

It is alleged in the complaint and affidavits that the work of constructing the crossing was performed in accordance with the instructions given to Vander Nalieu and in a good and workmanlike manner. It is also alleged that the servants and employees of the Kahului Railroad Company are threatening to tear up the new railroad track and crossing built by plaintiff, and an injunction to stop the threatened trespass is prayed for.

The Sugar Company also asks that the Kahului Railroad Company be enjoined from using the portion of the railroad track which it is alleged the Railroad Company has for some time past unlawfully maintained upon the Sugar Company's land.

ABOUT FEET.

There are old feet and young feet
The little feet and great,
Pretty feet and homely feet,
And feet that do not mate.

There are tender feet and tough feet,
And narrow feet and wide,
Chubby feet and bony feet,
And feet you try to hide.

It's quite a feat to make glad feet
With shoes both cheap and true,
As that's the very thing you want
Here's what we'll do for you:

Bring all your feet to our store,
We'll fit them with our shoes,
So you'll possess ten happy toes
That never have the blues.

NOT FOR NON-RESIDENTS

The Divorce Climate Here Different from North Dakota.

Inventory of Knudsen Estate—Other Probate Matters—New Rule of Practice is Promulgated.

In the divorce suit of J. R. Burns vs. Hattie Burns, Judge Stanley on Saturday filed a decision in which he denies the divorce, on the ground that the Court has no jurisdiction of the parties. In its opinion the Court states the facts and says: "Our statute is plain and to the point. No divorce shall be granted for any cause if the parties shall not have lived together as husband and wife within this Republic."

The facts in the case show that in 1888 the parties left San Francisco on a visit to Melbourne, intending to return to San Francisco. While at Melbourne and on the return trip they had some difficulty. The return steamer stopped at Honolulu for one night, which Burns and his wife passed at a private house, and the next day resumed their voyage. This was their only residence here as man and wife, and the court holds it not sufficient to constitute a legal residence.

In the action of Josephine Conley vs. C. C. Conley for divorce, Judge Stanley orders the defendant to pay plaintiff \$72 costs, on or before April 1.

In the matter of the estate of Valdemar Knudsen, deceased, H. M. von Holt the administrator filed his inventory of the estate. It shows: lands in five districts of Kauai valued at \$10,725; cash on hand, \$7479.10; cash in Massachusetts National Bank at Boston, \$9047.15; personal property, \$10,000; unsecured debts due by Chinese rice planters in Kauai, \$12,000. Total \$39,251.25.

In the action of Puakunui vs. David Dayton, administrator of the estate of Alex. Moore, the defendant by his attorney Paul Neumann filed a general denial of all the allegations in the complaint.

An order was made and signed by the Judges. It amends Rule No. 7 of the practice rules of the Court and provides that when ever a demurrer of defendants is overruled they may file an answer at such times and on such terms as the Court may order. Special pleas may be filed with the plea of general issue and replications may also be filed. This rule will go into effect March 15.

In the case of F. F. Porter vs. The Hawaiian Pork Packing Co. the defendants by J. A. Magoon filed a supplementary bill of exceptions on appeal to the Supreme Court and it was allowed by Judge Stanley.

Bruce Cartwright petitioned Judge Perry for an order granting his resignation as trustee of the Morton estate. In his petition Mr. Cartwright sets forth that he was appointed on the 29th day of January, 1896, and that he now desires to be released therefrom: that his accounts be approved and that a citation issue to Maud A. E. Morton and Henry C. Morton to show cause why this should not be done and a trustee appointed in his stead. An order making the citation was made.

L. D. Kelliopio petitioned Judge Perry for letters of administration upon the estate of Nabinelus Kelliopio, deceased, and Friday, April 8, was set for the hearing. The estate consists of two pieces of land in Oahu valued at \$2000. There are three heirs living, all minor children.

In the matter of the estate of H. Reimenschneider, W. O. Smith on behalf of the administrator asked that the will of the deceased be admitted to probate and announced that President Dole, one of the executors under the will, had renounced his trust, and the widow asked that he be appointed in the stead of Mr. Dole. It was ordered in accordance and Mr. Smith's bond was fixed in the sum of \$500. The estate consists of property on Punchbowl street valued at \$6500.

TUESDAY, MARCH 8, 1898.

As the Diplomatic and Consular Appropriation bill passed the United States Senate on the 23d of February without even mention of the proposed annexation rider, another yarn emanating from some fool correspondent's lively imagination has been quietly laid to rest.

It is to be hoped the Government will gracefully accept the decision of the House of Representatives, made on the matter of warrants of arrest, and govern strictly according to law in every department, leaving results entirely to the people who are behind all the laws.

A steam motor dust cart for scavenging is an innovation at the town of Chiswick on the Thames. It is said to be very much more economical than horse carts, and its cost is only \$1700.

An illustration of the automotor cart shows a less hideous street sight than a steam roller. Besides, dust gathering should be done at night, when any kind of van would the least be an eyesore or an obstruction.

Political exiles find liberty but not license in British territory. Less than a month ago the editor and the printer of Narodnye Vozvez ("Will of the People"), published in London, were tried at the Old Bailey police court for publishing a paper inciting the assassination of the Czar.

Their trial began and ended the same day and resulted in conviction. The editor was sentenced to eighteen months' and the printer to two months' imprisonment.

So suddenly has the House put a quietus on Mr. Loebenstein's resolution to destroy the fundamental republican principle of the present government, there has been scarcely any opportunity and much less need to discuss the proposition on the outside.

Mr. Loebenstein will surely take the lesson given to him practically to heart, and not attempt to waste any more of his own breath, or the time of the Legislature, in futile attempts to open a question that is closed forever in the Hawaiian Islands.

A special dispatch from Labuan to the Singapore Free Press gives an account of a combination of civilized and barbarous warfare in North Borneo. It appears that the North Borneo Company had been greatly troubled by the depredations of rebels, at the head of which is Mat Salleh, a notorious freebooter.

The British warships Swift and Plover went to the assistance of the company. This the Free Press, editorially commenting on the result, calls a putting aside of recent precedent to the contrary.

A contingent of officers and bluejackets from the ships named formed a boat expedition on the Membakut river. This force rushed the stockaded fort in charge of Telleh, who was believed to be Mat Salleh's lieutenant, and captured the strong hold, eight rebels being killed and many wounded.

Talleh succeeded in making his escape, but was followed up—it is supposed by the company's Dyaks—killed, and his head brought into camp for identification. There was regret that it was not Salleh. The Free Press says, "There is a fine orthodox Borneo twang about this bit of head hunting."

Lord Salisbury lately made a most noteworthy speech in the House of Lords. He said he heartily concurred with the Earl of Kimberley in a speech warning the Government against the dangers of excessive acquisition, and went on to say: "I believe there is danger in our public opinion of a reaction to the doctrine of thirty or forty years ago when it was thought that it was our duty to fight every body and take everything."

"I think that a very dangerous doctrine, not merely because we would thereby excite other nations against us—and the reputation we enjoy in Europe is not by any means pleasant or advantageous—but because there is a much more serious danger of overtaxing our strength."

"However strong we may be there is a point beyond which our strength does not go. It is courage and wisdom to exert that strength to its attainable limit, but madness and ruin to pass it. It is of extreme importance that we do not allow party feelings to prevent the discovering and following of the narrow lines that separate undue concession and undue terror from the rashness which more than once in history has been the ruin of nations as great and as powerful as ourselves."

The Waverley Club. At the meeting of the directors of the Waverley club held Saturday 46 new applications for membership passed. The sum of \$36 was raised for pool balls. It was decided to hold the Easter concert on the evening of April 19.

League Meeting Postponed. On account of the inability of some of the speakers to be present, the open meeting of the American League, announced for this evening, has been postponed for one week.

RUBBER TIRE PLANT.

Mr. Schuman is Getting One for His Carriage Repository.

Gus Schuman, in the business, predicts that in one year from now fully one-half the vehicles in Honolulu will be fitted up with rubber tired wheels.

By the last Zealandia G. Schuman, proprietor of Fort Street Carriage Repository, sent an order to the American Rubber Tire Co. of New York for forty set of tires of different sizes, also for necessary machinery for putting tires on wheels.

During Mr. Schuman's visit to the United States both in 1896 and 1897 he had good opportunity to examine more closely the merits of different makes of tires that are used in the States, also the method of applying them to wheels.

Mr. Schuman has been importing rubber tired vehicles for the last two years, and the condition of the tires today and the satisfaction they have given are such as to fully warrant the outlay for a rubber tire plant. It has been proved that rubber tires will reduce the draft of a carriage fully 60 per cent., and the first cost of the tire will be saved in a short time by the reduction of wear and tear on the rest of the carriage.

Besides the solid rubber tire, Mr. Schuman will handle a cushion tire, a combination between a pneumatic tire and a solid rubber tire, which he highly recommends for certain vehicles, overcoming all vibration. Everything will be ready for business by the middle of next month, and then Mr. Schuman will be heard from through these columns as to the merits of the tire, which can be easily recognized by all.

Tramways Invaded. The U. S. naval troops threw the Beretania and Nuanuu car line out of joint by eight minutes this morning, by occupying the track in marching out to Makiki. A driver asked an officer to let his car pass, and was answered that he had plenty of time. Another driver, whose car was kept waiting for that one, said the first driver should have rung his bell and driven right ahead. If this had been done, however, there might have been war, like there was between the P. G. troops and the tramcars soon after the revolution.

Allan Clarke Hurt. A. W. Clarke, superintendent of the Government quarry at Kamouliili, was quite badly burned in an accidental explosion yesterday afternoon. While reabutting a box on the engine, the head blew out and the hot metal was blown into Mr. Clarke's face. The injured man will be about again in the course of a few days.

Detroit Jewel Stoves Does your stove give you entire satisfaction? If not, why not? If you will give us the chance, we will relieve you of a care that you should not bear.

We sell only good stoves, and we guarantee what we say to you when you buy a DETROIT JEWEL STOVE, no matter what size it is. The fuel you will save will pay for the difference in a short time if you conclude to relegate your old stove to the auction rooms.

The reasons are many, and would take up too much space to print them, why JEWELS are better than any other. The prices are right, and our terms of ONE-THIRD DOWN and BALANCE in FIVE EQUAL MONTHLY INSTALLMENTS is for your benefit.

In these modern days of labor saving devices it is not very common to see persons doing a great deal of sewing by hand. Almost everybody has a sewing machine to aid in the work. But there are some people who have not yet bought. We are offering the

Wertheimer Triplex Sewing Machine to the public for \$35. This is the greatest bargain ever offered in sewing machines in Honolulu. The machine is of the latest German make and does plain, lock and chain stitch. A new stock of

Victoria Hand Sewing Machines is also on our list of specialties for this week. These popular machines must be seen to be appreciated. Come in and see them and you'll not be happy unless you have one.

Whoa There

Pull up your noble animal at the time honored headquarters for horse and carriage outfitting, corner of King and Fort streets. Then step in and see the first instalment of absolutely the most select and largest stock of harness hardware and trimmings, and riding and driving accessories ever brought to Honolulu.

Perhaps you noticed that the steamer Australia was a little lower down in the water than usual. Well, among other things, she brought to the

Manufacturing Harness Company goods in the lines here mentioned, to wit: Ladies' Driving Whips, a large assortment; Select Assortment of Trimmings for fine-made harness; Leather, direct from the tannery, such as has never before been imported to Honolulu; Horse Boots of all descriptions, Hoods, Sheets, Salt Sacks, Blanket Pins, Hobbles, in fact everything pertaining to race track outfits—for the glorious 17th of March, do you mind? Cattle Trace Chains, Hames and Collars, etc., for our plantation friends.

And now the steamer "Zealandia" has arrived with more of these beautiful goods. Such glittering gear, but solid value—Bits in great variety, Trimmings that outshine Klondike gold. Rein Buttons, etc., everything good to pick from. Come in and see, it takes too much time to describe. When the "Zealandia" returns she will bring more still of this splendid stock.

THE MAUI RAILROAD WAR.

Continued from First Page.

According to the bill of complaint the Hawaiian Commercial owns all of the lands over which it has constructed its new road, including the portion of the land where it crosses the Kahului Railroad Company's track.

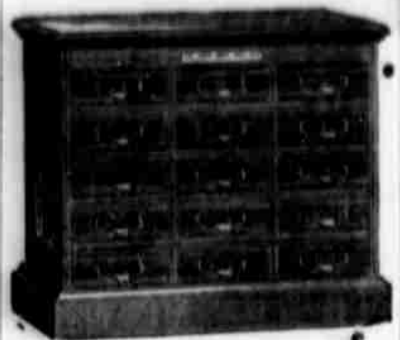

Judge Perry issued the restraining order prayed for, which enjoins the Railroad Company, its officers, servants, etc., from interfering with the track or the crossing laid down by the petitioning company, until further order of the Court.

E. L. Vander Naillen, the Commercial Company's engineer, is in town. When seen by a reporter and asked in regard to the trouble, he laughed and said: "The entire matter has been grossly exaggerated in the newspapers. The simple fact is that I was instructed to continue the company's road to the beach and to put in the railroad crossing in the night time so as not to interfere with the business of the Kahului Railroad Company over its Waituku line. I had to throw up a road-bed and complete about eight hundred feet of track before the crossing was reached, and in order to do this work and get forward the necessary materials a considerable force of laborers was required. It is ridiculous to say, as the newspapers have done, that there was a force of three to four hundred armed men. We were working on our own property and for a lawful purpose, and with a considerate regard for the convenience of the Kahului railroad traffic, and there was not the slightest occasion for us to employ force. The security of property rights depends upon upholding the law, and the policy of our company is directly opposed to high-handed proceedings of any kind.

"There has of course been considerable jesting about the matter over on the Island and the employees of the Kahului Railroad Company have been forced to undergo considerable good natured but irritating chaffing from the townspeople in Wailuku, Kahului and Spreckelsville, and this has made some of them lose their heads and threaten to tear up the track which we had constructed. Had this been attempted it would, of course, have led to trouble, and the company thought it best to sue out an injunction and so establish its legal rights, and bring all controversy to a peaceable end.

"I do not believe that the head men of the Kahului Railroad Company are back of the ridiculous threats that have been made, for they have but recently represented to the Court and have produced witnesses to show that the Hawaiian Commercial and Sugar Company possesses and is able to use these very harbor frontage facilities. The suit, in which this testimony was given, was the condemnation suit now pending before the Supreme Court, wherein the Kahului Railroad Company is seeking to take away from the Hawaiian Commercial and Sugar Company a part of its water front at Kahului. The lands which we have crossed in constructing this new piece of road are not a part of the lands involved in that controversy. The facts of that case are that all of the Kahului Railroad Company's buildings, wharves and terminal facilities are upon lands which belong to the Hawaiian Commercial and Sugar Company. These lands are held by the Kahului Company under leases which expire in the year 1901, three years hence. In these leases it is agreed that at that time they will surrender up the lands to our company with all buildings and improvements thereon. The company has in the past expected that this covenant would be lived up to and has charged mere nominal rentals for its property leased to the Railroad Company with the idea that all of these buildings and improvements would ultimately revert to it. These buildings and improvements cannot be duplicated, I think, for less than \$50,000. The harbor frontage which they are seeking to condemn is also, of course, of great value. Now the Kahului Railroad Company, notwithstanding the agreement to give up the property with all improvements at the end of its term, and while its lease has still nearly three years to run, has instituted condemnation proceedings to take this leased property

away from the company against its will, and has had the effrontery to attempt to force the Hawaiian Commercial and Sugar Company to accept the paltry sum of \$10,000 for property and buildings worth to the company at least \$150,000. The Hawaiian Commercial and Sugar Company is not going to permit this if it can help it. "Our company has been paying the Kahului Railroad Company something like \$25,000 a year for freight, but will now soon be in a position to handle its own freight if it so desires."

THE SENATE.

Passes Appropriations for the Board of Health.

In the Senate yesterday afternoon Senator Holstein from the Select Committee to whom was referred the items in Senate Bill No. 5 under the Board of Health, made a report thereon which was adopted.

The following items were then passed and further consideration of the bill postponed:

Salary of Secretary \$4000; pay of Government physician \$36,000; general expenses, pay roll \$18,600; non-leprosy children, pay roll \$2400; removing garbage, pay roll \$10,800; quarantine pay roll \$1200; maintenance of hospitals, pay roll \$9,000; Act to Mitigate, pay roll, \$2400; segregation of lepers, pay roll, \$38,400; salary of superintendent of Insane Asylum \$3600; pay of assistants, Insane Asylum, \$21,984.

Senator Holstein was granted leave of absence for three days. At 2:15 the Senate adjourned.

WINE AND BEER LICENSES.

EDITOR EVENING BULLETIN — It is evident that at least one member of our legislature, and maybe a majority, is in favor of a greatly reduced license for the sale of wines and beers, apart from the regular licenses now granted saloon keepers at large. The strongest opponents of this highly proper license will be those who have monopolized the trade.

It is thought the time has come when rights given to a few, should be more liberally divided among the many, and that a reasonable license divided among the many for the sale of beer and wine should be granted, in any quarter applying for it, especially for hotels now in existence for the benefit, of course, of tourists and strangers.

There can be no doubt that this course would be more equitable and fair to taxpayers, and would help break up and diminish the number of charges of illicit selling so common at present and the unseemingly squabble of our paid officials for what is known as half the fines.

Our motto should be: "Let licensees protect themselves; be protected legitimately, protected by the law, and no more," as elsewhere.

The details of the measure require working out, but they are for good. That such steps be taken to provide limited licenses for every reasonable hamlet in the country, and break up "monopoly" either whole-sale or retail, equally in the interest of morals and revenue, is my hope.

Impure Blood in Spring.

This is the almost universal experience. Diminished perspiration during winter, rich foods and close confinement indoors are some of the causes. A good Spring Medicine, like Hood's Sarsaparilla, is absolutely necessary to purify the blood and put the system in a healthy condition at this season.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

The Anchor.

William Carlyle, who formerly assisted P. F. Ryan in the management of the Anchor, has succeeded him in the management, assisted by Charlie Andrews. He continues to deal out the cheer for which the Anchor is noted. Seattle beer on draught can always be had, as well as the best brands of whiskies, etc., including John Dewar's Scotch whisky. A full stock of other liquors, wines, etc., is kept on hand also.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

The new 35c. size contains over double the quantity of the 25c. size.

MONDAY'S POLICE COURT.

Eight Docket Disposed Of - Libel Case Under Deliberation.

In the Police Court yesterday the case of seventeen gamblers arrested on Saturday were continued until Tuesday. Four Japs were tried for an assault on a Chinaman during a drunken spree on Hotel street. As each side showed equal proficiency in the art of swearing the Court was in doubt and the defendants were sent home. Five persons for drunkenness were assessed \$2 each.

In the matter of the charge of libel against Editors Norrie and Wright, Judge Peterson had not made up his mind on the law points presented, and the case went over for further consideration.

Ah Kara and Chew Wing paid \$12 each for having a Sunday morning battle on Nuuanu street. Two Japanese for the same pastime got off with \$10 each.

KIMBALL ELDREDGE DEAD.

He Was a Brother of Chas. H. Eldredge of This City.

According to the following, a brother of the late C. H. Eldredge, of this city, must have died about the same time as himself:

Oakland, Feb. 19.—The will of the late Kimball Eldredge of Alameda has been filed at the Hall of Records by Mary H. Eldredge, the widow. The deceased leaves to a sister, Mrs. Myra H. Eager of New York, \$1000; to a brother, Charles H. Eldredge of Honolulu, \$1000; to another brother, George B. Eldredge of Boston, \$1000, and also a release from all debts due the deceased; to a nephew, Henry Eldredge, \$1000; and the residue of the estate goes to the widow. The estate is valued at \$30,000.

The Gold Standard in Japan.

The Committee of the Hiogo and Osaka Chamber of Commerce say in their annual report with reference to the adoption of the gold standard in Japan:

"It is too early as yet to judge of the precise effects the new currency will have on the trade of the country, but beyond increased stability of exchange no specific benefit can so far be pointed to.

Possible, but Not Probable.

The latest phase of the possibility of an embroglio between the United States and Spain over Cuba is the possibility of Germany taking up the cause of Spain. A plausible pretext for Germany to side with Spain might lie in the fact that she might wish to capture the entire supply of the celebrated Rainier beer. Telephone 783.

The Races.

After much comparing of notes and backing and filling, the race managers last evening at last got into position, and it was finally determined that the races advertised for March 17 would come off on Saturday the 19th at the advertised time. The reason is the discovery that Kamehameha III. Day, March 17, was dropped from the list of Hawaiian public holidays in the Act of 1896.

Impure Blood

Rheumatism, Kidney Troubles and Sick Headache the Results—Doctored for Years Without Relief.

"My blood was out of order, and I began taking Hood's Sarsaparilla. It has purified my blood and relieved me of rheumatism, kidney trouble and sick headaches. I have been afflicted with these difficulties for years. I am now able to do a good day's work. Rheumatism has troubled me since I was a child, but I am now entirely cured." MISS PHOENIX BALEY, Box 445, Pasadena, California.

"I have suffered from the effects of impure blood, boils, pimples, etc., for five years. I have tried various remedies without relief and finally purchased six bottles of Hood's Sarsaparilla. The boils and pimples have all disappeared since I began taking this medicine. I am now entirely cured." LOUIS THOMAS, 1412 11th Street, Oakland, California.

ITEMS FROM HARBOR FRONT

Claudine's Delayed Departure for Ports on Hawaii.

Steamer Maui off for Kahului—Arago's Sugar is Being Discharged—Kauai Arrives with Garden Isle Sugar.

Sixteen sailing vessels in port. The steamer Kilauea Hou sailed for Kukaiaua and Paauhau this afternoon.

The schooner Rob Roy from Honolulu is discharging freight at Koloa yesterday.

Captain Pilz of the schooner Robert Searles is the father of Purser Pilz of the steamer Kauai.

Sugar on Kauai: Kekaha 1200, V. Knudsen 300, Makaweli 800, Koloa 1000, Lihue 3500, Hanamaulu 4500, Keala 2000, Kilauea 9000.

Five liners will arrive next week at this port. The Belgic from Yokohama, the Doric and Zealandia from San Francisco, the Miowera from Sydney and the Aorangi from Victoria.

The sugar from the Arago is being transferred to Oceanic wharf as rapidly as possible. So far the damage to the cargo is very slight. The only water getting into the hold through the deck was near the masts that were broken.

Work on the extension from the Waikiki end of the Mail wharf toward the market began this morning. The outer row of piles will be taken away and about 8 feet taken off to conform with the line of the new slip.

Following is the disposition of some of the Japanese contract laborers that arrived in the Chitau: Kilau a Sugar Co 30, Pioneer Mill 27, Kipahulu Sugar Co 40, Paauhau Plantation 94, Waiakea Mill Co 45, Haw Coml and Sugar Co 50, Kukuaia Plantation 30, Heeia Agricultural Co 30, Olowalu Sugar Co 10, Lihue Plantation 25, Hawaiian Sugar Co 75, Koloa Sugar Co 40, R R Hind 30

REPUBLICANISM AFFIRMED.

Continued from First Page.

idea. It should be shown clearly and positively to the Hawaiian, and at every opportunity, that the monarchy is a thing of the past.

Mr. Richards opposed the amendment, and said he would not vote for it if every man on the island of Hawaii wrote him a letter demanding that he should do so. He could not imagine anything so utterly contrary to party principles.

Mr. Kaai favored the amendment, because the clause was useless. Rich men were the only ones that could support revolutions and trouble. The Hawaiian had no money for that sort of business.

Mr. Kaeo was opposed strongly to the amendment. He had never heard a single native Hawaiian offer an objection to the clause as a reason for not registering.

Mr. Wilder, "the silent member," wished to go on record as unalterably opposed to the amendment.

At this juncture debate was shut off by calls from all parts of the House for the question. The vote, which was on indefinite postponement, resulted as follows:

Ayes—Richards, Gear, Pogue, Robertson, Kaeo, McCandless, Atkinson, Wilder, Isenberg, and Kaulakou—10. Noes—Loebenstein, Paris, Achi, Kaai and Kahaulelio—5.

When the House had voted Mr. Loebenstein requested that the Speaker do not vote Mr. Kaulakou made an urgent request to be allowed to vote, however, and added that he desired his vote, "aye," to go on record as showing to the people of the islands and the world his opposition to any scheme for letting down the bars at this time. The request was allowed and the Speaker voted against the amendment. Adjourned.

A. C. P. Takes Action.

The Central Committee of the American Union Party held a special session at noon and passed, by unanimous vote, the following resolution:

"Whereas—It has been publicly stated that the American Union Party had endorsed a proposed amendment to the Constitution of the Republic, changing materially the oath of fealty to the Government; therefore, be it

"Resolved—That this Central Committee of the American Union Party does hereby express its opposition to such or any similar amendment.

"J. A. KENNEDY,
Chairman.
"W. R. SIMS,
Secretary."

Circuit Court Notes.

As the BULLETIN predicted the now famous contest over a piano between Frank Telles against Albert Trask was today appealed to the Supreme Court by the defendant on the ground that \$75 for damages was an excessive verdict.

The Hawaiian Commercial Co. today filed an indemnity bond for \$2000 in its equity action against the Kahului Railroad Co. with J. F. Hackfeld and Alfred S. Hartwell as sureties. The effect of this bond will be to suspend further work on the road until the injunction is finally heard by the Court. Part of the road, about 1000 yards, was rushed through last Thursday night before the papers issued by Judge Stanley were served.

Miss Eileen O'Moore.

This world famed young violinist will give her grand concert at the Opera House on Saturday night next, when she will be assisted by prominent local talent, including Wray Taylor and his ever popular orchestra. The splendid and very valuable violin used by Miss O'Moore is a Stradavarius with a history. The tone is superb, combining power, resonance and sympathetic timbre. The instrument was chosen for Miss O'Moore by the great Dr. Joseph Joachim, and cost 800 guineas.
