

The Garden Island.

When you buy War Savings Stamps you do two things, you help your country and yourself. Put your money in the government's hands.

While Some One gives his LIFE—what are YOU giving?

ESTABLISHED 1904. VOL. 14. NO. 41.

LIHUE, KAUAI, TERRITORY OF HAWAII, TUESDAY, OCTOBER 15, 1918

SUBSCRIPTION RATES, \$2.50 PER YEAR 5 CENTS PER COPY

Scrap Books for the Boys

WASHINGTON calls on the Junior Red Cross of Hawaii for 5000 scrap books. Mrs. A. Lewis, Jr., Supervisor of Junior Red Cross in this Territory, has sent word that Kauai's allotment is 800 of these books.

Schools must begin to collect material at once and every magazine subscriber on this island can be of great assistance if he will send all the old magazines he is willing to part with to the nearest school.

"Scrapbooks have done wonders for the men in whiling away the time and making life more pleasant for them. Colored Pictures, Short Stories, Poems and Jokes are eagerly seized upon by the soldiers. Colored pictures are preferred to black and white. They must be attractive, cheerful and large enough to be seen easily. Comic cartoons and clippings with 'news' from home are enjoyed. Poems of sentiment are liked best by the soldiers, not war verse or anything 'blue.'

"Arrangements in all cases should be horizontal, so that it will not be necessary to turn the book in order to see. Above all, in selecting pictures and printed matter it should be remembered that these books are for grown men and not children."

All pages should be well filled and pleasingly arranged. The size of the book is 16 x 12 inches, and each book contains 20 pages. It has been suggested that we make as many all Hawaiian books as possible. "The Paradise of the Pacific" and the old "Mid-Pacific" magazines would do wonderful service for such books. Many beautiful island views, colored post cards of our marvelous 'painted' fish and the brightly colored flowering trees, etc., should be available. Island poems are not hard to find and last but not least, Hawaiian legends for the short stories. Surely our boys and girls will be able to complete some very delightful books of this description.

Miss Bernice Hundley will distribute the books among the schools upon their arrival from Washington, and the books must all be completed and ready for collection by Miss Hundley on Wednesday, November 27th.

Y. W. C. A. Talks

In addition to the addresses at the Mokihana meeting there was a public meeting at the Lihue Union Church Thursday evening to which men were specially invited, and at which there was a good audience of high class, intelligent people; there was some excellent congregational singing led by Mrs. W. H. Rice, after which, on the introduction of Miss Channon, Miss Bentley spoke very attractively along the same lines that she had opened up at the Mokihana meeting.

At Waimea on Friday evening the Y. W. C. A. program superseded that of the Waimea Literary Society, Mrs. Maddox acting as the main speaker and giving a very graphic and inspiring account of the work of the organization, with perhaps special emphasis in the Hostess House side of it, with which Mrs. Maddox is specially familiar.

It was considered a rare and inspiring treat by the Waimea people.

During their brief stay in Waimea, Mrs. Maddox and Miss Bentley were the guests of Mrs. A. S. Knudsen at her Waiawa home, and Miss Channon was the guest of Mrs. Brandt. They returned to Lihue Saturday morning.

Y. W. C. A. Plans

Miss Mary I. Bentley and Mrs. Parker Maddox, representatives of the Young Women's Christian Association of the Pacific Coast field, together with Miss Grace Channon, general secretary for Hawaii, held an all-day meeting on October 12th, with Mrs. S. W. Wilcox as hostess.

The purpose of this meeting was to present plans for the coming Y. W. C. A. drive in connection with the United War Work Campaign.

Mrs. Maddox spoke of the Hostess Houses which are supported by the Y. W. C. A. Miss Bentley emphasized the needs of the women workers in war industries, whose welfare is in the hands of the Y. W. C. A. Miss Channon spoke of the origin and growth of the Association, and its ability to handle these welfare problems. She then effected an organization of workers for the coming drive on Kauai with Miss Elsie Wilcox as chairman.

In attendance at the meeting were Mrs. Brandt, Mrs. Carver, Mrs. Senni, Miss Hundley, Miss Thompson, Miss McIntyre, Mrs. Lydgate, Mrs. R. L. Wilcox and Mrs. Crawford.

Kapaa News Items

Father Hubert proudly flies an American flag outside his residence at Kapaa Church. His reverence delivered a stirring sermon regarding our duty to buy Liberty Bonds to our utmost, during the campaign. Bravo, Father, we respect and admire such a man.

Miss Amelia Souza, formerly teacher at Kapaa school, is now a "war bride," having been married in Honolulu to a member of the U. S. Marines, who has now sailed.

Dr. J. M. Kuhns, superintendent of the Samuel Mabelona Memorial Hospital, at Kapaa, is taking a very active interest in the work on the hospital farm. Dr. Kuhns and Mr. Jensen, who is in charge of the farm work, are both working hard to make the farm a profitable undertaking, and at the same time help out the food situation. At the present time there is an excellent crop of tomatoes on the farm that will rot unless a market is found for them at once. Housekeepers who want tomatoes for canning and for making relishes could get an excellent supply here.

FRANK MORROW HEARD FROM

Frank Morrow, formerly superintendent of the Kauai Telephonic Company, has been heard from. Frank is stringing wires in the front line trenches in France. He says he has some very exciting experiences he would like to write about, but the censor would not let it pass.

THE DOINGS OF THE MAJOR POLITICIANS

Kuhio and McCandless both came to Kauai Friday morning, landed together at Nawiliwili, and then pursued their devious ways,—the former going to Waimea, and the latter to Hanalei.

In company with local leaders of the party Kuhio proceeded to Kekaha where, at Chang Kee's place, he held a successful meeting with a good attendance, mainly Hawaiian, and with much enthusiasm. From there he drifted back to Waimea where he held a meeting in the evening in the little park in front of the Court House, where a large and enthusiastic crowd was gathered to receive him.

Both he and Rice produced a very good impression which is the promise of many votes when the time comes.

On Saturday afternoon they had an open air meeting just west of the bridge in Hanapepe where a good crowd was ready to hear them, and later, at 5:30 they were at Kalahoe, where the Homestead Hall was crowded to greet them. An evening meeting at the Koloa Hall, which was crowded to suffocation, with an added attraction in the way of a moving picture program, made it a very full day.

Sunday afternoon they had a meeting at Kapaa with a slight dash of moral flavor to it out of consideration for the day and place. Monday afternoon saw them ranged up in front of the Nakatsugi Store at Wainiha, in spite of lowering skies and frequent showers. In the evening they had a good round up at Hanalei in the old church notwithstanding the inclement weather which would have chilled any enthusiasm save that of a political campaign.

At every point the "Prince" spoke with his usual happy facility, and carried the convictions and loyalty of the crowd. He devoted his efforts mainly to the destruction of the bad seed which his political enemies and opponents had been so busily disseminating. These charges were mainly to the effect that he was useless in Washington; that he was a cats-paw for the rich people and the interests; that he had worked for the repeal of the twenty-five name petition for home-steading; and that he had voted for prohibition when he ought to have known better.

On all of these charges he justified his action to the entire satisfaction of his hearers; so that they will certainly confirm their satisfaction by their votes.

MCCANDLESS

McCandless retched up at Haena, while it was still early Friday morning, and addressed a small crowd there endeavoring to plant some seed which would not be snapped up by the black-winged birds of the enemy. From here he returned to Hanalei, where he rounded up an open air audience about noon. In the evening he spoke at Kapaa to a fairly good sized crowd and with pretty fair success. Saturday afternoon he was at Kekaha, and Saturday night he had an open air meeting on the little Court House square at Waimea, with a very good audience.

Sunday evening he devoted to Koloa with a meeting in the hall with a pretty fair crowd. Monday evening he was at the Tip Top in Lihue. This latter is described as quite a spicy meeting that none should have missed, in which McCandless dealt out some righteous dues to his enemies and set them straight in some matters concerning which they had been wandering in the fog—unfortunately there was only a small crowd to hear it.

All along the line he justified the quality of his patriotism, as evidenced by the purchase of Liberty Bonds, Red Cross contributions, etc., and made lavish promises of what he could do, and would do for Hawaii at Washington in connection with a Democratic administration.

"Link" McCandless speaks Hawaiian very well, and understands Hawaiian character even better, and because of this the Hawaiians take to him very cordially, but that doesn't mean much when it comes to votes. Accordingly the outlook is that the Prince will hold his own, assuredly in the outer districts and come out ahead as usual.

FINAL FIGURES OF THE LIBERTY LOAN

The final figures on the Fourth Liberty Loan, for Kauai are \$451,550, which is nearly \$100,000 above our quota. And yet there was a time when a good many people were doubtful about it. "Be not faithless, but believing."

Local News

Gathered from here and there

Mrs. Douglas Baldwin and child returned by the Kinai this morning.

Mrs. Mm. Henry Rice went to Honolulu on Saturday and will be gone a few days.

A. E. Hale of the von Hamm-Young Company is at the Lihue Hotel, having arrived this morning.

Mrs. R. N. Oliver arrived this morning and went on to Waimea where she will visit with old friends.

R. S. Thurston of the H. S. P. Experiment Station, is again on Kauai for one of his periodical visits.

Mr. and Mrs. J. K. Cockett and family returned this morning after a short stay in town.

H. W. Kinney, superintendent of Public Instruction is on the island for a brief visit on school matters. He arrived this morning.

Mr. and Mrs. Oran Kennedy of the Salvation Army arrived this morning. They come from Maui, and will be located at Koloa.

Miss McIntyre of Honolulu, visiting with Mrs. Hogg of Lihue, spent Sunday with her at Hanalei at the Faye place.

Lihue Plantation has just finished planting about 1200 acres, a large plant which promises to give a banner crop.

The plantations are looking every which way these days for rain. The water supply is running low and the occasional showers don't do much good.

Two infant children of Mr. and Mrs. Gustav Hackbarth of Koloa, were baptized at the Lihue Union Church on Sunday, immediately following the morning service.

Miss Dora Lidgate of Hawaii and Miss Smith are spending a few days with Mr. and Mrs. Lydgate. They have already spent some days with Miss Fowlds at Elele.

H. W. Laws, of Honolulu, who is down here on some roofing contracts, gave a picnic at Hanalei last Sunday, which was enjoyed by the school teachers of Lihue, Kapaa and Hanalei, who attended.

Mrs. Edward Palmer, well known on Kauai, and now residing in Columbus, Ohio, is in charge of one of the Red Cross Units there and is doing very arduous as well as very excellent work in connection with it.

The Island Association of Kauai Churches will meet at the Lihue Hawaiian church on Wednesday in a session that will last four days. This will include the various races affiliated with the work of the Hawaiian Board.

Mr. E. A. Creevey, vocational instructor for Kauai schools, reports that the school garden work is progressing favorably. Most of the schools have started in already, and are plowing and fertilizing the available land.

There has been a brief run of renovations and repairs at the Lihue Wireless Station which has put it into good shape so that the place looks as fresh as the traditional new pin. Among other things, a new 65 foot pole was installed and is now doing service.

We learn from L. L. McCandless' political speeches on Kauai, that "Link" is named after Abraham Lincoln. "And," says the democratic candidate for delegate, "that is why I want to be like him."

"Honest Abe" would turn in his grave if he could hear this.

The Department of Public Instruction has informed the Kauai vocational instructor that school children having school gardens and home gardens will be provided with a school garden service flag similar to the red cross service poster that was allotted to red cross subscribers last year. The poster bears the emblem of a hoe and a rake crossed, and bears the letters, U. S. S. G.

FIRST REGULAR MEETING OF MOKIHANA CLUB

The first regular meeting of the Mokihana Club for the new year on Wednesday was one of the largest in the history of that organization, there being over one hundred present. The new officers were in their places. Mrs. Swan, president; Mrs. W. H. Rice, Jr., vice-president; Mrs. Mesick, secretary, and Miss Fisher, treasurer.

After the transaction of the business of the day the president introduced Miss Channon, secretary of the Honolulu Y. W. C. A., who told briefly of her trip to the Coast since she was last on Kauai, and in connection with that trip she had been able to secure the very valuable services of two women who occupied very responsible places of trust and opportunity on the Mainland, in connection with Y. W. C. A. work. She then introduced Mrs. Maddox, who has been for some time in charge of the Hostess House at Fremont, near San Francisco.

Mrs. Maddox is evidently a woman of superior education and culture, with a very attractive personality which wins her audience at the very outset and holds it to the end. She talked very entertainingly of her work and experiences, and of the great need there is for these Hostess Houses in the cantonments, and of the blessing they are to all whom they serve. "It is perfectly natural and proper," she declared, "for women to want to see and be near their men folks during the comparatively long period of their training before they are sent over seas. But the problem was just how to give them this privilege without, at the same time, exposing them to grave danger, and the development of serious evils. These cantonments in many cases are miles away from anywhere, so that there are no hotels or boarding places where transient visitors may stay. A woman,—mother, sister, wife or fiancée arrives, it may be in the middle of the night in search of the man in whom she is particularly interested. She knows his name and that is about all. Just how to find him, and where to find him, and where to stay while she finds him,—this she does not know. Now, the Hostess House meets and solves this problem for her. Here these women are taken in, cared for and helped in every possible way to the realization of their desires. The Mr. Peter Jones whom she wants to see is speedily located and brought to the house whose great reception room, one quiet corner of it is placed at her disposal, and for the time, short or long, that she remains at the cantonment, everything is done to protect her and make her stay comfortable and pleasant. There are reading rooms, cafeterias, means of recreation, etc., and more important than all else, a kindly, helpful interest and sympathy, and homelike air, that make the experience a happy and helpful one.

"Wherever, as in some cantonments, hotel accommodation is available, this accommodation is carefully supervised by the Y. W. C. A.—the good recommended and the bad condemned.

"These Hostess Houses are established at every cantonment at the instance of the military authorities; they are all run by the Y. W. C. A. and are exclusively the only authorized means of meeting between men and women in the cantonment."

Miss Bentley is executive Secretary of the Y. W. C. A. for the Pacific Division to which Hawaii belongs. Though still a young woman she has had a wide and varied experience which eminently fits her for her responsible position, having, among other things, spent several years in similar work in India. She is an interesting, original and entertaining speaker, with much shrewd common sense, and a kindly, genial recognition of the common humanity that runs through us all from the best to the worst. This broad sympathy must be a most valuable asset in the field, as it certainly is on the platform. She spoke in part substantially as follows:

"These are the days when women are coming into their own, or more than their own. The women of England have doubled the tonnage of England. They are running trucks, and tractors, and locomotives; they are loading and unloading cars, and barges, and lorries; they are even building ships. They are doing from 50 percent to 80 percent of the work in the munition factories. They are very largely doing the farm work of England, and still more largely the commercial work in the stores and offices. And in our own country the war has brought them to the front and imposed on them new and heavy burdens, which are, in many cases, exposing them to very serious strain and grave dangers. The men in increasing numbers have gone to the front, and their places have been taken by women. From the beginning, the Y. W. C. A. has been alive to the situation, and ready to help the women under these new and trying conditions. For instance:—The war has called to Washington 45,000 women, who in the glow of their patriotism, wanted to be at the center of things where they could give the best service. This in addition to all the other congestion of

Two Cases of Assault

Two Koreans in Kapua, Halehaka, quarreled after having imbibed of swipes with the result that both were in court next day. Defendant, Kim Yun Soon, pleaded guilty and was fined fifteen dollars and costs.

On Thursday John Hausen and Jacinto Pico, both Filipinos of Halehaka had a set-to over money matters, John being arrested and held in court. The usual fine and costs amounting to eighteen dollars was meted out by his Honor.

JEAN H. DANFORD,
Vice-Chairman,
Western Kauai Branch, A.R.C.H.C.

Dr. A. C. Braley arrived this morning. Dr. Braley is at home on Kauai and will find many friends glad to see him.

Burglary at Hanamaulu

Some time during the night between Monday and Tuesday last, burglars gained an entrance to the Hanamaulu Store by smashing in one of the front windows. Among the articles stolen were two ladies gold watches, a lot of smoking matter and some shoe polish. No clue to the perpetrators has so far been found, but the police are on the trail, confident of landing their men shortly.

The stealing of the shoe polish perhaps accounts for the diligence with which the police is eagerly scanning the shoes of each passing Filipino, to see whether an extra gloss has been applied to the coverings of their nether extremities.

MEETING OF THE CHAMBER OF COMMERCE

There will be an important meeting of the Chamber of Commerce on Thursday at Lihue, at 3 p. m. at which the fullest possible attendance is requested. Among other matters the choice of island harbor site will come up for discussion, the Board of Public Works having referred the matter to the Kauai Chamber of Commerce for an expression of public opinion.

W. K. Orth mill superintendent and chemist of Koloa, is back from his vacation in Honolulu.

Its a toss up between Maui and Kauai for the naming of the Land Tank on the front, consequent on the largest Liberty Loan aggregate.

Property Bags

The Junior Red Cross workers of Kauai turned in to the Kauai Branch A. R. C. 1961 splendidly made Property Bags, last Friday, which were shipped to Honolulu on Saturday's boat, as Kauai's share of the Territory's allotment of 15,000 bags.

These bags are made of bright colored washable material and are used by men in the hospitals to store their personal belongings in during their stay. When the men leave they generally take the bags with them so there is a continual demand for this article.

One of Kauai's teachers has a brother in France who has written her that his little property bag has been a great pleasure to him.

All Junior Red Cross work is now being done through the school supervising principals, under orders from the School Board.

NEW COMMUNITY NURSE

Miss Castro, who for some time has been the faithful and efficient nurse in charge of the Mabelona Hospital at Kapaa, has resigned that position to become community nurse for Lihue, in the work that Miss Kuhlrig inaugurated last year.

Miss Castro's recognized ability and her familiarity with local conditions, and perhaps most of all, her love for children and her skill in managing them, will fit her very specially for this work. The change is to be made November 1st.

SUPPORTS ANY AND ALL GOVERNMENT MEASURES AT ALL TIMES.	THE GARDEN ISLAND Kauai First, Last and all the time.	PUBLISHED EVERY TUESDAY LIHUE KAUAI

	TUESDAY		OCTOBER 15, 1918

LEST WE BREED SLUMS

LEFT to themselves without guidance or supervision the building of incipient hamlets and villages is bound to be vicious, unsanitary and dangerous. Each man builds according to the dictates of his own fancy or his own immediate advantage. More and more, as the ground becomes valuable, the buildings are huddled in together, with no adequate provision for sanitation, fire protection, or even, in many cases, for a proper supply of light and air.

Generally things go from bad to worse until a big fire cleans up the place, at the cost of much valuable property, and even sometimes, of life itself.

We see this sort of expensive folly going on under our eyes in such centers as Kapaa, Kapua, Koloa, Hanapepe, etc. The huddled together aggregations of shacks in places such as these are in defiance of cleanliness, order and safety, and as such they constitute a standing menace to health and property, and a constant drag on the prosperity of the community.

The formation of excrescences of this kind, which threaten public well-being ought to be restrained and prevented by public ordinance, and that public ordinance ought to be a live issue and not a dead letter. And this ordinance ought to provide that within village areas, clearly designated, no building should be allowed without the permission and approval of the proper officer, or without compliance with the building requirements.

This is the common and long tried practice of other places for such conditions; we must come to it here, and the sooner the better.

KEEP YOUR LIBERTY BONDS!

AT this moment, when local people are being persuaded to give up their Liberty Bonds in payment for bonds and shares in certain mainland enterprises, we deem it our duty to draw the attention of our readers to the fact that Secretary McAdoo has just issued a strong appeal to the American public to hold on to their "Liberty Bonds."

It is estimated that fully \$500,000,000 worth of Liberty Bonds have been traded for questionable stocks, and in view of this both the Canadian and American governments have recently appointed committees for the sole purpose of licensing the sale of securities; and as licenses will be granted only to such corporations as can show the money is needed for purposes that will actually help the government, it is up to every good citizen to refuse to purchase stocks that have not been so duly passed by the Capital Issues Committee of the United States.

It is very easy to distinguish the licensed stocks from the others, because all prospectuses must publish an official notice showing that authority.

We issue this warning as a "Help Win the War" appeal, and advise against the purchase of securities that have not been licensed by the government.

THE QUEENSLAND NUT

Does anyone here know anything about the Queensland Nut? Up on Hawaii, in Kona, they are becoming quite exercised about it, and are threatening to plant acres of it.

It seems that it is a nut about an inch and a half in diameter, with a dull, green husk, within which there is a kernel about the size and shape of a pecan nut. The meat is extremely rich and of delicious flavor. The tree grows readily and bears profusely, and is recommended for waste lands which cannot otherwise be profitably used. It will be worth a trial here on Kauai.

"Beware of a Premature Peace" Says Fraser, in the London Mail

FROM the United States has come a clear strong word. While our Landsdownes and Hendersons are babbling of "peace by negotiation," Washington has suddenly and informally asked the question: Why have a peace conference at all?

Our American Allies are saying that they have not the smallest intention of discussing anything with Germany, because there is nothing to discuss. The Allies, they declare, must first beat Germany thoroughly and then dictate terms. If the Germans will not accept the Allied terms, we must continue to hit them on the head until they do.

The fact is that we tumbled into this war so quickly that we have never had time to think about it. The United States thought about it hard for nearly three years, and came in at last with very clear-cut convictions. In most of the big war problems the mind of the United States is now far ahead of ours, and certainly far ahead of the collective mind of our Government. We are still back in the midst of nineteenth-century ideas about wars and the way they are ended.

We have talked about the Peace Conference ever since the war began. We could not get out of our heads the silly spectacle of Disraeli coming back from the Berlin Congress in a blaze of fireworks, bringing a rotten peace which plunged the Balkans into woe for another forty years. We expected to see something like that, only better. We even thought of another Congress of Vienna, which settled Europe afresh amid balls and junketings and reviews, and now is chiefly remembered because its great achievement was the invention of Nesselrode ice-putting.

Consider that a Peace Conference of the old conventional kind would mean. It would be held, no doubt, at Berne or the Hague. You would have the Germans coming in at one door, all in uniform, all as arrogant as a Prussian officer just captured by a British Tommy, all swearing that Germany had really won the war because her soil was still inviolate. You would have the Allied politicians (in tweeds as symbols of democracy) coming in at the opposite door, half of them as pliable as putty, none of them thinking of the views of the armies which had fought so valiantly and made such sacrifices.

All kinds of men would be clamoring for a seat. Perhaps Lenin, with his squeaky voice and jerky manner, would claim admission. Perhaps we should see Kerensky, covering an inconstant and irresolute mind with a torrent of empty words. There would be furative Sinn Feiners hanging about, pretending to speak for that portion of Ireland which talks of Sidney Webbs pulling silly little wires. There would be furative Sinn Feiners hanging about, eager to "propitiate" Germany by giving her everything she wanted. There would be men of that far more insidious and dangerous gang which is trying to spread the appalling idea that it would be better to let Germany do what she likes in Eastern Europe so long as we clear up the mess in the west.

The bargaining would go on for months, per-

haps for a year or two, and all the armies would have to remain mobilized for an indefinite period. The world would seethe with turmoil and unrest while the politicians on the one hand, and the German General Staff on the other hand, tried to shape the future of civilization. When once Germany got an armistice, which is what she wants, she would yield nothing. She knows perfectly well that if she can only obtain an armistice she will gain some sort of profitable peace. She holds the best part of half a million square miles of conquered territory in Europe, and the Allies have nothing in Europe to counterbalance these spoils.

Germany boasted this month in her wireless messages that she had occupied territory in Europe equivalent to one and a half times the size of the German Empire as it was in 1914. This calculation, she added, does not include her remoter acquisitions in Russia, which forms another substantial slice of the Old World. What sort of Peace Conference could be held under such conditions? Count Hertling would appear with his hands full of "pawns." The Germans would be told that they had won the war, and they would instantly prepare for another in which they would be no mistakes.

But what if there is no Peace Conference? That is the simple and entirely wise question which comes to us from across the Atlantic. What if we sweep aside the Landsdownes and the Hendersons, and let the victorious Allied Armies dictate at the sword's point to a beaten Germany the terms which Allied statesmen will draft? That is the quickest way, and the only way, of ending the war on a basis which will ensure a lasting peace. That is the message which has come to us from Senator Lodge at Washington.

I wish to add one corollary, however. It is not enough to beat Germany. We have got to make her know, to make all her people know, to let all the world see, that she is beaten. I have said many times in these columns, and I say again, that we shall only do it by invading Germany. There should be no talk even of a dictated peace until there is not a single German or Austrian soldier left in France or Belgium or Italy or Serbia, and until the Allied troops stand on German soil.

Dr. Solf, the German Colonial Secretary, said in a whining speech last week that "an intellectual revolution must and will supervene against this knock-out spirit." Was there such a revolution in Germany when she tried to overwhelm France in 1914, when she enslaved Belgium, when she obliterated Serbia, when she slit the main arteries of Rumania to drain her life-blood, when she imposed the infamous peace of Brest-Litovsk?

Dr. Solf said in the same speech that "the receiver of stolen goods cannot be the judge." I thank him for the word. Germany is both thief and receiver, slayer of old men and children and debaser of women, the enslaver of tens of millions. She shall stand at the bar before the avenging nations and hear judgment pronounced upon her for her bestial crimes. But bargain with her, no, that we can never do. America is right.

FIRST REGULAR MEETING OF MOKIHANA CLUB

Continued from page 1)
Washington, has taxed that city beyond its capacity, so that myriads of girls and women have found absolutely no place in which to stay.

"With a quick eye and ready executive the Y. W. C. A. has at least partially met the need by building three large hotels, and establishing five cafeterias with a capacity of 1000 each.

"In many towns and cities throughout the land the population has been suddenly doubled in the space of a few weeks, and this has dumped into the community a vast horde of more or less wayward, if not lawless, elements which have formed a dangerous menace to the womanhood of the community. It has been the mission of the Y. W. C. A. to protect this womanhood and care for its interests.

"Much of the work now being done by women is of the most trying and debilitating kind; work calling for the utmost precision; work involving much physical exhaustion, and great nervous strain; work involving the handling of dangerous explosives and deadly chemicals. After a days work of this extreme tension, quiet and rest and comfort and recreation are an absolute necessity if they are to keep up and continue the work. These women working under these conditions, are heroes just as much as the man at the front, and they are exposed to dangers as great as those at the front. The Y. W. C. A. comes to these women with help and sympathy and renewal in every way that it can.

"At the front the nurses have a very trying and exhausting life of it, such as no one can understand who has not been there. Eighteen hours a day of service, the most physically exhausting and nervously trying that a woman can endure—and only the best of them can endure it. And when for a few hours or a few days she can get off duty she wants to get away from the grind and the horror of it all—to a little taste of another life. For these nurses the Y. W. C. A. has installed nurses clubs, with comfortable equipment and means of recreation and renewal. One such in Paris has a building eleven stories high with accommodation for 5000 guests.

"One of the things most needed and most appreciated in France is a good bath, and no single, simple ministrations has done more for the renewal of courage and morale than the provision made by the Y. W. C. A. for a good, hot bath."

CIVILIAN RELIEF

Anyone in or around about Lihue District wishing help from the Civilian Relief will find someone connected with this department at the Red Cross rooms on Monday and Friday afternoons from two until four.

CIVILIAN RELIEF OFFICIALS

The officers of the Civilian Relief are: C. H. Wilcox, chairman, Mrs. C. H. Wilcox, Executive Secretary; K. C. Hopper, Dr. E. N. Young, J. M. Lydgate, C. B. Hofgaard, A. G. Kaulukou and L. A. Dickey constitute the consultation committee. District visiting committee chairmen: for Hanalei and Haena, Mrs. S. B. Deverell; Kilauea, Mrs. Chamberlain; Kealia, and Kapaa, Mrs. E. Kopke; Kapaa Homesteads, Mrs. R. D. Israel; Hanamaulu and Lihue, Mrs. Ralph Wilcox; Koloa, Mrs. Jacobs; Eleele, Mrs. Alex win, Waimea to Kekaha, Mr. C. B. Hofgaard.

GASOLINE FOR SALE

6 A. M. to 6 P. M. Only

Beginning Immediately

The Pacific Coast Director of the Oil Division of the Fuel Administration has requested that the sale of Gasoline and engine distillate be limited to the hours between 6 A. M. and 6 P. M.

The Standard Oil Company is glad to comply with this request and beginning at once all of our stations and delivery facilities will serve the public between these hours only.

This request is made for the purpose of conserving man-power, and we know that our patrons will patriotically cooperate with the Fuel Administration in carrying out this important War Measure.

Financial Reports Nos. 222, 222a, 222aa, and 222b for the month of September last were referred to Mr. Brandt for advice.

Mr. Brandt, committee, reported on the financial statement of the Samuel Mahelona Memorial Hospital for the two quarters to June 30, 1918, as follows:

"Referring to financial statements of the Sam Mahelona Memorial Hospital for quarters ending March 31st and June 30th, 1918, your committee finds that the Hospital has a balance on hand of \$588.53 per August 25, 1918.

The Treasurer's statement does not include the \$416.66 received each month from the Board of Health and explains that the amount is paid out for salaries on vouchers OKed by the Chairman of the Board.

Your committee is of the opinion that all receipts and all expenditures should appear on the statements in order to fully show the receipts from all sources as well as the cost of running the Hospital.

Lihue, Kauai, T. BRANDT, Oct. 2, 1918. Committee.

Upon the motion of Mr. Menefoglio the report was accepted, and the clerk was instructed to send a copy of this report to the Treasurer of the

Hospital.

The report (P1583) of the Poundmaster of Lihue for the quarter ending with September 30th, 1918, was referred to Mr. Menefoglio for recommendation.

Requisitions (P1584) for supplies and for much needed repairs from the public schools at Kapaa, the Kauai High, Lihue, Kilauea, and Hanalei, were referred to Mr. Moragne with full power to act on them.

Reports (P1590) on school buildings for the month of September last were received from Anahola, Eleele, Hanamaulu, Huleia, Kapaa, Kalaheo, Kauai High, Kekaha, Kilauea, Koolau, Lihue, Makaweli, Mana, Waimea, and Waimea, and were placed on file.

A communication dated Sept. 30, 1918, (attached to P1332) from J. von Ekekelia reminding the Board of the deal regarding County's right of way over his private land at Anahola was received and the County Road Engineer was asked to furnish the County Attorney with a description of the land taken for road purposes at the place named so the latter may properly prepare a quit-claim deed for the conveyance of the land thus taken.

A request (P1585) from the Mc Bryde Sugar Co., Ltd., for permission to dig up the pipe line in Wahiwa gulch in order to clean the pipe and set it down lower was received and was granted, the work however to be done to the satisfaction of the County Road Engineer.

Communications between the Standard Oil Company and the County Road Engineer regarding shipments of "Asphaltum" at Hanalei and Port Allen were placed on file.

A notice (P1587) from the Aetna Accident and Liability Co., of the revocation of the power of attorney granted M. F. Chung, who is no longer a resident of this Territory, with a request for the return of this power of attorney for cancellation was received and the return of the power of attorney, as requested, was permitted, and the clerk was instructed to do so.

Communications between the chairman and Mr. Kinney of the Territorial Board of Instruction in regard to county's acquiring a piece of land in Lihue for the use of the Lihue School were placed on file.

The report (1589) of the County Road Engineer for September last was received and ordered placed on file. This report is as follows:

"Waimea District put a part of the Roads and Bridges allowance in work on the new Mana grade and that grade is now connected on the Mana end, with the old road at Pahon's place. There remains to be done five or six culverts when this new grade will be all ready for macadam.

In Koloa District the monthly allowance was not expended on repairs of main road at Koloa as I directed, instead, it seems to have been expended on macadamizing a homestead across Kalaheo Valley just makai of Kalaheo School. About \$700.00 was expended on the Lawai Valley road contract up to the time the work was shut down.

In Lihue District oiling and asphaltting was done on the new stretch of resurfaced road between Hanamaulu and Waimea bridge 3 miles.

In Kawaihau cantonier work was done for the \$1000.00 Roads and Bridges allowance and there is not much to show for the money.

Hanalei District put on considerable asphalt during the latter half of the month and it is to be hoped that the asphalted road will soon include both of the Kaliahi grades.

Schools: Since my last report school desks were supplied to all schools in need of them. The four room school house at Huleia is to be completed today except blackboards. Work on the cottage has been started.

An additional bath tub and toilet was put in one of the cottages at Lihue school. New cesspools were dug and closets enlarged at Hanamaulu school, they were built on plantation land adjoining the school lot.

The cook house at Kapaa school is now under construction likewise the additional school room at Hanalei.

Repair work at Koloa school is now going on. The old cottage at Koloa is no good, there are now seven teachers from the mainland living in it and they cannot help being dissatisfied. It is being patched and screened as requested by the teachers so they may be a little more comfortable.

Better progress was made at Waimea Bridge on the foundation work. Both of the caissons at the central pier are down, piles and concrete in the mauka one and the makai one will probably be finished this week. The forms for the ribs of the first arch were erected. All work except foundations was suspended on the 24th and expenses now running at the rate of about \$1000.00 a month as directed by the Board.

All work on Government Contracts at Kapaa Homestead Roads was suspended as directed by the chairman.

Mr. Menefoglio moved for the appropriation of the sum of \$14,148.22

Home Grown Potash

The comparative scarcity and consequent high price of commercial potash consequent on the cutting off of the German source of supply have stimulated the production of a home grown article made by the burning of waste molasses. For every ton of manufactured sugar there is a residue product of waste molasses of from 35 to 40 gallons. This has been looked on as worse than useless and has been largely run into the sea to get rid of it.

But now the more intelligent and progressive plantations burn this waste product and secure therefrom 13 or 14 pounds of ash, which will analyze on the average from 35 percent to 40 percent of pure potash. It will be readily seen that on a crop such as many of our plantations turn out, say of 15,000, 20,000 or 25,000 tons there will be a very large output of molasses and a proportionally large output of molasses ash. As potash is one of the cardinal requirements of the soil and one of the cardinal ingredients of commercial fertilizers this source of supply becomes very important; and since potash these days is rated provisionally at \$300 a ton it also becomes very valuable.

In the simplest form the furnace in which this molasses is burned is just a brick chamber, into which the molasses is injected under pressure in the form of a coarse spray upon a bed of flame, which has been kindled in the first instance by a wood fire. To the uninitiated it may seem a little strange that molasses should burn in that way, but it does so, fiercely and with great heat.

Most plantations avail themselves of this for mill power purposes, and thus kill two birds with one stone, as it were. They put in a boiler over the burning molasses, which generates steam to drive the mill shops, centrifugals or other machinery, or they simply turn the steam into the main mill supply. And in the introduction of this boiler for this secondary purpose, they secure a very fine, high grade, additional potash deposit, which collects at the far end of the boiler.

Several of the plantations on Kauai have been using this process for some time, notably Kealia, McBryde, Kekaha and Makaweli. Grove Farm has just installed a plant, and Lihue, Hanamaulu and Kilauea will do so this coming season.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of the Garden Island, published weekly at Lihue, Hawaii for October 1st, 1918.

Territory of Hawaii, County of Kauai, ss.

Before me, a Notary Public in and for the Territory aforesaid, personally appeared K. C. Hopper, who, having been duly sworn according to law, deposes and says that he is the business manager of the Garden Island and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse side of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, The Garden Island Publishing Co., Ltd., Lihue, Hawaii. Editor, E. C. Roberts, Lihue, Hawaii. Managing Editor, K. C. Hopper, Lihue, Hawaii.

Business Manager, K. C. Hopper, Lihue, Hawaii.

2. That the owners are: E. A. Knudsen, Kekaha, Hawaii; S. W. Wilcox, Lihue, Hawaii; A. F. Knudsen, Kekaha, Hawaii; Aubrey Robinson, Makaweli, Hawaii; T. Brandt, Waimea, Hawaii; W. H. Rice, Lihue, Hawaii; K. C. Hopper, Lihue, Hawaii; Anna C. Wilcox, Lihue, Hawaii; Francis Gay, Makaweli, Hawaii; A. S. Wilcox, Lihue, Hawaii; H. P. Faye, Kekaha, Hawaii; Est. Hans Isenberg, Lihue, Hawaii; R. P. Spalding, Kekaha, Hawaii; Anthe S. Knudsen, Kekaha, Hawaii; Mabel I. Wilcox, Lihue, Hawaii; Elsie H. Wilcox, Lihue, Hawaii; C. A. Rice, Lihue, Hawaii; G. N. Wilcox, Lihue, Hawaii.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

K. C. HOPPER, Business Manager.

Sworn to and subscribed before me this 14th day of Oct. 1918.

A. G. KAULUKOU, Notary Public.

(My commission expires June 30th, 1919)

M. Nakata, chauffeur, formerly of Lihue, is now with the Irons Auto Stand, on Beretania St., near Nuuanu. He has a seven-passenger Pierce-Arrow car, and respectfully solicits the patronage of the Kauai people while in Honolulu. Telephones 196-5959.—Adv't.

By the President of the United States of America

A PROCLAMATION

Setting October 26, 1918, as date of Registration in the Territory of Hawaii of men 18 to 45 years old under Man Power Law.

1. The President has today issued a Proclamation fixing the time for Registration in Hawaii. After reciting Sections 5 and 6 of the Act of Congress approved May 18, 1917, as amended, the Proclamation reads as follows:

2. And whereas, on the Thirty First day of August, One Thousand Nine Hundred and Eighteen, the President of the United States did issue a Proclamation calling upon all persons subject to registration in the several states and in the District of Columbia to register as provided by the aforesaid Act of Congress.

3. And whereas in such Proclamation it was provided among other things that on day or days for registration in the Territories of Alaska, Hawaii and Porto Rico will be named in a later Proclamation.

4. Now, therefore, I, WOODROW WILSON, President of the United States, for the purpose of fixing the date for registration in the Territory of Hawaii, do hereby set, fix and establish Saturday, the Twenty Sixth day of October, One Thousand Nine Hundred and Eighteen, as the day of registration and I do hereby direct that on such day or days for registration in the Territory of Hawaii, all male persons herein made subject to registration for military purposes at such places and to be registered by such persons or officials in such area as shall be designated or appointed by the Governor of the Territory of Hawaii.

5. And I do call upon the Governor of Hawaii and all Members of Local Boards in Hawaii, and agents thereof appointed under the provisions of said Act of Congress approved May Eighteen, Nineteen Seventeen, and all officers and Agents of the Territory of Hawaii, and of the municipalities therein, to perform certain duties in the execution of the foregoing law, which duties were communicated to them directly in Regulations dated August Thirty First, Nineteen Eighteen.

6. All male persons in Hawaii who shall have attained their eighteenth birthday and who shall not have attained their forty sixth birthday on, or before Saturday, the Twenty Sixth day of October, One Thousand, Nine Hundred and Eighteen, the day therein named for Registration, are required to register; Provided however, that the following persons are hereby exempted from registration: to wit: Persons, who, prior to the day herein named for registration, have registered under the terms of the Act approved May Eighteen, Nineteen Seventeen, or under the terms of the Public Resolution of Congress approved May Twenty, Nineteen Eighteen whether called for service or not; officers and enlisted men of the regular Army; officers commissioned in the Army of the United States, and men of the Forces drafted under the provisions of the Act approved May Eighteen, Nineteen Seventeen; officers and enlisted men of the National Guard while in the service of the United States; officers of the Reserve Corps and enlisted men in the Enlisted Reserve Corps while in the service of the United States; officers and enlisted men of the Navy and Marine Corps Reserve; officers and enlisted men of the Naval Reserve and Marine Corps Reserve while in the service of the United States; and diplomatic representatives, technical Attaches of Foreign Embassies and Legations, Consuls General, Consuls, vice Consuls, and Consular Agents of foreign countries, residing in the United States, who are not citizens of the United States.

7. Any person who, on account of sickness, will be unable to present himself for registration may apply on or before the day of registration at a place designated therefore by the Governor of Hawaii for instruction as to how he may register by agent.

8. Any person who expects to be absent on the day herein named for registration from the registration area in which he then permanently resides may register by mail, but his registration card must reach the persons or officials appointed to conduct the registration in such area on or before the day herein named for registration. Any such person should apply as soon as practicable at a place or of a person or an official designated or appointed by the Governor of Hawaii for instructions as to how he may register by mail.

9. Any person who has no permanent residence must register at the place designated for the registration of persons residing in the area where he may be on the day herein named for registration.

10. Any persons, ordinarily resident in Hawaii, who on account of absence at sea, or on account of absence without the Territory of Hawaii, may be unable to comply with the Regulations pertaining to absentees, shall, within five days after reaching Hawaii or other parts of the United States, register at the proper place designated for registration, or by mail, as provided for other absentees.

11. In Witness whereof, I have hereto set my hand and caused the seal of the United States to be affixed.

12. Done in the District of Columbia this Seventh day of October, in the Year of our Lord, One Thousand Nine Hundred and Eighteen, and of the Independence of the United States of America the One Hundred and Forty third.

13. Signed: WOODROW WILSON
14. By President
15. Signed: ROBERT LANSING
16. Secretary of State.

"Either the civilian must go short of many things to which he is accustomed in times of peace, or our armies must go short of munitions and other things indispensable to them."—Lord Kitchener.

Soldiers Saved Three Million Dollars

Three million dollars saved by American soldiers in the war zone of France, has been transmitted free of charge to relatives, friends or creditors in America within the last six months. Almost half of the \$3,000,000 was sent in July and the first week in August when the ever-increasing force of Yankee soldiers began to understand fully that the transmitting of their money from the extreme front to their homes free of all charges was the latest friendly service offered by the Y. M. C. A. National War Work Council.

From a little experimental trickle of remittances totaling \$97,000 in March, when service was inaugurated by the Y.M.C.A., the amounts increased gradually until the monthly total sent home through this agency had reached the three-quarters of a million mark in July and in one list, received on August 21, the Y.M.C.A. National War Work Council was deluged with 18,000 names of persons in this country to whom payments were directed.

The total number of remittances sent through the Y. M. C. A. from American soldiers in France to payees in this country up to the third week of August was 50,000 which represented \$3,000,000. To mail out checks on these 50,000 remittances from its New York headquarters to the payees in this country, the Y.M.C.A. spent \$150,000 on postage stamps alone.

ALL RED TAPE CUT
The system, which the Y.M.C.A. inaugurated as only one of its phases of service to the soldier, is simplicity itself. A soldier in the war zone wishing to send money to some one in America, hands the cash to a Y. M. C. A. secretary with the address and leaves the rest to the Red Triangle. The Paris office is notified and it mails to the New York office an order to mail a check to the payee. This is done as promptly as the check can be made out, signed and forwarded. The "Y" does not charge a cent for the service, stationery, postage or anything. It is all friendly service, as though the soldier had handed the amount to a friend who had a checking account and had asked him to mail a check to the payee.

at the war have ranged from thirty cents, which a soldier sent for a government publication, to \$3,500. The "Y" officials did not try to pry into the big remittance, assuming the man must have been extremely thrifty.

Men appeared to have developed conscience about leaving unpaid bills here. Although the bulk of the remittances are sent with no comment, a few are accompanied by explanations, one man writing that his remittance was to pay his tailor, while another sent his insurance premium. One soldier sent seventy-five cents for a box of candy for his girl.

ORGANIZES BUREAU
W. D. Bishop, who laid aside his duties as president of the Bishop Insurance Company, of Grand Rapids, Michigan, to act as Deputy Treasurer of the Y.M.C.A. National War Work Council for the period of the war, had to organize a special bureau to handle the disbursing of remittances sent from abroad.

After weeks of normal operation, during which this bureau was able easily to keep pace with the work, the remittances increased in number practically overnight to such huge proportions that Mr. Bishop recommended to Cleveland H. Dodge, treasurer of the War Work Council, that the force of typists for making out these checks alone be increased to one hundred. With this force completed and working on schedule, the bureau will soon be able to make out and forward 25,000 checks a day.

To sign this great pile of checks the Y. M. C. A. bureau has a check signing machine on which the operator can sign ten checks simultaneously and which has a capacity of 4,000 checks an hour.

TAKES EIGHT WEEKS
"To persons in this country who have been notified by soldiers to expect remittances and who have not received checks, I would recommend a few days' patience," said Mr. Bishop. "The orders to forward checks to addresses in this country have to be sent to us from Paris by mail. The government will not permit the lists of payees to be sent by carrier which would lessen the time. Eight weeks normally elapse between the time the soldier hands over the money and the time when the payee receives the check. There may be delays, but one thing is sure, the money will be delivered. As soon as a list of

remittances is received here, the total represented is deposited in a trust company for the sole purpose of paying the checks drawn for that account and the money is not drawn against for any other purpose.

"There has been congestion of the mails as was shown when we received 18,000 remittances from France on one day. We are expanding the force as rapidly as possible to handle the big influx of orders, especially as we just have been notified that the friendly service of transmitting money has been extended to our forces in Great Britain. We will have everything running smoothly, with checks forwarded promptly."

To meet the sudden increase the Y. M. C. A. has put a night shift of typists on the work of making out checks.

The Profitable Cow

The scrub cow, the "no-purpose" cow, is a tax on time and labor, a tax on the resources of the nation. There are many such cows in Hawaii. Get rid of the scrub. The good dairy cow is a real producer. She produces human food with greater economy than any other class of live stock—hogs, sheep or poultry.

The cheapest and most efficient means of improvement must come through breeding, selection, feed and care.

Many people feed the same ration of concentrate to each cow, regardless of her size and record of production. They should keep a daily record of the amount of milk given by each cow, have her milk tested from time to time, and then feed her balanced ration to maintain the production, or to increase it, if possible.

On the average place we are apt to find three classes of cows. We find cows which use their feed for production of milk; cows which use their feed for production of beef, and cows which produce neither beef or milk at a profit. All unprofitable cows must be culled from the herd if stock raising is to be a paying investment.

It is not always the cow that is to blame for poor production. It may be poor conditions or poor management. We cannot expect to treat a high grade cow the same as we would a scrub and at the same time get maximum production from them. Good stock requires more skillful care and management than what we are accustomed to render our scrubs, if we want the best results.

We've just received a new and complete stock of

The Big Seven Drive

The last echo of the Fourth Liberty Loan Bond drive has scarcely died away, when word comes from Washington of another effort to be made to back up the glorious boys who are sweeping forward day by day to Berlin for the freedom of the world and the triumph of universal democracy.

In a letter to Raymond B. Fosdick, chairman of the government commission on training camp activities, President Wilson urges that all American army welfare agencies recognized in Europe by the War Department shall combine in their next appeal for funds. The organizations referred to are the Young Men's Christian Association, the National Catholic War Council, which includes the Knights of Columbus; the Young Women's Christian Association, the Jewish Welfare Board, the War Camp Community Service, the American Library Association, and the Salvation Army.

In his letter, President Wilson states it has been evident from the first that the services rendered by these agencies, to be most effective, should be in the closest cooperation and he therefore expresses his desire that they unite in their appeal for funds for the coming year thereby avoiding a multiplicity of separate drives and in order to make the nation fully alive to the magnitude of the work they have been so well and faithfully doing. The President, however, is careful to point out that this does not mean the surrender by any of the organizations of its distinctive character of autonomy.

The budgets of these agencies for the coming year, totals to the enormous sum of \$170,500,000, which the American nation will be asked to contribute during the week of November 11th to 18th. The amount has been approved by the War Department through the commission on training camp activities, and will be apportioned in the following manner among the seven organizations: Young Men's Christian Association \$100,000,000; National Catholic War Council (including the work of the Knights of Columbus and special war activities for women) \$30,000,000; the Young Women's Christian Association \$15,000,000; the Jewish Welfare Board \$3,500,000; War Camp Community Service \$15,000,000; the American

A CARD OF THANKS

The Portuguese Republic Day Celebration Committee begs to tender its most cordial thanks to all those who helped to make the recent Republic Day Celebration so great a success, and is especially appreciative of the help of Mrs. W. H. Rice, Jr., and Mrs. Wm. Grote, Jr.

J. A. SOUZA, Sec. of the Committee.

HAWAII — AT CHAMBERS — IN FIFTH CIRCUIT, TERRITORY OF HAWAII—AT CHAMBERS IN—PROBATE.

In the Matter of the Estate of Lawrence J. Mudson, late of Kapaa, Kauai, Deceased.

Order of Notice of Hearing Petition for Administration.

ON READING and Filing the Petition of Mrs. Lahapa Mudson, widow of said Lawrence J. Mudson of Kapaa, Kauai, alleging that said Lawrence J. Mudson of Kapaa aforesaid, died in testate at said Kapaa, on the 7th day of October, A. D. 1918, leaving property in the Hawaiian Islands necessary to be administered upon, and praying that Letters of Administration issue to her, the said Mrs. Lahapa Mudson,

IT IS ORDERED that Monday, the 8th day of November A. D. 1918, at 9:30 A. M., be and hereby is appointed for hearing said Petition in the Court Room of this Court at Lihue, Kauai, at which time and place all persons concerned may appear and show cause if any they have, why said Petition should not be granted.

Dated at Lihue, Kauai, October 10th, 1918.

(SEAL) (Sgd.) LYLE A. DICKEY, Judge of the Circuit Court of the Fifth Circuit.

Attest: (Sgd.) D. Wm. DEAN, Clerk of the Circuit Court of the Fifth Circuit, Oct. 15, 22, 29, Nov. 5, 1918.

NOTICE

Anyone found shooting on any of the Lihue Plantation lands will be prosecuted to the fullest extent of the law.

R. D. MOLER, Manager, PAUL R. ISENBERG, Lessee, Lihue, July 16, 1918. Advertisement

Library Association \$3,500,000 and the Salvation Army \$3,500,000, making the total sum of \$170,500,000.

President Desires United Appeal.

"It was evident from the first" said the President in his letter, "and has become increasingly evident, that the services rendered by these agencies to our army and to our allies are essentially one and all of a kind, and must, of necessity, if well rendered, be rendered in the closest cooperation. It is my judgment, therefore, that we shall secure the best results in the matter of support of these agencies if these seven societies will unite in their forthcoming appeal for funds, in order that the spirit of the country in this matter may be expressed without distinction of race or religious opinion in support of what is in reality a common service."

"This point of view is sustained by the necessity which the war has forced upon us, of limiting our appeals for funds in such a way that two or three comprehensive campaigns shall take the place of a series of independent drives or calls upon the generosity of the country."

"I fully recognize the fact that each of these seven great organizations has its own traditions, principles and relationships which it properly prizes and which, if preserved and strengthened, make possible the largest service. I would be obliged if you would convey to them from me a very warm expression of the Government's appreciation of the splendid service they have rendered in ministering to our troops at home and overseas in their leisure time."

What Hawaii is Asked to Raise

The Hawaiian quota of 2.5 percent amounts to, roughly \$215,000, and, with this in view a Territorial Campaign Committee with headquarters in Honolulu, has already been selected. Its personnel consists of the following members:

F. C. Atherton, Chairman; Mrs. W. F. Frear, Vice Chairman; James Wakefield, Vice Chairman (Oahu); J. T.

BRIDGEWATER IS IN FRANCE

Former editor of the Garden Island, E. B. Bridgewater, now in France as a member of the 4th Engineers has met with a serious accident in which he was knocked down by a truck and badly injured, both wrists being broken, two ribs broken and otherwise pretty badly knocked up. This happened Aug. 3, and when he wrote he was in Base Hospital No. 9, for general repairs.

He expected to return to service about Oct. 1st, at which time he was to be commissioned as an officer.

AN OVERSIGHT

Through an unfortunate oversight, for which we apologize, we omitted any mention of one of the most graceful and pleasing features of the Portuguese Republic Day Celebration, to wit: the representation of America by Miss Prioste, and of the Portuguese Republic by Mrs. M. B. Fernandez. Gracefully draped, each in the appropriate flag they made a very charming presentation.

***** Moir, Vice Chairman (Hawaii); Harold Rice, Vice Chairman (Maui); Frank Crawford, Vice Chairman (Kauai); L. Tenney Peck, Treasurer; Lloyd R. Killam, Executive Secretary, and the following representatives of the seven societies: John Waterhouse, Y. M. C. A.; Rev. Father Stephen, National Catholic War Council; Mrs. Arthur Alexander, Y. W. C. A.; A. Gartenberg, Jewish Welfare Board; Mrs. A. F. Griffiths, War Camp Community Service; Chas. H. Atherton, American Library Association; and Colonel Robert Dubbin, the Salvation Army.

The headquarters of the Territorial Campaign Committee and of the Oahu Executive Committee are at 79 S. uth King Street, in the premises recently occupied by the Union Grill, close to the intersection of Fort and King. The executive staff is already at work and meetings are being held daily to settle the details of the coming campaign.

CRISCO For Fryng-For Shortening For Cake Making Fryng Shortening Cake Making There is no smoke nor odor. Fried foods are free from the taste of grease. They now are tasty and crisp. They are made more digestible, for Crisco is all vegetable. The same Crisco can be used to fry fish, onions, doughnuts, etc., merely by straining out the food particles after each trying. Crisco gives pastry a new flakiness and digestibility. Crisco always is of the same freshness and consistency. It's uniform quality makes for uniform results. Crisco gives richness at smaller cost. It brings cake-making back to popularity. Butter bills are reduced and cakes stay fresh and moist longer.
