DOLE'S MISTAKE.

The Report of the Grand Jury Gives the Lie to the Governor.

The 13th and 14th of May were given to the consideration of bills presented to the Grand Jury by the Attorney General's Department, and on the 15th the accusations of bribery and corruption of the members of the Territorial Legislature were taken up and examined. It has been under continuous consideration to the present time. Every person who, it was thought, would throw any light upon the subject has been before the Grand Jury, and carefully interrogated. Over one hundred witnesses have been examined, and the testimony of many of them has been very contradictory and unsatisfactory. Every rumor was accepted and traced without result as to the charges of bribery and corruption.

Among the witnesses examined were the Governor of the Territory, the Attorney General, the Secretary, the Superintendent of Public Works, the Treasurer, the Acting Governor, the Superintendent of Public Instruction, and the Commissioner of Public Lands, all of whom were executive officers of the Territory on the 30th day of April, and had attended the Governor as counsellors when requested.

The Governor testified that the information he had received was from second or third hands; that at the time his reply was given to the Senate, in which he stated that he had information from a source which he could not ignore that bribery of members was going on in the Legislature, he had no legal evidence of bribery or corruption of members of the Legislature.

The Attorney General said that he declined to present the evidence in his possession; that he had no evidence in his possession that would convict any member of the Legislature of bribery or corruption; that to divulge at that time any of the evidence he had would close the chief sources of information and defeat the ends of justice. I am not aware that anything has been done to bring charges of bribery and corruption home to members of the Legislature.

The Secretary said that he had no evidence of bribery; that he had information of contributions to a corruption fund; that the fund was not raised to defeat a bill, but that the fund was raised to get a bill through the Legislature; that he believed sufficient evidence could be obtained to warrant the Attorney General in presenting a bill to the Grand Jury; that he declined to give any information to the Grand Jury as a matter of privilege.

The Superintendent of Public Works said that he had nothing but hearsay on charges of bribery or corruption; that he had confidential relations with the heads of the other departments of the government on matters that he was not at liberty to divulge, and refused to do so.

The Treasurer said that he had read in the newspapers that there had been bribery and corruption of the members of the Legislature; that he attended the Governor's Council, but could not call to mind any discussion about such bribery and corruption.

The High Sheriff also appeared before the Grand Jury and said that he had heard the matter of bribery and corruption discussed in a general way only; that on the 13th or 14th day of May he was instructed by the Attorney General to secure any evidence he could as to these practices, but prior to that he had no instructions to secure such evidence; that at the time he was before the Grand Jury he had no evidence of bribery or corruption of the members of the Legislature; the Attorney General had not given him any evidence, nor had he laid out any lines for him (High Sheriff) to act upon; that he had made no investigation, but was revolving in his mind how to get at the evidence.

As it had been published in the newspapers that Mr. Jacob Coerper, upon approaching three members of the House for their support of his bill for a franchise for a railway from Kona to Kau, was asked by the members "What there was in the bill for them," the Grand Jury had obtained the names of the three members, but each and all of them denied having asked Mr. Coerper such a question.

Mr. Coerper having also stated that he had paid an officer of the House, not a member, to secure his assistance for the bill, Mr. Coerper was asked for the name and, for what seemed good reasons, refused to divulge the name of the officer. The reasons given were "That the testimony might be incriminating—might and might not be."

Effort was made through other sources to secure the name of the officer, but without success. Every bill introduced into the Legislature asking for a franchise was investigated, where any corporation, society, or association has an interest, but the jury failed to find any evidence of a corruption fund.

TESTIMONY WAS GIVEN THAT WARRANTS THE BELIEF THAT PERSONS, NOT MEMBERS, HAD ASKED FOR A COMMISSION FOR FURNISHING PRINTING TO THE PRINTING OFFICES, AND FOR DISCOUNTS WHEN THEY PAID BILLS.

THE DISPENSARY BILL.

The testimony as to assessments levied to defeat this bill, the witnesses admitted that money was raised by subscription from some of the wholesale and some of the retail liquor dealers; that the money subscribed to retain counsel and obtain legal opinions upon the constitutionality of the bill, and as to the meaning and intent of a clause in section 55 of the Organic Act, also to obtain legal opinions from San Francisco on the constitutionality

of the bill and Organic Act, and to secure information of the South Carolina dispensary bill.

The \$65,000 fund referred to by Dr. Russel was traced to its original source and found to have no foundation.

FREE LUNCHEES.

Upon this subject the testimony was that members of the Home Rule party took lunches at Nolte's and at another eating house on Alakea street; that the lunches were paid for by Representatives Prendergast and Mossman, out of a fund belonging to the Home Rule party; that the fund was raised before the session, to entertain country members; that subscribers were members of the Home Rule party, or its supporters. A member of the Legislature, a Home Ruler, said he subscribed to the fund and eat the lunch, he had subscribed for.

MILITARY OFFICERS' CLUB.

The testimony of the officers of this club was that in February last cards granting the privileges of the club were issued to members of the Legislature, to officers of the Legislature, and to members of the press. The members of the Legislature who were before the Grand Jury admitted having received cards, and the newspaper representatives also. Some of the members had used the cards; others had not. A member of the Legislature who was on the committee on military said that no card had been given to him until the special session was called to consider appropriations; that the desired appropriation for military purposes was about \$35,000. The privileges of the club were explained to be the use of the clubrooms, the right to purchase liquor by the bottle only from the club supplies, and the use of a locker to keep a bottle in, and the services of the servants of the club. That these privileges were openly abused was made clear by the testimony of several witnesses. As there were not lockers enough for all the persons enjoying the privileges of the club, a general locker was provided, in the charge of the Japanese servant, in which bottles with labels of owners' names upon them were kept. There was testimony that liquor was sold by the glass, one witness saying that he kept no bottle at the club, that he called for drinks for himself and friends, and always paid for them as a matter of course; that friends invited him to drink and paid for the drinks.

Witnesses testified that representatives of the press were not required to pay for liquor, drinks being free to them and to other persons.

TRANSPORTATION COMPANIES.

As members of the Legislature testified that they had received annual passes from Wilder's Steamship Company, the manager of that company was called, and testified that such passes had been issued to members of the Legislature; that it was customary to do so by transportation companies everywhere; that one member had asked for an explanation of the tender of the pass. The manager also stated that his company had two contracts with the government, which were provided for in the appropriation bill, for which \$460 a month was received by the company.

The vice president of another company was called, and stated that his company did not issue annual passes to anybody. The directors of the company only had passes; that passes good for a trip had been issued to members of the Legislature when asked for, but it was not customary; that but one pass had been issued this session of the Legislature; that his company had no contracts with the Territorial government.

A. W. PEARSON'S AFFIDAVIT.

This was taken under consideration, and Mr. Pearson testified to the correctness of the statements made by him in his interview with Messrs. F. J. Turk and O. Charles Lewis; that the charges made by him were the truth, and nothing but the truth. This affidavit was printed in the Advertiser of May 27, and a copy is attached hereto.

Messrs. Turk and Lewis being called and duly sworn, admitted that they were in Mr. Pearson's office as stated. Mr. Turk invited Mr. Lewis to accompany him there; that they discussed with Mr. Pearson the securing of the position of harbor policeman for Mr. Turk. Mr. Lewis said that he had done politics with Mr. Pearson some time ago. Both Mr. Turk and Mr. Lewis said that the statements in the affidavit were generally untrue.

The Deputy Attorney General was questioned relative to the affidavit, and stated that he did not know of any statute under which Lewis could be prosecuted, even if the statements contained in the affidavit could be proven; that the charges made by Mr. Pearson did not constitute an offense under any Territorial statute that he was aware of.

As to charges of bribery and corruption of members of the Legislature, the majority of the witnesses called testified that their information was based upon newspaper reports and street rumors.

(Signed): J. O. Carter, foreman Grand Jury; C. H. Cooke, John D. Holt Jr., S. C. Dwight, E. C. Macfarlane, G. E. Smithies, H. E. McIntyre, A. V. Gear, J. C. Cohen, C. H. Brown, John F. Colburn, O. Stillman, J. C. Quinn, William Allen, Edward B. Mikalini.

SUPPLEMENTARY REPORT.

The Grand Jury files this report as supplementary to the report filed on June the 4th last.

TUESDAY, JUNE 18, 1901.

THE GRAND JURY REPORT.

It is very significant that the official organ does not come out charging the Grand Jury with "white-washing" and shielding the alleged bribers of our virtuous legislators.

Perhaps the Thurston organ has learned the lesson that stones should not be thrown by those living in glass houses. Every charge against the legislators has fallen to the ground and a body of highly respected and reputable citizens composing the Grand Jury has virtually censured Governor Dole for his unwarranted charges against the Legislature for taking bribes, which he was absolutely unable to give an iota of proof.

The writer was called before the Grand Jury more than once and furnished that body of patriotic citizens with all the information in regard to bribing which can be gathered in newspaperdom. And yet it was impossible to trace a single instance where bribes were given or taken and the Grand Jury frankly admits that Governor Dole's charges against the Legislature were unfounded.

These honorable men who served on the Grand Jury were aware of the fact that our legislators cannot be bribed. And yet they made a most detailed and searching investigation into every charge which had reached them. They looked into the free lunch room business and they learned that country-members of the Legislature were the guests of members residing in Honolulu, just as people from our city are the guests of country people whenever visiting their districts.

They found that the Officers' Club was simply a meeting place for weary legislators and that ice water, etc., were obtainable there—sometimes with a stick in it. We notice that the Grand Jury claims that the press representatives got "free booze" at the club. We are envious at our contemporaries, because our representative was not included in the "dead-head" category.

The Attorney-General, in his virtuous indignation declined to present the evidence in regard to bribing which he claimed he didn't have, because such an action on his part would defeat the ends of justice. We heartily applaud Attorney-General Dole, because we fully believe that a man should never divulge anything he doesn't know.

Colonel Mazzina was treated with the contempt of silence and the

Insane Asylum received considerable mentioning in the report.

We print the full report of the Grand Jury in this issue, and we certainly extend to the members of the Jury a hearty congratulation for the energy, sagacity, and faithful work which resulted in proving that no bribery has been attempted in this Legislature and that the honorable gentlemen, slandered by Governor Dole and his organ can return to their homes without a stain on their noble characters, and a substantial check—on their base assailants' future defamatory charges.

The Grand Jury was composed of the best citizens in this community and even the Thurston organ takes off its hat to them. It may be a fact that some of them (we believe only 14) have affiliated with parties opposed to the government, but is that not a proof that they were honest when declaring, after a careful investigation, that no proof of bribery on the part of the government could be substantiated? It may be a fact that several members of the Jury were directly or indirectly interested in the liquor business, but did they not openly come out and prove that there was no foundation for the scurrilous attack (relating to a \$35,000) preferred by Senator Russell in regard to the defeat of the Dispensary Act? It is on record that the Dispensary Act was killed, but the shekels collected by the Grand Jurors—we mean the Liquor Association—were simply used, according to evidence, to pay lawyers' fees, in re constitutionality of the Dispensary Act, and back hire (?)

Shame on the men who have doubted the honesty and integrity of the members of the Territorial Legislature and have thrown out insinuations that the men elected to make laws for this country could be induced to accept bribes. A Grand Jury composed of men among whom we find several who have been members of former Legislatures realizes the futility of the unfounded charges, knowing no honorable legislator would ever take or offer a bribe.

We, who for many years have followed the doings of our legislators; who have seen only four members of the missionary party expelled for accepting bribes, felt sure that this Grand Jury could find no evidence to sustain the charges of bribery against the honorable and noble and patriotic gentlemen who today are the pride of the country as statesmen, law makers and—never more.

TOPICS OF THE DAY.

Holders of Waialua sugar stocks should keep their shares. The proposed \$500,000 bond loan is distinctly in favor of the small holders and it is safe to predict that the Waialua stocks will soon be quoted at a much higher figure than at present.

"Houliu Lshui"—"Increase the Nation" was the favorite motto of the Aliis. Prince David is the patron of the Kapiolani Maternity Home and to him we dedicate the following newspaper clipping:

"The 'Pester Lloyd' states that Mrs. Arangvel, the wife of a Greek priest of Deligrad, in Servia, was delivered of six babies, three boys and three girls. All are normal and healthy. Eighteen months ago the same lady gave birth to triplets—a total of nine children in eighteen months."

W. A. Smith, an employee of the Tramway Company, died on Sunday and was buried yesterday afternoon from K. of P. Hall. Deceased was born in Pennsylvania and had resided here for many years working as luna on different plantations. He leaves a widow and one daughter.

CORRESPONDENCE

News From the Settlement.

ED. THE INDEPENDENT:

Owing to the strike of the leper laborers for being made to work longer hours from 7 a. m. to 4 p. m., by the new incumbent of Acting Superintendent at the same rate of wages, the taro farming of the Board of Health is abruptly brought to a stand still and the newly planted growing taro will very soon be overgrown with weeds. It would be interesting if one of the business men of the new members of the Board of Health will sit down and figure out what a bundle of paid of 21 pounds net made from taro cultivated by the Board cost and let the result be made known, he will be doing a duty to the taxpayers.

It's about five weeks now since the resident physician of the Leper Settlement is away from his post of duty when fever and diarrhea is prevalent amongst the lepers. The medicine dispenser at Kalaupapa who receive the paltry sum of \$25.00 a month is faithfully doing the work of the doctor who receives \$250 a month for his services for doing nothing. The Legislature will do well to inquire into it, and combine the pay of the two physicians allowed for the island of Molokai for one physician to live on the other side of this island and make monthly visits to the Leper Settlement. How will that do for economy.

Reynolds had once a hobby. He believed that by tapping the earth at a certain point in Waianau Valley water will gush forth running down to the village of Kalaupapa, trees would be growing on the banks of this running stream and the lepers will come forth and sit by the side of this water under the shades of trees with their guitars and ukuleles doing the hu-aku. He so impressed this idea into the mind of a former President of the Board of Health that he was told to go ahead. After spending much time, labor and money on this well, the water he expected to gush forth did not materialize. There is no account of the cost of digging this well given in the report of the Board of Health to the Legislature. A committee of the House and Senate ought to inquire into it, for the taxpayers are anxious to know what it cost to dig that well.

On the 8th inst., at the Board of Health's store two lepers (an Englishman and a Hawaiian American) got a disputing after some Kalae butter which resulted in a fight. The Englishman in true Tom Sayer style let off his left which the Hawaiian American dodged and let go his right landing it on the long legged Englishman's abdomen which made him roar like a bull. The fight ended there without further damage to the combatants.

The Cops of the Settlement are making it rather unpleasant for the swipe makers and drinkers. They enter houses appropriating and destroying whatever utensils they come across supposed to have held the beverage that make the lepers lively, carrying away pitebers and in spite of the protest of the owners. Query:—In these raids what offense do the policemen commit?

Lepers who are constantly on the booze made things lively on the 11th. Who says Kalaupapa and Kalawao are not open towns? Hurrah, we bring the jubilee, ha! ha! ha! nui lealea.

The Boss of the Leper Settlement with 14 lepers arrived per steamer Lehua early this morning. After loading her human and other cargoes steamed away for her other ports of call.

The local official having notified the lepers to take their rations in taro this week, some of the lepers did go to Waikolu and received their taro and on cooking and preparing for poi, alas! to their sorrow found the taro to be laliloli and unfit for use and the old cry of pilikia is heard. X X X.

LOCAL AND GENERAL NEWS

To Let—A furnished room at No Garden Lane. Mrs. McConnell.

Governor Cleghorn yesterday celebrated the fiftieth anniversary of his arrival in Honolulu.

When desiring a hack, surrey buggy, etc., with careful drivers, ring up Telephone 113—Territory Stable Co., Ltd.

When you want a hack ring up 191. On that stand you will get a reliable and good driver, a fine hack and no overcharging.

Several horsemen had a scrap at the Club Stables and the Treasury was made richer through fines imposed on the combatants this morning in the Police Court.

Kentucky's famous Jesse Moore Whiskey, unequalled for its purity and excellence. On sale at any of the saloons and at Lovejoy & Co distributing agents for the Hawaiian Islands.

There will be a musical and dramatic entertainment on Saturday evening, at St. Louis College Hall. "The Bell in the Forest," a romantic operetta, will be rendered by the scholars of the college. Tickets are now on sale at the bookstores.

The following officers were elected yesterday to be officers of the Sons of the American Revolution: W. R. Castle, president; E. S. Dodge, vice president; W. J. Forbes, treasurer; W. O. Atwater, secretary; Prof. Alexander, registrar; A. F. Judd and W. C. Parke, members of the board of directors. None of the officers would like to "father" a revolution.

Death of a Millionaire.

SAN FRANCISCO, June 8.—Hugh Tevis is dead.

That news by cablegram from Yokohama yesterday caused widespread expressions of sorrow. They came not only from the many personal friends of Mr. Tevis, but from all who knew of his recent somewhat romantic wedding, and had wished every happiness to him and the Doric belle he made his bride. Less than two months ago Mr. Tevis and Miss Cornelia Baxter were married at the Palace Hotel. Mrs. Tevis will leave for San Francisco on the Doric.

The Doric is the same steamer on which as bride and groom Mr. and Mrs. Hugh Tevis left this port on their wedding tour on April 25th. They intended to remain in the Orient until sometime in July and were busying themselves in the acquisition of furnishings, odd, artistic and beautiful, for their new home in course of construction at Monterey, which was part of the groom's gift to his bride.

Residents of the old town of Monterey were shocked when the report reached them that Hugh Tevis was dead. The news was doubted at first, but later when the special train arrived from San Francisco bearing Dr. Henry Tevis the exact state of affairs was learned and all Montereyans felt bereaved.

The flags on the Court House, public schools and various places of business were at half mast. Mayor Johnson called a special session of the Common Council and resolutions of sympathy were drafted. The meeting was largely attended, for every one in Monterey loved the deceased millionaire.

The New Japanese Cabinet

YOKOHAMA, June 5.—The following ministry has been installed:

Premier, General Viscount Katsuma.

Minister of Home Affairs, Baron Usumi Tadakatsu.

Minister of Foreign Affairs (pro tem), Mr. Sone Arasuke.

Minister of Agriculture and Commerce, Mr. Hirata Tosuke.

Minister of Communications, Viscount Yoshikawa.

Minister of Justice, Mr. Kioura Keigo.

Minister of Education, Dr. Kikuchi.

Minister of War, Baron Kodama.

Minister of Navy, Admiral Yamamoto.

Encircling the Globe.

PARIS, June 8.—The true inwardness of the trip of Sam Hill of Minneapolis involves the biggest line of transportation the world ever has witnessed. Your correspondent can state upon the highest authority in Russia that Mr. Hill's tour is one of far-reaching interest. His special object is to examine the trans-Siberian road. After having ascertained if it affords good carrying accommodations, efforts will be made to run it in connection with J. J. Hill's Pacific steamers. The Russian authorities have been approached upon the matter and are favorably disposed.

Instructions were sent out to the Governor-General of Irkutsk to give Mr. Hill and his party a royal reception. As a result he has been received with honors second only to those which would be shown to the Czar himself. The Governor-General drove him around in his carriage of state, and the people, acting under instructions conveyed from headquarters, made a holiday in his honor.

Mr. Hill represents his father-in-law and J. Pierpont Morgan. The latter gave him special instructions when leaving Paris. If he should succeed in making a deal with the Russian Government for a connection with the trans-Siberian road, then Morgan and Hill's railroad trust, working with the Atlantic and Pacific line of steamers and their transcontinental railroad, will practically have encircled the globe.

The New Brewery.

Representatives of the press and other invited guests inspected the new brewery on Saturday afternoon and were shown over the magnificent establishment by the managing brew Mr. Waterman.

The beer which was sampled and voted excellent will not be placed in the market until July 1st when the first beer will be thoroughly matured. The beer will be brewed by the same and the management will also cater to the family trade.

A representative of one of the biggest and most famous St. Louis breweries, passing through the city a few weeks ago went through the Honolulu brewery using his eyes as an expert can do. When he left he exclaimed: "I suppose we could put your brewery in a corner in one of our warehouses, but I will be—bored"—if your plant isn't superior to anything we have got." That is the reason why the beer will be good.

At the Mint.

On March 16, there will be a meeting of the directors of the Mint, to discuss the question of coinage, and the size of the equivalent to be poured out for a quarter. The stockholders are requested to meet later on in the new beer garden, back of the Mint, and there express their views on dividends and reserve funds. The President hopes that there will be a full attendance.

KAPIOLANI TRACT FOR SALE.

The Kapiolani Tract extends from King street to the Beach. A road 60 feet wide will be opened on the east side of the property adjoining the Kamehameha Girls' School; said road will extend to the sea.

Cross-roads will be opened between blocks. Every lot will have a frontage on a road. The elevation varies from forty feet high to ten feet high above sea level.

No swamps around the premises. No freshet will enter the property.

There is an offer to buy a part of the property by a great manufacturing company. The chances are the offer may be accepted. There is every reason to believe that the prices of lots will increase in a short time. The owner of the property will give all chances to purchasers to make money on their investments.

The ground is superior to any tract in the market.

The premises are situated within one mile and a half of the Post Office.

The Government water pipes are laid along the upper portion of the property.

The prices are the cheapest of any tract within two miles from the center of the city.

The terms which will be given to purchasers will be the best ever given by any real estate dealer or broker during the last twenty years in Honolulu.

For terms or more particulars, apply to

S. M. Kanakani,
Surveyor and Manager of Kapiolani Tract Co.
Or to

Heleluhe, at Washington Place, or to
F. J. Testa, this office.

(Continued from 1st page)

On the 5th of June was completed the examination of witnesses in the matter of charges of bribery and corruption of members of the Legislature, and no warrant was found for such charges.

The Grand Jury visited the insane asylum and have to recommend an increased accommodation for females, the ward now in use being inadequate. The closest accommodations for this ward should be improved.

We also earnestly recommend that the asylum or the rock-crushing plant near the asylum be removed from its present location, it being obviously wrong that inmates of the asylum should be subjected to the noise of the stone crushing and blasting, as well as danger from flying rocks.

The assistant superintendent called the attention of the Grand Jury to the appropriation for support of the insane, the appropriation being the same for the present inmates, numbering 133, as was formerly provided for 80.

The attention of the authorities is called to the lack of appliances for putting out fire in buildings on the premises, and recommend that a hydrant and hose carriage should be provided.

It is also recommended that automatic appliances be fitted for opening the doors of all wards not so fitted at the present time. In case of fire, as at present arranged, it would be difficult for guards to open twenty or more doors having three fastenings each, in time to save inmates.

On the prison was investigated, but nothing was found calling for adverse criticism.

The Attorney General's department has presented forty bills, twenty of which were returned as true bills, and twenty were ignored.

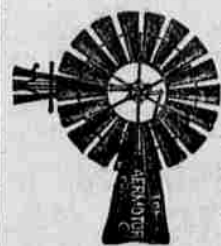

The Grand Jury presented but one bill to the attention of the Attorney General's department.

DOLE'S MISTAKE.

The Report of the Grand Jury Gives the Lie to the Governor.

The 13th and 14th of May were given to the consideration of bills presented to the Grand Jury by the Attorney General's Department, and on the 15th the accusations of bribery and corruption of the members of the Territorial Legislature were taken up and examined. It has been under continuous consideration to the present time. Every person who, it was thought, would throw any light upon the subject has been before the Grand Jury, and carefully interrogated. Over one hundred witnesses have been examined, and the testimony of many of them has been very contradictory and unsatisfactory. Every rumor was accepted and traced without result as to the charges of bribery and corruption.

Among the witnesses examined were the Governor of the Territory, the Attorney General, the Secretary, the Superintendent of Public Works, the Treasurer, the Acting Governor, the Superintendent of Public Instruction, and the Commissioner of Public Lands, all of whom were executive officers of the Territory on the 30th day of April, and had attended the Governor as councillors when requested.

The Governor testified that the information he had received was from second or third hands; that at the time his reply was given to the Senate, in which he stated that he had information from a source which he could not ignore that bribery of members was going on in the Legislature, he had no legal evidence of bribery or corruption of members of the Legislature.

The Attorney General said that he declined to present the evidence in his possession; that he had no evidence in his possession that would convict any member of the Legislature of bribery or corruption; that to divulge at that time any of the evidence he had would close the chief sources of information and defeat the ends of justice. I am not aware that anything has been done to bring charges of bribery and corruption home to members of the Legislature.

The Secretary said that he had no evidence of bribery; that he had information of contributions to a corruption fund; that the fund was not raised to defeat a bill, but that the fund was raised to get a bill through the Legislature; that he believed sufficient evidence could be obtained to warrant the Attorney General in presenting a bill to the Grand Jury; that he declined to give any information to the Grand Jury as a matter of privilege.

The Superintendent of Public Works said that he had nothing but hearsay on charges of bribery or corruption; that he had confidential relations with the heads of the other departments of the government on matters that he was not at liberty to divulge, and refused to do so.

The Treasurer said that he had read in the newspapers that there had been bribery and corruption of the members of the Legislature; that he attended the Governor's Council, but could not call to mind any discussion about such bribery and corruption.

The High Sheriff also appeared before the Grand Jury and said that he had heard the matter of bribery and corruption discussed in a general way only; that on the 17th or 18th day of May he was instructed by the Attorney General to secure any evidence he could as to these practices, but prior to that he had no instructions to secure such evidence; that at the time he was before the Grand Jury he had no evidence of bribery or corruption of the members of the Legislature; the Attorney General had not given him any evidence, nor had he laid out any lines for him (High Sheriff) to act upon; that he had made no investigation, but was revolving in his mind how to get at the evidence.

As it had been published in the newspapers that Mr. Jacob Coerper, upon approaching three members of the House for their support of his bill for a franchise for a railway from Kona to Kau, was asked by the members "What there was in the bill for them," the Grand Jury had obtained the names of the three members, but each and all of them denied having asked Mr. Coerper such a question.

Mr. Coerper having also stated that he had paid an officer of the House, not a member, to secure his assistance for the bill, Mr. Coerper was asked for the name and, for what seemed good reasons, refused to divulge the name of the officer. The reasons given were "That the testimony might be incriminating—might and might not be."

Effort was made through other sources to secure the name of the officer, but without success. Every bill introduced into the Legislature asking for a franchise was investigated, where any corporation, society, or association has an interest, but the jury failed to find any evidence of a corruption fund.

TESTIMONY WAS GIVEN THAT WARRANTS THE BELIEF THAT PERSONS, NOT MEMBERS, HAD ASKED FOR A COMMISSION FOR FURNISHING PRINTING TO THE PRINTING OFFICES, AND FOR DISCOUNTS WHEN THEY PAID BILLS.

THE DISPENSARY BILL.

The testimony as to assessments levied to defeat this bill, the witnesses admitted that money was raised by subscription from some of the wholesale and some of the retail liquor dealers; that the money subscribed to retain counsel and obtain legal opinions upon the constitutionality of the bill, and as to the meaning and intent of a clause in section 55 of the Organic Act, also to obtain legal opinions from San Francisco on the constitutionality

of the bill and Organic Act, and to secure information of the South Carolina dispensary bill.

The \$65,000 fund referred to by Dr. Russel was traced to its original source and found to have no foundation.

FREE LUNCHEONS.

Upon this subject the testimony was that members of the Home Rule party took lunches at Nolte's and at another eating house on Alakea street; that the lunches were paid for by Representatives Prendergast and Mossman, out of a fund belonging to the Home Rule party; that the fund was raised before the session, to entertain country members; that subscribers were members of the Home Rule party, or its supporters. A member of the Legislature, a Home Ruler, said he subscribed to the fund and eat the lunch, he had subscribed for.

MILITARY OFFICERS' CLUB.

The testimony of the officers of this club was that in February last cards granting the privileges of the club were issued to members of the Legislature, to officers of the Legislature, and to members of the press. The members of the Legislature who were before the Grand Jury admitted having received cards, and the newspaper representatives also. Some of the members had used the cards; others had not. A member of the Legislature who was on the committee on military said that no card had been given to him until the special session was called to consider appropriations; that the desired appropriation for military purposes was about \$35,000. The privileges of the club were explained to be the use of the clubrooms, the right to purchase liquor by the bottle only from the club supplies, and the use of a locker to keep a bottle in, and the services of the servants of the club. That these privileges were openly abused was made clear by the testimony of several witnesses. As there were not lockers enough for all, the persons enjoying the privileges of the club, a general locker was provided, in the charge of the Japanese servant, in which bottles with labels of owners' names upon them were kept. There was testimony that liquor was sold by the glass, the charge being twenty cents a glass, one witness saying that he kept no bottle at the club, that he called for drinks for himself and friends, and always paid for them as a matter of course; that friends invited him to drink and paid for the drinks.

Witnesses testified that representatives of the press were not required to pay for liquor, drinks being free to them and to other persons.

TRANSPORTATION COMPANIES.

As members of the Legislature testified that they had received annual passes from Wilder's Steamship Company, the manager of that company was called, and testified that such passes had been issued to members of the Legislature; that it was customary to do so by transportation companies everywhere; that one member had asked for an explanation of the tender of the pass. The manager also stated that his company had two contracts with the government, which were provided for in the appropriation bill, for which \$400 a month was received by the company.

The vice president of another company was called, and stated that his company did not issue annual passes to anybody. The directors of the company only had passes; that passes good for a trip had been issued to members of the Legislature when asked for, but it was not customary; that but one pass had been issued this session of the Legislature; that his company had no contracts with the Territorial government.

A. W. PEARSON'S AFFIDAVIT.

This was taken under consideration, and Mr. Pearson testified to the correctness of the statements made by him in his interview with Messrs. F. I. Turk and O. Charles Lewis; that the charges made by him were the truth, and nothing but the truth. This affidavit was printed in the Advertiser of May 27, and a copy is attached hereto.

Messrs. Turk and Lewis being called and duly sworn, admitted that they were in Mr. Pearson's office as stated, Mr. Turk invited Mr. Lewis to accompany him there; that they discussed with Mr. Pearson the securing of the position of harbor policeman for Mr. Turk. Mr. Lewis said that he had done politics with Mr. Pearson some time ago. Both Mr. Turk and Mr. Lewis said that the statements in the affidavit were generally untrue.

The Deputy Attorney General was questioned relative to the affidavit, and stated that he did not know of any statute under which Lewis could be prosecuted, even if the statements contained in the affidavit could be proven; that the charges made by Mr. Pearson did not constitute an offense under any Territorial statute that he was aware of.

As to charges of bribery and corruption of members of the Legislature, the majority of the witnesses called testified that their information was based upon newspaper reports and street rumors. (Signed): J. O. Carter, foreman Grand Jury; C. H. Cooke, John D. Holt Jr., S. C. Dwight, E. C. Macfarlane, G. E. Smithies, H. E. McIntyre, A. V. Gear, J. C. Cohen, C. H. Brown, John F. Colburn, O. Stillman, J. C. Quinn, William Allen, Edward B. Mikalemi.

SUPPLEMENTARY REPORT.

The Grand Jury files this report as supplementary to the report filed on June the 4th last.

THE GRAND JURY REPORT.

It is very significant that the official organ does not come out charging the Grand Jury with "white-washing" and shielding the alleged bribers of our virtuous legislators.

Perhaps the Thurston organ has learned the lesson that stones should not be thrown by those living in glass houses. Every charge against the legislators has fallen to the ground and a body of highly respected and reputed citizens composing the Grand Jury have virtually censured Governor Dole for his unwarranted charges against the Legislature for taking bribes, which he was absolutely unable to give an iota of proof.

The writer was called before the Grand Jury more than once and furnished that body of patriotic citizens with all the information in regard to bribing which can be gathered in newspaperdom. And yet it was impossible to trace a single instance where bribes were given or taken and the Grand Jury frankly admits that Governor Dole's charges against the Legislature were unfounded.

These honorable men who served on the Grand Jury were aware of the fact that our legislators cannot be bribed. And yet they made a most detailed and searching investigation into every charge which had reached them. They looked into the free lunch room business and they learned that country members of the Legislature were the guests of members residing in Honolulu, just as people from our city are the guests of country people whenever visiting their districts.

They found that the Officers' Club was simply a meeting place for weary legislators and that ice water, etc., were obtainable there—sometimes with a stick in it. We notice that the Grand Jury claims that the press representatives got "free booze" at the club. We are envious at our contemporaries, because our representative was not included in the "dead-head" category.

The Attorney-General, in his virtuous indignation declined to present the evidence in regard to bribing which he claimed he didn't have, because such an action on his part would defeat the ends of justice. We heartily applaud Attorney-General Dole, because we fully believe that a man should never divulge anything he doesn't know.

Colonel Mezuma was treated with the contempt of silence and the

Insane Asylum received considerable mentioning in the report.

We print the full report of the Grand Jury in this issue, and we certainly extend to the members of the Jury a hearty congratulation for the energy, sagacity, and faithful work which resulted in proving that no bribery has been attempted in this Legislature and that the honorable gentlemen, slandered by Governor Dole and his organ can return to their homes without a stain on their noble characters, and a substantial check—on their base assailants' future defamatory charges.

The Grand Jury was composed of the best citizens in this community and even the Thurston organ takes off its hat to them. It may be a fact that some of them (we believe only 14) have affiliated with parties opposed to the government; but is that not a proof that they were honest when declaring, after a careful investigation, that no proof of bribery on the part of the government could be substantiated? It may be a fact that several members of the Jury were directly or indirectly interested in the liquor business, but did they not openly come out and prove that there was no foundation for the scurrilous attack (relating to a \$35,000) preferred by Senator Russell in regard to the defeat of the Dispensary Act? It is on record that the Dispensary Act was killed, but the shekels collected by the Grand Jurors—we mean the Liquor Association—were simply used, according to evidence, to pay lawyers' fees, in re constitutionality of the Dispensary Act, and hack hire (?)

Shame on the men who have doubted the honesty and integrity of the members of the Territorial Legislature and have thrown out insinuations that the men elected to make laws for the country could be induced to accept bribes. A Grand Jury composed of men among whom we find several who have been members of former Legislatures rebuffed the insinuation of the unfounded charges, knowing no honorable legislator would ever take or offer a bribe.

We, who for many years have followed the doings of our legislators; who have seen only four members of the missionary party expelled for accepting bribes felt sure that this Grand Jury could find no evidence to sustain the charges of bribery against the honorable and noble and patriotic gentlemen who today are the pride of the country as statesmen, law makers and—never mind.

TOPICS OF THE DAY.

Holders of Wai'alua sugar stocks should keep their shares. The proposed \$500,000 bond loan is distinctly in favor of the small holders and it is safe to predict that the Wai'alua stocks will soon be quoted at a much higher figure than at present.

"Houlu Lahu"—"Increase the Nation." was the favorite motto of the Allies. Prince David is the patron of the Kapiolani Maternity Home and to him we dedicate the following newspaper clipping:

"The 'Pester Lloyd' states that Mrs. Arangvel, the wife of a Greek priest of Deligrad, in Servia, was delivered of six babies, three boys and three girls. All are normal and healthy. Eighteen months ago the same lady gave birth to triplets—a total of nine children in eighteen months."

W. A. Smith, an employee of the Tramway Company, died on Saturday and was buried yesterday afternoon from K. of P. Hall. Deceased was born in Pennsylvania and had resided here for many years working as luna on different plantations. He leaves a widow and one daughter.

CORRESPONDENCE

News From the Settlement.

ED. THE INDEPENDENT:

Owing to the strike of the leper laborers for being made to work longer hours from 7 a. m. to 4 p. m., by the new incumbent of Acting Superintendent at the same rate of wages, the taro farming of the Board of Health is abruptly brought to a stand still and the newly planted growing taro will very soon be overgrown with weeds. It would be interesting if one of the business men of the new members of the Board of Health will sit down and figure out what a bundle of palai of 21 pounds net made from taro cultivated by the Board cost and let the result be made known, he will be doing a duty to the taxpayers.

It's about five weeks now since the resident physician of the Leper Settlement is away from his post of duty when fever and diarrhea is prevalent amongst the lepers. The medicine dispenser at Kalaupapa who receives the paltry sum of \$25.00 a month is faithfully doing the work of the doctor who receives \$250 a month for his services for doing nothing. The Legislature will do well to inquire into it, and combine the pay of the two physicians allowed for the Island of Molokai for one physician to live on the other side of this Island and make monthly visits to the Leper Settlement. How will that do for economy.

Reynolds had once a hobby. He believed that by tapping the earth at a certain point in Waihanau Valley water will gush forth running down to the village of Kalaupapa, trees would be growing on the banks of this running stream and the lepers will come forth and sit by the side of this water under the shades of trees with their guitars and ukuleles dancing the hula. He so impressed this idea into the mind of a former President of the Board of Health that he was told to go ahead. After spending much time, labor and money on this well, the water he expected to gush forth did not materialize. There is no account of the cost of digging this well given in the report of the Board of Health to the Legislature. A committee of the House and Senate ought to inquire into it, for the taxpayers are anxious to know what it cost to dig that well.

On the 8th inst, at the Board of Health's store two lepers (an Englishman and a Hawaiian American) got a disputing after some Kalas butter which resulted in a fight. The Englishman in true Tom Sawyer style let off his left which the Hawaiian American dodged and let go his right landing it on the long legged Englishman's abdomen which made him roar like a bull. The fight ended there without further damage to the combatants.

The Cops of the Settlement are making it rather unpleasant for the swine makers and drinkers. They enter houses appropriating and destroying whatever utensils they come across supposed to have held the beverage that make the lepers lively, carrying away pitebers and in spite of the protest of the owners. Query:—In these raids what offense do the policemen commit?

Lepers who are constantly on the booze made things lively on the 11th. Who says Kalaupapa and Kalawao are not open towns? Hurrah, we bring the jubilee, ha! ha! ha! ni lealea.

The Boss of the Leper Settlement with 14 lepers arrived per steamer Lehua early this morning. After landing her human and other cargoes steamed away for her other ports of call.

The local official having notified the lepers to take their rations in taro this week, some of the lepers did go to Waikolu and received their taro and on cooking and preparing for poi, alas! to their sorrow found the taro to be loliloli and unfit for use and the old cry of pilikia is heard. X X X.

LOCAL AND GENERAL NEWS

To Let—A furnished room at No Garden Lane. Mrs. McConnell.

Governor Cleghorn yesterday celebrated the fiftieth anniversary of his arrival in Honolulu.

When desiring a hack, surrey buggy, etc., with careful drivers, ring up Telephone 113—Territory Stable Co., Ltd.

When you want a hack ring up 191. On that stand you will get a reliable and good driver, a fine hack and no overcharging.

Several horsemen had a scrap at the Club Stables and the Treasury was made richer through fines imposed on the combatants this morning in the Police Court.

Kentucky's famous Jesse Moore Whiskey, unequalled for its purity and excellence. On sale at any of the saloons and at Lovejoy & Co distributing agents for the Hawaiian Islands.

There will be a musical and dramatic entertainment on Saturday evening, at St. Louis College Hall. "The Bell in the Forest," a romantic operetta, will be rendered by the scholars of the college. Tickets are now on sale at the bookstores.

The following officers were elected yesterday to be officers of the Sons of the American Revolution: W. R. Castle, president; F. S. Dodge, vice president; W. J. Forbes, treasurer; W. O. Atwater, secretary; Prof. Alexander, registrar; A. F. Judd and W. C. Parke, members of the board of directors. None of the officers would like to "father" a revolution.

Death of a Millionaire.

SAN FRANCISCO, June 8.—Hugh Tevis is dead.

That news by cablegram from Yokohama yesterday caused widespread expressions of sorrow. They came not only from the many personal friends of Mr. Tevis, but from all who knew of his recent somewhat romantic wedding, and had wished every happiness to him and the Dorey bells he made his bride. Less than two months ago Mr. Tevis and Miss Cornelia Baxter were married at the Palace Hotel. Mrs. Tevis will leave for San Francisco on the Doric.

The Doric is the same steamer on which as bride and groom Mr. and Mrs. Hugh Tevis left this port on their wedding tour on April 25th. They intended to remain in the Orient until sometime in July and were busying themselves in the acquisition of furnishings, odd, artistic and beautiful, for their new home in course of construction at Monterey, which was part of the groom's gift to his bride.

Residents of the old town of Monterey were shocked when the report reached them that Hugh Tevis was dead. The news was doubted at first, but later when the special train arrived from San Francisco bearing Dr. Henry Tevis the exact state of affairs was learned and all Montereyans felt bereaved.

The flags on the Court House, public schools and various places of business were at half mast. Mayor Johnson called a special session of the Common Council and resolutions of sympathy were drafted. The meeting was largely attended, for every one in Monterey loved the deceased millionaire.

The New Japanese Cabinet

YOKOHAMA, June 5.—The following ministry has been installed:

- Premier, General Viscount Katsuma.
- Minister of Home Affairs, Baron Utsumi Tadokatsu.
- Minister of Foreign Affairs (pro tem), Mr. Sone Arasuke.
- Minister of Agriculture and Commerce, Mr. Hirata Tosuke.
- Minister of Communications, Viscount Yoshikawa.
- Minister of Justice, Mr. Kioura Keigo.
- Minister of Education, Dr. Kikuchi.
- Minister of War, Baron Kodama.
- Minister of Navy, Admiral Yamamoto.

Encircling the Globe.

PARIS, June 8.—The true inwardness of the trip of Sam Hill of Minneapolis involves the biggest line of transportation the world ever has witnessed. Your correspondent can state upon the highest authority in Russia that Mr. Hill's tour is one of far-reaching interest. His special object is to examine the trans-Siberian road. After having ascertained if it affords good carrying accommodations, efforts will be made to run it in connection with J. J. Hill's Pacific steamers. The Russian authorities have been approached upon the matter and are favorably disposed.

Instructions were sent out to the Governor-General of Irkutsk to give Mr Hill and his party a royal reception. As a result he has been received with honors second only to those which would be shown to the Czar himself. The Governor-General drove him around in his carriage of state, and the people, acting under instructions conveyed from headquarters, made a holiday in his honor.

Mr. Hill represents his father-in-law and J. Pierpont Morgan. The latter gave him special instructions when leaving Paris. If he should succeed in making a deal with the Russian Government for a connection with the trans-Siberian road, then Morgan and Hill's railroad trust, working with the Atlantic and Pacific line of steamers and their transcontinental railroad, will practically have encircled the globe.

The New Brewery.

Representatives of the press and other invited guests inspected the new brewery on Saturday afternoon and were shown over the magnificent establishment by the managing brew Mr. Waterman.

The beer which was sampled and voted excellent will not be placed in the market until July 1st when the first beer will be thoroughly matured. The beer will be brewed by the saloons and the management will also cater to the family trade.

A representative of one of the biggest and most famous St. Louis breweries, passing through the city a few weeks ago went through the Honolulu brewery using his eyes as an expert can do. When he left he exclaimed: "I suppose we could put your brewery in a corner in one of our warehouses, but I will be—beated"—if your plant isn't superior to anything we have got." That is the reason why the beer will be good.

At the Mint.

On March 16, there will be a meeting of the directors of the Mint, to discuss the question of coinage, and the size of the equivalent to be poured out for a quarter. The stockholders are requested to meet later on in the new beer garden, back of the Mint, and there express their views on dividends and reserve funds. The President hopes that there will be a full attendance.

KAPIOLANI TRACT FOR SALE.

The Kapiolani Tract extends from King street to the Beach. A road 60 feet wide will be opened on the east side of the property adjoining the Kamehameha Girls' School; said road will extend to the sea.

Cross-roads will be opened between blocks. Every lot will have a frontage on a road. The elevation varies from forty feet high to ten feet high above sea level.

No swamps around the premises. No freshet will enter the property.

There is an offer to buy a part of the property by a great manufacturing company. The chances are the offer may be accepted. There is every reason to believe that the prices of lots will increase in a short time. The owner of the property will give all chances to purchasers to make money on their investments.

The ground is superior to any tract in the market.

The premises are situated within one mile and a half of the Post Office.

The Government water pipes are laid along the upper portion of the property.

The prices are the cheapest of any tract within two miles from the center of the city.

The terms which will be given to purchasers will be the best ever given by any real estate dealer or broker during the last twenty years in Honolulu.

For terms or more particulars, apply to

in very good order.

For particulars, apply to Mrs. Helelube, at Washington Place, or to F. J. Testa, this office.

(Continued from 1st page)

On the 5th of June was completed the examination of witnesses in the matter of charges of bribery and corruption of members of the Legislature.

The Grand Jury visited the insane asylum and have to recommend an increased accommodation for females, the ward now in use being inadequate.

We also earnestly recommend that the asylum or the rock-crushing plant near the asylum be removed from its present location.

The assistant superintendent called the attention of the Grand Jury to the appropriation for support of the insane, the appropriation being the same for the present inmates, numbering 133, as was formerly provided for 80.

The attention of the authorities is called to the lack of appliances for putting out fire in buildings on the premises, and recommend that a hydrant and hose carriage should be provided.

It is also recommended that automatic appliances be fitted for opening the doors of all wards not so fitted at the present time.

On the 5th of June was completed the examination of witnesses in the matter of charges of bribery and corruption of members of the Legislature.

The Attorney General's department has presented forty bills, twenty of which were returned as true bills, and twenty were ignored.

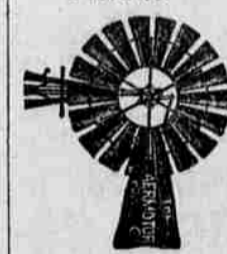

The Grand Jury presented but one bill to the attention of the Attorney General's department.

Honolulu, H. T., June 17, 1901. (Signed): J. O. Carter, foreman; John F. Colburn, O. Sullman, C. A. Cooke, E. C. Macfarlane, J. C. Quinn, S. C. Dwight, John D. Holt Jr., G. E. Smithies, C. H. Brown, J. C. Cohen, William Allen, A. V. Gear, Edward B. Mikalemi.
