Merchants Favor Continuance Of Promotion Work

The Merchants' Association at a meeting yesterday afternoon after a full discussion voted unanimously in favor of continuing the work of the Promotion Committee. Not only was the expression of opinion strongly in favor of a continuance of the promotion work, but nearly every member present believed that the Promotion Committee should be given more funds instead of having its finances curtailed. The report of E. A. McInerney and I. S. Dillingham Jr., as published in the Bulletin yesterday, was adopted without a dissenting vote. After the reading of the report by Mr. McInerney, Chairman Geo. W. Smith called on each member present for an expression of views.

J. A. Gilman said: "I can simply say that the report is exceedingly gratifying to me. It has gone fully into the details of our work. I wish to say that the outlook for results from the Promotion Committee work is exceedingly good. We have lately succeeded in interesting Frank Seaman in our work. Mr. Seaman is one of the best advertising men in the United States. We heard of him through Mr. Strong of Rochester. Mr. Seaman has taken great interest in Hawaii and over his office door on Broadway, New York, has printed the sign 'Hawaii Promotion Committee.' A Philadelphia company, which turned us down in the beginning wrote us by last mail that they had received so many requests for information concerning Hawaii that they wished to establish close relations with the Promotion Committee in order to be of the best service to their clients."

Mr. Gilman said the idea of inducing a number of great journalists to visit these islands occurred to the committee when it learned that Mr. Seaman and a number of editors were to visit the Coast in a special car. The local committee wrote Seaman asking him to continue his journey to Hawaii. This met with favor from Mr. Seaman but something turned up making it impossible for Seaman to come West. He was interested, however, in helping out Hawaii, and had written that the editors could be induced to make the trip. Mr. Gilman said the railroad lines, the steamship lines from San Francisco, the local steamers and rail roads, had all offered free transportation to these journalists. The Young Hotel through Manager Lake had offered suites free of charge, and that there would be no expense connected with the visit of the journalists other than incidentals connected with proper courtesies of entertainment." He said: "The Promotion Committee had no idea of blowing in a lot of money on these visitors."

Mr. Steiner thought the Promotion Committee a very good thing but believed it had spent too much money. He said the printed matter had been given recklessly to children.

W. W. Hall said: "Our first year of advertising throughout the world has been handicapped by the fact that this is World's Fair year and Presidential election year. A great many people had their plans made before hearing of Hawaii. He believed the work should be kept up and our efforts extended. The results would certainly come eventually. He commended the committee report and coincided with it on every point.

Lewis agreed with Mr. Hall. He would like to see the work carried on further. The results will come and when they come they will come strong. He wanted the Promotion Committee to continue and believed the results were near at hand.

J. G. Rothwell said he heartily approved the report. He thought the promotion work should be kept up for five years if necessary. He said this was like any other business, results could not be expected too soon. On the question of funds he said some people in Honolulu were giving neither financial support nor moral support to the movement. He believed no interest was of more importance than that of inducing tourist travel our way. He believed the merchants should continue to work for reduced passenger rates and was glad to note that the Promotion Committee had already scored partial success in this line.

W. W. Harris agreed with the committee report. "We can't get something for nothing," said he. "The work should be kept up. I believe the next Legislature will assist in the work as the last one did. If we accomplish anything, we must keep up the work."

Mr. Wakefield said: "It would be exceedingly foolish to let this work drop. The Committee has done faithful, intelligent and energetic work. He believed a committee should be appointed to work up ways and means for securing the money to keep the promotion enterprise going. No one should have expected any large volume of business from one year's effort."

Mr. Waldron said he would rather see the promotion fund enlarged than cut down. He believed the tonnage tax was being used to a most excellent purpose in this work, and felt that those who pay the tax would be glad to see it used in promotion work.

Mr. Luttid said promotion had been a good thing and that lots of good would come from its continuance. He believed results this year had been less than they would have been had there been no World's Fair. He gave

Wood, J. J. Little, F. W. Todd, A. A. Dias, F. W. Carver, F. J. Grant, S. H. Derby, J. Cullen, E. M. Boyd.

The Hilo Golf Club will soon have their course in order. The hole rims and flags for the course have arrived and will be forwarded to them at once.

The executive committee of the Maunaloa Club will meet early next week and appoint committees to look over available sites for the club. H. E. Cooper has kindly given his consent to the club using the present course until another has been secured and put into condition, so long as the golfers do not interfere with buildings or the sale of lots.

A great many prospective members have hesitated in making application for membership, fearing the club would not continue. However, the present members are enthusiastically taking up the matter of choosing a new site. After this is done the club will continue to prosper without interruption. There is not the slightest indication on the part of the club membership to allow interest in the game to lag on account of site problems.

G. J. Waller is an excellent man. He'll divide up the scattering vote that would otherwise go to Cecil Brown.

Haisuli is the most up-to-date band in existence. He gives notice of his plans doubtless to collect the ransom in advance.

Vote for men, not principle in the coming election in Hawaii and you will be the means of electing men without principle.
Don't be a knocker.

The Paradise of the Pacific is one of the finest journals of its kind published, a credit to the publisher and the Territory. But one suggestion: That Moanalu inu photograph has been worked to a finish in every illustration sent out from Hawaii for years. There have been other luau held, other photographs taken with the present-day, (old-fashioned, jolly features of all Hawaiians) but are far more characteristic of the luau of today to which tourists are invited. The Paradise has set the pace in many illustrating features, and will do the Territory a great favor by putting in the front an illustration of the modern luau. This old picture is indicative of set solemnity. Such may have been the style in the old days. If so, then times have changed. Tourists are attracted by joy.

SPLIT TICKET—PREJUDICE.

Mainland voters sometimes split their ticket to defeat corrupt party bosses.

Who, where and what are the bosses of the Republican party in Hawaii? Democrats claim Carter is it. Do the split-ticket promoters take this view? They may deny it, but their proposal does nothing if not aid the Democratic cry that will assist in the election of Home Rulers.

The boss in Republican politics of Hawaii does not exist. He is not even in sight. The split-ticket voter in this election cannot destroy bossism because there is none to destroy. He will do nothing but promote prejudice, which of all things should be eliminated from Hawaii's political activity. Home Rule is the only party that has been controlled by a boss and founded on prejudice. Home Ruleism is dying out among the Hawaiians. Are you doing your duty as an intelligent, patriotic American by reviving the old Home Rule prejudice? You will do it by voting a split ticket.

EDITORS AND PROMOTION.

Criticism has at least brought out the facts in one instance. Those editors for whom the Promotion Committee was criticized by the Chamber of Commerce Committee are not to be a source of any greater expense than individuals wish to spend in extending the usual courtesies which have given Hawaii a reputation for hospitality.

Possibly the Promotion Committee will claim the Chamber of Commerce Committee should have searched for facts before criticizing. If so, we are inclined to side with the Chamber of Commerce on this score. The Promotion Committee report should tell the whole story, not force explanations or investigation to learn what is really doing. The chief criticism we have to offer on the Promotion Committee is its close corporation methods. It cannot inspire enthusiasm by an intentional or unintentional attitude, when spending money of the public. "We are running this thing." Results count but when a long preliminary campaign is required to gain the results, the best asset is public enthusiasm and this is easily gained by keeping the public in touch with the details of "what's doing."

The editors-visit incident furnishes an example. The leading member of the Chamber of Commerce committee informed the Bulletin that all the editors of the country would be welcome to Hawaii; it was merely a question of expense. Now it turns out that there is no expense. A plain statement of

all the facts would have obviated this slight source of criticism. Such friction is most unfortunate because it is unnecessary. It is characteristic of Hawaii not to take things for granted. Our public requires as much attention as the tourists when such a project as the Promotion Committee has in hand is on foot.

As between the Chamber of Commerce and the Merchants Association, the Bulletin very much prefers the latter's views on Promotion Committee work. It would be to the everlasting discredit and financial loss of Hawaii's business men if the tourist promotion program is dropped or impeded by cutting off necessary funds. We have the greatest land on earth for tourists. There is no good financial, moral, social or political reason why this light should be hid under a bushel for want of a few dollars, which the people pay in the form of a tonnage tax, to make it shine.

If errors have been made, correct them. Don't quit.

BOYD GETS TEN YEARS

(Continued from Page 1.)
his pockets. Never for a moment did his eyes leave the face of the Judge. Boyd is under \$7,000 bond on appeal to the Supreme Court.

When Judge Humphreys was in Washington, United States Attorney General Knox asked his views as to the necessity for the appointment of an additional judge for the First Judicial Circuit of this Territory. This was in 1901 and the Territorial Legislature had recently passed an Act providing that there should be such an additional judge.

"As to the recent Act," said Judge Humphreys in a communication on the subject addressed to the Attorney General, "my opinion is that it is ineffective by reason of want of power in the Legislature to enact such legislation."

"Section 6 of the Organic Act provides that the legislative power of the Territory shall extend to all rightful subjects of legislation not inconsistent with the Constitution and laws of the United States locally applicable. It would seem that other portions of the same Act, not merely 'locally applicable' but expressly enacted to be of local application, are inconsistent with the power attempted."

"It seems to me where Congress has passed an Organic Act, which stands in the relation of a Constitution to the Territorial Government of Hawaii, that Government has no power to make provision for the establishment, organization or modification of the courts so established. Only the power which establishes has the right to modify. If the Territory of Hawaii can change the organization of the Circuit Court, as established by Congress in adopting the existing judicial machinery of the former Republic, by providing one additional judge, it has of course the right to provide a hundred additional judges."

"Inasmuch as Congress has acted in providing for the establishment of Circuit Courts on the basis of the courts then existing in the Islands (which basis gave two judges to the First Circuit) the Legislature would seem to be without power to add to the number of judges so provided by Congress."

There is no doubt about the Boyd case going to Washington, in the event of the case being lost in the local Su-

HEWITT AS CAMPAIGNER

preme Court. If the Circuit Court is upheld by the Territorial Supreme Court, habeas corpus proceedings will be instituted and the constitutional questions taken to Washington.

LOST BOY'S TRAVELS

Hilo, Oct. 13.—The little Galician boy who was lost in the woods at twenty-two miles, Oiaa, last week, was found by his father and uncle about a mile and a half from his home on Thursday. While climbing over a log the little fellow dropped his cane knife which struck his foot, cutting a deep gash. He could go no further owing to exhaustion due to exposure and loss of blood. He made a nest in the ferns and laid there until found by his father. He was carried to the station at Glenwood, where Mr. Jenkins and Mrs. Fuhr took charge of him. The latter was stopping at the station for a week recuperating her health, and was there when the boy was brought in. She immediately took charge of him and nursed him until Saturday, when she brought him to the Hilo Hospital, taking care of him until he was taken to his home by his father on Tuesday. He was in a weakened state but no doubt was felt as to his ultimate recovery.—Herald.

SPICY TALK BEFORE THE HILO RALLY CROWDS

WHY HE IS NO LONGER A DEMOCRAT—STORY OF MAN WITHOUT A COMPASS AT SEA.

Hilo, Oct. 13.—One of the largest political meetings held in Hilo was that held by the Republican speakers at the Fishmarket on Friday night.

Among the crowd was a generous sprinkling of members of the opposition and they seemed to take a great interest in the remarks of the speakers.

Mr. Hewitt told the crowd why he became a Republican after casting his vote for different Democratic candidates for President, the first of whom was George B. McClellan in 1864. Mr. Hewitt was a sympathizer with the Queen's cause in 1893 and has not changed his views materially since then. He spoke of the original annexationists as the leaders of the Democratic party on Hawaii and pointed particularly to W. A. Kinney as a Democrat seeking ballots for his party while in 1895 he was hunting down the Hawaiians as Judge Advocate General of the court martial that was organized for the purpose of utilizing a stock of bullets on the Hawaiians who were trying to get back their country.

Referring to Mr. Lanika the speaker said he reminded him of the captain who left port without his compass and when rescued at sea and asked how he managed to get along, answered, "I steered by the smoke."

"But when the smoke shifted what did you do?"

"I shifted too," answered the captain, "and when at last the smoke was going up and down the stack I was stuck and ready to go anywhere."

"And that is the way with Mr. Lanika," said Mr. Hewitt. "He was sailing along nicely in the Provisional Government sea when suddenly he found himself close to shore and a favorable wind carried him over to the Home Rule bay and after bobbing around there for a time the wind carried him up against the Republican side but it did not hold out long but commenced to go up and down the most and now he finds himself in the Democratic party with the old familiar cry 'Any port in a storm.' I do not want to be a Democrat so long as the men who were instrumental in stealing the country from the Hawaiians are at the head of that party in Hawaii."

Carl Smith made one of his best speeches, making some pointed remarks to Democratic speakers who had been giving some foolish advice to the Hawaiian voters. Anton Fernandez and James Lewis spoke well for the party and John Brown gave one of his best speeches calling upon the people to support the whole Republican ticket.

The party left on Monday for a tour of the district to Waipio.—Herald.

The second fire occurred on Thursday night. This time it was found in a room next to Lau See's rooms. Already on Friday morning a third fire started in the kitchen which belongs to Lau See's apartments.

The police have never had any doubt but that the Aala street fire was the work of firebugs and they are also certain that the fires in the Winston building are of an incendiary origin.

The police are at present at a loss to account of Lau See's connection with the fires. It is thought that either she is possessed of an incendiary mania and set fire to the places herself, or that someone is trying to burn her and her family out for the purpose of revenge.

PHELPS MOORED SAFELY

The big ship Erskine M. Phelps was this morning moved from the Pacific Mail wharf to the windward side of the Hackfeld wharf, where she was moored in the extreme mauka end of the slip which cuts in between the Inter-Island and the Hackfeld wharves. At this place the Phelps will remain throughout the winter until she begins to take on board her cargo of sugar for New York. She was moored at this place instead of in the stream, as it was feared that the big vessel would not be safe in the latter place.

TODAY'S BALL. There is little doubt that the ball game this afternoon between the H. A. C's and Mailes will be as lively a game as has been played this season. The H. A. C's have a solid grip on the pennant but the Maile boys play an even game in both fair and foul weather and since it is the last game on the schedule they may be depended on to give the H. A. C's a great run today. The Elks forfeit today's game to the Kams. The game will be called at 3:30. Read "Wants" on page 6.

Social Side of Life

The German fair which will be held on the Iseberg property of Punahou on the day and evening of November 19th will be unique in every respect. No expense, time or trouble has been spared to make the occasion a memorable one, and the energetic president, Mrs. Alexander Iseberg, has literally worked like a galley slave in order that nothing shall be left undone to insure the success of the undertaking. The different booths will be most attractively arranged, and the young women in charge will be dressed in German costumes, which will add to the brilliancy of the scene. Mrs. Iseberg's friends have begged her to wear a handsome German costume which she possesses, and for sweet Charity's sake she may do so. The lunch will be thoroughly German and only a small charge will be made. The admission to the fair is only twenty-five cents, children ten cents, and the lunch, so I believe, is at the same small figure. A supper will be served on the evening which will be spent in dancing, for which a little sum will be charged. The articles of the fancy table are all pretty and cheap. There will be a large number of Samoan tappa which ought to please the visiting strangers, and very choice pieces from Samoa as well. Mrs. Hanneberg has charge of a grab bag for the "grown ups" and dainty little articles will be given at 25 cents a grab. There will also be one for the children as well. The place will be decorated with flags and the black eagle will play a prominent part. A gypsy fortune teller will occupy a little tent and read your palm, providing you cross it with silver. Mrs. Andrew Fuller has charge of the dancing dolls, and the children will be well entertained by donkey rides, and a number of whodunnets will be as innumerable devices for the little ones' special delirium. There will be a quiet club all day as well as in the evening for the dances. The pedro booth will be made as attractive as possible and will probably be popular. Special attention has been given the lunch and supper and the choicest viands of Germany will be provided. Altogether, the fair must be a huge success and it will be a most desirable place to spend the day and evening, for the grounds are always cool and the house most delightful. Tickets are for sale at twenty-five cents by Mrs. Iseberg and the ladies in charge as well as the townspeople. Everybody is interested and the tickets are going like hot cakes.

day. Mr. Boyd will not be able to arrange his business in time to come out after his wife and child as was first anticipated. Mrs. Vida may accompany her daughter. Mrs. Boyd's friends regret that she will not be able to stay longer, but hope in a short time to see both Mr. and Mrs. Boyd, as they are thinking of a trip East in the near future to revisit the home of Mr. Boyd.

Mrs. F. Howell (nee Adele Widfield) is visiting her sister, Mrs. Wilber at Key West Barracks, Florida. The Wilbers are most comfortably situated in a lovely home of their own and are in love with the tropical life of Florida. Mrs. Wilbur is a great favorite at the post and is one of the loveliest young matrons there. As Mamie Widfield she was one of Honolulu's most admired belles.

The banquet given by Chief Justice and Mrs. Frear in honor of Judge Hartwell and Judge Hatch on Tuesday evening was the event of the week. The banquet room of the Alexander Young hotel was the scene of the dinner, and the long oval table with covers for thirty-four was most expertly arranged by Mrs. Taylor, the popular florist. Suspended from the ceiling hung the floral scales of Justice in the middle of the table. These were unusually effective as the weights were composed of a solid mass of carnations and the delicate tracery of the smilax formed the chains. Bows of red ribbon further enhanced the picture. The table was a vision of beauty and the guests were loud in expressions of admiration. Traceries of the maiden-hair ferns and carnations outlined the oval table from end to end and this design was carried out in the ropes which were twisted about the table. An exquisite basket of carnations and maiden-hair was placed directly under the scales of justice. Silver candlesticks with red shades were placed before each guest and the silver candelabra at either side of the centerpiece made a soft and bewitching light. As the guests entered the dining-room all the lights were switched except the soft red lights on the table. The Ellis quartet sang and played throughout the dinner most delightfully. After the dinner an informal reception was held in the lounge room, where the guests chatted until a late hour. The dinner itself was perfect in every detail and so tempting that I venture to insert the menu.

Mr. Lake is on excellent terms with his chef and the result is perfect dinners. Those present besides Chief Justice and Mrs. Frear were Judge and Mrs. Dole, Hon. A. L. C. Atkinson, Judge Hartwell and Miss Hartwell, Judge Hatch and Mrs. Hatch, Attorney General Andrews and Mrs. Andrews, Judge and Mrs. George Gear, Judge and Mrs. Robinson, Judge and Mrs. Galbraith, U. S. District Attorney and Mrs. Brockway, Judge Whiting, Mr. and Mrs. W. O. Smith, Judge Stanley, Mrs. A. Francis Judd, Mrs. R. P. Bickerton, Mrs. Marx, Mr. and Mrs. Withington, Mr. A. A. Wilder, Mr. L. A. Thurston, Judge De Bolt, Judge Perry and Mr. and Mrs. A. F. Judd.

The menu was as follows: Oysters Yaquina. Consommé on Tasse Froppe. Salted Pecans. Ripe Olives. Eggs a la Bohemienne. Flet of Sole, Sauce Tartare. Cucumbers. Pommes Parisienne. Frog Legs a la Poulette. Cheese Straws. Punch a la Cardinal. Squab, Chicken en Casserole, Pomme Croquette, Haricot Verte, Toast. Baked Pigeons en Aspic. Asparagus Tips, Mustard Sauce. Biscuit Tortoni, Gateaux Assortis. Fromage de Roquefort. Cafe Noir.

The Alexander Young Hotel was the scene of a very delightful evening last Tuesday in honor of the transport Sheridan, Col. Tucker and Major Harbin. The roof garden was crowded throughout the evening and the floor of the dancing hall was crowded with gay dancers until a very late hour. The whole army post turned out and the Navy was well represented as well as the society element of the town. The quartet club played at dinner for the numerous small dinner parties with which the rooms were filled and the same quartet played for the dancing. There were many exquisite frocks seen and the number of pretty women was remarkable. Manager Lake was given quite a sendoff at the end of the evening, three cheers and a tiger being given with a will by the transport people. The Hawaiian hotel was also entertained the guests and the Hawaiian dignitaries and the lanais were crowded. Later in the evening the Alexander Young attracted many to the roof garden and dancing hall.

Do not forget the fair at St. Andrew's this afternoon. It will continue until 6 o'clock. There are many beautiful articles for sale which would make excellent Christmas gifts.

The Kaiser Wilhelm II. brought a big shipload of famous folk on September 28th, and some of them are very well known out here. The names of passengers made a small book in size, and among them appeared many names well known in diplomatic, financial, social and dramatic circles. A great crowd of people welcomed the big liner when she tied up at her Hoboken pier, and when the army of passengers landed the customs officers found the hardest job in the line of baggage examination before them that has fallen to their lot this season.

William K. Vanderbilt and Mr. and Mrs. Frederick W. Vanderbilt, Mr. and Mrs. Harry Payne Whitney, Mr. and Mrs. James A. Burden, Mr. and Mrs. Robert Golet, and Mrs. Borden Harrison were a conspicuous group among the passengers. This party occupied a table in the dining saloon to themselves, at the head of which sat William K. Vanderbilt. Count von Hatzfeldt, formerly an attaché of the German Embassy at Tokio, was another of the Kaiser Wilhelm II.'s passengers. The Count left Japan

last April, and is returning to that country to private business. When seen on the pier and asked his opinion of the situation in the Far East he said: "I think that the conflict is going to be a very long one. The fact is no one can predict when it will end. The Japanese are a fine people and a most tenacious race. They have a magnificent set of officers, both naval and military, who are thoroughly capable of dealing with the situation before them. I am personally acquainted with both the Marquis Oyama and Gen. Kuroki, both of whom are brilliant soldiers. However, do not disparage the Russians. They, too, are a tenacious people, and in Gen. Kuropatkin have a great soldier."

John F. Carroll, ex-leader of Tammany Hall, and Maurice Untermyer came in the big Kaiser. Mr. Untermyer returns greatly improved in health. George Burroughs Torrey, the American artist, who was another passenger, has been in Greece, where he painted a portrait of King George. He said that the position of American artists abroad was improving, and that already the French considered the Americans their greatest rivals.

Alois Pennarini, the German opera singer, who is to interpret the title role in Col. Savage's English production of "Parisfal", arrived on the Kaiser, and said he would begin rehearsing at once. Although he does not speak English, he will sing the part in that tongue. Miss Maxine Elliott was another passenger on the Kaiser Wilhelm II., as was also Alfred Hertz, who will conduct the orchestra in Col. Savage's production of "Parisfal".

The Prince and Princess Coloredoro-Mansfeld of Vienna, who are going to the St. Louis Exposition, were also on board the liner, as were also the Marquis and Marquise Pinar del Rio of Cuba and Baron Louis von Kubinsky. Others on board were Mr. and Mrs. Adolphus Busch and Miss Wilhelmina Busch, who have been summering at their castle on the Rhine. A. J. Drexel, Robert Hoe, Mrs. Marcus Daly, Mr. and Mrs. Claus Spreckels and Miss Spreckels and Mrs. J. A. Bostwick.

Mr. and Mrs. Hoste Harrison are occupying the house on Hastings street that Col. Davis, father of Mrs. Harrison, purchased of George McClellan.

Miss Kathleen Cartwright is making a tour of France with friends. She expects to arrive in Honolulu in December or January.

The ball to be given at the Moana hotel on the evening of November 6th by Japanese Consul Miki Saito and Madame Saito will be a very grand affair. His Imperial Japanese Majesty's Consul always entertains well and society is looking forward to the event.

Mrs. Harry Macfarlane gave a delightful lunch on Friday.

Miss Eleanor Terry arrived in the Alameda after a pleasant visit in San Francisco.

The dance at the Moana Hotel on Friday evening was a very gay affair. The Buffalo band played in the earlier part of the evening, and after the concert the evening was given over to tripping the light fantastic toe. Besides the ladies of the transport there was a fair sprinkling of society folk.

The Prince and Princess Kawanakoa and the C. W. C. Deering returned from Hawaii today. They report a delightful time and good weather. The Prince and Princess drove directly to Manoa valley to the McClanahan house, which they have taken for some time. They will entertain a merry household party on Saturday until Monday.

Mana Widemann was an incoming visitor from California in the Alameda. He is growing fruit in the States but still retains the championship for the Pacific Coast for swimming.

What promises to be a very enjoyable dance takes place this evening under the auspices of the Catholic Benevolent Union of Hawaii in the cool and spacious Progress Hall. Charity always appeals to a community, and the sale of tickets for this event proves that the people of Honolulu are especially generous in this regard. It is hoped that many will find it convenient to be present and pass an enjoyable evening, at the same time adding a

most worthy cause and assisting those less fortunate in the struggle of life to share in some of the joys of existence.

"This is the House that Jack built, The queer little House, The dear little House, Oh this is the House that Jack built." Mother Goose and all of her guests, with Old King Cole, the Woman Who Lived in the Shoe, Simple Simon and Jack Horner, Jack Sprit and his wife, Little Miss Muffit, and Old Mother Hubbard will hold high carnival at the Opera House late in November. The children of the town are already showing much interest in the affair and the curiosity manifested is most amusing. One dear child, who lives out on the plains, asked one of the ladies interested in the work how they could give the House that Jack built. "Cause how would they get the cow?" Press notices from cities where Miss Martin has given this opera successfully, mention Miss Muffit as being scared by a big spider and Old Mother Hubbard has a real dog that barks, so we venture to hope Miss Martin has made arrangements for the cow. At least there is a Man in the Moon and it would be a pity not to see the cow jump over the moon, wouldn't it? The opera is equally enjoyable for the "grown ups," as here are the joys of childhood revived for many a weary heart. Miss Martins, who will be here to drill the children and put on the operetta, has sent such flattering press notices ahead that the directors of the Kindergarten feel they know what they are presenting to the people. The opera was given last year at the beautiful Gleeon theatre in St. Louis to the capacity of the house, under the patronage of ladies well known to several in our city. Mrs. Hoffmann, who is chairman of the Ways and Means Committee of the Free Kindergarten, is chairman on general arrangements. Mrs. Fuller is vice chairman and the following ladies are soliciting children chaperones, accompanists, musicians for orchestra, etc., etc.: Mrs. Frear, Mrs. W. F. Allen, Mrs. J. A. Gilman, Mrs. E. W. Peterson, Mrs. Angus, Mrs. W. M. Graham, Mrs. Kinney, Miss Castle, Miss Cross, Miss Lawrence, Miss Alice Jones, Mrs. A. E. Murphy, Miss Parke, Mrs. G. G. Gulek. The mothers so far have been very generous and have consented with much pleasure to allow their children to join in the building of "Jack's House," and when it is completed they will be proud of the work, we are sure.

WILLIAMS THE REPRESENTATIVE. New York, Oct. 1.—Representative John Sharp Williams of Mississippi will hereafter pass on everything that goes out of the literary bureau at Democratic National headquarters here.

In regard to this arrangement, it was announced that the appointment had been made with the idea of relieving the Executive Committee of the many details which hitherto came before them. Mr. Williams, it was stated, would have exclusive control and final decision on all matters regarding the news and press departments, which would be laid before him instead of the Executive Committee.

Colusa, Oct. 6.—At a meeting of large stockholders in the Colusa Sugar Factory, held this morning, it was decided to proceed to build the factory. There is yet a shortage in the subscription but arrangements have been made to issue one hundred thousand dollars in bonds to be sold at par. A meeting of all the subscribers will be held Monday evening, when definite action will be taken.

YOUNG WIFEHOOD

BOSTON, MASS., 152 Shawmut Ave., Oct. 25, 1902.

After I had been married about four months I felt my health generally decline. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.

I am happy to give you this endorsement.

Betty Ricker
President, Back Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife to bear her exacting duties. Wine of Cardui makes women fit for all the duties of womanhood.

It will relieve the pains of irregularity, cures failing of the womb, leucorrhoea, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.

A \$1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

BRIGHT'S DISEASE AND DIABETES NEWS.

Office German Democrat, San Francisco, Sept. 10, 1904. To the Editors of Honolulu.

Dear Sirs:—For many years an editor myself, I address you by request and as a simple duty. A great discovery has been made in this city. It is fraught with so much importance and yet is so hard to believe, that those who are personally cognizant should add the weight of their influence, be it great or small.

I not only know by contact with many of the beneficiaries but was myself rescued from Bright's Disease by it. The cure has been found, and the difficulty in believing it is costing many lives. It is astounding how far our prejudices carry us. But the great fact is here, and acceptance means recovery.

After my own unexpected release I wouldn't let my friends rest and several took the treatment and recovered. One was Charles F. Wacker, of the Sixth Street merchant. He had Diabetes and thought he was going to die. He got well and passed for a \$5,000 policy.

I say to you as a brother editor that those of your friends who have Diabetes or Bright's disease, and every one knows of some, that they can recover. I will be glad as one of many survivors out here to give you further information.

Yours &c., CHAS. H. ENGELKE. We sent for the Fulton Compounds to which the above refers and now have them in stock. They are the first cures the world has ever seen for chronic Bright's Disease and Diabetes. We are sole agents. Free pamphlet.

TOURIST PROMOTION REPORT

(Continued from Page 1.)

ing summer and winter resorts, and the steamship people on this ocean. It is through these agencies that the largest circulation has been secured for publications bearing on Hawaii. These transportation companies placed Hawaii folders and booklets in their leading offices; in one instance, that of the New York Central, its 77 information bureaus supplied with all publications for free distribution.

In addition to the ordinary "follow-up" method, copies of the lists of names of inquiries sent by each mail to eighteen of the leading transcontinental roads and the steamship companies and these follow up the prospective travelers both with printed matter and through district passenger agents.

To secure more perfect distribution the New England States are covered by the Hallway Hotel & S. S. Distributing Co. of Boston, which reaches every city and town in New England. The Central Distributing Agency covers the middle and western States, the Ocean Timetable Distributing Company covers Atlantic liners; C. F. McWilliams in conjunction with T. G. McKay, G. P. A. of the trans-Pacific lines works throughout the continent; the New Zealand Government Bureau of Tourists and Health Resorts distributes in New Zealand in conjunction with the Canadian-Australian S. S. Co. and the Oceanic S. S. Co. While these two and the Union S. S. Co. have distributed Hawaii material in Australia.

Special California and Pacific Coast distribution has been effected through J. Walter Scott of San Francisco, who covers the Pacific Coast.

These special agencies in conjunction with the transportation companies have been responsible for the distribution of about 450,000 pieces of printed matter bearing on Hawaii.

From the local office there have been distributed above 50,000 pieces. This is shown largely in the postage bill, which average more than \$100 a month.

In addition to the publications by this committee there are distributed through the mails and over the counter the folders of the three leading hotels, the Haleiwa Hotel, the Inter-Island steamship companies and the Volcano House Co. Agencies.

The home office of the committee has been considered the headquarters for the direction of its work, and offices were maintained for the past nine months in San Francisco, Los Angeles and Boston. The San Francisco and Los Angeles offices have now been combined at the latter point, effecting a saving of above \$100 a month.

From the very first the most cordial relations have existed with the great railway and steamship companies. The material issued by the committee has been transported and distributed practically without cost.

The Southern Pacific Co. and the Santa Fe system, the New York Central, the Chicago, Rock Island and Pacific, the Missouri Pacific, the Chicago and Northwestern, the Union Pacific, the Chicago, Milwaukee and St. Paul, and the Canadian Pacific Railways have made liberal mention of Hawaii as an objective point for tours in their various folders and advertisements and assurances have come recently, in response to circular letters, that larger mention will be made in the future.

The steamship companies which carry passengers to and from Hawaii, the Pacific Mail, Oceanic and Canadian-Australian, have issued folders descriptive of the islands, which are well illustrated and widely distributed.

Office Work. From the opening of its local office there has been a constant use of the facilities afforded by travelers, both those passing through and tourists who have made considerable visits to Honolulu. During the month of February, 1904, the average daily number of callers was over fifty. When a filled-through steamer is in port the number of calls ranges from 45 to 70, and during the presence, at the beginning of the year and later, of the American fleets and foreign warships, wide opportunities for distribution were afforded by the constant calls of officers and men, seeking booklets to be sent abroad.

From the first the rule was established that every letter must receive

a typewritten personal response, and often more than 5,000 letters which have been received in the past eleven months, for the advertisements did not begin to bear fruit until the issuance of October magazines, each one has been responded to either with a form letter or where there has been a special inquiry, with a long and exhaustive statement. The office of the committee has been used for the display of wall and relief maps, various products of the islands, and the complete pictorial exhibit prepared by the Hawaii Exposition Association and sent to Japan, with the exception alone of a few frames which were not returned.

Accommodations and Rates. The question of rates of fare between San Francisco and Honolulu was taken up by the secretary of this committee with the general passenger agents of both the Pacific Mail and Oceanic Steamship Companies, as well as Mr. R. P. Schwerin, vice president and general manager of the Pacific Mail, one year ago. In response to representations then made both officials declared that the ruling rates of passage could not be changed under the existing circumstances. On more than one occasion the subject has been reopened but universally the response has been that the companies consider their rates such that they could not make any reduction. Early in 1904 a new attempt to secure consideration of lower rates was made by letter. These responses were received: From R. P. Schwerin, Pacific Mail, dated Newport News, Va.: "Regret to say that the Pacific Mail Steamship Co. does not see its way clear to reduce its present round trip rate of \$135, San Francisco Honolulu, which, as you know, is already very low; in fact, much lower than the rates in force with the trans-Atlantic for rendering a similar service. We shall always be very glad to receive and distribute your advertising material through our various offices and do everything we can to promote travel to Hawaii but it is impossible for us to cut our rates."

From L. E. Cockeroff, Oceanic Steamship Co., dated San Francisco: "We have carefully considered the matter of passenger rates to Honolulu and in view of all the circumstances and average proportion that we receive it is not deemed practical at the present time to make a reduction, as you suggest. We feel confident that the present rates do not interfere in promoting travel to Honolulu." Even so late as June, when an effort was made to secure a reduction on account of the Knight Templar convention in San Francisco, the response was made on both hands that the present rate of \$110 for fifteen passengers was deemed so low that no reduction was possible. Again last month this matter was taken up with the general passenger agents of the two lines but with no effectiveness.

The Canadian-Australian S. S. Co. took up the question of fare reduction in earnest this summer and the decision of Mr. Robert Kerr, passenger traffic manager, was communicated to this body in the following letter: Mr. E. M. Boyd, Secretary Hawaiian Promotion Committee, San Francisco, Cal.

Honolulu Excursions. Dear Sir:—Replying to your favor of September 6th, I take pleasure in advising you that we have arranged for our November, December and January sailings to sell a special round trip rate of \$100 from Portland, Puget Sound and British Columbia ports to Honolulu and that this rate will be used for basing purposes for all agents east of Vancouver.

I trust this may produce the desired result. Yours truly, Sgd.) ROBERT KERR.

Outlook. Arrangements have been completed whereby the well known tourist agency of Thomas Cook & Son will offer through all their various offices tickets under the party rate of \$110, the steamship companies receiving them if over fifteen persons are assembled from whatever quarter for any one steamer.

Messrs. Thomas Cook & Son, Raymond & Whitecomb, Gates Tour Co., R. H. Grunden & Co., Nippon California Tour Co. plan tours to Hawaii during the present winter. The Pennsylvania Railroad Company's personally conducted service has the same subject under consideration for this winter, as has the Santa Fe system. The office correspondence at the present time indicates more than fair

Interest in Hawaii, and the steamship companies look forward to greater travel after the election. The presence of larger ships in the Pacific Mail line indicates more ease in securing accommodations, which must have beneficial results upon the travel.

Expenses. The present advertising of this committee in the hands of Frank Seaman of New York, has been given an appropriation for three months of \$500 a month, beginning with November.

The issues of folders and booklets are so nearly exhausted that another volume becomes necessary before the end of the year.

In addition to the contract for advertising and two contracts for distributing, which will not expire until the end of the year, the committee has seen fit to invite its New York agent, Mr. Frank Seaman, to send out as its guests leading editors and writers of the United States. This invitation has been accepted for January by Mr. Walter H. Page of World's Work, and tentatively by George Horace Lorimer of Saturday Evening Post, Dr. Albert Shaw of Review of Reviews, Dr. Seymour Abbott of Outlook, Mr. Frank Collier of Collier's Publications, Mr. Marshall P. Wilder, well known the world over, plans to arrive here October 14 on a world trip, he being engaged in writing a weekly letter for a syndicate of papers, the New York Tribune, Boston Post, Chicago Record-Herald, Pittsburg Post, St. Louis Republican and Philadelphia Press.

Success Met By Kuhio At Molokai

Eugene Duvauchelle, formerly a well known member of the mounted police force and now the host of an ideal sporting resort on Molokai, writes the following Molokai news of interest in a letter to a friend in this city.

"We had a strong earthquake here yesterday morning which lasted a few minutes."

"The Pukoo wharf is finished, only a new extension has to be constructed on the mauka side of the wharf to the sand hill. The road to the wharf is finished yet. To get to the wharf we have to swim through the pond or crawl under the lantant."

"On October 6 I sailed over to Lahaina with seven good Republicans to register. It was the last day for the Board to sit at Lahaina. It was a rough day but the Abbie M. stood it well. She is a splendid sea boat."

"Prince Kuhio arrived here yesterday from Kaulaakakai. We had a big luau awaiting him at Pukoo. Kalaualani Jr. and the Prince made very good speeches, which made all the Home Rulers and Democrats turn to be Republicans. They went to Halawa the same evening. Prince Kuhio made a speech at Halawa the same evening and returned to Pukoo today. He went to Lahaina in the steamer Likiepke. The Republicans are strong here this year."

Advantages and Benefits OF THE

Hono'ulu Mutual Burial Association

Members of the Honolulu Mutual Burial Association are fully protected for all benefits from the moment they receive their certificate. Any person in good health from the ages of 1 to 70 years is eligible for membership.

After joining there is no further cost than an occasional small assessment to pay their share in the funeral expenses of a deceased member. The money is all kept in Hawaii and not sent away to the States.

In case of death a \$100.00 funeral is given to each Class "A" member from home or the Association's rooms, as relatives prefer. Class "B" members receive a \$50.00 funeral.

This is the cheapest and most important beneficiary ever offered to the people. There are no salaries, no office rent to pay and no dividends on stock. Every dollar is used for the exclusive benefit of members.

The Honolulu Association has over 2800 members and this number is increasing daily. During the two years of its existence it has buried 104 of its members.

The Association is not a money-making scheme, but a banding together of many people to bear each other's burdens in the hours of distress and bereavement.
