G.H.R.*RECOMMENDATIONS OF THE PACIFIC COAST SUBCOMMITTEE
ON
ALIEN ENEMIES AND SABOTAGE

We recommend the immediate evacuation of all persons of Japanese lineage and all others, aliens and citizens alike, whose presence shall be deemed dangerous or inimical to the defense of the United States from all strategic areas.

In defining said strategic areas we recommend that such areas include all military installations, war industries, water and power plant installations, oil fields and refineries, transportation and other essential facilities as well as adequate protective areas adjacent thereto.

We further recommend that such areas be enlarged as expeditiously as possible until they shall encompass the entire strategic area of the states of California, Oregon and Washington, and Territory of Alaska.

We make these recommendations in order that no citizen, located in a strategic area, may cloak his disloyalty or subversive activity under the mantle of his citizenship alone and further to guarantee protection to all loyal persons, alien and citizen alike, whose safety may be endangered by some wanton act of sabotage.

We recommend the immediate evacuation of all persons of Japanese lineage and all others, aliens and citizens alike, whose presence shall be deemed dangerous or inimical to the defense of the United States, from all strategic areas.
