## VENTURE.

THIS fast trotting stallion has been  
withdrawn from training and will  
now be kept for stock purposes exclu-  
sively. He has shown as much speed as  
ever and had it not been for an acci-  
dent which befell him a few days be-  
fore the race, he being dead lame on the  
11th, we think that he would have given  
the gang a hard tussle for the money.  
He is now all right again, and is being  
regularly jogged at the track, and can  
show close to a 2:30 clip at any time  
that he is called upon. This kind of  
treatment has been found by long ex-  
perience to be the right plan to adopt  
with a stallion, as by it he is not only a  
surer foal-getter, but also he will  
transmit a greater amount of speed,  
energy and vigor to his offspring. This  
plan is now the rule in all of the large  
breeding establishments everywhere.  
To parties owning good mares this is  
an opportunity that should not be ne-  
glected, for Venture, with his fine breed-  
ing and great speed, I consider the most  
desirable stock horse in the country.  
Mr. Campbell tells me that of all of the  
horses that he has imported to this coun-  
try, which is probably a dozen or more,  
he likes his colts by Venture better than  
any of them, which is surely proof  
enough of his qualities as a stock-getter.  
Mares will be taken to the Park and  
returned free of charge. For any addi-  
tional particulars apply to corner of  
Punchbowl and Queen Streets.

BY AUTHORITY.

His Majesty the King granted an audience to H. B. M.'s Commissioner and Consul-General, Major J. H. Wodehouse, at 11 a. m. this day, who presented His Majesty with an autograph letter from Her Majesty Queen Victoria, of which the following is a copy:—

Victoria, by the grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, Empress of India, etc., etc. To His Majesty Kalakaua, King of the Hawaiian Islands, sendeth greeting. Our Good Friend: We have received the melancholy intelligence conveyed to us in Your Majesty's letter of the 27th of April last of the death of Queen Emma, widow of Your Majesty's Cousin, the late King Kamehameha the Fourth, which took place on the 25th of April. We request you to accept the expressions of sincere and heartfelt sorrow which we feel at the death of the Queen, for whom we entertained the highest personal esteem and friendship; and we trust that Your Majesty may long be spared similar causes of sorrow. We take this opportunity to renew to Your Majesty the assurances of our highest consideration and regard. And so we recommend you to the protection of the Almighty Giver. At Our Court at Balmoral the—day of June, in the Year of our Lord, one thousand eight hundred and eighty-five, and in the forty-eighth year of our reign.

Your Good Friend,  
VICTORIA REG.

GRANVILLE.

His Majesty was attended on this occasion by Col. C. H. Judd, Chamberlain, and Col. E. W. Purvis, Vice-Chamberlain.

**A SUICIDAL POLICY.**

Blind and bigoted is the United States Government's adherence to the doctrine of protection. This is manifest in the treatment accorded steam commerce with Australasia. A San Francisco paper says this trade is largely in favor of America. By the stoppage of the Pacific Mail steamers the fruit shipments from California, which have rapidly grown lately, especially onions and apples, will cease. San Francisco will be injured in a number of ways by the withdrawal of the line. The large number of Australians that go to England and Europe by way of that city spend more or less money there. The railway companies will be affected, for they carry the passengers to and from Australia both ways across the continent. Yet all this benefit and much more, bound to increase with the perpetuation of the service, is to be swept away because the United States cannot afford the paltry subsidy requisite to maintain the communication. These are entirely private sentiments with this paper, for no one speaking on behalf of this country is in a position to bring a railing accusation against its powerful neighbor in this matter. The Hawaiian Legislature cut off the nation's nose, in apportioning ocean subsidies, to add to the proboscis of the monopoly that holds a mortgage on the Kingdom.

**SEIZURE OF HERAT.**

Just before the mail steamer left San Francisco, news reached that city that the Russians had seized Herat. The Hawaiian Consul-General despatched the tidings to this Government, and it has all the

appearance of being authentic. Of course the only conclusion is that war is inevitable. Such an audacious and flagrant violation of Afghanistan's territory, guaranteed by England, supersedes the possibility of negotiations being continued by the Marquis of Salisbury's Government on the lines of Mr. Gladstone's policy. The event absolves the new Ministry from the obligations bequeathed it by the old one, and may be taken as the Czar's reply to the Marquis's declaration, in effect, that the "scientific frontier" of Lord Beaconsfield was to be established. By last previous mail it was asserted apparently on good evidence, that Russia intended to take Herat immediately on the completion of the Central Asian railway, the ensuing autumn. It would appear that the firm attitude assumed by the Conservative English Government has decided the Czar that "now or never" must be the motto of the next move in his grand design of southern territorial conquest. The colliding crash of Empires in the Eastern world is a stupendously weighty catastrophe, and the impact must cause ripples, if not waves, even in these distant seas.

**OUR INJURED CORRESPONDENT.**

Yesterday there was no space to spare for the reply that "Lazy-bones" letter in that issue called for. To his implications of disingenuousness respecting our brief note on his last preceding letter, it is sufficient to say that the intention thereof was patent on the face of it, namely, to answer a nameless species of character according to his peculiarity. He had made an exaggeratedly bitter and indiscriminate attack upon the local press, and cast unmerited slurs upon a large portion of the community, and to get an idea into an exaggerator's skull it must be expanded, or it may become lost in the convolutions of his capacious ear. Apart, however, from the necessities of adaptation, the brief criticism passed upon his sentiments was scarcely unjust. No one could rise from a perusal of his previous letter without being impressed with the idea that he regarded everything as indeed lovely and the bird whose ancestors' cackling saved Rome depending from the gable peak. His writing left the strong impression that everybody who dared to have an opinion at issue with the administration of the day was a timberheaded dolt. It conveyed the idea that the press of Honolulu in general was of an excessively pestiferous, malignant and unintelligent character, whereas he or anybody else may be challenged to point to a community in Christendom with a press more averagely decorous and free from unjustifiable criticism of public men and measures, or, according to the facilities afforded, better informed upon the subjects essayed to be discussed. "Lazy-bones" says he had not attempted to put anybody right, but made a feeble effort to indicate where many people were wrong. Had he gone the right way about the accomplishment of his task, he would not have done the wrong he has to people who are honestly trying to set various matters right in this kingdom. The very things he deprecates, such as the noise made in national affairs by aliens, are among the evils aimed to be corrected by many of those at whom he rails. They, however, take the rational course of trying to induce the aliens to become citizens, instead of inciting their resentment by taunting them with impertinence, for venturing to open their mouths upon matters affecting the country whose welfare they are enhancing in material ways. Surely, if he possesses the spirit he prescribes for the press, he should not deny the virtues of sincerity and unselfishness to all who have of late indulged their undoubted right of discussing possible Cabinets to serve the country better than the present one. This correspondent's case only verifies the result of observations in other quarters—the opinion that those who talk loudest about the depraved pugnacity of the press, least observe the amenities when they undertake to ventilate their own views in print.

"Well, my young gentleman, how would you like to have your hair cut?" "Oh, like papa's, please, with a little round hole on the top."

**ASIATIC ASCENDENCY.**

EDITOR BULLETIN:—It is a well-known and indisputable fact that for several years past the work and policy in which the Hawaiian Government has been engaged is to hold an American Treaty, and yet forcibly drive from these shores the Anglo-Saxon races. It is evidently intended to accomplish this object by landing here an Eastern race of people unskilled and uncivilized, judging from the appearance of the 900 odd lately let loose and on previous exhibition, many of whom were indecently habilitated, upon our streets, in presence of the fair ladies of our land, without regard to good morals or common decency, which they would have shewn if they, these people, were in a state of civilization as claimed by our rulers. From appearances an impartial citizen can only come to the conclusion that in future they will be a scourge on society here and a living monument of disgrace to the governing and directing powers of the Hawaiian nation. Drawing a conclusion from an article headed "Japanese Immigration," that made its appearance in the Government journal this morning, these Asiatic coolie immigrants are considered by our statesmen and rulers to be in an advanced state of civilization, and will become dutiful subjects. Sir, ponder over the situation and then conceive the opinion which enlightened people must form of our leading statesmen and ruler, who have perseveringly and at great expense, and at a time when our treasury contains only about 5,000 dollars, sent ambassadors, ships and means to the Japanese Empire to convey here the uncontrollable people of that Empire, in order to gratify the desires of a small minority of planters who now derive their living from the generosity and at the will and suffrage of the American Government. His Mikadoship, with the shrewdness of an Asiatic ruler, can well afford to be generous to this country, and undoubtedly considers himself lucky in being able to convince our statesmen that they are skilled and in an advanced state of civilization. This Asiatic potentate must have formed a strange opinion of the people who are governing this small Island Kingdom (now to all outward appearances in a state of degeneration), and who are eagerly wooing the lower order of the King's subjects, presumably among other ideas that of recuperating the Hawaiian race and establishing a higher and more elevated standard of morality amongst the native people, and in order to retard and check a continuous state of retrogression visible everywhere on these Islands, according to this light of Government immigration, this system will hereafter add wealth, comfort and strength to the Hawaiian Government to retrieve its lost prestige by fulfilling the well-known remarks "Hoooulu Lahui," meaning to increase our population, without taking into consideration the welfare of the Hawaiian subjects who are supposed to be classed amongst the enlightened races. When it is taken into consideration that nearly thirty thousand of this class of immigrants have been added to our population in order to appease the gorging appetites of sugar planters, it is but natural that travellers visiting these shores, after viewing our population and understanding the true state of affairs now existing and casting conclusions (for aught we know on anthropologists supporting by inspection and exhibition in foreign countries the Darwinian theory that primeval man was descended and the product of the lowest order of the animal creation, this conclusion appearing after experimenting on a few specimens of the coolie on Hawaiian soil), should come to the conclusion that the Darwinian theory is correct? If so, then the propagator of our immigration scheme in all probability hereafter would be immortalized, and after passing from this stage of action would be viewed with awe and veneration by the most learned and scientific of the age, not throwing into the shade the most famous John C. Calhoun, whose memory above all should be retained for the future benefit of our Hawaiian rulers.

Native—"Splendid; couldn't be better. You just moved here, I suppose?"  
Reporter—"Oh, no; I represent a city paper and am seeking information in regard to the peach crop."  
Native—"Well, it's mighty poor. If we get one peach to a tree we'll do well."—*Philadelphia Call.*

How doth the busy druggist's clerk  
Improve each shining hour  
By drawing soda-water from  
The font in steady shower.  
How busily he piles his hand  
In bringing soda forth,  
And charges ten cents for a glass  
That is three-quarters froth.

Two roses freshly sweet and rare,  
Bloomed in the dewy morning  
On neighboring bushes green and fair,  
One garden-bed adorning,  
"Ah!" sighed the pair, "what joy,  
What pride,  
If on one branch together  
We two were growing side by side  
Through all this golden weather!"  
There came a youth who roughly tore  
The roses from the bowers,  
And to his sweetheart proudly bore  
The two fair, fragrant flowers.  
Upon her bosom with delight  
They bloomed—but not forever.  
They faded—ah! but rapture bright  
They faded there together.

SHIPPING NOTES.

Mr J Kelley, purser and freight clerk of the str Kilauea Hou, being unwell, Mr Wm Sims, clerk in the office of Wilder's S S Co, has taken his place for this trip. On asking Mr S G Wilder this morning what about the str Likelike, he said that she is fast to the end of the wharf and is likely to stay there for about five weeks.

The Planter will sail on Saturday. She will take sugar to San Francisco and will probably return with freight. She will be gone about three months.

The str Nettie Merrill, after being in the stream for about three weeks and having been thoroughly renovated, sails this evening for Lahaina.

WILLIAMS & DIMOND'S CIRCULAR.

SAN FRANCISCO, July 15th, 1885. DEAR SIR:—Our last circular was dated July 1st, per Mariposa.

SUGAR.—We have no change to note in our local market, and prices of refined remain unchanged.

Eastern and Foreign Markets.—There is very little of interest to advise in either the Eastern or Foreign Markets, and the situation is much the same as reported in our last circular.

The New York market, however, has held its own, notwithstanding the continued weakness in London, and a further decline in prices there, which are now very nearly on a parity with New York.

Purchases could not be made, however, on the Continent on the basis of London quotations, and producing countries generally have shown disposition toward weakness.

The deadlock in New York between buyers and sellers has been broken and purchases made on the basis of previous quotations, and this fact shows the strength of the position there.

Refiners, although carrying fair supplies, have again entered the market and are reluctant to reduce their stocks with the prospect of a better outlet for their product.

Latest mail advices of July 8th report that a fair amount of business was being transacted, and the market ruled moderately active and strong, with refiners disposed to replenish their stocks by purchases of spot supplies, but cable advices received that day from London, advising a lower market, seemed to check the demand and no further business transpired.

Supplies continue to be held with confidence, and sellers show no disposition to yield, but buyers are still very cautious and easily influenced by the fluctuations of the London market.

Latest telegraphic advices quote Cuba centrifugals 96 percent test, @ 64 c.

London, July 6th, boots 88 percent test, 16 s; 7th, 15 s 6 d; 10th, 15 s 3 d.

Since the 10th inst., both the New York and London markets have ruled nominal with no change to note in quotations.

Manila basis 5.60 for 91 percent.

RICE.—As predicted in our last report, rice ex Alameda, owing to importations of Carolina, sold at 64 cents cash. This will doubtless do much to check the Eastern article, as in spite of the low rate of freight, there is little or no margin at 64 cents. We quote to-day 64, @ 64 cents.

LOCAL & GENERAL NEWS.

DAME RUMOR has whispered in our ears that ere long two weddings will take place in our midst.

KEEP in mind the masquerade and dress parade on skates at the Central Park rink to-morrow evening.

WISEMAN'S office is now covered inside and out with the posters of Fryer's Circus Troupe, to arrive on the 1st.

THE stockholders of the Waimea Sugar Co. meet to-morrow morning at 10 o'clock at the office of Ed. Hoffschlaeger & Co.

THE next game of baseball will be played on Saturday afternoon between the Honolulu and Married Men nine at four o'clock.

MR. J. T. Waterhouse has just received Water white and Downer's best oils for family use, also a very large variety of fancy goods.

THE Supreme Court has been crowded all day with Chinamen, anxious to hear the trial of conspiracy against three of their countrymen.

Her Majesty the Queen gives a luncheon this afternoon at the King's boat house in honor of H. I. J. M.'s Special Commissioner and Mrs. Inouye.

The Kinau will leave on Tuesday next for the Volcano by the new route. Already several of the passengers who arrived by the Alameda are booked.

The closing exercises of the Fort Street School take place to-morrow morning between the hours of nine and twelve o'clock. The public are invited to attend.

At the St. Louis College to-morrow afternoon at three o'clock, there will be a military drill, followed by the closing exercises in the large hall. All are invited to attend.

This evening His Excellency the Minister of Foreign Affairs gives a reception at his residence in honor of H. I. J. M.'s Special Commissioner, Mr. K. Inouye and Mrs. Inouye.

The steamer Planter will sail for San Francisco on Saturday and carry a Post-office mail. This will be a good chance to answer correspondence received by the Alameda yesterday.

INVITATIONS are out to the wedding of Mr. John L. Blaisdell and Miss Matilda Hughes on Monday evening, July 27th, at the residence of the bride's father, corner of Kukui and Nuuanu streets.

THERE was a large attendance at the band concert at the Hotel last evening complimentary to Judge D. J. Tooby. His Majesty the King was present, attended by Col. C. H. Judd. The programme was excellently played by the band.

At the San Francisco Stock and bond exchange, July 11th, the following sales of Hawaiian Commercial Company's stock were made: 100 at \$63; 75 at \$62; 50 at \$7. On July 14th 100 were sold at \$7, and 50 at 7, b 5.

THE steps on the verandah of the Post-office below the boxes, were erected to accommodate those who have the privilege of using the boxes. Since ten o'clock this morning, these steps have been occupied by nine Portuguese, and when any one went to a box, these men would not move an inch. Those steps should certainly not be made a loading place.

MAJOR Wodehouse, Her Majesty's Commissioner and Consul-General, had an audience of the King this morning at 11 o'clock, for the purpose of delivering the answer of Her Majesty Queen Victoria to the letter from His Majesty notifying the death of Her Majesty the Queen Dowager Emma. Particulars of the interview appear, "by authority," in this issue.

This evening there will be a social, literary and musical entertainment in the large hall of the Y. M. C. A. It will be free, and a cordial invitation is extended to all to be present. The programme will consist of instrumental and vocal solos, violin solos, a vocal trio, duets and quartette for male voices and three readings. It promises to be a very enjoyable affair.

CAHILL RUNS AWAY.

The one-armed prisoner Cahill was put to work this morning as usual on the refuse cart. Instead of coming in with it to the prison, he bolted and ran as hard as he could into town. After a little trouble he was caught near the Royal Hotel and taken back to the jail and locked up. Capt. Tripp says he does not think the man is exactly right, and the other prisoners who are with him all the time are agreed on the same point. It is hard to tell, though, whether he is putting it on or not. Before he was sent to prison, we had seen him several times on the street and he seemed to be clear-minded enough.

A NEW INDUSTRY.

The Hawaiian Stone Company having completed the building of their lime-kiln, started a fire there Wednesday afternoon to make their first batch of lime. The fire will be kept up for about five days from the time of starting. A stationary steam donkey is there to hoist or draw loaded cars up an inclined track to the furnace. The Company expects to make 300 barrels of lime at each burning. They have built a

wharf at the stone quarry, on which loaded cars run to the end and there dump their contents into boats. The good quality of their lime has been certified and the Company will furnish it as cheap as lime can be imported. Now that the enterprise is fairly underway there is every indication of a successful venture.

DEPARTURE OF JAPANESE.

Another batch of Japanese immigrants, numbering three hundred and sixty-three, were forwarded to their destinations yesterday, all being men. The depot looks very bare now, as there are only about one hundred left. The following are the numbers shipped yesterday with their destinations:—Makee Sugar Company, 40; Hutchinson Plantation, 38; Hilea Sugar Company, 10; J. M. Horner & Son, 40; J. Marsden, Honokaa, 15; W. H. Purvis & Co., 30; Paty & Parker, 20; Honokaa Sugar Co., 15; Union Mill Co., 6; W. Lidgate & Co., 20; Waiakea Mill, 31; C. F. Hart, Niulu, 12; Soper, Wright & Co., 15; Kukaiau Mill, 25; Kohala Sugar Co., 15; Hitchcock Plantation, 15; Hamakua Plantation, 16. To-day 19 were shipped to the Princeville plantation.

A WANT SUPPLIED.

The Hawaiian Postal Guide, No. 1—July, 1885, is being distributed and copies can be had at any Hawaiian Post Office. It is a valuable compendium of every description of information required in dealings with the postal service. A Hawaiian edition has also been issued. The English one was printed at the BULLETIN office, and the Hawaiian by the Advertiser Company. The following is the staff employed in the General Post Office: H. M. Whitney, Postmaster-General; I. B. Peterson, Assistant Postmaster; D. Manaku, Chief Delivery Clerk; O. C. Swain, Assistant Delivery Clerk; G. C. Willfong, Money Order Clerk; Alice L. Fillebrown, Registry Clerk; Wm. Johnson, George L. Desha and I. Kalailoa, Assorting Clerks; J. M. Camara, Letter Carrier. This Postal Guide was needed, and the public will allow us to thank the Postmaster-General, in their behalf, for the convenience.

CAUGHT AT LAST.

A Chinaman by the name of Ah See, for whose arrest a warrant has been made out several weeks ago, came into the hands of the police yesterday afternoon. He formerly worked as cook in one of our families, and was given money to buy beef with every week. Instead of buying for it, however, he had it put down on the books and pocketed the money. At the end of the month, as a matter of course, the bill went into paterfamilias' hands, but previous to that Ah See had departed, and nothing had been seen of him until yesterday afternoon paterfamilias stumbled across him down on the wharf, and knowing the warrant was out went for him; but the Chinaman made off, and as he ran threw away a parcel which was afterwards found to contain two tins of nice opium. A policeman was hailed and Ah See soon languished behind the bars of the Police Station. He had evidently forgotten all about the beef but not the opium. Of course he has to now stand trial on two charges.

POHUKAINA SCHOOL.

The yearly public examination of the Pohukaina Girls' School was held yesterday, according to previous announcement. Parents and friends of the pupils were present in large numbers. Every available seat in both buildings was occupied; the verandahs were crowded, while the overflow of the rooms was scattered about the grounds outside. The well-earned reputation of this school was fully sustained in the exercises of the day. A long and exhaustive programme was worked out to the evident satisfaction of the spectators. After the splendid exhibition of the previous day, both pupils and teachers were considerably fatigued, but the work of the examination was performed in a thorough manner. Nothing could be plainer than that teachers and pupils had put in a faithful year's work. The teachers are to be congratulated on the success of their efforts in preparing an intelligent class of girls to become the women of the future and who, by their training here, will give a high character to the nation; and the pupils are to be congratulated on having teachers who realize the great responsibility of their position, and who take a warm personal interest in their pupils' welfare. If there were no other institution of civilization on the island than the Pohukaina Girls' School, it would itself be a source of great satisfaction to the people, both native and foreign.

THE ROYAL SCHOOL.

The closing exercises of the annual examination of the Royal School came off this morning, in grand style. A dense concourse of spectators filled the room, the aisles and verandahs to their utmost capacity. At half-past eleven, His Majesty the King, accompanied by H. R. H.

Princess Pomaikalani, Governess of Hawaii, H. R. H. Princess Kaiulani, and Colonel C. H. Judd, His Majesty's Chamberlain, arrived and took seats in front of the platform. Among others present were the Hon. A. F. Judd, Bishop Willis, Mrs. Willis, Mrs. Mackintosh, Mr. D. D. Baldwin, Inspector-General of Schools, and Mr. Charles H. Murphy, Superintendent of Schools, Visalia, Tulare County, California.

The following programme was rendered with consummate ability by the various performers:—

Opening Hymn—But the Lord is Mindful of His Own..... Mendelssohn By Seniors. Recitation—The Miser Fitly Punished, Osborn..... S. L. Kekumano Dialogue—The Weathercock, Lawrence Old Fiddle, Father..... Characters { Thistram Fiddle, Son..... G. Rosa } Declamation—Independence Bell..... Anon K. Hauli. Address—Cattiline's Speech before the Roman Senate..... C. Akau Song—There's Music in the Air..... St. Martin Mackintosh Recitation—Socrates Snooks, Lawrence, I'm Glad I am a Farmer..... J. Naukana Song—I'm Glad I am a Farmer..... By Seniors. Recitation—A Visit from Old Neptune, Sleeper..... J. N. K. Keola Recitation—A Yankee in Love, Burnett, ..... V. Fernandez Solo and Chorus—Sweet Little Nell, Edith..... S. L. Kekumano & Chorus Dialogue—Pedantry..... Digit, a Mathematician..... J. H. Bolster Char { Sesquipedalia, a Philosopher & Linguist..... V. Fernandez Trill, a Musician..... T. B. Lyons Drama, a Serenade..... B. Sylvia Closing Hymn—Adieu..... By Seniors National Anthem—Hawaii Poni.

Some of the boys exhibited stage talent that would do no discredit to professional actors. Master Vincent Fernandez acted out "A Yankee in Love" with consummate powers of mimicry, keeping the house in a continuous roar. The list of prize-winners will appear to-morrow.

AN HAWAIIAN OFFICIAL.

D. A. McKinley, formerly United States Consul at Honolulu, arrived in this city yesterday, the duly accredited Hawaiian Consul-General for the Pacific Coast. He was so well liked as Consul at Honolulu that every effort was made to have him retained in that position, but without success. When he was relieved by the present administration, the Hawaiian Government showed their appreciation of his abilities by sending him back here in his present capacity. Mr. McKinley is well known in this city, where he has many friends to congratulate him on his good fortune.—S. F. Call July 19.

Turton, in equity. Before Chief Justice Judd. L. A. Thurston for plaintiff, A. S. Hartwell and C. W. Ashford for defendants. Ordered that the demurrer be over-ruled and motion to vacate appointment of receiver denied. Hearing set for 28th.

POLICE COURT.

THURSDAY, July 23rd. Pepee and Ah Lin were charged with affray at Manoa on the 21st. After hearing evidence they were reprimanded and discharged. John Duncan, for assault and battery on Kupihua (w.), was fined \$8 and \$3 costs. Ah See was brought up on two charges, embezzlement and having opium in possession. He was remanded until the 24th.

"There is a great deal of true religion in nature," solemnly remarked a young clergy man while calling upon a lady of his congregation the other evening. "There is, indeed," was the quiet reply. "We should never forget that there is a sermon in every blade of grass." "Quite true. We should also remember while we are about it that grass is cut very short at this season of the year."

The Michigan chap who has received the most bouquets this spring from the ladies is a fellow who assaulted a woman with intent to rob and got a year in State prison. He was pronounced "perfectly lovely."

Never mind, my son, if you do not get a big salary; but do not neglect to do all that you can to make folks believe you are in receipt of liberal wages. The fun of deceiving people more than compensates for the meagerness of one's income.

**The Daily Bulletin.**  
THURSDAY, JULY 23, 1885.

**FOREIGN NEWS.**

**ENGLAND AND RUSSIA.**  
A London despatch of July 14th  
says: The remaining members of  
the British Afghan Frontier Com-  
mission, with their military escort,  
have suddenly struck their tents and  
are marching rapidly toward Herat.  
The reason for the hasty retirement  
is unknown, and the news causes  
much uneasiness. It is thought  
there must be a grave reason for  
leaving the cool hills for the hot  
Herat Valley.

Hawaiian Consul-General McKin-  
ley has informed the Government of  
this kingdom that the leading bank-  
ers of San Francisco received the  
annexed despatch from their London  
correspondents at 2 p. m. on the  
15th: "Russia has at last taken  
Herat. If so England must fight.  
Consols have fallen to-day. War,  
therefore, may be considered cer-  
tain."

**FRENCH AFFAIRS.**  
At one o'clock in the morning of  
July 5th the French Legation at  
Hue was attacked by the whole An-  
namite garrison of the citadel, num-  
bering 3,000. The assailants burned  
the straw barracks with rockets, and  
their bullets riddled the Legation  
building. They were driven off by  
the French troops, who took  
possession of the citadel and 1,000  
guns therein, after a warm engage-  
ment, in which the French loss is  
reported to have been 60 killed and  
the Anamites 1,500.

M. de Freycinet, French Minister  
of Foreign Affairs, at once tele-  
graphed General De Courcy to ex-  
act from the Government at Hue  
immediate reparation for the attack.  
It is believed in Paris the French  
loss was much greater than reported  
by De Courcy.

The General issued a manifesto  
to the effect that with the exception  
of a few of the ringleaders who  
planned the recent unprovoked at-  
tack upon the French troops at Hue,  
all those rebels who surrender within  
twelve days will be granted a gen-  
eral amnesty. The Anamite troops  
at Hue and its environs have dis-  
banded and surrendered their arms  
to Gen. De Courcy.  
On the 11th Gen. De Courcy tele-  
graphed from Hue that French re-  
enforcements had arrived. They  
met bands of marauders on the way.  
More treasure has been discovered  
in the Imperial Palace. Treasure  
to the amount of \$2,000,000 has al-  
ready been found. Thurgot holds  
the King of Anam a prisoner. The  
King's mother and uncles and all the  
Royal Princesses and Mandarins  
who fled at the approach of the  
French, have manifested a desire to  
return to Hue.

**THE TREATY RATIFIED.**  
The Chamber of Deputies ratified  
the Chinese treaty by a large ma-  
jority. Before the vote was taken  
M. De Freycinet made a speech, in  
which he pointed out that there was  
nothing ambiguous about the treaty  
and that it completely settles the  
question of suzerainty over Anam.  
The tribute hitherto payable to  
China would be paid no longer. If  
the treaty did not contain all one  
wished, still it could be ratified with-  
out prejudice to the honor or inter-  
ests of France, as it embodied a  
settlement productive to France only  
and general civilization. The Prime  
Minister's speech was received with  
cheers.

**THE NEXT PRESIDENT.**  
The Paris *Gaulois* asserts that  
Grevy will not run for President  
again. It expects trouble in the  
next Parliament. It recommends  
De Freycinet as a candidate.

**TROUBLE IN MADAGASCAR.**  
A Paris despatch of the 7th says  
news from Madagascar is of a most  
serious nature. Admiral Miot,  
wanting re-enforcements, is obliged  
to act strictly on the defensive.  
Twelve thousand Hovas besiege the  
French occupying Fort Mazana.  
The besieged are able to communi-  
cate with Admiral Miot only by sea.

**MISCELLANEOUS.**  
It is expected that the Pope's  
communication with China will lead  
to the appointment of a Papal Nuncio  
at Peking.

Servia has formed an alliance with  
Austria. If Austria should take  
Macedonia, Servia will receive a  
portion of Bosnia.  
The Cologne *Gazette* prints an  
official denial of statements in Rus-  
sian and French newspapers to the  
effect that Germany is seeking an  
alliance with England against Rus-  
sia.

Dispatches from Russia say the  
harvest prospects throughout the  
empire are the gloomiest experienced  
for many years, and unless there is  
a general rain forthwith the whole  
crop will be lost.  
Louis J. Jennings, formerly editor  
of the *New York Times*, has con-  
sented to contest one of the Parlia-

mentary districts of Stockport in  
Cheshire, in the Tory interest in the  
coming general election. In his  
address accepting the candidacy,  
Mr. Jennings advocates local self-  
government for Ireland and an im-  
post tax on finished manufactured  
goods.

Officers of the Pacific Mail state  
that it is probable that the usual  
quarterly dividend on stock will be  
declared at the next meeting of the  
Board, in spite of the loss of the  
City of Tokio, as it is claimed the  
company will have \$600,000 in its  
Treasury.
