SPICES
Many who read this advertisement have never seen any **PURE BLACK PEPPER**. In its pure state it is a most pleasing, fragrant, pungent condiment, but the article commonly sold—a little black pepper and a lot of roasted peanut shells, cannot appeal to any one. Our **PEPPER** comes in 150, 250, 400 and 750 tins, and it will be a lesson to you to try a tin of it and learn how little you have known of **BLACK PEPPER**.
In future advertisements we will speak of Red Pepper, White Pepper, English Mustard, Leaf Sage, Allspice, etc. In the meantime we want to show you the goods at our store.

SHORT CABLEGRAMS.

Belgrade, July 2.—King Edward has courteously replied to a personal note from King Peter.

City of Mexico, July 2.—Frosts have destroyed crops in the Valley of Mexico to the value of \$1,000,000.

Manila, P. I., July 2.—The transport Kilpatrick has sailed with five hundred tons of St. Louis fair exhibits.

Washington, July 2.—The postal deficiency is \$4,600,000, the increase being due to the extension of rural free delivery.

Constantinople, July 2.—An official denial has been made of the mobilization of Turkish troops on the Bulgarian border.

Newark, N. J., July 1.—Ex-Senator Smith has been appointed by the United States Court as receiver for the Shipbuilding Trust.

Dallas, Tex., July 3.—Floods throughout the State have caused fifteen deaths and the loss of millions of dollars' worth of property.

San Francisco, July 2.—The old gas company has absorbed all its rivals including the electric companies. The cost of the deal is \$8,000,000.

Santa Rosa, Cal., July 5.—The railroad depot and adjacent business blocks were destroyed by fire this morning. The damage will reach \$60,000.

San Francisco, July 3.—Deaths from heat prostration are reported from New York, Philadelphia, Chicago, Baltimore, Indianapolis and other places.

Sanitiago, Chile, July 2.—It is reported that Japan is negotiating for the new Chilean warships. She was the purchaser of the Esmeralda in 1894.

New York, July 2.—A terrific gale occurred here today followed by intense heat which caused many prostrations. There were four deaths from sunstroke.

Havana, July 3.—The American treaties have been read in the Senate and referred to the Foreign Relations Committee. There was no debate or comment.

St. Petersburg, July 3.—Officials of the Foreign Office state the possibility of snubbing the United States by the return of the Jewish petition, if presented, as a document which it is inconvenient to receive.

Tientsin, July 3.—The award of the arbitrators in the Anglo-Russian railroad dispute favors Great Britain. This is the question which nearly brought on a war between Great Britain and Russia in 1901.

St. Joseph, Mo., July 5.—The Hammond packing plant, and a portion of the stockyards, were burned today. The loss upon the buildings, with stock and machinery, will reach a half million of dollars.

Washington, D. C., July 1.—Former Superintendent Machen of the Rural Delivery was today put on trial under the indictment for bribery returned by the Federal Grand Jury. Machen pleaded not guilty to the charge.

Oakland, Cal., July 5.—Fire today destroyed the business block in the center of the city, belonging to Governor George O. Pardee. One fireman lost his life while fighting the fire being caught by a falling wall. The loss will reach \$60,000.

Wheatland, Cal., July 5.—A fire swept through the principal business portion of the city today, spreading to some of the side streets and consuming several residences. The property loss is in the neighborhood of \$150,000. No lives were lost.

HAWAIIAN CHINESE KIDNAPPED.

Naturalized American Citizen in Hands of Chinese Pirates.

Canton, June 17.—Much consternation prevails here and throughout this province in high Chinese circles over the kidnapping of Lam Cho, the Hawaiian Chinese capitalist, and three other prominent Chinamen.

Inveigled to what they supposed to be a friend's house near Sun Wai Kwang Tung, Lam Cho and his companions were seized and quickly conveyed to the interior, where they are held for ransom.

After the capture one of the buccaneers sent word to a friend of Lam Cho's in this city that he and companions would be released on the payment of a \$20,000 ransom.

The Times (Volcano Marshall's paper) says:
Lam Cho, next to Ah Fong, is the best known Chinaman in Hawaii. He went to Hawaii many years ago. He early cultivated the acquaintance of George W. Macfarlane, then chamberlain to King Kalakaua I. Through Macfarlane he was frequently accorded audience with the King and this acquaintanceship ripened into one of warm friendship. Lam Cho received valuable concessions and was largely instrumental in bringing Chinese contract labor into Hawaii prior to and after the adoption of the reciprocity treaty with the United States.

On the death of Kalakaua and the ascension of Liliuokalani as Queen, Lam Cho became her confidential adviser on Chinese affairs in the Kingdom.

Lam Cho came to China six months ago, and for one concession at Canton he paid \$150,000. His kidnapping will cause a sensation in Hawaii and the United States.—Editor.

Canton, June 17.—When the American authorities here heard of the capture and detention of Lam Cho they immediately sent word to the commander of the gunboat Callao to rescue him and companions, if possible.

Lose Lives in Flood.
Greensburg, Pa., July 5.—Fifty lives were lost at Oakford Park, a pleasure resort just out of this city this afternoon. A water spout broke over the park, which lies along a stream, and before the frightened picnickers could seek higher ground the flood was upon them, and scores were washed down the stream. Besides the fifty known to be lost many are missing and others received serious wounds. The loss of property in the vicinity is enormous.

At Irwin, a mining town along the line of the Pennsylvania railroad, about 20 miles away, there was a similar disaster, with heavy loss of property and some lives.

Troops Fire on Rioters.
Evansville, Ind., July 6.—Lawlessness is rampant in this city tonight. Vengeful crowds are singing around the jail and the militia are retreating under showers of stones. In a bayonet charge many rioters were knocked down. They replied with shots and the troops retaliated killing seven and wounding twenty.

Indianapolis, July 6.—Governor Durbin has ordered out more militia and has declared Evansville under martial law.

Russian Affairs.
Washington, July 6.—Count Cassini has left for St. Petersburg. The Russian government is disturbed over the fact that Admiral Evans' fleet in the Gulf of Pechili has been augmented to a total of fifteen vessels and that the fleet under Admiral Glass has been ordered to the Aleutian islands. The latter move is regarded as highly significant.

POPE NEAR TO DEATH.

Artificial Means Alone Prolonging His Life.

Rome, July 7, 1 a. m.—The Pope will probably die before morning. He is hardly breathing, his voice is weaker and he lies motionless. His chamber is filled with oxygen. Digitalis and caffeine are being injected to secure artificial respiration. Repeated doses of chloral are also being administered. His Holiness sat up occasionally during the day to see the sun. Dr. Laponi says there is no hope. The Cardinals are showing great activity in preparing for the conclave. Cardinal Rampolla is considered to be the favorite candidate for the succession.

Transport Sumner Ashore.
Manila, P. I., 6.—The transport Sumner with the Fourth Infantry on board went ashore today on a reef off the Island of Luzon. For a time those on board were in very serious danger. By quick work the steamer was pulled off the reef and beached. All on board were saved.

Loubet Visits Edward.
London, England, July 6.—President Loubet of France arrived in London today. His entrance to the city was a most brilliant affair. The streets were lined by cheering throngs and most gratifying enthusiasm was displayed by the people.

Port Arthur, China, July 3.—Ambassador Pavloff, Russian Minister to Korea, has arrived at Port Arthur to await the coming of Paul Lessar. The conference to be held here of leading Russian officials will have a far reaching effect on the final Russian policy in Manchuria and Korea.

Sofia, Bulgaria, July 3.—The Government charges that Turkey is mis-leading the Powers regarding Bulgaria's warlike preparations. It is claimed that the Ottoman Government is assuming a threatening attitude without further justification than its desire to foment trouble in Bulgaria.

New York, N. Y., July 3.—Occupants of a large tenement house had a narrow escape from being burned to death this morning. Fire was discovered in the early morning and before the inmates could escape they were overwhelmed by the heat and smoke. The firemen after a hard fight succeeded in rescuing twenty-one people who were unconscious when taken from the house.

New York, July 1.—Sir Thomas Lipton was among the prominent spectators who today followed the big American yachts Reliance, Constitution and Columbia in the trial races. The Reliance won by a good margin, proving her superiority in all kinds of wind and weather. Lipton stated that there was no doubt that the Shamrock III was scheduled to meet a magnificent boat.

FOURTH OF JULY SPORTS.

The Program Was the Best Ever Given in Hilo.

Hilo's Fourth of July celebration was a complete success in every detail business was suspended from noon Friday July 3, and all classes turned their attention to the business of commemorating the day of American Independence. Weather was perfect and nothing interfered with the carrying out of the extensive program arranged by the various committees. The Cowboy Congress, the races both Friday and Saturday, the parade, and speech making at Fish Market square, the ceremonies of breaking sod for the Kohala-Hilo Railroad, the grand barbecue and the two nights show by the Elks minstrels were all brought off without a hitch and the crowds every where present, bore testimony to the loyalty and good spirit of the people.

Friday afternoon was preliminary to the following day which was crowded with events. A mass of nearly two thousand people were at the race track filling the grand stand and crowding the quarter stretch. The main attraction was the roping of wild cattle and the breaking of bronchos.

In the center field there had been erected a strong corral in which were huddled a score of fretful cows and steers. About the enclosure were a dozen cowboys from Island ranches with ponies saddled and lariats ready. One at a time the bovine would be cut out and turned loose. He would bound across the field with the wide awake cow puncher close upon his trail. A swish of the lariat a clever turn and down would go the steer. The trained ponies would hold the victim with a taut rope while the rider dismounted and tied the legs of the prostrate steer. Then a flourish of the hand would announce that the deed had been done.

The best time was made by Mahi formerly of Maui who won the prize in 50 seconds. Napalipali, John Stevens and Fred Beckley followed in point of speed, their time being 1.04, 1.13, and 1.45 respectively. Sheriff Andrews and Pistana, each made a miss.

The broncho busting was exciting enough for anybody. The bronchos were loose in the center field and had to be caught with the lariat saddled and bridled and ridden. The two successful broncho busters were Pistana, an officer on the Hilo police force and Levi Kaiako.

THE RACES.

The race meet at Hoolulu Park this year was the most successful in the history of the track. The day was perfect and thousands crowded the grand stand, and the grounds. The Judges in the stand were W. H. Campbell, Prince Cupid and R. T. Guard, Albert Horner officiated as starter and did the business in his usual competent way. J. D. Kennedy and S. H. Webb were in the time keepers box, and R. T. Moses was clerk of the scales. John O. Rourke was clerk of the paddock and the executive committee in charge of affairs was J. F. Clay, F. Brughelli, and A. Humburg.

The racing began Friday afternoon with three races to fill in. The first race was a half mile dash which served to show the knowing, which horse would be the star performer of the meet. The star was Rejected, from Papaaloo, owned by C. McLennon, who is absent from the Islands in Canada. Rejected won the first race against his plucky enemy Defender, against Frank S., and against the game little mare Mollie Connors from Honolulu. Rejected was in charge of John O'Rourke who seems to know how to fix up a horse to do things. Last New Years, Carter Harrison in the hands of O'Rourke swept everything and came within an ace of laying it over Weller who was then in his prime. This time O'Rourke had charge of the Papaaloo black, Rejected. He won the first race of the meet in an easy gallop in 50 1/2. Piggott, the plucky jockey showed in the first race the thorough understanding that had been established between himself

and his mount. It was for Rejected to distinguish himself Saturday by winning three races within the space of an hour. The first race was a half mile dash. Defender and Rejected came in so close that it was called a dead heat. The time was 50. In the run off, Rejected won easily in 50 1/2. It was within less than an hour that Piggott and the Black from Papaaloo were pitted in the five eighths dash, against Amario and Mollie Connors. He came in with a beautiful lead in 1.03 1/2. He had performed a feat seldom equalled on the turf.

In the race Friday afternoon, Defender was ridden by C. Richardson, McAuliffe rode Frank S., who came to the races this time in poor condition. Thomas drew the rein on Molly Connors and Piggott was the long headed pilot for the black from Papaikon.

The second race Friday was a half mile dash for Hawaiian bred. The entries were Barney, owned by R. W. Jones and ridden by an Hawaiian; Puteo Boy owned by T. M. Rowland and ridden by Henry Moto; Amario, owner David Waitat and mounted by Kaena. Amario won the race 56 1/2.

The third race was a snappy go between seven Japanese owned horses. The prize went to a horse owned by Kashimoto.

But it was Saturday afternoon that attracted the people. The seating capacity of the grand stand was exhausted. Crowds filled the open spaces in the grounds and many people were on the quarter stretch. The races were reeled off rapidly and the amusement did not stop until dark. The races as pulled off were clean and on the square and little complaint was heard except in the dead heat between Rejected and Defender. This race had attracted a lot of money and when it was announced an even break, the tension was too high for the occasion to pass without some brisk conversations.

The first race was followed by a one mile trot and pace. There were three entries, Faro Bank, owner, W. Lucas of Honolulu; Hardly Able, Joe Hogan, owner; and Aberdeen, owned by W. H. Smith. Hardly Able was true to his name and was distanced in the first heat. Faro Bank driven by his owner, winning in 2.33 1/4. Aberdeen won the race and the second and third heats, time 2.32 1/2 and 2.36.

In the third race, Rejected with Piggott again in the saddle ran away from his competitors, winning in 1.03 1/2; Molly Connors with Thomas up, coming in second.

The one mile free for all with a purse of \$150 and the Hilo Mercantile Cup came next with Bruner, owned by Bob Ballentyne, Dixie Land and Philip, entered. Dixie's friends stayed by him gamely but it was believed that Bruner was a new Richmond come to Hilo and the bettors did a lot of hedging. Bruner came in an easy winner with Thomas in the saddle in 1.46. Philip, ridden by McAuliffe performed his usual stunt of coming in last.

The gentlemen's driving race was won by Fitzgerald's famous Ned McGowan in 3.05 with Hogan in the seat. R. T. Guard came in second behind Queen, one of Hilo's favorite roadsters, and Jack Easton brought up the rear with Katy Shaw who was put in the race undertrained.

Carter Harrison who has always before done spectacular work on the Hilo track, was forced into the three quarter dash to fill. He had a doctor's certificate of serious indisposition in the legs. He started but was pulled up before he had gone half a furlong. The race was between Racine Murphy and Mollie Connors and was the prettiest go of the day. The former won in 1.18 1/4 with McAuliffe in the saddle. Thomas rode Mollie Connors.

The ninth race was a dash by Japanese owned horses and went to Charlie, owned by Araki.

The tenth race, a three mile relay, was the attraction that held the crowd in the grand stand until dusk. The three riders were J. Schaepe, Mahi and Joe Flores. Each had three horses and change of mount was made at every half mile. Schaepe was well in the lead, when his broncho bolted, clearing the pole with a bound and then madly dashing across the center field. Before Schaepe could get back into the race, he was far in the rear and hopelessly out of it. Flores won the race in 13.54.

THE CELEBRATION.

Crowds Jam the Fishmarket to Hear Oratory and Music.

All Hilo headed for the Fishmarket square early Saturday morning. The Honolulu band was at the Court House bright and early to serenade Judge Little. The patriotic airs and the hoisting of the flag told the people that the program was on. A squad of police under command of H. S. Overend; the militia headed by Captain Fetter, and the bands of musicians led the procession to the speaker's stand. Seats had been arranged for hundreds. Many more hundreds filled the street and the open spaces between the great shed and the sea. While the crowd was assembling it was regaled with excellent music by Berger's band, and was regaled also by the luxurious aroma that was wafted from the barbecue pits where Jim Morris with a corps of assistants was preparing a feast for the multitude.

The hum and babel of voices was arrested by the appearance of E. N. Holmes chairman of the day, upon the platform. He was followed by Chas. M. LeBlond, orator of the day, Governor Baker, Rev. F. L. Nash, Mrs. A. G. Curtis and the members of the double quartet. In clear cut words and with a voice that penetrated to the far corners of the assemblage to order. He opened the exercises with brief and pointed remarks, and as the exercises proceeded, his ability to control and keep in order a mixed multitude was taxed to the limit. But he proved equal to the occasion and directed the platform exercises with notable success.

The chairman's introductory remarks were followed by a prayer by Rev. Mr. Nash. The formidable task of reading the declaration of Independence was performed by Mrs. A. G. Curtis of Olaa, with distinguished credit. Mrs. Curtis' voice which is trained and rich and full, pronounced the historic words with a force and style that commanded the attention even of many hearers who could not understand English. Her rendition was greeted with outbursts of applause at many points.

The speaker of the day was Chas. M. LeBlond. Nature has endowed Mr. LeBlond with a fluency of speech and voice power that makes him master of a Fourth of July platform. He knows how to arouse the Yankee spirit and last Saturday, he gave the people of Hilo as fine a specimen of Fourth of July oratory as could be wished. The thread of his discourse was the story of the expansion of the United States from the original struggling thirteen Colonies, to its present empire. The lesson he sent home was the duty of every citizen to cultivate that high pride and patriotism that made possible the early victories of the Republic. Mr. LeBlond was given a sympathetic hearing and was accorded liberal applause. The next speaker was Governor John Baker. His remarks were translated by Sheriff Andrews. He spoke for the Hawaiians and urged his countrymen to avail themselves of the opportunities which came to them with annexation and American citizenship.

LAMBERT ON THE RAILROAD.

Chairman Holmes, then introduced W. H. Lambert who delivered a set speech on the Kohala-Hilo Railroad, Mr. Lambert's speech follows:

Ladies and Gentlemen, we meet today to celebrate two very important events:—One the Independence of our country, and one which should be foremost in the heart of every American citizen. This part of our program has been finished and in the oration just delivered by our esteemed fellow citizen, C. M. LeBlond, has ably put before you the feelings of every true American. Any words of mine could add no lustre to what has already been said. Suffice it to say we are proud of our country, proud of our flag and proud to belong to a people whom the world is beginning to recognize as one of the best and most progressive on the face of the earth to day. May the lustre of our flag never grow dim, and may

we so conduct our affairs as a nation that no dishonor may be cast upon us, and may we go to our graves with the same pride and patriotic feeling that we possess on this memorable day.

The second and almost equally important event to us and for which we have met here to-day is the turning of the first shovel full of earth in the construction of the Kohala-Hilo Railroad. It is good that this should occur on ground already made historic, as the place where one of the great battles for the conquest of the Island was fought, by the great King Kamehameha for it proves to us the importance of the site of the city of Hilo even at that early date. To-day we meet to fight another battle on the same ground, the battle of progress, but the battle is half won. To-day where the great King made his first landing stand two giant locomotives, machines which have done more for the advancement of our country than anything else in existence. Wherever they have advanced, in their wake civilization and prosperity have followed and so fast indeed has been this development that many of us can remember when the country west of the Mississippi was almost uninhabited. I myself can remember the landing of the first locomotive west of that great river and a crude affair it was compared to the modern machines of to-day. At that time St. Paul, Minn., the head of navigation on the Mississippi, was a town about the size of Hilo of to-day and no other town of importance dotted the country to the west unless it was San Francisco on the Pacific Coast. To-day, owing to the facilities afforded by the railroads, towns and cities have sprung up as if by magic. The country has been developed until all this vast region which hardly produced commodities to the value of one dollar, now teems with millions of people who possess property worth countless millions of dollars.

In our own Islands we have evidences of what improvement and development follow the advent of the locomotive. Take the Island of Oahu; a few short years ago the greater part of it was a barren waste. B. F. Dillingham came along and offered to build a railroad to develop the country. Men scoffed at the proposition, but what has been the result? The railroad was built making it possible to transport fuel with which to run the pumps and furnish water for the development of the land. To-day that barren land has been changed into a beautiful paradise. Six plantations have been established producing over seven hundred tons of sugar per day, and the whole property, now worth over twenty millions of dollars, is helping to pay the taxes and support our government. All this has been done by one little railroad, and many a man of Honolulu has been made rich out of the very venture for which he foresaw so much ruin. The Hilo Railroad has shown what can be done for the country south of Hilo. Three years ago a four horse team could probably have hauled all the produce raised in Olaa and Puna, while to-day the same districts are shipping to Hilo twenty thousand tons of sugar per annum. Large quantities of bananas and other products will soon be produced. Beside developing the country it pays into the town of Hilo over seven thousand dollars each month on its pay roll, almost every dollar of which is expended in the town. The railroad has also been the means of giving to the town an ocean wharf unsurpassed by any in the islands.

So it will be with the Kohala-Hilo Railroad only a greater part of the development has gone before. But to the people living along the coast and the line of the road and those who are established in business will come a great benefit. Think of being able to step on the cars at any point outside of Hilo, coming to town, transacting their business and reaching home the same night. Also the advantage and pleasure of coming into Hilo to see for instance, our local minstrel performance and re-

Hilo feels remarkably well satisfied with herself this Fourth of July.

You ought to, you tadpole. You captured the band, the best horses, the distinguished guests and about everything else in the boom line that was going.

The plan of John Baker to canvass the voters of Hawaii to ascertain their choice for a successor to Governor Dole is practical.

The Fourth of July is over and business in Hilo has resumed its normal routine.

The Kohala-Hilo railroad promises to be built with German capital.

By putting on special passenger boats between Hilo and Hamakua points, the Wilder S. S. Co. helped out the Hilo celebration materially.

BAKER ON GOVERNORSHIP.

Will Get Up Monster Petition for President Roosevelt.

"As soon as I return from Waimea," said John Baker to a TRIBUNE Representative, yesterday, "I shall inaugurate a movement which I believe will have an important bearing on the choice of a successor to Governor Dole.

"I shall make a tour of this island first and explain to the Hawaiian people my object. I shall urge them to sign for the nomination of a good honest, reliable man.

PHILIPPINE SUGAR.

The Daily Bulletin of Manila published an anniversary edition on February 15th which contained numerous interesting articles on the resources of the Philippines, and one in particular which deserves the attention of those who are advocating a remission of the tariff on Cuban sugar.

The writer states that from various causes the production of Philippine sugar has decreased fully 50 per cent during the past four years, and that the exports of sugar for the year 1902 were but little more than a third the volume of ten years ago.

If there was no other evidence that those who profess to be influenced by a sense of obligation are rank hypocrites this inconsistency would be sufficient to prove them such.

At one time the Filipinos carried on a profitable refining business, but under the effects of American maladministration all the refineries have been closed and all the refined sugar now used in the islands is imported from Hongkong.

The United States should be the natural market for Philippine sugars. If the people of the Philippines were permitted to send their sugar to us freely, production would expand rapidly, for the islands are well adapted to the growth of the cane.

THE ELKS' MINSTRELS A GREAT SUCCESS.

Spreckels Hall is Packed Two Nights to See the Greatest Amateur Theatrical Performance Ever Given in Hilo. The Players Were Artistic and Original and Won Many Plaudits From the Spectators.

The Hilo Lodge of Elks is to be congratulated upon the success of the minstrel show produced by its members at Spreckel's hall on the evenings of Friday and Saturday July 3 and 4.

Spreckel's hall, under the direction of the Elks stage carpenter, has been made into a permanent opera hall. An ample stage has been added and the floor has been raised in the rear, making it possible to please an audience.

At the minstrel show Friday night every seat was taken and

good nature and as Captain Ben Brown, he carried the banner of the Hilo Police-force through the play with commendable bravery.

The musical specialties, sandwiched among the rich juicy jokes were as follows:

- "Don't Make Dem Scandalous Eyes," "Bill" Johnson
"Song of Nations," I. B. Schoen
"The Phrenologist Coon," J. Hastings Howland
"Please Go 'Way and Let Me Sleep," W. C. Cook
"In the Good Old Summer Time," O. E. English
"Mandy Lee," A. H. Jackson
"My Heart's Desire," C. N. Prouty, Jr. Closing Chorus.

While the stage was being set for the Musical Burglar, the Ebony Elks quartette, consisting of W. C. Cook, C. N. Prouty Jr., A. H. Jackson and J. Hastings Howland rendered excellent vocal music.

The Musical Burglar was a comedy pathetic in which A. B. Loebenstein was the burglar. Once in the house and possessed of all the plate and jewelry, the burglar suc-

people were turned away at the door.

Promptly at 7:45, the curtain went up to the subdued strains of the chorus "Hear Dem Bells," and the audience was confronted by a semi circle of burnt cork artists as versatile as ever stepped before the foot lights.

cumbts to a musical impulse and plays on the piano, awaking the little daughter of the owner of the mansion.

"The Somewhat Different Comedian" H. T. Lake, as Casey, was the humorous hit of the evening. Casey came on with donkey and street car, and stopping at the foot of Wai-anuenu street in the center of the stage, regaled the audience with a pyrotechnic display of wit that was a surprise.

The Dark Town Picnic was the most artistic feature of the show. This soiree was under the direction of J. C. Johnson and captured the house. The picnickers were preceded at their rendezvous by Harry Overend, a bad nigger who had not been invited.

The scene caused the spectators to rise in their seats. Several solos were sung by members of the Dark town party the entire company joining in the choruses.

One of the most enjoyable specialties of the evening was the Banjo quartette, consisting of the four well known artists, Mrs. H. B. Elliot, Miss Mabel Peck and Messrs. Fred Brayman and A. H. Jackson.

The performance closed Friday night with a wonderful exhibition of "Black Art" by L. M. Whitehouse, made up as a magician from the Court of the Maharaja of Cawnpore.

The performance Saturday night was a repetition in the main of the first night. A few changes were made which improved the effect.

The committees who had the various branches of the work in hand were: General Committee—A. C. McKenney, Chairman; L. M. Whitehouse, W. I. Madeira, C. N. Prouty, A. H. Jackson, H. T. Lake, W. H. Little, I. B. Schoen.

The Elks theatre staff on this occasion was as follows: Stage Carpenter, E. E. Richards; Electrician, Judge Little; Stage Manager, J. C. Johnson; Musical Director, C. N. Prouty, Jr.; Master of Properties, W. H. Little; Head Usher, E. F. Nichols; Ushers—W. T. Balding, Ralph Balding, C. P. Benton, Arthur Richardson.

Impure Blood

Impure blood will always make you sick. You suffer from headache, great depression, indigestion, sleeplessness, a bad skin, extreme exhaustion, and you can hardly drag yourself about.

Read what Mr. H. J. Matthews, of Wellington, New Zealand, says about this. He also sends his photograph.
"I have suffered a great deal from impure blood, especially from boils on my arms and back. I tried weak all over and was greatly depressed. I began to use Ayer's Sarsaparilla. After taking only a little of it I felt better and soon my troubles disappeared. I believe this medicine is the best blood-purifier and the strongest tonic that any one can try."

AYER'S Sarsaparilla

There are many imitations "Sarsaparillas." Be sure you get Ayer's.

Use Ayer's Pills every time your bowels become constipated, or when you are bilious or have sick headache. They cure quickly.

turning to sleep at home the same night, as the people of Oiaa and the upper country did last night. Take the transportation of sugar. To a mill, it is worth \$1.00 per ton to be able to load it on cars at the mill, saving the handling and storing in warehouses, and again handling to steamers. It also saves time, which is money, for the sugar can be stored in Hilo, ready to take advantage of the first vessel, which is better than waiting for weather to be able to load at the landings.

To the business men of Hilo little need be said of the advantages to be gained by them. The business is there and if they do not get it, it will be their own fault and I have confidence enough in them to believe that they are enterprising enough to not let it go by, or, in other words they believe that the nimble dollar is the one that counts.

As to the construction of this road, it should have the good will and support of every man in Hilo and the surrounding country. In a few years we will have a city and surrounding country as prosperous as any of the Islands, and as the territory tributary to Hilo is nearly as large as all the other Islands combined, there is no reason why, in a few years, we should not control as much wealth as Honolulu. Then there is no reason why the oriental lines should not make Hilo their port of call. We hope the day may be close at hand when we will see the city of Hilo supplying as well furnishing a market for the whole Island.

Now a word for the men who for three years have tried to float this enterprise. Only men knowing the possibilities of the country and men of unusual energy would have stood by the proposition as long as they and great credit is due them for their nerve and pluck in the matter. To our esteemed friend and fellow citizen Philip Peck do we particularly owe our thanks, and may be as well as those who are associated with him be successful in this their great enterprise. On behalf of the people of Hilo I extend to them a hearty greeting and for the Hilo Railroad Co., the two Locomotives speak for themselves and may the meeting of the two roads and their business relations in the future be as friendly as they are represented here to-day.

Wyoming Mine Horror

Hanna, Wyo., July 1.—Rescue work at the scene of yesterday's mine explosion has been going on night and day, every able-bodied man the town can muster being engaged in rendering all possible assistance. Two hundred and thirty-five bodies have thus far been taken from the mine and there are yet men to be accounted for.

The scenes in the underground passages have been horrible. In many places bodies were heaped upon each other, showing that the men fought for life in an almost fiendish struggle. Many bodies are mutilated beyond recognition and the horrible contortion of face and limb tell the terrible story of the ferocity with which the doomed miners fought to escape from the tomb.

Russia Turns Jews Down.

Washington, D. C., July 1.—The talk of President Roosevelt transmitting the protest of Jewish citizens on account of recent Russia massacres has brought out a diplomatic expression from the Russian Government that is likely to deter further action by the President. A plain intimation has been made to the State Department that Russia will refuse to receive any petitions relative to the administration of its internal affairs.

LOAN ACT AND SALOON'S.

Executive Council Deals With Liquor on Hawaii.

Honolulu, July 1.—The Loan Act and the appropriations thereunder in the bill pending at the special session formed the principal topic of discussion at the meeting of the Executive Council yesterday. To have the bonds issued and the realizations therefrom applied to public improvements with the least possible delay was the main object considered.

It was decided that the Governor should write to the President by today's mail for his approval of the amount proposed to be borrowed, as being within the limitation of the Organic Act, suggesting in the letter that a reply be sent by cable. Treasurer Kepoikai said after the meeting that they hoped the President would approve the appropriations as a whole upon the Governor's recommendation.

The Council approved the lease of Hualalai lands to John McGuire submitted by Commissioner E. S. Boyd, the terms of which have been published and it was ordered to have it put up at auction at the upset rental therein mentioned.

R. A. Lucas was granted a retail liquor license for the premises formerly occupied by Captain Andrews in Hilo.

Renewals were granted to Matt McCann of retail liquor license at Lahaina, to H. Hackfeld & Co., of dealer's license at Hilo, to Waimea Wine Co. of dealer's license at Waimea, Kauai, to Thomas F. McTighe & Co. of dealer's license at Honolulu, and to Haleiwa Hotel Co. of wine and malt liquor license at Waialua.

George Markham's application for a light wine and beer license at Moanalua was refused, as was John Kai's for a retail spirit license at Waiohinu, Hawaii.

South Carolina's "Red Bones."

Have you ever heard of a class of people called "red bones?" said Lewis Marshall of Charleston, S. C., to a Washington Star reporter. "They are the most peculiar people in the United States. No one living absolutely knows the race from which they sprang or whence the original settlers came. They live very nearly on the boundary line between South Carolina and Georgia, in the north-western part of the first-named State. They are very clannish, mix very little with people not of their race, and in a manner are quite thrifty. I am of the opinion that they are descendants of the Basques of Southern France. They do not lack courage, for a company of them served in Hampton's legion during the late Civil War, and bore themselves bravely at the first Manassas. Their skin is of a swarthy red, resembling that of the Indian, but at that point all resemblance ceases, except it be that they are very hot of temper. I have often wondered why the ethnologists of this country have not studied these people. Surely a monograph on them would be highly interesting."

Nobles Want to Fight.

Vancouver, June 30.—Yokohama advices state that the newspapers are resentful of the Government's cautious attitude. The nobles have petitioned the cabinet advising a declaration of war against Russia. The Japanese people are belligerent.

Warships at Port Arthur.

Tientsin, China, June 30.—Great activity is shown in the naval forces of Russia in Oriental waters. Fifty-seven Russian warships have been assembled at Port Arthur ready for immediate action.

NOT A MINUTE should be lost after a child shows symptoms of cholera infantum. The first unusual looseness of the bowels should be sufficient warning. LUAU AND CONCERT.

Benefit For Haili Church Was a Complete Success.

One of the most successful entertainments ever given in Hilo was the benefit luau and concert given at the Haili Church, Thursday afternoon and evening, July 2. The guest of honor at the luau was Queen Liliuokalani, who was introduced to the people who patronized the feast. The luau was served in the basement of the new parsonage and was a credit to the ladies who had it in charge.

In the evening a musical concert was given in the church. Scarcely has a Hilo audience been so well entertained at a musicale, and rarely do artists appear before a more enthusiastic audience than the one that packed the church. The Kamehameha Glee Club, Frank Vierra and the Territorial Band were new to Hilo and were given a rousing reception. No less was the applause for Hilo's soloist, C. N. Prouty, who sang two songs, and Prof. Carvalho who rendered a baritone cornet solo.

The financial proceeds of the luau and concert were very satisfactory.

Outgoing Kinau List.

FOURTH AT VOLCANO.

Teachers and Dengue Patients Celebrate the Day.

The guests and the management of the Volcano House had a Fourth of July celebration of their own. The crowd of school teachers who were at the mountain hostelry on an excursion made things lively and added much to the happiness of the half score of convalescing dengue patients who were in search of comfort at Kilanea. On the evening of July 4, Manager Bidgood gave an Independence Day Banquet. The dining room was decorated with flags and bunting and flowers. The tables were laden with fern branches and the menu was one to make all forget that they were in the confines of a Volcano wilderness. The dinner lasted two hours and was finished with the sparkle of witty toasts and the popping of hospitable corks. One of the school teachers from Honolulu served as toastmaster and proved herself the feminine counterpart of Chauncey Depew. The dengue patients forgot the breakbone and at the close joined in the hearty three cheers.

When the school teachers left Sunday morning they carried with them several cartloads of curios. They took sacks and sacks of lava rock and sulphur specimens. Fern stumps and other varieties of the fauna at Kilanea were conspicuous articles of baggage in the out fit of the jolly pedagogues. It is doubtful whether any where in the islands there was a jollier celebration or a happier lot of celebrants than at the Volcano House.

Hilo Wins Ball Game.

Close Score Marks Defeat of Kamehameha Boys.

The ball game at Hoolulu Park Saturday afternoon resulted in a victory for the home team. The game was played while the races were on and therefore was not the center of interest it otherwise would have been. The line up was as follows: Hilo's—Kekala, p; Elia, c; Albert, 1b; Alfred Naote, 2b; Nahiwa, 3b; Centipede, lf; Moses, cf; Pahio, rf; Bento, ss.

Kamehameha's—Brickwood, p; Kekewa, c; Keolaha, 1b; Ed Hamakuu, 2b; John Desha, 3b; Watson, lf; S. Desha, cf; Joe Pa, rf; Ouni, ss.

Schellberg Leaves.

L. E. Schellberg, principal of Ahualoa School, Hamakua has sent in his resignation to the Department of Public Instruction and has accepted a position in the Interstate Commerce Commission, Washington, D. C. Mr. Schellberg is not only one of the able teachers of this island but is also a Notary Public, Secretary of the Honokaa Republican Club, Secretary and Treasurer of the Honokaa Church and President of the Hamakua Teachers' Association.

He was formerly a cadet at West Point but was discharged on account of physical disability in 1898. He came to Hawaii during the same year and began teaching in 1899 and has taught until the present time.

J. C. Johnson.

The chief credit for the success of the Elks' Minstrel Show belongs to J. C. Johnson, who had entire charge. He worked incessantly and his competency is shown by the results. His illness and consequent inability to play his part last Saturday night was occasion for sincere regret upon the part of the company and the public as well.

CABLE ARRIVES.

Cable Ship Anglia Reaches Honolulu July 4th.

Honolulu, July 4.—The Pacific cable is here. The prospects are that a new girdle around the world will be completed some time today. The cable laying steamship Anglia completed her work of laying the deep sea section of cable between Midway and Honolulu last night and arrived off the port at an early hour this morning. After being passed by the Quarantine and Customs officials the vessel steamed to an anchorage off Sans Souci and began without any delay to land the shore end of the cable. There was the utmost dispatch about the movements of the vessel and the work is being strictly carried out according to schedule.

It had been expected that the Anglia would arrive early this morning. Captain Rodman of the Naval Station had figured out that she ought to reach the end of the deep sea section by about 10 o'clock last night. He estimated very correctly, for at 10:30 o'clock last night the vessel had completed that part of her work. The Anglia came to a stop at a point ten miles off Barber's Point and eighteen miles from the landing site at Sans Souci. Without delay the work of buoying the deep sea end was begun. It was a few minutes after midnight when this work was completed and the end dropped from the vessel. There had been laid from Midway to the point of buoying 1315 knots of cable. The distance traveled had been 1221 knots. The percentage of slackage to the cable is therefore about 8 per cent. After buoying the end, the Anglia steamed on to Honolulu, arriving off port in a couple of hours, where she lay at anchor until this morning.

Notes On the Fourth.

Saturday afternoon at the races, Admiral Beckley got the tip that the cable from Manila had landed at Honolulu. The Admiral communicated with Prof. Berger and the band rendered the "Cable March" with spirit.

The Sunrise Salute of twenty-one guns inaugurated the best celebration in the islands.

The people of Hilo never appreciated the Territorial Band and Kappelmeier Berger, more than they did this Fourth of July. The band never furnished music quite so good as it did this year. The part the Honolulu musicians took in the Haili Church concert was most captivating.

The Hilo band, owing to the fact that many of its members were ill with fever, did not play on the Fourth.

The grand stand at the park was packed this year as it was never packed before.

When Chairman Holmes proposed three cheers at the race track for Admiral Beckley for his success in securing the Territorial band for Hilo, the response was spontaneous from three thousand throats. The demonstration was equally a compliment to Prof. Berger.

The decorations by Hilo merchants this year were in keeping with the high tide of patriotism that made the day a success.

LeBlond leads cleverly and lands hard, on the Fourth of July platform.

When Hilo gives her Mid-Pacific Worlds Fair, E. N. Holmes must be the Director-General.

The citizens of Hilo and every community on this island who punged up the coin for the Fourth were responsible for the howling success. It shows what united effort will accomplish.

The Elks minstrels made the round of pleasure for all visitors complete.

It is hard to say which of the committees did its work best. The race committee surpassed previous efforts; the Cow-boy Congress committee and the men in charge of the barbecue covered themselves with glory in new fields; the Railroad committee played its part well and the Finance committee weathered the gale magnificently.

BREAKING THE SOD.

Formal Ceremonies of Beginning Kohala-Hilo Railroad.

Among all the exercises Saturday forenoon, the morning of the Fourth, the sharpest interest centered around Philip Peck and a golden spade. In the hands of Mr. Peck the golden spade was used as the humble implement to turn over the first sod, making the actual beginning of the construction of a railroad, that will connect Hilo with the rich producing territory of Hamakua and Kohala.

The ceremony took place immediately following the Fourth of July literary exercises. The terminus of the Hilo Railroad was within a few rods of the speakers' stand. Superintendent Lambert had provided two engines, facing each other and joined by a banner on which was painted two gigantic clasped hands. One engine was lettered in gold "Kohala-Hilo Railroad;" the other "Hilo Railroad," indicating the union and harmony between two powerful agencies for the upbuilding of Hilo. Upon the tender of the Kohala-Hilo engine, there was a group of men and women. In the center was Philip Peck and his golden spade. Following an invocation by Rev. Mr. Nash, Mr. Peck addressed the multitude which filled the open space and streets. He spoke of his success in promoting the negotiations which mean the building of the road. He outlined the material benefits that must accrue to Hilo and the country to be traversed by the road. He cited examples of prosperous communities which had been made so by the advent of railroads. He analyzed the commercial situation of the Island of Hawaii and showed how the proposed additional transportation facilities would add to the general prosperity of the city and country. He spoke of the duty of every one interested in Hilo to lend a helping hand to an enterprise which bears directly upon the fortunes of all. Upon the conclusion of his remarks, the party descended from the locomotive and Mr. Peck sunk the spade into the soil and by that act dedicated alike the energies of labor and the potency of capital to the task which means so much for Hilo.

The entire program of the forenoon was enlivened by the presence of the Territorial band which rendered excellent music at frequent intervals.

THE BARBECUE.

The feast prepared by the barbecue committee was ready for the hungry hundreds and at 11:30 a. m. the carvers were busy serving choice cuts of roast beef. Scores of helpers with wooden plates, passed the toothsome viands to the crowding visitors. For an hour and a half the work of feeding the multitude went on and no one was permitted to go away hungry. There were cords of white bread and beef enough for an army. Jim Morris had charge of the barbecue and with his assistants is entitled to congratulations for his success with the difficult task.

Miners Entombed.

Hanna, Wyo., June 30.—An explosion in a local coal mine occurred today while the full complement of laborers were at work. Two hundred men are known to be imprisoned. Twenty-five bodies have been recovered and it is believed that many others have been killed. The full force of miners who escaped are engaged in the rescue work, but this is necessarily slow on account of the cave-ins caused by the explosion.

Barrett to Argentine.

Washington, D. C., July 1.—John Barrett has been appointed by the President as United States Minister to Argentine. Barrett served as Minister to Siam and has lately acted as special commissioner for the Louisiana Purchase Exposition to the Orient. On the death of Minister Buck the President offered Barrett the Japan post, but owing to objections from Japan, reconsidered his action.

Belgrade, June 30.—The special session of the Skupschtina has closed and new elections have been ordered for September.

POPE DYING.

Hope Abandoned and Sacrament of Extreme Unction Given.

Rome, July 5.—Leo XIII is dying.

The end of the Pope is at hand, for though the report that his death was near has often circulated, and as often proven untrue, today in the Vatican there can be found none who believes other than that a few hours will see the passing of the venerable pontiff.

This morning upon advice of his physician Doctor Lapponi, who is constantly in attendance, the sacrament of extreme unction was administered. The Pope has conscious periods, and calmly awaits his end.

He suffers from pains in the chest and throat and takes stimulants and concentrated foods in small quantities frequently, the effect of this form of nourishment being to defer dissolution.

The bedside of the dying man is surrounded by the Cardinals now here, and other dignitaries of the church. Many inquiring telegrams from European monarchs received and to all the answer is that the death of His Holiness is very near.

Already there has begun the speculation as to his probable successor. The leading names mentioned for the headship of the church are Cardinals Rampolla, Vannutelli, Agliardi and Satolli, of the Italian members of the college and Cardinal Gibbons of America, the latter being the candidate of the foreign party.

It is known that the Pope has indicated his wish that Rampolla be chosen to succeed him, but this seems impossible. Cardinal Satolli, to whom Leo XIII gave the delicate mission of inaugurating the representation of Rome at Washington, has many friends and is a strong factor.

Vancouver, June 30.—The Government has guaranteed the Grand Trunk transcontinental bonds with the privilege of purchasing the road in thirty years.

St. Petersburg, June 30.—Officials say there have been no negotiations with the United States regarding President Roosevelt's intention to forward the American petition in behalf of the persecuted Russian Jews.

London, England, June 30.—An official report from Aden states that a body of Abyssinians attacked the Mad Mullah forces of Somaliland. A fierce battle followed in which the Mad Mullah, after sustaining a loss of 10,000 killed, retired.

London, June 30.—The Times says that war is imminent between Turkey and Bulgaria unless the Porte makes concessions. The Turks aim to exterminate the Bulgarians in Macedonia. Mobilization of both armies is expected.

Newark, N. J., June 30.—The United States Shipbuilding Company, commonly known as the Shipbuilding Trust, was today declared insolvent. A receiver for the corporation in which Charles Schwab and his associates are heavily interested will be named tomorrow.

Austin, Texas, June 30.—State Comptroller Love was today assassinated by an employe whom he had recently discharged from his service. The incident created tremendous excitement and the police authorities immediately set out to capture the murderer. The chase was a short one, but the man showed fight. The man was finally shot and killed by the posse which attempted to place him under arrest.

DYSENTERY causes the death of more people than smallpox and yellow fever combined. In an army it is dreaded more than a battle. It requires prompt and effective treatment. Chamberlain's Colic, Cholera, and Diarrhoea Remedy has been used in nine epidemics of dysentery in the United States with perfect success, and has cured the most malignant cases both of children and adults, and under the most trying conditions. Every household should have a bottle at hand. Get it today. It may save a life. The Hilo Drug Co. sells it.

If you are young, you naturally appear so. If you are old, why appear so? Ayer's Hair Vigor will surely restore color to your gray hair, and will give to it all the wealth and gloss of early life. It will stop falling of the hair also; and will keep the scalp clean and healthy, entirely free from dandruff.

And it makes the hair grow thick and long. This is because it is a hair-food, giving to the hair just what it needs to make it grow as nature intended.

Ayer's Hair Vigor

There's a pleasure in offering to you such a preparation; while you will certainly feel a sense of security in using something that others have used for half a century.

Do not be deceived by cheap imitations which will only disappoint you. Make sure that you get the genuine Ayer's Hair Vigor.

HONOLULU'S WAY.

Capital City Observes Independence Day Characteristically.

Honolulu, July 1. — The Joint Committee from the Merchants' Exchange and the Chamber of Commerce met yesterday afternoon and whatever lurking bit of enthusiasm there may have been over the celebration of the Fourth of July—the day in the year when the thoughts of all good Americans turn toward the blare of trumpet, the satisfying explosion of bombs and the even tramp of the soldier boys through the street—settled into a decree that there should be no Fourth of July celebration. Neither should there be any cable day celebration because, like the Fourth of July, there have been other Fourths. This was the decision at the meeting of yesterday.

There will be some observance of the landing of the last link of the cable, though not of a public nature. The Chamber of Commerce and Merchants' Association will send congratulatory cablegrams to the various interested parties. This will end the celebration and the arrival of the link of the cable that connects Hawaii with the farthest-most sections of the earth will be heralded by no further observance.

As to the Fourth of July—well, Honolulu people may take their choice of Hawaii, Maui or Kauai, each of which islands has more enthusiasm to a square inch than this island has to the square yard. There will be horse racing, displays of fireworks, luaus, baseball and all manner of fun in Hilo on Hawaii, Wailuku on Maui and Kapaa on Kauai and the present outlook is that there will be special steamers to each of these Islands.

Honolulu is not even to have the band, for the boys left in the Kinohiwa to attend the festivities in Hilo, the live American town whose citizens believe in preserving the traditions of their country.

There was some suggestion that the government might take up the matter but it seems that the time is too short, the weather too warm

and the enthusiasm of too uncertain a nature to compass the downfall of both the short time and the high temperature. The government will not fire even a bunch of small firecrackers.

Honolulu is to have two Sundays in succession—the 4th and 5th of July.

Guess Who.

Guess who said the Elk's Minstrels gave the best amateur performance they had ever seen and was better than that given by the Honolulu Elks recently.

Guess who wore a white tie and a tuxedo.

Guess who said her husband was as much excited when he was married as the actor in the "wedding morn" sketch for he only had on one sock.

Guess who said she instinctively caught hold of her chair, through fear of falling in, every time the "Phrenologist Coon" dilated his orbicularis oris.

Guess who went to the Minstrels alone because his girl went back on him too late for him to get another.

Guess who spoke of a certain Irish Comedian as Beckley and when corrected said, "no mistake; Hilo has her Beckley as well as Honolulu."

Guess what married man said he was in a position to rent one of Lucas' boats if he would throw in the "loving kind pohaku."

Guess who kissed his girl when the lights were lowered for the "Novelty Club Swinging" and guess who the spooning couple was which detected the act and told it.

Guess who said the Manager of the Minstrels was eclipsed by his substitute.

Guess what girl mistook the real Coon for one of the popular boys of the town in disguise and guess who the fellow was.

Guess who said the "Groom" of the "Bamboo Tree" looked the real thing even in disguise.

Guess who recently found a Hilo School Teacher who did not want him to "get busy."

Guess who said the lady members of the Elks Minstrels could not hide their loveliness even with burnt cork.
