to It's Second  
Reading.**

**PETITIONS FROM MOLOKAI  
TO GUIDE LEGISLATORS**

**Dickey's Motion to Have House Printing  
Done Under Contract is Very  
Promptly Turned to  
the Wall.**

The House got down to the business of the eighth day this morning at 10 o'clock. After prayer, roll call and reading of the journal, the ball promptly began to roll. The members are catching on in good shape, and as a result, things are beginning to move along with considerable snap.

During the reading of the journal C. H. Dickey tip toed to his seat, and from the appearance of his desk it was expected he would be on hand as usual with a batch of good things for the benefit of the average taxpayer.

Dickey first presented a petition from the lepers at Molokai, setting forth their wants and desires in an extended and elaborate form, all having in view the general betterment of their condition. Judging from the length of the document, the people are decidedly in want of many things to make life worth living. Among the numerous wants expressed in the petition is the following: To have their own district and circuit judge, local government, better food, allowed to import horses, to have all houses white washed and many other matters connected therewith. The petition was ordered printed so that members could have copies to take with them to Molokai.

Kaniloa introduced a bill to abolish personal taxes and to repeal sections 808, 807 and 809 of the Civil Code relating thereto.

Faale gave notice of his intention to introduce a bill entitled an Act to repeal Sections 872 and 873 of the Penal Laws of 1897.

Haahoe introduced bill No. 12 in relation to prohibiting the publication of delinquent taxes.

The rules were suspended to allow Robertson to introduce a bill to repeal certain obsolete laws read by title and passed to print.

Kumalae introduced his bill preventing destruction of property by Board of Health without compensation. Read and passed to print.

Haahoe introduced a bill amending section 814, chapter 59 Civil Laws, Read and passed to print.

House Bill No. 1 was read for the second time. This appropriates \$45,000 for the legislative expenses. Dickey began to speak on this measure when he was called to order by several members of the House. Dickey is a stickler for rules and sometimes gets tripped up. The bill passed its second reading after some minor discussions.

Robertson called for bills from the printers when Prendergast of the printing committee informed the House that the delay was due to not having received the bills in time.

Dickey moved that bids be asked for doing the printing of the House, holding that this was the cheapest and most expeditious way out of the matter.

Emmeluth opposed the motion of Dickey. On vote the Dickey motion was lost. Adjournment was then taken to 1:30 p. m.

A joint resolution was introduced by Emmeluth this afternoon to the effect that the President of the Senate and the Speaker of the House shall supply fifteen copies of the proceedings to the Secretary of the Territory, Henry E. Cooper, as they are approved from day to day.

**GOING TO MOLOKAI.**

Upon adjournment of both houses yesterday, the Joint Molokai committee of the House and Senate met with President Raymond of the Board of Health and arranged details and a list of those who will comprise the party to go to Kalaupapa on the steamer chartered by the Legislature, tonight.

Senator H. P. Baldwin occupied the chair. It was decided that the list of names submitted by the legislative committees to go on the trip, to the Board of Health and a few names offered by that body, should be submitted to President Raymond as coming from the Legislature direct.

The list as finally adopted and agreed upon is as follows: Senate and House members, 45; Senate and House clerks, 2; stenographers, 2; interpreters, 2; invited by the Legislature: President Raymond of the Board of Health, Wray Taylor, Commissioner of Agriculture and Forestry; W. O. Smith, ex-president Board of Health; Dr. Chas. Engels, one representative each from the Honolulu newspapers—Bulletin, Republican, Advertiser, Star, Independent and Kuokoa. It was announced that Superintendent Reynolds would be one of the party. He will act as guide throughout the settlement.

**GOV. DOLE'S OPINION**

**PROCEEDINGS ILLEGAL  
BUT ACTS ARE NOT VOID**

**Would Not Veto Bills Merely Because  
Hawaiian Language Was Used  
in Their Consideration.**

Governor Dole said to a Bulletin reporter today that he would not veto a bill on the ground that it was illegal because the proceedings of the Legislature are being conducted in the Hawaiian and English languages, instead of English as provided by the Organic Act. He qualified this remark by saying that he was making no promises in the matter.

He said while he did not believe the business of the Legislature was being legally conducted, yet he would not say that its acts would be void.

"The American idea of proceedings," said Governor Dole, "is made pretty clear by the manner in which the Congressional Record is kept" and he handed the reporter a copy which he had been perusing. "Of course if the Hawaiian members were limited to the English language the business could hardly be carried on. If the Organic Act had made a knowledge of English a qualification for a seat in the Legislature, then men would have been brought in who could have performed their duties in accordance with the law."

"The matter has come before me in no tangible shape. I have not been in the House, but I hear proceedings are carried on in the Hawaiian language."

"I do not believe the business is being done lawfully but I would not say that the acts of the Legislature will be void on this account."

**Party to Olan.**

A party consisting of twenty-five representative people from the Mainland left this afternoon for the island of Hawaii in the steamer Mauna Loa. They are the guests of B. F. Dillingham and L. A. Thurston, and will have a most enjoyable trip among the sugar plantations and other points of interest on the productive and prosperous island of Hawaii.

The steamer will proceed direct to Hilo at which point the party will diverge to different points of interest.

The second Penthaon athletic contest will be held tonight at 7:30 o'clock in the gymnasium of the Y. M. C. A. No admission will be charged and spectators are invited. The winners in the last contest held December 7, were Elerath, first, with 413½ points; Ben Clark, second, with 408½ points; Falvey, third, 394 points. Elerath has gone to the Coast and will not participate tonight.

On Beretania street this afternoon, Lum Ho, a Chinaman in jumping from a moving street car fell under it and had his left foot crushed so that amputation will be necessary. He was taken to the Queen's Hospital.

THE WATERMAN IDEAL FOUNTAIN PEN. All sizes, all shapes. H. F. WICHMAN.

The Evening Bulletin, 75 cents per month.

**SENATE WANTS A  
DIFFERENT PLACE**

**Walls of Present Chamber Have Very  
Large Ears.**

**COMMITTEE OF THREE  
TO SEE THE GOVERNOR**

**Petition from Lepers at Kalaupapa  
Read and Referred to Molokai  
Committee—Rules Not  
Completed.**

The Senate was called to order on the eighth day at the usual time. After the preliminaries, President Russell announced that the secretary would like to know how many copies of the Governor's message and the estimates were desired by the Senators. On motion of Mr. Achi, the secretary was authorized to order a hundred copies.

Mr. Baldwin reported for the committee of three which had been appointed to confer with the House committee on the visit to the Molokai settlement. He stated that a meeting of the joint committee had been held yesterday. It was then learned that John Ena had made a proposition of furnishing the W. G. Hall at \$250 per day, the NU-hau at \$200 and the Waiialeale at \$175. However, the W. G. Hall was being inspected by the Federal authorities and it could not be stated definitely if she could be sent. Final arrangements had been left in the hands of Representative Hoops. Mr. Baldwin stated that the W. G. Hall would be the best boat as the passengers to Molokai would probably have to remain on board overnight on account of the lack of accommodations.

It had been found that the House had changed its intention of going as a committee of nine members. Under such circumstances, the Senate should appoint a similar committee, say of five members. However, any members of the Legislature, not members of the joint committee, should be allowed to go along.

Mr. Achi asked why it was that the "Lahui Hawaii" had not been included in the list. The editor of a Chinese paper had been another to call on him and ask him for a permit to go. Mr. Baldwin answered that there was no intention to exclude any newspaper. An application to the proper parties would certainly bring about ready permission to go along.

Mr. Baldwin asked permission to read certain petitions, complaints, etc., received from residents and committees at the leper settlement at Kalaupapa. This was granted by unanimous vote.

The secretary read the following petition:

At a public meeting in the Beretania Hall, at Kalaupapa, Molokai, February 20, A. D. 1901, it was resolved that the accompanying petition be placed in the hands of a committee of fifteen members, and praying:

1. That the local management of the settlement be given by a law to be enacted therefor to the persons segregated here;
2. That a liberal appropriation be made to increase the water supply of the settlement.
3. That a steam vessel be purchased for the Board of Health to be used for the transportation of freight from the other islands to the settlement.

(Signed) R. M. KAAOAO,  
Chairman of the Committee.

Mr. Kalaupapa moved that a sub-committee of five be appointed by the President to go to Molokai with a similar committee from the House to investigate matters at the settlement and report. Carried.

The President appointed the following committee: Senators Kalaupapa, Kalue, Kaohi, Baldwin and Kanuha. Mr. Kanuha asked to be excused and Mr. Carter was appointed in his place.

The secretary was instructed to inform the House of the appointment of the committee referred to.

Mr. Cecil Brown moved that the petition from the Molokai people be referred to the Senate Molokai committee. Carried.

On motion of Mr. J. Brown, the resolution relating to a change of quarters for the Senate, introduced a few days ago by Mr. White, was taken up from the table for consideration and read by the secretary.

Mr. Cecil Brown stated that he believed the language of the resolution to be a little to brusque. A committee of three or four members of the Senate should be appointed to confer with the proper Territorial officials in regard to securing other quarters for the Senate. That was the only proper way to do business. The bungalow had been sug-

gested and he had looked into the matter on the outside. After investigation he had found that it was hardly any better than the place in which they were already situated. Mr. Brown then stated that he did not know whether the Senators had the authority to walk in and take possession of any of the property of the United States at present in the care of the Territory of Hawaii.

Mr. Brown then moved that a committee of three be appointed to confer with the proper Territorial officers to see what arrangements could be made for providing other accommodations.

Mr. Baldwin moved to amend to the effect that the introducer be made the chairman of the committee. This amendment was accepted by Mr. Brown.

Mr. White spoke at length on the resolution, saying that the present quarters were totally inadequate to the needs of the Senate. He then asked what the Senate would do when the list of appointees of the Governor should be handed to the Senate for consideration. The walls had ears and there would be no privacy about any of the secret proceedings. He then referred to the draughts that sweep the hall and the liability of the weaker members of the Senate to take bad colds.

Mr. Cecil Brown asked what it was proposed to do in case the Territorial officials should not comply with the request as embodied in the resolution. What authority would the Senate have over the Secretary of the Territory? The result would be that the Senate and the Executive branch of the government would be at loggerheads and this would amount to an upheaval. If the Senate felt it had a right to turn out the Territorial officials, it might feel that it had the right to turn out the Federal officers from their offices in the basement.

After the matter before the Senate had been discussed thoroughly by other members, Mr. White said that he would accept the amendment offered by Mr. Cecil Brown. The resolution then passed with the amendment and the President appointed the following committee: Senators White, Baldwin and Kalaupapa.

On motion of Mr. Cecil Brown, the order of the day was carried and the President instructed the secretary to read Section 88 of the rules which relates to the interpreter.

Mr. Brown moved to strike out Section 88. He wanted to be on record as being in line with the Organic Act. Nearly all of the Republicans got up and spoke on this matter. They expressed their sorrow at having to place themselves on record as voting against the use of the Hawaiian language in the deliberations of the Legislature they could not construe the language of the Organic Act in any other way. Mr. Kalue called attention to the fact that, when the question first came up in the Senate, every one of the minority had voted on it. He could not see why they were now wishing to strike out the section.

On motion of Mr. Carter the eyes and noses were taken and the vote was found to be a solid party vote, the nine Independents registering their vote against the motion.

At 12:10 o'clock the Senate took a recess until 1:30 o'clock.

**OZAKI FINED \$100.**

In the Police Court this forenoon Kaku and Keoni Poe were committed to the Circuit Court for trial on the charge of malicious mischief.

A nolle prosequi was entered in the case of John Nalopi, charged with assault and battery, Mania, same charge, reprimanded and discharged.

S. Ozaki, for violating section 1078 of the Penal Laws, was fined \$100 and costs. His offense was the erecting of a building on King street without first obtaining a permit from the Public Works Department.

Fine Job Printing at the Bulletin Office.

**Steamer Men Will Organize.**

The next month or two will see the organization here of a league of all the steamboat men employed in the inter-island fleets. The object of the association will be the development of a fraternal, benevolent and protective organization which will be confined to the masters, mates, engineers and purser of the vessels. By an organization of this kind those interested in forming the body, claim that such an organization will look out for the rights of its members and in case of wrongs being done them the body will seek redress.

**Charter Committee Meeting**

There will be a meeting of the charter committee of the Republican party in headquarters at 7:30 o'clock this evening. The sub-committee on municipal charter will submit its report.

A dead baby was found this morning in a cesspool in the rear of a Chinese store on Liliha and School streets. Dr. Emerson has gone out this afternoon to investigate the matter.

Fine Job Printing at the Bulletin Office.

**KINDERGARTENS ALL  
DOING GOOD WORK**

**Reports from Plantations  
Also Are Encouraging  
to the Board.**

**DOORS OF MARY CASTLE  
DAY NURSERY OPEN**

**Palama Children Have Sport on Valentine Day and Remember George Washington's Birthday.**

The monthly meeting of the supervisors of the Free Kindergarten and Children's Aid Association was held this morning at the Y. M. C. A. parlors. The attendance was good and the reports showed the work in a progressive condition at all of the kindergartens. The attendance at the Fort street kindergarten, Miss Hawes director, has not been good and a proposition is under consideration to create a new kindergarten at Kamaikapili church, with which the one at Fort street may be united.

A letter was read from Clara Mosser of Maui, which gave good reports of the kindergartens there. There are two now in good running order, one at the Pala plantation and one at the Hamakua-poko plantation. The former is under the direction of Clara Mosser, principal and Mary Tilton, assistant. At the latter, Miss Forbes is principal and Mary Kapili, assistant. The Hamakua-poko school has purchased a piano and the Pala school has a piano, a present from Mr. and Mrs. H. P. Baldwin.

Mrs. J. T. McDonald reported that the Mary Castle Day Nursery was opened last month and that three or four children have already been cared for and as soon as the nursery is better equipped twelve or more children can be taken care of.

The Miller street kindergarten reported good attendance for the month.

The Vineyard street kindergarten asked for sand for use on the children's tables.

The kindergarten recently opened at Kawaiahae church has an attendance greater than the accommodations.

The attendance at the Palama kindergarten has been affected the past month by the rains, but is getting along nicely. A successful meeting of Japanese mothers was recently held. At this school Valentine day was made lively for the children. Washington's birthday was also celebrated fittingly.

Mrs. Renton reported the Ewa kindergarten in a good condition.

The kindergarten at Waiwala was also reported to be doing good, with a fair attendance.

Mrs. Hyde was prevented from being present at the meeting by illness, and Mrs. W. F. Allen presided.

**ASSAULT CASE TRIAL**

**HARTWELL FILES PAPERS  
IN BIG INJUNCTION SUIT**

The trial of Manu charged with assault and battery with a weapon upon Kaomea was taken up this forenoon. Following are the names of the jurors: Albert Barnes, T. H. Petrie, G. W. Clarke, T. F. McTighe, D. G. Camarinos, D. M. Ross, J. H. McKenzie, W. T. Schmidt, P. R. Hahn, C. K. Quinn, D. T. Bailey, J. Spencer.

The case of the Territory vs. Charles Kaeha, charged with assault and battery with a weapon on Kalaupapa, will follow this afternoon.

In the estate of Elizabeth K. Bingham, inventory was filed today by Hiram Bingham and Lydia B. Coan, executors, showing the total value of the estate to be \$3768.50.

Alfred S. Hartwell, attorney for the Hawaiian Commercial and Sugar Company, filed motion today in the Circuit Court to dissolve the temporary injunction ordered February 25, in favor of the Wailuku Sugar Company. The motion is based on affidavits of Henry P. Baldwin, president of the defendant company and A. N. Kepolka, which are attached. The controversy is about the interference of the free flow of the Wailuku river by the defendant as alleged in the bill for injunction.

The trial of Manu charged with assault and battery with a weapon upon Kaomea was taken up this forenoon.

The trial of Manu charged with assault and battery with a weapon upon Kaomea was taken up this forenoon.

Fine Job Printing at the Bulletin Office.

In an answer filed today the defendant admits that it has commenced the digging or construction of a certain tunnel, below or near the bed of the Wailuku stream, but denies that it is digging the tunnel directly towards parcels of land owned by the plaintiff, and also denies that the defendant intends or threatens to construct said tunnel under, through or across the plaintiffs land or to otherwise trespass on plaintiffs' land.

In the estate of M. McInerney the petition of executors for discharge was granted.

The seventh annual account of H. Waterhouse and A. Perry, trustees under the will of J. H. Wood were approved today.

Her Majesty Queen Liliuokalani and John H. Wilson have been granted a reasonable time in which to demur or answer the bill Territory's bill for injunction by Judge Humphreys.

The suit of Wing Chong vs. Margaret V. Carter has been discontinued by their respective attorneys, Cecil Brown and Kinney, Ballou & McClanahan.

The widow, daughter and three sons of the late Michael McInerney have filed a waiver of accounting by the executors and trustees of decedents estate and agreeing to their final discharge.

**A HACK SHIPWRECKED**

**JOHN RADIN AND RIG  
TAKE UNEXPECTED BATH**

**Horse Falls Overboard From Bridge  
and Driver and Hack Follow--A  
Dangerous Place for  
Vehicles.**

John Radin and his hack were shipwrecked this morning at the navy wharf.

Aside from the damage done the hack and the injury done John through fright nothing serious occurred.

The hack driven by Radin was approaching the wharf from the Esplanade. To get onto the wharf it is necessary to cross a bridge. This is a narrow structure and unguarded by rail or fence of any kind. There is water on either side of the driveway which is about six feet above the surface.

When the horse, Radin was driving, got on the bridge he shied and tumbled off into the water taking hack and driver with him. Radin cannot swim so as soon as he found himself in the water he crawled up on the top of the hack and yelled for help. Attracted by his cries a crowd soon collected and the work of rescue was begun. By a liberal expenditure of money John soon had a gang at work getting the horse and hack separated and then getting them ashore. After about an hour's work this was accomplished. The horse was slightly cut and the hack pretty badly jarred. When the whole cost of the involuntary bath in the bay is figured up Radin will be out about \$100.

The accident this morning is the second of the kind that has happened within two months at the same place. If the driveway is left in its present unprotected condition until someone is killed the parties responsible for the condition of the place will have a big damage suit on their hands. A day's work by the superintendent of public works would put the bridge in a condition of safety.

 There will be a special meeting of Hawaiian Lodge, No. 21, F. & A. M. this evening at 7:30 o'clock.  
 Henry H. Williams, the progressive undertaker, is enlarging his undertaking parlors and adding largely to his stock.

'A Mant Without a Fault' will be the subject of Dr. Chapman's discourse before the Y. M. C. A. Sunday afternoon at the usual hour.

If there is anything wrong with your Kodak or camera, take it around to the repair shops of the HONOLULU PHOTO SUPPLY CO., they will make it new for you.

The concert by the department of music at Oahu college under the direction of Prof. Ballaseyus, takes place in Pauahi hall this evening, beginning at 8 o'clock sharp.

There was an exceptionally large attendance at the band concert on the grounds of the Hawaiian Hotel last evening. The music was excellent and was very much enjoyed.

Great preparations have been made for the dance in the boat house of the Henlani Boat and Yacht Club this evening. A large number of young people have expressed their intention to be present.

Henry Kahana, a member of Co. E of the local militia who died last Wednesday, was buried in Kawalahao cemetery yesterday with military honors, a escort from the company to which he belonged being present.

Those wishing reliable horses, experienced drivers, new rigs, fair prices and courteous treatment should call at the Territory Stables. Their telephone number is Main 35. They deliver and call for rigs free of charge.

Every member of the Woman's Home Missionary Society of the Methodist church is asked to be present at the meeting to be held in the church parlors at 2:30 o'clock this afternoon. Important business is to be transacted.

An alarm of fire was turned in at about 10 o'clock yesterday morning from the Elite building on Hotel street. A mattress and some bedding were ignited by the explosion of a gasoline stove in the dental parlors upstairs.

There is to be a big mass meeting of young people's Christian societies of the city in Central Union church next Thursday evening. Arrangements are now being made for the occasion. The call is issued to every one, irrespective of denomination.

A meeting of those interested in the formation of an anti-saloon league in the city will be held in the Y. M. C. A. this afternoon. Another meeting will be held in the same place this evening. Dr. Chapman will be present for the purpose of laying down a line of action in regard to the establishment of such a society in the city. The afternoon meeting will be at 4 o'clock and the one in the evening at 7:30.

The following were among those present at the Macy-Hunt wedding Wednesday evening: Mr. and Mrs. Seely I. Shaw, Mr. and Mrs. J. W. McDonald, Mr. and Mrs. George Smithies, Mrs. C. F. Bush, Samuel Nowlein, Mr. and Mrs. C. A. K. Hopkins, Mr. and Mrs. C. H. Rose, Mr. and Mrs. W. M. Bush, Misses Ululani and Alice Smithies, Mr. and Mrs. Bannister Mr. and Mrs. Silva, J. D. Almoku. The newly wedded couple will spend their honeymoon at Waialua.

'The Stones Crying Out' was the subject of Dr. Chapman's lecture in the hall of the Y. M. C. A. last evening. The seating capacity of the hall was taxed to its utmost and those present had the pleasure of listening to a very instructive lecture. The talk dwelt particularly on archaeological research and the speaker insisted that in every instance where there was doubt cast on the Biblical assertions regarding historical truths, a verification could always be found in the inscriptions and other evidences coming to light daily.

The Ladies' Aid Society of Central Union church gave a most delightful tea at the home of Mrs. J. B. Atherton on King street yesterday afternoon. There were over three hundred guests present. The Atherton home was most beautifully decorated for the occasion. Mrs. Atherton, the hostess and president of the society, was assisted in receiving the guests by Mrs. C. E. Damon, Mrs. Westervelt, Mrs. N. B. Emerson and Mrs. McCheoney. Tea and dainty refreshments were served on the lawn. Many visitors from the Coast were present.

### TO INVESTIGATE TAXES

#### MR. EMMELUTH CALLS FOR JOINT COMMITTEE

**Senate Has a Smile Over the Rules But Moves Ahead—Short Afternoon Sessions in Both Houses.**

There was nothing done in the Senate yesterday afternoon but the consideration of the rules and the members showed a disposition to get through with them as soon as possible. Such despatch was shown that by 2 o'clock the eighty-seventh rule had been reached, thus leaving about fifteen more to the end. At this point, the motion to adjourn was made and carried, the Independents wishing to go into caucus on some important matters. Quite a little fun was occasioned in the Senate by an amendment offered by Mr. White which, if adopted, would have allowed the President to walk about on the floor of the House or do anything else while putting motions Mr. Aehl (Rep.), arose and seconded the motion and the Republicans and two Independents voted for the amendment. Mr. White saw his mistake and then moved to reconsider. The Republicans voted against this and the President announced that the noon had it. However, a division was called for and it was then found that the Independents were unanimous for reconsideration. Mr. White withdrew his amendment. There were several spirited little tilts over small amendments proposed but these did not last long and the rules went along flying.

### COMMUNICATION.

Editor Evening Bulletin:—As I see by your issue of today, that the Board of Health is discussing the advisability of refusing an entry to consumptives, to our shores, on the plea of the infectiousness of the disease. I beg leave to state my personal experience as to said infectiousness.

I arrived in Honolulu some twenty odd years ago with a husband who had then been sick from pulmonary causes about six years. The disease was not hereditary but came through climatic influence. However, he succumbed to it after two years from his arrival here. I occupied the same bed in a small room with him, to within six nights of his death, viz., during all the time of the heavy night sweats, contrary to the advice of our physician, who is now alive and in this city. That is now eighteen years ago. Since then I have attended other consumptives as a friend, till their deaths, and have never contracted the disease but am strong and healthy. Some may object to this, saying, "you might do this whilst others could not do so, with impunity." To this I answer, I was peculiarly susceptible to the disease having been declared by able physicians to be suffering from chronic bronchitis, to such a degree as to be pronounced incurable. I trust that our Board of Health will not pass such an inhuman and in my idea unnecessary law as the above mentioned one, but in the interests of suffering humanity I implore others who have had similar experience to myself, to now come forward and make them known to the public, and our lawmakers. For as the old saying goes, "One fact is worth a thousand arguments," and we note of us know when our turn may arrive to be hunted from here, and driven from there, and not even to be left to die in peace.

MRS. W. H. SMITH.  
 Carlton House, Kukui street.  
 Honolulu, Feb. 28, 1901.

### COMMUNICATION.

Editor Evening Bulletin:—I would ask Dr. E. S. Chapman who is here for pelf with his see-sawing old mouldy worn-out theory of prohibition, the following simple question. How can a person claim to be a Christian and at the same time advocate prohibition, when God is on record in opposition to prohibition. I will again ask the would be saloon smasher and the man who would create a hell in the happy homes of many good women, by leading them into the hellish ring of politics as they exist today in making them voters, if he is acquainted with any of the following pulpit pounders quoted from the San Francisco News Letter some two years or so ago. Here it is, Mr. Chapman! "There is Brother Brown of San Francisco, up for adultery, and Brother Colburn also, of San Francisco, arrested for a crime that is unspeakable, a parson in jail at Oakland for stealing a stereopticon, and the parson in jail at San Jose for stealing a girl, and the parson in jail at Stockton for swindling a rancher, and the parson in Portland who robbed a bank." Can Mr. Chapman find any such notorious rascals among saloon keepers? Nary time. Here is my honest opinion of Parson Chapman. He preached of the suffering that's found in the slums. Where the dregs of the city are; And then he goes home to his turkey and pie. Light wines and Havana cigar. SIMPLE SIMON.  
 Honolulu, Feb. 23, 1901.

Cheap labor means cheap work. The Bulletin Publishing Co. employs men of experience and artistic skill in the job department. That's why we are turning out the best job work in town.

FRIDAY, MARCH 1, 1901.

Bottled up by the ten minute rule the oratory of the Senate ought to be quashed in force for the short time it is let loose.

If it is constituents that should give force to legislative arguments, don't forget that Senators Cecil Brown and Clarence Crabbe received the largest vote of any of the men voted for at the last election.

The splendid record of the steamship Sonoma on her first regular trip shows that the popular Chief Engineer Little has not lost his hold on the reputation of being one of the best men behind the engine who comes into this harbor on ocean liners.

The man who criticises Dr. Chapman because certain preachers have been known to go astray, may be expected to tell the Angel Gabriel of men he has known who blew trumpets in churches just because they were paid for it.

Should the Senate insist on moving into new quarters, the Governor may inform members they must pay rent because public buildings are United States property. Such an attitude would be about as sensible as the position taken towards Federal officers.

Ownership of the tug Elen is fast becoming a howling farce to which the legislative wrangles don't hold a candle. When the executive officials gyrate, turn somersaults, and play hide and seek with Federal authorities how can we expect that Hawaii's reputation for good house American sense will be increased.

The steady progress of the kindergarten is a sign of the times that makes for future welfare with more certainty than possible or probable expansion and profit in trade or commerce. With the children set on the right educational track the problems of the future are sure of intelligent thought.

The introduction of such important measures as those relating to municipal government, taxes and the fire claims early in the session augurs well for the speedy dispatch of public business. If there is to be a serious clash between the legislative and executive authority the sooner the discovery is made and the question put to the test, the better.

As a decisive agent in the scheme of decentralization the present Legislature bids fair to gain a high degree of prominence in local history. This is one of the first and most important duties that can be fulfilled in an American Territory. The shock of revolutionary measures may cause hard names to be called, but future generations will rise up and heartily applaud the men active in releasing the people from the bondage of centralized power.

Hundreds and even thousands of homeseekers are pouring into Washington, Oregon and California, drawn thither by the low rates of transportation made by the transcontinental railways for the specific purpose of bringing in settlers to make their homes in the western country. Is there contained in this no timely suggestion to the people of Hawaii who honestly desire to bring to this Territory a class of immigrants who will build up the country, make their homes here and become desirable citizens? What California and the Western States are doing, Hawaii can do, if it will but go about the matter in an honest, straightforward, aggressive manner.

The minority is trying to break up the solid majority of the Legislature and thereby gain its ends. Of course it is. This is the plan of every political minority in every legislative body, and majority allegiance to principle, and party promises is thereby tested to its fullest extent. The sharp alignment of parties in the Legislature is one of the best things that could happen in our law making body. It centralizes responsibility on the party, makes its representatives more thoughtful and careful and demonstrates that under our new American conditions a political party stands for something more important and more serious than a mere piece of machinery by which individuals may ride into power.

**GARBAGE CONTRACT SERVICE.**

President Raymond in his report for the Board of Health advocates turning over the garbage an excavator service to private parties under contract. The advantages to be gained by contracting for this service are detailed as follows:

- 1st.—A much better service by reason of the responsibility resting with the contractors, who will be able to handle labor better than the government.
- 2d.—Saving of money to the tax payers.
- 3d.—Divorcing the department from politics.
- 4th.—The company handling the

garbage will be able to meet any emergency and will provide amply for the rapid growth of the city, as it will be to its advantage to get all the business it can.

Dr. Raymond's details are not sufficiently specific to analyze thoroughly and in view of the experience in many cities where public work has been turned over to private corporations, it is easy to meet the assertion of benefits by equally positive denials.

The whole tendency of the times is toward increasing government ownership and control, a tendency influenced by numerous failures and increased expense occasioned by putting public business in the hands of private corporations. One of the chief sources of corruption in all governments of the present day is found in the contract system. Governments are taking their work out of the hands of corporations, and find that the taxpayer is thereby benefited, the work done cheaper and better, and politics eliminated.

No corporation will take over this garbage service without a good profit in sight. Is it not then to the advantage of the taxpayer that the government continue to carry on this system at cost price, and the corporation profit be saved to the taxpayer?

**UNDERGROUND WIRE BILL.**

When properly amended the Hoops underground wire bill will be one of the best of the minor progressive measures presented in the Legislature.

Honolulu has had its fill of overhead wires, the consequent destruction to trees, danger from live wires and the marring of beautiful avenues by a mass of telephone and electric light wires strung with careless profusion on ugly poles. By virtue of the very general use of the telephone there are few if any cities of the size of Honolulu where the streets are more numerous and in wired regalia. There is no city where absence of these wires on public thoroughfares will do more to enhance the beauty of the already attractive streets.

As previously intimated by this paper, this bill deals with future corporations proposing to do business in the city. The first amendment then should be drawn with a view to placing all wires present and future in underground conduits. This bill includes electrical wires only. It should include telephone wires as well. The proposition is that the law is to be enacted for the benefit of the city in general and no corporation or corporations in particular.

In carrying out the idea of public benefit it will be necessary to strike out that portion of the bill which refers to the size of the plant, with "a capacity sufficient to continually supply for public use 10,000 lights of 16 candle power each." This section in fact gives rise to the very natural query as to which electrical company's office first suggested the measure. Let every wire of whatever capacity and whether from a fat corporation or Jim Crow plant follow the same underground course.

Finally, in order that every corporation using wires for the transmission of energy or messages may stand on an equality, the measure should be so amended as to place the construction and control of the wire conduits in the hands of the government, Territorial or city. Each and every person should have full rights to use these conduits on the payment of a stipulated rental to the government which shall be sufficient to pay for maintenance and in the course of a term of years pay for the original cost of construction.

With these amendments this measure will be highly satisfactory and highly beneficial to this community, a credit to its sponsor and the legislators by whose vote it becomes a law. The introducer might not recognize it in the amended form, but the adoption of the suggested changes will assure him a place among the progressive leaders of the country. The improved appearance of the streets and equality of all persons desiring to enter the wiring business would indeed be sufficient reward for the thoughtfulness and foresight displayed by the Territorial law makers.

**MAKAWELI PROGRESSING**

The annual meeting of the stockholders of the Hawaiian Sugar Company met yesterday at the rooms of the Chamber of Commerce.

The report of the president, H. P. Baldwin, stated that drought in the mountains at the head of the water supply the past year had been less favorable for the growing crops than the year before. The yield is estimated at 15,265 tons for the present crop. The 1901 crop will be taken from about 2600 acres.

The labor problem has not seriously embarrassed the plantation and no difficulty is anticipated in being able to keep up the work of the plantation in all lines.

The prospect is good for securing several hundred acres of new land from Messrs. Gay & Robinson and for taking out the Makaweli stream at a higher level.

The treasurer reports net earnings for the past fifteen months of \$409,504, dividends paid, \$750,000; surplus, \$187,870.

The officers elected are H. P. Baldwin, president; W. M. Giffard, vice president; W. L. Hopper, secretary; J. P. Cooke, treasurer; W. G. Taylor, auditor. The directors are H. P. Baldwin, C. M. Cooke, W. G. Irwin, W. Pfothauer, W. L. Hopper, R. Carlton and J. P. Cooke.

**A New Specialist.**

In another column appears the professional card of Dr. W. G. Rogers, specialist for complaints of the eye, ear, nose and throat. The doctor spent last year in Europe, taking his post graduate course in his specialties and comes here with a complete equipment for the treatment of these diseases.

Some of the apparatus he has is most interesting. One machine, just received is for the treatment by spraying of catarrhal troubles. Compressed air creates the spray and forces it into the nostrils through a rubber tube. The containers for the liquids are glass and all the connections hard rubber so that the spray nowhere comes in contact with a metal surface.

Another machine for the treatment of deafness alone effects many cures in cases formerly considered incurable. An intermittent air suction massages the ear drum and has a wonderful effect.

Dr. Rogers is alone here in his special lines and with the modern, scientific methods he employs should easily secure a large practice.

The fourth entertainment of the Kiloahua Art League literary circle will be held tomorrow afternoon at 3 o'clock in the League rooms. Mrs. Harold Mott-Smith will talk on the subject: "A Little Trip through the Netherlands."

**\$300.00 down. \$40.00 per month.**  
If this doesn't beat paying rent, what does?  
See plans and learn particulars from  
**Chas. E. Moore & Co.,**  
Room 8, Magoon Block, Merchant and Alakea Sts.  
1746-11m  
**For Sale.**  
Large tract of land situated in Nuuanu Valley, Honolulu, containing 20 acres, more or less, and known as the Nuuanu Pali Saon premises, with buildings and other improvements.  
Grounds cultivated with fruit trees, etc. A bargain.  
Apply to A. G. CORREA, 15 Kaahumanu St. 1702-1f

**1200 Lots 1200**  
... IN ...  
**Kapiolani Tract**  
**FOR SALE**

The Kapiolani Tract extends from King street to the Beach. A road 60 feet wide will be opened on the east side of the property adjoining the Kamehameha Girls' School; said road will extend to the sea.  
Cross-roads will be opened between blocks. Every lot will have a frontage on a road. The elevation varies from forty feet high to ten feet high above sea level.  
No swamps around the premises. No freshet will enter the property.

There is an offer to buy a part of the property by a great manufacturing company. The chances are the offer may be accepted. There is every reason to believe that the prices of lots will increase in a short time. The owner of the property will give all chances to purchasers to make money on their investments.

The ground is superior to any tract in the market. The premises are situated within one mile and a half of the Postoffice.

The Government water pipes are laid along the upper portion of the property.

The prices are the cheapest of any tract within two miles from the center of the city.

The terms which will be given to purchasers will be the best ever given by any real estate dealer or broker during the last twenty years in Honolulu.

For terms or more particulars, apply to

SEMI-ANNUAL REMNANT SALE

THIS WEEK, FEB. 25-MARCH 2

Remnant Week never occurs but twice a year here.

Never make Remnant Week till we're ready—then we do it forcibly. As carefully as we do any other part of our business.

Measure up every remnant and dress length—Silks to Calicoes, Laces, Lawns, Batistes, Organdies, Cambrics, Gingham, Sheetings, Shirtings, Ribbons to Linings—nothing but what's carefully measured—yards and price on each in plain figures—so you can practically wait on yourself

The 1900 year's business in this store amounted to many thousands more than in any year before. Hence, more remnants—and as to price, this Remnant Sale—the first of the new century—and we propose to make the greatest and most important ever seen in this city.

Those who don't know how our sales are conducted will be well paid to come in this week.

More Registration Deputies. Ten more deputies for registration will be appointed some time this month to travel on the other islands and register the Chinese population of those places. These men have not yet been picked but will be commissioned in time to get away by March 15. One or two deputies will be sent to Kahuku as soon as the Chinese at that place secure photographs. The delay in the work if any occurs will be on account of the Chinese not being photographed. Only one trip will be made to the various points and all should have their photographs in readiness. After the trip is made to outside points by the deputies all Chinese who fail to be ready for them will have to come to the Honolulu headquarters.

RIGHTS OF GOVERNMENT TO GRANT FRANCHISE

Following is the Opinion Rendered by Attorney General Dole on the Right of the Superintendent of Public Works to Grant Rights to the Century Telephone Company.

Territory of Hawaii, Office of the Attorney General, Honolulu, H. I., February 28, 1901.

Hon. J. A. McCandless, Superintendent of Public Works. Dear Sir:—The Century Telephone Company, Limited, a Hawaiian corporation, having applied to you for permission, under Chapter XLV of the Laws of 1874, to construct its telephone lines upon and along the highways and public roads and across the lands and waters of the Territory.

I have the honor at your request to submit the following opinion relative to your power in the premises: The question is logically divided into two questions: First—is this an application for a special privilege or franchise such as the legislature itself cannot grant without the approval of Congress? Second—if it is, has the Superintendent of Public Works greater power in the premises than the legislature has?

Section 55 of the Organic Act declares: "That the legislative power of the Territory shall extend to all rightful subjects of legislation not inconsistent with the Constitution and laws of the United States locally applicable." But the legislature shall not grant to any corporation, association or individual any special or exclusive privilege, immunity or franchise without the approval of Congress.

Blackstone defines a franchise as "a royal privilege or a branch of the king's prerogative subsisting in the hands of a subject." Franchises are certain privileges conferred by grant from government and vested in individuals.

The Supreme Court of the United States defines franchises as follows: "Franchises are special privileges conferred by government upon individuals and which do not belong to citizens of the country, generally, of common right. It is essential to the character of a franchise that it should be a grant from the sovereign authority, and in this country no franchise can be held which is not derived from the law of the state."

"Generalized and divested of the special form which it assumed under a monarchical government based on feudal traditions, a franchise is a right, privilege or power of public concern which ought not to be exercised by private individuals at their mere will and pleasure, but should be reserved for the public control and administration, either by the government directly or by public agents acting under such conditions and regulations as the government may impose in the public interest and for the public security."

No private person can take another's property, even for a public use, without such legislative authority, which is the legislative domain can only be exercised by virtue of the legislative grant. This is a franchise. No persons can make themselves a body corporate or politic without legislative authority.

"California v. Pacific R. R. Co., 127 U. S. 40. Ashley v. Ryan, 153 U. S. 441. "It is a franchise to be empowered to build a bridge or keep a ferry over a public stream with the right to demand tolls or ferries, or to build a mill upon a public river and receive tolls for the grinding, etc.; but the franchise consists in the incorporeal right. The property acquired is in the franchise." Tuckahoe Canal Co. v. Tuckhoo R. R. Co., 11 Leigh (Va.) 78.

In Jersey City Gaslight Company vs. United Gas Improvement Company, 46 Federal Reporter 264, a statute provided that: "Every telegraph, telephone, cable or electric light company; every express company not owned by a railroad company and otherwise taxed; every gas company; every palace or parlor or sleeping car company; and every oil or pipe line company; and every fire, life, marine or accident insurance company doing business in this state (New Jersey), except mutual fire insurance companies, which do not issue notices on the stock plan, shall pay an annual tax for the use of the state by way of license for its corporate franchise as thereafter mentioned." It was held that this statute imposed license fees for the exercise of corporate franchises.

Where the words privilege and franchise are used, as they often are, in a broader and more popular sense, they are divided into general and special. Special franchises correspond to the definition of franchises given by the Supreme Court in Bank of Augusta v. Earle, 13, Peters 595, above quoted.

"A special privilege or franchise is not necessarily exclusive." In re Union Ferry, 98 New York 139. A privilege or franchise which, under like conditions may be given to one and withheld from another as a matter of discretion, is, beyond question, special. Special is defined in the Century Dictionary as follows: "Of or pertaining to one or more of a kind; peculiar to an individual or a set; not general; particular; individual."

Messrs. Kinney, Ballou & McClanahan, who have furnished an able brief in behalf of the applicant, claim that they do not ask that Chapter XLV of the Laws of 1874 does not contemplate the granting of a special privilege or franchise.

words forbidden to grant it, I think granting it by him would be contrary to the spirit and purpose of the Organic Act. The application of Section 55 of the Organic Act relative to special or exclusive privileges, immunities or franchises accords the powers of the territorial government, the material interests of the business community and the development of the Territory in many ways, and to an extent which it is hardly possible to foresee. It appears quite certain that it will lead to difficult questions as to the exact dividing line between special privileges and franchises, and rights which are not such special privileges or franchises and yet more or less closely resemble them. These questions will have to be met as they arise.

The foregoing opinion is based on the application under Chapter XLV of the Laws of 1874 for what is understood to be a franchise running with the life of the corporation. I express no opinion as to whether anything less than this can be given. Very respectfully yours, E. P. DOLE, Attorney General.

Filipino Federal Party Platform

Manila, Dec. 25.—The recently formed Federal party, whose platform was promulgated on December 31, has issued the following announcement: "It soon will be two years that this insurrection has gone on in the islands, and every day that passes convinces the Filipinos that the time for peace has arrived and everyone knows the beautiful words of the celebrated statesman: 'No war is good, no peace is bad.' The Filipinos, in a common body, in a decided and firm movement, have proposed by all possible means to have peace, and to work for the early establishment of a civil government that will be conducive to an era of liberty, order and tranquility."

"The Philippine people are more interested than any one in the world in their own happiness, and the people, wishing to get peace in the most appropriate way, may organize the new constitution of our country by industry, agriculture and commerce, by which they may enter into the true era of liberty and prosperity to which, certainly, we shall soon come."

"For this we have the dear wish to propagate the idea of peace. We do not wish an egotistical grouping of politicians, but we desire a reunion of all Filipinos who honestly wish for peace and are disposed to work for it. "Our aspirations appear clear and are practically enunciated in our platform, and we will endeavor to sustain it as Filipinos who have for our happiness and, consequently, for our country, the greatest liberty and for the future the absolute application of the American constitution, with all the rights that are enjoyed by each city of the great republican federation."

"For this, we call ourselves Federal, because, under American sovereignty the most just and unanimous aspiration of the Filipinos will be to form a part of the federation and be constituted a sovereign, free state in the same form as exists in the United States."

"Consequently, with these principles to guide us, it is not required to determine elements nor friends, only to all our brothers, to all Filipinos, we open our arms so as to be victorious, now that peace will be established."

CANT EAT ONIONS

Chicago, Feb. 10.—The Chicago City Railway Company, controlling a large portion of the surface traffic of the city, has issued an order to its conductors prohibiting them to eat onions prior to going on duty. This order is the outcome of vigorous complaints made by fashionable female partons of the road, who have informed the management that they have not only been annoyed by the practice, but that the odor of the offensive vegetable has clung to their costumes, making them victims to horrible suspicions on the part of their friends at afternoon receptions and matinees.

The order, while not demanding that conductors abstain altogether from the use of onions, gives no time limitation, and the men will have to figure out for themselves how many hours they may allow before going on duty for all traces of the indiscretion to disappear. The employees are considerably wrought up over the attempt to circumscribe their choice in the matter of food, and believe that the order is only another step toward a total demolition of their personal liberty by grasping corporations. They claim that if the eating of onions is really an evil from the effects of which street car patrons ought to be shielded, the company should go a step farther and order its conductors to eject all who bear evidence that they are addicted to the habit, along with drunkards and similar public nuisances.

Rheumatism has been cured in a multitude of cases during the past six years by PAIN-KILLER. This potent remedy rubbed vigorously in and around the suffering parts, will relieve all stiffness, reduce the swelling, and kill all pain. The most stubborn cases yield to this treatment when persevered in. Avoid substitutes, there is but one Pain-Killer, Perry Davis', 25c and 50c.

SEATTLE BEER. The ever popular Rainier beer is becoming a household word and "will you have a glass of Seattle," is more often heard than anything else. The Criterion Saloon has the beer on tap or in bottles.

messages in plain language will be accepted for transmission between the places mentioned below:

Honolulu, Oahu  
Ka Laau, Molokai  
Maunaloa, Lanai; and  
Lahaina, Maui.

The charge for such messages will be at the rate of 20 cents per word of 15 letters until further notice.

When telephone connections are available messages may be handed to the telephone company to be forwarded to destinations other than those mentioned above.

In other cases special messengers will be employed.

The cost of special delivery is not included in the charge at 20 cents per word. If the cost is known it must be paid by the sender when the message is handed in. If unknown, it must be paid by the addressee when the message is delivered.

Honolulu Office, Magoon Block, UPSTAIRS.

### LOCAL AND GENERAL

The bark *Ceylon* left for Laysan Island yesterday.

Rev. Alex. Mackintosh was one of the visitors in the Senate this forenoon.

W. F. Goad after several weeks' stay in Honolulu with friends left in the *America Maru* for home.

The *Waialeale* from Kauai arrived yesterday. She was in command of Captain Simerson of the *Mauna Loa*.

The adjourned annual meeting of the Honolulu Sailors' Home Society will be held tomorrow at 10:30 o'clock at the room of the Chamber of Commerce.

The *Zealandia* which left for San Francisco last night took no passengers. She will return here with another load of immigrants about the 15th inst.

J. F. Springer, a son of Congressman Springer, who for some time has been employed in the Customs House resigned his position yesterday and will return to his home.

Alexander & Baldwin agents for the British-American Steamship Company say they have received no information regarding the withdrawing of the *Seattle* steamers. The steamer *Centennial* is expected here about the 8th inst.

The *Keaouhu* returned yesterday from Honolulu. She left here on February 22. On the trip, a boat was badly smashed and its load of freight lost. The *Keaouhu* brought 4000 sacks of sugar which were put into the *Zealandia*.

The *Zealandia* got away yesterday before the time set and so she did not take a mail. The mail wagon arrived at the wharf when the big steamer was in the stream. The mail was sent in the *America Maru* this morning and in all probability will reach San Francisco ahead of the *Zealandia*.

### NEW TO-DAY

#### Honolulu Sailors' Home Society.

The adjourned annual meeting of the above society will be held at the room of the Chamber of Commerce TO-MORROW SATURDAY, THE 2ND OF MARCH, 1901, at 10:30 a.m., to be followed by a meeting of the Board of Trustees.

FACTORY ON THE PREMISES.  
**A. N. SANFORD,**  
GRADUATE OPTICIAN,  
Boston Bld., Fort Street

IN THE CIRCUIT COURT, FIRST CIRCUIT, Territory of Hawaii. At chambers, in probate, in the matter of the estate of Jacob Jurensen, deceased. On reading and filing the petition and accounts of the administrators of the estate of said deceased, wherein he asks that his accounts be examined and approved and that a final order be made of distribution of the property remaining in his hands to the persons thereunto entitled, and discharging him from all further responsibility as such administrator.

It is ordered that Monday, the 15th day of April, A. D. 1901, at ten o'clock a. m., at the Court Room of the said Court at Honolulu, Island of Oahu, be and the same hereby is appointed as the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may prevent evidence as to who are entitled to the said property.

Honolulu, February 27, 1901.  
By the Court, GEORGE LUCAS, Clerk.

From Kauai, per stmr Waialeale, Feb 28 — O Isenberg, wife and 2 children, Mrs M Noltemier, H C Halseson, C Gay, Mrs O Sakahara.

### PASSENGERS DEPARTED.

For San Francisco, per T K K America Maru, March 1 — Mrs S Phillips, Miss Phillips, S Phillips, W F Good.

### SHIPPING NOTES.

The Norwegian bark *Fantasi* goes to the railroad wharf this afternoon.

The schooner *Transit* will discharge at the coal wharf foot of Fort street.

There were twelve Japanese on the *America Maru* this trip. Her cargo for this port consisted of 833 tons of general merchandise.

When the *Keaouhu* left Honolulu on Tuesday the steamer *Heiene* was at Hilo. There were 60 bags sugar at P. S. M., 7000 at H. S., 9000 at H. A. Co. and 7000 at Diamond.

On account of an accident to the steering gear of the launch *Waterwitch* yesterday, the *Fearless* will tow the garbage scows while the United States steamer *Eleu* is attending to the business of a private firm at Kona.

It is possible that the big freight steamer *America* will sail for Kahului this afternoon to complete her cargo of sugar for New York. From Kahului she goes to Hilo. She takes about 4000 tons from here.

### Bronze Medals for Sailors.

Washington, February 15 — The House Committee on Naval Affairs to-day reported favorably the Senate joint resolution giving bronze medals to the officers and men of the North Atlantic squadron participating in the battle of Santiago Bay.

### Three Vessels With Coal.

Three coal vessels arrived yesterday from Newcastle. The bark *Fantasi* brings 1827 tons. She was eighty days on the trip. Captain Petersen is accompanied on the vessel by his wife whose name appears on the ship's articles. The schooner *Transit* brings coal to the amount of 885 tons. She was 69 days on the voyage up. Captain Jorgensen is accompanied by his wife and two children. The schooner *Olga* has 740 tons of coal. She made the run in 63 days, all the vessels are here to order.

### Steamer and Sailors Depart.

Quite a fleet departed this morning for the Coast. The first to get away was the Norwegian bark *Passepartout*, then the schooner *Charles J Falk*. A little before noon, the *Hadyn Brown* was towed to sea and, this afternoon, the *James Drummond* departed.

A little later than the time set for sailing this morning, the *America Maru* pulled out for San Francisco. Soon after leaving the wharf, a stowaway was discovered aboard. He was thrown over the side into the water but as he was only a white dog, he didn't seem to mind the treatment and swam ashore and shook himself.

The weekly edition of the Evening Bulletin gives a complete summary of the news of the day.

### WANTS.

Ad. in this column will be inserted at 10 cents a line one insertion; 25 cents for two insertions; 40 cents one month. This is the cheapest advertising ever offered the people of Honolulu.

#### RACE IN PROSPECT.

If nothing detains the *China* and *Sierra* on their next trip to San Francisco they should both leave here on April 2d. In case they do, the *China* will try to get to San Francisco first. With the *China* against her, the *Sierra* will have to get a move on herself to make her reputation as a fast boat good. On her last trip up she made the trip in less than six days with only one engine.

#### KODAK FINISHING.

It is a case where, honest work brings its own reward. KING BROS., who have lately gone into the photographic business, as a branch to their Art Store, are meeting with remarkable success in the Kodak Finishing Department.

This is due to following the motto: "A thing worth doing, is worth doing well." The result is, everyone who knows the difference, is satisfied.

To those who don't know, an invitation is extended to look into the matter.

KING BROS.,  
120 Hotel Street,  
Corner of Union.
