DIRECTORY

OF THE UNIVERSITY OF HAWAII AND OF
AFFILIATED, INDEPENDENTLY SUPPORTED
INSTITUTIONS ON THE CAMPUS • PUBLISHED
NOVEMBER 1948 FOR THE COLLEGE YEAR

1948-1949

THIS DIRECTORY lists alphabetically members of the University community, including the staffs of the University of Hawaii Agricultural Experiment Station and the Co-operative Extension Service in Agriculture and Home Economics, and the staffs of the following affiliated, independently supported institutions situated on the campus: the Pineapple Research Institute of Hawaii; the United States Bureau of Entomology and Plant Quarantine, Honolulu Laboratory; the Bureau of Mental Hygiene of the Territorial Board of Health; the Hawaii School of Religion. It does *not* list any of the following: persons on indefinite leave of absence; instructors who teach only evening courses; instructors who teach only non-credit courses; minor workmen, messengers, and maintenance and service employees; or students, including those who are intern or probationary teachers in University Preschool Unit, Elementary School, and High School.

Daggers (†) precede names of persons whom the University employs on a part-time basis.

Asterisks (*) precede names of persons not on the University payroll at date of publication. Among such persons are (a) emeritus members of the instructional staff; (b) individuals whose part-time services as members of the instructional staff are given to the University by other institutions in Honolulu; (c) members of the staffs of the Pineapple Research Institute, the Bureau of Entomology Laboratory, the Bureau of Mental Hygiene; (d) certain persons on leave; and (e) members of the Board of Regents.

Information appears in the following order: name; office address; title or titles; residence address; telephone number; if the person is married.

Note on addresses in this issue of the Directory: Zone numbers for the city of Honolulu are in process of revision and therefore have been deleted from all addresses. Mail addressed to the University is now delivered by carrier; the University no longer has a post office box.

The designation "Faculty Housing" followed by a letter alone—as E, G, I, etc.—indicates that the address is in the studio apartment area mauka and ewa of the fountain; if followed by a number and letter—as 1-A, 5-D, etc.—the address is in the apartment area mauka of Farrington; when designated by a number alone—as 7, 19, 23, etc.—the address will be found among the houses in the area adjoining Cooke Field and ewa of the Agricultural Engineering Institute.
