Men Rise To Champion Cause Of Schools

County Supervisors In School Matter Are Inconsistent

TRENT TALKS ON DOUTHITT'S OPINION

County Treasurer Richard H. Trent, interviewed by a Bulletin reporter this forenoon, on the proposition of the County rendering financial assistance to the public schools of the Territory and the County Attorney's opinion to the effect that the County was powerless to help, had the following to say: "I have read with much interest County Attorney Douthitt's opinion, as published in this morning's Advertiser, on the subject of County appropriations to public schools. Mr. Douthitt is very positive in his statement that in his opinion the County has no right to appropriate any of its funds for the maintenance of the schools as they now exist.

"While I have no disposition to question the soundness of the County Attorney's reasoning, yet I am very sorry indeed that he finds the law as

it is, for in his view of the law in the case be the correct one, it not only means that the County is helpless to render much needed aid to the public schools, but a consistent following of the advice he has given will probably force the County fathers to discontinue appropriations for the maintenance of Kapiolani Park.

"Last year something like \$4500 of County funds was appropriated for this park, and already this year more than four times that amount has been set aside for the same institution. As I read the law, the County occupies exactly the same relation to Kapiolani Park, which is a Territorial institution, run by a board of commissioners appointed by the Governor, as to the public schools, which are also Territorial institutions run by commissioners. (Continued on Page 8.)

NO FRESHETS TO TEST DAM

The Waikana Agricultural Company this morning held its annual meeting in the offices of Castle & Cooke, the stockholders approving the new bond issue and listening to the annual reports.

W. L. Howard wanted to know the significance, in the treasurer's report of "bills receivable discounted, \$85." (Continued on Page 4.)

The annual meeting of Honokaa Sugar Co. was held this morning at the offices of Schaefer & Co. The following officers were elected: F. A. Schaefer, president; W. H. Baird, vice-president; E. Politz, 2nd vice-president; J. W. Waldron, secretary; H. Schwartz, assistant secretary; W. Lang, treasurer; E. A. McInerney, auditor. Directors, H. Focke, W. L. Hopper, G. Rodlek, J. W. Waldron, F. A. Schaefer, E. H. Baird, W. Lang.

Local army and navy officials are considering the advisability of improving Kakaako Point, which has long been used as dumping ground. Grass that was used to reclaim the Golden Gate Park in San Francisco may be imported for that purpose.

Dr. Derby has returned from Maui and can be found at his office, usual hours.

PINEAPPLES

The next consignment of the Tropic Fruit Co.'s selected pineapples will go forward to the Coast per Korea, March 2. Leave orders at Wells-Fargo office, King St.

DE COSTA FINED \$50

Antonio de Costa was found guilty in the police court today of having wrongfully branded a calf belonging to Mrs. Emma Nakulua, and was fined \$50 and costs of court. It is understood he will appeal the case. In several instances where three has been trouble between the local Portuguese de Costa has figured, and thus some of his countrymen are against him in the present trouble, while others are favorable to him.

John Gourelva was discharged this morning by the police court from the charge of using threatening language. He was arrested on complaint of a Chinaman. The evidence showed that Gourelva bought a horse from the Chinaman, and not being pleased with it, wanted to trade back, allowing the seller something for returning his money and taking the animal. There was no evidence that he used serious threats.

DUMPING GROUNDS WANTED BY BOARD OF HEALTH

At the meeting of the Board of Health this afternoon President Pinkham's report was in part as follows: It is necessary to establish legal dumping grounds for garbage and refuse in various locations.

The Supervisors of the counties of Maui and Hawaii have indicated the places they want as legal dumping grounds in Lahaina, Waialuku and Hilo. The Supervisors seem to think, and I agree with them, that economy precludes the opening up of the garbage crematory in Honolulu. I have specially examined from time to time the dumping grounds at Iwilei and on the Ala Moana road. They are so well kept and attended to there can be no objection to their continuance. On the Ala Moana road the location has been changed to the makai side so the prevailing winds carry the smoke to sea. Of course should the wind change and blow in shore I presume the unthinking would pass criticisms but there can be no reasonable objection to the place.

Owing to the fact no public dumping grounds had been designated the "Regulations for Mosquito Prevention and Abatement" have been held in abeyance. I, today present the regulations that were acceptable to the Governor of the Territory and suggest they pass.

MUCH IMPROVEMENT BEING MADE IN U. S. NAVY

According to statistics given in the new Register of the U. S. Navy, official copies of which have just been received in Honolulu, the number and size of the first class battleships and other warships now under construction are greater than is generally realized, even among those who are supposed to be familiar with naval affairs. There are now in use in the Navy 12 first class battleships, but the number under construction far exceeds that, for there are now being built 15 first-class battleships.

When compared with the new battleships now under construction, the famous battleship Oregon is not a large boat, for they are all larger than her. The Oregon has a total displacement of 10,288 tons. Eight of the new vessels will have a displacement of 16,000 tons.

The following new warships are either being constructed or appropriations have been made for them, the first eight having a displacement of 16,000 tons, indicated horse power 16,000, and will carry 24 guns: Connecticut, Kansas, Louisiana, Minnesota, Vermont, Michigan, South Carolina, and New Hampshire. The following are to have a displacement of 14,948 tons, indicated horse power 19,000 and will carry 24 guns: Georgia, Nebraska, New Jersey, Rhode Island, and Virginia. Those to have a displacement of 12,000 tons, 10,000 horse power and to carry 20 guns are: Idaho and Mississippi. Vessels to carry 20 guns, have a displacement of 14,000 tons, and 22,000 horse power are: Tennessee, and Washington. The California will have a displacement of 12,480 tons, 23,000 horse power and will carry 18 guns. The North Carolina and Montana will have a displacement each of 14,560 tons, 23,000 horse power and will each carry 20 guns. The South Dakota will have a displacement of 13,580 tons, 23,000 horse power and will carry 18 guns.

Prevention

is better than cure; every time. By renting a box in our safety-deposit vault, you prevent loss of your valuables by fire or thieves. The cost is only \$5 per year and up. Better look into the matter today.

RULE FOR CONTESTANTS WHO SEEK THE AUTO

The Bulletin finds it necessary to establish a new rule in connection with the automobile contest, to-wit:

A change in the delivery of a paper from the person now delivering it to another of the same family cannot be accepted as a new subscriber, nor will an additional paper sent to a person already receiving the paper be accepted as a new subscriber.

The Bulletin has been very careful that there shall be absolute fairness in dealing with the contestants. It must also see that the contestants are equally straightforward in their relations with the paper. The matter is brought early to the attention of the many people interested in order that there may be no misunderstanding as to what constitutes a new subscriber.

Jack May Relieve Schools

"What's new in the Portuguese immigration business?" inquired a Bulletin man of Acting Governor Atkinson at 10 o'clock this morning.

"I have something of more immediate importance to consider," replied Mr. Atkinson.

"You refer to the question of the public schools?"

"Yes, I do."

"What are you going to do about it?"

"I'm going to settle it."

"When?"

"Within two hours."

"What do you think of the action of the Supervisors last night in refusing to help the schools financially—and of Attorney Douthitt's opinion?"

"Never mind that—I've found a way to settle this. In two hours, now. Remember?"

Mr. Atkinson probably had in mind the public works fund for the "maintenance of Government buildings" and perhaps contemplated drawing on that for the pay of public school janitors, thus relieving the present situation.

This maintenance fund was \$25,000. There are about \$16,000 remaining; it was stated at the Public Works office this afternoon that this could not be touched for the salaries of janitors.

Later it was stated that the question was under consideration in the Auditor's office. Atkinson has been on the jump since his remarks above quoted. In his enthusiasm he may have narrowed the time limit for the settlement of the difficulty, but he is at work, endeavoring to materialize an idea.

Mr. Atkinson was seen at 2 o'clock this afternoon. He stated that there (Continued on Page 5)

REPLICATIONS FILED IN BEEF TRUST CASE

The United States has filed a replication to the answers of the defendants in the beef trust case in the following languages:

"The repliant, saving and reserving unto itself all and all manner advantages of exception to the manifold insufficiencies of said answer, for replication thereunto saith that it will aver and prove its bill to be true, certain and sufficient in the law to be answered unto, and that the said answer of the said defendant is uncertain, untrue and insufficient to be replied unto by this repliant; without this, that any other matter or thing whatsoever in the said answer contained, material or effectual to be replied unto, confessed and avoided, traversed or denied, is true; all which matters and things this repliant is, and will be, ready to aver and prove as His Honorable Court shall direct, and humbly prays as in and by its said bill it hath already prayed."

The demurrers are to be heard next Saturday.

KIHEI PLANTATION SHOWS NET RECEIPTS OF \$290,464 FOR 1905

The annual meeting of Kihai Plantation Co. was held in the offices of Alexander & Baldwin this morning.

Reports showed that the total cost of the 1905 crop was \$322,466.75. Gross receipts from 4,449,551 tons of sugar were \$327,817.45. Net receipts from the 1905 crop were \$290,464.23.

Manager Scott has the following to report for 1905:

The harvesting of the 1905 crop began January 16th, and finished June 24th, yielding 4,450 tons commercial sugar, being 50 tons more than we estimated. A fraction less than 7 tons of cane was required to make one ton of sugar.

For the 1906 crop, we will cut 350 acres of plant cane, 314 acres of first ratoons, and 325 acres second ratoons, making a total area to be harvested of 1002 acres.

A large part of the late planted cane of this crop was attacked by leaf-hopper, and was left by the leaf-hopper in a susceptible condition for other injurious insects. This cane never really rallied, and for this reason, we have been compelled to reduce our estimated output of sugar from this crop to 5000 tons.

Very little of the cane for this crop has tasseled, and at time of writing, the majority of our fields still show a healthy growth.

For the 1907 crop we have planted 375 acres and are carrying 370 acres of ratoons, making a total of 745 acres for the crop.

The planting was not finished until December 23rd, and while it was late in the year before we could take the ratoons into proper cultivation, the present appearance of the cane in general is promising.

The planting of this crop was much retarded for lack of water. During the (Continued on Page 4.)

CHINA TO PUNISH NANCHANG RIOTERS

PEKIN, Feb. 28.—The Government has instructed the Governor of Nanchang to punish severely the participants in the recent massacre of missionaries. The Government declares its willingness to make reparation.

WASHINGTON, Feb. 28.—The President has issued a proclamation imposing the rates of import duties provided in Section 3 of the Dingley Act, upon the imports from Germany. This is in return for Germany's concession of minimum tariff rates on United States products.

(Section 3 of the Dingley is the reciprocity provision for equalizing trade with foreign countries.)

WASHINGTON, Feb. 28.—The Senate Committee on Foreign Relations has agreed to favorably report an amendment to the San Domingo treaty.

WASHINGTON, Feb. 28.—Rear Admiral Chester Chadwick was retired today.

PORT TOWNSEND, Wash, Feb. 28.—The Chinese commissioners arrived here today and were appropriately welcomed.

SPRINGFIELD, O., Feb. 28.—Quiet has been restored after serious disturbance following race troubles.

SAN FRANCISCO, Feb. 27.—Sugar: 96 degree centrifugals 3.39¢ cents, or \$67.80 per ton. Previous quotation, 3.375 cents. Beets—88 analysis, 8c, 3d. Parity 3.1 cents. Previous quotation 8c, 11d.

Gear Opens Attack In Court On Emigration Statute

The first chapter in the fight against the Japanese emigration agents, in the case of Saito, who is alleged to be a sub-agent who is hustling emigrants for the steamer Olympia, terminated this morning in a victory for the Japanese, the demurrer which Judge Gear, as Saito's counsel, brought against the complaint being sustained by Judge De Bolt. This is only a preliminary skirmish, the real fight on the matter, in which Judge Gear will attack the statute on a question of constitutionality will come up later, as the prosecution intends to continue its pursuit of Saito with a new complaint. Frank E. Thompson, who appears for County Attorney Douthitt, and who presumably is acting primarily for the Planters' Association, made out a new complaint the moment the demurrer to the original one had been sustained.

Judge Gear demurred verbally on the grounds that no offense under the Territorial laws was stated in the complaint, that it was not shown what kind of a license the defendant had failed to obtain, and that no facts were stated showing that the defendant was engaged in inducing or hiring emigrants to be employed without the consent of the territory.

Judge De Bolt said that the nature of the license could be implied. Gear answered that the Court could not make any implication with a penal statute. Furthermore the statute did not clearly define the license. Under (Continued on Page 8)

HUGHES POINTS DUTY

PATRIOTIC REMARKS AT OAHU SUPERVISORS MEETING

SCHOOLS AND HOSPITALS ARE EVIDENCE OF DEGREE OF PUBLIC SPIRIT IN THE COMMUNITY.

John A. Hughes, appearing before the Supervisors last night, spoke as follows on the schools and hospitals: Mr. Chairman and Gentlemen of the Board of Supervisors:—I crave your indulgence for a few moments this evening to make a few remarks on the needs and requirements of our public schools and of the urgent necessity for providing a home for the sick and destitute poor, the one a place for nourishing the body, the other to improve the mind; the one raises the intellectual structure upon which rests our civilization, the other cheers and consoles the last hours of the afflicted, or restores him to health, and the busy walk of life.

Schools and hospitals are the hallmarks of our civilization. They are the foundation and corner stone of our intellectual progress, they are the keystone of the arch, the cap of the column, that crowns the noblest institutions raised by American genius. A jealous regard for their efficiency and high standing is the sign of patriotic duty and civic pride. A disregard for their welfare is indicative of minds ripe for the seeds of degeneracy and decay.

As citizens of this great Republic our schools and hospitals should be our constant care. They are the essentials and necessities of our civilization. As compared with them all other public utilities are mere luxuries or of little moment.

In the lucid and carefully prepared statement presented by Superintendent Babbitt to the Board of Education, you have before you, plainer than any words of mine could make it, the deplorable condition of our public schools. But of the Incurable Hospital, that last hope of the poor and suffering, you cannot know, for if you did you would relieve it.

You cannot know of its poverty, and almost helpless condition, of the grinding and incessant toil of the few who are trying to do the work of the many.

In this hospital one sees one man acting as superintendent, nurse, druggist, guide, philosopher and friend. Here are all phases of human disease, human emotions, hope, resignation and despair; victims of all ills. And yet here are only a few; the greater number float or drown, a wreckage on the river of life worse than the birds in the air or the rabbits in the fields. The promoters of the incurable hospital and their helpers, have done and are doing a noble work and they de-

LOCAL AND GENERAL

White steam autos. Stockys stable. The Eagles initiate a couple of new ones this evening. Kerr's big hosiery sale lasting four days, begins tomorrow. The steamer Helene leaves this evening at 5 o'clock for Kaula ports.

Mr. E. K. Ellsworth has been appointed poundmaster at Waianae-uka, Ewa, Oahu. Plymouth Rock eggs for setting, pure bred, barred or white, for sale. Telephone White 831.

The steamer Maui came in from Hawaii this morning with 5,500 bags of sugar and 70 head of cattle. Island chickens arrive every Saturday from Raymond Ranch, Maui. Telephone 464 early if you want them.

A list of the officers elected to serve for the ensuing year in the Oahu Railway & Land Co. is published in this issue. Mail is due from San Francisco tomorrow on the steamer Alameda. She will return to the Coast a week from today.

The steamer Doric left San Francisco yesterday with mail and will arrive in Honolulu March 6, on her way to the Orient.

The Merchants' Association and the Promotion Committee have endorsed the Floral Parade number of the Parade of the Pacific. The ship Edward Sewall will be ready to sail for New York about latter part of next week. She is taking on a cargo of sugar at the Railway wharf.

If the Pacific Mail steamer Korea is on time she will arrive tomorrow from Yokohama, and will either depart tomorrow or next day with mail for San Francisco.

Charles Achi holds a "political" meeting at Kaleikini's house, head of Auld lane, tonight at 7:30 o'clock. Achi wants support for the job of Supervisor-at-large, on any old ticket.

The will of Manly L. Burke, who died at Texarkana, Texas, was this morning admitted to probate by Judge Lindsay, who also appointed Robert Emmet Burke as executor without bonds.

Sugar flats remaining on Kaula are as follows: K. S. M., 1000; W. 3000; M. A. K., 20,185; G. & R., 2350; M. B., 21,235; K. P., 5500; L. P., 7337; H. M., 8662; M. S. Co., 21,500; K. S. Co., 21,500; G. F., 780.

Passengers departing per S. S. Korea, have your baggage placed in the sealed compartment and cabin by the Union Express Co., 63 Queen street, Telephone Main 86. Baggage agents for the Pacific Mail S. S. Co. The correspondents of the leading publications of the world appear to be gradually working toward China as if scenting trouble. One of the passengers of the Nippon Maru was H. S. C. Wright of the Illustrated London News. He is going to China.

At the Naval Station it was stated this morning that all repairs to vessels at the Mare Island Navy yards have been suspended for a period of six months, owing to the failure of Congress to appropriate funds for that purpose. No further details concerning the matter could be obtained.

In Kapiolani estate vs. L. A. Thurston, judgment, the Supreme Court today renders decision, denying rehearing to defendant because, although certain questions submitted at the first hearing were not without difficulty, it does not appear that the decision was clearly wrong. D. L. Withington for defendant-petitioner; Castle & Withington on the petition; S. H. Derby, contra.

Richard Duhler's company will tonight for the last time present "Thelma" at the Orpheum. This thoroughly delightful and intensely interesting production drew a crowded house last evening and another big audience is assured for tonight. Those who have not yet seen "Thelma" have one more opportunity.

Tomorrow night "The Lighthouse by the Sea" will be put on. This is a melodrama of a most thrilling kind, revealing some exceedingly sensational features. A beautiful and stirring romance for tonight and an exciting melodrama for the rest of the week. Truly, there is enough to satisfy all demands.

LIQUOR LAW GOOD

The Supreme Court this morning handed down a decision in Territory vs. Wong Feart, overruling objections of defendant who was convicted a year ago of violating Act 61, Laws of 1895, authorizing liquor licenses. Defendant held that the act was illegal as embracing more than one subject, also contesting jurisdiction.

The court holds that the title of the act is sufficient to authorize a section providing a penalty for violation of conditions expressed in licenses so authorized, and conferring jurisdiction on all district magistrates. M. F. Prosser for the Territory and C. W. Ashford for defendant.

JACK MAY RELIEVE SCHOOLS.

(Continued from Page 1.) were no developments as yet. He had been kept busy with other matters as well as the school proposition. This afternoon he accompanies Bishop Libbert of the Catholic mission to Kalihi to inspect the proposed site of the home for non-leprosy children of leprous parents.

"SAVE-THE-HORSE" SPAVIN CURE Beware of Imitations. "LAFE" SHAFER, THE WIDELY KNOWN TRAINER OF Zephyr, 2:11, Beau-seant, 2:12, and Terrace Queen, 2:09, says: Terrace Farm, J. C. McKinney, Prop. Titusville, Pa., Dec. 22. I used "Save-the-Horse" all the past season. First, on a bad splint close up to knee, horse very lame after fast work; could see decided improvement after a few days' use; in a week's time, lameness all disappeared. Used with equal success on a bowed tendon; at present am treating a horse that bowed a tendon three years ago—was a bad case, was fired and blistered, but still went lame; have used a bottle and am still using "Save-the-Horse"; the enlargement has gone down almost one-half, horse going sound and I firmly believe will race again. A friend of mine had a horse that bowed a tendon last spring; by the use of your great remedy, kept his racing all fall, gave him a record better than 2:05. Tendon is straight and sound as it ever was. Think it the greatest remedy on earth for a bad leg of any description. Respectfully yours, L. D. SHAFER, Farm's Trainer.

TO THE INSURANCE PUBLIC of the Territory of Hawaii GREETING: Having been appointed to the position of District Superintendent for the Territory of Hawaii, by the Mutual Life Insurance Company of New York, we have opened offices in Honolulu, and will take formal charge of the Company's business March first, after which date all payments of Premium by policy holders, the payment of Death Claims and Matured Endowments are to be made at the Company's office at 932 and 938 Fort Street. The modern contracts issued by the Mutual Life, offer larger guarantees than do those of other companies. THE COMPANY FINANCIALLY UNASSAILABLE. Remember that, with all the reckless talk in the newspapers about syndicates and salaries and subsidiary companies, the securities of the Mutual Life have not been criticised nor their perfect safety questioned. The investments of the Company were an open book in the hands of the Investigating Committee; every loan, every bond, every security of any description was before them—four hundred and fifty millions and more; and not a single item was discredited, and not a single investment of any sort was classed as doubtful. As ever, the Mutual Life is still the strongest financial institution in the world, with a reserve \$36,000,000 larger than that of any other existing company, and with a contingent guarantee fund, or accumulated profits, of \$75,000,000 in excess of its legal liabilities. It is still true, as it has always been, that the Mutual Life has paid more TO policyholders, and holds more today FOR policyholders than any other company in the world. Nearly seven hundred millions to date has the Company disbursed to its members and their beneficiaries, making, with what it still holds for them, nearly one hundred millions more than it has received from them. You are cordially invited to examine our contracts and satisfy yourself that we Guarantee more in insurance protection to your family and estate and to return more in cash as an investment for your old age than do other companies. Yours for business, W. A. WANN, District Superintendent. Office with Trent & Co., 932 and 938 Fort St. Honolulu, T. H.
