The Record of Republics.

EDITOR BULLETIN:—In these piping days of peace, when it seems to be the fashion for everyone to take a hand in political affairs, tumbling over thrones, hatching republics and framing constitutions in a free and easy sort of a manner, and without the stern necessity of losing a meal in doing so, perhaps it would not be deemed an outrage on your readers if your humble subscriber were to modestly chip in and say his little say.

While we are all so anxiously awaiting the decision of the gentleman who presides over the destinies of the great American republic with regard to the Hawaiian Islands, let us take a glance back over the history of the world since the establishment of republican institutions, and see what it has to offer as an inducement for the adoption of that form of government here in preference to any other.

In the year 1776, when the independence of the United States was acknowledged by Britain after a war which reflected more credit on Americans than it did on Britain, the world was promised that so glorious and brilliant would the example of the American States and do away with effete monarchy and bloated aristocracy, and indeed it looked as if such might be the case when the French revolution took place.

But within a very few years the dream vanished, and the first check to those bright anticipations was given amid the storms of war and the outflow of torrents of blood. The friends of freedom in Europe woke to the startling incongruity of glorious freedom and the equally glorious Declaration of Independence side by side with one of the most monstrous institutions the world has ever seen—Slavery. From that time the country was purged only after one of the most bloody wars the world has ever read of, and compared with which the wars of the Roses were but a skirmish.

But even after getting rid of that curse, in no other respect was America reformed or purified, but on the contrary the very war which broke down the league of slaveholders gave birth to a system of corruption, both social and political, such as is unequalled anywhere on the face of the globe outside of Russia and Turkey. There we may expect tyranny and despotism from the fact that power is placed in the hands of reigning despots who personally may be pure but who are not always able to prevent the demoralizing corruption of officials, from ministers of state down to custom house clerks. In the States, however, no such excuse exists, as the power is in the hands of the sovereign people. The people rule. (At least so we are told.) Here, at any rate, are no kings, dukes, privileged classes or state church, upon whom the blame can be laid.

The republic starts out as an instructor and example to mankind, but in no other country is there such disparity of conditions. The princely residences of such men as Bismarck, Salisbury, Gladstone and others are the monuments of centuries which no money can build, which cannot be created in a day or generation, and which the New World cannot command. Yet where monarchial Europe has one millionaire the republic of America has a dozen, wielding a power, a purchasing power far beyond that of the monarchial millionaires. With this power he may and does buy not only the individual but buys (at least manipulates) the press, trades and even governments to subserve his own purse proud luxury. With ever increasing wealth on the one hand there is abounding and increasing poverty on the other. Yet on the fourth of this month, when our Republic was foisted into existence, the declaration of republican institutions was repeated with sonorous affirmations by buncombe orators (ashore and afloat): "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are life, liberty and the pursuit of happiness."

It needs no Blackstonian commentary. Sufficient are the phrases, the Coxeites and Pullman strikers. Further in this the greatest of all Republics witness the atrocious custom of lynching carried out chiefly on negroes. In one week during last May, on one plantation alone, in a Southern State eight negroes were lynched for assaulting a white woman. Had she been a negro assaulted by whites the law would doubtless have taken its course and much for the inalienable rights with which we are endowed by the Creator in America. Are they to be different in our republic? Surely they will or we, the latest effort in the republican line, will be no better off than all such productions elsewhere.</

In the window of Jacobsen's jewelry store are shown eight very handsome medals. These are to be competed for in the coming bicycle meet on August 11th, at Kapiolani Park. According to present indications the local wheelmen will have a great day and lovers of the "up and down and away we go" will enjoy a treat. The wheelmen are getting themselves into trim for the meet, and every evening they can be seen on King street endeavoring to cut a few seconds off their previous records.

DANCE AT WAIKIKI

Fifteen Couples Visit the Long Branch Baths.

Col. Jim Sherwood's bathing establishment, Long Branch, at Waikiki, was invaded yesterday evening, by a company of about fifteen jolly couples on jolly bent. The party consisted of young society people. The popular "Juno" cleared the hall for dancing and a gay time was had till the wee sma' hours. The time was agreeably passed in dancing and singing, the intervals being occupied with punishing refreshments furnished by the fair ones. Col. Sherwood was very attentive to his guests, and on retiring they all voted him a jolly good fellow. Another time is promised in the near future.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it settled the matter and cured him sound and well. I heartily recommend this remedy to all persons suffering from a like complaint. I will answer any inquiries regarding it when stamp is enclosed. I refer to any county official as to my reliability. Wm. Houch, J. P., Priory, Campbell Co., Tenn. A fine program is being completed for the Thistle concert Friday evening. Got a ticket—only 50 cents—at Thos. Lindsay's jewelry store.

The following have taken out passports at the Custom House to leave on the S. S. Arawa for Victoria, B. C.: W. W. Vane, Frances Tellen, N. Balfour, H. H. James.

U. S. Consul Mills and party have returned from the Hansuma fishing grounds where they went Saturday evening. The only fish caught were "puhi's."

Sam Oonaka has been discharged from the humble office of messenger of the Judiciary Department, which he has occupied for more than ten years, because he refused to take the oath of allegiance to the Republic.

The chief topic about town is as to how many Hawaiians will take the oath to uphold the new Republic in order to qualify themselves to serve as jurors in the next term of the Circuit Court beginning next Monday.

At the annual meeting of the Laupahoehoe Sugar Co. the following were elected officers for the ensuing term: Theo. H. Davies, president; F. M. Swanzy, vice president; W. H. Baird, treasurer; E. W. Holdsworth, secretary; T. R. Keyworth, auditor.

Kohi also pleaded guilty to a charge of distilling liquor without a license during one week previous to July 23. Sentence was suspended in the latter case.

A framed series of views along the line of the Oahu Railway adorns the wall upstairs in the Post Office. The luxuriant growths of bananas, sugar cane and pineapples shown are enough in themselves to make a land boom. There is as good land for cultivation, with water available too, in the town lots of Pearl City as anywhere along the line.

LADIES TAKING THE OATH.

Female Teachers Obey the Edict of President Castle.

A levy of five lady school teachers appeared in the Clerk's office of the Judiciary Department this afternoon to take the oath of allegiance. One of them allowed a BULLETIN reporter to see the following circular, which explains this strange recognition of woman's rights:

"BOARD OF EDUCATION, HONOLULU, H. I., July 30th, 1894. To the Employees of the Board of Education:

"By order of the President of the Board of Education, W. R. Castle, Esq., I am instructed to inform you that all teachers, and other employees of the Board, male or female, must take the oath to support the Constitution, Laws and Government of the Republic of Hawaii.

RESTORATION OF THE FLAG.

The Occasion is Fittingly Celebrated by Patriotic Hawaiians.

To-day, July 31st, being the anniversary of the restoration of the Hawaiian flag, the day is being duly celebrated by true and patriotic Hawaiians. The flag was restored by Rear-Admiral Thomas, R. N., on July 31, 1843, and in commemoration of the event the park known as Thomas Square was laid out, and under the supervision and guardianship of the government remains until this day. The day is being fittingly celebrated, several libels being given in the city. One on a large scale was given by a prominent Hawaiian in the vicinity of Thomas Square.

Early this morning the Hawaiian National band serenaded Queen Liliuokalani at her residence, Washington Place. This evening the same popular band will give a grand concert at the Hawaiian Hotel, commencing at 7:30 o'clock, when the following program will be rendered:

"The philosopher who says" is going to do some more saying. Just read the series and compare them with our advertisements of a like nature. 'Tis useless for us to declare every day a Clearance Sale. You know better. No house can sell goods at a loss continually. You, however, will not give us the blues by buying every piece of goods in our store at the prices we intend to quote you. I have Gingham (no need to tell you they are not shoddy; you know it), 13 yards for \$1. You don't have to come any special day to buy our Colored All wool Dress Goods. You have always paid 75c. for these goods, never less than 50c. We are now selling them at 45c. and the more you buy the better. I must have room for my new fall stock. We have a full line of Scotch Gingham. These goods have been selling in Honolulu at 25c.; going and most all gone at my place for 19c. Our Victoria Lawns, which are of the very best quality (these are the best value ever offered), 10 yards for 50c. You will find nothing but cold facts in this column, but it is to your advantage to buy from merchants who give the most goods for the least money. I am offering my White Lawns and Muslin at 10c., French Sateens, former price 50c., going at 25c., and my Figured Swiss Muslin at the same figure. And your boys, the pride of their mother's heart, no excuse for their being shabby after reading the sale prices. Suits \$10 reduced to \$4.50; \$6 Suits for \$2.50; \$3.50 Suits for \$1; just think of it—a complete suit for \$1. These are unheard of bargains and as our stock is as limited as it is fine, an early call will be to your advantage. Yours for business, J. J. EGAN.

Cured of Scrofula

The People will have Hood's

Mr. Dorman's Experience

"My boy, now 9 years old, had Scrofula in one eye from the time he was a baby; discharging all the time. Of late we have been giving him Hood's Scrofula, and it has done all that medicine can do. The Scrofula has disappeared, and his eye is healed up and well."

Hood's Cures

fully believe Hood's Scrofula is the best medicine in the market. I own a general store, and it is not a trick to sell Hood's Scrofula for the people will have it. I sell more of Hood's Scrofula than all other medicines together and the store would not be complete without it. My wife has also been entirely cured of Scrofula by Hood's Scrofula, and I am hereby advised for what it has done for us." JOHN DORMAN, Sky Beaver, Pa.

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS

THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR these SHREDDERS and are now prepared to receive orders. The great advantages to be derived from the use of the NATIONAL CANE SHREDDER are thoroughly established and acknowledged by Planters generally. The large number of Planters using them in the United States, Cuba, Argentine Republic, Peru, Australia and elsewhere, bear witness to the above claim. The use of the SHREDDER very largely augments the quantity of cane the mill can grind (25 to 50%), also the extraction of juice (5 to 12%). It is a great safeguard, making known at once the presence of any pieces of iron, stakes from cars, or anything which would be liable to damage the mill, and allowing ample time to remove same before damaging the mill. The SHREDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without often breaking the SHREDDER; and if anything breaks, it is simply some of the knives or cutters, which can be quickly and economically replaced. The SHREDDER, as its name indicates, tears the cane into shreds of varying lengths, perfectly opening it and allowing the mill to thoroughly press out the juices without requiring the immense extra power necessary to grind or crush the whole cane. The SHREDDER spreads the shredded cane uniformly and evenly to the mill rolls, and does away with the necessity of spreading the bagasse by hand between the mills, where regrinding is in use. No greater amount of boiler capacity is required to operate the SHREDDER than that which was sufficient for the mill, for the above reasons. We furnish full working drawings for the installation of our SHREDDERS, enabling any competent engineer to successfully install and start them. In ordering SHREDDERS from us, please send small sketch, showing the diameter and width of the mill rolls with which SHREDDER is to be connected, also the side (either right or left hand as you face it) delivery side of the mill, upon which the mill engine is located, also the height from floor line to center of front mill roll shaft, and distance center this shaft to front end of bed plate. These SHREDDERS are now being used by the Hilo Sugar Co. and Hilo Mill, K. O. Hala, where they are giving great satisfaction. Prices and further particulars may be had by applying to

prosperous country under the limited rule of a nominal emperor. In order to have the "ideal republic" Dom Pedro was given the grand bounce, and as a consequence the country has been the theater of anarchy ever since. Violence, plunder, mutiny, treason, etc., have been among the results. The curtain has dropped at present, but likely the next scene will soon be on.
So much for republics. With one exception they have been miserable failures so far. The exception is Switzerland, where the race is one and every man a patriot. With such a record before us should we not stop (if there were no other reasons) and ask ourselves if a republic is what we want in Hawaii. Under what circumstances are we so fortunately placed that we may hope to succeed where others have failed? Are we, like the Swiss, of one race? Are we all patriots? Or is it not rather that we are all pretty much every man for himself, and so long as we each make our pile we don't care a continental penny what form of government we have, so long as it is not monarchy. With such a mixture of races how can a republic hope to succeed? It would be difficult even were we all of one mind, which even the friends of the present Government must acknowledge is hardly the case. Even as a matter of dollars and cents, it is inadvisable to adopt the republican child. She is too expensive if we go on as we are. Monarchical England is much cheaper than republican America. Such being the case let us stick to our old institution, whatever may come—at any rate, until something better is produced than the latest one-horse constitution.
Honolulu, July 28, 1894.
"Columbia the Gem of the Ocean"
EDITOR BULLETIN:
The Star of last evening states that the Champion men marched to church to the above air. Allow me to state that the music is originally English, and was first heard in a London theatre in the first year of the Crimean war. The original words are, as found in English song books:
"Britannia the pride of the ocean,
The home of the brave and the free,
The pride of each patriot's devotion,
The world offers homage to thee."

Kenneth Bazemore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place. Lawson, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by Benson, Smith & Co., Agents for the Hawaiian Islands.

LUCOL :-
IS THE
BEST PAINT OIL!
The following testimonial has been received from a prominent plantation owner and manager:
HONOLULU, H. I., May 29, 1894.
PACIFIC HARDWARE CO. LTD., Honolulu.
Gentlemen:
You ask my opinion of Lucol as a Paint Oil.
I have experimented with Lucol Oil for outside and inside work, also on iron work, painting my vacuum pan, machinery and centrifugals, with it and the result has been most satisfactory. It dries harder, makes a better finish, goes farther and is more satisfactory in every way than linseed oil.
Certain paint work which was always stock with linseed oil, dried hard when Lucol Oil was used.
Yours truly,
ACU, DAVINA
Direction for Use.
Use LUCOL in every respect in the same manner as you would linseed oil, with the single exception that you may add fully one-quarter more Lucol to the same quantity of pigment than you would of linseed.
In using metallic, Venetian red, ochres, and other dry pigments, it is advisable to mix up the paint at least one day before it is to be used, then add a third more Lucol and the paint will be found to cover well and have a good gloss.
NEVER USE JAPANS.
Where hard surfaces such as floors, steps, etc., are required use litharge only, never use Japans.
LUCOL MIXES WITH VARNISHES
and assists their working and improves their appearance BUT THEY SHOULD BE USED SAME DAY THEY ARE MIXED, otherwise the gum of the varnish may be precipitated or the mixture curdled.
The addition of from 4 to 4 of Lucol to varnish does not reduce their lustre nor retard their hardening and drying and it prevents their cracking.

HOMES
- AT -
PEARL CITY
THE
Oahu Railway & Land Co.
OFFERS THE PUBLIC
Another Great Opportunity
To Secure Homes in One of the Most
Delightful Localities to be
Found in the Paradise
of the Pacific.

As a healthy resort—Pearl City has already established an enviable reputation. Many good citizens in this community have experienced the wonderful effect produced by a few days sojourn in that dry, cool atmosphere, and give grateful testimony to the relief they have almost instantly gained from severe and long continued attacks of asthma. Physicians acquainted with the climate of Pearl City recommend it as a natural sanitarium.

THE WATER SUPPLY IS AMPLE!
And can be increased to meet the needs of a population equal to the largest city in the world.
Prof. A. B. Lyons of Oahu College is our authority for stating that the water supply is the purest yet discovered in this country.

Special Inducements to Early Settlers:
For ninety days from date we will sell LOTS ON SPECIAL TERMS favorable to bona fide settlers. For a term of three months from date, lumber and all building materials will be supplied, and delivered at Pearl City at much lower price than ever before obtained.
For further particulars, call at this office or on any of the lumber dealers in this city. Those who now own lots as well as those who propose to become residents of that growing city, will do well to embrace this opportunity. Those who avail themselves of this offer, within the time named, will be entitled to, and will receive the following benefits:
For a term of ten years, this Company will carry such residents and their families from Pearl City to Honolulu in the morning (arriving a little before seven o'clock), and from Honolulu to Pearl City in the evening (leaving Honolulu station a little after five o'clock), for ten cents each way, a rate less than one cent per mile. The rates on all other passenger trains running during the day or night will be 1 1/2 cents per mile first class, and 1 cent per mile second class.
A good school is about to be opened in the Peninsula. In the fine, large, new school-house erected by Mr. J. T. Waterhouse, Residencies living at Pearl City heights, (above Pearl City station) and those having homes on the Peninsula, will be allowed to ride free on regular trains between Pearl City stations to and from the Peninsula.
Those who want to continue to send their children to schools in Honolulu, can have transportation on all regular trains to and from Pearl City, for the purpose of attending school, at five cents each way for each pupil. This is equal to 24 to 25 miles ride for ten cents.
Equal inducements for those desiring to secure homes in this country have never before been offered to the public.
This Company has been requested from abroad to name the price of all their unsold land in that locality.
Should a clearance sale be made to a syndicate, no opportunity like the present would again occur for the purchase of houses at Pearl City.
