Jack Is To Remain In Washington To Work For Hawaii

"I hear," said Governor Carter this morning, "that there is a movement among the business men of this city to raise by subscription a fund for the purpose of keeping Secretary Atkinson in Washington for about a month more after his business in New York has been concluded. I do not know that they have any special purpose in view with the exception of the general furtherance of legislation in favor of Hawaii."

"There is no appropriation by which the Territory could pay Atkinson's expenses for such a stay, but if for instance a bill for improving the harbor would be passed by Congress the business men who had advanced the money would consider themselves amply repaid."

"Prominent business men were interviewed this afternoon on the matter. No one appeared to have heard anything in regard to the proposition of keeping the Secretary in Washington for another month."

"I don't know where the money would be coming from," said a member of the Republican Central Committee. "I know the Central Committee is not considering such plan."

"I have heard of no such scheme and I do not believe that the merchants, that the business men of Honolulu will support the idea. I think such a proposition would be in the nature of an appeal for interference with the work of our Delegate to Congress. I believe that any matters of ours requiring Congressional action should be left in the hands of our Delegate."

Later it was ascertained that such a subscription was being arranged and that the sum of \$500 would be raised.

Weaver Will Favor Land Law Change

Judge Weaver of the Land Court has received the following clipping:

"At the recent national election there was submitted to the voters of Cook County, Ill., which includes the city of Chicago, the acceptance of a recent act of the Legislature requiring executors and administrators appointed after the adoption of the measure, and trustees holding title or power of sale under date, to apply within six months after their appointment to have registered the titles to all non-registered estates which the several decedents they represent might have registered in their lifetime in their own right, and this measure was adopted by a majority of about 200,000 voters."

"I have for some time past thought over a similar change in our land law and am not surprised to see that it has been done in Chicago. I intend to bring a measure similar to the one referred to in this clipping before the Legislature at its coming session."

The Board of Prison Commissioners met at noon today and considered the matter of pardons and commutation of sentences to be recommended to the Governor for action on Christmas day. Six or seven recommendations were decided upon, and the names will be submitted to the Governor during the week. The men to come in for pardons as a Christmas greeting are all personally known to Sheriff Henry, they having been in prison while he was jailer.

Captain Martin and wife, Dr. Von Longo and M. Dearborn will be passengers by the R. P. Rihet for San Francisco on December 21.

RANCH SALE IS OFF

Anticipated sale of Colonel Norris' Kahuku ranch to C. Bolte is "all off," for the present at least. Mr. Bolte, it is understood, wanted to secure an option on the big Hawaii property. Col. Norris has refused the option.

Party Leaders Send Thanks To Stewart

T. McCants Stewart received in the last mail letters from some of the public men, whom he met on the mainland.

President Roosevelt sends a card acknowledging Mr. Stewart's congratulations.

Speaker Cannon writes: "I am in receipt of your favor of the 9th inst., covering congratulations over the election. I had a great accumulation of mail during the campaign and since that time, and have not been enabled to answer your kindly letter before now. It was a great sweep—I thank you for the share you had in bringing about the same. I believe the result will be good for the Republicans and also for our friends, the enemy."

Chief-Justice Taft writes: "I appreciate your kindness in writing me and your cordial good wishes in the fullest possible degree. Permit me to thank you for the excellent work you did for our cause. With best wishes I remain respectfully your friend."

Hon. Elmer Dyer, secretary of the Republican National Committee, who had charge of the campaign in the West, writes: "My dear Mr. Stewart, in thanking you for your kind congratulations, I wish also to thank you for the good work you did in the campaign. No one appreciates better than I do the good you accomplished, and I know of your capacity and of your enthusiasm and interest, and hope for the pleasure of working with you in the future."

Hilo May Not Have Next Term Federal Grand Jury

Judging from the developments which took place in the United States District Court this morning it seems probable that Hilo will not enjoy having a Federal Grand and trial juries in the Hilo term early next year. There are at present no Federal cases in sight where the defendants are residents of the Hilo Island and to have their cases tried in Hilo would mean a big expense to them. To evade this they will probably wish to have their cases continued for the term, which course will save them expense and will only mean a delay of a couple of months.

Judge Dole opened court at 10 o'clock this morning and ordered the drawing of a grand and trial jury for the Hilo term.

At this point United States District Attorney Breckons arose and stated that he did not see that there was any necessity for having juries for the Hilo term under the present circumstances as there would probably be no cases for them to try. All the persons bound over for the term, resided on Oahu and he did not think that the statute contemplated that such persons should be tried in Hilo. The law probably framed for the purpose of giving defendants who lived on the island of Hawaii a chance to be tried in their home district.

If the defendants who are at present bound over for the Hilo term should have their cases tried in Hilo it would mean a great deal of trouble and additional expense to them. They were strangers in Hilo and would have to pay for their board and lodging, as well as the expenses of their attorneys and witnesses on the steamer and in Hilo. Another phase of the matter which should be considered would be that the term would probably be greatly prolonged. While the District Attorney could see to that all the witnesses for the prosecution would be in Hilo when the term opened the defendants probably would not. This would, when the jury returned a true bill against any defendant, lead to his being confined in jail for a week or ten days in order to bring his witnesses from Oahu and the great delays would occur. There were some cases in which witnesses would have to be brought from Koolau district on the other side of the island. To bring them to Hilo would take considerable time.

"However, some cases on Hawaii might occur before the opening of the term," said Judge Dole.

"In that case," answered Breckons, "you have a right to call the jury at any time you please."

Breckons went on to state that there

DESTROYERS IN PORT ARTHUR THE ONLY SHIPS LEFT

WASHINGTON, D. C., Dec. 19, 1904.

To JAPANESE CONSUL, Honolulu.

Admiral Togo reporting, on the 18th inst., the actual state of the Russian ships sunk in the inner harbor of Port Arthur, which is substantially same as previously announced, concludes that they are no longer fit for action. Regarding the Sevastopol, although there are reasons to believe that she was incapacitated for navigation, yet the positive evidence is still unobtainable.

There are at least six Russian destroyers still remaining in Port Arthur. Admiral Togo further reports that while attacking the Russian ships in the outer roadstead in the night of the 14th, one Japanese torpedo boat was disabled and abandoned while survivors were saved. Another torpedo boat was temporarily disabled but was conveyed back. No serious damage for the rest of the crafts was sustained. The total casualties were 10 killed and 14 wounded.

The anchorage of the Sevastopol being close to shore it is difficult to ascertain her damage but several torpedoes were distinctly observed hitting the battleship and exploding. On the night of the 15th our torpedo boat flotillas renewed the attacks on the Sevastopol, Otavsky and some destroyers. They managed to approach close to the enemy's ships and successfully discharged torpedoes; several of which were distinctly observed to have hit and exploded, in spite of the enemy's hot fire, our craft all returned safely. Our total casualties were three killed and three wounded. Our observation station reports on the next morning that one Russian destroyer is aground with masts broken.

PUKOO WHARF FENCE.

Representative-elect Moses K. Nakulua of Molokai this morning called on Superintendent of Public Works Holloway to discuss the new wharf at Pukoo in the construction of which Nakulua has taken an active interest. He complained that the approach to the wharf was bordered by a fence on one side only as there was not sufficient material on hand to build a fence on the other side also. Holloway promised to have the fence built.

Territorial Supreme Court gives unanimous decision today in M. V. Silveira vs. L. Ahio, overruling exceptions from First Circuit. Plaintiff brought assumpsit claiming \$4,467.20 rent due on two leases. He obtained a verdict. Justice Hartwell writes the opinion.

DOGS CAUSE ROW

Joe Futado is under arrest on the charge of assault and battery. The complaining witness is Kale Kaihe, and the defendant is watchman at the lumber yard of Lewers & Cooke, corner of Queen and Punchbowl streets.

Saturday night as Kaihe was going home he was set upon by two dogs belonging to Futado. The native claims that the dogs were deliberately and maliciously turned loose upon him. They tore his legs and body to such an extent that he was unable to go to the Station House for a warrant until this morning.

The dogs owned by Futado are part bull and among the most dangerous in the city when aroused. It is claimed that the native was on the opposite side of the street when the dogs were turned loose.

TO OPEN NEW SCHOOL WAILUKU CHILDREN WILL BE COMFORTABLY HOUSED

Wailuku, Maui, Dec. 17.—The schools of Wailuku have all closed for the holidays and will during the coming week hold their Christmas concerts. The public school will open on January 2d in the new building which is almost completed.

Mr. Copeland is preparing to have an up-to-date opening exercise to which the public will be invited. His work in the school here promises to be a great success.

Frank Thompson, in company with Mesdames Hardy and Lucas, arrived in Wailuku on Saturday.

Mr. and Mrs. P. M. Church of Paia are happy over the arrival of a first boy.

Mrs. D. H. Case has gone to Honolulu to remain during the holidays.

Judge Koovala has been holding court during this week, hearing the ejectment case of Moses Meehela vs. Pioneer Mill Co. The plaintiff was represented by C. W. Ashford and J. L. Cole and the defendant by D. H. Case and John Richardson. Up to date the matter has not been concluded.

Treasure hunting has become the principal occupation of the islanders during the holidays. They dig day after night among the ruins caused by the eruptions of Mount Pelee for gold and other valuables.

Capture Fort and Guns

WASHINGTON, D. C., Dec. 19, 1904.

To JAPANESE CONSUL, Honolulu.

The Port Arthur besieging army reports that at 2:15 p. m. on the 18th inst. our detachment caused a great explosion against the breastwork of the Tunkikwanishan north fort and thereupon made an assault which was followed by fierce fighting with grenades. The enemy offered stoutest resistance.

At 7 p. m. General Samojima proceeded to the caponiere of the counter-scarp, then made a great assault and captured the above fort at 11:50 p. m. We immediately constructed defensive works and our possession was rendered firm by the morning of the 19th. We captured five field guns, two machine guns, and a great quantity of ammunition. Forty Russian corpses were found within the fort. Our casualties are not ascertained yet, but it is believed to be not heavy.

EXPECT REPORT FRIDAY.

The Grand Jury met again this morning and will probably sit through the greater part of the week. A report had been expected to be filed today but owing to the fact that the investigations of the Toepfelmann affair have consumed more time than had been expected, the jury will probably not report before Friday, when it will file a bunch of indictments and make its final report.

RHODES DAMAGES REDUCED BY HALF

Damages awarded by jury in May last to Mrs. Mary A. Rhodes for being refused a transfer to a connecting line by the Rapid Transit Company have today by Territorial Supreme Court decision been cut in half.

Jury verdict gave Mrs. Rhodes \$500 damages; Supreme Court thinks \$250 is sufficient. Rapid Transit appealed from jury verdict and the victory is divided. Upon the plaintiff filing within ten days a remittitur for one-half of the damages named in the verdict, the exceptions of the Rapid Transit people will be overruled; otherwise a new trial is ordered.

Says the opinion, written by Justice Hatch, in part:

This was an action by Mary Rhodes against the Honolulu Rapid Transit & Land Company, defendant, for damages for injuries done to plaintiff by the servants of the defendant corporation in ejecting plaintiff from a car of the defendant.

The evidence shows that the plaintiff and her husband had attended services at St. Clement's church on Wilder avenue on Sunday, the 31st day of May, 1902. The husband, desiring to go to the office where he was employed on Fort street, between King and Merchant, took a Hotel street car at the corner of Makiki and Wilder avenue, inviting his wife to accompany him, and paying her fare. On reaching the corner of Fort and Hotel streets the husband alighted from the car, having made the arrangement with his wife that she should remain on the car and proceed to Liliha street and should there transfer to a King

WATER PIPE BREAKS.

The blowing out of a hydrant, of the new Nuuanu water pipe line yesterday morning, kept the residents of the section in the vicinity of Nuuanu avenue without water for some time. The break occurred outside the Atong place near School street and was repaired in a couple of hours. Last night a break occurred in the pipe below School street. Both breaks were probably caused by the settling of the pipe.

MAILE BEATS PUNAHOU CLOSE AND HOT GAME DELIGHTS BIG CROWD

PUN MISS GOAL AND LOSE THE CONTEST BY ONE POINT: 6 TO 5—TWAS A MAGNIFICENT BATTLE.

Carloads of people went to the football game Saturday afternoon expecting to witness the most hotly contested game of the season, and carloads of folks went away declaring that the closeness and hotness and strenuousness of the battle had far exceeded their expectations. The Mailes won, 6 to 5, but they had the struggle of their lives to keep the score of their opponents down. Never has such excitement been produced on the local gridiron; it seemed that the Maile crowd had ranged itself on one side of the field, while the Punahou throng was lined up on the other, exchanging the most lively din in the way of encouragement to the boys with whom they sympathized and yelling like mad at every clever play. Men shouted and women screamed; voices waved frantically here and there and the roar of the multitude swept like great waves of sound across the turf whereon the harness teams wrangled and mixed and charged and beat upon each other like contending demons.

The fight was terrific and yet the play was without selfishness. When the sport started both teams were sure of the result; they both believed the victory theirs; and the opinion of the crowd was about evenly divided. During the first few minutes' play it was difficult to say how things would terminate. The Mailes were strong, like whirlwinds; the Punahous also were forceful in their work and fierce in endeavor, but their adversaries were like the fiercer. Plunkett, the Mailes again proved himself a battering-ram. In the first half the Mailes scored a touchdown and a goal; the cheering was tremendous. The Punahou opened the second half with an onslaught that won the admiration of the hundreds. They accomplished a magnificent touchdown but failed on the goal. Although they then kept the game in the enemy's camp and fought an aggressive fight, they had not time to do further work and time was called with the score 6 to 5 for the Mailes.

The toss was won by the Mailes and they kicked off, Freeth sending the pigskin to the 25-yard line of the Punahou. Here Damon covered it with his body, but the Punahous fumbled; a punt by Judd was blocked; Mailes got the ball on the 20-yard line. Then the Punahou boys secured the ball on downs; they suffered for being off side; Judd had to kick and punted for 50 yards; the ball rolling to Clark who ran in five yards. Mailes smashed at the left side for advances. Sam Johnson had to quit on account of an injured knee. Plunkett knocked ten yards out of the opposition and a similar gain was made on every play. Spivako took left half in place of Johnson. Mailes continued to go through the center. Vanhulzen was taken over the line for the first touchdown, 18 minutes after the kickoff. Freeth kicked the goal. Walker and Fuller came into the game in the second half. The former kicked to Mailes' 5-yard line. Vanhulzen broke center for fifteen; Punahous forced Mailes to kick. Freeth sent it to Turner, 25 yards; who ran in with the ball for ten yards; Punahous now kicked continuously, making good gains, attacking right tackle. Center of the Mailes was ruled off for playing after the blowing of the whistle. Bill Campbell entered the game. When the ball was on the Mailes' 5-yard line the Mailes secured the ball after a hot tussle; on their second down they fumbled and the ball was pretty snatched by Turner who made a splendid run for a touchdown. A dispute arose as to off-side play; touchdown was allowed as the Mailes had offended in the same manner. Goal was missed by Fuller. Fish Alexander injured a leg and was obliged to leave the field after warm playing. The ruling off of Coulter was deeply resented by the members of his team who feel that he played a splendid game and was unjustly ruled against. Line-up was as follows: Punahou—L. Judd, c.; A. Judd, r.; R. Johnson, l.g.; Alexander, r.t.; Waterhouse, l.t.; Damon, r.e.; Robinson, l.e.; G. Judd, q.; Turner, r.h.; Johnson, l.h.; Macfarlane, t.

BLAISDELL DIES.

William Blaisdell died at 11:20 Saturday night as the result of a paralytic shock suffered in the afternoon about 5:30 o'clock. When he was stricken he was at the residence of John Colburn and had been complaining of pains in the head. Dr. Wood was summoned and ordered the patient home and to bed. At 11 o'clock he began to sink and never regained consciousness.

William Blaisdell was a native of this city. For years he was in the employ of Captain Makee; later he managed Kealia plantation. Of recent years he was engaged in the insurance business. The funeral services took place yesterday afternoon at the late home of the deceased, Young street near Pihiki.

A great number of friends attended the services and flowers were in abundance. Rev. W. M. Kincaid officiated. A choir, Mrs. Cornelia Damon, Miss Damon, Mrs. Yarrow, Rev. Mr. Logan and Mr. Hutchins, sang "Nearer My God to Thee" and "Rock of Ages." Pall-bearers were Messrs. C. W. Ashford, C. Long, Col. C. J. McCarthy, Chas. Weight, Chas. Falk and Frank Kruger.

The Republican committee does not lack for suggestion for the revision of the rules governing the organization.

If the Secretary is more useful in Washington than in Honolulu, let him remain there, provided it doesn't result in a row over who is doing the work.

But perhaps it would be more than human to expect members of political committees to vote for regulations that will rule them out of political office while they hold political jobs.

Early in the month the following dispatch was sent out from St. Petersburg and has been fully confirmed by incidents of the Port Arthur struggle up to the present:

A high officer of the General Staff who is intimately familiar with the fortifications of Port Arthur, insists that the importance of the capture of 205 Meter Hill has been over-estimated. He explains that this hill, which the Russians call Visokaya, is situated west of the railroad and belongs to the outer and not to the inner line of defenses, which are composed of permanent forts on Canonica Hill, or Sungh-shi Mountain; Hawk Hill, or Vantaa Hill, and Woodcock Hill.

BALTIC FLEET & PROGRESS

The Baltic fleet has the center of the stage. Mikulin is frozen up. Port Arthur is in no immediate danger of falling into the hands of the Japanese. Admiral Togo's ships have been in the docks and the Russian ships are making for the Orient as fast as steam can carry them.

Though dispatches have reported the Czar as recalling the Baltic fleet and allowing naval control to remain with Japan by default, the report that Rojestvensky's division has passed the Cape and the division under Falkerson left Jubatli a few days ago leaves no doubt that the fleet will continue to the Orient and make the fight for better or worse.

The first section under Rojestvensky consists of five of the best Russian battleships, four cruisers, eighteen colliers, transports and storeships. The second section moving by way of the Suez has two battleships, four cruisers, seven destroyers and several transports. A third division of two cruisers and several armed steamers is reported to have passed Dover late in November and scheduled to proceed by the Suez route.

According to the London correspondent of the New York World the preparations for the first and second divisions will be either Diego Suarez, the French port in Madagascar, or the Chagos Islands, one of the British dependencies of Mauritius. According to the present progress of the main divisions it is claimed that the ships should be assembled at one of these ports during the first week of January. After the meeting has been accomplished and the ships put in shape for the final stage of their voyage, it is claimed the united squadron will move from Chagos to Batavia a distance of 2,100 miles, thence to Saigon, possibly making the German port of Kiao-chau and finally approaching Vladivostok by the Tsugaru Straits unless sooner stopped by the Japanese ships.

Meanwhile there is the remote possibility that the remnants of the Port Arthur fleet at Saigon and Shanghai will be rejuvenated and joining the neutrality of the ports, and violating the main squadron.

Barring accidents of a disastrous nature, the united fleet that will pass the Straits and head for Vladivostok will be superior in weight to the fleet Japan is likely to assemble. The great factor in the conflict that ought to take place during February is the well known fighting capacity of the Japanese. Though their ships are not as fresh and their guns may be weakened with the year of hard service off Port Arthur, the Japanese will be confident, battle-tried veterans against an aggregation of untried officers and men who suffer from all the extraordinary caution that follows in the train of misfortune and crushing defeats.

London correspondents claim the Japanese will not attack till the Russians reach Formosa. Correspondents fresh from Japan claim that the attack will be in the Straits of Malacca. It is very likely that Admiral Togo will turn up where least expected by the general public. The Russians are evidently expecting something at all times, judged by the North Sea incident.

MAILES CHAMPIONS

The Maile football team has been the recipient of congratulations since Saturday's victory over the Punahou team. The score of their winning the championship. Confider of the Mailes, who played a strenuous and magnificent game, who was raised off the field on Saturday for keeping up the fight after the whistle blew, failed to hear the sound of the whistle and had no intention of violating the rules of the game. In the excitement of the moment he thought, like a true football player, of nothing but the ball.

JACK TO REMAIN

(Continued from Page 1.) for the purpose of keeping the Secretary on in Washington for at least a month to further the interests of this Territory in the matter of deepening the harbor, obtaining a Federal building and otherwise looking after the interests of the islands as far as improvements and concessions are concerned.

But few of the merchants are at present acquainted with the idea. A committee of business men has the matter in charge and there is no doubt that the necessary sum will be forthcoming. This committee will acquaint the business men generally with the idea and not giving out their names. They consider that the money required will be well spent.

PLEADS NOT GUILTY.

Ah Kau, the Chinese who was indicted by the Grand Jury on a charge of assault and battery on Nan Tong, pleaded not guilty before Judge Robinson this morning and had his case placed on the calendar. Judge Wainwright represented the defendant. The case is said to be more serious than the charge against the defendant would ordinarily imply.

COELHO IN TOWN.

Representative-elect W. J. Coelho of Maui is in the city on a flying visit, having arrived yesterday. He leaves again this evening, going to the island of Moakoi to continue his work of going among the voters in order to ascertain from them their needs and wishes in the matter of legislation.

Motion to set a day for trial of the case of J. O. Carter vs. Kalkainahaolo, was this morning denied by Judge Robinson and the case continued for the term. The court explained that the jury had been excused for the term and that it was not worth calling a jury to hear one single case especially since the coming holidays would interfere with the trial.

A discontinuance has been filed in the suit of Wong Loy and Chan York Hing, co-partners doing business under the firm name of Yan Wo Tong vs. Hoffschlaeger Co., Ltd., and A. M. Brown, High Sheriff of the Territory, of Hawaii, action for seizure and detention of goods.

Justice Hartwell writes the opinion in a unanimous decision rendered this forenoon by the Supreme Court overruling exceptions in Thomas Milner Harrison vs. J. A. Magoon, P. B. McStocker, L. C. Alder, et al., the famous Hagey cure contest.

Sachs' store will be open this evening and every night until Christmas. Handsome painted plaques will be given away with \$1.00 purchases to-night.

MILO MAY NOT HAVE

(Continued from Page 1.) was one defendant in custody on a charge of distilling okolehao. This man wanted to plead guilty and to have a speedy trial. Broekens suggested that if this man's case was bound over until the following term of court the resulting delay of two months, during which the man would be in custody, could be taken in consideration when sentence was imposed on him. The same should be the case with any defendant who wished to plead guilty.

Broekens further stated that the late Judge Estez had by no means had juries in Hilo at every term of court he held there. On the contrary Judge Estez had on four occasions held court in Hilo and only had a Grand Jury there once. On this occasion only cases in which the defendants were residents of Hawaii, had been tried. Broekens finally suggested that the matter might be definitely settled, by bringing all the defendants now bound over to the Hilo term, before Judge Dole some day this week and ask them what were their desires in regard to the matter. In view of all the expenses and delay which a trial in Hilo would cause them since they all were residents of Oahu, it was extremely probable that they would prefer a delay of a couple of months to have the trouble and expense which an immediate trial at Hilo would cause them. Judge Dole decided to let the matter rest for the present and deferred the drawing of the juries. Court was adjourned until next Wednesday morning.

OTHER ISLANDS' IDEAS

WANTED ON REVISION

Republican Central Committee meets at headquarters on Fort street this evening at 7:30 o'clock to discuss revision of party rules. No conclusion will be reached tonight. Chairman A. G. M. Robertson stated this afternoon that the committee was anxious to receive suggestions from the other islands as well as Honolulu ideas.

A large number of communications offering suggestions have been received and the meeting will be a busy affair.

REPRESENTATIVE NAKUINA'S PLANS.

Representative-elect Nakuina arrived in town today and was very generally congratulated on his success in carrying his island for the Republican ticket. Carrying out the plan of Maui-Moikoi candidates, Nakuina is calling on the people for legislative suggestions. A meeting and loan will be held at Kaunakakai Saturday next. On Monday following the people of Halawa will meet their Representative and the Pukoo gathering will be held Tuesday.

No conclusion of the new Asylum contract matter seems to be in sight as yet. Governor Carter this morning wrote to the attorneys of the Hawaiian-American Construction Co. in regard to the matter.

RHODES DAMAGES

(Continued from Page 1.) ed in the rain to the corner of Fort and King streets to meet her husband. The plaintiff claimed damages.

No special damage seems to have resulted to the plaintiff other than the fact that she was nervous and did not sleep well for two or three days, that she was exposed to the rain and compelled to walk perhaps a quarter of a mile to the corner of Fort and King streets, being not in robust health. She was able, however, to call at the office of the superintendent of the defendant company the next day to make her complaint.

We find no sound basis on which to rest a distinction in the ruling to be made respecting transfers at the McCully street junction or at the Palama junction. If at McCully street a transfer may be demanded which would take a person who has come from town on a King street car first toward the mountain, and then back toward the town on the Hotel street line, an equal right should exist to a transfer such as the plaintiff demanded. The plaintiff was proceeding upon a continuous ride within the permitted district. No meaning can be given to the word "continuous" which would limit the right to a transfer to a car going in one direction only. Continuous means unbroken, and primarily is used in regard to time; but in the statute controlling this case "continuous" is to be construed in connection with the words "within the limits above mentioned." This eliminates any idea of direction, and the only construction which can be given to the entire section is that the right is given to go in an unbroken journey between any two points within the given limits over any connecting line or lines by whatever route it may be necessary to take to reach the point of destination. The passenger's choice of route is unlimited. As it is not clear that the Legislature intended that the right to transfer at connecting points should be limited, the court cannot add such a material qualification to the statute by construction. The Hotel street line and the King street line in fact become connecting lines at the point where the former enters King street after crossing the Nuuanu stream. They remain connecting lines to Illiia street. We hold therefore that the plaintiff was entitled at Palama junction to a transfer which would authorize her to ride back in a southerly direction toward Fort street and that as a consequence she would be entitled to travel on such transfer to the terminus in that direction of the King street line. This the plaintiff would have been entitled to under the rule of the company in force at the time. See plaintiff's exhibit No. 1. We base our decision, however, upon our construction of the statute.

We hold that the regulation of the defendant company requiring a passenger to pay the fare or present a transfer was a reasonable one, and that the conductor of the King street car was justified in directing plaintiff to leave said car for the reason that she did not comply with such regulation. This does not deprive the plaintiff of her right of action against the defendant for being improperly refused a transfer by the conductor of the Hotel street car. Her right of action accrued at the time such transfer was refused.

The plaintiff was not entitled to recover damages for being removed from the King street car, it not being contended that any undue amount of force was used by the conductor of such car in causing the plaintiff to alight from it. The plaintiff, however, was entitled to full compensation for the injury done her in the refusal by the conductor to transfer her to the Hotel street car. Her right of action accrued at the time such transfer was refused.

Haleiwa Limited.

The most attractive day's outing is that afforded by the excursion down the railroad line. The HALEIWA LIMITED, a first-class train, leaves Honolulu every Sunday morning at 8:22 o'clock, making the run in two hours, the rate for round trip being only \$2.00. From 8:22 a. m. until 3:10 p. m. is spent at the beautiful HOTEL HALEIWA, with fresh and salt water bathing, tennis, golf, drives and walks, shooting or fishing, and you get back in town at 10:10 o'clock in the evening.

jury evidently based their verdict in part upon the objection of the plaintiff from the King street car, and as no damage can be allowed for this act, and as it may be assumed that the jury gave as much weight to that branch of the plaintiff's case as to the wrongful refusal of a transfer, we consider that the damages should be reduced one-half.

TAX REVISION NEEDED.

[Maui News.] A modification of our tax system should be carefully considered by the next legislature, and the people of the islands should consider the matter in advance of the meeting of the legislature and prepare full reports on which the legislature can base its action. For one thing, taxes should be made payable twice a year, the specific tax in March and the property tax in November, so as to prevent the tying up of the circulating medium for too long a period. Then the income tax law should be amended. At present it is unfair, as it is a burden unequally borne. Everyone should pay an income tax on actual gross income, say one-eighth or one-twelfth of one per cent, and if possible, property should carry a slightly heavier tax.

Judge De Bolt's decree finding that there was a partnership and ordering an accounting in Albert Barnes vs. Charles R. Collins, bill in equity for the dissolution of a partnership, the decree being that there was no partnership, is today affirmed by unanimous decision of the Supreme Court, Chief Justice Frear writing the opinion. W. A. Whiting and C. F. Clemons for plaintiff, and J. J. Dunne and W. T. Hawkins for defendant. Says the opinion in part: In the present case it is expressly agreed that the parties "are jointly and equally interested in" the leasehold and that "any profits that may accrue from these leaseholds shall be equally divided between them "share and share alike." It is also expressly agreed that the parties "are jointly and equally interested in" the leasehold. This written agreement is prima facie proof of a partnership. The extraneous evidence strengthens rather than weakens this presumption.

Resolutions adopted Saturday at the meeting of the Eighth Precinct Republican Club were as follows:

Resolved, That it is the sense of the Eighth Precinct Fourth District Republican Club that the rules and regulations of the Republican party of the Territory of Hawaii should be amended and revised as to cover the following provisions:

First. That every applicant for membership in the precinct clubs shall be required to answer in the affirmative the following questions: 1. Second. That the time and place of holding the Territorial Convention shall be decided by the Territorial Central Committee before the holding of the primaries for the nomination of Delegates to said convention.

Eighth. Resolved, That it is the sense of the club that the rules of the Republican party should be amended to provide that all ex-chairmen of the Territorial Central Committee should be made honorary members of the Central Committee and its executive committee with the right to participate in all meetings except that they shall not have the right to vote.

CHINESE FAIR SUCCESS.

A financial success was scored by the Chinese Fair at the Graham residence Saturday afternoon and evening. Ladies in attendance were in Chinese costume and the booths and decorations were a pretty sight. The chop suey lunch made a great hit. The Chinese village proved a big attraction to all genuine Chinese included.

Mrs. W. M. Graham wore a magnificent Manchurian cloak. The fair was given for the benefit of St. Peter's chapel from which came many Chinese ladies to assist in the work. During the afternoon the Territorial band gave a concert.

Mrs. Jarley's Wax Works under direction of Mrs. F. H. Humphris were produced in the evening. Mrs. James Lonsberry and Mrs. C. H. High directed a lovely little group of Chinese girls which was delightful.

Following were some of the things to be seen in the wax works: "Sleeping Beauty" (Mrs. Gerritt Wilder) and the "Prince" who awakened her (Miss Willemann); "Marie Antoinette at the Guillotine"; "Nervy Nat." Dr. H. V. Murray; "Gleaming Girl and Father"; Mrs. James Donoherty and E. M. Humphris; "Amazing Fool," Miss Neumann in German costume; "Three Little Birds of Lead," Mrs. Percy Benson; "Skeetina Squall," the Italian singer, Mrs. A. G. Hawes; Mrs. Jarley; "Sooty" Cumba.

Shaving elevated to the place of a delightful toilet function. The secret is in the wafer blades, 7-1000 of an inch thick; these are as thin as paper, double edged, and tempered so hard they must be ground with diamond dust. Each edge of every blade will give at least ten velvet shaves, which makes 20 shaves to the blade; 20 double blades go with each set, so that you are assured of 400 perfect shaves without a trace of bother about stropping or honing, and without the expense of the extra stropping device used with other safety razors.

BISHOP ESTATE ACCOUNTS FILED

Judge Robinson this morning approved the report of the master, W. H. Sims, on the estate of Bernice Pauahi Bishop. The trustees of the estate charged themselves with receipts during the year ending June 30, 1904, to the amount of \$210,459.41 and asks to be allowed the sum of \$205,536.55 as disbursements, leaving a balance of cash of \$4,922.86.

Among the principal sources of income are enumerated the following: interest, \$4434.59; wharf revenue, \$4098.72; land sales, \$7338.75; McBryde Plantation Company bonds sold, \$40,000; pay from pupils in the Kamehameha Schools, \$11,595.23, and the principal item, namely rents, \$129,346.31.

Of the expenditures the Kamehameha Schools figures as the principal item, costing the estate \$102,549.97, public taxes amounted to \$22,959. A \$40,000 loan from the Bank of California was repaid.

The report of the trustees of the estate on their general transactions for the same period enumerates a number of various items, among which were the following:

"Bishop wharves—The dredging of the slips to a depth of thirty-one feet was favorably considered without definite action. At a cost of \$2100 a shed over part of the Ewa slip was constructed.

"Rents and Leases—The record shows 533 leases and 35 tenancies at will in force as of June 30, 1904, and a falling off in collection of rents as compared with the previous year in the sum of \$4101.63. Temporary concessions in reduction of rents have been made for various reasons, which it is figured, will be offset by new leases recently made.

"Pursuant to approval of the court, the trustees leased for a period of ninety-nine years to the Bishop Museum Trust the main building Museum site at a paid-up net rental of \$569.

"The Bishop street lot has been graded, fenced and cleared at a cost of \$2290.

"Forest reservation comprises 39,200 acres which the trustees consider increasing without detriment to the revenue producing areas to the material advantage of the estate and the public welfare. The Territorial and Federal officials have been furnished with full data as to the plans of the estate in this respect.

"Fisheries—The recent decision of the United States Supreme Court in the test case of S. M. Damon vs. Territory of Hawaii places this important appurtenant of the estate lands in a much improved basis. In accordance with the guarantee of the trustees under date of May 8, 1903, the sum of \$1060 was paid to Messrs. Hatch and Stillman for the estate's proportioned share of the expense of this litigation.

"Unfinished Business—A proposed exchange of Kamaikapili Church site at Kamanuwal, Honolulu, for a por-

tion of Mauna Kamala, King street, Honolulu, referred to in previous report, remains in abeyance, but an early consummation of same is anticipated.

"Kamehameha Schools—The trustees express satisfaction with the results recently attained and appreciation of the efforts of the faculty obtaining same. Conforming with the expressed desire of the founder of the schools, the trustees report marked improvement in the industrial education of the pupils, the late graduates being far better equipped in this respect than those of former years."

CHINESE GANG ARRESTED

A gang of Chinese, arrested on the Beach road last night for gambling, were arraigned in Police Court this morning. Three were discharged but ten were fined \$6 each and costs.

The cost of living has doubled in Spain in the last few years and emigration is increasing rapidly.
