INCOMPLETE RETURNS FROM MAUI

List Of County Delegates Elected To The Convention

THE HILARIOUS ONES PAY SOME FINES

Island of Molokai Has Not Yet Sent In its Returns of Saturday's Election.

(Special Correspondence.)
 WAILUKU, Maui, Sept. 6.—The following are the partial returns of elections at Republican primaries held on Maui last Saturday afternoon, with Molokai returns to be heard from. All outside precincts report quiet elections. A few drunks paid their fines before District Magistrate W. F. Crockett of Wailuku District Court this morning for getting too hilarious in their celebration of last Saturday's elections:

Wilhelmina Charter Arranged For Is Cable Received From J. S. McCandless

San Francisco, Sept. 7, 1910. To McCandless, Honolulu. Have secured Wilhelmina February.

J. S. McCANDLESS

This cablegram received this morning assures the coming to Honolulu next February of the largest body of Shriners that has ever visited Hawaii. The steamer Wilhelmina has been chartered for the trip, and Imperial Potentate Hines will head the pilgrimage.
 The Wilhelmina on the February trip will arrive in Honolulu the 21st, thus giving the visitors the opportunity to see the Floral Parade and take

Ballinger Scored In Adverse Vote

MINNEAPOLIS, Minn., Sept. 7.—Only the ruling of Chairman Nelson that there was no quorum present and the action of the committee not binding, saved Secretary Ballinger from an adverse report on the findings of the Congressional committee charged with the duty of investigating the official acts of the Secretary of the Interior.
 A portion of the investigating committee is in session here, taking up matters with a local hearing. At the session today a resolution was passed by the vote of four Democratic members, supported by Madison Republican, that the charges against Ballinger had been proved, and he should be removed from office.
 Chairman Nelson ruled that there was not a quorum of the committee present and the action was not binding.
 The investigating committee adjourned until next Friday.

No Promises Is Lane Declaration

Convention Prospects Favorable To His Nomination—Insurgents For Low

The supporters of John Lane for the mayoralty nomination by the Republican convention, which will be called to order in the Orpheum Theater Friday morning, are becoming more confident as the convention day approaches. The general impression seems to be that Lane will poll a strong convention vote—sufficient to give him the Republican nomination over the other Republican aspirant, Husted.
 "I have made no promises of patronage in the event of my election," declared Lane this morning. "I am seeking the Republican nomination for the mayoralty at the solicitation of my friends. I will abide by the rules of the party. This applies to patronage as to everything else. That is my platform. I have made no promises and do not intend to make any. The report that I have done so is unfounded."
 The convention has a "Lane look" in many ways, and while it is figured that Husted will be able to make a good showing, the Lane men do not see how he can overcome the votes that have been assured Lane.
Clear for Cathcart.
 John Cathcart will be opposed for renomination as the Republican candidate for City and County Attorney, according to the way things political have shaped up so far.
 A. L. Castle, who was mentioned this morning with particular emphasis that he refused to be a candidate for City and County Attorney against

RECEPTION PLANS FOR CHINESE PRINCE

Meeting Held Today In Governor Frear's Office

ALL BRANCHES OF SERVICE REPRESENTED

Prince Arrives on Manchuria and Will Have Escort to Palace and From There to Young Hotel.

All plans possible to complete before the arrival of the Manchurian prince next Monday, bearing Prince Tsai Hsun, have been finished, the meeting which finally passed upon the matter being held in Governor Frear's office this morning.
 Present at the meeting were the Chinese Consul and his secretary Colonel Schuyler, Admiral Reza Major Winslow, Captain Timberlake Captain Chapman, Lieut. Commander Houston and Colonel Jones, besides Governor Frear and Secretary Mott Smith.
 All branches of the military establishment stationed here were represented in the meeting, as well as the navy.
 In addition to the above, Sheriff Jarrett was present when the plans for the reception were discussed.
 Plans outlined for the reception of the distinguished Chinese include the meeting on board the Manchuria at quarantine by the local Chinese representative with two aides, one to be appointed from the military and one from the naval forces of the United States.
 As soon as the wharf is reached,

HILO AND WAIAKEA HOLD SMOOTH-RUNNING ELECTIONS FOR REPUBLICAN DELEGATES

(Special Correspondence.)
 HILO, Sept. 6.—The Republican primary elections in both the Hilo and the Waiakea precincts were exceedingly well attended, and were carried off in an excellent manner.
 In the Hilo precinct 192 votes were cast out of a total of 248 on the roll, the result being as follows:
 Territorial Convention—C. R. Buckland, 179; H. V. Patten, 143; Carl S. Smith, 114; and Stephen Desha, 119. These were elected. Those who were defeated were Deter and Dranga.
 County Convention—Akan, 139; Austin, 133; Brown, 126; Beamer, 117; Mahalua, 113; Ahina, 119; Cabralha, 109; Kaiwi, 105; Oliver, 104; Cook, 98; Leonard, 80, and Keaumoku 77. These were elected. The defeated ones were Coito, Gouveia, Hering, Kelekolio, Kahohihaihiya, Osorio, Spinola, Stone, Terry Vierra Day, Porphyres, Richards and Campbell.
 The most amusing feature of this election lay in the fact that John Hering had been moving heaven and earth to defeat Desha. All he accomplished was to get the hook himself, while Desha got in.
 In the Waiakea precinct Green and Commins were elected delegates to the Territorial convention without contest.
 Those elected delegates to the County convention were as follows: J. T. Brown, 78; A. K. Kuali, 74; John A. Kealoha, 65; J. D. Lewis, 61; G. P. Alfonso, 58; Oliver Akan, 56; Evan da Silva, 57; Otto W. Rose, 54, and R. W. Miller 45. Those who were defeated were: P. B. Weeks, Ben Spalding, Ed. Kamoku, Albert Nacole, D. Spalding, Wm. Nallima, J. Craelius, D. Namahoe, J. P. Hale, L. Leoley, C. B. Makani, J. K. Kekikahi, M. Cordeiro and Geo. Desha, Jr.

Five Points for America

THE HAGUE, Sept. 7.—A decision was reached today by the International Court of Arbitration in the famous Newfoundland fisheries case, submitted by the United States and Great Britain.
 The court decides in favor of the United States on five of the seven points brought before it.
 "This New Foundland fisheries case has been one of the most ancient sources of dispute between the United States and Great Britain, and at times the contentions have brought about differences that created a diplomatic situation almost acute."
 Senator Elihu Root, former Secretary of State, was the chief counsel for the United States.

REPUBLICANS WIN MEXICO

ALBUQUERQUE, N. M., Sept. 7.—Election returns for the members of the Constitutional convention show that the Republicans will control by a small majority the convention for framing the State constitution.

HINDOOS CAUSE SOME TROUBLE

The Immigration Quarters Did Not Suit Them

Fifteen Hindus who are at present confined at the immigration station, pending their deportation from this country, this afternoon at 2 o'clock announced their intention of leaving the quarters provided for them by Inspector Brown. The Hindus had asked to see British Consul Forster, and that official is said to have promised to be down to see the Hindus this morning.
 The consul did not turn up, and the consequence was that all the Hindus packed up their clothes and bags and got ready to leave the immigration station. Halvey, the assistant inspector, telephoned the police station to the effect that the Hindus were evidently going to break out. He also ordered that the

ROBINSON OF LONDON TIMES IS EN ROUTE TO WASHINGTON TO REPRESENT HIS PAPER

Traveling nearly around the world to reach his post in Washington as correspondent of the London Times, H. Perry Robinson is making a short stay in Honolulu and will leave here for the coast on the Manchuria.
 Mr. Robinson left London the week of the funeral of King Edward catching the P. and O. at Marseilles on which he came to Honolulu and thence to Hongkong.
 Speaking of his trip this morning Mr. Robinson said that the pleasure he came to the O. K. on took the largest English mail ever sent to the Orient, exceeding in weight any Christmas mail which had ever been taken on the steamer. This was due to the large amount of illustrated papers containing cuts of the King's funeral.
 "I like Hawaii very much," said Mr. Robinson after quelling the rumor to a question in the literary building where he was stopping the other day. "I shall be here but a short time but in that time I expect to learn a great deal of local conditions. I spent six weeks in the Philippines going there from Hongkong and I was surprised and pleased at what I found there. I did not see the Southern islands but I did see a great deal of Luzon thanks to Governor General Forbes, Colonel Rivers of the Constabulary and Manager Higgins of the Manila Railway Company.
 "I made a round trip to Baguio visiting the Army and Navy club one night at 11:30 taking a special train and going up over the Hongkong road in the early morning to go to the camp in the club at 11:30 that night."
 Mr. Robinson has spent seventeen years of his life in the United States being first in New York Tribune and afterward connected with papers in Chicago where he started the Railway Age.
 He returned to England several years ago and has since on the staff

 National—Pittsburg 11, St. Louis 6; Pittsburg 11, New York 2; Boston 6, Chicago 7; Cincinnati 6, St. Louis 3.

TOWNSEND'S BIG MAJORITY

DETROIT, Mich., Sept. 7.—Townsend's majority over Senator Burrows in the advisory vote for United States Senator cast yesterday was 25,000.

INSURGENTS LOSE NEVADA

RENO, Nev., Sept. 7.—Congressmen Hildreth and Nelson were re-nominated in the State primaries. The insurgent Republicans were defeated all along the line.

COURT EXPENSES WERE LARGE

Probable That Legislature Will Make Further Appropriation

Three-fourths of the appropriation for the circuit courts of Honolulu has already been spent and for the remaining months of the fiscal period, ending June 30 next, there is but \$6,000 to pay all bills.
 The appropriation for the two years made by the Legislature was \$24,000 and of this amount \$18,000 has been spent in less than the first half of the period and for the remaining months there is but a trifle of the amount to pay the running expenses.
 Since January of this year the court expenses have been kept down, there having been only one expensive case and that a land case before Judge Whitney which cost the Territory over \$500.
 In speaking of the condition in which the courts are at present Judge Cooper said this morning that for the past few months expenses had been light and that nearly all of the large amount spent had been spent before the beginning of the present calendar year.
 One large source of expense to the Territory was the trial of the Japanese cases which occupied the vacation period a year ago, the aggregate amount spent on these cases being tremendous as compared with the total appropriation for the two year period made.
 Asked if it would be necessary for the legislature to make another appropriation to keep up the running expenses of the court until June 30 of next year Judge Cooper declined to make a definite statement but thought that such a step would be necessary.

RECEPTION PLANS FOR CHINESE PRINCE

(Continued from Page 1)
The ship will be met by Secretary Mott-Smith, Admiral Rees and Colonel Schuyler, who will take the Prince to the palace.
As an escort from wharf to palace there will be one troop of cavalry, two companies of marines, one of infantry, one of National Guard, and the Royal Hawaiian Band will furnish the music.

Arrived at the palace grounds, a salute of twenty-one guns will be fired, and the same number of guns will speak when the party leaves at the close of the audience.
The Throne Room of the Palace will be the scene of the reception tendered the Prince by Governor Frear, as the first American official to meet on his trip to the United States.

The Governor will be accompanied by his chief of staff, Colonel Jones, and others who will be in line to welcome the visitor to American shores are Admiral Rees, Colonel Schuyler, Major Winslow, Captain Timberlake and Captain Chapman.
After the reception by the Governor, the Prince will be escorted to the Young Hotel, and there the official call of Governor Frear will be made.

As to further arrangements for the entertainment, nothing has been done yet, as it is not known at what hour the Manchuria will arrive in port.
Either a motor trip to inspect the military fortifications will be made or the Prince will be taken on the Kuku to Pearl Harbor by Admiral Rees—whichever the Prince prefers, if there is but time for one of the trips.

Should it be possible, however, for an inspection to be made of both land and water forces, this will be done.
No plans for a public reception have been made, but if possible the Chinese community will tender the visitor a banquet during the time he is in Honolulu.

EDITORS ARE BOUND OVER
At a hearing before United States Commissioner Judd this morning Editor Onodera and Manager Tsurushima were both held for action by the Grand Jury and both fixed in the sum of \$1,000 each.

Onodera waived examination and was immediately bound over, but Tsurushima was given a hearing at his own request.
The charge against the two was sending through the mails indecent matter, the matter in question being the issue of Hawaiian Japanese Daily Chronicle of August 24 in which a cartoon appeared which is considered to make the issue unpalatable under the law.

This is the third offense which the paper has committed in this line and in both previous cases, Breckons told the court the manager had pleaded ignorance of the law and put the blame on someone else.
This was admitted by Tsurushima and after he was bound over Breckons asked that the same bail be required as in the case of the editor.

An inquest will be held this evening into the cause of the death of Kuan Tung the Chinese who was captured after having attempted suicide yesterday. The man died at the Insane Asylum from a fractured skull and Coroner Rose will look into the matter tonight.

The crazy Chinaman who tried to commit suicide yesterday morning, after striking at Chief McDuffie with a cane knife, was removed to the Insane Asylum during the day, and died there shortly afterwards. The hospital authorities had no means of taking care of the maniac, and he had to be sent to the Asylum.
Baby Bliss and Jolly Trisix caused some excitement at the Waikiki Inn yesterday afternoon. The pair went in swimming and finally, it was seen that Trisix could not get to her feet after being thrown down by a wave. An attorney went to the rescue and then a doctor and newspaperman had to rush in and help the lawyer who had collapsed under the strain.

NO PROMISES DECLARES LANE

Cathcart. He declared that he was desirous of going to the Territorial Legislature as a member of the House of Representatives, but had no aspirations whatever for the City and County Attorneyship against Cathcart. The only other candidate that has so far appeared on the horizon is P. L. Weaver, who has said that he would be willing to make the run if nominated. According to the preliminary canvass, however, Weaver will not be able to muster much strength in the convention, and, in fact, is not very ambitious for political preferment this year.

The Chairmanship.
There does not seem to be much prospect for an actual contest for the chairmanship of the County Convention. W. W. Harris, who has been identified with the organization opposed in some precincts by the insurgents, is avowedly a candidate for the place, in addition to being anxious to secure a nomination for the Board of Supervisors. The plan to put R. W. Breckons, the United States District Attorney, in the chair as presiding officer of the County Convention, is well formulated, and those favorable to the idea are confident that it will succeed.

It is figured that the County Convention, which opens Friday morning, will be in full swing by two or three in the afternoon, unless adjournment be taken until after the Territorial Convention, Monday.
Of candidates there is no end—at least, so far as the Board of Supervisors is concerned. The latest aspirants in this connection are Carlos Long and Eben Low, both of whom have declared their willingness to accept a nomination for a place among the City Fathers. Eben Low was one of the active insurgents in the Manoa precinct and will have a strong following in his work for a place upon the Board of Supervisors.

A number of candidates that have not been spoken of before have appeared in the precincts of the Fifth District. William Simerzon, a clerk of the Board of Health, would be deputy sheriff, and S. Gay would like to go to the House of Representatives, Rudolph Duncan of the Rapid Transit construction department would like to be a member of the Board of Supervisors, and has declared his intention of going after the Republican nomination.
The battle for nomination to the Legislature in the Fourth District promises to be interesting from the first gun in the convention. For the House, Norman Watkins, Ed. Towse and E. H. E. Long are aspirants.

For the Senate there are A. F. Judd, John Waterhouse, John Hughes, Cecil Brown and Charles Chillingworth. J. C. Cohen is likewise mentioned, but that is probably as far as he will get toward the political plum tree this year.
It is understood that John Hughes would be content with the short-term nomination, taking the place held at the last session of the Legislature by the late Frank Harvey, whose unexpired term in the upper house has to be filled.

Charles Chillingworth is out for reelection, and Cecil Brown will be urged as a strong nominee to fill the third seat. A. F. Judd and John Waterhouse are expected to marshal strong support, and the convention fight for the three nominations promises to be close, with the result in doubt.
The Fourth District candidates for House nominations include Frank Archer, S. K. Menze, A. S. Kalelohu, S. P. Correa, Kaneko, F. E. Fernandez and A. L. Castle.

Insurgents for Low.
The Manoa insurgents want one thing, and they are determined to have it if their support counts for anything. That is the nomination of Eben Low for the Board of Supervisors. As a result of their successful campaign against bosom in their precinct, their prestige has jumped to a high figure, and there is little doubt that the solid support will go a long way toward landing the convention nomination.
Nothing will be undertaken by the insurgents in the line of securing political recognition except the nomination of Eben Low, and they are out for that—horse, foot and artillery. The insurgents will concentrate and expect to put some plans in regard to the attitude in the convention. There is no doubt that they will do so.

GEAR HAD NO AUTHORITY

Marcallino Says He Could Not Make Loans Legally.

"Under the terms of the power of attorney granted A. V. Gear by John K. Sumner, he had no right to invest one cent of Sumner's money, and we are going to make him account for it," said John Marcallino today in speaking of the matter.

The case of the appointment of a guardian for Sumner is on in Judge Robinson's court today, having been opened at 10 o'clock this morning.

By the accounts filed by Gear it is shown that Thayer of Philippine fame, who is now buying cane lands in those sun-kissed isles, received \$1000 from Gear, which belonged to Sumner, and for which he gave a note.

Other loans made by Gear were \$2300 to Francis Levy Outfitting Club; \$635 to James Kirtland, of which \$214 has been repaid. Of the total amount of \$6227.95 which Gear received by his own acknowledgment, he paid into court the sum of but \$199.35.

John Marcallino was appointed attorney in fact for Sumner last May, and it was because he forced an accounting to the court from Gear that the condition of affairs was learned.

"I never saw such a mess," said Marcallino in speaking of the Sumner affair this afternoon. "It has got to be straightened out, and it is up to Gear to show up that money he loaned with no authority."

The argument advanced in favor of a new phonograph which has its records in the form of endless belts is that it is possible to provide much longer sections than by the other methods.

KOREAN ASSAULT CASE IS HEARD

McBryde Gets Lecture From Judge Andrade

At the police court this morning several hours were taken up with the Korean case in which six men are accused of having beaten up Yong, who formerly was a police officer. The trouble started at the Korean society house on Miller street, and it resulted in Yong getting very badly beaten.

The prosecution was conducted by Attorney Lightfoot, and Lorrin Andrews appeared for the defense. The first witness called was a Mrs. Freitas, and she told of what she saw at the time of the alleged assault. Her evidence was not shaken under cross-examination.

The next witness was Sydney Jackson, and he told what he knew of the affair. He swore that three of the accused men beat Yong up. Jackson was very positive as regards the kicking that went on while Yong was on the floor.

Yong was the third witness, and he told of the lashing he got. He also showed some teeth marks on his back that he swore were made by some of the would-be cannibals he was mixed up with on the day of the trouble. Andrews doubted if anyone could bite through a coat and two shirts; Lightfoot invited Andrews to try, but Yong objected.

There were several verbal scraps between the lawyers while the case was being heard, and many smiles were seen around the courtroom. Attorney McBryde, who appeared for one defendant in the case, waived examination and demanded a jury trial. Judge Andrade committed McBryde's client for trial at the Circuit Court and then the bond was fixed at \$50.

The next matter was taken up, and then it was noticed that McBryde and his colleague had disappeared from the courtroom. Judge Andrade seemed surprised, and inquired as to the whereabouts of the man who had not, so far, provided bonds. A hurry-up call was sent for a police officer, and the Korean was discovered downstairs with McBryde. The attorney came back into court and Judge Andrade read him a little lecture as regards procedure in the District Court. McBryde said that the Korean had followed him downstairs, and that he had not told him to do so. "I was seeing the sheriff about the matter of bonds," said McBryde. "Well, it is the practice for this court to approve of bonds, and the amount has already been set at fifty dollars." Then the attorney breathed his apologies and the incident ended.

The other case, in which Andrews and Lightfoot are battling it out, would appear to have a chance of running along for a couple of days—unless something unexpected occurs.

THE EMPIRE.

Manager Overend of the Empire Theater has been fortunate in securing Miss Canfield to entertain the patrons of his theater. She is the young lady formerly with the Casino Company who gained so many admirers by her excellent violin playing. She with Miss Rockwell, the California Nightingale, who is singing at every show, in addition to the dancing and singing of the little Afflige Sisters, makes the Empire program one of the best on the picture circuit.

Makes The Hair Grow
We are talking about Ayer's Hair Vigor. Just note that word "Ayer's." You are perfectly safe with it. No harm to you or to your hair. Makes the hair grow? It certainly does. Stops falling hair, too. Remember, it's "Ayer's" we are talking about. Ask your doctor about your hair and about Ayer's Hair Vigor. Get his approval. Your own doctor and "Ayer's" make a strong combination. It means faith, confidence, satisfaction.

FIVE DOLLARS IS LIMIT

Gov. Says Conductors Should Change This Amount

"I have notified the Rapid Transit Company that I would approve an order that conductors on their cars should not be obliged to change money of a larger denomination than a five dollar gold piece," said Governor Freat this morning in response to a question as to what had been done on the question now up to him for approval by the company.

In speaking further of the matter the Governor stated that in Honolulu we were on practically the same footing as California and there the courts had turned down a proposition for a two-dollar limit which the companies wished to set.

"I told the company in reply to their request that setting a limit of two dollars on the size of money to be changed by conductors was the same as making the limit one dollar for there was no paper currency here, and a one dollar limit was too small.

"In the eastern states the courts have held that two dollars is a reasonable limit, but there is any quantity of paper money in that section of the country and under those circumstances the limit is all right.

"The California courts have never set a limit but they have disapproved of the two dollar limit. I think that a five dollar limit here would be satisfactory all around," concluded the Governor.

He stated that he had heard nothing from the company in reply to his approval of a five dollar limit and supposed it was waiting for a meeting of the board to take the matter up in a formal manner.

LIVE WIRE HITS TWO MEN HARD

Dangerous Work When Removing Old System

This morning at eleven o'clock, two men were stricken by a "live" wire and thrown to the ground. It appears that the men, Jago and Katana, were both climbing a telephone post in front of the Grill, when they laid hold with their bare hands, of a bunch of old telephone wires which were being removed from the posts. These wires in some way had come in contact with the electric light wires and, consequently, were "alive."

There were many people standing around and watching the operation of removing the old wires, and when the men fell to the ground, a rush was made toward them. They were lifted up and taken into Cunha's Alley where they were treated to first aid. Both men got terrific shocks, but they soon recovered and were able to sit up.

The bunch of wires that had fallen to the ground was the cause of much alarm to people who passed by, and two police officers were quickly on watch to see that nobody came to any harm. The work of dismantling the old overhead wire system is being rapidly proceeded with, and soon there will be nothing except the poles to show that the old style of transmission ever existed.

CONCERT

A concert in aid of the Girls' Industrial School will be given in the Charles R. Bishop Hall, Punahou, on Thursday evening, Sept. 8, at 8:15 o'clock.

FORT SHAFTER NEWS

This battalion has a very efficient fire department, all the necessary apparatus is at hand and stands ready in a fire house which is located in the most accessible spot in the post. The wagons are just the same as any belonging to a large city except that they are drawn by the soldiers instead of horses or other power. The old "bucket" brigade is still used but with rapidity that is surprising. Captain Estes, who recently came to Company G, is appointed the Fire Marshal.

New Commander.
Captain G. W. Mearns who recently came from Company H has taken over Company H relieving Lieutenant Parades who went to Company E. The vacancy in E company was made when Lieutenant McClury departed for the States. Captain Mearns has also been appointed Summary Court Officer.

New Change.
Owing to the discharge of Sergeant Kistler there have been a number of changes in G company. Corporal McDonald who was the ranking Corporal up to the time of the discharge of Kistler, is made Sergeant in his place. Private Kurtz who came to the 1st and on the January boat but who has some previous service for Uncle Sam was made Corporal to fill the vacancy left by McDonald. Private Thomas who has been acting as Corporal for the past eleven months still remains the same, keeping charge of the third squad.

Post Hospital.
It seems to be a popular thing among the patients at the Hospital to go absent directly after pay day. Quite a few of the men did that stunt this month and are now doing time in the Guard House. The Major Doctor is very liberal with passes and can see to reasonable excuse for the men to overstay their time.

New Captain.
Captain G. H. Estes has assumed command of Company G. Papers and property have been turned over to him and he has settled down "at home" with the Company.

Jankowski in Hospital.
Private Jankowski of Company G has been admitted in the Post Hospital. "Ben" complained with pain in his side and it is to be hoped that he will not suffer from appendicitis. Jankowski has had charge of the post team for the past few months. To Pele Fields. Ensigns H and J may go there for

regular weekly hike. The Company "fell in" in heavy marching order but only went to the polo fields. There they pitched tents and rested for a short while and returned to the post. The Company was under the command of Captain Mearns.

New Musician.
Owing to the discharge of one of the musicians, Private Johnson of Company F was made musician and is now serving in that capacity. Johnson came over with the last recruits on the January boat but is good on the horn.

To Pele Harbor.
Last Tuesday found G company formed at 7:30 a. m. in light marching order ready for a hike to Pele Harbor. The sun was hot and the roads dusty but the "hiking company" made their way until they reached Peleka when a stop was called. The men were made happy by the presence of an ice cream wagon near the depot and justice was surely done to soda water. After a few minutes rest the company proceeded up the road a ways past Watertown where rifles were stacked and the men fell out. Then under the leadership of Lieutenant Chilton the men were taken up to Fort Kanehameha and the big twelve inch rifles were given a thorough inspection. The men enjoyed the repast for "chow" is very essential while on the march. A salt water dip was indulged in by most of the men and then the company formed for the return home. The trip was made with only one rest and the men came into the post about 3:20 p. m. with dirty faces and rather tired.

WEDNESDAY SEPTEMBER 7, 1910

To set the mind above the appetites is the end of abstinence, which one of the Fathers observes to be, not a virtue, but the groundwork of a virtue.—Samuel Johnson.

Pick your candidates from the ranks of the independent, honest, unbiased citizens of the Territory.

Selection of men to handle the campaign is just as important as picking the candidates to go before the people.

Tourists will be so thick in Honolulu this winter that the record crowds of the days of the Fleet will seem mighty small.

When the convention cart is put before the horse, it is almost a certainty that some one will have to back up and turn around.

Hallinger appears to have been saved by an adjournment, but most everyone seems agreed that he had better retire to private life.

Honolulu wants a Board of Supervisors picked from the ranks of progressive men. Don't try to force candidates on the people who will not meet that demand.

If it be true that W. W. Harris is mixing in factional work previous to the convention he can hardly present this as a recommendation for leadership in the general campaign.

Republicans have enough to keep them busy without haggling over the nominee for County Attorney. John Catehart should be renominated for the office and his election is certain.

With Shriners and Elks going full blast, September 7, 1910, is none too soon for the citizens of Honolulu to start training that they may be in condition to meet the struggle of February 22, 1911.

If the morning paper had average sense it would know that nothing could carry the liquor interests or any other to defeat with more certainty than the active support of the morning paper.

Senator La Follette's defeat in the Wisconsin primaries by the "stand-pat" element of the Republican party is very likely to result in his being the nominee for President of a party controlled by the Insurgents.

La Follette defeated for the Senate will prove a much more dangerous thorn in the side of the interests, for La Follette is the type of a man who cannot be downed in the esteem of the people. His cause is just.

Rule and ruin policies won't go with the Hawaiian electorate. So the Democrats might just as well give up their plan of allowing Boss McCandless to make a Territorial ruin campaign on the immigration issue.

Business men will act the part of sensible citizens if they refrain from attempting to dictate by threats. Cooperation and recognition of the rights of the other fellow will win votes and promote efficient government.

Most everyone has come to the conclusion that the list of candidates seeking nomination by the Republican party is of higher grade than ever before. Comparatively little chaff has to be eliminated and the task should not be a difficult one.

Land income and property taxes should provide the funds for the public schools. Education of the youth of this Territory should never be made subject to the vicissitudes of income taxes that rise and fall with the tide of prosperity. The children should have their schools and the best schools to be had, whatever happens.

While the Republican party is being whipped into shape as a thoroughly representative organization, responsive to the wishes of the people, it is well to remember that it will be opposed in the coming campaign by the most completely bossed party that could exist. McCandless is such an absolute boss in the Democracy that whenever he flips a dollar all the unterrified turn somersaults.

Senator Dolliver when speaking for Senator La Follette previous to the primaries said "It is proposed now to put an end to his career—to cancel his commission—to make an example of him, so that the young men of the United States in the future may perceive how much more comfortable it is—how much safer—how much more profitable to serve the impudent financial interests that are trying to capture the strongholds of the Government, than it is to care for that scattered and unorganized constituency—the people of the United States."

CONVENTION DATE MUDDLE.

As the date set for the Republican convention approaches, the extreme folly of the transposition of the County and Territorial conventions is becoming apparent to the delegates and the people at large.

To nominate the candidates of a party before the platform on which the organization as a whole is to go before the people, is a political move that is unique in local politics, to say the least.

As the County Committee has formally set the time for convening there seems no practical way of changing this date, but the convention ought to postpone the nominations until the Territorial convention has completed its labors on Monday. It is entirely possible for the County convention to form its temporary organization on Saturday and adjourn over to await the action of the Territorial convention. This will bring the business of the party into the regular routine and prevent the peculiar and possibly ridiculous situation of candidates pledging themselves or refusing to pledge themselves to a platform framed after they have been nominated.

While the precinct delegations are caucusing, it is of quite as much importance that they should consider the details of successfully managing the convention, as to canvass for votes for their favorite candidates.

THE SHRINER EXCURSION.

Definite charter of the steamship Wilhelmnia by a band of Shriners headed by the Imperial Potentate of the Order is a guarantee that at least one of the many excursions expected will come to Honolulu and make things lively for the special event of the winter season.

Plans being made thus early in the season will not only assure the one hundred and fifty or two hundred people to comfortably fill the Matson liner, but the noising abroad of their program is certain to attract the attention of a great many outsiders who have thought of this city and its Floral parade as too far at sea to suit their pleasure.

Shriners always move with an enthusiasm that is contagious and there is every reason to believe that what they will do to make their own tour a happy one must inspire the backers of other excursion parties with greater certainty of success, and make Honolulu seem nearer and more attractive to other excursionists.

Since the Shriners have begun their work at this early date, the day is none too soon for Honolulu to begin preparation for taking care of the big crowd of tourists coming by the regular steamers, who will fill this town to overflowing. Honolulu must keep up its reputation.

PRICE OF PEACE.

There are thirty ships of war, belonging to the United States, and distributed among the different naval yards of this country, that are "retired" useless, no good, or of no earthly use to the government or any one else, for an attempt has been made to sell them individually, collectively and in bunches but nobody wants them at any price. They are moored to docks and anchored in naval reserve harbors, taking up room that could be put to better use if they were out of the way.

These ships range in type from the old wooden double-deckers to the battleship that was considered modern a few years ago. These vessels have cost millions upon millions but at the

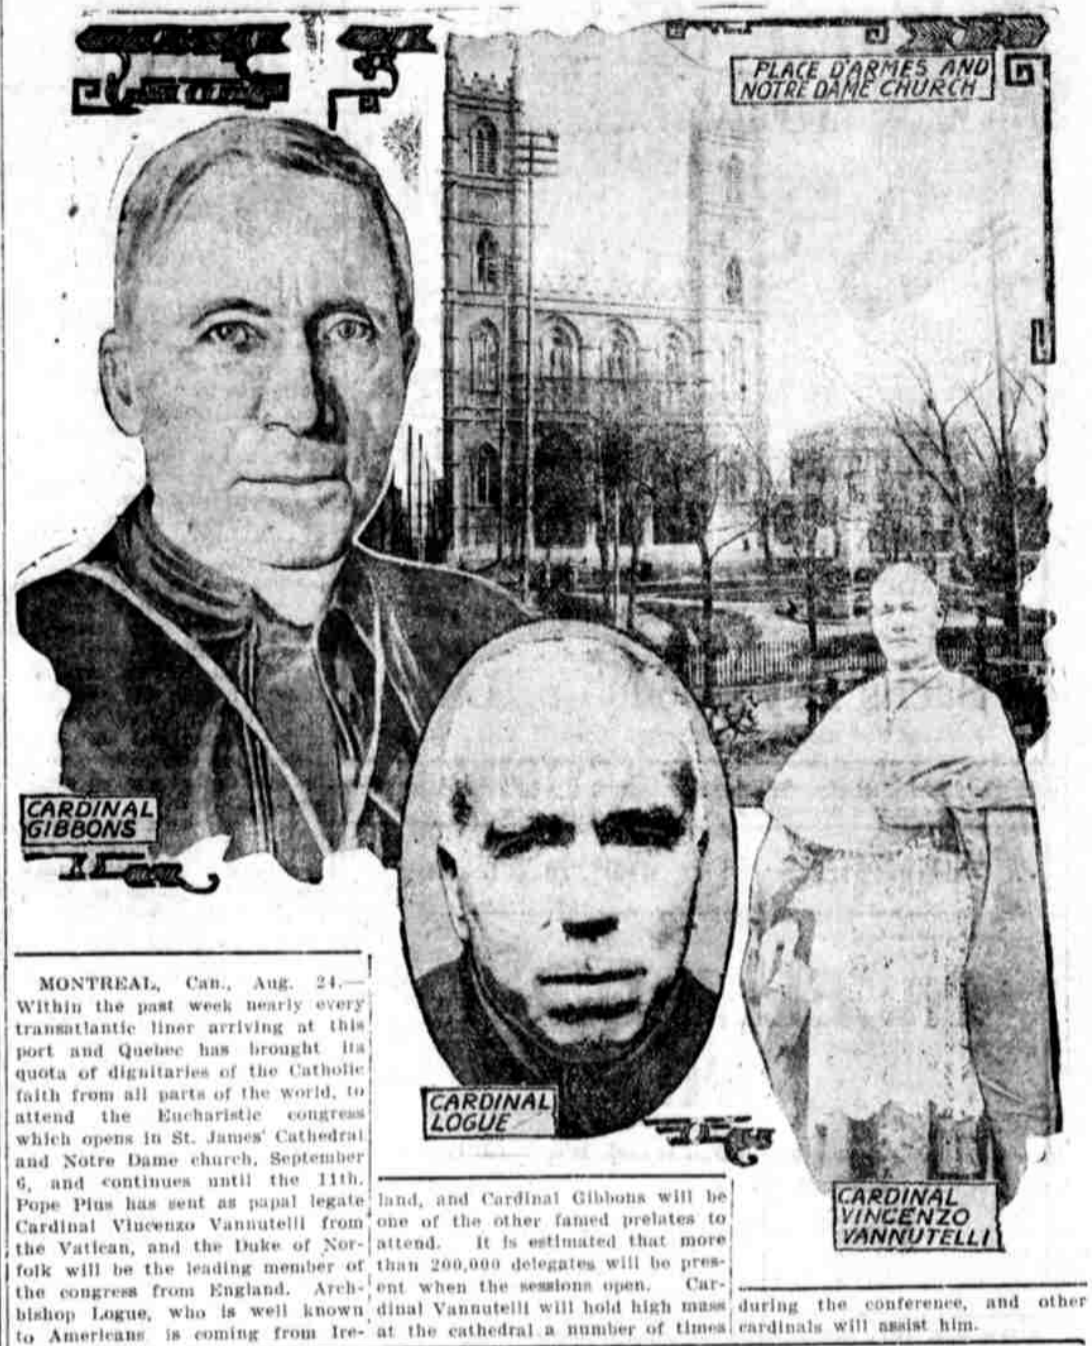

present time would fetch only the price of old junk. Even at this price no one but a junk dealer with large capital could handle them.

They must be gotten out of the way as their ranks are being continually added to. It would seem that the most economical method of disposing of them would be to take them out to sea and sink them, but the most reckless spender of public money shivers at the thought of the price they cost and what is to be consigned to the bottom of the ocean.

It was once proposed, without containing any elements of a joke, to give these "retired" warships to citizens who might use them as private yachts, but the knowledge that a crew of nearly three hundred men would be required to manage nearly any one of them, and that they would consume enough fuel in a day to keep a big pleasure yacht running for over a month caused the scheme to fall through.

EUCHARISTIC CONGRESS GREATEST EVENT IN CATHOLIC HISTORY IN AMERICA

MONTREAL, Can., Aug. 24.— Within the past week nearly every transatlantic liner arriving at this port and Quebec has brought its quota of dignitaries of the Catholic faith from all parts of the world, to attend the Eucharistic congress which opens in St. James' Cathedral and Notre Dame church, September 6, and continues until the 11th. Pope Pius has sent as papal legate Cardinal Vincenzo Vannutelli from the Vatican, and the Duke of Norfolk will be the leading member of the congress from England. Archbishop Logue, who is well known to Americans is coming from Ire-

land, and Cardinal Gibbons will be one of the other famed prelates to attend. It is estimated that more than 200,000 delegates will be present when the sessions open. Cardinal Vannutelli will hold high mass at the cathedral a number of times

during the conference, and other cardinals will assist him.

ROBINSON TO WASHINGTON

(Continued from Page 1)
of London Times since that time. He had been in London but a few weeks before starting on the present trip, having spent considerable time just previously in the West Indies, especially the British possessions there. "I wanted to see the whole of the United States in the Orient and so I came this way to Washington," said Mr. Robinson. "As I say I had a pleasant time in the Philippines, but I did not stop in China except in Hongkong and Shanghai. Here in Honolulu I am spending most of my time with different officials so as to get in close touch with the situation.

"Honolulu is beautiful," he said, "but some parts are like any city in the United States. For example, portions of the downtown section might just as well be sections of Omaha, as Honolulu." In reply to a question as to his work in the United States Mr. Robinson said that it would be practically all mail matter, the present staff in Washington covering all cable stuff. "I shall put in the first year in Washington to get in touch with the administration but after that I don't know whether that will be the best headquarters or not," he said. "I am going to deal with the larger question in which the British public is interested and in that work I shall travel considerably in different parts of the States." Mr. Robinson knows the whole of the United States as he has been from East to West. He was in the Northwest for some time and knew Roosevelt when he was ranching in Wyoming.

forward by an officer high in the naval ranks that the "retired" ships be constructed into forts for the protection of some of our sea coast cities but this bright idea fell through from the fact that there would have to be land works built around them and it would be cheaper to build fortifications in a first place.

Besides being a subject for comment by visitors to our naval yards there is a pretty penny of expense attached to the keeping of these old hulks, and added to this a report is made yearly to Congress by the secretary of the navy, and congressmen spend thousands of dollars of time in a discussion of them that never sees an end.

Spendthrifts

are people who spend money foolishly. Often it is an estate that is wasted away or a business. A spendthrift is often a foolish young man without brains or experience.

But not always.

There are also advertising spendthrifts—men ordinarily sound in business who throw their money away in injudicious advertising.

Don't scatter your fire. Use one medium—the best—and spend your money where you will get some return.

AN OPPORTUNITY

Every man who engages in business takes a chance—the farmer's crop may fail; the ship may sink; even your life insurance is a gamble. Some gamblers are even chances; some have odds in your favor. A gamble in Lakeview No. 2 oil company would be \$1000 to \$1 in your favor. Any man with intelligence takes a chance and develops into a globe trotter or tourist and lives on Easy street; the other man who didn't still a clerk at his old job. John D. Rockefeller might still be a clerk, but he took a gamble in oil—his salary is now about half a million dollars daily; he don't work now. Today is your opportunity—tomorrow may be too late. Cut this out and come and see me; you have everything to gain in this gamble. Shares now 40¢ will be worth a dollar when I get cable to stop. J. OSWALD LUTTED, Fort Street, next to Covent. I will leave for Hilo September 13.

**THEY ASSUME
ALMIGHTY POWER**

Lightfoot Characterizes
Attitude Of Jarrett
And Milverton

"The Sheriff and the Assistant City and County Attorney think that they are both God Almighty and that they can say whether we shall see this defendant or not. We are not going to crawl to the Sheriff for permission to talk with this defendant, who is our client; we demand the right to speak with him from this court."

That was the way in which Lightfoot exploded in the habeas corpus proceedings brought in the case of Lee Sung Nin, who has been held in the Sheriff's custody since September 1, pending the outcome of the wound which Choy Young Jo was given by him.

The writ issued by Judge Robinson yesterday was returnable this morning at 9 o'clock, and at that hour Sheriff Jarrett had the prisoner in the courtroom and turned over to the court.

Lightfoot addressed the court, asking that the name of Claudius McBride be entered as assisting in representing the defendant, and then, after the answer of Sheriff Jarrett was filed, Lightfoot asked that the writ be dismissed.

In the answer to the writ, the Sheriff has the copy of a warrant returnable before Judge Andrade tomorrow, charging the defendant with assault with intent to commit murder.

Lightfoot asked the court for permission to speak with the defendant, to which Milverton immediately objected and asked that the prisoner be remanded to the custody of the Sheriff.

It was then that Lightfoot made reference to the two officers taking upon themselves the power of the Deity. McBride joined in by saying that they were denied the privilege of speaking to the prisoner while in the court this morning, before Judge Robinson opened it. This was true, for Lightfoot put an interpreter alongside the prisoner and told him to talk to him. Jarrett ordered him away, as the court had not appeared, and until it did appear the prisoner was still in his custody.

Milverton jumped into the breach and said that as the writ had been dismissed the prisoner was no longer in the custody of that court and that counsel for the defense could not ask the judge for permission to speak with him. Their request must be made either to the Sheriff or to Judge Andrade, before whom he was charged.

He further asked that the prisoner be immediately remanded to the custody of the Sheriff.

Again Lightfoot came forward with forcible expressions characterizing the procedure of both the Sheriff and Assistant Attorney. He told of arrests made by the police when prisoners were held forty-eight hours, according to the law, for "investigation," and then turned loose on the sidewalk and immediately re-arrested for another period of forty-eight hours for further investigation.

"This discussion is purely academic," said the court. "Counsel may talk to the prisoner while he is in the courtroom, and he will be remanded to the custody of the Sheriff in good time."

The words of the court were satisfactory to the attorneys for the defense, who immediately gathered around the prisoner and began to talk with him.

In view of the instructions made, Milverton asked permission to address the court, stating the whole facts and naming the statute under which the prisoner was held, pending the death or recovery of the assaulted man, so that a definite charge could be laid against him. He then asked again that the prisoner be given over to the Sheriff.

Another case was called by the court, and soon afterward Lightfoot asked that they might take the prisoner to the chambers of Judge Robinson for a consultation. This the court immediately refused and remanded the prisoner to the Sheriff's custody, thus cutting off any further attempt to communicate with him while in the courtroom.

This ended all argument and discussion of the case, and Jarrett immediately took the prisoner back to his cell, to appear in the District Court tomorrow for arraignment on the charge laid against him by the prosecuting attorney.

**RAILROAD WORK
IS RUSHING ON
HAWAII**

Trains To Kapue Gulch
Will Run On
Sunday

**RAILS TO KAMAILE
WILL SOON BE DOWN**

Eastern Railroader Raises the Construction Work of Hilo Railway Company.

(Special Correspondence)

HILO, Sept. 5.—The present week will be a record breaker in the history of the Hilo railroad, as before next Sunday it will run trains on its new extensions in both directions, to Kamaile, on the Puna branch, and to Kapue Gulch, on the Hamakua side.

Those in charge of the construction work had figured that the rails would reach the Kapue gulch at 3 o'clock in the afternoon of last Thursday. The workmen beat this by half an hour, the last rail being spiked down at 2:30 p. m., when whistles were sounded and cheers given by the builders. The Kapue gulch is just on this side of Papaikou, and when the bridge across it has been built, Papaikou has practically been reached.

Manager Filler is making arrangements to run the first general public train to Kapue gulch next Saturday afternoon, probably at about 3 o'clock. The trip will be an interesting one, even to those who had the chance to make the trip to Honolulu some months ago when Mr. Dillingham gave his excursion to that point. A stop will be made at the Honolulu gulch for a few minutes in order to give the passengers a chance to view that great structure, and they will then have the novel sensation of spanning the great gap, the crossing of which has heretofore been such a laborious task, in a few moments. The distance by railroad between Honolulu and Kapue is about two miles.

While it is probable that excursions will be run on Saturdays and Sundays after the date mentioned above, it is also quite probable that a regular train service will be instituted between Hilo and Kapue gulch in the very near future. If it is found that there is a popular demand for such service—and there probably will be, for the railroad will practically run to Papaikou—the company will put up a temporary station at a point where the track almost touches the government road, and regular trains will be run on a temporary schedule.

The new extension to Kamaile, which will be the name of the station by the Cant lumber mill in Puna, will be completed during the first part of this week, and trains will be running with ties from the mill before the week is out. The ties have been accumulating at the Cant mill for some time past, awaiting the installation of shipping facilities, and they will be loaded on the Irugard, which is now in port waiting for her cargo for Healds Beach. Owing to the fact that the new railroad schedule will go into effect on October 15, there will be no regular service on the new Puna extension until that date, but the railroad company will, when there is a demand therefor, run trains for passengers or freight to the very end of the line, giving temporary service until the regular service is instituted.

During the past week John W. Hamilton, a member of the firm of Hamilton and Chambers of New York, which is supplying the construction material used on the Hamakua extension, has been going over the line. Hamilton, who is a member of the American Society of Civil Engineers, states that the road is being built as substantially as any road in the East, and that the excellence of the work has been a very agreeable surprise to him. He will return to the East with Mr. Thurston, who plans to go to the mainland in either the Wilhelmina or the Sierra.

ART STORE IN NEW QUARTERS.

The Arts and Crafts Shop, formerly located on Fort street, has moved to commodious quarters in the Young Hotel building. The big store room recently vacated by the Honolulu Gas Co. has been secured by the Arts and Crafts people in conjunction with Brown & Lyon, the bookmen. The new location is as choice a one as could have been secured and will make possible the proper display of the big stock of 1910 holiday goods that have been ordered.

There will be no formal opening at this store until November 1st, but the removal of the goods has been completed and the store is open for business in the new quarters.

Announcement is made by Master Commissioner William H. Flynn that he has set September 15 as the date for the sale at public auction of the entire stock of the International & North Southern Railway Company and its properties.

Attorney Declares That
Company Violates
Franchise

The Board of Supervisors accomplished things in record time last night, a large part of the short session being devoted to health matters. The committee on that subject stated that it had informed Marston Campbell that the City was not able to meet the cost of further tuberculosis inspection by the Territorial veterinarian, Dr. Monsarrat having to do all of that work in the future because of the shortage in City and County finances.

A petition was presented from A. H. Dondero of Escondido and Lansing asking for the extension of Punahou street to Kalaheena avenue and a favorable report was submitted by the road committee. The proposed road will be through the Judd tract and although the city will not be put to any expense in opening the thoroughfare, which it is believed will be a convenience to the public, it will loan the road to a steam roller. While on the subject of streets the committee recommended the repair of Kinau lane and the filling of Luso street.

A petition was presented from Major E. E. Winslow for the construction of a short electric branch road on Ala Moana road from Fort Armstrong to connect with the Rapid Transit line. The builder of the proposed line is not mentioned in the petition.

The Rapid Transit Company is assuming too much under the terms of its franchise according to Attorney C. W. Ashford who in a communication to the Board states that the company is propelling freight cars over its town lines. There promised to be a hot discussion before the Board when the subject is taken up.

A resolution was introduced by Aylett by which \$750 is withdrawn from the road fund to provide for a beginning in the widening of Bethel street. The road supervisor is instructed to start at once, the necessary property for the widening of the street having been acquired.

CREWS IN HARD TRAINING FOR BIG ROWING EVENTS

REGATTA DAY PROMISES TO BE BEST EVER—HEALANIS AND MYRTLES READY TO BATTLE IT OUT TO THE BITTER END—MANY INTERESTING RACES.

Now that Regatta Day is only a pace attained by the canoes was little more than a week away, people are talking of the glories of past Septembers, and sizing up the coming struggles between the Healanis and Myrtles. In the past there have been some nice races between the two clubs, and although for a long period the Myrtles managed to elevate the broom at the end of Regatta Day, the Healanis showed last year that they were coming to life with a vengeance.

The infusion of new blood into the Healanis did a wonderful amount of good, and the younger members, backed up by the veterans, soon began to show what they could do. Lloyd Conkling did wonders in the way of coaching, and then, to wind up in a blaze of glory, steered the crews to victory. It was mainly through Conkling's efforts that the Healanis did so well the day that they met the Myrtles in a friendly contest early in this year.

The different crews are working out every afternoon, and the seniors, juniors and freshmen of both clubs are putting in strenuous weeks. Bert Heilbron is doing great work in the way of coaching, and the rest of the veterans are giving expert advice to the youngsters.

Good Program Assured. The regatta committee is hard at work, and Tom King and his colleagues are determined to make the regatta this year as good, if not better, than any of the past. The program is now being arranged, and on it will be the usual interclub rowing races. The canoes have not been forgotten either, and the spectators will once more have a chance of seeing a hoole crew of paddlers go up against an outrigger canoe manned by Hawaiians. Last year, much to everybody's surprise, the white lads won a beautiful race. It remains to be seen if they can repeat the performance on Saturday week.

The shell race proposition is being considered, and there is but little doubt that two four-oared shells will be manned by Healanis and Myrtle men, and a great race should ensue.

Sailing Races. Then the wrens and pearls are going to get a chance to show their pace before the wind, and Luther Hough, Myhre, Holte and the rest of the Honolulu yacht club members will sail around the harbor. Hough's Pearl is all fixed up now, and he feels confident that he can do anything with the small craft nowadays. If Luther is to coax most of the crews in the different rowing races, he will not be able to sail his pearl. In that case he will put another skipper at the tiller and will watch the performance from the boat shed.

Canoe Events. The Hawaiian sailing canoe races will be good, also, and the way the natives handle their frail craft will surprise the malihinis. Last year these races were excellent, and the

Then the padding races for women are always interesting, and the Makai line and other craft will surely be seen in action. Down in Kaili bay the crews are training hard for Regatta Day, and some fast times will doubtless be put up by the paddlers.

Special Race. The pair-gar race between Charlie Chillingworth-Frank Thompson and Prince Cupid-Alec Robertson will be a beauty, as all four men are training hard for the event. Charlie Chillingworth even went so far as to do a rowing stunt from away off Kaula somewhere back to Pearl Harbor on Labor Day. Then every afternoon the bunch goes down to the waterfront and works up a marvelous pace over the smooth water of the harbor. The big dinner that is at stake on the race is being looked forward to with keen relish by the thirty-five guests who hope to be present.

McKenzie and Miss Greenfield Are Beaten Two Sets Out of Three. (Special Correspondence.) HILO, Sept. 6.—The tennis match played last Saturday afternoon between the champions of this year's mixed doubles tournament, Mrs. Pattee and L. S. Conness, and the last season's champions, Miss Louise Greenfield and McKenzie, resulted in a victory for the former, who will hold the cups until next year. In the first set Conness was weak, but in the two following sets he came back to his old form. The score was 1-6, 6-2, 6-4.

The challenge match between Hilo, represented by Conness and Alec Desha, and Hakalau, represented by Fred Henderson and Frank Fraser, was won by the Hilo men, who won the first, lost the second and won the third set.

DOTS AND DASHES. There is not much doing in tennis tournament line nowadays, but there is plenty of private play going on. All the courts are in regular use, and some promising young players are coming along. The new courts at the Moana Hotel are about ready for use, and if they wear as well as they look, they will be perfect.

There is talk of another match race to be pulled off at Kapoloani Park in the near future. Jerry Broderick's little mare Copit (not Copitic, as so often called) may run a race with some other pony before long.

RUGBY.

ALL AMERICA TEAM IMPROVED

CALIFORNIAN ATHLETES DID WELL ON THE WHOLE

Sydney Referee Speaks Highly of the Visiting Team—'Varsity Men Do Great Work in Antipodes.

Now that the All-America Rugby team is home from its Australasian tour, a resume of the concluding games of the schedule is interesting, says the Chronicle correspondent.

In my last letter I wrote accounts of all the games played by the American universities football teams up to July 2, including the game against Sydney University on that date.

The seventh game of the tour was played Wednesday, July 6, against the Central Western district team at Wade Park, Orange, New South Wales. The American backs had now become more of a unit and their play was better than in any of the previous games. The final score of 11-9 in the university team's favor gives a good idea of how evenly matched both teams were.

Brown at fullback played an exceptionally fine game, his line kicking being of a very high order.

All during the game the townspeople were very generous in their applause and a stranger would have had difficulty in picking the home team, so impartial were the spectators.

American Universities 8, Metropolitan 8. The Australian tour was closed July 9 at the Sydney cricket ground, Sydney, where a draw game of 8-all was played with the Metropolitan team. This game proved the surprise of the campaign in Sydney, our team displaying form infinitely superior to that of any earlier game. Our forwards held their own in every department of the game.

The Metropolitan team contained some of the best players in Sydney, and a drawn game with such a team shows very adequately the improvement which had taken place in our team.

It will be interesting to note an article in the Sydney Referee of July 13:

"The American university team is going back to America with a high appreciation of Rugby union football as a scientific game, with an exalted opinion of the sportsmanship of their opponents and with a feeling that nothing can ever obliterate the memory of the campaign from their minds. As a rule I do not see a very great deal of Rugby tourists off the field, but I always make a point of noting the sentiments of their principal spokesmen and the attitude of the men in matters of discipline and training. The Americans are thorough sportsmen. They have played the game strenuously, but with scrupulous fairness. There has never been a more loyal set of men on tour; never a team that had a higher conception of what

was necessary to their physical welfare. And they acted up to it. In this they may be held up to Colonials as a pattern. The American team has had conditions to test them as men and as sportsmen. They have had hospitably showered upon them and they were beaten in four matches 'straight off the reef.' They went through all this and have left Australia, urging them on the form of the last match, an infinitely better combination than they were on their arrival. They have made hosts of friends; they believe that these friendships will last forever; and they hope to renew them at no very distant date on American soil. As exponents of Rugby the Americans came to Australia most admirable in the forwards, but not collectively good in the backs. The forwards improved, but the backs hardly improved in attack for the first half dozen matches. At the finish, however, it was made clear that the backs had at last mastered the art of passing with skill and of attacking with something approaching real system. In their first game they gave many slow lot passes, and in this way, time after time, lost position gained by their forwards. But at the close they were passing sharply, straight or practically straight, with the men running fast and taking the ball at full speed. The earlier passing was of a crude, bookish sort of football; at the close it was the real thing."

On the morning of July 11 the team left for Wellington, New Zealand. At noon Friday, June 15, we landed in Wellington.

MYRTLES AND HEALANIS TO GIVE BIG DANCE

On Regatta Night the Young Hotel will be scene of Joy and Fun—Big Crowd Expected.

On the evening of Regatta Day, the Myrtles and Healanis will give a ball at the Young Hotel, and the function promises to be the best ever. A committee composed of George Gall, Harry Balled, Bob Chillingworth and W. McTigue has charge of things, and everybody is working hard to make everything a success.

The best of music will be provided, and as it is announced that Kaula's quietest will play, it will be seen that the best possible waltzes and two-steps will be on tap.

The boat clubs know how to do things in style, and when they combine forces in the evening, after being at daggers drawn during the afternoon on the harbor, something really good in the way of fun is promised.

DOTS AND DASHES. Doc Roller is still lying in the Hotel Waldorf biding the time his broken ribs will knit and become strong enough for him to venture out, says an exchange. According to the physicians who have the case in charge, Roller is one of the gamiest men they ever met. The fractures were the sixth and seventh ribs, and they were completely broken away from the breastbone. As the accident happened during the first half minute of wrestling, when Roller fell backward over the low ropes, the doctors marvel that he never gave any sign of the injury, but continued to struggle under such a handicap. As soon as Roller is well enough, he intends taking his wife for a tour of the continent, and will be gone about a month. By that time he will be sufficiently recovered to allow him to resume training, and should Oama be still unbeaten, then he will immediately challenge him to a return match. Roller feels confident that, barring accident, he is better than the brown man from the East, and will not rest until he proves it.

LONDON, Aug. 28.—The Johnson-Jeffries pictures have arrived, but there is no gold mine for them here. The owners of these pictures have lost a world of money by not getting them over in the continent at once when they were ready. Some of the stories coming from France about the fake pictures of the fight read like pages from a comic week-ly. In Paris and all the provincial cities of France the gratiers have been busy showing the Hans-Nelson pictures as the Simon pure Jeffries-Johnson affair and taking in the

coin in bunches. Outside of Paris the natives never get wise to the substitution, and it will take a lot of education to bring them to the real article when it is taken over there. Thomas H. Carr of Minneapolis is here with the films of the Wolgast-Nelson battle, but there has not been enough talk about this contest over there to induce the people to flock to see them.

The boxing fraternity is going slow just now, and although there are rumors of several matches within a few weeks, at present nothing definite is settled. When Dick Cullen returns from Australia he may get a match here, and if Madison is willing some bouts may be arranged.

Stanley H. H. Ashford, a Honolulu youth, who is now deputy collector of customs at Annapolis, has been doing some rowing lately, and he was a member of a winning crew last month.

The Oahu Juniors are now holding the center of the stage as regards baseball, and until the second series of the seniors starts up, there will be not much doing on the diamonds.

COLLEGE OF HAWAII OPENS
The College of Hawaii opens September 12. The outlook for students at this time is bright. Several are coming from each of the various schools in Honolulu and several that have been out of school for a year or more will enter the College for technical instruction.
The faculty has been increased by the appointment of several members. Howard M. Ballou, Professor of Physics, graduated from Harvard with distinction in 1892. Since graduating he has held a number of responsible positions and holds several diplomas and certificates for proficiency in teaching in his chosen field. Dr. Arthur L. Andrews, Professor of English, comes from Cornell, where he has rendered efficient service since his graduation in 1893. He took his masters degree in 1895, and was awarded the degree of Ph. D. in 1902. His studies and experience have covered a wide field in English literature. Dr. H. P. Severin has been appointed to take the place of Professor Bryan in Zoology and Entomology, who has a leave of absence for the year. Dr. Severin has been a member of the faculty of the University of Wisconsin since 1906 and was previously at the Ohio State University. He has published a number of technical papers on phases of Zoology and Entomology. He comes with a mature and extensive experience. Miss Florence Lee of Columbia University has the work in Domestic Science. Rev. W. Felmy and Mr. Sigurd Russell have the work in German and French respectively.
During the summer considerable has been done by way of increasing facilities and arranging new apparatus and illustrative material. The library has also received several hundred new volumes on technical subjects. With these additions to the faculty and increased facilities for instruction the College is in a better position than ever to offer instruction in the regular courses already announced as well as to special students in Chemistry, Botany, Horticulture, Domestic Science, German, French, English, Shop Work and a number of other subjects.

EAST END WANTS SCHOOLHOUSE
Fred Turrill has taken up the big stick on the question of a public school for the children of the Palolo and Kaimuki district. He appeared before the county fathers last night and placed the schoolhouse proposition, not as a request but as a demand, and woe betide the politician who disregards the demand for educational facilities for that fast-growing district.
To Mr. Sam Hardesty, of Palolo, is due the credit of the initial work in an endeavor to secure a schoolhouse for that end of the county. Mr. Hardesty has taken much of his time and made a thorough canvass of the district to ascertain the number of children of school age therein, and, with another resident of the valley, made a survey and estimate on the remodeling of a building in the district that, for the sum of \$500 could be put into the best possible shape, making two good-sized rooms and could be made to serve the purpose for the time being.
The question of a schoolhouse in the district named will cut a big figure in the success or defeat of those running for office from that end of the county.

LA FOLLETTE IS BEATEN

MILWAUKEE, Wis., Sept. 6.—Senator La Follette, the leading insurgent in the Senate, was overwhelmingly defeated for reelection at the State primaries today. He made a whirlwind campaign, but was strenuously opposed by the standpatners, and much outside influence was brought to bear against him.

Samuel Cook, Canadian-born, a former member of Congress and a candidate for the Senate in 1898, when he ran second out of a field of five, has been nominated in his place.

In 1905 La Follette, then Governor, led the movement for the direct primary, under which he was today defeated.

NOTHING DOING FOR TAFT.

SACRAMENTO, Sept. 6.—An attempt that was made during the afternoon session of the State Republican convention, now under way, to amend the platform recommended by the committee in order to make the endorsement of President Taft and his administration stronger, caused a storm of protest, the majority voting down the amendment amid a chorus of cheers for insurgency. The insurgents have complete control of the convention, but this was the only clash in which they indulged.

The nominations made in the State primaries will probably be confirmed.

ALASKA INVESTIGATORS RETURN.

SEATTLE, Sept. 6.—Secretary Nagel and Attorney-General Wicker, who arrived here today, returning from their six weeks' tour of Alaska. In the north they looked over the coal lands and the other interest in dispute in the Guggenheim affair, over which came the open clash between the Secretary of the Interior and the forestry bureau.

INSURGENTS WIN.

CONCORD, N. H., Sept. 6.—The insurgents won their first victory in this State today, at the primaries nominating State Senator Robert Bass as the party candidate for Governor, to succeed Governor Henry B. Quinn.

MEAD IS VERMONT'S GOVERNOR.

RUTLAND, Vt., Sept. 6.—Lieutenant-Governor Mead was today elected as Governor at the regular gubernatorial election. Mead is a Republican and will take the place of Governor George H. Prouty, Republican, whose term expires in October.

SENATOR BURROWS DEFEATED.

DETROIT, Mich., Sept. 6.—Senator Julius C. Burrows was today defeated for nomination for reelection by Townsend in the State primaries.

LANGFORD BEATS JEANNETTE.

NEW YORK, Sept. 6.—Langford defeated Joe Jeannette today after a contest that went fifteen grueling rounds.

BRITISH COMMENT ON SPEECH OF KAISER.

LONDON, August 27.—The Times, in an editorial today dealing with the speech of Emperor William, says: "History is not likely to regard it as an accident that the two figures whose eloquence reached furthest in the Western world of their day should have insisted in language so similar in its directness and force on the simple human obligations which men and women were seeking to escape. Emperor William and Colonel Roosevelt do not preach from the same text, but the moral of their preaching is the same.

Joe Henson, a mountaineer, living near Wood, N. M., was shot and killed by the Rev. W. R. Wright, a Baptist minister of Alamogordo, Monday night. The trouble was due to a family feud.

Many a budding genius has developed into a blooming idiot.

PRINCE TSAI AFTER FIGHTERS

The object of the visit of Prince Tsai Hsun, who is a passenger on the Manchuria, now coming from the Orient, is to study naval affairs as practiced in the United States and also to look into the possibility of purchasing a number of warships for China if a favorable bargain can be made with American builders.

The methods of international dealings as practiced by America towards China are said to have a considerable influence with that country when they desire to make purchases in foreign countries.

During his visit through the States the Prince will visit all of the shipyards and get lines on the latest methods of construction of fighting machines.

Girls Who Work

are especially exposed to the dangers of female organic disorders. Lydia E. Pinkham's Vegetable Compound has enabled thousands of girls to hold their positions.

Read what this girl says:

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am well."—Emma Draper.

And this girl:

Indianapolis, Ind.—"I suffered from a severe female weakness and got so bad that I believe I would have died if I had not obtained relief soon. One doctor said nothing would cure me but an operation.

"My aunt advised me to try Lydia E. Pinkham's Vegetable Compound as it had done so much good for her. I did and found it to be the right medicine to cure female troubles and build up the system, and I am now in better health than I ever expected to be."—Hessie V. Piper, 29 S. Addison St., Indianapolis, Ind.

Is it not reasonable to suppose that a medicine that did so much for these girls will do the same for any other girl who is suffering with the same troubles?

These testimonial letters are the genuine and truthful statements from honest people.

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there is lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Short Stories For Evening Hours

FROM LUCILE'S DIARY

I determined rather suddenly last week to go out to the Lakeside Inn, where Ruth Ritehey and her mother are passing the summer. I thought a few days in the country would be very restful and refreshing.

Ruth, who always likes to parade any little popularity she has, wrote me recently about the delightful time she was having playing tennis with a Mr. Carl Bates. So when I went out I naturally wished to take a tennis racket with me. Unfortunately the one I had last year is broken and as Wisner Lee hinted that he intended bringing me a racket from the East I did not wish to go to the extravagance of buying one. Accordingly, I decided to take Betty's.

"It's a very good racket even if it is old," I said appreciatively, when at my request Betty brought hers down to our house.

"It's not very old," she said. "It's only three years ago that I won it at the Birchwood Club tournament."

"It's awfully sweet of you to let me take it," I replied.

"Who plays tennis here?" I asked, after receiving the surprised greetings of Ruth, for I had not announced my coming.

"Mr. Bates and I have been playing singles," Ruth answered, "but there is a young boy here who plays a fair game and will fill in for doubles."

"That's good," I exclaimed. "But, Ruth, dear, you'll have to let me have the best player for my partner, because you are in much better practice than I am."

When Mr. Bates and I beat Ruth and her young partner two sets to love Ruth seemed rather put out.

"I don't care to play any more today," she announced when I urged her to try another set. "I'm going to my room to rest before dinner."

"Dear me!" I remarked, as she left us. "I don't see how any one can bear to waste any of this lovely June day in resting. I want to enjoy every minute."

Mr. Bates smiled and asked: "Would you care to play singles?" "Oh, no, don't let's play without

Ruth," I answered, loyally. "I'd rather take a walk or go out on the lake."

The evening dinner was over when Mr. Bates and I returned from our charming row, during which we explored a distant bay that I had especially desired to see. Although I went to the trouble of picking a bunch of water lilies for Mrs. Ritehey, she and Ruth treated me so coldly that I made up my mind it would be no pleasure for me to stay at Lakeside with them. So when Mr. Bates mentioned that he intended leaving for town in the early morning I asked to be allowed to drive to the station with him and go on the same train. He seemed pleased with this arrangement, and we got on famously together. Indeed, I like him very much and am seeing a lot of him.

As soon as Betty heard that I was home she came over for her racket. "Your racket?" I repeated. "Why, the fact is, Betty, dear, I left Lakeside so hurriedly that I forgot to pack some of my things. However, Ruth will send them to me. I'll wire her tonight."

Betty said nothing, but the way she looked made me regret taking the racket she had almost forced upon me. Ruth sent it by express the next day with a note saying that it had not improved by a night in the rain. She said she found it the morning I left on the grass where I had dropped it at the end of our tennis sets. The hotel people were very careless to leave it there. It must have been a poor racket, for the frame was warped and the stringing was quite ruined just by one night's shower.

Mother suggests that I give Betty the beautiful new racket Wisner Lee has just brought me from New York. Of course, I shall not be so crude as that. I have to own to myself that my dear mother is somewhat lacking in a knowledge of what is good form.

I saw an advertisement of a sale of rackets today, and I think I shall be able to get Betty one at a reasonable price. Not being an expert player any more it would be useless for her to have one of the expensive makes.

RYAN PLANS TO START GREAT BANKING HOUSE

With His Sons Finance May Rival the Great Concern of the Morgans. NEW YORK, August 25.—Thomas F. Ryan and his sons, Allan and Cleon, are preparing to enter the field of private banking to compete with such houses as Speyer & Co., Kuhn,

Loeb & Co. and perhaps, in course of time, with J. P. Morgan & Co. That report was started today in Wall street through a man to whom Ryan had bronched the subject with the idea of enlisting him in the circle of men of wealth.

With his enormous fortune, his great income from the American Tobacco monopoly and other trusts he

practically owns and his large interests in the Bank of Commerce, it is believed Ryan would lay the foundation for a house that would be second to none but that of Morgan & Co. One of the principal objects of Ryan's recent trip to Europe, it was said today, was to perfect arrangements for European connections, which such an enterprise requires.

HILO OBSERVED LABOR DAY

(Special Correspondence) HILO, Sept. 6.—Hilo yesterday enjoyed a Labor Day celebration which was quite creditable. The firemen and the Labor Union had arranged between them to have a parade, and the showing they made was a very good one. The parade assembled at Fireman's Hall, and at a little after 10 o'clock the procession started, going to Moohau Park by way of Front street, and returning by way of Pongahawai and Pitman street, marching on to the Armory.

The Hilo band led the procession, playing martial airs on the way. It was followed by the Labor Union, most of the members wearing dark coats with white trousers, and with ilima leis around their necks. The Union carried a Hawaiian and an American banner, the latter being a gift from Sheriff Sam Pua.

The van of the parade was taken by the firemen, Chief Johnson riding in state in a carriage, followed by some of the boys on foot, with the engine, drawn by horses, in the rear. The firemen wore their new bright red uniforms.

The paraders wound up their march at the Armory, where they took part in a luau given by the Keaukeou Society.

EGG WITHIN AN EGG.

WESTERLY, R. I., Aug. 14.—Clark Rathbun, Westerly's weather wizard and poultry raiser, recently discovered in his henyard an unusually large egg. Clark gets fancy prices for his eggs, as they are always fresh, and in addition he feeds his hens selected food. As a matter of uniform economy, he makes it a practice of retaining for home consumption all eggs that would appear to have double yolks.

This particular egg was saved. When Mrs. Rathbun broke it in the frying pan the next morning she discovered two eggs, both perfect, and one within the other. The shell of the inside egg was hard and the size of the average egg. The outer egg was eaten by Clark for breakfast, while the inner one was placed carefully in the basket with the salable eggs.

"I suppose you're one of those idiots that touch wet paint to see if it's dry?" "No, I'm not. I touch it to see if it's wet."—Funch.

NOA ALULI IS COMING BACK

(Special Correspondence) HILO, Sept. 5.—Genial Noa Aluli, who was at one time the power behind the throne in the affairs of the County of Hawaii, has been heard from, and in the very near future his handsome presence will again grace the streets of Hilo.

County Attorney Beers last week received a letter from Aluli. It was dated Aug. 18, and was written on the stationery of the steamship St. Paul, but there was no indication as to where the vessel might have been when the letter was written. The County Attorney by exercising the ingenuity which he has had trained in his legal practice, located a postmark of the envelope of which the letters "Sea" were legible. It is therefore surmised that the letter was mailed from Seattle.

Regarding his plans Aluli writes as follows: "Will be home during the early part of next month, and will then decide what to do."

It is possible that Aluli will enter the political arena, seeking the nomination for some office on the Republican ticket, most probably that of Representative.

DEAF CAN HEAR ON PIKE'S PEAK

But When He Descends He Finds That He Is Afflicted As Before the Ascent.

COLORADO SPRINGS, Aug. 14.—The summit of Pike's Peak, whose altitude is 14,147 feet above the sea, has established a new record in its effect on Edward B. Hainey, a Chicago delegate to the World's Congress of the Deaf, which has just ended here. He was born deaf and has remained deaf during his forty years of life.

While on Pike's Peak late today, in company with other delegates, a peculiar buzzing in his ears gave him an expression of bewilderment. He explained that he heard sounds. A companion enunciated a few words when Hainey signalled that he heard, although he could not classify sounds into words. He heard the noise of tramping and conversation and an engine, and finally the braying of a burro which startled him.

As Hainey descended his partial hearing left him. At Manitou, 8,000 feet below, he was as deaf as ever.
