3:30 O'CLOCK A BULLETIN AD ALWAYS HAS THE RIGHT AUDIENCE EDITION

You can't lift a retail business out of a small-neighborhood orbit unless you advertise. Publicity is the only means of expansion. When the masses are informed that you actually exist, that you have goods to sell, that you offer inducements to the purchaser, then your trade grows. This lesson has been learned by Every Merchant Who Advertises in the EVENING BULLETIN.

Roosevelt Urging Defenses For Hawaii

ROOSEVELT IS HELPING HAWAII

WASHINGTON, D. C., Dec. 23.—President Roosevelt is taking such a great interest in defenses on the Pacific Coast that he is having conferences with Congressmen from that section as to what is necessary. He has talked with many Senators and Representatives from California, Oregon and Washington. Today he advised on this subject with Senator Flint and Representative Humphrey of Washington.

Judging from what has taken place the President is simply bestirring the Pacific Coast members to activity in getting appropriations for weak points along the coast and in Hawaii. San Francisco is considered one of the best-defended cities of the world,

and little money will be needed there.

Senator Flint is particularly interested in San Pedro and San Diego. The latter, he says, could be made one of the great harbors of the world by an expenditure of \$150,000 in dredging the mouth of the harbor. The money would give a 30-foot channel at San Diego and thereby admit the largest battleships to a great harbor. San Diego, according to Senator Flint, needs defenses.

Representative Humphrey talked with the President about the needs of Puget Sound and Seattle. The President urged his visitors to work for appropriations for the defense of Hawaii.

Restarick Repudiates Pure Fake Interview

The extent to which a malicious-intentioned person can misrepresent a man is exemplified in an alleged interview with Bishop Restarick published in the San Francisco Call of Dec. 24.

Bishop Restarick was asked regarding the authenticity of the publication soon after his arrival. He responded that the statements contained in it are absolutely without foundation. He was approached by a Call man and refused absolutely to give him an interview on the subjects he advanced. The Call man then began asking him indirect questions in order to draw him out. These the Bishop refused to answer. The result was the fiction that reads as follows

and which will very likely be widely quoted on account of the ideas credited to Bishop Restarick and which he did not express:

"All things being equal, I would have no objection to accepting a Japanese as a son-in-law, the husband of my daughter." This statement was made last night by the Rt. Rev. H. B. Restarick, Episcopal Bishop of Hawaii, who is at the St. Francis en route to his diocese in the islands.

"I am, perhaps, a bit queer in such matters, but, though I believe that race should not intermarry as a rule, I see nothing in the statement which he credited to ex-Governor Carter of the Territory to raise the storm it

Say Lopez Broke Jail To Murder

That Francisco Lopez, the Porto Rican who on Monday night escaped from the Oahu prison together with Juan Rodriguez, made his informal departure in order that he might settle a couple of private vendettas of his own is the information which the police have secured from the former associates of the gentleman.

As soon as the police were notified of the jail break Detective Joe Leal was detailed on the case. He visited the former haunts of the couple at twilight, and from their friends there he learned that Lopez had threatened that he intended to look up his mother and a Porto Rican man with the purpose of killing them both.

Lopez's mother lives at Waiwala. When he made his last escape from jail he sought refuge at her place, and when he was finally caught he made up his mind that his mother had delivered him into the hands of the authorities.

The man whom Lopez is after is a Porto Rican to whom he a short time ago gave a collection of horse-hair watch chains which he had manufactured.

Interference Of U.S. Court Questioned By Territory

Whether or not the United States District Court has any right to interfere with the Territorial courts and review their decisions, sentences and judgments is a question which was raised in Judge Dole's court this morning by County Attorney Cathcart, who questioned the jurisdiction of the United States Court in the Marks habes corpus case.

Judge Dole considered that the matter should be thoroughly argued, so he postponed proceedings until next Saturday morning.

The Territorial officials hold that if the United States Court can take matters out of the hands of the Territorial courts at any time they might as well go out of business and let the Federal Court do all the work. If John Marks was improperly convicted in Judge Lindsay's court, he had the right of appeal to the Supreme Court, which, say the Government officials, would be the only proper and legal course. And if, as Attorney Davis claims, Mark's constitutional rights have been violated, he can appeal from the Supreme Court of the Territory to that of the United States. There is no necessity and no legal ground for dragging the matter into the United States District Court.

Should Judge Dole decide that this

HAD HARD TIME TO WEAR LEIS

Quarantine Official Says Flowers Tabu-Change Their Minds

For some time this morning at the Matson Navigation Company's dock it looked as if all the passengers of the Hiontan would have to leave their leis and floral decorations behind them. In fact, some of those who went aboard the Hiontan early were forced to take off their flowers by the quarantine officials. This was done to prevent any possibility of disease being carried away in the sweet-smelling flowers.

However, after some deliberation and in view of the fact that the passengers leaving Honolulu looked so woe-begone, the officials gave their sanction to the wearing of as many leis as could be carried.

The Hiontan carried a good-sized cargo of typical Hawaiian products this morning. Among the more important items were the following: 1600 tons of sugar, 5000 cases of pineapples, 4000 bunches of bananas, 4000 cases of oil, 1000 bags of rice, and any amount of miscellaneous cargo.

Admiral Beckley stood on the deck of the Hiontan as she pulled away from the dock, smoking a big fat cigar, and looking every bit as if he thought he was sailing away on the Kinau from Hawaii. The Hiontan will probably arrive in San Francisco Wednesday morning.

AGAINST MAGOON

Judge De Bolt this afternoon sustained the objections of Albert F. Judd to the discharge of J. Alfred Magoon as administrator of the estate of William Brash.

Magoon represented to the court that the only money due and owing to the estate was the \$800 fire-claim award, and it would be impossible for him to collect that. Some Chinese claim the entire amount of the award, and refuse to take anything less than the \$800. Magoon asked the Court to suggest some course of action for him, as he said that he had no funds belonging to the estate with which to prosecute a suit at law to force the Chinese to release their claim. The Court said he had nothing to suggest, and left it to Magoon.

Later this afternoon Magoon filed his resignation as administrator. This will be presented to the Court next Thursday. Whether it will be accepted or not is a matter for argument.

PRETTY WEDDING OF KULA SCHOOL TEACHERS

(Special to the Bulletin)
Pala, Maui, Dec. 27.—Last Saturday at half past six in the evening a pretty wedding was solemnized at the Kua Catholic Cathedral, the principals being Miss Correa and Mr. J. Vincent. Father Edward conducted the ceremony. It was performed in the presence of relatives only.

The bride was given away by her father, Mr. F. G. Correa, and attended by Miss Mary Vincent, who was maid of honor, while the groom was supported by Mr. C. D. Socker, book-keeper of the Pala plantation store, who acted as best man.

After the ceremony a delightful reception, to which many friends had been invited, was tendered the happy couple at the home of the groom's parents, Mr. and Mrs. E. S. Pieper, which was beautifully decorated with greens in honor of the occasion. Under a lower of greenery in the parlor while a string band played the strains of lovely music the happy couple were overwhelmed with congratulations from numerous friends who were present. After which dancing was indulged in and late in the evening light refreshments were served. Many beautiful wedding gifts were bestowed upon the bride and groom, which testified to the esteem in which these young people are held.

Mr. and Mrs. Vincent will reside in Kula. Mr. Vincent is principal of the Kealahou school and Mrs. Vincent will continue to teach in the same school.

Kihei Stockholders Decide They Will Sell Out Plantation

The sale of the Kihei plantation to the Hawaiian Commercial was yesterday authorized by a meeting of the stockholders which had been called to consider the matter. All those present agreed on the advisability of the sale, the only opposition being made on account of the fact that immediate cash payments could not be arranged for. There were 23 persons present, representing 39,852 shares of a total of 49,000.

The business of the meeting was opened by the reading of the following resolution:

Whereas, The Kihei Plantation Company, Limited, has not since its commencement produced sugar at a profit; and

Whereas, There is no present prospect of a change in this respect; and

Whereas, It is believed by those voting for this resolution that it will be in the best interests of all of the stockholders of this company, to sell all of the property and assets of this company, divide the net proceeds pro rata among the stockholders of the company and disincorporate the company; now, therefore, be it

Resolved, That the directors be, and they hereby are, authorized and directed to use their best endeavors to sell, assign, transfer, deliver and convey not later than July 1, 1908, all of the property and assets of the company, for the highest sum and upon the best terms and conditions which, in their discretion, they can secure, but for a sum not less than five hundred thousand dollars over and above all debts of the company then outstanding; and they and the proper officers of the company are hereby further authorized to execute and deliver in the name of the company and under its seal any and all contracts of sale, deeds and other instruments in writing necessary for the effectuation of such sale and the conveyance and delivery of said property thereunder.

That upon the receipt of the purchase price, upon such sale, the said directors be, and they hereby are, directed to take the necessary steps to disincorporate this company and to distribute and pay to its shareholders, pro rata upon the stock held by each, the net proceeds of the sale of the property and assets of the company, herein authorized.

Cooke further stated that the company had last year suffered a net loss of \$12,000 although it had had as much water as it could expect. On December 1 last, according to the reports presented, the company was in the hole \$43,999. On December 31, this year, estimated, the indebtedness of the plantation was \$55,556.87, made up as follows:

Balance due Alexander & Baldwin, Honolulu	\$33,550 81
Sugar Factors' Assessment	1,595 60
Merchandise account, Dec.	1,712 69
December pay roll, estimated	5,000 00
	\$41,859 90
Less from Sugar Factors' Company, December	3,281 00
	\$38,616 84
Bal. due Alexander & Baldwin, San Francisco	12,920 00
Payment for oil, etc., since estimate	5,000 00
	\$17,920 00

Total to Dec. 31, 1907, \$55,636 84

"Kihei has been a great disappointment to us all," said H. P. Baldwin. "It has been a great disappointment to me. I have struggled long to make it pay and I am among the heaviest losers in having to abandon the plantation. It is a thorn in my flesh to think that so many have lost in this venture. Every other thing I have attempted in the sugar business is a success. We had wrong information, at least I had, regarding the cost of pumping with the high lift pumps and the expense was greater than we had anticipated.

"I think now that it would be better to sell to some already existing large plantation, which perhaps can do something with it. While we are all going to lose heavily by this, yet I think it is the best thing to do and I think that there is a good prospect now of being able to put through the deal. You all know who the prospective buyers are, but I will not announce them publicly for fear that further complications may arise. There has been some little complication already but I think now that the negotiations can be put through and the company receive \$500,000 net for the stockholders."

Some questions were raised in regard to when the cash payments would be made, some of the stockholders wanting their money immediately. It was explained that no cash would be available in January, as the deal would fall through should this be insisted upon.

The question on the resolution was then called for, only two present, representing 775 shares, voting against

the resolution, these explaining that they were voting stock the owners of which opposed any deal which did not call for the cash payment in January. The vote stood: in favor of the resolution, 39,857; opposed, 775.

SUPERVISORS BREAK PREVIOUS RECORDS

The special meeting of the Board of Supervisors held last night in order to pass the road labor pay rolls in order that the workmen can have a little money to celebrate New Year with, was a record one in point of shortness, the entire meeting consuming only seven minutes by the clock. The following bills were passed:

Koolauoko Road District	\$467.15
Ewa	479.75
Honolulu	3688.11
Waimanalo	487.95
Garbage Department	485.25

The next meeting of the Board will be held tomorrow at 8 a. m. in order to comply with the law which makes a meeting on the first Wednesday of each month compulsory. This meeting will consist of a roll call only.

EXCESSIVE DRINKING.

Excessive or continued use of alcoholic beverages always results in a diseased condition of the nervous system.

The drinking man is often heard to say, "I can stop of my own free will and when I wish," but the poor fellow is now devoid of the power to act at the proper time and in the right way.—It's too late, the craving has secured a firm hold and because of the diseased nervous system he has not the ability for sustained effort. The result we all know.

Drunkenness is no longer considered a crime; eminent scientists and physicians have agreed that it is a disease and must be treated as such.

The home treatment that has been used for a number of years, and is highly successful, is Orrine. It is sold under a positive guarantee that if it does not effect a cure your money will be refunded.

Orrine is in two forms. When desiring to give secretly, purchase Orrine No. 1, and if the patient will voluntarily take the treatment, Orrine No. 2 should be given. The guarantee is the same in either case. Orrine costs but \$1.00 per box. Mailed in plain sealed wrapper on receipt of price. Write for free treatise on "Drunkenness" mailed in sealed envelope by The Orrine Co., Washington, D. C. Sold by leading druggists everywhere and in this city by Honolulu Drug Co., Ltd.

SHOOTING GALLERY TO BE ON MILLER STREET

Acting Governor Mott-Smith held a conference yesterday with Major Dunning, U. S. A., Col. Jones of the National Guard, and R. H. Trent in regard to the location of the proposed shooting gallery for the National Guard. After the conference they all went over and viewed the premises. Major Dunning, to whom the matter appears to have been referred, will recommend that the shooting gallery be placed on the Miller street site, instead of on Beretania street as at first proposed.

When the matter first came up some months ago, the Methodists, whose church is opposite the Beretania street lot, objected to the building being erected there, fearing that the shooting might disturb the church meetings.

FARMERS' INSTITUTE

The sixth annual meeting of the Farmers' Institute of Hawaii will be held at the library of the Territorial Board of Agriculture and Forestry on King street, Honolulu, on Saturday, January 4, 1908.

A business meeting will be held at 2:30 p. m.

The program for the evening meeting commencing at 7:30 o'clock will be as follows:

The Relation of the Farmers' Institute to Education—President Jared G. Smith.

The New College of Agriculture—Willis T. Pope, Dean, Hawaii College of Agriculture.

A cordial invitation is extended to the public.

CONSULATE NOT TAXABLE

Consul General Saito has been notified by the Territorial Government that the Japanese Consulate, which is the Progress block, is exempt from taxation. This is in accordance with an opinion of Attorney General Hemmeway, who has been looking into the matter.

The question was taken up during the previous administration, and then Attorney General Peters held that the Consulate should be taxed.

TUESDAY DECEMBER 31, 1907

THE HAPPY OLD YEAR.

The year that closes with today has been a profitable and a happy one for the Territory of Hawaii and its people.

The material strength of the business of the islands has been proved in a test placed upon it by one of the most trying periods in the financial history of the United States.

The social and moral advancement of the people is found in the better spirit prevailing between the various racial elements that make up our cosmopolitan population. There is more of unity and less of contention; more of loyalty for the welfare of the community, and less of the despised malcontent, who hates himself and cannot therefore have any special love for any other. The movement of the Territory of Hawaii has been forward.

The old year has been a good one. It furnishes an excellent basis to make the new one better.

HIGH SCHOOL PROGRESS

Individuals and officials who had to do with making possible the immediate construction of the new Honolulu High School are to be congratulated.

In all the list of educational buildings for which the Legislature has provided there is none needed more than this High School building. The present quarters are impossible in consequence of the steadily increasing number of children from the lower grades, applying for admission to the High-School courses.

The building, planned under the authorization of the Legislature, is attractive in its architecture, large enough for immediate needs, and designed with a view to expansion as the good sense of the appropriating authority allows.

The teaching force of the High School is of the highest standard. The graduates of the school have seldom if ever taken second place when brought into competition with representatives of other schools at home or abroad, although they have been handicapped so far as elegance and perfection of mechanical equipment are concerned.

Given a modern school building with modern conveniences for the teacher and pupil, and the Honolulu High School should become one of the most popular as well as the most successful institutions in the islands.

Had the agreements between the Territory and the Irwin interests been blocked, the school would have been set back a full two years in a development which means much to the youth of Hawaii, and therefore to the Territory. It was a good work well done, and we have no doubt that the Department of Public Instruction will center every energy in getting action out of the contractor and results for the people.

JAPAN'S BEST CUSTOMER

The power for peace which the trade of Japan and America exerts is well demonstrated by the figures of exports and imports given in the latest statistical summary of the Department of Commerce and Labor. It is generally admitted by even the most rabid war-scare experts that if any war were to take place it would be the result of the aggressiveness of Japan rather than that of the United States. America does not fight unless it has to. Hence the value of the figures relating to the trade of our country with our nearest neighbor of the Orient.

During the month of October, 1906, America imported from Japan merchandise to the value of \$7,153,763, and exported to the value of \$3,894,182. For October, 1907, the imports from Japan amounted to \$7,578,353, and our exports \$3,977,235. For more impressive figures we may turn to the totals of imports and exports for the ten months' period ending with the month of October. Our imports from Japan for this period in 1906 were valued at \$47,669,129, and for 1907 \$59,985,684. For the corresponding period our ex-

ports to Japan were \$27,175,593, in 1906 and \$31,469,204, in 1907.

In other words, America is buying from Japan just about double the value it sells to Japan. What's more, America is Japan's best customer in all the world of nations.

Could there be a greater folly than for Japan to pick a serious row with its best customer and friend?

READY TO CELEBRATE

All the local Japanese houses are being decorated today for a New Year festival which commences to-night. All along Beretania and River streets, as well as in the Iwilei, Makiki and Waikiki districts stores and residences are adorned with evergreens of all descriptions. The leading Japanese stores on King, Hotel, Fort and Nuuanu streets are resplendent with Japanese flags. Japanese lanterns will be hung and lit tonight and will no doubt present an attractive sight.

At the Japanese Consulate tomorrow morning a reception will be given by Consul General and Madam Saito. The guests will be received at the reception hall on the third floor, where the portraits of the Emperor and Empress will occupy conspicuous place.

Don't forget the Big Baseball Carnival at the League Grounds New Year's Day. Seats are now on sale at the Hawaiian News Co., Young building.

President J. A. Kennedy of the Inter-Island Steam Navigation Co., was among the returning islanders in the Siberia today. Mrs. Kennedy accompanied him.

SAYS WIFE WILL NOT GO TO WAILUKU

Attorney J. M. Vivas, of Wailuku, has filed a suit against his wife, Mary D. Vivas, for divorce. He alleges that she refuses to go to Wailuku to live with him. The complaint states that since May, 1904, Mrs. Vivas has been living apart from him, which, he claims, is desertion.

There are six children as a result of the marriage, the youngest being a girl of 6 and the oldest a boy of 19. Vivas alleges that he has contributed as much toward their support as he was able to contribute, and says that he is willing to pay his wife \$20 a month for the support of the children until the youngest reaches her majority.

CONTRACT SIGNED, SEALED AND DELIVERED

The contract for building the new High School was signed, sealed and delivered this morning, and Contractor or Chalmers will commence work as soon as possible. Chalmers' bid was \$52,521, and he was required to put up a bond for half that amount, which he has done. The bond is by the Pacific Surety Company.

The details of the plans have been published in the Bulletin previously, and no changes were made in them, with the exception of cutting out three of the five alternates, so as to bring the cost within the amount of the appropriation.

WALLACH FORMALLY ACCEPTS CONDITIONS

The Committee of Ten has finally had its last say in the Wallach matter by presenting to President Pinkham of the Board of Health the following formal letters, which set everything straight preparatory to the sending of Wallach to the Settlement:

Honolulu, T. H., Dec. 28, 1907.
Mr. L. E. Pinkham, President, Board of Health.

Sir:—I beg to acknowledge the receipt of your communication dated December 21st, 1907, wherein the amendments as passed by the Board of Health at a meeting held December 20th are fully set forth, and also your communication dated December 26th, 1907.

Said amendments have been submitted to Mr. J. Lor Wallach and he fully approves of them, as you will perceive by a perusal of his letter to the Committee of Ten, which is herewith transmitted.

The Committee of Ten have also expressed their approval of said amendments, which, in their opinion, practically cover the proposed amendments mentioned in my letter to you dated November 26th, 1907, and they request that before execution a copy of the document provided for by Section Seventeenth of the "Terms and Conditions," be submitted to them for examination.

Kindly extend to the members of the Board of Health the hearty and sincere thanks of the Committee of Ten for courtesies shown them.

I have the honor to be, Very respectfully,
(Signed) JNO. C. LANE,
Chairman, Committee of Ten.

Honolulu, T. H., Dec. 28, 1907.
Hon. John C. Lane, Chairman, and Committee of Ten, Honolulu, T. H.

Sir:—Having carefully read the amendments as passed at a meeting of the Board of Health held December 20th and fully set forth in a letter addressed to you by the President of said Board, dated December 21st, 1907, I beg to inform you that I accept all of the amendments to the "Terms and Conditions" of the Molekai Settlement petitioners, and am now prepared to execute the document provided for by Section Seventeenth of said "Terms and Conditions."

Very respectfully yours,
(Signed) J. LOR WALLACH.
The above letters were presented to Pinkham by Nagsaran Fernandez, C. K. Nottley and Wallach yesterday afternoon. Pinkham at the time informed them that the buildings at Kalihii station would be in readiness for the experiment in three weeks, and that he would notify the committee when it was time to have Wallach go to Molekai.

tured during his leisure hours at the jail. Lopez' instructions to this man were that he should sell the chains and bring the proceeds back to him, but the fellow never showed up with the money, and Lopez swore that he would kill him.

The Porto Ricans at Iwilei believe that it was with this laudable intention in view that Lopez decided to make his escape. The sheriffs in the country districts have been notified, and will keep a sharp look-out for him and Rodriguez in the hope of being able to capture them before there is any bloodshed.

COURSES OF STUDY OF HAWAII'S COLLEGE

New College Will Open For Work First of February

The Hawaii College of Agriculture and Mechanic Arts will commence its first term's work on February 1, on which date the first pupils will be enrolled and the first lectures given. The building to be occupied as temporary quarters until permanent buildings can be erected is the old Chinese Consulate on Victoria street between Beretania and Young streets. Four rooms in this building are now being fitted up for work.

At a meeting of the regents held yesterday afternoon a tentative course of study was drawn up. The subjects include the following:

Algebra, geometry, trigonometry, English, botany, physics, drawing, physiology, astronomy, drill or physical training, rhetoricals, horticulture, agriculture, modern languages, chemistry, agricultural chemistry, chemistry of foods, food preservation, geology, industrial history, industrial history of the United States, zoology, entomology, institutional government, political economy, meteorology, elementary law, logic and psychology.

Lectures will also be given on the history of the United States, England and Germany, and on American literature, English prose and English poetry.

These subjects are included in the four-year course. In the agricultural course the teaching and practice will be aimed to acquaint the student thoroughly with the general principles of plant culture. The course begins in the sophomore year and includes general horticulture, tropical fruit culture, pomology, vegetable gardening, ornamental gardening and floriculture, and forestry. Horticulture will be taught for six terms of twelve weeks each.

Agriculture will occupy four terms and will include: Agronomy, or plant production, dealing with soils, fertilizers, seed selection, propagation and irrigation, and crop production;

Animal industry, under which will come breeds and breeding of livestock and stock-feeding, veterinary science and anatomy, dairying, poultry-raising, etc.;

Rural engineering, including the care and repair of farm machinery, irrigation, drainage and road-making.

Rural economics, including farm management, farm bookkeeping, and such subjects.

During the three terms that botany is given special attention there will be 180 hours devoted to class work and 192 hours to laboratory and field work, in which the instruction will be along the lines (1) as a pure science, (2) as a science forming the foundation of agriculture, and (3) as technical botany.

The Territory of Hawaii, particularly Honolulu and vicinity, furnishes a very great field for this important and interesting subject.

There are to be, in addition to the regular four-year courses, special courses and short-term courses in agriculture.

W. T. Pope, dean of the new college, will have an office during next month in the offices of the Board of Education. His office hours will be from 10 to 11 on Monday, Wednesday and Saturday of each week, and at these times those wishing additional information may see him there.

JAS. G. MENZIES DIES AT MANOA

J. C. Menzies, the cashier of the Rapid Transit Co., died this morning a little before 6 o'clock at his home at Manoa after a lingering illness. He had been suffering from a complication of diseases since the middle of last September, when he was a patient at the Queen's Hospital for a while.

Menzies had been in the employ of the Rapid Transit Co. for about two years and a half. He was born in Glasgow, Scotland, about 39 years ago, and came here from Vancouver. The deceased leaves a wife and two children to mourn their loss.

The funeral will take place from the residence at Manoa tomorrow at 10 a. m. The remains will be cremated.

ORPHEUM TONIGHT

So popular did the presentation of the drama scene from "The School for Scandal" score as a curtain-raiser to "A Runaway Match" at the Orpheum last night that Manager Cooley has decided to play it again tonight, tomorrow night and tomorrow afternoon. "A Runaway Match" is itself one of the funniest farces ever produced here and it is almost certain that big houses will be the rule at the coming three performances.

Beginning Thursday night the company will appear in another melodrama, "Down by the Sea," an unusually stirring story of love, intrigue and adventure. Nearly the entire strength of the company will be called upon in this production, which is to close the present engagement.

HAS UNCLE SAM THE

(Continued from Page 1) is the correct view of the matter, and deny his own jurisdiction in the matter, it would put an end to the constant attempts to release Territorial prisoners by means of writs of habeas corpus from the Federal Court.

Today was return day in the Marks' habeas corpus matter. Attorney General Henryway, on behalf of High Sheriff Henry, filed an amended return, which he read in court. Davis promptly moved to quash this amended return on the ground that the facts stated in it were untrue and not a full statement of what took place at the trial of the prisoner. Certain facts, he said, had been suppressed, perhaps inadvertently.

Davis objected particularly to the reasons given for Raoul Kinney not having been served with the subpoena which was issued to him on behalf of the defense. The police officers, he claimed, had not been diligent.

On top of the motion to quash Davis filed a traverse to the return, and he had hardly filed that before he filed another and fuller traverse. And then he tried to offer evidence.

By this time nobody knew what was the status of the case. Cathcart said he supposed that the filing of the traverses nullified the motion to quash. Everybody looked blank but Davis. He chuckled.

At this juncture Cathcart raised the question of jurisdiction. "We want," he said, "to go into the matter of whether Your Honor will take jurisdiction in this matter at all, as the question will be settled once for all for this district. We hold that this Court should not interfere in such cases until the petitioner has exhausted his remedy in the Territorial courts."

Davis exultantly stated that it was too late to raise this question, as Judge Dole had already taken jurisdiction by issuing the writ of habeas corpus. But the Judge thought differently, and stated that he desired to hear the matter argued next Saturday.

LINER SIBERIA

NEARLY HAS ACCIDENT

With a bump that shook the whole wharf, the big Pacific Mail liner Siberia drew in at the Hackfeld dock a few minutes after 11 o'clock this morning. What came very near being a serious accident and collision was barely prevented when some small local craft ran into the stream as the Siberia was nearing her dock and got directly in the way. It was only by the most skilful management of both boats that an accident was averted.

However, it was on account of this that the Siberia made such a poor landing.

There was an unusually large number of passengers for Honolulu in the Siberia—seventy-four in all. There were 124 cabin passengers altogether on the big steamer, and 378 steerage. Most of these are Chinese bound for home. For Honolulu there are only thirty-two tons of freight.

Purser Howard reports a very quiet voyage down from "Frisco, the weather being excellent all the way. The Siberia will sail for the Orient at 4:30 this afternoon.

EAGLES AT ORPHEUM

There was a roar of cheers and applause at the Orpheum last night when the theatrical performers entertained one of the largest audiences that Honolulu ever turned out. It was Eagles night and the local Aerie turned out in full force. As a special feature Mr. Cooley and Miss Kingsbury appeared as Sir Charles Surface and Lady Teazle, in the screen scene from "The School for Scandal," being assisted by George Kenneth, as Sir Peter Teazle, and Charles Dey, as Joseph Surface. The famous scene was admirably done and elicited no end of applause and favorable comment. Some fine costumes were worn.

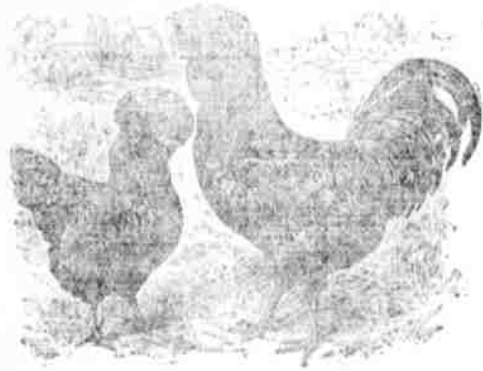

FINDS FLOATING MINE.

Captain McKay of the Standard oil ship Acme, which arrived recently at Portland, Ore., from Japan, reports to the hydrographic office that he passed a floating mine November 13 in latitude 35.16 north, longitude 170.08 east. This mine is probably a souvenir of the Russo-Japanese war, and as it was built to explode by contact is considered a great menace to navigation.

SPORTS

ONE LIVE DOPE ON CONIG STUNTS

Tomorrow! See The Parade and Baseball Game

You, verily, my brethren and sisters, tomorrow is the day set apart by the High Tribunal as one of Fun and Frolic. When "Trans-Pacific" Mac makes his little stunts (that "stunt") before the chief rubbernecks in his own inimitable manner tomorrow at the Baseball Park, it will be but the signal and herald of a series of stunts that will last until every one of the "dead and dying" would-be ball-headers have been hushed into the waiting ambulance.

Oh, joy! The Grand March, a most weird and mystical spectacle, "its said, will begin sharply at the stroke of one, from that wonderful dump entitled the Hotel d'Hotel, following a course to and through the chiefest thoroughfares of the village. Hush—come closer—bend thy head—the rumor of a Lady of great name and fame in High Society will travel incognito (whatever that may be) with the great and grand Parade.

Oh, horses! Supposing the veil were to drop from Ye Lady's calm and beautiful face, and you should see—never mind—no chance to find out if you were not the big brute. Take it your breath, you'll not lose.

Say, have you heard anything about that Florida Breeze, composed of seventeen members, and then some? This wonderful aggregation will do the "tactical" trick, which means that Prof. Berger's Band will be there. The following names have been mentioned in the bullet: "Doc" Comarret, "Helen" Rhe'neckle, "Beats" Buckley, H. Adams, Charles Waterman, Harry Wilder, "Cap" Wright, W. Roth, J. Dougherty, Charles Ellingsworth and A. Muelch, both.

Santa dee still on sale at the Hawaiian News Company, though they have been going live for weeks.

J. S. ORME WINS GOLF TOURNAMENT

A very closely contested tournament took place at the Haleiwa links last Sunday, when the scoring was the lowest in the history of the Haleiwa Golf Club. J. S. Orme walked off with prize number one with the splendid score of 57—less 18—equals 39. The trophy was a handsome silver cup. Second place went to O. P. Cox with a score of 57—less 7—not so. All of the scoring was low and this speaks well for the condition of the links.

Tomorrow afternoon, New Year's Day, the club will hold an open novelty tournament. Many of the local enthusiasts have signified their intention of entering, and the meet on these popular links promises to be very successful.

SPORT SPLURGES

"A mile of sausages and a smile!" Wonder what that means? Yet it is the inscription on the cards that Jess Woods has issued notifying "yourself and pals" that there will be a bowlers' tournament and reunion at the Hotel Adolphus tonight. Of course, there will be a large gathering of the followers of the ten-pin knights on hand.

With the annual chicken show just about due, it's a head-pipe crack that there are a good many chickens cackling with joy because they happen to be prize-winners. The answer is: tomorrow is New Year's Day.

Someone has suggested a Director of Athletics for the Kamehameha Schools, saying that though all sports are indulged in at that institution the boys have no one to train or coach them.

The Chinese lads are about the only ones interested in serious baseball these days. Keep at it, boys, but don't forget the "come" carnival at the Baseball Park tomorrow.

The way that yacht Hawaii is beginning to show up now is certainly encouraging. It would pay some of you "water" fans to drop down that way and "have a look."

The baseball field will be packed tomorrow afternoon, and it would be interesting to know how many of the people come out in automobiles.

TRIO OF COLLEGES TO FORM ALLIANCE

Rumor Says Harvard Princeton and Yale All Alone

Following the rumor of a triple athletic alliance among Yale, Harvard and Princeton comes the report that all three may break away from the Intercollegiate Track Athletic Association. Such a break would follow the completion of the rumored alliance, when the three would meet each year in track and field competition.

Each college named is reported dissatisfied with the condition in that organization, and Yale and Harvard have for years threatened to break away. With Princeton triple track association is a possibility for Yale and Harvard. In basketball Harvard has already withdrawn from the Intercollegiate association.

It is said that the failure of Yale and Harvard to sign a new general athletic agreement this fall, although their former agreement expired last February, was due to the plans which had not matured for the proposed new understanding of the three universities. Details of the agreement are far from complete yet, but there is no room for doubt that they will be carried through in a few weeks or before the opening of the season of 1908.

The most important feature of the agreement will be the assurance of a Harvard-Princeton football game. If football had been on a firm basis at Harvard it is likely that a game with Princeton would have been arranged for this fall, but the success of recent football has finally put the sport on such a basis that there is no reason now why the match should not be arranged for next season.

Next to an annual Harvard-Princeton football game the presence of Princeton at the annual Yale-Harvard boat races is the most important feature of the probable agreement. Both Yale and Harvard have been canvassed by Princeton men as to their willingness to allow the Tigres to row annually at New London, and both have given a favorable response. Whether the Tigres will make a formal application to be allowed to enter is not yet certain. The Princeton representatives who have informally discussed sending a crew to New London have said Princeton's rowing today was not yet certain, and that it hardly seemed possible to get crews ready to send to New London the coming season, and the consummation of the proposed annual triple race of the Thames seems a little in the future. As the three universities meet annually in baseball the proposed new understanding will make no change whatever in their relations in this sport.

SAV BARNEY JOY IS NOT BIG LEAGUER

Certain players, who have returned from the Pacific Coast, state that Pitcher Barney Joy, the much-discussed Honolulu wonder, lacks class for a major leaguer. Brooklyn Standard-Union.

Some cracking good scores were made on the links at Haleiwa the other day. Now it is up to someone else to get busy and beat the best score.

NOT ALL ISENBERG

President D. P. R. Isenberg doesn't know why he should be represented as personally preventing the use of the baseball field by the soccer football men. The action taken to not allow the use of the grounds was the unanimous action of the board of trustees of which Mr. Isenberg is the presiding officer. The reason for it and the sole reason is that the turf has become rather worn and torn by the extended baseball season and the wild west show. So the trustees feel that some time should be allowed for the grass to grow. That's all.

Don't forget the Big Baseball Carnival at the League Grounds New Year's Day. Seats are now on sale at the Hawaiian News Co., Young Building.

The name of every taxpayer whose taxes remain unpaid on or after the 31st inst., will be advertised daily in the Delinquent Tax List for 4 weeks. (Sec. 1266 R. L.)
