THE BULL BY THE HORNS

TERRITORY WILL OFFER LEASES FOR SALE.

Three Lots on the Esplanade to Go to the Highest Bidder—Other Matters Before the Executive.

Nothing has yet been heard from Washington regarding the status of the Hawaiian government in relation to public lands. In reply to the recent submission of District Attorney Baird, but the executive has concluded to take the bull by the horns anyway and will at once announce the sale of the leases of certain lots on the Esplanade to the highest bidder. The two lots formerly occupied by the Canadian-Australian Steamship Company will be sold for a term of five years at an upset rental of \$50 a month. Another lot near the Wilder wharf, which was recently used by the United States government, will also be sold for five years at an upset of \$50 a month. Governor Dole has instructed Superintendent McCandless to advertise the leases of these lots for sale as above specified.

Several applications for light wine and beer licenses were considered in the executive meeting this morning. Most of them were for renewals, the year having expired.

The Rapid Transit Company applied for permission to go ahead with its line from Lihua street down King to the bridge, thence to Hotel, to Alaka, to Queen, to South, and along King to Alapai. This was granted, except that the executive wishes the company to keep near King beyond the stream so as not to cut too much into the property on the mauka-Ewa side.

A matter of land for the extension of Kukul street was settled agreeably to the owner. The owner is a native woman. She expressed a willingness to accept \$100 in fee simple and the same will be paid her.

The Board of Health recommended the closing of Relief Camps 1 and 2 on account of their insanitary condition. No. 3 was ordered closed. With respect to No. 2 it is decided to build a building condition that they be removed within thirty days if other than the owners of the land were the purchasers. It is understood that Theo. Richards, who has control of the land, intends buying the buildings and continuing the camp as a private enterprise.

Superintendent McCandless reported satisfactory progress on the road around Diamond Head.

The same official reported finding a suitable site for a quarry in Makiki.

PURELY A TECHNICALITY

QUESTION OF LANDING OF MRS. YIM CHUN SAL.

Is a Part Owner and Manager of a Mercantile Concern a Merchant? Judge Estee Must Answer.

The habeas corpus case of Yim Chun Sal, a Chinese woman, now before the United States district court, will be fought out on a rather interesting technicality. This woman is the wife of Yim Quock Leon, assistant manager of the Wing On Tai Company and manager of a rice plantation on the other side of the island. She arrived here by the last steamer from Hong Kong with out any papers but with a claim that her husband was a merchant in Honolulu.

The law is very explicit in defining what classes of women may land without permits, stating "the wives of merchants." It is supposed that the wives of Chinese in other lines of trade or labor must have the regular permit. Is little Mrs. Yim Chun Sal the wife of a merchant? That is the question that the collector of customs hung on and the question that must be settled by the court.

The woman's husband, Yim Quock Leon, is only assistant manager of a mercantile concern. At the same time he has stock in the business—a moneyed interest—is a partner therein. This is admitted by Chinese Agent Brown. At the same time it is contended by the government officials that Yim Quock Leon is not a merchant within the meaning of the law.

The technicality is plainly as slender as a thread but a big fight will be made over it, as, on account of the business systems of the islands many Chinese are and will be affected. The collector contends that the wife of an officer in a company is not the wife of a merchant. In other words, a merchant must own and be in possession of his store before their wives may come to them.

The matter came up before Judge Estee this morning. The plaintiff, a number of witnesses, attorneys and court officials were present. After consultation it was agreed to refer the matter to Commissioner Robinson to take the testimony. Mr. Robinson announced that he would sit at 10 a. m. Wednesday morning for that purpose.

CHINESE RELIEF FUNDS.

Statement From Leading Chinese Over the Final Disposition.

The following statement has been issued by the Chinese regarding the inaccuracies of certain local papers in reporting the meeting which was called recently by the Chinese to settle the disposition of the relief fund raised for the purpose of assisting Chinese who were made prisoners of war.

EDITOR STAR: In the issue of the Bulletin of the 22 inst., and the Advertiser today under the title of "Chinese Consul was at the meeting," a statement was made that the subject discussed at the meeting was whether or not the balance of the relief fund is to be used to run an attorney to represent the Chinese-Americans at Washington.

I wish to say that this statement is absolutely false and without foundation from whatever source it may originate.

The topic discussed was the disposal of the balance of the funds of the Chinese Relief Society. The more radical members favor the transference of the balance of the funds to the Chinese Hospital to be invested with the condition that only the interest is to be used by the hospital, but the principal is to be kept untouched and ready for any emergency that may arise.

This policy was favored and approved of by the contributors towards the relief fund: Claus Spreckels & Co., The First National Bank of Hawaii, Bishop & Co., Allen & Robinson, Inter-Island Steam Navigation Co., Maria Ene, James A. Homer, Cecil Brown, Henry Day & Co., Hollister Drug Co., W. W. Dimond & Co., H. Hackfeld & Co., M. S. Grinbaum & Co., Theo. H. Davies & Co., Jas. F. Morgan, L. B. Kerr, Hyman Gross, J. H. S. S. Co., Hawaiian Hardware Co., F. A. Schaefer & Co., Lewis & Co., Benson, Smith & Co., W. C. Peacock & Co., M. W. McChesney & Sons, Pacific Hardware Co., P. C. Jones Lewers & Cooke, M. Phillips & Co., C. Brewer & Co., Henry Waterhouse & Co., W. H. Castle, Union Feed Co., E. W. Macfarlane, A. S. Hartwell Castle & Cooke, Charles M. Cooke, Ltd., The Bank of Hawaii, Wm. G. Irwin & Co., Hoffschlaeger Co., Ltd., Alexander & Baldwin and W. C. Acland and Co.

The consul objects to this policy but favored the maintenance of a nominal relief society so that when money is required in China for relief purposes, he could remit it, for being consul he claims he has the right to do so, and by immortalizing the Chinese government, he could obtain promotion and honor—it is for this reason that the consul is so strenuously opposed to the transference of the money to the hospital.

I further state that the naturalized Chinese have never contemplated to make use of the relief funds for their political uses.

"Thanking you for your valuable space, I remain, Yours respectfully, WONG LEONG, President of Chinese Hospital Association."

Christmas Invitation.

'Tis Christmas Eve, from out the open doors
Stream ruddy lights and echo merry voices,
The Christmas blaze in reeking chimneys roars,
And every homestead heartily rejoices.
The Church towers rock to loudly clanging bells,
Their merry tones repeat the wide-spread pleasure
Of rich and poor. And, when the chill wind swells,
It bears to ears afar this sacred measure
"Come all ye faithful!"

Thus call the bells in many wide-spread lands,
Thus call New England's bells their lovely daughters,
Thus call the bells o'er amber-tinted sands,
Thus call the bells o'er blue and sun-kissed waters.
Thus call the bells mid wint'ry wind or calm,
North, South, East, West, these merry bells are ringing.
They chime mid storm-lashed pine and sleepy palm,
While Christian lands this eve unite in singing
"Come all ye faithful!"

Night passes and we hail the glorious day,
A day of feasts! The Christmas day's rejoicing.
Both feast and merriment hold royal sway,
While glees and carols, men and maids are voicing.
Think saint and sinner, of what Christmas means,
Think; both, how hallowed this morn's kindly greeting,
The mem'ries chaste of countless home-kissed scenes
Rouse voices sweet for joyfully repeating:

"Come all ye faithful!
Joyful and triumphant;
Come ye, come ye, to Bethlehem;
Come and behold Him
Born the King of Angels;
Come, let us adore Him,
Come, let us adore Him,
Come, let us adore Him, O Lord, O Lord."

THE RIO WAS IN DANGER FIVE DAYS OF STORM

PUMP GIVES OUT AND FIREMEN WARRIMOO'S LONG RUN UNDER SLOW SPEED.

Porto Ricans Greatly Terrified by the Storm—Only One Pump Left in Working Order.

Passengers who came here on the steamship Rio give terrible stories of the experiences the vessel passed through. There was not only the rough seas, with the consequent heavy rolling of the vessel, but for a time the Rio was in real danger. Not many of her passengers knew that at one time the firemen below deserted their posts and that out of five pumps only one was left in condition to be of any use when the storm was at its height.

The waves of what is now known to have been one of the worst storms ever recorded on the Pacific rolled over the Rio and washed her decks and water poured below in tremendous quantities. Four pumps broke down and were made useless and the water began to flood things below till most of the firemen quit and some of the fires were extinguished. The position of the vessel, with firemen driven from their posts and water rising below was quite critical in such a sea, but the chief engineer got the fifth pump working and reduced the water. Then the fires were looked after again and with her engines going the vessels could weather the storm.

The passengers in the meantime were all confined to their staterooms. For four or five days they were not allowed on deck, and could hardly see each other.

The experience of the voyage was hardest upon the Porto Rican laborers who came here for plantation work. They were all in the steerage together and the rolling of the vessel filled them with terror. The Porto Rican immigrants are all ignorant and many of them weak specimens of manhood. They were not used to the dangers of ocean travel, and there were very few in the steerage who did not wish, when the storm was at its height, that they had stayed at home and remained half starved there, instead of starting for Hawaii in the hope of finding prosperity and being knocked about by the waves and worried half to death by stories of the slavery that they were about to be sold into.

The Rio made very good time here, in view of the terrible weather she encountered. She was only one day late, which is better than any other steamer that has come here through the storm has done so far.

PORTO RICANS ARRIVE MAJOR POTTER RETURNS

SMALL PORTION OF ORIGINAL PARTY HERE. WAS SECRETARY TO COMMISSION TO PARIS.

Nearly Ninety Induced by Deliberate Falsehoods to Desert Their Companions—To Work at Pioneer. Declares That The Hawaiian Exhibit Was Successful, Attracting Attention And doing Good.

After weeks of annoyance the agents of the Planters' Association succeeded in bringing fifty-six Porto Ricans to the island. From work on the sugar plantations. This was less than half of the original number which started from Porto Rico to find new homes in the Hawaiian Islands. The balance harkened unto the voice of the tempter on the Mainland and are now enjoying the blessings of public charity to which their foolish credulity brought them.

The Porto Ricans arrived Sunday on the Rio Janeiro and are now probably safely landed at Lahaina where they will work on the Pioneer Mill Company plantation. Whether any more people from that country will be brought here will depend upon the showing which the recent arrivals make. Instead of being half starved, wan, and cringing to cruel slave holders as the San Francisco Examiner represented, the Porto Ricans seemed very happy and contented. The desertions occurred from the most ridiculous misrepresentations. Those who did come looked strong and able to do plantation work. They are rather small in size however.

The idea of bringing the natives from Porto Rico to these islands was favored months ago by the planters with the result that agents were sent to induce the Porto Ricans to emigrate to these islands. The American government of Porto Rico, one of whom suggested the original idea, favored the plan and gave their assistance to it. When the party was rounded up 124 natives boarded the steamer and were taken to the States. From New Orleans they were conveyed over the Southern Pacific to San Francisco, the intention being to transfer the lot to the Rio and bring them here.

Whether desiring to injure the South-Pacific Company and create all the possible trouble to that corporation possible or else to engage in a deliberate and malevolent scheme to injure the interests of the Hawaiian Islands is not known, but in any event the San Francisco Examiner had agents as far east as El Paso, Texas, trying to dissuade the Porto Ricans from coming here. All sorts of misrepresentations, utterly and absolutely false, were made. It was claimed that the crowd was given poor food and was half starved. Investigation by reputable and respectable parties showed this statement to be absolutely false. Every attempt to annoy the agents and misrepresent conditions was made. The result was that the Porto Ricans became frightened and discontented and 47 of them deserted in California before reaching San Francisco.

When the train reached Porto Costa where the Southern Pacific ferries the trains across the straits from Benicia the steamer Caroline was waiting to take the passengers from the train down the bay to the Rio which was lying in the stream. The misrepresentations and deliberate mendacity had done their work however for 41 more refused to go on the boat and it was with difficulty that the 56 were persuaded to take the Caroline and board the Rio. The balance are now objects of public charity in San Francisco.

The Wilder steamer Lehua was in readiness when the steamer arrived from San Francisco and the crowd was immediately transferred and taken to Lahaina where they will go to work on the Pioneer plantation. There were also some 23 Italians on the Rio from various parts of eastern China and taken to Kahului for the Spreckelsville plantation.

Mr. Pfotenbauer the secretary of the Planters' Association was seen regarding the matter this morning and said: "I cannot understand the reason that the Examiner and others had in opposing the bringing of the Porto Ricans here. I understand that agents of those people began at El Paso to try and make the laborers discontented by misrepresenting the facts of them. That things were misrepresented was shown by the statements of those who remained behind in San Francisco. They said they had been told they were to be sold as slaves to the Chinese and that there was nobody but Chinese there. The probabilities are that none of them ever saw a Chinaman in their own country and knew nothing about the Chinese except what they were told by the reporters and others who tried to make them discontented."

Those Porto Ricans had nothing in their own country. They lived in miserable little houses while here they are to receive far better wages than they could have made in Porto Rico and they will be far better off here than there. The planters have had great difficulty in dealing with this labor question. We can not depend entirely upon the Japanese for they get "up-pish" and go on strikes too frequently. We have brought some Portuguese, Italians and others here and they will experiment with all classes of peoples. We are also negotiating for more Porto Ricans. Whether there will be any further attempt made to bring them here I can not say for it will depend upon how good the present laborers prove to be. They will work as ordinary plantation hands, and will be provided with quarters, fuel and incidentals of that character.

"It looks to me as if a deliberate attempt was being made to injure these islands. Such a policy should certainly be followed in San Francisco for the interests and prosperity of the Hawaiian Islands is some thing which is to be advantage of California to encourage."

The Warrimoo brought about 96 Portuguese from New Bedford, Mass. to work at Lihue, Kauai. Of this number there are about 18 children, and 20 women. Some of the crowd say they signed three year contracts, while others assert they agreed merely to come to Lihue, Kauai. Only five of the original crowd deserted this party. They came with the understanding they were to receive \$25 a month, fuel quarters, medical attendance and similar privileges.

McNery's shoes are right in it. They are made by the leading factories of America, and consequently have no equal. MINERNY SHOE STORE.

Major George C. Potter, secretary of the Hawaiian commission to Paris returned by the Rio de Janeiro yesterday morning having made a direct and quick trip from Europe, not stopping anywhere. Though a little tanned "gray Paree" has not had any effect upon the appearance of the former general secretary of President Dole, Major Potter was away eight months almost to the day. He said this morning:

"I consider that the Hawaiian exhibit was a great success and did the country much good. Of course we were handicapped in arriving late, the plague having caused a delay at this end; but when the exhibit was established I am sure it did good. On account of being late the judges had passed the United States building and we did not secure some of the prizes to which we were entitled.

"The show was of course a great and magnificent one, and it was natural to suppose that a small exhibit would attract very little attention. To the contrary our exhibit was constantly the object of attention. All of the literature in possession of the commission was eagerly sought for and was distributed. Thousands upon thousands of Americans looked carefully over our display and I am sure learned a great deal of the baby territory that they had not found out at home.

"Information was sought all the time. It kept us busy answering questions. People from all parts of the world wanted to know about Hawaii.

"Yes, I have heard that Mr. Berry did not like the exhibit," continued Major Potter. "Of course every man is entitled to his opinion. I was very sorry that I was out both times Mr. Berry called, but he happened to come in just when important matters called me elsewhere. I feel sure that had I taken him through the exhibit and shown him what we were doing he would have come away with a very different impression."

Major Potter does not yet know what his future plans will be. He will spend the next few days in seeing friends and looking around at the improvements of the past eight months. This morning he called upon Governor Dole at the capitol and gave a general account of his trip.

"Almost everything owned by the commission was given to the Commercial Museum of Philadelphia," concluded Major Potter. "There it will be a permanent exhibit. Articles loaned by private parties and school exhibits were sent to Bremen to be returned in the Hackfeld line of sailing vessels to Honolulu."

WARSHIPS TOGETHER.

The United States training ship Adams and the British sloop of war Icarus nearly had a mix-up in the harbor this morning, with guns honed with hulls and rigging. The Adams broke loose from her moorings and started for the Britisher, as if to strike the starboard bow with her stern. The Icarus went to the rescue and prevented such a grave international encounter.

The brisk south wind that sprang up early this morning was responsible for the plickin. It made the harbor quite rough, whitecaps being evident all over the Adams' moorings parted, astern and soon she began to veer round and bear down upon the Icarus. The two vessels were quite close together and for a time a collision seemed likely. The Icarus had hard work moving the American war vessel round against the wind, but finally got her back into position.

Overwork

and Worry bring on Nervous Prostration, Sleeplessness, and an endless train of Painful Disorders.

Dr. Miles' Nervine.

When the nerves and organs of the body are well and strong, and the worn-out tissues and waste products are quickly removed from the system, a tremendous amount of hard work can be done without serious injury. It is when the nerve tissues and brain cells are used up faster than they are replaced by new ones, when the fires of life consume faster than the fuel can be furnished, that brain, nerves and vital organs suffer—cry out with neuralgia, heart disease, rheumatism, nervous dyspepsia—and finally break down. Dr. Miles' Restorative Nervine is food for the worn-out brain and wasted tissues. It gives a healthy appetite; makes the weak stomach strong; increases the flow of digestive juices and puts the lazy liver to work. It is the greatest blood vitalizer and nerve remedy science has produced.

"I was suffering from sleeplessness and painful nervous sensations, brought on from overwork and anxiety; and although I tried a number of different remedies for this disorder I obtained little or no benefit from any of them. In fact some of the advertised remedies seemed to increase rather than diminish the difficulty, until one day I determined to give Dr. Miles' Nervine a trial. The first few doses convinced me that I had found a specific for my trouble and I continued its use with the most satisfactory results. It seemed to feed the nervous system, afford restful sleep without any of the after effects of an opiate or any artificial stimulant and can be discontinued at will. I deem it the best remedy for nervous people now on the market."

HAY-PAUNCEFOTE TREATY

IS VITALLY AMENDED IN THE SENATE.

Declared to Supercede the Clayton-Bulwer Treaty—Foraker's Amendment Agreed to.

WASHINGTON, December 14.—The Senate Committee on Foreign Relations today held a special meeting and decided to recommend further amendments of the Hay-Pauncefote treaty. The committee adopted an amendment suggested by Senator Foraker, which declares that the Hay-Pauncefote treaty supercedes the Clayton-Bulwer treaty and also strikes out of the Hay-Pauncefote agreement article 3, which permits the submission of the Hay-Pauncefote treaty to other powers and invites their acceptance of it.

The action of the Committee on Foreign Relations took place after a prolonged conference of Senators especially interested in the Hay-Pauncefote treaty. The Republican members announced that they were prepared to amend the treaty on the lines of the Foraker suggestion; that they considered this amendment comprehensive enough to meet all demands, and that they would do no more. The Foraker amendment was accordingly agreed to. The importance of the treaty relating to pending legislation was considered and a decision was arrived at to press the treaty to a vote if possible. It was also decided that it would be difficult to get it through without still further amendment, and the Foraker amendment was suggested as meeting all objections. The President and Secretary Hay were also consulted, with reference to the advisability of further amending the treaty, by Senators Lodge and Foraker, who called upon them before coming to the Capitol today.

Unless amended beyond any degree proposed in the Senate by the respective leaders, and resolved into such form as to make it an absolutely discourteous matter to be communicated, the pending Hay-Pauncefote treaty will be submitted to the British Government by the President. The communication will be entirely pro forma, for the administration, has not the slightest idea that the convention will be adopted by the British Government. If this belief is well founded, then the document will go into the limbo of treaties that failed of ratification, its position comparing in some degree with the Olney-Pauncefote arbitration treaty. Any expectation that the action of the Senate yesterday upon the Davis amendment to the treaty would result in the immediate retirement of Secretary Hay from the Cabinet is negated by the fact that the Secretary has not resigned and, according to his own statement, will not leave the Cabinet at present.

WASHINGTON, December 13.—In accordance with a previous agreement the Senate in executive session took a vote at 3 o'clock today on the amendment to the Hay-Pauncefote treaty authorizing the United States to defend its interests in the canal.

The amendment is as follows:—It is agreed, however, that none of the stipulations in sections numbered one, two, three, four and five of this article shall apply of measures which the United States may find it necessary to take for securing by its own forces the defense of the United States and the maintenance of public order.

PATRIOTISM AND PUPILS. WAILUKU, December 22.—The teachers of Kealahou school in Kula are teaching their children patriotism. Every morning before school begins the boys and girls fall in line to the music of the flute. When in position, one of them marches to the front with an American flag which is formally saluted, and the exercises close by singing "America" in the open air.—Maui News.

PEACE AND GOOD WILL.

Christmas one thousand nine-hundred or Christmas 1900. Write it or print it as you will. We are starting out upon the completion of the two thousandth cycle of Christianity upon this little world of ours.

There are two trains of thought that strike us all at the present season. There is the natural welling love for our own, for the unhappy, for the destitute, for the children, and in fact all that the human heart goes out to, and it goes out to so many and in so kindly a manner. Talk of the hardness of human nature and any one who knows it, knows that it is most kindly and gentle. The worst and the hardest show the god given gentleness in spite of the roughened outer husk. That is one thought.

The other thought is the sign post on the way of time, 1900. It marks an era, and it makes us stop and think. Centuries come, centuries go. Men come, men go. We are born, we live, we die. We are only ephemeral we think. But we are not, we leave our impression upon future generations no matter how humble, no matter how great we may be. The trilobite of the Silurian sea has left his mark. The early Aryan has influenced us to the present day, in fact what atom has not influenced its fellow atom.

Taking the first idea it is a blessed thing that human nature feels its heart touched at one season of the year at least. It is true, undeniably true, that the world hardens. But there is a softness and a tenderness which it cannot lose. Dickens saw it when he drew his picture of Scrooge. No matter how hard a man or woman may be, the soft spot of true human nature will appear when called upon.

But why look at the harder side? It requires very little to touch the ordinary springs of kindness. There is probably no place touched where they are more readily touched than here. We are a small community and we pour forth our good will happily to all who may be within our borders. Peace and good will is our motto at Christmas time and we show it to friend and foe alike.

The Star wishes the brightest and happiest of times to all tomorrow and feels sure that it voices the kindly spirit of the community.

MERRY CHRISTMAS TO ALL is a heart stirring and true wish.

And now the second thought. It is the Christmas season and what does Christmas mean? It is Christ's mass. The main idea is Christianity. Though the main idea may have been lost in the pleasantness of the season, in the kindness of the feelings called forth by so many associations, it is impossible to forget the true meaning of the term. The celebration of Christmas is a purely Christian celebration and it is one which binds the whole Christian world as kin.

The forces of Christianity and Paganism are face to face today. Whatever we may think of this particular sect and that particular sect, we understand that the men and women who work for them are faithful and honest. We have seen or heard of them as sealing their faith with their blood and their honor.

What has been going on in China is sufficient to call Christian men, or men brought up and influenced by Christian ideals to a realization of the life and death struggle that there is between the two sets of ethics, or practically what there is between the East and the West. Christianity came to the west though it was in the east. Buddhism, Confucianism, Shamanism, Mahomedanism and so forth belong to the East.

These varied civilizations under their varied influences are now coming into more of a clash than we have had before. There was a time when Mahomedanism threatened Europe. Charlemagne on the Plains of Tours smashed that hope for ever. The idea came up again a thousand years or nearly, afterwards, and though Gordon lost his life, Kitchener played Charlemagne before Omdurman some years later with success.

The question at the present day is what civilization is going to hold its own on the globe. It is all very well to say this can and that can, but nothing is certain. The matter comes down not to nationality but to belief. It is Christianity against other views of religion. In China Christianity has suffered the strongest rebuff it has suffered in many years. Can it overcome this rebuff. When one reads and appreciates what Christianity has done for the human race, in spite of its inherent faults one doffs one's cap, and metaphorically kneels before the founder of the purest and best set of ethics which have been given to mankind.

It is therefore right at this season of the year, or this anniversary of the founder of our religion and of our morality, to consider the danger that now faces it. It has been a kindly and a gentle religion. But for the faults of human beings it has always brought peace and happiness to those who have embraced it.

The great founder of our belief and civilization taught us one great good

lesson among many which we either share or neglect. He taught us **GOOD WILL TOWARDS MEN.**

In this is contained the germ and rootlet of Christianity, and therefore of Christmas time. The good will to the erring brother. The good will to the sister who has made a false step. It is easy to be kindly to those who never make a mistake. What you need to do is to be kindly to the fallen—to those who are not happy and to whom a kind word means more than untold dollars.

There is some of the above writing which does not have a very holiday air. But The Star though it may moralize at times, always feels in the kindest humor to its friends, and its enemies. To each and to all of them, even to those who scowl the blackest looks, it wishes A MERRY CHRISTMAS.

The end of the Boer war does not seem to be yet. Away in the mountains of the Transvaal the struggle seems to be interminable.

Chief Clerk Henry Smith seems to have an enviable reputation abroad if he does not happen to be Persona Grata to some people here. There is probably no man in the community that commands more respect than Mr. Smith.

The editorial business is beginning to boom. When a man can't become the president of the United States, he can rise higher and get into an editorial chair. It may be satisfactory to be president, but how much better to be editor of a weekly paper. After all Mr. Bryan may make more money than the Presidency would have given him, and Bryan had always a thrifty eye to the main chance.

The episode of kidnapping which was noted some days ago comes out very much as The Star diagnosed. Hawaiians are in the habit of giving their children away. The late Mrs. Bishop, foundress of the Kamehameha schools, was given away from one chief family to another. It was a curious custom and made it difficult to adjust property. Probably there may be some suits upon such grounds in the coming future. As a fact there is room for a good deal of legal work upon land titles in this territory, and no doubt the future will produce the men who are willing to go into that very kind of business.

The deaths and injuries which result from careless driving are increasing very rapidly. There should be some stop put to it. Men drive heavy teams who are utterly incompetent to drive them. This is especially true of Japanese and young Portuguese. If the owners of the carts could be got at, a much more reputable and responsible driver would be the result. There is nothing that the owner likes less than to have to pay damages. He does not care anything if his driver is fined, or the poor devil is sent to prison, but he cares very much if his pocket is touched. What the city needs is an ordinance to restrict the employment of irresponsible drivers, either in wagons, drays or hacks. If the regulations could be made to extend to the tram cars it would be a very great comfort to many nervous women.

F. S. Dodge, of the Bishop Estate, put up a question on the Tram Car Company which gave the driver a cold shudder. He tendered five one cent pieces. There is no reason why they should not be accepted. In most cities on the mainland the tram cars are only too glad to take in all they can get. In Washington you can get thirty cents worth of tickets for twenty-five cents. Also you get clean cars and the greatest civility. In Honolulu civility on the tram cars is a minus quantity. The amount of rudeness which women receive on cars is inconceivable, and when the brute who drives has to speak to Portuguese, Japanese or Chinese women, he feels that he is privileged to use his rudest, most disgusting and bullying manner. Before Honolulu can be called up to date it must put in order both its tram car system and its telephone system. The one is English and the other is American, and they are both equally worthless and rotten.

Flag exercises in the public and other schools are a good thing. But like other good things they ought to be intelligently taught. To teach salutes to the flag, and songs about the flag, and to rise and uncover heads when national anthems are rendered, is excellent, because decorous. But it is not patriotism. It may be, and is very apt to be, unless its true meaning is made clear, nothing but fetich worship; and that is idolatry and superstition of the lowest order. The American Flag Association for some time, has been carrying on an earnest if somewhat hysterical campaign against the desecration of the American flag by its use for advertisement purpose and for purposes of personal adornment, and as a handkerchief. The association aims to secure its object by legislation. But if a less superstitious and more rational reverence for the flag were inculcated in the schools, and made the prevailing sentiment, there would be no need of legislation. For then the use of the flag for advertising or other impertinent purposes, would work its own undoing. The public would recognize, and not be afraid to make the distinction, between the flag as an emblem, and the flag as an advertisement. It would recognize the flag when it saw it, and also recognize that the flag, when used as an advertisement, either of personal vanity or of business, was not the flag at all, but nothing but an advertisement, and would resent its use as such.

**Ayer's
Hair Vigor**

is a hair food. It
won't take the place of
grass or bread. It is good
for the hair, and
that is all. It
feeds the hair
with hair food. The
hair can't keep from
growing. It stops
falling out because it is
hearty and strong. And
it always restores the early
rich, dark color to gray hair.

We say that "gray hair is starved
hair"; and the only way to treat it is
to supply the best kind of hair food.
This is where Ayer's Hair Vigor differs
so greatly from other hair preparations;
it feeds the hair. Just keep that in
mind all the time you are using it.

YOUTH'S COMPANION FLAG

**KAUPAKALUA SCHOOL UNFURLS
ITS NEW BANNER.**

Appropriate Exercises at the Makawao
District, Maui Last Saturday—Re-
marks on Patriotism.

PAIA, Maui, December 22.—Kaupa-
kalua School, in Makawao district held
a flag raising yesterday, and the af-
fair was a most successful event. The
day was a beautiful one and with the
woods about added to the pleasure of
the day. A large number of the par-
ents of the scholars were present, be-
sides many visitors from the district.

Quite an elaborate program was giv-
en by the school children before the
main flag raising exercises were taken
up. There were patriotic songs, recita-
tions and readings, in which the lit-
tle fellows did very well. The singing
was especially good, and reflected much
credit upon the principal and assist-
ants. The exercises were held in the
main school house with the folding
doors thrown wide open, the pupils oc-
cupying one room and the visitors the
other.

After the preliminary exercises the
main program was taken up and was
as follows:

"America".....By the School
Salute to the Flag.....By the School
"Star Spangled Banner".....By the School
Address of Acceptance "John O'Connell"
Reading of the Poem, "The School-
house Flag".....By Mrs. W. O. Alken
Singing—"Cheer, Cheer We the Flag"
"Ever True".....By the School
Raising of the Flag.....By the School
Three Cheers for the Flag.....By the School
Remarks to School on "Patriotism"
By Rev. E. G. Beckwith and School
Agent W. A. Alken.

Singing—"Hawaii Hono".....
The exercises went off without a
hitch, and showed careful preparation.
The flag, a gift of the school from the
Youth's Companion, was most fittingly
raised, and the pupils, though all of
them newly adopted subjects of the
Star Spangled Banner, showed great
interest in the event, and bore their
parts with credit.

For a flag pole the enterprising prin-
cipal of the school had a tall eucalyptus
tree cut down and dressed, which served
the purpose very well. Much credit
is due to S. R. Dowdle for interesting
the Youth's Companion in his school,
and securing the flag from the maga-
zine.

MAUI'S MILITIA COMPANY

ORGANIZED AT WAILUKU LAST THURSDAY NIGHT.

Forty-six Members Enlist for one Year in the new Militia Organization. Election of Officers.

WAILUKU, December 21.—Major Pratt presided at the military meeting held at the court house last evening to organize Company I, First Regiment, N. G. H. The following were elected for the term of one year: M. Kauhimahu, John Makalua, Harry Bailey, M. C. Ross, G. B. Schraeder, R. J. Nawahine, A. Jackson, L. Rose, Manuel Duro, William Kahalemauna, E. K. Cockett, A. Duro, A. B. Naone, J. F. Welsh, H. Nishwitz, Kameau, William Petrie, J. Smith, W. Crowell, J. N. K. Keola, George Cummings, John Ferreira, Jr., W. E. Bal, J. P. Silva, W. H. King, W. R. Boote, C. F. Siemsen, A. De Hogo, Frederick Scholtz, W. K. Bailey, John Brown, Jr., Manuel Pastino, J. Miranda, Carl Braun, Charles Crowell, S. T. Harris, John de Freitas, A. Garcia, W. T. Robinson, J. K. Waiwai, John Lewis, M. P. Waiwai, W. G. Scott, A. J. Gomes, C. Sardinha and D. Cardoso.

The meeting was called to order at 8 p. m. The names were then read and only 3 or 4 were absent. General Order No. 10, for the organizing of the company on December 13, and General Order No. 11, postponing same to December 20th were then read. All the members, in a body, then took the oath of allegiance to the United States, and to support the National Guard of Hawaii.

Motion was then in order for the election of a captain. W. G. Scott, George Cummings, G. B. Schraeder, and J. N. K. Keola were nominees, but the first three withdrew, leaving James Keola the only candidate for the office, who was elected by unanimous vote. Loud applause followed his election, and he thanked the members for having conferred on him the honor of being the captain of the first military company organized on Maui, and expressed the hope that he would bring the company to a good standing.

Motion was then in order for the election of a first lieutenant. The names of George B. Schraeder, W. E. Bal, G. H. Cummings, and Dr. Boote were proposed for first lieutenant, but Mr. Cummings declined the candidacy, leaving the other three on the ticket. The vote was as follows: W. E. Bal, 15; W. R. Boote, 15; G. B. Schraeder, 12. Mr. Schraeder moved that his name be stricken from the ticket, which was done. The second ballot resulted in W. R. Boote receiving 22, and W. E. Bal, 21, which elected Dr. Boote by one vote.

The following names were on the ticket for second lieutenant: George H. Cummings, W. E. Bal, Charles Crowell, G. B. Schraeder and M. C. Ross. George Cummings was elected by a big majority as shown by the following results: George Cummings, 25; Charles Crowell, 8; G. B. Schraeder, 6; W. E. Bal, 3; and M. C. Ross, 0.

Mr. Cummings, the second lieutenant-elect expressed thanks for his election, and also made a very short address in Hawaiian.

Considerable interest was shown throughout, and the first military meeting held in Wailuku ended with three cheers for Major Pratt, for his kindness in coming from Honolulu to organize the company.

—GREATER THAN NAPOLEON.

PAIA, Maui, December 22.—The Makawao Debating Society held its regular meeting last night, in the parlors of the Paia Foreign church. The question under discussion was "Resolved that Oliver Cromwell was a greater man than Napoleon Bonaparte," and was upheld by J. J. Jones in the affirmative, and E. B. Carley and W. E. Beckwith in the negative. Mr. Jones had the floor twice as his colleague was absent. The vote resulted in favor of the affirmative. The question chosen for the next debate was "Resolved that the farmer confers greater benefits upon mankind than the manufacturer."

TO THE LEGISLATURE.

The News respectfully invites the initial legislature of the territory to look to the west as well as the east while gathering ideas to incorporate into law. Australia and New Zealand will furnish some models which are unquestionably an improvement on some of the now antiquated methods prevailing in the United States. By the way, would it not be a good idea to introduce the single tax system?—Maui News.

IN PAIA SOCIETY.

PAIA, Maui, December 22.—Miss Dolly Sumner of Hilo came down last night for a week's visit with her cousins, F. A. and Miss Edith Alexander, at Kaluanui, Makawao.

Miss Ada Whitney of Honolulu is the guest of Mrs. W. E. Beckwith of Paia, for ten days.
