GENERAL DEBILITY and Indigestion

Made Her Life Miserable, but She is Cured by

Ayer's Sarsaparilla

Read the testimony of Mrs. E. G. Monroe, Coburg, Victoria, whose portrait is also given:

"Some few years ago I suffered terribly with indigestion and general debility. I could not sleep, and my condition was such as to make my life miserable. None of the many remedies I tried did me any good, and I despaired of ever getting better. One of my friends told me of the blood-purifying and strength-giving properties of Ayer's Sarsaparilla, and I began taking it. Before I had finished the first bottle I felt better, and was thus encouraged to give the medicine a thorough trial. In all I used four bottles, and then was perfectly cured of the grievous trouble which had afflicted me. I now recommend, to anyone suffering as I did,

MONROE DOCTRINE STATED

RESOLUTION PROPOUNDED IN THE UNITED STATES SENATE.

Senator Sewell of New Jersey Protests Against President Cleveland's Presentation of the Issue of War.

Senator Davis of Minnesota, a member of the committee on foreign relations, submitted a favorable report on the resolution submitted by him enunciating the Monroe doctrine. The preamble gave the history of the doctrine and asserted that its principles have been and now are the rightful policy of the United States, and it is therefore

Resolved, That the United States of America reaffirms and confirms the doctrines and principles promulgated by President Monroe in his message of December 2, 1823, and declares that it will assent and maintain that doctrine and those principles, and will regard any infringement thereof, and particularly any attempt by any European power to take or acquire any new territory on the American continent or any islands adjacent thereto for any right of sovereignty or dominion in the same, in any case or instance as to which the United States shall deem such attempt to be dangerous to its peace or safety, by or through force, purchase, cession, occupation, pledge, colonization, protectorate or by control of easement in a canal or other means of transit across the American isthmus, whether on unfounded pretensions of right in cases of alleged boundary disputes or under other unfounded pretensions, as the manifest action of an unfriendly disposition toward the United States and as an interposition which it would be impossible in any form for the United States to regard with indifference.

At Davis' request the resolution went to the Senate calendar.

Gray (D.) of Delaware stated that he desired it understood that the favorable report was not unanimous.

Wolcott (R.) of Colorado, gave notice that he would on Wednesday address the Senate on Sewell's resolution placing limitations on the Monroe doctrine.

Senator Sewell (Republican) of New Jersey addressed the Senate same day on his resolution citing that President Cleveland had extended the Monroe doctrine beyond its proper scope and enunciating the principle that the doctrine was for the interest of the United States and was not an obligation to aid and protect southern republics. The resolution recites that the President's course was premature and that the Monroe doctrine does not commit the United States to a protectorate of South American countries.

Sewell said the President's Venezuelan message presented questions of most serious import. The Senator, reading from the message, said the President clearly desired to present the contingency of war. Throughout the message and letters of the Secretary of State the determination was clear to make this construction of the doctrine absolutely final and conclusive without reference to the results. The Senator quoted from resolutions of Congress in 1825 and speeches by Mr. Webster, showing the exact purposes and original scope of the Monroe doctrine. In 1823 Senator Clayton of Delaware pointed out in the Senate that the doctrine of Monroe was not addressed to foreign nations but was a mere communication to Congress, which Congress declined at the time and had ever since declined to accept.

At the close of Sewell's speech, Daniel, (D.) of Virginia give notice that he would address the Senate on the subject next Thursday.

AN ELECTRICIAN KILLED.

The Brother of Superintendent Hoffmann Dies from a Shock.

SAN JOSE, Cal., Jan. 11.—Geo. Werner Hoffman, the electrician at the Electric Improvement Com-

pany's powerhouse, was almost instantly killed this evening, at 7 o'clock, while attending to the electric-light switches at the powerhouse. Hoffmann was seen to go into the switchroom, and a few seconds later George Johnson, the oiler, heard a moan. He rushed into the room and found Hoffmann lying on the floor. Before he had time to make an inquiry or assist the electrician from the floor, Hoffmann said, "George, I am done for." He then fell in a stupor and remained unconscious until death came several minutes later.

An investigation was made and it was found that in some manner Hoffmann had touched either the switch plug above the insulation or had slipped, and in falling his hand came in contact with a coil of electric light wires which was not insulated. The current passed through the thumb and first and second finger of the right hand, and on through his body, coming out at the heel of his left foot. Where his fingers came in contact with the electricity there were three burns and his heel was charred. Twenty-five hundred volts passed through his body.

Hoffmann was a skilled electrician. He was 26 years of age and a native of San Jose. The unfortunate young man was a brother of Theodore Hoffmann, superintendent of the Hawaiian Electric Light Company.

BAYARD'S DEFENSE.

Replies to House Resolution of Impeachment.

WASHINGTON, January 20.—In the House today a message was received from the President in answer to a resolution asking him to present the correspondence in the case of Ambassador Bayard relative to the speeches delivered in Edinburgh. The President submits a report from the Secretary of State, which says that the President has taken no action except to notify Bayard of the action of the House.

Letters from Bayard are given, in which he says: "I respectfully call your attention to the fact that the address in question was delivered before an institution purely literary and scientific, and wholly unassociated with political parties. The address consisted of a statement of my personal opinion upon governmental institutions in general and the moral forces and tendency which underlie them."

Secretary Olney immediately on receipt of this cabled the Ambassador that the House resolution asked not only whether the Edinburgh speech was made, but also whether in his Boston speech he used these words: "The President stood in the midst of a strong, self-confident and oftentimes violent people, men who sought to have their own way. It took a real man to govern the people of the United States."

Bayard replied by a letter, saying that he was elected to deliver the prizes to the graduating students of the Boston Grammar School, which he did in a spirit of good faith. "In the afternoon," he continued, "we adjourned to a public hall, where a dinner was served and as is customary here, there were toasts and responses, and I responded to the health of the President of the United States and subsequently to a toast to myself. So far as I was concerned, everything was impromptu, and a kindly, humorous postprandial tone prevailed."

"It seems that a reporter was present, but I did not see him, nor did I know that the report had been made until the local newspapers were sent to me a few days after in London. I sent a copy to Mr. Cleveland, because the report contained a kindly reference to the family home circle of the President. This was the extent of the 'publication' in the United States of which I have any knowledge. I must except an elaborate editorial in the Philadelphia

Ledger greatly censuring the constitutional views which the writer supposed to have been expressed by me. The occurrence was early in last August, and had passed out of my memory until it was made the base or one of the bases of the resolution of impeachment by the House of Representatives as a 'high crime and misdemeanor under the Constitution.'

The message was referred to the Committee on Foreign Affairs.

Senator Foraker.

COLUMBUS, OHIO, Jan. 15.—In the joint session of the Senate and House at noon today ex-Governor Foraker was declared elected United States Senator, to succeed Calvin S. Brice. His term begins March 4, 1897. In his speech to the general assembly Mr. Foraker declared that he was in favor of protection to American industries and reciprocity. On the coinage question he said:

"I am in favor of bimetallic. I think it was a mistake to demonetize silver, and I hope that some safe way may be found to restore it to its proper place by the side of gold as a money metal."

EUROPE.

A fire occurred in a theatre in Ekaterinoslav, capital of the government of that name in the south of Russia. In a panic ensuing many people lost their lives. At last accounts 49 bodies were taken out, but more who were known to be in the theatre were missing.

London dispatches of the 20th and 21st are as follows:

The story that Great Britain had begun negotiations for the purchase of Cuba, and that the war feeling was growing in the United States, caused the gravest concern here, as it is felt this may contain the secret of Lord Salisbury's refusal to arbitrate in Venezuela or to recognize the Monroe doctrine. In this view the work of Henry Norman, in the interest of peace, would seem to have been in vain.

Lord Playfair, who is prominently identified with the movement to establish a permanent board for international arbitration, had a long interview today with United States Ambassador Bayard.

The Globe in an article condemns the attitude of the United States Senate on foreign affairs. It says: "The English people will not stand much more fooling from anybody, and these gentlemen, whom we credit with no more exalted sentiment than the wish to stand well with their constituents, may very easily find themselves face to face with a situation that could be called appalling."

The Chronicle, in an editorial, rejoices over the news of the signing of the Behring sea treaty as an event of happy omen, proving that reason still sways the Anglo-American races. It asks why the Venezuelan question cannot be treated similarly and says: "We can see nothing in the Davis resolution which did not exist in the earlier form of the doctrine, or which prevents arbitration in Venezuela."

The Chronicle thinks Europe will lose substantially nothing by America's assumption of a doctrine involving such heavy responsibilities.

An editorial in the Daily News says: If the Senate Committee on Foreign Relations is right, President Cleveland must certainly be wrong, for he expressly invites Great Britain to settle the boundary question directly with Venezuela. It only remains to apply the Monroe doctrine to the importation of tin plates and there will be no extravagance left to commit.

The Graphic comments upon the vagueness of the new Monroe doctrine and says: "The proviso that it shall only apply to cases which the United States deems dangerous to its peace or safety looks like a sign of weakness."

A Paris dispatch of the 20th suggests a European alliance against the United States as follows:

The Eclair today, commenting upon the suggested additions to the Monroe doctrine, remarks: "Does the American Government think it is strong enough to appropriate in its own interest one of the two hemispheres and forbid Europe to have access to at least half of the world? If it pushes its extravagant pretension to this point the only thing that can happen will be that all the nations of Europe will arrive at an understanding by which they will close their ports to American ships, a measure which will make America ask for mercy within a week. Why does America assume an attitude she cannot maintain?"

The Armenian Trouble.

The London Chronicle says that there is a rumor that Lord Salisbury personally favored strong measures against the Sultan, but that the Cabinet was unwilling to agree with the chief and hence a milder policy was adopted.

OTHER LANDS.

A cablegram has been received at Ottawa from Colonial Secretary Chamberlain, stating that Sir Julian Pauncefote, English Ambassador to the United States, was authorized to sign a convention for the settlement of the claims of Canadian sealers for seizures in the years 1886-90. The President of the Swiss republic may be asked, if necessary, to appoint an umpire to decide any points on which the commission may disagree.

Martial law is declared in the province of Barranquilla, Colombia, to put down revolution.

The Queen Still Alive.

The Chronicle says editorially: Colonel Cockerell insists that the Queen of Corea is still alive, though we have had numerous detailed accounts of her terrible death in the palace at Seoul. The Colonel is probably correct as he is just returning from a visit to the Korean capital. Even so remote and slow a place as Corea the American newspaper man may be counted on to get the facts. We would rather trust Cockerell in such a search for the truth than the regular press correspondents who are prevented from telling the facts by their relations to public officials.

The Transvaal Affair.

The Berlin correspondent of the London Times comments upon the difficulty of following the kaleidoscopic changes in the German attitude, and cites the Nord Deutsche Allgemeine Zeitung's comparison of Emperor William's telegram to President Krueger with the Emperor's famous dispatch which ushered in the war of 1870 as one of the epoch-making events in modern history. The article contends that the Emperor's telegram has achieved a peaceable victory and a vindication of international law beyond the seas "worthy to rank with the momentous triumphs of the glorious period which we have been celebrating."

Friends in the United States of Americans imprisoned at Johannesburg are very impatient over the inaction of President Cleveland.

A dispatch to the New York Herald from St. Petersburg says: Russia's policy at the present moment is steadfastly to avoid being drawn into any commission or complication with Armenia, Germany, England or Abyssinia, but to keep the oriental question ever foremost.

The Novosti, commenting on the friendliness of the English press, says: We esteem her high civilization, but we see the defects in her policy which is purely egotistical. An alliance could be useful only to her, not to us. France and Russia must remain neutral. The Viedomosti says: Russia must confine herself to the Orient.

Coast News Notes. Fifty barrels of olives will be shipped from the Red Mountain ranch at Fallbrook, San Diego county, this season.

Peter Mailand of Watsonville was accidentally shot in the left breast and killed while returning from a hunt recently.

Upward of \$200,000 has been expended on developments of the Jim Crow and Monitor mines at De Lamar, Nev. The mines have already paid \$650,000.

The olive industry is taking quite a boom in the Bear and San Pascual valleys. From 10,000 to 15,000 trees will be planted in these valleys this season.

The San Diego City Council has approved the plans for the proposed new water system which the city will purchase at a cost of \$1,500,000 if the bonds are voted.

The Democratic Convention. WASHINGTON, D. C., Jan. 16.—The Democratic National Convention will be held at Chicago on July 7.

Such was the decision reached on the twenty-ninth ballot by the National committee today after a spirited contest, in which Chicago won by a bare majority, with St. Louis only two votes behind.

The people of foreign countries have paid \$100,000,000 for the animal and cereal products of American farms during the past eleven months of 1895.

OBSERVATIONS.

Attorney Joseph Coffey in San Francisco said to Judge Joachimsen, when the latter was going to adjourn his court, "Your honor is in a hurry to draw your salary, but not to hold court." The judge at once ordered the lawyer into custody for contempt, but let him off till next morning to purge himself of the offense. Honolulu has seen some tiffs between bench and bar, but few if any where a lawyer has so exposed his cheek.

Below is a sample of the idle talk scattered broadcast in the United States, as Honolulu correspondence of the Associated Press. It is from a Coast paper of January 14:

"The island of Hawaii is meditating secession from the Hawaiian government and the formation of its own government. When the legislature meets next month the secession movement will be brought up. If the residents of Hawaii should decide to form their own government, nothing but outside interference could prevent them. The Dole government would be powerless, as Hawaii is more thickly populated than any other island of the group. Minister of Foreign Affairs Cooper is now in Hawaii trying to ascertain how wide-spread is the desire for secession. The friends of the ex-queen are anxious for a war between England and the United States, believing that in the event of such hostilities England would seize the Hawaiian Islands and restore Liliuokalani."

The Government has heretofore taken cognizance of less mischievous publications.

Senator Davis' resolution gives a revision of the Monroe doctrine, and it has been favorably reported by the committee on foreign relations. Whether the enlargement of the doctrine is good policy or not, its formal enactment by Congress would certainly make it more an instrument of precision than it is at present.

It would appear there is competition for the Hawaiian cable at Washington. Mr. Spalding has the whip hand, owing to the exclusive privilege of landing a cable on Hawaii, granted him by the Hawaiian Legislature. The company he is in with also seems to be the richer of the two. There is danger of neither company getting anything from Congress,

owing to the strong and habitual sentiment in the United States against national subsidies to private enterprises. It is to be hoped that the Governments of the United States and Hawaii will lay a cable themselves as a joint public undertaking. They would probably find this course the better and perhaps cheaper one in the long run.

General Campos after all these months of fighting is removed on the ground that his policy had ended in failure. The Spanish Government do not follow Lincoln's famous advice, that it is not well to swap horses while crossing the stream.

This mail's news has a mystery to the world. It is the destination of the British flying squadron. The ships are probably waiting for the eventualities of diplomacy.

THE AUSTRALIA IN A STORM.

Rough Weather on the Last Trip to the Coast.

The S. F. Call of the 14th says: The passengers on the steamer Australia, which arrived from Honolulu yesterday, had a very rough experience. Ten hours after the big vessel was under way a hurricane came up which lasted until the coast of California was reached. Sea after sea broke over the steamer, and Captain Houdlette is now open to confess that he never knew what a magnificent sea boat the Australia was before this voyage. The seas ran mountains high and every once in a while one of them would come thundering aboard, flooding the cabins and doing considerable damage.

Ten feet above the upper deck were the lifeboats strapped into the davits. One big sea came along and breaking aboard aft caught up two of the boats and carried them away in an instant. The crockery and glassware in the pantry suffered considerably, but luckily no one was hurt.

"The Australia behaved like the splendid ship she is," said Captain Houdlette yesterday. "During all the time I have been running to the South Seas I never saw such a storm, and yet there was never an instant that there was any danger. Hundreds of tons of water would pour on board from each succeeding wave, but never a bolt gave and there is not a strain from stem to stern. The serious damage was the loss of our boats."

Tribune Bicycles.

By this Australia the Hawaiian Hardware Company received the largest assortment of bicycles ever brought to Honolulu. They will be on exhibition in a day or two and are all up to date, that is, 1896 wheels and no back numbers. The Tribune Tandems, so long expected, are among the consignment and will soon be seen on the street.

Booked to Leave.

The following passengers are already booked to leave by the Australia on Saturday:

Dr E Bragdon, James Rankin, S W Wilcox and wife, J E Miller, George O Brown, C M Cooke, Mrs Clarke, C F Fisher, Mrs William Eassie, Mrs E E Alvord, Mrs A Howell, W C Clarke and wife, Miss McCreary, Miss Clarke, Mrs C J Maurer and son, Wm Foster, Geo P Castle, A H Bachelder.

—ON THE—

PRESIDENT OF VENEZUELA AND OTHER INTERESTING MATTERS.

President Crespo of Venezuela is a tall, heavy man, with a countenance revealing force and determination. He is very abstemious in his habit and generally goes to bed at 8 o'clock in the evening. He is in the habit of summoning his Ministers to him at sunrise. He is fond of cattle-ranching, and owns a large number of acres not far from the Venezuelan capital. He is a fine equestrian and has an unlimited amount of backbone. He also knows a good thing when a friend puts him on to it. If he lived in Honolulu he would be one of the first to call at the store of the Hawaiian Hardware Company and examine some of that fine cutlery just received by the last Australia. Beyond question we have now displayed on our shelves and in our windows and showcases the finest lot of cutlery ever brought to these Islands.

One of those fine carving sets with ivory or buckhorn handles in handsome plush cases would be just the thing to take the fancy of President Crespo or his great and good friend Grover Cleveland. We have also smaller sets of carvers, designed for game and tete-a-tete dinners.

In the matter of Knives we have a new stock of everything in the line, comprising butter, kitchen, skinning, dessert, table, putty medium, hunting and pocket knives in an almost bewildering variety.

Those little pearl-handled butter knives are dandies and you will want one as soon as you see them.

Another useful little article is a pocket nail-cleaner and file, which is a novelty and quite cheap.

We are entirely out of bicycles, having closed out our entire stock last week. We expect a big lot of the 1896 model of the Tribune and Monarch wheels by the next steamer and shall be pleased to take your order in advance.

We have also on hand a fresh supply of Fresh coffee pots, which sell like hot cakes.

COFFEE ESTATE AND LANDS For Sale.

I am directed to sell at Public Auction on Wednesday, May 27, '96,

at 12 o'clock noon of said day at my sales rooms on Queen street, in Honolulu (unless sooner disposed of at private sale) the following described property, namely:

A tract of land of about 2,300 acres in fee simple situate at Kolo and Ololeomana 1 in South Kona, Island of Hawaii, about eight miles by a good road from Hilo, one of the largest villages in Kona. There is an excellent landing on the land itself from where the coffee and other produce could be shipped and a good site for a mill near the landing. Fifty acres of land are in coffee. Roughly estimated there is about seven hundred acres of splendid coffee land lying all on one block on both sides of the Government Road. Eight hundred acres lying above and to the East of the seven hundred acres above mentioned is also excellent land and although at a higher altitude is no doubt also well adapted for coffee culture. The lower land below the coffee belt is suitable for pineapples and sisal. There is a drying house, store and work-rooms, a Gordon's Pulper, laborers' quarters and water tanks at the plantation, and the land is partly walled. There has never been any blight on this land, although coffee was planted a great many years ago. Old residents of Kona like the late D. H. Nahinu, J. W. Kaimoku and others have testified to this fact. There is a sea fishery appurtenant to Ololeomana 1. Terms cash or part of the purchase price can remain on mortgage at eight per cent per annum. Deeds and stamps at the expense of purchaser. A map of the property can be seen and further particulars obtained at my sales rooms.

OPIUM SMUGGLERS.

A Queer Outfit Captured by Captain Scott.

From information received at the police station late last night, sixty-three tins of opium were captured and a man and two women, all Portuguese, are in jail. A man who is in the employ of the police noticed some queer proceedings in the room occupied by a man named Bonani in Fowler's yard. About 11 o'clock he noticed the man take two women to his room and immediately afterward the light was put out. In about 20 minutes the women came out but still the light did not appear. The circumstance was reported to the police. Captain Scott thought the matter was worth looking into, so he made a complaint on information and belief and got out a search warrant. He did this all in 20 minutes time, going to Emma square and back on his wheel to get the magistrate to sign the warrant. He then took officers Cordes and Xavier to Bonani's room, made him get up and listen to the reading of the warrant. On looking under the bed Captain Scott found two pairs of drawers of a peculiar pattern. Up and down each leg of the drawers were specially constructed pockets containing tins of opium, amounting in all to sixty-three. Bonani was arrested on the charge of having opium in possession and upon being searched was found to have \$55 in his pockets. He denied all knowledge of the opium or the women.

The story in the morning paper about Cordes following the women from the Australia's wharf is made out of whole cloth. Cordes knew nothing about the affair until detailed to accompany Captain Scott. The fact of the matter is that two Portuguese women who were steer-

age passengers by the Australia passed through the gates without question or examination by the Portuguese customs officer who was on duty and it is presumed went direct to Bonani's room.

Captain Scott considers the capture a piece of pure luck, as if the two women had not been seen going to Bonani's room at a late hour and in a suspicious manner, nothing would have been known of the smuggling. Bonani is a single man.

Warrants were issued this morning at 10:30 for the arrest of the two women, who were soon placed by the police and shortly afterwards arrested.

Captain Parker and Captain Scott were working hard on the case all the morning and at 1 o'clock had two other men arrested for being connected with it. One of these is a steward on the Australia and the other is the man who met the women at the wharf and drove with them in a hack to Bonani's room. The hack-driver has also been found and has told the police all he knows of the affair.

The two women in the case are young and exceedingly good-looking, but appear more like Mexicans than Portuguese. When seen by a BULLETIN reporter after their arrest they were sitting in the corridor of the station and appeared somewhat disconsolate over the outlook. They were handsomely dressed. The police are congratulating themselves on the breaking up of a very smooth gang of smugglers, which has probably been operating successfully for months.

At the present price of opium in the city \$30, a pound, Captain Scott's capture last night is worth nearly \$1000.

The Missionary Gleanners.

Mrs. Parmelee presided at a meeting of the Missionary Gleanners' Society at Central Union church yesterday afternoon. Mrs. O. H. Gulick talked on missionary work in Japan and the society passed resolutions donating \$10 to the Woman's Exchange, \$25 to Frank Damon's Hotel street mission and \$10 per month for one year to the Kindergarten association.

Don't leave your pictures until they are ruined before having them framed. King Bros. are making frames so cheap now that it is better to have your pictures attended to than to wish you had.

W. S. Luce will sell at auction tomorrow such a quantity of boots and shoes (hundreds of pairs) as would be sufficient to start a person in the boot and shoe business. Also a couple of pieces of very valuable property. Considering the prospects for Honolulu's future, this is a prime chance to secure two splendid pieces of real estate at a bargain.

There will be a special sale of Dr. Jaeger's Sanitary Wool Underwear at Tracy's, to reduce stock. Prices will be \$3 per suit for regular sizes, and \$3.50 per suit for extra large sizes. Ladies' suits, all sizes, white and natural, at \$3 per suit. Do not let this opportunity pass to get these goods at much less than their value, as the sale will only last a few days.

By yesterday's Australia W. M. Cunningham, proprietor of the Anchor Saloon, received a large supply of the delicious Fredericksburg beer, cold and fresh; also, a lot of splendid oysters from the States which are as fine flavored as any one can find in Honolulu. Mr. Cunningham's affability and his knowledge of what is attractive to the palates of the public is fast gaining an enviable reputation for the Anchor.

HAWAIIAN NATIONAL BAND.

Glowing Praise of the Boys by an Ohio Editor.

The Kent, Ohio, Courier of January 3 has a column and a half of description of the Hawaiian National Band. Mention is made of the great success of the band until Cleveland, O., was reached, when the desertion of the secretary and treasurer left them stranded. The article has a display head reading: "From Hawaii comes a band of musicians the like of which Kent people have never heard before," etc. The editor says he had heard them in another city, at a Sunday sacred concert a few days before, stating, "They are a pleasant lot of fellows, everyone of them gentlemanly appearing, and made the best music we have ever heard." Kent people are advised to secure reserved seats at once for either the matinee or evening concert.

William Morris is now putting through the Kelmscott press a vellum edition of Chaucer, which will cost the purchasers \$600 per set, probably an unequaled price for a new book. All the 425 copies of the paper edition, at \$100 each, have been subscribed for in advance. His own "The Earthly Paradise" is also to have a vellum edition, the price of the eight volumes being \$275.

Yales' La Freckla

is Mme. Yale's infallible cure of Freckles, Tan and Sunburn. It is the only remedy ever compounded that will remove freckles completely and surely. The fairer and more delicate the skin, the more likely it is to freckle and the worse it will look after it is freckled. Thousands of women, otherwise beautiful, are disfigured by these unsightly, brown blotches. Nothing will hide them. They are a source of misery, but they can be cured. La Freckla is the death-warrant to freckles. The preparation of La Freckla is one of Mme. Yale's greatest achievements. There are many imitations, some of them very dangerous and harmful to the skin; none of them really effective. For safety and certainty, insist always on getting the genuine and original La Freckla. Price \$1 at drugstores, or by mail. MME. M. YALE, Health and Beauty Specialist, 146 St. St., Chicago. Beauty Guide, mailed free.

Scrofula

The Worst Case the Doctors Ever Saw

Hood's Sarsaparilla Perfectly Cured "C. L. Hood & Co., Lowell, Mass. Dear Sirs:—I wish to testify to the great value of Hood's Sarsaparilla. For some time I had been troubled with scrofula, which early last winter assumed a very bad form.

Sores Appeared on My Face and hands and gradually increased in number until they reached to my shoulder. The doctors said it was the worst case of scrofula they ever saw and also went so far as to say it was incurable. I tried ointments and other remedies but to no avail. A friend recommended Hood's

Hood's Sarsaparilla Cures

Sarsaparilla, and although I was completely discouraged, as a last chance I resolved to give it a trial. After taking one bottle I noticed the sores had commenced to heal. After the sixth bottle

They Were All Healed.

I continued to take it, however, until I had used nine bottles, and now I am perfectly well. MISS KATIE ROSEGRANT, Uster, Penn.

Made Well.

Cured of Kidney Disease,

Sleeplessness, Rheuma-

tism, and Nervousness.

WELLS, RICHARDSON & Co.,

Gentlemen:—For some years my kidneys have been affected, and a mild form of rheumatism afflicted me.

The worst affliction from which I suffered more or less for ten years past has been insomnia and its natural results, extreme nervousness. This grew so bad that it was often difficult for me to write my name legibly. Paine's Celery Compound has cured me of the insomnia and nervousness, so that I again enjoy refreshing sleep.

For some months last year I suffered acute pains in my chest, which almost nightly compelled me to arise from bed and walk the floor or sit up for hours. A recumbent position brought on the pains day or night; the position assumed in writing also caused them. I have been happily relieved of these various disorders by Paine's Celery Compound, and now enjoy better health than I have experienced at any time in the previous ten years.

I shall advise my friends, one and all, to try Paine's Celery Compound for such ills as I have suffered from.

Yours truly,

Charles Prosch.

Wirth's Circus.
 Tomorrow night will close the season for the circus people in Honolulu. Thursday they go to Kona and after their return will sail for Yokohama. If, however, arrangements can be made so as to admit of it, it is probable that one performance will be given after their return for the benefit of George W. de Long Post No. 45 G. A. R. An announcement to that effect was made at the intermission last night. The show was first-rate yesterday evening and the audience a large and appreciative one. The advent of the circus has had the usual effect on the boys of the town, and half the old boys and play grounds in Honolulu witness two pin and three pin performances.

The enterprising youth has organized a colossal aggregation of talent which costs five marbles to see. The orchestra consists of a viola and the acting is principally confined to Alberto, the gags re-hashed and made up to suit the audience.

The flagship Royal Arthur will leave Victoria for England February 17th to go out of commission. She will be replaced by the Imperieuse, a sister ship to the Warspite. Honolulu may have visits from these vessels on their respective voyages.

All the compositions of school children on the art exhibition are required to be in before January 30. They may be left with Mr. Graham at Mr. Cartwright's office. The prizes for such schools as visited the League are to be seen at the Pacific Hardware Company's store.

Steamer Claudine to Maui--Items Alongshore--Foreign Shipping Gathered Up Today.

Busy day on Oceanic wharf. The schooner Robert Searles is discharging coal at the Pacific Mail wharf. The U S S Boston is due at this port. She sailed from San Francisco January 19. The schooner J D Tallant will sail from Kahului next week for San Francisco. The bark C D Bryant is unloading her cargo of lumber at the Custom House wharf. The bark Albert is loading sugar at Wilder's wharf, and will probably sail some time next week.

The barkentine Willie R Hume sailed for San Francisco at noon today with 1000 1/2 tons of sugar for the reduction.

The bark Realie was launched from the Marine railway this morning and hauled over near the Railroad wharf.

The barkentine Planter sailed from San Francisco for this port January 19, and the bark S C Allen on January 16.

Tomorrow, Wednesday--High tide large, 3.24 a. m.; high tide small, 3.21 p. m.; low tide large, 8.52 p. m.; low tide small, 10.27 a. m.

The bark Amelia arrived in Hana, Maui, January 19, with a cargo of lumber. She expects to sail for San Francisco February 1 with sugar from that plantation.

Vessels arriving in San Francisco lately were the U S S Baltimore 8 days from this port January 19; the bark Marita Davis 17 days from this port January 14; and the liner Mariposa 6 1/2 days on January 16.

The old marine scribe of the BULLETIN is taking pleasure in breaking into business for that special reporter work a youth of good promise, James Logan, son of the editor of this paper, who will commence next week to make his rounds on the front.

The liner Australia, Houdlette commander, docked at Oceanic wharf at half-past ten o'clock last night, 6 days and 12 hours from San Francisco with a general cargo and 25 cabins and 22 steerage passengers. She is hustling her cargo off and will return to San Francisco on next Saturday.

TO ALL WHO USE PAINT:

The undersigned, L. C. Ables and H. P. Walton, purchased from Charles J. Wagner, the inventor of Peerless Preserving Paint, the exclusive right to manufacture, use and sell the PEERLESS PRESERVING PAINT in the Hawaiian Islands.

Patent for Peerless Preserving Paint. On the 26th day of September, 1895, the Republic of Hawaii granted to L. C. Ables and H. P. Walton, a patent No. 110, granting them the exclusive right to make, use and vend PEERLESS PRESERVING PAINT throughout the Hawaiian Islands.

Trade Mark for Peerless Preserving Paint. The Republic of Hawaii has also granted to L. C. Ables and H. P. Walton the exclusive use of the words PEERLESS PRESERVING PAINT as a trade mark throughout the Republic of Hawaii for the term of 20 years.

Imitation. Certain parties in San Francisco have recently been sending to Honolulu under the name of PEERLESS PRESERVING PAINT a spurious article not only inferior to the genuine paint, but one which is positively injurious to any metal to which it may be applied.

Beware of Fraud. We hereby warn all persons against being defrauded into using any but the genuine PEERLESS PRESERVING PAINT, which can be obtained only of Ables and Walton.

Warning Against Infringement. We also hereby warn all persons against buying, selling or using any article under the name of Peerless Preserving Paint, except that sold by us, as such buying, selling or using will be a direct infringement of our patent and trade mark, and a violation of our rights, subjecting the persons buying, selling or using such paint to a claim for damages by us in accordance with the Hawaiian Law.
