

If you want today's news today you can find it only in THE STAR.

# THE HAWAIIAN STAR.

The Hawaiian Star is the paper that goes into the homes of Honolulu—the circulation shows that.

VOL. V.

HONOLULU, H. I., THURSDAY, JANUARY 27, 1898.

No. 1487

## A RARE OPPORTUNITY. A Leasehold FOR SALE.

At a very low figure, 1,500 acres of land in the District of North Kona; 155 are subleased to responsible parties at a good rental; 200 acres are planted with coffee, in good condition, from 2 1/2 to 4 1/2 years old; 50 acres are in old coffee, and all of the remaining 1,100 acres are suitable for the planting of coffee.

The party purchasing will only be liable for the taxes on improvements on the property, no rental to be paid.

This is a splendid chance for a party with the necessary capital to make an investment that is sure to bring a large return on the money invested, as you have in this tract all climates, and elevations, suitable for all kinds of coffee.

For further particulars apply to **GEO. McDOUGALL & SONS,** Kailua, North Kona, Hawaii. P. O. Box 3.

### KAISER WILHELM, HOCH! BIRTHDAY OF GERMAN'S YOUNG MONARCH CELEBRATED.

Reception at the German Consulate at Noon—Many Citizens Call to Pay Their Respects.

The health of Emperor William was drunk at the German Consulate today by government and military officials, members of the diplomatic and consular corps and many prominent citizens. The reception at the Consulate lasted all during the noon hour.

The military officers were the first to arrive at the Consulate. Lieut. Col. McLeod, commanding the First regiment, was at the head of the deputation. The other officers included Maj. Jones, Maj. McCarthy, Maj. Cooper, Capt. Ashley, Capt. Schaefer, Capt. Smith, Capt. Zeigler, Capt. Gartenberg, Adjt. Kenake, Lieut. Klemme and Lieut. Petrie. They were received by Consul John F. Hackfeld at the entrance of the Consulate and escorted to the private offices.

**EMPEROR WILLIAM.** Whose Birthday Anniversary is Celebrated Everywhere Today.

Immediately following the military came the ministers and consuls of the other countries. Acting President Cooper and Cabinet Ministers were the next to arrive. The reception of citizens continued until some little time after 1 o'clock.

A luncheon was served at the Consulate. Mr. Steiner of Hart & Co. was in charge. In the center of the table were two mammoth cakes with German flags and the German double eagle decorations.

The Government band was stationed on the square in front of the consulate and during the life of the reception rendered German selections. The opening and closing number was "The Watch on the Rhine." Other selections given were a march of German melodies, German melodies and a medley of popular German airs.

The birthday of the young German ruler is always properly celebrated in Honolulu.

Emperor William was born January 27, 1859. He succeeded his father, the Emperor Frederick III, on June 15, 1888. He was married to the Princess Victoria of Schleswig-Holstein-Sonderburg-Augustenburg. His children are Frederick William, Crown Prince, born in 1882; William, born in 1883; Adalbert, born in 1884; Augustus, born in 1887; Oscar, born in 1888; Joseph, born in 1890; Victoria Louise, born in 1892.

Prince Henry, the Emperor's brother, who is now in command of the German squadron in China, was born in 1862, and married in 1888, his cousin, Princess Irene of Hesse, daughter of the late Princess Alice of England. He has a son.

The Emperor has four sisters, Princess Charlotte, born in 1860; Princess Victoria, born in 1866; Princess Sophia, born in 1870, and Princess Margaret, born in 1872. All these are married.

**LOCATING THE PALL.** Surveyor W. E. Wall and two assistants are at work surveying the new Pall road, which at the present time is not located on the map of Oahu.

**A SPECIAL.** Bargain in real Torchon laces, 3 to 4 1/2 inches wide, 6 yards for \$1, regular price 25c a yard; Victoria lawn at 60c a piece this week, at Sachs'.

**Fine Repair Work.** When your Bicycle, Gun, Typewriter or any article of fine mechanism needs repairing and you wish a job which is certain to prove satisfactory, bring it to us and we will fix it for you and guarantee it fully.

We take pride in turning out only the very best of work and will call for and deliver it to any part of the city.

**HAWAIIAN CYCLE & MFG. CO.** 312 Fort street. Telephone No. 565. Opposite Lewers & Cooke's.

### OPENING OF ALLEN STREET WILL GO TO PARIS AGAIN

**HARRY TERRILL WILL TRY FOR BIG HONORS.**

The Cabinet Considers the Proposition of Establishing New Burial Ground at Aiea and Halawa.

Two important matters took up the time of the Cabinet this morning. One was relating to a site for the proposed new cemetery. For some time past the Nuuanu and King street cemeteries have been crowded to the utmost and the Board of Health has given consideration to the matter.

The Health Department has sent a recommendation to the government for the opening of a public burial ground at Aiea and Halawa. Manager Dillingham submitted feasible plans for a funeral depot and funeral train. These plans were carefully considered at this morning's session of the cabinet. The whole scheme seems to merit itself to the Ministers. No definite conclusion has been yet reached.

The land at Aiea and Halawa is under lease by J. M. Dowsett at the present time from the Government and the Bishop estate.

The other matter was the opening of Allen street along the head of the new slip now being built by the Pacific Mail company over to the marine railway, a distance of some 300 feet. Some arrangement must be made with the trustees of the Bishop estate before the road can be opened.

The extension of Allen street is in line with the government's proposed plan to build a road encircling the harbor and connecting with the new beach road.

**DR. INGERSOLL SUMMONED.** Charged With a Violation of the License Laws.

Dr. A. E. Ingersoll, who has been importing hogs from California for some months past, and recently arrived on the bark Mohican with a lot of porkers and several hundred boxes of apples, has been summoned to appear in the District Court and answer to a charge of violating the license laws. Complaint has been made to the Marshal that Dr. Ingersoll is selling the apples contrary to law. The apples are a fine lot, coming from Humboldt county, California, and find a ready market.

Dr. Ingersoll made two voyages to this port on the schooner Jessie Minor, from Eureka, and on the last trip brought a few boxes of apples which sold "like hot cakes." He saw his opportunity, and on this trip brought a big shipment. Just what Dr. Ingersoll's defence will be is not known. The case will come up tomorrow for hearing.

**HILO HARBOR NEWS.** The Santiago will sail from Hilo for San Francisco with a full cargo of about 28,000 bags of sugar next Wednesday. The following are booked to leave: Mr. and Mrs. Le Bond and Mrs. F. C. Le Bond.

The Annie Johnson, Santiago, Coleman, Aullan A., Eva and Lyman D. Foster, from the Sound and Golden Gate, and the Helene, Kinah, Hawaii Kilauea Hon and Lehua, from Honolulu, were in port at one time during the past week. It is doubtful if such an array of mastsheads, since the days of whaling, has been seen in that harbor.

**PUNA ITEMS.** There has been a heavy rainfall in the Puna district as well as elsewhere, about five inches in the first three days of last week. The boundaries of Keahialaka, the large tract owned by Mr. Rycroft, and of Kahaulea, the section owned by a Honolulu syndicate, is being surveyed. The coffee plantations are looking in fine condition throughout the district and the prospect for next year's crop is excellent. A Pahaia homesteader has rented twenty-two acres of the Roman Catholic Mission land; a Japanese company a tract of forty-nine acres, and Yamamoto from 140 to 160 acres. The Pahaia boom still continues, and new buildings are constantly going up. A regular stage line is now running between the growing town and Hilo, round trip \$1.50. Accommodation for travelers will soon be furnished in the shape of a two-story hotel. William Goudie has just finished a large barn, 30x50, a portion of which is to be used as a slaughter house. Seventy bags of dried coffee from Goudie Brothers have just been shipped to Hackfeld & Co.

When you cannot sleep for coughing take Chamberlain's Cough Remedy. It always gives prompt relief. It is most excellent for colds, too, as it aids expectoration, relieves the lungs and prevents any tendency toward pneumonia. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.

**COME IN WITH THE TIDE** Of merry customers who realize that of all the shops in town none give the attention to their personal appearance that is found at the Criterion Barber Shop. No one is slighted, but handled in such a manner that permanency of patronage is established.

### WILL GO TO PARIS AGAIN

**HARRY TERRILL WILL TRY FOR BIG HONORS.**

How Cracks Race in the Big French Capital—Terrill Likes Cyclomere—Will Go After Sylva.

Harry Terrill, the speedy San Francisco rider, who met his Waterloo on Saturday evening in Honolulu's own "Manoa Wonder," has contracted to return to Paris in March to participate in the French racing season. It is more than likely that his brother, Bob Terrill, will accompany him.

Both Terrill boys spent seven months in France last season. They came out with seven firsts each and any number of second and third places. They entered the second largest city in the universe solely on their own hook and during the season they bumped up against the cracks from all nations on the globe. That they were not out of their class is clearly proven by the fact that the prize money which they secured was sufficient to pay all their expenses.

**HARRY F. TERRILL.** Who Held His Own Among the Crack Riders of the World.

"Cycling is all the go in Paris," said Terrill in an interview today. "The roads throughout all France are perfect, and many country roads are in much better condition than race tracks I have ridden on in America. There are three distinct classes of races. One is what they call sprint races. They are very short stretches, and are very popular. In a quarter or one-half mile dash, the riders ride as slowly as possible until about 300 yards from the finish when they dart out for him. This race depends entirely on the head work, as a man is simply playing for position. Three men start in each heat and one rider qualifies.

"The middle racing includes all the events from one mile to thirty miles, while the long distance races are run by the hour, a race generally being for twenty-four hours. Stocks, of England, now holds the record for the hour, having ridden 52 miles in that time. The sprint races are never paced, while the other events are invariably paced."

Terrill says that fully twenty thousand people turn out to a race meet in Paris. In London, cycling has not secured the big hold that it has in Paris.

The California boy speaks very lightly of Cyclomere, and says that for architecture and surroundings it has few equals anywhere. He added that the track could be made much faster were it topped with clay.

**A GOOD TITLE.** The sugar trust, says the Chronicle of January 16th, affects to question the right of Mr. Dole to be President of the Hawaiian Republic. However, as the validity of his title has been acknowledged by the former Queen in the terms of her abdication and has been recognized by all the great powers, Mr. Dole will probably lose no sleep in consequence.

**BUY UP A PAPER.** Having gone to the expense, says the San Francisco Chronicle, of sending Liliuokalani and half a dozen Kaula politicians to Washington, to lobby against the Sherman-Hatch treaty, the sugar trust is inclined to look upon the dispatch of President Dole to that city as a high handed outrage and an insult to the Senate. The moral aspects of the case are distressing it to such an extent that it may have to buy up another newspaper or two to get a fair show for its indignation.

**ADVERTISED FOR A HUSBAND.** A marriage which was brought about by an advertisement in a Chicago matrimonial paper, and which has aroused a great deal of comment among the relatives of the bride and groom, was that of Mrs. Joseph Laurier of Binghamton, N. Y., and Leroy H. Wright of San Francisco. Mrs. Laurier is an ardent admirer of the Remington bicycle and it was through the advertisement of a husband who rode a Remington that she procured her wish. Pacific Cycle and Manufacturing Company have Remingtons for rent.

### KONA CANE EXPERIMENT

**JACOB COERPER AGAIN TRIES HIS LUCK.**

Has Started a Plan of Planting on Shares With Portuguese and Japanese—Thrift and Perseverance.

Jacob Coerper, a merchant and sugar planter above Kailua, in the North Kona district of Hawaii, is a city visitor. Mr. Coerper has been identified with various commercial enterprises of the big Island for the past dozen years. He has also made some valuable experiments in coffee cultivation.

His plantation, which is his second venture, is known as Waiaha. There are forty-seven acres of old cane in a flourishing state, some twenty acres of which will be ground next May. Eighty-five acres of young cane has been planted by Japanese and Portuguese on shares. Mr. Coerper gives them the land and supplies the seed cane. He advances them provisions, and in the clean up takes half of the receipts as his share.

Mr. Coerper says that the Japanese are more enterprising than the Portuguese. When the little brown men are working for themselves there is not another race on the face of the globe that can compare with them for thrift and perseverance.

Mr. Coerper says he has a good deal more land that he will put under cultivation this coming season, giving it out to the Portuguese and the Japanese to work on shares.

In speaking of coffee culture Mr. Coerper says: "I have done considerable experimenting with coffee and I must say that I differ very materially from some large planters in the island in regard to the method of its cultivation. I maintain that the coffee tree is a fruit tree, the same as any other tree, and that it should be allowed to attain its natural growth instead of being trimmed and pruned like a bush. The better coffee I find grows on the lowlands and not in the mountains. From wild trees growing among rocks on my place I picked 121 pounds of berries. Louis Gonsalves had a tree, which he did not prune or trim, which yielded 127 pounds of berries last season."

**COAST DEFENSE ORNANCE.** A coast defense gun now in course of construction by the United States government is to be a wonder in endurance. An expert estimates that the striking energy of a projectile from this gun will be equal to the blow of a 6000 ton steamer ramming at sixteen knots speed. To complete the comparison, the expert adds that, while a vessel in collision strikes all along her hull, the damaging power of the gun is concentrated on a circle having a diameter of sixteen inches.

**FIVE YEAR CONTRACTS.** According to the Shogyo Shimpo, 500 Japanese have been engaged for a coffee plantation in Mexico, in the provinces of Vera Cruz and Oajaca. The Japanese are contracted for a term of five years. The owner of the plantation is a Mr. Malmoesen, who is well known for successful plantation work in Ceylon. Mr. Malmoesen managed his own labor scheme being himself a Japanese linguist, and was able to carry on his negotiations direct with the Japanese minister resident in Mexico without the aid of an interpreter.

**ECONOMY OF ELECTRICITY.** An electric locomotive in a Canadian coal mine shows a saving over mules of \$2528 in 200 days, and an electric pump in the same mine shows a saving over steam pumps of \$1573 in 970 days.

**ICE HOUSE GOODS.** At the California Fruit Market—Cammarino's—can be found at all times the choicest fruits and all kinds of poultry and game. Fresh goods received on every steamer. **F. G. CAMMARINOS,** Corner of King and Alakea Sts.

Awarded **Highest Honors—World's Fair. Gold Medal, Midwinter Fair.**

**DR. PRICE'S CREAM BAKING POWDER**

**MOST PERFECT MADE.**

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. In all the great Hotels, the leading Clubs and the homes, Dr. Price's Cream Baking Powder holds its supremacy.

SUGAR FACTORS, Commission Agents, AGENTS OF THE OCEANIC STEAMSHIP COMPANY OF SAN FRANCISCO, CAL.

WHAT SAILOR MEN TALK OF

STEAMERS NOEAU AND LEHUA ARRIVE.

Hawaii Coast Still Very Rough—First Sugar Cargo From Hilo—Robert Lewers Sails—Notes and Gossip.

The Mohican has finished discharging her inward cargo. The Edward May has hauled down to Wilder's wharf to await sugar. The Noeau will sail at 5 o'clock for Hanamaulu, but will not take on any freight.

The Robert Lewers will sail for San Francisco this afternoon with a full cargo of sugar. The Mauna Loa is expected very early tomorrow morning, in order that time may be given to replace the foremast, broken during her last trip.

The Tille E. Starbuck has at last commenced loading sugar at the railroad wharf. She will be the first of the sugar vessels to go round the Horn this year.

The British bark Gwynedd will begin taking rock ballast today, although it will take a week to get out her inward cargo. She goes to the Columbia river for a wheat cargo next week.

The American three masted schooner Eva, Captain C. F. Klitzgaard, 13 days from Humboldt, with lumber for the Hilo Mercantile company, arrived at Hilo on Thursday last. The cargo of the Eva consisted of 255,950 feet of redwood lumber and 300,000 shingles, valued at \$3,878.39.

The Noeau arrived in this morning with 3698 bags of Koloa sugar, which is going into the Aloha. Purser Kelley reports that it is blowing very hard outside, with a heavy sea running. The James Makee is weather-bound at Hanamaulu, unable to get into Kapa. The weather on the Kapa coast shows no improvement.

The bark C. D. Bryant was ready to sail from San Francisco on the 17th or 18th, according to advices brought by the S. N. Castle yesterday. If she gets the wind, it is likely that she will reach here on Saturday or Sunday for she is a smart sailer, and will also come down light. She will bring two days later news from the Coast.

The Lehua arrived this morning from Hawaii ports, with fifty head of cattle. Captain Andrews reports that the weather is as bad if not worse than before. The Kilauea Hou is in Hilo, storm bound, and has thus far been unable to land any of her outward freight. The Lehua will sail again on Saturday for Hawaii ports.

The schooner J. M. Coleman sailed from Hilo for San Francisco on Wednesday last with the first cargo of 1898 sugar as follows: Waikeka Mill Co., 4000 bags, for Williams, Diamond & Co.; Hilo Sugar Co., 4353 bags, and Hakalau Plantation Co., 3690, for J. D. Spreckels & Co. Total, 11,925 bags, weighing 1,514,525 pounds, and valued at \$56,709.90.

The Japanese S. S. Riojun Maru is alongside the Oceanic wharf discharging freight, but will be ready for sea at 4 p. m. She has some through freight, but not a great amount. The Riojun is a big carrier of the tank sort. It is said that she can carry over 6000 tons of freight. She was built five years ago for the Australian trade, but was purchased by the Japanese and turned into an emigrant ship.

ARRIVALS. Thursday, January 27. Stmr. Lehua, Andrews, from Hawaii ports. Stmr. Noeau, Pederson, from Kapaui ports.

DEPARTURES. Thursday, January 27. Jap. S. S. Riojun Maru, Moses, for Seattle, at 4 p. m. Am. schr. Robert Lewers, Goodman, for San Francisco. Stmr. Noeau, Pederson, for Hanamaulu, at 5 p. m.

THE PALACE OF THE POPE. Short Account of the Palace of the Vatican.

The Vatican, the palace of the Pope, covers a space of 1290 feet in length and 1000 feet in breadth, and is the largest palace in the world. It is in Rome, on the right bank of the River Tiber, and on the Vatican hill, from which it derives its name.

Several times it has fallen into decay and been restored. Gradually it has been enriched with great paintings, statues, books, curious medals, gems, frescoes and antiquities of every description, and is now the world's richest depository. The museum of statuary is over a mile in length, and contains more than 70,000 statues that have been exhumed from the ruined temples and palaces of Rome.

The library of the Vatican is truly a great one. It is exceedingly rich in manuscripts, containing as many as 40,000. It has about 50,000 printed volumes and several rich museums of ancient and modern articles.

PIANOS. All styles of Kroeger pianos for sale, for cash or on the installment plan. Old instruments exchanged for new ones. Pianos rented, tuned and repaired. Telephone 321. J. W. BERGSTROM, Masonic Temple.

A well conducted, well printed and well made up newspaper enhances the value of its advertising pages. The Star is the best medium.

The recent "hard times" have made people cut off expenses.

This has encouraged the invasion of "cheap" baking powder—baking powder which sells for a small price, but which either does not do the work, or is bad for the insides, or both.

Honest baking powder cannot be made to sell for 25 or 30c. a pound. There are a few honest baking powders at higher prices. Of these Schilling's Best is the right one, partly because it goes farthest.

COULD HAVE SUNK HER

CAPTAIN COTTON MAKES A VERY STARTLING DISCLOSURE.

Informing Assistant Secretary Roosevelt That the Japanese Cruiser Naniwa was Powerful.

Capt. C. S. Cotton, well known in Honolulu as the commander of the cruiser Philadelphia, during the months that she lay in these waters, when the Japanese question looked so serious, has been to Washington, and held a consultation with Mr. Roosevelt, the assistant secretary of the navy.

In the news brought by the Castle yesterday is the announcement that Secretary of the Navy Long has sent a recommendation to Congress for an appropriation of \$50,000 for improvements in the battery of the cruiser Chicago.

Accompanying this recommendation is a strong report from Assistant Secretary Roosevelt, in which he points out some weaknesses of the navy. He says that in the event of war, if any disaster happened to one of Uncle Sam's ships owing to her possessing an antiquated battery, a heavy responsibility would rest on the Navy Department for failure to ask for means to meet its needs. He continues:

I most earnestly wish we could as soon as possible withdraw from active service the cruisers fitted with slow fire guns, and substitute ships with rapid fire batteries. At present the real fighting efficiency of ships like the Raleigh, the Cincinnati, Marblehead, Montgomery and Olympia, compared with foreign vessels of the same nominal class, stands high, while the reverse is the case of ships like the Baltimore, San Francisco and Yorktown. I have just been talking with Captain Cotton, who commanded the Philadelphia when she lay side by side with the Japanese cruiser at Honolulu. In the event of a fight the Naniwa's possibility of efficiency probably would have been twice as great.

MERCANTILE. The Vast Preponderance of British Built Tonnage.

I have used the word "native" in reference to foreign owned tonnage, but the term must be qualified, says a writer in the Engineering News. In eight years builders in Britain have constructed for foreign owners vessels aggregating nearly 1,750,000 tons—an average of 200,000 tons per annum. This includes warships; but, if we consider only merchantmen, we find that the average is now more than 150,000 tons, while ten years ago it was about 80,000 tons, and forty years ago only 25,000 tons. An examination of the fleets of foreign powers, indeed, shows the preponderance of the British constructed tonnage. Including only the vessels of 1,000 tons and upward, I find that in the present German mercantile fleet there are 310 British built ships; in that of France, 243; Norway, 217; Spain, 171; Italy, 153; Holland and Belgium, 135; Austro-Hungary, 93; Russia, 84; Sweden, 74; Denmark, 65; United States, 23. The greater proportion of this foreign tonnage comes from the Clyde district, whose reputation is undoubtedly high; but in this respect I fancy it does not by any means so far out-distance the other districts as formerly. This is in some measure due to the wider distribution of Clyde trained men. I might recall the names of many of my old colleagues at Fairfield and Clydesbank now occupying positions of high responsibility in many of the other ship building centers on the north-east coast of England and at Belfast, but it opens up too great a vista. Moreover, the standard will of necessity improve.

FIRST STANDING ARMY. The first standing army of which there is any record was organized by King Saul, 1093 B. C. The army of Xerxes, in invading Greece, numbered 1,700,000 foot and 80,000 horses, 480 B. C. The first standing army of modern times was maintained in France by Charles VII, 1445. Standing armies were first established in England by Charles I, in 1638.

REGARDED AS A DUTY. "I lost my appetite and became weak. At last I was taken very sick. My attention was called to Hood's Sarsaparilla and I took a bottle and it made me feel better. I have taken five bottles and am now well. I feel it my duty to tell you what Hood's Sarsaparilla has done." Mrs. A. Eversen, Wedderburn, Oregon.

HOOD'S PILLS are the favorite family cathartic. Easy to take, easy to operate.

OLDEST AND BEST. The Singer sewing machine is a familiar word in every household. It has stood the test of time, being one of the oldest machines made. If you are thinking of buying a new machine get a Singer and you will never regret it.

**THE FAR EAST.**

The Japan Times commenting upon the foreign affairs of the empire for the year 1897 naturally alludes to the Hawaiian affair which it says attracted considerable attention towards the middle of the year, but which it considers as "a mere by-play or sort of interlude in the grand national drama which is being enacted on the stage of Eastern Asia." The article then goes on to throw the blame for the prominence given to the affair upon the Progressives who had ridden into power and popularity with the masses upon the idea of a strong foreign policy, and the newspapers who supported Okuma wrote fiercely upon the subject in order to keep up the idea. It then continues by saying that Ito has smoothed over the difficulties that then arose between Japan and the United States and that though the question is not wholly settled, "its amicable and satisfactory solution under the Cabinet now forming is a foregone conclusion."

What troubles the Japanese however is the influence of Russia upon Korea. In fact the Hawaiian Government may be satisfied that the change of tone in the Japanese dispatches is the direct outcome of Russian action there. All that Japan gained by her war with China, has practically merely opened the way to Russia's advance. At the Korean capital, it is Russian, not Japanese, influence which is paramount. It is Russia which practically controls the Korean army and manages Korean finance.

Then the recent events have made Japan still more uneasy, and it is quite plain that the new Cabinet have no easy task before them, to guide the fortunes of the Empire through the shoals and quicksands which now beset it, and this in the face of a fickle and semi-ignorant populace which does not understand, as the statesmen do, what is Japan's true position in the Eastern world. As surely as Russia will occupy the Liaotung peninsula, so surely, during the coming century, she will strive to make the bay of Yokohama a Russian port.

**ENCOURAGING.**

That very dead question of annexation, which according to some people here was buried some time ago, seems an extremely lively corpse. The news from the Coast which arrived yesterday goes to show that the corpse has friends. The avowed support of C. P. Huntington will add immense strength to the cause. By those who know the inside of American politics, Huntington is regarded as one of the most powerful men, singly, in the United States. The statement of Gen. Schofield is also of immense value. The opposition to the Treaty, which is flooding Congress and the country at large with anti-annexation literature, had been mis-quoting the old general, but his reply is a well reasoned and clear cut plea for annexation, which undoubtedly will have its weight, and that portion of the anti-annexation literature will become somewhat of a boomerang and injure the party that sent it forth.

The annexation question is plainly the great question before the American people today. The Star does not look for decisive news by the Australia, for the plans of the enemy are to wear out the patience of some of the supporters. But there is always this chance, that when the opposition discovers that there is a solid phalanx against it which it is impossible to break, it may throw up the sponge, and proceed to other matters which are pressing upon the Senate. Thus there is the barest possibility of a vote having been reached, but it is a very bare possibility, and by no means to be counted on. What one expects to hear is that the debate is going steadily on and that intrigues are being worked to detach men from the annexation ranks, but the ranks are now getting very firm.

What a happy country this is with regard to climate. Only the other day a comparison between the climate of the Islands and that of Florida was made, when half of the pine apple crop had been destroyed by frost, and

now from Los Angeles comes the news that many of the orchards in the neighborhood of Downey and Rivera have suffered from frost and that the lemon as well as the orange crop has been damaged. Those who take to fruit planting here can do so without the slightest fear of frost. All that is needed is to fight the insect pests, and that the California fruit growers thoroughly understand. The fruit industry is now in its infancy here, but some day it will become one of the most important on the Islands. With annexation will come the canning of fruit and that will open up a wide industry and give an immense amount of employment.

**KAISER WILHELM.**

Our German fellow citizens worthily celebrated the birthday of the Emperor today, and the principal officials and citizens united with them in showing respect to the head of one of the foremost nations of the earth. Germany has been a mighty power in Europe, but under the Imperial rule of the Hohenzollerns she has spread far beyond the European bounds, and German colonists and German commerce are pushing their way where they were never seen before.

That under such circumstances of success the Emperor, who is the representative head of this mighty nation, should be regarded with greater honor than ever is but natural. Germany stands even now on the threshold of great events which may mean an expansion of territory, and an extension of commerce and the Star joins with the rest of the community in doing honor to the German national day and to the Imperial head of the great nation.

**KAULIKE BARGAIN COUNTERS.**

Positively a great reduction on all sales for the next two weeks, commencing Saturday, January 15th. The present stock must go. A splendid lot of goods which arrived too late for the holiday trade, to be sold below cost. No. 18 Hotel street, near Fort street.

**THE STUDENTS AT PUNAHOU.**

The students at Punahou college observed the day of prayer in Punaoli hall this afternoon. Addresses were made by Rev. Douglas Putnam Birnie, pastor of Central Union; Dr. Hiram Bingham, Rev. C. M. Hyde and Theo. H. Davies.

**THIRTY WANT TO COME IN.**

W. A. Bowen has consented to make a five minute talk at the members' quarterly meeting of the Y. M. C. A., this evening. The secretary has thirty applications for membership. The majority of the prospective members are new comers to the city. There will also be social features added to the program.

Fine Printing, Star Office.

**THE WORLD MOVES.**

We have only to go back to the time of Charles I. to come upon the discovery of the circulation of the blood. To day we understand that the life of the body is in the blood, and that impurities in it are the seeds of disease. Whatsoever improves the digestion and stimulates the Liver, Lungs and Kidneys, drives out these impurities, or disease germs, and enriches the blood, and is, therefore, the source of health and strength. Thus far in the history of medicine nothing has been so successful in this as

**WAMPOLE'S PREPARATION,**

of the nutritive properties of Pure Cod Liver Oil, with Hypophosphites, Malt and Wild Cherry. It makes fat which is like fuel to the system; is scientifically combined, and a specific for Fevers, Bowel Complaints, Debility and wasting diseases. There is no bad taste to it. You get all the curative properties of the cod liver oil, but not a whit of its offensiveness. How different from the old-fashioned mixtures! Well, the world moves, and this remedy illustrates the fact. It is a scientific modern combination of the best of curatives made palatable as honey. Sold by all chemists.

Of the multitudes who have used our preparation, or are now using it, we have never heard of any one who has been disappointed in it. No claims are made for it except those which are amply justified by experience. In commending it to the afflicted we simply point to its record. It has done great things, and it is certain to continue the excellent work. There is—we may honestly affirm—no medicine which can be used with greater and more reasonable confidence. It nourishes and keeps up the strength during those periods when the appetite fails and food cannot be digested.

**The Hawaiian Safe Deposit and Investment Company.**

To shrewd Investors, who desire only First Class Securities, we can at present offer a few Shares in the following Companies:

- HAWAIIAN SUGAR COMPANY.

GEORGE R. CARTER,  
Manager.

In rear of Bank of Hawaii (Ltd.)

**Timely Topics.**

January 19, 1898.

The attention of Plantation owners, Steamship owners and all who use steam power, is called to the

**ANTI-CALORIC BOILER PLASTER AND STEAM PIPE COVERING,**

for which we are the exclusive agents for the Hawaiian Islands.

The necessity for a good pipe covering when steam has to be transmitted any distance is well known by all who use steam for power. By using this covering on your pipes a saving of 20 per cent in fuel is guaranteed. This is a big item and should be well considered. One hundred pounds of plaster will cover 100 square feet of surface one-half inch thick. It is no experiment. It has been tested and recommended by the great railroads and manufacturers of the Pacific Coast.

One of the best indorsements is from a home company, as the following letter will show:

HAWAIIAN HARDWARE CO., LTD.:  
Gentlemen—We have used the products of the "ANTI-CALORIC COMPANY" on the boiler of the "Waialeale" and have found them first class, and so easy to manipulate that the services of a plasterer were not needed to make a neat and substantial job.

Yours very truly,  
A. W. KEECH,  
Superintendent Engineer I. I. S. N. Co.

HAWAIIAN HARDWARE CO.  
FORT St., opp. Spreckels' Bank.

### Prompt Payment of a Big Sum

December 4th Rouse, Hazard & Co. mailed their attorney at Chicago a draft for \$17,510.96, payable to the Western Wheel Works, that being the amount which had been in litigation between the two companies for several years. The ability of Rouse, Hazard & Co. to forward this large sum just at this season of the year, when the pay rolls and other expenses of bicycle manufacturers are very large, and receipts very small, is certainly a most convincing evidence of the solvency of one of the oldest bicycle concerns in the United States. Of the manufacturers and jobbers of bicycles who were in business when Rouse, Hazard & Co. entered that line, more than eighteen years ago, the number that still exist can be counted on the fingers of one hand. Rouse, Hazard & Co. report that their present prospects are the brightest of any time during all the years they have been in business. They now have bona fide orders from gilt edged concerns for a larger number of machines than they ever had orders for at any one time.

The next Australia will bring us a full line of these wheels. They will have more than their share of up-to-date features, and will make up the most elegant line of 1898 wheels that will be seen here this year. We shall also receive a line of Kensington's. It will pay you to wait.

## MORE VESSELS FOR ALASKA. Canadian Pacific Railroad to Establish a New Line.

The Alaska excitement promises to have the effect of re-enforcing the mercantile marine of the Pacific coast to a marked degree, says the San Francisco Chronicle of the 16th. A number of large steamships are now on their way to this port, and all over the Coast wealthy firms and corporations are negotiating for the purchase of vessels, large and small. Among the vessels coming to the Pacific are several that have become famous on the other side of the world. The Bathnia and Seythia, not long ago crack ocean greyhounds of the Cunard line, are now on their way to San Francisco to take part in the work of transferring fortune hunters from the land of sunshine to the inclement Klondike. Word was received yesterday of two more equally famous liners that will be here in the spring.

The Canadian Pacific Railway Company has purchased in England from the Union Steamship Line the Tartar and the Athenian, the two favorite liners in the South African mail service. With these vessels will be established a three day passenger and freight service between Vancouver and Fort Wrangel. They will start for Vancouver next month, and will make the trip to this coast by way of the Cape of Good Hope.

### THE CIRCUS DOGS.

At the circus tonight there will be an opportunity of seeing the trained dogs. This is their first appearance in Honolulu, and they are bound to make a hit.

### COURT NOTES.

In the case of Nania et al. vs. Elizabeth K. Wilder, a stipulation was filed this morning in which both parties agreed to a hearing of the case on its merits on January 31st.

Judge Stanley has granted the petition of Sarepta A. Gulick for the probate of the will of her husband, Charles T. Gulick, deceased, and has fixed the date for hearing on February 25th.

In the jury waived case of C. S. Desky et al. vs. Mrs. Thomas Lack, Judge Stanley rendered a decision adverse to the plaintiff.

Judge Stanley has sustained the demurrer of the defendant in the case of Annie L. Ulukou vs. Kapiolani, in which the plaintiff sought to recover an income of \$70 per month promised in writing by King Kalakaua, in return for the transfer of certain lands to the King. The Court held that the widow of the King could not be held to the fulfillment of the promise.

### NEARLY TWO MILLION.

Hilo Imports and Exports Show Up Remarkably Well.

The Hilo Tribune is indebted to Collector Turner of the Hilo Custom House for the following data relative to imports and exports for 1897. The total imports for 1897 were \$549,372.71, being an increase of over 25 per cent over those of 1896, which footed up to \$406,656.52, the excess in value being \$142,616.19. The imports for 1896 classified were: Dutiable, \$24,321.49; free by treaty, \$292,339.91; free by civil code, \$89,995.09. Those for 1897 were: Dutiable, \$43,232.88; free by treaty, \$383,825.34; free by civil code, \$122,314.49. The dutiable imports for 1897 increased to almost 80 per cent over those of 1896. Free by treaty increased over 25 per cent and free by civil code by over 30 per cent. The exports, principally sugar, some coffee and other produce, amounted to \$1,682,597.95.

### OPIUM DESTROYED.

Health Agent Reynolds and his son are engaged this afternoon in destroying 1787 tins of opium that has been seized from time to time during the past few years. The tins are being opened one at a time, and their contents dumped into the sea, outside the harbor. At current rates the stuff if disposed of here would net the government close upon \$10,000, yet no market can be found for it either in the Orient or at the Coast.

### NEW OFFICERS CHOSEN.

The P. H. Brooks Division of the Uniform Rank, Knights of Pythias, held an enthusiastic meeting last evening, and elected the following officers: Sir Knight Captain, Ed Towse; Sir Knight First Lieutenant, C. B. Gray; Sir Knight Second Lieutenant, Ira A. Burgett; Sir Knight Recorder, S. J. Saltar; Sir Knight Treasurer, F. B. Out; Sir Knight Guard, J. M. McKeague; Sir Knight Sentinel, George L. Dall.

The installation will occur next month.

Fine Printing, Star Office.

### MUTUAL TELEPHONE CO., (LTD.)

At the annual meeting of the above Company, held this day, the following officers were duly elected:  
J. B. Atherton, President.  
Cecil Brown, Vice President.  
Godfrey Brown, Treasurer.  
H. Lose, Secretary.  
J. M. Dowsett, Auditor  
who also constitute the Board of Directors.

H. LOSE,  
Secretary.

Honolulu, January 26, 1898.

### FISHING RIGHT NOTICE.

Notice is hereby given that fishing is strictly prohibited in the fishing-right of Kaitua, beginning at Kawaihou and extending to the boundary of Kullonou, No. 1, Island of Oahu, excepting those who have the right.

Trespassers will be prosecuted to the full extent of the law.  
G. KALAUOHE.  
Maunaloa, January 25, 1898.

## SOME LATE CABLE NEWS

### SENATOR LODGE'S EFFORTS IN THE SENATE.

He is in Favor of Granting a Subsidy of \$175,000 a Year—The Press Rates will be One-fourth.

Senator Lodge of Massachusetts has reintroduced a bill in the senate to encourage the laying of a cable from California to the Hawaiian Islands, with a clause granting a subsidy of \$175,000 a year for twenty years.

Congressman Taylor of Ohio has also introduced in the house a bill providing for the construction of a cable to the Hawaiian Islands and Japan, and authorizing the postmaster general to contract for the payment by the United States of a sum not exceeding \$100,000 a year for twenty years for the transmission, by electrical means, of messages of the United States from San Francisco to Honolulu, and by way of the Midway Islands to such points on the coast of Japan as may be determined. The contract shall require the contractor as a condition of the continuance of payment to accept a transfer of the concession granted August 12, 1895, by the Hawaiian government to Z. S. Spalding, and to fully comply with the terms thereof. This shall not apply, however, unless the concession shall, within one month of the passage of this act, be transferred to the United States.

The contract shall be let by advertisement and to the lowest bidder. The contractor shall be required to lay and operate before January 1, 1899, a line of submarine telegraph extending from San Francisco to Honolulu, and within one year thereafter shall extend it to the coast of Japan. This line shall be capable of transmitting not less than fifteen words per minute and the bill provides that the contractor shall have the right to establish a landing station on Midway Island in the Pacific Ocean, belonging to the United States. The messages of the United States shall be carried over the lines of the contractor free of charge forever. The rates for ordinary messages shall be 35 cents per single word to Honolulu, and \$1.25 a word to Japan. The press rates shall be one-fourth of the ordinary rates.

The San Francisco Bulletin of January 15th, published after the departure of the Belgic, says:

Telegraphic communication with Hawaiian Islands may become a matter of national policy. The bill of Senator Lodge is doubtless introduced in the belief that the Islands will become a part of the United States. In such event it will become a matter of importance that no other nation shall have closer news connection with the Islands than the United States. The argument that if we do not do a certain thing some other nation will is an application of a principle which controls private business. A business house may decline an investment that would shorten its route to some of its connections until such time as it is informed that if it does not help construct the route, some competing firm will do so, and get the benefit derived from the shorter route.

The United States on the same principle, might get along without telegraphic communication with Hawaii as long as the Islands remain unconnected by wire with the commercial world; but if one nation is to have such connection, certainly the nation that owns the Islands should have. In times of peace telegraph lines are open to all who are able and willing to pay tolls, but in times of war lines may be closed at the pleasure of the government in whose territory they are constructed.

It is true economy to use the best baking powder—it saves time, patience, eggs, butter, reputation as a cook, and other things that you want to save. Schilling's Best is the baking powder.

A Schilling & Company  
San Francisco 225

### NO USE

You sending to the Coast for anything you want in the line of wagons and harness, and take chances of getting something that don't suit you. Schuman's carriage and harness house imports goods direct from reliable eastern factories, and are able to sell you goods cheaper than dealers on the Coast, who do not get the extra discount factories allow on foreign trade.

### YOUR DOCTOR

Will tell you that Rainier beer is the healthiest and best bottled beer in Honolulu. Deliveries made to any part of the city. Phone 783.

### FAVORITE SALOON.

The Favorite saloon on Hotel street is always on the watch to please its customers. Mr. Cunningham gives his personal attention to all details and a customer is sure of receiving good service and the best of liquors. No refreshment house in the city is kept neater or cleaner and the celebrated Rainier Beer is always on tap. It is also for sale by the keg, dozen or bottle, at regular prices. When you need anything in this line ring up Telephone No. 439, and your wants will receive prompt attention.

Not smother in the sea of glass. Oft heard about in Bible class—Than one from Charles Molteno's place With a newly shaven face. On Merchant street, "just as of yore," He'll cut your hair La Pompadour.

## SCROFULA

It is Foul Blood's Advertisement

But It is Soon Cured by Hood's Sarsaparilla.

Yes, Scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn and well nigh unendurable.

Outward applications do not cure, they only drive the difficulty to new quarters. Emollients may palliate, they cannot abolish the evil. There is but one sure way out, and that is to eliminate the taint from the blood.

There is one remedy that can effect this, and it is the only one that, so far as we know, has almost invariably succeeded—even where the system has been poisoned by long years of taint, and the ravages to be repaired are tremendous. That remedy is Hood's Sarsaparilla. Read this:

"My daughter was afflicted with impure blood. There were running sores all over her body and they caused her much suffering. We tried medicines that were recommended as blood purifiers, but could not see that they did any good. A friend told me about Hood's Sarsaparilla and I began giving the girl this medicine. The result was that she was perfectly cured after taking a few bottles. She has had no symptoms of scrofula sores since that time." MARIETTA M. SMITH, South Middleboro, Mass.

## Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Insist upon Hood's; take no substitute.

Hood's Pills act harmoniously with Hood's Sarsaparilla.

**HONOLULU SALVATIONISTS**

LOOK FOR A RECONCILIATION IN THE BOOTH FAMILY.

The General Wishes to Interview His Son Privately—He Speaks of the Schism in the Army.

Local Salvationists are rejoicing over the news that Gen. Booth has signified his intention of seeing his son on his present visit to America. There are some here who look for a reconciliation between the father and son and they are anxiously awaiting the arrival of either the Peru or the Australia on next Tuesday, with more than a week's later news bearing upon the subject.

A Honolulu Salvationist received a paper on the Castle yesterday which contained the news of Gen. Booth's arrival in New York on January 15th. The general gave the following statement out to the public: "I fancy that it will naturally be expected by some gentlemen that I should say something in respect to the unfortunate separation that has taken place between my son and the Salvation Army, seeing that the matter has been the subject of public discussion.

"As to the present affliction of my daughter in law, I have already expressed my deep sympathy with my son, both by cable and by letter. With respect to the cause that led to this illness, I am totally in the dark. I have heard little more than has been stated in the press, and Commander Booth-Tucker has, I believe, already denied any blame worthiness on the part of the leaders of the Salvation Army here for this painful affliction.

"As my daughter's nobility of character is known throughout the entire length and breadth of the world, I need not say anything in her defence, while my long and intimate acquaintance with Commander Booth-Tucker and my personal knowledge of the honorable position he sacrificed in the Indian Civil Service to become a co-worker with me, will give me the very highest confidence in the wisdom of his administration and correctness of any statement he may have made of this or any other phase of the same subject.

"I do not come to America to denounce any individuals, or to rail at any movements that have for their object the glory of God and the welfare of men. Nor is it my purpose even to defend myself against any personal attacks that have been made or may be made, whatsoever they may be, or from whomsoever they may come.

"A great deal of curiosity has been manifested, I am informed, as to whether I am going to have an interview with my son. To that I reply, as is well known, it was my anxiety to see him two years ago, to which I can but add that I have already asked for an interview on the occasion of my present visit. Whether it will be granted to me in the form I have asked for, that is, without the presence or interference of any other person, remains to be seen."

**AN UNWELCOME TRIBUTE.**  
"Talk about impressions and impressionists," said Albert Brunning, the actor, the other day, "I once made an impression on a Texas cowboy that nearly cost me my life. It was in the city of Dallas, Texas. The cowboy was playing 'Called Back,' and I was the Macari, who is a bold, bad villain. It is needless to say that my cowboy had indulged in several stimulating drinks before entering the theater, which helped his imagination along. As the play progressed, Macari's villainy increases. So did the cowboy's wrath, and in the third act, when Macari grows particularly offensive, the cowboy whipped out his pistol and he pointed it at me. But the weapon was knocked out of his hand by a man behind him, whose attention had been fortunately directed to this impressionable youth of the muddy plains by his previous remarks, not many, but strong enough to cover the whole ground of his view. Had it not been for that I might not be here to tell the tale. For they do say a cowboy's aim is a dead sure thing. During the rest of our sojourn in the Lone Star State I played a very meek and inoffensive Macari."

**WHEN YOU HAVE A BAD COLD.**  
You want the best medicine that can be obtained, and that is Chamberlain's Cough Remedy.  
You want a remedy that will not only give quick relief but effect a permanent cure.  
You want a remedy that will relieve the lungs and keep expectoration easy.  
You want a remedy that will counteract any tendency toward pneumonia.  
You want a remedy that is pleasant and safe to take.  
Chamberlain's Cough Remedy is the only medicine in use that meets all of these requirements. This remedy is famous for its cures of bad colds throughout the United States and in many foreign countries. It has many rivals, but, for the speedy and permanent cure of bad colds, stands without a peer and its splendid qualities are everywhere admired and praised. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.

**Hawaiian Electric Company.**

The cleanest, brightest safest and really in the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks."

This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light.

Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.

We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers.

NUUANU STREET, NEAR HOTEL.

**SOME SOCIAL HAPPENINGS**

SOCIETY INTERESTED IN THE 'FRISCO SQUABBLE.

Mrs. Walker's Afternoon Tea—Mr. Freese Gives a Dinner—Prof. Agassiz Will be Entertained.

"Honolulu's 400" is manifesting the liveliest interest in the row which threatens to disturb San Francisco society circles because Mrs. Monroe Salisbury has snubbed four of that city's fairest buds. The principals have very warm friends in the Islands, they having entertained Island society folk while in the city, and one or two of them having visited Honolulu.

The fuss all came about in this way. Mrs. Salisbury, who claims to lead San Francisco society, is managing the Friday Fortnight Cotillion club, and in extending her invitations did not send missives to Miss Marie Wells, Miss Ethel Keeney, Miss Leontine Blakeman and Miss Charlotte Ellinwood. This slight was brought out the wrath of Ned Greenway, who has been director general of the smart society since the time when the buds were in their cradles. He has opened war on Mrs. Salisbury. In explanation of her conduct, Mrs. Salisbury states that the young ladies had failed to call on her. George Wells, who is the father of Miss Wells, says that he refused Mrs. Salisbury the loan of \$3000, and that she is now hitting his daughter and her friends over his shoulder.

Mrs. John S. Walker gave an afternoon tea at her pretty King street home today, complimentary to the Misses Blethens of San Francisco. The decorations were very artistic. Mrs. Walker was assisted in entertaining her guests by several young society ladies.

Miss Minnie Lewis, of Oakland, who will be the guest of Miss Nolte, at Waikiki, during the winter, is an Island girl, in the strictest sense of the word, she having been born here. Her health has been very poor for some time past and she hopes to improve in Honolulu's delightful climate.

A dinner complimentary to Prof. Agassiz of Cambridge will be given at the McGrew home on Tuesday evening by Dr. McGrew, Dr. Cooper and Prof. Walter Maxwell. Twenty gentlemen will be present.

A jolly dinner was given at the Hawaiian hotel on Tuesday evening by Mr. Freese of San Francisco. The guests including Mr. and Mrs. Paul Neumann, Mr. and Mrs. Allan Herbert Mr. and Mrs. H. Renjes, William Walters and Dr. Murray.

A German may be given shortly.

A dance at the beach will probably be given next week.

There will be two weddings next month. The Woodward-Richards nuptials will take place in the early part of the month and Miss Beezley will be married to Mr. Travis about the middle of February.

There is a lull in the engagement market. Some three or four are now known to be brewing.

Mr. Elisha Berry of this place says he never had anything do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this liniment, which afforded prompt relief. R. F. Baker, druggist, St. Paris, Ohio. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.

COMMISSIONER'S SALE OF VALUABLE BEACH LAND PROPERTY, SITUATE IN WAIKIKI, HONOLULU, ISLAND OF OAHU.

In compliance with an order of the Hon. W. L. Stanley, Second Judge of the Circuit Court of the First Judicial Circuit, dated December 30, 1897, and filed in the Clerk's Office of the Judiciary Department in a cause entitled M. P. Robinson and others versus Caroline J. Robinson, the undersigned as Commissioner thereunto duly appointed, will expose for sale at public auction on MONDAY, January 31, 1898, at 12 o'clock noon, at the mauka entrance to the Judiciary Building, the property known as the Robinson Beach Premises, situate on the Waikiki Beach, Waikiki side of the premises now occupied by Marshal A. M. Brown.

The property at present occupied as a dwelling by Mr. S. C. Allen, commands a fine ocean view, and has three or four cottages so grouped together as to form one large dwelling.

The apartments consist of one large sitting room, four spacious bedrooms and one large lanai, with kitchen and bath room attached, also a stable and barn. The property has all the conveniences of a homestead. Beautiful shade and hau trees abound on the lawn.

The lot measures 150 feet parallel with the mauka road, and has a depth of 300 feet from the mauka gate towards the beach, also about 150 feet sea beach frontage. Area, one acre, more or less.

Title fee simple. Terms of sale are cash, in U. S. gold. Deeds at expense of the purchaser. Sale to be subject to confirmation by the Court. For further particulars apply to the undersigned at his office in the Judiciary Building.

HENRY SMITH, Commissioner.

## NEWS IN A NUTSHELL.

**Bits of Paragraphs that Give Condensed Notes of the Day.**

Band concert at Emma square this evening.

The Mauna Loa came in from Hawaii today.

The Odd Fellows will dance on Saturday evening.

A furnished cottage is wanted. Address P. O. box Q.

The eirens will present a new program this evening.

A Japanese steamer sails for Seattle this afternoon at 4.

The Kashi is signaling for 1898 trade in men's furnishing goods.

The Y. M. C. A. amateur orchestra will have a rehearsal this evening.

Kamehameha Lodge of Perfection meets this evening at 7:30. Regular meeting.

W. H. Baugh has taken out another drummer's license, paying therefore the sum of \$500.

Samuel C. Allen was able to be at his office today after an indisposition of several weeks.

Mrs. Kluegel is much improved in health. She has been able to be up for the past two days.

A bunch of keys has been found on Hotel street. Owner can secure them by calling at The Kashi.

There will be a members' meeting at the Young Men's Christian Association building this evening.

E. W. Jordan calls attention to corsets. He has them in all varieties. Also cardinal jackets for Klondikers.

The list of officers for the ensuing year of the Hawaiian Agricultural Company is published in this issue.

Peter Lee of the Volcano house writes by the Mauna Loa that there is nothing but smoke at the Volcano.

The Board of Education may put telephones into the different schools in the Islands, so says a Hilo paper.

Now that a Masonic Lodge has been formed in Hilo, there is talk of organizing an Odd Fellows Lodge in that city.

Mrs. Kate L. Vida publishes a notice in this issue that she will not be responsible for any debts contracted without her written order.

The new organ at Kamehameha chapel is being set up. Contractor Mutch said today that the organ should be in position some time next week.

There will be musical and literary features at the entertainment to be given this evening in Harmony hall by the members of Rebekah Lodge.

In another column is enumerated the prominent features to be seen at William's circus this evening. It is a big program and should draw a crowded house.

A. V. Gear has been placed in nomination for the presidency of the Waverly club. The election of a full corps of officers will take place one week from last evening.

The failure of a Chinese servant to attach a nut to its place after oiling a family surrey, was the cause of a spill-out at Pauoa road, on Nuuanu avenue, late yesterday afternoon.

Mrs. E. W. Jordan will receive the members of the Young Women's Christian Temperance Union this afternoon at her home in Nuuanu. This will be the annual meeting.

Enoka, a native, who with the assistance of a small boy, stole a pair of trowsers containing a sum of money, was sentenced to six months imprisonment by Judge Wilcox this morning. The boy was sent to the Reform School.

The Christian Workers' meeting will be held tomorrow afternoon at the Y. M. C. A. hall, at 3:30 o'clock. Mr. Coleman will lead the meeting, speaking especially in regard to "Christian Work at the Prison." A most cordial invitation is extended to all friends to be present.

The high seas and heavy winds of the past week have driven hundreds of sharks to the shores of the Island of Hawaii. When the fishermen let down their nets they gather them in, of all sizes, from the harmless hammerheads to the ten footer with his sixteen rows of double decked teeth.

Two extra prizes have been offered for members of Company B who make the highest scores in the Elvin rifle shoot. Walter C. Weedon has hung up a fine gold ring, with carved tiger eye setting, for the member of the company who makes the highest individual score, and Sergeant Elvin offers a fine hammock for the member who makes the highest score, including his handicap. These trophies will be on exhibition in the show window of E. O. Hall & Son's tomorrow. Sergeant Angus and Private Riley have been appointed a committee to arrange the handicaps.

**HILLO DRUG STORE.**

The Hilo Tribune says: The business known as the Hilo Drug Store Company, lately purchased by Mr. C. C. Kennedy of Wailuku, has been sold by that gentleman to a joint stock company to be known as the Hilo Drug Company, Limited. The stock is held by a number of prominent men in this community, including plantation managers, doctors, etc. Mr. H. L. Shaw, who has been the popular manager for the past year will continue in that capacity for the new company.

Royal makes the food pure, wholesome and delicious.

**ROYAL BAKING POWDER**  
Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

**MORE ABOUT INCOME TAX.**  
The present indications are that one of the earliest skirmishes to take place in the coming legislature will be over the income tax measure. That the Cabinet will not submit the bill is certain. Just whether a recommendation of the proposed change in the tax system will come from the government has not been definitely decided upon as yet, but the attitude of the majority of the Ministers is rather against such an action.

**A WONDERFUL PHOTOGRAPH.**  
The most wonderful astronomical photograph in the world is that which has recently been prepared by London, Berlin and Parisian astronomers. It shows at least 68,000,000 stars.

**NEW ADVERTISEMENTS.**
