

PLANS FOR WORK IN LEGISLATURE

FIFTH LEGISLATURE OPENS TOMORROW

COMPLETE SENATORIAL COMMITTEES—HOLSTEIN AND RICE SURE FOR SPEAKER AND VICE SPEAKER—WOODWARD AND LLOYD THE HOUSE CLERICAL FORCE—TAXATION OF GREATEST IMPORTANCE—RULES OF 1907 EXPECTED TO BE ADOPTED.

Territorial lawmakers gather tomorrow in the opening session of the fifth Legislature of Hawaii, with W. O. Rice and Holstein sure for the Presidency and Speakership of the Senate and House, respectively. Rice of Kauai will be Vice-Speaker of the House, the Rev. Lono will probably be chaplain and invoke blessings on the proceedings of the Representatives. Woodward is slated for Clerk of the House and Jimmy Lloyd is down for Stenographer, according to the Oahu members. All Senators and Representatives are in town and ready to start the ball rolling. At 2 o'clock this afternoon the Oahu Republican Representatives hold a caucus in the Stock Exchange rooms in the Judd building, and at 4 o'clock there will be a full Oahu Republican caucus of the members of the House in the temporary Republican headquarters on Merchant street.

SCHOOL PROBLEM

To the EDITOR HAWAIIAN STAR.—In pursuance of the subject discussed by your reporter and myself yesterday, relating to the ages at which children should be compelled to attend school, I present herewith a copy of a letter which I have this day received from the Superintendent of Public Instruction giving statistics as to the number and ages of children attending the public schools at the end of last year. By this statement it appears that of the 19,474 children in the public schools December 31, 1908, over 7,000 were under eight years of age. If it should seem best to make the ages between which children are compelled to attend school to be between eight years and fourteen years, instead of six and fourteen, it would make a great difference in the accommodations and number of teachers required. It may be much more desirable to make some such change as above suggested rather than to reduce the salaries of teachers which otherwise may become necessary.

DEPARTMENT OF PUBLIC INSTRUCTION.
Honolulu, Hawaii, Feb. 15, 1909.
Hon. W. O. Smith, Honolulu.
Dear Sir:—In re our conversation of Friday at the "Gore" Block I beg to submit you the following statistics:
The number of public school children by grades and ages are as follows:
Receiving Grade, 6,116 children or 31.41 per cent.
First Grade, 4,121 children or 21.16 per cent.

Pamphlets will
Soon be Ready

Owing to the great demand for "Hawaiian Securities," a pamphlet of full and valuable information concerning every firm and corporation listed on the Stock Exchange, it has been found necessary to print a much larger edition. The book will be ready in a short time for free distribution to all who will leave us their names and addresses.

MAY SUE BICKNELL

Some thirty members of the police force refuse to accept their pay warrants, for that the Board of Supervisors cut down their pay from the payroll sent out by the Sheriff Jarrett.

Today they still refuse to accept and talk of suing on Auditor Bicknell's bonds, since they claim that he had not right to issue warrants on a payroll not certified to by the Sheriff.

It seems that the Sheriff, however, is held by the Supervisors as having certified to all he had to certify to when he put his signature to a payroll testifying that certain employees had done certain work.

The police committee of the Supervisors went according to Sheriff Jarrett's signed payroll as far as the names of employees and the time they had worked was concerned, but used what they claim is their right to recommend certain reductions in the pay of some individuals, which recommendations were passed by the Board, Bicknell therefore issuing warrants on the schedule prepared by the Board's police committee.

LURLINE HAD NO TROUBLE

The Lurline, which arrived last night with the cannon-boat Mohican in tow, has been the victim of a fair yam, in a large measure. All the reports sent in to Honolulu of "terrific gales encountered," Mohican breaking away and drifting helplessly in a great storm, etc., were the veriest rot, sent in by the transport Sheridan.

That the vessels were in heavy weather is true, but even the weather was not nearly so bad as has recently been encountered by vessels between here and the Golden Gate. The tow line holding the Mohican pulled out, setting the tow adrift for sixteen hours, but at no time was the old bark in danger and no alarm was felt at any hand. Officers and passengers aboard both the Lurline and Mohican were surprised at the alarming reports set afloat here by the transport. The officers of the Lurline speak of the tow-claim dragging from the windlass as a very ordinary matter and not unexpected.

The Lurline docked at the Oceanic wharf about 9 o'clock last evening, where she has been discharging freight today. Forty-five mules were brought on deck and arrived in fine condition. Twenty-one are for G. Schuman here and twenty-four for the Kahului Railroad Co. In addition the vessel has 1000 tons of freight for Honolulu and 500 tons for Maui. She will sail at 5 o'clock tomorrow afternoon for Kahului.

WIRELESS ON THE ALAMEDA

Irwin & Company received advices today that the Alameda will at once be equipped with wireless service, and that it will be used on the next trip of the vessel to Honolulu. The Mariposa, running to Tahiti, will be similarly equipped.

The firm also received information that the Spreckels concern had sold the tug Intrepid, now doing the towing business at Honolulu, to Matson. This will give the latter a monopoly of towing at this port.

After making various admissions and denials relative to the return and answer of R. H. Trent, Treasurer, to the writ of mandamus sued out by Charles Coster, stable foreman, the petitioner by John W. Cathcart and F. W. Milverton, his attorneys, in his reply thereto says:

"Replying to the allegation of paragraph 53 of said return and answer, petitioner denies the same, and in this connection the petitioner alleges that all of the acts and proceedings of the said Board of Supervisors of the City and County of Honolulu as set out in said petition for an alternative writ of mandamus, said alternative writ of mandamus and answer of the said respondent to the same were done in an endeavor to carry out the will and desire of the people of the Territory of Hawaii, as expressed in an act by the Legislature of Hawaii incorporating the City and County of Honolulu, known as the Municipal Act, and with the honest endeavor to carry on the government of the City and County of Honolulu strictly in accord with the provisions of said Municipal Act, and not with any intent or desire on the part of said Board to deprive said Mayor of any of the duties, privileges or powers granted to him by said Municipal Act. Petitioner further alleges in this behalf that every and all acts of the Board of Supervisors of the City and County of Honolulu which interfered or tended to interfere with any action or attempted action on the part of said Mayor were done in an attempt by said Board to prevent said Mayor from arbitrarily, illegally and without authority of law, usurping powers and functions not granted to him either directly or indirectly by said Municipal Act, and in an endeavor to prevent the said Mayor from hindering, delaying and interfering with the due administration and progress of the public work and business of the City and County of Honolulu.

"And petitioner further alleges on information and belief that all of the actions of the said Mayor in attempting to appoint committees of the Board of Supervisors of the City and County of Honolulu, and in all other matters and things alleged in said petition for an alternative writ of mandamus and in said return and answer to said writ, were dictated and controlled by the Democratic Central Committee of the Territory of Hawaii and its agents and employees for political reasons and purposes, and were not the free and independent acts of the said Mayor."

House To Honor Delegate Kuhio

One of the first, if not the first, resolution to be presented before the House of Representatives will be that calling for the endorsement of the work of Hawaii's Delegate to Congress Kulo Kalaniana'ole, a resolution which will praise his record of accomplishment of benefits for this Territory and which will carry with it the congratulations and confidence of the Legislature.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

PASSENGERS ARRIVED.
 From San Francisco per M. S. S. Lurline, February 15.—W. W. Bruner, Mrs. J. H. Smith, Mrs. M. Marchand.

At noon today the Mauna Kea and Mauna Loa got away "in a bunch" for their respective ports on the islands of Maui and Hawaii.

Mail and freight were taken to Kaula ports last night by the Noeau and Kauhau.

Captain Berger's musicians played the transport Sheridan off yesterday afternoon.

It is now announced that the barkentine Irmgard will sail at 10 o'clock tomorrow morning for the Coast. She will take a full load of sugar and such passengers as may book at the office of F. A. Schaefer & Co.

No mail was brought by the Lurline, which arrived last night. The latest from the Coast is aboard the Hilonian, due to arrive tomorrow evening or Thursday morning.

With 22,361 bags of sugar the barkentine Coronado sailed this morning for the Golden Gate. The sugar is shipped by Irwin & Co. The Coronado was fortunate in getting a cargo so early, most of the vessels at this season having had quite a long wait.

Hugh Simmons, engineer of one of the Inter-Island steamers, gave a luncheon at his Kaimuki home last Sunday in honor of his birth anniversary. Mr. Simmons, who was formerly chief of the Ironsides is well known along the coast and is universally popular. He left the U. S. service and settled down here for pure love of the country.

THE COMMITTEES OF CONGRESS

(Special Correspondence of The Star.)
WASHINGTON, D. C., February 5.—When the 61st Congress assembles in extra session about the middle of next month, Joseph G. Cannon of Illinois will be re-elected Speaker of the House virtually without opposition. There may be a few Republicans of the pledged type who will foolishly vote against him, but their number will be insignificant. And yet during the heat of the campaign last fall there was all manner of talk of overthrowing "Uncle Joe" and electing some "progressive" as Speaker of the House.

The re-election of Cannon to the Speakership means that Cannon will select all committee chairmen, and make all Republican committee assignments. And already the wily Mr. Cannon has given this matter much thought. Members of the present House who will be members of the next have made many pilgrimages to the Speaker's room, making plain their preferences and their desires. Some have received assurances; others have been left in doubt, but to all his callers Mr. Cannon, with solemn countenance, has said that "not having been elected Speaker of the next House, he cannot promise, let alone consider committee matters at this early day."

But if it shall be decided to fully organize the House at the opening of the special session, Speaker Cannon will announce his list of committees in a remarkably short time after the session opens.

An unusually large number of big committee chairmanships in the House will become vacant on the 4th of March, due to the defeat of some of the most prominent Republicans in the popular branch of Congress. If the Speaker, in filling these vacancies, should adhere strictly to the rule of seniority, he would be obliged to place important committees in the hands of men of very limited ability. Because of this fact, it is generally presumed that in some instances, at least, the Speaker will select his chairman on merit, rather than according to seniority.

The most conspicuous case where the seniority rule would work havoc is in the committee on Rivers and Harbors. Representative Burton of Ohio, present chairman of that committee, goes to the Senate. Under the seniority rule, Representative Alexander the next ranking Republican member of the committee, would become chairman. But Alexander is not big enough, broad enough or sufficiently capable to handle that committee as it should be run; in fact there is no member on it who can fill the chairmanship as ably as Burton. Only one member of the River and Harbor committee, as now constituted, is really eligible for the chairmanship, Representative Davidson of Wisconsin, but if he were promoted, he would have to jump over two senior members, and that would cause trouble. It is quite likely that a man not

A STRAIGHT TIP

The MAYFLOWER is a real gold mine, it's not a prospect, not a guess and not a gamble. It is in the winner ranks already, having produced to date nearly ONE MILLION DOLLARS. Our confidence in the property is unbounded and we see no reason why it should not, in time, become the brightest star in the constellation of spectacular mines which surround Nevada City, California.

"MAYFLOWER" is in the center of a glittering circle of famous gold mines, the hub of the yellow-yeilding cluster.

Without question, it has a royal future of production ahead of it and you can participate, if you will, in its coming tremendous profits, by subscribing for its shares today at ONE QUARTER PER. On March first the stock takes its first march forward—to 25 Cents. We expect it to wander to ONE DOLLAR before the year is out, and on its merits as an investment security. Get in line for handsome profits. Get wise to this supreme OPPORTUNITY. Load up to the guards with this stock, which is dead safe and sure and as solid as "Oahu." BUY MAYFLOWER STOCK! BUY IT NOW! Which of the greatest fortunes of the world have come out of the ground and kings and paupers have been enriched by the golden harvest from MOTHER EARTH.

Get into the mining game, and start right, in the right way, at the right time by getting into a real genuine gold mine which has back of it all the basic prerequisites for success.

The MAYFLOWER is situated in the heart of the richest district of California, and is surrounded with properties that are producing millions annually; it owns one of the finest reduction mills in the West; its property covers 160 acres held under U. S. PATENT; it has all the timber it will ever need for its own use, and controls its own water power for operating its entire plant; it is in a section where labor troubles are unknown and weather conditions permit continuous mining all the year round; it has eight gold quartz veins traversing its property and an auriferous gravel channel of great richness which facts are vouched for by your UNCLE SAM; and in conclusion it is in the hands of practical and capable mining men who know their business from A to Z. Acquire an interest. Buy today. Buy at once. The more you take, the more you make and the bigger the dividend that's coming to you. If you buy enough, the rest of your life will be a laugh for you.

TOM LONGBOAT
BEST SHRUBB

Tom Longboat won the Marathon race with Alfred Shrub, the English runner, the latter falling in a heap after leading for twenty-four miles. The race took place in Madison Square Garden, New York.

It was the greatest Marathon race of the century. For twenty miles the Englishman raced the big Indian into the ground, and ran himself into a state of collapse in an attempt to gain eight laps. He gained them but at the cost of every spark of stamina in his body, and as he staggered from the track a beaten man at the end of the fifth lap in the twenty-fourth mile, Tom Longboat came plodding down the stretch, running as well as he had done at any stage of the game.

If pluck could have won the race it would have gone to the Englishman. But a man must have Marathon legs to go the route, and Shrub did not have them.

There will be short talks on the Floral Parade and the Seattle Exposition. The meeting will be held at the Young Hotel at 8 o'clock.

MISNAMED "CENTRALIZATION."

A good deal of rubbish is circulating throughout the country regarding centralization of municipal government as a remedy for maladministration, because a few communities, an inconsiderable proportion of the whole nation,—have, usually owing to emergencies, turned to some one unquestionably honorable and capable man and given him the reins of power. The cases are isolated and temporary, but of course they get all the attention,—a careless reader of current news on the divorce problem might easily conclude that "marriage is a failure" because of columns of divorce cases, unless he had the intelligence to consider the vast majority of homes that don't get into the papers at all, just as many people come to think that self-government is a failure because they hear a lot about San Francisco, New York, Minneapolis, Pittsburg and St. Louis, never thinking of thousands of other cities which are getting along very fairly.

Most of these "centralizations" of government, so far from being what is understood here by "government by commission" are in reality plans by which the direct power of the whole people is greatly increased. Take for example the "Des Moines" plan, much mentioned here as something superior to our present plan. It gives the people more direct power probably, than any other system ever tried. Under this system the mayor has large powers, it is true, and the four councilmen who with him constitute practically the whole government seem to represent a notable centralization of power. But the theory of the law is exactly the opposite from centralization: At any time, under the Des Moines system, the people may remove their mayor or any councilman by vote; they may repeal any ordinance the mayor and council enact, they reserve the right to approve all franchises and they place appointments practically in the hands of a civil service commission. To call these new systems "centralization" of government is absurd. They are, on the contrary, the most advanced efforts yet made to distribute the powers of government among the whole people. The mayor of Des Moines, and every councilman of Des Moines is, like the British ministry, answerable to the people all the time.

JUDICIOUS INCENDIARISM.

It is rather late in the day to hold a fire inquest by newspaper on the burning of Booth's house five years ago. An honorable judge has said that any man has a right to burn his own house or procure the burning of it, if the fire does not catch anybody else's house. If the underwriters can even things up by making everybody pay higher rates of insurance, a fire for an hour is cheaper to live than a caretaker for a year to solve the problem of a house that will not bring in a profitable rental. Danger to the town, which according to the honorable judge is the only element of crime in one's burning his own house, can be avoided by watching the play of the winds. A house burning on Punchbowl or Pacific Heights might, in certain directions of the wind, scatter firebrands all over the city, but most of the year in Honolulu one can tell ninety-nine times out of a hundred for two or three hours ahead, or plenty of time to burn your house down, which way the wind is going to blow, or if a dead calm is to be expected. After taking due meteorological caution all that is required to make a complete success of the scheme is attention to the psychological essentials. Your fireing should be carefully selected so as to get a man or boy whom nobody would believe on oath in case he is caught. If these and other precautions that those engaged in speculative enterprise against predatory insurance companies will readily devise be taken, there will be a very good chance of proving up and collecting for a total loss of from five to one hundred per cent over the full value of the property destroyed.

BOSTON'S BAD PLIGHT.

Now it is Boston, the Athens of learning and of democracy, the mother of the "town meeting" principle, which is in the hands of the municipal doctors. A cure is prescribed the nature of which is not yet known here, except that it is in the form of a new charter and a unique one. If it is of the latter description it can be neither a one-man power nor a government by commission charter, for anything that is unique can have no counterpart in, above or under the earth. This is what a Boston dispatch of the latter part of January says on the matter:

A scorching arraignment of nearly every branch of the municipal government of Boston, and a recommendation for a new and unique city charter, are contained in the report which the Finance Committee presented to the Massachusetts Legislature today. The report, a document of about 30,000 words, declares that the City Council is dominated by spoils-men, that municipal appropriations are strained to the limit in order to favor contractors or give employment to constituents, that some of the members use their official positions for pecuniary gain, and that both the aldermen and councilmen as legislative bodies are "intellectually and morally incapable of action in the interests of the citizens at large."

The commission also states that the number of municipal employees is excessively large, and that they practically control 10,000 "city hall" votes, thereby constituting a menace to good government.

Even a heaven-made charter will not save the city whose citizens ignore their duties and their powers with relation to their municipal interests. The same indifference on their part which makes the "multitude of counsellors" unsafe will leave the one-man power to grow into unbearable autocracy, with authority in details delegated to rogues, and the government by commission to degenerate into an equally obnoxious bureaucracy. Any community or body politic that desires good government can have it for the taking.

Aside from the discovery of the astounding condition of our local

laws which leads a judge to decide that it is no criminal offense for a man to burn his house down, it may be said that the Booth incident was never taken very seriously by the public. It was too long after the alleged offense anyhow, and the story upon which it was based was scarcely plausible. The really important feature of this ugly case, as far as the public is concerned, is the revelation of how easy an innocent citizen might be made a criminal defendant on faked, cooked up, or encouraged testimony.

The newspapers of the country are always publishing long lists of the contents of boxes placed in and under cornerstones of public buildings, but did anyone ever hear of finding any of these boxes and their contents of money and papers when public buildings are pulled down? Where do they all go?—Advertiser.

To the museums, perhaps. In the case of the old Sailors' Home, where the Yokohama Specie Bank's fine building is nearing completion, the contents of the box were reentered in the corner stone of the new building now occupied by the Seamen's Institute.

After watching the antics of the City and County government and paying the price, the average taxpayer must regret that there is no way provided by law to let out the governing functions by contract to the lowest responsible bidders. There would be a saving of at least fifty per cent and a remarkable increase in efficiency. What an advantage it would be, for instance, to have a police contractor who would consider public welfare and not politics; a road contractor for whom the political boss would have no terrors; and about three first-class men under bonds to do the work which is now vested in the quarreling mayor and board of supervisors.—Advertiser.

Three men from the Advertiser's stock list of tin gods, presumably, and it would not be three weeks before the Advertiser was misrepresenting them and giving them nicknames. But why should an Advertiser tin god be put under bonds?

PLANS FOR WORK IN LEGISLATURE

(Continued from Page One.)

found a dozen others who were choosing their desks or depositing memoranda in drawers and otherwise getting acquainted with each other and their surroundings.

At 10 o'clock tomorrow morning the wheels begin to go around. During the morning organization will be accomplished and the message from the Governor is expected to be received. Holstein, as speaker, expects to have his committee announced before noon, which will be something of a record. Ella Long will almost certainly be chairman of the Education Committee, his old job. "He did splendidly in this line before," said Holstein this morning.

Who will be speaker of the Judiciary Committee appears to be uncertain, though E. A. Douthitt is strongly urged for that position.

Rice seems to be as certain for the Vice-Speakership as is Holstein for the Speakership.

To a great extent hold-over members of the House who were prominent in committee work in the last session will be chairman of such committees this year.

Much depends, in the House, as far as quickness of organization is concerned, on whether or not the rules of 1907 are adopted. It is expected that they will be, though there is the possibility of some changes being made, some committees added or some committees cut out.

With the adoption of rules and regular organization committees will notify the Senate and the Governor of the fact. The message of the Governor is awaited with lively interest.

There will probably be no afternoon session of either house tomorrow.

Holstein believes that the most serious question to be handled by the Legislature this session is that of taxes, the matter of raising revenue to meet the expenses which are absolutely necessary.

In regard to the increase of the militia, while Holstein expresses no personal view, he remarks that it seems to be the feeling among many that with the presence of the Federal troops here, troops that are to be increased according to Army promises, the increase of the militia would be but an added burden of expense, though there are those who emphatically declare that such an attitude, if it exists, is dangerous, unpatriotic, churlish and unappreciative. In fact a little short of criminal negligence.

"I know of no other city or town in the islands that is going to ask for a municipal charter," Holstein laughingly remarked, "so I don't think there will be any municipal debate unless somebody wants to take away Honolulu's municipality, and I hope not, for I think it is a good thing."

There seems to be no immediate prospect of any special investigation committee, although members individually, some of them, have been examining the Nuuanu dam.

"I've made a thorough examination of everything concerned with the Nuuanu dam," says Representative Furtado, "and I don't want to hear anything more about it."

Holstein does not commit himself to any specific opinion as to the best way to raise revenue; though he looked hopeful when the matter of the increase of the percentage on incomes over a certain amount was suggested.

As to committees of the House, Holstein stated this morning that he could not say until after caucus, though he felt certain in regard to Ella Long

as chairman of the Education Committee.

Republican Senators, caucusing yesterday afternoon, decided on the following officers for the Upper House: W. O. Smith, of Oahu, President; S. E. Kalama, of Maui, Vice-President; William Savidge of Oahu, Clerk; Victor of Hawaii, Hilo, Messenger, and Rev. John Kallo of Maui, Chaplain. The Senatorial committees will be: Public Health: Coelho, Fairchild and Harvey. Education: Robinson, Brown and McCarthy. Enrollment, Revision and Printing: Brown, Quinn and McCarthy. Accounts: Quinn, Robertson and Woods.

Rules: Kalama, Knudsen and Baker. Ways and Means: Fairchild, Coelho and Moore.

Judiciary: Knudsen, Chillingworth and Makiakau. Public Expenditure: Chillingworth, Kalama and Makiakau. Public Lands: Kalama, Knudsen and Woods.

There promises to be a small row at the start-off in the matter of the discussion of water supply legislation, at least as far as a goodly number of the members of both houses are concerned. If their publicly expressed opinions are not changed on the floors of the respective law factories.

And all on account Superintendent of Public Works Marston Campbell going to make an address under the auspices of the Civic Federation in the makai pavilion of the Young Hotel roof garden this evening, on water-works, going fully into the question of public water supply.

"Going to hear Campbell talk water supply before the Civic Federation in the Young roof garden tonight?" asked one Representative of another while walking to the Executive building this morning.

"Certainly not," said the gentleman addressed, "if legislation is required for a proper water supply, and it probably is, it is the place of the Superintendent of Public Work to appear before the Legislature or before a committee of the Legislature to make known the needs, and not to go officially recognizing an unauthorized go-between like the so-called Civic Federation whose executive committee nobody knows unless it is composed of a couple of men on Merchant street."

"I was just wondering if you'd go," said the first, "for I'm not going, and I know of a good number who will stay away for the reason you have just stated."

These statements were made in the presence of a press representative. The executive committee of the Civic Federation has extended an invitation to members of the Legislature and others to be present this evening.

Opinions expressed today, other than those quoted, were to the effect that the Civic Federation "has a nerve" to ask Legislators to go to them to listen, and that if the institution desires legislation it is the place of the institution to go to the Legislature where it will continue to do business, waterworks and otherwise, at the old stand.

There are other legislators who say their brethren who criticize are too sensitive.

Rehearsals of two plays to be given by the Punahou Dramatic Club in Chas. R. Bishop Hall next Saturday evening, February 20th, give promise of an evening of pleasure such as that enjoyed by those who attended the concert

given by the Glee Clubs of the Oahu College last week.

The curtain raiser, "Miss Civilization" has snap and go from start to finish and the humorous as well as the serious side of the life of a professional burglar is cleverly worked out by the leader of the gang, Rexford Hitchcock, and his comrades Watson Ballentyne and Will Desha. The chief has difficulties of his own in controlling the vivacious appetites of "Keddy," a Bowery tough, and his chum, both of whom are excessively fond of pies "like mother used to make."

The capture of the burglars by strategy is accomplished by the American girl, Alice Lardner, who, undaunted uses her quickness of wit to defend her sick mother and her property until the arrival of Captain Lucas (Alfred Young) with a posse. Edith Smith, who has played popular roles before in the Dramatic Club productions is cast for the part of Miss Civilization.

The "Romancers" is a dainty story of love in a garden. The schemes and plots of the lovers and the counter plans of dotting fathers involve them all in an intricate tangle that provokes laughter from curtain to curtain.

Reynold McGrew and Lemma Waldman will play the parts of the lovelorn son and daughter and Bert Gibb and Guy Rothwell will do the match-making while attempting to prevent it. The third party in the double affair proves to be an adventurous swordsman, Rexford Hitchcock who stirs the caldron of trouble till it boils.

Several novelties between acts have been introduced and players and friends look forward to an enjoyable evening.

LIKE A MIRACLE SAYS SKIN SUFFERER

Frightful cases of eczema cured by simple oil of wintergreen.

Physicians in general admit the superior value of simple medicines for all diseases.

For eczema and other skin diseases of a similar nature, certainly nothing in the world could be simpler than the formula for D. D. D. Prescription (oil of wintergreen compound in liquid form) now recognized as the remedy.

This wonderful remedy is composed principally of common oil of wintergreen, carefully combined with such well known healing and antiseptic substances as thymol, glycerine, etc.

stances as thymol, glycerine, etc.

Read this letter: "About December, 1905, I sent to you for a sample bottle of your remedy, stating that I had a case of psoriasis of five years' standing. After trying it, I ordered through my druggist, Mr. E. P. Griffin, six bottles of your remedy. I showed him how I was afflicted. The disease had covered my limbs, part of my body and began breaking out on my face.

"I began using D. D. D. Prescription according to your directions. Used five bottles and was cured sound and well. I showed my druggist again and he was surprised. Said it looked almost like a miracle to him.

"That has been almost a year ago and I see no signs of its return. I wanted to see whether it would come back or not, before writing you my everlasting thanks for such a great remedy, as it ever was."

"My skin is just as soft and nice

THE PARK THEATRE.

When someone said that the Park theatre wouldn't be a success that person knew not what he was talking about. The Park has enjoyed the greatest crowds that have ever attended a moving picture show. Every evening since starting, the Park has been filled to its utmost. The reason is the class of pictures shown and the convenience of the theatre, the same reason why the Park will continue in its popularity.

This weeks pictures are the best yet shown on canvas. "The Amateur Acrobat" is the title of the most popular picture. It is just bubbling with mirth.

"What a good Wine" and several others make a most entertaining show. The Park is the coolest place in town roomy and convenient. The music is the best string music obtainable. Watch the paper for the announcement of the film arriving on the Lurline.

FEBRUARY FLAKES.

WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED FEBRUARY 13, 1909.

Honolulu, February 15, 1909.

GENERAL SUMMARY.

Rains during the week, and rather large in amounts, broke or greatly ameliorated the drought conditions which have obtained for such a long period of time in the Kau and portions of the Puna districts of Hawaii, and the central and southern districts of Maui; and for a shorter period in the Konas of Hawaii. In the Kau district of Hawaii the amounts ranged from 3.26 to 3.30 inches, and in the Konas from 1.79 to 2.93 inches; and in the central and southern districts of Maui from 0.75 inch to 1.96 inches.

Thunderstorms were reported from practically all of Hawaii, and a good part of Maui on the evening of the 6th, and as a rule they were attended with heavy rains. Haiku, Maui, reports a thunderstorm during the night of the 7th, attended with a heavy fall of snow on Mt. Haleakala, Maui. Mapulehu Ranch, Molokai, reports snow as visible on the morning of the 7th on Mt. Haleakala, Maui, and Mt. Mauna Loa, Hawaii.

The rainfall was above the average for the week of ten or more years at all stations on Hawaii but one; in the Wailuku district of Maui, and the Koolau and Kona districts of Kauai; and below the average in the Waimea district of Kauai; the Hamakua and Lahaina districts of Maui, and in all districts of Oahu, excepting the Waianae. The excesses, in inches, in the several districts were: Hawaii-Kohala 0.01 to 0.24, Hamakua 0.42, excepting -0.27 at Pauuhau; central and southern Hilo 2.18 to 2.88, Kau 1.94 to 2.04, and Kona 1.85; Maui-Wailuku 1.50; Oahu-Waianae 0.50; and Kauai-Koolau 0.33, and Kona 0.32. The deficiencies were: Oahu-Koolauloa 0.86, Koolapoko 0.26 to 0.37, and Honolulu 0.58 to 0.77; Maui-Hamakua and Lahaina 0.16 to 0.24; and Kauai-Waimea 0.09.

The amounts of rainfall, in inches, in the districts not quoted herein before were: Hawaii-Kohala and Hamakua 1.04 to 1.39, and southern and central Hilo 4.95 to 5.65; Maui-Koolau 3.30 to 5.54; Hamakua, 1.38, and Hana 2.75; Oahu-Koolauloa 0.74, Koolapoko, 1.47 to 1.81; Honolulu 0.98 to 1.08, Ewa 0.91 to 1.60, and Waianae 1.98; Kauai-Kona and Koolau 1.82 to 2.91, Puna 0.98 to 1.02, and Waimea 0.00 to 0.85; and Molokai 1.51 to 1.68.

The mean temperatures were as a rule considerably higher than those of the preceding week on Hawaii; in north-central Maui, and in the northern portion of the Koolapoko district of Oahu; and generally considerably lower on the leeward side of Oahu, in central Molokai, and in the Puna district of Kauai.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the Group:

	Temperature.	Rainfall.
Hawaii	67.9 deg.	2.94 inches.
Maui	68.4 deg.	2.33 inches.
Oahu	69.1 deg.	1.35 inches.
Kauai	67.5 deg.	1.11 inches.
Molokai	67.8 deg.	1.60 inches.

Entire Group..... 68.2 deg. 2.12 inches.

At the local office of the U. S. Weather Bureau in Honolulu clear and partly cloudy weather generally obtained, with measurable rainfall on three dates attending light kona storms, and amounting to 0.98 inch, 0.58 inch below the normal and .08 less than during the preceding week. The maximum temperature was 75 deg., minimum 56 deg., and mean 67.5 deg., 3.1 deg. below the normal, and 1.7 deg. lower than last week's. The mean daily relative humidity ranged from 68 to 82 per cent., and for the week was 76.4 per cent. Southeast to southwest winds prevailed on each day, excepting the last one, and for the week the prevailing direction was southwest, with an average hourly velocity of 7.1 miles. The mean daily barometer varied from 29.86 to 30.03 inches, and for the week was 29.97, normal.

ARGUING OVER FACTS.

Disputed facts in the pleadings in the test mandamus case against Treasurer Trent of the City and County, before Judge Robinson, are this afternoon occupying the attention of the court. Kinney for Trent has asked that wit-

nesses be excluded. County officers are on hand to testify.

THE ROADS ARE GOOD.

There has been rain around town, enough to stop entertainments, but the road to Halewa has not been disturbed by it. The soil is hard packed, free from mud and dust in delightful contrast to what it was a few months ago. Manager Bidgood has had the hotel renovated so the guests are, if possible, more pleased with the surroundings than ever. The golf links attract a number of persons every Sunday and the meal's please the public always. The fact that it is possible to secure liquid, as well as solid, refreshments at Halewa is appreciated. Manager Bidgood is a genial host and looks to the comfort of the patrons.

LIQUOR CASE THROWN OUT

Inspector Fennell failed in police court this morning to stick the Japanese proprietor of the late Wahiawa "blind pig." The Chinaman caught selling liquor was severely dealt with last week, and following that conviction (and upon evidence given at that hearing) Fennell bagged the Jap who owns the offending business establishment. For all that was brought out in court, however, the Japanese was really not aware of the sale of liquors on his premises and had nothing to do with it, however much the circumstantial evidence was against him.

Judge Andrade spent all of this morning in threshing out this case and two others having a similar result. The old assault matter of K. Matsumoto, of the Hawaiian Baiting Co., in which a number of Wai-iki-Chinamen were concerned, deliberately pitched out after a long and tedious hearing through interpreters. Then the Komatsu embezzlement case, about which much has already been written, was up for a long hearing and broke off suddenly upon the granting by the court of a motion for discharge of the accused.

Andrade then made several jabs at the long list of gambling cases on the calendar, but for various reasons several of them went over to future dates, the principal reason being that police officers who were needed as witnesses were detained in the Circuit Court. Eleven men of various nationalities were fined \$6 each, however, in the shuffle. Some boys were in the crowd of gamblers and Judge Andrade lost his patience with a few of the long-time, many-time offenders. First they were given terms in the reformatory school and then, the court releasing allowed them to go on probation in the custody of Officer Fred W. Weed for eight weeks.

PETERSON POSTS FORFEIT TO RETURN

George Peterson, after settling with Promoter Cohen, yesterday afternoon, stated that he intended to leave for the Coast by the next boat.

Cohen demurred at this, pointing out that when he paid Peterson's passage from the Coast he did so with the understanding that Peterson would have at least two fights here.

"I've got to go up and see my wife and kid," said Peterson. "Don't you run away with the idea that I'm afraid of Sullivan. I'm coming right back to fight him again and beat him, as I know very well I can."

FIRST MARATHON ENTRY RECEIVED

Offers of assistance in connection with the coming Marathon are coming in.

Walter F. Drake has consented to act as a judge, should such be agreeable to the management, and has promised to help out the race in any other way he can.

Fred Waldron offers three prizes for the race: a case of Pau-ka-ahana, a case of Veribest corned beef, and a case of oranges.

Dr. Victor Collins has offered to act in connection with other local physicians as physical inspector of the contestants. This will mean that no one will be allowed to participate in the contest who is not in fit shape to do so.

There will be a meeting of the committee and all interested in the roof garden of the Young Hotel tomorrow evening at 7:30 o'clock. At this meeting arrangements for the race will be discussed.

Nothing will be left undone in the matter of arrangements to insure the success of the race.

Dr. Babson will deliver the first of a series of lectures, next Saturday morning at 10:30. The subject will be Cotton Mather and Jonathan Edwards. On Saturday, February 27, he will give the second lecture, the subject being Goethe's "Faust."

Does Advertising Pay?

THE BUSINESS OF PUBLICITY is reaching a basis on which its operations and results may be reduced to an exact computation by experienced advertisers.

The question "Does advertising pay?" is seldom asked now-a-days. If someone should ask this question in the twentieth century, the answer would naturally follow: "It depends entirely upon the advertising and upon the commodity advertised."

Many a merchant has turned his back on the suggestion of a daily newspaper advertising campaign, thinking, "Can't afford it," and little realizing how tremendously profitable an investment in advertising space can be, when properly handled.

An advertising campaign carefully and judiciously planned may be carried on in a comparatively small way until the advertiser is satisfied that he is on the right track. Once well started, he may put on full steam and be sure of big results.

LIGHTWEIGHTS ARE SIGNED UP

Frankie Smith and Charlie Reilly signed articles to box a return match at the Orpheum on February 27. These boys boxed a fifteen-rounds draw a few weeks ago, the scrap being one of the best ever seen here.

As before the boys will box clean break. Frankie Smith wanted to extend the bout to twenty rounds. Five rounds shorts of this was the final agreement, however. This is just as well for there will be as much fighting in fifteen rounds as in twenty for when the latter route is gone over, the tendency too often is to loaf.

JOHNSON GOES TO LONDON

Jack Johnson, heavyweight champion of the world, has notified the National Sporting Club of London that he has accepted its offer of a \$6,000 purse for a match of twenty rounds with Sam Langford. The fight will take place during Derby week and the purse will be divided \$4,000 to the winner and \$2,000 to the loser.

Each man is to receive \$750 to cover traveling and training expenses.

Johnson before leaving England, practically promised Matchmaker Bel-dinson of the National Sporting Club to fight Langford in London during Derby week and has kept his word.

The National Sporting Club has only capacity for a thousand spectators but the members belong to the foremost families in England and there would be no difficulty in obtaining \$25 a ticket for the fight.

SPORTDRIFT

The High School won the interscholastic soccer championship at Alexander field yesterday by tying with the Kams the score being one goal all. This game them ten points to their opponents' eight. Punahou bested the Alliolianis by the score of 2 to 0.

The Atkinson Baseball League games on Sunday resulted in Marines beating the Iroquois by the score of 13 to 12, and the Kewalos defeating the Hanu-wais by the score of 14 to 8.

The Kewalos lead in the Atkinson league series with a percentage of 1,000. Iroquois and Marines are tied with .600. The Hanu-wais and Ala Moanas have not won a game.

CONVICTED OF MURDER

Giving no credence to the plea of insanity, the jury in Judge De Bolt's court yesterday took thirty-five minutes to find George Kaleikini guilty of murder in the first degree. City Attorney Cathcart had addressed the jury for the prosecution and W. C. Achi for the defendant. Forty-eight hours must elapse between conviction and sentence for a capital offense. Kaleikini shot his wife to death, on her refusal to return home with him, on the night of August 16 last. The jury that has found him guilty was composed largely of his native countrymen. Evidently the fits thrown in their presence by his mother and himself, indicating ostensibly an epileptic condition by heredity in Kaleikini, failed to make an impression on the jurors sufficient to counteract the preponderance of medical evidence that he was sane.

HOLOCAUST IN MEXICAN THEATER

Prominent Residents and Americans Among Three Hundred Burned to Death. NEW NAVAL BUILDING PROGRAM Newlands Proposes Twelve Million Dollars for Transports, Cruisers, Scouts, etc.

ACAPULCO, February 16.—Three hundred persons were cremated yesterday in a burning theater here, the list of victims including many prominent persons from the City of Mexico and several Americans. There were heartrending scenes during the progress of the fire, which started from a moving picture machine.

NEWLANDS SUGGESTS NEW NAVAL BUILDING PROGRAM WASHINGTON, February 16.—Senator Newlands of Nevada has offered an amendment to the Naval Bill, appropriating twelve million dollars for the construction of vessels for the transport service, for despatch boats, cruisers and scouts, which would be necessary in time of war, but which might be used for commercial purposes during times of peace.

MAY HAVE TO BORROW. Senator Hale predicts that if the increase in the naval program is to continue, it will become necessary for the government to borrow money for construction. BATTLESHIPS IN TOUCH WITH HOME STATIONS. NEW YORK, February 16.—The returning battleship fleet has established communication with the wireless stations along the American coast.

ROOSEVELT MAY LIVE IN WEST

PRESIDENT ONCE PLANNED TO ESTABLISH HIS HOME IN A WESTERN STATE. (Special Correspondence.)

WASHINGTON, D. C., February 6.—When it was recently rumored that President Roosevelt, on his return from Africa, intended to take up his permanent abode in the West, it was semi-officially announced at the White House that the story was incorrect; that Mr. Roosevelt, because of his magazine connection, intended to maintain his residence at Oyster Bay. Whatever may be the fact today (and the newspaper job may have altered circumstances) it is a fact that only a couple of years ago the President, in talking of his future, said he would like, upon retiring from the White House, to go out into one of the Rocky Mountain states and establish a residence. It was then his ultimate aim to be sent to the United States Senate from the state in which he located. He thought it would "be just bully" to be able to spend his summers in the West and his winters in Washington. Perhaps, if he tires of his new job as magazine editor, he may yet go back to the country he loves, and in the end achieve his old ambition. Certainly any western state in which he might settle would welcome the opportunity of sending him to the Senate.

This evening the Civic Federation will hold its annual meeting. Ladies, legislators and all good people are invited. Marston Campbell, with the aid of pictures and drawings, will tell all about his projected improvement of the city water supply system.

An agreement to arbitrate a question now at issue between them, which might become the subject of a civil action at law, has been made by Oahu Railway & Land Co., and Kahuku Plantation Co. Arbitrators selected are J. F. Brown, Willard E. Brown and J. F. Morgan. It is a question of taxes on Campbell estate land which, when subleased by B. F. Dillingham to Jas. B. Castle, was pasture land. Being planted in sugar cane by the Kahuku Co., the Railway company claims it should bear its proportion of the increased taxes. The Kahuku company claims it is only liable for its equal share of the tax assessed against the Campbell estate. From year to year the Railway company has presented its bill for a proportionate share of the taxes based on the value of the realty as sugar land. Its claim for such taxes until now is \$2,734.71.

ROSENBERG AT BAR. Work of getting a jury to try J. Rosenberg for receiving stolen goods of Uncle Sam at his junk store occupied the morning before U. S. Judge Dole. Rawlins appears for the United States and Straus for the defendant.

DIVORCE. Judge Robinson released the wife of Keewenauhill from conjugal bondage on the ground that the man was drunk and generally worthless.

ADOPTION OF ORPHAN. Judge Robinson has ratified the adoption with full rights of inheritance and change of name by Manoel Tavares and Jacintha Tavares, his wife, of Rosa dos Santos Teixeira, a twelve-year-old orphan girl.

HE SEEKS THE CRAZY HOUSE

George Kaleikini, champion fit-thrower, who was convicted yesterday of murdering his wife, is now trying to save his neck by the district court route to the insane asylum. This morning W. C. Aehl, attorney for the prisoner, filed a motion in Judge Anderson's court with that object in view. The court declined to allow the motion but consented to hear argument upon it at 1 o'clock this afternoon. The matter is now on.

Following is the motion filed: "S. K. Kaleikini being duly sworn, on oath, deposes and says: That he is the father of George Kaleikini, that he knows, and for more than five years last past has known, George Kaleikini, a resident of Honolulu, City and County of Honolulu, Territory aforesaid. That on the 11th day of February A. D. 1909, said affiant verily believes, and upon such belief deposes and says it to be a fact that said George Kaleikini is insane, and that the public

he saw the stylish attire of his city visitors. The delegates wore their everyday business and the great man had no occasion to apologize.

President John W. Gilmore, of the College of Agriculture and Mechanic Arts, of Hawaii, will address the Chamber of Commerce, at its regular bi-monthly meeting at 3 o'clock Wednesday afternoon on the topic: "The College of Hawaii with Relation to our Community Interests."

Mr. William H. Campbell and Miss Marjorie Preeth were married yesterday evening at eight o'clock in St. Andrew's Cathedral, Bishop Restarick officiating. The bride was attended by Miss Muriel Campbell as bridesmaid, and the groom was supported by Mr. Will Roth. The bride entered the Cathedral on the arm of Col. Samuel Parker, who gave her away. The wedding was attended by a large number of guests. The groom is connected with the First National Bank.

THE GEM.

When down town this evening don't fail to see the Gem. Tomorrow is change of program day, and every one should see tonight's program as a fine selection of films is shown.

The Gem always puts the best before Honolulu and has kept up the good work even from the start.

The music is perfect, 5 pieces in all and each musician is an expert singer rendering popular songs in the intermissions.

The Gem has proven, don't fail to give the Gem your patronage.

ASK EVERYONE TO WEAR WHITE

ONE WAY TO ADD TO THE COLOR SCHEME OF THE FLORAL DAY SCENES.

If you ride in the Floral Parade next Monday, clothe yourself in white raiment for the occasion. The Floral Parade Committee has decided that this would be an appropriate and striking feature of Hawaii's great fete day, and consequently has made the request that all who can will observe the rule.

Of course in some instances white costumes will not be practicable, as in the case where some special color scheme in harmony with the decorations of the vehicle is desirable, but in most instances white will be most appropriate in any setting. Although the committee makes no recommendation on this point, it might not be out of place to suggest that the citizens of Honolulu make white the prevailing dress for the day both in and out of the parade.

AUTOS SCARCE. If you can't get an automobile to decorate, don't stay out of the parade on that account, but fix up a carriage or other vehicle. If you don't own a horse and carriage, see Frank Armstrong, in Castle & Cooke's offices. He is chairman of the Carriage Committee and may be able to arrange something that will suit you. But get in the parade. The run on automobiles for decorating has about exhausted the available supply. It is now practically impossible to engage a public machine for the day, and the Auto Committee is practically unable to help out in this way.

The crew of the Naval tug Troquois which had announced that it would enter an automobile float in the parade, had very hard work to secure a machine last week, but finally managed to do so; while the Hawaii Promotion Committee was planning to use a carriage in lieu of a car when an owner of a machine who was unable to use it himself, tendered its use to the Committee.

"It is not true that in my argument in the Kaleikini murder case I referred to Dr. Emerson as 'unreliable' or generally criticized his work," said Conroy Attorney Cathart this morning. "None of the members of the jury can have any impression that I criticized

the doctor in such a way. With reference to this particular case on trial I stated that I considered that he had not been careful enough and that he appeared to have a preconceived theory which affected his judgment. That is not far as my criticism went, and I do not like being quoted, as I was in this morning's paper, as going a lot farther."
