## ANOTHER RICHMOND IN THE FIELD.

EDITOR BULLETIN:—  
By your favor, I would suggest  
that Elder Haws, Mr. Burgess, Mr.  
Hammond, and the other dissenters,  
take their Bibles, and turn up second  
Timothy, Chap. 2, and that they read  
the whole chapter, and on coming to  
those very zealous defenders of God's  
word pause for a few moments.

That, if possible, they might con-  
sider that the inspired Apostle was  
speaking to a particular youthful  
Timothy, but had in his mind's eye  
besides a great many other youthful  
Timothy, also many old Timothy,  
whom he well knew would profit  
neither by what he might say nor  
what the lapse of years had to say to  
them. (For surely as the years go  
by they speak to every man.)

Indeed so zealous are some of those  
Timothy's that we have been hearing  
from, that they lay in the goal of  
Mammon, as a bait, for the Hono-  
lulians, to blow the dust off the lids  
of their Bibles, and hustle over the  
leaves, and prove to the world at  
large and Honolulu in particular,  
that they alone are following in the  
way pointed out by Jesus and his  
Apostles.

Suppose we take it for granted  
that the Elder is all right, but that  
sum of money he so freely offers be  
given to some worthy cause, say  
Booth's great movement, or, not to  
go so far afield, I notice three or four  
worthy men preaching the gospel out  
on the streets in the dark. That  
amount would build a cheap, rough  
hall where they could have light to  
see with, and benches for people to  
sit on. Should the gentleman in  
question see his way to do this, I  
will furnish seats for them free of  
charge.

For be it known to you, Christian  
gentlemen, these same men can  
reach certain people that all the fine  
churches or Y. M. C. A.'s can't  
affect in the slightest.

### Sale of Government Lots on the Lower Side of Prospect Street, Punchbowl Hill, Honolulu, Oahu.

On WEDNESDAY, Nov. 11, 1891, at the front entrance of Aliolani Hale, at 12 o'clock noon, will be sold at public auction Nine (9) Lots on the lower side of Prospect street, Punchbowl Hill, Honolulu, Oahu, varying in size from 103x188 feet to 94x107 feet.

Upset price: Varying from \$100 to \$250 each lot, according to size and location. The terms and condition of sale will be cash or, at the option of the purchaser, one-fourth cash and the remainder in equal installments payable in one, two or three years, with interest payable semi-annually at the rate of 7 per cent per annum.

The purchaser must within one year from the date of purchase enclose the land bought by him with a good and substantial fence and lay on water from the Government pipes. Royal Patents will be issued for the land upon the final payment of the purchase price.

A map of the lots can be seen and full particulars learned at the Land Office. Water mains have been or shortly will be laid adjoining all of the above lots.

### Irrigation Notice.

HONOLULU, H. I., May 27, 1891.

Notice is hereby given to all holders of water privileges that owing to the prolonged drought, it is necessary that care be used in the use of water.

Holders of privileges and the public generally are therefore respectfully requested to assist the Department by exercising economy in the use of water.

The irrigation hours are from 7 to 8 A. M., and 5 to 6 P. M.  
JOHN C. WHITE,  
Supt. Honolulu Water Works.

Approved: C. N. SPENCER, Minister of the Interior.

## Daily Bulletin

THURSDAY, OCT. 8, 1891.

The BULLETIN acknowledges the receipt of the "Report of the General Superintendent of the Census, 1890," from that official, Dr. C. T. Rodgers. It is quite elaborate, occupying 71 pages, besides containing many inter-leaved tables.

The Board of Health has issued a circular to all concerned, regarding the "flu-like disease" among cattle in parts of this island; giving notice of the appointment of Dr. A. R. Rowat, V. S., "as Inspector of Animals for the City of Honolulu both before and after being slaughtered, with full powers to prevent the sale of any diseased meats as may be considered unwholesome."

Mr. John Cassidy, Superintendent of the Bell Telephone Co., informs the BULLETIN that he has never refused connections to the firemen; that on the contrary the whole city system is thrown into the service of the Fire Department at every alarm of fire. What he declined to do was to give Honolulu Engine Co. No. 1

an advantage over the rest of the Department, by giving that company an alarm in advance of other companies. Mr. Cassidy claims further to have had the approval of the Chief Engineer of the Department in the refusal of such special privilege.

British traders and settlers in the New Hebrides are vexed at the disadvantages they are subjected to, as compared with the French, by the regulations of the Imperial Government. They are forbidden to supply firearms and ammunition in trade for produce. Their vessels dare not take returning laborers to their homes if the laborers have guns and, as all the laborers are partly paid off with guns, the French vessels get all these passengers. English settlers are forbidden to get labor recruits from the neighboring islands for their plantations and, as the native will not work on his own island, this regulation is very irksome to the British. The paragraph reciting these grievances in an Australian paper says: "It certainly is high time that some arrangement in the way of annexation or a recognized protectorate should be declared over the group, as important vested interests are now completely unprotected."

### WHAT THEY SAY.

That "Barefooted Bill" will challenge the whole panel on the jury that it does not include a "jury of his peers."

That Don-Mac-Don whistles enviously at his pipes when his "terbacker" pouch is empty.

That Sam Kanaka should hereafter put his brake ahead of the horse for the public safety.

That the steamer Australia will rest on the Sabbath (i. e., the seventh day of her passage).

That when two ladies, each wearing something new, view each other diagonally across a tranche, take notes of the novelties on the tablets of their memories, next time of meeting the details will be reversed on each other's gowns.

That Ben Hogan has been grossly slandered by a common scold who parades his name under a classic title.

That the triangular fight between the Mosaic, Antiochian and Early Father theologians has not changed the faith of the average Honolulu in the Almighty Dollar.

That the controversialists have not shown that anything has either been gained or lost to human happiness by the change of the rest day from the original seventh to the first day.

That the controversy has thus far only illustrated Aesop's fable of a mountain in labor bringing forth a mouse.

That if Elder Haws has telephonic communication with the source of all knowledge he should give the public the number—Bell or Mutual makes no difference.

That both Omen and Nemo are extremists, and the liquor problem is not a self-contained one that can be solved by statistics.

That Aesh is a product of fire and what is wanted is More water; that McDonald is on the Hunt for votes; that Kalawala ("a fisherman") being in two boats needs no Hooks; that Kraue ("the carrier") is strong enough to hold up three tickets, and that the ticket of two T's (Thomas and Toussaint) will re-T-ire.

### BEN HOGAN ON THE VOLCANO.

EDITOR BULLETIN:—

Will you kindly allow me the use of your columns to express my feelings in regard to my recent trip to the Volcano, one of the greatest wonders of the world. Those who have never had the opportunity of visiting the old ruins of Pompeii which was destroyed by Vesuvius in the great eruption of 79; or the great Niagara Falls, the wonderful "National Park," when the Geysers are in full force, or the great falls of Yosemite Valley, may be assured that all these with all their grandeur sink into insignificance when compared with Kilauea, the wonderful crater of Hawaii. The roaring noise reminds one of the surf as it breaks on the ocean beach, or like a dozen trains of cars in motion. The ever-changing shades and colors, for beauty and grandeur, are indescribable. The reflection from the crater on dark foggy nights reminds me of the great fire of Chicago. We have witnessed the most remarkable and beautiful sunsets on our recent trip from San Francisco to Honolulu, that we ever beheld. But the ever-changing colors of this great fiery lake, from deepest red to light golden hues, make our sunsets fade into nothingness. The company which has built the beautiful hotel at the crater deserves the highest praise for the enormous amount of money they have expended for the accommodation and comfort of the tourist. Mr. Peter Lee, who has full charge of the hotel, is a very sociable, kind-hearted gentleman. Take the whole round trip, all in all, we can only say it was simply grand and picturesque. It is entirely different from what can be enjoyed in any other country in the world. The accommodations on the steamers are really better than I anticipated. In fact they could be no better.

BEN HOGAN,  
Honolulu, Oct. 9, 1891.

## "August Flower"

"I inherit some tendency to Dyspepsia from my mother. I suffered two years in this way; consulted a number of doctors. They did me no good. I then used your August Flower and it was just two days when I felt great relief. I soon got so that I could sleep and eat, and I felt that I was well. That was three years ago, and I am still first-class. I am never without a bottle, and if I feel constipated the least particle a dose or two of August Flower does the work. The beauty of the medicine is, that you can stop the use of it without any bad effects on the system. Constipation While I was sick I felt everything it seemed to me a man could feel. I was of all men most miserable. I can say, in conclusion, that I believe August Flower will cure anyone of indigestion, if taken Life of Misery with judgment. A. M. Weed, 229 Bellefontaine St., Indianapolis, Ind."

### PENINSULA

#### OF PEARL CITY!

This truly enchanting location for suburban homes must be seen to be appreciated; a lovely grove of algeroba trees covers the entire grounds, streets 80 feet in width are laid out, and 6-inch pipes are being laid out to conduct water from a 10-inch artesian well which is pronounced by McCandless Bros. to flow the sweetest water of all the wells they have bored on this island. The Railway Co. have constructed two reservoirs with a storage capacity of over two million gallons, and built a flume extending 3/4 miles into Waiaua Valley, which in years of ordinary rainfall will supply an abundance of pure water for a large population; to guard against such droughts as we have experienced during the present year, the Company have ordered a Blake Pump with a capacity of 450,000 gallons per day, which will be replaced by one or more of larger capacity when needed. This pump now due from the manufacturers will be placed at once at the artesian well from which water will be forced into the reservoirs, when not supplied from the mountains.

A block containing an area of five acres has been reserved for a Hotel, and another beautiful lot of the same area is also reserved for a Public Park, which the Company propose to make one of the most delightful and attractive resorts to be found anywhere.

This place has all the charms of Waikiki, with the addition of an inland sea seven miles long and four miles wide, affording boating and yachting facilities second to none in the world.

Pearl City is situated about half-way between the extreme eastern and western points of Pearl Harbor. The makai end of Pearl City Peninsula points to the entrance of the harbor, and is destined some day (not so remote as some people may think) to be the great commercial emporium of the Pacific. The Pearl City Branch of the Company's line extends down the centre of the Peninsula within say 1,000 feet of the shore on either side.

Intending purchasers are invited by the O. R. & L. Co. to call at my office for free tickets and maps of Pearl City.

The Company will bind themselves in the deed to carry purchasers, their families and servants for a term of nine years from date of purchase at 1/4 cents per mile first-class, and 1 cent per mile second-class. Those who build residences on their lots within 12 months from date of purchase, will thereby secure a reduction from the above rate for the whole time of say 20 percent, making the fare each way 15 cents first-class, and 10 cents second-class.

This rare spot of earth is quite limited in area, and those who would secure a lot valuable now but destined in the near future to be worth many times its present value, will be wise to improve their opportunity.

The valuable water privileges attaching to the land have been purchased at an extra cost of several thousand dollars. Purchasers of lots will therefore have the free privilege of the fisheries.

### TERMS:

### ONE-FOURTH CASH!

One-fourth 1 Year,  
One-fourth 2 Years,  
One-fourth 3 Years,  
Secured by Mortgage, interest at 7 Percent Per Annum, Payable Semi-annually.

Company will furnish Deeds and Mortgage free of charge.

Stamping, Recording and Acknowledging at expense of purchaser.

### IMPORTANT ANNOUNCEMENT.

Splendid Chance to Get Good Harness Cheap.

On account of extreme ill health and having to take a long vacation, I therefore have to sell out my large stock of ready-made harness at a sacrifice to keep my help busy while I am away.

I have nearly a hundred sets of harness in hand of all kinds, Genuine Rubber Trimmed, Imitation Rubber and Genuine Nickel, single and double; Cart, Heavy Draught, Concord and Plow Harness, also some Mexican Saddles, Hawaiian and California Trees.

With fourteen years' steady business in Honolulu, and with a steady increase each year, I feel sure that I have satisfied my customers.

I have no sewing machines and sell no factory work, but everything is made by well-paid labor, and all my work is stamped before leaving the shop.

I will now give to all my customers a large benefit through my misfortune of being sick.

The people of the other islands can write to me and receive the same benefit of reduction as those who come and select harness themselves.

All my old customers have the benefit of the quarterly account, but with strangers cash is preferred.

EMPHATIC CONTRADICTION.

Mr. Ben Hogan desires the BULLETIN to contradict the statement in the "Hilo Notes" of the Advertiser, that, in his lecture in the native church at Hilo, he "was very abusive on Mr. and Mrs. Judge Lyman, because he was not allowed the use of the foreign church, which, from all accounts, was very properly closed to him."

Mr. Hogan declares there is not a particle of truth in the statement, he does not know Judge Lyman, and he did not apply for the foreign church. He did ask for the native church in which to hold his exhibition when he returns to Hilo, but the trustees declined to grant the request on the ground that, having refused the use of the church for political meetings, they were afraid to make a precedent of opening the doors to any other than the dedicated purposes of the church.

THE FIRE LADDIES.

Monthly Meetings.—Nominations in the Coming Contest for Chief and Assistants.

Last evening was the occasion for the assembling together, in monthly meeting, of members of four, out of the six, of the firemen organizations of this city and in accord with the notification given, by the company flags, there were gatherings of interested fire laddies at the houses of Honolulu Engine Co. No. 1, Mechanic Engine Co. No. 2, China Engine Co. No. 5 and Protection Hook & Ladder Co. No. 1.

Forty members brimming over with enthusiasm attended the monthly meeting of Engine Co. No. 1 yesterday evening. Delegates from the "fine body of men" and other fire companies dropped in during the evening and were duly welcomed.

Messrs. J. W. Pratt, Captain Davies and Jno. Angus were unanimously elected members of the company, after which a communication from Engine Co. No. 4 was read, notifying the members of the former's nomination for officers of the Honolulu Fire Department.

Delegate Geo. Sandeman from the Scottish Thistle Club offered a donation of \$22 to help pay the expenses of the housing of the engine, as Engine Co. No. 1 had been friendly to that club and had helped it in the first stages of its existence. A vote of thanks was passed to the club. Another vote of thanks was given Jas. Ahlo for engraving the letter of condolence to Her Majesty the Queen.

On the motion of Mr. W. F. Williams to nominate officers for the coming campaign, not believing in leaving off till to-morrow what can be done to-day, Mr. J. D. McVeigh nominated Mr. R. More as Chief Engineer. The nomination was received with loud applause. Mr. W. F. Williams nominated Mr. E. B. Thomas. The latter declined to run, but said in a few weeks he might head an independent ticket, with Mr. L. Toussaint as First Assistant Engineer. The nomination of Mr. Robert More for Chief Engineer of the Department was unanimously passed. Mr. More in a few appropriate remarks thanked the company for the nomination and stated that it was not his own putting forward. He had been asked by several members of the company if he would stand, and had replied, after consideration for some time, that he would do so if the company would stand by him. Mr. More therefore wanted the company to distinctly understand that he hoped they would do so. (Loud applause.)

Mr. P. O'Sullivan put forward Mr. J. W. McDonald, assistant foreman Co. No. 2, as 1st Assistant Engineer; passed. Mr. J. D. McVeigh for 2d Assistant Engineer nominated Mr. Wm. Keawe, assistant foreman of Engine Co. No. 4. Mr. E. B. Thomas put forward Mr. Louis Toussaint, who declined the nomination. Mr. W. Keawe was duly nominated.

The business of the meeting being over, a scene of joviality succeeded. Mr. Geo. L. Ritman opened the temper with the song, "A Rolling Stone Gathers no Moss," which was nicely sung. Mr. Robert More favored the audience with "The Lardboard Watch." Messrs. Charles Lind, Lieutenant of the Fire Police; C. Taylor, E. B. Thomas, W. Downey, G. Cavanagh, J. Tinker and E. Lee also gave songs. Mr. G. Sandeman sang an international song which was loudly applauded. Mr. Geo. Barker sang an improvised ballad, voicing the sentiments of the company regarding Mr. More's victorious election at the polls. Mr. Geo. C. Kenyon, when asked for a speech, said he was going to vote for the best man and that best man was Mr. Robert More. Mr. H. N. Castle entering at this stage, he was asked for a song by Mr. W. F. Williams, who said that as he belonged to the missionary party he could sing, "Old Hundred." Mr. Castle replied that it had been said if a man has no music in his soul, he has no soul at all. He had great respect and honor for the company, and, although this was his first attendance at any of their regular meetings, he would in future attend them regularly, as he would always be expectant of a welcome. The meeting adjourned at a late hour, enthusiastic in the belief that Mr. More will "get there just the same."

MECHANIC ENGINE COMPANY. The members of Mechanic Engine Co. No. 2 did not turn out in a very large number, less than one-half of the listed members being present. Foreman James Hunt presided; Assistant Foreman J. W. McDonald, Secretary W. H. Greig and Treasurer Henry Smith were also present, and they, with 13 other members, transacted the business of the evening. The routine business was quickly passed over, the event of the evening's work presenting itself under the head of "new business," viz.: the nominations for candidates for the positions of Chief, and 1st and 2d Assistant Engineers; the preparatory movement of the election which is to take place in December next, the successful nominees to hold office for a biennial term.

On motion it was decided to nominate and vote on candidates separately for each office, nominations being first called for Chief Engineer. Messrs. Townsend, Smith and Sheldon were appointed tellers and the nominating and balloting were then proceeded with.

J. B. Warner nominated Robert More, foreman of Engine Co. No. 1; Mr. Greig nominated George Norton, the present 2d Assistant Engineer, and another member nominated Julius Asch, foreman of Protection Hook & Ladder Co. No. 1, all as

rival candidates for the position of Chief Engineer. The result of the balloting showed that, of the 17 votes cast, Julius Asch had 10; Robert More 5, and George Norton 2. Mr. Asch was duly declared the successful nominee.

For the position of 1st Assistant Engineer the names of James Hunt and J. W. McDonald, respectively the foreman and assistant foreman of Engine Co. No. 2, were offered. Only 16 votes were cast and of those James Hunt had 10, J. W. McDonald 6. Foreman Hunt was therefore the nominee. Mr. McDonald, who had refrained from voting, expressed his non-approval of the result and declared his intention of remaining in the field as a candidate for election.

For 2d Assistant Engineer the names of Wm. Keawe and David Kalawia were the opposing elements, and, by the count of the ballots, Kalawia distanced his opponent in a score of 13 to 4.

The whole ticket was then presented and approved as follows: For Chief Engineer Julius Asch; 1st Assistant, James Hunt; 2d Assistant, D. L. Kalawia.

"Good of the Company," as usual, brought forth the more pleasant side of the nature of the laddies present, and a season of jolly companionship succeeded to the more business-like portion of the proceedings. Mirth, music and minstrelsy occupied the time of the victors and vanquished until the night had crawled well onto the skirts of another day; then the members dispersed, to prepare, at leisure, for the coming actual contest at the polls.

PROTECTION HOOK & LADDER CO. The members of Protection Hook & Ladder Co. No. 1, met in their hall, to the number of 25; Foreman Asch presiding. The usual preliminary business of roll call, payment of dues, reading of communications, etc., occupied the time and attention of the company during the first hour of assembly, considerable attention being paid to the collection of dues. The restlessness which was displayed by those whose financial standing was good indicated, by their rather impatient waiting, that there was another important business on hand. The particular point of interest was not long delayed, however, for, in a neat introduction, the foreman presented for their consideration the subject of nominations for Chief and Assistants for the Department for 1892-4.

On motion the list of nominations made by Hawaii Engine Co. No. 4, consisting of Julius Asch for Chief; James Hunt, 1st Assistant, and David L. Kalawia for 2d Assistant, was offered for the approval of members of this company. An opposition ticket was offered consisting of Robert More, for Chief; J. W. McDonald, 1st Assistant, and D. L. Kalawia, 2d Assistant.

Speeches were made for and against the claims of the candidates named, and, on motion, a ballot was ordered to be taken, the chair nominating Gus. Rose, Lui Kekuaano and U. Napoleon as tellers.

After the votes had been cast, the recount of ballots showed that the Julius Asch ticket had received 25 notices of approval, while the Robert More ticket was only credited with 3. David Kalawia, who was on both tickets as nominee for 2d Assistant, received 23 votes. The ticket as passed by Engine Co. No. 4, thus received the endorsement of the "Hooks."

A quick adjournment was had after the despatch of the above business, many of the members housing themselves immediately in the hospitable quarters of their near neighbors, Engine Co. No. 2, and about a corporal's guard journeying to the scene of hilarity then in progress at the rooms of Engine Co. No. 1.

CHINA ENGINE CO. China Engine Co. No. 5, presided over by Mr. Chang Kim, foreman, had an attendance of 46, or within four of the full voting complement. A motion by C. K. Ayau, in favor of leaving nominations alone till election time, only received the mover's vote. The company unanimously adopted No. 4's ticket—Asch, Hunt, Kalawia.

PLEASANT WEDDING.

Rev. Alex. Mackintosh performed the impressive rite, uniting in matrimony Mr. Arthur Genuis and Miss Stella Kenake, at St. Andrew's Cathedral yesterday evening. A large congregation, in which many young people appeared, was present at 6:30, the appointed hour. Messrs. Carl Widemann and Geo. E. Smith were ushers. The groom was escorted to the chancel front by Mr. L. de L. Ward, as best man. As the bride entered, leaning on the arm of her elder brother, Louis, and attended by Miss Adeline Bruns, bridesmaid, Mr. Wray Taylor played an inspiring wedding march on the organ, changing to soft music very nicely rendered throughout the ceremony. Mr. Louis Kenake gave the bride away. The bride was becomingly arrayed in a white cashmere dress, with silk-headed trimmings and a half-train. She had no veil but wore a wreath of orange blossoms on her head.

The bridal party retired after signing the register, to a wedding march on the organ. They were followed to the house of the bride's mother, Mrs. Lavinia A. Kenake, School street, by immediate family and personal friends, including the officiating clergyman, the ushers, organist, Mrs. E. C. Rowe, Miss Kinney, Mr. and Mrs. Henry Davis, Mr. and Mrs. J. W. Winter, Mr. Chas. Carter, Mr. C. Gurney, and a BULLETIN representative.

The couple received the cordial congratulations of friends beneath a beautiful floral canopy. At an early hour the guests were conducted to the dining room, where an elegant collation prepared and served in Ludvigsen & Cron's best style was laid. A beautiful wedding cake baked in San Francisco but decorated by the firm just named was cut by the groom in the course of the feast. When the large variety of viands had received due attention, Rev. Mr. Mackintosh from the head of the table proposed the health of the young couple, which was enthusiastically honored. Other toasts, including one to the bride's mother, extended the cheery intercourse while ice cream and cake were being enjoyed. During the evening the Hawaiian Quintet Club on the veranda played with its well-known skill.

Mr. and Mrs. Genuis received many valuable presents, being remembered in this regard by Hon. W. G. Irwin, the bridegroom's fellow-clerk in W. G. Irwin & Co.'s office, Mr. and Mrs. W. W. Hall, the Heanani Boat Club, and others. The couple will enjoy a quiet honeymoon at their cottage on Kulaokahua Plains, Honolulu. They have the hearty good wishes of a great many friends, the sentiment being inspired by their own estimable qualities, for a long and happy married life.

ILLUSTRATED BOSTON!

THE HAWAIIAN CAMERA CLUB Will give an Illustrated Lecture

"CITY OF BOSTON" At Y. M. C. A. HALL, SATURDAY EVENING, Oct. 10, AT 8 O'CLOCK.

The proposed Lecture was written under the auspices of the Boston Camera Club, and will be illustrated by 104 MAGIC LANTERN VIEWS, from slides prepared by that Club, in the highest style of the art.

Lecture and illustrations deal with the city and vicinity of Boston, from the time of its founding two centuries since, to the year 1890, and graphically describe all that was and is of most beauty or prominence in that classic locality. They will afford to former residents of that city a pleasant opportunity to revisit familiar scenes, and to the stranger, will give a pleasing and accurate idea of what Boston was and is.

This Lecture with illustrations, after having been delivered in the chief cities of the United States, is now on its way around the world. It goes hence to New Zealand, Australia, India, China and Japan.

ADMISSION, 50 CTS. Doors open at 7:30; Lecture will begin at 8.

Tickets can be obtained of Members of the Club, and at the Drug Stores. 235 5/2

## DR. HAMMOND VS. ELDER HAWS.

EDITOR BULLETIN:—

If Elder Haws preaches faith, repentance and immersion in order to become a child of God and an heir of heaven, then, so far, he is right. All Protestant denominations will receive any such into their assembly and communion.

I do not believe Elder Haws' "conclusion," viz.: That apostles, prophets, elders and laying on of hands for the gift of the Holy Ghost are necessary in the Church of Christ to-day.

The passages quoted by Elder Haws in proof of his theory, together with 1 Cor. 13:8, are the passages that forever settle my mind that all these offices and acts are done away. The apostles, prophets and elders could cure all manner of sickness and disease and speak in unknown tongues. If Elder Haws can do these things, then he is an apostle or a prophet or an elder; and he has come to the right country, for it is as easy for God to cure leprosy as a headache. But if he fail to work such miracles, it is proof positive that those he brings to Christ are fed with indigestible food and are therefore sickly and unable to bear much fruit.

I have spoken about "elders" as constituted and found in the churches during the lifetime of the Apostles. These were ordained by "laying on" of the Apostles' hands, in order to impart the power of working miracles. Such things were to continue, "till we all come into the unity of the faith, and of the knowledge of the Son of God. \* \* \* That we henceforth be no more children, tossed to and fro and carried about with every wind of doctrine." Eph. 4:11-16. This agrees with 1 Cor. 13:8. The "till we all come," has been fulfilled, that is, "till" the whole canon of Scripture be given. After that no necessity for working miracles. The word "ordination" comes from two Greek words, viz., *Choir*, the hand, and *teino*, to stretch out. These two words when united give us *Chirotonos* and is defined in Robinson's Greek Lexicon: "To stretch out the hand, to hold up the hand, as in voting; hence to vote by holding up the hand. In New Testament to choose by vote." This is the word translated "ordained" in Acts 14:23. But it is also the same word translated "chosen" in King James' translation and "appointed" in the Revised Version in 2 Cor. 8:19. So that "ordain" is to choose by the vote of the church men for certain work. But men continue the "farce" of laying on the hands among the denominations, pretending thereby to impart some spiritual gift. When in the days of the apostles it was the churches that "ordained," that is "appointed" pastors, teachers, deacons, etc.

How much better off were those two Portuguese young men, on whose head Doctors Hyde, Beckwith, Bishop, etc., laid their hands in the drama of ordination? What grace did they impart to those two young men? Have their intellects been strengthened? No. Have they obtained any fresh revelations? No. Can they work miracles? No. Can they speak a language they never studied? No. Have they better appetites? No. Will it keep them from sinning? No. Will it keep them orthodox? No. Away then with all such mummery and nonsense. We have seen, that the Scripture meaning of the word "ordain," as used in the Scripture, is "to appoint." In the days of the Apostles ministers were servants. To-day they are highly offended if you do not write Reverend in capital letters before their names. They are little gods. For "Reverend" is a title that belongs to God. "Holy and Reverend is His name." Ps. 111:9. Away with all such pretensions and humbug.

WILLIAM HAMMOND.

## SPEAK GENTLY, BROTHER HAWS.

EDITOR BULLETIN:—

Mr. Haws claims to be a part of the Re-organized Church of Christ (claim is well put in). He (Mr. Haws), also claims to be without purse or scrip. This no doubt is true, but is this the teaching of Jesus Christ, which he (Mr. Haws) claims to follow? Let us investigate. In Luke we find that the Lord appointed seventy elders, and sent them out two and two—(Is Mr. Haws filling this instruction or is he alone? Let him answer)—and on this particular occasion did say to them, "Carry neither purse, nor scrip, nor shoes; and salute no man by the way." (Luke 10:4.) Later we find that he (Christ) says: "When I sent you without purse, and scrip, and shoes, lacked you anything? But now, he that hath a purse, let him take it, and likewise his scrip. Luke 22:35. "Brother, let us accept Christ's latest teaching in regard to this matter, and take our purse, and scrip, and, if we have none, Paul has set us an example all through his life, how he labored with his hands, that he might not be a burden to the Church." "In the sweat of thy face, shalt thou eat bread." (Gen. 3:19).

Let us still test the validity of this Re-organized people. "To the law (God's law) and to the testimony, if they speak not according to this word, it is because there is no light in them." (Isa. 8:20.) In Mr. Haws' article in last evening's BULLETIN a demand is made of Dr. Hammond. This appears to be a stronger word than is necessary. Do not let us jump upon one because we think he is down. Let us rather point him to God's standard (law) that he may be able to rise and go on his way rejoicing. N. F. Burgess.
