"Hikosan-Gongen Chikai no Sukedaachi"

(Second at Hikosan)

The Scene of Rokusuke's House

There was, at Hikosan, Buzen, a farmer named Rokusuke who was very clever at military accomplishments.

A warrior Takumi Kyogoku forced Rokusuke to fix a fight for him on the pretext that he wanted to enter into service of ~~the~~ Lord Kokura to please his old mother.

Osono, daughter of Rokusuke's instructor in military arts, visited him with the information that her father had been assaulted unawares by the scoundrel Kyogoku.

Rokusuke, now awake to Kyogoku's intrigue, got very indignant and made up his mind to second Osono in the duel with Kyogoku. He pleaded for another contest and punished Kyogoku before all the company.
