## EWA FORCE AND MANY WAIALUA MEN AT WORK

**Bulletin Reporter Attends Meetings and Talks With Workmen—High-Wage Association Repudiated—Wives and Mothers Stay By Homes—Kahuku Men Will Leave Plantation—Police Give Protection**

Sunday a representative of the Bulletin went through the camps of the Japanese workers at Ewa and Waialua to talk with the strikers and get a first-hand review of the situation from the standpoint of the strikers. He talked with the men, women and children and attended the meetings of the strikers, notably the assembly at which the Ewa men cut themselves loose from the agitators and dissolved the High-Wage Association. It is apparent that the Japanese workmen have no desire to leave their homes, and those who have given careful and deliberate thought to the matter refused to be led into a life of idleness and a precarious future. The men and women with homes are the most powerful agents of industrial peace.

The strike in Ewa Plantation is completely broken. The Japanese strikers, at their meeting held in the Japanese Music Hall Sunday afternoon, decided to return to work this morning. The Ewa High Wage Association, which has been instrumental in carrying on the strike in the past, was declared abolished.

Manager Denton was informed by Hirata, chairman, of the action of the meeting.

Down at Waialua plantation things look different. The leaders of strikers were in consultation Sunday. They decided that 1800 men should not return to work, and that they leave the plantation before 12 o'clock Tuesday. Those who decided to remain in the employ of the Waialua plantation are principally contractors of cane-fields.

The leaders of the Waialua strikers were holding their meeting yesterday when visited by the Bulletin representative. They showed no sign of surprise when they saw the visitor, but carried on their meeting in an orderly manner. Mr. Tsuda, the presiding officer, courteously received the reporter and spoke very freely when asked about the strike.

**What Tsuda Said.**  
 "We are meeting here to discuss the strike," said Tsuda. "At our meeting today it was decided that 1800 men quit work tomorrow (Monday). The rest will probably remain in the service of the plantation. We will go to different places, where I cannot say now."

## APPOINTMENTS BY GOVERNOR FREAR

Dillingham, Brown and Morgan Tax Appeal Court

L. G. Blackman will be Hawaii's government representative at the National Irrigation Congress to be held at Spokane and also at the Trans-Mississippi congress at Denver this summer. His appointment was announced by Governor Frear this morning.

The Governor also reappointed E. N. Holmes, A. B. Lindsay and R. A. Lyman, Jr., as prison inspectors for the fourth judicial district of Hawaii; A. S. Wilcox and J. M. Lydgate prison inspectors for the fifth district of Kauai; reappointed J. F. Brown, J. F. Morgan and Walter F. Dillingham as tax appeal court for the first circuit; W. H. Greenwell, C. F. Willis and G. P. Tullock were appointed as tax appeal court for third circuit of Hawaii.

## THOUSANDS AT WORK

Ewa men are at work, they having repudiated the High-Wage Association at the Sunday meeting.

Sheriff Jarrett, with a force of police, goes to Ewa this afternoon to give whatever protection may be needed, as there are still some outside thugs making threats.

Waialua men turned out to work pretty generally. All the Kawailoa section men are at work, all Mokulele and a great many of the mill hands.

Kahuku Japanese will leave the plantation, probably moving into temporary camps on either side of the plantation property.

Strikebreakers are carrying on the work at Oahu, Honolulu and Kahuku plantations.

was ample supply. During the conversation one of the clerks in the office asked the reporter to leave his name. This was done.

**Questions and Answers.**  
 "May I ask how many of the strikers are going to leave the Waialua plantation?" asked the reporter.

"According to the reports of the heads of various camps, about 1800 men will quit the plantation work tomorrow."

"Have you enough money and supplies to support you, while out of employment?"

"We have ample amount."  
 "May I ask how much in money and how much in commodities?"

"I cannot say without referring to the books, which are not before me."

"Can you positively say that the supplies will last you for more than six months?"

"I think so."  
 "Where do you and your crowd intend to go after leaving Waialua?"

## TERRITORY LOSES SUIT FOR TAXES

Judge Robinson Decides In Favor Of John Marcallino

Judge Robinson rendered his decision this morning adversely to the Territory in the case of John Marcallino vs. Charles T. Wilder, Tax Assessor. The case was an interpleader interposed by Marcallino in a suit for back taxes brought by the Assessor. Marcallino is Commissioner in the matter of the Holt estate. The suit was brought against him as such Commissioner, whereas it really should have been brought against the owners of the property themselves.

Marcallino, not caring to whom he paid over the money so it were done legally, interposed an interpleader, and his contention is upheld by the judge. The Territory does not get the money. Attorney General Hemenway stated that he might take an appeal to the Supreme Court. The judge says in his decision:

"That at the time of the commencement of this suit, there was not due or payable out of the funds remaining in the hands of the plaintiff as such commissions on same or amount due or payable to the defendant Charles T. Wilder, assessor, for or on account of any taxes legally due or owing to the Territory of Hawaii for which the lessee under a certain lease to John D. Holt mentioned and referred to in the agreed statement of facts on file herein, as liable under the covenants therein, or which constitutes a valid lien upon the premises therein mentioned and described, that said defendant Charles T. Wilder, assessor, is not entitled to have paid or distributed to him any part or portion of the fund now remaining in the hands of said plaintiff, but that remaining defendants are entitled to have the fund distributed to them, a share to which is entitled in accordance with the averments and allegations of plaintiff's bill or complaint on file herein."

## First Death Warrant

Governor Frear this morning signed his first death warrant. The man who is condemned to death is Yi Hai Dam who was convicted of the murder of a fellow countryman named Yee Gee Tal at Honolulu, Kona, Hawaii.

The murder was the old story—money and a woman. Yi Hai Dam was living on this island with a woman named Pak See. She tired of him, became infatuated with Yee Gee Tal and ran away with him, the eloping couple taking with them \$100 of Yi Hai Dam's hard-earned savings.

Yi Hai Dam searched for them a long time without success, but word finally came to him that Yee Gee Tal and Pak See were living together in Kona. He went up and caused their arrest for violation of the Edmunds Act, but they escaped punishment by getting married.

Then Yi Hai Dam fell in with another countryman named June, and the two plotted to go up and kill Yee Gee Tal and Pak See. June was to get the money Pak See had stolen from Yee Hai Dam and the latter was to get revenge.

They carried this plan out so far as the murder of Yee Gee Tal was concerned, entering the house at night after June had obtained permission to remain there over night on the pretext of buying some taro in the morning. Yee Gee Tal had his throat cut with a pocket knife, but Pak See woke up and screamed. The noise she made saved her life. The murderers ran away, leaving behind their shoes and leggings. These were identified as belonging to them and led to their arrest, trial and conviction. Later Yi Hai Dam confessed to having participated in the crime.

The death warrant signed by the Governor sets June 21 as the date upon which the condemned man is to be hanged.

## BUFFALO OFFICERS WILL DANCE TONIGHT

Army and Navy people, townsfolk, and guests of the various hotels are cordially invited by the Moana Hotel management to a dance tonight in honor of the officers of the U. S. S. Buffalo.

Music for the dancing, and also during dinner, will be furnished by the famous Royal Hawaiian Quintet Club, and all preparations have been made for an unusually good time.

## \$15 A DAY ROLLER STICKING IN MUD

Much Piliikia In Moving Boiler To New Cannery

The Union Feed Company is experiencing more than a little inconvenience, as well as expense, in moving the ten-ton boiler from the railroad terminus at Kahana to the new cannery at Ahulimau. First the municipal steam roller, which was secured to supply motive power, smashed the cross drains going from Kaneohe to Kahana, and now more piliikia has developed.

The company is paying the city and county \$15 a day for the use of the roller. In addition, it has to supply an engineer and provide all fuel. Bridges, over which the roller and boiler have to pass, have been reinforced at the expense of the company.

Now the rains have come along and have delayed matters seriously. The roller and its tow have not yet reached Walkane bridge, owing to the muddy roads. In addition to the roller crew, the company has some fifteen men at work on the moving job. They draw their pay, regardless of the progress made. That adds no small item to the expense.

There is still some six miles of the distance to be covered. With hard roads, this might be done in a day, but in the mud the roller can make no progress.

Work on Walkane bridge is suffering no little delay. County Engineer Gere insisted that the bridge be thoroughly braced, and the supports beneath it were placed in accordance with his specifications. But they are in the way of the repair work, and nothing can be done in the way of putting the cofferdam in place until they have been removed.

## MANCHURIA SIGHTED

At 3:15 o'clock this afternoon the Manchuria was reported off Barber's Point.

The Toyo Kisen Kaisha liner Nippon Maru, Captain Filmer, arrived this morning from San Francisco docking at the Oceanic wharf. She brought a few lay-over passengers for Honolulu, with a large number for the Orient. She leaves this afternoon at 5 o'clock, with Dr. A. Moore and Miss A. Hunt as passengers from Honolulu.

Dan Never, that's his name, but Dan did, from all accounts, and the going was very thorough, according to the police officer who arrested the man with the peculiar name. Dan let's first was a beauty and was absolutely unquenchable, notwithstanding the amount of wet goods he put away. Judge Andrade valued Dan's little spree at four dollars.

David Iopa, who made night hideous in the vicinity of Nuuanu street last evening, faced Judge Andrade this morning and was fined \$6 for the offense.

Kamaha and Hawaoha, two of the kind (the boozey kind), were presented at court this morning, and dug up four bucks each in compensation for their jag.

They make life's walk easy. In all lengths and the newest shapes, \$3.50 to \$5.00.

HERBERT WITHERS.

The Herbert Withers Concert Company, including Herbert Withers, the so-called "Joachim of the violoncello"; Madame Luisa Sobrino, prima donna soprano of the Royal Opera, Covent Garden; Mr. Charles Bennett, the American baritone; and Madame Marguerite Elzy, F. R. A. M., solo pianiste, appear to have had rare good fortune this past season in timing their visits to many of the most important places of the East so that they should fit in with special events making these places (to the visitors) doubly interesting. Wherever the company has gone it has made hundreds of admiring friends by the sterling musical ability of its members, and there seems every good reason for the managerial belief that the return visit next season to India, the Malay States, Java, Manila, China and Japan will pass into the history of music in Asia as quite the most successful tour of any concert party yet heard in the Far East. The verdict of the Press that the Withers is the most musically group of artists Asia has as yet entertained is based upon the company's evenly-balanced quality quite as much as upon the superior artistry of the individual members of the party. Seats are on sale at the Bergstrom Music Co.

## STRIKE

(Continued from Page 1)  
"I cannot say. Some may go to Waihawa. Some may go to Honolulu. Some may go back to Japan."  
"Do you think that some of your men will go to South America?"  
"I cannot say."  
"Supposing your money and supplies are exhausted, what will you do next?"  
"We will look after that."

"Will you not possibly reconsider your action and remain at work here in Waihawa?"  
"No, unless we were given higher wages."  
"Who are the heads of different camps, who attended the meeting?"  
"What do you want to know their names for?" came back the leader and chairman of the meeting.  
"Because I desire to get their statements direct from them," answered the reporter.  
"Do you want to address them at a meeting?" the reporter was asked.  
"Well I do not want to interfere with

your meeting. I am simply here to learn the exact situation of the strike, on behalf of the Bulletin."

Just then one of the men entered the hall and attracted the attention of the speakers. The conversation was carried on in the office of the Waihawa High Wage Association. The doors and the windows of the office were crowded by interested spectators. The conference was very pleasant.

**Visit to Camps.**  
The reporter next visited the different camps. At Puuki camp, where a meeting was being held in the Japanese school house, a large number of Japanese was present. The meeting was confined to the heads of different sections outside of Kawailoa. In the yard, adjoining the school building is a Japanese temple and office for the High Wage Association of Waihawa. These two buildings were also crowded by the strikers, who wanted to know the decision of the conference.  
**Contract Men to Stay.**  
Almost all the contract men expressed their desire to hold on to their jobs. The others insist on leaving.  
**What Mothers Say.**  
The children and their mothers were

also interviewed by the reporter. The women are only too glad to remain where they have been making their homes, but they said it was up to their husbands to decide for their future.

**Home Gardens.**  
The children have vegetable gardens, where papayas, bananas, and various vegetables are planted. Some of them were busily engaged in improving their vegetable beds, evidently not knowing that they were to abandon them forever. In some of the quarters could be seen preparations to vacate the premises. Trunks and blankets have been packed and ready to be taken away at a moment's notice.

**Contract Men Stay.**  
One of the contract men, who has been in the plantation for many years, said that he would not leave Waihawa. He asked Deputy Sheriff Cox for police protection, and this was promised him. The contract man said that he has been working hard in the field for the support of himself and his family. He admitted that he wanted to get higher wages, but believed in sticking to his job and let the "boss" decide what is properly due him. Before coming to Hawaii he was an undertaker in Japan, and as such he is undertaking his own affairs.

**Pump 3.**  
According to the statement of one of the Japanese in the camp at Pump 3, about one-half of the men will quit work, while the rest will remain on the plantation. There are 108 men in this camp. When visited, the men and women with their children on their backs, came about and talked freely with the reporter and Deputy Sheriff Cox. They were orderly, and naturally they said they were in favor of receiving higher wages.

**60 Men Camp.**  
The Japanese at the 60-Men Camp, so called because there are 60 men living there, will, according to Mr. Tanabe, one of the men, continue to work, as they have been doing in the past. The men are among the best laborers that could be seen in the Waihawa plantation. Many of the children have secured citizen papers.

**Mokuleia Camp.**  
In this camp there are twenty-two men living, besides the families. Mitsuhiro, the spokesman, stated that while they at first intended to leave the plantation work, they subsequently found that they were in error. Hence, they changed and have decided to remain at their work. Mitsuhiro was formerly a coachman for the late Henry Waterhouse.

He said that he and the rest of the men could not afford to go on strike, because of their wives and children.

The membership of this camp is gradually increasing, and before long there will be many more fathers and mothers domiciled in there.

**Gay Camp.**  
There are about 84 men in the Gay camp, according to Mr. Tsuda, chairman of the Sunday meeting. He lives in this camp. According to him the majority will quit the plantation, because the wages are insufficient.

**Lua Camp.**  
The Lua camp people are up in the air. They have not decided what to do. It is expected, however, that they will arrive at some conclusion some time today. It is generally believed that they will quit work.

**Kawailoa's Powerful Man.**  
The Kawailoa men, as was previously reported, will stay by their cane fields. The chief spokesman in convincing the laborers to stay, is Sato, once a deputy sheriff in Japan before

coming here. He has been in the military service of the Empire, and as such had a fine command of language and military aspect which impressed the strikers to stick by their job. Although he is hated by the Japanese agitators, he pays no attention to their threats. "I don't believe in striking like this," said Sato. "It is not a manly way of asking for better wages."

**Under Police Protection.**  
Deputy Sheriff Cox, who is generally liked by the Japanese in Waihawa, last night posted a number of policemen in the Sixty Men Camp, Mokuleia Camp, and Pump 3 Camp. This was done at the request of the men, through Manager Goodale. The men living in these camps are mostly contract men. They want to go to work, and in order that they might be safe from attack by thugs they asked Deputy Sheriff Cox for protection. The men said yesterday that they do not care to leave their cane fields, where they have put in their strength and labor, with a view of getting prosperous returns at the end of the season.

**Loves the Place.**  
"I don't want to leave my large cane field there for the benefit of the plantation, and in order to please the strikers," said one of the men, who declined to give out his name. "I have lived here for some years and I have come to love the place," continued he. "I believe that if the Japanese will only be 'hoomanawani' (patient), they will get better wages."

**Engineer Corps Surprises.**  
The presence of the Engineer Corps in Mokuleia is a source of much curiosity to the Waihawa Japanese. They seem to believe that Uncle Sam is keeping himself close to the field of trouble. A week ago Sunday about one hundred cavaliers from Lilehua rode through the streets of Waihawa. They were armed, carrying rifles, swords and other military weapons. Their presence in the Waihawa district opened the eyes of the strikers, and since then some of the men have decided to return to work. Some of the Japanese were curious to know about the presence of "Uncle Sam's boys" at Mokuleia. Some Japanese believe that those camping there are from the Lilehua Cavalry Post.

**Consul at Waihawa.**  
In the afternoon Japanese Consul General Uyeno, accompanied by two of his secretaries, arrived at Waihawa in an automobile. He called on private business. Some of the Japanese strikers did not know their Consul General by sight. But when told they were pleased and spoke very highly of him. The Consul did not publicly speak to the men there.

## PROCEEDINGS AT EWA

The leaders and the supporters of the Ewa High Wage Association held a meeting in the Japanese Music Hall Sunday. Their meeting, though quiet and orderly, was interrupted unexpectedly by the announcement of the presence of the Advertiser reporter, by one of the attendants.

"Kwaicho," which means chairman, cried out a well-dressed young Japanese man. "Here is either an Advertiser or a Bulletin reporter."

The chairman, who wears glasses, looked over his eye-magnifiers to see if he could pick out the malibini. The audience of about 250 turned around to see the man. The Bulletin reporter, who understands the Japanese language and can read a little Japanese himself, rose up among the Japanese who stood up excitedly, and attracted the attention of the chairman, who was approaching the main door to meet the malibini. He was accompanied by a large number of his followers. It was a moment of excitement for the reporter, but he kept his eyes and ears wide open, so that none of the whispered remarks should escape. The men were disposed to be ugly if he was found to be an Advertiser reporter. If he was a Bulletin man it was all right. When the chairman who is not acquainted with the reporter, had met him, he politely asked the reporter to come out, so that he might tell him the proceedings of the meeting.

# ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine—"I have been a great sufferer from organic troubles and severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and I was entirely cured after three months' use of them."—Mrs. S. A. Williams, R. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ill, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial. Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

Holland's princess appears to be due for an eventful life when escape from carriage accident marks her first appearance in public.

San Francisco may be credited with being the greatest city on earth when it comes to fighting disaster and refusing to down.

Hawaii the more deeply regrets President Taft's inability to consider the western trip because it is brought about by the illness of Mrs. Taft.

The Japanese laborers were prepared to give a representative of the morning paper the same sort of a welcome as they handed out to the agitators.

The Garden Island is beginning to suggest that Kauai should have a commercial club. Keep at it. Keep incessantly at it, and eventually the people of every community will realize that the people should form a civic organization to work for the common good. It makes no difference what they call it, Commercial Club, Improvement Association, Board of Trade or what not, so it gets the people together, all at work in the glorious cause of boosting the home town and thereby helping all Hawaii.

## THE BROKEN STRIKE.

The men and women with homes constitute the greatest power that has operated to break the strike of Japanese laborers and defeat the schemes of the agitators.

This is apparent from the action of the Ewa workmen and the independent insight of the situation obtained by the Bulletin representative in his conversations with the people with whom he came in contact about the plantations visited on Sunday.

The people with property, the men with children who are looking forward to permanent citizenship in the country, have no real sympathy with the movement assumedly started in their behalf, but found in practice to be for the benefit of the agitators, while the laborers pay the price. They have come to appreciate the wisdom of the courageous and intelligent leader of Kawaiahae, who is anxious enough for higher wages, but knows that the strike is by no means the way to reach the desired end, promote the welfare of Hawaii, or add to the high esteem in which the Japanese of the Territory are held.

President Taft in his article published in McClure's magazine made the statement that in the long run the intelligent workman thinks for himself; he cannot be led by the nose by demagogues.

The return of the Japanese at Wai'alua and Ewa plantations proves how true this is of our plantation laborers as well as of those men to whom Mr. Taft had specific reference.

The strike was broken when the men of the Kawaiahae section at Wai'alua returned to their fields. This action on the part of the workmen, backed up by the conservative Japanese of the city, has all had the effect of defeating the agitators, whose only hope of success is to arouse the laborers to a state of unthinking excitement, keep them stirred up with falsehood and false promises, and away from the facts. Japanese workmen are thinking for themselves. And therein rests the assurance that the refusal to work will fast disappear in Hawaii as a weapon for bringing about a greater consideration from employers.

Agitation and intimidation, Agitators and Thugs, were never more completely repudiated than they have been at Ewa and Wai'alua plantations. Kahuku is unfortunately still under the spell of false leadership, but there can be little of the general result when

common sense and good sense are on the one side and evil on the other. Now, as never before, the Territory is getting acquainted with the conservative, permanent, prosperity-building element of the Japanese residents. And since the people of this class are making a strong stand against the forces of intimidation and slander they should receive all the support and encouragement possible from the citizens of Hawaii.

As to the Agitators? They must, of course, go. There is no permanent place for Agitators or Thugs in the Territory of Hawaii.

## STRIKE.

(Continued from Page 3)

door, those present, who were acquainted with the reporter came out and told the chairman that the reporter was a Bulletin man, and that they knew he would not write anything to hurt their feelings. He was not an Advertiser man.

Invited into Meeting. The chairman, having been convinced by his friends, who are also friends of the Bulletin, that the visitor was "a Japanese," as was remarked jokingly, he ordered the meeting to proceed. The reporter was then given access to the meeting without further trouble or doubt on the part of those present.

Return to Work. Shortly after 6 o'clock last evening, the Ewa Japanese decided to return to work. This decision was approved at the meeting, which had lasted the whole day. Chairman Hirota was authorized by the meeting to inform Manager Renton of the decision.

Pleased With Renton. A large number of the Ewa Japanese, whom the Bulletin reporter interviewed, stated that Manager Renton was a good and fair man. They said most emphatically that they had no kick to make about him. "I tell you," said one of the leaders, "that Mr. Renton has treated us right in the past. We decided to stay because we believe he will do the right thing by us. We expect to get better wages as time goes on."

The Japanese Consul General and his secretaries passed through the meeting place in an automobile. The Consul did not stop to talk to the meeting. The members of the Japanese Merchants' Association, consisting of Messrs. Takakuwa, Yonekura and Motoshige, together with Mr. Tokieda of the Yokohama Specie Bank, also were callers at the meeting. Mr. Takakuwa addressed the meeting.

Ministerial Unionists Call. Another automobile, carrying Rev. Imamura of the Japanese Buddhist church, Rev. Okumura and others, also called at Ewa and spoke at the meeting. Rev. Imamura was the spokesman of the combination. What he said at the meeting none of the Japanese present cared to repeat.

Japanese Notices. Outside the main door hangs the sign of the Ewa High Wage Association. The Japanese present at the meeting stated to the Bulletin reporter that that association in Ewa was declared abolished, because the men had decided to return to work.

Contributions. The subscription list, giving the names of the camps which contributed toward the strike fund, hangs on the makai side of the door. According to the list it states that from May 23 to May 27 there was collected from different camps a total of \$3743. Of this amount \$2400 was deposited in the Yokohama Specie Bank.

When the Japanese found out that the reporter could read the notices, they read away, evidently to talk about the advisability of letting the notices remain as they are, or to tear them down.

Asks the Reporter. "Do you read Japanese characters?" asked one of the Japanese. "To a certain extent," replied the reporter.

"Well! Well! This is amusing," remarked the inquirer. He then began to ask about the action taken by the Wai'alua Japanese, and what the Planters' Association intended to do in case they returned to work.

What Planters Will Do. The reporter told him that he was not in position to know what the Planters intended to do. He asked

again whether the reporter had heard that the planters, at their conference, held recently in Honolulu, decided to give the Japanese laborers \$2 more a day per head, to which the reporter answered in the negative.

"Do you know then, that Mr. Baldwin of Maui, present at that meeting, opposed the increase of \$2 per head?" continued the spokesman.

"No, sir," answered the reporter. "Do you think that the planters will raise our wages, if we return to work?" "I don't know, sir."

"Do you think it is fair for them to pay us less wages than any other nationalities?" "Well, it is up to them to answer that question."

"Do you know that the United States stands for equality?" "I do, sir."

"Why then, her people treat everybody alike, regardless of color or nationality?"

"This high-wage problem is a question to be settled between the employers and employees. The United States has nothing to do with this matter."

The spokesman, apparently not satisfied with the answers, thanked the reporter and went away.

Ewa Camp People Happy.

The occupants of the camps in Ewa are evidently contented and pleased with their quarters. While the meeting of the leaders was in progress those who did not go to the meeting passed their time happily in athletic sports. Some of them were learning how to use the horse whip when driving a team of mules. Others were wrestling, while others were up on

horizontal bars, exercising their muscles.

The mothers and their happy children on their backs, were walking the alleyways, taking in fresh air and cleaning their vegetable gardens. The older boys and girls, apparently uninterested in the strike, were innocently watering and planting papaya trees and vegetables. Some of them stated that they go to school daily, while others said that their fathers and mothers have secured Hawaiian citizen papers for them.

One man, well acquainted with the reporter, when seen on the road, stated that he was and is still for higher wages. He admitted that he was a contractor, but stated most emphatically that he would quit the plantation life if not given higher wages. He said he had about 100 men in his gang, who were willing to give up their cane field to their loss and for the benefit of the planters.

General Expression.

The general expression of the Japanese in Wai'alua and Ewa plantations is that they have the highest regard for Manager Goodale of Wai'alua and Manager Renton of Ewa. They said that it is hard for them to find better men, as plantation managers. The plantation quarters are comfortable, and those of Wai'alua plantation are especially pleased with their homes.

**Wai'alua Leader Weeps.** Tsuda, chairman of the Wai'alua high-wage meeting, while talking yesterday afternoon to the reporter, showed a sign of his great "aloha" for Manager Goodale. His eyes were misty and he had difficulty in holding back the tears. He said that it was hard to part from Manager Goodale, but under the circumstances he had to take the consequences.

**Tsuda and the Law.** Mr. Tsuda, who believes in and respects the laws of Hawaii, said that he had repeatedly told his adherents to respect the laws, and to show no sign of violating any parts thereof. He said that when they leave the Wai'alua camps they will do so peaceably. Whether they will come to Honolulu or Wai'alua or other places on foot he did not say.

**Sheriff Cox Praises.** Deputy Sheriff Cox speaks well of the Japanese in Wai'alua. They are law-abiding people. The Sheriff, when ever he went around the different camps Sunday, was received cordially by the Japanese. He speaks a little Japanese.

**Given Protection.** He told the Japanese in the camps Sunday that he would place a number of his force in certain camps, where the contract men are living, to see that they are protected, when going out to work.

**Kahuku Men Quit.** Before leaving Wai'alua and Ewa yesterday reports came from Kahuku to the effect that the Japanese laborers will quit work today. Some of them have already packed their movable goods, preparatory to leaving.

## HONOR MEMORY OF KAMEHAMEHA GREAT

Queen Takes Part In The Services At Old Kawaiahae

Out of respect to the memory of Kamehameha the Great, the Kamehameha Lodge and the Kaahumanu Society, yesterday morning, attended service at Kawaiahae church. The officers of Kamehameha lodge wore their feather cloaks, while the members wore yellow leis around their necks.

The Kaahumanu, numbering in the neighborhood of two hundred, marched into the church in their official attire. They, like the members of the Kamehameha lodge, carried themselves with dignity and occupied the makai side of the middle row, while the Kamehamehas sat makai.

Prince Kalaniana'ole, together with other officers of the lodge, occupied prominent seats near the pulpit. Rev. H. H. Parker and Rev. S. L. Desha also were in seats near the pulpit.

The church was filled to its capacity. The singing of a special quartet, consisting of Messrs. George Smith and Sol. Meheula, and Miss Kulamann Ward and Mrs. Booth, was the center of attraction. They sang a chant, composed by Her Majesty, Queen Liliuokalani, who was present. Miss Ward and Mrs. Booth both sang the Hawaiian words very plainly.

Rev. Mr. Desha preached a fine sermon. His listeners did not grow tired, though the sermon was long, ending after 12:30 o'clock.

### MAYOR IS LOOKING FOR DELEGATES

### City Can Name Eight For Trans-Mississippi Congress

Mayor Fern is looking for eight delegates to the twentieth annual session of the Trans-Mississippi Commercial Congress, which will convene at Denver, Colo., on August 14.

The City and County of Honolulu is entitled to eight delegates, and the Mayor is anxious to have the full quota there if possible. Governor Frazier will probably appoint at least ten delegates, and both the Chamber of Commerce and the Merchants' Association will also be represented.

The trans-Mississippi Congress was created in Colorado, and now, after an interval of nineteen years, will hold another session in the state of its birth.

As a ship subsidy will be one of the important topics of discussion at the trans-Mississippi Congress, Hawaii is particularly interested in the sessions, and an effort will probably be made to have present as many delegates as the by-laws of the association allow the Territory.

Several names have already been submitted to Mayor Fern as suitable persons to represent Honolulu at the congress, and His Honor will probably offer the appointments to some of those suggested within the next day or two.

**SPORTS**  
**Local Bats Are Too Good For Sailors**  
It was a ripping game of cricket on Saturday at Makiki, and the combined ships got the surprise of their lives. And who would not be astonished at seeing seven wickets fall for twenty runs, and then gaze on the spectacle of the "tail end" knocking up eighty runs, aye, eighty and one!

The fact of the matter is that the bats bats of the H. C. C. were sent in last, and as the first seven wickets fell so quickly, and at such little cost, the combined ships thought they had a snap on, and as Captain Buchly went in to bat he remarked: "We thought you had a strong team in Honolulu." "Why, yes," replied the H. C. C. captain, "so we have." "But seven wickets for twenty runs looks bad," persisted the sailor. "And now you only have three more men for us to get out." "That is right," chipped in Buchly, "but they won't go out!"

And something very like that happened, too, for Buchly hit up 45 and retired. Harrison was bowled after making 19, and Bob Anderson, who went in last, carried his bat out for 7. "Mr. Byes" made no less than 12 runs, and the H. C. C. total was 191 to their opponents 62.

Buchly was in fine form, and on going to the wickets hit three fours for a start. One lovely stroke of his went clean over the dressing room and landed in the street; his strokes all around the wicket were good, and he certainly gave the sailors a taste of his quality.

For the ships, Hilliard, who made 20, did best, and his batting was a treat to watch. Coates and Marcellino also did well, making two runs apiece. Turner (not the celebrated Victor) was not out for one run, and his style of batting did not remind one greatly of the famous Australian.

It was a most enjoyable game, and it is probable that a return match may be played in the near future. Quite a crowd of people turned out to watch the game, and although it was a risky thing to do, the H. C. C. way of putting in the best bats last won the match in fine style. The score was as follows:

The All-Dry-Goods combined team defeated a team from Wichman's by a score of 16 to 9 yesterday. The Dry Goods bunch are ready to take on any business house team in the city, and are anxiously awaiting challenges from representatives of any teams that want a game.

The fact that the Oahu Baseball League has made a start and has arranged its schedule, is the beginning of "Big League Ball" and will be the stepping stone to the game flourishing once more in the future as it did in the past.

There will be a meeting of the Kalaianole League in the Orpheum Theater at 7:30 on Friday night next.

The motorcycle that I noted for its Simplicity, Durability, Strength, Power and Speed.

The economy of the motor bicycle appeals to all. Its cost of maintenance and operation is so insignificant as to make motorcycling the most economical form of transportation known today. When you stop to consider the vast amount of recreation and pleasure obtained at such low operating cost, it is not surprising that motorcycling is steadily gaining in public favor. And when you bring to these conditions a machine that is perfect in construction, and dependable under the most severe service conditions, there can be little cause for wonder that the "R-S" Motor Bicycle has gained such a strong hold on public favor.

## SMART CAPTURE OF AN ALLEGED BURGLAR

Chief Leal made a smart capture of an alleged burglar this morning at the corner of Alapai and Young streets. It appears that about 10 o'clock last night G. S. Curry, who resides at 1328 Makiki street, heard a noise around the back of his home, and, on investigating the matter, came across a Japanese who was evidently trying to get in the back door. Curry at once started after the Jap, who fled down the street end, showing great fleetness of foot, and, capturing the intruder, Curry, who was able to give a fairly good description of the intruder to Leal, who at once started out on a hunt for the man.

The description of the night prowler seemed to fit a Japanese named Tatima Kiechl, who Leal thought was in jail, but an inquiry elicited the fact that Tatima had been discharged from prison yesterday morning. This convinced Leal that he was on the right track, and he at once started out to search the haunts of the supposed burglar. At 9 o'clock this morning the Chief located the Japanese at the corner of Alapai and Young and at once arrested him.

In the meantime it was reported to the police that the residence of Kapiolani Park caretaker Young had been gone through and some milk and other stuff stolen. The Chief captured his prisoner, Curry, here, at once connected Tatima with the affair, and from present appearances it seems that he is right. The matter is being investigated now and will probably be settled this afternoon.

## Polo Practice At Moanalua Saturday

Eight polo players turned out on Saturday afternoon at Moanalua, and some good practices were had. Walter Dillingham was also present, but did not play, as his ponies are not in condition. However, a step was taken in regard to electing a captain of the club and arranging matters for the future.

Dillingham was unanimously elected captain of the Honolulu club, and it was decided to challenge both the Maui and Kauai teams. An effort will be made to have a gymkhana early in September, and, as the Lilehua Army men will also take part in the tournament, the whole affair should be one of the best ever pulled off at Moanalua.

Such a tournament will draw a big crowd, as everyone is anxious to see how the military men will stack up against the players from the other islands, to say nothing about the local men.

On Sunday, June 26, the Honolulu team will play a match against the Fifth Cavalry at Moanalua, and much interest is being taken in the game. The Honolulu team has not yet been selected, but there is plenty of available material on hand, and several new players have made a start at the game the prospects look very bright for most exciting games.

Dr. Archer Irwin is showing good form, and as soon as his new mount has a little more work and steadiness down, he will make the rest of the players sparkle up a lot. The Rev. Mr. Turner of Maui is taking to the game in fine style, and, although only a new hand at polo, shows every promise of becoming a first-class player before long.

The eight men who turned out on Saturday were Dr. Baldwin on Prince, George Denison on his unnamed brown mare, E. H. Davis on Surefoot, John Fleming on Para, Dr. Irwin on his new filly and Rev. Turner on a bay.

Several periods were played, and Baldwin, Lewis and Fleming, as usual, showed tip-top form. Their hitting was clean and brisk, and the back-hand strokes of Fleming were particularly good. All of the players are very keen on the game, and as they are evidently getting into form, the game against the Schofield Barracks contingent should be a fine one.

It is just as well that the game for Friday next could not be played, as there is so much in the sport line scheduled for that day that many people would be unable to go to the polo, having other engagements to fill.

The Cavalry officers are said to be practicing hard and are reported to be improving every day in their play. They should put up a fine game against the Honolulu team on June 26.

## M. U. D.S GETTING THEIR FROM THE DIMOND TEAM.

The Wall Nichols bunch of ball tossers have again changed their name, and, as they were warned some time ago what would happen if they were ever defeated, they will not be surprised at being alluded to as the M. U. D.s in the future.

Yes, it is too true, the late Irresistibles got theirs to the tune of 26 to 12 at the hands of the Dimond crowd. The Vierra boys ran up against a snag when they challenged the Dimond team. It happened thus: After a careful scrutiny of the hardware staff, and sizing up their strength, the W. N.s agreed to the game. Unfortunately they overlooked the warehouse department of Dimond & Co., and great was the consternation when the Irresistibles (they held the title then) stepped on to the diamond and found that the Dimond team was made up of quite a number of the Kapiolani League men, who are employees of Dimond & Co. in their warehouse.

The W. N.s saw they were up against it, but did their best and managed to make 12 runs, which was very good under the circumstances. A. K. V. is doing as well as can be expected, considering the painful state of affairs, and is just now wondering what new name the W. N.s will get if they win their next match.

## Slug Slug Slug Tells Story Of Fight

W. W. Naughton says of the great fight between Battling Nelson and Dick Hyland:

Battling Nelson is still the king of the lightweight division. He stood to his guns for twenty blistering rounds with Hyland, the Grass Valley lad, in Coffroth's arena yesterday, and then coolly signaled the moving picture machine to get ready for the finish. He went at Hyland with double fury and dropped Fighting Dick twice in the twenty-first round.

But the contest did not stop there. Dick, who was exhausted, managed to keep on deck until the twenty-third round was well under way, and then he sank beneath a savage left dig in the stomach.

As Hyland lay on his side after the final blow his condition was so pitiable that Referee Eddie Smith signaled the timekeeper to desist from his labors and declared in favor of the Durable Dane.

It so happened that Hyland's brother was climbing into the ring at the moment, bent on saving poor Dick further mauling, so that there isn't a chance of the referee being charged with premature interference.

The fight was one that can be easily described. It was slug, slug, slug from the first tinkle of the bell. It mattered not whether the men's arms were partly interlocked or whether the pugilists were standing apart. It was a case of perpetual motion.

## HIGHLANDS ARE DISPLACED BY REACH TEAM.

There were two games of baseball at Kapiolani Park yesterday, and the second of these, that between the All-Stars and the Highlands, caused a surprise, in as much that the former team defeated the latter by a score of 15 to 3. This win of the All-Stars deprives the Highlands of the lead in the Kapiolani League and puts the Reach team in the premier place with a percentage of .750.

The first series in this league will be panned next Sunday, when the All-Stars play the Tokiwans. The other game between the All-Hawails and the Highlands may not come off, as the former team is supposed to have retired from the competition.

The Reach team defeated the Tokiwans yesterday by a score of 14 to 2, and this victory puts them in the lead as regards the first series.

Burns and his hardware team are taking up the place of the All-Hawaii team in the second series, and may be relied upon to make things interesting for the rest of the teams in the competition which begins on Sunday week. The Kapiolani series of ball is attracting a lot of attention lately, and big crowds of people journey out to the park every Sunday to watch the games. The standing of the teams is as follows:

	P.	W.	Pct.
Reach	8	6	.750
Highlands	7	5	.714
All-Stars	6	3	.500
Tokiwa	7	2	.286
All-Hawaii	.....	.....	Retired

## JACK BALCH IS GLAD TO BE GETTING HOME

"Had a fine time, but am glad to get home," Balch. The foregoing wireless message was received last night from Manager J. A. Balch of the Wireless Telegraph Company, who is a passenger on the Matson liner Hilonian. The Hilonian will reach here Wednesday evening, and a jolly reception awaits Balch.

Balch is accompanied by his bride. The fact that he slipped away and entered the bonds of matrimony on the quiet, without letting even his most intimate acquaintances into the secret, will be regarded as ample excuse for a royal reception, and "Jack" will surely get it.

Among the visitors from California now in Honolulu is Mrs. Walter Scott, formerly Ethel Amweg, who attended Panahou a few years ago. She is here on her honeymoon and is a "rest at the Moana."

C. Webster, who put up \$6 ball when arrested last night for being boozed, failed to appear in court this morning and his bail was forfeited.

Mr. and Mrs. Herdemann are expected to arrive home on the next trip of the Siberia. They have been for some time in New York City.

## Cooper Cup Is Won By Maggie

The Cooper Cup was sailed for on Saturday at Pearl Harbor and resulted in a win for the Maggie, which was sailed by Alec Lyle. He brought his hooker over the line five and one-half minutes inside his handicap, and getting within two and a half minutes of the Defiance, which was the next craft to finish.

Although the Maggie won the race, a protest has been lodged by the skipper of the second boat against Lyle being awarded the prize, it being alleged that the Maggie cut some of the corners off the course. The protest will be considered today by the regatta committee, and as soon as a decision is arrived at the result will be published.

Saturday was a fine day for a race, and the start was made as soon as the Hawaii arrived with the committee aboard. At 11:25 the yachts started on their round of the harbor, and the Maggie was the first to cross the line, three seconds after the gun had gone. The Chip closely followed the Maggie, and the Defiance came next. The last boat to cross the line was the Malolo, which was one minute after the starting gun had gone.

The Defiance was the first boat to round the outer mark, at 12:15, and she was closely followed by the Maggie at 12:16:26. Following the leading boats were the Dagmar, Malolo and Chip, in close order. As soon as the buoy was rounded the Maggie and Defiance began to draw away from the rest of the craft.

After passing the Waiata mark the Maggie was rapidly overhauled by the Defiance, but the wind freshened and the Maggie gained a good deal on the run from the western end of Ford's Island to the finishing line.

The finish of the race was very exciting, and the Defiance crossed the line just two and one-half minutes ahead of the Maggie, and as the latter had a handicap of eight minutes she won by a margin of five and one-half minutes.

It was a most enjoyable day and the yacht people who went down on the yachts had a grand time. The handicaps and times of finishing were as follows:

	Elapsed Time	Corrected Time
Maggie, 8 mins.	2:46:20	2:38:20
Defiance, scratch	2:43:50	2:43:50
Malolo, 20 mins.	3:07:05	2:47:05
Dagmar, 15 mins.	3:13:01	2:58:01
Chip, 20 mins.	3:25:03	3:05:03

## GUARDS DEFEAT REGULARS BY SEVEN POINTS.

Although only two teams took part in the shoot at Fort Shafter yesterday, the competition was most exciting and close. Seven points only divided the scores of the N. G. H. and the Twentieth Infantry at the close of the shoot, and the result was most encouraging for the Guards.

At the 200 yards range the Shafters lead the Guards by four points, but at the 600 yards the N. G. H. made up the difference, and managed to make also the seven points they finally won by.

The official score was as follows:

	N. G. H.	200 yds	600 yds	Total

## A "Square Deal" For Your Feet

This is a little homily on footwear—your Sox.

Your feet are entitled to the best—give it to them.

They cannot be comfortable in ill-fitting, unsanitary sox, whose colors run and fade, and whose feet rapidly fill with holes, to run up darning bills.

It's not Economy, either.

"Square Deal" Sox cost no more than the inferior, unguaranteed kind, and are a lot more satisfactory—finest quality Mercerized Lisle, absolutely fast colors, strong, seamless, thin and comfortable, guaranteed to wear six months, or will be replaced with a new pair free.

That's the Maker's guarantee—we back it.

Six pairs in a box—black or tan, \$2.00.

Now on display in our Bethel street windows.
