RESTORED TO HEALTH

BY THE USE OF

Ayer's Sarsaparilla

Mrs. M. A. Cumming, of Yarraville, Victoria, Australia, says:

"About a year ago, I had a severe attack of influenza, which left me very weak, without energy, appetite, or interest in life. Obtaining little or no relief from doctors, or from the many remedies recommended to me, I finally tried Ayer's Sarsaparilla, and from that time, I began to gain health and strength.

I continued the treatment until fully recovered, and now have very great pleasure in telling my friends of the merits of Ayer's Sarsaparilla, and the happy results of its use. I consider it the best blood-purifier known."

FITS CURED

(From U. S. Journal of Medicine.)
Prof. W. H. Pecke, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes a valuable work on this disease which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P. O. and Express address. We advise anyone wishing a cure to address, Prof. W. H. PECKE, F. D., 4 Cedar St., New York.

THE LEGISLATURE.

THE CABLE SCHEME MADE PUBLIC THIS MORNING.

After a Hard Fight to Prevent Rail-roading, it Was Referred to a Special Committee of Five.

FIFTIETH DAY, AUGUST 12TH.

THE SENATE.

After the usual preliminary's consequent on the opening of the Senate Minister Hatch announced that the President had signed the bill's creating a Labor Commission, making extra appropriations for the use of the Legislature, exempting public libraries from taxation, repealing previous cable legislation and the new cable bill.

The Senate concurred in the House amendment to Senate Bill 13, regulating the proceedings on motions for new trials.

After waiting half an hour Minister Hatch finally presented a communication from the President stating that with the consent of the Cabinet he had entered into a contract with Zephaniah Swift Spalding looking to the laying of an inter-island cable and also one to the west coast of the United States. The contract as read to the Senate occupies thirty odd pages of type-written matter of which the following is a synopsis:

The government of Hawaii grants to Spalding and his assignees the exclusive franchise for a cable between San Francisco and Honolulu and an inter-island cable for twenty years from November 1st, 1895. The contract provides that the western terminus of the cable must be at or near San Francisco and the local terminus at or near Honolulu for the full term of twenty years, and that the exclusive right guaranteed shall not interfere with the right of other countries with whom Hawaii has treaty relations to touch at these islands with cables intended strictly for military or naval purposes.

The subsidy granted is \$40,000 per annum, payable in U. S. gold coin at the Finance Department in quarterly payments of \$10,000. In consideration thereof the contractor binds himself to commence the actual laying of the cable on or before May 1st, 1897, and complete the same before November 1st, 1898. It recites that the contractor will use his best endeavors to obtain a subsidy from the United States Congress and that a failure to do so will terminate the contract at the option of this government.

Interruptions in cable communications, after once established, for more than ninety days at a time will result in forfeiture of the subsidy at the rate of \$30,000 a year on the through cable and \$10,000 per year on the inter-island one.

Should either line fail to keep up communication for a year the contract becomes null and void.

The government grants Mr. Spalding the free use of the right of way across all government lands for the necessary land cables and also convenient sites for terminal offices, etc. All material used in the construction of the cable is admitted free of duty and all ships exclusively conveying such material are to be exempt from all harbor or port dues except pilotage. The property of the cable company is also to be exempt from taxation for twenty years.

On his part the contractor agrees to construct and maintain an inter-island cable commencing at Kawaihae on the island of Hawaii and thence running to Nui on Maui. From Nui the cable will run to Pukoo on Molokai, and from thence across to Waikiki. From there it will run overland to Waianae, then under water to Nawiliwili, Kauai. The total length of the inter-island cable will be 177 miles. The through cable will start from Waikiki and land at Monterey bay, 75 miles south of San Francisco or in case the Chamber of Commerce of that city should construct the much-talked-of line to the Farallone Islands, 40 miles outside the harbor, it may land and connect there. The contractor agrees to have everything in running order by November 1st, 1898, but secures himself with the usual proviso in case of strikes, lockouts, etc., which may affect his contracts.

After the inter-island line has been in operation for one year the Hawaiian government may assume ownership thereof upon paying the actual cost of the land lines built in connection with it and no more, the contractor agreeing to deliver up the same free from all liens and debts whatsoever; the government, however, continuing to pay the full amount of the subsidy for the remainder of the term.

Much space is devoted to specifications containing the size, weight and quality of the cables used. The main wire will of course be of copper of such a thickness as to weigh 400 pounds to the mile and having a capacity of transmitting at least fifteen words per minute without intermission. The cable as protected with the necessary rubber and galvanized iron wire coatings must be able to stand a uniform pressure of 52 tons to the square inch.

The maximum rates for inter-island messages are ten cents per word, but the company is not obliged to accept any message for less than one dollar.

Through rates are to be one dollar per word or such rate as may be fixed by the government of the United States. Press rates are to be one-half the above, but no message may be sent for less than one dollar. Should the messages sent be to Japan, China or Australia by way of San Francisco only a pro rata of the whole distance is to be charged at the rates of the connecting lines. All government messages are to be free up to the amount of the subsidy at regular rates, after which the usual rates will be exacted.

The contractor deposits with the Minister of Finance \$25,000 in Hawaiian bonds as a guarantee of good faith, to be forfeited if he fails to keep the conditions of his contracts; otherwise to be returned to him upon the completion thereof.

The contract was signed this morning by the President and members of the Cabinet and Col. Spalding.

Minister Hatch then introduced a Joint Resolution approving the terms of the contract.

Senator Brown in moving the adoption of the resolution said that Hawaii was now entering upon a new era and the time had come when a cable was a necessity. He considered Col. Spalding's the most business-like proposition yet advanced and he was heartily in favor of it. The Australian cable proposition advanced by Messrs. Sandford Fleming and Mercer included a \$35,000 subsidy and offered no inter-island communication. For \$5,000 a year extra all the islands of Hawaii were to be connected. That certainly was little enough considering the great benefits which

would arise from it, in business as in other matters. He called attention to the fact that under the present route adopted the islands were not only connected with Honolulu but with each other. Of course, unless the contractors received aid from the United States the scheme would fall through. He believed they intended to ask for \$250,000 per annum, but whatever the amount was the whole thing hinged on favorable action by Congress. With regard to the exclusive clause in the contract he mentioned that every franchise granted since 1888 contained a similar provision, but maintained that an exclusive franchise must be granted in order to procure the necessary money from the sale of bonds. Investors must have some assurance that they would be secure from opposition for a certain period at least before they would part with their money. He would submit that the way was open for the payment of the subsidy without taking one single cent out of the treasury. It was by licensing the sale of opium and placing the duty at \$6 per pound. The present system of conducting the opium business was simply a ludicrous farce, out of which the government gets nothing.

Senator Hooking moved to go into Committee of the Whole. He objected to the exclusive franchise because it shut out all opposition. Under the present plan the scheme was guaranteed a success from the start. He thought Hawaii should have waited for the action of the United States first. He agreed that the time was ripe for a cable, but Hawaii held the key to the position and should hold back. It was the Gibraltar of the Pacific and could dictate its own terms. If the Spalding scheme worked his company would have just \$2,000,000 the advantage of any other company desiring to construct a through line, and could effectually shut one out unless they agreed to Spalding's terms. "The more cables, the more business," the Senator said, and he wanted plenty of them. He thought that the moment the United States subsidized the cable plenty of companies would be bidding for it and Hawaii would get it for nothing. Our little \$40,000 a year would cut no figure in the cost. He called attention to the fact that Congress met in December and would be in session for months. We could shape legislation at the February session to suit the United States and know that what we were doing would be satisfactory to them. He did not believe in east-iron contracts with any one.

The Senator's motion was not seconded. Senator Schmidt moved that the resolution be referred to a select committee of five. He was in favor of the cable but did not believe in unseemly haste. He thought the committee should consult with the Chamber of Commerce and business men before reporting. Senator Hooking seconded the motion. Senator Brown did not believe in consulting the Chamber of Commerce or anyone else. It was lowering the dignity of the Senate. Senator McCandless favored the scheme, but objected to its being rushed through. The exact terms had only just been made public, and he believed the people and the press should be allowed at least 24 hours to discuss it.

Senator Horner agreed with the last speaker. The amendment was carried by a vote of 7 to 5, and the president

SATURDAY'S BALL GAME.

THE STARS ARE NOW IN THE ASCENDANT.

The Unknowns Try Hard to Win an Uphill Fight But Fail in the Attempt.

Five runs in the first innings gave the Stars such a lead in Saturday's game that the Unknowns were unable to get ahead although they played their best, being only credited with four errors during the play. One of these, however, by Woods was costly, as it let in two runs. The feature of the game was the good playing of both third basemen and their accurate throwing to first. Harry Wilder's throwing to second from behind the bat was also worthy of note and stolen bases were scarce on that account. Clarke of the Unknowns made the first clean home run of the season and was loudly applauded. Following are the details of the game:

Unknowns 1st—Willis hit to third and was put out at first, Duncan got in a base hit and was put out in trying to steal second. G. Woods got his first on a muffed grounder and was put out in trying to make a sneak on second.

Stars 1st—W. Wilder went out at first on a grounder to second. L. Hart got in a good square three-base hit amid the plaudits of the audience. Harry Wilder was struck by pitcher and took his first, Ganzel got first and Hart scored. Wodehouse got second and Ganzel scored. Lishman made a home run on Woods' wild throw and Wodehouse scored. Ross and McNicholl both flew out to Willis.

Unknowns 2d—Clarke took first on balls and was put out at second, Aiwohi got first on a line hit over third, Pryce flew out to shortstop, P Gleason got his first on a safe hit and stole second. W Woods made first and Gleason and Aiwohi scored, all on a muff by Ganzel. Thompson got first and Willis was put out before reaching that desirable spot.

Stars 2—Carter got his first on a muff by Willis, W Wilder got first but Carter was put out at second. L Hart got to first on a high fly which fell just inside the line. Harry Wilder got to first but Willie was put out at second. Ganzel knocked the ball into Lishman's hand and was put out at first.

Unknowns 3d—Duncan flew out to Ganzel, G Woods got to second on a scratch two-base hit, Clarke got third and Woods scored, on a wild throw by Willie Wilder. Aiwohi was struck out in one, two and three order, Pryce got first and Clarke scored, on a wild throw to third. Gleason went out on a grounder to first.

Stars 3d—Wodehouse made a safe hit to left field and got first without a struggle and afterwards stole second. Percy Lishman went out on a drive to third, Ross flew out to Thompson, McNicholl was put out at first on a hot drive into Woods' hands.

Unknowns 4th—W Woods flew out to catcher, Thompson went out at first, Willis struck a liner to third and was put out at first.

Stars 4th—Carter flew out to pitcher, W Wilder fanned the atmosphere three consecutive times, L Hart went out at first on a grounder to third.

Unknowns 5th—Duncan got his first, second and third on two muffs and was put out at the home plate on a passed ball. Geo. Woods couldn't find the ball at all and gave way to Clarke, who scored a clean home run on a magnificent hit to center field. Aiwohi got his first, Tom Pryce got in a base hit, Gleason struck out and retired his side.

Stars 5th—Harry Wilder got in a fine 2-base hit, Ganzel failed to reach first, Wodehouse got first and Harry Wilder was called out for running out of the line. Lishman got in a two-base hit and Wodehouse scored. Ross got to second and Lishman came home. McNicholl went out at first on a grounder to third.

Popular Topics of the Day.

This filibustering business is growing monotonous; the people who are engaged in manufacturing rumors should switch off and do something else or the government will lose confidence in them. Such reports do the country no good and we fail to see where the rumor makers are benefited—Hawaii does not seem to mind it much for things are as quiet and peaceful here as in a well conducted grave-yard.

We believe we have quite the best stock of leather in Honolulu and it comprises besides sole leather the celebrated Speits light and heavy harness leather, and leather for saddies. The best of russett and red calf skins. Leather for carriage makers, colored lining skins and soft dash leather. All kinds of leather is higher today than it was two months ago; in some instances it has advanced as much as ten per cent, but as we were well stocked before the rise we can sell at the same old price and perhaps a little lower. We have a very complete stock of Shoe and Harness findings and tools for all kinds of leather work—the price of which is entirely satisfactory to all of our customers.

We have the goods and the prices will suit you.

Unknowns 6th—Young Woods was first to bat again and flew out to Perry on the first ball. Thompson was struck out and Willis flew out to Ganzel.

Stars 6th—Carter went out at first on a liner to shortstop, Willie Wilder failed to get to first, L. Hart got to first on an error by Thompson, and stole second by a timely slide. Harry Wilder got in another two bagger and Hart scored. Ganzel hit to pitcher and went out at first.

Unknowns 7th—Duncan failed to reach first, George Woods got first on a muff by Wodehouse and got to third on a bad throw by catcher. Aiwohi hit a liner through Ganzel's hands and got first while Woods scored. Pryce flew out to Ganzel.

Stars 7th—Wodehouse went out at first on a liner to third, Lishman couldn't find the ball, Ross flew out to young Woods and the side was retired.

Unknowns 8th—Gleason got a base hit off the second ball and stole second, W. Woods struck out, Thompson got second and third on a muff by Lishman and Gleason scored. Willis flew out to right field and Thompson scored. Duncan flew out to Ross.

Stars 8th—McNichol flew out to Willis on a grand stand catch. Carter got first by the skin of his teeth and stole second, Willie Wilder was struck out, L. Hart got in a two-base hit and Carter scored. Harry Wilder got third and came home on two wild throws while L. Hart came home leisurely. Ganzel got second on a muff by center field and Wodehouse flew out.

Unknowns 9th—George Woods struck a liner to third and went out at first, Clarke hit a high foul to Lishman which he muffed and was then struck out. Aiwohi got a base hit, Pryce flew out to Carter.

Score, Stars 11; Unknowns 8.

PACIFIC CABLE SCHEME.

Action of the Hawaiian Government is Viewed With Favor.

The members of the prospective Pacific Cable Company are much encouraged by the action of the Hawaiian Government, as told in a dispatch to the Call yesterday morning.

According to this dispatch, the Hawaiian Government is strongly in favor of cable connection with the outside world.

The local members of the Pacific Cable Company think this action on the part of the Hawaiian Government will have the effect of hastening Congress to grant a franchise to a United States corporation, and also provide a subsidy for the construction of the long-contemplated cable. They are: Hugh Craig, General W. H. Dimond, George P. McNear, E. T. Allen, L. Parrott, E. B. Pond, M. Bishop, W. J. Adams and Colonel Taylor.

General Dimond said yesterday. "I think the action of the Hawaiian Government will have a beneficial effect on the scheme. The bill providing for the franchise of our company was passed by one House before the adjournment of Congress, but it was killed in the other. Something like this is needed to awaken our Government to a full realizing sense of the importance of a Pacific cable. France and England are only waiting for the slightest opportunity to take advantage of Hawaii's isolation and get in on a cable telegraph construction scheme. I think Congress will appreciate the importance of immediate and decisive action, and we may look for something definite before that body has been long in session."

"Yes, indeed, we may view the attitude of the Hawaiian Government with much favor," remarked Hugh Craig, when his attention was called to the dispatch from the islands. "Congress cannot fail to comprehend the importance of having an American company lay that cable. The other powers are only too anxious to cooperate with the Hawaiian Government in the construction of a Pacific cable, and the time to act is at hand."

(Continued on 7th page.)

Consumption and its Cure

To the Editor—I have an absolute remedy for Consumption and all Throat and Lung Troubles. By its timely use thousands of hopeless cases have been already permanently cured. So proof-positive am I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption or any Lung Trouble if they will write me their express and post-office address. Sincerely,

DESCRIPTION AND TERMS:
CREOLE is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:18 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again to 2:15 in Stockton, Cal., September 23, 1894, winning the first heat in 2:15, fourth heat in 2:15, and fifth heat in 2:19, proving that he is a remarkably game as well as a speedy race horse. ("Creole by Prompter out of Grace by Buccaneer shows that he is capable of getting a mark of 2:10 and is one of the gamest stallions seen this year, and besides being game, is one of the best formed, and remarkably intelligent."—Breeder and Sportsman, Sept. 25, 1894.) He is 15 1/2 hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired, and his action superb. He is a sure foal getter.
Terms \$50, with usual return privilege. Will make the season at the

OBSERVATIONS.

"When Hawaii places herself in a position to press a cable button," says the San Francisco Call, "she may be sure that America will do the rest." If America had offered a tenth part of the encouragement, proportionately to her interest and means, which Hawaii has offered to the project, the cable would have been in operation many years ago.

Elsewhere are given interviews with leading members of the Pacific Cable Company provisionally organized in that city. Those gentlemen are pleased with the cable measure of the Hawaiian Government. What will they say, however, if a speculator goes over from here, with an eighteen months' option and a twenty years' exclusive franchise in his pocket, to dictate any terms he pleases to them?

Hon. S. G. Hilborn, Republican member of Congress for California, on his return home from a visit to these islands, is reported in different San Francisco papers as being strongly opposed to annexation. He pronounces the Republic of Hawaii to be a military oligarchy, conducted by a small minority of the people. Mr. Hilborn favors closer and firmer commercial relations with the islands, together with a protectorate over them by the United States. By this he thinks "both countries would derive the benefit of annexation, while they would be allowed to govern themselves as they saw fit." He overlooks the probability that such an arrangement would securely pin the oligarchy to the islands with United States bayonets.

Although the cable contract made with Col. Spalding by the Executive contains some modifications in favor of the country, it still involves a greater expenditure than is the due proportion of Hawaii. Its rates may be all right for the start, but there should be provisions for reducing them with increased business. The press rates are prohibitive, as, even by co-operation, the local press can only afford to receive very meager items. It is cheap talk to say that this is the most favorable scheme yet offered to the Government, when there has been no time as yet for any other response to the overtures contained in the cable bill, which was only signed by the President this morning.

Conditional Pardon.

On Saturday afternoon the Council of State approved the recommendation of the Executive, to grant a pardon to W. H. C. Greig and Louis Marshall on condition that they leave the country never to return. The act was done at the request of the prisoners who are laid up at the Queen's Hospital under police wardship. The young men, who were both prominent in the January outbreak, will probably go to their respective former homes, Marshall to Massachusetts and Greig to Fanning Island.

Union Feed Company will hold its quarterly meeting at 11 o'clock on Thursday.

THE LEGISLATURE.

[Continued from 1st page.]

appointed Senators Schmidt, McCandless, Brown, Lymn and Wilcox as such committee. The Senate then adjourned.

THE REPRESENTATIVES.

After routine proceedings this morning, the two bills relating to the purchase of the Bishop premises for a high school was taken up. The first one passed second reading, and there was a discussion on the second one.

Rep. Hanuna wanted to know, before voting on the bill, whether the children of poor people, who could not pay the fees, would be allowed to attend the higher grades.

Minister Damon replied, saying that some years ago the Government relinquished the fees in public schools, retaining them, however, in Fort street school. There a higher class of instruction was given, requiring teachers at a higher rate of salary than in any other schools, and it was thought only fair that those who received these superior school privileges should pay for them. While there would be no class distinction made in the proposed high school, fees would be charged to those who received its benefits. He would be in favor of a system whereby pupils who could pass a certain standard in the common schools would have their fees remitted in the high school. To make the high school free would remove the valuable incentive to children which might be afforded by such a system. This was a matter for consideration by the Board of Education. He was opposed to all class distinctions and, as soon as the country could afford it, he would like to see all school tuition fees abolished. In answer to Rep. Rycroft, the Minister of Finance said the \$17,000 provided in the bill would come out of current expenses, but the Government was authorized to substitute that amount with Government bonds.

Rep. Rycroft said that schools were among the most important objects of expenditure, but if they wanted money for schools they could get it best by making roads. There was not a foot of land on either side of the Volcano road which had not been taken up. By finishing the road through Puna the Government would get \$200,000 the first year, where it now gets scarcely \$2000.

Minister Damon, in answer to Rep. Bond, gave an explanation of the interest account on bonds held by the Board of Education, stating that interest had not been collected since March 31, 1894, but in lieu thereof the Board had received an increased appropriation. The area of the premises was four and a third acres. It was proposed to extend Kukui street from Fort to Emma street, which would greatly increase the value of the property, making it the center of Honolulu. In answer to Rep. Hanuna, the Minister said it would be a day and not a boarding school.

A message from the Senate announced action on matters mentioned in our Senate report, and Minister Smith reported the signature of five bills by the President.

Minister Smith also presented a message from the President, stating that the Executive had made a contract with Zephaniah S. Spalding for constructing the Pacific cable. As the contract involved the expenditure of money, a copy of it was transmitted for the approval of the House. The Attorney-General said further that a joint resolution on the subject would be submitted, and he moved that the message lie on the table in the meantime.

Rep. Winston presented the report of the conference committee on the bill relating to the importation of alcohol, recommending certain amendments. A long conversation took place on the procedure due upon such an occasion. Minister Smith informed the House that the only thing to be done was either to accept or to reject the report.

Rep. Bond said the amendments would not affect the bill.

Rep. Rycroft contended they did affect the bill. By striking out the 90 per cent. proof the duty was reduced. The bill was wrong anyway in being all for the druggists and nothing for the physicians. The druggists would use their whole 150 gallons for their own purposes.

The report was adopted, Rep. Rycroft himself seconding the motion.

Another conversation ensued on the status of the bill after this action.

Rep. Rycroft held that if the bill was not now finally passed, then the Land bill was wrong, as it had been treated exactly the same way.

The matter was still pending when recess was taken at five minutes to 12 o'clock.

The Printers' Picnic.

The outing of the printers to Waianae on Saturday evening was attended by about twenty members of the craft and all had an enjoyable time. On arrival they were taken in hand by Deputy Sheriff Sheldon, who looked after their comfort and accommodations, while the rest of the inhabitants voted them the freedom of the town. Roast pig and other Hawaiian delicacies had been prepared previous to their arrival and it is needless to say were done full justice to. The rest of the evening was spent in entertaining friends, singing, music and story telling. On Sunday morning, the two camera fiends of the party got into their deadly work while the others went in surf bathing. It was a tired and sunburnt crowd that came home on the late train last night, but the morning paper came out as usual.

The Waianae Excursions.

Six carloads of excursionists took advantage of the reduced rates yesterday and went to Waianae. A picnic party occupied one car and was dropped on the siding near Barber's Point. It was the largest excursion taken over the line since the Fourth of July. To intending excursionists it might be of interest to know that meals can be obtained at several places in Waianae, the nearest to the depot being a Chinese restaurant opposite the mill, where a fair meal can be obtained for twenty-five cents per head, or extra accommodations for parties secured by telephoning ahead.

Funeral of Dr. Mott-Smith.

There was a large attendance at the funeral of the late Dr. J. Mott-Smith on Sunday afternoon. Rev. Alex. Maekintosh conducted the services at St. Andrew's Cathedral and the grave in Nuuanu cemetery. The pall-bearers were Messrs. S. M. Damon, J. O. Carter, W. F. Allen, J. H. Paty, F. A. Schaefer, Allan Herbert, A. S. Hartwell and B. F. Dillingham.

"290" is the number most frequently called over the telephone wires. It rings up the UNITED CARRIAGE COMPANY'S stand, where Superior Hacks with safe and courteous drivers, are always to be found. A complete livery outfit, including buggies and waggons, furnished at the shortest notice.

Meeting Notice.

THE ANNUAL MEETING OF THE HAWAIIAN SPORTSMEN'S ASSOCIATION will be held THIS (Monday) EVENING, August 12, at 7:30 o'clock, at the Hawaiian Hotel. E. A. McINERNEY, Secretary.

Meeting Notice.

THE REGULAR QUARTERLY MEETING of the Union Feed Co., Ltd., will be held at the Company's office on Thursday, August 15th, at 11 o'clock a.m. F. R. VIDA, Secretary.

Pacific Lodge, U. D.

A. F. & A. M.

THERE will be a Stated Meeting of Pacific Lodge U. D., A. F. & A. M., at its Hall, Masonic Temple, corner of Hotel and Alakea streets, this (Monday) evening Aug. 12, at 7:30 o'clock.

Members of Hawaiian Lodge, Lodge Le Progres and all sojourning Brethren are fraternally invited to be present.

By order of the R. W. M. H. H. WILLIAMS, Secretary.

Timely Topics TO WAIANAE.

Most people make their wills before they die, and some of them are great curiosities in their way. Among the many curious legacies made lately is that of a Christiana man who directs that his whole fortune shall be expended in bicycles. A Norwegian newspaper which does not give itself up to the comic element relates that a Dutch lawyer, named Nikolson, bequeathed the whole of his property to trustees, to be employed in the purchase of bicycles for the use of children attending school, while part of the money is to go towards paying the teacher to train the boys in bicycle riding.

The validity of the will has been disputed by the sons of the testator, who refuse to acknowledge it, so that it is still a question of doubt whether the children will reap the benefit of the strange bequest. That the testator was sincere enough, and that he recognized in the wheel untold blessings which might have escaped the observation of minds of less acumen, the concluding portion of the will should go to prove. It says:-

I have always found a bicycle capital protection against the importunity of those people who persist in stopping you in your walk to spin a long yarn in the hot sun or in the biting east wind. My machine, unlike a horse, never shied once; and in my drives I have had no need to tender life and limb to the tender mercies of a coachman."

Now that lawyer had good hard, solid sense and plenty of it, in fact, a good deal more of it than most lawyers are credited with, and yet not more than many boys and girls in Honolulu have, for are there not many of the latter who are spending their whole fortunes in purchasing a bicycle and they are wise in spending their money on something that will give them their money's worth every time.

The bicycle of the Khedive of Egypt is a gorgeous machine, almost entirely covered with silver plating but if anyone wants a duplicate of it we can furnish it, or if something "English you know" is wanted we can supply similar machines to those used by the Prince of Wales' boys and girls, all of whom are expert riders.

But for common every day people like those who reside in Paradise, we mean the Hawaiian Paradise, the Monarch is the machine to buy. It gives you better value for the money than any other make, and we can furnish it in any style and price. We have received by the Australia the largest consignment of wheels ever brought to the islands, and also a complete line of extra fittings. If any portion of a Monarch wheel gets broken or out of order we can replace it at a moment's notice at factory prices.

Mr. T. V. King, who arrived by the same steamer, will have charge of the mechanical department of our bicycle business. His large experience in that line enables us to guarantee satisfaction in all work entrusted to him.

The Hawaiian Hardware Co. Ltd. Opposite Spectator's Block, 507 FORT STREET.

The Glow Night Lamp!

It is an established fact that there has never been a night lamp on the market that was odorless, and most of the night lamps that are sold to-day absolutely poison the air in a close room. In placing the GLOW LAMP upon the market we claim to have the night lamp that positively emits no odor when in operation, and is the only night lamp that should ever be used when it is necessary to burn a light all night, as for instance in the nursery or sick-room. It is a miniature gas-house, gasometer or gas-burner combined, automatically making and consuming its own gas which, in the ordinary night lamp, escaped without being consumed, filling the room with a poisonous vapor, which, to put it mildly, is extremely injurious.

The GLOW LAMP is constructed on scientific principles, and is without question the simplest, cleanest, neatest, and cheapest night lamp in the market; and combined with its hygienic qualities, should commend itself to popular favor at once. One pint of kerosene, at a cost of about one cent, will give a pure, healthy, clean light for two hundred or more hours; i. e., twenty ten-hour nights.

It will give the greatest satisfaction in the sick-room, nursery, bed-room, dark corners of closets, and is ornamental as well as useful.

The Hawaiian News Company.

I
KEEP COOL
And so can you—inside, outside and all the way through by drinking
HIRE'S ROOT BEER.

This great home-made drink is as healthful as it is pleasant. It is good all the time; good for the children; good for the grown-up folks; good for everybody—harmful to none. It keeps the blood pure and cool, strengthens the system and counteracts the effects of the heat. It is absolutely free from a single intoxicating property and is everywhere recognized as

A Temperance Drink For Temperance People.

A package of Hire's Rootbeer extract will make five gallons. The directions are so simple that anyone can make the most delicious, sparkling, effervescent beverage without trouble or expense. Ask your storekeeper for it, made only by The Charles E. Hires Co., Philadelphia, U. S. A.

"We have used your Rootbeer for the last three years and think there is nothing equals it.—Mrs. N. SICKEL, 398 Northampton street, Boston, Mass."
"I have been using your Rootbeer for three years, and have recommended it to many of my friends. I have also been much pleased with it. It is refreshing, nourishing, in fact words are inadequate to express its worth.—Mrs. S. BRAUN, State street, between Constance, New Orleans, L. A., U. S. A."

SPEAKING OF SEWING MACHINES REMINDS US

To remind you that we have a Sewing Machine in which we place so much confidence that we will send it to you on trial free for a week and if not satisfactory you may return it at our expense.
We make this offer because we know our goods.
Our Machine costs a trifle more wholesale and sells for a trifle more retail than any other Machine in the world, but it is worth it. Listen: It makes five stitches to the revolution while others make but three and one half. In other words you do what is three days' work on the old style in two days with the "Standard". If you are tired or busy that is worth while. Paste this in your bonnet.
The "Standard" has both chain and lock stitch.
The "Standard" gives a written guarantee for five years. It does every thing that can be done on a Sewing Machine, what more do you want?

THE DAUVRAY RECITAL.

Programme of Tomorrow Night's Entertainment at Y. M. C. A. Hall.

Following is the programme of Miss Helen Dauvray's dramatic recital which takes place in Y. M. C. A. hall tomorrow evening at 8 o'clock. The occasion will also introduce to the Honolulu public Miss Alice Rice, an Australian pianist of considerable note, who is regarded in musical circles here as a great acquisition to the present local talent:

- Piano Solo—"Les Hirondelles".....Streich
- Miss Alice Rice.
- Readings—(a) "Poverty Flat".....Bret Harbo
- (b) "The Pride of Battery B".....Frank Gasaway
- Miss Helen Dauvray.
- Song—"From 'Mignon'".....Thomas
- Miss Jessie Reeve Axtell.
- French Chansonnette—"Le Chanson du Colonel".....Nerve
- (An imitation of Mme. Judic.)
- Miss Helen Dauvray.
- Piano Solo—"L'Amerique".....Bonville
- Miss Alice Rice.
- Songs—(a) "On the Wild Rose Tree".....Rotoli
- (b) "One Spring Morning".....Nevin
- Miss Jessie Reeve Axtell.
- Readings—(a) "Billy's Rose".....Dagonet
- (b) "Uncle Jed's Journey".....Yankee Blade
- Miss Helen Dauvray.

Dyspepsia

Mrs. Judge Peck Tells How She Was Cured

Sufferers from Dyspepsia should read the following letter from Mrs. H. M. Peck, wife of Judge Peck, a Justice at Tracy, Cal., and a writer connected with the Associated Press:

"By a deep sense of gratitude for the great benefit I have received from the use of Hood's Sarsaparilla, I have been led to write the following statement for the benefit of sufferers who may be similarly afflicted. For 15 years I have been a great sufferer from dyspepsia and

Heart Trouble.

Almost everything I ate would distress me. I tried different treatments and medicines, but failed to realize relief. Two years ago a friend prevailed upon me to try Hood's Sarsaparilla. The first bottle I noticed helped me, so I continued taking it. It did me so much good that my friends spoke of the improvement. I have received such great benefit from it that

Gladly Recommend It.

I now have an excellent appetite and nothing I eat ever distresses me. It also keeps up my

Hood's Sarsaparilla Cures

flesh and strength. I cannot praise Hood's Sarsaparilla too much." MRS. H. M. PECK, Tracy, California. Get HOOD'S.

Hood's Pills are had made, and perfect in proportion and appearance. 25c. a box.

AGENTS OF THE OCEANIC STEAMSHIP COMPANY OF SAN FRANCISCO, CAL.

MRS. AUG. DARROW.

WELLS, RICHARDSON & Co.,

Gentlemen:—I was very much run down, had no appetite at all, was very nervous, had no sleep night or day; to sum it all up, I was perfectly wretched. But thanks to Paine's Celery Compound I can now eat and sleep and work just as well as I could before I was taken sick. When I commenced taking the Compound I weighed 136 pounds; I now weigh 158 pounds and do all the work for my family of five. I have recommended the Compound to three families already and they are very much pleased with it. I am now taking my fifth bottle, and would recommend it to all who are suffering with stomach trouble or nervous trouble.

Yours respectfully, MRS. AUG. DARROW.

Perfectly Wretched!

PAINE'S CELERY COMPOUND RESTORED MRS. DARROW TO HEALTH AND HAPPINESS.

This is the Medicine That Makes People Well!

MONTROSE, PA., Sept. 25, 1894.

PACIFIC CABLE SCHEME

(Continued from 3rd page)

"The fact that France and England have their eyes on the islands was emphatically demonstrated some time ago, when Audley Coote came over from Australia. He laid the New Caledonia cable. It was claimed by him that he represented three cable companies.

"He remained in Honolulu some time, but was successful in securing a concession from the Hawaiian Government. He wanted an exclusive concession. The Hawaiian Government held off for the reason that it looks to an ultimate annexation with the United States. I have received several communications on the subject from England, and I am convinced France cannot compete with the electrical companies of that country or this in laying cables. It will cost several million dollars to lay the cable, but the United States cannot afford to allow any other country to control the telegraphic communication of the Pacific. After we once lay the cable to the islands then we could go to Japan and Russia and afterward to Australia and New Zealand. There is no doubt that an American company would receive every support and the heartiest co-operation of the first two countries mentioned."—S. F. Call.

The British Trade Journal says that 3540 tons of Swedish and Austrian matches, and 25,941 tons of Japanese matches were landed at Hongkong in 1894. In Shanghai there are three match factories, turning out about 1,000,000 matches a day. The wholesale price is about eight boxes, containing seventy matches each, for a halfpenny.

William Preston Harrison, second son of the murdered mayor of Chicago, who made many friends here during his recent visit, is still sojourning in the South Sea Islands and has succeeded in reaching the interior of the largest of the Fiji Islands, something no other American has attempted. He is furnishing a series of letters descriptive of his travels to a number of prominent newspapers in the United States.

Blood Diseases,

When the blood is diseased and the system Anæmic or Scrofulous, it carries sickness throught the whole body, for the current of human life is in the blood. This proves how necessary it is to have pure rich blood, because an impoverished condition of it brings on Fevers, Malaria, Rheumatism, Bowel Complaints, Lung Scrofula, General Debility, etc.

Wampole's Preparation,

perfected and tasteless, of Cod Liver Oil with Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry Bark, resists the attacks of all disease germs in the blood, is highly recommended as the best modern treatment to clear your system and to bring back robust health and strength. Is really a family medicine chest.

Don't Make a Mistake!

The oldest, best and cheapest furniture store in the city was established by the veteran furniture dealer and undertaker, Mr. C. E. Williams, in 1859, and is now conducted by him and his oldest son Ed. A. Williams at 611 King St. We wish to notify our patrons and the public generally that we have no connection whatever with any other furniture and undertaking establishment in Honolulu.

C. E. Williams

Ed. A. Williams.

TEL. 179.

611 King St.

THERE IS NO MISTAKE.

When people walk into the CITY FURNITURE STORE at the corner of Fort and Beretania streets and ask for Mr. H. H. Williams, they make no mistake.

They know where they can get the best value for their money and a good variety to select from.

C. E. WILLIAMS having sold his ENTIRE INTEREST in the Furniture and Undertaking Business to Mrs. Ed. A. Williams on the 17th day of June, A. D. 1895, and having left the country, his second son, HENRY H. WILLIAMS, now becomes the oldest experienced FURNITURE DEALER AND UNDERTAKER in Honolulu.

MR. H. H. WILLIAMS entered the employ of his father about twenty-five years ago, since which time he has made a continuous study of the Furniture and Undertaking Business. He graduated from Dr. S. Rodgers' Perfect Embalming School in 1890, since which time he has made a success of that branch of the business.

He does not advertise the oldest nor largest stock of Furniture in town, nor does he covet all the trade in town.

He only asks for his share, and from appearances he is getting it, consequently he is satisfied.

He receives new goods every month and fills order promptly.

OFFICE TELEPHONE 846. RESIDENCE AND NIGHT CALL 849

H. H. WILLIAMS, Manager.

56-11. Waring Block, Corner Fort and Beretania Streets.

WELL! WELL!! WELL!!!

Just Look at the Mistakes.

When people order by telephone of another Furniture Store and then walk into C. E. WILLIAMS & SONS Store and ask why the goods are not delivered on time they make a mistake. When a lady telephones to the store of C. E. Williams & Son to come and take back a piano that was sent to her by another furniture man she makes a mistake.

It is a Mistake to think that C. E. WILLIAMS has left the country without a return ticket.

It was a Mistake to try to stop him from going.

It is a Mistake to imagine that he will not return with a stock of goods, with prices that will make the public happy and paralyze some folks.

It is a Mistake if Clark's school of embalming from which Mr. ED. A. WILLIAMS graduated last year is not the best on Earth.

It is a Mistake if you think we do not covet all the trade in town; we do! We would like the Earth and Necker Island thrown in.

It is a Mistake if you think (all insinuations to the contrary) that we do not still remain, Yours as ever,

C. E. WILLIAMS & SON,

C. E. WILLIAMS : : : : : ED. A. WILLIAMS.

THE ASLON ARRIVES.

PROSPECTS FOR HOT COMPETITION IN ORIENTAL TRAFFIC.

Departure of the Peking—The Sunday Fleet—The Schooner O. M. Kellogg for the Sound.

The steamer Mikahala includes Nihau in its voyage this week.

The steamer W G Hall leaves for leeward Hawaii tomorrow morning.

The schooner O M Kellogg left in ballast for Gray's Harbor yesterday morning.

The barkentine Forest Queen sailed from Kahului for San Francisco last Wednesday, Aug. 7th.

The steamship Australia will complete discharging this afternoon and will sail Wednesday afternoon at four o'clock.

The steamship City of Peking leaves at six o'clock this evening for Yokohama, having replaced her broken propeller blade in good shape yesterday.

In spite of a banged-up countenance genial Archie of the Mail wharf is on deck today. It happened yesterday at the park where he and a friend were thrown out of a buggy.

The British steamer Almore, of the Oregon Railway and Navigation line, will be due at this port from Portland about the 10th of September. It is not known as to the future movements of these steamers, but it is supposed that they will stop here regularly from Portland on their way to the Orient.

The regular Sunday fleet came in yesterday without any special items on board—the steamer Mikahala brought a small passenger list and 1000 bags rice and paddy from the Garden Isle and reports pleasant weather—the steamer Likelike brought a light cargo from Kahului and the little James Makee came empty from Keala.

The Nautical Magazine says of the White Star line steamer Oceanic, which has been running for fifteen years across the Pacific under the charter of the O and O Steamship Company, that for all that time she has never damaged a ton of coal, lost a boat or injured herself in any manner. She is now at the yard of her builders, Hartland & Wolfe, Belfast, receiving new boilers and a general overhauling.

A violent hurricane recently swept the Coast of Japan during which many vessels were wrecked and their crews drowned. The information of the loss of life was meager. The German steamship Helen Rickmers and the Norwegian steamships Liderhorn and Herman Wedel, Jaristrug, the British steamship Rentals and the ship Manuel Suchet from Philadelphia, were all blown ashore and all are believed to have been totally wrecked except the Rentals. The loss of life on shore is reported to be large. The ship Manuel Suchet sailed from San Francisco four months ago for Higo, Japan, with a cargo of case oil, taken on board at Point Breeze. She was a first-class iron vessel, worked by a crew of twenty-seven men. She had discharged her cargo and was getting under way for San Francisco when the hurricane struck her.

The British Steamship Aslon, 2828 tons, docked at Nuuanu street wharf at four o'clock this morning, about nine days from Portland. Commander James Murray is in charge, the other officers being as follows: James G. Reed, first officer; H. Wraith, second officer; S Gunn, third officer; John Christie, chief engineer; and J. R. G. mes, purser. Commander Murray has been in the service of Adams & Co., of Aberdeen, owners of the Aslon, for fifteen years. Although not coming up to the standard as far as passenger accommodations are concerned with that of other trans-pacific liners that touch here, the Aslon has a very cosy cabin and good staterooms. Only two first-class passengers are on board, Mr. and Mrs. Schemmerhorn of Portland who are enroute to Japan. The Aslon took a big cargo of tea and other merchandise to Portland and has a full cargo on board now of flour and feed for this port and the Orient. She leaves this afternoon for Yokohama.

ARRIVALS.

Stmr Mikahala, Freeman, from Kaula.
Stmr Likelike, Weisbarth, from Maui and Hawaii.
Stmr Jas Makee, Peterson, from Kapaa, Kaula.

Ex James Makee—309 bags paddy.
Ex Mikahala—350 bags paddy.

MME YALE'S HAIR TONIC

LADIES AND GENTLEMEN: It affords me great pleasure to call the attention of the public to my Yale's Hair Tonic, which is the first and only remedy known to chemistry which positively turns gray hair back to its original color without dye. I personally endorse its action and give the public my solemn guarantee that it has been tested in every conceivable way, and has proved itself the only Hair Specific. It stops hair-falling immediately and creates a luxuriant growth. Contains no injurious ingredient. It is not sticky or greasy; on the contrary, it makes the hair soft, youthful, fluffy, keeps it in curl and removes dandruff. For gentlemen and ladies with hair a little gray, streaked gray, entirely gray and with BALD HEADS, it is specially recommended.

All druggists Price \$1; also Yale's Skin Food, \$1.50; Yale's Complexion Cream, \$1; Yale's Face Powder, 50c; Yale's Beauty Soap.
25c. MME. YALE, Health and Complexion Specialist, Temple of Beauty, 146 State st, Chicago. Guide to Beauty mailed free.

TO OWNERS OF BUILDINGS!

The undersigned having purchased the exclusive right, title and interest for the manufacture and use of the PEERLESS PRESERVING PAINT in and for the Hawaiian Islands, desire to call the attention of owners of Buildings to the superiority of this Paint for the purpose of Preserving Shingles, Metals, Iron, Steel, Bridges, Posts, etc., against rust, corrosion, decay and leakage. One generous coat of the Peerless Preserving Paint has been found equal if not superior to three coats of any other Paint, and we guarantee it will not scale, crack, or run, it being possessive of a body when applied in which there is no OIL, SPIRITS OR EVAPORATIVE SUBSTANCE. In using this Paint upon a shingle roof its FIRE-PROOF qualities are one of the chief advantages, as it renders the roof impervious to sparks which may fall upon it in the driest season without the slightest injurious effects. The main features which the PEERLESS PRESERVING PAINT offers for its use upon roofs are its thorough resistance to any action of heat or cold, and its wonderful PRESERVING qualities which fully prevent any action from either RUST OR DECAY.

We are prepared to execute and carry out special contracts for the application of the PEERLESS PRESERVING PAINT on any of the Islands. All contracts undertaken by us will be fully GUARANTEED. Our prices for this class of work are extremely moderate, and roofs to which Paint is applied by us are guaranteed against leaks, cracks, scales or runs for a period of years, estimated upon the age of the roof when the work is performed.

Examinations made and estimates given in all work free of charge, and references given by application at our office.

H. P. WALTON, Manager.
