MONDAY, JULY 3, 1893.

MORE ABOUT NORDHOFF.

In Mr. Nordhoff's letter of May 23, partly given in our columns on Saturday, the weakness is even more conspicuous than the insincerity. He runs to tawdler. He has several times characterized Honolulu as "this queer gossip little town."

Mr. Nordhoff writes something like a column in citing the testimony of "missionary" people here to the ex-Queen's immaculate character. This testimony is partly that they used to associate with her and attend her parties, and partly that they often spoke favorably of her, and said nothing about any defects of conduct.

THE NORDHOFF CASE IN HAWAII. The indignation of the members of the Hawaiian Provisional Government against Mr. Charles Nordhoff, the correspondent of the New York Herald in Honolulu, is not without foundation.

When the Queen deliberately threw off the cloak and put herself openly at the head of the lottery conspirators, and undertook to assume practically absolute power, all hope was gone of influencing her for better things.

At the same time, it is due to these "missionary" people to say that they have been the last ones to give circulation to that kind of scandal belonging to a known and necessarily much tolerated weakness of Hawaiian character.

"SHE TOLD ME SO HERSELF."

The following clipping from a recent interview with Harold M. Sewall in the columns of the Examiner will be read with interest, especially by Royalists, with whom Mr. Sewall during his stay here had better opportunities of meeting and associating with than other journalists, with the possible exception of Mr. Nordhoff:

"To my mind annexation must be the inevitable result of the present complication in the Hawaiian Islands. Every one who looks into the matter at all, whether Annexationist, Royalist or one who professes to have no political affiliation in the premises, concedes

that annexation must be. The Queen told me so herself. She and all her supporters recognize the fact that there must be in Honolulu some flag under which there can be protection from insult and annoyance. "I do not mean to say, however, that the Provisional Government as it now exists is unable to cope with any emergencies that may arise at home. There is no fear of serious internal dissensions. There always must be, however, a fear that at some time some nation might see fit to throw a bomb into Honolulu or to clip the wings of the Island republic or whatever form of local government might be in power. The people of all parties in the Islands are simply waiting to know what action the United States Government will take. Blount is recognized as the possessor of the great power of recommendation. Each side, therefore, stands somewhat in awe of him, treating him with the utmost respect and trusting that his recommendation will be in its favor."

THE June number of the Cosmopolitan Magazine, a copy of which is now on our table, contains an article by Rev. H. H. Gowen on the "Rise and Decline of the Hawaiian Monarchy." It is a bright, readable article, fully up to the average standard of that magazine, and admirably illustrated with photographs. It is pervaded by a kindly feeling towards the native Hawaiians and the defunct monarchy, although the author is not blind to the causes of its fall, which he regards as having been inevitable. His slight historical sketch gives a fair general impression of the course of events, although it ignores the darkest part of the story, and abounds in inaccuracies. For instance, he omits the reign of Kamehameha V entirely, making immediately succeed Kamehameha IV immediately.

"Kalakaua," he says, "may be said to have brought about the downfall of the Hawaiian monarchy." His account of the last two reigns deals lightly with the burning question of the time, but there is no willful perversion of history in the interest of any party. In this respect it offers a contrast to certain articles in the Diocesan Magazine. The closing sentence of Mr. Gowen's article, which is full of meaning, is as follows: "It is sad when the real interests of a country are not identical with the supposed interests of the natives; but the main fact of the situation, namely, that the native stake in the good government of the country is small as compared with that of the foreign population, must be faced before the difficulty can be finally settled."

By Authority. The rate of ... per cent. per annum, and in accordance with the conditions printed hereon. Interest ... Approved: Minister of Finance. CONDITIONS: Present this certificate at the Postal Savings Bank at the expiration of the term stated hereon. Interest will cease at that date. Holders at a distance may endorse this certificate and send by mail to the Postal Savings Bank, when it will be paid. This Certificate may be transferred by endorsement, and principal with interest will be paid to the holder hereof. Section 5. This Act shall take effect from the day of its publication. Approved this 15th day of June, A.D. 1893. (Signed) SANFORD B. DOLE, President of the Provisional Government of the Hawaiian Islands. J. A. KING, Minister of the Interior.

PROCLAMATION. EXECUTIVE BUILDING, Honolulu, June 30, 1893. It is hereby ordered that until further notice, the right of the writ of Habeas Corpus is hereby suspended and Martial Law is hereby declared to exist in and throughout the Districts of Hanalei and Waimea on the Island of Kauai. (Signed) SANFORD B. DOLE, President of the Provisional Government of the Hawaiian Islands and Minister of Foreign Affairs. Approved: J. A. KING, Minister of the Interior. W. O. SMITH, Attorney-General. ACT 40.

AN ACT TO INCREASE THE FACILITIES TO DEPOSITORS AND PROVIDING FOR TERM DEPOSITS IN THE HAWAIIAN POSTAL SAVINGS BANK. Be it enacted by the Executive and Advisory Councils of the Provisional Government of the Hawaiian Islands: Section 1. The Postmaster-General, as manager of the Postal Savings Bank, with the consent and approval of the Minister of Finance, may issue to any person Term Deposit Certificates in the name of the Hawaiian Postal Savings Bank, for deposits of not less than Five Hundred Dollars, nor more than Five Thousand Dollars. Section 2. The amount so deposited shall draw interest at a rate not to exceed six per cent. per annum to be computed in accordance with the law regulating the Bank. Such deposits shall not in the aggregate exceed \$150,000, at any one time. Section 3. The term for which any deposit shall be received under this Act shall not exceed twelve months. Section 4. The form of the said certificates shall be as follows, and shall contain the conditions hereinafter set forth: HAWAIIAN POSTAL SAVINGS BANK. CERTIFICATE. No. ... Honolulu, ... Received from ... Dollars on deposit, payable in ... Coin on presentation of this Certificate, properly indorsed. This deposit is made for ... months, and will bear interest from ... 189... at

of persons now in or employed by the Provisional Government had signed these petitions; that the passage of the bill was a professed cause for upsetting the Government; and the Queen. This is true, but I had the ill luck to name, among a number of others, three—Messrs. Hoogs, Lansing and McClesney—who now say they did not sign the petitions. As to all the rest there is no doubt. These three complained to me, and I at once published an apology in the local papers, and I express my regret for being misled as to them. I was mistaken in saying that almost all of the Provisional Assembly signed the petition. Only a part did so. This is a very mild and adroit withdrawal of the conspicuously untrue and flagrantly unjust accusation against the honor of the men who have overthrown a ridiculous monarchy, and established a republican form of government in Hawaii, and who are patriots in the same sense as the leaders of the revolutionary movement in America nearly one hundred and twenty years ago. But Mr. Nordhoff's own confession in the columns of his own newspaper is sufficiently explicit to make the Herald's editorial article appear absurd. It likewise proves that recklessness is a better word than fearlessness to use in describing his assertions concerning matters in Hawaii.—New York Sun.

MANY PRICELESS RELICS

COMPOSE THE COLUMBIAN LIBERTY BELL.

Mrs. Cleveland Touched the Button and the Meneilly Bell Foundry Did the Rest.

(Washington Evening News).
Troy, N. Y., June 6.—Never before were so many mementoes of a country's history gathered together and wrought into one thing as is being done now to make the Columbian Liberty Bell.

Every day there is received at the Meneilly Bell Foundry, here in Troy, scores of packages containing historic heirlooms to be cast into the bell. The packages of historical objects that have already arrived number several hundred, and so busy have the foundry managers been attending to the correspondence relative to the bell that half of them have not even been opened.

The interest is not confined to any one class or section—all America evidently means to take a hand in the making of this second national bell. A scrapbook will be made, probably, containing a description of every article that goes into the bell, also photographs of some of the more important objects. The money to pay the \$6,500 that the casting will cost is coming in at a good rate. A great share of it is in pennies contributed by school children. The educational institutions of nearly every State have contributed. Citizens have subscribed sums of a substantial sort.

The Columbian Liberty Bell Committee will hold its first meeting in Independence Hall, Philadelphia to-morrow, June 7, and on the following day will come to Troy to be present at the casting. June 8 was chosen as a most appropriate time for the event, for it was on that date in 1776 that a committee was appointed by the Continental Congress to draft the Declaration of Independence. Mrs. Cleveland has promised to touch an electric button at Washington that will release the molten metal into the molds, and Mrs. Madge Morris Wagner, of San Diego, Cal., author of the poem "Liberty's Bell," will ring it for the first time in Chicago on Independence Day.

So great is the number of contributions that a complete enumeration of them would require many columns. Here are some among the important ones: J. Ackerman Coles, Scotch Plains, N. J., a piece of a bust of Benjamin Franklin, made in France in 1778; Miss E. L. Shaw, Troy, N. Y., a piece of the old bell in the first Dutch church at Schenectady, imported from Holland; Alexander Miller, Culpeper, Va., a medal given to his grandfather for valiant conduct at the battle of Waterloo, and also a pair of silver sugar tongs, owned by the Rev. Mr. Blair, the first Presbyterian minister in Virginia; Mrs. James Lyons, a key of a desk used many years by Patrick Henry; Thomas N. Emley of Cookstown, N. J., a piece of a surveyor's compass used by William Gurley, who came to this country from England as a commissioner in 1667; Miss Elizabeth H. Tuttle of Johnstown, Pa., gold and silver jewelry that passed through the flood at that place; Harold A. Lawrence of West Philadelphia, an English coin of 1775, formerly belonging to Robert Hall, the great-great-grandfather of the giver, an associate of William Penn and a signer of the Declaration of Independence; Gertrude B. Garlock of Little Falls, N. Y., a bronze lock fixture from the residence of Gen. Nicholas Herkimer; Mrs. Prince, wife of Governor Prince, of New Mexico, a piece of copper pipe taken from the Governor's palace erected in Santa Fe in 1598; Edward G. Porter of Boston, a piece of the first church bell cast in Boston by Paul Revere; Mrs. W. H. Hyatt of New Orleans, a medal given Isaac Van Wartz, one of the three men who captured Major Andre; Patrick Calhoun of Atlanta, Ga., a silver spoon which belonged to United States Senator John C. Calhoun; William King of the Atlanta Constitution, a silver spoon of Henry W. Grady, the famous Southern editor; Mrs. E. R. Jones of Holly Springs, Miss., a knob from a clock given by Thomas Jefferson to Mrs. Nicholas Lewis; Richard S. Bayham of Troy, a silver shoe buckle, worn by Capt. Jacob Poole of Abington, Mass., who, with four sons fought at the battle of Bunker Hill, and was a member of the Boston tea party; Mrs. Andrew Reis of Baltimore, Md., piece of a silver spoon, once the property of George Washington; Mrs. L. H. Stone of Kalamazoo, Mich., a pin made in Greece from nites, such as the widows cast into the treasury as commanded by Jesus.

Colonel Olin Scott of Bennington contributed a piece of the original bell in Independence Hall, Philadelphia; Mrs. George Babcock of Troy, N. Y., piece of the original Atlantic cable; Mrs. Julia G. Pelton of Hartford, Conn., a piece of metal from the oldest house in Newington, Conn., which was built before 1693; No. 1 fire company of Sunbury, Pa., a piece of cannon from Fort Augusta, used in the French and Indian war of 1756; Mrs. C. H. Kenney, Philadelphia, French coin of 1792, presented to her grandfather, Captain W. H. Fevy, by General Lafayette; Mrs. Clark Waring of Columbia, S. C., seal of that State made by General Wade Hampton; Mrs. Henry Rives of Eureka, Nev., a piece of copper from the United States steamship Hartford, famous in the civil war, also a piece of copper from the ill-fated steamer Jeannette and another from the United States steamship wrecked at Samoa; Miss J. A. Lansing of Albany, silver teapot used in Washington during Washington's Administration.

M. McINERNY.

Are we to be, or not to be, a part of the Great Republic, seems to be the burning question of the day, and one we had rather leave to wiser heads than ours to solve; and while great statesmen are wrestling with this momentous question, we want to have a little "pow-wow" with you on some other subjects, that concern you as well as ourselves.

Has it not occurred to you that you've been wearing that old hat long enough! In these progressive times if you intend to be "in it," you've got to keep pace with fashion. No matter how otherwise well dressed you may be, unless your hat is the correct thing you bear a shabby appearance.

We have already laid in a stock of the Latest Hats of the coming Spring and Summer styles, in hard felts, soft felts and straws, and including a line of the celebrated "Fedora" Hats, at present all the rage in the United States. There is therefore, no necessity for you to hang on any longer to that old Tile that bears such a strong resemblance to the hat "your father wore."

Believing that business will be better in the near future, we have not hesitated to keep our stock full in all lines. Take collars for instance: We have almost everything you could wish for. If you wear a standing collar, just come in and take a look at our "Narenta" or "Ardonia;" or if you prefer a turn down collar, try the "Winnipeg" or "Goswell;" we have have lots of others, and can't fail to suit you. Cuffs in abundance, links or otherwise.

Neckwear in profusion, scarfs, windsors, 4-in-hands, and a special lot of "Boys' Bows;" suspenders in great variety, leather and woven ends, good strong, serviceable goods.

We might go on indefinitely, but space is valuable, and to enumerate everything we carry would fill a pretty fair sized book. If there is anything you want in the men's line, just drop in and see us, and if we can't suit you, we don't believe any one can.

"If you should want a pair of nice shoes, let us try a hand at fitting you. Did it ever occur to you

How much a man is like his shoes; For instance, both a soul may lose. Both have been tanned; Both are made tight by Cobblers; Both get left and right; Both need a mate to be complete; And both are made to go on feet.

They both need healing; oft are sold, And both in time will turn to mould. With shoes the last is first, with men The first shall be the last; and when The shoes wear out, they're mended new; When men wear out, they're men dead too.

They both are trod upon, and both Will tread on others nothing loth. Both have their ties, and both incline When polished, in the world to shine; And both peg out. Now would you choose To be a man, or be his shoes.

M. McINERNY.

POINTERS IN SHOES

Just three pointers will be enough for you:
1st—We have over 20,000 pairs of Shoes in stock to select from, embracing all leading lines.
2nd—We buy in larger quantities than any one in the country, only spot cash, consequently we buy cheaper.
3rd—We have no extraordinary inducements to offer; you would distrust a man who had gold dollars to sell for ninety cents. Look out for the shoe man with that kind of a story; his shoes may be Counterfeits.

tion, also a piece of the private seal of Abraham Yates, a member of the first Congress of the United States; from Boston comes a pair of gold snufflers said to have been used by Barbara Fritchie; another interesting gift is an ear-ring worn by Mrs. Parnell, mother of Charles Stewart Parnell, the Irish agitator. And so one might go on with the list, which is only partly complete, as some of the States have not forwarded their contributions yet. There are rings, bracelets, pens, pencils, parts of cannon, powder flasks and guns, kettles, cups, eyeglasses, thimbles, watches and other things sufficient to fill a curiosity shop. Besides gold, silver, copper and tin ores are sent from the western mines.

The Federal Government has done its share by contributing two cannon, one used by the Union troops and the other by the Confederate army.

These historical and personal ingredients will, however, form only an inconsiderable part of the composition of the big bell, whose total weight will be 13,000 pounds. The metal will be composed of seventy-eight parts Lake Superior copper and twenty-two parts American tin. Its composition, it will therefore be seen, will be American.

The bell will be a counterpart of the one cast for the Centennial at Philadelphia. The height will be six feet six inches, and across the mouth one foot more. The top will be encircled with the words: "Proclaim liberty throughout all the land to all the inhabitants thereof," and near the bottom will be inscribed: "Glory to God in the highest, and on earth peace, good will toward men." Between these two inscriptions will be a third, appropriate to the Columbian celebration.

WALTER J. LE GRYS.

AS IF HE WERE DEAD.

Long Continued Struggle and Tortures of a Man in a Trance.

"You have undoubtedly read now and again in the daily newspaper accounts of persons lying in a trance," said Frank Groniger to a reporter of the St. Louis Globe Democrat. "I am one of those persons. It is very harrowing to me to read accounts of people lying in this condition and being put in a coffin and even stored in a vault before they come to. I have even read of where a few weeks after some necessity caused disinterment and then the body was found turned face down, as though there had been a struggle for freedom."

"My experience went no further than fifteen hours, I am certain, but that was enough, thank you. The fact is, I awoke one morning in my room, feeling quite rested. I know that I had spent a pleasant night in sleep, and I lay speculating without moving or caring to open my eyes. Then I thought of getting up. I felt rather chilly, I thought, but still comfortable. When I wanted to open my eyes I couldn't. When I tried to put my hands to them I didn't move. Then I struggled to stir at all, but it was only a mental struggle. I then devoted my entire faculties to myself. I tried to call, but couldn't. My mind actually seemed to be ready to bust with rushing blood and confused thought. Then a relapse came and I felt stupefied. I didn't care whether I moved or not."

"Then came alternate periods of mental struggle and stupor. In the afternoon I was discovered by my landlady, who came to look after the room. It seemed astounding to me to think that I should be compelled to lay there and appear as one dead. I heard everything that went on; heard her calls, but couldn't answer. She called others of the family and a doctor. Burning my fingers and feathering my nose didn't disturb me. I couldn't feel it. I came around about 10 o'clock that night. When I did I came with a bound, and I was nervous for a week after. The thought of that probably coming again is a constant source of worry to me."

"You say she tried to stop the car by whistling at it. Did she make a success of it?"

"Yes, in a way. It wasn't her whistling that stopped the car, though; it was the face she made."—*Indianapolis Journal.*

They Have Come!

Those Razor Stropps you have been waiting for several weeks, are here. They are so good that it has been said of them, that if you lay your razor, and one of these stropps down together on your washstand, the razor will keep a fine edge; still, we recommend following the directions printed on each stropp.

Anti-Rattlers.—We have a new kind which you can put on to the shafts of your buggy, without breaking four fingers and a thumb. They prevent two things—rattling and swearing.

Boardman's Pat. Wrench.—4 sizes, just the kind of combination wrench to have about the house.

Try the new Keystone Egg Beater, if you want a beater that will do quick, clean work.

Hose,—1/2-in. to 2-in., 3 and 4-ply plain or wired, just received; cheap and good quality; also carbolized. We have a large stock of "Hubbuck's," "Pioneer," and cheaper brands of White Leads and Zinc. Also, Oil, Turpentine, and all painters' supplies, and you will do well to see our Stock and get our Prices before you paint your house.

American Flags,—6 to 18 feet long, came by the last steamer to us. They are a fine lot, sewed bunting.

Fire Arms and Ammunition.—A new lot of Sporting and Target Rifles, Colt's new Navy, Smith and Wesson, and cheaper Revolvers, came last week and can now be seen. We carry the most complete assortment of Cartridges in town, from 22 to 50 cal., and always have plenty of them.

Leather.—We have received within the past sixty days, by steamer and sail, 66 Rolls of Leather, containing 9088 lbs., and 5347 ft; also, 3 bales containing 142 doz. sheep skins, so it looks as if we meant to keep our Stock of Leather up, although by getting it in large lots, we are able to keep the prices down.

Salt.—We are headquarters for Hawaiian Salt, as we make it. That the quality is good, and Price Low, is easily shown by the large quantity we sell every week.

Blight Compound.—Five gallons will make 65 gallons of wash. You spray your Lime and Orange Trees with this wash, and the Blight will do the rest, die and drop off the trees. We have the compound at our store, or can give you an order on the Gov't. Nursery for it, but don't forget to bring a 5-gallon can to put it in. We sell spraying outfits.

THE NEW STEAMSHIP LINE

ARRIVAL AND DEPARTURE OF THE WARRIMOO.

She Carries Away Nearly Two Hundred Tons of Hawaiian Produce.

Shortly after the STAR went to press on Saturday afternoon the fine steamship Warrimoo, of the new Australian-Canadian line, came into port, en route to Vancouver, thirteen days and sixteen hours from Sydney, which includes a stoppage at Brisbane. This vessel is a sister ship of the Miowera in every respect.

In conversation with the agents this morning a STAR representative noted the following of interest concerning Mr. Huddart's visit and the new line generally:

The line owes its inception to certain overtures made by the firm of Huddart, Parker & Co. to the New South Wales Government last April, in which the former offered to furnish a fast mail service between Sydney and Vancouver, including stoppages at Brisbane and Honolulu, in consideration of a certain subsidy.

The result of these negotiations has been the institution of the new line, with a subsidy of \$50,000 per year for three years from the New South Wales Government, and \$125,000 per year for five years from the Canadian Government, insuring the continuance of the present service for three years, if not for five.

Under the terms of the subsidies, the time by the Suez Canal route must be equalled or beaten. It is satisfactory to know that with the assistance of the Canadian Pacific Railway, which dispatches a fast through-mail train from Vancouver to Montreal immediately on the arrival of the steamer, this was done by some eighteen hours by the Miowera, while the time via San Francisco was beaten by three days. It is expected that the Warrimoo will more than outdo this record.

The desire to establish such a record and bring the slow-going British public to a realization of the fact that a new and faster route to the Australian colonies is now open is what caused the Warrimoo to make such a short stay in this port on Saturday.

Passengers by this route are afforded a delightful change from a long sea voyage in the trip over the Canadian Pacific, the scenic wonders of which are extolled by all who have ever been over the line, and in addition are promised a day in Honolulu when the capabilities of the new vessels shall have been thoroughly determined and a suitable time table arranged.

This is to be one of the great future inducements to be held out by this line to the traveling public, and Honolulu people will appreciate what it means to them.

Before leaving Mr. Huddart desired the agents to express his regret that, owing to the lateness of the hour at which the vessel arrived, he had been unable to arrange for a meeting with the Honolulu Chamber of Commerce, but that he hoped to do so on his return trip.

In relation to the effect his line would have on the business of the Oceanic Company, Mr. Huddart wished it understood that his line was not running in opposition to theirs, that it was doing business on separate lines altogether, that the P. & O. boats were the only ones it was opposing and that at present he was bidding more for fast mail and passenger traffic than for freight contracts.

Previous to his visit here Mr. Huddart had looked upon Honolulu merely as a port of call, and he was more than agreeably surprised to find 200 tons of freight awaiting him. This little fact has done much to raise Honolulu in his estimation as something more than a port of call.

While he offers to carry our mail to any amount free of charge, and does not intend to ask any subsidy from the Hawaiian Government, Mr. Huddart does not think it right that his vessels should be charged wharf and dock dues, etc., while he offers to do for nothing what the Hawaiian Government is paying the Oceanic line a large subsidy for, and has left directions to have the matter brought to the attention of the Government through the proper channel.

It may not be generally known that the new line is entitled to one penny "sea postage" on every letter sent by its steamers to or from Honolulu. This he does not demand, but thinks it is rather a small business for the Government not to give him equal advantages with the Spreckels' line in the matter of wharfage dues.

The following description of the vessels of this line taken from the Sydney Herald may prove interesting: "Each ship is 357 feet long, by 42 feet 3 inches beam, with a moulded depth of 28 feet, giving a registered tonnage of 3400, or about 5000 tons cubic capacity. The indicated horsepower of each on trial was 4500. Both were built last year by Messrs. Swan & Hunter, Newcastle-on-Tyne, and were engaged by the Wallsend Shipway Company, and both have given every satis-

faction. On their trial trips they attained a speed of seventeen knots, and they have been noted and plans taken by the admiralty for substitution in case of war. A fourteen-knot speed would, allowing for a short detention at Honolulu, convey mails from Sydney to Vancouver in twenty-one days, which is shorter by several days than the existing route to San Francisco. The Miowera and Warrimoo are fitted with the latest triple-expansion machinery, refrigerators for ship's use, duplicate electric lighting, special ventilation for tropical voyaging, and with all the other comforts for passengers to be found in the Atlantic liners. In the trade in which they have been engaged they have already won for themselves a very high reputation and they may be described as the finest vessels in the Australasian mercantile navy.

BLOUNT'S SUCCESSOR.

The Hawaiian Mission Seems to be Going a Begging.

Washington specials to the San Francisco Examiner, under date of June 17th, have the following in regard to the appointment of successors to Minister Blount and Consul-General Severance:

Proctor Knott of Kentucky will probably succeed James H. Blount as Minister to Hawaii. There is no longer any doubt that President Cleveland has received Mr. Blount's resignation and that it has been on file in the State Department for some days. It leaked out here to-day that early this week President Cleveland telegraphed Proctor Knott to come to Washington so he could have a conference with him.

Mr. Knott hastened to the Capital City, and since his arrival has had conferences with President Cleveland, both at the White House and at his summer home at Belvoir. It could not be learned to-day whether Mr. Knott had as yet decided to accept the mission, but his friends in Washington are of the opinion that he will do so.

These Kentuckians, at any rate, have no doubt whatever that Mr. Cleveland has offered the famous ex-Congressman from the Blue Grass State this position, and has urged him to accept it. Rumors have been in circulation for the past two or three days in connection with the selection of other men for this position, but the most recent one is that which connects ex-Governor Knott as the successor of Mr. Blount, who is anxious to get away from Honolulu.

There is no doubt, whatever, that had the Georgian had any idea he would be kept on the islands so long he would not have accepted the position as the roving representative of the Government. He accepted it with the idea that he would be sent on diplomatic missions of this kind to very many sections of the world, and had no idea then that the irksome position of Minister would ever be his. It is stated that he accepted it under duress and now absolutely refuses to continue.

It is believed that Secretary Carlisle has had a good deal to do with the tender by the President of the mission to Knott. The Consul-General to Honolulu will also be appointed in a very short time. This position was tendered to John Sharpstein of Walla Walla and afterwards to Frank Logan Wallace of Spokane Falls, through Hugh C. Wallace, National Committee-man of Washington. As both declined the appointment it will now go to New York.

The Evening News says that Proctor Knott of Kentucky will probably succeed Blount as Minister to Hawaii. It is pretty well understood now that the Georgia man has a gubernatorial bee in his bonnet, and has resigned from the foreign service to dabble once more in local politics.

The question which has been agitating the State Department seems about to be solved by the choice of Knott. Knott was in the city Tuesday and Wednesday and spent the greater part of the second day with the President at his country home. Several members of the Kentucky delegation gave the tip yesterday that he would be sent to finish the work Blount had begun. Mr. Caruth of Kentucky said he had not heard of the rumor, but other members of the delegation stated their belief in its truth. Proctor Knott is an ex-Congressman and ex-Governor of Kentucky. When in Congress he made himself famous by his celebrated humorous speech on "Daluth." This was his first and last speech that attracted any attention, and at the time it was delivered his enemies charged that it was written by a news-paper man.

The dispatch from Tennessee saying Judge Sneed of that State would be appointed to succeed Blount as Consul-General evidently meant that Sneed would succeed Consul Severance.

Inquiry at the Department of State discloses the fact that no appointment has yet been made of a successor to United States Consul-General Severance at Honolulu.

In the Interest of Science.

The schooner Liholiho, Captain Andrews, left this afternoon at 4 o'clock for Nihoa (Bird) Island. She takes as passengers Prof. H. C. Palmer, T. Eytan Walker and some other naturalists, who will study the ornithology of the island. Professor Palmer represents the British Museum and is collecting birds for that institution, his expenses being borne by the millionaire bankers, Rothschild & Co., of London. Last year the Professor visited, in the interests of science, the Laysan, Laysan, Midway and Ocean islands in the schooner Kalakoi under command of Captain Walker.

The masquerade ball on the Fourth of July evening promises to be a most enjoyable affair, and, judging by the number of tickets already sold, a large crowd will be present.

WALKER AND SINCLAIR

HELD TO ANSWER TO THE CIRCUIT COURT.

While Crick Goes Forth a Free Man—Other Proceedings in the District Court.

The District Courtroom was well filled this morning, it having been whispered around that Judge Carter would render his decision in the conspiracy cases. Promptly at 10 o'clock the latter took his seat on the bench and in a very few words announced that he had decided to hold Walker and Sinclair to answer to the Circuit Court for the crime of conspiracy, and that he did not consider the evidence in regard to Crick sufficient to warrant the prospect of conviction before a jury; hence he ordered the latter's discharge.

At the conclusion of Judge Carter's remarks his place on the bench was assumed by Judge Foster and the ordinary business of the Court went on.

Ah Mun, for dealing in opium, was fined \$50 and \$1 costs.

Cheon Sun, for violating chapter 104, Laws of '92, was fined \$25 and costs.

Ah Tay was the next victim. He was charged with the unlawful possession of opium, but in spite of a vigorous defense was found guilty and fined the usual amount of \$50.

The cases of four drunks who had deposited \$6 each for their appearance were called next, but they did not answer the call and their bail was declared forfeited.

Hart, Kawauhau is a policeman who was charged with assault and battery on one Lee Nyao, who owns a meat stand in the classic precincts of Chinatown. During a row between Mr. Nyao and a colored gentleman a short time since, the policeman interfered. During the melee which ensued Nyao got a few slaps in the face and was unceremoniously banged around by the officer. The court found the officer not guilty and discharged him.

A number of other cases on the day's calendar went over till after the fourth.

ON THE DIAMOND.

The Best Played Game of the Season and a Big Attendance.

Attendees at the League game of baseball on Saturday last between the Kamehamehas and Hawaii got their money's worth, and those who were not present lost the best game of the season. Both teams meant business from the word "play," with the students at the bat, but they were retired in short order with a goose egg. The Hawaii did their best and scored one. In the second inning the favors were reversed; the students got one and their opponents "got left." This made things even, and play was both pretty and lively. From this time on to the seventh inning the Kams labored in vain for a run. In the third inning perhaps the prettiest play of the day was in the double play that retired the students by a quick infield ball by short stop to second base, putting out a runner from first, and a timely throw to first retired the batter and his nine. Of course the crowd yelled.

On the Hawaii coming to bat on this turn, they were in high spirits, and fortune favored them, for they scored three runs and got the lead again, which was not wrested from them till the end of the game, though through one of Third Baseman Phillips' characteristic throws, for which he is usually "safe" for semi-occasionally in every game, i. e., throwing to first about forty feet over the baseman's head, he allowed the students to catch up. This error of Phillips lost the game to the Hawaii. Nothing more was scored after this, as, in the eighth inning, was had. They stood thus at the end of the regulation nine innings, and again at the tenth and eleventh. At times a side would go out in the one, two, three, or four, or would be encouraged by safe bases, occasionally getting to third, but only to languish at the home plate as the third man would be retired at first or caught out on a fly.

As the Kams came to bat on the twelfth inning things took a turn. The eccentric actions that at times possess a ball for one or the other side now favored the students, and with their determined play secured them two runs ere they were retired. The Hawaii did their best to retrieve their lost opportunity, but failed, to the regret of many beholders, for they had put up an excellent game.

The pitching of the first four innings of the Hawaii was by Kaee, when he was relieved by Palmer Wood. Meheula of the Kams pitched his twelve innings through without relief. Morris umpired the game at home plate till the end of the eighth inning, when the "kicks," mutterings and smothered cursings of B. Ker, catcher for the students, at his decisions was too much for him, and he refused to serve any longer. After considerable delay the game was continued by J. O. Carter Jr. alone, who, up to this time, had attended to the bases. The game was a long one, considering the frequency of zeros in the twelve innings, of which the following is the score:

Kams . . . 10 0 0 0 3 0 0 0 0 2 6
Hawaii . . . 1 0 3 0 0 0 0 0 0 0 4

NEWS IN A NUTSHELL.

Band concert at Emma Square to-night.

Old Hawaiian stamps are wanted. See notice in this issue.

Hereafter the office hours of the Annexation Club will be from 6 to 9 in the evening.

Thrum's book store will be kept open this evening until 9:30 for the sale of flags, etc.

Minister Blount will hold a reception at the Legation to-morrow between the hours at 3:30 and 5 P. M.

No paper will be issued from this office to-morrow, but Wednesday's edition will be a "daisy."

The Likelike leaves at 5 P. M. with excursionists for the Maui races. A representative of the STAR will be there.

Only a few more days of the large clearance sale at Sing Lay & Co.'s King street store. Bedrock prices are offered.

The Superintendent of Streets did a good job when he had the Post Office block thoroughly cleaned up this morning.

Do not forget that Sam Lederer has at the L. X. L. the largest assortment of fine fireworks, fire crackers and bunting in town.

Bachelors and benedicts will try conclusions in a match game at the old ball grounds to-morrow. Game will be called at 12:30 P. M.

Robert W. Boyd does not like the idea of having his salary reduced, and has resigned his position in the Survey Department on that account.

William Cunningham of the Anchor Saloon invites all his friends to eat turkey with him to-morrow between the hours of 11:30 A. M. and 1:30 P. M.

The STAR is indebted to printer Humphreys of the Boston for an elegant program of the Fourth of July exercises on the Boston. It is printed in four colors and shows that Mr. Humphreys is an artist in his line.

The Cyclorama Booming.

Latest reports from the cyclorama of the volcano of Kilauea are very encouraging, and local stockholders are jubilant over the announcement of a ten per cent dividend, which is now being disbursed at the office of Charles M. Cooke. This is particularly gratifying when it is remembered that the Exposition is hardly yet in running order. The admissions to the cyclorama are increasing daily and it is considered to be the most attractive feature of the whole Exposition. Peter Lee, who has just returned from Chicago, informed the writer that the day before he left over 1400 tickets were sold by him personally in one day. Besides turning out a profitable investment for the public-spirited gentleman who pushed through this enterprise, it will result in untold benefit in giving the widest advertisement to the Islands and be the means of attracting thousands of tourists here, who will leave as many thousands of dollars in the country.

Mr. Lee is confident that there will be very large travel to the Islands within the next six months. On account of his immediate departure for home, Mr. Lee was too busy to be interviewed at length regarding the cyclorama. He says that the realism of the exhibit far exceeded his anticipations.

Dr. Miner Will Leave Us.

M. L. Miner, D. V. S., received letters from his brother, Dr. F. L. Miner, by the last mail, stating that he had visited Chicago, Washington, New York, Boston, and is now in Canada. From there he will soon leave for Europe. He reports delightful weather and a very pleasant all around trip. Dr. Miner also received letters from the New England Live Stock Insurance Company of Boston, offering him a position in that city, which he will accept, leaving here for home at the earliest opportunity after settling his business affairs.

The Yacht Races.

As arrangements have not been made by any first class yachts to enter the race for the Challenge Cup, which was to have taken place to-morrow, the race has been postponed to a future date. The second class yacht race will start at 10:30 A. M. The prizes in the second class yacht race have been raised. See adv.

A Child Badly Burned.

The alarm of fire at 8:30 last night was caused by the burning of the net around the bed occupied by a five year-old native child named Ellen Boy in a house near the Kawahao church. The fire was extinguished before the arrival of the engines, but not until the child had been badly burned.

About the Expedition.

The Mikahala came in yesterday, but brought no definite news from the seat of war. Most of the supposed news circulated to-day is merely rumor, to which there is no good foundation.

PERSONAL.

Mrs. T. F. Lansing and family left on the Likelike for an outing at Makawao, Maui.

The Bishop of Panopolis is paying a visit to the Catholic parishes of Maui. He left on the steamer Likelike this afternoon.

Paul Cowles, special representative of the Associated Press, left by the Warrimoo. Arthur Johnstone has been appointed as his successor, and will no doubt ably fill the vacancy.

FLOTSAM AND JETSAM.

THE J. D. SPRECKELS ARRIVES AT KAHULUI.

The Liholiho Departs For Bird Island—The Steamship Warrimoo From The Colonies.

The Canadian-Australian Steamship Company's liner Warrimoo, Commander J. C. Arthur, R. N. R. docked at the Pacific wharf at 3:30 o'clock Saturday afternoon, thirteen days from Sydney. Her commander reports fine westerly winds from Sydney to Brisbane, and moderate to stormy northeast winds to this port. The Warrimoo left this port Sunday morning at 1 o'clock, after taking on board considerable island produce consisting in part of 3600 bunches of bananas, some coconuts, 1000 watermelons, about 3000 pineapples and over 100 tons of rice.

The harbor of the old Customs House wharf is fast shoaling, as, owing to the proximity of the railroad pier, the dirt washed down by the Nuuanu stream is prevented from going out to sea as heretofore. Harbor-master Fuller reports the Gainsborough as having stuck on the mud the other day at this place while only drawing twenty feet of water. The early destruction of the utility of the Ewa side of the harbor is speedily promised unless some dredging is done.

The American schooner J. M. Weatheras sailed last Wednesday from Kahului with a small cargo of sugar for San Francisco. The American brigantine John D. Spreckels, Captain Christmann, arrived at the same port on Saturday, twelve days from San Francisco, with a light cargo of general merchandise.

No steamers left to-day, their intended departures having been arranged to take place on Wednesday.

The steamer Iwalani goes to Hanalei Wednesday.

MONDAY, JUNE 3.

DIAMOND HEAD, 4:30 P. M.—Weather clear. Wind fresh, N. E.

THE

Hawaiian Safe Deposit

AND INVESTMENT COMPANY.

The undersigned have formed a partnership under the name and style of The Hawaiian Safe Deposit and Investment Company, at Honolulu, H. I.

The objects of the Company are as follows: To open Safe Deposit Vaults in the new building now being erected on Fort Street, Honolulu, between Messrs. Lewis & Cooke and Pacific Hardware Co. It is expected the building will be completed about August 1st, 1893.

These vaults will contain boxes of various sizes, which will be both burglar-proof and fire-proof, and will be rented out from \$12 to \$30 per annum. Due notice will be given when these vaults are completed.

To purchase and sell stocks, Bonds and other Securities upon Commission.

To purchase and sell Real Estate upon Commission.

To negotiate Loans and Investments upon bonds, stocks and real estate.

To act as Agents for the Collection of Rents, Coupons, Interests and Dividends for parties at Honolulu, on the other Islands, or abroad.

Mr. P. C. Jones will give his attention to making Loans and Investments for the patrons of the Company.

Mr. Edwin A. Jones will act as manager of the Safe Deposit department and the general business.

Any business placed in our hands will receive prompt and careful attention, and our charges will be reasonable.

P. C. JONES,
EDWIN A. JONES,
The Hawaiian Safe Deposit and Investment Company,
Honolulu, July 1st, 1893. 81-1W

NOTICE.
