#### The Revolutionists Win.

NEW YORK, November 6.—From a source of information on the situation in Colombia, which thus far has furnished no news not subsequently verified by wire, came tonight a cablegram saying that the city of Panama had fallen and is in complete control of the Liberal party.

It is believed by the New York representatives of the Liberals that General Alban, the Governor of the Panama Department, is a prisoner, unless he has escaped by sea. To A. P. Echeveria, who is an active member of the revolutionary party in the United States, the cable message came at 9:30 o'clock this evening.

PANAMA, November 6.—Rindicronse Todo Neustro Publicus.

SAUL.

This is translated: "Government has surrendered everything."

PUBLISH.

The dispatch is signed by Saul Cortisoz, Chief of Staff, who was the military chief in command of the troops of the Liberal party, who were assembling in Chame, several miles north of Panama, three weeks ago.

#### In The Twentieth Century.

GULFPORT (Miss.), November 4.—A negro, whose name has not yet been learned, was burned at the stake in Perry county, Mississippi, Saturday night. The crime for which the negro was burned was committed early in the morning and Mrs. Fortenbury was the victim. She was the wife of one of the most prominent citizens in that community and was beaten into insensibility by the negro. After recovering consciousness and when almost too weak to move, she began crying for help.

When assistance reached her she told the story of the crime and described the negro. A posse was organized and the negro answering the description given by Mrs. Fortenbury was caught and identified by her. The negro then made a confession. An informal court was organized by the members of the posse. The trial resulted in a decision to burn the negro, who was carried from the house and burned at the stake.

#### Buller's Message.

LONDON, November 5.—The "Daily Express," on the authority of Dr. Miller Maguire, a famous military coach, gives what it alleges to be the authentic version of the heliograph message sent by General Buller to General White during the siege of Ladysmith. It is as follows:

"I have failed. Unable to try again without siege operations, taking a month. Can you hold out so long? If not, I suggest your firing away as much ammunition as possible and finally making the best of terms. If you have any other alternative to suggest, I can remain where I am as long as you suggest."

"Further dispatches were exchanged," adds the "Daily Express," "and, learning that Sir George White was able to hold out, General Buller settled down to prepare to force the Tugela."

Mr. Maguire, through whose hands half the officers of the British army have passed for study, professes to have acquired the information without seeking it some months ago.

#### Tammany Defeated.

NEW YORK, November 5.—Seth Low has been elected Mayor of Greater New York by a majority of 30,000 over Shepard, Tammany's candidate. Van Wyck, who was also the nominee of the organization for Justice of the Supreme Court, is overwhelmingly defeated.

#### San Francisco's Officers-Elect.

These are the men elected to administer the affairs of San Francisco during the coming two years:

Mayor—Eugene E. Schmitz.  
Auditor—Harré Bashr.  
City Attorney—Franklin K. Lane.  
Sberiff—John Lackmann.  
Tax Collector—Edward J. Smith.  
Treasurer—John E. McDougald.  
Recorder—Edmond Godchaux.  
County Clerk—Albert B. Mahony.  
District Attorney—Lewis F. Byington.

Coroner—Thomas B. W. Leland.  
Public Administrator—John Farnham.

Police Judges—Alfred J. Fritz, Charles T. Conlan.

Supervisors—George Alpers, Fred N. Bent, James P. Booth, Charles Bixton, H. U. Brandenstein, Samuel Braunhart, John Connor, A. Conte, Peter Curtis, A. A. D'Ancona, Lawrence J. Dwyer, Frederick Eggers, J. A. Lynch, George B. McClellan, Henry Payot, George R. Sanderson, Horace Wilson, William J. Wynn.

#### Labour Defeats Capital.

Eugene E. Schmitz, candidate of the Union Labor party, has been elected Mayor of San Francisco.

Asa R. Wells, the Republican candidate, was a very close second in the struggle of yesterday.

Joseph S. Tobin, Democratic nominee, is rather a poor third.

It was the Democratic wards which gave Schmitz his big majorities and won the fight for him.

The big Republican wards stuck to Wells and gave him pluralities or majorities which went far toward overcoming the tremendous Schmitz sweep south of Market street and in the districts where the workingmen represent the bulk of the population.

#### Another Sugar Bluff.

NEW YORK, November 6.—Work has already begun on the construction of an independent sugar refinery to be located on the Hudson river on the New Jersey shore, opposite Grant's tomb. It will compete directly with the Sugar trust, not in the open market, however, as its entire output will be taken by wholesale grocers who are interested financially in the new enterprise. All of the money to be used in the construction of the plant is to be provided by an issue of \$1,000,000 in gold bonds at par, each subscriber to \$1,000 receiving with it \$500 in common stock as a bonus.

#### The First Local Mint.

One of the institutions here which has the special attention of tourists as well as the local people is the Mint, which is established on Nuuanu street, opposite Queen Emma Hall. It is interesting to enter the large main working room, where general manager McDonough and his corps of assistants are at work. The cool and large lanai is a proper resting place and the vaults, where the "bars" to be minted and beer are kept present a very tasty spectacle. The Mint is open from 5:30 a. m. to 11:30 p. m. and during those hours the work never ceases. Visitors after looking over the place will find first class refreshments and the purest of liquors.

## TOPICS OF THE DAY.

The elections of municipal officers in San Francisco have proven a great triumph for the labor unions. The capitalists will of course call Mayor Schmitz a socialist or anarchist, but nevertheless he is the Mayor of San Francisco. In announcing his election The Examiner says editorially:

"In our opinion Mayor elect Schmitz will give San Francisco just the kind of administration that it needs. He is in sympathy with the working people because he is one of them. He will see to that their children have opportunities to receive a good education in public schools because he has children of his own. He will try to do everything possible for the improvement of San Francisco because he is proud of his native city and has no interest that he does not share in common with all of his fellow citizens. He will see to it that the laws bear equally upon rich and poor. He has nothing to gain, except by the promotion of good government and has everything in the world to lose by making a failure of his administration. Politicians had nothing to do with his nomination or election and he is therefore free to consider the good of the public service without reference to either individuals or organizations. His canvass showed him to be a man of caution rather than of venturesome spirit. He made but few pledges to the people and those he made ran along lines which are not sensationally radical."

Could we use similar language if speaking of Dole in Hawaii?

Judge Humphreys adopts many new methods here in his effort to Americanize us. We admit, that we have been barbarians in our old countries and at European universities, and we are grateful to the Judge for the opportunity he grants us, to become men of the same high standing as he, the only American, has attained. We think it is proper, that, when kneeling before his high collar—we mean seat—to ask questions, which can Americanize us. Is it, lofty Judge, the custom to ask McMahon to come to Honolulu and take the place of stenographer Case, and then let McMahon, upon his arrival, be believing in the American judge's promises, find the position in the lap of another? Is it American, Abe, old boy, to issue two mittimus in a criminal case in the form done yesterday? We refer to the case of a

Chinaman, who pleaded guilty to two charges of larceny, and in each case was sentenced to one year's imprisonment. The mittimus in each case, signed by our American judge, reads that the criminal shall be imprisoned, etc., for one year, beginning on November 13, etc. The Chinaman simply serves one year under that mittimus, although sentenced to two years imprisonment. Lucky for him that he wasn't a member of the Bar Association, or the mittimus might have stretched out instead of shrinking under our American judge's care.

We think Judge E.tee and his ministerial friends may as well give up their attempt, to enforce the Edmunds' Act here. No jury can be found to convict the sinners, whose physical condition, the Judge envies. Mr. Dunne, should nolla pros. every case of the kind. If he does, we will attend to the Grand Jury, and save a repetition of the folly.

What a dignified appearance Governor Dole must make when he crawls around the merchants and ask them for a few thousand dollars to keep the Government machine going. Why not call an extra session of the Legislature, Mr. Dole. It certainly would look better, and the men who give alms to the Government would not run the risk they do now by having the next Legislature refusing to re-pay the alms or advances made to Dole.

The municipal elections in New York and San Francisco indicate a change in politics which will puzzle the professional politicians for some time to come. The Mayor of San Francisco is a rank socialist, or as they call it there a labor union man. Mayor Schmitz may turn out a success, but it is ten to one, that it will be the other way. Mayor Seth Low of New York has routed Tammany. He is politically speaking a clean and honest man, but it is ten to one, that Tammany will eventually rule during his term office. It is a healthy sign when men vote for the best man for office, indifferent of his political affiliations.

The McKinley Memorial Committee is out for coin now, and ready to spring another souvenir receipt on the unsuspecting public. We ask school children to inform us, how these "voluntary" contributions in the schools are made, and incidentally we ask what has become of the Kalakaua monument, for the erection of which, we got souvenir receipts. If the money collected by the committee is to be used for a playground or something pro bono publico, well and good, but the committee will be wise if it drops the idea of a statue or monument of some kind. The name of a playground or park can easily be changed, when municipal government exists here and Dole has become a "has been." It is not necessary for us to say, that no true Hawaiian can subscribe to a McKinley memorial, without insulting the dear old Hawaiian flag. We hope Colonel Laukea will not take the remark personally, because he may know what became of the Kalakaua memorial.

The Winslow escape is still causing a great deal of talk, and the matter will undoubtedly be brought to the notice of a Grand Jury. Dr. Cooper was seen today by a representative of THE INDEPENDENT, and stated the circumstances surrounding the affair as far as he knows. That Dr. Cooper had any interest in the man, except in his professional capacity as physician of the Queen's Hospital, has never been even insinuated. We think that Dr. Cooper, although a law abiding citizen would rather put his hand to the rope, which should be around the neck of the fugitive, than in any way helping him to escape the punishment he deserved. Dr. Cooper was notified by telephone that a new patient had arrived at the Hospital. He went there and found Dr. Winslow, who had been treated by Dr. Taylor,

while in jail for inflammation of the bowels, or some kind of stomach trouble. Dr. Cooper did his duty as a physician, prescribed for the sick man, and eventually found that his patient had disappeared. Mr. Eckardt, the superintendent of the Hospital had no knowledge of the disappearance of Winslow. There is only one nurse on night duty in the wards where Winslow was, and the escape was consequently easily effected. Anyhow, the man was released on bail, and had a right to walk out from the Hospital without asking anybody's permission. Friends of his evidently put up funds for him, after passing the hat around, and among those who decidedly declined to "dig" was Dr. Cooper. It is a very peculiar incident, and one which will have considerable influence at the next election. A strange feature in the matter is that Judge Gear in spite of the objection of the High Sheriff lowered the bail to an amount, less than that demanded from an opium smoker, and that Mr. Gear's paper the Bulletin didn't have one word above the departure of Winslow. The Bulletin claims to be the brightest news gathering paper here. Will the editor explain why Mr. Gear or he blue-pencilled the Winslow escape?

**LOCAL AND GENERAL NEWS**

To Let—A furnished room at No 9 Garden Lane, Mrs. McConnell.

When you want a hack ring up 191. On that stand you will get a reliable and good driver, a fine hack and no overcharging.

The Philharmonic Society will meet tonight at 8 o'clock in Pauahi Hall, for rehearsal of Handel's "Messiah." All members are urged to be present. New applications will be accepted.

The inquest on Manuel Peter, the Portuguese boy who was killed by a trolley car on Liliha street, will take place tonight at 7 o'clock. The inquest was to have occurred last night, but was postponed on account of the unavoidable absence of a juror.

S. Minskishi, the well known Japanese citizen of the Island of Hawaii, left today on the Gaelic for Japan, as the representative of the Japanese Merchants' Union of Hawaii. He will be absent for about three months, during which time he will look after the interests of the union, which has for its object the commercial advancement of the Japanese business men here.

The Scottish Thistle Club will celebrate St. Andrew's Day by giving a ball in Progress Hall on the evening of the 29th of this month. The committees appointed are as follows: Decoration and Hall—Messrs. George Dell, W. White, A. S. Guild, and J. H. Catton. Music—Messrs. J. H. Fiddes, H. Glass. Refreshments—Messrs. J. C. McGill, N. Kay, A. S. Guild. Reception—Chief Kay, Messrs. C. Stevenson, Jas. Cummings, T. M. Rae, J. H. Fiddes. Floor—J. C. Brown, A. Kennedy, R. Anderson, H. Glass. Master of Ceremonies—J. C. Brown.

**Unfortunate Ohio.**

The Presidents that Ohio has given to the nation have been pursued by a curious and most lamentable fatality. Of the four, only President Hayes failed to die in office. Garfield and McKinley were assassinated, and William Henry Harrison served but one month of his term. Ohio men have been elected to five terms in office, but succeeded in serving only nine years and one month of the twenty years—Harrison one month, Garfield six months, Hayes four years, and McKinley four years and six months.

**Shy of Honolulu.**

SAN FRANCISCO, Nov. 6.—Collector of the Port Stratton has had difficulty in filling offices in Honolulu. Some time ago he was requested to send a sampler to the islands. As the salary is only \$100 a month he could get none of those engaged here to take the position. A few days ago there was a requisition from Washington for an examiner at a salary of \$1,500 a year. None of the examiners here would accept and A. W. Adams, an inspector, was sent down. He gets an increase in salary of \$50 a month in his new position.

**The St. Peter's Fair.**

The fair next Saturday afternoon in St. Andrew's Cathedral school-room, in aid of St. Peter's Chinese Chapel, promises to be an interesting fete. The following is the list of tables that will be loaded with varieties of saleable things: Flower table, Miss Ladd; Fiji, Miss Russell; Chinese fancy work, ladies of St. Peter's Chapel; ice cream, Mrs. C. Booth; tea, Mrs. Pond and Miss Walker; grabbox, Miss Harris; embroidery, Mrs. Kitcat; Candy, Sisters of St. Andrew's Priory.

**A Good Move.**

A request has come from the Leper Settlement at Molokai for second-hand clothing, shoes, etc., for the men, women and children. Any one having wearing apparel they have no further use for, the same will be very acceptable, and on sending it to E. O. Hall & Son, it will be forwarded to the Settlement at once.

**Li Hung Chang is Dead.**

PEKIN, November 7.—Li Hung Chang died at 11 o'clock this morning.

While Earl Li was still breathing he was, according to the Chinese custom, attired in his burial clothes. The news that he was dying spread quickly and the courtyard of the Yamen was soon filled with life-size paper horses and chairs, with coolie bearers, which his friends sent, in accordance with the custom to be buried when he dies, in order to carry his soul to heaven. Several of the Ministers of the powers called to express sympathy.

WASHINGTON, November 6.—The death of Li Hung Chang will not, it is believed here, affect the execution of the undertakings imposed upon China in the protocol. Certainly the United States Government interests will not be involved directly, for all that remains to be done at Pekin in which our Government is interested is the preparation of trade and commercial treaties, and their lines have been so clearly marked that the work to be done is almost mechanical and is not likely to be retarded by Li Hung Chang's death.

A change in the Manchurian situation is expected and the United States has a very considerable interest in that outcome of the matter. If Li Hung Chang was regarded here as strongly pro-Russian, and it is possible that his death and the coming into power in China as the director of foreign affairs of another prince less friendly to Russia might hasten the day when Russia must relax her hold upon Manchuria and allow the country to be opened up to the commerce of the world.

**The French-Turkish Row.**

CONSTANTINOPLE, November 6.—The Porte has sent a note to M. Bapste, Counsellor of the French Legation, forwarding the monthly draft of the customs in payment of the Lorange and Tubini claims and embodying certain decisions of the Turkish government regarding the quays difficulties. M. Bapste has forwarded the communication to Paris.

PARIS, November 6.—A dispatch from Admiral Caillard, received here tonight, but dated this morning, announces that his squadron is still lying before the Island of Mitylene. No landing has yet been effected. A heavy sea is running.

A dispatch from Constantinople reports that the Ministers held an unusual meeting this afternoon for the purpose of examining the propositions submitted by the counsellor of the French Legation, M. Bapste.

LONDON, November 6.—The sittings of the British Cabinet yesterday and today caused much conjecture. Mr. Chamberlain's organ, the Birmingham Post, avers that one of the principal subjects discussed was the threatening relations between France and Turkey, which may be a prelude to grave international complications.

**Miss Stone and the Brigand.**

WASHINGTON, November 6.—The negotiations for Miss Stone's release are progressing.

It is believed that the trouble in which Turkey is involved with France will hasten Turkey's submission to whatever demand the United States may make. At the same time State Department officials realize that if Turkey offers a bold front to France, it may be, in the end, necessary to adopt the measures used by France. While it is known that this Government has fully considered the question of enforcing the collection of indemnity from Turkey by a naval squadron, it is also declared that it will be guided to a great extent by the result of the French descent on the Turkish ports. It is possible the success of the French enterprise may result in the settlement by Turkey of its debts to several other nations, including the United States.

VIENNA, November 6.—The Politische Correspondenz, in a communique from St. Petersburg, declares that "the Russian Government has given the Porte an opinion on the Stone affair and the insecurity of the

Turkish borders, exclusively, of course, with the object of fortifying general tranquillity in the Balkans.

**Republicans in Ohio.**

COLUMBUS (Ohio), November 5.—The Republicans today carried Ohio by such an increased plurality on their ticket and with such an enlarged majority in the Legislature as to cause all sorts of comment on "What did it!" The result continues the Republicans in power in the State, making an epoch of twelve years in succession for that party in Ohio, and it insures the re-election of Senator Foraker.
