

CAUGHT VERY RARE FISH

PRESIDENT JORDAN SECURES THE RECLATOR.

Yesterday Was the First Time He Had Seen One of This Variety in Twenty Years.

President David Starr Jordan was greatly pleased yesterday over the result of the catch made by his special corps of fishermen.

The fishermen were able to produce one of the rarest fishes in existence and a fish which Professor Jordan had not seen before in twenty years.

The fish was about twelve inches in length and oval in shape. In color it was a very pretty dark blue with a narrow yellow streak running along each side.

The last time that President Jordan saw one of these fish was on the Mexican coast. That fish was different somewhat in coloring from the present catch.

FROM LAHAINA TO WAILUKU

DAILY MAIL SERVICE TO BE INAUGURATED.

A New Post Office at Halawa, Molokai, and Another One at Honolulu, Maui, Postal Route Maps.

The Zealandia brought official notice of a number of changes in the postal service of the islands.

A new postoffice has also been established at Halawa, Molokai. The postmaster there is Joe Makaleka.

The Honolulu post office has been very recently supplied, by the Post Office department, with maps showing the location of every post office in the territory.

After filing its report yesterday afternoon the Grand Jury was excused from further duty and left the room to return again.

CHARGED WITH THEFT. Detective David Kapua has under arrest a native named Kuakaha on a charge of robbery.

VERY DESTRUCTIVE PEST

TERMITES FROM THE RUIN OF A RESIDENCE.

Small Insects That Hollow Out Wood, Destroying Buildings and Furniture, Came Here From California.

Look out for termites! The men who have been working on the alterations in the Judiciary building have found some of the woodwork almost eaten away by them.

Professor Koebel and Mr. Perkins of the local biology bureau have studied the termites and say that there is no known preventive of their work.

Cases have been known in which the termites in countries where they prosper even more than in Hawaii, have literally eaten away buildings.

NO TRESPASS SHOWN. In the three cases of M. Bernardo vs. Others, praying for damages resulting to him on account of the alleged trespass of defendants' cattle upon his land.

BAD CASE OF RHEUMATISM. Ward S. Bartlett is quite badly afflicted with rheumatism in the left side and head.

NOT A DUAL SALARIST. Attorney Dunne Denies Story in the Chronicle About Him.

WALTER G. SMITH PERJURY CASE. The Walter G. Smith perjury case is the first matter to come up.

NEW SHIRTS. L. B. Kerr & Company have just unpacked 25 cases of the most up to date goods in Men's White and Noddy shirts.

PACIFIC HEIGHTS RAILWAY. No grander scenic view to be had than Pacific Heights affords.

ROYAL BAKING POWDER. Made from pure cream of tartar. Safeguards the food against alum.

ALUM BAKING POWDERS ARE THE GREATEST MENACERS TO HEALTH OF THE PRESENT DAY.

THE HAWAIIAN STAR. Honolulu people who are going abroad can have the Semi-Weekly Star mailed to any address for the small sum of twenty-five cents a month.

LADIES' FRENCH DANCING SLIPPERS AT McInerney's Shoe Store, something entirely new.

THE CHINESE FIRE CLAIMS

CONSUL GENERAL HANDLING MANY CASES.

Requires That the Utmost Care be Taken Before He Will Present Claims Before the Court.

One of the busiest places in Honolulu is the headquarters of the United Chinese Society where the Chinese fire claims are being prepared for presentation to the court of claims.

Subsequently it was found that the claimants must look to the Territory for compensation and when the present court of claims was established Consul Yang Wai Pin inaugurated a far more careful system of preparing the claims.

There was strong objection especially among the Hawaiians, to the proposal to land-diseased soldiers from the Kilpatrick at Kailih. Under the new arrangement the danger suggested at that time seems not now to exist.

SPECIAL CIRCUIT TERM. JUDGE GEAR WILL NOW PROCEED TO BUSINESS.

USES OF THE KALIKHI CAMP

ONLY WELL PEOPLE WILL BE QUARTERED THERE.

Sick Will be Sent to Quarantine Island As Before—Details of Intention of Marine Hospital Service as to Camp.

Superintendent Boyd, of the public works bureau, will probably not be able to visit Kailih camp before tomorrow in the matter of assigning a part of it to the use of the Marine Hospital service.

There seems to have been some error in the statement of yesterday regarding the uses to which the Kalikhi side of the camp would be used.

The whole idea is to get a place at which clean people may be kept apart from sick people of an infected ship without bringing them in contact with the public.

There was strong objection especially among the Hawaiians, to the proposal to land-diseased soldiers from the Kilpatrick at Kailih.

REPRESENTATIVES REGRET CUTS IN SALARIES.

The Last Few Items in the Salary Appropriation Bill Considered This Morning—Ready for the Senate.

The House almost finished with the salaries appropriation bill this morning. The session ended in turmoil, over a proposition to restore the salaries of the four heads of departments.

The bill was done with when the morning session ended, except for the fixing of the salaries of the heads of departments mentioned.

There was strong objection especially among the Hawaiians, to the proposal to land-diseased soldiers from the Kilpatrick at Kailih.

SAILOR WAR ON AGAIN

EIGHT UNION MEN ARRESTED FOR ASSAULT.

A Big Gang Starts Out to Do Up Oscar C. Lewis and Many Arrests Follow.

A mob of union sailors started to do up Oscar C. Lewis, the shipping master, on Queen street this afternoon, and eight of them were landed in jail.

This afternoon, the row came, Lewis was walking along Queen street when a gang of men jumped him.

Lewis emerged when the officer had done his duty. For once he was not with Turk when the trouble occurred.

ASTOR IN FAVOR AGAIN.
 King Edward Again Friendly With the Ex-American.

NEW YORK, June 8.—A cable to the World from London says: The King has quite forgiven William Waldorf Astor for the Berkeley-Milne affair of last year. He had arranged to visit Astor at Cliveden last Sunday from Windsor, but the engagement was canceled at the last moment, owing to the alteration of the King's plans made necessary by the reception to Americans at the castle on Saturday.
 The relations between Astor and the King were never so friendly as at present. There is great curiosity as to how the King has been induced to change his attitude so completely. He will certainly visit Cliveden at the first available opportunity.
 Astor is entertaining Saturday to Monday parties at Cliveden now, representing the most select coteries of society, and the has all been brought about by the invitation from Marlborough House that the King desired that all feeling created by the Berkeley-Milne affair be obliterated. Astor has accordingly been taken to society's bosom again. He has an opera box, but he never uses it himself. It is always at the Countess Selkirk's disposal when not used by Miss Astor, who has lately been seen about a good deal with Princess Victor Duhleep Singh.

QUARANTINE RAISED.
 AUSTIN, Texas, June 8.—Governor Sayers, after a thorough investigation of the situation, today issued an order authorizing State Health Officer W. F. Blount to raise the quarantine which Texas has been enforcing for the past several months against San Francisco on account of the alleged existence of bubonic plague in that city. The inspections that have been in force at the Texas line, El Paso, and at the Red River crossing of the Gulf, Colorado and Santa Fe railroads, were discontinued today. This quarantine has worked a great hardship on the railroads, particularly on the Southern Pacific, and caused the traveling public much inconvenience.

MR. NATION IS TIRED.
 NEW YORK, June 8.—A special to the Word from Richmond (Ind.), says: David, the seventy-three-year-old husband of the nation's most famous contralto, by his wife. He has grown tired of her. He told his Indiana relatives today that he would not live again with Mrs. Nation. He intends to spend the remainder of his life quietly with his daughter in the family at Marion. Sadly he said: "I couldn't keep up with Carrie. The pace she set was too fast. I used to think she would get into trouble if I didn't follow her around, but I find she is able to take care of herself. There is too much hard work about this crusade and too little in it."

JUDGE GEAR'S COURT.
 In the matter of the estate of the late Achew, of Walluku, the accounts of the administrator were approved.
 John A. Baker was appointed administrator of the estate of Puwi Panawa under \$2,000 bonds.
 Discontinuances were filed in a number of old Chinatown insurance cases.
 Bishop Estate accounts have been approved.

INSPECTING OUR NAVY YARDS.
 SEATTLE, June 6.—Baron Nishi, Japanese naval attaché at Washington D. C., who has been in the city for the past few days, left today for the East. He has been making an inspection of the navy yards throughout the country and studying their methods and equipment. The last place he visited was the yard at Bremerton, with which he was much pleased.

IDAHO SOLDIERS DISFRANCHISED.
 BOISE (Idaho), June 6.—The Supreme Court today held that inmates of the Soldiers' Home cannot vote in the Soldiers' Home precinct if they come from some other place to enter the home. The case arose over the election of a County School Superintendent. Miss Nester Spackman was elected by a majority on the face of the returns, but it was shown that forty inmates of the home voted for her. By this decision Miss Helen Costen becomes Superintendent.

SONS OF THE REVOLUTION.
 The Hawaiian Society of Sons of the American Revolution held its annual meeting yesterday afternoon at the office of the Hawaiian Trust Company. The report of registrar Alexander showed that 74 members had been registered since the organization of the society and that there are now 57 members. The following officers were elected: W. R. Castle, president, Frank S. Dudge, vice-president; William J. Forbes, treasurer; W. D. Alexander, registrar; William O. Atwater, secretary; A. F. Judd, W. C. Parke and F. J. Lowrey members of board of trustees. Col. W. F. Allen, the retiring president was accorded a hearty vote of thanks.

"THE ANGLE LAMP"
 The Light that Never Fails

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but besides being infinitely cheaper it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the ideal light from every standpoint. We carry these lamps from \$1.50 up.

BUYING HORSES. Charge of Corruption Among British Officers in the Matter.

LONDON, June 17.—After a long and somewhat bitter discussion of the policy of the War Office in buying horses for use in South Africa the House of Commons tonight, by a vote of 159 to 60, voted the sum of £15,779,000 for transports and remounts. Sir Blundell Maple, Conservative, asserted that British officers who had been sent to Hungary and Austria had purchased broken-down animals at extravagant prices and divided with the sellers the price charged the British Government above the actual cost. He demanded the appointment of a committee of inquiry. Lord Stanley, Financial Secretary of the War Office, said an inquiry would be made into the matter and he believed the accusations of corruption brought against British officers would be disproved. Brodrick, the War Secretary, said the War Office paid for horses in England £42, in Canada £30 and in Australia the United States and Hungary, £20 to £30. Later in the discussion Brodrick said a telegram had just reached him from Lord Kitchener announcing that between 50,000 and 60,000 troops were now suitably mounted. The War Secretary defended the good quality of the horses bought abroad. LONDON, June 17.—It is understood that the charges made by Sir Blundell Maple are of a serious nature. It is said that in one case an officer netted £50,000 in the purchase of horses in Hungary. Dissatisfaction is said to have existed in the colonies because the Government has been buying horses on the Continent when colonial animals are available.

CIVIL SERVICE POSITIONS

EXAMINATIONS WILL BE HELD JULY 5.

Many Places in the Hawaiian Service Open to Citizens—Can Also Enter Government Printing Office.

President Rodenberg and Chief Examiner Serven of the Civil Service Commission have decided to hold the civil service examinations for the various positions on July 5 at the High School building. In case the examinations should not be concluded on that date they will be extended for one day. The following have been appointed as the board of examiners: Professor V. D. Alexander, President of the Board and Z. Bond the chief of the money order department of the post office.

These examinations are conducted similarly to a competitive examination for West Point or Annapolis. The marking of the examination papers are done by the board in the case of all the local examining board has to do is to keep a general supervision over the examinations and send the papers to Washington to be passed upon. Great care is taken that the identity of those taking the examinations shall not be known to the people at Washington. The results of examinations are generally known within 60 days. Sometimes however the work of the department piles up so heavily that six and seven months elapse before the markings can be announced.

The examination next month will not be the only one to be held here for there will be a second about December 1st of this year. The examiners have not decided how the subjects will be divided but the number of examinations which will be held next month, will of course be determined by the number of applicants. In case there is no application for any particular subject the examination will not be held. While the majority of the examinations to be held are for positions in the United States service in this Territory, positions are also open in the Government printing office at Washington, the Indian service and in the Philippines. Appointments to the government printing office are apportioned to the various states and territories. No less than ten positions in this department are open to Hawaii and only one of them is filled. The Indian service relates to the Indian American and the duties included in the western district will be a number of appointments can be made from here.

Mr. Rodenberg and M. Serven left today for Hilo where they will select a board of examiners and probably a second at Kahului whose duties it will be to furnish information to those thinking of taking the examinations. The examinations will all be held in Honolulu however. Mr. Bond at the money order department of the post office will furnish information.

The examinations to be held are: Aid, coast and geodetic survey; book type-writing; Chinese inspector; clerk, general service; elevator conductor; fish culturist; immigration inspector; meat inspector; weather observer; stenographer; typewriter; superintendent of construction; topographer, including assistant topographer and copyist draughtsman; translator of modern European languages; first, second and third grade examinations for the custom house; examiner of general merchandise for the custom house; compositor, bookbinder, electrotypist, pressman and stereotyper for the Government printing office, Washington, D. C. teachers, matron, physician, industrial teacher, teacher of industries, etc., for Indian service; also railway mail service clerk, on steamers or other mail transportation lines in the Islands.

None but American citizens will be permitted to take the examinations however and the applications must be properly certified to this effect by all the applicants. Persons discharged from the navy or army service as the result of wounds or disease contracted during service are given a slight preference over others taking the examinations. In the fact that the former sailors or soldiers are required to make only 65 percent instead of 75 percent as are ordinary applicants.

CONFESSION OR INDICTMENT.

The member for the fifth district proposed in the House that time might just as well be wasted in full session as in committee. This was a confession of the tactics the Home Rulers were employing or it was an indictment of them. The Star gives the member from the fifth credit for the latter. He does honestly want to get the session over and the appropriation bill passed, but he has not influence enough with his party to do so, and then he, himself, goes chasing after butterflies as it were. Some gay Mariposa chases through the recesses of his mind, and forthwith the rhetorical hunt is taken up and followed till the parti-colored insect—escapes, as the Governor did when he went to Hawaii.

The tactics of some of the Home Rulers are very plain. However much Representative Emmeluth and his two followers, may desire a close to this session, however much the Republican representatives and senators may desire and work for the same end they cannot break down the solid phalanx of indifference and a determination to do nothing. And this legislative method is inspired by nothing higher than the desire of getting another \$200 in the way of salary and what emoluments and perquisites can be obtained from the judicious distribution of the legislative expense account.

The amount of harm which has been done to the Territory by its first legislature may be reckoned in hundreds of thousands of dollars. The Home Rule members may say "there can no harm come to us," we have filled our purses better than the average and we come out ahead." But what injures the community injures the individual. The Home Ruler's full purse will soon be empty and he will then find no means of replenishing it. As long as everything went prosperously every one in a greater or less degree shared in the general prosperity. When a check in the general prosperity comes, it is the small income man who feels it first.

That the Territory, will regain what it has lost, those who know its magnificent resources, and the energy of its leading men have no doubt of. It is not the remote future which bothers those who depend upon the prosperity of the country. It is that the present which should have been so prosperous has suffered a severe check.

This biennial period should have been devoted to great activity in public works. Had the House not made away with the loan bill, this activity could have been begun. Now, it is barely possible that some of the most needed of public improvements will be carried out. And what makes the position doubly annoying is that money could have been obtained upon such easy terms. Everything was in our favor, and our legislature has deliberately thrown away our opportunity.

There are two ruling principles in the Home Rule party. Desire of present petty gain, and desire of "getting even" with the men who brought about annexation. At one time the latter feeling was in the ascendant, latterly the former is playing the principal role. The desire of "getting even" was shown by attacks on the Governor and Secretary and a general onslaught upon the executive. In this an immense amount of legislative time was wasted. But that feeling, except in a few breasts, gave way to the desire of present gain. It was \$200 for an extension of session and \$200 for an extra session for the appropriation bill which caused the death of the loan bill. This lucrative plan for the legislative pocket failed through the Governor's refusal to grant an extension. The extra session to consider the appropriations was called, and the whole talent of the "grafters" has been employed in trying to make the session of no avail, so that the Acting Governor's hand may be forced, and another extra session may be called to provide ways and means.

But there is no likelihood of the Acting Governor giving way. The tactics used are only likely to embarrass the Territory still further. If the legislature has acted as it has done up to the present, there is no assurance that it will not go on in the same fashion as long as there is a dollar in sight in the treasury. We have already spent on this legislature which after ninety days' session has done nothing, over \$75,000, a greater sum than has been spent on any legislature previously. There is no need for further waste of public money. It is better for us to call the whole affair a bad bargain and wash our hands of it, than to throw good money after bad. The Territory will survive the next eighteen months, and will see to it that a proper legislature is elected next time.

NOT PROVEN.

The report of the Grand Jury amounts to the Scotch verdict of "not proven," which is very different from a verdict of "not guilty," and blasts a man's character as effectually, almost, as a verdict of guilty would do. The result in plain words is that the Grand Jury had every reason to think that there had been bribery, but that they were unable to get actual and tangible

evidence sufficient to bring in a true bill against any particular delinquent. That the Grand Jury failed to reach tangible evidence it should not be blamed for. There have been many commissions which have been called together to investigate under similar circumstances which have failed quite as utterly as the recent Grand Jury. To catch the festive briber and the still more festive bribee is like trying to catch an eel by the tail. It is as evasive as the fabled jewels which are to be found where the rainbow touches the ground. We can all see the rainbow, but no one has ever yet got hold of the rainbow gold.

One of the causes why witnesses were not disposed to tax their memories to the utmost, and fell back upon the shortness of memory, was undoubtedly the leak that existed in the jury room. What witnesses testified in the jury room seems to have found its way out, and one person reflected upon by such evidence challenged, so The Star is informed, the witness who made the remark. If, in an investigation of this kind the jury or some member gives away the witnesses, there need be no surprise if evidence becomes hard to obtain.

However a verdict of "not proven" is a very hard thing to get over. It means that though the evidence can not be construed into actual guilt, there is sufficient in it to presume that there was guilt. So though the Grand Jury could not say in set terms that the legislators had been bribed, it could not say that the evidence showed that they had not been.

In so far the Grand Jury has done some good. To those who are content to live under the blight of "not proven" it may look like a whitewash, but the Grand Jury's report is very far from a whitewash, there is a considerable quantity of lamp black in the compound, and it comes out in patches which show all the worse for the surrounding splashes of white. "Not Proven" is a very uncomfortable result.

It is satisfactory to learn that Mrs. McKinley is steadily improving, though her life has been in danger. The President has been most assiduous in his attendance at her bedside. Fortunately at the present season there is little public business of importance going on and the President has considerable leisure.

Up to the present the portraits of our notable men have been painted by foreign artists. The portrait of the late Chief Justice Judd which was unveiled yesterday, however, is the work of an Island boy. Harold Mott-Smith was born in Honolulu and received his early education here. His art education was commenced in Boston and completed in Paris. We are not very patriotic over our young men who strike out into art lines. They deserve the unwavering support of the public.

Once more there is talk of negotiations between Kitchener and Botha with regard to peace. Though the Boer raid southward was successful for a time, it came to an end when the main column came up with the raiders, and the loot taken from the town that was rushed was recovered, while the Boers lost cattle and ammunition and arms. The presence of Mrs. Botha in London may have a considerable effect upon the negotiations. It will be a good thing for the country if peace is once fully declared.

Of all the imported birds, fit for food, the long tailed dove seems to have proved the most prolific. The bird was not originally imported for sporting purposes, but it has proved a boon to the sportsman. Dove shooting requires a quick eye for the birds in their afternoon flight flash past almost with the speed of pheasants. Our imported game birds have not proved very successful. Quail which used to be abundant have been practically destroyed by the mongoose. Pheasants have done better and there are quite a number on this island, while the uplands of Molokai used to swarm with them. But the mainstay of the sportsman are the migratory birds, the plover and the Norway duck. These come to us when the weather up north begins to get cold. At present they are busy raising their broods in the bays of Alaska and Kamtschatka. Curious it is, how these birds find their way, year after year to these dots of islands.

Every now and again it is made evident to us how much we depend upon outside sources for our table supplies. Hawaiian meat has become a dream, though the butchers promise us some shortly. But we have had to subsist on frozen meat and it has not proved very satisfactory. Yesterday the grocers and markets announced a shortage of potatoes and limes and lemons. There ought never to be a shortage of these articles. There are acres upon acres of land on Maui and Hawaii where potatoes can be grown successfully. The Islands ought to be able to raise all the limes that can be used by the population, and have a surplus over for export. Limes can be raised in and around Honolulu which should supply the wants of the city. We are always talking about minor industries, but no one seems disposed to go in for them upon any scale. It may be said to the credit of the Portuguese that they raise grapes for sale and that the city is well supplied in this particular, a few raise limes, but they generally pick them when they are small. There is a market for fruits and vegetables if they were only systematically cultivated.

Real Estate AT AUCTION!

Situate near Punchbowl street, between Beretania and King Streets in Honolulu, Island of Oahu, Being Apanas 1 and 4 of Land Commission Award 251 issued to Waialea, or Lots A and B in the name of A. W. Malohe as indicated on maps in the Government Survey Department.

By virtue of an Order issued out of the Circuit Court of the First Circuit, Hon. A. S. Humphreys, presiding, in cause at Chambers entitled Alexander Malohe versus William Malohe, et al., Equity Division Number 1171, the undersigned will sell at Public Auction to the highest bidder, subject to confirmation by said Court,

ON MONDAY, JUNE 24, 1901,
AT 12 O'CLOCK NOON,

At the mauka entrance to the Judiciary Building in said Honolulu, the following described lands, to wit:
APANAS 1 (OR LOT A, A. W. MAIOHO)
Bounded by Printer's Lane 51 feet on mauka side; by Rose K. Anahu 135 feet on Ewa side; by Hiram K. Anahu 50.5 feet on mauka side; and by a 9-foot Roadway 145.5 feet on Walkiki side Area 6320 square feet, more or less.

Less than one-half of this Apana will be condemned for a 50-foot street in order to extend Young Street Ewa-way or towards Hotel street.
WHAT REMAINS OF THE LOT MAUKA AND MAKAI will hereafter become enhanced in value on account of said proposed extension and also on account of their fronting on the new street. A RARE CHANCE FOR CAPITALISTS.

APANAS 4 (OR LOT B, A. W. MAIOHO)
Bounded by Rose K. Anahu 58 feet on mauka side; by said 9-foot Roadway 156 feet on Ewa side; by Government and Bishop Estate about 80 feet on mauka side; and by Pahau Estate about 120 feet on Walkiki side. Area 9830 square feet, more or less.

This Apana 4, the outlet to which in Printer's Lane leading out to Punchbowl Street, could be subdivided into THREE EQUAL SQUARE LOTS, with an outlet to each facing Ewa-way on to said 9-foot Roadway; and the furthest mauka lot, when Apana 4 is subdivided, will still be within 300 feet of the proposed Young Street Extension, thus eventually doing away with the use of Printer's Lane as far as this Apana 4 is concerned. THIS IS A GOOD CHANCE FOR INVESTORS.

TERMS OF SALE are cash in United States Gold Coin, and deeds at expense of purchasers. For further particulars enquire of the undersigned at his office in said Judiciary Building.

Dated Honolulu, May 31, 1901.

POLICE AFTER M'KENZIE

If the plans of High Sheriff Brown do not miscarry G. S. McKenzie the horse-man will not witness the horse races at Hilo on July 4th. A warrant will probably be sworn out today charging McKenzie with assault and battery on Police Officer Jackson, inasmuch as McKenzie left on the Kinau today for Hilo an officer will have to be sent in quest of him. The threatened arrest of McKenzie is the result of the general row which occurred at the Club Stables yesterday.

According to the statements of the authorities Chris Holt started to drive out of the place and requested several people who were in the crowd to get out of the way. One of the men was a Jockey who applied an insulting term to Holt. The latter got into an altercation with the jockey and Mike O'Brien and M. Curry a couple of horse trainers took a hand in the row by attacking Holt.

Officer Jackson stepped in and was attacked by quite a crowd of men. Fully six or seven of them piled on the officer at once. He fought them off pluckily and arrested Curry and O'Brien. Both were found guilty in Judge Wilcox's court today of assault and battery and were fined \$10 each. Robert Burns was also fined \$5 for his part in the general row.

Holt claimed that O'Brien and Burns had committed assault and battery on him and swore to complaints today against them. Both men were anxious to get away on the Kinau for Hilo but their arrest prevented their departure. The friends of the jockey claimed that how as the victim of a job to prevent his attending the races, neither O'Brien nor Burns were able however to get away on the boat today.

As an aftermath of the fuss it is now said that McKenzie took it upon himself to strike Jackson in the back of the neck and knock him down, just for luck. Sheriff Brown was very indignant this afternoon when informed of McKenzie's alleged part in the row and declared that he would have the horse-man arrested.

CHINESE FOR FEIT RIGHTS

CHINA PASSENGERS LIABLE TO DEPORTATION.

Washington Ruling That Those Who Did Not Register Must Take the Consequences and Lose Residence Rights.

The Chinese who are away from Hawaii under leave of absence certificates issued from the custom house will probably lose their right to reside in the country. Notice was given over a year ago, on April 30, 1900, when Congress passed the Organic Act of Hawaii, that the Chinese who had a right to reside in the islands might register up to June 13, 1891, and the treasury department takes the position that those who have not done so must take the consequences.

This means that Chinese who come here after this date, unless a special order is made, with certificates issued by the custom house allowing them to return, must be immediately sent back to China, as having no right to remain on American soil.

The Chinese have been returning lately in large numbers to get registered on time. Between December 29 and June 10, 377 return certificates were issued, and 118 have been canceled on account of the return of the holders. This leaves 259 still out, of which 13 are held by Chinese returning on Saturday on the China. These Chinese are all liable to deportation.

The certificates issued by the custom house read as follows:
"Certificate issued to Chinese laborers departing from the United States with the intention of returning thereto under the treaty between the United States of America and the Empire of China signed March 17, 1894 and proclaimed by the President of the United States, December 8, 1894.

This is to certify that — a Chinese laborer described in identification paper number —, port of Honolulu, departed from this port for China on the — day of — with the intention of returning to the United States via this port within 12 months from said date.

"Given under my hand and seal, etc.,
"E. R. STICKABLE,
Collector of Customs, Port of Honolulu."

Consul Yang Wai Pin has communicated with the American authorities asking what is to be done regarding those of his countrymen who have certificates of this kind but who are not here in time to secure certificates under the act allowing residence certificates to be issued up to June 13, 1901. The reply from Washington indicates that the treasury department holds that the Chinese have had notice enough, in the 14 months that have elapsed since the passage of the Organic act, and that all who are not registered by this time must take the consequences, which means that they must lose their right to enter American territory. When it is remembered that the price of a certificate assuring admission to America is said to have gone as high as \$500 in Hongkong, the loss of the 259 Chinese who have forfeited their standing, amounting in the aggregate to \$150,000 at this rate, is seen to be a good deal.

The Chinese who arrived on Saturday on the S. S. China, are all liable to deportation, in spite of their custom house certificates and all may be arrested by United States Marshal Ray.

PROF. LYONS' WEATHER REPORT FOR MAY.

There was Neither Earthquake, Thunder nor Lightning—Drought on Windward Coasts—Humidity broke record.

The report of the meteorology for the month of May, just made by Prof. Lyons, contains some interesting matter and a record of at least one curious phenomenon. This last is the fact that during the month the rainfall on the windward or rainy side of the islands has as a rule been very much below the average, while on the leeward or dry side it has been correspondingly above the average. The meteorologist accounts for this by the direction of the prevailing winds.

The following is the report:
Temperature—mean for the month, 74.5; normal, 74.2; average daily maximum, 82.3; average daily minimum, 68.8; average daily range, 13.5; greatest daily range, 19 degrees; least daily range, 8 degrees; highest temperature, 84; lowest, 64.

Barometer average, 29.979; normal, 30.021 corrected for gravity by —.06; highest, 30.11; lowest, 29.86; greatest 24-hour change, .09. "Highs" passed this point on the 8th, 19th, 23rd and 29th; "lows" on the 5th, 11th, 17th, 19th, and 25th. There were no very marked changes in pressure.

Relative humidity, average, 79; normal, 70; mean dew-point, 67.6; normal, 64; mean absolute moisture, 7.38 grains to the cubic foot; normal, 6.53. The humidity was considerably below the average of any month of May on record for 12 years.

Rainfall, 3.23 inches, normal, 3 inches; rain-record days, 20; normal, 19; greatest rainfall in one day, 1.93, 6th. Total at Lanakaha, 13.57; at Kapiolani Park, — Total rainfall since January 1, 21.52; normal, 12.20.

The artesian well utilized for observation, at Punahou is closed for repairs, consequently there is no record this month.
Trade wind days, 16 (3 of N.E.); normal number of trade wind days for May, 24; average force of wind, 1.7. Beaufort scale, cloudiness tenths of sky, 4.9; normal, 4.4.

Approximate percentages of district rainfall as compared with normal: Hilo, 40 per cent; Hamakua, 12; Kohala, 12; Waimea, 66; Kona, 230; Kau, 200; Puna, 75; Maui, north exposures, 100 per cent; S. E. exposures, 200; Oahu normal, excepting Koolau-poko, which is 150; Kauai, 250 per cent, excepting Hanalei, N. coast, 100. The cause of the abnormal distribution of rain was the excess of southeast wind above normal causing precipitation on the corresponding exposed side of the higher islands.

Average temperatures, Pepeekeo, Hilo district, 100 feet elevation, average maximum, 78.0; average minimum, 68.0; Waimea, Hawaii, 2700 feet elevation 77.0 and 64.3; Kulaokahua, W. R. Castle's, 60 feet elevation, highest, 86, lowest, 67; Kohala 521 feet elevation, 82.5 and 70.3.

No earthquakes, thunder nor lightning reported this month. Snow is still visible on summit of Mauna Kea.

Meteorologist.

HER MOTHER'S GIRL.

A bright, handsome girl on the borderland between childhood and womanhood, is at once a source of pride and anxiety to her mother. Being intelligent and dutiful she is her mother's pride. But she has grown fast and is still growing. Nature makes stern demands upon the slender body. The skin is dull, the eyes lustreless, the cheeks and neck are sunken, the appetite is capricious, and the movements languid. The trouble is impurity and sluggishness of the blood. It needs the life-giving elements from which alone the body derives all its vigor and health.

WAMPOLE'S PREPARATION of the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry, has saved many such girls. It contains all the flesh-forming and strengthening qualities of the oil without its loathsome taste. The most sensitive and feeble can take it as they take syrup, and digest it perfectly. Taken before meals it creates an appetite, stops the emaciating process, puts flesh on the thin and bony body, and ruddy cheeks soon tell the story of pure blood, good digestion and recovered health. It is a scientific modern combination of the best of curatives made palatable as honey. Taken in time it prevents consumption; taken in time it cures. Dr. J. L. Carrick says: "I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrofulous Affections, and consider it a marvelous success in medicine." To give it a trial is to believe in it always thereafter. Effective from the first dose. "You cannot be disappointed in it." Sold by chemists here.

WORK ON THE SALARIES

SENATORS MAKE A LITTLE HAY THIS MORNING.

Some Slashes in Agricultural Bureau But the Liberal Policy Rather Holds Its Own.

The session of the Senate this morning was quite peaceful, a spirit of friendliness and, at times, good humor seeming to prevail. Dr. Russell's stock quarantine and a veterinary surgeon for Hilo were formally knocked in the head, and Makiki park went back to the woods for the next two years. David Kamua and Clarence Crabbe tried to get \$10,000 for a big park near Kanehahua school, but only they and the janitor voted for the appropriation. It was admitted to be a good thing, but there were not enough votes to push it along. The Senate sat until a few minutes to 12 o'clock, finishing up nearly all of the items on the table.

In the Senate this morning the salary of the commissioner of agriculture was reduced from \$7,200 to \$4,800. The item for pay of Prof. Koebele, government entomologist, and several numerous speeches. Cecil Brown moved to raise the amount from \$4,000 to \$5,000, and he was supported by Senator White. Kalaokalani wanted to refer to a committee.

Kaohi made one of his characteristic speeches in which he declared that Koebele had done the country no good. Bugs and parasites were not hurting vegetation. It was the cows, and as the cows were being killed off the trouble was adjusting itself.

On vote the item passed at \$4,000. Forester, \$3,600 reduced to \$3,000; Foresters Napanu valley, reduced from \$6,480 to \$4,320; Makiki and River parks was changed to Hiker park and passed, thus cutting Makiki out; Thomas and Emma Squares, passed at \$2,040; items passed yesterday providing for a stock quarantine and veterinary surgeon at Hilo were reconsidered and stricken out.

Mr. Achi moved to strike out the pay-roll for Kallhi camp. His reason was that the United States was going to take over the camp. Cecil Brown denied that such was the intention. The Board of Health had already refused the camp for the use of sick soldiers. This last report was surely a newspaper yarn. After further discussion the subject was dropped.

Subsidies to steamers was taken up again and Senator White offered an amendment requiring the Molokai packet to call at all ports on Molokai and Lanai and at Lahaina and Kahu-lui on Maui. This was amended to require a weekly service and passed at \$10,000.

SECOND MATE IS HELD.

Balefutha Assault Case in Judge Estee's Court.

Commissioner Robinson has finished taking the evidence in the case of the first and second mates of the American ship Balefutha, charged with assault and battery on the carpenter of their vessel. The first mate, John Hatfield, son of the captain, was found not guilty and discharged. The second mate was bound over under \$1,000 bail to appear before the United States district court for trial.

Upon receiving this report Judge Estee bound all the witnesses over in the sum of \$100 each to insure their appearance at the trial.

Judge Estee, this morning took up the case of Captain Rodgers, of the bark Hesper, who was convicted of assault and battery, given six months and now wishes to perfect his appeal to the Ninth Circuit. After consultation it was agreed to postpone the matter to tomorrow morning in order to give respective counsel, Kinney and Dunne, an opportunity to agree upon corrections of the record and assignment of errors.

Weak Children

A Sickly Child Made Strong. We know you will be greatly interested in this testimonial. It tells you how you can make your sickly child robust and hearty.

Mrs. A. Lawrence, of Bowden, South Australia, sends us this picture of her child, with the following letter:

"My child, now four years old, was always delicate, and medicine did him no good. A friend told me to try

AYER'S Sarsaparilla

I did so, and you would have been astonished to notice the prompt change. All my friends say it was simply wonderful. Only four bottles made my weak and sickly child strong and healthy. I want to urge all mothers who have delicate children to try this tonic.

VERY GLAD HE IS HERE

J. M. VIVAS AND HIS SPEEDY NAMESAKE.

The Honolulu Maa Escapes a Terrible Situation—Identity of the Poodle Dog Host.

J. M. Vivas of Honolulu has been having a hard time standing off friends who have read of the gay career of the fake J. M. Vivas of San Francisco. He has only one great comfort, however, and that is that he was in Honolulu when the San Francisco Vivas turned himself loose.

"I wouldn't have been on the mainland for a thousand dollars," said Vivas very earnestly. "I wouldn't have been even out of Honolulu, on one of the other islands. People would have said I had skipped to the coast and I should never have been able to convince them that I didn't have that dinner party with a young lady at the Poodle dog. What would have happened in my family here if I had been away when the story of the swiftness of Dr. J. M. Vivas of Honolulu came from San Francisco? No, sir, I wouldn't have been there for a thousand dollars," repeated Vivas.

"As it was I was right here in town, and nobody could say a thing except to make jokes. Everybody knows it was not I and that settles it." Vivas had a suspicion that he knew the man who took his name for a good one to have as long as he. He spotted a man who left here on the Sonoma, and concluded that he would do a bit of detective work, just for curiosity's sake to see if he couldn't verify the suspicion. It was only a guess, and it has been knocked out by yesterday's advices from San Francisco.

It appears now that the "Dr. Vivas" who dined at the Poodle dog with Miss Rosamund Rodkinson, the fair student of Arabic and other uncommon languages, was a Call reporter, who passed himself off as Dr. Vivas of Honolulu, dined with the young lady and then wrote about it, and who may be expelled from the San Francisco Press club, it is stated, for his act.

BEER WILL KEEP UP.

Under Present Conditions Price Will Not Sink.

Although the newspapers have suggested it, and the thirsty sailor has re-echoed it, beer is not to be cheaper in Honolulu on account of the new brewery. Those who hope to acquire cirrhosis of the liver from cheap beer will have to look around for a more commonplace disease. The new brewery does not intend to cut under San Francisco prices, and the Deutscher, the sailor and cirrhosis will have the same old field for their justifications. "I cannot see how there can be a reduction in the retail cost of beer," says Manager Waterman, of the new brewery. "We purpose dealing beer to the saloon proprietors at San Francisco prices, plus the freight to Honolulu, which is seven cents per gallon. We save them, of course, cold storage and the penalty for a big stock. Unless the saloon men wish to cut their profits, I do not see that much of a reduction is to be made."

CONCERT AT HOTEL.

The band will play at the Hawaiian hotel this evening, presenting the following numbers:

- PART I. Overture—"Capriccio".....Adam Fantasi—"The Cossacks".....Tschakoff Variations—"My Old Kentucky Home".....Kilbey Songs—(a) "Kapilina," (b) "Wai-anu-ue," (c) "Aloha no Wau," (d) "Moani Ke Ala." Mrs. N. Alapai. PART II. Cornet Solo—"Old Folks at Home".....Charles Kreuter. Selection—"The Fortune Teller".....Herbert Waltz—"Andalusian Love Dream".....Friedman March—"Yale Boole" (new).....Hirsch "Star Spangled Banner."

THE ARMY WEDDING.

Adjutant Maud Sharp and Captain J. H. Robinson, of the Salvation Army, were married at the Y. M. C. A. last evening. Major Wood officiating. The house was packed with people and the Army band was also in attendance. Major Wood delivered the address of the evening, and both bride and groom spoke briefly. The marriage ceremony was simple, consisting merely of the pledges, declaration of the officiating officer and a prayer.

MONEY FOR HOSPITALS.

The Senate yesterday afternoon provided liberally for the hospitals of the various islands, provided of course the items go through final reading and passes. With each item provision was inserted to the effect that there should be no discrimination between nationalities in accepting cases. Mr. Carter put this provision in. The institute provided for were: Hospital for incurables, \$9,600; Queen's Hospital, \$40,000; Maternity home, \$7,200; Hilo hospital, \$12,000; Maluanui hospital, \$8,000; Lihue hospital, \$3,200.

LEUTENANT WIDDFIELD.

Samuel W. Widfield who left here for Manila three years ago as an enlisted man in the First California Volunteers, has received a commission as First Lieutenant in the regular army. He was a first lieutenant in the Thirty-sixth regiment, U. S. A., and adjutant of the regiment. He also held a commission in the Maccabee scouts commanded by Captain Batson.

PUBLIC SCHOOL CLOSING.

The public schools of the Territory will close on Friday next. On Thursday evening the High School of Honolulu will have its closing exercises in Progress hall. Prof. David Starr Jordan, of Stanford University will deliver the address of the evening.

COMMISSIONERS COURT.

United States Commissioner W. J. Robinson set in Judge Estec's court room yesterday afternoon to hear testimony in the Barachuta assault and battery case. T. McCants Stewart appeared for the government and W. A. Kinney for the defendants. The accused will almost certainly be bound over for trial.

YACHTS TO RACE IN TWO WEEKS.

NEW YORK, June 6—W. Butler Duncan Jr., arrived from Newport tonight with the information that the Constitution would be ready for the trial races with the Columbia within two weeks. Secretary Odne stated that in all likelihood the first of the races between the Constitution and Columbia

would be held on June 25th. This will make a delay of but a little over a week in beginning the schedule of trial races on account of the dismasting of the Constitution.

SHAMROCK I HOME FIRST.

ROTHESAY, June 8.—There was little wind for the second day's yacht races of the Glasgow Exhibition regatta. The competitors and course were the same as yesterday. In the contest between the big yachts the Shamrock I won the first prize for the first boat home, sailing the course in 6h. 32m. 38s. The Kariad won on time allowance in 6h. 35m. 18s.

The smaller yachts sailed only once around the quadrangular course the Tully's time being 4h. 42m. 16s. Charles P. Herreshoff's Nevada was next at the finish in 4h. 47m. 8s.

NO MOUNTED POLICE.

The house yesterday afternoon continued its discussion of police pay. There was much talk over the mounted patrol of Honolulu, ending in voting down a motion to fix the pay of the officers at \$90 per month, and adoption of a report that does away with the force altogether. Only a few items were passed during the entire day's session.

CHARGES UNWARRANTED

GRAND JURY REPORTS ABOUT BRIBERY.

Over a Hundred Witnesses Examined and No Evidence Found—Governor Dole's Testimony.

The Grand Jury made its long-awaited report yesterday afternoon to Judge Gear. The report is quite a lengthy one, reviewing with a good deal of detail the evidence given before the jury. The jury declared that the bribery charges were not warranted, though it states in the report that "Testimony was given that warranted the belief that persons not members had asked for a commission for furnishing printing to the printing offices and for discounts when they paid bills."

Over a hundred witnesses were examined by the jury, the testimony being, according to the report "contradictory and unsatisfactory." As to the governor's testimony the report says: "The Governor testified that the information he had received was from second or third hands; that at the time his reply was given to the Senate in which he stated that he had information from a source which he could not ignore that bribery of members was going on in the Legislature, he had no legal evidence of bribery or corruption of members of the Legislature."

The testimony of the attorney-general, secretary, superintendent of public works, treasurer and high sheriff failed to supply the jury with any definite evidences of bribery. All of them said that they had no evidence or only hearsay evidence, which, as previously reported, some of them refused to divulge.

Jacob Cooper gave the jury the names of the three legislators whom he declared asked him for money to assist his franchise bill through the House, but when the members in question were called they denied having made the demands. Cooper refused to give the name of the officer of the House to whom he paid money for helping his bill along, on the ground that it might incriminate him.

Dr. Russel's \$65,000 corruption fund to defeat the dispensary law was traced to its origin and found to have no existence, says the report, and investigations of a supposed fund raised among liquor dealers to defeat the bill, resulted in testimony that the fund was for securing legal advice as to the constitutionality of the law, etc. The Nolte free lunches were found to have been paid for out of a fund raised by the Home Rulers, to entertain county members while they were in Honolulu.

The Officers' club was investigated and is reported on at length. It was found that cards of invitation were issued by the club to members of the legislature, newspapermen and others. The report says: "The privileges of the club were explained to be the use of liquor dealers to defeat the bill, resulted in testimony that the fund was for securing legal advice as to the constitutionality of the law, etc. The Nolte free lunches were found to have been paid for out of a fund raised by the Home Rulers, to entertain county members while they were in Honolulu."

Turk and Lewis were called to explain the charge in Pearson's affidavit, that Lewis had offered to pack a jury to try the W. G. Smith case. They both denied the charge, and Deputy Attorney-General Cathcart, on being consulted, told the jury that even if the charge were true, the offense charged was not actionable, hence the matter was dropped.

The legislative matter is summed up in the following concluding paragraph: "As to the charges of bribery and corruption of members of the Legislature, the majority of the witnesses called testified that their information was based upon newspaper reports and street rumor."

In a supplementary report the jury says that the legislative inquiry was concluded on June 5, and "no warrant was found" for the charges of bribery. The jurors then visited the insane asylum and Oahu Jail and they recommended increased accommodation for females in the asylum, better facilities to fight fire, and removal of the rock crushing plant to a distance away from the asylum, so that its noise will not bother the inmates. The reports assigned by all the members of the jury, as follows: J. O. Carter, Foreman; John F. Colburn, O. Stillman, C. H. Cooke, E. C. Macfarlane, J. C. Quinn, S. C. Dwight, John D. Holt, Jr., G. E. Smithies, C. H. Brown, J. C. Cohen, Albin A. V. Gear, Edward B. Mikalemi, H. C. McIntyre.

DESERTION NOT A CRIME

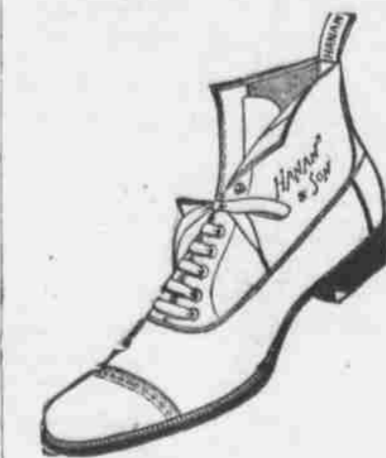

HUSBANDS AND WIVES LAW KNOCKED OUT.

Judge Little Declares That the Hawaiian Law is Unconstitutional—Imprisonment of Husbands and Wives.

HILO, June 14.—In the case of Andrew Sajewich vs. Sophia Sajewich, Judge Little of the circuit court decided the much discussed "Husbands and Wives" law unconstitutional. This law authorizes the imprisonment of a husband or wife who deserts the other without good cause, in deciding the case Judge Little said:

"The days of slavery in this Territory have passed with the taking effect of the Organic Act. The principle that the wife is a domestic chattel is a rule of law which cannot exist under the American flag. Chapter 24 under which the defendant has been arrested defines no crime or misdemeanor, hence from the argument of counsel and the facts submitted, it would seem that defendant is in this court answering a charge predicated upon a statute which defines no crime or misdemeanor. The Constitution of the United States in the Thirteenth Amendment forever abolished and prohibited slavery and involuntary servitude, except as a punishment for
