FINAL LAND DECISIONS

Agent Brown Gives Reasons Against Reference to Washington.

The Delay Would Hurt Poor Homesteaders as Well as Plantations - Local Circumstances Would Not be Understood.

J. F. Brown, Government Land Agent, believes that the provision in the Territorial bill to have Hawaiian land transactions referred to Washington for approval would, if finally adopted, work great inconvenience and damage. He has made a calculation that it will take five months from the date of forwarding transactions to receive the decisions from Washington. Both the poor man seeking a homestead and the plantation desiring a renewal of lease for land that has been cultivated for years will be liable to much loss and damage in that long interval. Suppose the homesteader complies with all the preliminaries for getting an allotment, he has then to wait five months before he may safely make any expenditure on the land. If he take for granted that it will be all right, and assemble material or perhaps build a house, the risk is entirely his own of losing all this time, material and labor. The period of suspense may even be longer than that stated, as it is likely that transactions would systematically only be forwarded at the end of each month.

Then consider the case of a plantation with an expiring lease for land that has never grown anything but sugar cane, and is more valuable for that than any other purpose. It is the due season for planting the cane, but not a stick may prudently be put in the ground before the question of renewal of lease is determined. Five months of delay in such a case would be ruinous.

Another objection Mr. Brown urges against the threatened provision is that the Washington officials making the final decision cannot be expected to have the necessary knowledge of local circumstances.

Streets of Wailuku.

Wailuku, March 21.—It seems that even the older residents of Wailuku do not know the names of the two main streets in Wailuku. Some think that the road in front of the courthouse is High street while the road in front of the postoffice is Main street. There are others who think the other way and the absence of street signs make the matter worse. J. T. Taylor, the hydraulic engineer, has it down on his chart of the specifications of the Wailuku water works that the main road in front of the courthouse is High street. But roadbuilder John Kina and other older residents say that the road leading to Iao valley from the post office is High street and there are many others who think the same. Who is correct?

Kahului Shipping.

Wailuku, March 21.—The four masted barkentine Chehalis left on Tuesday, March 20, in ballast for Port Townsend.

The following vessels are in still in Kahului harbor: Br. sp. Antiope, Haw. bk. Nuuanu, and schooners Novelty and Mary Burn. The Corypheus is at Kiheli. The schooner Novelty will likely leave for the Coast next Sunday with a sugar cargo.

A 4000-ton steamer is expected at Kahului from the Coast.

No Delays Allowed.

[Maul News.]

It is hard to believe that the delay in the construction of the Wailuku water works has purposely been permitted until the time in which the work could be paid for has elapsed. But if the delay should militate against the prompt completion of the work now begun, elaborate explanation will be in order.

Matched Pacing Race.

Action of Council of State on Reports of Committees.

Executive Estimates Altered—Refusal to Pay Federal Chinese Exclusion Expenses—Harbor Master Gets Two Assistants.

The Council of State session yesterday was attended by President Dole, Ministers E. A. Mott-Smith, A. Young, E. M. Damon and H. E. Cooper, Councilors A. G. M. Robertson, S. K. Kane, W. F. Allen, John Ena, J. L. Kaulokou, P. C. Jones, P. R. Isenberg, John Nott, J. A. Kennedy, M. A. Gonsalves, W. C. Achi, M. P. Robinson and C. Bolte.

Secretary Manson called the roll and read the minutes of last meeting.

Mr. Jones presented a report from the Finance department committee on items referred to them, which, on motion of Mr. Isenberg, seconded by Mr. Achi, was laid on the table to be considered with the bills. The report cited an increase of 4,711,220 pieces of mail matter handled by the postal bureau in 1898-99 over the number in 1896-7. A table was also given showing an enormous increase in the work of the customs bureau. Last month there was but one customs guard to eight vessels in Honolulu harbor. An additional pilot for this port is recommended. Salaries for the two new offices of first and second assistant harbor masters, \$150 and \$100 a month respectively, were recommended to be appropriated.

Mr. Robertson presented a report from the Judiciary committee on the item for payment of maintenance of certain Chinese in quarantine who were afterward sent back to China. The committee went into the history of the case to show that the expense was entirely due to the action of the Federal authorities. Therefore the Hawaiian Government was not responsible for it, and the committee recommended that the item be indefinitely postponed. On motion of Mr. Robertson, seconded by Mr. Kaulokou, the report was adopted.

The Finance committee's report was taken up and the following items passed:

- Salaries and commissions of deputy tax assessors and collectors, unpaid commissions, Hawaii, 1899, \$3331.32.
Salaries and commissions of deputy tax assessors and collectors, \$25,000.
Pay of mail carriers, unpaid payrolls, 1899, \$40.
Salary of post office clerks—4 at \$75 a month, 2 at \$70, 2 at \$50 and 3 at \$45, \$16,200.
Minister Damon, in answer to Mr. Kaulokou, explained that clerks of different races were employed to suit the mixed population; the rate of pay was not discriminative of races, and there had been no difficulty in filling any of the places at the salaries paid.
Mr. Jones further explained that the new clerks were to take the places of extra helpers that had hitherto been employed in the stress of business. Regular clerks would be apt to become more proficient than casual helpers, so that the community ought soon to benefit by a quicker distribution of mails.
Mr. Kaulokou still desired to learn about the relative pay of clerks who had been employed a long time, as he understood there had been complaints.
Mr. Jones believed there was no need to spend much time on postal items, as probably before ninety days the post office and custom house would be taken over by the Federal authorities. Then the Hawaiian taxpayers would have no more interest in the matter beyond the efficiency of the services.
Pay of postmasters, \$15,625.
Pay of mail carriers, \$9,593, the committee recommending only \$6,900.
Messrs. Isenberg and Kaulokou supported the larger amount, which passed by six to five votes.
Pay roll pilot's boat unpaid 1899, \$2215.25.
Pay of customs guards and inspectors, Hawaii, unpaid 1899, \$246.25.
Instead of salary one entry clerk, \$2400, the committee recommended salary of bookkeeper at \$150 a month, \$3600, which carried on division.
Salary of one statistical clerk, \$2400.

By Person Unknown.

The coroner's jury on the death of Toyo Jackson found that deceased came to his death in Honolulu on March 10, 1900, from a knife wound inflicted by a person unknown to the jury. Isaac Cockett, who was in Jackson's company and himself received a knife wound, had testified that he did not see a knife in Eston's hands. There appeared to be nobody else who could be produced, who saw the negro either have or use a knife at the place where Jackson was slain. Before the courts, therefore, appearances are that he will only have to face circumstantial evidence, besides having evidence on his side of self defense. Cockett, at the inquest, swore to having seen Jackson knock Eston down.

MR. YOUNG IS CONFIDENT

Believes He Can Raise \$100,000 to Endow the Hospital for Incurables.

Ready to Waive the Privilege of Giving the Hospital a Name—Makes Another Offer for Building and Equipment.

Alexander Young feels confident that, before he leaves for the Mainland after being relieved of the cares of state, he will find other four persons to join him equally in contributing a fund of \$100,000 for the establishing of a Hospital for Incurables.

Further, he waives the original condition of his offer of \$20,000, that the institution shall be named for Queen Victoria, and is willing to leave the naming for the joint action of the five contributors.

Mr. Young today made another offer in the same connection, through members of the press who daily besiege his ministerial kraal for largess of intelligence. Besides contributing the fifth part of an endowment fund of \$100,000 for the maintenance of the hospital, he stands ready to be one of twenty equal contributors to another fund of \$100,000 for the erection and equipment of a hospital building.

One stipulation covering the entire proposition, which Mr. Young makes, is that safeguards be devised for preventing the hospital from attracting and harboring consumptives and other incurables from the Mainland and foreign countries.

JAPAN AND THE FIRE.

The Japan Times says editorially of "the conflagration in Hawaii":

Information to hand from a private source intimates that the Japanese community in Hawaii has reason to believe that the commission recently appointed to enquire into and determine the amount of damage caused by the recent disastrous conflagration, has practically decided that one uniform and fixed sum of 100 yen be allowed to each of Japanese sufferers, as his share of compensation; and that in excuse for this arbitrary and wholly unjustifiable proposal, it is urged that the Hawaiian treasury has at its command only one million yen, which amount would be utterly inadequate to meet the disbursements that would be necessary, were the compensation for damage to be computed on the basis of actual losses incurred by the Japanese and the Chinese. Though this course of action is not glaringly inconsistent with the previous record of the Honolulu Government, we must refuse to believe that our correspondent has been correctly informed in regard to this extraordinary affair. The Hawaiian authorities know as well as we do that they will have to reckon with the Japanese Empire before they can arrive at any such conclusion in the matter. They must consider besides that whatever they do, they do it in the name and under the shadow of the Stars and Stripes which, as the world recognizes, stands out eminently for justice and fairness. By thus putting on record our denial of the statement above made, we hope we are only doing justice to the Hawaiian government.

The Orpheum.

The change of bill at the Orpheum last night was greeted by another large house and as usual everyone went away pleased. Mr. Hogan as a "happy go-lucky" coon with nothing at all to do but what others tell him was equal to the occasion and kept the house in an uproar all the time. The manner in which Mr. Hogan delivers lines would lead one to think the gentleman had spent the greater part of his theatrical life in the drama. He has the coveted faculty of getting comedy out of the most commonplace dialogue. "The Pas Ma La" was a revelation, as Mr. Hogan and his company did it. Miss Bradley has a very natural stage presence and acts quite well. Master Livers caught the large audience with his dancing and held them a great deal longer than he cared to. It is doubtful if a better dancer has ever visited Honolulu. Mr. Cheval displays more dramatic ability than even his friends had given him credit for. Mr. Saulsbury was very good as Silas Green Jr. and in the gavotte danced with becoming grace, as did several of the others.

Police Court Notes.

The cases of Romo, Geo. Kikila, Koea, J. Akino, held for gambling will be heard on the 30th.

All cases of common nuisance, forty in number, were reprimanded and discharged.

Henry Kallil, the custom house guard found to have opium in his possession, was fined \$250 dollars and costs.

P. H. Burnette held for using profane language was fined \$10 and costs. Phillip Sousa was fined \$5 and costs for heedless driving.

ANDREWS ROBBERY CLUE

One Man Pursued and Two Others in Custody for Investigation.

Native Gambler Sells a Stolen Ring and Information is Given by the Buyer—The Men He Is Old Jailbirds.

A trail has been struck, accidentally, in the pursuit of the person or persons who broke into and plundered the room of George Andrews, above his fruit store in King street more than a fortnight ago. The police are on a hot search for a shady native character who domiciles at the Punchbowl street relief camp. His room was searched this morning by Deputy Marshal Chillingworth, but neither money nor other belongings of Mr. Andrews could be found.

In the meantime a brother of the man sought and a well-known colored criminal have been arrested and are held for investigation. Both the prisoners are not remotely out of jail for burglaries. It is strongly suspected that this brother of the hunted man is the man who committed the robbery, and the man hunted but an accessory after the fact.

The latter furnished the clue that has set the police hot foot after him. He went to the jewelry store of Mr. Dietz in Nuuanu street and tried to sell a jeweled ring for seventy-five cents. Mr. Dietz suspected something wrong. His suspicion was stimulated when the seller displayed so much haste in getting away as to leave some of his change on the counter. Without delay Mr. Dietz took the ring to the police station, and it was identified by Mr. Andrews as his property. Since the owner had last seen it, however, four out of five diamonds had disappeared from its periphery.

All that is known against the fugitive by the police is that he is a gambler. The colored man is suspected of complicity simply because he was seen in company of the native brothers.

CLEAN BOARD AGAIN.

2:15 p. m.—The board is clean today. The call doctors have been out often, yet no suspicious case has developed. Both the sole plague patient and Levy, at the hospital, are on the mend.

Not a Suspect.

A Portuguese man was brought from Honolulu plantation with fever. Dr. Wayson found Dr. Mori in charge. Dr. Wood this morning ordered Dr. Mori to report any suspicious change. He has not reported and Dr. Wood considers there is nothing in the case to cause alarm.

Seminole All Right.

J. F. Merry, U. S. N., Chas. F. Bond, U. S. N. and Jas. Lyle, master of ships, as a board of survey recommended that the bark Seminole proceed on her voyage to Puget sound, as they found her seaworthy and capable of the voyage. They found that she leaked no less than one half of an inch of water in the hour and a half they spent on board. That being very small as the Seminole is now 34 years old. Although a few minor defects had been found in her spars and beams, it was an easy matter to repair these as ships are likely to undergo such repairs in any port. A few repairs were recommended by the board to be made; braces and beams should be removed; the lumber hold should be rebraced and properly repaired.

The sailors put in a complaint a few days ago asking that the bark be surveyed, as this has been done in a most satisfactory manner they are satisfied and will sign to sail on her to San Francisco. The Seminole is now loading ballast.

Kruger Annexes the Free State.

Bethulle, March 15.—General Gatacre, on arriving here, found that all the Boers had fled. The town was nearly deserted, the Dutch having trekked on hearing of the occupation of Bloemfontein. It is believed the Boers retired in the direction of Dewetsdorp. The telegraph is open to Springfontein.

It is understood that President Kruger two days ago annexed the Orange Free State to the South African republic.

Disloyalty and Disaffection.

Cape Town, March 15.—In an interview published in the Cape Argus, Cecil Rhodes is quoted as saying: "I feel strongly that we cannot have peace in South Africa so long as we have in the republic a rallying ground for disloyalty and disaffection. To go further, I do not think we can safely federate till we have had some years of crown colony government. Personally I have done with the Bund."

ESTATE OF H. H. WILCOX

Total Valuation Placed at Nearly Two Hundred Thousand.

Papers Filed at Circuit Court—Supreme Court Herein Uplined, Co. v. E. B. Thomas—Attorneys Accept the Court as Legal.

An inventory of the estate of the late H. H. Wilcox of Lihue, Kauai, has been filed by Geo. N. Wilcox, administrator, in the Fifth circuit and transmitted to the clerk of the judiciary by Judge Hardy. The total valuation is \$184,092.71. As much of the property consists of stocks inventoried at par value which are at premiums, the actual value is probably beyond \$200,000. There is \$60,650 in Government bonds, \$14,900 six per cents and \$45,750 five per cents. The largest holding of stock is 135 shares I. I. S. N. Co. at \$100 par value. Cash on hand is \$87,019.71.

Fumigating Vessels Coming.
Dr. Kinyoun, Federal quarantine officer at San Francisco, writes that he has received unofficial information that it is the intention of the Marine Hospital service to equip several fumigating vessels for duty in the Hawaiian Islands. The type of vessel was designed by Dr. Kinyoun himself, and he says it will meet the requirements at Honolulu far better than a wharf and disinfecting machinery. One vessel is intended for Honolulu, another for Hilo and a third for Kahului.

Cutting Among Japanese.
Walluku, March 21.—There were two cutting scrapes at Walhee last Saturday evening. A large number of Japanese were assembled in the old Walhee mill, now used as a laborers' quarters, for a night's enjoyment but before the impromptu show was over, two Japanese were hurt, one on the head and the other in the side, at the hands of their own countrymen. The knife cuts were not of a very serious nature.

Liked the Quarantine.
Walluku, March 21.—All those released from quarantine at Kahuhi are loud in their praises of their treatment by the government of the detention camp. There was plenty of food for all. Even the Chinese and Japanese who have heretofore subsisted on scanty diet prior to their going into the camp are looking well and fat. Some of the Japanese now in Walluku prefer going back into quarantine rather than stay out her and live on half rations.

PASSING APPROPRIATIONS.

(Continued from page 1.)

Salary of one pilot, \$4850.

Pay of assistants, customs ware-

house, \$960.

Pay of customs inspectors, Honolulu,

\$7968.

Pay of customs guards, Honolulu,

\$27,500.

Pay roll, pilot boats, \$7000, the com-

mittee recommending \$5000. Latter

amount passed.

On this item the Minister of Finance,

answering questions, expressed the

hope that pilotage would remain a lo-

cal source of revenue after Federal

acquisition of the customs.

Pay of assistant guards, all ports,

\$2000.

Salary of collector, Lahaina, \$1000.

Committee recommended \$600. Mr.

Jones explaining that the business was

light and the service done by a school

teacher.

Mr. Damon supported the original

item, supported by Mr. Ienberg and

Minister Cooper, on the grounds of in-

creasing business and the desirability

of having it properly done.

Passed at \$600.

Salary of collector, Hana, \$1000, com-

mittee recommending \$600 and so car-

ried.

Pay of customs guards for Lahaina,

Kahului and Hana, Maui, \$6000.

Salary of collector, Molokai, \$720.

Amended, on motion of Mr. Jones,

to \$600.

Pay of customs guards and inspec-

tors, Molokai, \$600.

Pay of customs guards and inspec-

tors for Hilo, Honolulu, Mahukona and

Kailua, Hawaii, \$3000.

Amended, on motion of Mr. Jones,

to \$6000.

Salary of collector, Waimea and Ko-

loa, \$1600.

Mr. Jones moved \$600 as recommend-

ed by the committee, \$400 being al-

ready appropriated. Mr. Robertson

moved to strike out the item.

Minister Damon supported the item

as in the bill. There was likely to be

increased shipping at Waimea. There

was no officer at Koloa now at all.

Mr. Robertson thought if one salary

was to be increased on account of more

work, many others ought likewise to

be increased. He understood, how-

ever, that such was not the policy of

the Government.

Mr. Ena thought there was not like-

ly to be much shipping at Waimea in

future. Alexander & Baldwin were

trying to cancel their charter of the

steamer Charles Nelson. Direct ship-

ments were more expensive than send-

ing the sugar to Honolulu.

Passed at \$600.

Pay of customs guards and inspec-

tors, Kauai, \$2400.

Salaries two assistant harbor mas-

ters, Honolulu, \$4800. Committee re-

commended one salary of \$150 and one

of \$100 a month, \$6000, which amount

carried seven to six.

Mr. Kennedy having declared the

need of assistance as the way the

wharves were clogged up was a dis-

grace, Minister Damon warmly den-

ied such a condition since he took charge

of the matter three months ago.

Mr. Jones moved a reconsideration of

the vote, as the wording of the com-

mittee's report was held not adopted.

This having carried he moved to pass

the item as recommended by the com-

mittee. Minister Damon thought he

should have some discretion in allot-

ting the salaries, whereupon Mr. Jones

declined against any juggling down of

competent men. At present the har-

bor master had to work day and night,

and had no Sunday.

The item passed as in the bill.

Salary of inspector Chinese and Ja-

panese immigration, \$3000. Commit-

tee recommended \$150 a month, or

\$3600 for the period.

Minister Damon said there was a

good man now in the office and he un-

derstood would stay for the present

salary. He had desired to dispense

with the office, but the Collector Gen-

eral and U. S. Inspector J. K. Brown

had urged its necessity.

Mr. Robertson thought if it was a

Federal matter it ought to be dropped.

Passed as in the bill.

Pay of Chinese and Japanese inter-

preters, \$4080.

Passed as in the bill.

Adjourned at 4:40.

England's War Loan.

London, March 10.—4:15 a. m.—Sir
Michael Hicks-Beach, Chancellor of the
Exchequer, when explaining to the
bankers the terms of the new loan,
gave them an intimation that the
Government considered the end of the
war near. "Since the estimates were
prepared," he said, "events have taken
place that have changed the situation,
and probably not all the money will
be required."

In addressing the bankers and mer-

chants at the Bank of England he said
that in spite of all rumors to the con-

trary, the Government saw no indica-

tions whatever of foreign complica-

tions. A leading banker, who is a member
of Parliament, said tonight that the
entire £30,000,000 would be subscribed
by lunch time tomorrow and probably

£100,000,000 would be subscribed be-

fore the list closed. The Statist says
that the bankers believe the applica-

tion will exceed £200,000,000.

Whether the Government may know
or intend, unofficial opinion seems
everywhere to think that the Boer
power is collapsing.

The eighth division has been under
orders to embark for several weeks,
but these orders, as far as the artillery
contingent is concerned, have been re-

ported, Lord Roberts having reported
that no more artillery from home is
necessary. This is the first pause in
reinforcements since the war began.

Sir Redvers Buller, second in com-

mand in the field, and Lord Wolseley
are understood to also consider that
no more artillery is needed. Lord Rob-

erts had altogether 452 guns, including
siege pieces.

Unanimous for the Cable.

(Associated Press Special.)

New York, March 15.—A special to
the Herald from Washington, says:
Senator Hale, chairman of the Senate
Naval Committee, is engaged in the
preparation of the report of his
commission, unanimously recommend-

ing the construction by the Govern-
ment of a cable between San Francisco
and Honolulu as part of the line to
connect San Francisco, Manila and
Yokohama.

It is likely from present indications
that when the Pacific cable matter
comes before the House that body will
determine to pass a bill authorizing
Government construction of the line,
eight members of the House Commit-

tee on Inter-State and Foreign Com-
merce now favor this plan and two fa-
vor the subsidy bill, with a provision
for Government construction as an al-
ternative.

Published Every Day, except Sunday, at 210 King street, Honolulu, H. I., by the BULLETIN PUBLISHING COMPANY. W. R. FARRINGTON, Editor. DANIEL LOGAN, City Editor. Telephone 256. Post office Box 718. TUESDAY, MARCH 2, 1900.

THE COURT OF CLAIMS.

The Bulletin is disposed to agree with the Japan Times in its statement that its correspondent has given in incorrect view of the intention of the Hawaiian government in paying the damages occasioned by the Chinatown fire. This conclusion is easily reached by virtue of the fact that the United States Government will not allow its local appointees to deal in an arbitrary manner with citizens of any foreign country.

At the same time the Hawaiian Government has successfully conducted its series of delays in connection with the court of claims in a manner that warrants those interested in the affair believing anything or nothing. If the government were making an attempt to avoid responsibility for the damage suffered from the fire it would be expected to carry on the campaign along studied lines of delay. Certainly evidence is wanting to indicate an active desire to respond to the demands of the sufferers promptly.

More than a month has passed since authority was received by an executive order of the President establishing the court. Yet the Executive has not organized the court and has given no information as to its scope or authority. Judging from the letter published from Delegate Hartwell, the Executive itself is doubtful as to what the court is to do. It would appear that Mr. Dole asked the President to appoint the court and having received the authority for organizing the court is now seeking information as to what it is to do.

What is the mission of the court? Has it legal authority binding upon the Treasury or Legislature or is it merely a board of arbitration or is it a commission to investigate the accuracy of the detailed claims filed by the persons suffering losses from the fire?

It is the usual policy of the Hawaiian government to define a policy and allow the people to gain their knowledge after it is put in operation. We can hardly expect the government to change its custom at this late day, but the serious condition which the losses forced upon business houses in the burned district warrants the demand that the policy of delay shall cease, and the court, whatever is to be its authority be brought into being and its nature defined at the earliest possible day.

WHAT WOULD SATAN DO?

The best way to determine the success of Rev. Mr. Sheldon's work in running a daily newspaper from the text "What would Jesus do" is to compare his practical application with the probable result should a newspaper be conducted from the text "What would Satan do?"

Accepting the fact that the daily newspaper is one of the world's greatest educators the first move we might anticipate from Satan would be an effort to make his paper as dry and uninteresting as possible, give special prominence to long articles of a more or less religious character and assume a Jesuitical censorship over the news columns by publishing only such news as the people "ought to know." Satan would announce the first mission of his paper to give the news, as Sheldon has done and then proceed to not only make the news a secondary feature, cutting out a good portion of it, but at the same time warp the news by attacking his personal opinions to important paragraphs.

If Satan were as keen an article as he is generally credited with being he would doubtless cut out advertisements of ladies corsets, hose and kindred articles of apparel. He would thus draw particular attention to a line of evil minded thought which at the present time it is safe to say does not occupy the minds of one-tenth the newspaper and magazine readers young or old. Satan would do just as Sheldon is doing in this respect. He would teach the children that articles of female apparel are suggestive of thoughts low and vulgar. He would disgust people of average intelligence with newspapers in general, by forcing upon them a class of heavy semi-religious matter for which the people have no time in the rush and hurry of business life, and which can be furnished extensively in the religious or secular journals appropriate to leisure moments. The Topeka Capital under one week's

management of the Rev. Mr. Sheldon has had a wide circulation. It is a newspaper freak, and as managers of metropolitan journals all recognize, freaks catch the people for a time. If the press despatches properly represent the freak editions of the Topeka Capital, however, the Rev. Mr. Sheldon is one of the most magnificent "false alarms" ever foisted upon the public. If the Topeka Capital were conducted on the same basis for a year there would be another headstone in the journalistic graveyard "sacred to the memory of the Sheldon freak." The Topeka Capital might continue as a religious journal censored by a fanatic, but the people would be forced to buy another paper to get the plain unvarnished, uncensored news of the world. If Sheldon desires education in conducting a Christian newspaper he will do well to enlist as a reporter the Montreal Witness or a hundred and one dailies of the United States that publish the news without giving prominence to crime and scandal, that publish editorial opinion in its proper place and that make no attempt to jam bigotry down the throats of an intelligent public by warping facts as honest reporters and correspondents find them.

MONEY HILO NEEDS.

Hilo, March 24.—The Hilo Road Board sent down to Honolulu last night the following list of actually needed appropriations for this town and suburbs, which is a striking commentary upon the appropriations already decided upon by the Council of State, inasmuch as it totals nearly twice the whole amount allowed by the Council for all Hilo's needs, not roads, bridges and sewers alone. It seems that always in previous years the Council has asked for estimates from the Road Board of what they needed as was only reasonable, for who should know if not the Road Board, but this year the Council has decided to abide by the light of its own inner consciousness.

ROAD BOARD ESTIMATES.

Widening and extending Hilo streets	\$ 10,000
Road damages, widening Front street	30,000
Sewerage, Hilo	50,000
New steel bridge, Waiala river	10,000
Completing approach to new Waiala bridge	2,500
New steel bridge across Waiala river, Bridge street	10,000
Completing approaches to new bridge, Waiala river	2,000
Reconstructing road from Honolulu bridge to Pahoehoe	2,000
Stone and cement arch over Pukiaha stream	3,500
Reconstruction of Kaunani road above five-mile post	5,000
Kaiwiwi homestead road, changing location of bridge in Mailli gulch	2,000
Roads and bridges, Hilo, general	15,000
Total	\$154,000

COUNCIL OF STATE ESTIMATES.

Sewerage	\$ 6,000
Streets and roads	20,000
Total	\$26,000

The sewerage estimate of \$60,000 in the Hilo Road Board estimate is for the following work of sewer building: Along Front street to Hackfeld's lumber yard; Church street, from Front to School; King street, from Front to Pitman; Waiuanue street, from Pitman to Catholic school; Pleasant street, whole length; Ponahawai street, whole length; Volcano Road, 2,000 feet.

LIGHTS BY FAVOR?

Editor Evening Bulletin:—May I through you ask, why we who live beyond the Tram terminus on Nuuanu valley have no electric lights, why up to the Tram terminus every electric light is burning brightly, also along Judd street, yet on the more lonely road we have to travel in darkness? The company or manager cannot plead want of power to produce lights, for every other lamp in the above thoroughly lighted portion would enable us all to have a share.

Considering late reports of holding up loose characters, etc., on Nuuanu avenue I feel it a great wrong to deprive us of one of our safeguards, light.

Do people who are most favored pay more taxes or is it— Yours truly, A SUFFERER. Honolulu, March 27, 1900.

A Useful Institution.

J. F. Hackfeld, temporary president, and L. C. Ables, treasurer, of the Honolulu Eye and Ear Infirmary, have issued a statement of the affairs of the institution. The subscriptions since June last have amounted to \$2852.50, which exceeds expenses of equipment and running by \$113.53. Ninety patients have been admitted by hospital care since the opening in June, and there have been an average of six treatments a day. A number of poor people without cards have applied for treatment, requiring as a rule attention for only a day or two, and none have been turned away disappointed. Various operations for eye and ear troubles have been performed.

MONEY FOR YOU. NEW BOOK BULLETIN

This will interest you if you are a Descendant of any one of thousands of foreign families whose money or estates are now in chancery.

WE HAVE

\$388,468,845.

The heirs of which are now supposed to be in the United States but whose present whereabouts are unknown. You may have money, heirlooms, or estates

WAITING FOR YOU.

It is not surprising that in a population so vast and among a people containing families which can trace back their ancestry for centuries, that even with families of no more than the ramifications are extraordinary, the ties of relationship often varying from Peers to Peasants, though all springing from one tree. The announcement that there is nearly \$400,000,000 in money and estates going a-begging sounds a little extravagant but it will not appear so extraordinary when it is remembered that the amount is based on a registered alphabetical list of persons who have been advertised for all over the world since the beginning of the century, in including chancery heirs, next of kin, and legatees of persons who have died intestate in Great Britain, Europe, America and the British colonies. The main sources of unclaimed monies are: unclaimed dividends on Government stocks; dormant funds in chancery; Army and Navy Prize Money; Estates of persons who have died intestate without known next-of-kin; unclaimed dividends in bankruptcy; general unclaimed dividends and unclaimed bank deposits. We are also prepared to furnish certificates of Births, Deaths and Marriages and official Crest or Coat of Arms of your family

REMEMBER

We are the only firm in America who make a specialty of establishing claims of heirs-at-law and next-of-kin.

NOVELTIES IN NECKWEAR

ARE AMONG THE TIMELY THINGS of the new year. Never in the history of neckwear, has there been so many varieties made of the very choicest silks. Pattern designs are characteristics of these new makes. String Ties, Puffs, Scarfs, Four-in-Hands, English Squares and many other of the latest patterns are to be found in our stock. A fine article of neckwear has become a necessity to him who would be well dressed. No part of his dress is more conspicuous, and when the best can be bought for what inferior goods COST, NO ONE SHOULD PASS BY THE BARGAINS WE ARE NOW OFFERING.

The New Year Begets New Things

FOR THE BOYS. Have you ever stopped to think what a difference there is in the makes of boys' clothing? Many suits are bought because the price is low. It is often the price that governs the purchaser, and not the quality or the substantial makes. This theory seems to be based on the idea that any kind of a suit is good enough for a boy, as he will soon wear it out. That is not good economy, for if you would pay a little more, and consider quality and make, you would have a suit for the boy that would always look well and wear two suits of the inferior grades. Buy the best is money in pocket; to the poorest is money wasted. We make a specialty to keep the best at popular prices.

Good Air. Good View. Good Health.

A special invitation is extended to everybody to visit Honolulu's most delightful residence site

PACIFIC HEIGHTS.

Via Maxima

Kaiulani Drive aptly termed, the Via Maxima or Grand Boulevard, and in itself an artistic piece of engineering—affords easy access to all points, as also scenic and marine views of exquisite grandeur at every turn.

Electric Railway.

Contracts have been let for material, and the work of construction, equipping and installation placed in the hands of a competent electrical engineer to be fully completed by June 1st. Having an independent power plant we are prepared to furnish electric power for lighting, heating and other purposes, to our home builders at most reasonable rates.

As Promised.

Our reservoirs are now completed and water mains laid so as to supply each lot. Permits for making water connections will be granted on application.

An inspection of the attractive homes [now building, or the names of purchasers of lots, will convince anyone that PACIFIC HEIGHTS is the choicest and most select of all the residence sites of Honolulu.

Tramcar on a Rampage.

Mules of the Beretania noon car had an inspiration today that they were part and parcel of a rapid transit scheme. The car brake joined in the scheme with the result that a 5000 sized load of business talent and power began to figure up their accident insurance policies. The mules got headway on the car quite unknown in the annals of the Tramways system. The driver mindful of the company's objection to rapid transit tried to check their progress, and the brake gave way. The mules were satisfied to pull the load by the reins. The car finally reeled, jumped the track and proceeded up Emma street presumably to place a protest before President Dole personally. The people stuck by the wreck which finally came to a standstill with no greater damage done than to delay the luncheons of the passengers "hurrying" home.

MARQUIS ITO AND WAR

(Associated Press Special.)

New York, March 15.—A dispatch to
 the Herald from Yokohama says:

Marquis Ito, former Japanese Prime
 Minister, in an interview, said:

"The rumors of war between Rus-
 sia and Japan are unfounded news-
 paper reports.

"An agreement exists between Rus-
 sia and Japan to the effect that neither
 power will encroach upon Korea and
 we must believe that Russia is sincere.
 The new Russian Minister to Korea
 has come to Tokio first and our rela-
 tions are most friendly."

Speaking about the South African
 war, Marquis Ito said:

"The outcome of the struggle will be
 to increase England's greatness and
 arouse new interest in the armies
 which her colonies have developed.
 England will have trained soldiers all
 over the globe.

"The policy of Japan is not a colonial
 one. The Japanese army and
 navy are intended to defend Japan and
 her interests, not for conquest. Japan
 has no money for war or aggrandize-
 ment."

"The new development of commerce
 in the East renders it necessary for
 each nation to protect its interests
 with a show of power.

"It is the United States to have the
 commerce of the world she must mix
 in foreign politics.

"Japan, England and the United
 States at least stand for the unity of
 China.

"Japan wishes China to develop un-
 der her own government. There is no
 danger of her swamping the world's
 markets, because China is far behind,
 and, as she develops, wages will rise
 as they have done in Japan.

"The present reform revolutionary
 movement, concluded Marquis Ito, "is
 insignificant, because it has no follow-
 ing among the people."

British Progress Slow.

(Associated Press Special.)

New York, March 15.—A dispatch to
 the Tribune from London says:

News from every quarter of the
 theater of war is meager at midnight.
 Gatacre's district is virtually cleared,
 the rebels having been dispersed at
 Ladysgrey, East Barkley and Allwal
 North. The bridge at Allwal North
 was saved after a sharp fight. The
 railways will speedily be in operation
 to the Orange river at the three points
 where crossings can be made into the
 Free State. The rebellion among the
 whites of the Prieska district is not
 making headway. The British and
 colonial forces are restoring order in
 one village after another.

Rumors that Cronje and the Boer
 prisoners will be sent to St. Helena
 are officially confirmed. The island
 will be reached after a five days' pas-
 sage, and the prisoners will be more
 comfortable there than they have been
 at Cape Town, because they can be
 allowed more liberty.

The text of the correspondence be-
 tween the two Presidents and Lord
 Salisbury has been read with the liveli-
 est feeling of satisfaction by the
 English in South Africa where it is
 interpreted as a clear intimation that
 the war must go on until the Dutch
 republics are ready to surrender un-
 conditionally. The inference to be
 drawn from Pretoria dispatches is
 that the appeal of the two Presidents
 was designed to draw from the British
 Government a reply which would con-
 vince the Dutch that there was nothing
 before them except a desperate resis-
 tance to a war of conquest.

The action of the United States State
 Department has caused much surprise
 here, especially as it is misunderstood
 by the public in the absence of the
 text of the correspondence between the
 two governments. The European gov-
 ernments are credited with acting more
 cautiously in waiting for the publica-
 tion of Lord Salisbury's reply before
 deciding whether there was any occa-
 sion for offering their services as
 peacemakers.

With twenty years expe-
 rience, King Bros. claim first
 place as picture framers. You
 will always be satisfied if you
 have this sort of work properly
 done. Enough said. **KING**

In South of Free State.

London, March 17.—War interest
 centers largely this morning about the
 Boer forces in south of the Orange
 Free State, and the converging move-
 ment being directed against them by
 Brabant, Clements and Gatacre. Their
 strength is variously estimated at from
 2,000 to 5,000, the latter figure being
 more likely to be correct. They were
 in the neighborhood of Bethulle, All-
 wal North and Norvals Pont, on Thurs-
 day, but have since vanished from All-
 wal North. One Boer command has
 fallen back into Basutoland, and, ac-
 cording to dispatches, is there waiting
 to surrender upon learning the terms
 of Lord Roberts' proclamation.

General Pole-Carew has arrived at
 Springfontein and is in position to add
 his force to that of Clements or Ga-
 tacre as the situation demands. Gen-
 eral Gatacre threw his force over the
 Orange river and occupied Bethulle
 without a shot being fired. General
 Clements has effected a crossing at
 Van Zyls, to the east of Norvals Pont.
 Brabant, who is also on the north of
 the river at Allwal North, is reported to
 be confronted by the Boers, who
 are on the hills and have Krupp guns.
 He is hampered by lack of artillery.
 The question seems to be not whether
 the Boers will contest the advance of
 these three forces, but whether they
 will succeed in making good their re-
 treat with the railroad barred and
 Pole-Carew threatening their rear.

Lord Roberts reports that the resis-
 tance in the southern part of the
 Free State is collapsing. Several hun-
 dred burghers have decided to surren-
 der and return to their farms.

The proceedings at Bloemfontein, ac-
 cording to British reports, almost
 verge upon comic opera. It could
 hardly have been expected that the
 capital would receive an invading army
 with open arms or decorate and make
 demonstration in honor of the enemy's
 success. If these accounts are accurate,
 there is apparently only one explana-
 tion, that is, that the Free State is
 tired of war and anxious to make
 peace, regardless of the action of the
 Transvaal.

BARK KAIULANI INJURED

San Francisco, March 17.—The new steel bark Kaiulani, built by Arthur Sewall & Co. of Bath, Me., for Williams, Dimond & Co. of this city, has met with a mishap early in her career.

She sailed from New York last month on her maiden voyage. She was bound for Honolulu, where she was to load sugar for San Francisco.

The Merchants' Exchange received a despatch yesterday stating that on March 5 the Kaiulani was spoken with her fore and main topgallant masts gone and otherwise damaged.

She was then returning to New York for repairs. It is surmised that she received other damage in the storm in which she was partially dismantled.

The Kaiulani is the first of a fleet of steel vessels now building in the East for the sugar trade. They are to run in conjunction with the new steamers now building for Williams, Dimond & Co., and all of them were expected on the Coast during the year.

There are four vessels making unusually long voyages to this Coast. The Musselcrag is now out 241 days from Antwerp, the Blackbrakes 28 days from Newcastle, England, and the Emille Galline 253 days from Swansea, all for San Francisco, while the Annie Thomas is 230 days out from Swansea for Acapulco. The only one for which any fears are entertained is the Annie Thomas and 80 per cent was paid yesterday to reinsure her chances.

The Musselcrag put into Sydney, N. S. W., January 12, with her sails in ribbons, bulwarks smashed and decks swept clean. She was caught in the October storms off the Horn and was forced to come via Good Hope. On February 25 she sailed from Sydney for San Francisco.

On October 23 the Blackbrakes put into Port Stanley with her sails blown away and steering gear damaged. She sailed again February 7 for San Francisco. The Emille Galline put into Rio de Janeiro partially dismantled on November 4. She sailed again and was spoken off the Horn December 27.

There is only one disengaged ship in port, while at this time last year there were fifteen looking for charters. The idle craft is the British ship Tinto Hill, now at Port Costa, and her agents are in no hurry to quote rates, as they expect an advance in charter prices within a day or two.

Police Court Notes.

William Eston, the murderer of Toyo Jackson, will be heard on March 28th.

H. Klemme, held for selling liquor without a license will be heard on the 28th.

For assaulting his wife, Kukona was given a month's imprisonment on the reef.

Chong Kai, was fined \$50 and costs for having opium in possession.

Rosa Mevin, a French prostitute from Richard street was given twenty days. The cases of associates were continued until the decision of the court of appeals.

John Clark, a Galician, stabbed a fellowcountryman last night in the head, inflicting two wounds. After Albert, the victim was taken to the Queen's hospital and his wounds dressed, both were put in jail. They will have a hearing tomorrow.

Three Japanese prostitutes had their sentences suspended one week with the understanding that they leave the vicinity of Merchant street within that time.
