Dear Mercy

Starting with the enclosed documentation we will be sending you documentations that we prepare at the CCJP Office in Davao City. We will try to send you documentation once in two weeks.

Carlos Gaspar, one of our Board members who just got back from the States turned over \$ 120 which we can use initially to pay for the costs of mailing these documentations to you. These money should be enough to pay for costs of mailing to you these documentations from now till November. Come December we may need to ask you to send us money to pay for the costs of the stamps if you still want to receive copies of these documentations. We'll also ask you to help contribute a little bit for the costs of mimeographing the documentations.

The costs involved would be \$ 40 to cover one year from December 1981 to November 1982. You can send us a check in the name of Sr. Josephine Bacaltos, RGS (our chairman of the Board).

We hope that these documentations will be of help to you and your work in solidarity with the struggle here in the Philippines.

Thank you.

Sincerely yours,

*Jet Birondo*
