# GREAT DAY'S SPORT IN HILO TOWN

## Lazelle Captures Great \$1000 Stake At Hilo Races

### HONOLULU ATHLETES WIN THEIR GAMES

Special Bulletin Wireless

HILO, Hawaii, July 5.—The Hilo Fourth of July celebration was the most successful event ever held in this town. The weather was fine, the events of the day interesting and exciting, and the crowd was the largest that has ever come to Hilo for any ordinary or special occasion.

Honolulu won the soccer football game against Hilo by a score of nine to nothing.

Honolulu's team also won the baseball game with the All-Hilo nine by a score of seven to three.

The result of the races follows:

Luna race, won by E. Soper's Olaa Bill. Entries: Burningham's Sweet Nell and post entries.

Half-mile for Hawaiian-bred horses, won by Easter Day, C. E. Wright, owner. Time, 0:52.

Merchants' Stake, the great \$1,000, race, won by Lazelle, owned by John O'Rourke. Time, 2:18.

Mile gentlemen's race, won by Olaa Bill.

Half-mile free for all, won by John Moir's Fidia. Time, 0:51 1-2.

Three-quarter mile Hawaiian-bred, won by Easter Day. Time, 1:24.

One-mile Hawaiian-bred, won by Major Collier, owned by C. E. Wright. Time, 1:49 3-4.

The Keala Stables withdrew from this last race.

## NEW DIFFICULTIES WILL DELAY KUMERIC

The date of the sailing of the Kumeric seems to be getting more and more indefinite, and it is now impossible to say just when the boat will sail for Vancouver with her load of Japanese emigrants. She has shifted from the Quarantine wharf to an anchorage outside the harbor. This was done in order to prevent the 72 stowaways who arrived in her from getting ashore. It is the intention to send the Japanese passengers out to the vessel in scows.

The delay in the sailing of the steamer is due to the difficulties in the matter of the medical inspection which her passengers are to be subjected to. Attorney Chillingworth,

who represents the hull which has chartered the vessel, has been advised by cable that the local quarantine service outfit and doctors cannot be employed for this inspection, and he has now cabled to the agent of the Kumeric on the Coast asking if the medical inspection, outside of the trachoma and fever inspection which will be conducted here, can be conducted after the arrival of the vessel at Vancouver. He has not as yet received a reply.

Chillingworth states that the vessel will probably take away only about 1250 passengers, as this is all that the ship has life preservers for, and he has found it impossible to secure an additional number here.

## RECOMMEND PLAN TO RAISE TAXES

### Supervisors Discuss New Scheme Proposed By Committee

A report which the Committee on Ways and Means of the Board of Supervisors submitted at the meeting of the Board last Wednesday evening, in which several ways of raising a larger amount of taxes, created considerable discussion among the members of the Board. The report was gotten up to be submitted to the Tax Board in the way of a recommendation for future tax legislation, and ran as follows:

Your Committee on Ways and Means to whom a letter from A. P. Judd, Esq., Secretary, Tax Commission of Hawaii, was referred, respectfully report as follows to-wit:

Your committee believes and recommends that this Board should recommend to the Tax Commission of Hawaii the following changes:

1. That the rate of taxes may be increased to 1-1-2 per cent., on the ground that the assessments of taxes now by the Assessors are unequal; it is known as a fact that the valuation of the property of the poor classes are higher than the valuation of the property of the rich, whether they are individuals or corporations or otherwise, and your committee fully believes that if the rate should be increased the valuation would be evenly made.
2. That the employers may be made liable for the personal taxes of the employees, say of those people who would be employed during the months of January, February and March in each year.
3. All males who are sixteen years of age should pay \$5 for personal taxes, with the exception of those who attend day schools.
4. The exemption of \$300 should be applied only to real estate.

Respectfully submitted,  
F. K. ARCHER,  
JOSEPH J. FERN,  
Dwight and Harvey thought the 1-1-2 per cent. was rather steep.

Hustace said that the County must have more money. This would show how much the money was needed.

Harvey said that the raise of taxes would hurt the poor man more than the rich one.

Archer said he would be glad to pay \$1,000 taxes if he only had the property in proportion.

Harvey thought the Board should recommend that the Tax Assessors look more carefully into the matter of valuations. He did not favor the report in its present form. He thought further that the clause making boys

## ASSISTANT COMING FOR OTWELL

Captain Otwell, United States Engineer in charge of lighthouse, fortification and other Government work in Hawaii, is to have an assistant. He has received notice from Washington that a man named Burbank, who has been connected with Government work at Wilmington, North Carolina, is coming to Honolulu as assistant engineer.

This looks like business, and the addition is undoubtedly on account of the large amount of work in connection with the construction of fortifications here and at Pearl City.

Captain Otwell states that Burbank's work will be largely that of supervising engineer. He will be the outside man, principally, to be stationed on the ground where work is going on and to oversee it personally.

The new man is a civilian, in the civil service. His coming will be considerable of an addition to the Government force here.

## BOOZE BURNS AND BOOZERS WEEP

A terrible accident took place on the Southern Pacific Railroad a short time ago, according to information received by Deputy Internal Revenue Collector Drake. Five barrels of whiskey in bond, destined for the Honolulu bonded warehouse, and shipped by W. A. Gaines & Company of Frankfort, Kentucky, were destroyed by fire. The details of the horrifying catastrophe are lacking but there is consternation and weeping in certain circles about town. It is rumored that Johnnie Martin will give a luau.

## NEVADAN DELAYED

General Freight Agent C. P. Morse of the American-Hawaiian Steamship Company announces that steamers will arrive here on the following dates:

The steamer Massachusetts, July 8, from Puget Sound, on her return trip, will take sugar for New York or Philadelphia.

The steamer Nevada will arrive here on the 10th inst., instead of today. Her delay in arriving was caused by the San Francisco labor troubles.

The steamer Nebraskan will arrive from Salina Cruz, Mexico, on the 15th inst., with New York cargo.

## THE "FOURTH" WAS FITTINGLY CELEBRATED

### Exercises, Fireworks And Races Held The Day

The Honolulu celebration of the Fourth of July, 1907, interested and pleased a large number of people. The parade of the Ancients and Horribles in the early morning was a fizzle, but after that the program went along smoothly and called out good-sized crowds for the military parade, the literary exercises in the Capitol grounds, the sports at Kapiolani Park and the display of fireworks and band concert in the evening.

The exercises in the Capitol grounds were very interesting and the committee in charge was especially pleased.

## Molokai Light Will Probably Be At Settlement

### PLANS FOR BIG BEACON BEING PREPARED

The new Molokai light house, for which Congress at the last session appropriated \$60,000, will probably be located at the Leper Settlement. The location has not been officially announced as yet, but United States Engineer Captain Otwell, who is in charge of the Government work in this Territory, and Captain Carter, Light House Inspector, are to have a conference this afternoon and recommend to the Light House Board a location for this light. It is understood that the Leper Settlement site will be the one favored. The Light House Board has the final say in this matter, but will probably follow the recommendations of the engineers.

Captain Otwell states that he has just begun work on the plans for the new light. It will probably be four or five months before actual construction work will be begun, however.

The Molokai light will be of the same grade as the Makapu Point light now in course of construction, and the work of erecting it will take considerable time. This, with the building of the Leprosarium at Kalawao, will make things pretty lively at the Settlement, as a large number of men will be required to do the work.

The construction of the front range light for Honolulu is still at a standstill. Although it has been unofficially announced that the site for the rear range light is to be the one favored by Governor Carter, there has as yet been no proclamation of the selection of the site, and until there is, work on the front range light cannot go ahead.

## Miss Hester Lemon Is Moving To The Front

Over one hundred thousand votes were cast in the balloting this week, but there were comparatively few changes in the position of the contestants for the great Lucky Six prize.

Hester Lemon of Honolulu with her twenty-nine thousand votes is the feature of this week. After moving along among the indifferent progressivists for some weeks she now comes to the front by good-sized leaps. She went over the heads of Miss Sadler and Miss Hapai and is not so very far off from Miss Aloiau. Which calls to mind that the race between the two Kanaai young ladies has not reduced in interest in the slightest. Miss Mandon by casting

twenty thousand or more holds her place as third on the list, and less than one thousand votes separate Miss Aloiau and Miss Saffrey, who hold fifth and fourth place respectively.

Another Honolulu girl other than Miss Lemon to show indications of moving forward is Irene Boyd, whose friends increased her total by something over ten thousand votes. She is now very close to Miss Nailima, the Olaa favorite, and with Miss Rose of Honolulu these three are fast approaching the one hundred thousand mark.

### POPULAR YOUNG PEOPLE WEDDED AT ST. ANDREWS

Wednesday evening Miss Josephine de Lartigue and Albert N. Campbell were married at St. Andrew's Cathedral. Canon Mackintosh performed the ceremony and Bishop Restarick gave away the bride.

The bride was gowned in white silk mull, Princess style, with real lace yoke, with bridal veil and orange blossoms. She carried a bouquet of white roses. The bridesmaid was becomingly gowned in light blue organdie and carried a bouquet of pink roses.

It was a very pretty affair and as there were no invitations it was witnessed by quite a number.

The young couple are both quite popular in this city and have hosts of friends who extend to them many well-wishes.

No reception was held. After the ceremony Mr. and Mrs. Campbell go-

ing at once to the Giffard residence on Tantalus, where the honeymoon will be spent.

After their return to the city they will live at Mr. Campbell's home at 1616 Piikoi street.

### SHE IS ABOVE THOSE THINGS

Yes! she is up 4000 feet. Above the sea; above the clouds; out of the heat and dust of the city. Up at the Volcano House, where she is spending her holidays; she writes that it is delightful up there; cool and bracing; feels better already. I'm glad she went; she needed the change, the dear girl! Not an expensive trip; only fifty dollars. Yes; that covers the whole business, transportation up and down, one day in Hilo and eight days at the Volcano House. No; you don't have to come back then; the ticket is good for several weeks; they will give you a very reasonable rate for board. Go into the office of the Henry Waterhouse Trust Co. They'll tell you all about it.

## BEWARE OF IMITATIONS

### Cheap Substitutes and "Just As Good As."

Unscrupulous dealers, mindful only of profit and caring nothing for the health of their patrons, are offering for sale low-grade, impure whiskey, which they tell you is as "good as Duffy's."

It is a cheap concoction and fraud, intended to deceive the people. Of course, when a remedy has been before the public so long, has been prescribed and used by the best doctors and in all the prominent hospitals, and has carried the blessing of health into so many thousands of homes as DUFFY'S PURE MALT WHISKEY has, imitations are bound to arise. *But they can imitate the bottle and label only—no one can imitate the contents.*

DUFFY'S PURE MALT WHISKEY is made from a formula worked out fifty years ago by one of the greatest chemists the world has ever known, and while it has cured millions of people during the last half century, the secret has never been discovered.

Any firm that will sell imitation or substitution goods will sell impure drugs. The firm that is dishonest in one thing would not hesitate to be dishonest in another. Whenever you see imitation and substitution goods offered for sale by a firm, beware of anything and everything put up by that firm. You endanger your own life and the lives of your family and friends by dealing with them.

### BEWARE OF FRAUDS!

### Duffy's Pure Malt Whiskey

is sold in sealed bottles only—never in bulk. A facsimile of the genuine bottle, full size, is printed here so that you may easily recognize it. It is our own patented bottle—round, amber colored, and with the name "Duffy's Pure Malt Whiskey Company" blown into the glass. The trademark—the Old Chemist's Head—is on the label, and over the cork there is an engraved paper seal. Be certain this seal is not broken.

### REFUSE IMITATIONS AND SUBSTITUTES

When you ask for DUFFY'S PURE MALT WHISKEY be sure you get the genuine which is the only absolutely pure malt whiskey containing medicinal, health-giving qualities. Imitations and substitutes, far from relieving the sick, are positively harmful. Demand DUFFY'S, and be sure you get it. Be on your guard against refilled bottles.

Duffy's Pure Malt Whiskey promotes health and longevity, **KEEPS THE OLD YOUNG—THE YOUNG STRONG**

It is the only whiskey recognized by doctors everywhere as a medicine. This is a guarantee.

The genuine is sold by all reliable druggists, grocers and dealers, or direct, \$1 a bottle. Illustrated medical booklet and doctor's advice free. Address Duffy Malt Whiskey Co., Rochester, N. Y.

PAY RECORD DIVIDENDS.

That business and industrial pro-
perty in the United States is still
largely increasing, despite labor dis-
turbances, tight money and adverse
weather in many sections is shown
by the fact that more than \$180,000,000
will be paid out in July in divid-
ends and interest by quasi-public
organizations in the Eastern States,
chiefly in New York. This enormous
distribution, aggregating far more
than was paid out in the same month
last year, and \$2,000,000 more than
the January dividend disbursements,
will break every record. The total
of the dividends alone is \$92,553,937.
The interest payments amount to
\$50,328,805.

Some of the biggest disbursements
will be made as follows: Railroad
dividends, \$36,750,089; railroad
bond interest, \$71,250,000; indus-
trial company dividends, \$41,017,233;
industrial company interest,
\$11,450,000; traction company divid-
ends, \$7,936,475; traction company
bond interest, \$2,100,000; bank divid-
ends, \$7,700,000; government in-
terest, \$4,528,508; Greater New
York bond interest, \$2,000,000.

The same situation as regards good
dividends and tight money prevails
in Hawaii to a certain extent. The
local feeling of confidence is, how-
ever, stronger than the prevailing
one in mainland centers.

On the tending money market as
far as it is affected by outside causes
comes from a conservative sentiment
appropriate to sound finance which
has carried Hawaii through more
than one crisis in which mainlanders
were going to smash.

One of the certainties is that,
with crops good and dividends fairly
sustained and confidence steadily
strengthening, a most satisfactory
outlook is offered.

TAMING THE ISHMAELITE.

Not less notable than the taming
of the Shrew, nor attended with less
ridiculous circumstances, is the ap-
parent conversion of the Ishmaelite
in the matter of things Hawaiian-
American.

It was but a few months since the
banding together of any Hawaiian-
Americans in any movement was the
signal for vilification of innuendo and
ridiculous vituperation from the Ish-
maelite corner of Honolulu. Our
fellow-citizens were painted in colors
which might cause one having no
knowledge of them to wonder whether
they were in the class covered in the
query, "Can any good come out of
Nazareth?"

During more recent days there has
been an apparent change of heart.
We say apparent advisedly.

The Delegate is given the credit
that is his due.

Later still the occupant of the Ish-
maelite corner has discovered that
great good is being done by the
Hawaiian-American benevolent or-
ders. This has long been known to the
citizens of the Territory, who have
wondered at the continued and foolish
perversity of the Ishmaelites, forever
busy at misrepresentation.

There is cause for congratulation
that the Ishmaelite has become mel-

lowed with a slight degree of sense.
And though there is every reason to
believe that the conversion is of the
temporary character and for a selfish
purpose, an occasional glimmer is at
least a change, deceives no one, and
may do the converts good.

THE NEW HONOLULU FOURTH.

It was more a new-fashioned
Fourth than an "old-fashioned" one
which Honolulu celebrated this year.
The new phase of it was the inter-
est taken by the more recent citizens
of the United States, who were pres-
ent at the literary exercises in larger
numbers than has ever been noticed
in "off-year" Fourth of July celebra-
tions. By off-year we would include
the years when there has been no
long, elaborate and expensive prepara-
tion.

As each year passes these "new"
citizens are coming to look upon In-
dependence Day as their day, and
not an occasion set apart for the spe-
cial glory of these American-borns
directly or indirectly from the main-
land.

This spirit of the New Fourth is
pleasing to every person broadly and
honestly American. As it increases,
the Americanism of Hawaii becomes
more an every-day reality.

THE FOURTH

(Continued from Page 1)
cially fortunate in getting a large
turnout of school children to take
part. Judge Dole presided and Judge
Kingsbury gave a very good address.

Judge Kingsbury said in the course
of his address:
This is the day we celebrate—we,
the people of the United States,—
the strongest, richest, and most ben-
evolent nation on earth.

All right of any government to ex-
ist is because its governed needs its
government. Government itself, in
relation to the object of its rule, has
no rights—it only has duty—duty to
govern those whom it has position
and power to govern, and who need
its government.

The form of our government is
found in our Federal Constitution
and is best expressed in the words of
Abraham Lincoln—"A government of
the people, by the people, for the
people." And because it is for the
people, it is benevolent, it is right.
If our ninety millions of people need
of no protection, no government,
then the right to govern them would
nowhere exist.

All civilized nations, of modern
times, to a greater or less degree, re-
cognize this truth, but, so far as I
know, no nation except ours has
made it the foundation stone of its
right to exist. One hundred and
thirty-one years ago this day our
fathers proclaimed us a free and in-
dependent nation. This they had
right to do, if the people of the then
Colonies needed so to be governed,
and, if they were able to maintain
their place, as an independent govern-
ment.

War demonstrated the ability of
maintenance, and history shows that
this then proclaimed government has
met and accomplished the needs of
the people.

Different forms of government are
severally best for different people
and for different ages. That form is
best for a people which best meets
the needs of the governed.

Ours is in form a republic. Ours
is by the people themselves. Ours
is self-government, and this is the
highest moral conception of restraint
and of direction.

Theoretically it is perfect, but

practically it will only be good when
the people are both wise and good.
All danger to our country is inter-
nal. The only real safeguard is pa-
triotism. As long as we, as a peo-
ple, appreciate and love our country
as she deserves, it is safe. The basis
of our appreciation is knowledge, and
the basis of love of country is true
benevolence—which is a regard for
the good of sentient being.

And of this country are now the
beautiful evergreen gems of the
ocean, these islands—as much a part
of our great nation as is the spot of
earth where was first read the decla-
ration of our independence. Small
they are, but yet they are the most
beautiful gems in the crown of our
Columbia.

Ever since these islands were one
independent government, an inde-
pendence first recognized by the
United States, there has been growing
in the hearts and minds of Hawai-
ians English thought and English love
until the people became what the
American colonies were, when the
Declaration of Independence was
made, essentially one in thought and
feeling with the great mass of the
liberty-loving, justice respecting
Anglo-Saxon race.

Location, communication, and,
most of all, teaching and preaching
by New Englanders, brought the
English-born American Republic
nearest to the hearts of Hawaiians.
Our country needs for the protec-
tion of its Pacific Coast and its Pa-
cific commerce to fortify our harbor,
but there is a better, safer, and
more enduring fortification, for her
good, in the hearts of these children
of the schools of Hawaii.

It is to our country's glory that
she has such enemies as can be found
in San Francisco. It is to her great-
est glory that by faith in her power
and justice she has such friends, Ha-
waii-born, as she has in Hawaii.

The sun never surprises the Stars
and Stripes, for they are always in
their light—no rising, no setting, for
our Flag. And its rule, half round
the globe, is as blessed as it is
broad. Hawaii is in this light. Ha-
waii feels the warmth of those pa-
triotic fires that the glory and good-
ness of our Great Republic kindles in
the hearts of its people, and Hawai-
ians rejoice and will long rejoice be-
cause of the blessings of a govern-
ment better than independent, be-
cause beneficently benevolent.

Unfortunately the speaker's stand
was so arranged that it was difficult

SIX MONTHS REPORT

IS FILED
BY SHERIFF IAUKEA

At the meeting of the Board of Su-
pervisors held last Wednesday even-
ing County Sheriff Iaukea submitted
a report of the work of his depart-
ment for the past six months, which
ran in part as follows:

The summary of arrests and convic-
tions by districts is shown as fol-
lows:

Table with columns: District, Arrests, Convictions. Rows: Honolulu, Ewa, Waialua, Koolanipoko, Koolauloa, Waianae.

Totals 2408 1866
Amongst offenses, the convictions
for drunkenness have increased to
nearly double those of the previous
period. The total convictions for
that offense in the first six months of
1906 was 276, whilst in 1907 the
number increased to 534, or 95 per
cent. Another significant fact is
that of the total number accused all
but 25 were convicted in Honolulu.

Table with columns: Offenses, Arrests, Convictions. Rows: Gambling, Drunkenness, Assault and battery, Larceny, Violating liquor law, Miscellaneous.

Totals 2408 1866
Of juvenile offenders there were
137 convictions, 122 males and 17
females. Of the accused, 57 were
committed to the industrial schools
and 80 placed on probation. The of-
fenses were: larceny, 49; truancy,
39; gambling, 23; idle and dissolute
life, 22; and for other and minor of-
fenses, 15. Of nationalities, 83 were
Hawaiians, 41 Portuguese, others 13.
In the first six months of 1906 the
number of juvenile delinquents was
50.

There has also been a large num-
ber of persons arrested on suspicion
of lunacy. Of the 62 cases examined
in the last six months, 32 were com-
mitted to the Insane Asylum and 30
discharged.

Corresponding with the increased
convictions secured in the prosecu-
tion of cases, the receipts to the gov-
ernment in the way of fines and
costs has been greatly augmented.
During the six months just ended the
fines and forfeitures amounted to
\$13,319.60.

The actual amount expended on po-
lice payrolls during the first six
months of 1907 was \$46,091.09,
whilst for the same period in 1907 it
only totaled \$34,694.25, a saving of
\$11,396.84 to the County, or \$1566 a
month.

To hear the orator of the day more
than ten feet away from the stand.
The crowd stayed, however, Senator
John C. Lane read the Declaration of
Independence with good effect. E. B.
McClanahan read Lincoln's Gettys-
burg address. A choir of local sing-
ers led the principal vocal pieces and
a large delegation of school children
sang patriotic songs and closed the
exercises with the flag salute. A no-
ticeable feature of the audience was
the large attendance of Hawaiian-
Americans and Portuguese-Ameri-
cans.

The display of fireworks in the
evening was witnessed by an audi-
ence that occupied every point of
vantage in and about the Capitol
grounds.

## Partners of the Tide

By JOSEPH C. LINCOLN  
Author of "Cap'n Eri"

Copyright, 1905, by A. S. Barnes & Co.

Hammond, swimming for his life, yelting with fright, Bradley, caught in the waves made by the rocking of the Living Belle, was for a moment unable to make any headway. Vaguely he wondered why he had not been killed. And then the foremost swung above his head and the noisy hoisting block in the forewriggling snappled from his burning tackle, shot out into the air and fell, striking him on the forehead.

He remembered almost nothing of what happened after that—nothing except fighting to keep afloat and the intense cold of the water.

Captain Titcomb on the bill had fought and struggled and pleaded to be allowed to go to his partner's aid. But Captain Taylor said, "Better one than two," and most of the others agreed with him. "Squander" Wilson was going through the crowd, telling all who would listen that if he had not had some fellows at his house "settin' up" playing cards the fire would not have been discovered. As the blaze grew brighter and Bradley could be seen running about the schooner's deck, Alvin Barse volunteered to go with his skipper and attempt a rescue, but they would not let him try. In whispers people were asking one another how long it would last.

When Hammond appeared on deck there was a great commotion. No one knew who it was. But when he stood upon the rail, with the fire behind him, a dozen shouted his name. Captain Titcomb shouted it and swore. A moment later came the explosion.

Fifty men started for the wharf then but the captain was far in the lead. He leaped into a dory and pushed off. The harbor was almost as light as day in the center of the light the two figures in the water were splashing all houettes.

And suddenly the captain, another, frantically, was aware that another boat was nearer the schooner than his own. A small skiff, rowed by a bare headed girl, had come from behind the point and was speeding with long, sure strokes toward the swimmers.

Hammond saw it. "Help!" he shouted, waving one arm. "Help! I'm drowning! Save me!"

The skiff was almost upon him. He reached out to grasp its side. But the rower, though she turned and looked directly into his face, did not stop. She kept straight on, past him.

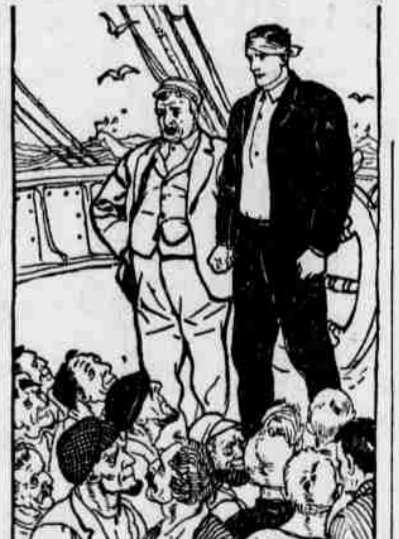

And Captain Titcomb as he seized Sam Hammond by the coat collar saw Gus Baker lean from her skiff and drag to his low gunwale the helpless form of Bradley Nickerson.

Then, with a hiss and wrapped in a great white robe of steam, the Diving Belle dived to the bottom of the harbor.

CHAPTER XX.  
At 9 o'clock that morning Bradley, with his head bandaged, sat in the rocking chair by the window of his chamber, looking out. On the table beside him were medicine vials, teaspoons and a pencilled memorandum in Dr. Palmer's handwriting; also there was an emulsion bottle and a steaming pitcher of "pepper tea." These last were Miss Tenny's contribution. That lady herself, with a face whiter even than Bradley's own and with fingers that shook until holding a needle was next to an impossibility, was seated in a chair by the door, pretending to sew. Every now and then she looked up, seemed about to speak, and then, seeing the expression on the young man's face, remained silent. Occasionally she wiped her eyes with her handkerchief.

Bradley went to the Point that day in spite of his partner's protests and the old maid's pleadings and direful prophecies concerning his health. He was kind, but so firm that they soon saw there was no use arguing.

Ira Sparrow took Bradley and Captain Titcomb to the Point in the You and I, Barse, Ellis and some of the other men went with them. On the way Bradley and his partner discussed the situation. The work on the barge was going on as if nothing had hap-

"We'll stick to those who stick by us." pended, although the news of the firm's loss had been telephoned to the life saving station early that morning. Barney Small met them as they climbed over the Freedom's rail. He was very sober and shook his employers' hands with silent sympathy.

### DIAMONDS NOW LEAD LEAGUES

That team which was thought not to have a look in the Diamonds, are now at the top of the heap in the second series and if they can maintain the pace they will win the championship.

Yesterday in a good old fashioned July game they succeeded in throwing the hooks into Bill Vannatta's pirates to the tune of 6-5. Bill had better have postponed the game.

It was a hard argument for the Kams to lose as they out-hit the Diamonds, getting twelve bingles off that lad Leslie. In the very first inning the Kams got three hits and a couple of errors. The most the Kams could do, however, was to get Jones on third. Sheldon broke into the game yesterday and played the same old steady game.

The second inning saw the Kams draw first blood. Lota punched one out safely to left guard, beat the catcher's throw to second, and then went on to third on Davis' low throw. He spiked the pan when Kuhlina binged to center.

Lemon got a hit in inning three that was responsible for a run. It was a great inning for the Diamonds and they took advantage of every opportunity. Hum Lam Clark hit to Cap. Bill, who juggled long enough to let the runner reach the bag. Old John Soper hit safe past first. These two both moved up on Olmos' daisy clipper. Lemon made an awful mistake by dropping Darcy's fly ball. This mistake let Clark and Soper spike the pan. Davis was there with the big stick and poked out a three-sacker, driving Darcy to the pan and coming home himself on a poor throw to third. This forced the score to 4-2 in favor of the Diamonds.

Kuhlina reached home after getting a hit in the fourth. In their half of the fourth the Diamonds worked Leslie to the plate with a run. He reached first on Kuhlina's error, was forced to second by Reuter walking. Jonah, Hum Lam Clark again swatted a beam, which did the damage. Score: Diamonds 5, Kams 3.

Neither side did damage until the eighth, when the Diamonds added one more to their score. This ended the run getting and placed the Diamonds to the good by a score of 6-5.

During the game Jones was hit in the temple by Leslie. It was an awful blow but Jones stuck to his task and caught a good game.

### BOAT CLUBS CARNIVAL

The Hotel Baths were packed to their utmost capacity on Wednesday evening and in fact many people could not gain admittance to see the Myrtle and Healan boat clubs compete in the big tank.

The Myrtles had the best of the contest and won most of the events.

Dodge's forward swim was one of the principal features of the evening. He covered the distance in 28 seconds. This is the tank record.

Peanuts was a great success. His diving and swimming made a decided hit.

The summary:  
Twenty-five yard dash—Won by Cooper, Myrtle. Time, 12 3/5 sec.  
Fifty-yard dash—Won by Dodge, Myrtle. Time, 28 sec.  
Seventy-five-yard dash—Won by Cunha, Healan. Time, 48 sec.  
One hundred-yard dash—Won by Center, Myrtle. Time, 1 min. 12 3/5 sec.

Plunge for distance—Won by Robertson, Healan. Distance, 50 feet 10 inches.  
Relay race, 300 yards—Won by Myrtle (W. Cooper, F. Dodge, J. Kennedy, G. Beckert, S. Davis, Padigan). Time, 3 min. 2 sec.

### JOY GETS ANOTHER GAME

San Francisco, July 4.—Barney Joy pitched in a successful 13-inning game yesterday.

### PENALTIES WIN FOR REDS

Reds—Macfarlane, D-nison, Dillingham and Lewis.  
Blues—Cooke, Baldwin, Shingle and Fleming.

That is the way the polo players lined up at Moanalua yesterday to play the practice game of polo. It was a good and exciting game throughout and was witnessed by quite a crowd of polo fans.

The game showed that the players have much improved over the last game and if they can make this same advancement in the game the Maui boys will have a hard time kicking them. The Blues suffered from penalties from the referee and had it not been for this the game might have been tie, as each team scored three goals. The final score was: Reds 3, Blues 13.

The ball changed about the field from goal to goal rapidly and it kept the spectators on edge.

The Blues made the only score in the first quarter. They lost half the score on a foul. Another foul later in the game lost them 3-4 of a point.

In the third quarter the Reds tied their opponents and then passed them by one goal. The Blues evened the number of goals in the last quarter.

### CAUSED MUCH FUN

Ten fellows dressed up as horribles attracted much attention and caused much fun yesterday morning on the street. These ten had bowling pins and balls and played games on Fort street, Hotel street and the Capitol grounds. They created much more fun than the parade in the morning and had several hundred people following them about.

### "DICK" COOK MAKES 83

The golf journey at the Country Club yesterday was a very successful affair and Dick Cook brought home the best score of the day, an 83. Cooke was

aided by his 9 handicap. He went out in 48 and in in 44. A. White was second with 81 and F. Armstrong third with 85.

Out of forty players but twenty handed in scores.

The second game proved more brilliant than the first and had it not been for Al Lowrey's two errors at second in the third span the Saints may have won a shut out. In this inning Lowrey went wrong on Soares' ground-hit ball. Soares moved up on Bushnell's grounder. Soares was caught out at third. Lowrey again slipped up on J. Williams' ground ball. Bushnell and Evers both scored on a poor throw to the plate. The play was disastrous for both J. Williams and Catcher Bateman of the Puns. The former turned his ankle and the latter hurt his knee. TROPHY FOR BIG YACHTS

A handicap race for the big yachts is being planned to be pulled off in connection with the races for the Cooper cup, to be held at Pearl Harbor next Sunday.

The proposition on foot is for the owners of the larger yachts to put up a fair entrance fee to be turned over to the club officers for the purchase of a suitable trophy, to go to the winner of the larger yacht events.

It is hoped that a good number of non-yacht owning members will attend the races on Sunday. The morning train will take them down in time to see a good part of the race. A good shower will be served at the club house and in time for the return to town in the early afternoon if desired.

CANADIAN FINANCIER PRAISES LOCAL LINES

W. Phillips, the manager and engineer of the Winnipeg, Manitoba, electric street railway, who arrived from Canada on the S. S. Aorangi last week and who, with Mrs. Phillips, is registered at the Hawaiian, is quite confident Hawaii will in time become the Mecca of Canadian tourists. He states that very little is known of Hawaii through the central parts of Canada. Each year hundreds and even thousands of Canadians make pilgrimages to Europe and the Mediterranean and even a large number go to Southern California.

Mr. Phillips is of the opinion that if extraordinary efforts were made to place the advantages of Hawaii throughout the Dominion, the drift of tourists to these shores would increase many fold.

Mr. Phillips is much interested in the operation of the local street car system and says that Honolulu has a right to be proud of the system she maintains and that the employees compare more than favorably with those on any line on the mainland, both in neatness of appearance and courteous treatment of passengers.

Mr. Phillips will remain in the islands about two months, visiting the plantations and other points of interest.

Prince Fushimi is reported to have been quite generous with his tips among the employees of the Young hotel.

LOS ANGELES MEN

WRITE THEY ENJOYED ISLANDS

The Promotion Committee has received a number of letters from Los Angeles men who were members of the excursion party which took the trip to the Islands in the Ohio some months ago, showing that in spite of the reports to the contrary the excursionists enjoyed the trip. Two of these letters are as follows:

Los Angeles, Cal., June 22, 1907. H. P. Wood, Secretary of the Hawaii Promotion Committee, Honolulu, Hawaii.

My Dear Sir:—I am living over every day, my delightful trip to your Paradise of the Pacific.

I can never forget the wonderful kind hospitality shown me by every one wherever I went, and how I would love to thank each one, and yourself among the first, for all that was done for us. No one enjoyed the beautiful vegetation, seen at every turn, as much as I did. This to me made your lovely land seem more like Dreamland than reality.

I realize more and more how, for our mutual benefit, we need steamship lines direct between our land and yours.

I shall never rest content until I have seen the Islands of Hawaii more thoroughly.

Hoping to see you in the near future, I am, yours very truly, G. G. JOHNSON.

Los Angeles, Cal., June 22, 1907. H. P. Wood, Secy., Honolulu, H. T.

Dear Sir:—I desire to thank you, and through you the Hawaiian Promotion Committee, for the very enjoyable trip I had when in your city during March last, with the L. A. Chamber of Commerce excursion. I fully believe the money I expended on that trip was the best investment I have made for many years.

The pleasures and enjoyments of that trip through the efforts of your committee, together with the delightful climate, the balmy breezes, the lovely and luxuriant growth of vegetation, the cordiality of your people, made the trip one of the most delightful I have ever taken.

I expect again to visit your delightful island, and have recommended the trip to many of my most intimate friends.

Again thanking you, I am, yours truly, R. D. LIST. 400 I. W. Hellman Bldg., 4th and Main Sts.

NO REHEARINGS

OF APPLICATIONS ALLOWED BY BOARD

The Liquor License Board held another meeting Wednesday night at which all applications for rehearing were turned down. Five saloons represented by A. V. Gear offered to surrender their old licenses and claimed the right to have new ones by the clause which provides that the expired (unexpired) value of the old license shall apply on a new one. But the Board couldn't see it that way.

Fred. Kiley's application for a new hearing and for a license with the Sunday and after-hours privilege was also summarily thrown out, as was the application of Chun Tong Chong for a rehearing of his application for a license for a saloon on Maunakea street. The application of White for his Pearl City place went over until July 8.

Incidentally the Board stumbled upon the awkward fact that bellboys who are minors may not serve drinks in saloons. This is liable to prove very inconvenient for some of the hotels.
