## BOARD OF HEALTH TO BISHOP GULSTAN

At a special meeting of the Board of Health, called for the purpose of discussing the letter of the Bishop of Panopolis, the following draft of a reply was adopted. The minutes of the special meeting having been passed at a later meeting, the communication has become public property.

Honolulu, T. H., May 7, 1902.

Rt. Rev. Rupert Gulstan, Bishop of Panopolis, Honolulu.

Rt. Rev. Sir:—In answer to your communication of the 30th day of April, 1902, the Board having taken the same under consideration at a Board meeting held on the 7th day of May, 1902, in Honolulu, beg to submit the following points:

The Board having determined that the welfare and harmony of the Leper Settlement would be promoted by the removal of Father Wendelin, has not, out of courtesy to the Catholic Mission and in appreciation of the good the Mission is doing generally at the Settlement, exercised its own power of removal, but has requested yourself, the superior of Father Wendelin, to do so. In answer to the request you have refused to remove Father Wendelin, who is a persona non grata to the Board. The Board is therefore driven to the only remaining alternative, the exercise of its own powers.

This would end the matter were it not that you have made certain statements in your letter which ought to be answered, lest grave and serious misunderstandings and uncertainties follow hereafter.

It should be clearly pointed out therefore that the Board of Health has been, is, and continues to be, the sole judge of what is for the harmony and good government of the Settlement, and is amenable in its actions only to the Governor and the Legislature of the Territory, and to no other superior.

By law the Board is invested with a very wide and complete power over every person at the Settlement, with good reason too, for if, under any circumstances whatsoever such power may be put in issue, the object of the Settlement, segregation, is defeated. If any person, for any reason whatsoever, at any time or under any conditions, can say to the Board of Health, "You cannot exercise this power in this case," the power of the Board to enforce complete segregation is defeated. The statute therefore wisely provides:

"No person, not being a leper, shall be allowed to visit or remain upon any land, place or enclosure set apart by the Board of Health for isolation and confinement of lepers without the written permission of the President of the Board or some officer authorized thereto by the Board of Health, under any circumstances whatever, or any person found upon such land, place or enclosure, without a written permission, shall, upon conviction thereof before any district magistrate, be fined in a sum of not less than ten nor more than one hundred dollars for such offense, and in default of payment to be imprisoned at hard labor until the fine

and costs of court are discharged in due course of law." P. L. Sec. 992.

Not only is the Board vested with the discretion and authority, but the statute is so explicit and the charge of such a public nature that the Board can in no manner waive either the discretion or authority or means of carrying out the same.

You state in your letter that you have been "permitted" to establish a mission at the Settlement, a church, school and residence buildings, and to send teachers and preachers there. The fact you are "permitted" seems to be only partially understood. It should be pointed out therefore that the Catholic Mission can never get away from the fact "that it is permitted;" that it cannot acquire any right except subject to permission, and also that there can be but one authority at the Settlement, the authority of the Government of the Territory of Hawaii. Any encroachment of this authority, or upon the Board's control of the Settlement and property, however slight, should be met by measures on the part of the Government and of the Board of Health conformable to the nature, importance and insistence of such encroachment.

You contend that we cannot ask you to remove Father Wendelin without charges. Can you make yourself the judge of whether we ought to dismiss Father Wendelin? We submit not. Such would be an interference with our discretion which we believe you surely would not seriously contemplate. It is sufficient if the Board states to you that your subordinate is no longer a desirable person at the Settlement from the standpoint of the Board of Health. Upon such statement it is then a matter of your own choice whether you will or will not accede to the Board's request.

Before the Board, is Father Wendelin entitled to have charges preferred and proven? He is not an employe of the Board, nor is he a kokua at the Settlement. By the statute kokuas may only be persons who are husbands or wives of lepers segregated at Kalaupapa. P. L. 330. He is simply a person allowed to visit and remain at the Settlement just so long as his residence there is acceptable to the Board, and in their opinion conducive to the welfare of the Settlement.

In this case the conclusions and acts of the Board as to dismissal are within authority, conclusive, final and legal; and, moreover, are technically and morally in conformity with the responsibility of the Board in the government and control of the lepers placed under charge and with the duty to raise and ameliorate their condition. Otherwise, persons with the best of intention, with the sincerest of conviction

## FOR PRINCIPLE, BEGONRA!

Any man who has spent fifteen years in intimate contact with the lepers of Molokai should not be driven out to mingle with an uninfected people.—P. C. A.

And such is the only principle the Advertiser finds to fight for in the Father Wendelin matter. The fact that the devoted priest has spent fifteen years of the best part of his life isolated at the Leper Settlement, without a complaint having ever been made against him; the fact that he is sacrificed in order to soothe the wounded feelings of a Board of Health "protege" and dismissed official; the fact that Father Wendelin is convicted and sentenced when not a single charge has been brought against him; the fact that the "fundamental principles of Anglo-Saxon liberty" are trampled in the mud by the Board of Health; the fact that the majority of this community has already stigmatized the autocratic proceedings of the Board of Health; the fact that the majority of the readers of the Advertiser are against any such abuse of powers as claimed by the Board of Health; and none of these facts appeal to the great champion of Americanism in these Islands.

"Any man who has spent fifteen years of intimate contact with the lepers of Molokai should not be driven out to mingle with an uninfected people."

That is all! The Board of Health can do anything it chooses to Father Wendelin, as far as the Advertiser is concerned, as long as he is not turned loose in Honolulu, around the Hawaiian Gazette office.

Lock him up in a dungeon; throw him over the Pali; put him in a

boat and drown him at a spot 20 miles off Honolulu, the Advertiser does not care. But, if you care to keep your precious official heads on, gentlemen of the Board of Health, do not drive Father Wendelin out to mingle with an uninfected people.

Equal rights to all? a farce! Special privileges to none? Humbug! Equality before the law? Rubbish! The Morning Glory has spoken, and as usual has reached the expectations of its friends.

## TOPICS OF THE DAY.

Madame Pele may be about to stir it up again hot at the Volcano, but it is hot enough now down here with the Wendelin matter on the tapis. The Board of Health is in it up to its neck and the end is not yet in sight. And now for fairness and harmony!

THE INDEPENDENT does not intend to tell the different committees appointed by the Citizens of this city and the several Catholic Organizations what to do. It is out of our jurisdiction. We will take it upon ourselves, however, to give them a word of sympathetic and cordial advice. Be calm, gentlemen, and keep your temper. Act in harmony, consult with each other, and remember that the Citizen's Committee has the matter well in hand. Do not do anything which might nullify or interfere with their work. Be firm, but calm, and the victory is yours.

The Attorney General of the Territory is to be congratulated for the stand he took yesterday at the secret meeting of the Board of Health. It is hard sometimes for a newspaper to have nothing but criticism for the actions of a public official, and for that reason THE INDEPENDENT takes pleasure in congratulating the Attorney General on this occasion when he emphatically dissented from the resolutions of the Board of Health. In the recent Leper Settlement troubles, E. P. Dole has acted as a true representative of Justice; should act and many little things will be forgiven for that reason.

Upon the subject of a general public farewell reception to Bishop Willis, in which THE INDEPENDENT sounded a call, we venture to state that we recently sounded His Lordship upon the matter and he said that he would not care to have one nor see anything done to disrupt the harmony and good work now prevailing in the Church. When asked if Iolani should wish to do something, he answered that he did not mind that. But on the general farewell, he said that the consecration of St. Andrew's Cathedral was in the nature of a farewell to him, and as such he accepted it and is perfectly satisfied. Be that as it may, THE INDEPENDENT is content to submit to his wish and better judgment.

THE INDEPENDENT dearly appreciates the kind words spoken by Mr. A. E. Murphy, a friend and sympathizer, at last night's meeting of the Catholic Benevolent Union in behalf of this paper. THE INDEPENDENT has no apologies to make to any one for the stand it has taken in the Father Wendelin controversy. There are no strings tied to the editorial chair of this paper. THE INDEPENDENT is all that its name implies. It

is not pledged to any party, sect or faction; its expressions are outspoken, without fear or favor, and always upholds the right and is fearless against all comers. However, it is gratifying to know that the work of this mite of a paper is appreciated, especially by men of a different opinion in religious or political matters.

It is most pleasing to note that the contributions towards the defraying of the consecration expenses of St. Andrew's Cathedral yesterday reached the handsome total of \$1105, more than what the Church Wardens of the then Cathedral Congregation, prior to April 1 last, expected to receive. They issued a call for only \$300, but they have received more, and most of the donations have come from those educated by the English Mission, including Iolani and St. Andrew's Priory, and from those in sympathy with Bishop Willis' work. THE INDEPENDENT may add a suggestion that those who feel some sympathy and respect for His Lordship, and as a token of farewell to him, have yet a chance to cast in their mite to lighten the burden and relieve the responsibility from his shoulders or of whatever fund he has in hand to apply towards such an end. This we are doing without his knowledge and sanction. If others cannot see their way to doing anything, there will be no harm done, as everything will be settled for in full by him in a few days from now and prior to his departure on the 28th instant, which will be fully accounted for in due time by the proper authorities in whose hands he will leave matters.

## FOR AN ACTIVE CAMPAIGN.

Roman Catholics Organizing for the Protection and Defense of Father Wendelin.

A large and enthusiastic audience was present last evening in the Catholic Club rooms, when Superintendent J. F. Eckardt, of the Queen's Hospital, called the meeting to order. Clem Quinn, as chairman of the Citizen's meeting held Sunday night which had provided for a committee that should draft resolutions and issue a call for a mass meeting, reported that the committee had been appointed as follows:

Senator Clarence Crabbe, Lorrin Andrews, Charles J. McCarthy, Frank E. Thompson, John A. Hughes, W. S. Fleming, W. H. G. Arniman, T. McCants Stewart and M. A. Gonsalves. In addition he said there would be a series of petitions which would be circulated and finally, when signed, sent in to the Governor, requesting that he veto the action of the Board of Health.

Attorney T. I. Dillon said that there was nothing else to do but to await developments. A. E. Murphy shared that opinion. He said it was time for conservative, calm, diplomatic actions and words. The Rev. Father Valentin made a statement of the status of Father Wendelin at the Settlement. When the Sisters were sent to the Settlement, there was a tacit understanding that they were to have a chaplain appointed by the Bishop. Another understanding was that there would be a white superintendent, not a leper, for the protection of the ladies there. Not a superintendent who will live three weeks in Honolulu and go over one week to Molokai in order to draw a \$250 monthly salary, but one who would stay there all the time. Father Valentin added with an ominous impressiveness: "I maintain that so long as there is one Catholic at the Settlement the

Bishop has full power to appoint a spiritual guardian," and the applause which greeted the last remark was long and loud. As there was nothing further to be done the meeting adjourned to meet again in five minutes for the regular meeting of the Union, at which only members were allowed.

Through the courtesy of the Union, THE INDEPENDENT was allowed to remain, and we can say that if a representative of the Board of Health had been present and heard the statements made, the Father Wendelin matter would be now a thing of past.

The following committee was appointed to draw up resolutions and act in concert with the citizen's committee: W. F. Erving, Dr. Jenningson, M. J. Carroll, J. Cregan, Julius Asch, Thomas McFigue, M. G. Cordera, A. E. Murphy, Charles McGonagle. A sub-committee consisting of three was named to meet the similar committee for the citizen's committee, W. F. Erving, Dr. Jenningson and Julius Asch. The committee was given unlimited power and the treasurer of the Club instructed to honor any and every check endorsed by the committee.

The Citizens' Committee met last evening at the offices of Fitch and Thompson and organized by the election of F. E. Thompson as chairman. It was decided that there should be no action until there had been actual conference with the Board of Health and the exhausting of every peaceful means of settlement. A sub-committee was appointed for the purpose of holding a conference with the Board of Health. That sub-committee is composed of F. E. Thompson, John A. Hughes, M. A. Gonsalves and Lorrin Andrews.

Meetings of the Concordia and San Antonio societies have been called for this evening, the former to be held at the Concordia Hall on Puuohohohu street, and the other at San Antonio Hall on Vineyard street. Some action will be taken and committees appointed to work in conjunction with the other committees.

Tomorrow evening Damen Council, No. 563, Young Men's Institute, and the Portuguese Literary and Educational Club will meet to take similar action.

## HAS EXISTED OVER ONE YEAR.

The Life of the Fire Claims Commission Exceeded Expectations.

The Fire Claims Commission has now been in existence over one year. On April 30, 1901, the members thereof were appointed by Governor Dole and that same evening were confirmed by the Senate, they receiving their commissions the day following. Out of the original nominees by the Governor, four were confirmed and one turned down, Lorrin Andrews, and F. J. Testa was then named in his stead and was immediately confirmed, the whole Commission comprising of five members in accordance with the Act creating it with Fred. W. Macfarlane as Chairman, A. C. Lovelock, A. N. Kepoika, Joseph G. Pratt and F. J. Testa as members and co-commissioners.

After receiving their commissions they held informal meetings preparatory to organization, and the Commission's first official meeting of record was held on May 13th, a year ago today. On the day following the officers were elected as follows: J. H. Hakulea, Japanese interpreter; Jno. A. Baker, Hawaiian interpreter; C. F. Reynolds, stenographer, and Wm. H. Tell, bailiff. The first two resigned without serving and their places filled later by the appointment of Chester A. Doyle as Japanese interpreter and Wm. H. Crawford as Hawaiian and Chinese interpreter. Mr. Reynolds, after serving for a while, resigned as stenographer, then P. Maurice McMahon was appointed, who also resigned, and then Miss Frances McFigue received the appointment, who worked assiduously with faith-

fulness up to the time her services were not further required the early part of this month. Moses Palsu was appointed janitor and resigned just prior to the recess in December last. The Bailiff only recently resigned.

And on May 15th, the election of clerk took place and J. M. Riggs received the appointment by a majority vote of the Commissioners as against his competitor S. Lui Kekumano. The clerk has been most assiduous and faithful in his duties, whose integrity has not been questioned at any time. He is still employed with the entering of the awards made by the Commission. The work was such that it was impossible for him alone to attend to that Albert K. Nawahi was appointed as assistant on November 1st last, who is still assisting the clerk.

When its organization had been fully completed, the Commission issued its first public notice to claimants on May 24 when claims were to be filed, the blank forms of complaints having been already prepared, and the first public sitting held on the 27th following and promulgating its rules. The first claim heard was Claim No. 1, that of S. Shimamoto, on May 31 in the then rooms of the Chamber of Commerce, in the Campbell block on Merchant Street. After the adjournment of the Legislature, it moved its sittings to the throne room (used as the House chamber) of Iolani Palace, where it has been since 1st August.

In a few days, when the Commissioners finish the signing of decisions, not yet begun, the work of the Commission will come to an end.

## Cabral Got Off Easy.

The case of the Territory vs. Manuel Enos Cabral was concluded in the Circuit Court yesterday afternoon. The case went to the jury at 4:20 p. m. and at 4:30 the jury brought in a verdict of guilty with a recommendation to the clemency of the Court. Judge Robinson imposed a fine of \$25 and costs. He got off cheap—a cheap guy!

**KILLED BY A BULL.**

Robert Lishman, an Old Resident, Dies in a Most Dramatic Circumstance.

Another old kamaaina was suddenly called to the great beyond, yesterday. It was a dramatic and very sad ending of a long and useful life. Robert Lishman, the well-known contractor and builder, was set upon by a Jersey bull yesterday afternoon, tossed over a fence and almost instantly killed. Drs. Humphreys and Mays were hastily summoned, but when they arrived, the unfortunate man was beyond human aid.

The tragedy happened in the back of Mr. Lishman's residence, on Keeaumoku street. A bull was confined in a paddock in the premises and during the afternoon had been angry while Mr. Lishman's son George was in the enclosure. Mr. Lishman got a whip and went to the paddock to lay the lash upon the bull when suddenly the beast charged upon him. Mr. Lishman tried to make an exit and as he was in the act of jumping over a rail the bull came behind him, and with a vicious toss threw the unfortunate man high in the air, over the rail, to the other side. Mr. Lishman fell upon the back of his head, broke his neck and lay quite still. The accident was seen and several persons ran to his assistance. Mr. Lishman was removed, still breathing, into his house, but by the time the physicians arrived he was dead.

The deceased was born at Horsely, Northumberland, England, on April 17, 1831, and was therefore a little more than 70 years of age. In 1871 he was summoned from Australia, where he had been living for many years, by King Kamehameha V to come to Hawaii to superintend the construction of Aliiolani Hale, the then Government Building, and now known as the Judiciary building. He was afterwards Superintendent of Public Works under Minister of the Interior S. G. Wilder, and for many years following his public service was a contractor and builder. Among the monuments to his skill are St. Andrew's Cathedral and the Lunalilo Home. Mr. Lishman was one of the first persons to secure land upon what was known as "The Plains," now Makiki, and build a home there. Between Punahou and the present downtown portions of the city there was a stretch of country barren of houses. No one thought of living there, and the old-time horse races were held half way between the two populated sections. Mr. Lishman was laughed at for his venture, but he lived to see the day when "The Plains" became one of the most desirable and populous residence districts of Honolulu.

Besides the widow, Mr. Lishman has surviving him William, Thomas, Percy and George Lishman, Jane Moore, the widow of Robert Moore; Mrs. Isabel Creighton, Margaret, Lishman, Mrs. Ross, of Hakalau, and Daisy Lishman. A son, John Lishman, was killed many years ago by a fall from a horse. The forty eighth wedding anniversary of Mr. and Mrs. Lishman was held in April.

The funeral will be held this afternoon at 3 o'clock from the family residence. J. O. Carter, George W. Macfarlane, Robert Catton, W. F. Allen, John H. Soper and F. J. Wilhelm are the pallbearers.

**Warde Plays "King Lear" tonight.**

This evening at the Opera House Mr. Warde presents his great characterization "King Lear." It has been eagerly looked forward to by the Honolulu theatre goers and will doubtless be witnessed by a full and fashionable audience. On Thursday *Othello*, and at the Saturday Matinee "The Merchant of Venice." For Saturday evening Lytton's beautiful play of "Richard III" will be presented.

**Soldiers of Civilization.**

The soldiers who civilized the Philippines with the "water cure" and "kill-all-over-ten" policy are passing through Honolulu homeward bound. The saloons and the houses of prostitution located on Queen street did a thriving business last night. Late during the evening one of the "heroes" was caught by one of Captain Bowers men trying to break into the store of C. J. Day & Co. by breaking one of the front panes of glass. He was taken down to the station house and locked up. Four of his comrades entered the restaurant situated on Fort street near the Club stables, and after partaking of a substantial meal departed cursing the proprietor in payment for their dinner. Soldiers of civilization, indeed!

**The First Local Mint.**

One of the institutions here which has the special attention of tourists as well as the local people is the Mint, which is established on Nuuanu street, opposite Queen Emma Hall. It is interesting to enter the large main working room where general manager McDonough and his corps of assistants are at work. The cool and large lanai is a proper resting place and the vaults, where the "bars" to be minted and beer are kept present a very tasty spectacle. The Mint is open from 5:30 a. m. to 11:30 p. m. and during those hours the work never ceases. Visitors after looking over the place will find first class refreshments and the purest of liquors.

**Additional Jurors.**

Ten additional grand jurors were drawn by lot yesterday from fifty names previously prepared and were as follows: P. H. Barnette, I. Livingstone, D. Kanawanui, J. A. Gilman, C. F. Herrick, Godfrey Brown, J. B. Castle, G. E. A. Thrum, C. H. Atherton, E. O. White.

Clark Simonton in the same manner drew ten names as follows for service on the petit jury: B. W. Houghtailing, H. W. Chase, A. F. Cook, L. A. D. Gardner, Hiram Kolomoku, George W. Farr, W. H. Babbitt, Henry Zerba, L. K. Sheldon Percy Lishman.

**Died.**

## BOARD OF HEALTH TO BISHOP GULSTAN

(Continued from 1st page)

tions, technically confining themselves within the sphere of their own duties, and honestly striving to better their condition, yet creating perhaps unconsciously and involuntarily an influence impairing harmony and good government are out of the reach of those whose business and duty it is to watch and fare for that harmony and good government.

Father Wendelin is a volunteer in a work which calls for a great deal of self-denial, restraint and nobility of purpose. Nevertheless it is not by that self-denial, restraint and nobility of purpose that he must be judged, but by the effect of his work. Persons of the best of intentions are capable of doing harm though perhaps they do not mean to. So it is that the Board did not and does not intend to cast any reflections upon the personal attributes of Father Wendelin, but find only that his removal from the Settlement would promote harmony and good government thereof.

The work of self-sacrifice and Christian ministrations done by the members of the Catholic Mission at the Settlement calls forth the commendation not only of the Board of Health, and of the government and people of the Territory, but of the whole world. Toward them as engaged in this noble work the Board cannot help entertaining the kindest feelings of respect and confidence. For this reason few if any cases of interference or supervision by the Board in the work of establishing the mission, erecting the churches, schools and residence buildings have occurred in the period mentioned in your letter, and yet the relationship between the Mission and the Board has always been clear. As volunteers in the work the Mission has been and is now allowed, and even invited to use a free hand to erect churches, schools and residence buildings, and do all in their power to ameliorate the condition of those restrained at Kalaupapa, and its work has been, is and always will be respected. Nevertheless the power of the government of the Territory, through its duly authorized officials to be the sole judge of the effect of such work in relation to the harmony and good government of the Settlement has never been, and never can be, questioned; nor the fact that the Mission is at the Settlement by "permission."

I have the honor to be, Sir,

Your obedient servant,

C. CHARLOCK,  
Secretary Board of Health.

After a general discussion it was moved by Dr. W. L. Moore, seconded by F. C. Smith and carried, that the letter be sent to Bishop Gulstan in answer to his of April 30, 1902.

Attorney General E. P. Dole dissented, stating as his reason for so doing that he did not understand Bishop Gulstan's letter as a refusal of the Board's request to remove Father Wendelin, but, on the other hand, as a promise to comply with it upon cause shown.

It was next voted, on motion of F. C. Smith, seconded by Dr. W. L. Moore that the permit of Father Wendelin to remain at the Leper Settlement be revoked, to take effect June 10, 1902.

The Attorney General again dissented, stating that he had voted against this resolution on the ground that he felt that justice required that Father Wendelin should have a hearing with full opportunity to make his defense and produce witnesses for that purpose.
