VOL. XII.

HONOLULU, T. H., TUESDAY, NOVEMBER 8, 1904.

No. 3942

The Day Fourteen Million Americans Vote

THEODORE ROOSEVELT, REPUBLICAN CANDIDATE FOR PRESIDENT.

ROOSEVELT

(Associated Press Cable to The Star.)

BROOKLYN, November 8.—The Brooklyn Eagle, Democratic, says Roosevelt has carried the State. The New York Journal in an extra edition at 6:50 tonight, admits that Roosevelt is elected.
NEW YORK, November 8.—Two hundred and twenty-four districts outside of the city give Roosevelt 73,507 and Parker 50,244. The same districts gave McKinley 66,986, Bryan 53,914.
CHICAGO, Ill., November 8.—Seventy-eight precincts give Roosevelt 11,513, Parker 5,044. The returns from the First ward, strongly Democratic heretofore, indicate that Roosevelt will carry by 2,500.
PORTLAND, Maine, November 8.—Seventeen towns give Roosevelt 3,424, Parker 3,119. The same places gave McKinley 5,222, Bryan, 3,159.
BOSTON, November 8.—Forty precincts here give Parker 8,697 and Roosevelt 7,327. The same precincts gave Bryan 7,957 and McKinley 7,283.

SAN FRANCISCO ELECTION.

SAN FRANCISCO, November 8.—The election in the city and state is proceeding quietly.

COLORADO ELECTION ROW.

CRIPPLE CREEK, Colo., November 8.—Two election judges were killed by a deputy sheriff today. They ordered him from a booth at Midway. The deputy sheriff attacked a woman who was at the polls and was himself fatally wounded by a Democratic watcher.

TERMS TO SOLDIERS.

CHEFOO, November 8.—The Japanese have offered terms of surrender to Port Arthur soldiers themselves, ignoring General Stoessel.

JUDGE ALTON B. PARKER, DEMOCRATIC CANDIDATE FOR PRESIDENT.

HONOLULU VOTING

Up to an early hour this afternoon, Honolulu had an election day which was quite a model for quietness and absence of disturbance. The three-cornered fight between the Republicans, Democrats and Home Rulers continues at the polls, with much hustling for tardy voters this afternoon. The party leaders all renew their claims of yesterday. It is believed that there has been an immense amount of "scratching" by Republican voters, but those who have been working at the polls this morning think that the scratching has not been so general as it threatened to be early in the campaign. Republicans claim an easy plurality without the scratching and believe that even the scratching that has been done will not defeat their general ticket.

High Sheriff Henry issued orders today to the department to use unusual discretion in the matter of making arrests for supposed offenses growing out of disputes or quarrels over the election. The High Sheriff impressed upon his officers the fact that a proper amount of latitude should be shown in making arrests and wherever possible when not incompatible with the circumstances, the troubles should be adjusted without placing people under arrest. Of course wherever the violation of the law was flagrant arrests should be made. One officer to a precinct was detailed with instructions to keep in close touch with the voting booth in his section. Several mounted officers were held at the police station in anticipation of

(Continued to Page 5.)

THE NEXT BOND ISSUE

FEDERAL GOVERNMENT INTIMATES THAT IT WILL NOT ALLOW HAWAIIAN BONDS TO BE SUBSTITUTED FOR UNITED STATES BONDS AS NATIONAL BANK SECURITY—ATKINSON LEAVE FOR WASHINGTON TOMORROW.

Unless all signs go for naught and the ideas of leading New York financiers are all astray, the National government may refuse to continue the advantageous conditions which attended the issue of the first million dollars of Hawaiian bonds by which they could be used up to 90 per cent of their par value for security for public money in national banks and that they could be substituted for U. S. bonds now held as security. The plain meaning of this is that the market in which the former bond

(Continued on page five.)

DEMOCRATS MADE PROTESTS

A number of protests were made at various precincts this morning, especially in some of those in the Fifth District, against the course of the election officers which, it was claimed, might result in the secrecy of the voting being destroyed. The protests were made by the Democrats. W. A. Kinney, the chairman of the Democratic Committee; C. P. Laukae, the nominee for Delegate, and various other of those candidates registered most of the kicks.

On every ballot there is the official number in the right hand corner, the stub from which the ballot is drawn being also numbered. It was claimed by the Democrats that the numbers in the corner of the ballot should have been torn off before the ticket was deposited in the ballot box or, in fact, before the ticket was handed to the prospective voter. In a number of precincts the ballots were deposited in the boxes without tearing off this corner number.

In the Tenth Precinct of the Fifth it was decided that the numbers of those already deposited through a misapprehension should be torn off tonight before the actual count of the ballots was begun.

Children Like to Take It.—The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the route used in its preparation gives it a flavor similar to maple syrup, making it quite pleasant to take. Children like to take it and it has no injurious after effect. It always cures. For sale by all dealers. Benson, Smith & Company, agents for Hawaii.

MAKE A BEGINNING. Every member is a partner in the Mutual Building & Loan Society. Installment shares \$1 per month. Just the place for small savings. R. H. Trent, Secy., 928 Fort street.

THANKSGIVING LINEN SALE. Greatest sale of the year commences Monday morning November 7th at Sachs. Table linens, napkins and towels at wonderfully reduced prices for one week only. Don't miss this.

CHILDREN GET FREE DOLLS. Next Saturday will be the third annual "gift day" of the Hobron Drug Co. This will be the third lot of 1000 dolls they have given away. They have made 3000 happy children with their liberal gifts. Get their circular.

WORTH GOING MILES TO SEE. The greatest window display ever seen in Honolulu is at Arleigh & Co's book and stationery store.

SAVE YOUR MONEY. The Twenty-Ninth Series of Stock in the Pioneer Building & Loan Association will be issued in July, 1904, and is now open for subscription. The membership fee is fifty cents per share, and the monthly dues are one dollar per month per share. The stock draws much better interest than a savings bank.

ELECTION NEWS AND THE LOCAL CAMPAIGN

RESULT OF THE NATIONAL CAMPAIGN KNOWN HERE OVER TWO HOURS BEFORE THE VOTING CEASES—NEWS OF THE DEFEAT OF PARKER BELIEVED TO HAVE SOME EFFECT ON THE LOCAL LATE AFTERNOON VOTING.

The partial election returns from the mainland showing that leading New York Democratic papers had conceded the election of Theodore Roosevelt as President, reached Honolulu by the Associated Press shortly before halfpast two this afternoon, and in a few minutes the first edition of The Star was on the street, and newshoys were hastening all over the city with the papers. It is the first time Honolulu has known the result of an election on the day of the voting, and the fact that such definite news was received at such an

(Continued to Page 5.)

READY FOR RAINY DAYS. A "nest egg" of \$1 a month placed with the Mutual Building & Loan Society will return you a basket full of eggs when you need them by and by. Start now to lay it for the coming rainy day. R. H. Trent, Secretary, 928 Fort Street.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Honolulu and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 20 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 2 hours, 6 minutes. The Sun and moon are for local time for the whole group.

ARRIVING.

Monday, November 7.
Stmr. Helena, Nelson, from Hawaii ports at 5 a. m.

Tuesday, November 8.
U. S. A. T. Sherman, Bragione, from San Francisco, may arrive this afternoon.

DEPARTING.

Tuesday, November 8.
Schr. Charles Levi Woodbury, Harris for Hilo at 5 p. m.

Stmr. J. A. Cummins, Searle, for Koolau ports at 7 1/2 a. m.

Wednesday, November 9.
S. S. Alameda, Dowdell, for San Francisco, at 9 a. m.

Stmr. W. G. Hall, Thompson, for Koolau ports, at 5 p. m.

Stmr. Claudine, Parker, for Maui ports, at 5 p. m.

Stmr. Kinau, Freeman, for Hilo and way ports, at 12 noon.

PASSENGERS.

Per stmr. Kaulani, November 7, for Lahaina and Molokai ports—J. N. B. Williams, Bishop Zeugma.

Per stmr. Nihau, November 7, for Koolau ports: Messrs. Shultz, Crawford and E. Cropp.

NEWS BY CABLE

JAPS CLOSING IN.

DALNY, November 3.—A three days' bombardment of Port Arthur culminated Sunday when the Japanese made magnificent charges forcing an entering wedge into the center of the enemy's defences. There was desperate personal fighting. Eleven hundred Japanese were killed.

PRESIDENT GOES HOME.

WASHINGTON, November 3.—President Roosevelt left for Oyster Bay yesterday to cast his vote.

GOOD ELECTION WEATHER.

WASHINGTON, November 3.—The weather forecast for election day is generally fair with slight showers in New England and New York.

RIO DE JANEIRO CASE.

WASHINGTON, November 3.—The Supreme Court has refused a writ of certiorari in the case of the Pacific Mail Company vs. Guyon, relative to the sinking of the Rio de Janeiro near San Francisco harbor. The question of damages is settled favorably to the passengers.

MANY OFFICERS KILLED.

ST. PETERSBURG, November 3.—Army officers are being mobilized in the large cities to take the places of the 1300 officers killed at the battle of Liadow and near Mulden.

BETS ON ROOSEVELT.

NEW YORK, November 3.—Betting is lively on the election \$200,000 having been placed at odds of six to one in favor of Roosevelt.

ELECTION FORECASTS.

NEW YORK, November 3.—Governor Odell says that Parker's plurality in Greater New York must exceed one hundred and forty thousand to carry the State. Frank Higgins, the Republican nominee for Governor, says the State will give Roosevelt 100,000 plurality. Murphy, the leader of Tammany Hall, says Greater New York will poll the largest Democratic vote in its history.

FIRING ON GERMAN VESSEL.

WASHINGTON, November 3.—The Navy will be invited to send a representative to the Dogger bank inquiry. Admiral Dewey will probably go.

BERLIN October 25.—A dispatch to the Lokal Anzeiger dated Geestemunde October 27, 11:55 p. m., says: "The fishing vessel Sonntag, which arrived here today, reported that it had been fired upon for two and a half hours off Dogger bank, but not hit."

A little boy 10 years old has been taking a bottle to school with him every day at Vineland, N. J., and the teacher supposed that it contained tea. She investigated the matter last week and found that there was beer in the bottle, and that the youth had been brought up on it.

The World's Greatest Paintings

Are Artistically Reproduced
In that Superb Series of
St. Louis World's Fair
Views Entitled

The Forest City Art Portfolios

The Art Centers of the whole world have contributed of their treasures to enrich the Fine Art Palaces at the Louisiana Purchase Exposition. By special permission a number of these great paintings have been photographed and reproduced in The Forest City Series—which is a work of art in itself. The photographs are all taken by the official photographer of the Exposition and each view is graphically described by Walter B. Stevens, Secretary of the Fair.

These Paintings only form a small percentage of the 480 magnificent photographic reproductions comprised in the 30 albums. Every feature of the Fair is adequately portrayed. Although the regular price is 25c. for each Portfolio, we place the entire series within the reach of every reader at only 10c. a Part to cover the cost of handling, wrapping, addressing, mailing, etc. Simply cut out the little coupon below and bring or send to us with ten cents and any part issued will be delivered or mailed to you at once.

COMPLETE PICTORIAL HISTORY OF GREAT EXPOSITION

It should be borne in mind that the beautiful pictures contained in these albums can not be obtained save through us. You can make one order cover the entire series, or you can begin with No. 1 and send coupon and dime for each part.

Twenty Parts Now Ready

How to Secure the Views.

These views, which will constitute a complete reflex and record of the Exposition, are not distributed by us as a matter of profit, but rather to please our readers. Although the regular price is 25 cents, we place the entire series within the reach of every reader at only

10c a Part

to cover the cost of HANDLING, WRAPPING, ADDRESSING, MAILING, ETC. Simply fill out the coupon at the right and bring or send to us with ten cents, and Part 1 will be mailed to you at once. Address:

PRINCE KUHIO DECLARED HIMSELF

PRINCE KUHIO SPOKE AT ORPHIUM LAST NIGHT TO LARGE AUDIENCE.

The best arguments in behalf of the Republicans were made last night at the Orpheum Theater in the presence of a large throng. Chairman Robertson presided and upon the stage behind him were Delegate Kuhio, Stephen Desha, J. M. Dowsett, E. Paxon Bishop, Frank Andrade, E. W. Quinn, Jack Lusk, A. Lewis Jr., J. W. Cathcart, E. A. Douthitt and others. Between addresses fills' quartets rendered several campaign songs. The entrance of Prince Kuhio Kalaniana'ole was the signal for cheers. The principal address was delivered by the Prince.

Prince Kuhio said that much had been said about his being incompetent, but he did not think he was so bad when he compared himself with Nottley and Luken. He said he wanted to clear himself of the charges made against him by Hutchins and Trent. He had been charged with being a traitor to the Hawaiians because he had discarded Morris Keohokale as his secretary in Washington. In the month of January, Senators at the national capital advised him of a rumor that he was frequenting places which would bring discredit upon him.

"Ask E. P. Dole, ask Charles Clark and they will tell you that it was Morris Keohokale who was passing himself off on the tenderloin as the delegate from Hawaii.

"I did not wish to be the delegate from Hawaii; I believe the Advertiser can back me up in that," he added smilingly. "It was twenty minutes before the nomination came that I accepted and as you know I was elected.

"When I went to Washington I worked with a man named Hayward, whom you probably know. Well, I might as well come out with it now as any other time. We worked together for two or three weeks. He found my opinion was different from his and from that day Mr. Hayward worked against me. He tried to show the people of Hawaii that he was 'it' and that I was the other fellow.

"I may as well say here that Mr. Hayward is probably a man we may think of, but I think Mr. Hayward is a man who is going to work for Mr. Hayward, and he is a man who means to make you work through him. Hayward told me afterwards that he had said of me—that I was merely a tool used by the Republican party to beat Wilcox. Mr. Hayward had said to Mr. Hamilton (the man who backed me up in the electric bill) the same words he used to Mr. Hitt.

"W. O. Smith went over there and asked me to introduce a bill in Congress, but afterwards he never posted me about the details, which were of electrical phraseology.

"These things don't help Hawaii. Even if you sent a fool over there and back him up, he may be able to do something. But if you send a fool like myself for instance (laughter), over there and then tell everybody in Congress that he is a fool, Congress will wait till you send somebody else.

"No, I am not asking or pleading for your votes. If you are going to vote for me as your delegate then I want your backing. If you want me to go there as a figurehead, then don't vote for me.

"If you had sent ten Thurston and ten W. O. Smiths over there for Congressmen, I doubt very much whether they could have done any more than I did. Read the records of Congress—they will show you that I did something. There was practically nothing done for a State or Territory. In the committees they said, 'Don't you know it's a Presidential year?' It was nothing but promises.

"AN W. O. Smith backed against me when I was in Washington, now I will fight all who come to oppose me. I want to tell you that a new Delegate or Congressman is a small potato in Congress. We talk big down here and believe sincerely that we are the whole thing, but when we get to Washington we find we are pretty small.

"We want to get appropriations for our harbors and get Federal buildings first. Then we want to work in the departments to secure appropriations for the new fortifications to be erected here, and to build the Pearl Harbor naval station.

"I leave it to you to decide. I cannot do anything for you if you send men over there to back-bite me. I ask you all—business men and all—to support me if I am elected. Otherwise don't vote for me.

"There is a lot of talk about knifing. I think I know pretty well about the Hawaiian vote. It all depends upon the white voters. If you vote the Republican ticket straight, we will carry the election (tremendous applause). If you are going to vote for Cecil Brown or Waller, we won't know where we're at. If that is done, we may possibly have Home Rule legislation again."

After speaking in Hawaiian, Kuhio concluded amid great applause. Rev. Stephen Desha made a splendid speech, in which he attacked Luken for shifting political principles. The audience was urged to vote for Kuhio. E. A. Douthitt made an able argument speaking in a convincing manner of the national and local issues. He asked what would happen to the Hawaiian Islands if the Democrats were elected and applied their policy of free trade. The sugar industry would be hit a terrible blow.

John W. Cathcart said that the Democratic party was like a voice in the wilderness, crying in abuse of Govern-

H. M. DOW IS AFTER VINDICATION

IS CANDIDATE FOR WARDEN OF OAHU JAIL AND SECURES A TESTIMONIAL.

H. M. Dow former clerk to the High Sheriff, is an active candidate for the position of warden of Oahu prison, and has been circulating a testimonial dealing with the subject of his recent arrest on a charge of embezzlement. The charge against Dow was a result of an alleged discovery that he had been lending out bail money and Judge Lindsay discharged him upon motion, holding that the bail money was not the property of the territory and that a charge of embezzlement did not lie. The case has been the subject of a good deal of discussion, Governor Carter having declared the charge to be a part of the administration policy of following a course of the utmost strictness in the matter of handling of public money, and it is said that the Grand jury has discussed the matter. Dow proceeded to get signatures of local business men and others to the following:

"Honolulu, T. H., October 28, 1903. We the undersigned residents of Honolulu, moved herewith by a sense of justice, and having every confidence in the honesty and integrity of character of our fellow citizen Herbert M. Dow, whom we have personally known for a number of years, and feeling great regret that the unfortunate complications which have arisen within the last few days in the office of the High Sheriff, of the Territory of Hawaii should have resulted in a charge of embezzlement being preferred against him, which was dismissed by Judge Alexander Lindsay, Jr., hereby desire to express our satisfaction by our signatures hereto, that the charge was after full hearing promptly dismissed by the Honorable Alexander Lindsay, Junior, Judge of the District Court of Honolulu, on the 27th day of the present month, and we now furthermore reaffirm our continued confidence in him as a man of honor and a good citizen of this territory; Suggesting that the sentiments hereby expressed and the signatures hereto affixed be given full publicity through the newspapers of this Territory and the mainland."

The following signed Dow's testimonial: Henry Davis, J. J. Williams, S. F. Chillingworth, C. L. Crabbe, E. A. McInerney, Robert Hair, G. S. Waterhouse, Col. J. H. Soper, Harry Armitage, A. M. Brown, G. H. Berry, E. L. Lewis, F. M. Lewis, John Emmeluth, F. P. McIntyre, Capt. R. Dabel, J. A. McCandless, J. S. Martin, L. Marks, J. J. Condon, H. J. Nolte, E. Hutchinson, M. A. Gonsalves, F. B. McStocker, David Dayton, W. Blaisdell, Capt. M. M. Sanders, Frank Andrade, T. F. Lansing, E. W. Jordan, J. G. Pratt, F. E. Nichols, T. E. Wall, D. H. Lewis, W. P. Hellbron, E. Ingham, G. S. Harris, G. J. Waller, E. M. Marshall, Admiral G. C. Beckley, Capt. E. P. Drey, W. H. Smith, H. McIntyre, F. Turritt, W. C. Quinn, Captain C. J. Campbell, C. G. W. Macfarlane, Prof. M. M. Col, Dr. M. E. Grossman, K. B. Porter, J. B. Castle, Col. C. J. McCarthy, J. N. Watt, W. Mutch, G. P. Castle, E. O. White, W. W. Hall, I. S. Dillingham Jr., C. P. Lauka, Fred Whitney, H. M. Whitney, S. B. A Great Political Contrast

Four years ago, when our cable was in the hands of its manufacturers, the old liner Zealandia steamed up to Honolulu late in the evening and gave the news of McKinley's victory over the Democracy led by Bryan, McKinley having secured the largest electoral vote since that of Grant in 1872.

Four years ago Bryan made a hurricane campaign for free silver, or sixteen to one, and nearly all the Democracy followed him. He and his followers preached the doctrine of sixteen to one from Maine to California and save for a few Democrats who followed Grover Cleveland in rebellion against the doctrine, Democrats all over the Union shouted for free silver, and voted for it.

Throughout the great states of the Solid South an overwhelming vote was of course cast today for Parker and the gold standard by the same men who voted four years ago for Bryan and silver, and in the North, all the dyed-in-the-wool Democrats, the "straight" voters who cannot be weaned from their party no matter what it does, did the same.

The result of the voting in the present election will probably be known a good deal earlier than election results have ever been known before. Hawaii will be the last bit of American soil on which voting is done.

The adoption of voting machines in many parts of the country greatly hastens the count. Some of these machines have been developed to great perfection. There is no possibility of error in voting or in counting, and both are done with the greatest rapidity.

The elections of the future will probably all be with voting machines. Such a machine was brought here some years ago by George R. Carter, then a private citizen, and was on exhibition in a down-town office.

When the machine system is in vogue everywhere, Hawaii, voting for some hours after all the polls have closed on the Mainland, will probably have definite news of the result of the national contest some time before her own polls close.

Important Sugar Experiment

The current issue of the Planters' Monthly has an interesting and important article on the newly discovered plan of inoculating soil to make it fertile, an account of which was given in The Star some time ago. The patent of the system is in the possession of the United States Department of Agriculture and is to be used for the benefit of barren or exhausted soils wherever they may exist.

application of stable manure to the fields. The bagasse is almost entirely used as fuel and furthermore its application to the soil would be of doubtful value unless applied to lands which are resting.

"To obtain successive crops from the same lands almost entire reliance is placed upon chemical fertilizers applied in large quantities. It is true that this allows the planter to crop his land more often than if he allowed it to lie fallow or better still, planted a leguminous crop and plowed it under.

"The original virgin soil may endure this successive cropping for many years during which with the aid of fertilizers it will yield profitable crops, but every plantation is not blessed with such soils, and where the soil is poor or shallow the evil results of continuous planting without resting the soil or the replacing therein a portion of that which nature has given, will show in a comparatively short period, notwithstanding the use of high grade fertilizers.

"If an experiment such as is suggested in the article referred to could be conducted upon some of the plantations where they are compelled to rest a portion of the land each season, it would be interesting to watch the results, and if they should be on a par with the results the experiment would be a decided success and somewhat revolutionize the present system of cultivation.

"Intensive farming the world over has displaced the extensive system, because the farmer through the scientific knowledge which he has acquired is enabled at a less cost to make a small area produce as much or more than the large areas. So far as our local conditions are concerned it is for each planter to determine whether or not modern, scientific agricultural practices shall be tried and adopted.

THE BOND ISSUE

(Continued from page one.)

issue was placed will be destroyed and the new bonds, unless they could be sold privately at a better figure, would have to be disposed of by public advertisement.

With a view to heading off any such statement of affairs Governor Carter decided this morning to send either Treasurer Campbell or Secretary Atkinson to Washington, D. C., by tomorrow's steamer in order to put the situation here plainly before the President and the Secretary of the Treasury.

"Our method of placing a loan takes its inception from a general act, No. 42, which was approved on April 20, 1903, authorizing an issue of public improvement bonds not to exceed \$5,000,000," said Governor Carter in discussing the situation this morning. "The proceeds of these bonds were to be disbursed according to the direction of the legislature in bills passed after the authorization.

"Act No. 18 of the legislature authorized a special appropriation during the two years to end June 30, 1905, of \$2,460,470.75 out of any moneys received by the treasurer during this period from the loan authorized, and specified how the money was to be spent. Under that authority the treasurer and governor issued bonds amounting to \$1,000,000. The statements show that this did not exceed 1 per cent of the assessed valuation of the Territory within 7 per cent of the total assessed valuation. The President on this showing approved of the issue of bonds for \$1,229,108.03, being 1 per cent of the total taxable property for the previous year. Only a million of this was issued, however, and this was under the provision made by Secretary of the Treasury Shaw that bonds so issued could be used for security for public money in national banks up to 90 per cent of their par value whenever further deposits may be made and that these bonds at any time may be substituted for U. S. bonds, now held as securities, upon condition that the U. S. bonds so released could be used as security for national bank note circulation.

"As soon as the Treasury department signified its assent to this arrangement a market was made for Hawaiian bonds. At that time the government had been rolling up large deposits for the financing of the Panama canal plan. The national banks were hunting for securities which could be used this way and hence the demand and from the increase of business the Secretary thought that the bank note circulation could with safety be increased for the convenience of the people.

"As we learn by the last mail, however," continued the Governor, "the situation at present is this: The large deposits for the Panama canal have been drawn out, thus releasing the securities behind them and there is now no demand for the securities supplied by the banks. With the contraction of business due to this being a presidential year or from any other causes, there has been an excess of bank note circulation and the Secretary of the Treasury does not think it wise to increase this. It is doubtful if he will extend to us the same privilege as that accorded on the former loan on the new issue of \$1,000,000 which we wish to make. With the \$40,000,000 required for the Panama scheme the securities have been distributed and the market destroyed.

"At the last session of the legislature an amendment was passed making it possible for the treasurer, with the approval of the Governor, to accept any bids for bonds without public advertisement provided that this bid is above the figures of the last sale.

"If we cannot get the approval of the Secretary of the Treasury to again allow our bonds to be used for national deposit we can sell them at 4 1/2 per cent interest at private sale as the other issue was sold at par and 1/4 of one per cent. If we cannot do this we must advertise them at public sale, and see what we can get.

"Meanwhile we want to put the matter fairly before the Secretary of the Treasury, point out to him that it is, comparatively a small matter, though very important to us, and try to obtain his assent to again obtaining the privilege. It is difficult to explain all of the details by cable so that is why I deem it best to send someone to Washington at once. This properly falls in Treasurer Campbell's Department, but this is the busiest season of his year, while on the other hand, with the elections disposed of Secretary Atkinson can be best spared. If arrangements can be made he will probably leave for Washington tomorrow, if not, then on the 15th.

"It is absolutely necessary to have the matter disposed of at the earliest possible moment because, though we do not need the money until the beginning of the year, all the preliminaries of having the new bonds prepared have to be attended to. Judge Dill's opinion on them has to be obtained too before the New York people will handle them and we will have little enough time to accomplish all this."

Governor Carter had a consultation at noon today with Secretary Atkinson and Treasurer Campbell when it was decided that the Secretary shall leave for Washington for consultation with the President and the Secretary of the Treasury tomorrow on the S. S. Alameda.

YONEHARA BLEED TO DEATH

RESULT OF THE INVESTIGATION INTO THE CASE OF THE "MURDERED" JAPANESE AT WAIMANALO—THE BODY IS EXHUMED AND DR. JUDD FINDS THAT THE JAP'S LIFE MIGHT HAVE BEEN SAVED BY PROPER CARE.

"If that man had had medical attention within a reasonable time after the wounds were inflicted I am certain that he would have been alive today, at any rate, I would have liked to have had the chance of saving him," said Dr. J. R. Judd yesterday evening after he had finished his autopsy on the body of the Japanese Yonehara who was killed at Waimanalo on the 2nd inst.

The story of the killing as told by the witnesses is simply a repetition of many of these Japanese quarrels. Yonehara, who was a cook employed at the Waimanalo plantation, had a quarrel with two other Japs, Kawano and Iyogo, over a sum of \$1.90, and on the third, during a celebration of the Emperor's birthday when all three were more or less under the influence of liquor, they came to blows. At the end of the fight Yonehara lay on the floor of his shack bleeding from half a dozen wounds which had been inflicted with a pocket knife. The plantation officers were sent for by the Japanese after it was seen that the man's injuries were serious and when they arrived they found that he was bleeding principally from a slash across the face which had nearly severed the right ear and had destroyed the right eye. Every effort was made to get a doctor but there was none nearer than Honolulu and the telephone was not working properly. The stabbing occurred at 4:30 and six hours later the man died.

An enquiry was held and evidence taken by the Deputy Sheriff who put both Kawano and Iyogo under arrest, but there was no medical testimony to show exactly what caused the death of the unfortunate cook. This missing link in the chain of evidence had to be supplied so, acting under the instruction of High Sheriff Henry, Chester Doyle of the Attorney General's De-

partment, accompanied by Dr. Judd, E. B. King of the Territorial Survey Department and a Star representative, drove over to Waimanalo yesterday afternoon.

The murdered Jap had been buried four days previously and it was only after a judicious distribution of certain strong waters that the natives could be induced to exhume the remains. While the autopsy was being performed Surveyor King prepared an accurate plan of the scene of the stabbing.

A number of Japanese followed the exhuming party to the grave but they beat a hasty retreat when the surgeon's gruesome work began. A few natives watched from a distance which was safe enough to ensure no visit from the dead man's angry spirit.

The wounds were carefully examined and the doctor found that neither of them in itself was sufficient to have caused death. There was one deep stab in the back but it had not penetrated beyond the muscles. The most important wound was that across the right side of the face. It seemed to be a slash rather than a stab as it had cut right across from above the ear and had nowhere penetrated the skull. From the fact that the man died six hours later, the conclusion was reached that death was due to bleeding from the large artery beside the ear, which was completely severed. The skull was not fractured.

The body having been reinterred Doyle and his party drove back to town arriving at 11 o'clock. Every assistance was given in the officers' work by Manager George Chalmers of the Waimanalo Sugar Co. and by his men. The Japanese accused of the murder as well as the chief witnesses are now under detention in Oahu prison.

WAR NEWS FROM JAPAN

The following details of the war are from the Japanese press:

A man, who has returned to Peking leaving Mukden on the 20th inst., gives the following account to the Jiji's Peking correspondent: The Chinese at Mukden are eagerly awaiting the Japanese. There are hardly any Russians within the castle. Russian dead are piled up near the railway station and the wounded are accommodated in the vicinity. Russian troops continue to go southwards. What seem to be preparations to retreat is only an assemblage of 22 locomotives which keep steam up day and night at the Mukden station.

The 203 metre fort, which is situated to the southwest of Itashan and to the north of Laotshian, is the most important of all the forts and its fate would appear to be a matter of vital importance to Port Arthur. The Russians are adopting every possible means of defence for that battery on which three sections of shelter trenches are constructed and wire-entanglements stretched. On either side of the trenches machine guns are also placed. The colonel in charge of the fort is threatened with immediate execution if he makes the slightest retreat. His orders also state that he must not fire until the enemy have approached within 200 metres of the battery.

One hundred and thirty Russian prisoners captured in the Shaho engagement (including two Majors, one captain and two sub-lieutenants) arrived at Moji on the 24th on the way to Ujima.

The Russians are said to have planted a large number of mines along the railway to the southwest of Mukden. Five thousand Russian troops arrived at Yamtun on the left bank of the Liao opposite Shimintun on the 23rd inst. On the 20th one Russian officer and 30 men entered Shimintun and occupied a Chinese hotel. Five balloons are used by the Russians at Mukden for reconnaissance.

The Asahi estimates Russian losses in the Shaho battle at some 70,000 in all, on the ground that if 500 prisoners captured by the Japanese are added to 67,868, the total number of casualties, as announced in St. Petersburg, the result comes to 68,368, including 67,868 dead which number is expected

by the Asahi to be increased to 13,000 or 14,000 in the course of investigations. If the Russians had been 226,000 strong in the recent battle their strength must have been decreased by about one-third. The Russians have so far been reinforced by one or two divisions only, and consequently it seems impossible for them to reassume the offensive at present.

A Yinkow despatch to the Asahi says that in view of their intended retreat from Mukden the Russians have lately requisitioned 1,000 Chinese carts, but owing to an insufficiency they have now applied to the Tartar General at Mukden for 5,000 more carts, of which 2,000 have already been gathered. On the 20th inst the Russians commenced northwards.

The transportation of war supplies by the Japanese army is contemplating the employment of light motor cars of the latest pattern in the various occupied districts in Manchuria for the transportation of minor goods. Experiments with cars of the kind will be made shortly and in case of satisfactory results being obtained a motor service will be quickly opened at the front.

General Baron Nishi returned to Tokyo on Saturday morning as expected. Amid enthusiastic banquets the General drove to his hotel from the station. He was subsequently received in audience by the Emperor, to whom he submitted a report regarding the state of the front.

Since the commencement of hostilities the number of foreign telegrams despatched from Japan has remarkably increased. During the month of February last some 42,000 messages were sent abroad and the amounts of charges paid was a little more than ¥1,031,950, showing an increase of 89.55 per cent in number and 169.13 in amount as compared with the corresponding period of last year. From March to August the number of despatches was between 25,000 and 42,000, and the amount somewhat decreased in comparison with the rate of February, but indicated an increase of about 100 per cent against the same period in the preceding year. The number of official messages, which are not included in the above figures, was also proportionately increased.

HOW RETURNS WILL COME

Naturally no effort could be made to give returns of any of the elections this morning and the town presented a very subdued air except in the vicinity of the voting booths. Tonight will be the lively time however, when the returns of the results on the mainland, as well as of the local election will begin to be received. There is little prospect of anything like complete returns of the Hawaiian election becoming known until about about 7 o'clock tonight, but by that time unless the mainland elections be very close, the outcome of the national elections ought to be pretty well indicated.

The difference in time between New York and the Atlantic coast and Honolulu is 5 hours and 29 minutes which means that New York and eastern states closed their polls at 40 minutes past 11 o'clock Honolulu time and began counting before the noon hour had been signalled in this city. Five hours count will beyond any doubt, give an idea of the way that the voting is averaging so that by 6 o'clock at least, Honolulu time, which will be 11:20 p.

m. New York time, some of the advance returns ought to be received. The time of New York is practically the same as that of Connecticut, New Jersey, Delaware, Maryland and West Virginia so that the results in those more or less doubtful states ought to be known at the same time that New York is heard from.

The Pacific Coast is about 3 hours later than the east so that it is doubtful if any positive returns can be expected from the Pacific coast until very late tonight.

Indiana is about an hour later than New York so returns from that state which the Democrats think they may carry, should be received tonight. Unless the election on the mainland be very, very close, the result should easily be possible call for police assistance during the day.

The general sentiment seems to be that there would not be apt to be serious trouble over the election. Notices were sent yesterday to the various saloons about the island to close up during the voting hours today.

By far the most substantial this morning, there were no indications of the election closing yet.

The majority of the commercial stores in the lower part of the city were closed. Some of the steamship offices had opened at did various stores. The grocery stores and meat shops ran as usual with the delivery of goods, about the city. The banks remained open until noon and then closed down for the remainder of the day. Other places do likewise.

An early protest was made in the eleventh precinct of the Fifth District, by Eugene Sullivan, in behalf of the Democrats. Sullivan watched a large number of voters believed to be Republicans casting their ballots and claims that the election officer in charge failed to tear the number off the corners of the ballots as provided by law. This would leave the ballots in the box in such shape that they may be identified with the men who cast them. Sullivan left a written protest and announced that he would demand that all ballots bearing numbers be thrown out of the count. He claims that there are over sixty such ballots in the eleventh.

In the First of the Fourth things were quiet 163 registering their votes during the morning. The second precinct of the Fourth was another in which matters ran smoothly during the morning as all events. There were a few who waited votes but whose names could not be found on the lists and these were referred to the Registration board. The record up to one o'clock was 201.

The Fourth of the Fourth District began with a large early vote at Emma square. The precinct is at Emma square which always polls a full vote, and will do so again this time. The number cast was near the 200 mark by noon.

In the Fifth of the Fourth, the polling place for which was in the office of President Pmkham of the Board of Health, there was something doing all day long. Captain Sam Johnson was there in person looking after the faithful. Up to one o'clock 287 votes had been cast.

At the fire station, Beretania and Fort streets, the voters of the sixth of the Fourth gathered. All was quiet, the election officers being undisturbed in their work by any serious disputes. There will be a full vote.

The voters of the Eighth of the Fourth had Thomas square as their gathering place. Things went quietly during the morning but a good deal of work was done 212 votes being cast up to noon.

Voting was heavy in the Ninth of the Fourth, at the corner of South street and Kawaiaho lane. There is a large white vote there and there was a noisy but good humored crowd about the booth all morning. Votes cast up to 1 o'clock numbered 258.

In the Tenth of the Fourth, the polling place being at King and Alexander streets there was considerable activity towards noon though it was slow during the morning. There were no disputes and up to one o'clock 236 had voted.

The troublesome Fifth and the Fighting Seventh are memories today. The election up to 1:30 o'clock this afternoon was about the most quiet that has ever been held. There were no rows and comparatively few men with jags on were to be seen about the polling places.

With the exception of the Tenth precinct the voting has been very slow. There is little danger, however, of any of the people desiring to vote not having sufficient time in which to do so.

Governor Carter voted in the Ninth Precinct of the Fifth District. He voted in the forenoon. There was a good sized crowd present when the Governor went to the booth.

In the Seventh Precinct of the Fifth, 245 votes out of a total registration of 364, had been cast at 1:05 p. m. In the Eighth of the same District, 223 votes had been cast at 12:55 p. m. out of a total registration of 474. At the Ninth precinct of the Fifth, 224 ballots out of a registration of 401 had been cast at 12:35 p. m. and in the Tenth at 1:15 p. m., 305 votes out of a registration of 489 had been cast. In the Eleventh Precinct of the Fifth District, the voting was progressing slowly. In the Thirtieth Precinct of the Fourth District at 12:30 p. m. only 222 votes out of a total of 401 registered, had been cast.

In the outside precincts of Waimanalo, Koolau, Waialua, Ewa and Waianae the voting is reported by telephone to have been progressing slowly. There was little prospect of anybody being crowded out of voting through lack of time.

The Board of Registration, with Alex Lindsay as its chairman, was in session at the Capitol all day. The board occupied the upper hallway of the building with maps of the different precincts on hand as well as the official voters' lists. The duty of directing lost sheep voters to the place of depositing their ballots began very early. There were the usual number of transfers required and rather more than the customary number of men seeking their polling places.

ELECTION NEWS AND LOCAL CAMPAIGN

(Continued from page one.)

been constant predictions that Roosevelt would be overwhelmingly defeated. Those Democrats who had hoped for such result ceased hoping by three o'clock this afternoon.

The news naturally had a discouraging effect on the local Democratic campaigners and will probably affect the late afternoon vote, for some of the supporters of the party had pinned their hopes to a national Democratic administration. All the arguments that had been made by Democrats themselves as to the benefits of Hawaii being in harmony with the national administration were turned in favor of the Republicans.

Can Fit You Out

If you wish to buy, sell or exchange real estate, stocks or bonds, to loan or borrow money on good securities, let us hear from you. We can fit you out.

THE HENRY WATERHOUSE TRUST CO. LTD.

Merchant and Fort Sts., Honolulu, Hawaii.

Late this afternoon it is said that many Democrats are hard to keep in line. They have whooped it up through the campaign with cheers for Parker, and it is discouraging to go to the polls and vote for a party which is already known to be defeated in the national field.

HOW RETURNS COME

(Continued from Page 1.)

be learned in Honolulu before very late this evening. Wireless messages will also be received at the Republican headquarters from the other islands so if everything goes through all right the general result on these islands should also be known tonight.

PLEASANT WAR SAYS KUROPATKIN

RUSSIAN ENJOYS IT MORE THAN ANY OTHER WAR HE HAS ENGAGED IN.

The Japan Times publishes the following: LONDON via Bombay, October 17.—Interviewed just before the battle of Yental, General Kuropatkin highly extolled the bravery of the Japanese, who he said, faithfully observed the rules of war. In this respect, this was the pleasantest war in which he had ever been engaged.

ALAMEDA SAILS AT NOON

The S. S. Alameda will sail at noon tomorrow instead of 9 a. m. her usual usual time. The postponement of sailing for San Francisco was made on account of business having been shut down today for the election. An addition three hours therefore is given to the community in which to get mail and other business ready for the vessel.

ONE ARREST MADE TODAY

Up to 2 p. m. today, only one arrest had been made by the police. The offender was gathered in for intoxication. No arrests up to that time, had been made in connection with any irregularity or other infractions of the election, or the peace laws.

A Life Saved

Never give up. No matter how ill you are, Ayer's Sarsaparilla has cured some terrible cases, and it will cure you. Mr. Thos. H. Cahel, Barral Creek, Dripstone, New South Wales, writes: "I feel it my duty to let suffering people know what a wonderful blood purifying medicine is Ayer's Sarsaparilla. My illness began with sharp pains in the limbs, while I was washing wool. After a day or two I could not walk, and suffered terrible pains. My face turned nearly black, large red blotches came out all over my body, and then I became delirious. I was in two hospitals for some time, and everything was tried, but I grew weaker and weaker, and became convinced that nothing could be done for me. I had heard so much about Ayer's Sarsaparilla that I thought I would give it a trial as the last hope. After taking one bottle I thought I felt a little better, so I purchased another bottle, and then another, and still another. I gradually improved, and in due time felt my bed for the first time in six months. I am now in good health, and I say to every one that Ayer's Sarsaparilla saved my life."

AYER'S Sarsaparilla

There are many imitation Sarsaparillas. Be sure you get "Ayer's." Prepared by Dr. J. C. Ayer Co., Lowell, Mass., U. S. A.

GROCER'S NOTICE.

In accordance with our desire to give our customers the best possible service at the lowest prices, we have decided to discontinue the practice of allowing a discount of 5 per cent on retail monthly bills, and therefore give notice that on and after the 1st of November, 1904, no discount whatsoever will be allowed on any groceries sold in our stores. All groceries will be sold at net prices, on a basis of spot cash or thirty days' settlement, and there will be no exception made to this rule. Purchasers made in our retail department up to the 1st of November will, of course, be subject to the 5 per cent discount as heretofore.

The discount question has frequently been the cause of disputes and dissatisfaction and we believe this arrangement will improve our relations with our patrons, while it will at the same time enable us to more adequately meet the keen competition prevailing in our line of business, and to give our customers the benefit of the lowest prices.

HAWAII LEGISLATURE WAS PRAISED AT MOHONK

GORHAM GILMAN IN HIS ADDRESS SAID RECENT ACTS SHOWED INTELLIGENCE AND GOOD MORALS—FILIPINOS MUCH DISCUSSED AT THE CONFERENCE, BUT LITTLE SPACE WAS GIVEN TO HAWAII—NEED OF CHINESE.

The Springfield Republican contains the following accounts of the meeting of the Mohonk conference on the days when Hawaii was talked of: The morning session yesterday of the Mohonk Indian conference at Lake Mohonk, N. Y., was devoted to the consideration of problems in the Philippines. Dr. Fred W. Atkinson of the Brooklyn polytechnic institute and formerly of this city, who organized the American public school system in the Philippines, was the first speaker. He said in part: Democratic principles of government must be considerably modified when the people to be governed have the racial qualities, traditions and history of the Filipinos. The difficulties of the problem we are only now learning to appreciate, and until the conditions are better known, we should be less prone to destructive criticism of the pioneer service now being performed. The Filipinos are incapable of self-government; in their affairs they are managed by a few leaders. They have not yet cultivated a sense of fair play and tolerance for those who differ in opinion. They are child-like and do not know what is best for them. Independence is their cherished ideal and that they may ultimately realize that ideal is, I believe, the unexpressed purpose of those who have undertaken the tutelage of these peoples. How far removed is this realization is beyond our power to predict; the proximity or distance of it must remain a matter of opinion. For some time to come their political dependence upon the United States must be very real.

As a result of our general policy, there are signs of an increased friendliness between Americans and Filipinos and much now appears to create a feeling of cheerfulness. Bitter memories of what have been naturally still exist and there are Filipinos who view our presence with a feeling of dislike, the predominant reason for which is the natural idea that through the Americans they have lost an independence all but attained. Yet, without overrating the intensity and permanence of the manifestations of good will which have greeted our efforts, we may feel that the leading Filipinos, whether from expediency or real appreciation, are co-operating with the commissioners and their subordinates.

From a purely scientific point of view the experiment is interesting as an attempt to do what has never been done before with an oriental race of Malay origin in the tropics. The Filipinos will become Americanized only in the sense that they will speak English and adopt American innovations, as individual characteristics will be retained. The Filipino himself will always remain such as he was under the Latinizing process of the Spaniards. With this in view, the commission has attempted to establish a firm and strong government, but, on the other hand, has interfered just as little as possible with the customs, manners, ceremonials and beliefs which go to make up the individuality of a people.

For nearly three years now our government has been operating a free public school system the cardinal point of which is the introduction of English, which the Filipino wanted; and in teaching which not the slightest attempt has been made to stamp out any of the native dialects. Our educational efforts have possibly done more to give these people a true conception of the benefits of civilization and good government than all the other influences we have brought to bear on them; indeed, in this work it is to be found a solution for a large part of the problem. Among the greatest difficulties that the promoters of free education have found to contend with are the apathy of the lowest class and the antagonism of the highest. In the Philippines the masses have learned little else than the catechism, and the higher classes have acquired hardly more than a veneer. Education is now desired apparently with great eagerness, but when the novelty wears off and hard work is required, attendance decreases. For the present at least a purely utilitarian view of education must be accepted, yet the ideal for the future must be a higher one—namely, development of physical and intellectual powers, strengthening of moral character, widening of sympathies, and, incidentally, preparation for citizenship.

In our work everywhere we must assure the Filipino free and prompt justice and security of property; and must instil moral restraint and ideal standards which will help him through the perils of an unknown freedom. The question is a national one and to the extent of his opportunities every citizen should do his part in assisting by encouragement those to whom has been assigned this difficult pioneer service. The Filipinos are bound to develop in some way, and in the right one if we persist in our present course. From their many innate gifts something substantial is certain to result if the conditions are at all favorable; and we Americans are the conditions.

Hawaii was the actual topic of the evening. The first speaker on Hawaiian affairs was Gorham D. Gilman of Boston, for 20 years a resident and consular representative in Hawaii, who reviewed the recent political history of the islands. In his judgment a grave error was made in the hasty legislation of suffrage, but the recent acts of the Legislature showed intelligence and good morals. He thought that the chief demand of the times commercially was a modification of the Chinese exclusion act so as to permit the cheaper production of sugar, as Japanese, Portuguese and negro labor had been proved a failure.

Prof. Hosmer of Amherst, formerly president of Oahu College, spoke strongly in favor of the so-called missionary party in Hawaii. He was followed by W. N. Armstrong, formerly attorney-general of Hawaii, Rev. Douglas P. Birnie of Rye, N. Y., formerly of Honolulu, and C. H. Ames of Boston also spoke. An interesting feature of the day was a recital of Indian folk songs by Frederick R. Burton.

On the subject of insular possessions the conference declared itself gratified with the advancement made in the cause of education in the Philippines; commended the wise action of the government in the establishment of an admirable system of education in Porto Rico, and congratulated the country upon the fact that the government has sent to our island possessions so many zealous, highly-trained young men to solve the problems that confront them.

At the concluding session of the conference last evening, the present status and needs of Hawaii were set forth in a speech by Rev. Dr. Douglas P. Birnie, and addresses were made by Rev. Dr. Arthur T. Pierson and Rev. Dr. Joachim Elmendorf, Rev. Dr. George L. Spining, Edward J. Wheeler, of New York and Rev. Dr. John T. Stone of Baltimore.

THE MONKEY HE GOT DRUNK

A CIRCUS IN A PARK ZOO AT CHICAGO—"JIM THE BUM" IS DISGRACED.

CHICAGO, October 24.—"Jim the Bum," one of Cy De Vry's pet monkeys, always heretofore considered in the monkey colony at Lincoln park a total abstainer and regular in his habits, was drunk yesterday. He was led astray, the animal keeper says, by Oliver D. Kramer, who was seeking a congenial companion to share a bottle of rye with him. Kramer poured some whiskey into the palm of his hand and Jim drank it. Then Jim tried to find the crackers and cheese, and also the towel to wipe his lips.

Only one of the monkeys in the cage saw Jim take the drink, but that one ran over to the others and told them the scandal. At once there was a great chattering and they all looked at Jim, who was taking another with his friend Kramer. Jim's family, consisting of his wife and two young sons, covered in a corner. The other monkeys went to them and kept telling them what a shame it was. The female monkey sympathized with Mrs. Jim and told her how glad they were that their husbands did not drink. Nothing else was talked about in the cage but Jim's downfall and what a shame it was, with all he had to live for.

The authorities at Birmingham, Eng. are alarmed over the spread of consumption among the factory employes of the city. Eleven hundred deaths occurred last year. The city council has issued a circular to physicians offering a reward of 50 cents for every case of consumption reported, so that the health department can take steps in the case at once.

Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."—Mrs. R. A. ANDERSON, 225 Washington St., Jacksonville, Fla.

Mrs. Reed, 2425 E. Cumberland St., Philadelphia, Pa., says:

"DEAR MRS. PINKHAM:—I feel it my duty to write and tell you the good I have received from Lydia E. Pinkham's Vegetable Compound.

"I have been a great sufferer with female trouble, trying different doctors and medicines with no benefit. Two years ago I went under an operation, and it left me in a very weak condition. I had stomach trouble, backache, headache, palpitation of the heart, and was very nervous; in fact, I ached all over. I find yours is the only medicine that reaches such troubles, and would cheerfully recommend Lydia E. Pinkham's Vegetable Compound to all suffering women."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion, and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do. Her advice is free and helpful.

No other medicine for women in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

FEAR JAPANESE MINES AND BOATS

EXTRAORDINARY PRECAUTIONS BEING TAKEN BY THE RUSSIAN BALTIC FLEET.

COPENHAGEN, October 24.—Today's papers state that the Russian officers showed great nervousness during the passage of the Baltic fleet through the narrow Danish waters. They evidently feared Japanese mines. No one here, however, believed that there was the slightest danger, especially in view of the precautions which were taken by the Danish authorities. Even in the smallest provincial towns every traveler and foreigner was watched with almost ridiculous vigilance. On Wednesday evening last a telegram arrived from the Czar for Admiral Rodjostvensky, addressed to the Russian consular agent, M. Rudkjoning. The agent ordered two wharves to leave in a motor launch and deliver the dispatch. When they approached the admiral's ship searchlights were thrown on the launch, with a glare so intense that the fishermen were completely blinded, and some did not allow the launch to come nearer, but launched a boat, to whose crew the fishermen delivered the dispatch.

All merchantmen had been notified to hoist the national flag when meeting the Baltic fleet. The schooner Hug failed to do so, and immediately a blank cartridge was fired to hasten the performance of the ceremony. According to a local newspaper, Russia will shortly give the Copenhagen ship-builders Burmeister & Wain an order for several warships. This firm built the imperial yacht Standard.

Italy already boasts of the highest meteorological station in the world on a summit of Mont Blanc, and she is now to have the second highest as well. It is to be on the Guiffelti peak of Monte Rosa, 1800 feet above the sea, and many of the instruments to be used there have been to the far North with the Duke of Abruzzi's polar expedition.

Star Want Ads pay 5 cents.

DEMOCRATS CLOSE THEIR CAMPAIGN

VARIOUS SPEAKERS DISCOURSED AT AALA PARK LAST NIGHT AND SPOKE OF ISSUES OF FIGHT.

Aala Park was a very lively place last night, with Democratic orators at one end, Republicans at the other and a Home Rule gathering in the center. There were singers and Julia dancers in action, as well as orators.

Mrs. Puaui who had come all the way from Waianae was the first Democratic speaker. She eulogized Curtis Iaukea who she declared, was the only one of the three candidates for delegate, who could fulfill his promises.

Nauha candidate for the house in the Fourth District then spoke. He said that in Congress the Republicans had advocated the disenfranchising of the natives while the Democrats were the friends and backers of the Hawaiians. Nauha made the usual appeal to the ladies. He ended by saying that the Democratic party came to the polls with clean hands and had not debauched the campaign with coercion or booze.

L. R. Medeiros another candidate for the house, spoke briefly. He said that he would rather go to hell with Iaukea than to heaven with Kuhio or Notley.

W. A. Kinney said that Nakookoo, and Umauma could not produce the alleged treasonable letter from Harvey to Nakookoo. No such letter had ever existed. The claim made by the Home Rule party that the Democratic party was against the Hawaiians had been made without a single fact or argument to sustain the assertion. Kuhio was honest enough but he was simply there at Washington to say the things that were put into his mouth. On the contrary, Iaukea would make enemies of enemies instead of making enemies of friends as Kuhio had done.

"Shanks" Mossman said he was not superstitious but he recalled as a singular occurrence that four years ago the Republicans had held their final rally at the Orpheum and been defeated and two years later the Home Rulers had done the same thing and also met a crushing defeat. The Democrats were likely to sweep the boards. He urged the election of the Democratic ticket.

C. P. Iaukea urged a straight Democratic vote as a rebuke to the Governor's policy. S. K. Kalou urged the Democrats to vote straight and told of the good work done about the islands for the party.

The Republicans had looked in vain declared G. J. Waller, for a weak spot in the Democratic platform but they had found none. The arguments of the Democrats had not been answered. Waller spoke of the Star's quotations from his speech of the other night and said that its reasoning to show that he was inconsistent was wrong as it took simply a few lines and did not show their relation to the rest of the speech. He asked all to go to the polls in as orderly a manner as they had shown at the meetings. He asked all to vote for Brown and the regular Democratic ticket. Should they win it would be a protest against the autocratic rule of the present administration and a rebuke is needed.

BORN. HARVEY—In this city, November 5, 1901, to the wife of J. J. Harvey, a son.

THE TRIBES WANT STATEHOOD

CHEROKEES AND FIVE TRIBES OF OSAGE NATION GETTING UP PETITION.

MUSKOGEE, Ind., T., October 23.—An important conference will be held here tomorrow, called by U. C. Rogers, chief of the Cherokees, and P. Porter, chief of the Creeks. This will, in effect, be a meeting of the chiefs of the five civilized tribes and Osage nation for the purpose of petitioning the President in his next message to insert a paragraph requesting Congress to create a state out of the territory embraced by the five tribes and the Osage nation.

This is the first step that has been taken toward securing separate statehood at the next session of Congress. The call sets forth the fact that tribal government will cease in March, 1906, and it is necessary to establish some form of local government and eliminate the present system of federal authority.

RAILROAD CHANGE.

HILO, November 2.—There have been rumors from time to time of the probable change in the head of the Hilo Railroad, and when W. H. Lambert announced Thursday that he had resigned as Superintendent, while not a surprise to many persons, the news was generally received with genuine expressions of regret. Lambert has been superintendent of the Hilo Railroad from its inception five years ago, has had entire charge of its construction and later became manager in its operation. It is claimed that the directors have not been satisfied for some time with Superintendent Lambert's policy, and have sought to curtail expenditures which they regarded as unnecessary. In July last a general re-employment and cut in salaries was made, which did not meet with Lambert's approval, and since that time there has been continued friction, which resulted in Lambert's withdrawal on Thursday last.

HOW TO FIGHT THE TRACHOMA

REMEDIES MIGHT PROVE HARMFUL IF USED UNSKILLFULLY—SOME USEFUL TIPS.

A few days ago it was suggested that in view of the present outbreak of trachoma among the school children of Honolulu, it might be well if the papers were given a formula which would instruct parents in the proper means to treat their children at home. The Board of Health, as considered the idea with an adverse opinion. Its views are embodied in the following circular letter issued this morning:

"After consulting with competent authorities, I beg to say:

"The eye is the most delicate, sensitive and easily injured part of the human body, and should not be treated by those who do not fully understand that organ.

"The remedies necessary are such as, wrongfully used, may be injurious, hence, we deem it inadvisable to publish any formula.

"The Free Dispensary, on Queen Street, Judiciary grounds, is open from 8 to 12 a. m. and 1 to 4:30 p. m., where children can receive proper treatment.

"Dr. W. L. Moore is daily in attendance at the various schools, and will continue until the disease is eradicated.

"Those able and so disposed, should consult their private physician.

"A few general directions may be useful.

"The disease is spread by contact, that is, from person to person, or by some article handled, so they must not use anything in common with the well children and should not touch each other's clothing.

"A bit of cotton is best for wiping the sore eyes. This should be burned after using and never used a second time.

"While annoying, there is no occasion for alarm over this eye trouble 'Trachoma,' long as it receives prompt attention, as is now the case.

"THE BOARD OF HEALTH, By its President, L. E. Pinkham."

COURT NOTES.

In Judge Gear's court yesterday morning the case of Akiona, charged with aiding in a che fa proposition, was set for trial in order.

The demurrer and plea in abatement in the case of Mary Mann entered by Attorney J. J. Dunn were both overruled. The judge deciding that the terms used in the indictment describing property stolen as being that of "parties unknown" as being sufficient.

A plea of not guilty was entered on arraignment and the case was set for trial in order.

Stephen Mahaulu, embassador, was set for trial in order and Lupini Gomez, charged with unlawful use of dynamite, was passed until Wednesday.

The hearing of the Waiakua rioting case was continued yesterday.

A Sure Cure for Croup—The first indication of croup is hoarseness, and in a child subtle to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—over thirty years' constant use without a failure. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

Notice of Lost Certificate.

Notice is hereby given that Certificate No. 3420, for nine (9) shares of the Capital Stock of the Waiakua Agricultural Co., Ltd., standing on the books of said Company in the name of John E. Young, has been lost, and transfer of the same on the books of said Company has been stopped.

All persons are warned against negotiating, purchasing, or dealing with said certificate. Said shares are transferable only by endorsement on said Certificate and by surrender of the same and the issue of a new certificate. No title will pass to the finder of said Certificate.

Said Certificate, if found, should be delivered to the undersigned.

W. A. BOWEN, Treasurer Waiakua Agricultural Co., Ltd., Honolulu, Hawaii, Honolulu, Hawaii, October 25, 1904.

NOTICE OF DISSOLUTION.

Notice is hereby given that the partnership lately subsisting between Drs. Herbert, Humphris and Walters has been this day dissolved by mutual consent.

All debts of the copartnership are assumed by Dr. Herbert.

Drs. Herbert & Walters, will continue the practice of medicine at the office of Dr. Herbert, Humphris & Walters, on Alakea street, and Dr. Humphris on Hotel street, opposite the Royal Hawaiian Hotel.

Dated Honolulu, Hawaii, November 2, 1904.

HERBERT, HUMPHRIS & WALTERS.

NOTICE OF REWARD.

Notice is hereby given that the Democratic Central Committee of this Territory will pay a reward of Fifty Dollars (\$50.00) for evidence that will lead to the conviction of any person voting illegally, or otherwise violating the election laws of this Territory at the coming election.

By order of the Executive Committee, W. A. KINNEY, Chairman, WILLIAM F. ERVING, Secretary.

Agents for East Oahu Ranch

ANNUAL MEETING OF THE PLANTERS

THE SESSIONS WILL PROBABLY LAST FOR SEVERAL DAYS THIS YEAR.

The annual meeting of the Hawaiian Sugar Planters' Association will be held November 16, 17, 18 and 19. It is expected that the reports of the committee will be printed and distributed before the meeting to enable members to thoroughly digest the reports and be prepared to discuss the matters therein referred to. By this means the objects and purposes of the meeting will be more neatly carried out than heretofore.
For some years it has been the custom to call the meetings for Monday and Tuesday in order to enable the managers to return to their homes by the Tuesday steamers; but plantation business usually required a considerable portion of their time and the meetings suffered in consequence; this year it has been decided to extend the meetings over a number of days beginning with Wednesday, and to adjourn each day early enough to enable the members to transact their other business.

WATER FRONT VERY INACTIVE

STEVEDORES KNOCKED OFF WORK LOADING THE ALAMEDA AT NOON.

With very few exceptions, there was no business done along the water front today. At the Oceanic wharf, the men worked until noon loading the S. S. *Alameda*. Work was knocked off at that time, in order that the men could go to the polls and cast their votes. The majority of the men on the Oceanic wharf live in Kewalo and Kakaia in the Fourth district, although there is a good sized number of the men living in the Fifth District.

The stevedores company closed its offices for the day and no work discharging or loading any vessel was done. The Customs House was closed to the transaction of business other than the entry and clearance of mail steamers. The inspectors worked however, at the dock and Railway wharf, as the cargoes landed from the Manchuria and Coptic had to be distributed to the consignees.
The boys at the boat landing were on hand early this morning but they did not fail to knock off work in time, to go to their respective voting booths and cast their ballots.
The steamer J. A. Cummins sailing at 7 o'clock this morning for Koloa was the only steamer to leave the harbor during the day. The sloop Kaulani got away about 10 o'clock this morning for Akia's Landing. There was a stiff breeze blowing from off shore, so the crew had no apprehension over failing to arrive in time to cast their ballots in the Ewa district. The schooner Charles Levi Woodbury is scheduled to sail at 5 o'clock tonight for Hilo.
No freight has been received at any of the other wharves, everything there being as still as a church on week day.

DINNER TO DR. WILE.
Alexander Young gave a dinner to Dr. Wile of Danbury, Conn., at the Alexander Young Hotel last night. An oval table was set for thirty-three guests in the European dining room. Alexander Young presided, with Miss Bertha Young at the opposite end of the table. Mrs. S. E. Dole sat on Mr. Young's right and Governor Carter on his left. Dr. Wile was next to Miss Young on the right and Judge Sanford B. Dole on the left. The other seats were occupied as follows: W. G. Irwin, Mrs. Cooper, Byron Baird, Dr. McGrew, Mrs. Herbert, Mc. Cleghorn, Mrs. Anderson, Mrs. George Davies, R. W. Brockton, F. A. Schaefer, Mrs. Cofer, George Davies, Mrs. Brockton, F. A. Swamy, Mrs. von Hamm, Dr. Cooper, Mrs. Parker, Dr. Cofer, S. Parker, Mrs. Schaefer, Dr. Herbert, Mrs. McGrew, L. E. Pinkham, A. A. Young, Miss Gillett, Von Hamm, E. R. Stackable.
Dr. Wile made a speech and was followed by Governor Carter, Judge Dole and others, in response to toasts W. G. Irwin responded for the ladies.

LAHAINA.
There are 399 names on the new register of voters, a gain of 90 within two years.
There was a spirited celebration of the Mikado's birthday on Thursday. Several of the Japanese stores were closed, and the entire day was devoted to festivities. Japanese flags were displayed in many places.
TRACHOMA QUARANTINE.
SAN FRANCISCO, October 29.—Great hardships in the interest of the public health are often inflicted by the medical department of the United States Immigration Bureau upon aliens seeking to settle in California. The bureau yesterday prevented the reunion of a man with his wife and caused the separation of a mother from her son. T. Harada, a Japanese engaged in the sale of Oriental curios in Los Angeles, came to this city to meet his wife and six-year-old son who arrived on the steamship Doric last Monday. He was doing a good business and intended living in California with his family for the remainder of his days. But the quarantine officials discovered that the woman was suffering from trachoma, a contagious disease of the eyes, and therefore she was denied a landing. The husband was permitted to take the boy home with him and the mother will be sent back to Japan until her eye dis-

ANDREWS SAYS WATCH FOR FRAUD

THE FOURTH DISTRICT LEADER ISSUES A WARNING TO PRECINCT CLERKS.

The following circular was issued yesterday from the Fourth District Republican headquarters:
To the Republican watchers and clerks of the Fourth District:
Reliable information is received to the effect that a certain element of the opposition proposes in its desperation to resort to fraud and violence in effort to defeat us at the polls today.
This element includes the ex-convicts and other roughs who have been so active during the past few days on behalf of the Democratic party and some of its auxiliaries.
These worthies have planned to introduce here the slum tactics by using repeaters and trying various sorts of illegal voting. They threaten to make disturbances at a number of precincts at the closing of the polls, hoping to capture ballot boxes or create confusion that will result in injury to our party.
Officials, watchers and clerks, be vigilant and fearless.
The Republican party has always stood for a free ballot and a fair count. With these today we shall carry the Fourth District for our entire ticket by a larger majority than ever before.

LORRIN ANDREWS,
Chairman Fourth District Representative Committee.

Whitney & Marsh

The New Dress Goods are Here

The Lightest of Weaves and the Prettiest of Shades

Amongst Them We Would Mention:
