

# FOURTH LEGISLATURE OPENS

## BISHOP AND HOLSTEIN

### BOTH HOUSES ARE ORGANIZED PROMPTLY

CAUCUS PROGRAM IS FOLLOWED IN BOTH SENATE AND HOUSE AND THE ORGANIZATION IS QUICKLY EFFECTED—THE GOVERNOR IS NOTIFIED AND HIS MESSAGE IS PRESENTED—FIRST AND LAST PARAGRAPHS READ IN THE HOUSE.

#### IN THE HOUSE.

The House of Representatives of the fourth Legislature of the Territory of Hawaii opened its session at 10:03 this morning, and engaged upon its biennial task of making history.

For an hour previous, in and about the Throne room in the Waikiki wing of the Executive building, frock-coated legislators gathered and either engaged in conversation or spent the time in arranging their desks, putting necessary papers in place. The suspense ran high and each member of the body seemed to carry an added dignity as the responsibility of their offices began to be brought home to them. Among them, however, were men who had long been in their country's service, and their calm demeanor differed widely

from the nervousness which seemed to lay hold of the more youthful members.

The Throne room, which is exceptionally well fitted as a gathering place for the legislators, surrounded as it is with high open windows and situated where it gets the full benefit of the cool trade winds, had been fitted for the use of the House. Desks arranged about the sides, across the ends and in the center of the room gave a place for each of the thirty members as well as the stenographers and other attaches. The press was not forgotten, a large table conveniently placed being there for its use.

#### IN THE GROUNDS.

In the grounds of the Capitol a full hour before the opening hour the Hawaiian Band met and began a concert of airs appropriate to the occasion. The concert was continued until the hour came when the session was scheduled to open.

Spectators were out in force, the seats provided for their use being filled

#### IN THE SENATE.

The session of the Legislature of 1907 began promptly in the senate at 10 o'clock with Senator Hewitt of Hawaii in the chair. Prayer by Chaplain Kalino followed the call to order when on motion William Savidge was made temporary clerk. A motion for the appointment of a committee on credentials was called for Messrs. Coelho of Maui, Gandall of Kauai and McCarthy of Oahu the first named reporting the names of those elected and entitled to seats. A recess was then taken to allow a Justice of the Supreme Court to attend and swear in the new members.

The desks are arranged to form a hollow square, the president facing the entrance. To his left is Kalama of Maui, W. O. Smith of Oahu, Knudsen

of Kauai, Gandall of Kauai, Coelho of Maui, McCarthy, Lane, Chillingworth, Dowsett and Bishop of Oahu, Makekani, Woods and Brown of Hawaii, Hayselden of Maui was the only absentee.

At the call of the chair the body reassembled and Chief Justice Frear was escorted to the room where he administered the oath.

Immediately thereafter the following officers were announced by Senator Coelho as the choice of the body: President E. F. Bishop; Vice President, S. E. Kalama; Clerk, Wm. Savidge; Assistant Clerk, N. Lyman; Sergeant-at-Arms, C. H. Clark; Chaplain, J. Kalino; Messenger, E. Kruger; Janitor K. Nahaie. A committee was then appointed to escort the President to the chair.

Upon his assuming the duties President Bishop declared his intention to enforce the rules regardless of party lines and asked that he have the support of the members. He was loudly applauded.

## GOVERNOR CARTER'S MESSAGE

The following is the Governor's message presented to the House and read by first and last paragraphs this morning, and read in the Senate this afternoon:

"Ua hana mai ke Akua i na lahukanaika a pau i ke koko hookahi, e noho like lakou ma ka honua nei me ke kuaikihi, a me ka pomaikai." These were the first words used by Kamehameha, the absolute Monarch of Hawaii, in proclaiming the first constitution, by

which he surrendered voluntarily his unquestioned power to the people forever.

"God has made of one blood all nations of men to dwell on earth in unity and blessedness." These words of wisdom from Kamehameha III reached every portion of Hawaii. They have been for sixty-seven years resounding, reverberating from island to island, from mountain to mountain, and from valley to valley. They quickly permeated this community; they found an echo in every true Hawaiian heart, and have since marked the actions of the

people of these Hawaiian islands. They are as potent today as on that 8th of October, 1810, when first pronounced as a precept for the guidance of Hawaii and the Hawaiians.

Now, while race prejudice, the differences of race, are perplexing the statesmen of every country, here in the middle of the Pacific, in a community governed by the Occident but peopled by the Orient, let us take up the words of Kamehameha and ring them out to the world around us. Let a new impulse, with ever widening circles, bear them forth, announcing that we in Hawaii,

so far as lies in our power, intend to act with peace and good will toward all, and to welcome to our shores, the people of every nation who, like us, desire to dwell on earth in unity and blessedness.

Let this be known to our fellow citizens on the mainland, many of whom think that the light of civilization first appeared on these islands when the Stars and Stripes were unfurled in 1898. Let it be known, so that statesmen and those in high authority may better un-

## COOLIE BILL IS SIGNED

(Associated Press Cable to The Star.) WASHINGTON, D. C., February 20.—The President today signed the new Japanese immigration bill prohibiting Japanese from entering the mainland of the United States from the outlying possessions.

Governor Carter today received the following cablegram:

"Washington, February 20, 1907. Carter, Honolulu.

"Provision against admission of Japanese with passports for Hawaii only goes into effect on approval of bill. 'ROOZ.'"

#### EVELYN UNDER FIRE.

(Associated Press Cable to The Star.) NEW YORK, February 20.—Mrs. Evelyn Nesbit Thaw has occupied the witness stand today. She has been closely cross-examined by the attorneys for the prosecution.

#### FATAL WRECK.

(Associated Press Cable to The Star.) NORTH SYDNEY, Nova Scotia, February 20.—The schooner Molly H. Tubelien has been lost. Twelve of her crew perished.

#### HONDURAS CLAIMS A VICTORY.

(Associated Press Cable to The Star.) SAN SALVADOR, February 20.—Reports from Honduras say that the Nicaraguans were defeated in an engagement with the former troops with a loss of 27 killed and many wounded.

## May Change Land Laws

REPRESENTATIVE JOHN HUGHES IS REPORTED TO BE AT WORK ON SUCH A MEASURE.

There is to be a measure introduced in the legislature providing for a change in the present land laws. Representative John Hughes of Oahu is understood to be preparing a measure that will provide for modifications of the present laws. The row that has arisen over the recent Lanai land transfer is understood to be one reason for Hughes' contemplated measure. The desire to aid prospective homesteaders securing public lands is another cause for the proposed changes. The bill or resolution or whatever form the measure will take, has not been announced yet.

In order for such a measure to become effective, it would have to be approved by Congress. The corporation law was passed by the legislature but it had to be subsequently approved by Congress before it became effective.

#### ARRIVING.

Wednesday, February 20. Am. bkt. Fullerton, McKechnie, 14 days from Monterey with oil, docked at noon.

#### STUBBORN COUGHS.

## OCEANIC SAILINGS POSTPONED

(Associated Press Cable to The Star.) SAN FRANCISCO, February 20.—The sailings of the Oceanic Company's through Colonial steamers Sonoma and Ventura have been postponed indefinitely.

#### SMOOTS WINS OUT.

(Associated Press Cable to The Star.) WASHINGTON, D. C., February 20.—The Senate today voted that U. S. Senator Reed Smoot of Utah should retain his seat in the Senate. The fight against him on the grounds of his being a Mormon leader has ended in his victory.

#### PASSES WOMEN SUFFRAGE BILL.

(Associated Press Cable to The Star.) SACRAMENTO, Cal., February 20.—The Assembly today reconsidered its action of yesterday in voting down the women's suffrage bill, and adopted the measure.

#### LOSS OF CRUISER CONFIRMED.

(Associated Press Cable to The Star.) PARIS, February 20.—The loss of the French cruiser Jean Bart, has been confirmed.

## TRIED TO DEFEAT SPEAKER HOLSTEIN

SPLIT IN THE REPUBLICAN RANKS THIS MORNING WHICH CAME TO NOTHING.

Although H. L. Holstein of Hawaii was elected Speaker of the House of Representatives this morning he unannouncedly and without a single questioning voice being raised, it was only decided upon at the last minute and then because it was seen by those who opposed him that he was too strong for them to defeat. There were sixteen votes for him which could not be budged, and realizing this the opposition which was after the speakership for A. S. Kaleiōpu laid down their hand and did not appear against him.

The chief reason for the proposal of Holstein was his independence which he showed by his refusal to state who he would appoint on committees. Several of the members of the House wanted to be placed on certain committees and when he would not promise them anything they tried to secure his defeat as the Speaker of the House.

This morning however the opposition saw that they could not accomplish anything and rather than take a decided stand and lose they backed down gracefully and a solid vote was cast for Holstein.

The leaders of the opposition tried to cover up their tracks after they saw their cause was hopeless but a number of the men who elected the Speaker told how they had been approached in an endeavor to win them over.

## May Ask Congress Guests

GOVERNOR CARTER HAS CABLED TO THE DELEGATE RELATIVE TO SECURING APPROPRIATIONS.

Several cablegrams have been exchanged by Governor Carter and Delegate Kuhio relative to the Congressional party guests. Governor Carter has advised Kuhio that he considers the prospects excellent for the legislature appropriating the funds to entertain the party. His cablegram was as follows: Kuhio, Washington.

Could not Garfield pilot party? Indications are that legislature will appropriate money.

CARTER.

To this Kuhio replied: Washington, Feb. 20, 1907.

Carter, Honolulu. Kamaha (doubtful) having Garfield pilot congressional party.

KUHIO.

Senator Palmer P. Woods is in receipt of a cablegram from the Delegate urging the legislature, to invite the Congressional party to Hawaii.

## JAP SQUADRON IN FLORAL PARADE

COMMITTEE APPOINTED TO WAIT ON THE OFFICERS OF THE VISITING FLEET.

A meeting of the floral parade committee was held during the noon hour today at the office of W. F. Dillingham. It was announced that Queen Liliuokalani had consented to review the parade as it passes Washington Place. She will have a reviewing stand erected and will have with her the Princess Kahanalanaole and Kawananakoa. J. R. Galt and G. P. Cooke were appointed a committee to confer with the officers of the Japanese fleet to see if they would not decorate a vehicle of some character and participate in the parade.

## National Guardsmen In Camp

HILO AND WAILUKU MEN ARRIVE IN CLAUDINE—FEDERAL OFFICER OBSERVES ENTRAINMENT.

Nearly 400 members of the National Guard of Hawaii went down the railroad in a special train this morning, leaving the depot at 5:20 o'clock after coffee at the drillshed, arriving at Wahiawa at 7 o'clock. They marched to the station. From Wahiawa they marched to the encampment, about six miles and at once attended to the important matter of breakfast.

The Hilo and Wailuku contingent arrived before daylight in the S. S. Claudine and joined the Honolulu forces at the depot.

Major Van Vleet of Camp McKinley, early as was the hour, was at the depot to observe the entrainment.

The march from the railroad to the camp which is beyond the Lellehua ranch house, in heavy marching order was pretty exhausting to some of the men, and after breakfast not much was attempted. The men were allowed to rest. This afternoon the real beginnings of the exercises of the camp will begin.

Some of the Maui and Hawaii men who had suffered severely from seasickness on the trip over were pretty well done up by the march to the camp.

**MR. FILLER'S WORK AT KAHULUI**

HE WILL BECOME A CONTRACTOR IN HONOLULU—J. N. S. WILLIAMS HIS SUCCESSOR ON MAUI

KAHULUI, MAUI, February 19.—R. W. Filler, for the past eight years Superintendent of the Kahului R. R. Co., has resigned from that position, and on March 1st will be succeeded by J. N. S. Williams of Punene.

Mr. Filler has been an efficient and energetic manager and has set a pace in the conduct of the work here that will make his successor look sharp to keep going.

Kahului owes much of what she is today, to Mr. Filler. There is one thing that can be said of Mr. Filler and that is that he has always been heart and soul for Kahului, and has done all in his power for the improvement and advancement of the place. When Mr. Filler went to Kahului the place was a dirty little village, illkept, unkempt and unlovely; the plague fire gave Mr. Filler a chance, which he readily improved, of making something of the place, and today as a result of his labors the main portion of the town is clean and attractive, with neat buildings, grass plots and trees, and is a decided contrast to what it was when he first went there.

More than anything else for the benefit of Kahului and the whole Island of Maui that owes its inception to Mr. Filler is the breakwater. To Mr. Filler's steadfast faith in the feasibility of a breakwater and to his untiring energy was due the beginning of the work last year, and it will always stand as a monument to him. Mr. Filler had many good plans for the further upbuilding of Kahului and it is to be hoped that his successor will carry them out.

It is a gratification to the people of Kahului and of all Maui, that a man of Mr. Williams standing has been chosen to succeed Mr. Filler, and it is a sure guarantee that things at Kahului will not suffer. Mr. Williams is so well known to everybody, that this point does not need to be demonstrated. It is understood that Mr. Williams will also be the Consulting Engineer of the H. C. & S. Co.'s plantation. Mr. and Mrs. Williams will be welcomed to Kahului. Mr. Filler and family will remove to Honolulu, where Mr. Filler may go into the contracting business, a line for which his experience peculiarly fits him.

Mr. and Mrs. Filler will be missed from Kahului, and their friends wish them all success in their new home.

CLARA E. DARMSTADTER

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change, and start this trying period in a young girl's life without pain or irregularities. It has been thus depended upon for two generations. Hundreds of letters from young girls and their mothers, expressing gratitude for what Lydia E. Pinkham's Vegetable Compound has done for them, are constantly being received.

Miss Ellen M. Olson, of 417 N. East St., Kewanee, Ill. writes:— Dear Mrs. Pinkham:— "I have had the best doctors in our town for my sickness and they all thought that an operation was necessary. I had headache,

WEDNESDAY.....FEBRUARY 20, 1907

**Our Fourth Legislature**

The fourth legislature of the Territory of Hawaii is now in session. Since the first legislature of the Territory there has been a continuing improvement in our legislative bodies. It is therefore up to the present one to keep up the record of improvement and progress. The personnel of this legislature is such to give every reason to believe that it can do this if it is determined to do it. The way lies in giving serious attention from the beginning to the many important and vital matters that will come before it; by frowning down all mere time wasting oratory while giving every opportunity for serious and earnest discussion of the matters before the legislature.

If the \$30,000 appropriation of Congress is to be secured, this legislature must do hard and serious work during the early portion of the sixty-day session, and not, as previous legislatures have been prone to do, put off consideration of appropriations and other imperative matters until the last. These must be early brought up for consideration in the present legislature if they are to receive the attention they ought to have and which they must have if legislation on these subjects is to be wise and beneficial.

**Holloway's Suggestions**

Superintendent Holloway in his report to the Governor as Superintendent of Public Works makes some suggestions for legislation which are directly along the lines that have been advocated by The Star and which the Hawaii Herald has recently advocated. These recommendations are for legislation transferring powers and duties in regard to local matters from the Department of Public Works to the several Boards of Supervisors, more completely differentiating Territorial and County functions. He recommends that Boards of Supervisors be given the power of eminent domain for the purposes of condemning property needed for road purposes. As it is now the Counties are charged with the care and extension of roads, but do not have the power to secure the necessary power to condemn property for road purposes; but where they cannot make satisfactory arrangements with the owners of property along the right of way of a proposed road, it is necessary for the Superintendent of Public Works to act in the matter, the right of eminent domain being vested in him.

Another recommendation Mr. Holloway makes is that the various district jails and court houses be placed under the control of the several counties. He suggests that a reasonable compensation should be paid by the Counties to the Territory for them, but as to this there may be room for argument. Undoubtedly these buildings should be under the control of the Counties and the Counties should then be obliged to maintain and care for them. They no longer serve Territorial purposes, and therefore the Territory should not be called on to make appropriations for their care up upkeep. This is a very pointed instance of overlapping duties with a consequent duplication of expense.

The laws relating to the erection of buildings in Honolulu, Mr. Holloway points out, are so unsatisfactory and do not give the Superintendent of Public Works sufficient power to properly safeguard the interests of the public. Indirectly he suggests that these powers should be transferred to the Board of Supervisors, and in any event strengthened commensurate with the purpose of giving them.

He also suggests that the storage of oils and explosives is a matter of local concern and therefore a matter over which the local authorities should have jurisdiction.

With such suggestions as these before it, and with the experience of eighteen months of County government, the legislature ought to be able to make important readjustments between County and Territorial government which while making each more effective in its proper sphere, will greatly reduce the total cost of government by cutting out many present duplications of expense.

**The Are Some Contradictions**

There seems still to be a good deal of inconsistency and contradiction among those on the mainland who assume to tell Hawaii what the Japanese situation was and how Hawaii ought to have acted under the circumstances. There are assurances of the most positive kind that there never was any danger of war and that all talk of such a thing is absurd. Then there are assurances on the other hand, equally positive that the war cloud loomed big and ominous and that Japan and the United States were on the very verge of war, which was warded off only by the keen abilities of the President.

It seems almost incredible that the President should have said the things he did in his message and elsewhere and have resorted to the extraordinary efforts that he did unless there existed an extraordinary situation. It does not necessarily follow that this extraordinary situation was one in which war was a question of hours, or even of days unless something was done. It only means that the situation was not only grave but that it was one demanding very speedy settlement.

If the situation was not serious then the President is open to the charge of recklessness in the handling of an important matter, and of a disregard for the interests of large and important sections of the country.

The truth is however, it will probably be found, that the situation was grave, that the President was striving to meet a serious condition.

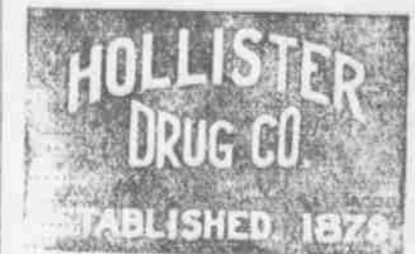

Hawaii had vital interests at stake and it does not lie in the mouth of anyone to upbraid the people of Hawaii if they manifested concern in the matter.

**Readjustment Needed**

The Hawaii Herald takes the same view of the question of the extension of local self government that the Star does. It believes in the extension of local self government, but it does not believe in doubling up on everything—having Territorial and County Government duplicating and overlapping each other and the people paying twice for the same thing. With The Star, the Herald believes that when a duty of government is placed on the County, it should be taken away from the Territory, so that there shall be but one set of officials to be paid. with The Star, the Herald believes that as fast as government is extended to the Counties it should be taken away from the Territory.

The Herald puts it thus: "The trouble lies not in the expense of County Government, but in the fact that the last legislature chose to keep up the Territorial Government as well. For every duty, responsibility or expense placed upon the County, a duty, responsibility or expense should have been taken from the Territory. The legislature gave the work which Territorial departments had been doing to the Counties and still kept up the same old Territorial departments. As far as Hawaii island is concerned, the people want more extension of County powers,—they want every bit of power taken from the Territory which the Organic Act allows the legislature to take, and they want it placed in the hands of the County. But in following this policy, they want the legislature to appropriate for work only once. The argument applies to the establishment of a municipality of Honolulu. The municipality need not be more expensive if such powers and expenses as it assumes are taken from the Territory and County. But if Oahu is going to have three overlapping governments we are sorry for it."

**IN THE HOUSE**  
(Continued from Page One.)

nearly an hour previous to the opening of the session, the doors and windows were thronged with the interested, but all were exceedingly well behaved and no disturbances occurred.

The scene a short time before the opening was one of great activity. Messenger boys scurried throughout the building carrying notes to this or that member of the House, while scores of constituents gathered about the members and talked with them at great length regarding this or that bill which is coming before the House.

**RUMORS OF A SCRAP.**

For some time before the opening of the session rumors were rife to the effect that the Republicans had decided not to stand by their citizens held last evening, and that an attempt would be made to defeat H. L. Holstein, for Speaker, and elect A. S. Kalelopu to that office. The reason for this was stated to be that Holstein had thrown down the caucus in the matter of appointing committees. Another reason was given to the effect that there were only three Republicans from Hawaii and that that island had received too many of the plums. Denials were rife as were affirmations.

**THE SESSION OPENS.**

At 10:03 a. m. S. K. Mahoe, the lone Home Ruler in the body, arose and moved that in accordance with the custom that Charles Akau, of the first Representative district, take the chair, he having received the highest vote there in the recent elections. Mr. Akau took the chair; called the House to order and called on H. M. Kanoho, who is said to be the leader of the minority on the floor, to lead in prayer. Mr. Kanoho responded with a lengthy prayer.

The election of a temporary clerk followed. John H. Wise of Hawaii was elected to the position.

The committee on credentials were then appointed, after which the House took a recess subject to the call of the chair. The committee as appointed by the chairman consisted of Charles A. Rice of Kaula, Phillip Pail of Maui and W. B. Nallima, Jr., of Hawaii. After a short recess the committee on credentials reported the following as members of the House of Representatives of the 1927 session of the Legislature of Hawaii:

Hawaii—Charles Akau, David Alawa, H. L. Holstein, Simon K. Kahana, H. M. Kanoho, J. N. Keouli, J. W. Moananui, W. B. Nallima, Jr.

Oahu—A. D. Castro, S. P. Correa, J. A. Hughes, J. H. S. Kaleo, A. S. Kalelopu, J. Kalana, W. K. Lelewi, E. A. C. Long, S. K. Mahoe, J. L. Paoo, E. W. Quinn, W. T. Rawlins.

MauI—A. J. Gomes, J. L. Joseph, J. Kaluna, P. Pail, M. P. Watvalole.

Kauai—J. H. Coney, C. E. Rice, W. J. Sheldon, J. L. Silva.

Molokai—J. Nakakeka.

In the House there are 24 Republicans, 5 Home Rule-Democrats and one Home Ruler. The Home Rule-Democrats are from Hawaii and the Home Ruler from Oahu.

**MEMBERS SWORN IN.**

A recess was taken after the committee had reported in order that Chief Justice Frear might be waited upon and asked to swear in the members. This was done.

**HOLSTEIN ELECTED SPEAKER.**

H. L. Holstein was unanimously elected Speaker of the House and Phillip Pail and S. P. Correa were appointed a committee to escort him to his chair.

Holstein thanked the House for the honor they had done him. He then went on to speak of the responsibility placed upon the body and of the confidence placed on them by the people of the Territory. He urged the members to work harmoniously and expeditiously for the Territory's good. He drew lessons from previous sessions and urged the body to make a better effort this session.

**VICE SPEAKER ELECTED.**

Charles E. Rice of Kaula was nominated by W. T. Rawlins for the vice chairmanship. A. S. Kalelopu was nominated by S. K. Mahoe. Charles E. Rice was elected by a vote of 21 to 9.

John Wise was elected clerk of the House by a vote of 24 to 6 over E. Woodward.

Rev. W. N. Lono was elected chaplain of the House.

**ARGUE OVER INTERPRETER.**

A spirited debate took place between W. J. Sheldon and H. M. Kanoho over the trivial matter of whether an interpreter should be designated as that or as deputy clerk. After the matter had drawn out to a considerable length, W. T. Rawlins moved that further discussion be deferred. A. G. Kaulukou was elected interpreter.

R. A. Kearna was elected stenographer over Robert Churton by a vote of 25 to 5.

Henry Kawewehi was elected sergeant-at-arms.

D. K. Sheldon was elected messenger. George Kallikane was chosen to do the cleaning up of the room.

A. S. Kalelopu introduced a motion that the clerk notify the Senate and Governor that the House was organized and ready to do business. The motion was carried. The Speaker appointed Kalelopu, Hughes and Kanoho a committee to wait on the Governor and Senate and inform them that they were ready.

The Governor's message was delivered to the House shortly before 12 o'clock. The members of the House looked at its bulky proportions and then decided that they did not want to hear it read. However, Kanoho, leader of the minority, wanted to hear it. A compromise was effected by deciding to read the first and last paragraphs. This was done by the clerk.

An adjournment was then taken until 1 o'clock.

The afternoon session of the House of Representatives began at 1 o'clock. Only about half of the members of the House were present at that time.

**JAPANESE CALL ON THE GOVERNOR**

OFFICERS OF VISITING SQUADRON ACCOMPANIED BY CONSUL SAITO PAID THEIR RESPECTS.

An official call was paid upon Governor Carter this morning by Admiral Tomioka and other officers of the visiting Japanese squadron. The call was an official one. The following officers were in the party: Rear Admiral S. Tomioka, Viscount Hiroki Tamura, staff lieutenant; Capt. M. Nawa, Lieut. Commander S. Saito, Capt. B. Yamagata and Capt. Kanoo Nomaguchi.

The officers wore white duck uniforms, all of them wore swords and numerous medals of honor were displayed upon their breasts.

Chief Clerk Conking met the party at the foot of the stairs in the Capitol building and escorted them to the Secretary's office where Secretary Atkinson ushered them into the presence of Governor Carter. Japanese Consul General Miki Saito accompanied the distinguished party. The Governor will later return the call.

The Hawaiian Band was stationed in the band stand in the Capitol grounds and played the Japanese national anthem as the party arrived and also when they departed.

**OZAWAS GO TO JAPAN—DETECTIVES LOOK FOR ESCAPING LEPER.**

Taking several passengers from Honolulu in the cabin and 56 Japanese in the steerage, the S. S. America Maru left the Hackfeld wharf for the Orient at 10:15 o'clock this morning.

Detectives Taylor and Leal went out with the pilot to look for a Japanese supposed to be a leper and suspected of trying to escape. President of the Board of Health Pinkham was at the boat for the same purpose but did not leave the wharf.

Mr. and Mrs. A. K. Ozawa, well known and liked here, left for Japan where they will remain until July. Then they will go to the States where Ozawa will enter Stanford or Harvard. Ozawa has for several years been in the service of the Planters' Association.

**THE GOVERNOR'S MESSAGE**  
(Continued from Page Seven.)

In addition to the foregoing, allowances must be made as follows:

Expenses of present session of the Legislature: Additional appropriations to make up deficiencies; Claims other than those of the present period (unpaid bills) \$91,000.00. Total disbursements for the present year, \$1,533,116.50.

Thus you can safely estimate, as the period is near its close, that the following condition will exist:

Total available for the present period \$1,712,900.44. Disbursements to be made \$1,533,116.50. Leaving a surplus \$180,783.94.

If you, therefore, approve of the suggestion, I offer the following items for a permanent improvement bill, appropriating the given sums, amounting to \$189,750.00, out of any moneys in the Treasury carried forward as a balance or surplus on July 1, 1927, from the previous fiscal period.

Construction of Ice and Cold Storage Plant, Molokai, \$ 2,750.00  
New Buildings at Molokai, 8,500.00  
Purchase of additional land for Wailua Industrial School, 5,000.00  
New School buildings, Hawaii, 42,000.00  
New School buildings, Maui, 35,500.00  
New School buildings, Kauai, 12,500.00  
New High School, Honolulu, 75,000.00  
\$189,750.00

It is certain that, with a little forbearance on the part of the public, you can provide for all necessary expenses and meet a reasonable demand for improvements out of the present revenues, and this without increasing our present debt, which is \$2,722,000. The total receipts from all sources for the coming two years will represent \$33.28 from every one of our 155,000 people. This is a large contribution—more than most communities submit to, and it is ample.

If your session of the Legislative branch of the government can give an exhibition of capacity to provide limits to disbursements within a reasonable estimate of revenues, there need be no return to the days of registered warrants—of temporary borrowing from those who supply the community with material or labor.

**OIL HAD BECOME IMPURE—TURNED ABOUT WHEN 680 MILES OUT OF HILO.**

The Matson Navigation Company's S. S. Enterprise, Captain Youngren, which left Hilo last week for San Francisco with sugar and fruit, entered this port at 6 o'clock this morning from sea for oil fuel.

Her fuel had become impure and was not fit to burn. When 680 miles out, like a wise captain, her master put her about for Honolulu. She is now taking in new oil and expects to leave for San Francisco at 6 o'clock this evening.

**JAPS WATCHING FOR DESERTERS**

Hundreds of little men-o'-warsmen are ashore from the three vessel of the Japanese squadron in port. At the S. S. America Maru and the S. S. Sonoma today were stationed petit officers from the squadron to see that none of the crews of the war-vessels left the island, deserting.

The squadron is coaling and expects to sail for Fiji next Tuesday.

Some of the officers of the flagship are contemplating hiring automobiles to appear decorated in the floral parade on Washington's birthday, Friday.

Rules—Gandall, Brown, Coelho.  
Miscellaneous—Kalama, Hewitt, Makelau.  
Revision—Brown, Hayselden, Makekai.  
Senator Dowsett offered a resolution to the effect that when the Senate adjourns at the close of any day it shall be until 10 a. m. the next working day. At 11:50 an adjournment was taken until 2 p. m. when the message of the governor will be read.

**IN THE SENATE**  
(Continued from Page One.)

suming the roll of "Introducer" then moved that the rules of the previous session be adopted except that clause which refers to the appointment of an interpreter. This was amended to read that the assistant clerk shall act also in that capacity.

A motion to appoint a committee of two to wait upon the House and notify that body of the fact that the Senate is ready for business was amended upon motion of Senator Dowsett to read committee of three as showing more respect. Senator Smith suggested that the committee notify the Governor at the same time. President Bishop reminded him that the custom was to have a joint committee wait upon the executive. A recess was then taken to continue until the call of the chair.

On reconvening Senator Coelho reported from the committee appointed to inform the House of the organization of the Senate that the message had been properly conveyed.

A motion was then made that a committee be appointed to notify the Governor to the same effect.

Senator Knudsen offered objections to the form and suggested a joint committee. The President said he was under the impression that a joint committee was necessary but found he was mistaken. The committee that had notified the House was then appointed to wait upon the governor.

The following committees were announced by the President:

Accounts—Knudsen, Lane, Woods.  
Education—Hewitt, McCarthy, Chillingworth.  
Ways and Means—Dowsett, McCarthy, Coelho.  
Public Expenditures—Chillingworth, Knudsen and Kalama.  
Public Lands—Hayselden, Wopda, Lane.  
Public Health—Coelho, Smith, Dowsett.  
Judiciary—Smith, Hayselden, Chillingworth.  
Printing—Lane, Gandall and McCarthy.

**OZAWAS GO TO JAPAN—DETECTIVES LOOK FOR ESCAPING LEPER.**

Washington, Feb. 26, 1927.

To the Hawaiian Legislature, Honolulu.

I earnestly urge legislature authorities to invite a selected congressional party to visit Hawaii in June as guests of the Territory.

Appropriation \$10,000 indicated for transportation only cost may be lessened by privileges now pending. Local entertainment additional, require invitation called me by February 25 to enable me to extend invitations and secure acceptances before adjournment.

KALANIANA'OLE,  
Delegate.

The House placed the cablegram on file to come up with regular appropriation bills.

**WOULD NOT SERVE WITHOUT PAY**

A. S. Kalelopu introduced a resolution, making the hours of the House from 9 a. m. until 12 noon and from 2 p. m. until 5 p. m. He stated that there would be only 60 days in which to do the work and he for one would not care to serve without pay. A heated discussion followed, the resolution finally being passed with an amendment to the effect that the House can adjourn at pleasure.

**NI'UANU DAM MATTER.**

John A. Hughes introduced a resolution that a committee of three be appointed to act in conjunction with a like committee from the Senate, to look into the Niuanu dam proposition and carry on a complete investigation of affairs at the dam. The matter was referred back to Representative Hughes that he might put it into the shape of a concurrent resolution and with the further amendment that the investigating committee consist of six members. The resolutions after having been amended was passed by the House.

**ENDORING KUHO.**

A. D. Castro introduced a resolution endorsing the work of Delegate Kuhio at Washington in the interest of the Hawaiian Territory. On motion of Charles Rice action on the matter was deferred until tomorrow.

**HOLLOWAY MUST REPORT.**

W. J. Sheldon moved that the Superintendent of Public Works report on the following matters:

1. The sums appropriated under the Loan Act of 1925 which have been expended.
2. The sums appropriated under the Loan Act of 1925 unexpended.
3. The reasons why in each case why said sums appropriated have not been expended.
4. The works contemplated, completed and to be completed before June 30, 1927, under said Loan Act.

The resolution was passed.

**THE SCHOOL QUESTION.**

Representative Sheldon also moved that the Board of Education report the rent roll for school property and a description of the property as well as a statement of the pay of all teachers in public schools. The motion carried after considerable discussion of the matter.

It seemed to be the consensus of opinion that the pay of the teachers should be raised.

**TO VISIT MOLOKAI.**

S. P. Correa introduced a resolution to the effect that committee be appointed to visit and investigate affairs at the Leper Settlement. This motion carried after it was amended by having the Committee on Health, when it shall be appointed, attend to the matter instead of the chairman.

**RUSHED BILL THROUGH.**

Charles Rice moved that the rules be suspended while a bill be introduced by him. The motion carried.

He then introduced a bill appropriating the necessary funds for the March term of the Fifth District Court. The bill passed first reading by title.

For coughs and colds. "A friend in need is a friend indeed." Ayer's Cherry Pectoral is just such a friend. Never be without it. It will prove a good friend when you have a fresh cold, bringing immediate relief. You will find it equally true in old colds, bronchitis, whooping-cough, asthma.

# Ayer's Cherry Pectoral

for an irritable throat or weak lungs, you will find it "the best friend in the world." It acts as a strong tonic, clearing up the throat, giving tone to the relaxed tissues, and greatly strengthening the lungs. There are many substitutes and imitations. Beware of them and of so-called "Genuine Cherry Pectoral." Be sure you get AYER'S Cherry Pectoral. Put up in large and small bottles. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

## LADIES SHOW INTEREST.

There seems to be just as much interest amongst the Ladies, in Saturday night's Aquatic Carnival, as there is amongst the men and that is saying much for nearly every man in Honolulu is looking forward to Saturday night so that he can see that 300 yard Relay Race between the two best teams that the Myrtles and Healanis have ever put in the field. This relay race is going to be hotly contested, and as it carries with it 10 points and a beautiful cup the clubs are making special efforts to capture it. Just who the men are that will compose the two teams is not known. Both clubs are working mightily to see who is the better men for places on the team. It is the ambition of every swimmer in the city to make one of these two teams. It is like making the Varsity at College.

Many good things have been said and written about last Saturday's meet but those who know what is really going to happen on the 23rd realize that it will be by long odds the most interesting exciting and amusing program of aquatic sports ever pulled off on these islands.

There is going to be some red hot rivalry over that 50 yard race. Cooper won the first heat with Cunha a close second. Had Cunha not been set back for false starting he would have taken first place.

Those who think that the Myrtles

## HERE AND THERE

Joy comes from Honolulu, where his wonderful pitching and his strong batting have been the principal means of making the Honolulu Athletic Club team the champions of the islands for the past four seasons. Joy is also a powerful built player and is speedy on the bases.—Examiner.

The San Francisco team will have plenty of left-handed hitters, Spencer, Joy, McGhee, Moore and Quick all batting that way.—Examiner.

Barney Joy, the crack of the Honolulu Athletic Club, is said to be high class, both in pitching and batting departments. Just at present, he is working in the iron works in Honolulu, where he is acquiring brawn and muscle.—Chronicle.

Barney Joy received something over \$350 from the games of last Saturday.

Diamond Heads and the Saints play ball Friday afternoon.

There will be a practice of the Diamond Head baseball team this afternoon at 4:30 on the league baseball grounds.

The Diamond Head line-up for this year's baseball game will be as follows: O. Jones, c.; E. Deeba, p.; J. Gorman, 1b.; W. Vannatta, 2b.; H. Bushnell, 3b.; Jack Desha, ss.; E. Fernandez, lf.; George Clark, cf.; R. Leslie, rf.

The H. A. C's have taken their new name as the Saints and the cherubs in the line-up are: La On, c.; Johnnie Williams, p.; George Bruns, 1b.; Evers, 2b.; Jimmy Williams, 3b.; Alfred Williams, ss.; A. Louis, rf.; En Sue, cf.; Joe Fernandez or Aylett, lf.

The girls at Oahu College are still interested in basket ball. The girls make a creditable showing.

The basket ball grounds of the Normal School are once more cleared of the dirt washed up on them during the recent storms.

Jack Desha and Charlie Lyman look like the best material in the college line this year.

The Kamehameha soccer team made an excellent showing this year in the soccer interscholastic league. Coach Anderson did good work with the boys.

High School plays Oahu College at soccer today. The second team of Oahu College meets High School today. Should High School win she will take on the first team.

The Japanese Athletic Club has challenged the Kawahau Glee Club baseball team to a game on Washington's Birthday at Aala Park at 3 p. m. The Kawahaus have accepted the challenge.

The Royal Kawahau Glee Club baseball team will play the Standards this coming Sunday afternoon at Aala Park.

The Kalaloa Girls' Rowing Association will give a dance at the Healanis boat house tomorrow evening to their friends.

The tennis tournament opened at Oahu College yesterday.

Myrtles and Healanis are working hard at the Hotel Baths for the finals on next Saturday evening.

Dick Sullivan, who defeated Frank Mayfield the other night, has been matched by the Fort Bragg Club of Fort Bragg to meet Benny Hart in a twenty-round contest the latter part of this month. Sullivan will leave for the battleground in a day or so. Jack McFadden will accompany him. They meet at 150 pounds.—S. F. Call, Feb. 4.

REV. WADMAN ADDRESSED W. C. T. U. YESTERDAY ABOUT TEMPERANCE OUTLOOK IN HAWAII.

Rev. J. W. Wadman addressed the regular meeting of the Woman's Christian Temperance Union yesterday afternoon at Central Union church. He spoke of the temperance outlook in Hawaii. He said that after numerous conferences between the Liquor Dealers' Association, the Civic Federation and the Anti-Saloon League, they had reached as a basis of agreement that no new licenses were to be issued to open saloons within less than 400 feet of a school or a place of worship; no aliens were to be granted license; no sales of liquor were to be made to minors or women; the planers of petitions for license should be restricted to real estate owners instead of property-holders as formerly, and the application for license had to be published for a period of four consecutive weeks in a newspaper having general circulation in the particular precinct.

The conference could reach no conclusion relative to local option, but the League proposed to have such a bill introduced at the next legislature. In order to agitate the matter John Martin spoke.

stand why it is that in these small islands, with so many nationalities, there is little or no friction. Let the world see that others have yet to comprehend the import, the meaning of that which was understood by an Hawaiian King more than two generations ago.

Hawaii is steadily gaining a reputation abroad for quiet progress. Her citizens are showing a capacity for self-control, for moderation, and a respect for law and order, essential in every self-governing community.

During the last two years this Territory has given no cause for anxiety to the sovereign states which compose our Union.

In all this we can take pride and express our confidence that you will maintain this record; that your deliberations will be marked by respect for the opinion of others; by a lack of sensational incidents, and by a moderation which will continue to win for all of us here in Hawaii the regard and respect of the world.

IMMIGRATION.

The Territorial Board of Immigration, with the approval of the Territorial officials and in accordance with the Federal Administration's policy, has succeeded in bringing the first shipload of European immigrants under its auspices to this Territory. A report of this transaction, including the expenses incurred and a statement of those who subscribed to the fund, must, under the terms of the Immigration Act, be made to you.

The wisdom of such a policy is so apparent that it cannot be questioned. It has been suggested that the Territory cannot do better than to provide by increased taxation a sum of \$250,000.00 a year to be expended in increasing our population; that local prosperity would be stimulated in a marked degree by the continual addition of large numbers to our community; and further that it is not sound to leave this important matter to voluntary subscriptions, for the influence of those whose need of labor should never be paramount to that of the Territory.

In the practical working out of this important problem, under the provisions of Act 49 of the Session Laws of 1905, there has been found a need for a Territorial Commissioner of Immigration, who can give his whole time to the work and make public reports on the subject of immigration and the conditions affecting labor. Those sections of the Act which provide for the pay of the Superintendent of Immigration should be repealed and a new section be added which would provide for the appointment and outline the duties of such a Commissioner. While the services of such a man could, if desired, be paid out of the funds collected by the Board of Immigration, yet I believe you will agree with me that his compensation should come from the revenues of the Territory, and thus the office would, in a sense, be independent of the various special interests deriving benefit from the successful operation of the policy.

MILITIA.

The events of the past two years should justify the support of our local militia. The Lahaina riot might easily have cost the taxpayers the total amount required for a whole year's support of the National Guard, had it not been for the prompt and efficient work of our militia. Fourteen hundred men had lost their self control, were attempting to take the law into their own hands and were destroying property of great value. The fact that

LUCAS PRODUCED DESIRED DOCUMENTS

SURRENDERED BUSINESS PAPERS TO THE U. S. DISTRICT ATTORNEY IN THE LUMBER CASES.

The Lumber Trust case so-called was resumed in the United States Court yesterday. Jack Lucas was there as the star witness. A threat was made that if Jack would not be good and produce some documents that were desired by U. S. District Attorney R. W. Breckon, steps would be taken by the attorney to "fetch" Jack for contempt of court. But Lucas was not in the least abashed and acquiesced in the desire of Breckon, for certain papers and business documents of Lucas company that the attorneys for the government thought might throw some light on the alleged combination of the local lumber dealers, to keep up prices. The papers were produced but they will have to be examined before it is known whether they will be of use. Lucas stated that he would also furnish any more papers that might be desired.

C. G. Ballentyne was put on the stand to prove that the three defendants had maintained the prices of lumber at the figure and had kept the figures so high that it was cheaper for the Rapid Transit Company, to purchase lumber on the mainland, direct. A recess was taken until 2:30 p. m. today.

ACHI STRONG ON DENIALS.

W. C. Achi, in person, has filed an answer in the assumed proceedings against him as W. C. Achi, doing business under the firm name of W. C. Achi & Co., brought by the Union Feed Company for payment of an alleged bill of long standing. He denies each and every allegation contained in plaintiff's complaint.

backed by the moral influence and power of the whole Government was a potent factor for order. The sum of \$5,000 a year is a small one to pay for the many advantages which the Territory gains from the work of the men who have voluntarily enrolled in the ranks of the militia service.

PRIMARY ELECTION LAW.

The object of such a law is usually to secure an expression from the voters rather than from their delegates; to prevent the voter from influencing the action of more than one political party; to give the scattered non-partisan voters equal opportunity with the organized parties to express their wishes. It contemplates two elections, under control of the officials of the community: First, a vote in groups or parties in order to make a selection of nominees from each group; second, a general vote on those thus nominated, in order to make a final selection from them of the officials desired.

If such a plan is to be adopted in Hawaii the expenses of election should first be reduced, and then be equitably pro-rated between the Territory and the Counties in proportion to the number of officials to be elected for each.

SURVEY.

Some intelligent citizens have expressed curiosity in regard to the work of the Survey Department and the necessity for the large appropriations for that office. Others impatient at any delay, suggest that efficiency would be secured by furnishing separate survey bureaus in each of the different Departments.

We might just as well supply each Department with separate attorneys and subject our community to the results of their separate conclusions, often conflicting, with the resulting inconsistency and increased litigation, that would also involve a greater expense.

The correct remedy is larger appropriations, with an increase of competent men on the office staff. No greater error could be committed than to leave the delicate work of settling future boundaries to independent bureaus. It would cause much duplication of work and great confusion.

The Survey Department is called upon for assistance, not only by all branches of every Department, but furnishes considerable information free to individuals, thus fulfilling its function as a public service, with resulting economy and a minimum of confusion to the community as a whole.

This does not mean that our surveyors never commit errors nor that the Department is without imperfections. But, by centralization, at least errors can be reconciled and a system imposed with the least possible duplication of work, with a head office for the deposit of valuable data in mass.

It is safe to say that any unprejudiced committee investigating the work of the Survey Office would report that it furnishes one of the best examples of a wise expenditure of the taxpayers' money.

Homesteads, town lots, remnants, forest reserves, water sources, street grades, road locations, school lots, all depend upon this Department for the description in their title. The extent and development of any land policy is limited by the work that it is possible to accomplish in the Survey Department. Our Board of Education is now looking to the Survey Office for a description of every school lot in the Territory. Already forty-six have been surveyed. It is a surprise and a disgrace to find that thousands of dollars of public property has been located on

JACK LONDON READY TO SAIL

HIS CRAFT THE SNARK HAS HAD HER TRIAL TRIP AND IS THOROUGHLY SATISFACTORY.

SAN FRANCISCO, February 19.—The Snark is ready to sail. The little craft that will carry Jack London around the world pecked out of the Heads yesterday to take a preparatory look at the sea that it must cross. Ten miles out it went, with just the crew that it will carry to far lands, and then turned back to its dock at the foot of Twelfth avenue, Oakland.

There was not a hitch nor a delay from the time the boat left its anchorage at 11 o'clock in the morning until it returned late last night. So smoothly did everything run that Jack London will not even submit it to another trial.

"I won't hoist a sail before we start," he said, "so satisfied am I. There was a good ground swell, but the Snark made an excellent showing."

Those who took the trial trip comprised, in addition to the author himself, Mrs. London, Captain Eames, her uncle, Herbert Stoiz, the Stanford student who will accompany them; the handy man, Martin Johnson of Independence, Kansas, and Tochigi, the cabin boy.

It is expected that the long voyage will be begun about the first of March.

CASES IN THE CIRCUIT COURTS

WILIE CRAWFORD TRIAL RESUMED—PROBATE MATTERS BEFORE JUDGE LINDSAY.

The trial of W. H. Crawford for gambling, was resumed this morning before Judge Robinson.

A. S. Cleghorn has brought suit for \$250 against John Gaspar alleging that the latter failed to deliver to the plaintiff 2,500 pounds of coffee during 1906 according to contract.

Judge Lindsay gave judgment today in favor of J. A. Magoon, in a suit against A. J. Campbell administrator of the estate of Mrs. L. Kapu for \$1,325. It was a friendly action.

Nellie M. McCarthy has brought a suit for divorce against Owen E. McCarthy, on the grounds of failure to provide.

Judge Lindsay yesterday appointed R. W. Podmore, L. A. Dickey and A. K. Kammegieser appraisers of the estate of the late Mary T. Nui.

THE GOVERNOR'S MESSAGE

partments to extravagance at the close of the period, in order that it might not be said that they had been allotted too large an amount. Thus the public generally has no ocular demonstration of the results of economy, and you will legislate wisely if you aim to encourage saving wherever it may be found.

Due to public economy from many sources throughout the Territory, the present period will close on June 30, 1907, with a surplus—an excess of amounts contributed by the taxpayers over and above the disbursements for operating expenses and additional improvements.

Therefore, I urge you to adopt a new method in its treatment. To follow the custom of the past, this balance would be simply carried forward and sunk into the next period. But I recommend that it be applied by a special bill for specific permanent improvements, thus rewarding economy and giving an object lesson to all, permitting individuals to point out those specific improvements as gained by the results of economy.

This plan does not mean that the government would hereafter distinguish between operating expenses and improvements, for both will be found in the usual bills for the coming period, but it will give, in a measure, the appearance of a dividend, and will illustrate that whoever protects government property or prevents waste contributes to some tangible, definite gain, and that the excess contributed by the taxpayers for any period is thus put to good use.

The following calculations will give the balance that should be available for this purpose:

FINANCIAL STATEMENT. Cash balance on hand, June 30 1906 \$ 235,331 37. Outstanding warrants \$ 72,227 96. Amounts due the counties 96,259 19 168,487 15. Balance available July 1, 1906, from present year \$ 166,844 22. Receipts for the present year, 6 months collected and 6 months estimated, less land sales \$2,473,182 03. Less amounts due counties including road tax 826,125 81 1,647,056 22. Total amount available for present year \$1,713,900 44. Total unexpended Territorial balances, as shown by Auditor's statement, July 1, 1906 \$1,532,116 50. Of this it is estimated that there will be unexpended 110,000 00. Net amount of Territorial expenditures for this year \$1,442,116 50.

school lots without first securing adequate descriptions of them. The present Superintendent of Public Instruction found only an incomplete list of the real property under his Department in the possession of the Board of Education.

No large tract of land can be intelligently handled by the Commissioner of Public Lands in the common interest of all until he has been furnished with a detailed survey, classifying the area as well as furnishing the boundaries. The Commissioner of Public Lands has for some time insisted upon this course, and it is satisfactory to note that the report to the President of a large Land Commission for the United States of America insists that a similar plan should be adopted by the Federal Land Office.

Retrenchment in the appropriations for this office simply means the curtailing of the usefulness of almost every other branch of our government.

FINANCES.

The financial condition of the Territory has not been better during its existence than at present.

The change in the mode of payment of taxes, making one-half of the taxes on real property payable in May, and the remainder in November, the former time for the payment of the whole, has prevented large accumulations of money lying idle in the Treasury, has reduced the disturbance heretofore caused by its sudden withdrawal from circulation, and has increased the cash on hand in the Territorial Treasury during the months from June to November.

Care must be taken not to be misled in your calculations by the large amount available during the past year, for in November 1905, there went into the Treasury the usual taxes, presumably furnishing the cash for a year's operations. In May, 1906, due to the change provided by Acts 87 and 89 of the Session Laws of 1905, there went into the Treasury all of the specific taxes for the year and one-half of the property and income taxes, the remaining one-half being paid in November of that year. In May of 1907 we will again have all of the specific taxes and one-half of the property and income taxes, so that, taking the two years June 30, 1907, there will have been collected the equivalent of two and one-half years property and income taxes.

A SUGGESTION.

Those interested in an enterprise for profit expect at the close of certain periods to enjoy the excess of receipts over expenditures. This excess is usually divided—part paid out in dividends, and part set aside into accounts variously designated as capital, reserve, surplus or undivided profits. The sum of these accounts represents additional permanent improvements or assets.

A government is not run for profit. Its accounts do not distinguish between operating expenses and permanent improvements. This gives to certain taxpayers the idea that, no matter how much they may contribute, all is found to be absorbed in salaries and expenses. They do not give credit for the additional improvements or assets, as they are not accounted for separately.

This method of government accounting is defective in that it does not encourage saving in operating expenses, which in private enterprises is stimulated by a comparison with previous results. Often an unexpended balance in an appropriation, which is purely for operating expenses, is taken by the Legislature to mean that the limit set was evidently too high, and the succeeding appropriation is made correspondingly smaller. One such experience inclines those who operate your De-

partment to extravagance at the close of the period, in order that it might not be said that they had been allotted too large an amount. Thus the public generally has no ocular demonstration of the results of economy, and you will legislate wisely if you aim to encourage saving wherever it may be found.

Due to public economy from many sources throughout the Territory, the present period will close on June 30, 1907, with a surplus—an excess of amounts contributed by the taxpayers over and above the disbursements for operating expenses and additional improvements.

**TROUBLE IN SYDNEY DELAYED OCEANIC BOAT—SAILS FOR SAN FRANCISCO AT 6 P. M.**

The Oceanic steamship Sonoma, Captain Trask, arrived off port early this morning from the colonies, docking at the Oceanic wharf at 10 o'clock. She was detained outside longer than usual on account of the examination necessary of some 60 new members of the crew, concerning whom there was a little confusion. There is plague in Sydney and the health authorities here are using every precaution.

The Sonoma was three days late in leaving Sydney because of a strike of the men in the engineer's department. Forty-nine men were arrested and jailed for 30 days for desertion and a new crew was shipped, the vessel lying out in the bay pending the getting of the crew.

On January 21 it appeared as if the difficulty had been satisfactorily settled, but the next day the Federated Seamen's Union failed to keep their promise to supply a crew. The negotiations were carried on by Senator Guthrie, president and grand secretary of the Federated Seamen's Union of Australasia, and it was understood that the matters had reached such a stage that an agreement was drawn up whereby the Oceanic Company would pay the strikers \$50 per month from the time they signed the articles until they returned to Sydney. The company undertook the return of the men to Sydney, and in the event of their not being employed on the return journey they would receive steerage passages and the full rate of pay. This agreement was satisfactory to the officials of the union, and there seemed no difficulty in the way of supplying a competent crew. The men themselves however appear to have held different views.

The officers of the union did everything possible to induce the men to join the vessel, but without avail, says the Sydney Morning Herald of February 2. "It is more than likely that further trouble will follow the appointment of the non-union crew. The cooks and stewards on the vessel, who number about 60, are staunch unionists and in labor circles it is considered almost certain that they will come out if the company carries out its present intention. That will mean a further delay and should the local union act on similar lines to those adopted by the Seamen's Union, the positions will be extremely hard to fill.

"There is another phase of the question which is claiming the attention of local unionists, and that is what effect the employment of non-union labor on the Sonoma will have on the other vessels owned by Messrs. Spreckels and Company. A prominent unionist, speaking on the question yesterday, said that should a non-union crew be engaged, a cable would be despatched to America.

The result of that, in his opinion, would be that the whole of the crews on the other vessels owned by the company would come out as a protest."

On February 2 the Sonoma left Sydney, on February 6 she reached Auckland, sailing the next day. On February 11 Pago Pago was made and left the day following.

Imports are as follows: 21 cases conserves, 470 cases onions, 309 carcasses mutton and lamb, 10 cases butter, 5 cases smoked fish, 250 cases onions, 18 bags meat, 2 cases butter, 1 case curios.

Passengers for Honolulu are: Miss H. L. Averall, Peter Peter and wife, E. Palmer, G. C. Munra and Paulino Nato. The through list is large.

William J. Devlin and John T. Donovan are prominent Irishmen touring the world, members of the Gaelic League. The Reverend J. Curtis has been called to a church in Los Angeles from Sydney. L. F. Cockroft, wife, two daughters and son are aboard. Cockroft is general passenger agent of the Oceanic Steamship Co.

The Sonoma takes aboard 300 tons of coal here and sails for San Francisco at 6 o'clock this evening.
