RETURNS FROM THE BATTLES

British Losses Show no Decrease from Early Estimate.

Many Rumors from Ladysmith But Little Detail—Boers Have Not Gained Additional Advantage—Waiting.

London, Nov. 3.—The War Office this afternoon, replying to inquiries, said no information had been received there of fresh Boer movements at Colenso or elsewhere, and it was added that the officials were not aware if the railroad to Ladysmith was intact or not. The following is a detailed revised report of the total casualties among the rank and file at Paardeburg's Farm: Artillery—Four killed, twenty-nine wounded and 85 missing. Cavalry—Two killed, nine wounded, none missing. First King's Rifles—One killed, thirty-two wounded, twenty-one missing. Second King's Rifles—Eight killed, twenty-nine wounded, sixteen missing. Leicestershire Regiment—Two killed, eighteen wounded, four missing. Dublin Fusiliers—None killed, three wounded, sixteen missing. Manchester Regiment—None killed, six wounded, one missing. Irish Fusiliers—Ten killed, forty-one wounded, missing unknown. Gloucestershire Regiment—Thirty killed, fifty-three wounded, 330 missing. Engineers and Naval and Colonial forces—None killed, seven wounded, none missing. Revised total, 57 killed, 227 wounded, 473 missing. The last mentioned not including the Irish Fusiliers. A significant fact indicating the hasty character of General White's retreat to Ladysmith is the number of men captured.

FROM BOER STANDPOINT.

New York, Nov. 3.—A dispatch to the World from London says: General Joubert's movement to cut off General White at Ladysmith from Colenso is being carried out and it is probable that Pietermaritzburg, the capital of Natal, will fall into General Joubert's hands, before General Buller and reinforcements can arrive.

The South African situation is again causing the deepest alarm. The silence of the War Office, which received today several dispatches from Cape Town and Durban, the holding back of the list of casualties at Ladysmith, and, finally, the announcement of the mobilization of the second army corps on the 15th of this month, all combine to show that the position of British power in South Africa is one of gravest peril.

The World correspondent learns that the Dutch rising in Northern Cape Colony has assumed menacing proportions, owing to the Boer successes, while the native unrest all along the Transvaal and Orange Free State borders has become most menacing. The natives cannot be relied on by either side, but probably will fight for their own land.

With sedition spreading among the Cape and Natal Dutch, the natives waiting to jump in on their own account, and General White's force beleaguered in Ladysmith, this war has suddenly become the most momentous England has been engaged in since the American revolution.

Mr. Chamberlain, who had proposed to take his ease at his country seat near Birmingham, while the Transvaal was being conquered, has found it necessary to come to town and is in constant communication with Sir Alfred Milner, the British High Commissioner in South Africa.

LADYSMITH PROBABLY SAFE.

New York, Nov. 3.—A dispatch to the Tribune from London says: The news that telegraphic communication with Ladysmith has been interrupted does not necessarily prove that the Boers have surrounded the town and closed in. It seems most probable that they have placed themselves upon the British lines of communication, repeating exactly their Dundee tactics.

Apparently General Joubert means to attempt to capture General White's force, in the hope either to bring England to terms or lead to European intervention.

A circumstantial report comes from Paris relating that General Lucas Meyer, after fighting another battle south of Ladysmith, in which the British lost a thousand men, has occupied Colenso in force and holds the railway from Ladysmith to Pietermaritzburg. Nothing is, however, known in regard to this matter at the War Office and the rumor is not credited in any responsible quarter.

The channel squadron is waiting for orders at Gibraltar, but no cloud as large as a man's hand is yet seen at any point of the horizon. Russia is meditating, and France is sulking, but neither power is yet prepared to take advantage of England's big campaign in South Africa. The secret understanding between Germany and England operates to hold the jealousies and ambitions of France and Russia under restraint. The German Emperor, unless all signs fail, will receive a most cordial welcome when he comes to England.

ARTESIAN WELLS FAILINGS

Mr. Pinkham Says Kahuku Ranch Wells Don't Prove It.

Letter from H. M. von Holt Which Enters Into Detail—Failure of Water Can Soon Be Rectified and It Will Be Done.

Appropos of the artesian well query, the following from L. E. Pinkham is published: MR. H. M. VON HOLT, Supt. O. R. & L. Co. Land Department. Dear Sir—Permit me to call your attention to an interview in the EVENING BULLETIN of Monday. If agreeable kindly state the facts in the case. Yours very truly, L. E. PINKHAM. Honolulu, Nov. 13, 1899.

L. E. Pinkham, Esq., Honolulu; Dear Sir—I note the Bulletin article on and between the lines. We have about 200 acres of good rice land at Kahuku, but mostly situated west of a raised coral hill or point called "Kalaehipa." The wells near by (some 480 feet deep) are not flowing wells, hence unavailable for natural irrigation. It was claimed by well-boring experts that the formation west of Kalaehipa had been broken to such a great depth by some convulsion of nature, that flowing wells could not be secured in that locality, or if secured, the flow would be small and the well of great depth, 600 feet, or thereabouts. You however undertook the experiment and at 150 feet in depth struck two exceedingly fine flowing wells. These wells are within a few hundred feet of the large springs from which Kahuku Plantation draws one of its chief water supplies for irrigation.

Sometimes after the wells were "capped" a diminution of one inch of flow over the top of the pipe was noticed, but no further decrease has been found in the last two months. The third well is only 2000 feet north of a well which has been flowing for 15 years, and although a splendid flow was struck at 380 feet, after capping, it did go down gradually to below the level of the ground in the vicinity which is several feet above sea level, and an investigation revealed the cause. Having secured the water and flow from the two wells, contrary to predictions, you will undoubtedly be able to shut off the underground escape from the third when you can spare a "rig" for the work, and until you make the effort you will not require the outside assistance so kindly and persistently tendered.

If the public or any individual feels anxious over the general artesian well supply, I will endeavor to ease their worries if it is on account of the Kahuku Ranch well. Very truly yours, H. M. VON HOLT, Supt. Ranch Dept. O. R. & L. Co. Honolulu, Nov. 14, 1899.

To a BULLETIN reporter Mr. Pinkham states: "There is yet no reason to be alarmed as to Oahu's artesian water supply. I am aware and have been of the diminished flow of one well particularly, at Kahuku Ranch, and have been on the ground within ten days.

"The location was considered an impossible one, and that my success has received a slight setback does not worry me.

"It would have been corrected eight weeks ago when first discovered only my six plants have been so engaged not one could be spared.

"Another plant is due from the coast, and with it I shall probably succeed in controlling the escape.

To Amend By Laws.

There will be a proposal of amendments to the bye-laws of the Healani Boat and Yacht Club made at the meeting for the election of officers to be held on Friday evening next at the club house.

Under the present bye-laws the Captain of the club has been compelled to take charge of the whole running of the institution besides attending to the crews during race time.

Among the more interested members a feeling that the present duties were too much for one man to give his attention to, it is proposed to amend the bye-laws that there shall be a house committee who will look after the needs of the house. A captain who, with an assistant captain will have charge of the racing boats and crews, and a commodore who will be the head of the yachting interests of the club, which are growing more and more important. Dividing the work in this way it is deemed will be of great advantage to the carrying out of the aims of the club and making it fill the requirements of the members more thoroughly.

To Purchase New Shells.

There was a meeting of the Hawaiian Rowing Association last night for the purpose of renewing the inter-club compact which expired this year. The matter of purchasing new shells was also considered. The secretary was instructed to interview the various clubs and report at the next meeting which will take place on the evening of the 27th inst.

IN THE HIGHER COURTS

Supreme Court Decision in Land Case Handed Down.

Case of Marcello Begins—G. H. Green Convicted—Guardian Appointed—Other Matters.

The Supreme Court has handed down an opinion in the case of Hong Kim vs M. Kahelo Hapai. The case was appealed from the decision of the fourth Circuit Court.

The plaintiff, a lessee, alleged that before he accepted his lease his lessor represented to him that the demised premises had a certain boundary, but that he afterward found out that the boundary mentioned was owned by private parties.

It was held that an action for tort of such false misrepresentation and an action for breach of such covenant, if any, could not be joined.

The court sustains the exceptions, the order overruling the demurrer is reversed and the case is remitted to the Circuit Court for such further action as may be proper consistently with the views expressed by the Supreme Court.

The case of Detogni Marcello began in Judge Perry's court. The morning was taken up in trying to get a jury. It is thought the case will take the balance of the week.

A jury in Judge Stanley's court yesterday returned a verdict of guilty in the case of G. H. Green, charged with embezzlement.

Honore H. Lewis was this morning appointed guardian of the person and estate of Emma L. Lewis, under a bond of \$250.

Kane was convicted of larceny in the second degree in Judge Perry's court this morning.

ACTION TO QUIET TITLE

There were filed in the Supreme Court today the first case of the kind ever instituted here. They are actions to quiet title, the plaintiffs being ex-Queen Ilihoukalanui, J. A. Cummins and B. Cartwright; the defendant, the Republic of Hawaii. The cases grow out of the condemnation of land for street purposes. It is claimed the government has no right to acquire title to land by condemnation.

The Orpheum.

Last night the "Village School" was the opening farce presented. This humorous representation of the interior workings of the little red school house elicited loud laughter. Francis Boggs assumed the part of the pedagogue, while Phil Rand took the role of the unfortunate Patsy Bolliver, on whose anatomy the sins of the entire school are made to fall. As samples of broad and comprehensive, albeit ludicrous ignorance, the pupils shine luminously. J. W. Winton kept himself and automaton busy firing off gags at the audience; the entrance of a popular Sparta fruit merchant being one target at which McGinty hurled a witticism. The Rands gave a comedy sketch, Miss Dreyfuss sang and danced, while the other members contributed to the night's entertainment.

Extension of Premises.

The premises at present occupied by Miss E. Killian having been found inadequate to meet the requirements of her increasing trade, the store lately occupied by E. Murphy & Co. has been annexed. The interior of the two stores are being thoroughly renovated and re-fitted and suitable fixtures and retiring rooms added. It is Miss Killian's intention to materially extend her dressmaking department, to supervise which she has just imported from New York a qualified fashionable milliner. The opening of the new premises will take place next week.

Godkin Will Retire.

New York, Nov. 3.—The Evening Post will print the following statement this evening: "In response to numerous inquiries we regret to announce that Mr. E. L. Godkin has severed his connection with the Evening Post. It was his intention to do so on the first of January, but the step has been hastened by impaired health. He will continue to be an occasional editorial contributor.

Mobilizing More Militia.

London, Nov. 3.—An army order issued this evening instructs the proper authorities to mobilize thirty-five battalions of militia at their respective headquarters on various dates after November 20.

Carpenter Falls.

A carpenter named Bale working on the Day building on Beretania street, fell from a scaffolding this morning. The injured man was taken to the Queen's Hospital. He suffered a fracture of the thigh as well as severe bruises.

AGUINALDO MUST MOVE ON

Commission Reports and Upholds President's Course.

Opinion is Unanimous—Withdrawal Proposition Entirely Out of the Question—Dewey Makes Comments.

Washington, Nov. 2.—In accordance with the understanding at the White House yesterday the Philippine Commission submitted to the President the preliminary report which it had promised to prepare.

The report appears to be a compact summary of conditions on the islands as the commission left them; of the historical events which preceded the Spanish war and led to the original Filipino insurrection; of the exchanges between Admiral Dewey and the other commanders and the insurgents, and the breaking out and the progress of the present insurrection, and finally a statement of the capacity of the Philippines for self-government. A notable feature of the report is a memorandum by Admiral Dewey explanatory of his relations with Aguinaldo.

The report then tells how General Augustine went to Manila as Governor General at this juncture, and when war broke out between Spain and the United States Augustine sought to secure the support of the Filipinos to defend Spain against America, promising them autonomy, but the Filipinos did not trust him. Then came the 1st of May and the destruction of the Spanish fleet by Dewey, with the resulting loss of prestige to Spain. Then in June Aguinaldo came. On this point the commission says:

The following memorandum on this subject has been furnished the commission by Admiral Dewey:

On April 24, 1898, the following cipher dispatch was received at Hongkong from E. Spencer Pratt, United States Consul General at Singapore: "Aguinaldo, insurgent leader, here. Will come to Hongkong, arrange with commodore for general co-operation insurgents Manila if desired. Telegraph—Pratt."

On the same day Commodore Dewey telegraphed Mr. Pratt: "Tell Aguinaldo come as soon as possible." The necessity for haste being due to the fact that the squadron had been notified by the Hongkong Government to leave the waters by the following day. The squadron left Hongkong on the morning of the 25th, and Mrs Bay on the 27th. Aguinaldo did not leave Singapore until the 26th, and so did not arrive in Hongkong in time to have a conference with the admiral.

It had been reported to the commodore as early as March 1 by the United States Consul at Manila and others that the Filipinos had broken out in insurrection against the Spanish authority in the vicinity of Manila, and on March 30 Mr. Williams had telegraphed: "Five thousand rebels armed in camp near city. Loyal to us in case of war."

Upon the arrival of the squadron at Manila it was found that there was no insurrection to speak of and it was accordingly decided to allow Aguinaldo to come to Cavite on board the McCulloch. He arrived with thirteen of his staff on May 19 and immediately came on board the Olympia to call on the commander-in-chief, after which he was allowed to land at Cavite and organize an army. This was done with the purpose of strengthening the United States forces and weakening those of the enemy. No alliance of any kind was entered into with Aguinaldo, nor was any promise of independence made to him, then or at any other time.

The chapter devoted to "capacity for self-government" is the result, after several months, of the course of which a great number of witnesses were examined of all shades of political thought and varieties of occupation, tribe and locality. The most striking and perhaps the most significant fact in the entire situation is the multiplicity of tribes inhabiting the archipelago, the diversity of their languages (which are mutually unintelligible) and the multifarious phases of civilization—ranging all the way from the highest to the lowest. As to this the report says: "The Filipinos are not a nation, but a variegated assemblage of different tribes and peoples, and their loyalty is still of the tribal type."

New York, Nov. 3.—A special to the Herald says:

With the submission of their preliminary report to the President, members of the commission felt at liberty for the first time since their arrival in the United States to partly discuss the subject of their investigation.

"I wish you would say for me," said Admiral Dewey, "that I endorse every word of the commission's admirable report. I can say this with perfect propriety, for the reason that I did not write it.

"There has never been a moment since the first gun was fired that the United States could have withdrawn from the islands, and the reasons set forth in the report as to why permanent American control is essential are, in my opinion, immovable. There is no other alternative. That the Tagalos are realizing it is shown by the rapid disintegration from Aguinaldo's ranks."

KAUAI SUIT IN COURT

Lovells Enter a Complaint Against Wm. H. Rice, Trustee.

Alleged Conversion of Money to His Own Use and Failure to File An Account in Court.

A suit has been filed in the Circuit Court, Fifth Circuit, by Mary H. Lovell, Mary Holoakiki, Loiki Hali Lovell, William Kekana Lovell and Daniel Keopaulu Lovell, heirs of Joseph Lovell, against Wm. H. Rice, trustee of Joseph Lovell and Mary H. Lovell, his wife, and the Kaula Industrial School, for an accounting and the turning over of certain moneys alleged to be now in the keeping of the above named trustee.

The bill of complaint tells of the appointment of Wm. H. Rice as the trustee and what it was agreed he should do, the death of Joseph Lovell in the month of December, 1888, at Lihue, Kauai, the acceptance by Wm. H. Rice of the trusts, his receipt of considerable sums of money from time to time, of the alleged application of a small part thereof upon the trusts and the alleged conversion of the residue to his own use.

The bill of complaint speaks more particularly of the sale of a certain piece of land at Lihue, Kauai, on the 7th day of September, 1889, and known as Malumalu (this property including thirty acres more or less), to the Kaula Industrial School for the sum of \$1500. The plaintiffs state that this sum was grossly inadequate and that the trustee exceeded his power under the deed of trust by selling the property.

They further allege that the defendants, knowing the value of the land, conspired and confederated together for the transfer of the same for the small sum mentioned, and that the proceeds of the sale were never applied in the deed but were withheld by the defendant, Wm. H. Rice, for his own use.

The trustee is further charged with refusing to pay over sums of money due and a failure to file any account in court. They wish Rice removed from the trusteeship and a suitable person appointed by the court.

Paul Neumann and Geo. A. Davis have been retained as attorneys for the plaintiffs.

PLEADED GUILTY.

H. M. Ayers, editor of the Sunday Eagle, was fined \$10 and costs in the Police Court this forenoon on the charge of running a lottery game, defendant pleading guilty and giving innocence as the cause for the breaking of the law in launching forth in his paper the missing word contest.

Judge Wilcox explained to the defendant that he was the one who caused the Marshal to look into the matter and therefore he had a right to call for another judge to decide his case. Mr. Ayers said he was satisfied and Judge Wilcox thought that a suspension of sentence would be sufficient. Marshal Brown asked that a small fine be imposed in order that there might not be a suspended sentence hanging over Mr. Ayres' head.

Social Science Association.

The opening meeting of the 19th year of the Social Science Association was held at the home of the late Rev. C. M. Hyde last evening. The election of officers to serve during the ensuing year, resulted as follows: L. A. Thurston, president; W. R. Castle, secretary; Theo. Richards, treasurer. Resolutions of respect for the memory of Dr. Hyde, the prime mover in the organization of the Association were adopted. Informal addresses on Dr. Hyde were made by President Dole, Prof. Scott, Dr. Whitney, Prof. Hosmer and Prof. Alexander.

Orders have been received from the War Department that Battery "A" and Battery "N" 6th Artillery proceed as soon as possible to the Philippines.

Battery "A" commanded by Captain Marsh is stationed at the barracks in town. Battery "N" commanded by Lieut. Cree is at Camp McKinley.

It is probable that the batteries will leave on one of the transports soon to arrive. The men are highly pleased at the prospect of going to the front.

CONEMAUGH WITH HORSES

The stock transport Conemaugh from San Francisco arrived last night at 6:30. Although leaving on the morning of the 4th, the heavy head winds and heavy seas encountered during the first six days delayed the steamer to a considerable extent.

Like the Leelanaw, the Conemaugh altogether on board. These will be left here and a fresh lot taken on and the Conemaugh proceed to Manila direct.

The animals that arrived are in fine condition, and considering the rough passage and adverse conditions he was laboring under Veterinary Surgeon J. A. Welsh was very fortunate to have only two horses die on the way, this is creditable when one considers that under the best conditions from two to ten horses die on the average transport. Considerable mail was carried, there being eleven sacks for Honolulu and 244 for Manila.

The officers on board are Lieut. G. H. Curry, Q. M., Dr. F. G. Englehardt and Veterinary Surgeon J. A. Welsh. The ship's officers are as follows: Captain Roberts, First Officer F. E. Horton, Second Officer J. A. Sanford, Third Officer E. P. Bartlett, Engineer D. De Silva, Purser M. A. Tucker, Steward G. R. Young.

TWO JAPANESE HURT.

There was an accident at Kewalo near Andrade's stables, this morning that resulted in internal injuries for one Japanese and severe bruises for another.

The Japanese, carpenters by trade, were working on a new frame house and were standing on a scaffold. This suddenly gave away and precipitated the two men to the ground below.

The patrol wagon was sent to the scene and the Japanese with internal injuries taken to the Japanese hospital. The other man was removed to his home in a hack.

Hall-Bertlemann.

Miss Minnie Bertlemann of Kilauea, Kauai, and J. W. Hall of this city, were married at the home of August Dreier on Beretania street last evening. Father Sylvester of Kaula performing the ceremony. Real Merit

Is the characteristic of Hood's Sarsaparilla, and it is manifested every day in the remarkable cures this medicine accomplishes. Druggists say: When we sell a bottle of Hood's Sarsaparilla to a new customer we are sure to see him back in a few weeks after more—proving that the good results from a trial bottle warrant continuing its use. This positive merit

Hood's Sarsaparilla possesses by virtue of the Peculiar Combination, Proportion and Process used in its preparation, and by which all the remedial value of the ingredients used is retained. Hood's Sarsaparilla is thus Peculiar to itself and absolutely unequalled in its powers as a blood purifier, and as a tonic for building up the weak and weary, and giving strength to the nerves. WHAT SENATOR CLARK SAID

Some time ago the San Francisco papers published a portion of an interview given out by Senator Clark in Washington. Following is the full interview as published by the Washington Post:

Senator Clark of Wyoming, who arrived at Willard's last evening from the West, spent July and August of this year in the Hawaiian Islands, about which he talked very entertainingly to a Post reporter. The Senator is an enthusiast in regard to our possessions in the Pacific; he likes the country and the people and believes that Hawaii presents a splendid field for American capital and enterprise.

"There is a substantial basis," said he, "for the prosperity of the Sandwich Islands. The land is immensely fertile and will grow anything that we produce in the United States. I was the guest of Col. Sam Parker, who was prime minister in the last royalist cabinet, on his grand estate, or, as we would say, ranch, of 400,000 acres. Though it is given up almost exclusively to cattle raising, I am sure most of it would produce magnificent crops of wheat. Some of the cornfields I saw on the islands were as fine as any that Kansas or Nebraska could show."

"The sugar plantations are on the flood tide of fortune, for the profits on cane are heavy and everybody in the business is getting rich. Coffee planting has not been so profitable, but I think that eventually it will be made to pay. The material development of Hawaii has been greatly assisted and accelerated by annexation. Coming under our flag has been of enormous benefit. It has given confidence to the people, and the guarantee of a stable government brightens their whole future. Even the most ardent royalists are forced to admit that American supremacy in the islands is the best thing that could have happened."

"What form of government, Senator, do the leading men of the country desire?"
"They wish Congress to bestow upon Hawaii a regular territorial system of government, such as is in force in Arizona or New Mexico. In my opinion, that is the most desirable policy to pursue when Congress comes to legislate for the islands. At present the government is very awkward and cumbersome. There is no municipal or county government, and people residing at a distance from Honolulu are put to great inconvenience for public records are kept at no other place. Honolulu itself is making rapid strides in the march of progress. Its harbor is crowded with shipping, and its business men report unprecedented activity in trade."

Ma—You shock me, Freddie. What reason could you possibly have for such action against your father?
Freddie—Why, I heard him tell the lumberman this morning to bring him a cartload of shingles.—Richmond (Va.) Dispatch.

TUESDAY, NOVEMBER 14, 1899.

Aguinaldo has again issued a proclamation from his overworked typewriter. This document again demonstrates the wisdom of Mr. Doolcy's remark that Aggie is a patriot working overtime.

Anti-expansionist heroes get little consolation from the report of the Philippine commission relative to the Filipino capacity for self government. No wonder Godkin has withdrawn from the Evening Post editorship.

Walter G. Smith, who is to assume editorial control of the Advertiser is a thorough newspaperman, an able writer and will unquestionably give to his paper a strong individuality. The newspaper fraternity and the people of Honolulu extend to Mr. Smith a cordial greeting.

Vice-President Hobart's withdrawal from public life takes from the Executive and legislative departments one of the strongest and most highly esteemed men ever in the Vice-President's chair. Hobart has made his position something more than a nonentity. He has been in perfect accord with the President and rendered no little assistance in dealing with the important problems before the Government. Hobart has been a staunch friend to Hawaii, and while our people sincerely regret the necessity of his withdrawal, they have the satisfaction that the vacancy will be filled by Senator Frye, a friend equally true to our interests.

THE ORPHEUM LICENSE.

The Orpheum liquor license business seems to be on a par with the numerous peculiar things turned out by the Executive. It appears that at the first discussion, the Cabinet was divided. Cooper and Damon favored the license and Mr. Dole and Mott-Smith were against it. The matter was then left to a decision from Marshal Brown. He reported in favor of the license, with the result that the promoters of the company, believing that the report from the police department would be accepted, expended considerable money to prepare for the new order. The objection was then raised, by the opponents of the license in the Cabinet, that the place would not be properly conducted. This was met by a guarantee from such men as C. S. Desky, M. P. Robinson, Edgar Halstead and H. M. von Holt that the place would be properly conducted. Now the license is refused whether or no. If the Orpheum were a hot bed of sin and vice, the public might be able to accept the decision of the Cabinet. Under the circumstances, the decision appears to be based on a narrow foundation of bigotry.

Had Ten Tins.

Frank Brinse, fireman on the transport Leelanaw, was caught red handed at about 12:30 o'clock this morning, with ten tins of opium in his clothes. Brinse was coming down off the transport and had reached the foot of the gangway when stopped by Guard Mitchell. Brinse fought and all but pushed the Custom House officer in the water. Mitchell drew his revolver and leveled it at the fireman's head. Brinse concluded it was best to surrender. Guard Kaomen took charge of the prisoner and Mitchell telephoned for Inspector Neely who, arriving, took the man to the police station. In the Police Court this forenoon Brinse pleaded guilty to the charge of unlawful possession of opium and was fined \$250 and costs.

Edward Everett Hale and Presbyterians

At the recent Unitarian Conference held in Washington, D. C. Dr. Everett Hale discussed, with deep interest, the question why Unitarianism had not swept over the country. He thought that no nominally Unitarian were few, yet actually the Unitarian spirit had penetrated and pervaded every religious community on the continent. He said that Unitarians had shaken the tree while other denominations had picked up the fruit. He explained that Unitarianism had not become a more formidable institution because of individualism among Unitarians. "Three Unitarians cannot come together anywhere on the continent," said he, humorously, without having two of them sit down and dispute about the proposition the third wished to adopt. Unitarian tracts, declared Dr. Hale, only go into doctrine. They do not attack institutions which are the chains.

Dr. Hale vigorously attacked what he termed want of candor in the pulpit of today. He quoted Prof. Jewett, who said that he had lived in Cambridge fifteen years and had not been into a church where one man had said what he believed. "I don't mean to say that all preachers are liars, my dear friends," commented Dr. Hale. "I only say that they lack candor. And that is the whole truth. The people, not the people of fashion or of what the English call the upper class, but the wage-earners, simply do not believe the ministers. The laboring men of the country distrust the churches. Ecclesiasticism has managed to give the ministers and the churches a very bad name. Churches care more for organization than they do for the cause of Jesus Christ. I don't say there is no freedom in the Presbyterian church, for instance, but I do say that its present government, is so tyrannical that it breeds aristocracy and autocracy. Men far advanced in that church can say and do say what they please, but a young clergyman just out of a theological seminary does not and cannot with impunity utter the same sentiments. "I once asked an eminent Presbyterian clergyman a question. I said to him: 'Now suppose a young graduate of Harvard College and of the Harvard Medical School should go with letters of introduction to Wilkesbarre, Pa., hang out his shingle and not take a sitting in the Presbyterian church there, wouldn't he starve within less than two years?' And my friend said: 'Well, Dr. Hale, I'm sorry you mentioned Wilkesbarre, but I think you are right. He would starve to a certainty.' Now, that's only one instance which is true throughout the country. That is why I have said and say now that on account of its organization the Presbyterian Church is the greatest enemy to human liberty, religious and social, in America. Our organization is in no danger of any such misfortune. Our danger lies in the tendency to get into the indifferent intellectual phase which is just as bad as medieval institutionalism. We must speak as children of God to children of God. We must not only discredit doctrine, but also discredit ecclesiastical machinery."

KING KALAKAUA TO QUEEN KAPIOLANI

(Composed by the late King Kalakaua on board the S. S. Oceanic while on his tour around the world in 1881. Translated from Hawaiian by J. N. K. Keola).

A glimpse of yonder native shores
 Blue eyes in eagerness expect,
 Offering prayers of Home Sweet Home,
 O, let not my longing be for naught;
 The soft white ocean foams
 Off yonder beloved shores I yearn,
 And when homeward I am bound
 My wandering thoughts do cease;
 My patient Lover, of thee I dream
 With Maile wreathes on thy neck;
 Tell me ye tempestuous seas
 How long wilt thou stay me?
 To greet thee now, alas, in vain,
 The mighty seas between us lie
 Yet of thee my Love I stung
 Our re-union my heart is fixed;
 Your devotion and abiding faith
 The guiding star on my way;
 And when the globe I've encircled
 Love, my only gift to thee, I bring.

KAPIOLANI TO KING KALAKAUA

(Reply to the above).
 "Ia oe e ka La e Alohi nei."
 O thou glorious Sun
 Thy radiance encircles the globe,
 Show forth thy wondrous beauty
 To the radiant light unexcelled;
 Thou hast traversed realms unknown
 Illuminating the loftiest heights;
 Thou hast seen the glory of Himalaya
 Where soft and gentle waters flow;
 A mountain resplendent in beauty
 Renowned for grandeur and loftiness;
 Thou hast trodden sacred altars afar
 Sailing on the billowy waves
 Of the gentle and tranquil seas.
 Bring hither the isles
 Companions for thee O King
 On thy solitary journey
 Thou alone art traversing;
 The light by day thy guide;
 Thy enemies wither and fade away
 Angry lips of devilish foes,
 Long may thou live, O King
 The crown of glory thy reward.

The Opera Season

Is on in full swing, and we are prepared to outfit you in anything you may require in the way of Full Dress Goods. HERE YOU HAVE a partial list of the many things you will want for the opening night: A full dress suit, either tuxedo or skirt coat, a full dress vest white or black, a full dress shirt, a full dress tie, a full dress pair of gloves, set of full dress studs and cuff buttons, and a crush hat. ALL THESE THINGS may be had at either of our two stores, and at prices that will astonish you. Our dress suits are from the BEST manufacturer in the States, and require no altering; they fit when you put them on, and that is more than a tailor-made suit will do. WITH THE COMING of the S. S. Australia also came our delayed stock of Straw and Felt Hats, which we will have on show to-day; also a magnificent line of Neckwear, the largest single importation of neckwear ever made in this town for a retail store. WE CAN'T BEGIN to mention the styles; you can have anything in the way of scarfs that are worn, in a variety of designs, and silks that will astonish you.

PACIFIC HEIGHTS.

Residence Lots on Pacific Heights

ARE NOW OFFERED FOR SALE.

No residence property having similar advantages and attractions, as for healthfulness of location, having an elevation of from 170 to 800 feet, and affording the grandest marine and scenic views; as also its proximity to the business part of the city, being less than a mile from the Progress Block,—has ever before been presented to the people of Honolulu.

One of the main features of this property, and procured at great expense, is the abundant supply of pure spring water, pronounced by Dr. C. B. Wood as being the purest and best drinking water obtainable in the Island, which is now being conducted into storage reservoirs upon the property by an independent pipe line, and will be supplied to residents at Government rates.

OUR GUARANTEE: We guarantee to all purchasers of lots on Pacific Heights, that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road, at the beginning of Kaiulani Drive.

TERMS: 1/3 cash, 1/3 in one year, 1/3 in two years; interest 6 per cent. per annum on deferred payments. Our carriage will convey parties desiring to inspect the property to and from the same. For maps and full particulars call at our office, Rooms 7 and 8 Progress Block.

MIKADO TONIGHT.

The Boston Lyric Opera Company should give a superb production of Gilbert and Sullivan's "Mikado" tonight. It is an opera that requires intelligence in interpretation and a thorough knowledge to speak Gilbert's lines glibly, as they are written.

"The Mikado" is one of these authors' greatest successes and had the unprecedented run of five years in London and two years in New York city.

Every part is a distinct character, playing upon the weakness of English aristocracy. It is considered by critics the best comic opera that has been written, and in truth of this statement it is just as popular today as was almost twenty years ago. The cast will be a strong one, including Miss Josephine Stanton, Miss Mae Neill, Mr. Hallam, Rockwell, Henderson, Kunkle and the great Lyric chorus.

On Thursday night 11 Trovatore will be produced with the full strength of the company. Miss Nellie Andrews will be the Leonora and A. J. Parmeley the Maurice. The performance will be a society event and a big house will be in attendance.

The repertoire for week of Nov. 21 will be as follows: Tuesday, Boccaccio; Thursday, Carmen; Saturday matinee, H. M. S. Pinafore; Saturday night, Ermeline.

STORM ON THE LAKES.

Chicago, Nov. 3.—The northeast gale which has been raging for over forty-eight hours and brought the first snow of the season to this locality, still continues. Life savers at various lake points have been kept busy watching for and aiding vessels in distress.

SEATTLE BEER.

The ever popular Rainier beer is becoming a household word and "will you have a glass of Seattle," is more often heard than anything else. The Criterion Saloon has the beer on tap or in bottles.

For the past two years King Bros have been doing portrait enlarging and copying in crayon and water color, during which time they have filled over two thousand orders. If you have anything in this line to be done, you are invited to call or send your card. When doing business with this firm, remember they are of old standing and thoroughly reliable.

ANGLICAN CHURCH SYNOD

The following resolution was unani-
 mously adopted by the Anglican
 Church Synod at its meeting last
 night:

Resolved, That the Hawaiian Islands
 having been annexed by the United
 States of America this Synod hereby
 expresses its general agreement with
 the principle on which the report of
 the Committee on the Increased Re-
 sponsibility of the Church presented to
 the general convention at its session in
 1878 was based, viz: That the Hawa-
 iian Islands should ultimately come
 under the spiritual jurisdiction of the
 Church in the United States, and fur-
 ther puts on record its readiness to
 take such steps as may be necessary for
 bringing the Anglican Church in Hawa-
 iian into union with the Church in the
 United States whenever an invitation
 to the effect proceed from the authori-
 ties of that Church to the Diocese of
 Honolulu, it being made clear at the
 same time that the interests of the
 Church in Hawaii shall be duly and
 sufficiently safeguarded and its integ-
 rity maintained, and that the support
 from England and Clergy now receive
 from the Church in the United States until
 the Diocese or Missionary Jurisdiction
 of Honolulu becomes financially indepen-
 dent.

The Synod is composed of the follow-
 ing: Clergy—Rev. W. Ault, S. H.
 Davis, V. H. Kiteat, Kong Yin Tet,
 Alex. Macintosh, C. H. Tomkins and
 E. J. H. Van Deerlin. Laymen—L.

 ris, H. M. von Holt, H. W. M. Mist,
 S. Nowlen, Henry Smith, W. F. L.

The protest of the Church Defense
 and Extension Association of the 1st
 inst. was considered and then laid on
 the table.
 In the evening Bishop Willis delivered
 his address concerning the affairs of the
 Diocese.

The Synod meets again this evening.

MEXICAN-CHINA TREATY.
 Washington, Nov. 2.—For some time
 negotiations have been in progress in
 Washington towards establishing treaty
 relations between China and Mex-
 ico. They have been carried on by Am-
 bassador Espinoza of Mexico and Min-
 ister Wu Ting Fang of China, and are
 now so far along that the signing of
 the instrument is expected to occur
 early next week. Its terms are such as
 to yield large benefits to each of the
 contracting parties.

Provision is made by which Mexico
 will receive the benefits of the "favored
 nation clause" and the right of extra-
 territoriality in China.
 China also receives a favored-nation
 treatment and a number of other ad-
 vantages in trade and navigation.

 Washington, Nov. 2.—A dispatch
 from Manila says that Colonel Smith,
 at Angeles, has sent to General Mac-
 Arthur a placard in Spanish which was

 It was an appeal to the colored troops
 to join the insurgents in the fight for
 freedom, and referred to "your broth-
 ers, Sam Hose and Gray, whose blood
 calls aloud for vengeance."

THREE MONTHS' DRIFTING

Victoria, B. C., Nov. 2.—After drifting around the South Pacific ocean in a helpless condition for three months and being for another month in tow of a vessel much smaller than herself, the Waikato reached Fremantle, Australia, on Sunday, August 8th. She left London on May 4th with a general cargo for New Zealand ports, and on June 5th her tall shaft broke, leaving her at the mercy of the seas, she having to rely on her sails that could be set. She could not go west toward the South African coast because all the prevailing winds were between northwest and southwest, and though at the time her shaft broke she was less than a day's steam from Port Elizabeth it took nearly four months to reach there. A position as nearly possible on the steam track from South Africa to Australia was maintained, and when the Waikato was first spoken, on July 28th, by the bark Tacora, she was in 39 degs. south and 39 degs. east. The Tacora tried to take her in tow, but the undertaking was too much for the sailor in the heavy seas, and after coming into collision with the Waikato's bows the attempt was abandoned and the Tacora went on to Mauritius and reported the accident. Subsequently her majesty's ship Melpomene was sent from Mauritius to search, but returned to Port Elizabeth and reported being unable to find her. From other sailing vessels the crew of the Waikato received provisions. On September 15th she was sighted by the steamer Asloun and taken in tow. It took the Asloun just one month to make the trip to Fremantle, a distance of 2600 miles. Several times the hawsers parted during the rough weather and once the tow was lost sight of for forty-eight hours. During the trip it was found necessary to transfer coal from the Waikato to the Asloun a most hazardous undertaking. It is estimated that the owners and crew of the Asloun will receive \$100,000 salvage.

DETAINED AT QUARANTINE. San Diego, Nov. 3.—The C. & O. steamer Carlisle City, arrived here this morning from Honolulu and was detained at the quarantine station as she had no bill of health from Honolulu. She will be detained at the quarantine station pending telegraphic orders from Washington for her release. There is no sickness aboard the steamer. American Messenger Service, Masonic Temple.

SEA ROUGH ON HORSES. When one thinks of the hardships and rough usage horses undergo when at sea, it is remarkable that so few are lost. During rough weather they are banged from one side to the other by their stalls with no chance of any sleep or rest; slings are rigged of course to prevent their falling down. Dr. Carroll, of the stock transport Leelanaw in speaking of the matter said: "Many a horse is injured and bruised on board ship and there is no way of preventing the accidents, and in many cases a horse that is condemned by the average sea goer is saved by the veterinary in charge. "For instance, during our trip over from Frisco we had very rough weather and an old sorrel was supposed, by the men on watch, to have broken his leg and they were on the point of destroying him when I arrived on the scene. The leg was fearfully bruised, but not broken, so I had him led out on to the gangway and let him lay down; today he is as well as any horse on the ship." Police Court Notes. In the Police Court this forenoon the following cases were disposed of: P. Feist, assault and battery on Neifer, \$6 and costs; Mishiwa, cruelty to animals, \$10 and costs, and Fukui, disturbing the quiet of the night, \$2 and costs. "GRASP ALL AND LOSE ALL." Many people are so intent on "grasping all" that they lose strength of nerves, appetite, digestion, health. Fortunately, however, there may be restored by taking Hood's Sarraparilla, which has put many a business man on the road to success by giving him good digestion, strong nerves and a clear brain. It does the same thing for weak and tired women. Hood's Pills cure sick headache, indigestion. The roll of honor among the nation's defenders is given in On T, Manila.
